Kitty's Korner

By
Kitty Montgomery

Judge Al Fields is recovering this week from his baptism by fire from a member of the news media, namely an Associated Press reporter by the name of Judy Giannettino, who spent about ten minutes with Judge Fields and then wrote a ridiculous story on the judge's comments about Ozona. Since all big newspapers have the wire service, it was spread all over the state and we are still getting copies from our subscribers. Needless to say, the judge's face is still red.

The judge was asked where the nearest shopping mall might be found. When the story came out, he was quoted as saying all shopping had to be done in San Antonio, Midland, Odessa or San Angelo. This, of course, was upsetting to the wide variety of Ozona merchants. Everybody in Ozona knows one can buy anything in Ozona, they can buy anywhere else.

According to the story, nobody has a job here except ranchers. This drew a big laugh from Ozonans, who know that ranchers are the only people who do not have jobs and if it were not for the oil companies who furnish the jobs, they would be hunting jobs.

What started out to be a story about low property taxes ended up being a cheap shot at Ozona. According to Judge Fields, the article misrepresented his comments. However, the judge learned a valuable lesson. That lesson is "never give interviews about Ozona to out-of-town news personnel." Meanwhile we wish Judge Fields a speedy recovery.

kk

We had too many pictures and not enough space when we put this paper to bed yesterday, so we had to eliminate some pictures. We were in a quandry so we decided the best idea was just to use the best pictures, not necessarily the most important ones. Maybe we will have a picture drought next week and will be able to use some of the polaroids we had to leave out this week. I don't like to do this, because old news is not really news. However, being a small weekly, we sometimes get caught in a bind and have to do the very thing we know is not good "newspaper."

kk

The telephone company is going to reach out again and touch everyone with phone service in the pocketbook. The utilities have asked for another rate hike and our local property taxes are going up. We have not increased our advertising rates in years, but I think we are facing an increase in the not too distant future. We are also being forced to change from an 8-column to a 6-column format in order to avoid a tremendous increase in printing costs and our postage bill is out of sight. When we get these changes figured out you will see a change in the way the paper looks, and I will have to go around to our advertisers with my hat in hand to announce the rate increase. It always makes me feel like a beggar. I guess that's why I put it off until we are on the way to the poorhouse.

Honor America—

My her flag every day
'til the Fourth Of July

Unusual sight

is Johnson Draw running with water after the rains last week. There are no statistics, but we believe this is the first

time this year the draw has had water in it. The drought has allowed the draw to erode considerably.

Agenda brief for Mon. Commissioners Court

The Crockett County Commissioners Court met Monday in regular meeting with a brief agenda, receiving reports from department heads and having several items for discussion. Bids for spraying county trees were opened at 11 a.m. Only two bids were submitted. M&B Spraying submitted a bid for two sprayings at \$588 for June and \$735 for August. Deaton Spraying bid \$600 for each

spraying, and the bid was accepted under court policy of taking the low bid.

The court refused payment on a \$910 bill from Deaton Spraying for spraying trees in the cemetery. The bill was referred to the cemetery association.

More discussion was given to county employees using pickups for personal use than to the hospital report which showed a \$55,000 loss for the

month. In the end, it was decided that all county pickups must be parked at the county barn at the close of the work day and on weekends.

Don Hopkins gave the hospital report. In relaying the news of the \$55,000 loss for the month of May, he pointed out the three pay periods for the month attributed to the deficit. Hopkins painted a bleak picture for the future of small hospitals. He said the trend had been a decline in the use by patients of small hospitals and he saw no change in the near future. He also reported a big problem with Medicaid. However, on the brighter side, Hopkins reported the hospital was still under budget for the year.

Some discussion was held on turning four hospital rooms nearest the care center into rooms for care center residents, but nothing was decided.

Dee Keilers, water district superintendent, appeared before the court to ask for revenue-sharing funds to assist with trash pick-up in town. The use of dumpsters was discussed. Cities using dumpsters have less problems with trash, according to Keilers, and need fewer trash handlers. With a dumpster system, several residents would use the same dumpster, approximately four households.

When asked about progress on the new sewer system, Keilers told the court the site had been approved, but a land owner further down Johnson Draw had filed against the district, claiming the water flowing down the draw would decrease the value of his land. Keilers indicated the hearings would involve a long process of legal entanglement.

Some discussion was held on the new property valuations for tax purposes. In a called meeting last week, the court voted to keep the present tax rate and offer a 40% homestead deduction. The re-appraisal at 100% of market value is going to be a blow to Ozonans who have had little property tax to pay in the past. Apparently that will no longer be the case unless the court agrees to lower the tax rate.

Judge A. O. Fields read a letter from Stan Lambert,

Chamber plans July 4 activities

A special meeting of the Board of Directors of the Ozona Chamber of Commerce was held June 5, primarily to discuss plans for the upcoming July 4 holiday activities which have traditionally been sponsored by the Chamber.

The board voted unanimously to eliminate the fireworks show. Reasons for the decision centered on their responsibility to prudently oversee the use of donated funds. It was suggested that "blowing up" \$2,000 was not in the best interest of the community. Several activities are planned for the celebration. These include an arts/crafts show in the park, food booths, musical entertainment, an "old fashioned tournament competition" featuring washer pitching and horseshoes. There will also be a Fire Department demonstration, flag ceremony, range cook-off at the rodeo arena and a Play Day also at the arena. Additional activities are being planned. Most of these will be held in the park beginning around 3 p.m. and concluding by 9 p.m.

