Jamey Sawyer to manage cable system

Jamey Sawyer has been recruited by Circle Bar Enterprises to manage the television cable system here.

He took over Monday following the transaction of selling the cable system at 10 a.m. Tom Mitchell, his daughter, Lisa, and his son Gary, are sole stockholders and became the sole owners of the cable system Monday.

Sawyer comes here from Midland, where he recently sold a television satellite store. Before that he built and operated three television cable systems. Most recently, he put in a cable system for the Circle Bar Truck Corral. This is how he became acquainted with Mitchell and led to the purchase of the system here.

Jamey, 36, moves to Ozona with his wife, Alice, a son, Brett, 10; and his 28 month-old-daughter, Dara. He says his son is very excited about entering school here because he can ride his bicycle from home and back. Alice is a licensed real estate agent and a homemaker. She also dabbles in cosmetic sales.

Jamey said his goal is to offer Ozonans the same good quality television they are used to, and the same service. He also plans to offer a line of Zenith television sets for sale, along with some other brands.

When asked what impressed him about Ozona, he answered, "the glorious water." He went on to say he was impressed with the beauty of the town and the friendly people, but he kept going back to the wonderful drinking water.

Sawyer said he wasn't used to the rancher philosophy, and a place where "a man's word and handshake is as good as a contract." It is apparent he admires this trait.

Sawyer is a native West Texan, born in San Angelo, went to fourth grade in Rankin and wound up growing up in the city of Midland.

He expects to enjoy making Ozona his home for many years.

Movie rental business sets opening here

Saturday, November 2, will be the grand opening of a new business in town, Ozona Movie Rentals. The celebration will be held from 10 a.m. until 8 p.m. with hot dogs and soft drinks served free to guests.

Ozona Movie Rentals is located on Eleventh Street, across the bridge and east of the VFW hall. Store hours will be from 10 a.m. until 8 p.m., Mondays through Saturdays. VCR movies may be rented by the day as well as VCR and VCP machines if needed.

According to Andrew and Leti Galindo, owners of the new business, all rentals will be 1/2 price Saturday. There will be no membership fees and no deposit will be required to rent movies or machines. With over 200 movies in stock and several more on the way, the Galindos also feature Spanish movies.

Services at graveside for Palacio baby

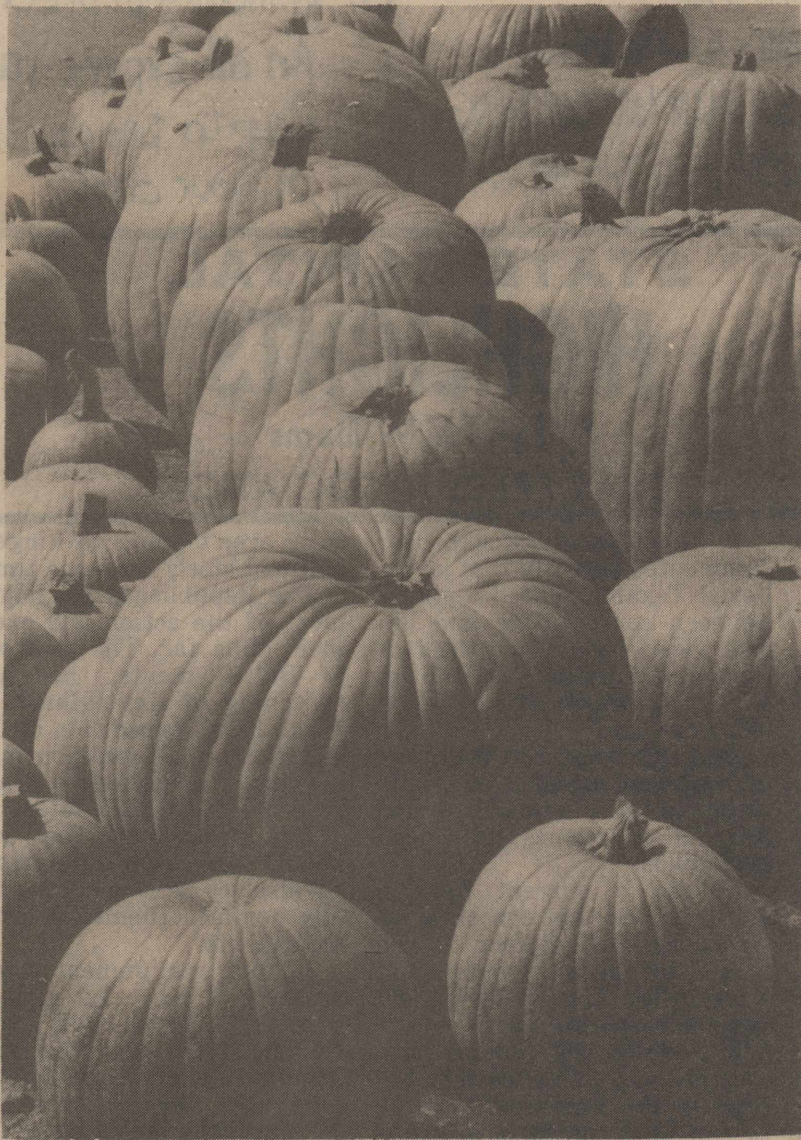

Graveside services for Raul Palacio, 2 months, were held Monday in Lima Cemetery under the direction of Sizemore Funeral Home.

