## Mules Lose Sensational Battle To Hereford, Play Olton Friday

The Muleshoe Mules piled up 13 first downs to Hereford's 5, gained a total of 249 yards to 99 net passing and rushing and still lost to the Whitefaces 20 to 6 in the first 1952 grid game for both teams played at Hereford last Friday night. It was a case of gaining in midfield and bogging down near the pay dirt line. Hereford's husky Whitefaces scored three times in the first half for their 20 total, and were held scoreless in the second half by the stubborn Mules, who were learning things quickly.

Buck Johnson went across for the Mules' only score early in the fourth quarter after a sustained drive down the field and aided at the last by an infrequent Hereford penalty. Dewayne Burkhead's kick for extra point was wide.

No one could be downhearted about the splendid showing of the Mules on this first encounter. They were up against a fine team, an experienced, heavy team of Whitefaces. When the final whistle blew they were still working hard for a touchdown, just as hard as they worked all during the game.

Both teams were using the TCU spread. Hereford had one advantage in that they had time to develop a few T plays to give their tailback some breathers, while Buck Johnson took it all during the game for the Mules.

He was to have been relieved in this slot at times by Bobby Seid, a good runner and passer, who was out because of an injured shoulder. Johnson was worked to death and beat to death but he never faltered during the whole game.

The big Hereford stadium was filled to capacity for this opening game. Hundreds from Muleshoe attended. The band and pep squad were on hand to help back the team and the band did some fancy drilling between halves, under the able direction of Lloyd Alsop, who has "started from scratch" and built up a band that has lots of members and they can march and play.

This writer feels that the crowd saw in Buck Johnson one of the best backs they will see all season in high school football. Roald called a great game, pulled few bones, passed well and ran sensationally, and besides was great on defense.

The ends and receiving half-backs provided the biggest surprise for Muleshoe fans. These lads were grabbing passes like veterans. And the Mules, especially in the second half, looked mighty good from tackle to tackle. It's a team that may go somewhere and even if it doesn't, it's a team that will provide football thrills for spectators throughout this season.

## Band Boosters Plan Band Activities

The Muleshoe Band Booster Club met last Thursday night in the high school auditorium. Lloyd Alsop, new band instructor, was introduced and made a short talk.

Several proposals were discussed for the benefit of the high school band.

Every parent and friend of Muleshoe band students are asked to be present Thursday night, Sept. 18, at 8 at the band room to help plan the activities for this year's band.

**BIRTHDAY PARTY FOR VIRGIE BURRIS**

A birthday party was given in the home of Mrs. H. H. Tiller Monday afternoon honoring Virgine Maudine Burris on her fifteenth birthday. She received many nice gifts. Many who were unable to attend sent gifts.

Refreshments of punch, cookies and candy were served to the following: Shirley Jacobs, Patsy Crow, Mary Holliday, Wade Burris, Novella Hendrix, Joan Burris, Betty Crow, Sue Burris, the honoree and her mother, and the hostess.

**Four Boys Are Out**

Muleshoe again has been crippled by injuries and from other causes. It will be some little bit before Bobby Seid, who had a shoulder injured in practice before the first game, can play again. The same with Jimmy Clyde Holt. These are the same two backs who went out of play during crucial games last year. Bill Willis, a sterling end, again injured his busted ankle and will not play again this season. Then, Donald Harrison, a fine lineman, it is rumored, will withdraw from school, making four good boys who will be lost to the squad.

Boys who saw action in the season opener are: Bill Willis, Bob King, Jimmy Hall, and Gerald Elders, ends; Dewayne Burkhead, Keith Bray, Travis Clements, tackles; Kenneth Henry, R. L. Gabbert, Donald Harrison, guards; Jody Blaylock, Sammie Donaldson, centers; Buck Johnson, Wayne Moore, Benny Bickel, Bill Estep, and Billy Wayne Wagoner, backs.

## Mexicans To Help With Harvest

### First Bale Sells For Nice Premium

The first bale of 1952 Bailey County cotton was sold at auction here last Saturday afternoon, bringing 43.25, considerably above the market price.

Merchants of Muleshoe raised an additional premium of \$110, which, added to the premium price for the cotton and the seed sum, netted the grower a nice sum for his bale.

Jones Farm Store, of Muleshoe, bought the bale and Chief Jones of that store has it on view there. The bale, grown by R. E. Ethridge, of Longview community, southwest of Muleshoe, weighed 500 pounds. Grade and staple classification were not available since the samples was sent to Lubbock for that purpose.

### Three Way Eagles Entertain Bula Friday Night In Grid Season Opener

The Three Way Eagles open their six man football season Friday, September 19, against the tough Bula Bulldogs. Game time is at 8 p. m. at the Three Way field.

The Eagles have four returning lettermen. These are I. V. Pierce, Mickey Sowder, Clifford Dupler, and Carlton Tanner. The entire squad is made up of 3 seniors, 4 juniors, 4 sophomores, and 4 freshmen. Co-captains for the first game are I. V. Pierce and Carlton Tanner.

The Eagles' schedule is as follows:

- Sept. 19, Bula here, night.
- Sept. 26, Pettit here, night.
- Oct. 3, New Home here, night.
- Oct. 10, Smyer here, day.
- Oct. 17, Lazbuddie here, day.
- Oct. 24, Open.
- Oct. 31, Spade here, night.

### Moore Back To Manage Compress

Don Moore, manager of the Union Compress & Warehouse Company Muleshoe plant, has returned from the baseball world and is now on the job getting ready to receive the cotton that will flow here when harvesting starts.

Don said he would be joined in a few days by his brother, Wilcoy, also a baseball player in season. Wilcoy worked with the company last year. Others of the staff needed are mostly already employed, Don said.

Don was with the Pampa club of the West Texas-New Mexico League and Wilcoy was with Dallas of the Texas League the past season. They are Bailey County boys.

It was announced this week the Compress is building another industrial track by its property to facilitate loading operations. Work on the additional track is underway.

### Muleshoe Won Women's Tourney

Muleshoe ladies won their golf tournament with Morton's ladies by the narrow margin of one-half point. The tourney will be played in Morton next year.

