Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly The Best Place On Earth To Call Home

VOLUME 67 OZONA, CROCKETT COUNTY, TEXAS 76943 25c Per Copy WEDNESDAY, FEBRUARY 6, 1980 NUMBER 49

Kitty's Korner

by
Kitty Montgomery

It has come to our attention that not everybody stops when the lights at the intersection are holding traffic all four ways for an emergency vehicle, and this presents an ideal situation for a fatal crash right in downtown Ozona. To be on the safe side, motorists should pull over to the nearest curb when an emergency vehicle is in the area. If this is not a state law, it should be.

Everybody in Ozona knows when the lights are on red and the buzzer is sounding, there is a fire truck, an ambulance or another emergency vehicle on its way to entering the intersection. Yet, we've seen mothers with children, pickups, trucks and kids in cars drive right through the intersection when this situation exists. This not only endangers the violator, it endangers emergency personnel, especially firemen on their way to the fire station in their personal vehicles.

There is always speed in any emergency, and even though a motorist looks both ways and sees no speeding vehicle, he could encounter one before he gets across the intersection.

Let's give this a little thought the next time we are in such a hurry to cross during an emergency stop. Better late than never.

The nation became aware of cults with the Jonestown tragedy last year. Much has been written and many televised programs have been aired on the various beliefs, which are aimed at young people for the most part. Almost all the so-called religious sects use brainwashing techniques in programming their converts.

Ozona became aware of at least one of the cults last summer when a former Ozona boy was brought here for de-programming, but escaped before this was accomplished.

Several Ozonans who were involved in this attempt, have made arrangements for a former cult member to come to Ozona and speak to the youth and to parents as well. Sheila Toney of Odesa will speak to high school students at 10:00 a.m. Wednesday, February 20, and to parents that night at 8:00 o'clock at First Baptist Church. She is a former member of Way, International. She was programmed by cult members and later kidnapped by her family and de-programmed. She will be telling students how to avoid the pitfalls of the cults and parents how to recognize signs that their children are being brainwashed into a cult.

It should be of interest to all parents and ministers, and promises to be an intriguing program.

Army fund drive is under way

The annual Salvation Army Fund Drive is in progress in Ozona this week, according to County Chairman David Weant.

Assisting with the collection in the business district will be Weant, Thomas Lee, Lupe Cervantez, Billy Reagor and Don Smith.

Proceeds of the annual drive will go two-thirds to the state and one-third will stay in the county to be used for local needs.

NEW PRIMARY SCHOOL nears completion. Scheduled to be completed this summer, the all new school building is constructed on the site where the remodeled building burned two years ago. The children have been attending classes in portable classrooms. Students and teachers are looking forward to school in the new building this fall.

Ms. Torres dies at her home

Elena G. Torres, 64, died at 3:30 p.m. Monday at her home on Walnut St. She was visiting with friends when she fainted. When they were unable to revive her, the ambulance was called. Emergency Medical Technicians found no heart beat and could not revive her. A local physician pronounced her dead at the scene, apparently of a massive heart attack.

Services will be at 3 p.m. Thursday at Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery under the direction of Sheppard Funeral Home. She was born July 3, 1915, in Fredricksburg. She married Benito Torres Dec. 31, 1944 in Monterrey, Mexico.

Survivors include her husband of Ozona; three daughters, Alicia Fierro of San Angelo; Guadalupe Guterrez and Suzie Moran, both of Ozona; three sons Luis Torres of Ozona, Benito Torres and Vidal Torres, both of Mexico; one sister, Isabel Guterrez of McAllen, and two brothers, Samuel Guterrez of Michigan and Prudencio Guterrez of Mexico.

Jr. High girls undefeated

Ozona's Seventh Grade Girls Basketball Team boasts an undefeated record for the season with a 12-0 record. Their most recent victory was the championship trophy at the Big Lake Tournament.

Pitted against Iraan in the first game, the Ozona girls won 20-17. Scoring for Ozona were Tracy Cole, Christy Parks and Teresa Lee with 6 points each. Marla Wilson added 2.

Going for the win, the girls beat Sonora, 16-7 in the second game. Tracy Cole was high point for Ozona with 8 points. Teresa Lee had 4 points and Tammy Cooke and Christy Parks had 2 points each.

The Ozona girls beat Big Lake in the championship game Saturday 21-18. Scoring for Ozona were Tracy Cole, 8; Marla Wilson, 7; Christy Parks, 4, and Teresa Lee, 2.

Chili Cookoff here Fri.-Sat.

Ozonans are gearing up for the second annual St. Valentine's Day Massacre Chili Cookoff which will be held at the Circle Bar Truck Corral Friday and Saturday, Feb. 9-10.

The event will be held on the parking lot of what is becoming known as "The World's Finest Truck Stop." A space for camper parking has been cleared and directions will be available for all entrants. The space directly in front of the facility proved too small last year and more entrants are expected for this year's event, so a larger space has been provided.

Registration for the cook-off and the 10,000 meter foot race will open Friday at noon. Fees are \$15 to cook and \$10 to run. There will be

music and fellowship Friday night for early arrivals, including music in the chili camps at the campfires. Registration will open at 8 a.m. Saturday for the cook-off and race.

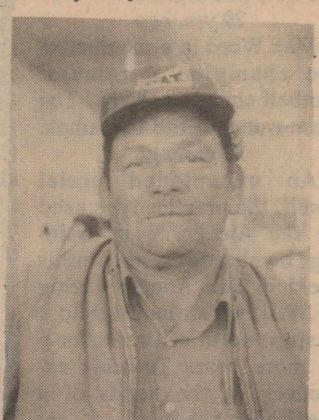

Promptly at 10:00 a.m. entrants will begin cooking chili and the foot race will begin. The 10,000 meter footrace will have four divisions for both men and women. Trophies will be given in each division and one T shirt will be given to each person who enters.

A mud walling contest is scheduled for noon Saturday, with a trophy for the winner. Defending champion Clay Cross will take on all contestants.

