## Montgomery buried here Tues.

Graveside services for William Childress Montgomery, Jr., were held Tuesday afternoon in Cedar Hill Cemetery under the direction of Sizemore Funeral Home.

Montgomery was killed in a plane crash near Austin Friday morning around 1:00 o'clock. Services were held at 10:00 Tuesday morning in Houston.

Survivors include his wife, Donna M. Montgomery; a daughter, Sharon Ann; two sons, W.C. Montgomery III and Craig Taylor Montgomery; two brothers Bob Montgomery and John Montgomery, and his mother, Frances Montgomery, all of Houston.

## Voter registration deadline

Persons planning to vote in the No. 4, general election must be registered by October 6, at the tax office, if they do not have current registration. The deadline is especially important to persons who have recently moved to Ozona and plan to vote here. It will be necessary to re-register as a resident of this county, otherwise in order to vote, an absentee ballot must be secured from the voter's previous place of residence.

Besides a full slate of candidates from President down, Texas voters will have nine proposed amendments to the constitution to approve or disapprove. Copies of the proposed amendments have been printed in the Stockman the past two weeks.

## 16 booths taken for carnival

Sixteen civic groups and organizations have signed up for booths for the Halloween carnival, sponsored by the Chamber of Commerce and to be held in the park October 31, according to chamber manager Beth Boyd.

Mrs. Boyd said more booths are available and anyone wishing to participate may contact her at the chamber office.

MECHANICAL BULL gives cutting horses a good workout at the Bishop Roping and

Playday held at Bishop Arena Sunday. Several cowboys look on as Tite Bishop

operates the bull. Missy Bishop is working the horse. Shortly after the picture was

snapped Missy took a bad fall, but got up and remounted like the trooper she is.

## Ozona Lions humiliate Brackett Tigers 36-0

By James Pagan

Ozona's Lions smashed the Brackett Tigers Friday night 36-0, while not allowing the Tigers to penetrate the Lion 20-yard line. Lion fans saw a much improved team. The defensive unit was outstanding all night and the offense was really cracking.

The Lions will be in Alpine for a tilt with the Bucks Friday night. They expect a tough battle and will be looking for their second victory of the season.

Lion fans saw their team score five touchdowns on the home field Friday night. The first score came midway in the first quarter when the Lions drove downfield and scored Kim Tambunga from 15 yards out. Will Mason split the uprights for the extra point and the Lions were out ahead for the duration.

Late in the first period the mighty Lions struck again. The Lions got the ball in Tiger territory after a short punt, and two plays later

Varlyn Aldridge tossed the ball to Larry Payne for 26 yards and another Lion score. Aldridge passed to Tambunga for the 2 point conversion.

The Lions added one more score in the first half when Ernie Borrego ran in from 2 yards out. Mason again added the PAT and the Lions led 22-0 at the half.

The fourth score of the night was set up when defen-

sive back David Badillo intercepted a Tiger pass at the Brackettville 33 yard line and ran it to the Tiger 7 yard line. Harvey Hurreca got the score from 3 yards out. Will Mason, with his sure toe, tacked on the extra point.

A bad punt by the Tigers on their own 26-yard line resulted in a Lion first down on the tiger 13-yard line. Louis Bunger got the score from 1 yard out with 4:34 left in the game. Rudy

Martinez added the extra point for the final score of the game.

Beth Sadler was the winner of the Stockman football contest for the week. She won out of a field of 26 entries.

Interest in the contest has picked up weekly. All Ozona residents are eligible, with the exception of the Stockman staff. You will find the contest on the football page, sponsored by Ozona merchants.

## Lawrence to drill No. 3 Halff

C.F. Lawrence & Associates Inc., Midland, will drill the No. 3 Halff "62" as a 1,500-foot west stepout to the two-well Haflaw (Queen oil) field of Crockett County, six miles southeast of Iraan.

Location is 467 feet from the north and 7,200 feet from the east lines of 62-1-1& GN. Contract depth is 1,700 feet; ground elevation, 2,165 feet.

Oil production was extend-

ed 3 1/8 miles east in the Crockett portion of the Farmer (San Andres oil and gas) field with completion of Exxon Corp. No. 1 State University "EE", 1 1/4 miles northeast of San Andres oil production in the Block 47 field, separated by depleted producers and 2.6 miles south of Barnhart, for five barrels of 40 gravity oil, plus 294 barrels of water, with gas-oil ratio of 88,800-1.

Production was through a 24-64-inch choke and perforations at 1,667-69 feet, which had been acidized with 2,000 gallons and fractured with 34,000 gallons and 40,000 pounds of sand.

Scheduled as a wildcat, it was drilled to 2,182 feet, with 4 1/2-inch casing set at 2,180 feet, the plugged back depth.

Location is 1,980 feet from the south and 1,320 feet from the west lines of 9-44-University Lands.

## 4-H Club officers elected

The Crockett County 4-H Club officers and class delegates were elected at the Monday night meeting. Sue Ellen Black will serve as president, Cindy Reavis, vice president; Michelle Couch, secretary; Kristal Williams, reporter, and Dan Bean, district delegate.

Elected as class delegates for the 1980-81, 4-H Council will be: Katy Cameron and Stacy Lay, 4th grade; Todd Jones and Will Seahorn, 5th grade; Gena Allen and Vickie Reagor, 6th grade; Bonnie Cameron and Andy Dews, 7th grade; George Guerra and Christy Parks, 8th grade; Curt McPherson, 9th grade; Lydia Hayes, 10th grade; Wendy Hood, 11th grade, and Will M. Black, 12th grade.

The annual 4-H awards program and supper will be Saturday, October 11, 7:00 p.m. at the Civic Center.

## Bishop roping is big event

Cowboys and cowgirls came from miles around to the annual Bishop Roping and Playday at Bishop Arena Sunday. The event was the most successful yet and by midnight contestants and fans had polished off pounds of barbecued brisket, gallons of beans and potato salad.

Tite and Gloria Bishop started the annual event several years ago and it has grown each year along with improvements to the arena located at 310 Owens St. Buckles were given to first place winners and spurs to contestants placing second. Other events were jackpot.

Divisions included Pee Wee for contestants 12 and under, junior, for contestants up to 18, and senior for all entries over that age.

Complete results were as follows: Placing in Pee Wee Barrels were Fleet Worthington, first; Tammy Stokes, second; Tessa Worthington, third.

Fleet Worthington took first place in Pee Wee Poles, Tammy Stokes, second, and Terry House, third.

In the Pee Wee Kid and Daddy Race Fleet Worthington and Vance Worthington were first place winners. Junior Barrels winners

were Kim Martin, first; Laurie Martin, second, and Jody Everett, third.

Kim Martin was first in Junior Poles with Laurie Martin, second, and Cody Sutton, third.

Junior Flags places were Jody Everett, first; Kim Martin, second, and Cody Sutton, third.

Winning in Junior Goat Tying were Kim Martin, first, and Laurie Martin, second.

Senior Goat Tying winners were Kim Bishop, first; Christi Parks, second, and Ira Childress, third.

Open Barrels places were Kim Martin, first; Laurie Martin, second, and Jody Everett, third.