The tournament trophy won by the local ladies is on view at Wood Dry for all to admire. The following took part:

Mesdames Naomi St. Clair, Inez Bobo, Ruth Malone, Elizabeth Woodley, Mary Frances Holt, Melzine Elliott, Dorothy St. Clair, Ruby Hart, Marlene St. Clair, Jo Wood, Mildred Lambert, Jean Griffiths, Janet Wagoner, Marianne Bryant, Rita Johnson, Helen Gardner, Eunice Evans, and Lois Lenau.

### Back To School For College Students

This week several college and university students are returning or have already returned to their respective schools. Many are just beginning their college work.

Capt. Earl Ladd, Jr., son of Mr. and Mrs. Earl Ladd, Sr., is returning to N. M. M. I. at Roswell where he is commander of the Headquarters Co. He will receive his degree in January.

Johnnie Ladd, son of Mr. and Mrs. Earl Ladd, is attending the University of Oklahoma where he is a freshman majoring in chemical engineering.

Mrs. Marquette Collins, is a junior of Eastern New Mexico University at Portales. She is majoring in Home Economics.

Wanda Kimbrough, daughter of Mr. and Mrs. Fihis Kimbrough, is a junior at Texas Tech. Her major is in education.

Lee Kimbrough, son of Mr. and Mrs. Robert Kimbrough, has returned to Texas Tech where he is a sophomore.

Gay Sanders is a sophomore of Texas Tech and Irene Shanks is a junior majoring in music at T. S. C. W. at Denton.

Ernest Ware is a student at the University of Texas at Austin. He also attended the summer term there.

Other students at Baylor are Howard Tate, Charles Roark, Walter Seales, Sammie Carroll and Charles Lewis.

Glen Berry, son of Mr. and Mrs. T. W. Berry, is a student at Texas Tech. His major is in engineering.

Leo Wollard has returned to N. M. M. I. at Roswell where he is a 1st Lieutenant in Company C.

Jon Ann Thomson, daughter of Mr. and Mrs. J. W. Thomson, and Marilyn Gupton, daughter of Mr. and Mrs. C. D. Gupton, are both beginners at W. T. S. C. at Canyon this term.

Freddie Harvey is a freshman at Texas Tech. His major is in agriculture. Clifford Mardis has returned to Tech where he is a junior student. His major is animal husbandry.

Jim Sybert is a freshman at North Texas State College at Denton this year. Jim Gaede has returned to Tech where he is a sophomore.

### County Has A Booth At Clovis

A booth showing the crop resources of Bailey County has been erected at the Curry County Fair, now going on in Clovis, and local people are invited to see it.

County Agent J. K. Adams, assisted by Mrs. Adams prepared the booth. They combed the county for good looking crops and have done a lot of work to make the booth interesting and attractive.

The booth will be taken to the South Plains Fair at Lubbock later on.

### Castor Bean Fields Visited

Bailey County castor bean crops look good, but with cotton looking as it does and with the price as it is, few expect castor beans to compete seriously with cotton this year as a money producer.

That was the opinion expressed by J. K. Adams, county agent, and others after a tour of castor bean crops in the vicinity Wednesday.

W. I. Ross, field man, was here to inspect the fields and said the crop is in good condition. In future years it was said, castor beans, because of changing conditions might bring in even more cash than cotton.

### Printers Play In Sudan Tourney

The Muleshoe Printers, a softball team sponsored by The Journal, is still in the running in the Sudan Softball Tournament. Tonight they'll tangle with the Hawkins Olds team of Morton.

They defeated an Amherst team 8 to 2 to remain in the tourney.

The Printers' line-up includes: Shaw pitcher; Henry, catcher; Estep, 1st base; Waggoner, 2nd base; Williams, 3rd base; James, short stop; Ramage, right field; Jackson, centerfield; and Richards, left field.

### Bobo Tells Of Trip To Nassau

Pat R. Bobo described the visit of several Muleshoe people to the Bermuda Islands and to Cuba during August before the meeting of the Muleshoe Rotary Club at noon Tuesday.

On the trip were Mr. and Mrs. Bobo, the Noel Woodley family, and the Sam Fox family.

They were impressed by the beautiful scenery of this island of Nassau on which they stayed a week and the beautiful water which surrounds these islands. Customs of the country were very much different from those of the United States, although the islands lie only 180 miles from the Florida coast in the Atlantic.

From Nassau they went to Cuba for a week's stay in this island Republic.

The club voted to help in bringing Santa Claus and his reindeer here for the annual parade and visit of Old Saint Nick in December. Lions and Jaycees already had voted to cooperate in this project.

Guests included Ray Franz, manager of the Muleshoe Chamber of Commerce, Bill Dedlof, of Plainview, and Glen Williams, of Goodland.

## Annual Flower Show Set Tuesday

Muleshoe's annual Flower Show is scheduled at the American Legion Home next Tuesday, September 23, between 4 and 8 p. m. under sponsorship of the Muleshoe Garden Club.

The club ladies are hoping for lots of entries and also they are hopeful that the people will turn out and see this flower exhibition, furnishing interest and encouragement to flower growers and exhibitors in the show. It is free to everybody.

Rules governing the exhibition in the various classes have been listed by the club and are printed below:

- Entries are open to the public. Entries must be brought to the Legion Home between 8:00 a. m. and 12:00 noon. Late entries will be marked "not for competition."
- Arrangements may not be removed from the hall before 8:00 p. m., but must be removed by 9:00 p. m.
- Each member of the Muleshoe Garden Club is required to enter at least one arrangement.
- The Entry and Classification committee will make final decisions as to what her plant material is eligible for competition.
- All plant material must have been grown in Muleshoe Trade Territory.
- Exhibitors may make only one entry in a class.
- All horticultural entries must have been grown by the exhibitor, or have been in her possession two months.
- No artificially colored plant material may be used.
- Containers for horticultural specimens will be furnished by the club.
- Exhibitors must furnish containers for the flower arrangement, and will be responsible for them.
- Exhibits will be scored according to the standard system of judging with only one first, one second, and one third place possible in each class.
- Sweepstakes ribbons will be given to the exhibitor scoring the highest in arrangements; to the exhibitor scoring highest on horticulture, blue, 3 points; red, 2 points; white, 1 point, and to the best Junior exhibit.
- Plant supports and aids may be used in arrangement classes if inconspicuous, and if they are harmonious. Also, use of accessories where suitable, is encouraged in all arrangement classes.

