Coopers honored

It was Bill Cooper's retirement party Tuesday morning at Ozona National Bank, but Roberta was honored as well. She was in on events from the beginning, however, it came as a

Board gets progress report on renovation

Architect Ron Barbutti and Mr. Harold Seefeldt met with the Ozona Board of Trustees Tuesday, September 11, to give members a progress report on the Ozona Junior High Renovation Project. The board noted that the building improvement project was approximately five weeks past its completion date, and, faced with

another request for a contract extension, the members voted to write J.D. Stein, president of Stein Construction Company, a letter requesting his present at a Special Meeting of the board on Monday, September 17.

Assistant Superintendent Ted Cotton gave members a report on House Bill 246, a new back-to-the-basics curriculum developed by the State

Board as a mandate by the 67th Texas Legislature. Mr. Cotton explained that the new law repealed all other curriculum legislation and established twelve subject areas that must be included in each school district's curriculum from kindergarten through the twelfth grade.

The twelve curriculum areas include: English language arts, other languages, mathematics, fine arts, science, health, physical education, economics, business education, vocational education, and Texas and United States history as individual subjects and in reading courses.

In addition, the new state curriculum plan identifies "essential elements" (basic principles of a course) that must be taught in each subject and grade level, and it specifies how many minutes a day that instruction in these "essential elements" must take place.

Mr. Cotton went on to explain that probably the greatest impact of House Bill 246 will be felt at the junior high and high school level. Next year all junior high school students will be required to take a reading improvement course if they score one year below grade level on a standardized achievement test, and all eighth grade students will be required to take one semester of computer literacy. The district will also be required to offer life and earth science as separate courses in the seventh and eighth grades.

At the high school level, there will also be certain mandated courses required, but this will depend on which graduation plan (regular or academic) the student selects. There will be no difference in the wording on diplomas that students receive, but their transcripts will reflect the graduation plan that was chosen.

Following Mr. Cotton's presentation, the Board of Trustees accepted the district's plan for implementing House Bill 246 into the local curriculum.

In other developments, the Board accepted the bid of Lilly Construction Company for paving the new bus maintenance facility and property at Ozona Intermediate School. They also approved low-income eligibility guidelines for participation in the Federal School Lunch Program, as well as a revised professional leave policy presented by Superintendent Garland Davis.

The regular monthly meeting of the Crockett County Consolidated Common School District Board of Trustees was held Tuesday, September 11, in the administration building of Ozona Public Schools.

Lions claim victory in homecoming game

By Gary Davis

Homecoming always seems to bring out the best in the Ozona Lions. The Lions, once again, were victorious in their Homecoming gridiron match up, winning 20-14 over a strong Eden Bulldog team. The win in Lion Stadium raised the Lions' to 1-1 for the 1984 season. The next contest will be against West Texas powerhouse, Reagan County in Big Lake. The game is scheduled for 8:00 p.m. this Friday.

Against Eden, the Lions scored the first touchdown of the evening with 9:41 remaining in the first period of play. Eden fumbled on their own 11 yard line, where the Lions took possession. In five plays, Ozona's Junior running back, David Adams took the ball in for the touchdown. The extra point attempt by senior, Mario Arredondo, was unsuccessful thus leaving the score 6-0 in Ozona's favor.

With only 16 seconds left on the clock in the first quarter, Eden's running sensation, Billy White, scampered 23 yards for a touchdown and Andrew Lopez kicked the extra point to put the Bulldogs ahead 7-6.

Early in the second quarter, White broke loose again for a 55 yard run and his second touchdown. Lopez booted another kick through the uprights, making the score 14-6.

Late in the first half, Ozona's Junior quarterback, Harvey Fierro connected with senior, Lionel Munoz on a 40 yard pass play and a touchdown. David Delgado, senior, successfully ran the ball into the endzone for two points, tying the score 14-14 at the close of the

first half.

Ozona's final score came with only 4:53 remaining in the contest. David Adams sprinted into paydirt from seven yards out to wrap up the game for his team 20-14.

Lion mentor, Jim Green, praised Adams, who led the Lions in rushing with 114 yards. "My goal was to get 100 yards," said Adams, "...and I can't believe I got them." Green commended Adams for his dedication following a two-week absence from play due to an injury. Coach Green also complimented his quarterback, Harvey Fierro. "Having not been familiar with the position, Harvey did a good job," stated Green. Other players who received the coach's recognition were Lionel Munoz and Matt Gutierrez. "Lionel came through on a big pass play and Matt pulled off a key draw play." He continued to praise Gutierrez for his blocking throughout the game. "We had good defensive play from Al Ramirez, who had 3 interceptions and Mario Arredondo who had one," added Green.

Behind David Adams in the rushing department were Matt Gutierrez with 21 yards and David Delgado with 7. The Lions accumulated a total of 134 yards rushing and 11 first downs. Fierro passed the ball for 77 yards to receivers: Lionel Munoz, 38 yards; Al Ramirez, 25 yards; and Adams, 14 yards.

The highlight of the Homecoming ceremonies was the crowning of the 1984 Homecoming Queen, Irma Tobar. Miss Tobar, the senior daughter of Mr. and Mrs. Joe Tobar, was presented a bouquet of flowers, a crown, and a kiss by her escort, Danny Moran. Also participating in the ceremonies were Haley Anderson, escorted by Al Ramirez, and Christy Parks, escorted by Matt Gutierrez.

This Friday, Coach Green looks for Reagan County to run the sweep quite a bit. "They have good speed and they have some big, strong people," stated Green. Big Lake sports an unblemished record of 2-0, with wins over the Robert Lee Steers and the Crane Golden Cranes.

