VOLUME 68 OZONA, CROCKETT COUNTY, TEXAS 76943 25c Per Copy WEDNESDAY, JULY 23, 1980 NUMBER 21

Kitty's Korner

by
Kitty Montgomery

Texas education suffered a severe blow early this week when a federal judge in Houston ruled that Texas must provide a free public education to the thousands of illegal alien children residing in the state.

Hispanic educators as well as Anglo educators are deeply troubled by this ruling, and some think the educational process will be severely damaged in the state, perhaps destroyed in some instances.

Most affected will be school districts in the Rio Grande Valley and the large cities such as Houston and Dallas. However, the entire state must comply with the ruling.

This will without a doubt have an effect on elementary teachers. Those who are not bilingual will find themselves out of a job and those looking for a position will be unable to find one unless they speak two languages.

Every legal resident of Texas should be concerned about this situation, no matter their ethnic background. The extra tax dollars this undertaking will cost will pose an impossible burden on the people of Texas.

The influx of illegal aliens has already cost the jobs of many Texas laborers. Even locally this has become a problem. If this ruling stands, the illegal aliens already working here will bring their entire families when they return to Mexico. There will be nothing to stem the flood.

As of Tuesday afternoon at 4 o'clock, only eleven Ozona men had registered for the draft at the post office. This is a very small number of 19 and 20 year olds. Those in this age group need to be advised they are liable for some pretty stiff penalties if they do not register. Whether they agree with the registration or not, it is the law.

Most Americans think they should never have stopped registering young men for the draft. That is what the furor is all about now. When my son was of age, we thought nothing of it when he registered for the draft. Of course, everytime they actually drafted a group, I was deeply concerned and greatly relieved when his number did not come up. But he and his friends thought they had a responsibility to their country, and they didn't give it a second thought.

Those were the days of patriotism. Somehow it seems dead under our present leadership. Maybe we'll change all that in November.

A big thank you to Paula and Jim Bob Bailey. They knew Tuesday noon was our deadline and they got busy and had their new baby at noon Tuesday. We had it in print shortly thereafter. They might call her Sunny Jon, but to me she will always be the "deadline kid."

If you've been going by the sign at the bank for your temperature readings, you'll be several degrees warmer when you find the weather is actually from 2 to 6 degrees hotter than reported there. Weather stations in town have computed much hotter weather than that shown at the bank. When the sign said 97 degrees at 4:30 Tuesday, the Moore weather station (Cathy Dawn and Douglas) had 99 degrees. This has been consistent throughout the heat wave, and if the stations go over 100 Tuesday, it will mark 30 straight days the mercury has gone above that mark.

TENNIS PLAYERS RELAX before finals Sunday afternoon during Ozona's second annual open tennis tournament held here Saturday and Sunday. Front row, Luis Flores, Dick Kirby, Roger Epps, Scott Barber, Carol McKee, and Chris

Carlisle. Back row, tournament director, Coach Don Sessom, Shannon Dockery, Karen Kirby, Eddie Bower, and Chamber of Commerce Manager Beth Boyd.

Tennis tourney success in spite of hot weather

It was the only game in town and the hottest game in town when the second Ozona Annual Tennis Tournament was held here last week. Players batted the ball in over 100-degree weather Saturday, and Sunday was only slightly cooler due to cloud cover. The event was sponsored by the Chamber of Commerce with Coach Don Sessom as tournament director.

Tracy Tatum of Big Lake beat out Ozona's Chris Carlisle to win the women's singles championship. Luis Flores of Lubbock was the men's singles winner, beating Kelley Reeves of Big Lake, 6-1, 6-2 in the finals.

Roger Epps of Fort Stockton and Luis Flores beat Eddy Bower of Dallas and Richard Preston of Eldorado, to capture the men's doubles. Epps and Flores won both sets in the finals, 6-3, 6-2.

Epps and Shannon Dockery won the mixed doubles in the finals Sunday afternoon taking the win from Carol McKee and Scott Barber of San Angelo. They lost the first set 6-7, but came back to take the next two sets 6-0, 6-1.

In first round play, Carol McKee won over Gloria Garza of San Angelo, in women's singles, and Tracy Tatum overpowered Shana Gilliam

of Andrews. Karen Kirby won her match over Kay Koehler. In the semi-finals, Tatum won over McKee and Chris Carlisle, who drew a bye in the first round, beat Kirby.

In first round play for men's singles, Enrique Garza of San Angelo drew a bye, Flores won over Fermin Garza; Scott Barber overpowered John Gilliams of Andrews and Kelly Reeves of Big Lake drew a bye.

In the semi-finals Flores won over Garza and Reeves downed Barber. In the finals Sunday, Flores took both sets over Reeves to win the men's singles.

In men's doubles, Tony

Hoover and Phillip Schneemann of Big Lake took the first round against Enrique Garza and Gene Gomez of San Angelo, going into the semi-finals against Epps and Flores. Epps-Flores won the match 8-0. Eddie Bower and Richard Preston played Gary Smith and Lupe Gonzales in first round play, taking the match in a tie-breaker.

Mixed doubles was the largest event in the tournament. Winners in first round play were Epps and Dockery over Gilliam and Gilliam; Reeves and Tatum won over Carlisle and Gonzales; McKee and Barber won their match over Kirby-Kirby of Ozona. Lisa Clayton and Bower won over Carol Sessom and Steve Sessom.

In second round play Epps-Dockery overpowered Garza-Garza 8-2; Reeves-Tatum took an 8-2 win over Preston and Ruthella Dacey; Clayton-Bower won their match over Kim Bebee and Clay Chapman.

Epps-Dockery won over Reeves-Tatum in the semi-finals and McKee-Barber won over Clayton-Bower, to pit the two teams in the championship round Sunday.

Trophies were presented by Beth Boyd, manager of the Chamber of Commerce. Mrs. Boyd also served cold drinks to the players during the two days of play. The Crockett County Ambulance Service was on hand with attendants, but there were no cases of heat exhaustion nor injuries.

Mrs. Boyd was surprised at the good turn-out of players, in spite of the record heat. However, the heat did cut spectator participation from that of last year.

IPSC handgun match set

An IPSC handgun match will be held in Ozona July 27 at 1:00 p.m. at the Ozona Rifle Range.

First time IPSC shooters should plan to register between 12:30 and 1:00 p.m. For further details contact Fred Deaton, Bill Gage, Bill Price, Greg Stuart or Karl Vancil.

All stars wind up play offs

Ozona Little League All-Stars were in Big Lake Tuesday night to play the San Angelo South stars, after winning their second play off game over Pecos here last week 14-9. A win will advance them toward the District championship, with two games to go.

The Ozona Senior League All-Stars lost their game Saturday night in San Angelo, eliminating them from further competition this year. They lost their first game against San Angelo-West, but beat Sonora Friday night 14-0 in the second game.

Annual youth rodeo set

The 24th Annual Ozona Youth Rodeo will be held August 1-2. Activities will get underway with the rodeo parade Friday afternoon. Showtime is 8 o'clock each night.