14. During the judging only those officials will be admitted to the show room: judge, clerks, chairman of judges committee, awards chairman, and flower show chairman.

15. The decision of the judges will be final.

### Franz Arrives To Begin Duties

Raymond Franz, Muleshoe Chamber of Commerce manager, took over his duties with the local body Tuesday of this week and has spent a lot of his time since then in "getting his feet on the ground" and meeting the people.

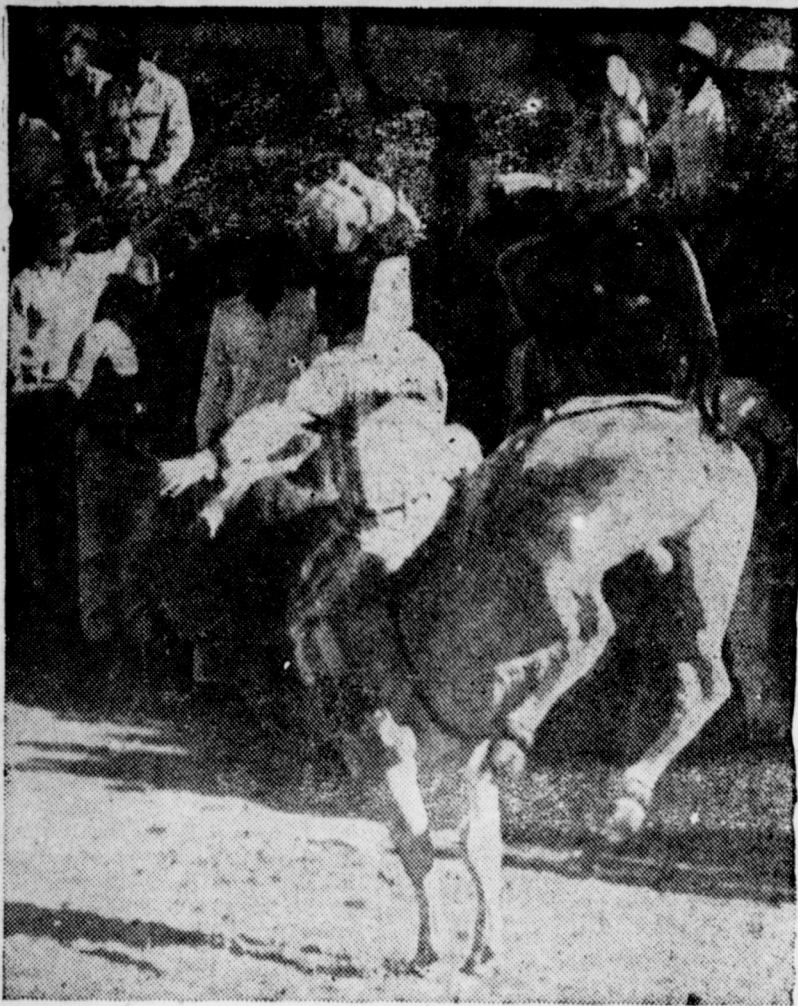

Mr. Franz found that there is lots of work to be done to bring things up to date which have been allowed to lapse without the services of a manager.

However he has dug in, with the assistance of his office secretary, Miss Charlene Watson and the help of the officers and directors, will soon have affairs of the Chamber running in a smooth fashion.

Mrs. Franz and their three children will join him here as soon as he can secure housing.

**Greatest Show On Earth Opens Week Run Here**

"The Greatest Show On Earth", a Paramount picture showing at the Palace Theatre in Muleshoe an entire week, beginning today and running through Sept. 24, combines two of America's most popular entertainments — a Cecil DeMille Technicolor spectacle and a big time Big Top Show.

This panoramic melodrama of the circus and circus life is super-showman DeMille's biggest, most lavish and costliest production. Advance reports indicate without exception that it is also his best. More than \$4,000,000 and almost three years of planning, research, training and actual production went into "The Greatest Show On Earth". A record 1,500 people were actively engaged in the mammoth project and almost 80,000 crowd extras were recruited for the parade sequences.

Made with the cooperation of the Ringling Bros.-Barnum and Bailey circus, the DeMille epic features hundreds of Ringling's famed attractions—circus "fliers", acrobats, tightrope walkers, clowns, performing elephants and horses, as well as the entire menagerie of animals gathered from the four corners of the world. DeMille's color cameras also captured intimate behind the scene glimpses of the circus at work and at play. Sequences showing the spangled excitement of the

**THE SOIL SAVING ARGUMENT**

By John C. White, Commissioner  
 For a number of years, much time, effort and money have been expended on a vast educational and promotional program devoted to improving soil saving practices.

This program is gradually taking effect. Farmers in Texas, especially, are becoming increasingly more aware of the importance of saving our soil for future generations. But every major undertaking has its obstacles. And the soil conservation movement is no exception.

Four major reasons loom as to why the farmers are not ap-

plying all the beneficial practices recommended for their farms. They claim:

1. Mortgage debts and high operating and living costs make it necessary to borrow money to establish these practices.
2. Many rental agreements do not provide for sharing costs of soil conservation with owners of the land.
3. Many farmers do not expect to live on their farms very long. This group includes renters with short term agreements and owners who expect to sell or retire soon that they could not benefit from these practices.
4. If these soil saving practices were established, farmers would have to change their major farm enterprises.

To elaborate on these reasons, many farmers said adoption of all practices would make it necessary to change from cash crop and grain consuming livestock such as hogs and fattening beef cattle, to roughage consuming livestock such as beef and dairy cattle. They claimed the time and expense involved prohibited the change.

Over half the tenant operators surveyed said their rental agreements did not provide

the share the cost clause. This was especially true in crop share rental contracts. Nearly half the owner-operator had a mortgage debt which averaged about \$4,000. Other farmers said high fixed costs kept them from making additional cash soil outlays.