The infant died at 12:32 Sunday morning at Crockett County Hospital. He was born Aug. 23, 1985, in San Angelo.

Survivors include his parents, Mr. and Mrs. Andres Palacio of Ozona; one brother, Andres Palacio Jr. of Ozona; maternal grandmother, Belia Reyes of Ozona, and grandparents, Mr. and Mrs. Santos Palacio of Del Rio.

Chamber sets blood drive

The Ozona Chamber of Commerce will sponsor a blood drive November 6, from 3 until 8 p.m. at the chamber office.

Halloween is at hand

Nothing could be more appropriate than a harvest of pumpkins. Ozona kids had their choice of little or big, fat or skinny when the pumpkin salesman made his annual visit last week.

14 amendments to confront voters Tues.

Crockett County voters will go along with other Texans Tuesday when they are asked to cast ballots for or against 14 proposed constitutional amendments, a near record number. Only once since the constitution's adoption in 1876 have voters been called upon to approve a greater number of amendments at one time.

The most important amendments for West Texas are the water amendments, Numbers 1 and 2. So far there has been little interest shown here in the election. As of Monday afternoon, only four persons had voted in the absentee box at the clerk's office. This is usually an indication of a light turn-out on election day.

Many of the amendments are statutory, however, there are a number of important items on the ballot. Of course, chief among them are the \$1.18 billion water bond proposals in

amendments Nos. 1 and 2; an additional \$1 billion in bonds, half for veterans housing and half for farm and ranch loans, found in Nos. 8 and 10; budget execution authority in No. 9, and significant court system reforms in No. 14.

The proposals should be studied carefully by the voter before ballots are cast. The water proposals are certainly the most important for West Texans, especially for those who live in the cities.

Crockett County voters will vote in their respective precincts November 5, with polls opening at 7 a.m. and closing at 7 p.m.

Those living in precinct 1 will vote at the courthouse; precinct two, in the junior high school building; precinct 3, at the Civic Center and West Texas Utilities Power Plant, and precinct 4, at the primary school.

Carnival to kick off with street parade

The annual Halloween Carnival, sponsored by the Chamber of Commerce will kick off with a parade at 5:30 Thursday afternoon. The carnival will be held in the down town park and the parade will congregate at the parking lot of Ozona National Bank.

Activities at the carnival will include a fajitas booth sponsored by the Ozona Lion Booster Club, a duck pond, nickel pitch, and hot dog booth will be sponsored by Girl Scout Troop #91.

Ozona High School FFA will have three activities including a new "buck-in' barrel" event, a greased pole contest, and a needle-in-the-haystack contest. Alpha Alpha Mu chapter of Beta Sigma Phi Sorority will sell cotton candy, Ozona High School Band Boosters will paint faces and sell balloons, and members of the Ozona Woman's Forum will have a food booth.

The Crockett County 4-H Clubs will offer a dunkin' tank, pony rides, and a "rat race." Rebecca Martinez will sell hot tamales, the Knights of Columbus will have a booth, Girl Scout Troop #53 will have a bean bag toss, and First Baptist Church Acteens and G.A.'s will be selling snowcones.

Catholic Women will sell hot tamales, the Arts and Crafts Guild will have the cakewalk, the Fraternity of Christian Doctrine will have a sweet sale, KRCT Radio Station will sponsor a record toss and the Crockett County

Emergency Medical Service will have a ring toss for soft drinks.

Beta Sigma Phi will have soft drinks and pencils and the VICA will also have a booth. Lamar Smith, Republican candidate for U.S. Congress, 21st District, will ride in the parade and will be on hand during the carnival to visit with local citizens.

Parents and children are urged to forego the traditional "trick-or-treating" door to door and attend the carnival Thursday.

Candidate to campaign here tomorrow

Lamar Smith, Republican candidate for U.S. Congress, 21st District, will be campaigning in Ozona, Thursday, Oct. 31. Smith, who joins a host of candidates in vying for the post now held by Tom Loeffler, will be in Ozona at noon for a luncheon. He will then tour the various businesses and set up in the park for visits from 3 until 5 p.m.

He will ride in the Halloween parade before departing to continue the campaign trail in the district.

Ozona cable system is sold to Mitchells

Once again Ozona has seen the end of an era.

The saga of the Ozona Television System, which began in the discouraging flood year of 1954, when four far-seeing Ozona businessmen formed a company to bring television viewing to Ozona homes, despite the distance from TV broadcast stations---Cable TV, a new concept then aborning---ended this week with sale of the 30-year old system.

