### Ira Childress sweeps goat show in S. A.

Ira Childress was a big winner in the San Antonio Livestock Show last week with a sweep in the Angora Goat Show. Ira won the open class with a five-year-old. He showed against the first doe kid and doe yearling to win Grand Champion Angora Doe of the show. He also won first place in Breeders Flock, consisting of one buck, one aged doe and two doe kids.

The San Antonio Livestock Committee reported this year's goat show was the biggest ever held in the United States, with over 400 entries.

Jack Groff, goat specialist from Kerrville, who judged the show, said quality and size of goats this year was the best he had ever seen.

### Barrera is named knight of the year

The Knights of Columbus, Council 8572 named Elliott Barrera, Knight of the Year for the local council. Barrera was presented the award at the K of C District Banquet recently held in Wall.

Barrera was also recognized at the K of C First Year Anniversary Dinner

ELLIOTT BARRERA

The award is given to the Knight who has done most for his council in the past year. Barrera is a charter member of the local council, he is the Advocate of the Council and is currently the program director for the council.

During the anniversary dinner, Grand Knight Tony Fierro, Jr. reflected on the past year, thanking the council for its efforts in charity, service to the Parish and dedication to the order.

### Senior citizen Spring sports take plans hit snag over Ozona schools due to fire exit

Helping Hands for the Elderly has purchased the old Williams Building, behind Western Drug, for the purpose of building a senior citizen's center. The plans include moving Meals on Wheels to the location along with various activities for the elderly.

However, plans come to a halt when it was discovered the center must have an emergency fire exit as a safety feature for the patrons of the center. The only means of an exit at the back of the building is beside the old bank building. This property is owned by the Masonic Lodge and legal technicalities have arisen over cutting through a concrete wall reinforced with steel to make the exit. Directors of HHE are still negotiating for the exit with Lodge officials.

Meals on Wheels, which operates out of the Catholic Parish Hall, is presently serving between 60 and 70 hot meals a day. The volunteers deliver the meals and those who can pay are charged a nominal fee. Also, an outreach worker is available to assist those in need.

New business for Ozona

Under construction on the Barnhart Highway is the future home of Wagoner-Perry Motors, Inc. and Jim Bass Ford Sales of San Angelo. The business will offer complete modern garage facilities and a new car showroom. A mid-March opening is scheduled.

### Tribute to community historical volunteer

By Evert White

Every community has its flamboyant leaders, and its quiet heroes and heroines, its workers who contribute to the day-to-day progress of the city, county or region. Ozona has had them all through the years, from the pioneers who carved an empire from a raw, untamed country, through its political leaders who polished up the trappings of civilization through the process of law and order and earnest leadership.

But perhaps the greatest accomplishments were brought about by the unsung heroes and heroines, who in their quiet and unassuming ways, worked their magic to bring about the finer things of community life, promoting the arts, music, education--the recognized 'finer things of life' that contribute to better living through a fuller development.

Ozona has had more than one such person through the years and the community has profited handsomely. But looking back over the last twenty-five years or so, one person stands out larger than life in the tremendous contribution she has made to this community in her unassuming way, competently bringing about results

and asking no reward, no recognition but always extravagantly grateful for any help her friends give her. This person, who deserves the thanks and admiration of every other Ozonan is Mrs. Alvin (Lucile) Harrell, whose talents have been given freely and untriflingly in the promotion and preservation of the cultural aspects of community life in Ozona for most of her lifetime.

Lucile's first contribution to the cultural uplift of the community was through her musical talents, and through her untrifling efforts to bring classical music and top flight performers to the community. For many years she served as organist for her church to the delight of the congregation. She was a strong influence in the organization of the Ozona Music Club and served as its president and in other official capacities. She directed and served in the church and community choirs and was always available for musical assistance in weddings, funerals and public functions.

For the last 25 years or more Mrs. Harrell's talents and drive have been directed to the preservation of and recording of historical facts relating to Ozona and Crockett County.

Her accomplishments in this field

have been so numerous that it will be difficult to record them. Among her first effort was the preservation and restoration of Fort Lancaster, on the western edge of Crockett County, a pioneer days military installation that protected travelers and residents from marauding Indian bands who once roamed this area. That undertaking was fraught with disappointments, delays and outright opposition at times. But with her ability to interest and influence people, Mrs. Harrell brought the State's attention to the value of preserving this historic site and secured the cooperation and donation of the site from the landowners, leading eventually to extensive restoration work and designation of the old fort as a state historical site and the stationing of an attendant at the fort on a permanent basis. The State Highway Department cooperated in marking and maintaining a scenic loop that takes travelers on Interstate 10 by the fort site and the state sponsored erection of a visitors center, excavations at the site to give visitors an idea of the size and type of construction at the fort.

This year, Lucile is stepping down from an important post she has manned for more than 25 years--that of chairman of the Crockett County Historical Commission, affiliated with the state historical commission. That fact is the reason for this lame effort to unfold a record of her many accomplishments for community betterment in a life time of unselfish service. Through her efforts and many times through her sacrifices, dozens of the most important historical sites and objects in Crockett County have been permanently marked with handsome aluminum plaques, blending with the statewide marking system through the cooperation of the state historical agency.

There have been many more, but one of the last and most beneficial contributions of Mr. and Mrs. Harrell was the purchase, moving and restoration of the Emerald House in fair park, a house available for community use plus as an attraction for tourists interested in the history of the early west. Ozona's oldest residential structure, the house represents the pioneer day ranch houses in West Texas.

All these things and many, many more Mrs. Harrell has done in her own quiet way, many times spending her own money and asking nobody for contributions to make up. She will tell you that these things have been a pleasure and, no doubt they have or she would not have been so diligent... but from the community's standpoint in no other way would these things have been accomplished and to Lucile Ingham Harrell must go the eternal gratitude of Ozona and Crockett County people.

### Membership breakfast

## Chamber sets annual event

A date was set for the Ozona Chamber of Commerce Annual Membership Breakfast when the Board of Directors met last week in regular monthly meeting. The event will take place Thursday, Feb. 28 at 7 a.m. at Ozona Inn of the West. Johnny Childress and Fred Deaton are in charge of the event. Directors were urged to encourage members and prospective members to attend the breakfast.

A financial report revealed the chamber in the best monetary position it has attained over the past few years. When the final bills are paid on the banquet the Chamber will have approximately \$4,000 in the bank. All bills are current and there are no outstanding notes to any bank.

Several comments on the annual banquet were discussed and community response to the banquet was deemed excellent. Some suggestions on a better way to serve the dinner were heard and the board voted to pay the bill for the catering.

It was reported four members had been added to the chamber role. R & R Wholesale, headed by Royce Newton; Kathy Mayfield, local attorney; Helping Hands for the Elderly, and Double C Enterprises, owned by Gene Cooper, are the new members.

President Stan Lambert appointed three directors and himself to serve on a "program of work" committee. The committee will be made up of Lambert, Frank White, Steve Sessom and Bobby Aycock. The committee will meet prior to the next regularly scheduled board meeting (March 12) and recommend a program of activities and tentative dates for Chamber involvement in 1985.

