NUMBER 30

Worthless checking on increase

A.O. Fields, Justice of the Peace, states that in the past few weeks more and more worthless checks are being written. Consequently, more check cases have been filed in Justice Court than usual. Under the new Texas Penal Code, Issuance of a Bad Check, Section No. 32.41 is called a Class C Misdemeanor and Justice Court has jurisdiction in this matter regardless of amount of check, but before the case can be filed, the injured party has to give notice in writing, sent by registered or certified mail with return receipt requested and addressed to the issuer at his address shown on check or records at the bank. When ten days have elapsed from date notice was mailed and issuer of check has not reimbursed injured party, case may be then filed in Justice Court.

The notice to be mailed out by the holder of bad check should contain the following information: date of check, amount of check, name of bank and location of bank. Exceptions to the above are: checks not presented to the bank within 30 days of issuance and post-dated checks. Issuer of these types of checks cannot be prosecuted under the above section of the Texas Penal Code.

Businesses or persons who accept checks should try to get enough information and addresses so that the notices can be mailed to the issuer of the check. If it is not a personalized check, get the information from the person's drivers license or identification card. For persons who do not have a drivers license I suggest that you contact the Department of Public Safety and obtain an I.D. card.

Gas discovery assured

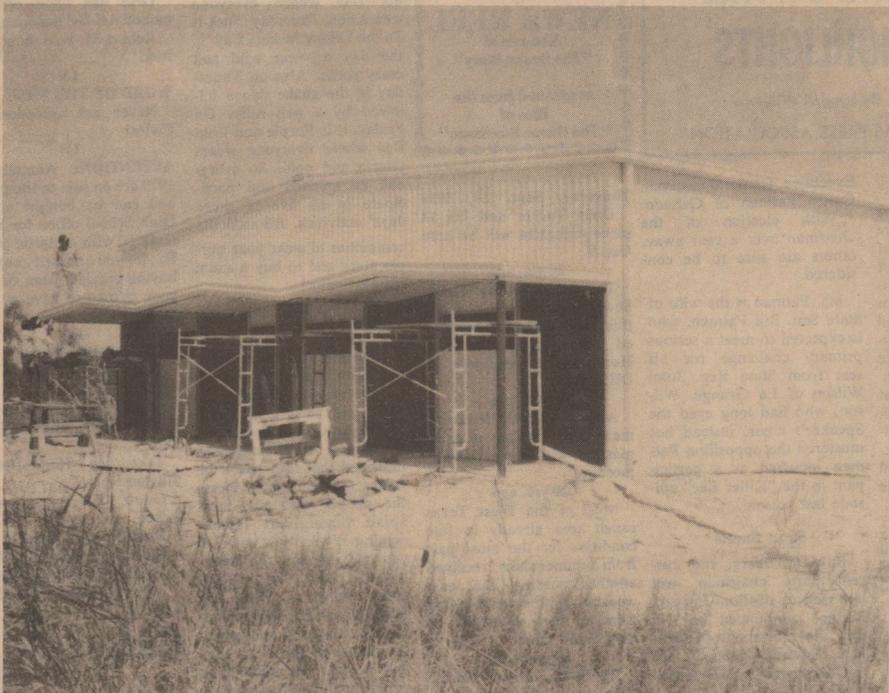

A Strawn gas discovery was assured in Crockett County with the flowing of gas for four hours at the rate of 1.1 million cubic feet daily at Cities Service Co., Midland, No. 1 University BX, in 10-32-University Lands, one mile west of its No. 1 University BW, confirmer in the Howards Creek (Pennsylvanian gas) field, 16 miles southwest of Ozona.

Flow was through an 8-64-inch choke and perforations at 8,696-780 feet. Testing continued.

The No. 1 University BW, in 15-32-University Lands, fifth producer and a 2 5/8-mile east extension to the Howards Creek (Pennsylvanian gas) field, was finalized Sept. 13 for a calculated, absolute open flow of 4.3 million cubic feet of gas daily, through perforations at 8,830-948 feet. It earlier was reported as a Canyon gas discovery.

HMH Operators, Midland, will drill the No. 2 University as a 5/8-mile north-northwest outpost to a three-well southeast extension area of the Crockett County portion of the Farmer (San Andres oil) field, 14 miles southeast of Big Lake.

Location is 660 feet from the north and west lines of 1-51-University Lands. Contract depth is 2,600 feet.

NEW HOME FOR FESCO, INC.-Construction is nearing completion for offices, a lab and a shop for the engineering service company. The building site is on Ave. H near the Civic Center. FESCO, primarily concerned with oilfield

testing, is thirty years old and has ten branch offices. The local branch has been in Ozona about three years, and has several employees. The new lab will enable employees to make their own gas analysis.

Lions down Eagles for first victory

The Ozona Lions got into the win column Friday night in Eldorado after their thirteenth attempt to win a football game.

In game number 13, the Lions made their own luck and stunned the unbeaten Eldorado Eagles 14-8. Victory was sweet for the Lions and their fans and a long time in arriving. It was the first win for the Lions since the 1977 season.

The Lions got off to a good start, recovering an Eagle fumble on the Eldorado 25-yard line early in the first period. A pass interference call gave the Lions a first-and-goal and quarterback Shane Fenton sneaked in from the one for the touchdown. Hector Leal booted the PAT and the Lions had a 7-0 lead which they took with them to the dressing room at halftime.

The Lions dominated the game from beginning to end, but were unable to score again until the final period. However, the Lions struck paydirt again in the final

quarter. The score was set up when a 71-yard punt return for a touchdown by Freddy Garza was nullified by a clipping penalty. The ball was moved back to the 28-yard line, but the Lions were not to be denied and drove in for the score. Hector Leal got the touchdown from seven yards out and booted the conversion to give the Lions a 14-0 lead.

A shutout was in the making for the Lions, but Eldorado intercepted a Lion pass with 1:09 left in the game and returned it to the Ozona 25-yard line. With only 10 seconds remaining and following a pass interference call against the Lions, the Eagles scored from a yard out and passed for the two points.

The Lions dominated the ground game, piling up 166 yards to 95 for the Eagles. Ernie Borrego led the offensive effort with 63 yards on 19 carries.

Fenton had 17 carries for 43 yards and 1 touchdown. Vaden Aldridge carried the ball 1 time for 2 yards and

Aldo Delgado carried once for 6 yards. Freddie Garza got 29 yards on 15 carries. Hector carried the ball 6 times for 23 yards, one touchdown and kicked both extra points.

Garza punted 3 times for 106 yards and a 35.3 average, and intercepted an Eagle pass.

Defensive leader was Joe Rebelez with 7 tackles and 5 assists. Borrego was also a defensive leader with 6 tackles and 2 assists. Louis Bunker and Kelly Buckner each had 4 tackles and 3 assists, while Juan Cedillo had 5 tackles and 4 assists.

Aldo Delgado got the other pass interception. Will M. Black made the fumble recovery on the opening kickoff, to set up the first Lion score.

Mike Vallejo recovered an Eagle fumble on the Ozona 2-yard line and prevented an Eagle score.

