## Kitty's Korner

County tax bills were received by Crockett County property owners last week and there were many angry homeowners asking why their taxes went up.

With the county lowering taxes about the same amount the school was forced to raise taxes, there was no real increase in taxes. However, a check with the county tax office revealed a reason for the increase. Last year the State allowed 40% off the top for the homestead exemption. This year, this amount was cut to 30%, and this will explain why homeowners noticed an increase in the tax bill for this year. Elaine Bell, chief deputy in the tax office, said her staff will be happy to explain the increase to any homeowner who wishes to look into the matter.

Taxes were reappraised last year to reflect 100% of taxable value on the tax rolls. In turn the tax rate was lowered, however, the largest increase should have been noted last year, and should have received more comment from disgruntled taxpayers. Since this is not the case, anyone wishing an explanation should go by the tax office in the annex.

As school taxes go up, and they surely will, thanks to House Bill 72, most complaints come from families who have no children in school and have yet to reach the age where property taxes are frozen for school tax purposes. When you hear "Why should I have to pay school taxes when I have no children in school, and there are families with five children in school who pay no taxes?", it does seem unfair.

Several have suggested "firing the school board." Well, we can't fire the school board. If we could fire them all and replace them with new board members, it would do no good. The new board would simply have to follow state guidelines and raise taxes again next year. The real culprits are those in Austin who finished the special session bragging they accomplished all that without raising taxes. They raised the state sales tax from 4% to 4.125%, placed the sales tax on most services, and items which were considered not taxable before. They raised all fees, collectable at the county tax office, took money away from the local school district and placed the burden of financing HB 72 on the local school board.

You might want to remember this when you go to the polls next year to vote for your state officials, governor, Lt. governor, etc.

What has happened at the state level is nothing compared to the burden homeowners will face if the federal government has its way. Presently under consideration is the elimination of the deduction for property taxes on your home, lower the value of your mortgage interest deduction, and

eliminate homeownership bonds for first-time homeowners.

Everyone realizes the federal deficit must be cut and some sacred cows must go, but is increasing taxes on homeownership, savings, investment and growth the way? We think drastic cuts in spending is the answer.

This is National Fire Prevention Week as well as National 4-H Club Week. I would like to take this time to recognize the volunteer firemen and the volunteer leaders in 4-H work here.

The Ozona Volunteer Fire Department has given many hours to community service in Crockett County. Thirty members strong, they attend fire school at A&M each year to learn more about their service, some even teaching at the annual school. We are fortunate to have such a group.

The paid leaders in 4-H work here do an outstanding job, but without the many volunteer leaders they would be able to accomplish very little. The many volunteers who work without pay or recognition make the program the successful project it has been for many years.

I guess this is really a tribute to those who give of themselves without expect anything in return. What would we do without them?

## Bonfire tradition returns

Thursday night saw the return of the bonfire for homecoming after it had been outlawed for several years due to the fire hazard. Hundreds of Lion fans, both young and old, got into the

spirit of things and gathered at the vacant lot near the baseball field to cheer the Lions. It paid off with a win for the home team.

# 4-H honorees number 66 for awards supper

Sixty-six 4-H members were honored at the Annual 4-H Awards Program and Hamburger Supper, Monday, October 7, at the Civic Center. Around 200 members, parents, leaders, and guests attended the event.

Trebie West, 15 year old daughter of Mr. and Mrs. Wesley West, received the Mother Davidson Award presented by Jim Bob Bailey. This award has been presented annually to an outstanding Senior High 4-H member in Crockett County since 1951. It includes achievement, leadership, citizenship, and project work. Trebie has been in 4-H for 6 years and has excelled in foods and nutrition, lamb, range and grass, shooting sports, and leadership. Major activities for Trebie include: State 4-H Roundup, State 4-H Recordbook competition, Champion Heavy Weight Finewool in Houston (1982), participation in numerous district 4-H Food Shows, and teaching a foods and nutrition project group.

Jerri Lynn Martinez and Julie Reager were named Gold Star winners and presented gold pins by Dr. Gary Vannoy. The Gold Star Award is the

highest state award given on the county level.

Jerri Lynn is the 17 year old daughter of Mr. and Mrs. Augustine Martinez. Her project areas have included: lambs, clothing, foods and nutrition, babysitting, and leadership. She has competed at State 4-H Roundup in "Share the Fun" and a method demonstration on "Recycling Clothing." Jerri Lynn has been an active 4-H member for 7 years.

Julie is the 17 year old daughter of Mr. and Mrs. Billy Reager. Julie has been an active 4-H member for 8 years and excelled in several project areas. Her projects have included: lambs, horse, goats, steers, horse judging, foods and nutrition, clothing, and leadership. She has competed at State 4-H Round-up in "Share The Fun" and Horse Judging and shown top placing lambs in major livestock shows. She received the Mother Davidson Award last year.

Julie, Jerri Lynn and their parents will be honored at the District 6 Gold Star Banquet in Alpine on November 23.

Julie Reager was named recipient of the \$1000 Dan Bean 4-H Memor-

# Shelving arrives Library opening set

After several months of waiting for shelving for the new library, Louise Ledoux, county librarian, reported Tuesday morning the arrival of the shelves. Grand opening of the Crockett County Library has been delayed for several months due to the delayed shelving.

Mrs. Ledoux, who expected the shelving early in August, reported the moving date, from the high school library, has been set for Saturday, Oct. 26. After the shelving has been installed and books moved, the formal opening date will be set. Mrs. Ledoux said the opening will take place on a Sunday afternoon in November. She said the opening date will be set after the library is open a couple of weeks and running smoothly.