The wet t-shirt contest is

Castro announces for precinct job

Felipe F. Castro, 52, has authorized The Ozona Stockman to announce his candidacy for Crockett County Commissioner in Precinct 1, subject to the Democratic Primary May 3.

Castro, lifetime resident of Ozona, is a veteran of World War II and a high school graduate. He was an employee of Ozona Boot & Saddlery for 20 years, where he headed the shoe repair and saddle making department. For the past three years, he has been an employee of The Circle Bar Truck Corral. In making his announcement, Castro said he believes he can be a real force

in his precinct and that if elected, he will assure his constituents he will be available to them 24 hours a day and help them in any way he can. If elected, Castro plans to participate fully in county government and not just attend monthly meetings.

Castro was associated with Ozona Little League for many years, both as a team manager and coach. He is a member of Our Lady of Perpetual Help Catholic Church and a sustaining member of the Boy Scouts of America.

He is a former member of the Southside Lions Club, being a past president and charter member. He is also a former member of the G.I. Forum, where he also held a charter membership.

He has always lived in Precinct 1. He and his wife, Socorro, reside at 110 Ramos St. where they reared their children and sent them to Ozona public schools. The Castros have five sons, Gene, Johnny, Felipe Jr., Ismael and a stepson, Albert R. Ramos; three daughters, Belia Castro Garza, Santa Castro, and Mary Castro Vargas, and eight grandchildren. All reside in Ozona.

Only one local race in primary

The deadline for filing for political office passed Monday with only one race to be contested locally. Four men filed for the post of Crockett County Commissioner, Precinct 1. In other local offices, only one name will appear on the Democratic Primary ballot.

Seeking the post of Commissioner, Precinct 1, are the incumbent, Stostenes DeHoyos; Felipe Castro, Frank (Pancho) McMullan, and Joe Everett.

Jack Williams, Commissioner of Precinct 3, filed for re-election and drew no opposition.

Sheriff Billy Mills will run for his seventh term as Crockett County Sheriff without opposition. Tom Stokes has no opponent in his bid for his first elected term as Crockett County Tax Assessor-Collector, and David Weant is also running for his first elected term as Crockett County Clerk and District Clerk, without an opponent. Also unopposed is incumbent Constable Precinct 1, Gene Williams.

For the post of District Attorney, being vacated by Dixon Mahon after several terms, there are three candidates. Bill Mason, presently assistant DA, filed early for the post. He is being opposed by Franklin Urias, a Fort Stockton attorney, and by Jack Schultz, presently county attorney for Reagan County.

Complete information on other district and state offices was not available Monday. However, Susan Gurley McBee, State Representative for the 70th District had filed for re-election and had drawn no opponent on the Democratic ticket. Tom Loeffler, U.S. Congressman for this district, will be unopposed in the Republican Primary, but Joe Sullivan of San Antonio, has filed in the Democratic Primary.

On the local scene, the next election for Crockett County voters will be for three places on the school board of trustees. The election will be held April 5, at the courthouse. Board members whose terms expire are Sonny Henderson, Gene Perry and R.J. Everett.

Those seeking places on the ballot have until March 5, to file their intention with County Judge Johnny Jones. Last week Judge Jones said R.J. Everett had filed for

re-election and Dick Webster had filed for a place on the board. However, with almost a month until the filing deadline, there will almost surely be other candidates.

Deadline today for Beferendum

As of noon Monday a total of 45 cattle producers had registered at the ASCS office to vote in the upcoming Beferendum. Producers have until 5 o'clock today, Wednesday, to register and be eligible to vote in the election, which will be held Feb. 19-22.

George Bunger, Jr., who is heading up the referendum here, has mailed information on the program to some 300 producers in Crockett County. He stressed that to be able to vote either "for" or "against," a producer must register before the 5 o'clock deadline today.

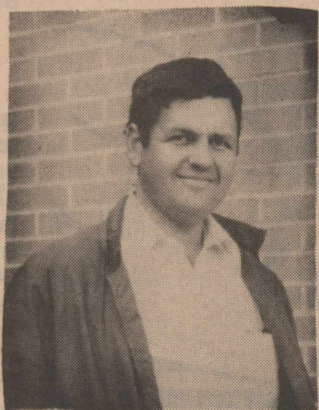

Some Texas organizations have come out against the Beferendum, but co-chairman J.D. Sartwell, a Sealy rancher declares "some cat-

tlemen are being misled about the beferendum." Supporters of the program refute claims it is a government program. "We are disappointed that some Texas organizations are opposing a self-help program designed to help cattlemen. It appears that they either don't understand the program or they are misleading cattlemen for ulterior motives," said Sartwell.

The Independent Cattle-men's Assn. of Texas voted overwhelmingly to oppose the Beferendum at its annual convention this past summer. Roy Wheeler, ICA president, said that cattle producers who vote in favor of the Beferendum are inviting the government into their private business.

Stokes announces for tax assessor

Tom Stokes has authorized The Ozona Stockman to announce his candidacy for Crockett County Tax Assessor-Collector, subject to the Democratic Primary May 3.

Stokes is a native of Ozona, graduated from Ozona High School and Texas Tech University. He was employed by an accounting

firm in San Angelo, before moving back to Ozona four and a half years ago to take over as chief deputy in the tax office. He was appointed Crockett County Tax Assessor-Collector last year by the Commissioners Court after an election separated the tax office from the sheriff's office.

Stokes feels his eight years of experience auditing county, school and city tax offices all over West Texas has fully qualified him for the office he holds. Also, Crockett County's tax collections have run well over 100% under his administration the past four years.

Stokes is married to the former Jo Nel Epperson of Rocksprings. The family resides at 612 Ave. I. They have three sons, Ken, John Tom and Andy.

GIRL SCOUT TROOP visits The Stockman office. Willa Perry, right, explains the technique of newspaper make-up to Tammy St. Clair, Deena Phillips, Dinky St. Clair and Evelyn St. Clair. Troop leaders, Mrs. Dean Phillips and Mrs. Don St. Clair also visited.

you and the LAW
PRESENTED BY THE STATE BAR OF TEXAS

Q: I retained a lawyer to represent me in a personal injury case resulting from an automobile accident. We reached a settlement with the insurance company representing the other person involved in the accident. How will I know when my lawyer receives the check from the insurance company?