In the Senior Barrels event Kim Bishop was first; Missy

Bishop, second, and Donna Comer, third.

Senior Poles places were Donna Comer, first; Ira Childress, second, and Jody Everett, third.

Placing in the Bionic Steer Roping were Jimmy Powers, first; David Bean, second; Tony Renfro, third, and Ben Ingham, fourth.

Mixed Team Roping places were Dan Bean and Candy Watts, first; Houston Powers and Candy Watts, second; Lloyd Comer and Candy Watts, third; Tite Bishop and Melinda Hokit, fourth.

In the Open Team Roping event Jimmy Powers and Ben Ingram were first, Dan Bean and Rick Hunnicutt, second, and Charlie Boy Davidson and Joe Bean, third.

## Jail fire charges dismissed here

Three months after the jail fire, which was a clearcut case of arson, one of the participants had charges against him dismissed in 112th District Court here Monday afternoon.

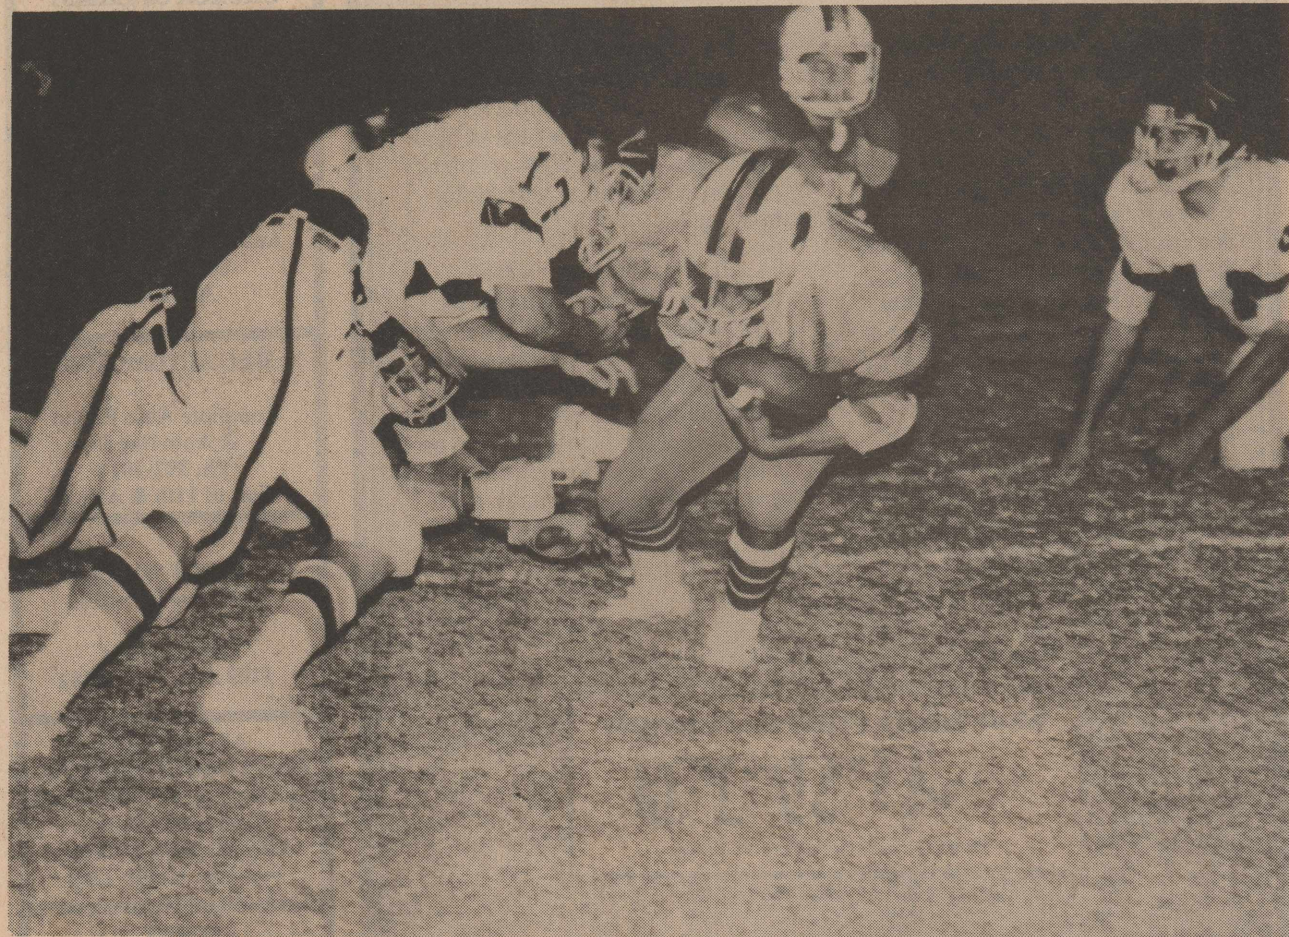

William Copenhaver and Jack Medina were jailed on charges of drunk and disorderly conduct around midnight on June 18. Shortly after midnight there was a fire in the jail which injured both men. The county fire marshal, after extensive examination, labeled the fire arson. Both men were taken by ambulance to Shannon Hospital in San Angelo. Medina, who was not injured but suffered from smoke inhalation, was released two days later and lodged in the Sutton County Jail. He later made a statement that he and Copenhaver set the fire to get attention. He was sentenced to two years in the Texas Department of Corrections.

Copenhaver who was burned seriously enough to

warrant a two-month stay in Shannon Hospital and in the burn center at Galveston, at the expense of Crockett County, gave several versions of the fire. He first told a San Angelo Standard Times reporter that a gas line exploded. He made several conflicting statements during the time he was under charges, such as detailing the windows in the jail. There are no windows in the jail. He also said he was arrested on the bus, but the two men were arrested in a restaurant after they had been evicted from the bus by the driver.

When he came up for trial Monday in District Court, the court found he had served his time on the original charges (drunk and disorderly), and dismissed the charges of criminal mischief in connection with the fire.

In other action, the court revoked the probation of Tony Borrego and he was remanded to TDC for three years.

UNIDENTIFIED LION goes in for one of the five touchdowns scored by the team here Friday night as they upended the Brackett Tigers.

WOMAN LEAGUE MEMBERS look over some of the art work shown last week at Ozona National Bank. The League sponsored the two-day event and up to fourteen pieces of art were sold.

The show was brought to Ozona by Scott's Wagon Trails Gallery in Pecos. Several artists had displays from water color to bronze art by Paul Tadlock. Examining one of the paintings, l. to r., are

Mrs. Randy Upham, Mrs. Gary Buck Mitchell and Mrs. Jack Probst. League members served refreshments each day and took turns working the show.

## Inflation—Symptoms and Remedies

by John W. Fisher

Staggering increases both in the cost of living and in the inflation rate have assaulted Americans in recent years and have led to a feeling of hopelessness on the economic scene. Once we understand the symptoms, the problems, though still difficult and complex, seem resolvable and remedies begin to appear.