These arguments have valid points. As a result, continued technical assistance on how to overcome these obstacles may be necessary. It may also be desirable in some cases to give financial assistance where it is requested and definitely needed.

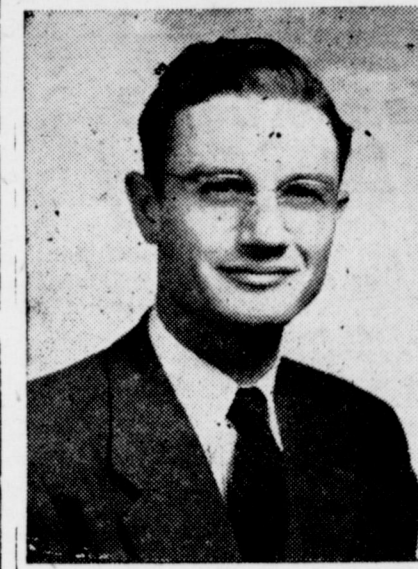

But those who adhere to the short sighted policy of neglect-

ing soil work because the land will not be in their hands much longer have nothing to recommend them.

The land will be here long after we are gone. We should pass it on to the next generation of farmers in better condition than we found it.

**W. S. C. S. Meets In Moore Home**

The Woman's Society of Christian Service of the Methodist Church met Monday, Sept. 15, at 2:30 p. m. in the home of Mrs. W. D. Moore.

As the worship center, a cross and four white candles representing the four gospels used. To emphasize the program theme for the year, a pastor depicting a pair of shoes bearing the words, "Step Out", "Proclaim the Good News" was used.

The opening song, "O Worship the King", was sung followed by the scripture reading of I Corinthians 5:17-21 to stress the lesson subject, "The Word of Reconciliation". Meditation followed.

Parts on the program given were: "Hearts Made Strong" by Mrs. H. O. Barbour; "Let's Do Something" by Mrs. H. C. Holt; "You Have to Live It" by Mrs. I. W. Harden; and "To Know is to Tell" by Mrs. A. C. Gaede.

The theme song, "From All the Dark Places" was sung and the lesson was closed with a prayer.

The president, Mrs. F. B. Pierson, presided during a short business session. Minutes of the previous meeting were read and approved.

A card of thanks from Mrs. Edd Powell to all their friends was read.

Mrs. W. D. Moore was elected to serve as second vice-president. The society also voted to invite Mrs. Carl S. Perrin of Hereford to tell the W. S. C. S. about the machine hereafter.

The Chapter voted to assist with the high school carnival in raising funds for the purpose of purchasing a cyclorama for the high school auditorium.

Glasse are to be purchased for some needy school child at once so he will get the benefit of them throughout the school term.

William Edd Jones brought a very interesting program on "The Place We Call Home". The next meeting will be in the home of Mrs. Joan Barbour on Wednesday, Oct. 8.

### Coming To Texas

**RICHARD M. NIXON**  
**FORT WORTH, Sept. 15**—Plans for the September 26 appearance of Republican Vice-Presidential Nominee Richard M. Nixon at Amarillo were announced today by Ben Guill, Eisenhower-Nixon state campaign manager.  
 The California senator will arrive in Amarillo in a special chartered plane at 6 p. m. on the 26th. From 6 p. m. to 6:30 p. m., he will conduct a press conference in the dining hall of the Amarillo terminal building. Newspaper, radio and television representatives from all over the state will be invited to attend.  
 At 6:30 p. m., Senator Nixon will be driven to the Tri-State Fair Grounds at Amarillo where he will make a 15 minute speech to officially launch the Eisenhower-Nixon campaign in Texas. The 6:45 to 7 p. m. talk will be broadcast over the facilities of the Texas Quality Network.  
 Wes Izzard, publisher of the Amarillo Globe-Times, will make the introduction.

### Mr. Kirk Speaks At P. T. A. Meeting

The High School P. T. A. met in regular session Monday evening at 8 in the visual aid room with a large group in attendance.  
 C. C. Morgan, minister of the Progress Baptist Church, gave the invocation.  
 The various committee chairmen were introduced by president, Mrs. R. F. Wright, and each one gave a brief survey of what had been accomplished.  
 George Glover, principal, introduced the teachers and announced the subjects that each taught.  
 Mrs. A. S. Stovall, program chairman, had charge of the program. Mr. Jerry Kirk was the main speaker and gave a very interesting discourse on "Appreciating our Neighbors". He spoke of the importance of our being good neighbors nationally and also personally in our community.  
 He paid tribute to the board of trustees for their work and also urged co-operation between teachers and parents. He stated that parents should see that their children attend school regularly as a low attendance deprives the school of teachers who are so badly needed for the personal attention that pupils require.  
 The evening ended with a social hour and refreshments were served by the hospitality committee. Mrs. Rufus Gilbreath, chairman, and helpers, Mrs. R. L. Jofes, Mrs. Jinks Beller, Mrs. Bill Collins and Mrs. N. H. Greer.

### Study Club Meets At Pat Bobo Home

The Muleshoe Study Club met Thursday evening, Sept. 11, at the home of the Pat Bobos for a steak barbecue and covered dish supper. Mrs. M. F. Green welcomed new members and husbands as guests.  
 Mrs. Buck Ragsdale presented each member with a yearbook and introduced the course of study for the year.  
 Those attending were Messrs. and Mesdames Vance Wagon, Buck Wood, A. J. Gardner, John Watson, E. O. Baker, Houston Hart, Clifton Griffiths, H. S. Sanders, Sr., Lee Pool, Charles Lenu, Ray Keeling, M. F. Green, Horace Blackburn, and Julian Lenu, and Mesdames Irvin St. Clair, E. R. Hart, H. S. Sanders, Jr., Buck Ragsdale, and the host and hostess.

**SING IN YOUR HEART**  
 You haven't a voice like Caruso?  
 You can't even moan like der Bing?  
 You wheeze and you croak  
 And half the time choke  
 But still feel an impulse to sing?  
 Well, brother or sister, then do so,  
 Whenever you feel like that, start!  
 You may not be heard  
 But sing like a bird;  
 By having a song in your heart.