Some pioneering had been done in trying to capture the TV signals. It was known the signals were up there, the only question whether or not it would be possible to go high enough to bring them in. The nearest known broadcast station then was San Angelo and it seemed plenty distant, Odessa and Midland seemed too remote to consider. But consider them, the locals did and searched the skies for signals via a specially equipped aeroplane. The air test was inconclusive, but the entrepreneurs were determined to see if the signals could be brought to Ozona. The test had indicated some signals around 400 feet up so a 400-foot tower was ordered and erected. Antennas for channel 8, the San Angelo station, were installed and lo, we had a picture and sound.

Compared to today's microwave transmitted signals, the picture was of poor quality, but it was television and it was being received in Ozona. The promoters were properly proud and wanted others to be proud---at least interested enough to subscribe for the cable service. They borrowed an undertaker's tent and erected it at the foot of the tower, and offered free nightly television shows to all Ozonans. They came, not in droves but in increasing numbers. The flood had just devastated a good part of Ozona and times were uncertain, but the plan was pushed through. It was far from instant success. It was some two years in reaching break-even point.

The guiding genius who led the enterprise through its years of trial to its years of triumph was Oscar Kost, a man whose early interest lay in electronics (in his youth he built crude radio sets in oatmeal boxes that really worked.) What he didn't know about cable television systems, he learned by study and by questioning those already schooled in the business. To the profit of his associates in the enterprise, the business was first operated from Mr. Kost's own boot and shoe and western wear store in downtown Ozona.

With sale of the western store, the television system moved to its newly purchased building it now occupies on Avenue E, the main drag, and growth and development increased until Mr. Kost had built a television cable system second to none in the state and

Ozona patrons enjoyed television mostly superior to that in most larger cities of the state.

Time took its toll and after waiting out the requirements of the Federal Communications Commission in Washington, the way was cleared last week for transfer of the business to Tom Mitchell and his Circle Bar enterprises six miles east of Ozona. Management of the TV cable business will be in the hands of Jamey Sawyer, late of Midland, an electronics expert, who has moved with his family to Ozona.

Pioneering the television cable system in Ozona with Mr. Kost were the

late W. E. Friend, Jr., the late Sherman Taylor and Evart White. Present owners are Mr. Kost, Mr. White, Mrs. Friend and Mrs. Taylor and Mr. Kost's daughter, Mrs. Dick Kirby and his granddaughters, Mrs. Vince Huffman and Miss Kristi Kirby. It is understood that the new owners will continue operating the business from its present location, with essentially the same personnel, with Mr. Kost serving for a limited time in an advisory capacity. Office and service personnel include Maggie Galvan, office manager; Margie Coates, assistant, and in system service, Richard Vargas, and Gilbert Gomez.

Fredricksburg man killed in plane crash

A 36-year-old Fredricksburg man was killed about noon Thursday when the single-engine plane he was piloting crashed into a hillside on the Nat Read ranch about 16 miles southeast

his wife, Peggy, two sons and a daughter, all of Fredricksburg; his father, Tyrus Cox, also of Fredricksburg, three sisters and a brother.

Jay Stein Cox, a Fredricksburg architect, was flying west from Fredricksburg when his plane descended from a low cloud cover and crashed into a hillside. A witness saw the plane when it came out of the cloud cover. Federal Aviation Administrator investigators were on the scene by nightfall.

Heavy fog blanketed the area early Thursday, but by the time the plane crashed, it had diminished leaving some low cloud cover.

Cox was the only occupant of the single-engine Grumman Tiger, which seats four persons. He was pronounced dead at the scene by Peace Justice Raymond Davee. Cox was the architect for the fabulous ranch home being built by Mr. and Mrs. Jack Riggs on their ranch about 20 miles south of Ozona. He made the trip to the ranch to check on construction about once a month, and this was apparently his destination.

The accident was investigated at the scene by DPS Sgt. Ken Hailey and troopers Dale Taylor and Cliff Babbitt. Crockett County Sheriff's officials were also on the scene, along with a photographer from the Sheriff's office, who was not allowed on the immediate scene.

The body was taken to Sizemore Funeral Home, pending an autopsy which was conducted in San Antonio.

Funeral services for Cox were conducted at 4 p.m. Saturday in United Methodist Church in Fredricksburg. He was a life long resident of Fredricksburg. Survivors include

Coca Cola Robot to hilite opening

The Coke Robot will be the highlight of the Grand Opening of T & T Village Supermarket Saturday, along with many special grand opening prices on groceries and sundries.

The robot will be serving free Cokes to kids and adults from 10 a.m. until 3 p.m. The store will offer free Cokes until 6 p.m.

Since Oscar Tomlinson moved here from Midland last month and purchased the store from Jim Marks many departments have been expanded.