The Paul Perner family game the home at 705 12th St. to the county for the purpose of providing an adequate library facility in 1984. The home was completely renovated by A. E. Morris Construction, and then was furnished by donations from individuals and organizations, along with \$60,000 from county funds.

The library's goal is to provide

services for all segments and ages of the community and to provide an adequate number of materials to serve a community the size of Ozona. The financial goal is to adequately finance the operation of the public library by securing funds from county taxes, private donations and the State Library System, along with Friends of the Library. The Friends of the Library organization will meet with the library board periodically to assist with volunteer projects and keep the Library adequately financed.

The 1986 operating budget is \$62,699. Income is estimated at \$60,000 from tax sources, \$1,299 from state sources, \$200 from fines. Expenditures including salaries, upkeep and supplies, along with incidental miscellaneous expenses, total \$62,699.00.

The original library board was made up of Sherry Scott, chairman; Marilyn Cox, Mary Helen Parks, Katherine Russell, Chesta Stuart and Sherry York. Two new members were appointed at the last meeting of the commissioners court, Elliott Barrera and Mary Skains.

# Homecoming sees Lions win

The Ozona Lions erased the zero in their win column and replaced it with a one as they defeated the Eldorado Eagles in their 1985 Homecoming game by the score of 16-13. It was the Lions first victory of the year and a welcomed one for all Lion supporters. It came five games into the season but at a very crucial time. Not only was it homecoming for the Lions but it was the final nondistrict game of the season, so the Lions will carry momentum with them as they begin district play. Ozona will face top-rated Ballinger in their district opener this Friday night. The Lions will be trying to upset the rated team in the district. It will be on the road for the Lions. Gametime is 8:00.

Eldorado took the lead as they scored the first points of the game with 8:26 left in the second quarter on a twenty-seven yard pass play from quarterback Jimmy Turbeville to Jesus Martinez. The PAT was good by Mike Moore and after a scoreless first quarter the Eagles had taken a 7-0 lead. Ozona had three more possessions in the half but were unable to put together a score before the intermission.

The Lions came back out the second half and played a much better second half than the first. Two touchdowns better to be exact. The Ozona offense pulled together and combined a passing and running attack that kept Eldorado guessing. Steve Sanchez and Harvey Fierro put together an air show while Chuy Hernandez ate up yardage on the ground and the Lions came up with two touchdowns. Ozona's first score came on a two yard run by quarterback Steve Sanchez that ended a thirty yard drive with 5:35 left in the third quarter. Ozona went for the lead and got it as a two point conversion pass was successful from Sanchez to Fierro.

Unfortunately on Eldorado's next possession they drove seventy-four yards to score and once again take the lead. The drive lasted less than two minutes as Eldorado scored with 3:48 left in the third quarter on a twenty-six yard run by Jay O'Harrow. The two point conversion was foiled by the Lions, but Eldorado led once again 13-8. Ozona could not put it together on their next possessions and continued to trail in the contest until midway through the final quarter. Ozona got the ball on the Eagle 46 yard line and began the final scoring drive of the game. Again Sanchez and Fierro connected for short passes behind great protection from the offensive line and blocking backs Butch Gonzales and James Sanchez. Ozona made big plays when they needed them including a fourth down conversion that allowed the scoring drive to continue. With 5:26 left in the fourth quarter once again Sanchez called on Fierro for a five yard pass that gave Ozona the lead and eventually the victory. The two point conversion followed with Sanchez and Fierro hitting on the same play as before and Ozona led 16-13.

Many of the Ozona players had outstanding performances as is the case when a team puts together a victory. The offensive line gave excellent protection all night long giving up only one sack on twenty-four attempts and opening holes for the ground game. David Adams gained 31 yards on four carries all of which came early to share the honors of leading rusher with Chuy Hernandez who rushed a dozen times for thirty-one yards. Butch Gonzales also added nine yards to the total on four carries. Sanchez was twelve of twenty-four for 121 yards and two interceptions. Of

# Oldest business closes doors here

One of the oldest businesses in Ozona, closed its doors last week and ceased business operations here. Foxworth-Galbraith Lumber Co. many years in its location on Ave E had expected to close at the end of December, but due to circumstances did not open its doors Wednesday morning of last week.

Nip Vitela, longtime employee of Foxworth, and manager for the past several years, will continue to work for the firm in its Eldorado store, following clean-up operations here.

On the brighter side, a cooling, heating and appliance repair shop is going into business in the old Smith Building next to Western Auto. Johnny Ramirez, who has Texas Heating & Air Conditioning in San Angelo, has rented the building and is making

plans to open there soon.

A portable building has been erected across the Johnson Draw bridge on 290-west next to the VFW hall. It has been reported, but not confirmed, it will be a video sales and rental shop.

Stockton Savings has made plans to renovate Crockett Hotel and move its offices from the village shopping center to new quarters in the old building. However, an architect has not been retained and approval must be received from the Historical Commission before any real plans can be made. Mark Worthington, savings manager, has purchased the Anderson Petroleum house and plans to make it his home. This should put to rest rumors that the associatin has plans to leave here.

Mother Davidson Award

The highest award presented in Crockett County 4-H work is presented to Trebie West, 15-year-old daughter of Mr. and Mrs. Wesley West. Jim

Bob Bailey, a Davidson descendent makes the presentation. The award has been given annually since 1951 to an outstanding senior 4-H member.

## AFRICA'S BUREAUCRACIES BLOATED WITH AID

By Edwin Feulner

Despite the large amounts of aid that the U.S. and rest of the Free World have poured into Africa, the situation doesn't seem to be getting any better. Hunger and human suffering continue to spread, and the once (at least marginally) productive economies of most African nations are in shambles.