A: The Attorney's Code of Ethics which is called the Code of Professional Responsibility, requires lawyers to protect their client's funds by placing them in a bank trust account separate from the law firm's general operating account. When the insurance company sends your lawyer the check in payment of your claim, your lawyer must place that check in this separate bank account and promptly notify you that the check has arrived. Your lawyer also must provide you the proceeds remaining from the check following deduction for his fee if that is the arrangement for the payment of his fee or must send you a check for the full amount if some other fee arrangement has been reached.

Q: My niece and her husband have been married for several years. He is buying several pieces of land but he has the property in someone else's name, even though he makes the payments. What would she and the children be entitled to if he died?

A: In order for someone to claim ownership of property which has someone else's name listed on the title, a suit may be filed in district court of the county where the land lies. The purpose of the suit would be to present evidence to establish that the person named on the title merely holds the property in trust or otherwise holds it for someone else who has paid the property and therefore owns it.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12457, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

Political Column

NOTE for

FOR THE CANDIDATE OF YOUR CHOICE

Rate for listing in The Ozona Stockman Political Column is \$35 for all offices except those for School Board posts, which are \$25. This fee includes a front-page announcement article and a one-column photograph to run with the announcement, in addition to the listing in the Political Column from the date the announcement is made until the election.

Charges for announcements must be paid in advance, and the same policy applies to all political advertising carried in the columns of this newspaper.

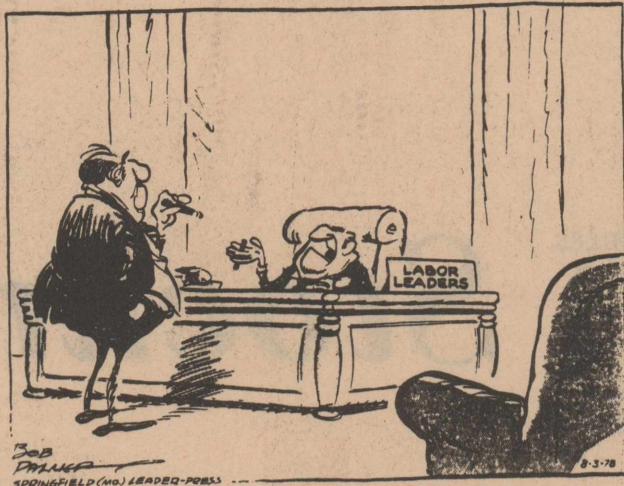

Names of candidates for each office will be listed in the Political Column in the order that they are received at the newspaper office.

The Ozona Stockman has been authorized to announce the following candidates for public office:

Subject to the May 3, Democratic Primary:

FOR CROCKETT COUNTY SHERIFF:
BILLY MILLS
FOR DISTRICT ATTORNEY, 112TH DIST.:
BILL MASON
FOR STATE REPRESENTATIVE, DISTRICT 70:
SUSAN GURLEY McBEE
FOR CROCKETT COUNTY ATTORNEY:
TOM CAMERON
FOR COUNTY AND DISTRICT CLERK:
DAVID WEANT
FOR CROCKETT COUNTY TAX ASSESSOR-COLLECTOR
TOM STOKES
FOR COMMISSIONER PRECINCT I
FELIPE CASTRO

(Paid Political Advertisement, Paid for by the Candidates Listed)

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Governor Clements' remark last week that the U.S. hostages in Iran were "expendable" alongside national interests brought an angry rebuke from one captive's father, but it was not the gaffe some made it out to be.

Clements told reporters at his weekly news conference that the hostage issue had become secondary to the nation's interests. "If indeed our hostages are put into jeopardy, they have to become expendable—which is an ugly word—in regard to the national interest."

The ugly word "expendable" triggered a semantic reaction among a few Democratic party leaders, but most reporters let it slide. Clements was not altogether tarred and feathered, although the angry father of a captured Navy commander told reporters he wanted to talk to the Governor about the remark.

As one reporter remarked later, Clements was only verbalizing what a lot of people feel—that national defense comes first. "It was unfortunate that he did not choose a better word, but maybe "expendable" was correct in his point of view."

The Governor, she pointed out, was not as trigger-tipped as many make him out to be.

Clements, a former deputy defense secretary under Presidents Nixon and Ford, caught more flak for his recommendations of a Naval blockade of the Persian Gulf to cut off oil shipments of Iranian oil, and a blockade around Cuba to prevent arms shipments from the Soviets.

Unions: Two Gains
Attorney General Mark White ruled last week that state employees may have union dues deducted from paychecks, and there is no legal prohibition against allowing employees to be represented by unions in grievance procedures.

Labor leaders were pleased, calling the opinion a breakthrough for organized labor in the state.

The opinion was sought by State Comptroller Bob Bullock and written by three of seven members of the AG's opinions committee. After the committee split votes on the issue, White ruled in favor of the opinion.

Gov. Clements was not pleased with the opinion. He said he plans to seek legislation next session prohibiting payroll deduction of union dues.

Odds and Ends
The Coordinating Board, Texas College and University System, recommended that the 1981 Legislature increase tuition rates and use part of the new revenues for increased faculty salaries. No dollar figure was recommended.

A Democrat who lost a bid last year for a seat on the Texas Railroad Commission, announced he is going to try again in 1981 but as a Republican. John Thomas Henderson of Austin is challenging incumbent John Poerner. Also in that race is State Rep. Buddy Temple, D-Diboll.

The Governor's promised special session in either August or September drew another blast last week, this one from State Sen. Roy Blake, D-Nacogdoches. Blake said Clements' proposed issues are not of emergency nature and, as such, the Governor's call will waste tax dollars.

