Kitty's Korner

Rumors should never be repeated, but what else can you do with them. If they are not circulated, they die a natural death. We've heard some this week we think merit repeating.

First of all, and we know this to be a fact, Joe Williams and a group bought the Ozona Inn of the West from Charles Williams, John Childress and D.E. Jackson. The facility will be operated by Mary and Dick Webster, to become sort of a merger with the Flying W. We have no more information than that, just some unconfirmed rumors.

We heard the funeral home was changing hands, but found nothing for publication as yet.

It was rumored the homeowners at Crockett Heights were in favor of the proposed minimum detention center. However, a petition brought in and signed by the homeowners and printed herein, would tend to brand that strictly rumor.

We've heard so much about the drought in the southeast, we're wondering if it can really be that bad. Since drought is a way of life here, it's just hard to drum up a lot of sympathy. We are in one drought and out of another one, and I can never remember the rest of the nation coming to our rescue. It is bad, if the rumor is true they are feeding the chickens chipped ice to keep them from laying hard-boiled eggs. Can you imagine?

We have a little information on the meteorite shower, which takes place every year in August. Last night just after midnight was supposed to be the best time to watch the shooting stars in the northeast. However, they may be seen through the middle of August. A drive out of town on a dark clear night is recommended. After wearing myself out trying to find Halley's Comet earlier in the year, I doubt I have the energy to pursue the stars. They tell me it is a lovely sight.

School and football is just around the corner, and that's no rumor. The teachers are preparing for the fall term, the administrators are already in office, and the school board has set a budget hearing for August 26. Athletes have completed physicals and band practice has already begun. Now if we can find the money from our eroded tax base to run the schools for another year, we'll be all set for the season.

The rains were a wonderful blessing, and although it doesn't help the slump in the oilfield, everybody is smiling at the refreshing respite from the summer heat. There is probably another month or so left of hot weather, but sure as the sun shines, fall is on its way.

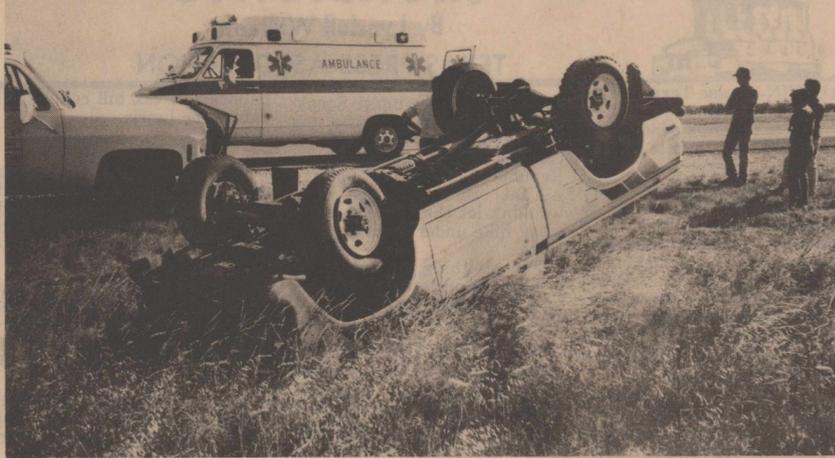

We bid farewell this week to our summer intern, Amy Beth Scoggins. She has been a blast this summer and we don't know how we are ever going to know what's going on this fall without Amy around. She's going to Baylor to major in education. If she ever decided she liked the newspaper, she would make a whale of a columnist.

We wish Amy well in her college career and will leave her with this thought, "Always remember, you have to kiss a lot of frogs before you find a prince."

Loeffler and Smith to visit

Tom Loeffler will be in Ozona Wednesday, Aug. 20, to introduce Lamar Smith and visit with his constituents here. Loeffler served the 21st District as Representative on the Republican side of the aisle for several terms, before electing to come back home and run for the Republican nomination for governor.

Smith won the Republican nomination for Loeffler's old seat in the house, and will be up against W. E. (Pete) Snelson of Midland, Democrat, in the general election in November for U.S. Representative, 21st District.

Local youth
escapes
serious injury

Danny Moran, 19, was thrown from this 1983 Toyota pickup as it overturned Thursday afternoon about 4 miles east of Ozona on U.S. 290. The pickup was westbound when it ran off the right side of the road, overcorrecting and back across the road overturning and ejecting the driver who

was thrown about 20 feet from the vehicle. Miraculously, young Moran suffered no serious injuries. He was taken to Crockett County Hospital where he was hospitalized overnight for observation. Trooper Cliff Babbitt, DPS, was investigating officer.