After some discussion, President Lambert suggested this committee serve also as a basis for an economic development committee. Any other board member wishing to serve on this vital committee will be welcome, according to Lambert. The committee will meet during the first week of March.

The resignation from David Young was accepted and J.D. Brown was appointed to serve out the term. Brown received the next highest number of votes during the recent director's election.

In other business, the board recommended that the committee appointed

by Lambert to determine the program of work for '85, also look into the possibility of raising the local chamber manager's present salary. The committee accepted this responsibility and indicated it would meet prior to the next meeting to discuss the request.

Garland Davis moved that the board extend to Beth Boyd a vote of confidence, which it did unanimously. The committee will review the chamber's present financial condition, its projected revenue for the year, the work program, and based on this review, will determine if a salary raise can be recommended.

Directors present at the meeting included Bobby Aycock, Sandra Childress, Garland Davis, Ken Harrison, Betty Perry, Vince Huffman, Fred Deaton, Dr. Sessom, Frank White, David Young and Stan Lambert.

### Helping hands express thanks

The Helping Hands for the Elderly, Inc. wishes to thank everyone in the community who bought tickets for the Mexican Supper and/or gave donations to assist in Senior Center funding. Three hundred sixty-five attended the Mexican Supper, February 14.

Arthur Franco coordinated the menu for the evening. Table assistants and kitchen assistants included Emma Franco, Frank and Kathy Reavis, Beth Boyd, Cecil and Elma Buckner, Louis and Rachel Hall, Savannah Wright, Helen Wall, Margaret Porris, Jerry and Jeanette Hill, Joe and Alice Couch, Rachel Petron, Joey Ybarra, David Longoria, Jason Vitella, Jose Ramos, Tonya Ramos, Randel Wilson and Corey Pate.

The Alpha Alpha Mu Chapter of Beta Sigma Phi Sorority did an excellent job in coordinating desserts for the evening. Local business support was good, as well as two out-of-town contributors, Ricardos Restaurant and Henry's Diner of San Angelo.

The directors of Helping Hands for the Elderly are most appreciative of all community efforts of contribution to this beneficial project for Senior Citizens in Crockett County.

**Game warden gives deer season report**

As your State Game Warden, I feel that the people of Crockett County are due a newsletter to let you know what has been going on and what the future holds for the county with regards to wildlife.

The 1984-85 hunting season is now history, with the exception of quail season which will run through Feb. 24. Judging from what I've seen around the county, I don't think I have to worry too much about anybody exceeding any quail bag limits. (Oh OK, if you're feeling lucky, it's 12 per day and 36 in possession.) The deer season has to be generally described as light. Contrary to some beliefs, with some exceptions, the game was there but the usual volume of hunters was somewhat down. The general lack of hunting pressure can probably be attributed to the weather, and to a lesser degree, the financial crunch. As to the weather, it seems like we just couldn't get it together. In the dark of the moon when game is generally most active during daylight hours, it just wasn't fit for man nor beast and most folks stayed in camp or by the TV (or both). When the weather permitted outdoor activity, we had enough moonlight to read *The Ozona Stockman* at midnight, and the game just seemed to crawl in a hole at daylight. It's been that way before and it'll be that way again, and there ain't much we can do about that.

The deer die-off of 1982-83 was compensated for this past year by a 74% fawn crop, and a lot of that can be attributed to a large number of twins. Most folks reported exceptionally good racks on the bucks they saw (not more bucks, just better), in spite of the dry year we had. One of our Texas Parks & Wildlife Department biologists explained that to me and he made good sense. During the die-off of '82, we lost most of that year's fawn crop (fawns are usually the first to go), and the does were in a stressed condition and generally didn't breed back (Nature's way of preventing a surplus in hard times). This meant that most of those good bucks you saw were 2 (and a half) years or older, giving them better antlers. There's a lesson to be learned here; when the majority of your bucks have a chance to mature you'll have better quality. The landowner alone can control this by limiting the number of bucks he allows to be taken off his place in a given season, thus leaving more to be "mature" for next year's hunt. The total population can be controlled and the available food supply stretched through harvest of surplus does early in the season. There are various ways to accomplish this, and I would be glad to offer some suggestions if anyone would like to inquire (392-3972).

Now, I don't intend to take up space in a newsletter to bat around the issue of hunting does. There are trained personnel whose job it is to discuss the removal of surplus deer from the herd and the best way to get that job done and I'll leave that to them. However, assuming that removal of surplus does is a valid tool in effective deer herd management, we should consider some reasons why this is sometimes hard to do. Some hunters are afraid to

shoot a doe for fear it might run off a coveted buck just about to appear in their sights, and I guess that could happen now and then. But more hunters indicate to me that they really don't want or need the extra meat, and "the wife doesn't like to cook it anyway." The Ozona Chamber of Commerce has an answer to that one through their program to distribute unwanted deer meat to folks that want it but don't have a way to get it. (There should be an explanation of this program in this issue or one soon to follow). When next hunting season rolls around, this might be a good way of encouraging some lease hunters to go ahead and harvest that surplus and put it to good use, legally. A landowner might even require it of his hunters, as his part in the program (it has been my observation through the years that few hunters want all the meat that their license allows them). This program looks like a positive step in the right direction in an attempt to manage one of our resources, and a good way to get meat to those who want or need it.

In the area of game violations filed in this county, there were just under 50 charges filed and over 70% of those were for night hunting and road hunting. Violators paid out over \$7,000 in fines (with a few still pending), just under \$1,000 of that stayed in the county treasury, with the balance going back into a special fund to be used in on-going wildlife projects. At least two of the individuals arrested were caught road or night hunting for the second time in a five year period, and one of those served a jail sentence for his transgressions. Some folks just never learn. Or maybe the punishment is not harsh enough to be a deterrent. There is something you can do as a law-abiding citizen, and I'll be happy to talk about that too, if you'll just give me a call and let me know you're interested. Anyone who appreciated our wildlife resources, or resents others running rough-shod over our county and taking our wildlife when and where they please, should feel obligated to do their part to discourage such activity. Let me close this discussion on a note of thanks to our County Attorney Tom Cameron for his enthusiastic prosecution of such individuals. When you give Tom the ball, he's not afraid to run with it, and a bunch of folks from Odessa and other areas learned that the hard way.

To change the mood a bit, I would like to take this opportunity to extend a sincere thanks to the people of Crockett County for the genuine West Texas welcome my family and I have experienced since we moved here eight months ago. A finer bunch of people we have never found anywhere, and we've lived lots of places. It is our intention to live nowhere else as long as the Good Lord lets us make tracks on His earth. If I haven't met you personally, give me a call or flag me down next time you see me, as I would like to get acquainted with all my neighbors.

Rod Chalmers  
State Game Warden

**TIMES CHANGE**

That means your needs for insurance change too. You might have too little . . . maybe even too much.