The Lions will be looking for two in a row when they take on the Menard Yellowjackets Friday night.

Voter registration deadline is Oct. 5

Those persons who do not hold current voter registration certificates and plan to vote in the Nov. 6 election must register by Oct. 5, to be eligible to vote, according to Crockett County Tax-Assessor Tom Stokes.

A light voter turnout is predicted due to no contested races. The only items on the ballot will be three proposed amendments to the state constitution, but Stokes, whose office is also the county voter registration office, reminds voters that state law requires eligible voters be registered no less than 30 days prior to the next election.

The deadline actually is Oct. 7, but since that day falls on Sunday, Stokes said registrations must be in the voter registration office by the close of business Friday,

Oct. 5. In the past when the deadline fell on a Sunday, the following Monday was deadline day, but a recent ruling by the secretary of state changed this practice.

New voter registration certificates are mailed to voters every two years. The next mailing will take place in mid-November, with the certificates becoming effective in March, 1980. State law decrees that certificates sent to an old address must not be forwarded but returned to the voter registration office.

The law requires that certificates be sent by non-forwardable mail, according to Stokes. He said the voter must supply the change of address in writing or by appearing in person in the voter registration office located in the tax office in the courthouse annex. A routine

change of address notice filed at the post office is not sufficient, and no registrations or address changes can be taken by phone.

4-H lamb feeders

All 4-H lamb feeders should bring their lambs to the 4-H feeding barn Saturday, September 29, to be sheared, weighed, tagged, drenched, and vaccinated. Shearing of the lambs in the feeding barns will begin at 8:00 a.m. All other lambs should be there by 10:00 a.m.

This is the official weighing in day and all lambs must be there to be eligible to compete in the county show January 5.

Firemen answer three calls

Ozona firemen had three alarms over the weekend.

Shortly after noon Friday the department answered an alarm 10 miles west of Ozona on I-10 to a truck fire. A flat tire on a tractor-trailer rig caused overheating and fire. Firemen extinguished the blaze and returned to town within minutes.

A grass fire Saturday in Vaughn Field burned some 100 acres of rangeland. Two Ozona units responded and brought the fire under control. Lack of wind aided in controlling the blaze.

Sunday morning firemen were called to the Hiway Cafe where an electrical transformer had shorted out and was smoking. Firemen disconnected the fixture and avoided a fire.

Gospel meeting scheduled

The Ozona Church of Christ will hold a four day Gospel Meeting Sunday, September 30 through Wednesday, October 3. Ted Kell, an instructor of the Sunset Church of Christ School of Preaching in Lubbock, Texas, will be the guest speaker.

Kell, a graduate of David Lipscomb College in Nashville, Tennessee, has been active as a gospel preacher in mission work, on radio and television programs, and in gospel campaigns for many years.

Services will begin with regular Bible Classes for all ages at 9:45 a.m. Sunday with Ted Kell bringing a lesson at 10:45 a.m. and again at 7:00 p.m. Services for the remainder of the week will be at 7:30 each evening.

Everyone in Ozona and surrounding areas is invited

District court has busy docket

Judge Troy Williams opened the fall term of 112th District Court here last week. The first case, a custody suit requiring a jury, ended in a mistrial due to a hung jury. The grand jury was impaneled Monday and returned two indictments, and a local man was sentenced in a rape case. Jury selection began last Tuesday in the child custody case. The jury began deliberations Friday at 2:30 and were unable to reach a decision after four hours. Reporting hopelessly deadlocked at 6 o'clock, the judge declared a mistrial.

Mrs. Tom Allen was requesting a change of custody for her eight-year-old daughter. When she was granted a divorce from Noel Claude Prosis September 14, the court awarded custody to Mrs. Willie Carper of Tennyson. Mrs. Carper is the child's aunt and a sister of the father. The jury was to decide whether a change of circumstances since the first order should give the child back to her mother, also whether leaving the child with her aunt would be injurious to her physical and emotional well being.

Nine jurors were of the opinion the child should remain with her aunt and three jurors wanted to give custody to the mother.

Judge Williams sentenced a Houston couple Friday after they entered guilty pleas to passing forged prescriptions to obtain a controlled drug. Joseph Burnett was given a 10-year probated sentence and fined \$5,000. Bonetha Burnett received a 6-year probated sentence.

The couple was arrested two weeks ago after attempting to pass one of the prescriptions at Lion Pharmacy. Clayton Robinson became suspicious and called the Houston physician whose name was on the prescription blank and found the prescription pad had been taken from his office. He notified the Sheriff's Department and the couple was arrested in Fort Stockton and returned to jail in Ozona.

Grand jury indictments were returned against Joe Escamilla for aggravated assault on Alonzo Lopez and against Oscar Sanchez for negligent homicide in a wreck where Douglas Allen Nelson of El Paso was killed. The first indictment grew out of a knife fight the night of July 3, when Lopez was

stabbed and cut, requiring transfer to a San Angelo hospital and emergency surgery.

The second indictment was the result of a car-pickup collision earlier this year on Hwy. 290 west of Ozona.

In a plea-bargaining action, Samuel Faz Rodriguez pleaded guilty to rape by

force and was sentenced to two years in the Department of Corrections. He was released until formal sentencing which will take place October 12, at which time he will be transported to Huntsville to begin serving his term. The crime was committed earlier this year on an 80-year old Ozona woman.

Homecoming week underway

Homecoming is underway at Ozona High School this week and will reach fever peak Friday night when the Lions take on the Menard Yellowjackets. Fresh from their first victory since 1977, a 14-8 win over Eldorado, the Lions will also have the homecoming spirit to spur them to their second win in a row.

Students have a new theme to follow each day, but all are aimed at helping the Lions win the important homecoming game.

The annual snake dance will get underway following the junior high games Thursday night. It will feature the football team on a float and will be led by the Ozona High School band. The event will make up at the Village parking lot and wind its way to the boys gym for the big pep rally.

There will be no parade

nor bonfires this year, but a huge pep rally will be held at 3 p.m. Friday. Friday night in pre-game activities, the homecoming queen will be crowned. Names of the nominees were not given this year but they will be escorted on the field by Lion captains and name of the queen will be kept secret until that time.

Seniors will be delivering the traditional homecoming mums Friday. They have spent much time dressing them up this week. The shipment arrived Monday at Maxine's Flowers.

The homecoming dance Saturday night will end the festivities. The dance will be held at the Civic Center from 8 until 12. A disco band, "Jook Box," will furnish the music. All Ozona High School graduates are invited to attend the dance. Admission is \$3 per couple and \$2 stag.

Market strong at fall wool sale

Prices were steady and the market for fall wool strong at the annual sale at Ozona Wool and Mohair Co. here Thursday. Ninety-eight percent of the 187,000 pounds offered sold at steady prices.

On 95,145 pounds of paint free fall wool, prices averaged \$1.01 1/2 per pound with a top of \$1.10. The average was 97c per pound on 53,144 pounds of paint wool with the high \$1.02 1/2 per pound. Two lots of 8-month wool was sold amounting to 6,450 pounds. One lot brought \$1.03-3/4 and the other \$.100 1/4 per pound. The 33,000 pounds of lamb wool averaged 98c per pound.

