Lemmons Services In Dallas

Funeral services for Mrs. Ben (Blanche Rose) Lemmons, 88, of Odessa, formerly of Ozona, were held Friday in Dallas with burial in Shearith Israel Cemetery.

Mrs. Lemmons died Wednesday in Odessa after a brief illness.

She owned and operated Lemmons Dry Goods in Ozona for many years before retiring. She moved to Odessa in 1973. She was born April 25, 1890 in Russia. She was a member of Temple Beth El and of the Ozona Eastern Star Chapter. She founded the Ozona store along with her husband, Ben, who preceded her in death. She operated the store here for many years after his death.

Survivors include five sons, Maurice Lemmons of San Angelo, Howard Lemmons of Odessa, Robert Lemmons of Canada, Stanley Lemmons of Austin and Bernard Lemmons of Dallas; one daughter, Rosalie Hollander of Olympia, Wash.; two brothers, Harry Ulchen of Florida and Lou Ulchen of California; one sister, Mar Freedman of New York, and fourteen grandchildren.

GASOLINE EXPLOSION AND FIRE at B&C Automotive Wednesday afternoon created a potential for danger. The explosion and resulting fire filled the town with black smoke, but there were no injuries and damage was minimal. An employee was draining the fuel tank of a truck into an open tub when the fumes were ignited by a space heater in

the shop. Charles Preddy, owner, said when he heard the explosion and looked back in the shop flames were reaching the ceiling. He ran the half block to the fire station. Firemen were on the scene in a matter of minutes and had the blaze extinguished.

4-H Livestock Show Here Sat.

The 32nd Annual Crockett County 4-H Livestock Show will be held at the 4-H Livestock barn Saturday, Jan. 6. The weighing in of fat lambs will be held Friday between 2 and 6 p.m., but all other activities, including show, barbecue and sale will be held Saturday, beginning at 6:30 a.m. with all livestock in place.

Judging of all classes will be held from 7 a.m. until 12 noon, when there will be an hour break for the benefit barbecue.

Presentation of awards will be held at 1 p.m. and the auction sale will start at 1:30. Livestock judge is John Kearney, FFA instructor at Sterling City. Showmanship judge is Ray Siegmund, District Agent of Fort Stockton.

Classes will include barrows, steers, lightweight finewool lambs, heavyweight finewool lambs, champion finewool lambs, pair of finewool lambs, crossbred ewe lambs, first year feeder class; lightweight crossbred muttons, medium weight crossbred muttons, heavy weight crossbred muttons, champion crossbred lambs, pair of crossbred lambs, and grand champion pair of lambs. This takes in the thirteen classes in order and auction of same.

Some 200 4-H exhibitors will be vying for the various trophies, buckles, spur clips, ribbons, rosettes, and banners. Trophy for the grand champion pair of fat lambs will be donated by Nathan's Jewelers. Johnny Jones will donate the trophy for

Champion pair of finewools, and Lefty's Turkey Patch, the champion pair of cross-breds. The elementary showmanship trophy will be donated by Carl Conklin and the first year feeder award by L.D. Kirby.

Comptroller Rep. To Visit Here

State Comptroller Bob Bullock will have a representative from his San Angelo office in Ozona on Thursday, January 11, 1979, to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Stephen Mercer will meet with local taxpayers in the Crockett County Courthouse Annex from 9:30 a.m. to 11:00 a.m.

"If Ozona area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Mr. Mercer will be there to assist them," Bullock said. "We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that," Bullock added.

DeHoyos Receives Degree

Thomas Oran DeHoyos of Ozona was among 160 students who received their diplomas from Sul Ross State University recently after completing requirements for their bachelor and master's degrees at the University in December.

DeHoyos received his MED in education.

Mrs. Williams Breaks Hip

Mrs. Gene (Toots) Williams fell on ice shortly after midnight Monday morning and suffered a broken hip. After emergency treatment at Crockett County Hospital she was transferred to Shannon Hospital in San Angelo where she underwent surgery Tuesday morning. Her condition was reported as "good."

Buckles, presented to champions and reserve champions, will be given by Ozona National Bank, L.B. Motor Co., Carlisle Motor Co., Ranch Feed & Supply, Crockett County Wool and Mohair, Ozona Boot & Saddlery, and Ted White.

Spur clips for junior and senior showmanship will be donated by the Federal Land Bank. Showmanship trophies for swine and beef will be donated by Cleophas Cooke and Joe Couch. The Ozona Lions Club will donate all ribbons, rosettes and banners.

The public is invited to come out for the show and sale and enjoy the noon barbecue.

Estimated Tax Pmts. Due Soon

Taxpayers making estimated tax payments on their 1978 income must pay the fourth installment by Monday, January 15. The tax installment should be paid using declaration-voucher 4 from the Form 1040-ES package, the Internal Revenue Service said.

Taxpayers whose anticipated income during 1978 has changed may have to file an amended declaration. Space appears in the estimated tax package to compute an amended estimate, the IRS said.