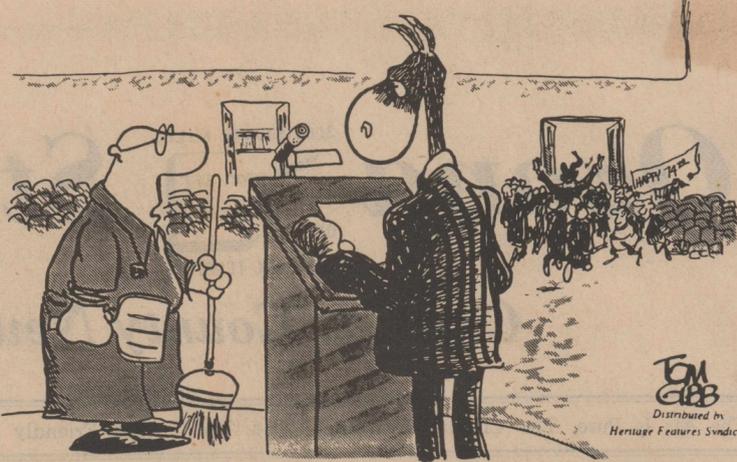

So how do you know if the protection you bought yesterday is what you need for today?

It's easy. Just call and tell your Farmers Agent you want a complete review of all your insurance policies.

There's no cost and no obligation

**Public Notice**

**NOTICE OF INTENTION TO CONDUCT WEATHER MODIFICATION OPERATIONS IN THE STATE OF TEXAS**

Date of the first of three weekly publications of this notice: February 6, 1985

1. Notice is hereby given that North American Weather Consultants, a professional weather consulting company, 1521 East 3900 South, Suite 103, Salt Lake City, Utah 84124 intends to file an application with the Texas Department of Water Resources for a State Permit to conduct weather modification operations to change or attempt to change the natural development of clouds for the purpose, objective, period, and by the methods summarized below.

2. North American Weather consultants submitted an application for a Texas Weather Modification license on December 11, 1984.

3. The purpose of the weather modification operation is to increase rainfall. The objective is to affect the water resources of the City of San Angelo. The period of the proposed permit is April 15 through October 15 for a four year period beginning in 1985.

4. The proposed weather modification operation is to be conducted for and on behalf of the City of San Angelo, P.O. Box 1751, San Angelo, Texas 76902.

5. The proposed weather modification operation is to be carried out in an "operational area" and a "target area" to cause the intended effects to occur only in the target area. The operational area includes all of Irion, Tom Green, Reagan, and Glasscock Counties and portions of Sterling, Coke, Schleicher, Crockett, Upton, and Midland Counties. This area is bounded by the following points: a

point on the Martin-Midland County line four miles east of Interstate 20, south to a point on the Upton-Crockett County line four miles west of the Reagan County line, southeast to the City of Ozona, east to the intersection of Sutton-Schleicher-Crockett County lines, east along entire Schleicher-Sutton County line, north along Schleicher-Menard and Tom Green-Concho County lines, west along Tom Green-Runnels County line, northwest to the intersection of highway 163 with the Sterling-Mitchell County line, west along Sterling-Mitchell and Glasscock-Howard County lines, then west to starting point.

6. The area to be affected by the proposed weather modification operation is the target area. The target area includes all of Irion County and portions of Glasscock, Sterling, Tom Green, Schleicher, Crockett, and Reagan Counties. This area is bounded by the following points: a point at the intersection of highway 87 with the Glasscock-Sterling County line; due west for 20 miles to a point in Glasscock County; due south to the City of Best; southeast to a point on highway 163, 10 miles south of the City of Barnhart; due east to a point on highway 2084, 8 miles north of highway 190; due north to a point on highway 380, 8 miles east of City of San Angelo; northwest to a point 10 miles due east of the intersection of highway 87 with the Glasscock-Sterling County line; due west back to the starting point.

7. The methods and materials to be used in conducting this operation are summarized herein: a licensed meteorologist will select cumuliform clouds for cloud-seeding using a dedicated weather radar display, standard meteorological data, and forecast techniques to direct seeding aircraft

equipped to dispense the seeding particles, silver iodide crystals, into cloud tops or into updraft air at cloud base.

8. The Texas Water Commission shall, if requested by at least 25 persons, hold a public hearing in the area where the operation is to be conducted prior to the issuance of a permit. No public hearing will be held on this application unless a request for a hearing is made within 30 days of the date of the first publication of this Notice. Requests for a hearing should be made in writing to the Office of General Counsel, Texas Department of Water Resources, P.O. Box 13087, Capitol Station, Austin, Texas 78711. Telephone (512) 475-7836.

9. Requests for further information about the proposed weather modification operation should be made to the Weather and Climate Section, Texas Department of Water Resources, same mailing address as above. Telephone (512) 475-6318.

Don A. Griffith  
Vice President  
North American  
Weather Consultants

**NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT**

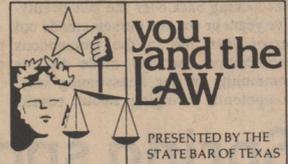

C. F. Lawrence & Assoc., Inc. P.O. Box 2418, Midland, Texas 79702, has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the San Andres, ECK 58 Lease, Well Number 7. The proposed injection well is located 14 miles north of Ozona in the ECKLAW (San Andres) Field, in Crockett County. Fluid will be injected into strata in the subsurface depth interval from 1361 to 1409 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373).

52-1tc

Q: My husband has beaten me throughout our marriage, but I am afraid to leave. If I take our child and some of our possessions, he will be furious. What should I do?

A: You do have choices under the law. Even if you do not file for divorce, sections of the Family Code permit the court to enter orders protecting the family against violence. Without notice to your husband, the court can even issue orders that continue for 20 days, preserving your safety and your child's, setting the case for hearing, even finding your husband must pay attorney fees.

In addition, under the laws, city and county law enforcement officials must keep the protective orders on file so you can call for help if your husband harasses you.

The short answer to your question is: see an attorney immediately.

Q: Is a marriage considered valid in Texas if the woman marries under a false name? Also, does a judge ask for a marriage certificate in cases of divorce or probate?

A: Yes, a marriage even under a false name will be valid, unless there are other reasons the marriage might be void. Therefore, the license is valid.

Ordinarily, neither the divorce court nor the probate court will require a copy of the marriage license, unless there is some question whether the marriage was valid.

**The Newsreel**

A rerun of "The Ozona Story" as gleaned from the files of the "The Ozona Stockman"

Thursday, Feb. 23, 1985

March 3 is the date set by County Judge Houston Smith for the election at which qualified voters of Crockett County will be called on to decide the question of issuing \$200,000 in school bonds for the purpose of building 20 new teacher housing units, construction of an auditorium at South Elementary and for repairs at North Elementary.

29 yrs. ago  
George Bunger was Chapter Reporter for FFA at Ozona High School.

29 yrs. ago  
Contract for construction of the radar station five miles east of Ozona for the Air Defense Command was awarded by the U.S. Army Corps of Engineers district office in Fort Worth. Robert Guyler of Lampasas was the low bidder out of 14 bids.

29 yrs. ago  
The Order of the Eastern Star met at the Masonic Hall with Mrs. L.B.T. Sikes worthy matron, presiding.

29 yrs. ago  
Ira Carson, newly elected chairman of the Crockett County Welfare Council has called a meeting of the membership of the Council. All persons who have given as much as \$5 or organizations who gave \$25 are members.