W.F. Drake of San Ange-

lo was top buyer of paint-free wool, taking 65,687. Clyde Young Wool Co. of Lampasas bought 11,551 pounds, while Forte, Dupee and Sawyer of Boston purchased 8,110. Summit Wool Co. bought 5,317 pounds.

Drake was also the top buyer of paint wool with a purchase of 28,935. A.H. Helmig & Co. of Pennsylvania bought 12,254 pounds and Forte, Dupee and Sawyer purchased 11,925 pounds.

Top buyer of the 8-months wool was J.P. Stevens and Co., taking the entire 6,450 pounds. Helmig was top buyer of the lambs wool with a purchase of 18,185 and Forte bought 8,958 pounds.

HOMEOMING WEEK AT OHS got underway Monday with "Hat Day." Students wore all kinds of odd looking headgear. The theme was "Hats off to the Lions." The annual event will be highlighted by the football game Friday night and the homecoming dance Saturday night.

Senator sees evil spirits in ruling

By Edwin Feulner

Claiming it is time the Supreme Court paid less attention to "spirits" and more to the "clear meaning of plain English," Utah Senator Orrin G. Hatch has launched a one-man crusade to win re-enactment of the landmark 1964 Civil Rights Act. The only substantial change that would be made in the law banning discrimination based on "race, color, religion, sex, or national origin" would be the addition of the phrase "and we mean it this time."

The unusual legislative action was made necessary, he said, by the Supreme Court's decision upholding racial quotas in a case known as *United Steelworkers v. Weber*. In that decision, a majority of the court decided that the "spirit" of the 1964 Act permitted an apprentice hiring program which provided a preference to individuals on the basis of their skin color. The particular bargaining agreement in question reserved 50 percent of the openings in apprentice craft training programs to blacks working in a plant — even though the plant had no previous history of racial discrimination in its hiring policies.

Spirit or no spirit, the language of the 1964 Act specifically forbids such singling out on the basis of race, says the Senator.

"Three separate sections of the 1964 Civil Rights Act state in as clear language as any legislative body is probably ever likely to agree upon that employers cannot hire or fire people simply because of the color of their skin," Senator Hatch said. "The Court's majority even admitted that neither the specific language of those three sections, nor the legislative history nor precedent of the law mitigated on behalf of their decision."

"Thus, the Court's majority relied upon a tortured construction based their conjecture about the 'spirit' of the law. If the Court insists upon making law on the basis of these 'spirits,' instead of the plain language of the statutes passed by Congress, we will be left with the cruel irony of a noble law written to ban forever the blight of racial bigotry being used to justify new forms of government-sanctioned discrimination."

"I was encouraged by Justice Blackmun's admission that, if he and his black-robed colleagues are wrong, the Congress can always correct them. After re-reading the original law, I doubt that any ban of racial discrimination could ever again be so well and precisely stated."

"Recognizing the Court's willingness to be corrected and the beauty of the original language, I am today introducing a bill that restates that language with two addendums: Section 1 of my bill restates section 703(a) of the 1964 Act and adds at the end the provision: "and we mean it this time." Section 2 restates section 703(e) and notes that it "accurately and faithfully reflects the spirit in which Congress acts in approving it."

Maybe the second time the message will sink in.

NATION SLOWLY CONVERTING TO COAL—News Item.

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Work crews have yet to cap the off-shore oil well spewing barrels of crude daily into the Gulf of Mexico, but all the early indications of a courtroom collision between Gov. Bill Clements and Texas Attorney General Mark White apparently will be realized.

White told reporters last week he will sue SEDCO, the drilling company founded by Clements, and Mexico's nationally owned oil company PEMEX sometime this fall.

SEDCO is now run by the governor's son, B. Gill Clements, while the governor's stock is in a "blind trust." Though the governor may never appear in the courtroom, the political effect of the lawsuit will remain the same: one of the state's top Democrats will confront the top Republican state official.

Will Allege Negligence

White said he will allege negligence on the part of SEDCO, which had leased the off-shore rig used by PEMEX to drill the blown-out well.

"If (the blow-out) wasn't an act of God. This thing occurred apparently because of mismanagement, negligent operation, negligently maintained equipment, whatever," White said.

He added that SEDCO's subsequent sinking of the damaged rig in deep international waters on July 12 "cast grave suspicions on everything they (SEDCO officials) have said" about the company's role in the blow-out.

White said he expects to delay until after President Jimmy Carter and Mexican President Jose Lopez Portillo meet Sept. 28 and 29.

Clements: In Yugoslavia

Clements, meanwhile, has been unavailable for comment while leading a Texas delegation tour of several Communist-block countries. Reports indicate he is optimistic about future joint U.S.-Yugoslavia ventures.

When he returns he will find a message on his desk from Speaker of the House Bill Clayton saying there is no political support for a special session of the Texas Legislature.

Clements had promised to call the legislators back to Austin to pass an initiative and referendum bill, among other issues, but Clayton advises the legislators who failed to reach agreement on the issue last spring would probably not resolve the issue in a special session.

State Rep. John Bryant of Dallas, who heads the House minority bloc, thinks Clements should offer a pure initiative and referendum proposal or none at all.

Demo Chairman Race

In times past a Democratic Texas governor has always hand-picked the chairman of the Texas Democratic Party, but not this season.

With Republican Clements in the statehouse, the crucial Demo leadership post may be filled by a person emerging after a bona fide convention ballot, not one standing in the shadow of a governor.

Three prominent Democrats are mentioned for the job: State Rep. Luther Jones of El Paso, Houston lawyer John Odum and Democratic

Executive Committeewoman Carrin Patman of Ganado. With election of the chairman over a year away, others are sure to be considered.

Ms. Patman is the wife of State Sen. Bill Patman, who is expected to meet a serious primary challenge for his seat from State Rep. John Wilson of La Grange. Wilson, who had long eyed the Speaker's chair, instead has mustered the opposition Patman incurred as a participant in the "Killer Bee" episode last session.

Short Snorts

Billy Goldberg, the current party chairman, will not seek re-election. Instead, he has announced he will join the movement to draft Sen. Edward Kennedy for the Democratic presidential nomination.

Col. Wilson E. Speir, director of the Texas Department of Public Safety, will retire on Dec. 31. The veteran law enforcement officer, 62, gave health problems and age as his reasons for stepping down.

A \$20 million miscalculation by the staff of the Public Utility Commission may result in a higher-than-expected rate hike for a telephone company.

Southwestern Bell Telephone Company may now be granted the entire \$145.2 million hike it requested last month. The PUC staff had recommended a \$136.4 million hike, but following discovery of the error, it changed its recommendation to \$156.4 million, about \$9 million more than the company can receive legally.

Snips, Quips and Lifts
By Lottie Lee Baker

The best thing you can spend on your children is time, not money.

The road to success still has toll gates and you must be willing to pay the price to travel on it.