For more detailed information, taxpayers can obtain IRS Publication 505, "Tax Withholding and Declaration of Estimated Tax," available free from local IRS offices. Supplies of the Form 1040-ES package are also available from these offices.

Mr. Littleton Suffers Stroke

Lowell Littleton, president of the Ozona National Bank, suffered a stroke at his home here early Monday morning. His condition at Crockett County Hospital was reported as "stabilized" late Tuesday afternoon. He was scheduled to fly by ambulance plane to a Houston hospital at 10 a.m. this morning.

New Year Tax Deadlines Coming Up For Ranchers

Record Cold

1979 brought record cold temperatures to Crockett County, but the precipitation which fell in areas to the north failed to materialize here.

The ice storm which saw 1978 in created a far more dangerous situation, although the temperatures did not plunge to the lows of this past New Year weekend.

Sleet and snow fell intermittently, but the below freezing temperatures which held on throughout Sunday and Monday allowed the dry snow and sleet to blow away like powder.

Sunday temperatures fell through the day and the low for the night was 10 degrees. Monday's high for the day was only 22, and the low recorded early Tuesday was 6 degrees above freezing. It had warmed to 43 degrees at 4:30 p.m. Tuesday, but a brisk west wind kept the wind chill factor to well below 0° and in spite of clearing skies and bright sunlight, the weather was miserable for pedestrian.

While most taxpayers have until Apr. 15 (actually Apr. 16) to file their 1978 income tax returns, farmers and ranchers face a much earlier filing date.

Agricultural producers who do not file an estimate of their income by Jan. 15 and do not pay estimated taxes must file their tax returns and pay due taxes by Mar. 1. However, if farmers file an estimate, they have until the Apr. 16 deadline to file final returns, points out Ashley Lovell, economist in management with the Texas Agricultural Extension Service.

Lovell notes several considerations for Texas farmers and ranchers as they prepare their 1978 income tax returns.

Filing requirements for 1978 are the same as in 1977. For example, an individual must file a return if his gross income is \$2,950 or more, and a married couple under 65 years of age must file if their joint gross income is more than \$4,700. If both are 65 or older, they may make \$6,200 before a return is required.

The Revenue Bill of 1978 specifies that for tax years ending after Aug. 15, 1971, single purpose livestock, poultry or horticultural structures are eligible for investment credit. Examples of special purpose structures qualifying as livestock facilities include those used to breed chickens or hogs, to produce milk from dairy cattle, and to produce feeder cattle or pigs, broiler chickens, or eggs. Facilities must include, as an integral part of the structure or enclosure, equipment to contain livestock and to provide water, feed and temperature control, if necessary.

Effective for sales after Oct. 31, the amount of net capital gain a noncorporate taxpayer may deduct from gross income is increased from 50 to 60 percent. Thus, only 40 percent of net capital gain is to be included in gross income. For sales before Nov. 1, the former deduction of 50 percent of net long-term capital gain over net short-term capital loss applies.

Another change concerns

tax credit for energy-saving improvements and renewable-energy equipment installed in homes.

For information on other changes in the Revenue Bill of 1978 and for assistance in filing your income tax return, Lovell suggests several IRS publications (1979 editions): "Your Federal Income Tax" and the "Farmer's Tax Guide."

Center Has Openings In school

Ozona Community Center director Sam Emanuel announced this week there are a few openings for pre-school children in the Kiddie Klub and Tinyville programs held Monday through Friday at the center.

The center has a well-established program of pre-school education. Two separate programs are presently in operation, Kiddie Klub for children from 4 to 5 years of age, and Tinyville for three year olds. Kiddie Klub operates from 8 a.m. to 11:30 and Tinyville from 1:30 to 3:30 p.m. Monday through Friday.

Anyone having a child in this age group and would like to enroll him or her for the remainder of this school year may contact Mrs. Kathy Mayfield, lead teacher, at 392-2710.