29 yrs. ago  
Bobby Martinez was tops playing a marvelous game rebounding and counting 13 points when the Lions were nudged out by the Owls in a bi-district game. The Lions lost 44-46 in the last few seconds of the game.

29 yrs. ago  
Doyle Perdue announced his candidacy for commissioner, Prec. 1.

29 yrs. ago  
The Willing Workers and Jenny King Circles met with Mrs. Stephen Perner. The leader was Mrs. Bud Cox.

29 yrs. ago  
The Wednesday Bridge Club met at the home of Mrs. Dick Henderson. Progress is being made on construction of the new Methodist parsonage.

29 yrs. ago  
Personality of the week at OHS was 5 ft. 3/4" tall Jerry Loudamy. She is 16 years old and a junior.

Members of the Baptist G.A.'s met with Mrs. Buster Loudamy.

29 yrs. ago  
Miss Beverly Killingsworth was crowned Band Sweetheart.

29 yrs. ago  
Miss Billie Chandler daughter of Mr. and Mrs. W.H. Chandler has been promoted at Laughlin AFB in Del Rio.

29 yrs. ago  
Beall Barber Shop announced a price increase in haircuts starting March 1. Regular haircuts will advance from \$1 to \$1.25 and the flattop will cost \$1.50.

29 yrs. ago  
Joe Everett, 17-year-old 4-H Club member from Crockett County showed the grand champion rambouillet ram in the Jr. Rambouillet breeding sheep show in at the San Antonio Livestock Exposition. In the Rambouillet ram lamb division Pam Jones won seventh.

29 yrs. ago  
The Johnson Draw watershed control plan now is on its way to Washington for final checking, editing printing and distribution and in another two to three months will stand approved by the federal government and the million dollar-plus project will be ready for the construction start.

29 yrs. ago  
Mrs. Hudson Mayes entertained the bridge club Friday at the home of Mrs. Dick Henderson. High score was won by Mrs. George Montgomery.

**Notice of REWARD**  
I am offering  
**\$500 Reward**  
for apprehension and conviction of guilty parties to every theft of livestock in Crockett County-except that no officer of Crockett County may claim the reward.  
Sheriff, Crockett Co.

### Tips For Gardeners

From the  
Ozona Garden Club  
by Mrs. Bailey Post

These warm sunny days may cause the early flowering shrubs, trees and fruit trees to show color in swelling buds. Usually that means very little fruit if any, for another hard freeze is almost sure to come before winter is over.

Continue planting shrubs, trees and roses this and next month before the days get too hot.

Flower seeds of all but the very tender annuals should be sown directly outdoors as soon as the soil is in a nice crumbly condition for sowing.

If you are interested in ground cover to reduce work and to provide year-round color, try a few that have proved to be satisfactory in our area. Consult Mr. Reagor.

Why not try climbing varieties of the hybrid tea roses if you don't have space for a rose bed. The climbers are profuse bloomers and much more vigorous than the bush rose. They are ideal sources for cut flowers and can easily be grown against a fence or

without support in a sunny location. Some of the best are Don Juan (red), Climbing Peace, Charlotte Armstrong, Chrysler Imperial, Sutter's Gold, White Dawn, Crimson Glory, the charming flowering yellow Lady Banksia and perhaps new varieties.

This is a good time to start hanging baskets. If you want them well advanced for outdoor display in the spring. There are many attractive plants you may start yourself, or buy from nurseries.

If you plan to exhibit potted plants in the flower show in April, they should be in your possession now. Keep them turned regularly so they will not develop more on one side than the other. Plants that bloom need to have sunlight, but not too intense to burn the foliage. Dish gardens and planters should be started also, to be well established by show time. Use a variety of plants that require the same kind of soil, amount of water and sunlight.

### Nutritional state is not revealed by shiny hair

For years mothers have been telling their children to eat their vegetables so their hair will be shiny and their eyes will be bright. Perhaps that's one reason why so many consumers believe the claims made for nutritional hair analysis.

"Some relationship may exist between the state of one's health and the state of one's hair," says Texas A&M University Agricultural Extension Service nutritionist Dr. Alice Hunt. "But there is no scientific data which would enable someone to diagnose the mineral level in the body based on a sample of hair," she adds.

Yet, according to Federal Trade Commission (FTC) estimates, consumers now pay more than \$25 million to companies selling hair analysis services nationwide. The FTC has charged at least one of these firms with deception and asked the courts to freeze the assets of the company for use in possible redress.

According to Hunt, the companies use hair analysis services primarily to sell minerals, vitamins and other dietary supplements.

The mail-order services are often advertised in health-oriented magazines and at holistic health fairs, she says. Consumers send in a hair sample along with a fee for the "analysis." In

### 4-H clothing projects start with workshop

The 4-H clothing projects began Saturday, February 16, with a workshop at the Methodist Church Fellowship Hall. Twenty-seven 4-Hers attended.

Four concurrent sessions were held on hair care, facial and hand care, sewing and consumerism.

Ten Sepata and Kathy Morris, Village Beauticians, kept the 4-Hers attention by styling and cutting volunteer's hair.

Monica Schwartz, BT's Manicurist, and Melissa Hintz, Mary Kay Beauty consultant, introduced the girls to manicures, facial cleansing, and makeup trends.

Lou Haire, Betty King, and Nancy Harris assisted 4-Hers in designed plastic canvas magnets and keychains.

Rachel Hall, County Extension Agent, taught sessions on effective buying procedures, importance of labels and fabric content.

Nancy Hale and Laurie Hale provided each participant with Avon "Pure Care" samples. Watson's Department Store furnished a plentiful supply of paper bags which were full of samples and handouts at the conclusion of the workshop. Other leaders attending and assisting at the workshop included Debbie Phillips, Dana McAllister, Sandy Montgomery and Jean Conner.

Saturday's workshop was coordinated so 4-H members could learn collectively, prior to beginning sewing projects with leaders. Sewing projects may include designing a garment and/or accessory for the April 9, 4-H Fashion Show.

**WEIGHT WATCHERS**

Quick Start

A LITTLE PRE-GAME SHOW-OFF - Pete Maldonado and Stan Lambert do a little clowning around before the coaches vs. Lions Club benefit basketball game which will be held tomorrow evening at the high school gym at 7:30. Tickets will be \$2 for adults and \$1 for students. A free throw contest between the administrators will be held at the half.

### MP Garden Club in first meeting of year

The first yearly meeting of the Myrtle Post Garden Club was held Monday, February 18, in the Ozona Civic Center with Mrs. Grace Williams as hostess. Mrs. Marge Smith assisted and furnished the flower arrangement for the meeting.

The centerpiece was made of fresh vegetables consisting of tomatoes, zucchini squash and celery stalks. Members answered roll call to "What vegetable I enjoyed in my survival garden." Following roll call Mrs. Jean Conner gave the treasurer report.

Mrs. Marge Smith introduced the guest speaker, C. O. "Lefty" Walker. Mr. Walker delighted members with his informal program on gardening with success. Many hints and well tried plans were told to members. Old fashioned remedies of pest control and treatment of diseases were discussed as well as how many plants were needed to feed an average size family.