In committee reports, the Chamber acknowledged two new memberships, the I-10 Stop and Perry's Photography. The quarterly newsletter will be sent to all Chamber members soon. It will contain a questionnaire regarding hospital and medical services in Ozona as well as news on the upcoming tennis tournament, Shriner's convention and July 4 festivities.

President Stan Lambert said that a letter of request has been sent to Judge Al Fields and the Commissioner's Court concerning the "transient street peddlers." The Chamber awaits a decision from the Court.

Due to the lack of interest in the Annual Five-Mile Run this year, the Chamber lost approximately \$180 sponsoring it. However, this loss is thought to be recovered if substantial t-shirts are sold in the next few weeks which were left over from the event.

In other business, the board set the date for next year's Annual Chamber of

Commerce Banquet to be held Thursday, January 24. The Annual Ozona Tennis Tournament is slated for July 14 in conjunction with the West Texas Masters Track Meet. The two events are hoped to complement each other. Also, the Shriner's Convention will be held here July 28. An estimated 150-200 outsiders will come to Ozona.

4-H members attend roundup

Fourteen Crockett County 4-H members, 5 leaders and the County Extension Agents were at College Station last week for the annual State 4-H Roundup. These members qualified for state by winning at district earlier in the Spring.

These youth and leaders participated in career workshops on Tuesday and their respective contests were held on Wednesday.

The "Share the Fun" team coached by Mr. and Mrs. Lane Scott and Mr. and Mrs. Bob Childress placed fourth in the ski division and ninth overall (including dance and

bands). Team members were Susan Scott, Christy Parks, Melody Stark, Kim Baker, Julie Reagor, Ira Childress, Lance Keilers, Andy Dews and Gary Davis.

The Range Judging team placed seventh and was coached by Rob Hicks. Team members were Peggy Skains, J.R. Garcia and Jon Moran.

A natural resource demonstration was entered by Vickie Reagor and Amy Jones.

Also attending from Crockett County were Mr. and Mrs. Ted Dews, Mr. and Mrs. Garland Davis and Copie.

Sheriff's Dept. has busy week

The Crockett County Sheriff's Department reported a busy week ending June 11. Eleven arrests were made. These include one for reckless conduct, one public intoxication, one male for terroristic threats, three arrests were made for assault-bodily injury, one for traffic warrants out of Junction, two males for DWI and one local for traffic warrants. Deputies also helped in a chase for two males who stole a truck from Barnhart. Two deputies assisted those from Eldorado and Mertzon to apprehend two white juvenile males for auto theft. They were taken to Eldorado.

Other action included a hit

and run accident at the truck stop June 5. On the 6th, one deputy unit and a DPS unit were called 27 miles south on highway 163 where a pickup had rolled over. A deputy also transported an inmate to Huntsville who had a parole violation.

Two sleepers spent the night in the local jail. These are hitchhikers or people who are found sleeping on park benches or in parking lots and the like. They are not charged. Three disturbance calls were also answered.

A spokesman also noted that a random roadblock was set up east of Ozona on Interstate 10 June 8 to check driver's licenses, liability cards and for DWI's.

Tournament champs

Pop's Renegades of Ozona defeated Doan and Co. from Sonora to capture the championship title in the First

Annual Triple B Athletics Softball Classic last weekend. The first place finishers are pictured here.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

With the summer winds and very little rain up to now, we are reminded daily there are numerous chores that need to be done regularly in the garden. We are optimistic enough to believe those showers are still in the offing.

The floribunda roses will be at the heat, for they are adapted to hot weather. They continue to bloom profusely after the hybrid tea roses begin a dormant period in mid-summer. To conserve growth energy, always snip off flower clusters as soon as they fade. Cut them far enough back to keep the height you want. Water deeply every week or 10 days.

If your crepe myrtles stop blooming, spread super phosphate into the soil around them. As flower leaves fade, cut them off. This often will cause new growth which results in more flowers later in the summer.

Gardeners who concentrate solely on plants that flower are overlooking a great opportunity to create cool, beautiful garden pictures. Native and introduced ferns are hardy in this area and many are available from

nurseries. The native river ferns come up early and stay attractive until a frost or freeze. They are also useful for gardens where early spring bulbs have been planted, for they grow high enough to cover the maturing bulb foliage. They need a spot that is protected from strong sunlight and cold or drying winds. Dig the soil deeply and add liberal amounts of organic material. Be sure to supply adequate moisture to the plants, especially during a drought.

If you are interested in gathering plant material for dried arrangements, now is the time to begin collecting seed pods of all kinds, grasses and dock, which may be gathered in the green, light brown and the matured upside down to dry naturally. Hang the dock and grasses upside down to dry naturally. Zinnias may also be done the same way and retain their color.

There is an excellent article about the yellow shrimp plant in southern living. I hope some of you will try to grow it for they say it will do well here with the proper treatment.

MRS. MARK RAMSEY
...nee Miss Janell Watson

Watson, Ramsey unite in courtyard ceremony

Janell Watson became the bride of Mark Ramsey in an evening ceremony in the courtyard of Mulberry Street Market in Buffalo Gap on Saturday, June 9, with Dr. Arthur Williams officiating.

The bride is the daughter of Mr. and Mrs. Bill Watson and the groom's parents are Mr. and Mrs. Johnny Ramsey of Arlington.