Drafting Women
Other Texans commented last week on the issue of registration of women for draft, and support for the plan came from all areas of the political spectrum. Liberal Congressmen Mickey Leland and Martin Frost, moderate J. J. "Jake" Pickle, and conservatives Ray Roberts, Charles Stenholm and Joe Wyatt spoke for registration, although not necessarily drafting of women for combat.

Republican Senator John Tower is opposed to registration for women.

Spending Champion
A state auditor's report on legislator spending in fiscal 1978 listed Sen. Walter Mengden, a conservative Houston Republican, at the top. Mengden spent \$100,895 on himself and his office. Senators behind him were Frank Lombardino, D-San Antonio, \$95,860; Ron Clower, D-Garland, \$85,698; and Chet Brooks, D-Houston, \$81,098.

Leading in the House of Representatives were Roy English, D-Arlington, \$57,970; Al Price, D-Beaumont, \$55,458; Ron Wilson, D-Houston, \$54,617; and Paul Ragsdale, D-Houston, \$54,329.

Senate Facelift
Redistricting next session may give the Texas Senate a more urban look in the '80s, according to figures released by Lt. Gov. Bill Hobby.

Population has increased heavily in Texas' "Big Three" urban centers: Houston, Dallas-Fort Worth and San Antonio. As many as 10 Senators could come from those four cities in 1983.

Braecklein to Quit
Dallas State Sen. Bill Braecklein, who recently converted to the Republican Party, announced last week he will not seek re-election in 1981. He cited heavy business commitments as his reason for leaving. Braecklein narrowly won as a Democrat in 1976, and changed parties last fall saying he could not support the Democratic presidential candidates.

CAPITOL UPDATE
John Tower
U.S. SENATOR FOR TEXAS
142 RUSSELL OFFICE BUILDING
WASHINGTON, D.C. 20510

The Administration's \$616 billion budget for fiscal year 1981 is a nightmare of deception, unrealistically optimistic projections, inadequacies concerning our defense budget and irresponsibly high domestic spending. One hardly knows where to start in to solve the problems it would create if enacted.

But let's look for a moment at what the budget means to you the taxpayer. The President is projecting a \$16 billion deficit, based on his assumption revenues will be up by more than \$75 billion. Where does the extra money come from? Some \$19 billion will come from a Social Security tax increase.

But that's only the obvious tax increase. Everyone who has received a cost-of-living pay raise will pay more both in terms of numbers of dollars and percentage of his salary because he'll be pushed into a higher tax bracket.

Then, of course, the wind-fall profits tax will further bloat the federal treasury, and ultimately will be paid by the consumer.

The Administration is predicting a recession for this year, and there is serious question whether the revenue projections can be reached, even with the near-draconian tax burden working Americans will have to bear. And that tax burden will work against recovery from the recession.

If we are to solve the economic problems of the 1980's, we need new tax policies which place greater reliance on the private sector by expanding its productive capacity and efficiency. And the starting point is to give the American taxpayer greater control over his hard-earned income through substantial tax reductions for individuals and business.

A cut in tax rates will generate more jobs, greater economic activity and an expanded tax base which, over time, will yield the same or higher revenues, even with lower tax rates.

Just as important is re-justifying, or "indexing," tax brackets so that cost-of-living wage increases are just that, and not an excuse for the federal government to grab a higher percentage of income.

We must also encourage personal savings and investment through tax exemp-

By Lottie Lee Baker

A welcome guest is one who knows when to leave and let live.

We know some parents who get a lot of child guidance from their children.

It isn't the cost of living that bothers so many folks, it's the cost of enjoying living.

Faith is a principle by which we live, not a problem to be solved.

Behind every successful man are a woman and the Internal Revenue.

People who cough never go to a Doctor; they go to movies and concerts.

Everybody likes a good loser, especially if they haven't bet on him.

A bachelor is a fellow who can take a nap on top of the bedspread.

Be bold in what you stand for, but be careful what you fall for.

True education is a gradual process, like the sunrise—not a sudden one, like lightning.

Some people are like squirrels—they worry too much about nuttin'.

A LIFT FOR THE WEEK
Many of life's most important values cannot be weighed on scales, or even measured.

Answers To Who Knows

1. When is Grandparent's Day?
2. Who is known as "father of the nuclear submarine"?
3. Who is the new attorney general?
4. How long did the last two Russian cosmonauts remain in their space capsule?
5. Which state first made Labor Day a holiday?
6. Linen is made from what plant?
7. Where and when was the first kindergarten begun?
8. When did Britain enter World War II?
9. Who wrote the poem "Trees"?

Who Knows?

1. September 9.
2. Hyman G. Rickover.
3. Benjamin R. Civiletti.
4. One hundred seventy-five days.
5. Oregon, 1887.
6. Flax.
7. Germany, 1837.
8. September 3, 1939.
9. Joyce Kilmer.

This is the first week of February, a very special month because it contains the Lover's Holiday. Tuesday of last week the band was measured for the new uniforms. Friday night the gym was filled with tears when the guys varsity basketball team lost to Crane by one point, and the boys and girls junior varsity both lost, but the varsity girls won in overtime. February 5 the girls play McCamey and the guys play Iraan. Good Luck!

Next week's Lions Roar will be dedicated to Valentine's Day, so if you have a song that you would like to dedicate to someone special the Lions Roar clipboard is in the library.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

This month of preparation for outdoor planting: "The February sunshine steeps your boughs and tints the buds and swells the leaves within"

William Cullen Bryant Don't delay longer those tasks that could have been done in January and that must be done now if your garden is not to suffer.

The dividing and replanting of perennials that are to be given treatment should be done before new growth has made much headway.

Start your feeding program this month, especially for trees.

It is not too late to use your dormant spray on fruit and shade trees and other shrubs.

Also apply fertilizer to perennials, including bulbs that have been planted a year or more and new growth appears above the ground. Scatter the fertilizer evenly and, except in grassed areas, cultivate it shallowly into the surface.

The pecan tree is one of the most popular trees for both shade and pecans, so get them planted this month if possible. Check with our county agent for varieties that do well in this area.