Have a heart of gold but not a head of ivory.

Improve yourself today, your friends tomorrow.

A live wire needs to be connected to something useful.

The easiest way to crush your laurels is to sit on them.

You can't lead anyone further than you have gone yourself.

Do it yourself: even plants must put out their own roots.

Being on the right track doesn't mean very much unless you keep moving.

Moral fiber is the most important of all fibers known to man.

Kindness consists in loving people more than they deserve.

To be able to see where you are going, you have to learn to look ahead.

The work week can stand less weak work.

The 1979-80 Homecoming is this week and everyone in all classes are busy, whether it is designing floats, making mums, or just enjoying the week's festivities. The cheerleaders have lined up a full week of days to show spirit and to be "unique." Monday is Hats off to the Lions Day which is hat day. Tuesday is Lions Over All Day where everyone wears overalls. Wednesday is Tie Up the Yellow Jackets Day where everyone wears ties. Thursday, Sock It To the Yellow Jackets Day, is the day to wear wild and crazy socks. Also on Thursday is the snake dance followed by a pep rally. On Friday, it is Purple and Gold Day where everyone wears purple and gold. So everyone be spirited and participate in all five of these days' activities. All students remember to wear your purple stars and to buy a mum from a Senior!

Beware the Purple Pooh! As some of you know, there has been a strange looking purple character roaming the halls and classes of OHS. Through an anonymous note, the Lions Roar staff was informed that the reason he roams the halls is to locate the people with the most spirit throughout Homecoming Week. Now some of you may ask how the cheerleaders know who to give spirit awards to. Well, this Purple Pooh has been sending notes to them and giving the names of the most spirited people. He stated in a recent note that he wished to remain anonymous so he can continue to help the cheerleaders without calling any attention to himself. So if you see this Purple Pooh, just hope you are spirited enough to win a spirit award.

In the last three weeks several spirit awards have been given to many spirit filled people. The first week the cheerleaders awarded Jan Watson and Mercy Stratis an award and the band awarded Toi Babbitt with a spirit award. The cheerleaders gave a spirit award to Vivian Villarreal and Offensive Player of the Week went to Freddy Garza and Defensive Player of the Week went to Joe Rebelez. The band awarded Mercy Stratis the award. Then last week the awards went to Lisa Mitchell, given by the cheerleaders, and Jay Justice, from the band. Shane Fenton received Offensive Player of the Week

and Bubba Everett received Defensive Player of the Week.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

You should notice the most striking color of the September landscape very soon in the winged euonymus (Euonymus Alata). It is one of the first plants to change from summer green to fiery red almost overnight. Some call it the burning bush, and maintains this brilliant color for as long as a month. Although plants located in full sunlight will be the most brightly colored, those in a shaded area will still be vivid and dominating. When the foliage drops, clusters of tiny fruit are revealed.

Placement of the plant must be well thought out because of its dominant feature. Avoid planting in front of a red brick house or with other plants that may clash with its fall color. Winged euonymus is durable, relatively pest free, and not particular about sun or soil. It is ideal for use as a deciduous hedge or as a privacy screen. Too, the large type can be used as a specimen at the edge of woodland plantings or an accent in front of pines or other large evergreens. The dwarf Euonymus Compacta selection would be especially attractive planted in front of a picket fence, since it would stay low and not overpower the pattern of the fence. It only reaches 6 to 8 feet tall, while the upright mature height may get 15 feet rapidly. Wherever you plant this euonymus, space the dwarf at least 4 feet apart and the large type 6 feet apart. As it matures, the plant assumes a vase or fountain shape, with branches arching over and almost touching the ground. In spring, the plant is draped with tiny flowers that produce the fruit while the bright-green foliage is emerging.

Begin thinking about bringing houseplants back inside for the fall and winter and cool weather arrives gradually over most of Texas, so plants will become partially acclimated by themselves. Bring plants indoors when you are no longer running your air conditioning

MRS. MICHAEL DON KILGORE-Carol Ann Jackson and Michael Don Kilgore were married earlier this month in a ceremony at St. George Catholic Church in Fort Worth. Parents of the couple are Mr. and Mrs. Glenn Jackson and Mr. and Mrs. Don Kilgore. The couple is at home in Fort Worth after a wedding trip to the Virgin Islands. The bride is a secretary for Mid-Continent Supply and the bridegroom is office manager for a mortgage and trust company.

continually-attend to repotting, spraying, and other chores outside before the final move indoors.

Continue your weekly spray program to ensure a good crop of fall roses. Water plants heavily if rainfall does not come our way. Do not fertilize roses at this time for new growth stimulated by fertilizer will not have time to harden before cold weather sets in.

When pruning your hedges properly they should be wedge shaped for a very practical reason: to allow sunlight to reach the lower branches, which helps keep the hedge dense from top to bottom. Otherwise, the top of the hedge would shade the lower part, causing the lower branches to grow spindly and shed leaves. Pruning should be done at least twice a year in most of the south. A general rule is to prune shrubs and hedges when new growth is 2 or 3 inches long. Always use high-quality pruning tools. Hand-held hook-and-blade shears are recommended for pruning.

Debra Says

BY DEBRA PRICE

Make a "zabuton" for elegant comfort—it's a Japanese floor cushion.

Its added beauty lies in easy construction.

Basically all you need is a square of fabric, stuffing and decorative tassels.

And, if you make several zabutons, you can stack them to function as a chair. By placing them on a platform with rollers, they'll be even more functional.

Four easy steps will create a zabuton.

1. Cut a square of fabric for example, from a 45-inch width (115 centimeters). Fold it in half (matching raw edges)—putting right sides together. Stitch the two short sides together. Press the seams open.

2. With right sides still together, match the two seams. Pin them in place, as this will be the final seam to complete the pillow.

Before sewing that seam, mark off a little and leave it unsewn so it can be the opening through which you will stuff the pillow.

To leave this opening, use a pin to mark about six inches (15 centimeters) away from the center down each side of what will be final seam. Stitch from the pin marking to the point of the pillow down each side.

3. Turn right-side-out and stuff, carefully distributing the filling evenly. Slip-stitch to close.

4. To make the pillow even more authentic, push a crease at each corner, tuck and decorate with tassels.

Cut cardboard the length you'd like the tassels. For the cardboard width, allow about two inches (five centimeters) more width than the bulk of the tassel—so it won't slip off the cardboard.

Next, wind yarns or threads around the cardboard-lengthwise.

When you reach the desired thickness, thread a needle with a double strand of the yarn or thread. Draw it under the wound yards or thread at the top of the card. Pull it tight and knot it to tie them at the top.

Cut the tassel ends at the bottom of the cardboard.

Then, with the same thread or yarn used to knot, make a tassel top binding—about one-half inch down from the tassel top itself, wind enough around the tassel to form the binding. Then secure it.

Mrs. Roach hostess for bridge club

The Friday Bridge Club met last week in the home of Mrs. Eldred Roach.

Mrs. Sherman Taylor won high; Mrs. Eddie Arnold, low, and Mrs. Evert White, bingo.