The bride, given in marriage by her father, wore an ankle length gown of ivory lace and embroidered net. The bodice was tiered lace and had elbow length sleeves. The skirt featured a lace peplum over embroidered net edged with ivory satin. Her hat was ivory lace with an ivory net band ending in hip length streamers. Ivory lace shoes completed her outfit and she carried ivory roses tied with ivory ribbons.

The matron of honor was Mrs. Doreen Turner, sister of the bride, of Clyde. Bridesmaids were Gay Burns of Ozona, Melody Wright of Saudi Arabia, and Cynthia Carpenter of Hobbs, N.M. They wore pink silk dresses with lace jackets and matching shoes and carried pink roses. The flower girl was Amy Hope, niece of the groom, of Garland. Her dress was ivory lace trimmed in pink. Ring bearer was Bryan Savage, nephew of the groom, of Garland.

Best man was Dan Ramsey, brother of the groom, of Terrell. Groomsmen were Zane Howard of Searcy, Arkansas, Steve Kellar of Ar-

lington and Bryan (Skip) Williams of Arlington.

The bride's parents hosted the reception at Mulberry Street Market and the bridegroom's parents hosted the rehearsal supper on Friday evening at Santa Fe Station in Abilene.

The bride is a 1980 graduate of Ozona High School and a 1984 graduate of Abilene Christian University with a degree in Fine Arts. The bridegroom is a 1973 graduate of South Garland High School and graduated from Harding University in 1981. He is general manager for Baker Sprinkler Systems in Arlington, where the couple will be at home at 808 Woodrow after a wedding trip to Santa Fe, N.M.

Couples golf play

Two teams tied for the top spot in Couples Golf Play at the Ozona Country Club last week. They were the team of Bob and Barbara Wallace and Dale and Jean Taylor and the team of Weldon and Cindy Nicks and Demp and Katy Jones.

Tieing for second were the teams of Floyd Hokit and Jonell Stokes and Ella Clegg and Royce Newton; the team of S.L. and Marie White and Tommy and Leslie Wilson; the team of Perry and Marcie Williams and Bud and Marilyn Cox, and the team of Kent Hokit and Eddy Hall and B.W. and Wanda Stuart.

Smoking poses major public health problem

With an estimated 300,000 deaths per year linked to cigarette smoking in the United States, this habit continues to be a major public health problem.

The Texas Medical Association says one of the best ways to battle the problem is to educate teen-agers on the harmful effects of smoking. Scientific studies have tied smoking to deaths from lung cancer, emphysema, chronic bronchitis, and heart disease.

Smoking among teen-agers is of particular concern because the earlier one starts to smoke, the more difficult it is to quit. And those who begin at a young age have a longer total smoking time, so they face a higher risk of disease.

Unfortunately, teen-agers may not consider the health consequences of their habit. The possibility of developing cancer or any other fatal health problem may seem remote and less important than trying to impress peers.

Many people believe that smoking just a few cigarettes will not hurt because they can stop whenever they want. Few people starting to smoke realize just how addictive the nicotine in cigarettes is. The habit is also expensive.

Parents and teachers can play an influential part in encouraging teens not to smoke by setting an example of not smoking and by helping teens recognize how easy it is to get hooked on cigarettes.

Teaching teen-agers how cigarette advertising uses misleading images to manipulate them into making decisions dangerous to their health. An ad may imply that the attractive, slender woman shown is happy and successful because she

smokes, but there is, of course, no relationship.

Making sure teens understand how cigarette smoking damages health. In addition to the long-term risks of death, immediate effects include reduced physical endurance and poor athletic performance.

Helping teens resist pressure from peers who smoke by providing them with information needed to defend their decision not to smoke. Encourage them to educate others about the serious health risks and expense of smoking. Point out that a 1982 nationwide study of high school seniors revealed that only 6 to 7 percent felt that smoking a cigarette makes someone look "cool."

Mrs. Black hosts C. C. bridge

Mrs. Charlie Black was hostess for luncheon and bridge at the Country Club Thursday.

High score went to Mrs. Byron Williams and second high to Mrs. Buster Deaton. Mrs. Charles Williams won the bingo.

Others playing were Mrs. Clay Adams, Mrs. George Bunker, Mrs. John Childress, Mrs. Hugh Childress, Mrs. Joe Friend, Mrs. John R. Hunnicutt, Mrs. Brock Jones, Mrs. Gene Lilly, Mrs. Beecher Montgomery, Mrs. Kirby Moore, Mrs. Evert White, Mrs. Gene Williams, Mrs. Jack Williams, Mrs. Bud Cox, Mrs. Billy Carson and Mrs. Dick Kirby.

Luncheon guests were Jean North, Willa Perry, Bernice Phillips, Kitty Montgomery and Leota Cox.

Natural cheeses cut sodium consumption

When it comes to salt, not all cheeses are created equal. So careful selection from among the many natural and "low-sodium" cheeses on the market is needed if you want to reduce your salt intake, says Texas A&M Agricultural Extension Service nutritionist Dr. Alice Hunt.

Salt has an important part in producing the distinctive flavors of many varieties of cheese, she explains. It may be added to curds during mixing, as it is with some soft cheeses, or it may be sprayed, sprinkled or rubbed on the rind of a cheese as it ages.