Both the cost of living and the rate of inflation have risen so rapidly that American citizens, and economists as well, have begun to confuse the two. When the same bag of groceries that cost you \$10 in 1967 totals \$22 today, the distinction—between increases in the cost of living and increases in the inflation rate—may not seem very important. But if we are ever to get both under control, we must first see clearly what they are.

The Consumer Price Index measures the rise in prices by weighing increases and decreases in the prices of products and services which Americans use. The index is influenced by such elements as increased costs of imported oil, higher prices for farm products (which may well have been caused by bad weather and resulting poor crop yields), and installation of required pollution controls (control devices increase the cost of products by requiring production steps that do not increase productivity and may well reduce it). On the other hand, inflation in its real meaning measures the decline in the value of the dollar. The same groceries that used to cost \$10 now cost \$12 more.

The dollar declines in value for several reasons, most notably excessive spending by the federal government. When the government spends more dollars than taxes bring in, it "pays" for its excesses in either of two ways—"deficit spending" or higher taxes. Higher taxes, of course, take money away from individuals and businesses, money that might otherwise be spent by businesses to produce better goods and provide jobs for American citizens, or by consumers to purchase products and services they want and need. Deficit spending requires borrowing from the private sector, which dries up potential investment funds, creating further difficulties for businesses that must borrow to modernize equipment or build facilities. Deficits can also be covered by creating new money—"printing press money"—which in its purest sense is inflation. Printing press money adds dollars to the economy without providing a real increase in economic goods.

When the government spends more money than it takes in, everybody's money is worth less.

Businesses must compete with the government for dollars they need to modernize factories, create jobs and improve working conditions. The federal government has balanced its budget only once since 1960.

Anybody who has a family budget realizes that the situation makes no sense. America simply can't afford to have everything—as individuals or as a nation. Controlling federal spending will require a clearer view of priorities so that only the most important programs are funded. Families do this every day. Sending a son or daughter to college may mean giving up more than one vacation or more than one major purchase.

Legislation should limit federal spending to 20 percent of the economy's output of goods and services. Clearly the first step in controlling inflation is controlling federal government spending, since that's the cause of much of the inflation.

Increased productivity, the measure of goods and services produced per hour or day or month, will help us contain both inflation and the rising cost of living by providing more goods and services for each dollar spent in wages and investment. Traditionally productivity has grown by about 3 percent per year in this country. Last year, however, productivity actually declined. At the same time, wages increased to attempt to keep pace with the increasing cost of living. If productivity does not also increase, such wage increases fuel inflation in much the same way that deficit government spending does—they equate more dollars with the same amount of goods or services.

Many people believe that increased productivity means a faster factory production line or just plain working harder. And sometimes this is true—a quicker production line would increase productivity, all things being equal. However, we can increase productivity by applying ingenuity to the work process, by making work flow more smoothly and more quickly.

If we've learned anything from the lesson of the past several years, it is that America must take both long- and short-term action to solve increasingly complex problems. But first, we must all understand the factors that contribute to our economic miseries, prevail upon our government to control its spending and increase productivity everywhere in the American workplace.

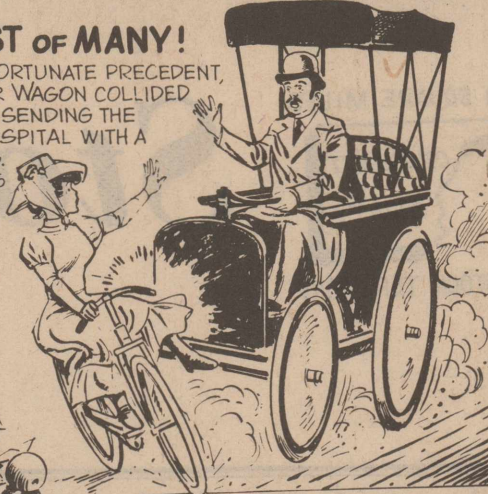

By so doing, each of us can help to put this nation and its economic system back on the road to prosperity and a better future for all.

Mr. Fisher is chairman, National Association of Manufacturers.

### APPLES!

THE FIRST APPLES GROWN IN THIS COUNTRY WERE FROM TREES PLANTED IN BOSTON IN 1629 BY GOV. JOHN WINTHROP. HE IMPORTED THE ORIGINAL APPLES FROM ENGLAND.

### STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN — In Austin last week, a group calling itself "Farmer-Ranchers for Carter-Mondale" met at campaign headquarters to discuss ways to attract the agriculture vote for Carter.

They were, in essence, targeting a category of voters which makes up about three percent of the state's electorate. Farmers and ranchers are, perhaps, the most beleaguered minority group of them all . . . too small in numbers to vote their influence at the ballot box, or to control the markets for which they toil the fields.

The very fact that Carter's strategists would reach out for their votes surprises many so-called experts who gave up the President's chances in that sector long ago.

From the fields, to the State Capitol, to the tractor-blocked bridges of Washington, D.C., many farmers have denounced Carter, and vented their wrath verbally on his Secretary of Agriculture Bob Bergland.

#### The Radicals

The most radical group is the American Agriculture Movement. In Texas their organization is generally limited, but is quite strong in the Panhandle. Up there, AAMers take their politics as strong as their early morning coffee, and they claim among their numbers the national president of AAM, Marvin Meek of Plainview.

Last month Meek endorsed Republican candidate Ronald Reagan following AAM's futile efforts at the Democratic National Convention. They'll take Reagan, Ford, Anderson, Kennedy . . . "Anybody But Carter," is their slogan.

#### Few Big Names

That's why, to many Texas farmers and ranchers, the Carter-Mondale push smacks of audacity.

It also smacks of smart politics.

His experts tell Carter he must carry Texas in order to win re-election. They also know that the so-called "three percent" agriculture voting base actually spreads out larger than that puny figure in Texas. Hundreds of tiny, rural Texas communities depend on the agriculture and livestock dollar, small as it is.

To get their vote, Carter will have to rely on leaders within the Texas agricultural-political sector. He must enlist the big enchiladas respected by the farmers, and right now he's only got a few.

Currently on the list is Jay Naman, state president of the moderate Texas Farmers Union, Carl King of Texas Corn Growers Assn. and State Rep. Bill Heatly of Paducah. Not a bad start, but they'll need more of that caliber in order to convince farmers of future benefits from Carter.

#### Who Will Join?

What of Carrol Chaloupka of the conservative Texas Farm Bureau, Roy Wheeler of Independent Cattlemen's Association, and the various commodity and livestock groups? Will they join Carter or turn to Reagan when he wakes up and begins his serious woo?

In the State Legislature, can Carter win over that part of the agriculture leadership who are Democrats? What of Sen. E. L. Short of Tahoka, Sen. Grant Jones of Abilene, Reps. Pete Patterson of Brookston, Susan McBee of Del Rio, Forrest Green of Corsicana, and the Texas gasohol champion, Dan Kubiak of Rockdale?

#### Kicking Butz

Farmers and ranchers are faced with one of the most serious drops in income in history which has lasted several years. Though it's not of his making and part of his Oval Office inheritance, Carter is viewed as a president who has not solved the problem.

### Snips, Quips and Lifts

By Lottie Lee Baker

You can do a lot of bluffing by keeping your mouth shut.