Following the program Mozelle Houston gave members and guests the horticultural tip for the month.

In a short business meeting members voted to send a contribution to the Statue of Liberty Fund, and to have a plant sale in the late spring.

Members were thanked by Mrs. Myrtle Post for her birthday plant from the club. A thank you note was read from the Chamber of Commerce. A report was given concerning the

Emerald House and Arbor Day planting for the Helping Hands of Ozona.

Members present were Maridel Dudley, Jean Conner, Grace Williams, Mary K. Brewer, Marge Smith, Leta Powell, Betty Bullard, Kathy Mayfield, Joyce Young, Myrtle Post and Sarah Hignight.

Guests included Marsha Cannon, Connie Jennings, Kathy Morris, Debbie Moore and Monica Schwartz.

### DUPLICATE BRIDGE

Winners in Duplicate Bridge Club play Saturday afternoon at the Country Club were Jean North and Kitty Montgomery, first, and Mrs. Gene Perry and Mrs. Gene Williams, second.

In play Sunday Mrs. Cuatro Davidson and Mrs. Douglas Moore won the top spot and Mrs. North and Mrs. Sidney Millsbaugh were second.

Mr. and Mrs. Evert White left for Houston Sunday afternoon, where Mr. White was expected to have surgery Tuesday or Wednesday.

NEW SUBSCRIBERS AND RENEWALS  
New subscribers and renewals for the week included Charles Schneider and Terry Racher.

## Angora goat seminar results

The Angora Goat Producer's Seminar was held last Thursday at the 4-H Show Barn. The seminar and mohair fleece judging climaxed the 4-H Commercial Angora Doe Kid Feeding Program.

Jack Groff, Extension Sheep and Goat Specialist, judged the fleece Thursday afternoon and presented a talk and demonstration on mohair quality, grading, preparation, and selection. Gary Sides, Extension Livestock Specialist discussed nutrition.

Ira Childress took champion honors with his fleece. The 10 pound, 5 ounce fleece came from a doe kid bred by Bob Childress. Tamie Reagor had the reserve champion fleece. It weighed 9 pounds and 3 ounces and it came from a Nat Read bred doe kid.

Ten local producers furnished 84 doe kids for these 21 4-H members to feed and care for. The 4-H members received their goats in August out of the hair. They fed and cared for them, then showed them in the 4-H Livestock Show in January. These doe kids were brought into the barn on Wednesday and weighed. They were shorn on Thursday morning. The fleeces were weighed and judged. The 4-H members will receive the money from the sale of their fleeces to pay for the feed and the doe kids will be returned to the producers.

Donnie Laughlin, with Ranchman's Wool and Mohair from Ingram, paid \$6.00 a pound and Bob Childress added 25c per pound to it.

The following producers furnished these doe kids to 4-H members: Nat Read, Sam Perner, Pancho McMullan, Lorelei McMullan, Tony Allen, Bill Clegg, Bob Childress, Jeff Sutton, and Steve Kenley.

These doe kids were weighed in August when they were put out to the 4-H members and then weighed again last week. Top gaining doe kid was 49 pounds and it was fed by Steffy Sutton and bred by Jeff Sutton. Steffy also had top gaining pen of 4 goats that averaged gaining 35 pounds; Tamie Reagor's pen of goats bred by Nat Read was second and averaged 33 pounds; and Terry House's pen of Sam Perner bred goats were third with 32.75 pounds.

### Fleece Placing

First-Champion-Ira Childress; second-Reserve-Tamie Reagor; third, fourth and fifth-Ira Childress; sixth-Jena Allen (Tony Allen breeder); seventh-Cody Sutton (Bob Childress bred); eighth-Jena Allen (Tony Allen bred); ninth-Cody Sutton (Jeff Sutton bred); tenth-Lance Keilers (Bill Clegg bred); 11th-Coleman Nelson (Sutton bred); 12th & 13th-Vickie Reagor (Read bred); 14th place was Jena Allen (Allen bred); 15th was Julie Reagor (Read); 16th, Whitney Vannoy (Bob Childress); 17th, Alex Sanchez (Bob Childress); 18th-Jason Mont-

gomery (Sam Perner); 19th and 20th, Julie Reagor (Read); 21st-Lance Keilers (Clegg); 22nd-Alex Sanchez (Childress); 23rd-Coleman Nelson (Sutton); 24th-John Williams (Sutton); 25th-Terry House (Sam Perner).

The heaviest fleece in the show weighed 13 pounds, 1 ounce (Steffy Sutton-Jeff Sutton), second place was 11 pounds, 9 ounces (Tamie Reagor, Nat Read bred), third-11 pounds, 7 ounces (Steffy Sutton). The heaviest average of fleeces from 4 doe kids: first-Steffy Sutton (10.85 pounds), second-Tamie Reagor (9.45 pounds), third-Ira Childress (9.3 pounds).

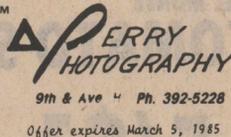

## Miss Universe and KIS Photo Super Sweepstakes, Super Savings

Come into my store and ask for your Official Entry Form! You may just wind up as an honored guest at this year's Miss Universe Pageant. Or you may win one of 1,035 other valuable prizes, like a Canon camera, \$100 worth of Maybelline cosmetics or a limited edition KIS® solar calculator.

And, don't forget to watch the Pageant on CBS, July 15, 1985.

### Super-Saver Coupon

To celebrate the sweepstakes, when you have one roll of 110, 126, 135, or disc film processed and printed, I'll take \$2 off the processing and printing of your next roll of film with a Super-Saver Coupon. Stop in my store for details.

\*Or send a stamped, self-addressed envelope to KIS "Miss Universe Coronation" Sweepstakes, P.O. Box 1540, Plainfield, NJ 07061. Residents of the State of Washington should not include stamp. Limit one entry blank per request. Requests for entry blanks must be received by March 15, 1985. NO PURCHASE NECESSARY. OFFER VOID WHERE PROHIBITED BY LAW. EXPIRES MUST BE RECEIVED BY APRIL 15, 1985.

## Pat Walker's Figure Perfection Salons International

Pat Walker's Figure Salon will be presenting a series of articles regarding current findings on various popular diets as reported in a recent issue of Consumer's Digest.

Dr. Paul Lachance, the first nutritionist for the U.S. space program, now professor of food science and nutrition at Rutgers University and his associate, Michelle C. Fisher, have research to show how 15 of the most popular diets can harm you and in some cases have caused death.

With so much publicity surrounding fad diets, Dr. Lachance feels its important for you to know the health implications and facts on the nutrient value of these diets.

In analyzing the Beverly Hills diet Dr. Lachance found many problems. "Basically it is a low quality protein diet with poor nutrient delivery, since virtually all food comes from just one food group: fruits," he says. "I'd say it's the riskiest diet of all, and you can expect to run into problems after only a couple of weeks on such a diet," he continues. The Beverly Hills plan provides no vitamin B12 and negligible amounts of calcium, iron and zinc.