**CHRISTIAN SCIENCE SERVICES**

That spiritual, not material, things afford lasting security and satisfaction will be brought out at Christian Science services next Sunday. The subject of the Lesson Sermon is "Master".

The Golden Text is from Jeremiah: "Truly in vain is salvation hoped for from the hills, and from the multitude of mountains: truly in the Lord our God is the salvation of Israel" (3:23). Selections from the King James Version of the Bible will include this verse from Matthew: "Lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (6:20).

This correlative citation from the Christian Science textbook will also be read: "We cannot fathom the nature and quality of God's creation by diving into the shallows of mortal belief. We must reverse our feeble flutterings — our efforts to find life and truth in matter — and rise above the testimony of the material senses, above the mortal to the immortal idea of God" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 262).

they build a secure future  
 ...for themselves  
 and for the nation

DURING the next twelve months, General Telephone employees in the Southwest will receive an additional third of a million dollars in increased payroll and benefits.

Because telephone people are well paid, well trained and well adjusted in their work, they impart to the community a vital element of stability. Their strength derives from having earned for themselves a secure future, free from fear of sudden unemployment, sickness, old age.

By providing good jobs and good pay, your telephone company attracts for itself the best personnel — furnishes the community with many of its finest citizens.

 WRITING PREFERRED RISKS AT 20% UNDER TEXAS REGULAR RATES

THE COMPANY SHOULDERS YOUR BURDEN — ASSUMES YOUR RISKS — INSURES AGAINST

Fire, Lightning, Windstorm, Hurricane, Hail, Explosion, Riot, Civil Commotion, Smoke, Aircraft, And Land Vehicles

Affiliated with and under same management as State Farm Mutual Auto and State Farm Life Insurance Companies, Bloomington, Illinois

COMBINED ASSETS OVER \$234,000,000.00

**HAVE YOU ENOUGH INSURANCE?**

Nearly all property values have skyrocketed during the past several years. If you have not looked over your insurance policies lately or haven't increased your coverage in keeping with present values, it could cost you dearly. We will check your policies, make appraisals, etc., at no cost or obligation to you.

If you own a business, does your present insurance protect your profits and fixed expenses in case of fire or other loss?

If you own rent property or your own home, would your present policy continue your rent or pay your rent elsewhere for you in case of fire or other loss?

If your policies do not cover these things, it might pay you to consult us.

Do you know that for an average dwelling \$1,000.00 fire and extended coverage with State Farm Fire would cost only about \$4.50 for One Year (Except minimum policy premium requirements might cause cost to be a little higher). It would cost even less on Furniture or Household Goods.

Three years Insurance for 2 1/2 annual premiums. Five years Insurance for 4 annual premiums.

INSURANCE WITH STATE FARM IS VERY LOW IN COST.

**BABSON DISCUSSES**

**Free Power**

New Boston, N. H., Sept. 12, 1952—The time has come for John L. Lewis to demand increased wages, pensions, and fringes for his coal miners. Although he will curtail some of his demands to enable the coal operators to "save face", nevertheless he will get substantial gains. This is because his labor union controls what is now an important source of power, and heat.

**THE COAL OUTLOOK**  
However, Mr. Lewis's power is gradually diminishing. For instance, ten years ago the annual output of bituminous coal was 514,000,000 tons. While our total national industrial production has risen about a third since 1941, the output of coal has increased only about 4%. Yet every "victory" by Mr. Lewis means an increase in the price of coal and downward pressure on production.

This does not mean that any investor should sell his coal securities. Coal is very rich in vital chemicals. A hundred years from now our descendants will wonder

why we permitted valuable coal to be burned up. Already coal is being used to make textiles, plastics, dyes, building materials, and important pharmaceutical products. The list includes hundreds of products, from the clothes which keep us warm to the vitamins which keep us well.

**OIL OUTLOOK**  
Experts once thought that the oil supply would be exhausted in about thirty years. But today there is more proven oil available than ever before. New fields are being discovered. One of the most marvelous fields is the new Williston field in The Dakotas and Western Canada.

When I was a boy, small water powers were the source of most of the power then used by the mills of New England. In my home town of Gloucester, the corn was then ground by the tide-water mills. I can even remember a windmill which provided power for one industry. Then almost every American farm had windmill, which has now been superseded by gasoline engines or electric motors.

**ATOMIC POWER**  
Many magazine stories have been written to the effect that atomic power will take the place of coal and oil in connection with public utilities, steamships, and airplanes. I doubt if any readers of this column, though, will live to see this change. Atomic power may postpone World War III for many years. The dangers of using atomic power appear now to make it impossible for any but very large users.

President Conant of Harvard University suggests that before atomic power is used the heat of the sun will be harnessed. Already this heat is being used by householders in southern Florida as a source for hot water. Houses have been built in New England heated by the sun's rays. But no cases exist where the sun is operating factories of any kind. When, however, a method of harnessing the sun's rays to operate irrigation pumps is discovered, the deserts certainly will "blossom like a rose".

**GRAVITY POWER**  
I am writing this column while attending the Annual Conference of the Gravity Research Foundation at New Boston, New Hampshire. Here are gathered scientists metallurgists, and mere "dreamers" like myself, who are interested in finding a partial insulator, deflector, or absorber of gravity waves. When this is done we will have a differential

**SAND HILLS PHILOSOPHER  
Tries For Some Government Hay, Finds  
There's A Joker In The Program**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm seems pretty badly befuddled in his letter this week.

Dear editor:  
I have been following the government's hay program for disaster areas pretty close, as it seemed to me to strike a new note out of Washington and to be an effective answer to the critics who contend the government has no business handin out money.

Why not hand out hay, instead, I said, and I'll admit the prospect seemed pretty good. If there's anything that stands in the way of me and my cows makin it thru the winter, it's lack of hay. For too long now the government maybe has been a little careless in the way it handed out money, whether it was to dig a Democratic water tank for a farmer or a Republican lake for a city group, but the mere handin out of hay, surely that ought to stump the critics, I figured.

And since my farm out here has been a disaster area from the day I started livin on it, I figured I'd qualify for some of that government hay.

But government service just ain't what it used to be. There's a joker in this hay program. They expect you to pay for it, in cash.