The parade will be headed up by Miss Gay Burns, 1980 Rodeo Queen, followed by this years contestants.

Entry blanks for the rodeo events are available at the Chamber of Commerce office. Entries close at midnight, Monday July 28, and fees must accompany entry blanks. Numbers may be picked up Friday at the Chamber of Commerce between 1 and 5 p.m. Aug. 1. The parade will begin at 5:00 p.m.

There will be the usual age 12 and under division with \$7 entry fee for each event. Fees will be the same for the age 13 through 15 age group and the 16 through 19 age group, with the exception of bull riding which requires a \$10 fee.

There will be boys and girls events in all divisions. A silver buckle will go to average winners in all events, silver name plates for second and halter name plates for third. Silver trophy buckles will be given for best all-around in each age group.

Playing SA-West again Saturday night, they were edged 8-7.

The Little League stars breezed to an easy win over Pecos Wednesday night at the local park, with Steve Sanchez at the mound. They took an early lead when Ed Borrego hit a home run with two men on base in the first inning of play. They scored two runs on three hits in the second inning, and six runs on three hits in the third. Scoreless in the fourth and fifth innings, they came back in the sixth to score three more runs.

Sanchez started as pitcher and got three hits. Gayle Underwood in left field, also got three hits. John Clark at catcher collected three hits. Ed Borrego, third baseman, had a homerun, a single and was walked. Chayo Flores started at short stop. Abel Lara, first baseman, got two singles and a walk.

David Lovell, second baseman, got two singles and a walk.

David Lovell, second baseman, got two hits and John

Tom Stokes, center fielder, got two with a walk.

Harvey Fierro started in right field. Matt Miller relieved at short stop and collected a hit. Auturo Gonzales got a hit when he substituted in left field.

The Senior League starters in the first game were Robert Massey, pitcher; Diego Leal, catcher; Lonnie Galindo, first base; Kent Hokit, second base; Arnie Vargas, short stop; Fabian Delgado, third base; Adrian Tijerina, I. field; Randy DeHoyos, center, and Mark Vallejo, right field.

Against Sonora Leal replaced Massey as pitcher, Hokit was moved to catcher, Craig Chapman replaced Hokit at second base, and Faben Delgado played left field. Otherwise the line-up was the same.

Dr. and Mrs. Joe Logan returned Sunday after attending a Logan family reunion in Coleman.

GAY BURNS
1979 Rodeo Queen

Preliminary Census figures are surprise

The preliminary census count for the 1980 census in Crockett County and Ozona, was received by local officials late last week, and amounts to about a 14% increase over that of the 1980 Census.

Most persons think this count is far short of what the population really is, but the vacant dwelling count drew the most comment. According to the figures there are 401 vacant dwellings in Crockett County and 172

vacant dwellings in Ozona. Beth Boyd, Chamber of Commerce Manager, said she would like to have a list of the 172 vacancies in Ozona. She has a list of 90 persons, she is trying to find living quarters for, and has combed the town even to find a vacant room.

The Water District sends out around 1550 bills per month. According to state officials there are 3.8 persons using each meter. At this rate, the count in Ozona

alone would be 5890. There are several businesses on the list, but there are trailer parks and apartment buildings using only 1 meter, so it equals out in the long run.

The 1980 count lists 4427 persons in the county and 3697 in Ozona. The 1970 census had 3885 for the county and 2864 for the town.

Local motel manager, Dick Webster, said his Census form had not been picked up. He received his form along with forms for persons staying in the motel when the census began in May. He said his was the only form filled out, but nobody had been by to pick up the delivered forms, as of noon Tuesday.

Helicopter blade injures woman

A Sanderson woman was critically injured at the airport here Thursday night when she was hit in the head with a whirling helicopter blade.

Laura Lee Short, in her early twenties, suffered a severe blow to the head when she stood up in the back of a pickup and was hit by the blade as she was refueling the copter flown by her husband, J.C. Short of Sanderson. She was rushed to the hospital here for emergency treatment and then to Shannon Hospital in San Angelo where she underwent several

hours of surgery. She was still in critical condition Sunday, in the Intensive Care Unit at Shannon.

The accident occurred around 9:15 Thursday night. She required several pints of blood and according to officials at the Southwest Blood Center, blood for the injured woman was readily available from the blood drive held in Ozona, July 15. Several organizations assisted with the blood drive. In one of the most successful drives held here, 34 pints of blood were drawn while 4 donors were deferred.

List hunting leases now

Ranchers who wish to list hunting leases with the Chamber of Commerce should notify Beth Boyd at the chamber office as soon as possible for the fall season. Mrs. Boyd plans to mail the lists to hopeful hunters by August 15.

THANK YOU FOR MY SIGHT-Robert Price of Hollywood, California, is traveling across the nation expressing his thanks for his eyesight and gathering eye-donor cards for the Lions Clubs. Mr. Price was blinded in an explosion and was blind for 20 years before a cornea transplant, made possible by the International Lions Clubs, gave him back his eyesight. He shows local Lion Bill Watson one of the cards he is distributing. He urged Ozonans to sign a donor card and turn in old eyeglasses at Watson's Department Store.

"AFFIRMATIVE ACTION" FALLOUT

By Edwin Feulner

Several years ago a proposal was kicking around Washington to jazz up U.S. paper currency by making each denomination of bill a different color.

Instead of just having the old "greenback," we would also have had the redback, blueback, greyback, whatever. It would make things simpler and less confusing, supporters said, assuming perhaps that Americans find it difficult to distinguish between the number 5 and the number 20 on the paper in their wallets.

Of course, it was just one of those idle ideas that occasionally occupy the heavy thinkers in the bureaucracy. It caused some discussion; newspapers printed artists' renditions of the new bills on their front pages, and then the idea quietly faded away.

Until recently, that is, when it was brought to life again by the U.S. Supreme Court. Though extreme colors might be out, the Court said, there was definitely a place in the U.S. for at least black money and white money.

The July 3 decision dealt with a 1977 law which sets aside 10 percent of all federal public-works contracts for minority firms.

Rejecting claims by New York contractor H. Earl Fullilove that the law, by imposing quotas on the handing out of federal funds, results in discrimination against whites, the Court gave a sweeping endorsement to the concept of federally-imposed quotas.

Justice John Paul Stevens, one of the three dissenters, argued that the law represents a "perverse form of reparation" and that setting up and enforcing such quotas could cause more resentment and prejudice than it corrects.

Interestingly, this is one of the themes developed by Midge Decter, author of *Liberal Parents, Radical Children*, in a fascinating article in the Summer issue of *Policy Review* magazine.

She argues in her article that "affirmative action" schemes are breeding a deep-seated resentment against blacks and other "minorities," and helping undermine society as a whole.

"In the daylight world, Americans have undergone a massive diminution of racial prejudices," Ms. Decter writes. "In the dark night of the soul, however, affirmative action itself is creating a new wave of racism and sexism. The new wave differs from the earlier sort in that it is not based on fear, hatred, or guilt but on contempt. Whatever people think about the justice or injustice of making special allowances, what they feel is that the objects of these allowances are somehow inferior.