But not all natural cheeses are equally salty, says Hunt. For example, one ounce of swiss contains 74 milligrams of sodium while one ounce of edam has 274 milligrams. Cheese produced in different dairies may also vary significantly in sodium content.

It's possible to moderate your salt intake by selecting those cheeses naturally lower in sodium, suggests the nutritionist. A switch from creamed cottage cheese to ricotta, for example, or from edam to gruyere or swiss will save 100 milligrams or more of sodium per ounce. Dry curd cottage cheese and un-creamed farmer or pot cheese should also be low in sodium since the salt is usually added in the creaming mixture, she adds.

Some natural cheeses are available in no-salt versions. But they will still contain small amounts of sodium, since that mineral is found in milk, says Hunt. Gouda, swiss cheddar, colby and a few other varieties made

without salt generally have a sodium content of fewer than 10 mgs. per ounce.

A number of "low-sodium" and "reduced-sodium" cheeses are also on the market, she says. But because natural cheeses have different sodium levels to begin with, the variation in reduced sodium levels can be large. That's why it's helpful to read and compare the nutrition labels, cautions Hunt.

Fathers Day dinner set

A special dinner will highlight Father's Day, Sunday, June 17 from 11:30-1:30 at the Civic Center. Tickets for the dinner will be a \$3.50 donation to the Ozona Day Care Center. Brisket, beans and all the trimmings will be served. Carry-out orders will be available for an additional 50 cents.

A lucky father's name will be drawn for a surprise gift. Tickets may be bought for fathers and mothers from any Day Care child or student or call 392-2883. Tickets will be on sale at the door.

DUPLICATE BRIDGE

Mrs. Kirby Moore and Mrs. Carl North won the top spot in Duplicate Bridge Club play Saturday afternoon at the Country Club. Evert White and Mrs. Jack Williams were second.

In play Sunday Mrs. Gene Perry and Mrs. Byron Williams won high and Mrs. Moore and Mrs. North tied Mrs. Robert Cox and Mrs. Tom Montgomery for second.

HOW THE WEST WAS WON...

Folks who talk about "a family resemblance" are just scratching the surface. Qualities deeper than "looks" are passed from generation to generation.

This is my father. Dad came from strong, hardy stock. Believing people who lived their beliefs—while they carved frontiers... They spent their evenings building churches on the prairie.

It is my lot to be a father in today's world. That means I must put my heritage to work intelligently! I must be firm about what's important—flexible about the rest. And I've got to know the difference!

Obviously I need—and seek—God's help. Like my folks in the old days, I find it in the worship and teaching activities of my church.

Fathers Day

Fathers are going to have their day Sunday and the Ozona Day Care Center will sponsor a Fathers Day dinner at noon at the Civic Center. Tickets will be a \$3.50 donation to the day care center. Randy Upham is doing what many fathers do with sons this age. He coaches son, Chad's Little League team.

Forum summer meeting

The Ozona Woman's Forum met June 5 at El Chato's for a Dutch lunch. The group then met at the Community Room at the Crockett Co. National Bank for its summer business meeting.

Lu Ingram, president, chaired the meeting. Projects and program subject matters were discussed at length and tentative plans were formulated for the coming club year.

Those present were Jane Black, Louise Bunger, Genece Childress, Rachel Childress, Arlene Clayton, Ella Clegg, Elizabeth Dudley, Totsy Hagelstein, Lu Ingram, Bernice Jones, Mary Lee Jones, Georgia Kirby, Sophie Kyle, Lois Lock, Velma Marley, Ann McCartney, Doris Moore, Louisa Pearson, Bernice Phillip's, Madeline Stokes, Modene Whitaker and Barbara Wallace.

Doug Blanton of Fort Worth is here visiting his mother, Mrs. O. R. Blanton.

ATTENTION ADVERTISERS: Please reserve space for advertising before noon Monday. Copy must be in before noon Tuesday.

Renegades win tournament

Pop's Renegades of Ozona captured first place with an undefeated record in the first annual Triple B Athletics Softball Classic held last Friday, Saturday and Sunday in Ozona. Doan and Co. of Sonora finished second followed by the Ozona Lobos. It was a double loss elimination tournament.

Area teams who competed included five teams from Ozona, four San Angelo

teams, two from Iraan and two teams from Sonora.

Most Valuable Player awards went to Steve Shots of Pop's Renegades for offense and Jeff Doan of Doan and Co. for defense. All tournament players from Ozona were Clay Chapman, Shane Fenton, Larry Vestal and Rick Webster.

In weekly softball action,

Monday night the Mooseheads defeated Fesco while South Permian fell to the Lobos. Tuesday, the first place Dillos met the fourth place Lobos. The Mooseheads also faced the Outlaws who are tied for second. Thursday night, South Permian plays J.C.T. followed by the Dillos against Fesco.

Conaway services Sunday

Funeral services for C. Lee Conaway, 55, were held Sunday afternoon in Pleasanton. Mrs. Conaway was found dead in her home here Friday afternoon. She was pronounced dead by Justice of the Peace Raymond Davee. She had apparently died in her sleep early Friday morning.

Mrs. Conaway had been an Ozona resident for many years. She has one daughter, Pam Busby, of Midland. No other information was available.

Local students get Tarleton State honors

Students making the A and B honor rolls and the Distinguished Students list totaled 747 for the 1984 spring semester at Tarleton State University, according to Dr. Robert C. Fain, Vice President for Academic Affairs.