In the landscape Quince signals Spring for most of the south and west. First, the delicate blossoms appear, almost two weeks before the foliage pops out. They are like patches of color floating in space. To get the maximum effect of its spring show, display it against an existing, planting or at the edge of a naturalistic background. For the large upright, rounded plant get the variety Japanese Quince (Chaenomeles). Quince does best in average soil in full sun or partial shade. Needs little corrective pruning if given sufficient room to develop. Although tolerant of hot, dry conditions, quince will signal water needs with a yellowing of foliage followed by leaf drop.

HBO to air consumer reports

When Consumers Union began publishing Consumer Reports in 1936, one of the stories in the very first issue evaluated breakfast cereals. After 44 years, food has remained one of the central topics covered by the magazine which has always aimed at creating a consumer better-equipped in the marketplace. Now, food will be the theme of Consumers Union's first full-length network television effort, "Consumer Reports Presents: The Food Show" which will be seen on Home Box Office, beginning Thursday, February 7 at 6:30 p.m.

Using a variety of techniques and styles, the program will offer constructive advice to aid consumers in making food purchases. To show how to read a label, "The Great Label Mystery" features a private eye who investigates the contents of a number of products found on supermarket shelves. Peter Potato is the star of "An Editorial Reply" in which Peter responds to a supposed editorial claiming potatoes are fattening. "The Great Supermarket Seduction Scene" reveals selling techniques used by supermarkets to entice shoppers into surface.

Other members and guests playing were Mrs. Eddie Arnold, Mrs. Ann Mayfield, Mrs. Sherman Taylor, Mrs. C.O. Walker, Mrs. Evert White, Mrs. Sterling Baker, Mrs. Sidney Millsbaugh, Mrs. L.D. Kirby, Mrs. Lowell Littleton and Mrs. Wesley Shaw of Del Rio.

Iran slide showing scheduled

Tuesday evening, February 12 at 8:00 p.m. in the Fellowship Hall of the Ozona United Methodist Church, Mr. and Mrs. Nelson Boothe of Fort Worth, will show slides which were made during the five and one half years they lived in Iran.

Mrs. Boothe is a native of Ozona and will be remembered as the former Betty Ingham.

The public is cordially invited to attend.

buying. "Fast Facts About Fast Foods" will show viewers how to order nutritious meals at fast food restaurants like MacDonald's and Pizza Hut.

In addition to these segments based on material published in Consumer Reports magazine, the program will feature two original reports. "Special Report-Warning: Lead in Canned Foods" is an investigative report on the potential danger of lead seams in tin cans. The second original report, "Fruit and Vegetables: The

Ms. Morris hosts Fri. Bridge

Mrs. Max Morris entertained the Friday Bridge Club in her home last week. Club high went to Mrs. George Bunger and low to Mrs. Joe Friend. Guest high went to Mrs. Arthur Kyle and low to Mrs. Clay Adams. Mrs. O.D. West won the bingo.

Other members and guests playing were Mrs. Eddie Arnold, Mrs. Ann Mayfield, Mrs. Sherman Taylor, Mrs. C.O. Walker, Mrs. Evert White, Mrs. Sterling Baker, Mrs. Sidney Millsbaugh, Mrs. L.D. Kirby, Mrs. Lowell Littleton and Mrs. Wesley Shaw of Del Rio.

Duplicate Bridge Club winners

Mrs. John Childress and Mrs. Gene Williams were the top winners in Duplicate Bridge Club play at the Country Club for both Saturday and Sunday. Two teams tied for second Saturday, Mrs. Clay Adams and Mrs. J.B. Parker and Mrs. Robert Cox and Mrs. Sidney Millsbaugh. Second place winners Sunday were Mrs. J.J. Marley and Mrs. Sherman Taylor.

Inside Story" features produce professionals offering tips on selecting fresh fruits and vegetables.

The program, which is the first show in a projected HBO series, is being produced by Consumers Union in association with Alvin H. Perlmutter. Mr. Perlmutter has produced a number of award winning programs for commercial and public television, including the Emmy-Award-winning "Great American Dream Machine" for PBS, recently named as one of the ten most important television programs of the 1970s by the Los Angeles Times.

Mrs. Jones hostess for bridge

Mrs. Brock Jones was hostess for Country Club Bridge at the club Thursday.

Mrs. Evert White won high and Mrs. Charlie Black, second high. Mrs. Larry Braden was low and Mrs. George Bunger won the bingo.

Others playing were Mrs. John Childress, Mrs. Duane Childress, Mrs. Joe Clayton, Mrs. Bud Cox, Mrs. James Dockery, Mrs. Joe Friend, Mrs. Jess J. Marley, Mrs. J.B. Parker, Mrs. C.O. Walker, Mrs. Byron Williams, Mrs. Charles Williams, Mrs. Bill Mason, Mrs. Clay Adams and Mrs. Sherman Taylor. Mrs. Taylor will be hostess this week for luncheon and bridge.

Most Will
Most any man will love his neighbor as himself—if she's pretty enough.
-Tribune, Chicago.

Frightening
To those little kids, blithely trudging to school, these are normal times. What scares the rest of us is that maybe they are.
-Journal, Washington, Ia.

Debra Says

by Debra Price

Make a perfectly shaped Valentine cake with just two cake pans—a square one and a round one—and share it with someone you love.

Here's how:
From a commercial cake mix or from a from-scratch recipe, make one eight-inch square layer cake and one eight-inch round layer cake.

Cut the round layer into two equal parts.
Place the cut edge of each round layer portion on adjacent edges of the square cake, and you have a heart-shaped cake without having to buy a heart-shaped cake pan.

Use your favorite icing and decorate the cake as desired for a quick and simple Valentine treat.

If you're history-minded, here are some other tidbits for mulling as you make the cake or share it with someone.

There are many ideas about how the name Valentine came to be connected with the day on which lovers send tokens of affection to one another.

One is based on the belief throughout Europe during the Middle Ages that the birds began to mate on Feb. 14.

In addition to honoring Saint Valentine, February, 1980 takes on an extra-special air of romantic antiquity—with the observance of "Lovers Leap Season," or "Leap Year."