Yet, strangely enough, the State Department agency which administers U.S. developmental aid programs — the U.S. Agency for International Development (AID) — continues to claim that progress is being made.

AID's former chief economist, Alan R. Waters, disagrees. It is mysterious, indeed, Professor Waters said recently, how AID reports show African countries moving up on the scale of progress, while all the visible evidence shows that things are worse than ever. While Waters was careful to distinguish between long-term developmental aid and disaster relief, which he recognizes as a valid U.S. government function, he concluded that U.S. foreign aid has probably helped perpetuate Africa's deterioration, rather than solve its problems.

Indeed, Africa is like an alcoholic. And America is like the good friend who can't stand to see his buddy suffer, so he pours him another drink to help drown the pain. But all it does is make him a bit drunker — and delay the inevitable day of reckoning when he is going to have to take the cure.

There are no magic cures for Africa. But this doesn't mean we are helpless. What we need to do is radically alter our aid programs, Waters says. He suggests that we try ending running government bureaucracies and begin "contracting out." Under such a plan, private interests — businesses, entrepreneurs, you name it — would be selected for aid projects. And in order to keep their contracts, they would have to produce results. This would mean, almost by definition, that many African governments would be forced to reform their economic policies: to go on the wagon.

For the most part, Africa's financial, technical, and intellectual resources have been wasted, going to help support and sustain domestic economic policies which are the root of Africa's problems.

Even worse, U.S. foreign aid has fed and sustained the process and Washington refuses to admit it.

Before any real progress can be made, African rulers must accept the fact that only they can change the policies which have turned bad into worse.

In most cases, those countries which have received foreign aid for the longest period of time have regressed the furthest. It's a tragic irony.

If nothing else, the U.S. needs to start telling the truth about its foreign aid programs. Anything less is deceiving to both the African aid recipients and the American taxpayer who pays the tab.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
 TEXAS PRESS ASSOCIATION

**AUSTIN**—As Election Day nears, Texas Land Commissioner Garry Mauro is stumping the state asking voters to pass not one, but three proposed constitutional amendments.

Mauro wants voters to 1) continue the Texas Veterans Housing Assistance Program, 2) establish the Texas Farm and Ranch Finance Program, and 3) facilitate the management of public lands.

The Legislature proposed all three programs last spring, but Texas voters must give final approval on a total of 14 proposed amendments.

Since the Legislature gave the nod to Mauro for three of the 14, he has been criss-crossing the state speaking at public hearings.

He and other supporters have also rounded up impressive endorsements from the community and business sectors.

thousand partial home loans to veterans.

The program, first enacted in 1983 to accommodate modern veterans, many who live in urban areas, was modeled after the highly successful Veterans Land Program.

The Legislature and voters provided \$500 million in bonding authority then, and the popular program has used most of it to make 22,000 loans.

Mauro's point is it doesn't cost taxpayers, and besides providing a benefit to veterans, the program pumps millions into local economies and industries.

Because of the economic impact, not only veterans but realtors and several other homebuilding industry and civic groups are backing this amendment.

amendment. agency lands instead of tax increases.

**Governor to Japan**

Governor Mark White was set last week to go to Japan to persuade Toyota Motor Co. to pick Texas as the site for its new major production plant.

The American plant would create some 2,000 new jobs, and the five top sites in Texas are El Paso, Houston, San Antonio, Fort Worth and the Marshall-Longview area.

Meanwhile, a top White aide predicted that Peggy Rosson, the "housewife" that White picked to serve on the Public Utilities Commission, would be elected as panel chairman. White is also close to filling an expired term on the panel, probably with Department of Community Affairs head Rafael Quintinilla.

Last week he named former Democratic Party director Joe Gagen, now working for White's old law firm, to the Industrial Accident Board.

**Farm, Ranch Program**

Last spring the Legislature passed this new program, now Proposition 10 on the ballot, which would provide similar loans to farmers and ranchers.

The goal is to pump new vitality into the agriculture industry, just as the veteran loan programs boosted the homebuilding economy.

And like the vet programs, this would use \$500 million bonding authority, not tax money, to provide the original loan money. Several farm and ranch groups endorse this

**Rep. McWilliams Honored**

State Representative Jim McWilliams, D-Marshall, last month was presented the Vocational Agriculture Teachers Association Distinguished Legislator award. Making the presentation was former House Speaker Billy Clayton and W. H. Meischen, executive director of VATA.

**Veterans Housing Program**

Proposition Eight extends the Veterans Housing Assistance Program by providing \$500 million in bonding authority, enough to make several

## Letters to the Editor

October 7, 1985

To Lions Fans,  
 I would like to take this opportunity to express my feelings to the people of Ozona concerning our football team. Yes, we won Friday, great, but I heard a lot of comments (in the stands) about our boys.

I even heard somebody call them pendejos. Does everybody know what that means? Well, anyway, I know for a fact this person didn't even play football or finish school, or accomplish much while they were in school, so if you aren't going to say something nice, stay home.

Quit being coach, and referee, and concentrate on the fact that our kids are playing their hearts out, they want to win even more so than the fans.

Just because you watch the cowboys play every Sunday doesn't make you an expert, and see, even they fumble, lose yardage, don't block, and their quarterback gets sacked, gets intercepted, so if you go to the game, keep your comments to yourself because there are parents, and grandparents and friends of the players and we don't like it.

After the game you can go home and beat up your wife or bang your head against the wall, or mouth off but don't do it at the game.

Be proud of our boys. They don't give up why should we.  
 Thank you,  
 (name withheld at request)

## Auxiliary plans style show to benefit Care-A-Van

During the annual meeting of the Crockett County Hospital and Care Center Auxiliary, a style show was planned for Nov. 16, with proceeds to benefit the Care-A-Van program.