The general merchandise and drug department has been expanded to offer almost everything in kitchen, school, health and beauty needs. Fresh fruits and vegetables are offered daily in the produce department. Only top quality meat is offered in the meat department where satisfaction is guaranteed. Cuts of meat, not on display, will be packaged while the customer waits.

Store hours have been changed to 7:30 a.m. until 6:30 p.m. daily, Monday through Saturday. The staff remains the same.

Off with the old and on with the new

Another Ozona business changed hands here this week, when Tom Mitchell and Circle Bar Enterprises, consisting of his children, Lisa and

Gary, purchased the Ozona Television System. Oscar Kost, right, manager of the system for 30 years, shakes hands with the new manager, Jamey Sawyer.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN—The spectre of political realignment in Texas is raising its head once again, opening sleepy eyes as the spring campaign season nears.

Realignment is the term used to describe the erosion of the political middle-ground in Texas politics, usually applied to conservative Democrats.

Publicly, realignment is a term the Texas Democratic Party ignores because the Texas Republican Party applauds the happening.

The monster issue that many had hoped was put to death in this summer's special Congressional election in Northeast Texas is merely playing opossum.

And while common wisdom holds that realignment is a product of Republican activity, there's a lot of insider evidence to point out that a good many regular Democrats are responsible for bringing it on, too.

The only ones who seem to fear it are the politicians caught in the middle.

A Republican stockbroker commented recently that he believed Texans wanted a choice between conservative and liberal views, and were tired of middle-of-the-road politics which hid much of how decisions are made.

And Democrat Jim Hightower has often cracked "the only things in the middle of the road are yellow stripes and dead armadillos."

There's a current folklore going around that conservative Democrats will defect to the GOP, bringing dollars and sense with them. They will swell a corporate party which will overrun the liberals, minorities and laborites left behind in the Democratic Party to run on a platform of pork-barrel welfare.

Political Labels Discounted

Citizens shouldn't fall victim to that thinking. Data trickling in from various polls indicate the dynamics are more complicated, and that the election re-

sults aren't going to hinge on political labels for some time.

The Republicans are holding most of the action and excitement thus far. The mellowing of Bill Clements, the party-switching of Kent Hance, the West Texas expedition of Tom Loeffler are all contributing to a primary expected to draw a record 500,000-plus voters.

But polls show that most people who stop referring to themselves as Democrats actually conduct themselves as Independents.

In fact, realignment may be creating a powerful Independent bloc which will crazily tilt elections each November. That's a far cry from days not long ago when a Democratic Primary was the race to win.

Polls also show that these Independents also are rallying behind Democratic state officials who have built a reputation as effective money-managers. These include Bill Hobby, Bob Bullock, Ann Richards and Garry Mauro.

On the other hand, Republicans certainly aren't snubbing minorities as in the old days.

The Hispanic Vote

On Reagan's '84 coattails, the GOP ate into the Rio Grande Valley vote and is now doing all it can to split that traditional Democratic bloc.

George Shipley, a highly respected Democrat pollster, recently warned that Hispanics were turned off by "cultural exocita" issues like gay rights. The abortion issue isn't one of their "biggies," either.

Shipley suggested that his party should back off from last year's liberal social agenda.

HERITAGE NEWS FORUM FROM HERITAGE FEATURES SYNDICATE WASHINGTON, D.C.

CONGRESS KEEPS FARMERS AT PUBLIC TROUGH

By Edwin Feulner

It looks as if Congress will be arguing over a new farm bill 'til the cows come home. New farm legislation, to replace the Farm Bill of 1981 which expired on September 30, is deadlocked on Capitol Hill, paralyzed by political pressures from nervous farm-state legislators, each looking to save his or her favorite program, and deficit watchers who want to slash the already bloated federal agricultural programs.

Senate Majority Leader Bob Dole (R.-Kan.) is alarmed because failure to fashion viable farm legislation puts his prestige on the line. His Kansas constituents, for example, needed to know at least the outlines of new farm legislation before they finished planting their winter wheat crop.

Senate Agriculture Committee Chairman Jesse Helms (R.-N.C.) hasn't had much luck pulling together acceptable legislation either.

What's the problem? It's that legislators are not looking at the big picture. They're concerned instead with next year's reelection campaign — and farmers going out of business is bad politics.

The cost of federal agricultural programs is at an all-time high. According to the Congressional Budget Office, if the current farm bill was extended in its present form it would cost U.S. taxpayers an estimated \$45.5 billion each year from 1986 to 1988. Spending from 1983 to 1985 ran \$42.9 billion annually. This comes to about \$200 per year for every man, woman and child in the United States — a hidden cost that can be added to their food bills. As the 200,000-member citizens' lobby, Citizens for a Sound Economy, pointed out recently, just one farm subsidy program alone — sugar price-supports — cost American consumers some \$5 billion in higher prices during the last fourteen months.