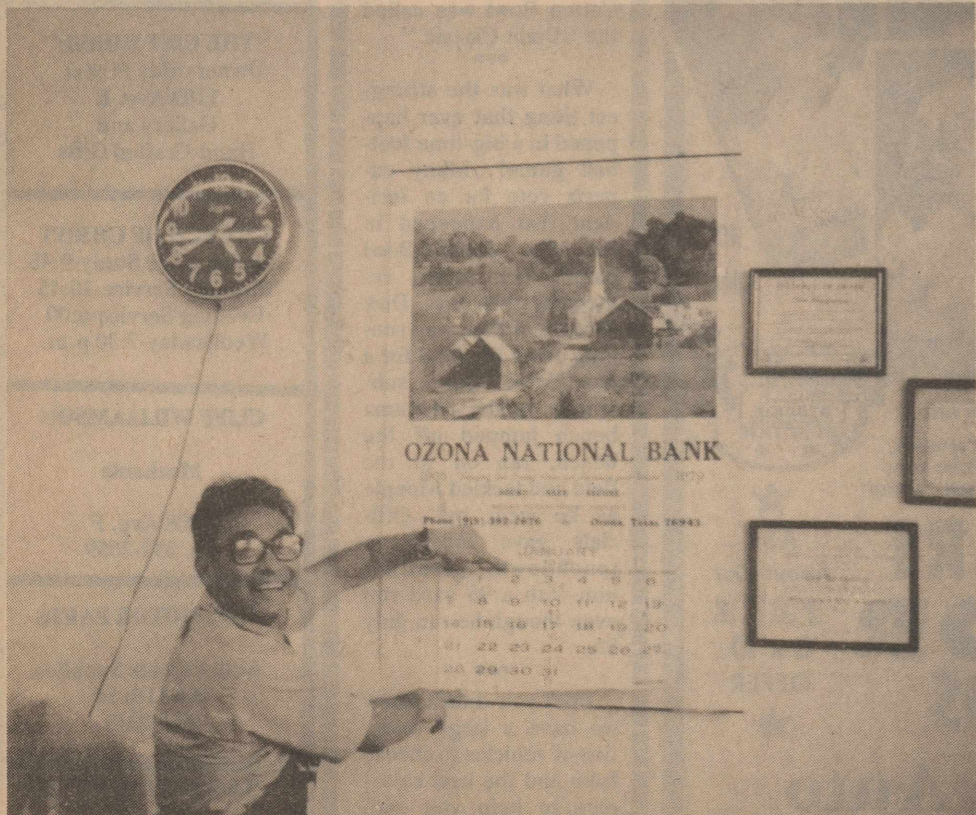

Mrs. Mayfield is a recent graduate of Angelo State University. Both she and the director, Mr. Emanuel, are members of the Concho Valley Association for the Education of Young Children. This organization provides pre-school workers with current ideas and techniques used in the education of young children. Assisting in the pre-school programs are Mrs. Stella Valadez and Miss Delfina Perez.

Citizenship Classes Scheduled

The Ozona Community Center will hold citizenship classes for persons in this area who are eligible to become naturalized citizens. They will furnish help in filling out the paperwork and preparing for the preliminary hearing examination, such as questions on American government and history.

General qualifications for naturalization as a U.S. citizen include being 18 years of age or older, lawfully admitted to the United States, residing in the States five years or longer, ability to understand, read, write and speak English, understanding of the fundamentals of the history, principles, and form of government of the U.S. and good moral character.

There are some exceptions to the guidelines listed. Anyone who feels he or she is qualified is urged to call or contact Sam Emanuel, center director, Ph. 392-2710.

1979 CALENDAR GOES UP-Shop foreman Bekke Diaz puts up the new calendar a day late as another Monday holiday forces the Stockman staff to do double duty on Tuesday. He doesn't seem terribly upset about double-timing it on Tuesday, but then it wasn't quite quitting time [see clock at left]. He didn't look this good at midnight.

THORNTON'S SUPERMARKET OPENED AS SCHEDULED before the holiday rush. The spacious store offered a wide variety of fresh vegetables, fruits and holiday fare. The ample parking space assured customers of as much parking space as the new store offered shopping space.

Free Press Threatened

By Anthony Harrigan

The suspension of *The Times* of London is a shocking development to believers in a free press. For over 190 years, the great British newspaper has symbolized independent journalism.

Autocrats and totalitarians of various sorts have sought to silence *The Times*. Until recent days, they failed to succeed. What Hitler couldn't do, anti-freedom newspaper unions in Britain have accomplished. Voices of freedom everywhere should take note of this ominous development. They should be aware of the threat of state-controlled newspapers in the United Kingdom.

The full dimensions of the situation have been described in detail by *Aims For Freedom and Enterprise*, a British freedom organization headed by Michael Ivens.

The following is an excerpt from the statement on the suspension of *The Times* issued by Mr. Ivens' organization.

"The biggest threats facing British newspapers are not that of closure and industrial action—though these are real enough. It is not that the demise of a newspaper with the history of *The Times* and its amalgam of the creativity of men who have worked for it since its beginning, would be a real tragedy. The major threat is of government intervention and control of some of our major newspapers.

"The continued interest by the Communist Party in the press was shown by their new manifesto calling for the nationalization of the printing ink and paper industries. That would help to bring the newspapers to their knees if there were major strikes in those industries, cutting off vital supplies.

"The Communist Party has stated that the free press should be broken up, the newsprint and ink firms nationalized and Government-owned printing facilities should be placed at the disposal of groups at 'reasonable' rates."

Aim's statement continues: "In a climate of 'galloping nationalization,' state investment in the press will be popular with many sections of the Labor Party and the trade unions."

Mr. Iven's organization cited union censorship of newspapers, compulsory over-manning and banning of advertisements because of threats by the printing trade unions. For example, the British printing unions stopped the publication of advertisements taken out by Aims.