The Teacher Store and Small Fashions will provide the holiday attire to be modeled at the Circle Bar Solarium. The show will begin at 11:00 a.m. with refreshments and door prizes included in the \$5 admission price.

Tickets will go on sale Oct. 7, and are available from auxiliary members or may be purchased at either of the contributing shops.

A report was given on the specially equipped van. It is enroute and members expect to have taken delivery in time for the Halloween Parade, Oct. 31.

Members voted to purchase a whirl-

pool tub with a patient lift to be installed and in use by the spring of 1986.

Officers were installed for the coming year as follows: Jo Davidson, president; Glenda Henderson, secretary, and Marie Pierson, treasurer.

Nursing director Ramona Turnley reported that more interest is needed for the hospital telephone life-line project, if the program is to be initiated here. Anyone interested in a 24-hour telephone system available in emergency situations, may call Don Hopkins at the hospital.

Interest was also expressed in a junior auxiliary, or Candy Strippers. Anyone between the ages of 12 and 18 years interested in helping others may join. For more information, call Billie Kiser, 392-3638, or the hospital.

## Children's adjustment to school discussed by T.M.A.

If your child is having trouble adjusting to school, parental attitudes may be one possible problem, the Texas Medical Association says.

Sometimes parents are afraid to let new people care for their children. Children pick up such signals and become anxious also. Parental stress about busing or other problems also can make a child feel uncomfortable.

Doubts and fears of parents and children can be eased by visiting the school and talking with the teacher. Such discussions can familiarize every one with the child's schedule and upcoming activities. A visit also can give parents an early opportunity to inform the teacher about the child's abilities, problems, or complicating situations, such as a recent family divorce that may have upset the child.

Another important discussion can be between parent and child. It can

help to reassure the child that he or she can handle new circumstances just as in the past. Getting frequent updates about the child's progress and attitudes can help parents keep in touch with problems.

Persistent problems may mean the child has a learning disorder. To find out about possible problems quickly, tests can be done to determine hearing sight, or learning handicaps that can cause the child years of frustration and failure if undetected, TMA says. The teacher often can give recommendations about available testing.

No matter what the cause of poor performance in school, it is important to help the child before troubles last too long. Help may be something as simple as aiding the child with homework. Or it may involve getting medical attention. But TMA urges parents to take action to help keep the child from falling far behind in class.

## Retirement age continues to increase, reports S. S.

Under the original Social Security Act, the age at which a person could retire with full benefits was set at 65. Since then, many people have come to regard 65 as the retirement age. The fact is, however, that a 65-year-old man or woman in the 1980's is a very different person from the 65-year-old of the 1940's not only in terms of life expectancy but in relation to their

attitudes, activities, and self-perception. The rocking chair is no longer an accurate symbol of their interests.

Under the 1983 Social Security Amendments, beginning with the year 2000, the age at which a person will be able to retire with full benefits will increase to 65 years 2 months. The retirement age will then continue to increase by 2 months each year until it reaches 67 in 2027 and after. A worker will still be able to receive reduced benefits at 62, as now, but the rate will be lower than it is at present.

Today, people who retire at 62 receive 80 percent of the benefit that would be payable to them at 65. Under the new law, people retiring at 62 will receive 80 percent of the benefit that would be payable to them at 65. Under the new law, people retiring at 62 will receive 70 percent of the benefit that would be payable at 67.

Another provision of the 1983 Amendments call for a study of the effects of the change in retirement age for people who are engaged in physically demanding work or who, because of reasons of health, may not enjoy increased longevity. A report and recommendations are due by January 1, 1986.

## Tips For Gardeners

From the  
Ozona Garden Club  
by Mrs. Bailey Post

It's later than you think, so with frost approaching, do take time to enjoy the beautiful green of the hills and valleys wherever you may go on a weekend trip or perhaps from your own windows.

Many of the towns around us are stressing a general fall cleanup in October, so we don't want to fail to keep grooming yards and urging others to do so. Old trash may harbor insect pests or diseases, so should be placed where it will be hauled off. A sanitation program includes pulling up all of the spent bedding plants, cutting off tops of browned perennials, raking the ground to collect the surface debris, and removing from the garden.

Also, plants that are now being dug and divided, should be carefully cleaned and all injured, diseased or dead leaves and stems removed.

The leaves of deciduous (non evergreen) trees and shrubs should be carefully collected, and either placed on the general compost pile or stacked separately to make leaf mold, if the leaves are free of insects and disease.

Root prune wisteria that failed to bloom last spring to encourage flowering next spring. With a sharp spade, cut through the roots in a circle about three feet from the trunk.

While the days are cooler and nights free of frost, move your indoor plants outside for two or three weeks. Apply liquid fertilizer and water well to

## Mrs. Childress attends seminar in Midland

Sandra Childress, owner of Cameras Two Photography, recently attended one of the Texas Professional Photographer's fall seminars in Midland.

These seminars are designed to help professional photographers improve photographic and business skills.

Featured speaker for the two-day event was Glenn Dressen, Master Photographer from Homewood, Illinois. Dressen has consistently won awards for photographic excellence, including Best Wedding Album and Best Wedding Portrait awards.

Dressen photographs all of his brides, grooms and families before the wedding ceremony so that there is a smoother flow from the ceremony to the reception. Dressen stressed that the "tradition" of the bride and groom not seeing each other before the ceremony evolved from Hollywood and not for any good reason. In Biblical times, the groom actually visited the bride before the ceremony.

Cameras Two Photography specializes in quality portraits in studio or on location. Weddings, passports, and commercial services are provided as well as custom framing.