Commissioners Court adjusts budget Mon.

The Crockett County Commissioners Court met in regular session Monday, conducting the regular monthly business meeting while hearing reports from the various county heads and cutting \$150,000 from the budget for the coming year.

A review of the budget indicated a downfall of about \$150,000 in tax money for this coming year, and more erosion due in future years.

Some discussion was held on laying off help, raising the tax rate, a combination of both and cutting overtime.

It was decided to give no raises, when an employee quits there will be no replacement, and to cut out all overtime except for the sheriff's department, hospital and care center.

Season's first front brings bountiful rain

The first effective front of the season moved through the area Sunday and brought bountiful rains throughout the region. Slow rain fell throughout the night Sunday, leaving a total of 1.70 inches of rain in the official gauge at the Water District office. Additional rain Monday morning brought another half an inch and the total for the two day period amounted to 2.20 inches.

Various reports came in from the surrounding county. Unofficial reports had the Sonny Henderson ranch with around 6 inches of rain. Henderson is located down Taylor Box Road. Dorothy Friend, located 30 miles further down Taylor Box, reported an inch and a half. However, she drove through the heavy rain near the Henderson place Monday morning. A total of 3.75 inches was reported at the Perry Ranch in that vicinity for the two days. A rainfall of 4 inches was reported early Monday at Todd Field, north of Ozona, while Steve Kenley, 25 miles south, got an inch of rain Monday morning.

Bolts of lightning caused two separate tank battery fires in the county with Ozona Volunteer Firemen responding to both. The first call came in Monday at 9:50 a.m. The rain had doused the flames by the time firemen arrived. Eleven firemen responded to the call.

The second fire was reported at 12:50 p.m. on Big State Ranch west of Ozona. The tank battery belonged to

the meeting rooms in the facility. After some discussion, it was decided to require a deposit when reserving room space.

Bill Boswell appeared with the hospital report. He told the court he had been in contact with Senator Bill Sims and had been told it would be impossible to get the hospital district request passed in the current special session. The financial report for the hospital and care center indicated no change. It has cost \$525,768.59 to operate the hospital so far this year, and \$431,542.94 to operate the care center. Total cash deposits for the hospital so far, are \$339,376.79 and for the care center \$322,086.21. The county has transferred \$150,000.00 to the hospital through July and \$100,000.00 to the care center.

Two bids were received for the new Suburban for the County Agent. The low bid of \$10,000 was accepted from Buttery Motor Co. This is the difference with the trade in.

Judge A. O. Fields announced that Shane Fenton had been hired by the Sheriff's Department as a fulltime jailer. The position became vacant upon the death of Deputy David King.

Harry Sinclair of Midland met with the court to explain the merits of the minimum security facility he and his investors are planning to build at Crockett Heights. Sinclair said the facility would employ a personnel of 30 to 40 persons and only minimum violators would be housed in the facility. He said the facility would be a boost to the county's economy.

His plan met with some opposition from Commissioner Jack Williams, who asked what the 28 or so homeowners at Crockett Heights thought about the idea. Although the facility will house federal prisoners, it will be funded by private enterprise and if Sinclair gets the investors and federal and state approval, the county will have no say in the matter. Sinclair and his group met with the Chamber of Commerce directors and the homeowners at Crockett Heights last week.

Dorris Haire met with the court on behalf of the Fire Department and asked that the county finance two more firemen for the annual fire school at A&M. While working on the budget, the court had cut to two the number of firemen they would sponsor each year. It was agreed to send four.

Before adjourning Commissioner Williams reported on the fencing project south of town, and Commissioner B. W. Stuart gave a report on enlarging the dumpground.

Registration set for school term

School officials have announced registration dates for approximately 1,000 students who will be attending Ozona schools this year.

Registration in Ozona High School will begin on Wednesday, August 20. Senior students who are participating in football will register from 8:00 a.m.-9:00 a.m., junior students who are participating in football will register from 9:00 a.m.-10:00 a.m., sophomore students who are participating in football will register from 10:00 a.m.-11:00 a.m., and freshmen students who are participating in football will register from 11:00 a.m. until noon. All other seniors will register from 1:00 p.m.-5:00 p.m. Wednesday afternoon.

