## All stars play here tonight

Ozona Little League All Stars will play the Pecos all stars here tonight, Wednesday, at 8:00 p.m. The Ozona team won its first play-off game against Sonora here Monday night with a 5-0 shut out. Pecos advanced with a win over Big Lake.

The Senior League All Stars have their first playoff game here tonight also. They play a San Angelo all star team.

In Monday night's win over Sonora Steve Sanchez got things off to a good start with a home run in the first inning. Gayle Underwood went all the way at the mound for the Ozona stars. He pitched the full six innings, only giving up 2 hits and 2 walks. Underwood also had a home run in the second inning.

Harvey Fierro led the batting for Ozona, getting a hit for each time at bat to average 1,000. He had a triple in the fourth inning.

The starting line-up saw John Clark at catcher position, Underwood at the mound, Abel Lara at first base, Steve Sanchez at second; Chayo Flores, short stop; Ed Borrego, third; Matt Miller, left field; John Tom Stokes, center field, and Harvey Fierro in right field.

Other team members are Jody Everett, Auturo Gonzales, Peter Lara, Valdo Ga-

# **Ms.Coates** services Saturday

Funeral services for Miss Dollye Coates, 89, were held Saturday at 10:00 a.m. in Ozona United Methodist Church with burial in Cedar Hill Cemetery under the direction of Sheppard Funeral Home.

Miss Coates died Friday, July 11, at 5:20 a.m. in Crockett County Hospital.

She was born November 28, 1890 in Buffalo Gap. She was a member of the Methodist Church. She is survived by sever-

al nieces and nephews, including Mrs. Dick Kirby of Ozona and Gaines Teague of Boerne.

## Physical exams for athletes

Physical examinations for all Ozona High School boy athletes will be given August 7, at 4:30 p.m. in the high school library, according to Coach Don Sessom.

Coach Sessom reminded youngsters this will be the one time they have during the year to get their exams free, so all boys who expect to participate in high school sports need to make an effort to be there on that day.

Workouts for football will start at 7:00 a.m., August 11. This is for high school only, Coach Sessom said.

### Junior rodeo scheduled

The Ozona junior rodeo will be held Friday and Saturday, August 1-2.

Entry blanks are available at the Chamber of Commerce office.

Tennis Tournament are on tap for the weekend. Five classes of Ozona High School and the tennis tournament Sunday on local courts.

### **ENTERPRISE ZONES OFFER NEW HOPE**

By Edwin Feulner

Though billions of dollars have been poured into America's inner cities since the Johnson Administration missioner Reagan Brown feel squeezed between labegan its "war on poverty" in the mid-1960's, poverty remains, cities continue their decay, and establishment "liberals" and black politicians still cry out for big bucks and new government programs.

Now comes a radical new approach to inner city rejuvenation, spelled out in detail in Lincoln Review, the black quarterly journal published by Washington's for U.S.-grown grains. At prestigious Lincoln Institute.

The new idea is called "Enterprise Zones."

"Enterprise Zones" are the free-enterprise answer to ric tons of grain to Mexico inner-city squalor. A year ago, it was only a theoretical and imports almost 1 milproposal, crafted by British scholars - a socialist urban lion metric tons of beef, planning expert, Prof. Peter Hall of Reading University, fruits and vegetables from its

and economist Sir Geoffrey Howe, Chancellor of the Exchequer (Treasury Secretary) in Britain's Conservative Government

Today, theory is on the verge of being put to the test will on both sides of the Atlantic.

In Britain, the government of Prime Minister Margaret Thatcher introduced experimental "Enterprise Zones" legislation on March 26. A U.S. proposal — a long way from becoming law — was introduced in early May by U.S. Rep. Jack Kemp, the popular Buffalo, New York, Republican (and former All-Pro quarterback).

The leading authority on the concept on this side of the Atlantic is Dr. Stuart Butler, Heritage Foundation economist and former member of the Hillsdale College (Mich.) faculty. Dr. Butler deserves credit for importing the concept

The idea is for the most depressed sections of major cities to be legally classified as "Enterprise Zones."

Writing in Lincoln Review, Dr. Butler explains: "Within these areas almost all zoning and other (government) controls would be abolished, and there would be a major reduction in property and business taxes. The aim would be to bring about a dramatic reduction in the bureaucratic obstacles and costs facing small entrepreneurs, so that they would be far more inclined to set up business in depressed areas, and so act as a nucleus for the economic and social revival of the inner cities."

While the small investors would not be subject to most ordinary government restrictions, he notes, they also would not qualify for government assistance. It would be pure free enterprise — and the success or failure would depend on hard work, genius, and the willingness of men and women to take a financial risk.

**Tips For Gardeners** From the **Ozona Garden Club Mrs. Bailey Post** 

The present drought, especially during vacations, may prove to be a critical period for good gardening. Fortunately, we have not been limited on the use of water for our trees, plants waxing or varnishing, which and lawns as many places may be six months or more. have.

should be watered deeply and sprayed either early or late in the day occasionally to remove dust and refresh the foliage. They should be watered each week or 10 days.

water two or three times a week, while annuals, potted plants and others may need a bridge play daily watering.

Grass, if watered sufficiently, should do fine with a weekly watering. It is important to wet the soil four to six inches deep. Don't mow your lawn grass too short during hot weather. Mow frequently and remove clippings. Feed just enough to keep the lawn looking good. You should watch for grubs in your grass this and next month. Consult with Mr. Reagor, the County Agent, if you don't have someone to do this job for you.