Thunder, it doesn't take fifteen telegrams between Austin and Washington to work out a program that says if I got the cash I can buy some hay. I been workin under that program for years and I don't mind sayin it rankles. It ain't practical. There've been plenty of times when I needed hay, all right, but in every instance I always needed cash worse.

If the government has a program where it'll arrange for me

which in turn will give us free power for our farms and small factories, free heat for our homes, and which will greatly reduce the cost and increase the safety of transportation by highway and air. If you have any doubts as to the force of gravity, just jump off the roof of a ten story building! Or attempt to walk up the Washington Monument, or drop a window weight on your toe.

(These opinions of Roger W. Babson are published in this paper every Thursday.)

some hay strictly on a humanitarian basis, an international loan basis where the need for the loan is so great and the anguish over my starvin cows is so intense everybody is swept off his feet before thinkin of any terms for payin it back, I'll be interested, and can guarantee to do my part and furnish the hungry cows, but anything beyond that it seems to me is askin too much.

What this country needs is a return to the fundamentals in handlin disasters, where I furnish the disaster and the government furnishes the money.  
Yours faithfully  
J. A.

**PARTY PLATFORMS  
ARE COMPARED**

Planks of the platforms adopted by the Republicans and Democratic parties in their national conventions bearing upon the federal budget, tax reduction, tax administration and national defense, contained the following statements.

**Federal Budget:**  
Democratic platform — Declares for holding spending "to the lowest practicable level"; deplors "irresponsible assertion that national security can be achieved without paying for it."  
Republican platform — Pleads "reduction of expenditures by elimination of waste and extravagance so that the budget will be balanced and a general tax reduction can be made."

**Tax Reduction:**  
Democratic — "As rapidly as defense requirements permit, we favor reducing taxes, especially for people of lower incomes. But we will not imperil our nation's security by making reckless promises to reduce taxes. We oppose a general sales tax. We adhere to the principle of ability to pay."  
Republican — "Our goal is a balanced budget, a reduced national debt, an economical administration and a cut in taxes".

**Tax Administration:**  
Democratic — A pledge "to eliminate loopholes which favor special groups"; a promise to "continue to support sound development and growth of bona fide cooperatives and to protect them from punitive taxation."  
Republican — Favors "a thorough revision and codification of the present hodgepodge of internal tax laws. Administration of tax laws free from politics and corruption"; favors "reasonable depletion allowances".

**Federal, State, Local Fiscal Relations:**  
Democratic — Proposes more and new forms of grants in aid to the States.  
Republican — Pledges "an im-

**O. D. Lorance  
At Camp Rucker**

CAMP RUCKER, ALA. — Private O. D. Lorance of Muleshoe, has arrived at this Southern Alabama camp to undergo his initial infantry training.

Inducted Aug. 22, 1952 and processed at Ft. Sill, Okla., he will receive basic training from

the 47th "Viking" Infantry Division here. The new soldier will undertake a rigorous schedule incorporating a wide range of military subjects from military courtesy and field sanitation to machine gun and bazooka familiarization.

After finishing eight to 16 weeks of primary training, the recent inductee will be eligible for reassignment for further infantry or specialized training.

The 47th Division, the first permanent Army assignment for the new soldier, is a Minnesota-North Dakota National Guard unit. Activated for service on Jan. 16, 1951, the Division now is completing its second year at Camp Rucker. Since activation, the 47th has trained men from all 48 states and three territories.

**CUMMINGS A CANDIDATE  
FOR CRIMSON TIDE END**

Joe Cummings, Muleshoe, is a candidate for an end position on the 1952 Crimson Tide football team at Alabama University. Cummings is a sophomore and is a son of Mr. and Mrs. Frank Cummings, formerly of Muleshoe, now residing at Hereford.

He is a former football player for Muleshoe high school. Joe is receiving lots of consideration for a part time post as offensive right end.

**NICKELS ON TRIP**

Mr. and Mrs. Guy Nickels returned Sunday afternoon from a business trip to Stamford and Fort Worth. They visited with her father, T. E. Jones, and other relatives at Newcastle while gone.

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Here is a proven, tested way to help your engine perform better, last longer, use less gasoline and oil! Simply give it Conoco's great new "50,000 Miles—No Wear" Service!

This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

- 1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!
- 2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.
- 3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—OIL-PLATE against wear.

**PARDON MY GUST!**

**B**ENEATH that big broad bonnet is the reason for this headline. It's a four-barreled automatic carburetor—Airpower by name—which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed. And the way this gorgeous performer can step out as this occurs is something you'll always remember. For ordinary driving, two barrels are all you need — and two barrels are all that are working. They give you an extra thrifty flow of fuel for round-town cruising.

When extra power is wanted in a hurry — the "reserves" swing into action — feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history. This is one of many distinctions that endear ROADMASTERS to fine-car owners. It's a car as rich in finish as it is in power — a car of expansive room — restful silence — level in gait — beautifully responsive to your mood and will. And it offers the effortless ease of Power Steering\* especially engineered by Buick to save your strength in

parking and slow-motion maneuvers, and still let you feel a proud sense of command and a sure sense of control on the highway. There's just one question we'd like to ask: When are you going to come in and enjoy the ride of your life? Equipment, accessories, trim and models are subject to change without notice. \*Optional at extra cost on ROADMASTER and SUPER only.

## Los Planos Club Has First Meeting

The Los Planos Study Club met in the home of Mrs. Richard Smith on September 9 for their first meeting of the new year.

The club's course of study for the new year is "Contemporary Women", the first program to be at the regular meeting.

The program for the evening was a discussion of the bloodmobile that is to be here October 15. Several of the ladies signed

pledges to give blood and others volunteered to work at the operation center.

The hostesses, Mrs. Arch Fowler, Jake Roberts, and Mrs. Ernest Kerr, served refreshments to the 17 members present. They were Mesdames Richard Smith, Irvin St. Clair, Ett Evans, Earl Schmitz, Sam Damron, Jack Schuster, M. F. Blackman, Alvin Farrell, L. A. Reed, B. F. Chapman, Deon Aw-trey, Russell Haberer, L. S. Bar-ron, and guest, Mrs. Jimmy Reese.