Juniors will register from 8:00 a.m.-noon on Thursday, August 21, sophomores will register from 1:00 p.m.-5:00 p.m. Thursday afternoon, and freshmen will register from 8:00 a.m.-noon on Friday, August 22. Students in Ozona High School who have moved to Ozona this summer and students who did not preregister last spring will register from 1:00 p.m.-5:00 p.m. Friday afternoon.

At Ozona Junior High School, eighth grade students will register on Wednesday, August 20, from 8:00 a.m. until noon, and seventh grade

students will register from 1:00 p.m. until 4:00 p.m. Sixth graders will register on Thursday, August 21, from 8:00 a.m. until noon and from 1:00 p.m. until 4:00 p.m.

Third grade students in Ozona Intermediate School will register on Wednesday, August 20, from 8:00 a.m. until noon, and fourth grade students will register from 1:00 until 4:00 Wednesday afternoon. Fifth grade students will register on Thursday, August 21, from 8:00 a.m. until noon.

Ozona Primary School will register prekindergarten students on Friday, August 15, from 8:00 a.m. until noon. First grade students will register on Wednesday, August 20, from 8:00 a.m. until noon, and second grade students will register from 1:00 until 4:00 Wednesday afternoon. Kindergarten students will register on Thursday, August 21, from 8:00 a.m. until noon.

Parents of kindergarten students are reminded that even though their children participated in the screening clinic that was held last April in Ozona Primary School, it will still be necessary to enroll them in kindergarten.

Students enrolling in Ozona Primary School for the first time must bring birth certificates and immunization records.

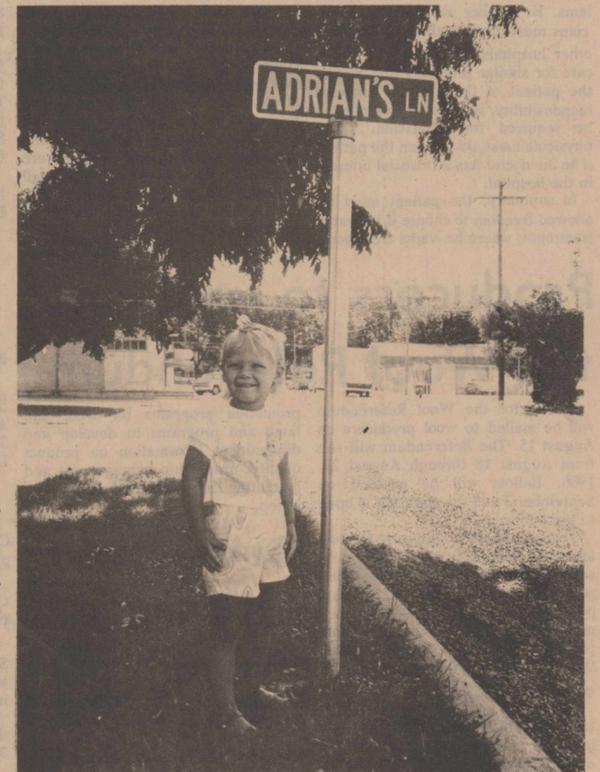

Chamber directors to look into boost for the economy

The Ozona Chamber of Commerce Board of Directors, after hearing a presentation on a proposed Minimum Security Facility in Crockett County, agreed that pursuit of such a proposal would be a feasible approach to boosting the economy of Ozona.

A minimum security facility would service inmates classified as non-violent, low risk violators who are considered non-threatening. A facility of this type would possibly employ as many as 50 to 60 workers and could

conceivably bring many visitors to Ozona who would use local lodging, restaurants and other shopping facilities. The facility would also add to the tax base of the county.

The Chamber officials are withholding a formal endorsement of the proposal until further study has been completed. A project of this magnitude needs broad-based support from the principal owners and investors as well as the county leadership and citizenry.

Dr. Don Carlisle, Chief of Staff of the Crockett County Hospital, stated today that "Drs. Carlisle and Owensby will admit those patients to Crockett County Hospital who desire admission to this hospital." "The patients' desire for admission to this hospital is the primary reason to admit patients to Crockett County Hospital."

He also said that it is the legal responsibility of the physician to inform the patient of the patient's possible diagnosis and the ability of the hospital to care for those problems. He further stated "the physicians must disclose the availability of other hospitals and other doctors to care for similar problems and inform the patient of the patient's financial responsibility, ie. when a deposit will be required for admission." The physician must also inform the patient if he the doctor has a financial interest in the hospital.

In summary, the patient must be allowed freedom to choose if he wants treatment, where he wants treatment,

the physician he wants, and some reasonable information as to requirements for admission to the hospital he desires.