"Before long, the irony will have escaped no one: by means of a policy intended to short-cut past discriminatory practice the American populace will have become subject to a kind of prejudice which, if more subtle, is also by the same token infinitely more difficult to overcome."

She calls affirmative action a frame of mind — one "best characterized by the term 'double standard.' A lowering of standard follows naturally and seeps into the whole fabric of the culture.

"The assault on the old idea that in America equality means equal opportunity has an impact on attitudes far wider than merely those toward race and sex. The message being hammered home is, to put it bluntly, that society is a racket. There are no such things as standards of performance. There is no such thing as achievement. Above all, there is no such thing as justice. To live in accordance with the belief that standards of achievement or justice have a reality, that they matter, is to be a sucker."

(Feulner is president of The Heritage Foundation, a Washington-based public policy research organization.)

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Former U.N. Ambassador George Bush, the Texan who slugged it out in the primaries with GOP presidential nominee Ronald Reagan, won his party's vice presidential nomination last week . . . and many Democrats believe it signals the Republican party's attempt to build a broad base among voters.

In Austin, Texas Democrats began preparing for a tough race in this state and the National Democratic National Convention next month in New York. Behind the leadership of Reagan, Bush, Gov. Bill Clements, former Gov. John Connally, et al., — and a "now, if ever" attitude, Texas Republicans in the past year have added newcomers to their rolls, and are now prepared to play a whole new ball game.

The Anderson Factor
Independent presidential contender Ill. Cong. John Anderson may be on the Texas ballot, adding to the political twists of the autumn. His campaign workers here turned in some 70,000 petition signatures to Texas Secretary of State George Strake, well over the 40,719 signatures needed. Anderson's forces are expected to be challenged with a suit from the Democrats over whether Democratic primary voters are eligible to sign Anderson's petition. Strake has ruled Democrats may sign, and Atty. Gen. Mark White has ruled they cannot.

Battling State Agencies
The University of Texas System is expected to tell Gov. Clements it cannot comply with his demand to cut five percent of its payroll, although the regents agree in spirit with his efforts to cut the fat from state government. Chancellor E. Don Walker insists that U.T. is not a "bloated bureaucracy", and a five percent cut would hit muscle and bone, not just fat.

Clements, who campaigned on a shrink state government theme, has been adamant about reducing state expenses, but according to news reports, with little success. One wise political observer commented that Clements and others, including Bill Hobby, Bill Clayton and a host of legislators, have succeeded in preventing unnecessary increases in spending. By making government "mark time" during a period of rising costs, the officials are, in effect, melting off the fat.

Apparently, that's not good enough for Clements, who now wants to beef up the inspection operations of State Auditor George McNeil. Clements wants state auditors to perform in-depth examinations of state agencies, rather than "once-over lightly" inspections, as he

calls them. McNeil says he just wants "to be left alone," because his agency is doing fine. McNeil is appointed by the Legislative Audit Committee, which includes the Lt. Governor and House Speaker, and is confirmed by the Senate.

If McNeil doesn't accept Clements' offers of more staff, money and power, those additions may go to Clements own staff or to outside auditing firms, the governor said.

Odds and Ends
Arch Republican H. Ross Perot's company which handles the state's Medicaid program lost its bid to renew the \$2 million Texas Medicaid contract, a group insurance plan for over 700,000 lower income Texans.

House Speaker Bill Clayton's Brilab trial date has been postponed until Aug. 18. While his lawyers rush to prepare his defense, Clayton hopes for an acquittal by Labor Day.

Former Gov. Dolph Briscoe, campaigning for Railroad Commission candidates Jim Nugent and Buddy Temple, said he "wouldn't rule out" any future political race of his own, including governor or U.S. Senate.

Taxes on Energy
Attorney General Mark White was in Washington last week protesting other state's high severance taxes on coal shipped to Texas and at an Austin hearing with U.S. Sen. Lloyd Bentsen on the windfall profits tax. Texas officials and taxpayers are outraged at the tax on backyard wells.

In legal opinions issued last week, White ruled: —A county may not reimburse the county auditor for travel expenses other than on a reasonable rate per mile traveled.

—A commissioner's court may allocate courthouse space to representatives of the media, title companies and employee credit unions.

AG Opinions
In legal opinions issued last week Texas Attorney General Mark White ruled: —A city may allow discounts for advance payment of taxes only if its governing body adopts the provisions of Article 7255b, Vernon's Texas Civil Statutes.

—Tangible personal property purchased by an industrial development corporation or medical development corporation is exempt from the sales and use tax. —The offense of "public intoxication" may sometimes be a lesser included offense when "driving while intoxicated" is the offense charged. —A person licensed to dispense hearing aids may not fill a prescription for a hearing aid from a physician without first testing the individual's hearing.

LETTERS TO THE EDITOR

July 21, 1980

Dear Editor: I am addressing this letter mostly to the ranching communities of Crockett, Val Verde, Sutton and Reagan counties. I urge each landowner to attend a public hearing at 7 p.m. at the Civic Center in Del Rio on Wednesday, July 23. The purpose of the hearing is to gather information which will determine whether the Devil's River Minnow will be given "Critical Habitat" designation. What has been so hard to comprehend about this, is that practically all landowners will be affected, not just those adjacent to the Devil's River or San Felipe Creek. It will affect all drainage into these streams from Val Verde, Sutton, Crockett and parts of Reagan counties.

The critical issue for us will be ground water and also waters impounded. If the U.S. Fish and Wildlife Service gets this designation, then you as a landowner may not be able to run your business like you've done in the past. Your sheep, goats and cattle may not understand alternate watering days. You may have to get permission before you can haul any water, drill any additional wells, or build any new reservoirs. Ask the boys who ranch the Western states on any part of the federal lands how much of their time is spent in filling out forms and answering to state and federal agencies.

Also most of the business men and financial leaders, both agricultural and commercial of Del Rio and vicinity will probably be interested in attending for their "designation" or "non-designation," will vitally affect Ozona, Del Rio, Big Lake and Sonora their future and growth. Without attending, you will not know what the U.S. Fish and Wildlife Service is trying to achieve, nor how much they are being innocently used by other big government agencies to slowly take our property and rights away.

Put it on your calendar Wed., July 23, 7 p.m. Del Rio Civic Center. Let's work together. T.J. Jarrett 1209 Griner Del Rio, Tx. 78840

Enclosed is a check for another year of the Stockman. If I forget to mail in my check, please don't let me miss a copy, just add a note onto my paper saying I'm due!

I've had major surgery and am at home now. However, I feel like a Mack truck has run over me, I have more sore places! Am doing O.K. Hello to all my friends in Ozona.

Snips, Quips and Lifts
By Lottie Lee Baker

Those who can-do. Those who can't-criticize.

A good deed gets about as much attention these days as a homely face.

The fellow who stands on his dignity has poor footing.