Common sense tells us that if throwing more money at a problem hasn't helped, a different approach is needed.

The problem U.S. agriculture faces today is almost shameful: overabundance. Advanced mechanization, chemical fertilizers, pesticides and weed control, and better seed varieties have combined to make U.S. agriculture the technological envy of the world. One producer today can feed roughly sixty people; fifty years ago that ratio was one to fifteen.

Unfortunately, many farmers are on a treadmill: the more they grow, the more they lose. They're growing more than the U.S. public can consume. They can't sell the surplus abroad because foreign producers are selling for less. So the U.S. government is propping them up — with import quotas to limit foreign commodities, and a variety of programs that either guarantee that the farmers will get a certain price for their goods or that the government will buy up what they can't sell on the market when the price drops below a certain level. The federal government even pays them not to plant all their tillable acres. Lots of fancy names for these programs, but they all add up to a mess.

Subsidizing farmers who can't make it on their own (some don't even make it with government help) surely isn't going to cure the financially ailing agricultural sector. But that's been the pattern.

Congress is deliberately stalling on a new farm bill, fully expecting the farm economy to worsen. Then they can mount their steeds and come to the "rescue" with more prop-up and bail-out schemes just in time for the 1986 elections.

It's an old story. And not one to be proud of as the public is bilked and U.S. farmers are purposely kept at the government trough.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

Another November is here and should be a busy month for gardeners. You may want to consider landscape improvements now, prior to dormant planting season. Some plants may need to be removed or replaced if they no longer fulfill their usefulness.

When considering the kind of trees to plant, you may be rewarded by selecting one that is long-lived. Superior trees, such as the live-oak and the southern magnolia, along with others, should not be passed up because they are considered to be slow growers. When given proper care, these trees need not take so long to reach desirable size.

First determine soil conditions, if infertile, soil can be replaced or modified to better suit the tree's requirements.

Consider the place where you want to plant the trees. Most trees make the maximum growth when planted in full sun. Place mulch around the tree to hold moisture and reduce soil temperature. Keep grass away from a newly planted tree so the root growth will not have to compete for available water and nutrients.

If your drainage is a problem, add a

mound of fill dirt to provide a layer of well-drained soil deep enough for good root growth. Add organic matter such as peat moss or compost to increase the water-holding capacity.

Proper care of shrubs this fall will assure their survival this winter and their being in a healthy condition ready for growth next spring. Several jobs need to be performed now. First of all, be sure plants get a good supply of water before predicted cold hits our area. This is especially important if it is unusually dry.

Evergreen and new planting are especially susceptible to cold injury. Water is as important in winter as in the summer for plants lose water constantly. Sunburn and windburn are primarily caused by loss of water. A mulch around shrubs will help to conserve the moisture.

This month when leaves begin to fall, rake them and add to your compost pile.

Above-ground crops: 12, 15, 16, 20, 21, 25, 26.

Root crops: 2, 3, 4, 9, 10, 11, 30.

Kill plant pests: 5, 6, 7, 8, 17, 18, 19.

Lions put on dazzling air show, but lose

If you did not make the drive to Crane last Friday night you missed a disappointing loss for the Ozona Lions as they fell victim to the Crane Golden Cranes by a score of 6-56. If you were not there you missed more than a Lion defeat, you missed an uncharacteristic "air show" on the part of Jim Green's Ozona Lions that took the Cranes by total surprise.

After the first two district games of the season the Ozona Lion offense had failed to put any points on the scoreboard. The running game had been completely shut down and thus the passing game could never be set up. Last week the Lion's sputtering offense took a change of face and added a new look for the Golden Cranes. What better way is there to hunt birds than with a shotgun? None. Thus the answer came in the form of the shotgun offense that was added into the Lions offensive attack.

From the first play from scrimmage Steve Sanchez set up six yards deep in the backfield with blocking backs James Sanchez and Butch Gonzales at his side and began to throw the

football throughout the night. In fact the Lions put the ball in the air 68 times and completed 34 of them for a total of 335 yards passing. Ozona was picked off seven times but each time they continued to successfully move the ball through the air. Steve Sanchez was 23 of 48 passes for 230 yards before being injured late in the third quarter. Backup Sam Hightower then came in and completed 12 of 22 for 105 yards.

On the receiving end of the "air show" the Lions had a good night with their receiving corps. Sophomore Sub Fierro picked the Crane secondary apart finding openings and dodging for a total of 109 yards on nine receptions. Junior Butch Gonzales picked up 96 yards on 10 receptions as he caught more balls than any Lion receiver this season. Harvey Fierro had four catches for 41 yards all in the first half before he was sidelined with a knee injury. Split end Jaime Castellanos hauled in four passes for a total of 38 yards. Roger Flores had four receptions for 26 yards, Brad Thompson, Andy Dews, and Rodney Beasley also had receptions for the Lions.