This holiday occurs once every four years with the appearance of an extra day in February—"Leap Day"—and retains the mysterious belief that women may propose marriage to men with perfect propriety throughout the entire year.

And in many a European town or country, there alled-

Unafraid of the Future

This is our Ernie!

Ernie has no qualms about growing up in this complex world — he is unafraid of the future.

Know why?
Because he trusts US!

Ernie leaves to Jean and me — his parents — all those vital decisions that will have an indelible effect on his future.

That trust brings our family to church every Sunday. It has made religious faith an important part of our home life.

When you are responsible for the future of a child of God . . . you need HIS help!

Crockett County Care Center News

by Joan Nicholas — Director of Activities & Social Care

We had fun in crafts last week when we started a new project decorating small heart shaped jewel boxes; these are an attraction with Valentine's Day almost upon us. Everyone had different ideas on the designs, and each was lined with either red or pastel shades of felt. These items are in the display case for all to see. One or two residents also worked on preparing more plaques for Mod Podge decoupage, and Mary Pender made a Valentine for someone special.

In Bible class we discussed Peter and his relationship with Jesus and how, even after he had betrayed Christ, he was never excluded from the family of God and this same mercy is available to each one of us. We are still studying in the book of John.

A movie was shown on Wednesday afternoon and Wednesday night the Ybarra's, Joe, Santiago Sr., and Jr., came to the center with their instruments to entertain our residents. They played and sang gospel songs, music for dancing (and there were some dancers from the visiting audience), and everyone had a clapping, foot-tapping good time. We thank the members of this band for coming out.

This Wednesday we will be honored with a return trip from Charlie Baird and his band from Big Lake. Charlie really has the gift of the gab when he gets on that mike.

We have been working on some finger and hand exercises and recommend that

residents do these at least once every day to keep fingers limber. One resident said she had been having difficulty writing with her arthritis, but was able to write some notes to friends and relatives with much less difficulty since she had been doing the exercises. Something like that is always good to hear!

We enjoyed the February issue of the Sunshine Magazine in reading and discussion group Thursday afternoon. From the humor page one favorite joke was about the fussy landlord showing a young man an apartment asking him "Any children? Radios? Phonographs? Cats? Dogs? Pets of any kind?" The young man could answer "no" to this barrage of questions but said "I think I ought to warn you that I have a fountain pen that scratches a little!"

In this session we learned that Eula Bailey, over the past nine or ten years, had been in about seven different nursing homes in all parts of Texas and shared some of her experiences with us. She was quite adamant in declaring that this, without a doubt, is the best she has ever lived in. To such a seasoned traveler, we say thank you! Eula visited over the weekend with family in Iraan, and came back with a spanking new, cute haircut.

Toward the end of last week I became the proud Activities Director in Texas! A lovely new desk with typewriter extension and matching four drawer filing cabinet has now been installed for me in the Day

Room. The pale greenish-beige color of these pieces blends beautifully with the walls and other furnishings, and I now have a very neat looking corner. I am still busy organizing my files and other belongings which had been located in various cabinets here and there in the Center.

This weekend I visited with Bernarda Aguirre in a San Angelo hospital. On Saturday she was recovering from surgery performed that morning and they allowed me to see her in ICU for a few moments. The next day I returned, (having spent the night after attending the symphony concert), and she was quite peppy and expected to be returned to her room very quickly. We look forward to having her back with us soon.

In the winners' circle we have Ruby Cooksey winning the gift certificate donated by Watsons Department Store, and second bingo prize winners were Gertrude Daniels and Pop Bonnell. The losers-of-the-month contest was won by Leona Harris who received the gift certificate donated by Baker Jewelers.

Winning dominoes, this Monday, was Mary Pender with Ruby Cooksey second; Paul Cavin and Gertrude Daniels were winners at "Toss-Across."

We thank the following for their donations: Dilly Dockery for a curling iron; Louisa Pearson for cosmetics and material for lap robes; and Sadie Whitehurst for some slips.

A regular visitor to the Center is Erline Jones who comes to see Clara Mayes.

Correct winning recipe

In last week's Stockman, Missy Ybarra's recipe was printed by mistake instead of Bernice Ybarra's. Listed below is Bernice Ybarra's "Mexican Delight" which was winner of the Junior Main Dish Division.

MEXICAN DELIGHT Bernice Ybarra Junior Main Dish

- 1 lb. ground beef
- 1 small onion, chopped
- 2 T. flour
- 1 lb. cheddar cheese, grated
- 1/2 cup water
- 1 bell pepper, chopped
- 3/4 cup catsup
- 1 tsp. salt
- 2 tsp. chili powder
- Crumble and brown beef in large skillet over medium heat. Drain.
- Add water, onion, green pepper, and celery.
- Add flour to thicken.
- Stir in catsup, chili powder and salt.
- Simmer until celery is cooked--about 15 minutes.
- Sprinkle grated cheese over top and melt slightly.
- Serves 4.

4-Hers at District Food Show

Six Crockett County 4-H members represented Crockett County at the District 6 4-H Food Show in Coahoma Saturday. Two received blue ribbons and the other four received red ribbons for their entries.

Receiving blue ribbons were Kim Baker for Junior Breads and Desserts, and Wendy Hood in Senior Snacks and Beverages.

Red ribbons went to Bernice Ybarra for Junior Main Dish, Katrina Phillips, Sen-

ior Main Dish; Melinda Hokit, Senior Side Dish and Michelle Couch, Senior Breads and Desserts.

During the awards program, Mrs. Roberts Johnson presented a Special Recognition Certificate to the Crockett County 4-H Foods and Nutrition Project Leaders. The award went to Crockett County for having the highest number of 4-H members enrolled in Food and Nutrition Projects in Dis-

trict 6, which includes 19 counties in West Texas. Doris Hood accepted the award on behalf of the local leaders.

Leaders, parents and

guests attending from Ozona included Mrs. Tom Powers, Mrs. Eugene Hood, Mrs. Jim Baker, Mr. and Mrs. Joe Ybarra, Tommie Fierro and Debra Price.