A very enjoyable social hour was enjoyed with games under the direction of Mrs. Ett Evans.

## Fidelis Class Installs Officers

The Fidelis Class of the First Baptist Church met September 4, in the home of its teacher, Mrs. Ray Griffiths, with Mrs. C. M. King, assistant teacher, as co-hostess for a covered dish luncheon and the installation of officers.

The entertaining rooms were beautifully decorated with arrangements of fall cut flowers. Mrs. J. J. DeShazo, who was ill and unable to attend, requested two of her centerpieces of flowers be used by Fidelis. Other flowers were gifts from Mrs. F. H. Davis and Mrs. R. D. Preure. Artistic arrangements were by Mrs. R. L. Jones. The dining table was centered with a large cake embossed in pink icing with "FIDELIS", enhanced with matching candles in crystal appointments.

Members were greeted by the hostesses who wore identical corsages of yellow mums. Pictures were taken by Sam Damron.

Mrs. C. M. King gave the opening prayer and Mrs. R. D. Preure, president, read the accomplishments of the Fidelis Class for 1951-52.

Mrs. Horace Blackburn very reverently installed the officers for the coming year who were: president, Mrs. G. C. Briscoe; vice-president, Mrs. L. T. Green, Jr.; secretary, Mrs. L. C. Roddam; assistant secretary, Mrs. H. B. Mathis; corresponding secretary, Mrs. Tye Young; recording secretary, Mrs. Joe Damron; treasurer, Mrs. J. V. Peeler; reporter, Mrs. R. L. Jones.

Mrs. Blackburn used Fidelis as the watchword, F-faith, I-inspiration, D-devotion, E-example, L-loyalty, I-influence, S-stead-ness.

An appreciation gift was then presented to Mrs. Blackburn.

The class voted to have a spiritual roundup on Thursday, Sept. 25, and to continue to help Lawdes Missionary in Brazil. \$120 is to be sent to Brazil in March.

Mrs. R. D. Preure received a gift for her services rendered and achievements as a worthy officer.

Those attending were Mesdames G. C. Bristow, R. D. Preure, Horace Blackburn, L. T. Green, Jr., J. V. Peeler, A. W. Crow, George Hicks, W. M. Pool, Pat Bulloch, F. H. Davis, Naomi St. Clair, Joe Damron, P. A. Ceips, M. F. Green, W. B. McAdams, R. L. Jones, and visitors, Mesdames Lara Brown, S. L. Busbice, and O. T. Robinson of Oklahoma City, Okla.

## Quo Vadis, The Great Spectacle Of Nero's Rome, Coming To Valley

Although Nero burned Rome in six days, it took M-G-M three months of preparation and twenty four nights of actual "shooting" to re-enact the spectacular scene in "Quo Vadis", giant Technicolor production, coming to the Valley Theatre here Sept. 23, 24, 25 and 26, with Robert Taylor and Deborah Kerr starring in a cast of thousands.

The scenes depicting the burning of the ancient capital provided the picture with its most spectacular sequence and one which gave Director Mervyn LeRoy and Producer Sam Zimbalist their most difficult assignment.

Four large blocks of the Eternal City as it is believed to have looked 2,000 years ago were reconstructed on the Cinecittà Studio's outdoor lot. Shops, houses, and streets were decorated with careful attention to historical accuracy.

Such spectacles as the triumphal procession in front of Nero's palace, the burning of Rome, the palace banquet scene

and the sequences which take place in the huge Circus of Nero had to be mapped out on paper in advance with the same attention to minute details that a modern army might employ prior to a full-scale land and sea invasion.

One of the greatest casts ever assembled will be seen in Quo Vadis. It includes Robert Taylor, Deborah Kerr, Leo Genn, Peter Ustinov, and many other well known motion picture actors and actresses. Buddy Baer plays the part of the giant. Peter Ustinov's performance as the Emperor Nero is such that it cannot be forgotten in years to come.

Baer's fight with the bull leaves many people mystified, it is so realistic. The acting of Ustinov and Deborah Kerr and Patricia Laffan as well as the fine performance of Robert Taylor are things to watch for.

## Lubbock Fair Boosters Coming

LUBBOCK, Sept. 17 — Residents of Muleshoe and vicinity will get their share of more than a million and a half bucks next Thursday, Sept. 25, when a bus load of Lubbock's leading businessmen visit here from 11:40 a. m., until 12:10 to publicize the Panhandle South Plains Fair which will be held Sept. 29 thru Oct. 4.

Of course all the money is phoney, but it is still a valuable reminder of the many free shows which can be seen daily at the Fair.

While in town the boosters will distribute free Fair tickets, souvenirs and copies of the annual Fair newspaper to all school students. Stops will be made in the main business section of town and at the school.

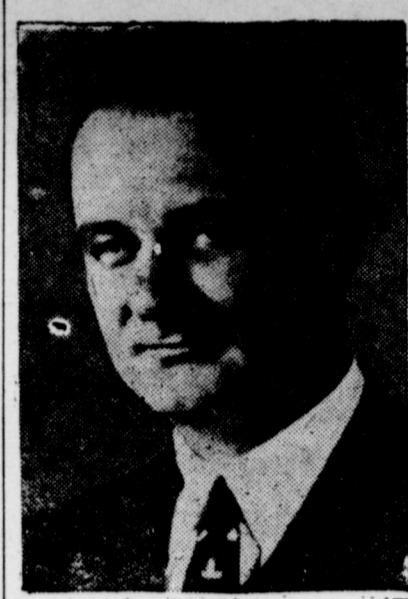

The Harmaniacs, a trio from Reese Air Force Base, will be on hand to provide musical entertainment during the visit here.

Thirty-eight other towns are on this year's booster trip schedule. The tours were scheduled Sept. 16, 18, 23, and 25.