Ozona's score came with 44 seconds remaining in the first half when Steve Sanchez hit Jaime Castellanos for a seven yard pass play that gave the Lions their first district score. The scoring drive lasted 11 plays and covered 80 yards. Nine of the plays were passes which accounted for 77 yards in the drive. Even though Ozona was trailing at halftime 0-42 they were moving the ball against a tough Crane defense.

Ozona was unable to score in the second half although they threatened several times, but they did hold an explosive Crane offense to only 14 second half points. The final score was Ozona 6-Crane 56.

Ozona picked up 22 first downs to Crane's 18. The Lions minus 27 yards rushing gave them 308 total yards to Crane's 422, only 50 of which came in the air. Each team lost two fumbles and the Lions threw seven interceptions to Crane's zero.

Ozona will host the Coahoma Bulldogs here at Lion Stadium for their final home game of the year. Everyone is encouraged to come out and see the Lions "air show" as they go for their first district win of the year. Game time is slated for 8:00 p.m.

Seventh graders win sixth in a row by defeating Crane 14-12

The Seventh Grade Cubs made it six in a row last Thursday night as they pulled out a squeaker in Crane 14-12. Ruben Borrego scored first for the Cubs when he returned a punt 48 yards in the first quarter to make the score 6-0. Crane scored in the third quarter to tie the Cubs at 6 all. The Cubs then drove the ball the length of the field to set up their last touchdown by Mingo Perez. With two minutes to play, Martin Urbina scored the two point conversion which proved to be the winning difference. The Cranes weren't finished yet, however, as they took the ensuing kickoff back 65 yards to the Cub 25 yard line the defense held on as Gilbert Rico intercepted and appeared to have the game sewed up. However the Cubs fumbled the next snap and gave the Cranes another chance. Three plays later they scored making it 14-12 still in favor of the Cubs. A gang tackling defense led by Michael Ybarra and

Albert Talamantez stopped the Crane running back short on the extra point attempt, giving the Cubs a 14-12 victory. The next Cub game will be Thursday night as they travel to Iraan for a rematch with the Braves. Game time is scheduled for 5:30.

8th graders down Crane 49-28 Thursday

The Eighth Grade Cubs won their sixth game in a row Thursday night as they trounced the Crane Cranes 49-28. The Cubs now hold a 213 to 48 edge in points scored for the year.

George Ybarra got the Cubs cranked up early when he returned the opening kickoff 82 yards for the first score. Lalo Rodriguez added the PAT. Roger Martinez scored the next Cub touchdown when he dove in from two yards out. Once again Rodriguez added the PAT. Martinez had his best game of the year rushing the ball for 101 yards on 12 tries. Rodriguez ran for two touchdowns and added two more PAT's. Chris Denman had another outstanding night passing completing 5 of 8 for 113 yards and two touchdowns. One pass play covered 51 yards as Denman tossed the ball out to George Ybarra who ran it in for the score. The other touchdown pass was a two yard strike to Phil Munoz.

Defensively Lalo Rodriguez and Pete Ramirez took tackling honors, each having four. George Ybarra had an interception and Mark Fierro had a fumble recovery.

The next Cub game will be in Sonora on Nov. 6. Gametime is scheduled for 6:30.

Crockett County Care Center News

By Ann McCurtney
Director of Activities & Social Care

Halloween is in the air at our Care Center. This past week Alice Ross and Dorothy Doll put up door decorations while Tomas Ramoz, Pauline Clinton, Bertha Miller, Hilda Dysart, Ola Mills, Moriana Perez, and Rebekah West cleaned and decorated two pumpkins. The pumpkins were donated by Jo Davidson. Volunteers assisting with this project included Lola Rios, Linda Vasquez, Janet Wilson, and Dorothy Doll.

Residents Hilda Dysart, Juana Hernandez, Pauline Clinton, Moriana Perez, Ola Mills, Emma Taylor, Rebekah West, Phil Schneemann, Bertha Miller, Tomas Ramoz, Alice Ross and volunteers Lola Rios, Yolanda Martinez and Linda Vasquez all made Halloween bats and pumpkin faces to give to our young people who come to entertain our residents during this Halloween season. We hope we made enough. Since then, three different groups have promised to come by to visit.

Wednesday morning Marie Pierson and Janet Wilson directed ceramic class. Residents Juana Hernandez, Tomas Ramoz, Pauline Clinton, Ola Mills, Hilda Dysart, and Moriana Perez all worked on varied projects during this time. Several Halloween pieces were completed and are now for sale, if any of you readers need a ghost or pumpkin decoration for Thursday, come buy from us.

Reading class was enjoyed this week by Ola Mills, Pauline Clinton, Emma Taylor, Bertha Miller, and Hilda Dysart.

Tuesday and Friday morning bingo winners included Hilda Dysart, winner of the El Chato dinner for two certificate, Bertha Miller, winner of a gift certificate from Western Drug, and Tomas Ramoz, second place winner. Volunteers included caller Lelia Tambunga, Sophia Tijerina, Mattie Cooper, Dorothy Doll, Anna Bell Patrick, and Gwen Nelson. Some 15 residents played one or both days.