Discretion is that something that comes to a person after he's too old for it to do him any good.

Cars and bars mean scars.

Judging by the divorce rate, a lot of people who said "I do" --don't.

A lot of men always recognize their duty in plenty of time to sidestep it.

The sad part about education is that some of the final examinations are final.

It's what we learn after we know it all that really counts.

Men can be divided into three classes: the handsome, the intellectual, and the majority.

Some folks have been so scared by reading about the harmful effects of smoking they have decided to give up reading.

Golf is a lot of walking broken up by disappointment and bad arithmetic.

Good government is like one's stomach; if it's operating properly one never knows he has it.

A man should be like tea-which shows its real worth when it gets into hot water.

Big shots are little shots that keep on shooting.

A Lift for the Week
Do you know that regret is the cancer of life?

A man's character and his garden both reflect the amount of weeding that was done during the growing season.

Charity should begin at home, but most people don't stay home long enough to begin it.

Lots of people get credit for being cheerful when they are just proud of their teeth.

No two children are alike-especially if one is yours and the other one isn't.

Training children to count is not as important as teaching them what counts.

A Lift For The Week
No person is so poor he can't give a compliment.

Clayton Trial
House Speaker Bill Clayton's lawyer wants to try the Brilab case in late August or early September. He said Clayton's defense team cannot examine the federal evidence, which includes some 63 tapes via wiretaps, in time to prepare for the set July 21 trial date.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

This extended hot and dry weather can make your gardening seem like drudgery this time of the year. Try to do most of your garden chores early and late, which is best for plants, and you can relax while it is so hot.

I especially noticed many new plantings of crepe myrtle in Houston. Some have asked what to do to make them produce larger clusters of blooms. First they require full sun. Then the type of plant or tree you want depends upon the pruning you do. The large trees are not kept pruned very much, so have smaller clusters. Tip pruning and fertilizer will help. Do the pruning in February or March and fertilizer in late spring and again in July using 1 cup of 5-10-10 per plant.

So many of the new buildings have landscaped areas with 10 to 12 feet tall crepe myrtles kept thinly pruned not to obstruct views.

We are not the only ones busy these days trying to keep cool, especially if you have watched the birds. Cardinals, wrens, quail, mocking birds, humming birds and others are kept busy feeding, and raising their young and have provided entertainment for us.

The first prerequisite for attracting birds to your garden is water, so invest in a bird bath if you don't have one. Place it near a shrub or tree where the birds can light and survey the territory before flying down for a drink or bath. A large flat or shallow container of some sort may be placed on the ground for the quail.

July and August are the months to plant Oriental Poppies if you have a good place or room for them. They will thrive in most any good garden soil with good drainage. Once established, they need little but clean cultivation. No strong fertilizer is required, their favorite food being leaf mold. Since they are deep rooted, they rarely suffer from lack of water after the first year. Clumps increase in size with age and may be left in the same place

for years. Mulch new plants under the leaves the first winter. Cut hollyhocks off at

ground level, fertilize and water. Keep verbenas clipped. A very pretty, tough and popular house plant is the Schefflera arboricola, or Dwarf Schefflera. Its rich, deep green leaves are attractive in any setting. Although it will eventually reach good size, it is slow to do so.

A standard soil mix is best. Equal parts of loam, peat moss and perlite are excellent. Light should be bright but not direct, hard sunlight. A south, east or north window is ideal. Watering is standard. As it starts to dry, water well. Usually, a good weekly watering will do. Feed lightly on a monthly basis using a complete fertilizer.

This plant can be attacked (though rarely) by red spider or mealy bugs and Kethane for the mealy bugs and Kelthane for the red spider will stop the infestation.

GIRL TO HIGGINBOTTOMS

Mr. and Mrs. Donald Higginbottom are the parents of a daughter born July 14, at 8:28, in Crockett County Hospital in Ozona. She weighed 7 pounds and 4 ounces and has been named Jacklyn Denise. She has a sister and a brother.

Grandparents are Mr. and Mrs. David Auelano of San Angelo, and Mrs. Walter Higginbottom. Sara R. Rios is a great grandmother.

Duplicate bridge winners

Evert White and Kitty Montgomery won in Duplicate Bridge Club play Saturday at the Country Club. In play Sunday Mrs. Sherman Taylor and Mrs. Dale Bebee were the winners.

BROWN FURNITURE will be closed on Saturdays until further notice. 20-4tc

MRS. RANDY LYNN ALLEN ...nee Michelle Jones

Mrs. Deaton hosts bridge

Mrs. Buster Deaton was hostess for bridge at the Country Club Thursday.

Mrs. Sherman Taylor won high, and Mrs. Deene Holden, second high. Mrs. Lowell Littleton won the bingo.

Others playing were Mrs. Bob Bailey, Mrs. George Bunker, Mrs. Billy Carson, Mrs. Duane Childress, Mrs. Joe Clayton, Mrs. J.J. Marley, Mrs. Beecher Montgomery, Mrs. Douglas Moore, Mrs. J.B. Parker, Mrs. Jake Short, Mrs. Evert White, Mrs. Charles Williams, Mrs. Jack Williams, Mrs. Jim Williams, Mrs. Dick Kirby and Mrs. Rip Sewell.

MISS KERBY HONORED WITH BRUNCH

Miss Phillis Kerby, bride-elect of Lynn Lewallen was honored with a bed and bath brunch Sunday in the home of Mrs. Tommy Conner. Other hostesses were Mrs. Fred Deaton, Mrs. Charles Farris, Mrs. Glen Baker, Mrs. Dale McAllister, Mrs. Ricky Crawford and Miss Lida Tillman.

Leta Powell returned last week from a tour of Europe.

GIRL TO BAILEYS

Mr. and Mrs. Jim Bob Bailey are the parents of a daughter born at 12:00 noon, Tuesday, July 22, in Shannon Hospital in San Angelo. The little girl weighed 6 pounds and 2 1/2 ounces and has been named Sunny Jon. The Baileys have a son, Tres, 1.

Grandparents are Mr. and Mrs. Bob Bailey and Mr. and Mrs. Nolan Davis of Seymour.

CARD OF THANKS

We wish to express our thanks in our time of sorrow at the death of our loved one Miguel P. Porras. Thank you for the food and floral arrangements. May God Bless you all.

The Family of Mike Porras

Mr. and Mrs. Bill Ivy of Fairfield, Texas were houseguests of Mr. and Mrs. Jerry Perry last weekend.

Gen. and Mrs. George Cannon and daughter, Jeanette, spent last week here visiting her sister and her husband, Mr. and Mrs. Tom Montgomery.

For a feeling of spaciousness in a room, select furniture, draperies and accessories with a similar color value--preferably light.

Miss Jones Mr. Allen wed Sat

Miss Michelle Elaine Jones became the bride of Mr. Randy Lynn Allen in a 7 o'clock ceremony July 19, in the Ozona First Baptist Church. Bill Morrison of Lamesa, former Ozona Church of Christ minister, performed the ceremony.