Schedule of the last two trips is:

Tuesday, Sept. 23 — Hale Center, 8:00-8:15 a. m.; Plainview, 8:40-9:05 a. m.; Lockney, 9:30-9:50 a. m.; Floydada, 10:10-10:30 a. m.; Matarador, 11:30 a. m.-1:00 p. m. including a stop for lunch; Roaring Springs, 1:15-1:35 p. m.;

## To Give Address

### Dr. Putman Is Rotary Speaker

An illustrated lecture giving points that should be observed in designing school rooms so as to present best conditions for good vision, was given before the Rotary Club at its noon meeting Tuesday by Dr. B. R. Putman, Muleshoe optometrist.

Distribution of light is a very important thing to seek for in laying out a school room, he pointed out. If this is not obtained, if the child has to incline his head or squint, he will develop poor habits of posture and form handicapping habits.

Architects and school designers are constantly working to improve lighting conditions. He pointed out that 80 per cent of the work done in a school depends upon good vision. Dr. Putman used slides to illustrate his points.

E. O. Baker, who was in charge of the program, introduced the speaker.

Visitors included Mrs. Onard Upton; Oscar White of Quicksall-Pryor Co., Lubbock; Cecil Winman, Chevrolet Motor Division, Lubbock; Rev. J. E. Moore, pastor of Three Way Baptist Church;

Teeming with tension, the sky-high spectacle staged by the reckless, death-defying Strato Stars will thrill thousands daily at the 35th annual Panhandle South Plains Fair in Lubbock, Sept. 29 through Oct. 4. Four of the nation's finest aerial acts will be performed twice daily, free of charge, at the fair.

### Laroy Hawkins On USS Dortch

Laroy Hawkins, seaman, USN, son of Mr. and Mrs. F. M. Hawkins of Route 1, Muleshoe, and husband of Mrs. Laroy Hawkins of 30 Poplar St. Newport, R. I., is aboard the destroyer USS Dortch, one of more than 150 warships representing the eight nations taking part in the NATO naval exercise "Main Brace" beginning Sept. 13.

The exercise is taking place in the waters off northern Europe and is providing training in fast carrier task force, anti-submarine convoy and amphibious operations. For the purpose of the exercise, it is assumed that the NATO naval forces are cooperating with NATO land forces in the defense of Western Europe against an attack on Europe's northern flank by theoretical "enemy" forces.

"Main Brace" is the first exercise involving the forces of the two North Atlantic Treaty Organization Supreme Allied Commanders, Admiral Lynde D. McCormick, USN, Supreme Allied Commander, Atlantic, and General Matthew B. Ridgeway, USA, Supreme Allied Commander, Europe.

Military forces of Canada, Denmark, France, The Netherlands, Norway, Portugal, the United Kingdom, and the United States are participating.

### Cotton Crop Estimate Cut

A 1952 cotton crop of 13,889,000 bales was estimated by the Agriculture Department this week. The government's goal this year was 16,000,000 bales.

The Department's estimate of a month ago was \$46,000 bales higher than the September estimate, brought about by severe dry weather during July and early August in the cotton producing states.

### Journal Prints 1st Santa Letter

Santa Claus has full information as to how to please one boy in the Muleshoe neighborhood this Christmas. The Journal has received its first 1952 Christmas letter from Mike Burgeson, which we print here:

Dear Santa,

Are you real sure you will have a bicycle Xmas? If you aren't sure maybe Daddy will help me buy one now. I want a purple one.

I Love you,  
Mike Burreson

### Early Settlers Revisit Muleshoe

Two of Muleshoe's very earliest settlers revisited the city Wednesday after an absence of 20 years and were amazed at the development they saw. Bob Moore, who came to Muleshoe in 1924, and his son, Fred, still remembered for his football prowess in the high school here, recalled the old days in talking with people they used to know.

The elder Moore lives now at Lamesa, where their oldest son, Ray, also lives. Mrs. Moore is with him there and they are interested in the gin business. Fred lives in Cuero.

The two had lunch at the Muleshoe cafe, operated by Mr. and Mrs. Bill Collins and the elder Moore assured Margaret that he remembered her when she was a very small girl with pigtail.

Mr. Moore managed the R. L. Brown gin here for one season, then farmed near here until 1931 when they moved to Stonewall County where he managed a Co-operative gin for five years. Then they went to Hall County and he was connected with Memphis Cotton Oil and Amarillo Cotton Oil until the family moved to Durant, Okla. He had been in the cattle business there several years until moving to Lamesa in December of last year.

The Moores lost their youngest son, Robert F. Jr., in Korea. A captain in the Marine Corps air force, the young man was killed in a crash May 30, 1951, while flying supplies to the front lines.

Mr. Moore said that when he moved here you could buy land for \$15 per acre and town lots for \$10 each.

### Shower Honors Miss Bobbie Collins

Miss Bobbie Collins, bride-elect of Donald Harrison, was honored with a kitchen shower at 6 o'clock Tuesday, Sept. 16, in the home of Miss Frances Toten.

Many lovely gifts were received. Refreshments of punch and cookies were served to Misses Lola Roark, Marion Harris, Helen Stovall, Tommie Lee Bovell, Ginger Gaede, Bettie Chisholm, Rita Peeler, Bettie Morgan, Nelda Wilson, Billie Ruth Redwine, Darlene Black, Paula Provence, Jean Gammons, Bettie Dale Collins, Jo Addine Wagnon, Ann Woodley, Norma Graves, Carolyn Creamer, Gwenelle Workman, Shirley Ann Black, Noretta Harrison, Bobbie Collins, the honoree, and the hostesses, Carolyn Kirk and Frances Toten.

Sending gifts were Misses Mammie Lee Freeman, Myra Hogan, Barbara Douglass, Pat Wright, and Joannah Schuster.

### Rebekahs Initiate New Members

The Muleshoe Rebekah Lodge met in regular session Tuesday night with Hazel Nowell, Noble Grand, presiding. The charter was draped in memory of sister Mattie Knauff, past president of the Rebekah Assembly who passed away August 14 at her home in San Antonio.

Plans were made for the birthday celebration and committees were appointed to prepare the salads. Each Odd Fellow is to bring two fried chickens and each Rebekah is to bring two pies.

Louise Rucktashel and Marie Henderson were initiated into the Lodge and several nice talks were made by the members.

Refreshments of sandwiches, doughnuts, coffee and punch were served to 31 members by Allie Snyder, Norma Duke and Fern Davis.