Dear Editor,

In last week's edition of the Stockman, dated August 6, 1986, you reported on the Sheriff report that a lady on Willow Street had reported her billfold stolen, and that two juveniles were listed as suspects.

The truth is, that lady set her purse on the cap of her car and then drove off losing her purse. Being so careless with her purse and then accusing two innocent kids that happen to be passing in the vicinity where she drove off in her car is something I can't comprehend. She tried to hide her carelessness by accusing somebody of stealing her billfold. Her purse was later found by another lady, but nobody ever bothered to say that the kids were innocent, or that they were cleared of any wrongdoing. In a small town like this, where you don't have to print names to know who they are, I think these should be done.

Producers to vote on the Wool Referendum

Ballots for the Wool Referendum will be mailed to wool producers on August 15. The Referendum will run from August 18 through August 29, 1986. Ballots will be counted on September 3 and the counting is open to the public.

The agreement is similar to the one approved in 1982, except it would authorize deductions of up to 6 cents per pound on shorn wool and 30 cents per hundredweight on unshorn lambs marketed in 1986. Deductions from producer incentive payments for 1982 through 1985 were 4 cents and 20 cents respectively.

The new agreement will permit USDA to withhold part of any wool incentive payments that might be made to producers on 1987-90 marketings to finance the council's promotion activities.

Deductions will be used by the American Sheep Producers Council, Inc., to finance advertising and sales

promotion programs for wool and lamb and programs to develop and disseminate information on product quality, production management and marketing improvement for wool and sheep.

Gutierrez receives BA from ASU

"THE PROBLEM WITH BILL REHNQUIST IS HE DOESN'T HAVE HIS FEET PLANTED FIRMLY IN THE MAINSTREAM OF AMERICAN THOUGHT."

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Some Texas House members think Gov. Mark White's tax plan is dead in the water right now. White doesn't think so.

Last week, the governor reversed himself and decided to support what he considers a compromise position: an \$810 million sales tax hike on a temporary basis. Now he's squarely between the two other powers: Lt. Gov. Bill Hobby wants a \$2.8 billion tax hike while Speaker Gib Lewis wants no new taxes.

Lewis was a little surprised, since a week earlier White was his ally in the no new tax position, but he stood firm believing the House hasn't the votes to pass a tax bill.

Right now, the biggest hurdle White must leap is State Rep. Stan Schlueter, a conservative Democrat who chairs the Ways and Means Committee where the tax bill must originate.

Schlueter says, "No way!", and he's got a fistful of Republicans on the committee to back him up.

White Hopeful

Still, White remains hopeful. He's counting on the Senate and Lt. Gov. Bill Hobby to pressure the House, but how?

At this point, the remaining valid issue is budget cuts. One scenario has the Senate refusing to cut as deep as the House unless the House sends over a tax bill.

Bold action indeed for senators who face reelection in less than three months.

Another scene has White using special sessions to keep legislators in Austin until a tax bill is passed. But that would prevent his fellow Democrats from campaigning back home.

A New Issue?

Are there new issues he could inject into the special call to entice House members to vote for a tax hike? Hard to do with political careers at stake.

But to return to the source, the Ways and Means Committee won't let a tax bill reach the House floor for debate. The first gate is guarded by Schlueter and his GOP allies there.

The fact is that Republicans have mustered enough leader-

ship in the House under Speaker Lewis to control the tax issue. Quite simply, the House can't pass a tax bill until House Republicans say it can.

That isn't to say they wouldn't let the House vote on a tax hike under certain conditions.

For one thing, almost everyone agrees privately that a tax hike is needed, either now or next session.

Now or Later?

So Republicans who are gambling that former Gov. Bill Clements will defeat White in November are asking themselves whether it's better to have a tax hike now under White or in nine months under their own governor?

Matter of fact, by letting a tax hike out now, they might be softening up White for an easier defeat.

There are two pitfalls in that route.

One, some people actually consider a tax hike to be good electoral politics. Even though it goes against common wisdom, the case can be made that grateful tax recipients vote for pro-tax candidates.

White is behind in the polls now, and the GOP may not want to chance the oddball effect which would revitalize his momentum. Besides, by stifling his tax bill, they can accentuate his lack of leadership.

Two, a tax hike means they might be sacrificing long-time ally, Speaker Gib Lewis. Time has caught up with the Fort Worth Democrat and he now lives in a Republican district, opposed by a well-backed Re-

publican. A tax bill could spell defeat for Lewis.