Parents of the couple are Mr. and Mrs. Selden Jones of Odessa, and Mrs. Lester Allen.

The bride, given in marriage by her father, wore an A-line silhouette gown of silk organza and Chantilly lace. The fitted bodice was overlaid with lace. A sheer Brussels embroidered yoke edged in Peau D'Ange lace was highlighted with bridal pearls. Lace traced the contoured neckline, waistline and bordered the center of the bishop sleeves.

The bride carried a traditional colonial nosegay of white carnations, yellow carnations, white roses, with baby's breath and lemon leaf.

The A-line skirt was highlighted with pearl and lace appliques and formed a point in front which matched the full length Chantilly lace panel in the back which formed the cathedral train. Peau D'Ange lace traced the entire hemline.

A matching pearl and lace camelot held her lace edged waltz-length veil.

Lesa Pearl served as matron of honor. Serving as bridesmaids were the bride's sisters, Mrs. Bobbie Bollinger of Plano and Miss Elizabeth Jones of Odessa, and Miss Cindy Burney of Lone Oak.

The attendants wore gowns of yellow crepe in an A-line with scoop necklines, with a yellow caplet collar. They wore white hats trimmed in yellow, and carried nosegays of yellow carnations and white daisies.

Mr. Byrl Allen, brother of the bridegroom, served as

best man. Groomsmen were Mr. Melton Allen of Williston, North Dakota; Mr. Wayne Allen of Carlsbad, N.M., and Mr. Cliff Williamson.

Ushers were Mr. Duane Williamson, Mr. Weldon Nicks, Mr. Terry Bolinger of Plano, and Mr. Cliff Babbitt.

The church was decorated with dozens of twinkling votive candles and banks of greenery. The baptistry, lined with fronds of flat fern and boughs of lemon leaf with votive candles was the focal point of candlelight. Large palm trees and fan candlebras highlighted the front section of the Chapel.

Miss Sheri Moody sang "You Light Up My Life," and "Twelfth of Never," accompanied at the piano by Miss Erica Lee.

A reception followed the wedding.

The couple will be at home in Ozona, following a trip to Houston. The bride, a 1978 graduate of Ozona High School, is a bookkeeper in an oilfield supply company. Her husband, who is also an Ozona High School graduate and attended ASU for two years, is an oil company employee.

Out of town guests included Mrs. Mary Burney of Andrews, Mrs. Elizabeth Jones, Miss Robin Wesson, Mr. and Mrs. James E. Jones and family, all of Odessa; Mr. and Mrs. Howard Hamman of Gardendale, Mr. and Mrs. Bud Burney of Andrews; Mr. and Mrs. R.J. Hillier of Knoxville, Tenn.; Mrs. David Newman of Knoxville; and Mr. and Mrs. Travis Burney of Lone Oak.

Pre-nuptial parties honoring the bride included a kitchen shower at the Granny Miller Hall, hosted by Mrs. F.C. Schroeder, Mrs. B.R. Bell, Mrs. R.W. Adcock, Mrs. S.E. Carnes, Mrs. Don St Clair, Mrs. Raymond Pier-

son, Mrs. Oscar Weaver, Mrs. Catherine Cervantez, Mrs. Elano Moran and Mrs. Chester Wilson. Also a coffee in the home of Mrs. Tite Bishop. Other hostesses were Mrs. Ivy Smith, Mrs. Sam Perner, Mrs. Ronnie Pearl, Mrs. Doyle Easterwood, Mrs. Charles Huffman, Mrs. Jerry Perry, Mrs. Erby Chandler, Mrs. Hank Wellman, Mrs. Jim McCullum, Mrs. R.J. Everett and Mrs. Charles Preddy.

A plant and lingerie shower in the home of Ms. Lesa Pearl. She was assisted by Teresa Brown, Jeannine Perry, Regina Everett, Debbie Whitley, Lucy Perner, Gigi McKinney, Rhonda Yeager and LaDawn Adcock.

Mrs. Orvil Maney was back at work at the Village Drug Monday after spending a month with her family in Germany.

A REAL VACATION

They had waited for this real vacation — this long trip — for years. But this time it was different, this time he wouldn't be going back to his job.

At first, retirement seemed frightening, like being shut off from the mainstream of life. He had seen too many men age beyond their years, after their career ended. He had no wish to be on the sidelines. He and his wife could have moved to a warmer climate and just have taken it easy. He didn't want that. So, before he left home, he had a long talk with his minister.

He found that there was plenty a man his age could do. Financially secure, he could afford to volunteer for a job. In fact, through the Church there was work he could do that would spread to the farthest corners of the world.

Right now, he is enjoying this vacation. He is savoring every moment of it. Because, when he gets home, he's going to lead a full and useful life. And that's the way he wants it.

Motorcycle driver's training courses set

"The San Angelo Independent School District through its Drivers Education Department will begin offering "Motorcycles Drivers Training" courses beginning July 28, 1980," announced Bill Purser.

Persons interested in enrolling in the course should call 658-3511 extension 4231 or come by the Drivers Ed office at Central High School. Enrollment is also open to adults. Cost for the course is \$30.00 and the course is 20 hours of classroom and off street handling of bikes.

A law which becomes effective January 1, 1981, states "The Department of Public Safety may issue a special restricted operator's license to any person be-

tween the ages of fifteen (15) and eighteen (18) years to operate only a motorcycle, motor scooter or motorized bicycle, with less than one hundred twenty-five (125) cc piston displacement; provided such person has completed and passed a motorcycle operator training course approved by the Department. Upon reaching the age of sixteen and having completed the above course, the 125 cc restrictions shall be removed without completing any further motorcycle courses."

Operators of motor-assisted bicycles (Mopeds) must be at least 15 years of age and obtain an operators license to legally drive them on the street.

By offering the motorcycle course at this time several classes can be completed before school starts and before the new law becomes effective.

"The courses will be offered at different times so persons who work and wish to take the training will have the opportunity" said Bill Purser.

"Anyone from out of town may take the course and we welcome them" continued Purser. Big Spring and Midland are the only other places the training is being offered in this area.

The course is being made available through the cooperative efforts of the Motorcycle Safety Foundation, the Honda and Yamaha Motorcycle companies and their local dealer, Cycles Unlimited, Traffic Safety Section of the State Department of Highways and Public Transportation and the San Angelo Independent School District.

Pecan spraying moves to north

Spraying for scattered and light second generation pecan nut casebearers moved northerly this week in Texas to a line stretching from Palestine to San Angelo.

Pecan growers participating in integrated pest management (IPM) programs in the Richmond and Palestine areas have withheld control measures for this pest due to egg lay levels below 2 percent, points out John N. Cooper, pecan pest management agent with the Texas Agricultural Extension Service, Texas A&M University System. He recommends a control program when the 2 percent egg lay level (eggs on two nutlet clusters of each 100 checked) is reached.

Cooper adds that isolated heavy pockets of first generation pecan nut casebearers also signal the need for egg surveys to determine the actual level of infestation in specific orchards.