Conoco stakes location in Shannon multipay

Conoco Inc., Midland, No. 5 J.M. Shannon "1", lower Pennsylvanian gas opener in the Escondido multipay field of Crockett County, one location north of production in the Escondido, South (lower Strawn oil) field and 20 miles southwest of Big Lake, was finalized for a calculated, absolute, open flow of 675,000 cubic feet of gas daily, with gas-liquid ratio of 96,000-1. Gravity of the condensate was 42.5 degrees.

Production was natural through perforations at 8,288-98 feet.

The following tops were picked on ground elevation of 2,550 feet: upper Strawn, 7,696 feet; lower Pennsylvanian, 8,288 feet; Fusselman, 8,586 feet; and Ellenburger, 8,975 feet.

Drilled to 9,400 feet, with 5 1/2-inch casing set at 9,266 feet, it was

plugged back to 9,200 feet.

Location is 1,980 feet from the north and 810 feet from the west lines of 1-2-GC&SF.

The Ranch (Strawn oil) field of Crockett County gained its fourth producer and a 1 1/8-mile northwest extension with completion of Conoco Inc., Midland, No. 1 L.A. Harris "10", 18 miles southwest of Big Lake, to flow 102 barrels of 52.1 gravity oil, plus three barrels of water, with gas-oil ratio of 5,696-1.

Production was through a 20-64-inch choke and perforations at 8,059-116 feet, which had been acidized with 2,300 gallons.

Drilled to 8,300 feet, with 5 1/2 inch casing set at 8,296 feet, it is plugged back to 8,229 feet.

Location is 660 feet from the south and east lines of 10-A-BS&F.

Bill Cooper honored with retirement party

Bill Cooper made his retirement from the Crockett County Water District official Tuesday morning when he was honored with a surprise coffee given by the board of directors and staff of the facility in the Ozona National Bank. The whole town turned out for the affair, literally, and hundreds of well-wishers called between the hours of 9:30 and 11:00 a.m.

J.W. Johnigan spoke on Cooper's long service with the district and presented Bill and Mrs. Cooper with gold watches. Bill's was inscribed "In appreciation of your loyal and dedicated service to your job and to the town of Ozona." Roberta's was also given in appreciation. The couple made appropriate acceptance speeches. Roberta told about the first time she saw Bill, almost 50 years ago. She was riding with her father in the family car

when they saw a guy on a motorcycle whizzing down the road with no hands on the handle-bars. Her father said "look at that crazy fool, he's going to kill himself." She added that little her father knew he was talking about his future son-in-law.

Bill and Roberta were married in Houston in 1937, and moved to Ozona in 1943. Bill is credited with developing the water system and the sewer system. He served as engineer and water superintendent for over 41 years. Bill has probably done more good for Ozona and its people than any other one citizen. He and Roberta have gone out of their way many times to help someone or a group.

Guests were served from a table laden with delightful food, centered, appropriately with an old water pump arranged with fall flowers.

Chamber of Commerce directors hold meeting

The directors of the Ozona Chamber of Commerce met in regular session on Tuesday, Sept. 11. Directors present were Stan Lambert, Dave Young, Peggy Creider, Steve Sessoms, Johnny Childress, Fred Deaton, Sandra Childress, Ronald Shaw and Chamber Manager Beth Boyd.

Topics of discussion were the Shriner's Convention, the Arts & Crafts Guild, the Halloween Carnival and the street peddlers.

The Shriner's Convention held in Ozona was a success and the Shriners were very pleased with the service and hospitality they received while here.

Jackie King and T.K. O'Bryant gave a report on the Arts & Crafts Guild being established in Ozona. Currently they have 67 members and are growing daily. Their first Arts &

Crafts Fair is set for November 10, from 9 to 5 in the 4-H Barn.

The Halloween Carnival was discussed and it was agreed that since Halloween falls on a Wednesday this year, there would be a time limit of 6-10 p.m. set on the booths this year. The Chamber of Commerce will hold two separate raffles this year with the drawing being done at the carnival. A knife will be given away in one raffle and a turkey will be given away in the other raffle. A date has not yet been set on the drawing for the annual rifle raffle.

On the subject of the street peddlers, a letter was read by president, Stan Lambert, from Judge Fields. This letter stated in short, that the law states that there is no authority given to the Sheriff's Department to prohibit the peddlers from selling in Crockett County.

Youth Center to have movies on Saturdays

The Crockett Co. Youth Center and Teen Council in order to provide more entertainment for its members will begin showing movies on Saturday nights in addition to its other facilities. The activity room will remain open during this time.

Movies will begin at 8:00. Arrangements have been made for a soft drink fountain to be in operation during the movies. A movie schedule will be published so that the youth and parents will be aware of the movies being shown. Garland Young and a youth center employ will be present during movies.

All members of the Senior High Crockett Co. Youth Center are invited and parents are asked to encourage their youths to attend.

The Crockett Co. Civic Center Board and Teen Council feel these movies will provide a casual, but sponsored event for teenagers during the week-ends.

Let's make this effort a success.

Booster Club meets athletes and leaders

The Ozona Lions Booster Club met Tuesday, September 11, in the High School Auditorium.

The cheerleaders and mascot were introduced to the club and the freshman and sophomore athletes, managers and trainers were introduced. At the September 18 meeting all the Jr. High athletes, managers and trainers will be introduced.

All supporters of the Lions are encouraged to attend the meetings, also to help form a victory line at the beginning and at halftime for all the home football games.

A film of the Ozona, Greenwood game was shown with comments from the coaches. The winner of the door prize was not present so it will be added to next weeks door prize. Refreshments of coffee and cake were served.

Homecoming queen

Erma Tobar was crowned 1984 homecoming queen during ceremonies Friday night at the football field. She

received a bouquet of roses and a kiss from her escort, Danny Moran. Dances were Haley Anderson and Christy Parks.

Tips For Gardeners
From the
Ozona Garden Club
by Mrs. Bailey Post

Since in West Texas we usually have several summer months with very little rain, those trees and shrubs that require the least moisture will head the list.