Political Survival

While Republican voters across the state might applaud the sacrifice, Lewis' loss could upset the delicate alliance in the House which has truly benefited the GOP.

Certainly, it would hasten polarization and the setting up of party caucuses, like in Congress. The GOP could emerge even more of a minority party in influence.

The above considerations fall under the category of political survival, which is secondary to survival of state government.

While one hopes for all legislators to be statesmen all the time, it's more realistic that each one does value his or her political survival. How readily they pass beyond that point is a private happening in their souls, and rarely seen by the voters.

The late dean of the House, Bill Heatly, "The Duke of Paducah," once advised fellow members that the day comes for each of them when they walk out the chamber door for the last time. Soon, few people would remember their names, and the important thing was for them to remember their own political acts without private shame.

This special session promises to create the end for some officials. Maybe not. Quite likely, some careers were destined to end anyway, and this special session is just the final nail. Fate will tolerate only so much political maneuvering.

Tips For Gardeners

From the Ozona Garden Club
by Mrs. Bailey Post

Two watch-words for the month of August are watering and weed control.

After a few showers, it was a pleasure not to have to water something every day as many of you have to do. The heat dries out the moisture in a hurry so that calls for frequent watering.

Throughout this month and the fall our green thumbs should be ready to get busy again. Maybe you are one that wishes for a green thumb. That myth which would have you believe that all great gardeners are born is just not so. The real secret to relaxed and successful gardening is simply having a desire and enjoyment of the chores it involves, common sense gardening know-how, a few professional gardening tricks, practical information and new ideas and experiments from several magazines available.

Start your root cuttings of most woody shrubs now to have them ready for fall or spring planting. Both broods of evergreens (azaleas, camellia, hol-

ly, ligustrum, photinia and others, spirea, crepe myrtle, weigela and forsythia.)

Tip cuttings should be 4 to 8 inches long, with foliage removed from the lower half of each cutting. Insert cuttings 3 to 4 inches apart in a well drained rooting medium of sand, soil, peat or a mixture of these. Keep cuttings moist but not wet in a shaded location.

After 6 weeks, examine cuttings for a callous formation at the cut area. Rooting should occur about a month after a callous forms. Place rooted cuttings in containers until they are the desired size to plant.

Plants that grow well in alkaline soil are fruit trees, rock garden plants, cacti, succulents, vegetables, the majority of garden flowers and marigolds, stock, sunflowers, pinks, tulips and summer bulbs. If you grow pansies, the seed should be planted this month in moist soil. Pay particular attention to plants that are now developing buds for later bloom.

Donations down for meals program

Janet Hill gave the monthly report on the Meals on Wheels Program at the Commissioners Court meeting Monday. Memorial gifts and donations dropped off sharply in July, but Mrs. Hill reported already in August, donations were up and a successful rummage sale last Saturday had helped the financial condition considerable.

The "Call Police" banners are still on sale for the benefit of the Senior Citizens Center. They are \$3 each or 2 for \$5. Mrs. Hill reported the final payment has been made on the fixtures. She reported 802 meals served in July, with a daily average of 36.45. Meal donations amounted to 851 for an average of \$1.06 per meal. The average cost of a meal is \$2.60.

Commodities were distributed to 452 persons, or 171 families. The next distribution is August 21, at the Civic Center.

Registration set for pre-kindergarten

Walter Spiller, principal of Ozona Primary School, announced today that prekindergarten registration will be held this coming Friday, August 15, from 8:00 a.m. until noon. Parents of prekindergarten students will need to bring their child's birth certificate and immunization records with them.

To be eligible for enrollment in the prekindergarten program, a child must be at least four years old on or before September 1, 1986, and (1) be unable to speak and comprehend the English language; or, (2) from a family whose income would qualify them for free or reduced-price lunches.

The prekindergarten program will operate on a half-day basis with separate classes being held in the morning and the afternoon. It will be an intensive language development program and will be taught by Ms. Vicki Gonzales.

Parents who need more information about prekindergarten should call Mr. Walter Spiller at 392-2712 as soon as possible.

Mrs. Black hostess for lunch-bridge

Sheriff's Report

Following is the activity report for the Crockett County Sheriff's office for the week ending August 12.

Arrests

August 5-A 26 year old Dallas man was arrested on outstanding warrants out of Dallas County charging DWI. On August 6, the subject posted a \$230.00 cash bond and was released.