Stem end blight, a fungus disease which causes major pecan losses each year, may result in heavier damage

than usual for trees stressed by lack of moisture. Growers should survey nut development for the water stage, and when the first sign of liquid is seen they should spray with benomyl (Benlate) at the rate of one pound per acre, Cooper recommends. Applications should be repeated in two weeks.

There's good news for pecan growers in western parts of the state, where low activity of yellow aphids is reported. Generally by mid-July they have reached a peak.

Although black aphids are not expected in large numbers before August, there is a possibility of a rapid increase at any time. Black aphids have been reported thus far in pecan orchards at Uvalde and Luling.

A level of five to seven black aphids per leaf is considered sufficient to warrant control measures. Growers should begin spraying with an insecticide labeled for use on this pecan pest when black aphids reach this level, he recommends.

BROWN FURNITURE will be closed on Saturdays until further notice.

Factors influence cattle prices

Why the bottom dropped out of the swelling cattle market of late 1979 and early 1980 could be the biggest question of the year for both economists and producers. Usually consumer demand is related to lower prices and uncertain markets, but this time consumers are not the only factor in the lower-than-anticipated prices. Dr. Edward Uvacek, Jr., economist in livestock marketing for the Texas Agricultural Extension Service, Texas A&M University System, says information from an analysis conducted by Dr. John Ikerd and Dr. Keith Scarsee with the Oklahoma Cooperative Extension Service may shed some light on the problem.

Uvacek said consumer demand for beef has probably concerned cattlemen as much over the past several months as at any time in recent history. Recurring questions—such as are consumers losing their tastes for beef—continue to plague plans for future beef production.

Will consumers be able to spend the same portion of their income on beef when higher gasoline and heating oil prices take a greater share of a family budget? Will the recent DES quarantine have a negative impact on consumer acceptance of beef? What about unusually high interest rates for both con-

sumer and producer? How does the grain embargo affect production?

More important than all these fears and questions, said Uvacek, is the undeniable fact of unprofitable and disappointing cattle prices thus far in 1980. He said if lack of demand results in large cattle losses, the question is no longer philosophical, but rather a practical matter of dollars and cents.

He emphasized that demand for beef is not just consumption. It is related to both the price and quantity of beef purchased. A large quantity of beef consumed does not mean the same thing as a strong beef demand.

The quantity consumed in any given year will be whatever is produced. For example, there was a record amount of beef consumed in 1976, almost 130 pounds per person, but that does not mean that 1976 was a great beef demand year.

Neither do high beef prices necessarily mean a strong beef demand. Prices may be high simply because supplies are scarce.

For example, in 1979 beef prices were higher than at any time in recent history. But, beef supplies also were smaller in 1979 than at any time over the past decade. So, why does beef demand vary from strong to weak and

back again on a seemingly random basis? Uvacek said an obvious reason for the variation is related to supplies of competing meats like pork and poultry.

When supplies of other meats are plentiful, their prices are relatively lower than beef and, therefore, consumers shift purchases from beef to competing meats. As a result, he said the quantity of beef purchased at a given price will fall as will prices for a predetermined beef supply.

He said pork supplies so far this year have continued to run well above levels earlier anticipated. Poultry supplies have also persisted at high levels. This, said Uvacek, has somewhat depressed the demand for beef.

Current forecasts indicate that supplies of both pork and poultry are expected to decline later in the year. As the supplies of competing meats fall, he said, there likely will be a strengthening in beef demand, in spite of a continued weakness in the economy.

There may well be some

reason to be concerned about the continued strength of beef demand in the long-term future as consumer's attitudes toward beef, and meats in general, change. But, he said, basic attitudes take a long time to change.

According to Uvacek, there is nothing wrong with the demand for beef right now that a little less availability of pork and chicken and a little stronger economy wouldn't cure.

BIOFEEDBACK USED TO CURE COMMON HEADACHE

A Texas A&M University graduate student is refining a treatment for the common headache that's more effective than aspirin and costs nothing.

Doctoral candidate Fred Drummond says he can teach people who have recurring headaches to control them by using biofeedback, a technique which helps people recognize how the body is reacting to stress situations and control its responses.

Tension headaches are caused by holding forehead muscles taut over a long period of time, he said. The idea is to learn to recognize when a headache is coming and learn to stop it by relaxing tensed muscles.

Select vinegar carefully

Read the label carefully when selecting vinegar for making pickles, advises Mary K. Sweeten, a foods and nutrition specialist.

Buy vinegar for pickles that is between four and six percent or 40 to 60 grains (one percent vinegar is equal to 10 grains), she recommends.

Some vinegar on the mar-

ket is 100 grain vinegar (or 10 percent vinegar).

To dilute 100 grain vinegar to five percent or 50 grain vinegar, add an equivalent amount of water.

Never use homemade vinegar.

Also, don't reduce the amount of vinegar in recipes developed for a certain percent vinegar.

In other words, follow directions exactly, the specialist urges. A too-weak acid will result in an unsafe pickled product, Mrs. Sweeten adds.

If a less sour pickle is desired, add sugar rather than decrease the vinegar. It is very important that each pickle recipe have the right ratio of food to acid to obtain a safe acid balance, she explains.

OHS class reunions successful

Around 235 people from the Ozona High School classes of 1969 through 1973, were on hand for class reunions over the weekend. The site for the all-classes barbecue and dance was changed from the rodeo arena to the big hanger at the airport, due to a conflicting roping.

Eighteen persons and their families from the class of 1972 were on hand for a party at the Harold Shaw home Saturday afternoon. A luncheon at the Civic Center at noon for the class of 1971, entertained 20 class members and their families.

Around 235 persons attended the barbecue and dance. Trophies were given in several categories. Ned Henry of Houston got the trophy for coming the farthest to attend the reunion. Dennis Clark was named the class member who had "changed the most." Debra Wellman West had "changed the least," so the crowd decided, and Sandy Mayfield Montgomery got the prize for having the most children.

SMALL FASHIONS will be closed on Saturdays during the month of July only.

Missing Austin Girl Sought

Parents of Elaine McCuiston have issued an appeal to Texas newspaper readers to assist in locating the missing girl—or obtain information that might lead to her whereabouts.

The Austin teen-ager was last seen the morning of Friday, June 27, in northeast Austin riding her white bicycle.

Currently her father, Don McCuiston, states that a reward of \$5,000 for information leading to the arrest and indictment of person or persons involved in the possible abduction of Elaine is offered.

He is offering \$200 for eyewitness details of the incident or for clues leading to finding Elaine.

A nationwide hunt by various law agencies is underway, but McCuiston wanted to reach the readers of newspapers in a further effort to find his 16-year-old daughter.

When last seen the 5' 4", 125-pound girl, with hazel eyes, light brown hair, light freckles, was wearing white shorts, blue top and brown sandals.

She was reported missing after she failed to turn up at her mother's home around 11 a.m. She had been painting at her father's house and was riding her bicycle home to help take care of a stepbrother who had just had his wisdom teeth pulled. Then she disappeared.