Hilda Dysart was able to immediately cash in her certificate from El Chato's. She, along with Tomas Ramoz, Pauline Clinton, Jean Beardmore, Bertha Miller, Emma Taylor, Ola Mills, Inez Biggs, Doris Robnett, and Floy Clare Short, went to El Chato's for dinner on Tuesday. Volunteers helping make this field trip possible included Billy Mills, Lelia Tambunga, Marie Pierson, Jo Davidson, Elvira Martinez, and Angelita Pena.

Marilyn Chalmers came and played the piano for us on Wednesday afternoon. This was followed by a program given by Brownie Troop #95. Assisted by leaders, Mr. and Mrs. Dean Phillips and Cade Tucker, Brownies Jeri Lynn Tucker, Leigh Chandler, Jo Lynn Vannoy, Eva Elizondo, Connie Fielder, Judy Tijerina, Hope Flores, and Angela Glasscock shared roses with our residents, made them placemats, and sang some songs. Thanks, friends.

Thanks also goes to Jan Lott for sending two hats to use for bingo prizes and to the Lutheran Ladies for donating baby powder and oil for our residents.

Four Lutheran Ladies accompanied Charles Huffman for our Bible study session this week. This group always gives a nice program.

This was followed by Spanish Hour of Praise led by Maria Viela, Carmen Vargas, Felipa Munoz, Norma Flores, and Isabel Molina. Residents participating included Tomas Ramoz, Moriana Perez, Juanita Hernandez, Jesus Hernandez, and Luz Rios.

Our beauty shop was manned this week by Clara Byrd, Clara Babb, and Vivian Hughes. Clara Byrd played the piano, as we have grown accustomed to her doing, before she left on Thursday morning.

Then on Friday afternoon Clara Byrd and Vivian Hughes conducted a musical program with our residents. Musical instruments were brought out of storage and many of our residents had a good hand-slapping, toe-stomping, music-making good time.

Another good musical program and Sunday sermon was held on Sunday afternoon when 17 members of the Church of Christ accompanied their new pastor, Ralph Moore, to our Center for the Sunday afternoon Church services. Residents were still talking on Monday morning about what a good service they had.

Welcome to our Care Center goes to our newest resident, Edna Wallace. She is the mother of Bob Wallace and Evelyn Keith.

Volunteers, keep coming!

Ralph Moore will be moving here from Odessa, to take Ralph Anderson's place as minister of the Ozona Church of Christ. He will be here Friday with his wife, Nancy, and children.

Mary Longoria and Gabriel Longoria III of Leakey are here visiting Mr. and Mrs. Joe Ortiz.

New sewer plant hits another snag

Construction of the new sewer plant hit another snag recently when Arnold Helbing, Jr., filed a new court action against the plan.

Water District officials and their attorney, Tom Cameron, have completed details of the proposed selling of bonds to finance the new plant, and all systems are "go" provided Helbing loses his appeal.

Helbing has made attempts to block the plan several times and has lost in court, however, appeals hold up actual beginning of construction.

E.M.S. Members...

Emergency Medical Service members shown above are [l. to r. back row] Dee Kellers, David Cook, John L. Henderson, Elliott Barrera, Bryan Henry and Doug Meador. Left to right front row include Billie Kiser, Zoe Green, Tina Moran, Paula Westmoreland and Carol Hunnicutt. Other members are Joe Moran, Raymond Borrego, Dorothy Lane, and Lorelei McMullan.

Emergency Medical Service presents safety program

The Emergency Medical Service presented a very informative program for the public Monday night at the Civic Center. Two films were shown on driving safety.

Carol Hunnicutt, president, welcomed those present and announced the EMS will be meeting the second and fourth Mondays of each month. Anyone interested in emergency medical service or supporting the group is welcome to join.

Doug Meador, coordinator of the EMT's and ambulance service, told what an excellent group of EMT's and firemen Ozona has and how dedicated the group is.

"The Decision", a film on drinking and driving was shown. It explained how drinking affects everyone differently and how loose, and relaxed a person is when drinking and how he will use poor judgment after consuming alcohol of any amount. Statistics show that intoxicated drivers are much more likely to be involved in fatal or serious injury accidents than sober drivers. A point brought out in the film was to have a designated driver when attending a party or event where there is drinking. The designated driver doesn't drink and will be doing the driving for the others when leaving. The film brought out how drinking affects everyone differently and to know your limitations.

The second film was "Room to Live". It told how a person has room to live if remaining in a vehicle in an accident and how being thrown out he has little chance. The sergeant in the film said he had been a trooper 23 years and had never unbuckled a dead man. Seatbelts have been proven to save lives.