July is a good month to start gathering plant material to use for dried arrangements in your home, or flower show. Especially watch for grasses and cattails which should be ready to cut now, for they need to be gathered when less than half matured. Many seed pods should be ripe enough to gather also. Hang upside down in a shaded place with some air circulation for drying. Stand Sidney Millspaugh. Johnson grass upright in a container to dry naturally. Adams won first Sunday, I'm trying some in glycerin with Mrs. Sherman Taylor and water solution.

Gourd season is here, so a ond. few suggestions to help you cure them. Leave the gourd on the vine until it is perfectly ripe, then cut it off, further notice. leaving one inch of stem.

Save only unblemished specimens. Punch a small hole in the bloom end of the gourd before storing in a dry place until needed. They need to be thoroughly dry before Pinch back annuals now if

# Thursday-Friday Saturday Shop our Big

All this glory from one tiny seed! The sunflower towers taller than a man, its huge golden head filled with thousands of seeds . . . and every seed contains the mystery of life and growth that science cannot explain.

We are surrounded by miracles that man did not create. Who created them? Who created us? By the reasoning powers of our own marvelous minds we can be guided to see that God the Creator has made all things according to His plan, and that we can only achieve our highest development by living in harmony with it.

How can we know God's will for us? We need only a small seed of faith, for He will lead us in His way if we ask Saturday Him . . . and that seed will grow and flourish under His loving care. Copyright 1980 Keister Advertising Service P.O. Box 8024, Charlottesville, Virginia 22906

ago, we honored our Center volunteers, organizations, merchants, and church groups who have been generous to us. We entertained with an informal ice cream shelf where the stereo is, and party.

Louise McWilliams and this! Also, on donated items, Frances Borrego sat near the front doors asking everyone to register, and soon we were tucking into some delicious Ice cream and delicious cookies. Around 125 people were served.

Two of our bands were represented; Charlie Beaird was away on a business trip, but he sent his wife who always sings with his band, Bill Dane and Smitty Smith who play guitars, and Jimmie Smith sang. This Big Lake group joined with Jamie Knox and Don Kilgore and we had some lively music later on in the evening.

Our guest speaker was Barbara Eisler, Volunteer Coordinator with the Texas Health Department out of Abilene, and she handed out a stack of appreciation certificates to the many folks qualifying. It would seem that everyone was having a happy time visiting around.

As I write this I do not know if the pictures I took will be printable in today's paper. Mina Dowdy had the most hours having totaled up 202 in the past year; Liz Mary Pipes was next with 182 hours followed by Georgia Kirby with 161 hrs. and Blanche Walker with 154 hrs. We congratulate these ladies again. There are many more with between fifty and one hundred hours served during the year. All these hours are documented in our volunteer card index box.

Ms. Eislar pointed out that by documenting hours (this includes just plain visiting with one or more residents, other than their family mem-

# Pool open Monday

THE OZONA STOCKMAN

### nights

The North Pool is now open for the general public on Monday nights from 7 until 9:30 o'clock. Afternoon hours on these days will be from 2 until 5 o'clock.

Attendance so far this summer has broken all records, probably due to the excessive heat. Two sessions of swimming classes have been successfully completed and a group of Senior Lifesavers have been certified.

Another session of children's swimming lessons will begin July 28, and an adult session will begin Monday, July 21. Anyone interested ey will be spent on mater- may contact Nancy Warren ials for crafts. We are most at the pool.

# 4-H congress to feature Agriculture

"4-H and Agriculture, the Growing Scene," is the theme of the eighth annual Texas 4-H Congress being held July 15-17 in Lubbock.

Some 550 4-H members and chaperons will be taking part in the three-day event which serves as a major **COMMISSIONERS-**

### [Cont'd From Page 1]

Precinct 2, Elizabeth Applewhite; Precinct 3, Frank Reavis; Precinct 4, Concha Zapata, and Precinct 3-6, Bill Couch. Election judges will be required to appoint an alternate to officiate at the election in case they are unable to fulfill their duties. County Clerk David Weant asked the court to make mechanics at Ozona High mandatory the attendance of the election school for all judges and clerks.

Redistricting was discuss-

quested the court honor longevity on the job for county road employees. After some discussion the court decided to include all county employees. The awards will be given for 5, 10, and over 25 years service and will consist of a certificate, a pen, and a belt buckle or watch in that order.

The proposed use hearing for Federal Revenue Sharing drew no attendance. It was estimated the county will receive \$100,000 in funds this year. The funds, if received, will be allocated as follows: \$50,000 to the hospital sinking fund; \$18,000 for sheriff department vehicles: \$8,000 for dump ground equipment, and \$10,000 to the ball parks, with any remaining monies going toward next year's paving project. This budget was approved by the court.

After some further discussion about the county budget, the meeting was adjourned.

These essential parts are just an example of how rising prices are affecting the cost of producing electric energy. Of course everything else has gone up, too. Materials, equipment, labor - nothing has escaped the effects of inflation

Which means that we at WTU are striving harder than ever to operate efficiently and economically as we meet the daily needs of our customers.

WEST TEXAS UTILITIES COMPANY

As always, WTU's goal is to provide a dependable supply of electric energy at the lowest practical cost. We hope you'll use it wisely

Sizzle a steak. Grill a burger. Bake a potato. Nothing turns on summer fun like outdoor cooking. And no outdoor cooker can compare to a gas grill. You can cook full family meals, everything your indoor range or oven can cook, and all with that great outdoor flavor.

Just look at the advantages of a gas grill:

- solid, sturdy construction for many summers of cooking
- enjoyment
- controlled heat for perfect cooking everytime
- new features for more efficient energy use
- keeps your house cooler