Facts do not cease to exist because they are ignored.

If you are bent on having a fling, don't forget it carries a sting.

Ulcers are what you get from mountain-climbing over molehills.

Not long after a boy graduates as a Cub Scout he becomes a girl scout.

Few things are more dangerous than a train of thought that carries no freight.

For keeping busy the bee is praised, the mosquito is swatted.

Life is not so short but that there is always time enough for courtesy.

What I do today is important because I am exchanging a day of my life for it.

Your calendar shows the passing of time—your face shows what you are doing with it.

The best thing to do with the average family tree is to spray it.

Some say that modern art is like trying to follow the plot in a bowl of alphabet soup.

Appreciate what you have before you haven't.

## The Lion's Roar

CONNIE TRUJILLO, Editor  
KAYE THOMPSON  
MERCY STRATUS

Things are just beginning to simmer down since the victory against Brackettville last Friday. Congratulations Lions. The final score was 36-0. Kim Tambunga, Larry Payne, Ernie Borrego, Felix Flores, and Louis Bunger all scored touchdowns. This week the Lions play Alpine, there. Good Luck Guys. The JV also played a good game. They beat Big Lake 27-0. This week they play Eldorado. The cross-country team also did a good job in San Angelo. The team consisted of Ida Munoz, Kaye Thompson, Molly Womack, Valerie Mahannah, Cindy Reavis, Josie Rodriguez, and Lenor Munoz. The girls placed 4th in competition against 5-A teams. Congratulations.

**WHAT'S NEWS**  
Hey Cynthia and Marilyn did you two get caught with your hands in the chicken.  
Kim S. what does SWT stand for?  
Hey Tammy A. and Lori C., do both of you always wind up on the floor when you do cheers.  
Every time the phones ring in study hall, Roland thinks it's for him from Hollywood.

29 yrs. ago  
Jeannene Thompson will represent Ozona in the Texas Wool and Mohair Week contest.

## Letters To The Editor

Sept. 13, 1980  
Bellevue, Fla.

Dear Kitty,  
We have been advised by the owner of the ranch where we have been hunting for several years, due to the dry weather conditions, it would not be advisable to deer hunt this year.  
We have been hunting for a number of years off Taylor Box Rd. located approximately 7 mi. N. E. of the Circle Bar Truck Corral. Sincerely hope that you all will get some much needed rain in the months ahead so that the hunting will be good once again this next year.  
I am enclosing \$10.50 to renew my subscription to the "Ozona Stockman" which will be due in November, at which time I usually come into your office to renew same.  
Also enclosed is another \$10.50 for my Uncle, who at the age of 83, has been hunting for a good number of years at the same ranch near Ozona.  
We sure will miss seeing all of you friendly people this time, but hopefully, we will see you in the fall of 1981.  
Sincerely,  
Buddy Abshier

# "CLICK."

"CLICK." That's where energy conservation begins. Turning off unnecessary lights, running the clothes washer, dryer, and dishwasher only with full loads. Turn the TV off when you leave it. Set your thermostat at 78 degrees for cooling and at 68 degrees for heating. These are simple conservation measures that can add up to big savings with just a little effort.

For even greater energy savings be sure your home has adequate insulation in the walls and ceilings. Double paned windows or storm windows and doors also help to insulate.

Weatherstripping and caulking are important to help keep your heating or cooling inside where it belongs. An energy efficient heat pump can provide 200% efficiency for summer cooling and winter heating.

All of these conservation measures can save you energy. And saving energy means you're saving money, all year long. West Texas Utilities wants you to get the most for your energy dollars. If you want more information on energy conservation we'll have one of our energy consultants assist you free of charge. Just call WTU.

**Tips For Gardeners**

From the Ozona Garden Club by Mrs. Bailey Post

September brings the beginning of fall and cooler weather which we are already enjoying.

Gardening efforts begin to change from maintenance chores to stressing activities connected with planting and transplanting. The upkeep of plants nearing maturity calls for staking, tying, disbudding and other routine work.

Repot plants that have spent the summer outside and need new soil or a larger pot. They should be taken inside two or three weeks before the furnace is turned on. Spray around the pots for crawling bugs, especially in the drainage pot holes, so they won't be carried indoors. All plants should be sprayed free of dust both from under and top leaves with strong force of water.

Plants of tender perennials or annuals that are to be carried over the winter, either for growing into larger specimens or to provide cuttings later, should be potted now.

Impatiens or Sultanas should produce a wealth of flowers at any season. However, after a long period of blooming the plant may become straggly and have less blooms. If this happens, cut the plant back, repot in fresh soil and water lightly until new growth is well started, new cuttings produce better blooming plants than retaining old plants. For winter bloom take cuttings now and for summer bloom take cuttings in February. They are easily rooted in water, then pot in light, rich soil and keep moist, but not waterlogged. Proper light is a must for Sultanas. As spring progresses, they need more and more shade. In the fall, the reverse is true, when brought indoors they should be gradually adjusted to full light to bloom properly. In the winter they do well in a west window.

It isn't too late to plant larkspur, stock, blue bonnets, cornflowers, California poppies etc.

Do notice the beautiful pampas grass plumes on display over our city, and maybe you will want to plant one this fall in just the right spot.

**October Planting Days**  
Above-ground crops: 8, 9, 10, 11, 12, 15, 16, 17, 20, 21  
Root Crops: 1, 2, 24, 25, 28, 29

Mr. and Mrs. Max Morris returned home recently from Kansas, where they spent several weeks caring for Mrs. Morris' father who was ill.

**Pandale Study Club meets**

Ending the summer vacation, the Pandale Study Club met Thursday, at 2 p.m. in the Pandale Community Center.

Hostesses for the afternoon were Mrs. David Norsworthy and Mrs. Elmo Arledge.

Officers for the 1980-81 year include Mrs. Elmo Arledge, the president; Mrs. David Norsworthy, vice-president; Mrs. Terry Gries, secretary-treasurer; Mrs. Henry Mills Jr., historian and photographer and Mrs. Herbert Kunkel, parliamentarian.

**Mrs. Couch hosts bridge**

Mrs. Joe Couch was hostess for bridge play at the Country Club Thursday.

High score went to Mrs. Arthur Kyle, second high to Mrs. Sherman Taylor and bingo to Mrs. Bill Cooper.

Others playing were Mrs. Pete North, Mrs. Clay Adams, Mrs. George Bunker, Mrs. John Childress, Mrs. Joe Friend, Mrs. Jake Mayfield, Mrs. Beecher Montgomery, Mrs. J.B. Parker, Mrs. Jake Short, Mrs. Evert White, Mrs. Charles Williams, and Mrs. Jack Williams.

**GIRL TO SANCHEZES**

Mr. and Mrs. Valdemar Sanchez are the parents of a daughter born September 18, at 9:15 a.m. in Crockett County Hospital. The baby weighed 7 pounds and 4 ounces and has been named Terry Marie. Four brothers and sisters greet the newcomer, Tommy, Tammy, Timmy and Tracy.

Grandparents are Mr. and Mrs. Ventura Sanchez and Mr. and Mrs. Luciano Luna of Pearsall.