Aims adds: "The extraordinary fact that the *Hansard* edition of the House of Lords debate on press freedom was delayed for nine days was totally ignored by the British press, television and radio. It is shameful sloth like this that has helped to create the present situation."

The threat to a free press is acute in Great Britain, as the Aims statement makes clear. It also exists on this side of the Atlantic.

Earlier this winter, unions prevented publication of major daily newspapers in New York City. The dispute over manning in press rooms and over the introduction of new printing equipment was treated by government officials and much of the media as a simple labor dispute. It was nothing of the kind. Freedom of the press was denied in the nation's largest city.

The publishers knew that any attempt to replace striking workers or to deliver papers produced by newly hired employees would result in widespread union violence. In short, the publishers were intimidated by the unions. Violations of their civil rights were ignored by the U.S. Department of Justice.

What's happening in Britain should alert Americans to threats to a free press in the United States.

FACTS & FIGURES

Mark Twain is the author of the first book manuscript ever written with a typewriter. He wrote *The Adventures of Tom Sawyer* on one in 1875 but was afraid to admit he had used the machine because he feared he would be swamped by questions on its operation.

The brand of cigarettes that has consistently been lowest in tar—Carlton—was first introduced in 1964. Its air-stream filtration system, combined with a special blend of Bright, Burley, Maryland and Oriental tobaccos selected for flavor and specially processed, produces maximum taste in a low-tar cigarette.

King Prajadhipok of Siam took out insurance against the loss of his throne. Forced to abdicate in 1935 after ten years of rule, he lived comfortably on the insurance money until he died in 1941.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN — Seven state agencies and the U.S. Department of Justice entered historic agreements ending a 14-month dispute over alleged job discrimination in state government.

Separate orders were signed before U.S. District Judge Jack Roberts committing the agencies to affirmative action programs to improve job opportunities for minorities and women over a five-year period.

Assistant Attorney General Steve Bickerstaff, who headed negotiations for the state, said the settlement is unprecedented over the nation, because it also binds the federal government to assist state agencies in their efforts.

State Rep. Paul Ragsdale, an activist in the fight against job discrimination, called the settlement "the most significant stride toward true equal employment opportunity ever taken by this state."

All seven agencies denied any pattern of discrimination against women and minorities in their recruiting, hiring and promotion practices. But they agreed to specific goals of equal opportunity in future hiring and promotion, under justice department monitoring.

Instead of the old quota systems, the agencies are supposed to hire minorities and women in proportion to the "relevant labor force" for each group or class of employees.

Three-member "employee specific relief panels," will assess complaints and compensation for job denial, and monetary payments can be made ranging from \$250 to \$650 a year over a three-year period.

Entering agreements were the Merit System Council, Department of Human Resources, Department of Health, Texas Employment Commission, Parks and Wildlife Department, Rehabilitation Commission and Texas Alcoholic Beverage Commission. Texas Department of Highways and Public Transportation, named in the original justice department complaint in October-November, 1977, declined to join the agreement. The Agriculture Department was dropped from the complaint.

Coming to Town Texas legislators will be coming back to town next week, for their biennial session beginning January 9.

A variety of major issues confront them.

Included on the agenda is the state \$18 billion budget, tax reduction schemes, school finance and other associated money problems, election law revision including consideration of reviving the Texas presidential preference primary, initiative and referendum proposals by which citizens in some states are allowed to initiate or veto legislation, the problem of

products liability law changes, and proposed increases in the 10 per cent ceiling on home mortgages.

Governor-elect Bill Clements has taken strong positions on some of the key issues, placing him at odds with legislative leadership—mainly in the area of tax reduction. Clements demands a billion dollars in relief, in addition to that granted by the tax relief amendment of last November 7. Top legislators say the money just isn't there.

Clements has threatened vetoes and special sessions if he doesn't get consideration out of the legislature on some key points in his program. Uncertainty over what to expect has lobbyists and other veteran legislative observers uneasy.

Homes Criticized An attorney general's task force charged patients are abused or neglected in a small minority of Texas nursing homes and blamed the Texas Department of Health for lax enforcement.

The task force report claimed the health department takes a protective attitude toward the industry it is charged with regulating.

Three legislative proposals were advanced: direct fines for violations of standards, a receivership statute to crack down on serious abuses and right of patients to bring private actions to redress abuse and neglect.

The report showed 27 per cent of the 1,000 Texas nursing homes are owned by 10 corporations and more than 11 per cent are owned or controlled by a single corporation, ARA Services Inc.

AG Opinions A nurse practitioner may not generally provide medications to patients under standing orders unless a physician has prescribed for the individual patient, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded: A class paper prepared by university students is not a public document.

A commissioner's court is not required to approve a salary or budget recommended by a juvenile board.

A bank may participate on a fee basis in a cash dispensing machine network operated by a corporate vendor without violating the constitutional prohibition against branch banking.

A justice of the peace or municipal court judge has no authority or power to change a complaint charging a moving violation to a non-moving violation.

Short Snorts Texas State Teachers Association is backing a \$1.1 billion school finance bill in the upcoming legislative session.