Most gardeners long to try to grow the new and exotic plants described in the catalogue, but after a few years and waste of dollars and care, they usually return to the planting of those that are known to thrive in our area. If you do want them and have the time to care for them properly, they will grow here and often reward you with interesting foliage and blooms. Now that homes are air-conditioned trees near the house are no longer necessary for shade and cooling as they once were.

If you want the naturalistic setting use mostly native trees and shrubs. You may want to add nursery plants, but plan for them to look as if they just grew there with natives.

In preparation now for fall planting of a new or old landscape, several requirements should be considered.

Visualize the lasting beauty you wish to achieve, the space you have, size of the plants, maintenance required and cost involved.

To have the public or entrance area attractive the year around, evergreens give the most satisfaction. If you want some color for the summer months, make the flower beds wide enough for bulbs and annuals in front of the shrubs. Potted plants may be used too, for they can be changed with the season.

Select shrubs and trees that will be in scale with your house and area to be planted, without having to be constantly pruning.

Contrast in color and foliage gives more interest and pleasure to the public and you.

Also, a variety of greenery will furnish plant material anytime you want it for long lasting arrangements in your home.

Simplicity and unity in placing of the plants will provide easy maintenance and a pleasing appearance.

There are many attractive shrubs that do well in Ozona.

If you live where the soil is shallow and near caliche, this will need to be removed and good soil added to replace it.

Woman's League meets with Mrs. Hoover to begin new year

The Ozona Woman's League started off the new year with a baked potato supper, Tuesday night, September 11. Mrs. H. O. Hoover served as hostess in her home with Mrs. Duane Childress and Mrs. Van Miller serving as co-hostesses.

League members made entertainment folders for the children in Crockett County Hospital as a club project. Members also enjoyed the fellowship of friends and good food.

Mrs. Lane Scott presented an inspirational reading entitled "But It's Part of Our History." A business meeting was held with Mrs. Jeffrey Sutton, president, presiding. Mrs. Bill Carson, Jr. presented league members with new yearbooks and outlined

the programs and upcoming events for the new year.

Members present were Mmes. Tony Allen, Bobby Aycock, Jim Bob Bailey, David Bean, Tom Cameron, Bill Carson, Jr., Fred Chandler, Bob Childress, Duane Childress, Dwight Childress, Pleas Childress, III, Dennis Clark, Buster Deaton, John R. Hunnicutt, Rick Hunnicutt, Roy Jackson, Brock Jones, Fred Jones, Steve Kenley, Stan Lambert, Jerry Lay, Bill Mason, Van Miller, Gary Buck Mitchell, J. S. Pierce IV, J. S. Pierce V, Wade Richardson, Lane Scott, Steve Sessom, John Stokes, Jeffrey Sutton, Randy Upham, Gary Vannoy, Rick Webster, Wesley West, and Steve Wilkins.

Water safety is as important at home as in pools and lakes

More infants and toddlers drown in bathtubs each year than in the ocean. In 1983, 10 Texas children under the age of four drowned in bathtubs-five of those infants were less than one month old.

These statistics make water safety as important at home as it is in pools and lakes. Children can drown in just a few small amounts of water in just a few unsupervised minutes. The smaller a child is, the quicker he will drown or suffer brain damage.

Bathrooms are one of the most dangerous places for toddlers to explore. Baylor College of Medicine pediatricians offer these safety tips:

Never leave children, even together, alone in the bathtub, keep toilet seat covers down to prevent toddlers from playing with the water; they may fall in and injure themselves, set the hot water heater temperature between 105 and 120 degrees to decrease the chance of scalding, and watch toddlers carefully on slick floors or other surfaces because it is easy for them to fall and suffer a head injury.

More than 500 Texans died last year during recreational water activities. Half of them were adults, many of whom did not know how to swim.

Recreational water accidents, like home accidents, can be prevented by following suggestions such as these:

Take swimming lessons offered by community organizations or at least learn how to "dog paddle" or float, equip home pools with a first-aid kit, a life preserver, a long pole and a list of emergency phone numbers, secure home pools with a four-foot-high fence and a locking gate, avoid diving into shallow water which can result in a broken neck and permanent paralysis, never swim or dive under the influence of alcohol, and stock all boats with life jackets designed specifically for passengers' weight and height.

A free brochure offered by Baylor College of Medicine can help families learn more about home and recreational water safety. The brochure, entitled "Enjoying The Water Safely", is available free of charge by writing to: WE CARE FOR YOU, P.O. Box 13567, Houston, TX 77219.

1985 CALENDAR REFILLS NOW AVAILABLE AT THE OZONA STOCKMAN.

Extension Office News
By-Rachel Hall

Last week, eleven ladies attended the furniture refinishing workshop at the 4-H Barn. Peggy Owens, Housing Specialist from College Station, gave various pointers about furniture refinishing. Several ladies proceeded to refinish chairs, small tables, and a bed headboard. In response to several requests, another refinishing workshop has been scheduled for this Friday, September 21, 8:00-12:00 a.m. at the 4-H Barn. If you missed last week's workshop and wish to attend, please call 392-2721 for a supply list.

Last Thursday, eleven 4-H Foods and Nutrition leaders met to begin the Fall 4-H Foods and Nutrition project groups. New leader guides were distributed. Level I will be used for 3-5 grades, Level II for 6-8 grades, and Level III for high school. These new leader guides are written in lesson plan form and include a variety of lessons on fitness, food groups, snacking, fast foods, safety, buying, weight control, food fads, food cultures, and processed foods.

Co-chairmen for the December 1, Crockett 4-H Food Show are Janie Chandler and Evelyn Keith. Other committee assignments included: Awards--Betty Martin, Lou Haire; Decorations--Nelda Hopkins; Seating and Judges Assistants--Karen Huffman; Tabulation, Sadie Davidson, Kathy Mayfield; Registration and Cleanup--Nancy Harris, Betty King; Refreshments--Katrina Pullen.