August 9-A 21 year old man and a 35 year old woman, both from Houston, were charged with possession of a controlled substance, a 2nd degree felony. The pair were arrested about 12 miles west of Ozona on I-10 by THP during a routine traffic stop. The trooper, upon interviewing the pair, became suspicious and conducted a search of the pair's vehicle. Found in the search was a quantity of marijuana, several pills, and several foil-wrapped pieces of cardboard believed to contain LSD. Judge A. O. Fields set bond at \$20,000 on each subject.

August 11-A 30 year old Ozona man was arrested by THP for outstanding traffic fines that he had not paid. He is still in County Jail laying out the fines.

August 11-A 36 year old Pecos man was returned to Ozona from Texas Department of Corrections at Huntsville. He is here to have a hearing on a murder charge that he received several years ago. The original offense occurred in Pecos County and was tried in Ozona on a change of venue.

Incidents

August 5-A citizen on Angus Street reported the loss, or theft, of a billfold.

The loss occurred while the citizen was eating at a local restaurant.

August 5-An Ozona woman, who lives on Walnut Street, reported that she was slapped and struck by a male friend of hers during an argument on an apartment house parking lot. An offense report was made and the victim was advised to discuss her case with the County Attorney if she decided to prosecute.

August 9-The gates at the Lima Cemetery were damaged. It appeared that they had been rammed by someone in a vehicle.

August 9-Sheriff's Deputies received a report of minors attending a beer party several miles west of Ozona on Hwy. 290. Arriving at the scene, officers found about 25 young people gathered around a beer keg and possessing other alcoholic drinks. Approximately 12 tickets were issued charging "Minor in Possession of Alcohol," the alcohol was confiscated, and the party broke up.

August 11-A resident of Avenue D reported the loss, or theft, of a billfold while at the Post Office. An offense report was made, the Postal officials were notified, and the investigation is continuing.

August 11-A citizen on Sheffield Road reported that his home was broken into and a television VCR unit was stolen. Evidence was recovered at the scene and the investigation is continuing.

Services here Friday for W. T. Goodson

Funeral services for W.T. Goodson, 79, were held Friday at 2 p.m. in the Ozona Church of Christ with Ralph Moore officiating directed by Sizemore Funeral Home.

Mr. Goodson was dead on arrival at Crockett County Hospital Tuesday afternoon.

Mr. Goodson was born in Burnet, April 29, 1907. He was married to Mildred Smith in the 1930s in Ozona. She preceded him in death. He was a rancher and former cafe owner. He was a member of the Church of Christ.

Survivors include one daughter, Eda Louise Hodge of Huntsville, Ark.; three sisters, Una Haines of Cleveland, Okla., Dorothy Templin of Nursery, and Christine Bishop of Austin; one brother, Glen M. Goodson of Thomas, Okla., and one grandchild.

EMS holds regular monthly business meeting at center

Crockett County EMS met for their regularly scheduled business meeting Monday, August 11, at 7 p.m. in the dining room of the Care Center.

Plans are being made for a fun night for the members. Tentatively an evening at the pool, a hamburger supper, a wiener roast and an ice cream supper have been suggested. Hopefully all members will plan to attend on August 25, for a training meeting as plans will be finalized at that time.

Also discussed was the purchase of a test and two audio visual units, the program for public education which will be donated to Crockett County Library. It will be available to the public soon. The group also voted that when it is to be used by a club or organization, it is to be accompanied by one person registered with the Texas Department of Health such as a Paramedic, EMT or ECA. Also, that person must be a member of Crockett County EMS or Crockett County Hospital Ambulance Service.

One new member application was reviewed and voted on by secret ballot. Randy Branch was welcomed as the newest member of Crockett County Emergency Medical Services.

New officers were elected for the new fiscal year. D.W. Keilers was elected the new president; Joe Moran, vice-president and Tina Moran will serve another term as secretary-treasurer. New officers will begin their duties on September 8, at the next regular business meeting.

With all business taken care of, the group watched a film presentation by ambulance coordinator, Doug Meador. The film, "They said it wouldn't burn," was seen by all those present.

Doug Meador, his wife Barbara, and Doug, Jr. will be in Houston on August 29, 30 and 31 for the Emer-

gency Services Expo. All members are anxiously awaiting this trip as it promises to be a very interesting one.