### LADIES GOLF DAY

Winners in weekly Ladies Golf Play Wednesday, at the Country Club were Ella Clegg, low gross and Sherry Holt, low net. Katy Jones won low putts.

In the point system winners were Holt, Jimmie Jacoby and Clegg. Other golfers were Wanda Stuart, Bobbie Fatout, Dorothy Montgomery, Donna Sanders and Jonesy Williams.

## Pandale Study Club meets

Pandale Study Club met October 3 at the Pandale Community Center with Secretary-Treasurer Ginger Perner presiding in the absence of the President and Vice President. Josephine Mills, chairman for the November meeting, assigned tasks for the Thanksgiving dinner and for the Val Verde County Centennial observance to be held at the old Pandale Store and Post Office.

Sandwiches, punch and Oreo ice cream dessert were served by hostesses Sarah Hargraves and Myrtle Malone to members Sue Arledge, Lara Sue and Leana Baggett, Lela Bunger, Opal Everett, Josephine Mills, Judy Norsworthy, Ginger Perner and Jessie White.

## TRAIL OF PROMISE

Some folks can't see the woods for the trees. They brood on their problems one at a time.

Others see the woods — but only as a dark and threatening forest. Looking at all their problems en masse they see no ray of hope.

The strong among us are those who've learned to search always for the light of promise which penetrates the woods and bathes the trail in its warming glow.

Discover confidence and courage through faith by setting aside a day each week for worship and religious training.

Two Ozona residents narrowly escaped serious injury here Monday afternoon at 4:45 when their vehicles were in collision in the 500 block of Ave E.

Bill Cooper was making a U-turn in his pick-up when he was hit broadside by a late-model Chrysler LeBaron driven by Evelyn Cervantez. Cooper said he saw Miss Cervantez approaching in the northbound lane, but thought he had ample time to make the turn.

Both vehicles were heavily damaged, but neither driver was seriously injured. Miss Cervantez was shaken and bruised and taken to the Sonora hospital for X-ray, but no serious injury occurred.

Judge and Mrs. A. O. Fields and Mr. and Mrs. Oscar Kost spent the weekend in San Antonio.

those twelve completions, Fierro had eleven for 112 yards and Butch Gonzales had one for ten yards. The Lion offense refused to surrender to the Eagles as they came back twice to take the lead and the second time to take the win.

Defensively Ozona also had a good game. "Big Hit" honors could have been handed out on almost every play as the Lions were applying hard licks to the offensive players of the Eagles. Andy Dews who played a solid game filling in for David Adams, J. T. Stokes, Art Gonzales, and Abel Lara, all took the "Big Hit" honors this week but as Coach Jim Green said "The whole defense could have gotten it, but these four really had big hits." Ozona picked up three fumbles off of Eldorado out of the seven they bobbed which should give an indication of just how hard the Lions were hitting.

with Perrys in Lufkin for the past six months and has 19 years experience in grocery management.

He and his wife Ina have a 22 year old son in Henderson, a 9 year old daughter, Robin who is in the 4th grade; a 5 year old son, Ollie who is in

## GED classes to be offered for local adults

Ozona Public Schools announced today that the district will offer a free G.E.D. class for Ozona adults who would like to prepare for their Graduate Equivalency Diploma Certificate. Registration will be Thursday, October 10, from 6:30 p.m. until 9:00 p.m. in the Ozona Junior High School Cafeteria, and the class will meet each Tuesday and Thursday at that time.

All instructional material will be provided free of charge, and anyone at least seventeen years old and out of school is eligible to attend. Interested participants may call Ms. Kathy Grendahl, program instructor, at 392-2843 if more information is needed.

## Deer Census Workshop set October 17

A Deer Census Workshop will be held Thursday, October 17, at 7:00 p.m. in the Civic Center small meeting room. Dr. Dwight Guynn, Extension Wildlife Specialist from Uvalde, will present the program. Following the program, participants will load vehicles and actually go out and lay out a survey line and make initial counts.

Census work is an important part of deer management. Deer census gives ranchers some good base line data to begin a program. It doesn't give exact acres per deer but it does indicate density. Buck-doe ratio and fawn crop can be estimated accurately by using the census.

## Antique trunks displayed at Bandera Library

You will have the opportunity from now until October 19, to see antique trunks at the Bandera Texas Library. Trunk Doctor, Gerry Sharp, will have several of these relics on display during this time. A seminar on antique trunks and how to restore them, will also be presented during the exhibit.

For more information call the Bandera County Library at (512) 796-4213 or Gerry Sharp at (512) 796-8462.

kindergarten; and a four month old daughter, Ravin. The Piersons have found a home and moved into the community.

Pierson stated that he and his family are looking forward to becoming involved in the community's activities and they are "very impressed with Ozona." "I would love to invite everyone to come by the store to meet me. Just ask for James," Pierson concluded.

Announcement was also made by Woodruff and Pierson that Betty Koerth, former owner of the Montgomery Ward Catalog Store, has been named assistant manager of Perrys.

## Robert Torres participates in Braille Rallye

Robert Torres, son of Arturo Torres, Ozona, was one of 47 visually handicapped youth who successfully acted as "eyes for sighted drivers in Fort Worth recently.

The 18th annual Braille Rallye for Visually Impaired Youth is jointly sponsored by the Mountain Creek Rallye Club and Empire of America Federal Savings Bank.

The Rallye route consisted of 90 miles of farm to market roads in south Dallas County and south Tarrant County. The drivers, all volunteers driving their own cars, were directed by the youths who navigated by reading driving instructions either from sheets written in Braille or from large-type instruction sheets (for youth with severe visual impairments).