Phillips art group disbands

The Charlotte B. Phillips Art Group will not meet until further notice.

Memorials for the art scholarship fund maybe mailed to Box 1007, Ozona, Tx. 76943. Anyone wishing to take the oil painting workshop September 18-20 under J.D. Keel, Jr. should contact Joan Nicholas within the next two weeks at 392-3265.

Mr. Keel will also teach a water color class the evenings of the 18th and 19th from 7-10 p.m. Students may take either or both workshops.

Students listed on the A honor roll have a 4.0 grade point ration (GPR) on the 4.0 system with a minimum of 12 hours. Students on the B honor roll have a grade point ratio between 3.00 and 3.99 with no grade lower than B and a minimum of 12 hours. Freshman and sophomore students who have a minimum GPR of 3.25 with no grade lower than C, and junior and senior students who have a minimum GPR of 3.50 with no grade lower than C in good standing are designated "Distinguished Students."

Among those was Molly B. Womack of Ozona on the B Honor Roll and Distinguished Student.

MR. AND MRS. GLENN DAVIS

Rush, Davis exchange wedding vows

The Medina United Methodist Church served as the setting for the marriage of Miss Colleen Rush and Mr. Glenn Davis, June 9. The Reverend John Reynolds of the McAllen Trinity Methodist Church performed the ceremony with assistance from the Reverend Joyce H. Slade of the Medina United Methodist Church.

The bride is the daughter of Mr. Marvin Rush of San Antonio and Ms. Nancee Rush of New Braunfels. The groom is the son of Mr. and Mrs. Garland Davis of Ozona.

The Matron of Honor was Mrs. Sherry Selement of Medina and the Maid of Honor was Lora Standard of San Angelo. Bridesmaids were Larresia Crenshaw of Sunray, Leslie Laminack of Carrollton, and Christina Hoffman of Austin.

Gary Davis, of Ozona, served his brother as Best Man. Groomsmen were Eddie Pratt of Rocksprings, Paul L. Garrison III of Medina, Robert Selement also of Medina, and Rusty Rush, brother of the bride, of San Antonio.

The ushers for the wedding were Wes Sawyer of Lumberton, and Mike and Robin Rush, brothers of the bride, of Honolulu, Hawaii. Brother of the groom, Copie Davis, lighted the candles while Matt Boothby of Rockford, Illinois served as the ring bearer and Alicia Mims of Medina served as the flower girl.

Laura Upshaw of Blanc sang "Just You and I", "Truly," and "Ice Castles Through the Eyes of Love." She was accompanied on the piano by Ann Kirk of College Station who also played the "Wedding March".

The bride, given in marriage by her father, wore an ivory colored satin dress which was accented with Alencon lace, which adorned the waistline, neckline and bodice. The sleeves of the gown, which were full length, came to a point over the hands and were also accented by the white lace. The bride had a lace veil which was fingertip length.

Following the ceremony, a reception was held in the Medina Methodist Church Fellowship Hall.

Mr. and Mrs. Davis are both graduates of Medina High School. Mr. Davis is a 1983 graduate of Angelo

Ozona tracksters break Classic Masters' records

The 1984 Hill Country Classic Masters Meet was held Saturday, June 9, in Mason. Participants from all over Texas came to compete in all field and running events. One world record was broken and several meet records fell.

Master track meets are held throughout Texas, the U.S. and the world. The age groups begin at 20 years and older with 5 year age groups. These meets are designed for the older men and women. Ozona will hold its second annual West Texas Masters Track Meet July 14, at Lion Stadium with some of the same participants in the Mason meet and from all parts of Texas, New Mexico, Oklahoma and Louisiana.

Wendal Palmer of Pampa, Texas, a 52-year-old, set a world record in his age group (50/55) in the discus with a toss of 168'6 1/2", breaking the old world record of 160'6". Palmer, a junior high school teacher in Pampa has been throwing the discus since the eighth grade. Needless to say, his toss was an overall record, beating all divisions at Mason. The discus weight in his division is the 1.6 kilo which is the high school discus.

Many other meet records fell at Mason. Bobby Aycock broke the triple jump record of 32'3/4" in Division VI with a jump of 35'3/4". Also he took part in the record breaking of the 1600 meter relay team in Division VI with runners Lester Volmar of Fredericksburg, Bob Mc Glasan of Houston and Guy Young of Waco, with a time of 4:25.06 which shattered the old record of 5:28.61.

Larry Payne of Ozona won the 100 meter dash in Division I and won second over-

all with a time of 10.90 sec. Larry and Marcelo Hernandez of Ozona, Rod Welch of Uvalde, and Mike Keller of Mason won first place in Division I in the 400 meter relay with a time of 44.0. Larry, Marcelo, Jack Thomp-

Ozona youths compete in Eldorado show

Whitney Vannoy, Nathan and Marshall Hubbard, Bonnie and Tom Martin, and Chad and Casey Upham traveled to Eldorado, Saturday, June 2, to participate in the Eldorado Youth 4-H Horse Show.

The Ozona youth competed against area 4-H youth from Sonora, Eldorado, Del Rio and San Angelo.

Standings in the horse show were as follows:

Showmanship-Bonnie Martin, fourth; Tom Martin, fifth.

Grade Geldings-Bonnie Martin, third.

English Pleasure-Bonnie Martin, fourth.

Western Pleasure-Bonnie Martin, second.

Western Horsemanship-Chad Upham, fourth.