Crockett County Ambulance Service responded to the scene of a motor vehicle accident five miles east of Ozona on August 7. One nineteen year old male was transferred to Crockett County Hospital, suffering multiple abrasions. Those making the run were Carol Hunnicutt, Tina Moran and Elliott Barrera.

Members present at the meeting were Elliott Barrera, David Cooke, Bob Falkner, John L. Henderson, Carol Hunnicutt, D.W. Keilers, Doug Meador and Tina Moran. Visitors were Brian Cooke, Gregg Hood, Randy Branch and Phyllis Tucker.

FILMS AND INTER-LIBRARY LOAN BOOKS

Just a reminder to everyone about our Loan Services through the Big Country Library System in Abilene. We offer a Film Service that groups or individuals can use to obtain films for a special program or meeting. We have a whole Film Library to choose from-ranging from Educational, How-tos, Children's films, and Entertainment. The only things to remember-it's FREE and you have to reserve them in advance. We need at least one week and preferably two weeks notice to be able to reserve the film you want. We also have a projector and screen available to show your film on!

Inter-library loan books work just like the films, except there is no one library to choose from. Books are available from libraries across the whole U.S.! If we don't have the book you're looking for on our shelves, we can get it for you in about a week at no charge!

SUMMER CHILDREN'S PROGRAMS

Remember that there are only two more weeks left to take advantage of the great Summer Programs for children. We will be wrapping up our Texas Sesquicentennial Reading Contest Monday, Aug. 25. We will hand out certificates for books read, announce the top readers, and award prizes for the most books read in the two age groups. It's been a great summer so far. Let's all make the last two weeks the best of all!

Who's Influencing Our Kids?

By Rev. Jim Gray

For years we've been warning our children about the perils of watching television--not that the warnings have done much good. A recent Nielson Survey says that children, ages 3 to 17, watch an average of 25 hours of TV a week. That's a lot of TV. That's almost as much time as they spend in school; it's more than they spend in church; and more than they spend meaningfully communicating with their parents. TV has a tremendous effect on our children and our society. TV has become a modern-day babysitter.

I'm not advocating a total ban on TV, but we need to wake up to its excesses and influences. A special panel of 20 pediatricians, child psychologists, consumer advocates, net-

work executives and teachers were surveyed in the February 15, 1986 issue of TV Guide. These child experts say that one hour of television a day is okay for preschoolers, and two hours is acceptable for older children or youth.

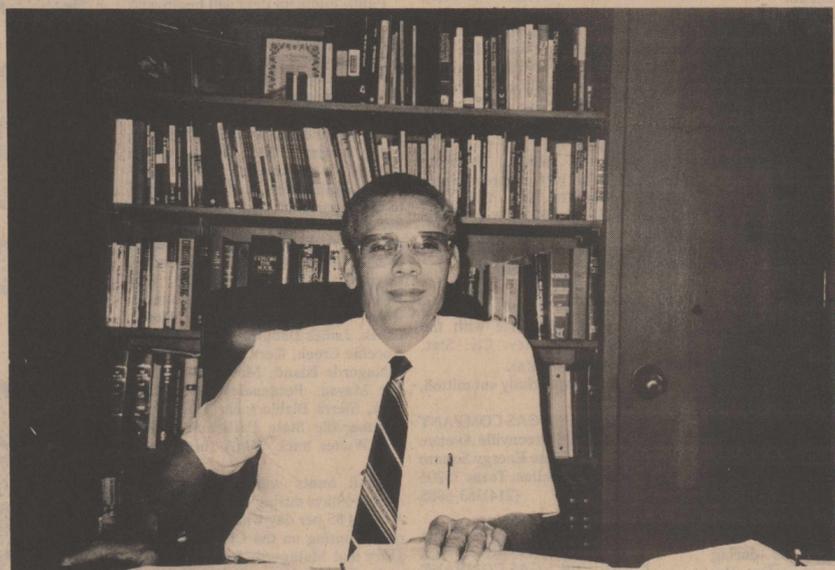

The experts went on to recommend certain shows for certain age groups. The only program produced by the major networks which made the list were four shows recommended for older children (12-17), these included "The Cosby Show" and "Family Ties."

Whatever we may think about the above report, wise parents will assume some responsibility in making practical decisions concerning the kind and

time of TV watching their children do.

Currently, there are petitions being circulated around Ozona in support of "Decency in Television Programs." These petitions are calling upon networks and advertisers "to reduce the amount of immoral sex, gratuitous violence, and profanity by 35% during the fall of 1986 and to immediately end their anti-Christian stereotyping." Let me encourage you to sign one of these petitions. If you can't find one, call me at 2-3986 (home) or 2-2734 (church), and I'll get one to you.