The bicycle was found mangled in the middle of the road. It had apparently been

Elaine McCuiston

run over by a vehicle and dragged more than 30 feet before being left in the road. Engine grime was on the bike, but no blood was found. The only thing found was Elaine's purse.

McCuiston believes his daughter was abducted. He insists that she isn't a runaway. She had been very excited in the days before her disappearance—making plans to go to Europe with her grandmother later this month.

In addition, on the day she disappeared she had made plans to meet a friend later

and go shopping.

According to a friend, Elaine had been in a good mood prior to her disappearance.

Persons with any sort of information—"any kind," said McCuiston—are urged to contact the Travis County Sheriff, Austin police or the Department of Public Safety. McCuiston said even a call to local law officers in any area of the state would be appreciated.

McCuiston is appealing to all Texans to help him find his daughter. He may be reached at 512/836-5295.

Porras services today

Funeral services for Miguel D. Porrás, 64, were held this morning, Wednesday, at 10 o'clock, in Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery.

Mr. Porrás died Sunday at 8:45 a.m. in Shannon Hospital in San Angelo following an illness.

He was born May 3, 1916 in Colorado City and has been a resident of Ozona the past 51 years.

He was a veteran of World War II. He spent 31 years as a service station attendant. He married Florencia Tambunga July 11, 1949, in Ozona.

Survivors include his wife, of Ozona; four sisters, Mrs. Maria de Avila of Los Angeles, Calif., Isabella Porrás, Mrs. Manuela Ortiz and Mrs. Ramona Cordosa, all of Bakersfield, Calif.; one brother, Lotherio Porrás of Calif., and numerous nieces and nephews.

Mr. Dorris buried here Tuesday

Funeral services for Leonard L. Dorris, 73, were held Tuesday at 2 p.m. at graveside in Cedar Hill Cemetery under the direction of Sheppard Funeral Home.

Mr. Dorris died Monday at 5:45 a.m. in Crockett County Hospital.

He was born July 8, 1907, in Bay City. He was a member of First Baptist Church.

He is survived by his mother, Mrs. Clara Dean of Bolling; two sons, Lonnie Dorris of Ozona and Kenneth Dorris of Bay City; a sister, Velma Harris of Francis; a brother, James Black of Bolling, three grandchildren and one great-grandchild.

ENGAGEMENT ANNOUNCED—Regina Adams and Joseph Robert Valadez announce their engagement and approaching marriage. Miss Adams is the daughter of former Ozonans, Mr. and Mrs. Jim Adams. He is the son of Mr. and Mrs. Ray Valadez of Ozona. She is a 1980 graduate of Ozona High School. He attended Ozona High School and is in the painting business with his father. The wedding will take place Sept. 20, at Johnson Street Church of Christ in San Angelo.

Ozonans receive degrees

More than 2,000 students at Texas Tech University received degrees in commencement exercises at the university at the conclusion of the 1980 spring semester.

Among them were two from Ozona. Nora L. Perner and Linda N. Vancil.

Texas Tech University has an enrollment of more than 23,000 students in six colleges: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics. There also are a Graduate School and a School of Law.

Mr. and Mrs. Oscar Kost returned last week from a trip to San Francisco and Las Vegas.

Apparel was the only United States manufactured product that did not experience double-digit inflation during 1979.

Hierholzer to ASCS Conference

E.J. Hierholzer, Crockett County ASCS Executive Director, will attend the 1980 Texas State ASCS Conference which will be held in Lubbock at the Memorial Civic Center on July 23-24. He will join the Texas State staff members and personnel from the 235 county offices in Texas that serve the Texas farmers and ranchers with programs administered by the Agricultural Stabilization and Conservation Service.

Hierholzer said that the

two-day conference will enable participants to converse with the Washington, D.C. ASCS representatives on a one-to-one basis and to participate in scheduled panel meetings to cover each specific program administered by the Crockett County Office. The local ASCS office will remain open for business as usual during the conference period.

The conference will be hosted by members of the Texas ASC Committee: John D. Smith, Chairperson, of Sudan, Texas, and Members

Joe E. Chapa of Linn; Edward L. Lehman, Jr. of Vernon; Max B. Rotholz of Wharton; and G. Ray Sawyer of Hillsboro. Stephen J. Pringle, the State Executive Director, advised the local office that 1,650 people have registered for the conference. The conferees include personnel from other areas of agriculture and representatives from Texas commodity groups.

Royals sweep games

The Ozona Royals swept a double-header from the San Angelo Red Devils Sunday, winning the first game 14-6 and the nightcap, 11-9 in extra innings.

Jimmy Ortiz won the first game, allowing 5 hits, including a home run, while striking out 8 and getting hitting support from all the Royals, including 2 home runs by Hector DeHoyos and driving in 8 RBIs.

In the second game the Red Devils scored 3 runs in the first inning of starting pitcher Rudy Martinez. Ben Badillo took over the mound in the second inning and the Devils scored 4 more runs to take a 9-1 lead. The Royals

scored 2 in the fourth and 2 in the fifth, including a home run by Romaldo Cervantez. The Royals tied the game in the top of the seventh at 9-all. Ortiz came in and pitched the last two innings, not allowing the Devils to score again while the Royals scored two more runs for the win.

Ortiz got the win while DeHoyos, John Galvan, Orlando DeHoyos and R. Cervantez led the hitting attack.

The Royals will go for their eleventh win in a row and their third championship in a row when they participate in the Sonora Red Sox tournament Sunday, July 27.

Crockett County Care Center News

by Joan Nicholas - Director of Activities & Social Care

I didn't mention in the last column about a special treat we had a week ago Saturday.

"His New Creation" gospel singers from Houston came to give a program for us; they have been here before and we were thrilled to learn that they were going to entertain us again and we certainly thank the Rev. Polson of Calvary Baptist Church for bringing them out.

This time they had their teenagers with them who set up their stage and gave a very good puppet show very much along the lines of the famous "Muppets." The dialogue was on tape and they worked the many characters in mime. The skit, of course, had a valuable Bible inspired message.

Residents were invited to join in some familiar choruses with the singers, and enjoyed music by their talented pianist who, incidentally, played at one time with Stan Kenton's jazz group before taking to the road in an entirely new quest on this Christian mission.

In Reading and Discussion group we went from Readers Digest and Grit humor and jokes to a "Good Old Days" magazine and read a true story about a young German girl brought over from the mother country as a servant to a very hard master and the owner of a tavern and hotel in a frontier town somewhere in Kansas. This man was quite cruel and her life was made miser-

able. Then one day a young man came in and asked her if she would like to go to his mother's house and take care of her. She felt there was no way her master would release her, but the young man went to him and must have been quite forceful because she was told she could go. She was very happy at the house on the hill and was ever grateful to this kind man. Who was he? The notorious Jesse James, which goes to prove that there is some good in the worst of us!