**ENGAGEMENT TOLD-**Mr. and Mrs. Edward Dardaganian of Richardson announce the engagement and approaching marriage of their daughter, Debbie Lynn, to Dr. Clifton James Montgomery, son of Mr. and Mrs. Tom Montgomery. Miss Dardaganian is a graduate of Richardson High School. She attended Texas Tech where she was a member of Pi Beta Phi Sorority and is a graduate of Baylor College of Dentistry with a B.S. degree in Dental Hygiene. She is practicing in a Dallas dental firm. Dr. Montgomery is a

graduate of Ozona High School, the University of Texas at Austin where he was a member of Sigma Alpha Epsilon Fraternity, and Baylor Dental School where he holds a Doctor of Dental Surgery degree. He is a member of the Dervish Club of Dallas, Psi Omega Dental Fraternity and the Baylor Odontological Honor Society. He is in the process of moving to San Angelo where he will be associated with Dr. L.M. Caveness. The couple will be married in First Presbyterian Church in Richardson, February 28, 1981.

**Mr. Melton wed to Miss Benton**

Mr. and Mrs. Bill Melton of Wall Route, San Angelo, announce the marriage of their son, Clay Melton, to Miss Pamela Sue Benton, daughter of Mr. and Mrs. Jerry Benton of San Angelo.

The double ring ceremony and the reception were held in the garden of the Melton home on Saturday, September 20th at 4:30 p.m. The couple will live in San Angelo.

Attending from Ozona were Mr. and Mrs. James Dockery and Shannon, Bud Meinecke and Mr. and Mrs. Marshall Montgomery.

It is so much more beautiful than words. The sun touches the lake to bronze and the sky is a wonderful blend of apricot and mauve and burnished orange. The big buck silhouetted at the water's edge seems to be looking right at you. For the moment, at least, you are both unafraid.

You store this sight in your memory, to be dusted off on days when the view is cloudy. Remembering, you realize anew that there's something so much bigger than all of us. No man could have made that lake, nor that sky, nor that deer, nor all that glory.

Nature is an ultimate teacher. It would seem, in fact, as if God must have chosen nature as a kind of reflection. Your place of worship is a reflection, too. Why not take a look at it?

## OHS girls in cross country

Ozona High School girls are participating for the first year in the U.I.L. Cross Country. A team consists of seven participants who run approximately two miles.

Their first meet was last Saturday in San Angelo at the Santa Fe Golf Course. Ozona placed 4th with 86 points. The first twelve finishers received medals and Ozona came home with two of them.

Kaye Thompson received the third place medal with a time of 13:31 and Ida Munoz the tenth place medal with a time of 14:21.

The other girls contributing to the team were Molly Womack, Valerie Mahannah, Cindy Reavis, Josie Rodriguez, and Leonor Munoz. The girls finished well considering they ran against all 5A and 4A schools.

The next meet will be October 4 in Abilene.

# Crockett County gas & oil news

The University 31 (Strawn-Detrital) field of Crockett County gained its eighth producer and a 7/8-mile northeast extension with completion of J. Cleo Thompson, Dallas, No. 1 University 26, 11 miles west-northwest of Ozona, for a calculated, absolute open flow of 1,300,000 cubic feet of gas daily.

Production was through perforations at 8,231-249 feet, which had been acidized with 10,000 gallons.

Scheduled as a wildcat, it was drilled to 8,751 feet, with 4 1/2-inch casing set at 8,385 feet.

Location is 1,320 feet from the south and west lines of 26-31-University Lands.

J. Cleo Thompson completed two projects scheduled as wildcats as extensions to Canyon sand gas production in the Ozona multi-

pay field.

The 1-29 University, a five-mile north-northwest extension, 11 1/2 miles west of Ozona, was finished for a calculated, absolute open flow of 1,100,000 cubic feet of gas daily.

Production was through perforations at 7,168-413 feet, which had been acidized with 3,000 gallons and fractured with 35,000 gallons and 95,000 pounds of sand.

It topped the Strawn at 9,020 feet on ground elevation of 2,322 feet.

It was drilled to 9,207 feet, with 4 1/2-inch casing set at 7,789 feet.

Location is 1,320 feet from the north and west lines of 29-31-University Lands.

The No. 1 University 32, a five-mile north-northwest extension, 10 1/2 miles west of Ozona, was finished for a

calculated, absolute open flow of 1,600,000 cubic feet of gas daily.

Production was through perforations at 7,034-8,819 feet, which had been acidized with 7,000 gallons and fractured with 38,300 gallons and 87,500 pounds of sand.

It was drilled to 9,414 feet, with 4 1/2-inch casing set at 8,946 feet.

Location is 1,320 feet from the north and west lines of 32-31-University.

Blue Ridge Oil & Gas Exploration Inc., Detroit, Mich., will drill the No. 6 Adams, as a 1/2-mile west outpost to the Adams-Baggett Ranch (Canyon sand gas) field, 26 miles south of Ozona.

Location is 1,320 feet from the south and west lines of 167-0-GH&SA. Contract depth is 5,500 feet.

## School bus safety

From the Texas Medical Association

School busing may be a controversial political subject or just a common way of getting to school. But no matter what role busing has in a community, nobody wants children to be hurt while busing. The Texas Medical Association urges car drivers to be very careful around buses, especially early in the year when many children may be unfamiliar with bus safety precautions.

To help drivers avoid careless children darting into the street, law requires all traffic coming from either direction to stop when a bus that has stopped has its flashers on. Wait until the bus starts moving before passing.

Car drivers also should be prepared to stop when buses approach railroad tracks because state law requires buses to stop at all railroad crossings.

Giving a bus plenty of space is important anytime,

but especially when a lot of rowdiness is going on inside. Bus drivers do not need any trouble from traffic while keeping control of the bus and passengers.

Bus caravans may present another traffic obstacle. Often buses do not need or want other vehicles darting between buses because it may slow progress and invite harassment from opposing schools' students. Out on the highway, passing buses one at a time is the safest way. Trying to pass several buses at once on a two-lane road risks many lives besides that of the foolish car driver trying to whip past.

Lib Applewhite was surprised with a birthday dinner at the Ozona Inn of the West Tuesday night, given by several friends.

Tom Powers is home after recovering from surgery in a San Angelo hospital.

### Crockett County Care Center News

by Joan Nicholas-Director of Activities & Social Care

After quite an interval, the Beard Band came over to play again Wednesday night.

They were warmly welcomed by all residents. One of Charlie's sons from Nashville, Tenn. played the piano and his little grandson who is two or three years of age, performed with his toy guitar and danced "like Elvis" he announced!

Another treat last week was Cup Cake Bingo. Veronica (Tijerina) Tebbets brought delicious cakes for bingo. They were frosted in yellow and decorated with smiling faces. Thank you for such a lovely thought, Veronica.

We welcome another new resident from Big Lake; her name is Mattie Schlagal. She is becoming acquainted with those of us who do not call Big Lake home. She has played bingo and enjoyed the band entertainment. She shares a room with Evie Kaeding.

Eunice Graham has returned to us from a stay in C.C. Hospital and we hope she will continue to improve.