The group planned a Bake Sale for October 13, 9:00 a.m. at Thornton's and Jim's Foodway sidewalks. Each

4-H Foods and Nutrition group will be responsible for making and distributing one publicity poster. Each 4-Her will bring one baked item (cookies, candy, bread, cake, etc.) to sell at the bake sale. All proceeds will be used to benefit the Helping Hands for the Elderly Organization.

One-hundred nineteen youth have enrolled in the 4-H Foods and Nutrition program this year. We still need leaders to teach these project groups. Project groups meet six times prior to the food show and study a variety of food related topics. An easy to follow leader guide is used by leaders, when teaching groups. If you are interested in teaching a group, please call me at 392-2721.

Ladies Day golf play

Marie White won low gross at Ladies Golf Day last week at the Ozona Country Club. Low net went to Jonesey Williams and Jeanette Bailey won low putts. Bobbie Fatout was winner of the special Year's Attendance trophy.

Winning balls for highest points were Jonesey Williams and Marie White. Other golfers were Jeannie Wellman and Katy Jones.

Ladies day golfers will be teeing off this week at 1:15.

Couples golf play

Winners of Couples Golf Play at the country club Tuesday was the team of Dale and Jean Taylor and Bill and Debbie Glasscock.

The team of S. L. and Marie White and Bud and Marilyn Cox, and the team of Bob and Barbara Wallace and Tommy and Leslie Wilson tied for second place.

Closest to the pin were Royce Newton and Ella Clegg.

SON TO PEREZ'S

Mr. and Mrs. Romeo Perez Jr. announce the birth of a son September 9 in Shannon Hospital, San Angelo.

The little boy weighed 6 lbs. 9 oz. and has been named Dominick Joe.

Grandparents are Mr. and Mrs. Jose T. Borrego Sr. and Mr. and Mrs. Romeo Perez Sr.

Your Own Library

What kind of books do you read? Mysteries, poetry, short stories, love stories? Your home and public library can provide you with many of your favorite books. But do you know, your own book shelf also has a collection of the above subjects which you should consider reading? Whatever type of literature you like, you can find a portion of it in the 66 books of the Bible. Although written centuries ago, it still provides inspiration and information. If you find it hard to understand — find one of the many good translations and commentaries to help interpret the meanings for you.

Don't neglect your daily reading!
Attend the church or synagogue of your choice this week.

Motorists are slowing down in Texas

While all Texas drivers aren't observing the 55 mile-per-hour speed limit, only a small number of motorists are traveling more than 65 mph, a big change from before, say researchers for the Texas Transportation Institute (TTI).

According to a state survey, less than 10 percent of all drivers are exceeding 65 mph, said Dr. Quinn Brackett, a TTI researcher stationed at Texas A&M University.

In 1974, just after the new 55 mph law was passed, 62.2 percent of the motorists were in noncompliance, said Brackett. The highest rate of noncompliance came in 1978 when 77 percent of the motorists exceeded the speed limit, he said.

In the last surveying quarter which ended April 23, results showed that about 54.9 percent of the state's drivers were exceeding the 55 mph speed limit, he said.

The researchers have found that compliance with the speed limit tends to increase when gasoline prices increase dramatically, and decrease when prices are stable or dropping.

Curtis Couch receives full scholarship

Curtis M. Couch, a college sophomore at New Mexico Military Institute, has received a full two-year scholarship from the U.S. Army through the Third ROTC Region. Couch is the son of Mr. and Mrs. Joseph Couch of Ozona.

Couch was awarded the scholarship this summer at the completion of Basic ROTC Camp at Ft. Knox, Ky. The basic camp prepares cadets for the Advanced ROTC program, which leads to a commission as an Army second lieutenant upon graduation from college.

The scholarship is based on demonstrated leadership ability and a high aptitude in military subjects, such as tactics, land navigation and communication. It covers full tuition, books and laboratory fees plus a monthly stipend of \$100.

Couch is a graduate of Ozona High School.

Lion junior varsity smashes Eden J.V. by score of 33-6

The Ozona Junior Varsity Lions were victorious Saturday when they traveled to Eden to play the Eden J.V. The Lions won with a score of 33-6. The J.V. had a total of 357 yards to Eden's total of 29. The Lions had 28 rushes for 221 yards and completed 6 of 9 passes for another 136 yards. Ozona had 11 first downs to Eden's 4.

Outstanding offensive players were Derold Vargas who rushed 12 times for 118 yards and two touchdowns, Armando Fierro rushed 3 times for 68 yards and one touchdown, Oscar Payne rushed 7 for 26 yards, Beto Diaz 2 for 9 yards.

In the passing department Sam Hightower attempted 7 passes and completed five for 131 yards. In the receiving department Rodger Flores caught 2 passes for 95 yards and one touchdown, Armando Fierro caught 1 for 15 yards. Jerold Savala caught one for 24 yards and one touchdown.

The offensive line did an exceptional

Plants and fertilizer under sales tax soon

Long before April showers bring you May flowers, October will have brought higher taxes on your garden.

New tax laws passed by the Legislature and signed by Governor Mark White go into effect October 2. For the first time, fertilizer used for non-agricultural lawn will go higher.

Other than fertilizer, bedding plants bought at nurseries and plants bought at the grocery store are subject to the higher tax rate. Exempt from the tax are annual plants that die after a growth year or that yield food for human consumption.

The tax goes up 1/8 of a cent across the state, but it translates into a 4 1/8 percent tax hike for items such as fertilizer. In some cities that have local sales taxes and special taxes for mass transit, the cost may balloon by as much as 6 1/8 percent.

A bag of fertilizer, then, that costs \$8.99 would cost \$9.35 in most of the state, but \$9.54 in some cities with the add-on taxes.