Others playing were Mrs. Sterling Baker, Mrs. George Bunker, Mrs. Joe Friend, Mrs. Ann Mayfield, Mrs. J.B. Miller, Mrs. Sidney Millsbaugh, Mrs. Hillery Phillips, Mrs. Lowell Littleton and Mrs. O.D. West.

Duplicate bridge winners

Winners in Duplicate Bridge Club play Saturday afternoon at the Country Club were Mrs. Kirby Moore and Mrs. Pete North. In a tie for second place were Mrs. J.B. Parker and Mrs. Joe Friend and Mrs. Gene Williams and Mrs. John Childress.

Sunday winners were Mrs. Evert White and Mrs. Sidney Millsbaugh, first, and Mrs. Moore and Mrs. North, second.

Mrs. Childress Woman's Forum meets for Heritage Day

CC Bridge Club hostess

Mrs. Hugh Childress was hostess for Country Club Bridge at the club Thursday afternoon.

High score went to Mrs. John Childress, second high was Mrs. Hillery Phillips, and low went to Mrs. Jake Short. The bingo was won by Mrs. Jack Williams.

Others playing were Mrs. Clay Adams, Mrs. Jane Black, Mrs. Larry Braden, Mrs. George Bunker, Mrs. Douglas Moore, Mrs. Duane Childress, Mrs. W.E. Friend, Mrs. Bud Cox, Mrs. Joe Friend, Mrs. Ann Mayfield, Mrs. Kirby Moore, Mrs. James Dockery, Mrs. Sherman Taylor, Mrs. Eddie Arnold, Mrs. Charles Williams, Mrs. Gene Williams, Mrs. Billy Carson and Mrs. Beecher Montgomery.

The Ozona Woman's Forum met Tuesday, September 18, at the Civic Center, with Mrs. James Childress and Mrs. Huey Ingram as co-hostesses.

The president, Mrs. J.D. Brown, presided over the business meeting. Roll call was answered and minutes of the previous meeting were read and approved.

Theme of the program was "Federation Heritage Day." After the reading of the Collect, the District President, Mrs. T.J. Baisy, gave a very inspirational talk about the Forum and examined the reasons why it is a great organization. Mrs. L.D. Kirby and Mrs. George Bunker gave some flashbacks of club yearbooks, scrapbooks, and pictures, since the organization and federation of the club in 1932. Many of these things were on display.

Others attending were

Mmes: Bill Carson, W.R. Clegg, Madye Jo Humphreys, Brock Jones, Jess Marley, J. McCartney, R.M. Owensby, Roy Pearson, C.O. Spencer, C.O. Walker, Bonnie Warth, W.H. Whitaker, Marshall Montgomery, and J.B. Miller.

Mrs. T.J. Bailey left Monday to attend the TFWC Fall Board Meeting in Dallas.

DAUGHTER TO BAKERS

Mr. and Mrs. Glenn Baker are the parents of a daughter born at 2:07 a.m., Sept. 20, at Shannon Hospital in San Angelo. The little girl weighed 8 lb. 2 oz. and has been named Leigh Ann.

Grandparents are Mr. and Mrs. Wilson Roberts of Ozona and Mr. and Mrs. Marion Baker of Bangs.

Symbol of YESTERDAY

What varied stories this ancient span could reveal if only it were capable — exciting tales of the Civil War... of enchanting lovers' trysts beneath its tall arched roof. And, gloomy stories, too, like the despondent old man who snuffed out his life by plunging from its edge into the swift waters of the creek below.

Yes, this weatherbeaten structure has survived the years. It has endured. And, God willing, it will stand for perhaps another generation — a unique symbol of yesterday.

The Church and this sturdy bridge have a great deal in common. The Church has withstood the test of time because nothing has yet been discovered to supplant the profound peace and serenity it supplies. The Church will endure for all time — after the picturesque old covered bridge is only a memory.

Girl Scout troop elects new officers

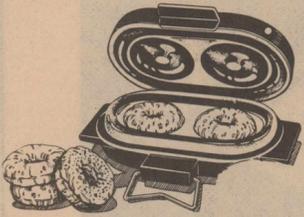

Girl Scout Troop 189 met Sunday, Sept. 23, at Thelma Janes home. Election of officers was held. Tammy Adams is the new president, Tilly Kramer, vice-president; Molly Womack, secretary.

Angelo this spring. A backpacking trip to the mountains was also considered. A summer trip to Jamaica, Hawaii or Bahamas was also discussed but no decision was made.

A business meeting followed. Discussion was held concerning the troop taking part in the Rodeo Parade in San

Improperly used power tools can be a source of danger, but carefully used they can save time and money.

AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 6 DE NOVIEMBRE DE 1979

PROPOSICION NO. 1 EN LA BOLETA (H.J.R. 108)

La Resolución Conjunta #108 de la Cámara de Representantes propone una enmienda en la constitución de Tejas referente al nombramiento y a los plazos de los notarios públicos.

La enmienda propuesta: —Requerirá que el Secretario de Estado nombre a un número conveniente de notarios públicos para el estado; y —autorizará para que los plazos oficiales para notarios públicos sean por no menos de dos años y por no más de cuatro años.

La provisión temporal de la enmienda constitucional propuesta declara que la enmienda entrará en vigor el 1° de enero de 1980; que cada persona que haya sido nombrada como notario público antes del 1° de enero de 1980 continuará ejerciendo como notario público hasta vencer el plazo por el que fue nombrado; y que esta provisión temporal se vencerá el 1° de enero de 1982.

La enmienda propuesta aparecerá en la boleta como sigue:

“La enmienda constitucional para el nombramiento de notarios públicos para el estado para un plazo de no menos de dos años ni de más de cuatro años, según lo provisto por la ley.”

PROPOSICION NO. 2 EN LA BOLETA (H.J.R. 133)

La Resolución Conjunta #133 de la Cámara de Representantes propone una enmienda en la constitución de Tejas para proveer una revisión del proceso reglamentario en las agencias del departamento ejecutivo. Esta enmienda propuesta permitirá a la Legislatura el decretar leyes:

—Para proveer una revisión legislativa del proceso reglamentario en las agencias del departamento ejecutivo;

—Para prescribir condiciones para que las leyes sean puestas en vigor;

—Para suspender, revocar o expirar las reglas;

—Para prescribir procedimientos; y —Para delegar autoridad a cualquiera o a ambas cámaras, o a los comités de cualquiera o de ambas cámaras.

La enmienda propuesta aparecerá en la boleta como sigue:

“La enmienda constitucional para proveer una revisión legislativa del

proceso reglamentario en las agencias del departamento ejecutivo.”