Goat Tying-Chad Upham, fourth; Tom Martin, fifth.

Barrel Race-Marshall Hubbard, third.

Pole Bending-Marshall Hubbard, third.

Flag Race-Marshall Hubbard, third; Whitney Vannoy, sixth.

PHONE NEWS TO THE STOCKMAN.

son and Don Gibson, all from Ozona won second place in Division I and second overall in the 1600 meter relay with a time of 3:41.08.

Marcelo Hernandez also took second place in the 400 meter dash in Division I and Don Gibson won third in Division II in the 400 meter dash. Don also won second place in Division II in the 400 meter relay with three other runners from Mason. Bobby Aycock in Division VI won firsts in the discus, triple jump, 1600 meter relay, second in the long jump and a third place in the shot put.

When You Buy, Build or Remodel, You Can Save Thousands of Dollars* on Your Electric Bills over the Life of Your Home if it's a WTU-Approved E.S.P. Home

Some homes on the market may seem to be energy efficient, but before you buy, build or remodel, be sure your new home earns the West Texas Utilities

"E.S.P. Award"

ASK YOUR REALTOR OR BUILDER ABOUT SOME OF THE MOST IMPORTANT ENERGY SAVING FEATURES:

- Ceiling installation of R-30 and wall insulation of R-16.
- Air conditioning with a Seasonal Energy Efficiency Ratio (SEER) of 8.5 or higher.
- Storm windows or insulated glass.
- Electric heat pump with an SEER of 8.0 or higher.
- Weatherstripping and caulking around all doors and windows.
- Air infiltration control.

*COMPARE BELOW HOW MUCH MONEY AN E.S.P. HOME CAN SAVE YOU OVER A ONE-YEAR PERIOD

An average 1800 square foot home will cost approximately \$835 per year to heat and cool.

An E.S.P. HOME of 1800 square feet will cost approximately \$610 per year to heat and cool, which results in an annual savings on electricity costs of 25 percent or more. (Energy savings may vary according to the type of construction of the home, family size and individual energy usage habits.)

Call your local WTU office for additional information on buying, building or remodeling to have an E.S.P. HOME. IT CAN SAVE YOU MONEY ON FUTURE ENERGY BILLS!

Please don't eat the daisies

This pair of Llamas tethered at the corner of 11th St. and Ave. F, are being raised as mountain pack animals by Whitehouse Exotics. Owners David and

Chris Weant report they also make great lawnmowers, grazing on grass and dead leaves, while refusing to eat blooming plants.

Exotics, home on the range

By Jana Harris

After an hour or so drive east on Interstate 10, entrance is made into the C and H Whitehouse Exotics Ranch in Sutton County. The scenes are very typical of any Texas spread for the first 100 yards down the caliche road but then the four legged animals wander from behind the trees to greet you in a somewhat foreign manner.

Chris Weant, who helps her husband, David, with the exotics, provided me with a guided tour of the place and its assortment of unique inhabitants. Some 450 critters roam the seven section ranch which is primarily a running goat and cattle ranch.

When they purchased it in 1980, several antelope and sheep were already on it. "David went crazy and kept adding on and adding on!" she said.

A few of the some 150 Fallow deer on the place were the first to welcome us to their home. These are originally from southern Eurasia and the Oriental region. The graceful bounds of the Oriental Sika deer grabbed my attention next. Their running leaps carry them swiftly through the brush. There are approximately 20 of these there.

It would be improbable to give details about all the animals but I would like to mention a few of these extraordinary creatures residing in West Texas.

There are two females and one male Berasinga deer on the ranch. A native of India, in 1975 there were less than 1,000 in the world. These immediately stole my fancy as they surrounded the Bronco and one persistently nuzzled my nose. They stand out due to their coats of a sunny golden tone.

The Weants have one male Grevy zebra. This is the largest of the living forms of zebras. Originally from Ethiopia, Somalia and the northern Kenya, it is shaped like a mule and is distinguished by its large head and ears and the numerous narrow stripes covering the body right down to the hoofs. The Grevy and the Berasinga are both on the endangered species list.

The markings on some of these animals are truly stunning. Prime examples are the

White Bearded gnu of Kenya and Tanzania and the African eland. There are 15 elands and one gnu on the ranch.

Other animals include the African gazelles, a female Angolan addax horse-antelope, a female Nyala from Ethiopia, Mouflon, Corsican and Black Hawaiian sheep, a few young buffalo, four female and one male Scot Highlanders, one male and two female Sicilian donkeys, 70 Blackback antelope, Ibex and Creeden goats, one dozen elk, three Blue Bulls, 20 Aoadad sheep, four llamas and nine White Texas Dall sheep. Lastly is the yak of Tibet which chose not to be disturbed on our tour.

The intentional hobby has more or less turned into a pleasurable full time job for the couple. The ranch is for breeding and hunting. As Chris put it, "We offer African hunts at the price of a Texas safari as well as fun animals, an endangered species breeding program and a few animals to sell to the zoos."

Most of the stock is acquired through an animal hauler from Arkansas which happens to be the largest in the United States. Similar exotic places in the state also trade their animals. In working with the zoos, the Weants sell or trade their young animals to zoos in return for their excess or trophy animals. The trophy game thus provide means for specially designed three-day hunts on the ranch equipped with room, board and a guide in an open season. Hunts vary from \$500 to \$15,000 a day depending on the game.