THE HOURGLASS

The hourglass has poured its last grain of the year. It has checked off the months as the hours disappear.

There were moments of gladness, of rain, and of care.

There were moments of gladness, of pain a full share. We enter the new as we cast off the old. With memories rich and the future untold.

Let there be joy in the heart and love on the throne. Today we shall live with tomorrow unknown.

The easiest way to get into trouble is to be right at just

you and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: I bought a home and several acres of land recently. After the transaction was completed, I discovered that the realtor did not have a license. Is the transaction valid? Also, do I have to pay a commission to this non-licensed agent?

A: The real estate salesman or broker's lack of a license will not change the effect of the instrument that your seller signed transferring legal title to you and it will not make any note or other instrument that you signed ineffective.

An unlicensed person is prohibited by law from acting as a real estate broker or salesman. Should this unlicensed agent sue for his commission, his lack of a license will prevent his recovering a judgment against you, if this fact is properly brought to the Court's attention. Furthermore, if you are or have been injured or aggrieved by the agent, you may be able to sue him for damages under the Real Estate License Act.

Q: My bills are stacking up faster than I can pay them. If I have to take bankruptcy, what must I give up? Will I lose my car and my household goods?

A: Federal bankruptcy

the wrong time.

A bachelor is a fellow that failed to embrace his opportunities.

Good humor is the health of the soul; sadness is its poison.

You are getting old when the gleam in your eye is the sun hitting your bifocals.

The next great invention will probably be a push-button that pushes itself.

The real problem with your leisure time is to keep the other fellow from using it.

Never miss an opportunity to make other people happy, even if you have to leave them alone to do it.

law exempts property which is also exempt under applicable state law. Under the law of Texas, you would not lose your car and your household goods in the event you declare bankruptcy. Beyond that, you'll be allowed to keep your homestead, household and kitchen furniture, tools and books of your trade, family portraits and pictures, one pick-up truck in addition to the car, current wages for personal services, provisions on hand for home consumption like food, all wearing apparel and one dog.

Q: My ex-husband died recently. Will I still be allowed to get half of his retirement, which was awarded to me by the court in our divorce. He has a wife of three years. I was the wife for 32 years.

A: A surviving ex-wife may receive survivor's benefits at the death of the ex-husband if the couple were married for 20 years. Beginning in January, 1979, the required length of time of the marriage will be reduced to 10 years. An award of the divorce court is not necessary for survivor's benefits.

A Lift For The Week This day's sunset gives one less day to live, but one more day to remember.

Ever wonder who "invented" the post-season football bowl games?... A Pasadena, Calif., businessman, James Wagner, is credited with the original idea...To promote Pasadena's Tournament of Roses affair in 1902, he got the thought of staging a post-season football game...And so, all of today's bowl games stem from Wagner's idea.

Did you know that many of today's post-season bowl games were known by different names in their early years?...For instance in the first two years of the Orange Bowl, it wasn't called the Orange Bowl at all...It was known then as the "Festival of Palms Game"...The Gator Bowl started as the "Alligator Bowl"...And the forerunner of the Cotton Bowl was called the "Dixie Classic."

What was the strangest thing that ever happened in a big-time football game?...Many experts vote for an incident that happened in the 1954 Cotton Bowl game...You might remember this one...Dick Moegle of Rice was running down the field for a touchdown...But a substitute on the Alabama bench jumped off the bench, ran on to the field and tackled Moegle as he went by...Officials gave Moegle a touchdown, crediting him with a 95 yard run even though he ran only 53.

I bet you didn't know we have a large selection of vehicles to choose from and the best salesman to help you with selecting the right one.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

New Year's Greetings to all of you, and may you have a most worthwhile and enjoyable gardening year.

Planting heads the list of chores for most Texas gardeners this and next month. Temperature fluctuations pose a greater threat to plants than do prolonged cold spells. Mulch will help greatly to survival of your tender plants by helping to stabilize soil temperature and insulating plant roots.

Since Arbor Day, Jan. 19, calls attention to the importance of trees in the environment, the most appropriate thing you can do is to plant a tree. Take a look at the trees that thrive and do best in your neighborhood and decide which could add the most to your yard. Consider adding fruit producing trees to your garden. Some varieties have beautiful fall colorful foliage as well as spring blooms and fruit.

If the foliage of your pampas grass has died, it should be cut back to within about 6 inches of the ground. If you postpone pruning until new growth begins in the spring, you will have to weed out the dead leaves individually, or have a very unattractive specimen display. And if you neglect pruning altogether, next year's growth will look half dead because of this year's unpruned leaves. For pampas grass that is out-growing its bounds, now is a good time to divide the root crown and transplant the clumps or give to friends.

Plant bare-root roses in January. Mound soil in the bottom of the planting hole, and spread the roots over the soil mound. Adjust the height of the mound so that the bud union (small bulge in the base of the stem) is about 1 inch higher than surrounding soil.