PROPOSICION NO. 3 EN LA BOLETA (S.J.R. 13)

La Resolución Conjunta Senatorial #13 propone una enmienda en la constitución de Tejas para autorizar a la Legislatura para que provea una garantía de préstamos, a las personas calificadas, para la compra de bienes raíces agrícolas y ganaderas. De esta manera, la enmienda propuesta podría permitir a la Legislatura el proveer, emitir y vender bonos de obligación general llamados “Farm and Ranch Loan Security Bonds” (Bonos de Seguridad Para Préstamos Agrícolas y Ganaderos) del Estado de Tejas, sin exceder la cantidad de \$10 millones de dólares. Todo dinero recibido de la venta de estos bonos sería depositado en un fondo diferente en la Tesorería Estatal y sería administrado por el comisionado de agricultura, sin más apropiaciones. Estos fondos garantizarían préstamos para la compra de bienes raíces agrícolas y ganaderas. El comisionado de agricultura usaría estos fondos bajo las provisiones prescritas por la Legislatura, con el propósito de garantizar préstamos para la compra de bienes raíces agrícolas y ganaderas; para adquirir hipotecas de bienes raíces o escrituras de bienes raíces compradas con préstamos garantizados. Estos fondos serían usados también para adelantar un porcentaje del principal y del interés debido en esos préstamos, a la persona que califique para el préstamo. La Legislatura también podría autorizar al comisionado de agricultura para que venda cualquier terreno adquirido mediante esta enmienda. El comisionado de agricultura requeriría al menos un 6 por ciento de interés en dichos préstamos. La enmienda propuesta apropiaría la cantidad suficiente para pagar el principal y el interés de los bonos que vayan adquiriendo más valor, o que se venzan durante el año fiscal, menos la cantidad del fondo de interés y amortización al final del año anterior.

La enmienda propuesta aparecerá en la boleta como sigue: “La enmienda constitucional para autorizar a la Legislatura, para que por medio de la venta de bonos de obligación general del Estado de Tejas, provea una garantía para que las personas calificadas puedan obtener préstamos para la compra de bienes raíces agrícolas y ganaderas.”

4-H Club leaders' workshop

“One of the strengths of 4-H Clubs is their ability to demonstrate practical learning, and shared leadership. The Texas 4-H Center invites 4-H Club adult leaders and youth officers to a special weekend workshop which will help explore and develop this strength.” County Extension Agent Billy Reagor says. Club leaders and officers from all parts of Texas will gather at the center near Brownwood on Saturday and Sunday, October 27 and 28 for workshop sessions. Topics to be covered include: “The Winning Recipe: Ingredients for Successful Leadership” by Parker County Extension

Agent Jean Anderson; “Getting Our Act Together” by Texas 4-H Council officers and Dan James, area 4-H and youth specialist; “A Smorgasbord of 4-H Club Ideas” by 4-H adult leaders, youth officers, and extension staff, and other helpful subjects. Those interested in this October weekend 4-H training may contact the Crockett County Extension office located top floor of Courthouse Annex or call 2-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Early handling makes horse training easier

Early handling of horses makes the training easier later on, but too much handling turns out a bored horse.

The degree to which young horses should be handled for better training is a serious research question for Dr. James C. Heird, director of Texas Tech University's horse program. He has finished a major study comparing three groups of yearling fillies, each group experiencing a different degree of handling.

Animal scientists, he explained, have performed research on horse nutrition, physiology and genetics, but learning research is an entirely new kind of study for horses. Yet a horse's value depends on training.

“The horse is unique among farm animals,” Heird said. “The value is increased only with training.” In his research Heird used a maze to test the horses. He found that horses which had been handled intermittently since birth performed maze tasks best.

Horses that had been extensively handled came in second in performance. The group allowed to run in the pasture without handling had the most difficulty learning a maze.

Heird interpreted the results to indicate that a moderate amount of handling works best, because horses in this group could maintain interest long enough to conquer the maze task.

Yearlings in the group handled extensively needed harder tasks to hold their interest.

Heird is continuing his animal learning project, using five groups of quarter horse

weanling, each group to begin handling experience at a different age.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1979

PROPOSICION NO. 1 ON THE BALLOT (H.J.R. 108)

House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would: —Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and —Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows: “The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law.”

PROPOSICION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

—To provide for legislative review of the process of rulemaking by agencies in the executive department;

—To prescribe conditions for rules to take effect;

—To provide for suspension, repeal, or expiration of rules;

—To prescribe procedures; and —To delegate powers to either or both houses or to committees of either or both houses.

the process of rulemaking by agencies in the executive department.”

PROPOSICION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called “Farm and Ranch Loan Security Bonds” of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment appropriates an amount that is sufficient to pay the principal and interest on the bonds that mature or become due during the fiscal year less the amount in the interest and sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows: “The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas.”

Cancer Society organizes

The Crockett County Unit of the American United Cancer Society held its first meeting September 17 at the Ozona United Methodist Church. Presiding was Becky Childress who introduced board members for the 1979-80 year.

Reverend Paul Terry from Sonora presented the Certificate of Standards for the coming year to Mrs. Childress.

Goals were discussed and set by committee chairmen. The Society voted to sponsor a new organization called Youth Against Cancer. Any young persons interested in this group can contact Chris Carlisle, Chairman, or Mary Barrow, YAC Adult Advisor, for more information.

Board members for the coming year are Becky Childress, Kay Braden, Bud Meinecke, Larry Bailey, Karen Childress, Jane Black, Memorials; Jonesy Williams, Service and Rehabilitation; Mary Nations, Public Education; Sharman West, Crusade; Judy Justiss, Public Information.

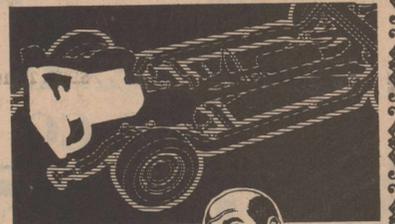

The Cancer Society collected \$4,450 last year which was 132% of its goal.

The next meeting will be November 15 at the Methodist Church at 7 p.m. All interested persons are invited to attend.

Crockett County Care Center News

by Joan Nicholas — Director of Activities & Social Care

We wish to thank the following volunteers who have served during the month of September: Charlie and Dean Beard, Smitty and Jimmie Smith, Idell Coker, Bill Dane, and Oscar James, all of Big Lake; Res. Frances Borrego, Rev. Larry Bailey, Mattie Cooper, Leota Cox, Grace Dorsey, Rev. C. Fuantoz, Lou Anne Haire, Pete Jacoby, Sophie Kyle, Doris Karr, Georgia Kirby, Rev. N. Lanham, Velma Marley, Bill Morrison, Ann Mayfield, Mary Najar, Liz Mary Pipes, Alice Ross, Blanche Walker, Alma Wilson, Joe, Santiago and Santiago Jr. Ybarra. Junior Auxiliary member Deniese Hedrick.

Winner of the Bingo gift certificate donated by Watson's Department Store was Ruby Cooksey after a play-

off with Ramona Lugo, Frances Borrego and Grace Cotter, all of whom received second prizes.

In dominoes, Monday, two first place winners were Nila Turnell and Leona Harris, and runners up were Paul Cavin and Verna Talley at two tables of play.

Mary Wilton, N.A., has been sorely missed at the Care Center by residents and co-workers alike. She has been in hospitals since the middle of August but came home for a while last week. Mary! Hurry up and get well, OK?