Questions concerning the new tax on fertilizer can be answered by calling State Comptroller Bob Bullock's office toll free on 1-800-252-5555 or on the regular number, (512) 475-1931.

al job blocking for the backs and receivers.

Defense was the key to the success for the Lions who held the Bulldogs to only 24 yards rushing and 0 yards passing.

Defensive standouts were Brian Morrow, Brad and Bret Thompson, Dean Tambunga, Jaime Castellanos, Bret Hood and Valdo Galindo.

The J.V. will play Reagan County J.V. here Saturday at 11:00 a.m.

Taxes hiked on cigarettes and tobacco

Smokers often face that moment of panic when they are a dime short and a nickle shy in front of a vending machine.

They may face more moments like those beginning October 2.

The Legislature has passed, and Governor Mark White signed, new laws that hike taxes on cigarettes and tobacco products. So smokers will have to come up with a few more coins at the machines.

The Legislature's actions now make tobacco products double-taxed items. Texans will have to pay both a sales tax and a tobacco products tax.

The tobacco products tax went up by one cent to 19.5 cents per pack. But the heftiest increase comes with the change in sales tax laws.

For the first time, cigarettes, cigars and chewing and pipe tobaccos will fall under the state sales tax.

Generally speaking, Texans will have to pay at least another 5 cents per pack over the counter, bringing the average price per pack to about \$1.20. For Texans who live in areas of the state that collect local sales taxes and mass transit taxes, the price of cigarettes will be higher.

Additionally, the vending machine price of cigarettes—already higher than the over-the-counter price will inch even higher.

A pack of cigarettes out of a machine costs about \$1.25.

Dr. and Mrs. Jim Montgomery and daughter, Natalie, spent the weekend here with his mother, Mrs. Tom Montgomery.

Hoover is contest winner for the week

Yours in Good Health

By Steve Sessom

Winner of last week's football contest was H.O. Hoover. Tied with Esmey Moran until the tie-breaker. Both picked Dallas over Philadelphia, but Hoover guessed the most accurate score.

The contest is sponsored weekly by local merchants and entry blanks may be found on the sports page. Everyone is eligible to enter. All entries must be in the Stockman office by 5 p.m. on Friday or in the mail before that time.

Over 50 entries were received last week.

REWARD \$1,000 for information leading to the arrest and prosecution of vandalism or removal of flowers at Cedar Hill Cemetery.

Program Building committee re-elects all officers for year

The Crockett County Program Building Committee met Thursday, September 13 in the courthouse annex.

All officers were re-elected for another 2 year term. John Parks, chairman; Beth Boyd, vice-chairman; and Nancy Hale, secretary.

The County Program Building Committee designs and conducts Extension Programs. It is an organized group of leaders who are broadly representative of social and economic structure of the county. "Program Building" involves local leaders in discussion about local programs and

Mrs. McMullan gets Angus membership

Lorelei McMullan, Ozona, has been elected to membership in the American Angus Association, reports Dick Spader, executive vice-president of the national organization with headquarters in St. Joseph, Missouri.

The American Angus Association, with some 38,000 active life and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on nearly 10 million registered Angus.

The Association records ancestral information and keeps records of production on individual animals for its members. These permanent records help members select and mate the best animals in their herds to produce high quality, efficient breeding cattle which are then recorded with the American Angus Association. Most of these registered Angus are used by the U.S. farmers and ranchers who raise high quality beef for U.S. consumption.

at the same time, enlarges the leadership capabilities of those who are involved.

This committee planned to sponsor the County Pecan Show December 3 and 4. Beth Boyd will be chairman of the show; Buster Deaton, processing chairman; Janet Hill, bake show chairman; and John Parks, finance. The committee will also sponsor a seminar on Taxes and Income Taxes on January 15, 1985.

The annual meeting of the committee and information day will be a Chili Supper held on November 13 for all Extension Committee Members and their spouses.

Agents reported on the revision of the Long Range County Program for Extension.

Members attending the meeting were John Parks, Beth Boyd, Nancy Hale, Johnny Jones, Tony Fierro, Jimmy Arrott, Ethel McCrohan, Jim McCrohan, Elidia Cervantes, Stan Lambert, Janet Hill and Agents Billy Reagor and Rachel Hall.

Vernon Jones appointed chairman

Vernon Jones of Ozona has been appointed an area chairman for the Cattleman's Round-Up for Crippled Children, according to Jim Alexander of Abilene general Round-Up chairman.

Jones is one of nearly 200 chairmen statewide helping in this 25th year for the Cattleman's Round-Up to benefit the West Texas Rehabilitation Center in Abilene and San Angelo, said Shelly V. Smith, president-executive director of WTRC.

Aubrey Stokes of San Angelo is CRCC co-chairman in the Southwest region.

"Cattleman have always believed in the philosophy of neighbor helping neighbor, and the Cattleman's Round-Up for Crippled Children is a beautiful example of that help," said Alexander.

"Livestock donated by ranchmen are collected at a designated point in each community and transported free to the auction site," he said. "The area chairman's role is to make a personal pledge, then ask friends and neighbors to join them in the annual Cattleman's Round-Up drive."

Sales of livestock are converted to dollars and the amount provides care for about 11,000 handicapped persons throughout the Southwest at Rehab campuses.

Scheduled sales include: Cattle Sale-Sept. 24, Abilene Auction; Horse Sale-Oct. 6, Abilene Auction; Junction Sheep and Goat sale-Oct. 8, Coleman sale-Oct. 10; Stephenville sale-Oct. 10; and Brownwood sale-Nov. 7.

Since 1960 when the late Fort Chadbourne rancher Conda Wylie first approached Smith with the idea, the Round-Up has been a major fund-raiser for WTRC.