"I like to take them in and let people see animals that they would never get to see and for hunters it's the ultimate pleasure to kill an animal," David said. He feels Texas will someday be the hunting capitol of the world.

The trophy animals include the Fallow and Sika deer, elk, eland, Blackbuck, Aoadad, four-horned sheep, Mouflan, Corsican and Black Hawaiians and the Texas Dall sheep.

On the breeding end of the operation, it is noted that it is the most expensive because it takes three years to see the returns.

"I really want to breed endangered species and animals for the public, things that people can see and their kids can enjoy," David said.

On the road they have picked up animals in South Dakota, Arkansas, California and various places in between. Exotic ranches are becoming more popular as a hobby especially for retired people. They stock a five or six acre plot with fun animals such as the buffalo, llama or elk. There are several such places in the Junction-Kerrville area. Kerrville holds the headquarters for the Exotic Wildlife Association in Texas.

The animals graze or browse the pastures and rely on additional hay and corn as supplement feed. A problem has been the fact that many of these animals aren't winter hardy and on extremely cold days must be kept indoors with a heater. Numerous animals were lost during the bitter cold last winter. The native African animals including the giraffe, waterbuck antelope,

Scimitar-horned oryx, Impala and Gemsbok were all lost in the freeze. In exotic game, the female is two or three times more valuable than the male.

In the realm of expansion, the Weants, Wayne Baze and Dan Adney plan to open a public viewing zoo this weekend. The zoo will cover two and one-half acres near the Twin Butte store just west of San Angelo. Some 20 paired species will be on display.

"It is just a place where people can get familiar with them because nature is bringing the animals here," David said.

Aside from the hunts, zoo loaning programs and the delight of the fun animals, they also provide a trapping service with full equipment to capture and transport animals.

Whitehouse Exotics has definitely brought some of the wonders of wildlife a little closer to home. As David summed it up, "We have an animal for anybody's purpose".

Crockett County oil news

The Virlaw (San Andres upper gas) field of Crockett County gained its third producer and a 7/8-mile southwest extension with completion of C.F. Lawrence & Associates Inc., Midland, No. 1 Todd Beta, 18 miles east of Iran, for a calculated, absolute open flow of 108,553 cubic feet of gas daily, with gas-liquid ratio of 104,000-1. Gravity of the condensate is 38 degrees.

Production was through perforations at 2,125-95 feet, which had been acidized with 1,500 gallons and fractured with 15,000 gallons.

Drilled to 2,361 feet, where 5 1/2-inch casing was set, it is plugged back to 2,333 feet.

Location is 1,200 feet from the north and 467 feet from the east lines of 4-WX-GC & SF.

THE WALLACE BUILDING

The W.E. Wallace Building is a three-story apartment complex in Manor Park, an active retirement community in Midland.

Unlike other developments of its kind, residents of Manor Park will enjoy many special features including:

- Refundable entrance fees
- The Central Facilities Building which includes the chapel, library, dining room, health and recreational facilities.
- 5 different floor plans ranging up to 1197 square feet.
- Monthly maintenance fees from \$400 including one meal per day
- Occupancy by October, 1984
- Substantial savings by acting before July 1

Come visit the Wallace at Manor Park in Midland, or call Fred Kester or Bill Saxton at 689-9898.

Extension Office News

By Rachel Hall

Record Book Workshop - Friday, June 15, 10:00-12:00 a.m. There will be a Record Book Workshop at the Extension office conference room, next to the Extension office. This workshop is for anyone (4-Her or leader) who wishes to learn the details for organizing a record book. The 4-Hers should bring their last record book, if available, and any project records.

Baby Sitting Clinic - Deadline for registering for the June 25 and 26 Baby Sitting Clinic is Friday, June 15. This clinic will include safety and first aid, entertaining children, responsibilities of a sitter, discipline, and a visit to the Day Care Center. Members will be divided into age groups depending on the number enrolled. Register by calling 392-2721.

Family Fun Day at Waterland - Deadline for registering for the July 7 Fun Day in Odessa is June 18. Pre-registration and money payment must be completed on or before this date at the County Extension office.

Care Center Modeling - 4-H members who competed in the June 1, 4-H Fashion Show will be modeling for residents Friday, 3:30 p.m. at the Care Center.

CAKE MIXES
The Consumer Makes Them Richer

Most packaged cake mixes are less costly than similar cakes baked from scratch. But a cake from a more elaborate mix can cost three times as much as a simpler cake, and its advantages may be due largely to ingredients added at home. Most processors still use animal fats, including lard, in cake mixes. Others use the highly saturated vegetable fats, palm oil and coconut oil. Many contain preservatives and artificial colors and flavors along with other ingredients.

It is difficult to affix a dollar cost to home baking, since recipes and ingredient costs are so variable. The cost of scratch cakes from the same recipe can vary by 100 percent, due to the available choices and the consumer's shopping skills.

An analysis of "pudding mix" cakes with their plainer counterparts in the same product line indicates that the richer texture of these cakes is due primarily to the homemaker's additions. One twelfth of the mix for the plain yellow layer cake provides 180 calories; two grams of protein; 33 grams of carbohydrate and four grams of fat. The values of the dry mix of the pudding cake requires the addition of three eggs required in the less expensive layer cake mix. The finished pudding cake has twice as much fat, and 25 percent more calories, than the plain layer cake.