We thank Hilda Dysart for the large print Readers Digests; also, someone brought by a pile of Western stories and magazines and another kind person brought

additional Readers Digests— whoever you are, we thank you.

We are happy that Mary Pender is back with us from the hospital and looking so much better, but we were sad upon hearing of Opal Eversole's death. She has been a resident here for many years and in spite of her limitations joined in all of our activities and had a pretty smile ready for everyone with whom she came into contact. Some may remember her son, Ralph Eversole, who was an Ozona citizen when he died early in the sixties. Our sympathy and thoughts are with the family at this time. Opal was from Iraan.

In reading and discussion group we are still enjoying Vic Pierce's story about Crockett County, and I guarantee, no one dozes off during these sessions! Personally, I cannot get over the fact that Ozona was such an exciting place some seventy years ago! We also read about the "walking catfish" taken from the daily paper which stirred up a few interesting comments; a news sheet furnished by Evelyn Bryant supplied us with some cute jokes. We also read from "Grit."

We welcome another new resident, Louise McWilliams who comes to us from Big Lake, arriving over the weekend.

In crafts last week we decorated apples by inserting cloves, topped off with a bow and a flower. They make sweet scented additions to everyone's rooms.

The Chester Wilsons have donated to the arts and crafts fund in memory of Mrs. R.E. Hardberger, Mr. Bailey Post, Mary Lou Simpson, Opal Eversole and Mr. Raymond W. Tاملن (brother of Mrs. Eugene Hood).

Monday afternoon, the Rev. Larry Bailey showed slides and discussed modern Japan with residents. He then showed the story of Amos the prophet. Everyone enjoyed this program.

Cubs open season with win in Iraan

The Ozona Junior High 8th Graders opened their 1979 football season with a 36-7 victory over the Iraan Jr. High for the 4th straight year and extended their victory string to 12 straight games.

The Cubs victory was keyed by an 80 yd. punt return by Robert Flores. Other touchdowns came on Rowdy Holmsley's 19 yd. run, Bo Aycock's 4 yd. scamper on a quarterback bootleg, Diego Leal's 30 yd. run and Johnny Rodriguez's 9 yd. run. After touchdown conversion points were scored when Holmsley ran 3 yd, Lupe Castro ran 3 yds. and a 3 yd. Kent Hokit to David Vargas pass.

Defensively, the Cubs got off to a shaky start but after the Iraan team scored their lone touchdown early in the ballgame the Cubs settled down and controlled the remainder of the contest. Leading tacklers were Flores, Holmsley, Rodriguez, and Curt McPherson.

The Cub team suffered a severe setback when starting tailback and strong safety Marcelo Hernandez suffered an elbow injury on his third carry of the game.

The Cubs next game is Thursday, Sept. 20, at Lion Stadium at 5:30 p.m. for 7th grade and 8th grade to follow. Big Lake is the competition.

PeeWee Football will begin this Saturday, Sept. 29, and will be from 10 to 11 a.m. at the highschool practice field.

JV wins over Iraan Braves

The Ozona J.V. won over the Iraan Brave's J.V. last Thursday, 14-6. The Braves scored first after a Lion fumble but were stopped on the extra point. The Lions came back with a touchdown pass from Dale Perry to Ernest Badillo. The extra point was good and the Lions kept their lead. Another pass from Perry, this time to tight end Ken Stokes got the second score with a good P.A.T. That was all the scoring as the second half yielded no touchdowns from either team. However, the Lions had two scores called back because of penalties.

The defense did exceptionally well holding the Braves to only six points. Defensive leaders were Rudy Enriquez, Ruben Perez, David Zimmerman, Mike Couch, and Thomas Gries. Secondary standouts besides Rudy Enriquez included David Badillo, Larry Payne, and Will Mason.

The Lions had 234 total yards on offense behind the blocking of Ismael Castro, Ramon Cedillo, Stanley Najar, Dan Bean, Thomas Gries and Mike Couch.

The J.V. plays in Big Lake this Thursday at 6:45 p.m.

Lions hold Halloween candy sale

Ozona's Southside Lions Club is holding a Halloween candy sale this year. An annual event some years ago, this year marks the first in several years the Southsiders have elected to have the project.

The candy is individually wrapped and packaged in sixteen ounce bags and sells for \$1.50 per bag. This particular product is made and packaged especially for resale by Lions Clubs. Proceeds from the sale will be used for the club's various community service projects.

The Halloween candy may be purchased from any Southside Lions Club member. For delivery, call Alonzo Lopez, project chairman, or Joe Galvan, club president.

Sports Fans

I BET YOU DIDN'T KNOW

By Jerry Lay
It seems hard to believe, but the National Football League championship game one year was played on a field that was only 80 yards long instead of 100--and despite such a short field, there was hardly any

scoring!..The title game of 1932 was scheduled for Chicago, but a blizzard came, and officials moved the game inside to an arena where the longest they could make the field was 80 yards..The Bears won 9-0, with oddity enough, only one touchdown and one safety scored on that short field.

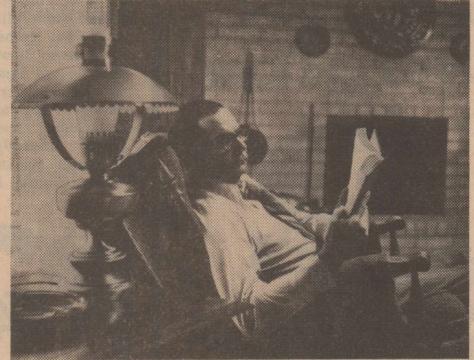

Here's one of the most fantastic records ever made by any football team..It was made by the Army team of 1945 that featured those two greats, Doc Blanchard and Glenn Davis..Army set an all-time record that year by AVERAGING 7.9 yards per play!..Imagine a team averaging almost 8 yards every time they put the ball in play all season..That's a record that may stand for a long, long time.

When was the first time a football game was ever on television?..First football telecast in history was on Sept. 30, 1939.. The game was between Fordham and Wayneburg and it was televised in New York City.

I bet you didn't know.. L-B Motor Co. will be glad to help you with your selection of a new car or pickup of your choice when you are ready to trade. Come by and browse. We aim to please our customers. See our large selection of new and used cars.

L-B Motors

Spend a quiet evening at home without electricity...and see just how quiet it really is.

Forget about watching TV or listening to the stereo. How about reading a good book — that's a great idea if you do it before dark or if you plan on using Abe Lincoln's lighting, the fireplace. Nobody has to tell you how important electricity is in your life. It surrounds you daily, lighting the way, entertaining you and making life more comfortable. And that's the way it should be, but we at West Texas Utilities hope you'll use electricity wisely and efficiently. Make sure your home is properly insulated and weatherized, turn off unnecessary lights and appliances, and above all, watch that thermostat setting. These things not only conserve valuable energy, they can help to lower your monthly bills. And that's important now and in the future.