"It will take about \$4.5 million for us to treat the approximately 11,000 handicapped we'll serve in 1984," said Smith. "About 75 percent of that \$4.5 million must come from donations. The balance comes from contract and insurance payments. No federal funds are used in treatment."

At the West Texas Rehabilitation Center campuses in Abilene and San Angelo trained personnel provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services, all without charge to patients.

"Trifles make perfection, and perfection is no trifle," Michelangelo

DRINKING AND DRIVING CAN ADD UP.

Texas Department of Public Safety

August well completions for Texas

Texas oil and gas operators reported 143 gas and 63 oil discoveries in August, according to Railroad Commission Chairman Mack Wallace. In July, a total of 107 gas and 44 oil discoveries were filed with the Commission. A discovery is an exploratory well that is completed in a previously untapped reservoir.

So far this year, 951 gas and 460 oil discoveries have been reported. Through the same period of 1983, operators had filed 876 gas and 559 oil discoveries.

Gas discoveries in August included five in the San Antonio area (District 1), 35 in the Refugio area (District 2), 24 in Southeast Texas (District 3), 48 in deep South Texas (District 4), two in East Texas (District 6), 19 in West Central Texas (District 7B), one in the San Angelo area (District 7C), one in Midland area (District 8), three in North Texas (District 9), and five in the Panhandle (District 10).

Oil discoveries included two in the San Antonio area (District 1), four in the Refugio area (District 2), five in Southeast Texas (District 3), 11 in deep South Texas (District 4), three in East Texas (District 6), 22 in West Central Texas (District 7B), five in the Midland area (District 8), six in the Lubbock area (District 8A), and five in North Texas (District 9).

These totals were included in the 1,740 oil, 568 gas, and 38 service completions operators reported in August. In July, operators filed 1,464 oil, 440 gas, and 40 service completions.

A total of 506 dry holes were reported in August, compared to 451 in July.

Candidates agree to hold live debate

U.S. Senate candidates Lloyd Doggett and Phill Gramm will take part in a one-hour debate produced by KERA/Channel 13 and broadcast live on public television stations throughout Texas. "Forum '84: The Doggett-Gramm Debate" will air at 7 p.m. for the polls.

Moderator of the debate will be Bob Ray Sanders, host of "News Addition" KERA's weekly news-analysis program. The candidates will respond to questions from a panel of three reporters.

"Forum '84" is part of KERA's continuing coverage of this year's local, state and national campaigns. The North Texas public station produced several election specials during primary season, including the nationally televised League of Women Voters debate from Dallas/Fort Worth Regional Airport featuring Democratic presidential hopefuls Gary Hart, Jesse Jackson and Walter Mondale.

On October 21 and 28, the two Sundays following "Forum '84," Channel 13 will present two more elections specials of interest to North Texas voters. At 4 p.m. October 21, a live forum will feature Dallas County candidates for the U.S. House of Representatives and the Texas Senate and House; Tarrant County candidates for state and national offices will appear beginning at 4 p.m. October 28.

MARRIAGES DOUBLE DIVORCES IN '83

More than twice as many marriages as divorces were recorded in Texas last year, reports the Bureau of Vital Statistics of the Texas Department of Health.

For every 100 marriages solemnized, there were almost 49 divorces.

Texas recorded 199,037 marriages and 97,061 divorces. The divorces involved 87,482 children.

Slow week for ambulance

Crockett County Ambulance Service reported a very quiet week with only two ambulance runs.

Thursday, Sept. 13, 6:27 p.m.-Crockett County Ambulance went to Circle Bar Truck Corral and transported one

female patient who had fallen to Crockett County Hospital.

Friday, September 14 at 8:50 p.m.-Crockett County Ambulance transported one male patient to Angelo Community Hospital.

CROCKETT COUNTY ARTS & CRAFTS GUILD

The Crockett County Arts and Crafts Guild will be having its first annual winter show November 10 at the Crockett County 4-H Barn. The show will be from 10:00 a.m. to 5:00 p.m.

For applications for booths write to Patsy Hester, Box 3177, Ozona. The applications will need to be returned with fees by October 17 to Patsy.

Lions won it 20-14 for their first victory of the season.

Postal inspectors get mail fraud indictments against 2

Postal Inspector in Charge D.C. Strader, Fort Worth, TX, and James A. Rolte, Dallas, TX, United States Attorney for the Northern District of Texas, have announced that on Wednesday, August 8, 1984, Peggy D. Stines and Donald R. Stines were indicted by a federal Grand Jury at Dallas, TX. The indictment charges 22 counts of mail fraud and 3 counts of interstate travel in furtherance of the mail fraud scheme.

Doing business as North Texas Film Processors, Inc., and Garland Film Buyers Group, the defendants accepted monies from investors to supposedly purchase used film which was then to be processed to

extract silver from the film. The indictment alleges monies received from investors totaled in excess of \$10,000,000. Early investors were paid interest credits of 8% to 12%. It is alleged that the defendants encouraged investors to recruit other individual investors, to form limited partnerships, or to invest additional monies. Potential investors were encouraged to participate by false representations that; North Texas Film Processors, Inc., or Garland Film Buyers Group owned film processing plants at Lake Dallas, Lewisville, Tyler, and the Dallas/Fort Worth area in Texas, and also at Shreveport and Monroe, LA; that the firms had 60 employees, including approximately 30 who were film buyers; that the firms were buying old training film from the Dallas Cowboy football team; that the firms had contracts to sell silver to General Motors and General Dynamics; that silver was picked up daily at the processing plants by armored vehicles and stored in bank vaults; that employees of the firms were required to take polygraph examinations; and that the firms purchased millions of dollars in used

photographic film.

It was also falsely claimed that interest payments paid to investors were paid from funds received from the sale of silver which had been extracted from used film, when actually the funds were obtained from later investors.