Cub Scouts hold Pack Meeting

The Ozona Cub Scouts, Pack 153 met Monday night for the second Pack Meeting of the year.

Four dens were represented with Donna Bullard, Frances Denman, Nancy Morrison and Alan Haynes, den leaders.

The Scouts presented displays, art work, skits and several new songs each den had learned. Scout Masters Jeff Sutton and Bobby Aycock awarded the following boys with Bobcat Bad-

ges: Jeff Morrison, Joe Ross, Billy Aycock, Cody Sutton, Victor Villereal, Joe Perez, Jason Smith, Keith Fowler, Dolan Bullard, Travis Burks,

Charles Cyes, Lance Hunter, Richard Vargas, Shayne Cooper, J.J. Baker, Scott Denman, and Shayne Kesling.

A bear badge was awarded to Marcos Gonzales in the Weeblo Division.

The next Pack Meeting will be held in March when the boys will have the final races in the Pinewood Derby.

Bankers to examine ranch financing

Due to tight credit and high interest rates, Texas farmers and ranchers are having a tough time finding credit to finance their operations. But there are ways Texas banks can obtain additional loan funds to better service their rural customers.

Some of these methods will be highlighted at the upcoming 28th Texas Farm and Ranch Credit Conference for Commercial Bankers at Texas A&M University, Feb. 11-12.

"As the demand for loan funds for farmers and ranchers continues to increase, banks will continue to encounter problems servicing customer needs," points out Dr. Richard Trimble, economist with the Texas Agricultural Extension Service and conference chairman. New methods by which banks can better meet increased agricultural loan demands will be discussed by James Rodgers, senior vice president, Federal Intermediate Credit Bank of Houston; Vernon L. Peck-

ham, senior vice president, Republic National Bank of Dallas; and George Shiver, executive vice president, Seminole State Bank. The speakers will look at both opportunities and problems presented to country banks by new developments in financing agriculture.

Conference participants will also learn about new legislation concerning taxation of agricultural land in Texas. Ken Graeber, executive director, School Tax Assessment Practices Board, Austin, will discuss "Taxation of Open Space Land" and what impact the new legislation may have on Texas farmers and ranchers.

Rounding out the conference will be sessions on loan documentation for various types of agricultural enterprises, commodity outlook information, and a discussion of current legislation and what it holds for agricultural producers.

Conference planning is handled by the Agricultural and Rural Affairs Section of the Texas Bankers Association, which sponsors the event along with the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station.

For registration information, contact Trimble in the Department of Agricultural Economics, Texas A&M University, College Station, Texas 77843, or call 713/845-8011.

A home is still the best investment you can make, says a housing and home furnishings specialist with the Texas Agricultural Extension Service. Housing prices are expected to stay even with inflation—one reason homeowners are now making so many improvements and additions.

Ambulance service report

The Crockett County Ambulance Service had a total of 202 runs during 1979. There were 118 local calls and 74 runs to San Angelo. Five runs were made to Odessa 3 to San Antonio, 2 to Houston, 1 to Dallas and 1 to Kerrville.

There were 22 industrial accident runs, 34 auto accident runs. The remaining were medical runs.

The Crockett County Ambulances ran a total of 23,613 miles during the year. At the time of this report there are 52 persons registered by the state in Ozona.

Ozona EMS Schools during 1979 taught 3 Emergency Care Attendant Schools. There were 45 emergency care attendants certified in Ozona, Sonora, and Eldorado. One Emergency Medical Technician Class was taught in Ozona, certifying 17 EMT's. At the present time the Ozona EMS Schools are teaching an Emergency Care Attendant Class in Iraan. EMT special skills classes will start in March in Ozona.

RAINDRIP™

Drip Irrigation Kit

Complete Drip Irrigation Starter Kit
 Consists of 60' hose, 28 drippers, 3 tees, 2 elbows, 4 hose ends, 1 hose adaptor, 1 filter washer, 1/2 GPM pressure compensating flow control, instruction sheet. For gardens up to 12' x 16' or 60' of shrubs or trees.

No. R-500D

DRIP IRRIGATION EQUIPMENT

14675 TITUS ST. • PANORAMA CITY, CALIF. 91402 • (213) 988-0303

- Up to 84% more fruit and vegetables. Drip Irrigation provides the plant roots with a constant supply of both oxygen and water.
- Reduce your watering labor to minutes a week. Simply turn your system on and shut off 3 - 12 hours later. More free time to enjoy your garden.
- Eliminates unwanted weeds, erosion, runoff and water waste.
- Save up to 70% on your water bill.

Shrubs

Trees

Flowers & Vegetables

Plan where you want RAINDRIP®, roll out the hose and cut. Then insert drippers where you need water. Hose resists sun's rays, so you won't have to bury it. Choose a pattern that suits your needs best (see illustrations below). Attaches easily to your outside faucet. Add to it when needed. RAINDRIP® deep soaks to the roots without evaporation or runoff, thus saving water. Ideal for hillsides. Lasts up to 15 years.

EASY TO INSTALL

Attorneys need to advise clients on estate matters

Attorneys should stay abreast of changes in estate planning matters for the benefit of their clients, according to Houston attorney Charles Giraud.

Speaking at the 1980 Estate Planning Seminar at Texas A&M University this

week, Giraud said, "Attorneys have a duty to advise clients of changes in estate tax laws. Due to continuous changes in such laws, clients should review their wills at least every three years."

The two-day seminar was sponsored by the Texas Agri-

Reviewing effects of the 1976 and 1978 tax acts on estate planning, Giraud noted that the overall intent of the 1976 act relating to gifts was to make the tax impact of a gift "relatively neutral." "While the \$3,000 per year gift exemption still exists, there is not much incentive (taxwise) any longer in making major gifts," the attorney pointed out. "Making gifts is sort of a pre-payment on your estate tax at death."