During dry spells and cold snaps, be sure to water and mulch ornamentals.

Debra Says

by Debra Price

Face crisis and recover from it.

Crisis demands action. Unless individuals and families know how to combat an upset in life's routine--and what feelings to expect, it can create an unresolved crisis.

When an upset happens, most people go through three broad stages: disorganization, recovery and reorganization.

When crisis strikes, so does disorganization--as the person begins to feel.

Many suffer bewilderment. A few remain calm, and a few express their strong feelings in outbursts of fury or screaming.

In most cases, tension rises, and most people feel helpless.

When people emerge from this stunned condition, they must cope with a different future life--one changed by the traumatic event.

They have two choices--to hide from the event or face it and fight back.

Those who choose to hide may escape into fantasy or worry, or they may retreat within themselves.

Some people become resentful. Guilt feelings are common. Also, many will deny what has happened.

To start recovery, it is important to face the crisis, not hide from it.

As a person begins to face a crisis, he can start to measure it realistically and start to get organized.

Many times, people cannot rebound by themselves.

This is when they should ask friends or trained professionals for help in dealing with the situation.

Reorganization is the final step.

It begins once the person decides what to do and starts to accomplish the tasks.

A crisis can affect individuals--and entire families--emotionally, socially and physically.

Crisis means a change in lifestyle. Old habits may become no longer appropriate, and this strains the individual and the family resources.

All families face various hazardous circumstances, but not all families view the same events as unresolved-crisis events.

A family's resources for meeting each situation will, in many cases, determine whether or not it is an unresolved crisis.

COTTAGE CHEESE STUFFED CELERY

1/2 cup small curd creamed cottage cheese

2 to 3 teaspoons chopped green onion or chopped chives

1/8 teaspoon salt, or garlic or onion salt, or salt blend

1/8 teaspoon horseradish

1/8 teaspoon Worcestershire sauce

3 to 4 stalks celery, cut into 3-inch pieces

Combine all ingredients except celery. Mix well.

Spoon mixture into each celery piece, using about two teaspoons for each.

Garnish with paprika or added sliced onion or chopped chives.

Chill in refrigerator for two hours before serving.

Stuffing mixture may be made ahead and stored in the refrigerator 24 hours before using.

Dear City Officials:
While driving through your city last night from Hwy 10 to Hwy 190, we saw your beautiful Christmas decorations.

Just wanted to tell you they were very pretty, especially the large candles and the angels.

Thank you for the pleasure.

Activities Program Director

By the time this goes to press, I should have dismantled the tree and have it, along with other decorations, put away for another year. We have had a lovely, fun-filled holiday season, thanks to many wonderful people.

Last week I mentioned that the Big Lake VFW gave all our residents house slippers. Actually, these were given and brought over by the VFW Ladies' Auxiliary on the Saturday before Christmas. I am sorry I missed their visit. The slippers are

lovely. Also, I should mention that Liz Simmons helped with the hair styling the Thursday before Christmas. Many thanks for pitching in to help staff during this busy time.

One more thing I would like to add is that I have just discovered that the gift certificates I quite often obtain from Watson's Department Store have not been charged to the Auxiliary as I thought. Bill has quietly been donating them. We really appreciate this help.

Another lady moved in on Christmas afternoon. Her name is Inez Jennings, a widow, and she comes to us from Big Lake. She has lived in Abilene most of her life. She has played Bingo and dominoes and is settling in very nicely. This brings our family to thirty-five residents.

Eunice Graham has been transferred to the hospital after an accidental fall on Thursday afternoon as she was leaving her room. She has accepted this bad luck quite philosophically, but finds it hard to be separated so soon from her newly found friends in the Center. We wish her a speedy recovery.

Carolota Villareal was presented with a lovely corsage on her birthday, the 28th, sent to her by Maxine's Flowers.

Winning the December Bingo "losers" contest on Friday was Opal Eversole. She received the \$10 certificate given by Baker Jewelers. The weekly \$5.00 certificate was won by Swede Lundgren, and Verna Talley won the second place prize. Verna also won in dominoes and roommate Eleanor Bradford was second. Velma Marley helped make up a second table of dominoes with Gertrude Daniels and myself. Gertrude is learning how to play the game. Velma proved to be a good teacher as I was beaten badly! Winners of the forty-two game were Nita DePriest and Edd Cade. They were playing Lorene Cade and Eleanor Yeager.

I had planned on having some fun in our Thursday afternoon reading and con-

versation session by having everyone state what their New Year's resolutions are... but missed work that day due to the respiratory thing making the rounds in Ozona. However, we will certainly have a go at that this Thursday afternoon, even if it is a little late and most folks have probably given up on their good intentions already!

Weekly Fur Report

By Bill Williams

As the year 1978 has ended, it has been the best year ever for the raw fur industry. This is attributed to the fact that fur is now high fashion everywhere. West Germany is now the largest consuming nation of the "free world". The U.S. A. second with Japan as a close third. Actually the U.S.S.R. is the consumer in both wild and ranched furs. They consume some 80% of their fur. The fur business is a 5 billion dollar business but in comparison to other business it is small.