Next week we will report to you Dr. Lachance's findings on Liquid-Diet Dangers. In the meantime call Pat Walker's today and let us help you learn to eat sensibly while you lose weight and stay healthy.

## Why do the same size families with the same size homes have different size electric bills?

### Simple, It's The Power of Choice.

It's happened to almost everyone. You compare electricity bills with your neighbor; and, even though you lead similar life styles, your neighbor's bill is lower.

The difference can be in how well you buy electricity. That's right, buy. Every time you flip a switch, you make a choice to buy a little electricity, little choices that add up to your bill.

Today, electricity gives you choices that help you get more value out of your energy purchase.

### The New Appliance Choice.

Suppose you were choosing between two refrigerators same size, same features. The less expensive choice saves once. But the more efficient choice saves year after year. When choosing a

new appliance, choose an appliance with a higher Energy Efficiency Rating (EER). This will help to save you money on your energy bill.

### The Heating and Cooling Choice.

Because heating and cooling are your biggest energy-consuming functions, a smart electric choice can really pay off here. A heat pump efficiently cools in summer, then reverses, and heats all winter — both at a total cost that can provide substantial savings. Check out whether a heat pump is suitable in your situation.

No matter where you live, there's always an electric choice that will help you get more value out of your energy purchase. For more information on how you can use electricity wisely, call your local WTU office today.

Electricity. It's the Power of Choice.™

## CROCKETT COUNTY CARE CENTER NEWS

By Ann McCartney  
Director Of Activities & Social Care

Last week began with a birthday party for our only February birthday honoree, Elzy Bishop. Auxiliary member volunteers Elvira Caldwell and Ann McCartney were hostesses for the event. Polly Mayes decorated and donated the cake, Maxine's Flowers sent a nice carnation corsage. Clara Byrd played the piano while Dorothy Doll and Jo Davidson assisted with the serving.

Maudie Couch continued to repair clothes for us this week. Flowers from Bud Mayes birthday party were shared with our residents by his daughter, Helen Wilson of Roswell. We thank you both. Thanks also goes to Alma James for donating heart-shaped cupcakes and to Patti Racher for donating some donuts.

Bingo was played once again on Tuesday and Friday. Twenty resident played on Tuesday, fifteen played on Friday. Volunteers on Tuesday included Bonnie Warth, Mattie Cooper, Dorothy Doll and Elodia Zapata. Friday volunteers included Elodia, Dorothy, Sophia Tijerina, Anna Bell Patrick and Lelia Tambunga. Lelia was caller on Friday. Resident winners included Lucia Rios and Juana Hernandez, winners of the El Chato dinner for two, Virginia Russell, winner of the gift certificate from Watson's Department Store, and Alice Ross, second place winner.

Ceramic class was conducted on Wednesday by volunteer Lynette Davidson. Residents participating included Hilda Dysart, Tomasa Ramoz, Juana Hernandez, Ola Mills, Billie Whately, and Moriana Perez. An appeal has been put forth for a Spanish speaking volunteer to help us with this project. We have a real need here. How about it, readers? Know anyone?

Ted Turnley was gracious enough to come on Wednesday afternoon for Bible study this week so we could have a big Valentine's Day party on Thursday.

Thursday morning beauty shop workers included Vivian Hughes and Betty Bullard. We needed more help.

Our Valentine party started with the crowning of our new queen and king. Last year's queen, Juana Hernandez crowned our new queen Ola Mills. Johnny Henderson was our new king. Both received red carnations. Girl Scout Troop #172, under the directions of their leader Nikki Dunn, served punch, cake, and gave a fine program of entertainment. Girls participating included Amy Easterwood, Stacy

Skains, Haley Carson, Sabrina Easterwood, Patricia Hartnett, Ami Sewell, Terri Willmon and Erica Kenison. Thanks, girls, for a very nice party.

Friday afternoon twenty-six singers from the Continental Singers group that was in town came and treated our residents to a song service. They were great and we thank the Baptist Church for helping us get them.

And, speaking of the Baptist Church, Rev. Nelson Lanham gave our residents his goodbye speech following his Sunday afternoon church services here at the center. Our residents will miss him and his guitar. Also assisting with the worship service were Mr. and Mrs. Terri Racher, Mattie Cooper, and Louise Johnigan.

## Letters to the Editor

February 14, 1985

Dear Editor:

It has come to my attention that there are folks in town who would like to have some deer meat, but for reasons such as age or economic situation, don't have access to a place to hunt, and there are others who might have more than they want or need.

In an attempt to try to get the "have and don't want's" together with the "want and have not's," I'm going to steal an idea from an outdoor writer from Houston (Ken Grissom), and make a few alterations to make it fit Ozona. I think it can work if we do it this way: those wanting meat call Beth Boyd at the Chamber of Commerce (392-3066), and those wanting to give to a good cause and keep that meat from going to waste, do the same. Simple as that, right? Wrong, it's gonna require a phone call, and I don't know why but it's hard to get some folks motivated enough to do even that much.

We're still in the planning stages of this program, but I plan to keep anyone from having to do any more than make that phone call except

maybe for some volunteers, bless their hearts. We should be able to handle the pick-up and delivery till the volume gets to be more than I expect. The system will have to be changed around somewhat for hunting season, but arrangements have already been made for that occasion. Think about it, and if you fall into either of these categories, pick up the phone and lend a hand to some folks in need.

This program has been screened by our Game Warden and he says it's all legal as long as no money changes hands, or there is no compensation for the service, as meat of a game animal cannot be bought or sold. And as long as the program is administered in the spirit it is intended this will never be a problem. Sheriff Billy Mills has been consulted and is all for it and pledges his department's support and assistance when needed. All we need now is some cooperation from the populace.

We're not going to badger anybody, but we will slip in a reminder next Fall when the volume should pick up. From this point on, it's up to you.

Beth Boyd  
Mgr. Ozona Chamber of Commerce

## Texas quilters are invited to participate

Texas quilters are invited to participate in the 4th Annual West Texas Quilt Show to be held at Fort Concho National Historic Landmark in San Angelo on Saturday, April 27, from 10 a.m. to 5 p.m. and Sunday, April 28, from 1 to 5 p.m.

For details, forms, and information, please contact Frances Schneider Mertz, Fort Concho, 213 Ave. D, San Angelo, 76903 or call (915) 655-9121, ext. 441.

### Card of Thanks

We would like to thank everyone for the many kindnesses at the time of our loss of my husband and children's father, Orval. Words cannot express our feelings and appreciation.

God Bless all of you for your thoughtfulness.

# Ozona Lions finish season with big win over Ballinger

The Ozona Lions finished out the 1985 basketball season with a quite impressive win over the Ballinger Bearcats. The Lions, in probably their best game of the season, took a 43-30 halftime lead and continued to surge toward a 73-61 win which gave them third place in the second half of district play.

## The trio of Fierro, Ramirez, and Sanchez led the Lions in scoring with 8th grade girls end successful BB season

The Eighth Grade Cubettes ended their season Feb. 11 defeating Sonora 41-17. Ozona scorers were Patty Sanchez with 17, Stacy Lay 15, Kristina Martinez 3, Dottie Gonzalez 2, Idalia Fierro 2, Katy Cameron 2, Stacie Winkley 2. Leading with 22 rebounds was Stacy Lay while Patty Sanchez pulled 19 down. Dottie Gonzalez and Kristina Martinez both totaled 5 assists. Stacie Winkley was outstanding on defense.