The stereo is being used regularly now it is in the Day Room. Music lovers sitting quietly and enjoying recorded and taped music are Evie, Vera Miller, Juana Hernandez and others. Also, following Bible Class last week we listened to the recordings that "The Followers" left after giving a performance here. They are gospel singers from Fort Worth.

Winners of last week's bingo were Juana Hernandez receiving the gift certificate given by the Teacher Store and Evie Kaeding won second after a tie-play off with Juana.

Dominoes players Monday morning were Paul Cavin, Bertha Miller, Maudie Pettit and Evelyn Bryant. Maudie was the winner.

In reading and discussion group Thursday afternoon we read about Lawrence Welk and his long career; the group also enjoyed the jokes

from Grit and another installment of "Yesteryear" pertaining to the elections in the early 1900's. I don't know what I will find to read as entertaining as this when we come to the end of this wonderful book. It is so nice because we can leave off almost anywhere and if anyone misses the previous week, it is easy to pick up again, and easily followed.

We thank Jim Marks for his donation of one case of popcorn. We really get through that good stuff on Friday mornings when Liz Mary Pipes and Dorris Kerr pop one batch after another.

We also thank Myra Jones for donating a beautiful damask table cloth for use on special occasions out here--it is really large.

We would like to have at least two more volunteers for crafts (nothing complicated) on Tuesday mornings at 10 a.m. PLEASE CALL!

The Ozona Woman's Forum met in the home of Mrs. C.O. Spencer with Mrs. Jess Marley as co-hostess. Nineteen members were present. Mrs. James Childress presided at the business meeting, with Mrs. C.O. Walker reporting on the secret pal project.

The program began with the Collect, led by Mrs. Bonnie Warth. Mrs. Dempster Jones spoke on "What is the Quota System," and Mrs. W.T. Stokes spoke on "Immigrants, Refugees, Aliens and Boat People."

A good crowd attended the Girl Scout Roundup Tea last week at the Methodist Church Fellowship Hall. Local Girl Scout leaders sponsored the tea for Scouts and parents.

Mrs. Jack Adams, Neighborhood Chairman, received good response when she asked for volunteers in various fields.

Any girl who is interested in joining the Scouts or any adult who would like to work with them may call Mrs. Adams or Mrs. Thelma Janes.

## Organize to get the most from coupons

Organize to get the most from food coupons, says Linda McCormack, a family resource management specialist.

Develop a simple, concise storage system in order to locate coupons quickly, she suggests.

For example, arrange an expandable accordion file alphabetically by product categories--bakery goods, breakfast foods, frozen foods--or use a series of envelopes kept in a shoe box or drawer.

Mrs. McCormack is with the Texas Agricultural Extension Service.

Once a week, sort coupons, circling expiration date with red ink, and arrange coupons in each compartment so the ones due to expire earlier in the month are in front.

Transfer this week's coupons to a coupon holder or put them with the shopping list, the specialist recommends.

Keep refund forms and qualifiers in an organized system, also, she continues.

File UPC codes, proof-of-purchase seals, inner seals and cash register tapes in separate envelopes, alphabetically by brand name.

To save space, collapse all boxes so they lie flat. Remove some outer labels from boxes cutting and peeling them off the cardboard backings, the specialist says.

Some manufacturers offer a refund to all customers who have bought a particular product.

The shopper can take one of the refund forms, fill it out and mail it to the address given, accompanied by whatever proof-of-purchase is re-

quired.

It often takes four to six weeks to receive the refund, so keep a log listing the companies, Mrs. McCormack advises.

If refunds require "forms" or "required blanks," the request will not be honored without them.

The principal sources of these forms are grocery stores, newspapers and magazines or the companies themselves, she points out.

Grocery stores offer two types of forms. One called the store form is found at-

tached to shelves in tear-off pads.

Another type appears on the products themselves or in the form of a hang-tag.

If the forms are not available, write to the address supplied on the cardboard backing of the form display, or ask at the courtesy booths.

Newspapers and magazines often contain forms not only for cash refunds, but for free samples of the product, or for coupons worth free samples.

Also, write to companies directly--to the customer service department.

Make a list and stick to it.

Check the sales. Use mid-week and Sunday papers to prepare a shopping list, and clip any coupons.

Remember, a bargain is not always a bargain, even if an item is featured in a splashy end-of-aisle display. Check the prices and signs.

Anita Marks was here visiting Monday. She is living in Stanton and working for a hair styling firm in Midland.

## Couples tournament

The Ozona Country Club golf tournament for couples only will be held Saturday and Sunday, Sept. 27-28. The affair will be a select shot tournament. Anyone wishing to enter may contact Larry Braden.

Two Ozona couples placed in the Sonora couples golf tournament last weekend. Mr. and Mrs. Larry Braden won the second flight and the calcutta in that flight. Mr. and Mrs. Sonny Bailey placed second in the third flight and were second in the Sunday calcutta.

### Forum meets at Spencer home

The Ozona Woman's Forum met in the home of Mrs. C.O. Spencer with Mrs. Jess Marley as co-hostess. Nineteen members were present. Mrs. James Childress presided at the business meeting, with Mrs. C.O. Walker reporting on the secret pal project.

The program began with the Collect, led by Mrs. Bonnie Warth. Mrs. Dempster Jones spoke on "What is the Quota System," and Mrs. W.T. Stokes spoke on "Immigrants, Refugees, Aliens and Boat People."

### Girl Scout Roundup tea success

A good crowd attended the Girl Scout Roundup Tea last week at the Methodist Church Fellowship Hall. Local Girl Scout leaders sponsored the tea for Scouts and parents.

Mrs. Jack Adams, Neighborhood Chairman, received good response when she asked for volunteers in various fields.

Any girl who is interested in joining the Scouts or any adult who would like to work with them may call Mrs. Adams or Mrs. Thelma Janes.

Other members present were Mrs. Worth Allen, Mrs. J.T. Brown, Mrs. George Bunker, Mrs. Brock Jones, Mrs. Ralph Jones, Mrs. L.D. Kirby, Mrs. Marshall Montgomery, Mrs. Roy Pearson, Mrs. Arthur Phillips, Mrs. George Russell Jr., Mrs. W.T. Stokes, Mrs. W.H. Whitaker and Mrs. Huey Ingram.

Less than 2 percent of the national population consumes more than half the hospital resources each year. Many of these people suffer from diseases caused or aggravated by smoking, drinking and obesity. TMA

Salt often is hidden away in foods ranging from pancakes to canned peas. Not salting food at the table is an easy way to cut down on salt consumption by as much as 30 percent and help avoid high blood pressure and other problems, the Texas Medical Association says.

## An unusual fairy tale

Heard any good fairy tales lately? Here's one related by Cindy Wilson, a family life education specialist on the home economics staff of the Texas Agricultural Extension Service.

Once upon a time, before the year 1974, there was a town in Canada which had no television.

In "Notvland," children played together most of the time without fighting. Children were imaginative and developed reading abilities early in life.

The children tended to see themselves as young people with many abilities--and they were not stereotyped into thinking boys should do only certain things and girls should do only certain things.

Notvland adults enjoyed participating in many community activities.