Early day election tactics told-

Pierce shares memories of early west

By Victor I. Pierce

PART V

There was a ranger by the name of Jim Moore, a big jolly fellow that worked for the Cattle Raisers Association. His district was Texas and Oklahoma and Kansas where Texas people had cattle. He was satisfied with his job but he was the only man that people thought could beat Uncle Dave Parker for sheriff of Crockett County. When asked to run for sheriff of Crockett County he said, "I'll run but for one reason; I am going to get married soon and need to stay in one place with my wife."

People knew how everyone stood on this election. The Jim Moore people got the list of voters and tallied them and found out Uncle Dave would win. If Jim Moore's people were going to win they had to pull a cat out of the bag somehow--there being only 143 votes in Crockett County at that time. Women could not vote. It would not take many votes to change to elect Jim Moore.

Judge Davidson, a relative by marriage to Uncle Dave, was liked by nearly every voter, but any man in public office makes some enemies as he goes along. Judge Davidson was no exception, he did things that he thought were good for the schools and the county and made a few enemies.

The enemies of Judge Davidson brought out Mr. Barton who was a bookkeeper for L.B. Cox Company store. He was on ticket with Jim Moore voters.

The Moore voters told the people who were against Davidson that they would vote for Barton if they would vote for Moore. In this way the Moore people took enough Davidson voters to win the election. The morn-

ing after the election my father and I were leaving by auto to go to Kansas where we had steers getting fat on grass. There were no feed pens then to fatten cattle, they just got fat on grass, then shipped to packers in either Fort Worth, Kansas City, or Chicago.

Jim Moore knew we were going to go to Kansas and he asked for a ride with us as he also had to go to Kansas. The next morning after the election my father told me to take the car and go get Jim Moore and come back to our house to pick him up then we would head for Kansas to see how many fat steers were ready to ship.

I could not find Jim Moore any place and somebody finally told me he was at the courthouse. When I entered the courthouse there was a big bunch of Moore voters all with their guns. Before I could ask any questions, L.B. Cox came in. He had taken no part in this election. He told the Moore voters, "I can not talk them out of it, they say they are coming over here to the courthouse and kill you all." He said that he had made three trips and tried to talk them out of it but could not do so.

There was one man on the Moore side that the other side was very much afraid of. This man said to L.B. Cox, "You go back over there and tell those people they will not have to come all the way to the courthouse, I am going to get in my car and go down to the draw and wait for them so they can kill me first."

L.B. Cox went to them and told them what this man was going to do and they knew he would do just that so they called the whole thing off and sent L.B. Cox back to tell the Moore voters that they had decided to abide by the elections and to forget about it and be friends again with

everybody.

It was a big blow to Uncle Dave--he sold his ranch and they moved to New Mexico. With this trade out of voters, Mr. Barton beat Judge Davidson and was County Judge for one term.

The next election Judge Davidson did not run but the people wrote his name on the ticket and put him back in office again, and he was County Judge the remainder of his life.

Someone should have written a book about Judge Davidson on the many things he did for the people of Crockett County. The best part would be the way he got things done. He and I made a trip together once and he kept me laughing by telling me about the funny ways he had gotten things done.

There has been lots of other elections here and they were all important for each election has changed the past and started a new era.

Today Crockett County is without a single man that is a leader, the old men that were leaders are all dead and their sons are soft and don't want to get involved; therefore, any group can take over Crockett County without much effort. What a shame for there is no place better than Ozona and Crockett County.

There is one group of men that should be written up, they did so much to settle this county and West Texas. It was the Mexican sheep herder, he had no equal.

Can you imagine a man staying with a flock of sheep 365 days, cold and hot, wet and dry, sometimes short of food, never complaining, never leaving his sheep alone day or night?

I have never known a Mexican sheep herder, no matter what happened, to leave his sheep to shift for

themselves. The old Mexican sheep herders should have had a "Hall of Fame." They usually stayed for 16 months at the least getting \$18 to \$20 per month as wages.

The sheep were gentle but always hungry. He left camp each morning with his flock of sheep no matter if he was sick or well.

A herder went in front of his flock. He had them trained to follow him, he took them to where he wanted them to graze, and walked around his flock. He carried his lunch and canteen of water with him. Sometimes he carried a raincoat or a piece of canvas to wear in case it rained but most of the time in summer, he got under a bush and just took the rain.

He took his flock to water in the summer every other day, but in the winter, if the grass had lots of dew on it, he might not take his flock to water for 10 days or more.

The sheep rustler looked after 4 or 5 flocks of sheep taking groceries and water to each herder camp. He counted the flock often to see if they were all there. If not, it was his job to find the lost ones and bring them back to the flock.

He also moved the herder camp to fresh range about each month or six weeks.

I moved a herders camp one time and told him where I was going to move it, but he could not find it that night. He stayed with the flock all night without anything to eat. The next morning about 11:00 he brought his flock to the ranch. He was the maddest man I ever saw.

I took him in the house and gave him something to eat and that evening showed him his new camp. I never made that mistake again.

I have heard a lot of people that claimed to have built the first new wire fence and turned sheep loose in a pasture. The first person that I know that did this was J.R. Brooks, who had the ranch that Mary Friend now owns adjoining Ozona.

It was such a success every ranchman that had sheep began as fast as possible to fence their ranches with new wire and turn their sheep loose in a pasture. This was about 1912. It took several years before the whole

county was fenced. People that just had cattle were in no hurry to fence their land with wire.

The sheep, when turned loose in pastures, began to make so much money that most of the cattlemen of Crockett County fenced their land and bought sheep.

Before the trucks could haul livestock, we drove the sheep and cattle to the railroad when we sold them. This was a big job and you had to have men that knew their business handling livestock.

We shipped from San Angelo, Brady, or Comstock. It took 7 or 8 days to get to the railroad and there were lots of white boys who wanted to go to San Angelo to have a big fling and we always had just white boys with the cattle and Mexicans with the sheep.

In the spring there were so many herds of cattle coming into San Angelo to be shipped to Oklahoma and Kansas to fatten on grass, the railroad would never have enough stock cars to load them, and some herds of cattle would have to wait as long as ten days. This suited the cowboys just fine, they would graze them close to San Angelo, and some of the cowboys would go into town each night where there was plenty of saloons, dance halls, and a big red light district.

Herding the cattle each night on the road to the railroad was the worst thing about taking a herd to railroad, you might lose them all in one night and take a week to get them back together.

A group of ranchers went in together and bought or leased enough land to build traps or small pastures all the way to the railroad. This way you could turn your herd loose at night and get them quickly the next morning and go to another small pasture that night.

There still is in existence the O.B. Trap Company of Ozona and Crockett County which was built for this purpose. I was president and manager of this O.B. Trap Co. for 25 years. Some land we leased, other land we bought out right, that land we still own today.

At first we crossed the longhorn cows and durham bulls, and it made a good and heavier animal but lost a lot

of good "doing" ability. Then came the Hereford breed that crossed and this Durham cow made more meat and a thrifty animal. The first Hereford bull that was brought to Crockett County was brought by Phil Perner who owned a ranch near Ozona.

I went to a church baptizing on his ranch, and was surprised to see so many people there until I found out Mr. Perner had just brought this new Hereford bull to his ranch and had him out tied to a tree at this baptizing for people to see.