This win brought their season record to 11 wins and 1 loss. Outstanding season records for the Cubettes were Patty Sanchez with a total of 141 points followed by Stacy Lay with 116 and Kristina Martinez 95. Kristina Martinez piled up 53 assists while Dottie Gonzalez had 44. Stacy Lay totaled 209 rebounds with Patty Sanchez earning 192. Patty Sanchez also made 33 free throws. Stealing the ball the most often were Kristina Martinez 84 times, Patty Sanchez 77 and Stacie Winkley 73. Causing the most turnovers were Stacie Winkley with 85. Kristina Martinez 82 times. The starters for the Cubettes were Stacy Lay, Kristina Martinez, Patty Sanchez, and Stacie Winkley. Other players were Shannon Curry, Cathy Moran, Patty Garcia, Gina McCollum, Idalia Fierro, Amelia Zapata, Kriss Corley, Maria Sanchez, Bibi Cervantez, Maribel Limon, and Katy Cameron. Managers were Rosa Arredondo, Annette Turner, Naomi Borrego, and Cindy Villarreal. These managers were responsible for the above statistics as well as preparing equipment before and after each game.

"They were lots of help, I couldn't have gotten everything completed without them," said Coach Schultze.

Captains chosen by their teammates were Stacie Winkley, Patty Sanchez, Stacy Lay and Dottie Gonzalez. "These girls were outstanding leaders the entire season. All the girls were fantastic this year. Ozona truly has great kids," said Coach Renee Schultze.

20,18, and 17 points respectively. Scott Denman scored 8 for his team, while J.B. Green added 4 and Mario Arredondo, Gary Davis, and Bret Thompson each scored 2.

The win gave the Lions a 3-2 record in the second half of the district and sole possession of 3rd place behind playoff bound Crane and Colorado City. Ballinger and Coahoma tied for fourth place in the 2nd half race, while Sonora held down the fort at the bottom of the district. The Lion's overall district record, 4-6, gave them a tie with Ballinger for third place in the overall district race, the highest finish for Ozona in several years.

For now, though, the Lions will say goodbye to Ramirez, Davis, Arredondo, Matt Gutierrez, and James Fierro and begin planning toward next year. The local lads will have several returning lettermen on the team next year. Harvey Fierro and Steve Sanchez will be back along with Scott Denman, J.B. Green, Bret Thompson and Brad Thompson. The Lions will remain in the same district with Crane, Colorado City, Ballinger, Coahoma and Sonora for at least one more season before district realignments are made. Crane will be strong again next year and should have tough competition from the team from Crockett County.

## 7th graders glide through undefeated

The Seventh Grade Cubettes traveled to Sonora February 7 and captured their twelfth win without a setback. The Ozona team ended its season with a 29-8 victory over the Broncos. The win against Sonora followed wins over Eldorado (19-8) and Big Lake (22-10).

The Ozona scorers for the past three games were Judy Fierro with 21, Kelly Williams, 20; Missy Bishop 6, Debra Cervantez 4, Estella Hernandez 4, Michelle Williams 4, Tammy Arrott 3, Anna Borrego 2, Mikki Ramirez 2, Brenda Rodriguez 2, and Terry Vargas 2. Joining with the players above to help with the successful campaign were Tricia Ethridge, Tondra Hensely, Sarah Pullen, Michelle Ramirez, Terel Seahorn, Diana Solis, Elizabeth Watson, Rosario Ramos, manager, and Amy Graham, scorer.

The Cubettes season was typified by defense. The team allowed only 78 points in the twelve games of the season. An average of 6.5 points were made per game, while the Cubette offense amassed 255 points for a 21.3 scoring average.

"The team's play and conduct on the court should make the people in Ozona proud of their girls," said Coach Glenn Graham.

At the halftime break of the Ozona-Ballinger contest, the 1985 basketball royalty was presented. The sweetheart, voted on by the Lion basketball team, was Miss Vickie Reagar. Reagar is the daughter of Mr. and Mrs. Billy Reagar. She is a Lady Lion team member and a cheerleader at OHS. The basketball beau, chosen by the Lady Lions, was Harvey Fierro. The Lions also presented a plaque to their "most valuable fan", Mrs. Rachel Thompson. Mrs. Thompson, mother of Bret and Brad, did not miss a single game throughout the entire 1984-85 basketball season. The team, in addition, awarded Coach John Curry a basketball signed by each member of the Lion team.

Although the Lions did not make the playoffs, they should be commended for a job well done and should be congratulated for their third place finish in the district.

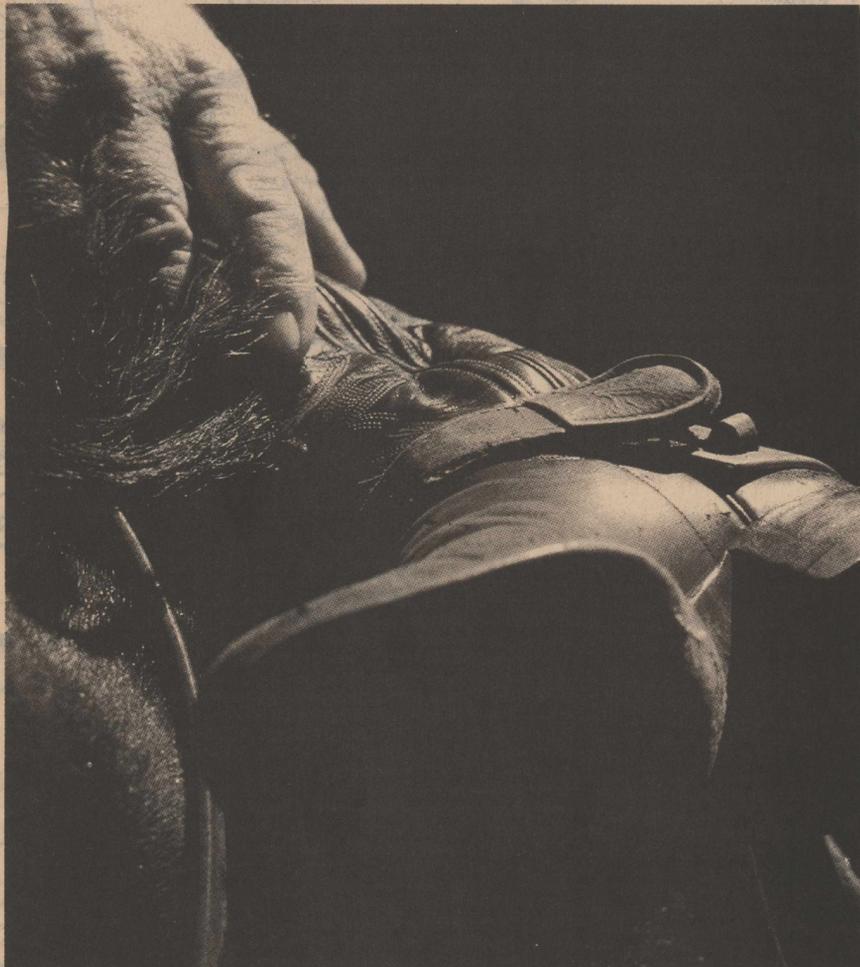

## Cubs finish season with 12-0 record

The Seventh Grade Cubs finished their basketball season with a perfect record of 12-0 last week. The team finished the season scoring 451 points (37.5 points per game) while allowing their opponents 213 points (17.7 points per game). As a team, the Cubs made 202 field goals and 47 of 119 free shots(39.5%).