Following the films Sergeant Ken Hailey of the Ozona Dept. of Public Safety answered questions. He explained how they will begin enforcing the seatbelt law December 1. When asked about the seatbelt law Sgt. Hailey explained how the driver must be buckled in, the passenger in the front, and all children under 4 wherever they are riding in the vehicle. A child under 2 years of age must be restrained in an approved child safety seat. When asked who will get the ticket if the passenger in the front doesn't have on his seat belt he explained that if the person is under 15 the driver will get the ticket and if over that age the passenger will be fined. Fines will be \$25 minimum and \$50 maximum for not using seatbelts. Hailey went on to say 98% of the people in Texas killed in vehicle accidents were not wearing seat belts.

Tickets will be written in town as well as on the highways, the sergeant said.

Mrs. Hunnicutt said the EMS hopes to sponsor other programs on safety in the future.

Dr. Don Carlisle will return to work at Carlisle Clinic Monday morning at 8:30, after recuperating from successful surgery which necessitated several weeks away from his practice.

Library moves into new home

Finally, the library opens in its new home. Friends of the Library met Saturday and made the monumental move from the high school library to the newly remodeled Perner home,

where the formal opening has been set for Nov. 17. Helpers include Esmie Barrera, Linda Kay Vasquez, Chesta Stuart, Sherry York, Marilyn Cox and Linda Falkner.

Library moved Saturday to new location on Twelfth St.

Saturday, October 26, was a momentous day for the Crockett County Public Library. The long-awaited move to the new facilities at 705 Twelfth Street was accomplished in less than six hours. About forty people packed, moved, and unpacked the approximately 8,000 volumes so that the library would be ready to open on Monday morning. Patrons are encouraged to visit the new building between the hours of 9 to 12 and 1 to 5, Monday through Friday and on Monday and Thursday evenings between 6 and 9 p.m.

Grand opening festivities are planned for Sunday, November 17, from 2 to 5 p.m. The entire community is invited to participate.

A grateful and hearty thank-you goes to the following citizens who donated their time and/or food for the big move. Led by Librarian Louise Ledoux and Library Aide Ninfa Cervantez, they included the following: Sue Arledge, Elliott and Esme Barrera, Sandra Childress, Bud and Marilyn Cox, Ann Davidson, Lou Deaton, Lynda Falkner, Mike Graham, Totsy Hagelstein, Velma Marley, Helen Owensby, Jamie Pagan, Sam and Polly Perner, Betty Perry, Buddy Phillips, Jean Read, Katherine Russell, Lane and Sherry Scott, Mary Kay Skains, Mike Smith, Chesta, Shelby, and Emily Stuart, Linda Vasquez, Barbara Walker, Jessie White, Jeanie

Wellman, and Donnie and Sherry York.

A special thank-you goes to the most energetic group of the day, members of Cub Scout Troop #153, Den 1. These boys never slowed down and cheerfully toted boxes, pushed hand carts, and unpacked books. They were Elliott Barrera, Jr., Christopher Cooke, Eddie and Juan DeLuna, Jesse Garza, Doug Meador, Johnny Porras, Chris Sanchez, and Gabriel Vasquez.

Now that this task has been accomplished, the citizens of Crockett County have a library they can be proud of. It is full of excitement, adventure, and imagination. Two years of hard work have yielded a place for everyone in the community to use and enjoy to the fullest. There is something for everyone at the Crockett County Public Library.

Mrs. M. E. Nicholas returned to Ozona last week from a seven-week stay in her homeland, England. She visited with friends and relatives in various parts of the country.

Over the weekend visitors in the Nicholas home were their daughter and grandson, Jennifer and Douglas Newton of Brownwood, and their daughter Ruthella Dacy of Sonora and grandson Nick Dacy of Eldorado.

Friends of the Library hold first meeting in new library

The Friends met October 22, 1985 at 7:30 p.m. in the new Crockett County Public Library. The meeting was called to order by Mrs. Sherry Scott, Library Board President. The purpose of the meeting was to organize and elect officers.

Mrs. Scott read a copy of By-Laws that had been drawn up by the Library Board to be used as a model by the Friends. The model was approved and adopted by the members present.

Since only a few members were present, discussion was held on how to get a vote on officers. It was decided to form a Nominating Committee to contact members and locate persons willing to serve. Mary Jo Mason and Sue Arledge volunteered to serve on the Nominating Committee. After

officers have been located, a Vote-By-Mail will be conducted. A ballot will be mailed to each active member to be signed and returned to the Library to elect officers.

The move set for Saturday, October 26, was discussed and various jobs were assigned. The books were moved in one day and the Library opened to the public Monday, October 28.

The discussion turned to the Grand Opening. It has been set for Sunday afternoon, November 17th. It was suggested that the program begin with a simple dedication and ribbon cutting ceremony and then continue as a come-and-go Open House from 2 until 5. All plans were approved. After a tour of the Library, the meeting was adjourned.