THANKS
We would like to thank our friends in Ozona for their kind thoughts during Willie's illness. We appreciate the many cards, phone calls, flowers and food.
Willie & Marcus Tooke

Crockett County Care Center News

BY ANN McCARTNEY
DIRECTOR OF ACTIVITIES & SOCIAL CARE

Two school aged boys heard our plea for summer help with bingo and came last Friday. Welcome aboard Justin and Jason Moran! We do hope others will come too! Maude Pettit started our "Down Memory Lane" session this week with the suggestion of new inventions in the past twenty years. That topic can put one to thinking! Tina Moran brought us a make-up demonstration featuring her Mary Kay products last Tuesday afternoon. The ladies of our Care Center really enjoyed this. Ruth Hester and Doris Karr directed the ceramic group this week. Nancy Vannoy and Ann Shaw helped clean some pieces. Sunshine Hour on Wednesday afternoon was brought by Joan Nicholas and June Reeves. About seventeen residents sat on the porch for visitation and their refreshment treats. Thursday morning's beauty shop was manned by Clara Byrd, Vivian Hughes, and Jo Richardson. Thursday afternoon Charles Huffman brought our Bible study. He was assisted by his wife Betty and Ruby Olson. We appreciated this group coming once again to fill in.

Dr. Carlisle awarded by Medical Association

Don L. Carlisle, M.D. was recently awarded the Physician's Recognition Award by the American Medical Association. This award is given physicians for the voluntary completion of a minimum of 150 hours of continuing education over a three-year period. Dr. Carlisle has received this recognition of post-graduate training ever since the program's inception in 1974. Additionally, Dr. Carlisle, one of the earliest emergency physicians, in the U.S. is an active member of the American College of Emergency Physicians, the newest American medical specialty, which also requires 150 hours of post-graduate work every three years for continuing membership.

Survivors include his wife, Julia Landers Wallis; one son, T. O. Wallis of Midland; two stepsons, Sonny Landers and John Landers, both of Alabama; two stepdaughters, Geneva Ridlay and Grace Little, both of Alabama, nine grandchildren and several great grandchildren.

Wallis services here

Graveside services for Joseph Oliver Wallis, 83, were held Tuesday morning at 10 a.m. in Cedar Hill Cemetery under the direction of Sizemore Funeral Home. Mr. Wallis died June 7, 1984, in a Baptist Medical Center Hospital in Birmingham, Alabama. He was born April 24, 1901 in Childersburg, Ala.

Survivors include his wife, Julia Landers Wallis; one son, T. O. Wallis of Midland; two stepsons, Sonny Landers and John Landers, both of Alabama; two stepdaughters, Geneva Ridlay and Grace Little, both of Alabama, nine grandchildren and several great grandchildren.

Geniece Childress, and Madeline Stokes. We truly thank all these assistants. Residents going included Hilda Dysart, Johnny Henderson, Nina Mayfield, Paul Cavin and Tomasa Ramos.

Saturday afternoon the Rev. Chuck Camp came and conducted an interdenominational communion service in the Day Room. Eight residents attended. Sunday church services were attended by Billie Whately, Nina Mayfield and Alice Ross. We appreciate the Baptist bus coming for these ladies and for the volunteers who brought them home. Polly Mayes and Jewel Bailey.

Earline Jones and Dorothy Doll have both done some extra individual visiting this week. Earline also gave a nice donation. A large group of young people from the Catholic Church brought the Sunday afternoon church services. This group organized through their Bible school, I believe. We do hope all our churches will share some of their talented youth as part of their Bible School program this summer.

Thanks goes to the T.L. Watson's and the W.D. Haire's for apricots and plums shared with our Care Center this past week. We now have Church directories from the Church of Christ, First Baptist, and United Methodist Churches. We truly appreciate these. They help with proper name spellings and box numbers. We would be pleased to have one from all Churches in Ozona in our files.

We still have spots where volunteers are needed, so keep coming! Calvary Baptist Church will sponsor an evening of singing and worship in the downtown park Saturday, June 23 at 6:00 p.m. The public is cordially invited to attend.

"La Familia De Cristo," a musical group from Crane will bring the music and message.

The best diamonds are colored blue-white.

Castellanos named to All-American

The National Secondary Education Council announced that Matilde L. Castellanos has been named an Academic All-American.

The NSEC has established the Academic All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Academic All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the NSEC. These are awards few students can ever hope to attain.

Matilde Castellanos who attends Ozona High School, was nominated for this National Award by Jim Williams. Matilde will appear in the Academic All-American Scholar Directory, which is published nationally.

The Council selects Academic All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Matilde Castellanos is the daughter of Mr. and Mrs. Juan Castellanos Jr. The grandparents are Mr. and Mrs. Juan Castellanos Sr. and Alberto Longoria.

Musicians to give service

Calvary Baptist Church will sponsor an evening of singing and worship in the downtown park Saturday, June 23 at 6:00 p.m. The public is cordially invited to attend.

"La Familia De Cristo," a musical group from Crane will bring the music and message.

Gates Guide to Cooling Systems FREE with the purchase of any Gates belt or hose.

"If your car is four years old, replace the belts and hoses. No matter how they look." Today's belts and radiator hoses don't show wear the way they used to. Even an experienced mechanic can't always tell if they are about to go, just by looking. So if your car is four years old or more, change the belts and hoses.

Prices good thru June 30, 1984, at participating CARQUEST Auto Parts Stores.