Scores of the seasons games were Ozona vs. McCamey, 30-19; Ozona vs. Crane, 39-30; Ozona vs. Iraan, 43-2; Ozona vs. Sonora, 34-12; Ozona vs. McCamey, 37-22; Ozona vs. Sonora, 30-14; Ozona vs. Eldorado, 31-5; Ozona vs. Crane 46-36; Ozona vs. Eldorado, 43-16; Ozona vs. Big Lake 46-20, and Ozona vs. Sonora 42-15.

High scorers for the team were Lalo Rodriguez with 125 points, Chris Denman, 83 points; George Ybarra, 74 points; Mark Fierro, 55 points; Roger Martinez, 34 points; Phillip Munoz, 26 points; and Gus Garza 26 points. Other team members were Gabriel Flores, Andy Stokes, Sotero Fuentes, Bobby Calvert, Bruce Beasley, Isaac Leal, Oscar Vargas, Tommy DeHoyos, Luis Rico, Scotty Burks, and Sidney Gunnels. Team managers were Rudy Zapata and J. J. Ramirez.

It can be said that all of the team goals were met and that most of the games were won because the team played very good and sound defense. According to Coach Hanson, "This is an exceptional group of young men who have the potential to do very well, not only in basketball but in other sports and the classroom as well. I consider it an honor to have been associated with them for this basketball season."

**Thirteen did not prove to be unlucky for this group of OHS Band members**

Thirteen members of the Ozona Public School Bands competed in the Sonora Solo and Ensemble Contest Saturday, February 16, in Sonora. The bandsmen earned twelve first division medals.

Receiving first division (superior) ratings were Chris Dunn, tenor saxophone solo; Michael Glaze, trombone solo; Bret Hood, cornet solo; Martha Searcy, flute solo; Mark Sellers, mallet percussion solo; Melody Stark, flute solo; Ted Turnley, cornet solo; Robin Weinecke, baritone saxophone solo; and Michelle Williams, flute solo.

Also receiving a first division was Kim Baker, Susan Kenley, and Melody Stark playing a flute trio.

Bandsmen receiving a second division (excellent) rating were Marcos Gonzales, trombone solo and Suzy King, flute solo.

The contest was judged by Harris Brinson, director of bands at Angelo State University; David Fennel, A.S.U. woodwind instructor, and Ed Surface, A.S.U. brass instructor.

Melody Stark will compete on February 23 in the U.I.L. Solo and Ensemble Contest in San Angelo.

**EXTENSION OFFICE NEWS**

By Rachel Hall

There will be a 4-H clothing leaders meeting, at 6:00 p.m. at the County Extension office meeting room, Thursday, February 21. All 4-H clothing leaders are encouraged to attend. We will be discussing the April 9, 4-H Fashion Show and review leader responsibilities.

The following article appeared in the Jan. '84 Wall Street Journal and indicates some of the difference between men and women shoppers.

**Clothing Shopping Habits Change**

There have always been stereotypes about the way men and women shop: men buy fast, women browse, men know what they want, women are open to suggestions, men look for clothing to blend in, women look for clothing to stand out. The lines between the stereotypes have begun to blur. For many professional women, who can't waste a lot of time looking for suitable office attire, recreational shopping has become a thing of the past. Men are getting like women—browsing more and taking an interest in style; women are getting more like men—buying more items at one time.

Estimates show that many professional women are investing as much as 15 to 20 percent of their incomes on clothing; men about 5 percent. Although professional men are investing more than ever before on their wardrobes, and taking a greater interest in them, shopping itself is no less painful. Men only make six to ten shopping excursions a year, setting foot in stores a lot less than women.

Most men are occasion-oriented in their shopping. They buy for business meetings, conventions or replacement. Women have also become more occasion-oriented in their shopping. Many women are beginning to develop a distaste for shopping. Only two out of ten really like to shop, says a New York wardrobe consultant. Many women get frustrated trying to shop fast and efficiently. They can't find what's suitable and what they like.

Service is what women need—and will pay for.

According to a study by Celanese (fiber company), 38 percent of a working woman's wardrobe is bought at reduced prices. Men, too, are concerned about price, especially younger men.

Once a man makes up his mind to buy a suit, he often does it the same day. Eighty-five percent of suits that are bought are planned purchases. Research shoes that more than half of all suit buyers get advice from a woman; two-thirds of all men's furnishings—shirts, ties, belts, etc.—are purchased by a woman.

When they are shopping, a lot of men bring along their best memory of what the boss is wearing. Men don't want to look different. The modern woman knows the group she's in and how she's expected to dress. That goes double for younger women, who are more nervous about being correct.

Source: The Wall Street Journal, December 21, 1984

Nearly 218 million vehicle miles are travelled on Texas highways on an average day.

"We want to go places with you"

**PBPA energy report**

For weeks, as the price of crude oil continued to fall, we heard a great wailing and gnashing of teeth. Where will it all end? What are we going to do? How can we put up with this?

Well, for two weeks now, the price has not only quit dropping but has actually gone back up. Those who plan to stay in business are continuing with their plans. Those who can only foresee gloom and doom, probably will find both.

We've been talking with folks who have been visiting Washington and, for those who believe that the Treasury Tax Proposal is only a trial balloon, think again. Both PBPA and IPAA members have met with some of the powers that be, and have been assured that this is what they want to see passed into law.

They are using the phrase, "A Tax Reform for Fairness, Simplicity and Economic Growth" to sell this garbage to Capital Hill, the media and the population. They don't say that the top earners of the Forbes 400, or Fortune 500, will be the really big winners. Or, that those little bitty taxpayers will suddenly find themselves paying income taxes for the first time.

This tax proposal is no more fair, or simple, than the Budget Proposal. They both call for cuts in every area of small business, the aged, the handicapped and education, while promoting the growth of big business and those at the top of the heap.

Nowhere do they talk about curtailing the flood of imports. A flood which is gradually closing our domestic refineries. Guess who we'll then be asking to furnish us fuel oil, lubricants and gasoline? That's right—Khadafi, Khoemini and Cherchenko!!

**Helping Hands Memorials**

**Personal Loans for Personal Needs.**

There are a lot of good reasons why you could use a personal loan . . . to buy a new car or boat . . . to take a long-overdue vacation . . . to consolidate bills . . . to get through a temporary financial bind. Whatever the reason, it's important to get your loan from a bank that cares. A bank that gives you the lowest interest rate possible and sets up your payment plan according to your budget.

We can.

We believe personal loans should fit the person! See us today to set up yours!