The youths directed the drivers, answered questions about the route they traveled and performed designated activities at each of four checkpoints along the route.

Smith is a junior at Everman High School. The remaining youth who participated in the Rallye attends the Austin State School for the Blind.

Empire of America is a member of ESLC and is more familiarly known as the Big E. Empire has 21 full-service branch offices in Texas located in Tarrant County and Harris County.

Nationally, Empire of America has total assets of more than \$8.5 billion, with 123 full-service branches in four states (Texas, Florida, Michigan and New York) and affiliates in 42 other states.

## Completion of producer noted on Sudderth

The Strawn gas area of the Whitehead (Strawn gas) field of Crockett County gained another producer with completion of Statex Petroleum Inc., Irving, No. 70 Sudderth Ranch "A", 21.8 miles southeast of Ozona, for a calculated, absolute open flow of 1,900,000 cubic feet of dry gas daily.

Production was through perforations at 8,841-9,233 feet, which had been acidized with 3,500 gallons and fractured with 33,000 gallons and 24,000 pounds of sand.

It topped the Canyon sand at 7,152 feet and the Strawn lime at 8,812 feet, on ground elevation of 2,267 feet.

Drilled to 9,860 feet, with 4 1/2-inch casing set at 9,835 feet, it was plugged back to 9,786 feet.

Location is 660 feet from the north and 1,980 feet from the east lines of 7-K-GC&SF, Abst. 3284.

## Crockett County Care Center News

By Ann McCartney  
Director of Activities & Social Care

October brings to mind Oktober Fests and that is just what we had last Wednesday. Pictures of Germany along with some facts about the country were given. A large table of food reminded us of all the good cooks that come from Germany. German sausage, sweet breads (donated by Donuts Etc.), and candy (donated by Westerman Drug), were all served by volunteers Jo Davidson and Dorothy Doll. We thought this was a great way to begin the month.

Earlier in the week we welcomed back Marilyn Chalmers, a very accomplished piano player. We are pleased to have her agree to come and play for us a couple of times each month.

Marilyn was also instrumental in getting her husband Rod to come and show us a movie and give us some information about deer in Texas. He gave his program on Friday afternoon.

The Hospital and Care Center Auxiliary held their quarterly meeting last week. New officers were elected as follows: Jo Davidson, president; Glenda Henderson, secretary, and Marie Pierson, treasurer. Club members receiving recognition for a hundred or more hours of service included: Dorothy Doll, Beth Boyd, Marie Pierson, Clara Byrd, Maudie Couch, Vivian Hughes, Mary Lee Jones, Earline Jones, Anna Bell Patrick, Lola Rios, Glenda Henderson, Bonnie Warth, Alice Ross, and Jo Davidson. We really appreciate all that these volunteers do for both the hospital and the Care Center.

## 8th grade Cubs remain undefeated

The eighth grade Cubs kept their record unblemished Thursday night as they defeated the Eldorado Eagles 40-14 in Eldorado. The win puts the Cubs at 4 and 0 for the season.

Roger Martinez had an excellent night running the football as he chalked up 107 yards in 11 carries and scoring two touchdowns. Martinez first score came in the first quarter on a 12 yard sweep while his second score came late in the third quarter on a 47 yard trap up the middle. Lalo Rodriguez also had a good night running the ball gathering 66 yards on only nine carries scoring one touchdown and kicking two extrapoints. George Ybarra combined his rushing and pass reception yardage for over a hundred fifty yards and two touchdowns, one of which was a 48 yard punt return. Ybarra also had an 81 yard punt return called back due to a clipping call. Chris Denman was 3 out of 8 for 80 yards on the the night and two touchdown passes, a 38 yard screen pass to Ybarra and a 49 yard bomb to Luis DeLa Garza.

The defense didn't play as well as in the past, but they learned some valuable lessons in the game. Mark Fierro, Lalo Rodriguez, Andy Stokes and Gus Garza all tried in the tackling department, each having five tackles a piece. Phillip Munoz had a fumble recovery and Mark Fierro grabbed an interception, both plays set up Cub touchdowns.

The Cubs are off this week but plan to be ready when the Colorado City Wolves come to town on October 17.

Bible study was directed by Ted Turnley. This was followed by Spanish Hour of Praise conducted by Maria Vitela, Paulita Leal, Carmen Vargas, Norma Flores, and Victoria DeLa Garza.

Sunday afternoon church services were brought by Rev. Ken Harrison, pastor of the United Methodist Church. Bernice Jones played the piano. Four fellow church members assisted with the singing.

Tuesday and Friday morning's bingo won the certificate by some sixteen residents. Ola Mills won the first place gift certificate from Clayton's Village Drug. Hilda Dysart received the second place prize and Minnie Karr won the certificate from El Chato's for dinners for two. Volunteers included Sophia Tijerina, Dorothy Doll, Mattie Cooper, Teresa Sanchez, Elodia Zapata, Anna Bell Patrick, Gwen Nelson, Minnie Karr and Alice Ross.

Wednesday morning's ceramic class was managed by volunteers Janet Wilson and Marie Pierson. Doris Karr came that afternoon to clean some pieces to be painted by our residents next week. Residents Juana Hernandez, Tomasa Ramoz, Pauline Clinton, Hilda Dysart, Ola Mills, Moriana Perez, and Emma Taylor all participated in this activity.

It shouldn't be long now until our van arrives. We are really looking forward to that special red letter day. Think volunteer!

## Seventh grade Cubs remain undefeated

The Ozona seventh grade Cubs remained undefeated last Thursday night as they downed the Eldorado Eagles 40-0. The win gives the Cubs a 3-0 record on the year.