The defendants also falsely represented that they would not receive any monies from investors, but their profit would come from a fee charged for processing film, while they well knew they were converting investors' funds to their own use by purchasing a ranch, airplane, oil lease, automobiles, jewelry, and furs.

If convicted of all charges, the defendants face a possible maximum penalty of 140 years imprisonment and \$55,000 in fines.

Mr. and Mrs. J. McCartney were due home Tuesday after spending some vacation time in Las Vegas, Nevada.

W.T.U. officials in Austin for formal rate hearing

After months of preparation, which included providing several thick volumes of written testimony and answering hundreds of questions from intervenors, West Texas Utilities Co. representatives went to Austin Monday, September 17, for a formal retail rate hearing before the Public Utility Commission of Texas.

WTU filed the rate case on June 8, asking for an increase which would boost annual retail revenue by \$30.8 million. This would be a 12.4 percent increase over the test year revenue on which the case is based.

In support of its request, WTU filed seven volumes of testimony by Company Officials and expert witnesses on subjects covering all aspects of WTU's operations. Since the filing, auditors employed by the Texas Municipal League, which is intervening in behalf of several cities, have dug into WTU files to check data, while requests for information have come from all intervenors as well as from PUC staff. In bulk, the written requests for information are three volumes thicker than WTU's original filing.

Response to WTU's rate request has been varied. Of the 82 incorporated towns in the service area, 36 denied the increase, 19 suspended the case, while 6 denied the increase and joined 21 towns which had previously ceded jurisdiction over rates to the PUC.

Denying the increase were Alpine, Anson, Aspermont, Balmorhea, Balinger, Benjamin, Big Lake, Blackwell, Bronte, Buffalo Gap, Clarendon, C. de. Cross Palms, Crowell, Dodson, Hamlin, Haskell, Hawley, Iraan, Jayton, Knox City, Lawn, Lueders, Memphis, Merkel, O'Brien, Putnam, Rankin, Rochester, San Angelo, Santa Anna, Sonora, Sterling City, Tuscola, Tye and Woodson. WTU appealed each of these cases to the PUC.

Suspending rates were Abilene, Baird, Childress, Cisco, Eden, Estelino, Impact, Junction, Melvin, Menard, Munday, Paducah, Quanah, Spur, Stamford, Throckmorton, Vernon, Wellington, and Winters. Ceding jurisdiction were Marfa, Miles, Quitaque, Rising Star, Turkey and Valentine.

Towns which had already ceded jurisdiction are Albany, Chillicothe, Dickens, Eldorado, Goree, Hedley, Lakeview, Matador, McCamey, Merton, Moran, Paint Rock, Presidio, Roaring Springs, Robert Lee, Roby, Rotan, Rule, Shamrock, Trent, and Weinert.

Consultants for the Texas Municipal League, which is representing 13 cities filed testimony this past week

with the PUC recommending that instead of receiving a \$30.8 million increase in revenue WTU should cut its request by \$9.1 million.

Although this appeared to suggest a rate reduction, WTU officials pointed

Drilling applications processed

A total of 3,682 drilling applications were processed by the Railroad Commission in August, according to RRC Chairman Mack Wallace. In July, the Commission processed 3,851 applications.

The August 1984 total included 3,113 applications for permits to drill new oil and gas tests, 90 applications to deepen existing holes, 337 applications to plugback existing holes and 77 applications for service (non-producing) wells. Operators also filed 462 amended drilling applications.

Applications for new oil and gas holes in August included 275 in the San Antonio area (District 1), 146 in the Refugio area (District 2), 292 in Southeast Texas (District 3), 201 in deep South Texas (District 4), 76 in East Central Texas (District 5), 151 in East Texas (District 6), 445 in West Central Texas (District 7B), 176 in the San Angelo area (District 7C), 428 in the Midland area (District 8), 264 in the Lubbock area (District 8A), 492 in North Texas (District 9), and 167 in the Panhandle (District 10).

out that the cities actually are recommending an increase in base rates, but suggesting that the Company's fuel cost estimates are too high.

Even after lowering the return on equity from the 17 percent sought by the company to 15.5 percent and reducing Construction Work in Progress from 100 percent to 40 percent, the cities' consultants still recommend a \$7.8 million in base rates. This amount, WTU official said, is "in the right direction, though inadequate to see the Company through its current construction program."

As for the fuel costs, the utility is allowed to recover its costs from the customers, based on factors set during rate cases.

If fuel costs are under-estimated the rates will be set higher during the following year. If the estimates are too high, any over-charge for fuel must be refunded by the Company with interest.

The hearing will begin at 1:30 p.m. Monday and is expected to last at least through the week.

Notice of REWARD

Fall shearing in Crockett County

Livestock numbers are down substantially because of the drought, but

shearing crews still keep busy for a couple of months...

Use of light can decrease utility bills

For years America's architects have turned their backs on daylight. Now that rejection of free energy is showing up on our utility bills, says a Texas A&M University architect.

Raymond Reed, professor of architecture and a member of the American Institute of Architects' Task Force on Energy Conservation, says that daylighting—or the use of natural light—offers "one of the greatest potentials for producing energy efficient buildings—particularly office buildings."

Studies have shown that up to 50 percent of a building's energy cost can be attributed to lighting, Reed said.

"Architects have become dependent on artificial lighting of spaces. If we can depend on natural light for any portion of the day we save not only the electricity used in fueling the lights, but also the air conditioning that counteracts the heat from those lights," he said.

"The idea is that you can design with nature as opposed to overcoming nature with technology," Reed said.

Investments must have IRS registration number

If you are asked to invest, ask to see the investment's IRS registration number. The new tax act passed in July requires that almost all investments be registered with the IRS. The registration number of the investment must then be filed with the tax return claiming any deductions or credits for the investment.

But an investment that has an IRS registration number does not have the IRS "stamp of approval." "The whole purpose of the registration process is to give IRS a new tool in deciding which tax shelters to audit," said Glenn Cagle, IRS Director, Dallas District. "This provides a system for linking the promotion, the promoter, and the investors."