All in all, the inhabitants of Notvland were active, involved and happy people. Then--things changed.

In 1974, television came to Notvland and the town was

renamed "Viewercity."

Two years later scientists discovered that children in grades one through three had declined in their ability to read.

However, scientists also found something else: Viewercity children who had been in the fourth and fifth grades when they began viewing television could read far better than children of two other towns who had watched television all their lives.

When they began watching television, children in Viewercity had become more aggressive physically and verbally.

They also began thinking in terms of "pink" and "blue"--that boys should only do and be certain things and that girls should only do and be certain things.

There was less talking by the children, too, in general. Adults were affected, also. They participated less in community activities, especially sports.

Do you think Viewercity people lived happily ever after?

## Adams-Valadez vows said Check animals in San Angelo ceremony for screwworms

Miss Regenia Adams and Mr. Joseph Robert Valadez were united in matrimony in a ceremony Saturday, Sept. 20, in the Johnson Street Baptist Church in San Angelo. Wm. E. Young, minister, officiated.

Parents of the couple are Mr. and Mrs. Jim Adams of Stephenville and Mr. and Mrs. Ray Valadez.

Mrs. David B. Gonzales of San Angelo was matron of honor. Mr. David B. Gonzales served as best man. The bride was given in marriage by Danny Valadez, brother of the bridegroom, of Fort Worth. Ushers were Orlando Valadez of San Angelo and Jesse Bayarena of Fort Worth.

The bride wore a gown of white organza trimmed with Raschel lace at the empire waistline and the Queen Anne neckline. Bishop sleeves of all-over lace were gathered to the wrists and wide cuffs of Rachel lace. The hemline had a deep crystal pleated tier with an overskirt of scalloped organza edged with Raschel lace, all flowing to a chapel length train.

She chose a veil of two tiers of illusion, waist and shoulder length. Both tiers were edged with lace and gathered to a Juliette headpiece covered with lace and accented with pearls.

A reception followed the wedding in the church fellowship hall. Miss Toi Babbitt presided at the bride's book. Serving were Mrs. Orlando Valadez, Miss Nora Peterson and Miss Deborah Gonzales, all of San Angelo.

The bride is a 1980 graduate of Ozona High School. The bridegroom attended Ozona High School and is a co-owner of V & V Paint Co.

The couple is at home in Ozona.

Guests from Ozona included Mrs. R.B. Babbitt, Mr. and Mrs. Leo Cervantez and Edward, Mr. Chris Rebelez, Mr. and Mrs. John Morgan, and Mrs. John Ai-

guier.

The bride was honored with a shower at the Civic Center August 22. Hostesses were Mmes. Manuel Camarillo, Manuel Camarillo, Jr., Johnny Sanchez, Barbara Crowder, Benny Sanchez, W.W. Higginbottom, Patsy Fuentez, Mrs. Orlando Valadez, and Del Perez.

A supper honored the newlyweds following the reception at the home of Mr. and Mrs. David Gonzales.

### Museum Memorials

Mrs. Fred Hagelstein in memory of Mrs. Mamye Lee Weaver, Miss Dolly Coates, Mr. Jake Young; Mr. Lacy Way, Big Lake, father of Mrs. Bill Schneemann.

PHONE NEWS TO THE STOCKMAN.

Livestock producers need to check their animals closely for possible screwworm infestations, Dr. John Holcombe, executive director, Texas Animal Health Commission, said today.

"It is essential in the Kinney County area where a confirmed screwworm case was found in a sheep near Brackettville about two weeks ago. If there are additional screwworms there, this is the time they will be hatching," Dr. Holcombe explained.

It is also vital for cattlemen in all parts of the state to check more closely now since this is the beginning of the usual Fall build-up of screwworms.

If you think it is too much of a bother to check for screwworms in your cattle consider the chore of Joe Bloodworth of Del Rio, staff member of the Texas Animal Health Commission.

Bloodworth checks screwworm fly traps along a 200-

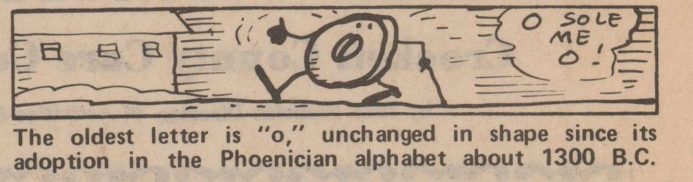

mile stretch of the Rio Grande River. The traps are on 15 ranches. Each trap is baited and tied in a tree to intercept the route of flies. Trapped flies are inspected to make sure no native screwworm flies go unreported.

Bloodworth makes his run twice a week over some of the roughest terrain in Texas. He also uses a microscope to detect any possible native screwworm fly. "It is a time-consuming job, but it is important as a part of the program to keep a close watch on screwworms," Bloodworth explained.

Additional elements of the plan include distributing sterile screwworm flies over 5,600 square miles in the vicinity of the Kinney County case; pellets containing an insecticide are also air-dropped.

If you find an infected wound on an animal, get a sample of the larvae and mail it in postage-free mailing kits to the laboratory at Mission. The kits are available at county agent's offices, veterinarians, or Animal Health Commission area offices.

Treat all wounds on animals to prevent screwworm infestations. "Producer cooperation is the key in keeping Texas screwworm-free," Dr. Holcombe said.

The oldest letter is "o," unchanged in shape since its adoption in the Phoenician alphabet about 1300 B.C.

# AUTO SHOW '81!

NEW CHEVY TRUCKS. AN IMPORTANT STEP AHEAD.

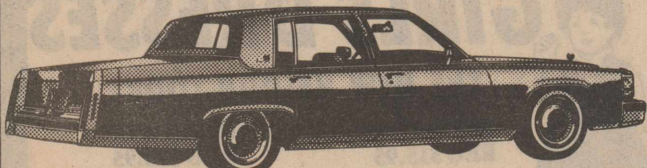

1981 Chevy C10 Pickup

It's an important step ahead for Chevy trucks. New lean looks. New lighter weight. But full Chevy toughness ready to haul full-sized payloads. See all that's new in Chevy trucks right here now.

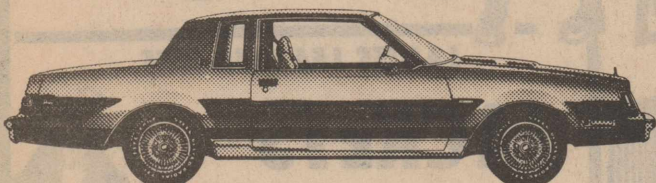

Cadillac

Fleetwood Brougham It's your choice.

Sedan

You choose the power! New and exclusive for Cadillac, V8-6-4 Fuel Injection is standard. Or select the available V6 Automatic or Diesel V8.

One answer to the aerodynamics problem is our beautifully redesigned 1981 Regal. New interiors, wide engine selection. New Designers' Accents and Decor Packages available on all Regals. Drive one soon!

L-B MOTOR CO. INC.

Malibu 4-Dr. Sport Sedan Chevrolet's most affordable six-passenger car.

19

EPA EST. MPG

26

EST. HWY.