The offense rolled over the Eagles as they gathered up 294 yards for the game. Lonnie Martinez had his best effort for the year rushing for 94 yards on 12 carries and one touchdown. Martinez also had a 68 yard touchdown run called back because of a penalty. Ruben Borrego scored his third touchdown of the year on a 30 yard sweep. Mingo Perez also scored a touchdown on a 38 yard reverse play. Dan O'Neal also scored on a 17 yard trap play.

The defense played a super game allowing the Eagles only one first down for the entire game. Anthony Vasquez opened up the third quarter with an interception of an errant Eagle pass and returned it 25 yards for the fifth Cub score. After the kick-off, Mingo Perez scored his second touchdown of the night by intercepting another Eagle pass and returning it 32 yards for six points. The extra point was good after Brad Bollier tossed a pass to Shane Pridemore in the end zone.

The Cubs play Iraan this Thursday night at Lion Stadium. Game time is 5:30.

IMMUNIZATION CLINIC-A free immunization clinic was held last Thursday at the Civic Center, sponsored by the Texas Department of Health. Karen Huffman, Public Health Nurse, pictured, reported there were 108 children immunized.

## National 4-H Week is October 6-12

National 4-H week, October 6 to 12, reflects on the role of youth in shaping America.

Some 225 4-H members in Crockett County, part of the 180,000 members in Texas and nearly 4.5 million across the country, will be participating in the week-long celebration using the theme "4-H For Youth, For America."

"What we do for our youth today, we do for America tomorrow," points out Billy Reager, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System. "Through 4-H, young people can acquire knowledge and develop life skills that enable them to become self-directing, productive and contributing members of our society. Specifically, they learn good health habits, develop respect for themselves and others, explore career and leisure time opportunities, share responsibility for preserving the environment, learn how to use technology, and develop leadership and citizenship skills through participation in 4-H. And, that's something to celebrate.

"But 4-H is not only for youth," says Reager. "It's for adults, who as volunteer leaders can share their skills and expertise with young people. It's for families, who can participate in the fun and learning together. It's for the community, which benefits from the community service carried out by youth. And, it's for America, which benefits as a new cadre of leaders takes its place in our society."

It is through this network of volunteer leaders, state land-grant universities, state and local governments, and the U.S. Department of Agriculture that 4-H has been able to stimulate youth to develop life skills, notes Reager.

### Couple's Golf Play

The team of Bob and Barbara Wallace and Weldon and Joyce Marness won first place in couple's golf play Tuesday at the Ozona Country Club.

Second place winners were S. L. and Marie White, and Mike and Debbie Vordick.

Third place winners were Bill and Ella Clegg, and B. W. and Wanda Stuart.

Closest to the pin were Charley Williams and Wanda Stuart.

Mr. and Mrs. John Childress recently returned from San Francisco, Calif. where they attended the Texas-Stanford football game, along with 10,000 Texas Exes.

## Railroad Commission announces 12 permits for pipelines issued

Railroad Commission Chairman Buddy Temple has announced that 12 permits to operate new pipelines in Texas were granted by the RRC in September. In August, the Commission approved 24 permits.

Ten of the new permits were for gathering pipelines, while two were for multi-purpose lines. Gathering lines bring oil and gas from production leases.

In September, one permit was approved in the San Antonio area (District 1), three in the Refugio area (District 2), one in Southeast Texas (District 3), two in deep South Texas (District 4), one in East Texas (District 6), one in West Central Texas (District 7B), two in the San Angelo area (District 7C), and one in the Panhandle (District 10).

Gathering lines approved: Ozona Pipeline Energy Co., Dallas, gas, Crockett County; Victoria Gas Corp., Houston, gas, Jackson County; Vantage Pipeline Systems, Inc., Houston,

gas, Houston County; EP Operating Co., Bridgeport, gas, Stephens County; Petroleum Transmission, Inc., San Antonio, gas, DeWitt County; Shoreline Gas Transmission Co., Corpus Christi, gas, Goliad and Bee Counties; Northern Gas Gathering, Inc., Omaha, Neb., gas, Hansford County; W. H. Resources, Inc., Hondo, gas, Medina County; Sanhall Corp., Huntsville, gas, Washington County; and Gathering Gas Co., Odessa, gas, Schleicher County.

Multi-purpose lines approved were Gulf Coast Energy, Inc., Corpus Christi, gas, Nueces County; and Galaxy Energies, Inc., Corpus Christi, gas, San Patricio County.

The Railroad Commission has received an application for a pipeline permit from All American Pipeline Co. to construct a 30-inch line from McCamey, Texas to Webster, Texas. This application is for the second leg of a pipeline across Texas which would transport crude oil from Calif. The

proposed route is through Crockett, Sutton, Kimble, Kerr, Gillespie, Blanco, Hays, Caldwell, Bastrop, Fayette, Colorado, Wharton, Fort Bend, Brazoria, Galveston, and Harris counties. Commission geologists and engineers are currently investigating the construction of the proposed pipeline and reviewing requested information regarding additional safeguards which will be incorporated into the construction and operation of the pipeline to assure extra protection to the Edwards Aquifer. The proposed pipeline would cross a narrow portion of the recharge zone in Hays County. Any comments or requests for information about the All American pipeline proposal should be addressed to Jerry Mullican, Railroad Commission of Texas, P.O. Drawer 12967, Austin, Texas 78711-2967.

# 1985 O.H.S. Homecoming

FOOTBALL BOYS AND CHEERLEADERS rode in the Homecoming Parade on fire trucks Thursday. Two fire trucks carried the group to the pep rally followed by the twirlers, flag corps, and band and youngsters in the snake dance.