Fur prices look to hold or go slightly higher as the catch is not as great as it could be because of the weather.

Measles epidemic may hit Texas

Evidence that another measles epidemic may have begun in Texas has prompted State Health Department officials to recommend stringent immunization measures—especially for those who are of school age.

"We know of measles epidemics occurring in eight other states, as well as those measles cases occurring in our school children—especially in junior high school and high school students in East Texas," said Dr. Jerome H. Greenberg, Deputy

Commissioner for Preventable Diseases with the Texas Department of Health.

Positive and vigorous steps must be taken now to prevent a violent resurgence of measles after the holidays since there is reason to believe that measles may spread to other parts of Texas.

Dr. Greenberg urged all school systems to review immunization records for elementary, junior high school and particularly high school students to pinpoint: 1.

those who have not been immunized with live virus measles vaccine or cannot provide certification by a physician that they have been adequately immunized prior to that time; and, 2. those who were immunized against measles prior to the month which included their first birthday.

Once identified, susceptibles must be immunized with deliberate haste. Epidemic situations may warrant prudent reimmunization of any child or adolescent originally immunized before 1970.

Linda Chandler, R.N., Director of the Communicable Disease Surveillance Program, requests that cases of measles, suspected or diagnosed, be reported

to local health authorities in order that high risk populations be identified and subsequently immunized.

Immunization of every child and adolescent is imperative. It is recommended that health authorities, civic

leaders, school age are candidates for reimmunized upon administrators and immunization (during reaching 15 months of parents publicize the local outbreaks). age. Adults may also measles problem. However, these children need protection in some infants 6-12 months of will need to be cases.

Special provisions in S.S. laws

Several provisions in the social security law are special in that they apply only to people disabled by blindness, Franklin H. Upp, social security manager in San Angelo, said recently.

A person is considered blind under social security if his or her central visual acuity is 20/200 or less in the better eye with the use of corrective lenses, or there is a reduction in the visual field to 20 degrees or less.

A person who meets this definition of blindness does not have to meet the test of recent covered work to be eligible for social security disability benefits. A blind person is eligible if he or she is fully insured. The amount of work credit needed to be fully insured in 1978 ranges from 1½ to 6¾ years of work, depending on the person's age and when blindness began.

A person under 55 can receive disability benefits only if he or she is unable to perform substantial gainful activity. The measure of substantial gainful activity is different for people who meet the definition of blindness than for people disabled by some other impairment. Generally, a blind person is not considered able to perform substantial gainful activity if his or her monthly earnings do not exceed \$334 in 1978. This figure will rise to \$375 in 1979. Additional increases are scheduled for future years.

A special provision applies to people 55 and over who are disabled by blindness. People in this group who meet work requirements, can be eligible for benefits if they are unable to perform work requiring skills or abilities comparable to the work they did regularly before they reached 55 or became blind, whichever is later.

In addition, Mr. Upp said, a blind person 55 or over can get benefits for months he or she is not performing substantial gainful work. On the other hand, benefits to younger blind people and other disabled people are terminated if they demonstrate the ability to perform substantial gainful work.

Additional information can be obtained at the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone number

is 949-4608. Residents of Ballinger, Big Lake, Brady, Junction, Mason, Ozona, Sonora, and Winters can call toll free by dialing "Operator" and asking for "Enterprise 2058."

MRS. JACK BAGGETT, JR.
...nee Miss Virginia Leigh Henderson

Miss Henderson and Mr. Baggett Wed Saturday

Miss Virginia Leigh Henderson became the bride of Mr. Jack Baggett Jr. Saturday, Dec. 30, in a candlelight ceremony at 7:00 p.m. in Ozona United Methodist Church. Performing the ceremony were the Rev. Larry Bailey, pastor, and Dr. Will-Matthis Dunn of San Angelo.

Parents of the couple are Mr. and Mrs. John Lee Henderson, Jr. and Mr. and Mrs. Jack Baggett.

The bride, given in marriage by her father, wore an imported designer gown of winter candlelight in handmade Brussel Rosepoint

lace, fashioned in an Eighteenth century motif. The finely worked lace edged the Queen Anne neckline and extended down the tapered sleeves to small ruffles at each wrist. The soft princess line skirt was designed of panels of Brussel lace. A cathedral length train flowed from the Watteau back yoke, both delicately embroidered in Rosepoint lace. A fitted lace cap, embellished with lace flowers, held the cathedral length veil of bordered lace. She carried a bouquet of ivory, candlelight silk flowers and fresh rosebuds.

Maid of honor was Miss Suzanne Williams and matron of honor was Mrs. David Bean.