Giraud emphasized the use of trusts in helping people save on estate taxes as well as offering professional management. Through the Texas Uniform Gifts to Minors Act, contingency trusts can be set up to protect minor beneficiaries. Trusts can also help the surviving spouse with property management and can help plan for children and subsequent generations. "A trust is the most desirable form of management of assets by a fiduciary (one administering a trust) since it permits deferral of principal distribution until a child reaches a designated age," noted Giraud.

The attorney also emphasized the use of a "by-pass" trust for a surviving spouse in which he or she receives needed income throughout the remaining years and only the unused portion of the trust will be taxed at death. "The use of discretionary distributions of trust income (rather than mandatory distributions) can produce substantial income tax savings," Giraud noted.

Nitrites are now labeled

Consumers have a choice--to eat nitrites or not--if they read labels carefully, says Mary K. Sweeten, a foods and nutrition specialist.

Now you can buy nitrite-free frankfurters, bacon, corned beef, ham and other meat products--if you want them.

Remember, though, nitrite-free meat items don't "keep" as long as meats that are nitrite-cured (contain nitrites)--unless the nitrite-free meats are frozen, the specialist cautions.

For example, uncured bacon or ham will store only four to seven days--instead of up to three weeks, the recommended safe-storage time for nitrite-cured bacon, she adds.

Mrs. Sweeten is with the Texas Agricultural Extension Service, The Texas A&M University System.

Nitrite-free meats may be stored in grocery markets side-by-side with cured meats, so be sure to read labels before buying.

Nitrosamines are one factor. They are substances formed in the stomach, for one place, when the nitrites you eat combine with amines already in the stomach.

Nitrosamines produce cancer in rats, according to research, but no results link nitrosamines to human cancer.

Recently, though, the United States Department of Agriculture has approved the use of nitrite-free meats, so now consumers have a choice.

Know your "Fly Rights" Make home heating emergency plans

Airline passengers have rights and need to know them, especially with the deregulation of the airline industry, says a family resource management specialist.

This is especially true of delayed and cancelled flights.

Here, your "fly rights" can really work for you, if you're aware of them, says Bonnie Piernot.

Mrs. Piernot is with the Texas Agricultural Extension Service, The Texas A&M University System.

Airlines don't guarantee their schedules, so remember this when planning a trip.

Even though schedules aren't guaranteed, most airlines will pay for a telephone call or telegram to your destination to announce a delay.

They'll arrange and pay for hotel accommodations and food if you're stranded overnight, and they'll pay for

transportation between the airport and hotel.

Ask about these policies before you travel, since different airlines have different policies.

If you are stranded by a long delay without help from the airlines staff, keep track of these out-of-pocket expenses and write to the airline's consumer office for reimbursement when you get home.

Above all, remember that patience can work for you as effectively as your "fly rights."

In many cases, airlines have little control over some delay factors, such as bad weather, air-traffic delays and mechanical repairs. Sometimes the airline employees do not have the answer for a delay, such as problems that delay incoming flights. Patience can be a valuable resource in many of these cases.

For more information on passenger "fly rights," write to the Consumer Information Center, Pueblo, Colo. 81009, and ask for the publication, "Fly Rights: A Guide to Air Travel in the United States."

Make home-heating emergency plans to set up a coal- or wood-burning stove or fireplace in case of a crisis. Your effort and expense in preparing for a disaster that may cut off your normal heat source could have great returns, says a housing and home furnishings specialist.

In severe weather, a heat-source cut-off could threaten your personal safety and comfort, and it could cause water lines in the home to freeze, explains Sue Young. Supplies you'll need for setting up a stove include stove pipe, thimble, collar, adjustable elbow, damper and stove board.

If you decide to set up a stove in your fireplace, follow these steps:

Measure the fireplace, and cut a sheet of metal or asbestos board to close the opening.

Set the stove on a fire-proof stove board at least one stove-pipe length (24 inches) away from the face of the fireplace.

Install a damper in one section of the pipe.

Connect pipes to the stove and the elbow.

Adjust them in their final position--to determine the proper location for the hole you'll need to cut in the sheet metal or asbestos board used to close the fireplace opening.

Slide the collar onto the pipe, and insert the pipe into the hole in the closing board. Then fit the collar snugly against the board.

CAUTION: Burn coal ONLY in a cast iron stove with a grate designed specifically for coal.

If you decide to install a free-standing stove or fireplace, follow these steps:

Set the stove on a fire-proof foundation--such as asbestos-metal stove board, brick, or marble.

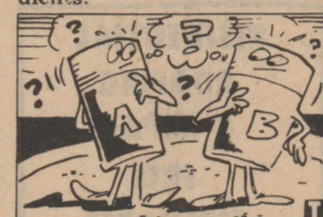

Install a prefabricated, insulated metal chimney, approved by the Underwriter's Laboratories (UL).

Prefabricated chimneys are available for installation through a roof or an outside wall, and they can be installed in mobile homes.

NEWS OF HEALTH

Answers about Health and Medicines from the Proprietary Association.*

Q. Why do we need some 350,000 nonprescription medicines when there are only about 1,000 ingredients?

A. The answer is free enterprise and cost-effectiveness. A totally controlled system would no doubt lessen the consumers' burden of decision among brands but it would at the same time lessen their freedom of choice. It would increase the burden of cost that goes with less competition. Low cost has been one of the most enduring advantages of the American system of nonprescription medicines through the years.

*Washington Trade Association for the makers of nonprescription medicines.

New TV channel for Ozona

In a continuing effort to bring the best in television viewing to Ozona patrons, the Ozona Television System has added WGN-TV in Chicago, to be seen permanently on channel 12.

This station features the Phil Donahue Show live daily. The show is also on KMGD Midland, channel 2, each morning at 9:00 a.m., but is a recording of the live telecast and is usually several weeks old.

The Donahue Show is produced by WGN and originated live in WGN studios.

The station also features a 20-game telecast schedule for the 1979-80 season of the Chicago Bulls. The schedule ends March 26, with a Wednesday night game against the Denver Nuggets at 8:30 Chicago air time.

Another first brought by the cable system to Ozona is government weather reports 24 hours a day on FM 104.