Cagle explained that the new provision is Congress' answer to the growing number of abusive tax shel-

ters. "While there are many ways to legally minimize the tax one owes—a home mortgage is an example of a legal tax shelter—only the imagination limits the number of illegitimate schemes that can be tried," he said. "IRS is meeting this challenge head-on. We have a very active audit program. With the average additional assessment for a return claiming an abusive shelter running at \$21,336, we feel we're making some impact."

"The buyer beware" are good watchwords where tax shelters are concerned. Cagle advised, "Our best advice to taxpayers who wish to invest is to evaluate any proposal on its overall profile. If the tax consequences did not exist, would this still be a worthy investment? If you cannot answer yes to this question, say no to the sale."

Treatment for drugs involves entire family

Effective treatment of drug and alcohol abuse involves the patient's entire family and deals simultaneously with all substances being taken, according to an article in Texas Medicine.

"The basic assumption is that the entire family is affected by the chronic drug abuse of one or more of its members," wrote Dr. Stuart S. Nemir, a psychiatrist, and Dr. Charles McDonald, a psychologist, both of Austin.

Family members can learn how they may be contributing to the patient's problem and how they can change this, the doctors said.

They also noted that treatment programs no longer focus on alcohol as the primary drug of abuse. A wide range of abused drugs—both prescription and illegal, often combined with alcohol—are now dealt with in the same program, the doctors said.

Their article appeared in the June issue of Texas Medicine, the journal of the Texas Medical Association.

Nemir and McDonald said the primary goal of chemical-abuse treatment is to get the person off drugs without triggering withdrawal symptoms. "The process is complete when the patient is mentally clear, is off all medications used for detoxification, and has been restored to physical health."

Restoring physical health involves an exercise program, balanced meals, vitamin supplements, and sufficient bed rest, the doctors said.

Another goal of treatment is to break through the isolation and loneliness that keep the patient separate from others and make him unable to accept the help needed to begin recovery.

"To do this," the doctors said, "the patient must explore changes in the lifestyle and personal associations which might lead to a return to drug taking." And, they added, new ways of having fun must be learned. Group and individual therapy may be involved.

"There is also a grieving process over the loss of the drug and the lifestyle associated with it," the doctors said, explaining that this is similar to losing a significant person in one's life.

The treatment also teaches the patient how to manage stress and crisis more effectively, the doctors said. Finally, the patient learns the signs of a possible return to drug abuse and its consequences.

Mr. and Mrs. James Knox, who are presently stationed in Groesbeck, spent the weekend in Ozona, with parents and grandparents.

Leta Powell spent her vacation in Jamaica this year, traveling with a group from Big Lake known as the Trailblazers.

CECIL WESTERMAN would like to be **YOUR PHARMACIST**

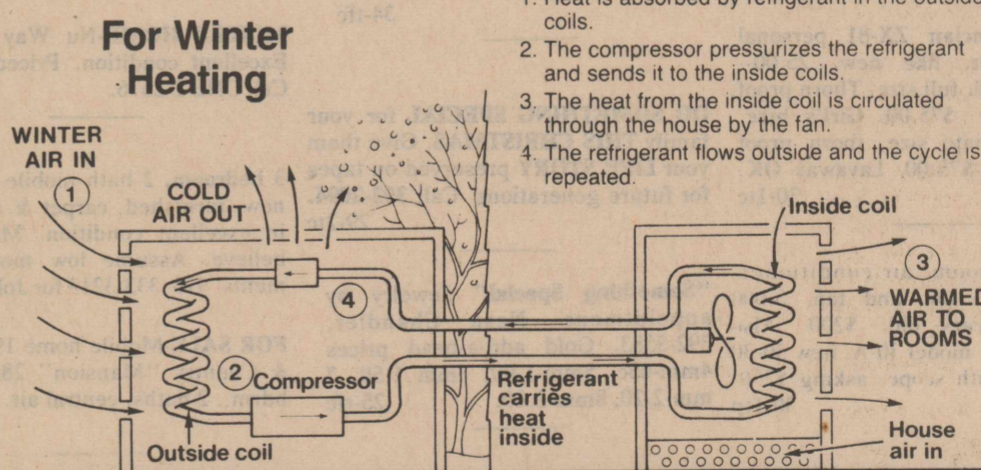

The most efficient, the most economical heating and cooling system for your home.

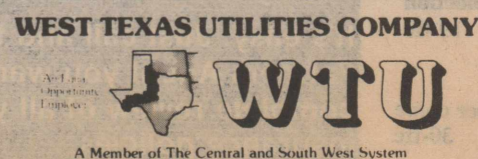

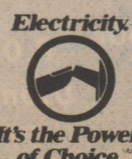

THE Electric heat pump.

It's part of "the plan" — the Energy Saving Plan

Here's how it works:

THE ELECTRIC HEAT PUMP: It can save you money on your home energy bills. And when it's used along with other WTU-recommended energy conservation measures according to the ENERGY SAVING PLAN, you can save even more. WTU will pay YOU money when you install an electric heat pump to meet the E.S.P. requirements that add to your home's comfort and energy efficiency. That's where the ELECTRIC HEAT PUMP comes in — it's part of "the plan" because it's the most efficient system for heating and cooling. During the winter it removes heat from the outside air and pumps it into your home. In the summer it reverses the process and becomes an air conditioner, so you get even comfort year-round. CALL YOUR LOCAL WTU OFFICE OR A FACTORY-TRAINED ELECTRIC HEAT PUMP DEALER TODAY TO FIND OUT MORE ABOUT SAVING ENERGY AND MONEY ON YOUR HOME ELECTRIC BILLS.

To Qualify, Your Home must be served by WTU and meet our Energy Efficiency Requirements.