Changing the subject entirely we came back to the present and the Republican

Crockett Co. Hospital News

Convention. I tried to fill everyone in about the debacle over "Is it Ford?" versus "Is it Bush?" to be chosen by Reagan as his running mate, since all that carrying-on was well after most folks' bedtime at the Center. I was asked if I would help them follow the various campaigns as they shape up; so I must be very careful to give a totally unbiased presentation as the various events occur!

The Crepe Myrtle in the backyard has been blooming so beautifully for about two weeks and has been much admired by our residents. Since I put out bird seed through the glass door from the day room each day, the various birds come in very close and are also an attraction for our people, and, keeping the humming bird feeders filled on both patios is a major job!

Another surprise revealed Monday morning was that our Siamese kitty has another family and has finally brought them out of hiding for it must be weaning time. I spotted three darling little Siamese kittens playing in the bushes; we would love to have someone give these precious felines a good home. If you can catch 'em, you can have 'em! They will make adorable pets once they are tamed. First thing in the morning would be a good time to find them.

Bingo winner last week was Bernarda Aguirre receiving the gift certificate donated by Clayton's Village Drug. Next in line for prizes tying for second places were Tomasa Ramos, Louise McWilliams, Vera Miller, Evelyn Bryant, and Gertrude Daniels.

Gertrude Daniels and Juana Hernandez played Toss Across Monday morning and Gertrude won. Playing dominoes were Maudie Pettit, Evelyn Bryant, Bertha Miller and Louise McWilliams. Bertha won and Evelyn was second.

Dorothy Doll has given us another beautiful crocheted Afghan for a special prize, and I am holding it for a week or two (so we won't get too spoiled) and then we will have another blackout game. She also gave us some body powder for another prize. Thank you, again, Dorothy.

Maudie Couch has been busy again and repaired a number of our bibs, furnishing the materials. She also made several more new ones. We appreciate this so much. Thank you!

There will not be a column next week as I leave Friday for San Antonio and Port Aransas for a vacation. I pray for cool breezes from the ocean! While I am gone, Lottie Lee Baker has agreed to lead the Bible Class on Wednesday morning.

If the name fits, answer

What's in a name? "Everything," says Dorothy Taylor, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"A name is a person's label, and hopefully it gives an insight of what is inside," she explains.

People who are happy with their names usually approve of the kind of person they are, personality studies indicate.

In addition, people who dislike their names tend to be dissatisfied with themselves or have low self-esteem.

Men particularly prefer common names, while women show a preference for distinctive, uncommon names that have a pleasing sound.

Women also prefer names that indicate they are someone special, the specialist continues.

"Parents tend to name children after relatives. This practice is more common for boys than for girls."

"Often times, extremely unusual names are inherited in this manner," Ms. Taylor points out.

Children and their social acceptance are often related to their label or name. Popular names.

Children with bizarre and unusual names are often regarded as different, strange or peculiar, she adds.

Many adults find it difficult to call in-laws by name. "It's not that they don't like to acknowledge in-laws as human beings—it's just easier to evade the issue by not calling them anything," Ms. Taylor contends.

"A name is a name is a name—a person by any other label probably would not be the same."

Debra Says

By Debra Price

Athletics usually mean profuse sweating. Watch sodium and potassium when this occurs.

During the hot summer, profuse sweating—particularly in the athlete, can lead to deficits of the principle minerals, sodium and potassium.

Amounts of these two minerals in sweat varies from one person to another by the amount of exercise, temperature and humidity. Ranges of concentration may vary widely, in fact.

An ordinary diet may furnish from six to 10 grams of salt (sodium chloride).

However, during periods of profuse sweating, an intake of 13-15 grams of salt is recommended daily.

A person may increase the sodium intake by using more salt at the table and by eating foods with a high salt content, such as salted crackers, chips, nuts, pickles, olives, sauerkraut, cheeses and cured meats.

One-half teaspoon of salt contains about one gram of sodium.

Liberal amounts of water should accompany increased sodium.

Increased sodium can lead to potassium depletion, too, so the athlete should select foods to meet energy needs from foods also rich in potassium.

These include bananas, melons, prunes, prune juice, orange juice, baked potatoes, lima beans, tomatoes, winter squash, dried peas and beans, beef round, turkey and hamburger meat.

Be careful about using potassium and sodium (electrolyte) supplements as well as salt tablets.

The American Dietetic Association recommends that potassium and sodium (electrolyte) supplements be used only on the advice of a physician.

Salt tablets are not recommended as they can cause nausea, vomiting and gastric distress.

Excessive salt intake caused by overuse of these supplements may increase the strain on the kidney and without adequate fluid intake, they can lead to dehydration.

Dehydration can be dangerous—even fatal.

COW POKES

"Cowboy Outfitters"

Keep your face young

Keep your face "young" to look your best in the '80's, says Becky Saunders, a clothing specialist.

An awareness, and then avoidance, of specific routine habits can help reduce premature aging of the face.

The following outlines some of the causes of an "older than you would like" appearance:

Wrinkling your forehead and raising your eyebrows often causes horizontal forehead grooves.

Knitting brows when angry or thinking results in scowl lines.

Frequent squinting produces crow's feet.

Frequent smoking causes premature wrinkles above your upper lip and around the eyes.

Tugging eyes when applying eye makeup results in drooping eyelids.

If you chew on your upper or lower lip, then you have curved lines surrounding your mouth.

Overindulgence in alcohol produces dilated or broken blood vessels.

Yo-yo dieting can wreck your complexion.

Too much sun causes leatherized skin.

Rapid weight loss results in saggy, baggy skin.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 12, 1980, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish an 11.65 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

I BET YOU DIDN'T KNOW

By Jerry Lay
Here's an amazing fact about the manager of the Baltimore Orioles, Earl Weaver. In his last 22 years as a manager, Weaver's teams have never finished under .500 starting with Dublin in the Georgia-Florida League in 1958, every one of Weaver's teams, so far, in the majors and minors, has won more games than they lost for a complete season. Will that streak continue this year?

*** One of the most unbelievable pitching performances of all-time was one by Stanley Coveleski, who pitched in the majors from 1912 to 1928. In one game, Coveleski--incredibly--went 7 innings without ever throwing a called ball. Every pitch he threw was either swung at or was a called strike. No other big league pitcher ever had that much pin-point control for that long a time.

*** What's the longest game, by innings, ever played in pro baseball? On June 14, 1966, in the Florida State League, St. Petersburg (managed by Sparky Anderson) and Miami set the all-time record with a game that went 29 innings. They played the equivalent of 3 full games plus 2 more innings. The game took 7 hours to play.

*** I bet you didn't know...L-B Motor Co. will help you when you are ready to trade or buy. They have Oldsmobiles, Pontiacs, Chevrolets, Cadillacs and Buicks to choose from or can order what you want.

We Suggest a Safe Deposit Box.

There are many convincing reasons for a safe deposit box. But the best one we know is the complete peace of mind it gives you to realize that your valuables are safeguarded day in, day out, every day of the year! The cost is insignificantly small when you compare it with the replacement value of your possessions... if indeed they can be replaced! We will be happy to arrange for the rental of a box with you. When you're here, ask about our other services.