Bridesmaids were Mrs. Pierce Miller, sister of the bridegroom, of San Angelo; Mrs. Elliott Bradley, sister of the bridegroom, of Dallas; Miss Janie Farr of Houston, Miss Melinda Johnston of Dallas, Miss Julie Crane of Victoria, Miss Kathleen Slaughter of Dallas, Mrs. Rick Webster and Miss Debbie Montya, both of Ozona. Junior bridesmaid was Miss Camille Miller of San Angelo.

The bride's attendants wore gowns of old rose crepe de chine, fashioned in a slender-strapped slip design, with the skirts ending in soft ruffles and full cape drapes of chiffon covering the shoulders. They carried tapers in stemmed wine goblets, encircled with old rose silk flowers and fresh rose buds. Silk flowers in their hair completed the ensembles.

Jack Baggett served his son as best man. Groomsmen were John Lee Henderson III, brother of the bride; Dan Davidson, Rick Webster, Robert Skinner of Houston, Jim Lane of Dallas, Elliott Bradley of Dallas, Mort Mertz of Eldorado, Pierce Miller of San Angelo, and Ronnie Munro-Ferguson of Inverness, Scotland. Ushers were Wesley Rich-

ardson, David Bean, Wade Richardson of Sonora, Winston Krause of Houston and Richard Baggett of Dallas. Ringbearers were Kevin Bailey, of Dallas and Rhett Miller of San Angelo. Gene Linthicum of San Angelo was the candlelighter.

Mrs. Billy Reagor sang Ava Maria and The Lord's Prayer, accompanied by Mrs. L.B. Cox, III at the organ.

A reception followed the wedding at the Circle Bar Solarium.

After a wedding trip to San Francisco and the West Coast the couple will be at home in Ozona, where the bridegroom is associated with his father in the Baggett Agency.

The bride is a 1975 graduate of Ozona High School and received her BBA degree from Southwestern University at Georgetown. Mr. Baggett is a 1973 graduate of Ozona High School and received his BBA degree from the University of Texas at Austin.

Out of town members of the houseparty were Miss Jane Schwartz of Junction, Miss Alyce Ann Baggett of Austin, Miss Cyndie Linthicum of Vail, Colo., Mrs. Bud Howard of Covington, La., Mrs. Leroy Swope of San Antonio, Mrs. Jim Lane of Dallas, Mrs. Glen Richardson of Sonora, Mrs. F.H. Whitehead of Del Rio, Mrs. Joe Bailey of Dallas, Mrs. Ranken Kennedy of Taylor, Mrs. Ed Downing of Odessa, Mrs. Gene Galbreath of Abilene, Mrs. Clinton McCain of Eastland, Mrs. Lad Linthicum, Mrs. O'Neal Dendy, Mrs. Boze Hartgrove and Mrs. Louise B. Appel, all of San Angelo.

Also Mrs. Ted Weatherford of Miles, Mrs. Bit Terry of Del Rio, Mrs. Ele Baggett of Lufkin, Mrs. Jim McMullan of San Antonio and Mrs. Joe McMullan of Bandera.

Ozona houseparty members were Mrs. Roy Henderson, Mrs. Lowell Littleton,

Mrs. Pleas Childress, Mrs. Bonnie Warth, Mrs. George Bunker, Jr., Mrs. Doc Dockery, Mrs. Massie West, Mrs. Boyd Clayton, Mrs. Foy Moody, Miss Jeannine Perry, Miss Hope Phillips, Mrs. Steve Wilkins, Mrs. Tom Cameron, Mrs. Randy Upham, Mrs. Jack Williams, Mrs. Claude Montya, Mrs. Charlie Davidson, Mrs. Frank McMullan, Jr., Mrs. Joe Bean, Mrs. Fred Hagelstein, Mrs. Jess J. Marley, Mrs. Jess C. Marley, Mrs. C.O. Walker, Mrs. Randy Crawford, Mrs. Buddy Phillips, Mrs. Ted White, Mrs. Chester Wilson, Mrs. Greg Stuart, Mrs. L.D. Kirby, Mrs. John Parks, Mrs. Eldred Roach, Mrs. Dwight Childress, Mrs. Bob Bissett, Mrs. Jeffrey Sutton and Mrs. Gene Perry.

The rehearsal dinner was hosted by the bridegroom's parents at the Circle Bar Dining room. A wedding breakfast, honoring the bride, was hosted by Mrs. Ed Downing of Odessa. The bridesmaid's luncheon was hosted by Mrs. Jack Williams, Miss Suzanne Williams, Miss Debbie Montya and Mrs. Claude Montya, at the Circle Bar dining room.

Other recent parties for the couple included an egg-nog party at the home of Mr. and Mrs. Dwight Childress, assisted by Mr. and Mrs. Tony Allen and Mr. and Mrs. Randy Upham. Also a cocktail buffet, hosted by Mr. and Mrs. Charles Davidson, III, Mr. and Mrs. Joe Bean, Mr. and Mrs. Jack Wilkins, Mr. and Mrs. Frank McMullan, Mr. and Mrs. Mort Mertz of Eldorado, and Mr. and Mrs. Lad Linthicum of San Angelo.