Remember: Compare the "estimated MPG" to the "estimated MPG" of other cars. You may get different mileage, depending on how fast you drive, weather conditions, and trip length. Actual highway mileage will probably be less than the estimated highway fuel economy.

## Alpha Alpha Mu meets

The Alpha Alpha Mu Chapter of Beta Sigma Phi met Monday, Sept. 22, at 6:30 in the Granny Miller Hall with nineteen members present. Hostesses were Darolyn Webster, Elizabeth Clark, Evelyn Keith and Jodie Sessom.

The opening ritual was followed by roll call and the reading of the minutes. A brief business meeting preceded the closing ritual.

The September social was held at 7:30 for members and guests. A salad supper was served with cake and tea.

Mrs. Webster and Vicki Stokes were in charge of the program. John and Paul Patterson, guest speakers, presented "Literature-Prose and Poetry."

Other guests present were Peggy Bien, JoNel Stokes, Janet Stuart, Karla Turland, Kathryn Pagan, Debbie Deaton, Jan North, Susie Deaton, Connye Ward, Linda Hubbard, Kaye Williams, Retha Kilpatrick, Patty Coates and Kay Anderson.

### CARD OF THANKS

We'd like to thank all our friends who were so kind and thoughtful while Tom was in the hospital in San Angelo. We appreciated the cards, telephone calls, flowers and visits more than words can say. It's times like this when we really realize how lucky we are to have such dear friends.

Tom and Hilda Powers

## Debra Says

By Debra Price

Are work-at-home schemes sound business opportunities, or are they just dreams?

The promotion sounds inviting—"make big bucks while working at home" or "money--make \$1,000 in 30 days."

However, consumers interested in this type of promotional advertising should also be alert to the pitfalls of work-at-home schemes.

Most promotions are aimed at the elderly, shut-ins, the unemployed and homemakers wishing to supplement their family income.

Work-at-home schemes do

not guarantee regular salaried employment or a market for the product.

They do, however, require an investment of money before any instructions or work plans are even sent. Often the work continues the fraud by getting other people involved.

The most common type of offer is for envelope stuffing, making baby booties or making aprons.

The U.S. Postal Inspection Service is charged with investigating violations of the Mail Fraud Statute.

It is highly unlikely that there will be a great demand for hand-addressed or hand-stuffed envelopes in this day of highly automated business, they warn.

Because of the increasing number of work-at-home schemes, the Postal Inspection Service will provide information about questionable work-at-home promotions.

They are also interested in knowing about victims of unscrupulous promoters.

In Texas, contact Inspector D.C. Swindle, Consumer Protection Specialist, Postal Inspection Service, P.O. Box 1230, Fort Worth, Texas 76101, or call 817-337-2901.

### BROWNIES

1½ cup sifted flour  
2 cups sugar  
1 tsp. salt  
1 tsp. baking powder  
6 tablespoons cocoa  
¾ cup shortening  
4 eggs  
2 tsp. vanilla  
1 cup nuts

Sift dry ingredients in mixing bowl, add rest of ingredients except nuts. Beat 3 or 4 minutes in mixer, add nuts. Put in greased and floured pan 9x13 inches. Bake 20 minutes at 350 degrees. Do not overcook.

Misty Dawn Moore returned home early this week after visiting grandparents in Pecos.

## Public Notice

### NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL

West Texas Utilities Company (Rio Pecos Power Station), P.O. Box 841, Abilene, Texas 79604 has applied to the Texas Department of Water Resources for a renewal of Permit No. 00961 to authorize a continuation of the same requirements and condition of the permit which authorizes a discharge of 864,000 gallons per day of blowdown. Other wastewaters, such as boiler blowdown, metal cleaning wastes and water treatment waste, are routed into a "no discharge" evaporation pond.

The plant is located in Section 11, Block 31, H&TC RR Survey, in Crockett County adjacent to the Pecos River and approximately one-half mile north of U.S. Highway 67, northeast of the Town of Girvin, Pecos County, Texas.

The effluent is discharged to the Pecos River, thence to the Rio Grande River. The permit, if renewed by the Commission, will specify conditions and limitations generally the same as those currently enforced by the existing permit. The expiration date of the existing permit is September 30, 1980. It is proposed that the expiration date be specified as midnight, July 1, 1982.

LEGAL AUTHORITY: Section 26.028 of the Texas Water Code, as amended, and Chapter 25 of the Rules of the Texas Department of Water Resources. No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address, and phone number of the person making the request; and (2) a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission

determines that the request sets out an issue which is relevant to the waste discharge permit decision, or that a public hearing would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 45 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Requests for a public hearing and/or requests for further information concerning any aspect of the applica-

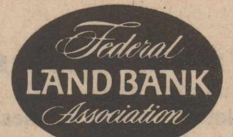

tion should be submitted in writing to Larry R. Soward, Assistant Chief Hearings Examiner, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711. Telephone (512) 475-1311.

Issued this 5th day of September, 1980.

Mary Ann Hefner,  
Chief Clerk  
Texas Water Commission  
30-1tc

## THE FLIP WILSON SHOW

COMEDY

Sunday 6:00 p.m. Central Time

That funny little devil with the flip lip is back!

An NBC #1-rated favorite for more than four seasons, *The Flip Wilson Show* is a special blend of comedy, music and star-studded performances which make up twenty-six of television's finest—and funniest—hours.

Flip's guest list reads like a 'Who's Who' of big-name entertainers: Bing Crosby, Lucille Ball, Bill Cosby, Burt Reynolds, Tim Conway, Roy Clark, Lily Tomlin, Johnny Cash, Sandy Duncan, Carol Channing, Sammy Davis, Jr., The Smothers Brothers plus dozens more.

And, of course, there's Flip—up to his neck in laughs as the rascally Brother Leroy and the unpredictable "What-You-See-Is-What-You-Get" Geraldine.

*The Flip Wilson Show*... memorable moments from one of television's most popular shows... twenty-six riotous hours of mirth for every member of the family.

From the SuperStation, WTBS.

## Sports Fans

By Jerry Lay

When was the last time a  
team won the champion-  
ship of the National Foot-  
ball League with a rookie  
as its regular quarter-  
back?..It hasn't happen-  
ed since 1945 when the  
Rams won the NFL title  
with rookie Bob Water-  
field at quarterback.  
\*\*\*

Did you know that  
when Maury Wills was  
appointed manager of Se-  
attle in August, he be-  
came the first manager in  
the history of major  
league baseball to be in a  
position to manage  
against his own son..  
Maury's son, Bump,  
plays for Texas..Never  
before in big league base-  
ball has a father-and-  
son combination faced  
each other in the same  
league at the same time.  
\*\*\*

Can you name the only  
4 teams in the Nation-  
al Football League who  
didn't make the playoffs  
in Any season in the  
1970s?..They are New  
Orleans, New York  
Giants, New York Jets  
and Seattle..Every other  
NFL team made the play-  
offs at least once in the  
1970s.  
\*\*\*

I bet you didn't know..  
L-B Motor Co. will help  
you in your selection  
when you are ready for  
that new car or pickup.  
Come by now!  
\*\*\*\*

Come to our party  
tomorrow and see all the  
new '81 cars.