HOMECOMING PEP RALLY was an exciting time with a large crowd attending. Rip Sewell gives the team a pep talk while cheerleaders, and a few of the football boys (dressed in cheerleading attire) look on. The gym was filled with enthusiastic Lion cheerleaders.

HOMECOMING QUEEN-Zeldita Munoz was crowned Homecoming Queen Friday night prior to the Ozona-Eldorado football game. Miss Munoz is a senior and daughter of Stella Hernandez, Lion Captain. Homecoming spirit was in the air and the outcome was a win over Eldorado, 16-13.

LION BOOSTERS were busy painting windows to build spirit for Homecoming last week. JoNell Stokes and Terry Adams are painting a Lion on the windows of a downtown business.

## OHS observes homecoming

Ozona High School had an exciting homecoming celebration last week. Everyone got into the act and the traditional bonfire was one of the highlights.

Students used each day in the week to celebrate, and the annual snake dance and pep rally Thursday night boosted spirit enormously. Fans were elated to see the Lions win the homecoming game for the first victory of the year, in an exciting tilt with the Eldorado Eagles.

Homecoming activities before the game saw Zeldita Munoz, senior cheerleader, being crowned football or homecoming queen. She was escorted by football captain Chuy Hernandez. The Ozona High School Band put on an exciting half-time show and ex-students were puffed up with pride. A large crowd of students and Exes was on hand for the homecoming dance Saturday night at the Civic Center. A great week was chalked up by students and a wonderful weekend for ex-students.

## BACK THE LIONS

The Lions will be in Ballinger Friday night geared up for another win. The game will start at 8:00 p.m. Be a Lion booster and be there.

determine the kinds and number of animals, livestock and wildlife, the area of rangeland can support.

Proper rangeland management practices will improve forage growth and protect the soil and water resources. These practices include deferred grazing, brush management, range seeding, and proper grazing use.

Wildlife share with livestock the almost one billion acres of rangeland that is an important asset to agriculture, to the economy, and to the quality of our environment.

Deferred grazing improves cover for ground-nesting birds and improves water quality and quantity. Patterned brush management provides essential cover for wildlife and increases the variety of plants that will grow. Range seeding can include plants important to wildlife. Well managed, planned grazing systems can produce the most benefits for livestock and wildlife on rangeland.

Although some of the poor condition is caused by shallow soil and low rainfall, much of the rangeland productivity can be improved by good range management.

The Soil Conservation Service can help ranchers design and apply these and other practices. For assistance, call the local Soil Conservation Service office.

Often in the same general area, poorly managed rangeland provides little forage for livestock and poor feed and cover for wildlife, while well managed rangeland provides adequate forage for livestock and supports healthy populations of wildlife.

Wildlife can mean additional income from hunting fees for ranchers. The kinds and amount of plants

October 10-Progressive Extension Homemaker Club meets at 12:00 noon, Civic Center, for a program on "Stress" by Ann McCartney.

October 15-Program Building Committee Meeting, 7:30 p.m., County Extension Office Meeting Room

Numerous activities have occurred in the Extension program over the past few weeks. The "Families Working Together" series held September 23 and 30 was sponsored by the Extension Home Economics Committee. Topics discussed during the series included: strangers, first aid and fire safety, leisure time and after school activities, nutritious snacks and meals, and household responsibilities. The following persons are commended for their presentations during the series: Dee Keilers, Doris Haire, Doug Meadors, Kathryn Russell, Jan North and Ken Harrison.

A newsletter for parents and children titled "3-6 Club" is available upon request to anyone who missed the "Families Working Together" series. The newsletter addresses safe-

ty, food, study, and fun topics. Call 392-2721, if you are interested in receiving this 4 week newsletter series.

One hundred and thirty youth were fingerprinted Saturday, October 5, at the Community Center. Identification cards were provided to all participants and included spaces for fingerprints, personal identification information, and current photos.

The Crockett County Sheriff's Department and Crockett Heights Extension Homemaker Club sponsored the fingerprinting clinic. Families who missed this clinic and wish to receive an identification card, should contact the Sheriff's Dept.

The following persons are to be commended for their assistance Saturday: Goldia Kilgore, Sandra Childress, Doris Karr, Rod and Marilyn Chalmers, Crista and Martha Chalmers, Charlotte Trull, Roberta and Larisa Scholenhals, Polly Mayes, Victor DeLaGarza, Bob Rodriguez, Danny Simmons, John Crockford, Hector DeLaGarza, Louis Hall, Fred Fierro, and Raymond "Bear" Borrego.

Five ladies completed the Beginners Sewing Course which was held on consecutive Thursday nights in September and early October. Participants included Judy Farris, Mary Huckabee, Jody Barton, Jeanie Thompson, and Reba Houston. Additional sewing classes for adults will be coordinated based upon requests.

**After School Child Care series ends**

The series for After School Child Care, sponsored by the Extension Service, was concluded Monday night at the Civic Center with Katherine Russell giving an interesting program on "Loneliness, Fear and Leisure Time," followed by Jan North, high school H.E. teacher, giving a rundown on After School Snacks. Rev. Ken Harrison closed the evening's activities with tips on household chores, how siblings should handle younger children and ideas for play time at home.

The first in the series was given the previous Monday evening with Rachel Hall giving tips to parents and children about strangers, talking to strangers, telephone calls, etc. Dorris Haire, Dee Keilers and Doug Meadors spoke on first aid and fire safety.

**Square dance classes have been moved**

Square dance classes at the Methodist Church have been moved to Thursday nights. However, October 10 is your last opportunity to enroll. Come out and have fun. Classes will begin at 7:30 p.m.

Joseph Miller of San Angelo is the caller-instructor. Call 392-3082 for further information.