What would our lives be like if we spent one hour in Bible study, worship, or Christian service for every hour spent watching TV? Think about it.

Hospital board meets with several matters on agenda

The Crockett County Hospital Board met in regular session August 7, at the Care Center dining room.

One correction was made to the minutes that Raymond Borrego would be made a permanent member of the Joint Conference Committee. The minutes were approved.

Architectural plans were prepared by Architect & Associates of San Angelo on the Care Center expansion. Dr. Owensby and Steve Kenley have approved the plans and their letters and the plans have been mailed to Austin.

An exam table for the Care Center exam room had been located in Menard for \$200.00. A motion was made and carried that Mr. Boswell purchase this table and have it painted and installed.

Boswell stated that he had contacted Bill Sims and was informed there was no way that he could present the Hospital District proposal during the special session.

The Hospital By-laws are being edited and they are typing the last revision. Boswell should have a copy to review in a few days.

The Ambulance service has started holding monthly meetings. They will discuss administrative matters and other issues before the regular board meetings.

Boswell reported that some of the Emergency Room charges needed to be changed. He has compared them with Shamrock and they are in line with most of their charges.

The hospital financial report showed that deposits were \$30,470.36 total disbursements \$77,899.99. The Care Center reported total deposits \$35,974.33 and total disbursements \$62,198.55. It was also reported that 674 meals were served to the jail for \$2,022. A motion was made and passed to pay the bills for the hospital and Care Center.

Doug Meadows reported that 96 ambulance runs were made. Forty-four local and 48 transfers.

Boswell reported on other business

that the wheel chairs had been refurbished in the hospital and Care Center and should last another 7 to 8 years.

Medicaid has approved the signing out of a nursing home of a patient for up to 23 hours without having to be discharged. They can be observed in the hospital for 23 hours without being admitted.

A hospital district draft was discussed and it was suggested that a set tax rate should be included. A final copy will be available before next month.

A motion was made and passed to amend the 1986 Hospital Budget and increase the hospital by \$19,659 to \$580,659. To also increase the Care Center \$19,203 from \$278,657 to \$297,860.

The Care Center reported a problem with the pharmacist not complying

with rules and regulations and a letter had been received from Austin advising us to correct the situation. Gary Lake has been hired to get the charts in order and a letter will be mailed to Austin after Lake reviews the charts. Lake will continue to check these records monthly.

The board adjourned to executive session to discuss personnel problems.

The Board returned to regular session. A motion was made and carried to abolish the position of medical director.

The Board adjourned at 9:15 p.m. Those present were Fred Deaton, Scotty Moore, Raymond Borrego, Alleane Jones, Tom Cameron, Bill Boswell, Elvira Caldwell, Dr. Don Carlisle, Dr. Robert Owensby, Tina Moran, Doug Meadows and Zoe Green.

Game Warden advises on public hunts in Texas

The Texas Parks & Wildlife Department has announced its schedule of public hunting opportunities on state wildlife management areas for the 1986-87 seasons. During the 1985-86 hunting seasons more than 5,400 hunters participated in special permit hunts and some 28,000 more hunted on areas which did not require selection by drawing.

Public hunts for white-tailed deer, mule deer, white-winged doves, pheasant, alligators, pronghorn antelope, chachalaca, javelina, and turkey (spring season only) are conducted on a special permit basis where the hunter's application must be selected in a drawing. Prospective hunters must submit application forms to the department headquarters by a specified deadline, and participants are selected by drawing.

The preference point system established last year for special permit

hunts will be continued. Hunters who applied but were not drawn for hunts last year will have twice the chance of being drawn for a hunt this year if they choose to apply for the same hunt category.

The department also allows hunting for mourning doves, quail, predatory animals and feral hogs on selected areas without prior application. A fee is charged on some areas but free hunting is allowed on many areas by self-registration at check stands.

A gun hunt for feral hogs planned for the Gus Engeling WMA will be conducted on a special permit basis, but an archery hog hunt at the James Daughtry WMA will be by regular permit with no prior application required.

Persons interested in participating in any of the special permit hunts should write the TPWD, 4200 Smith School Road, Austin, TX 78744, or call toll free 1-800-792-1112, to obtain application forms and instructions. Prospective hunters are asked to specify which species they wish to hunt when requesting applications.

For the first time ever, a pronghorn antelope hunt will be held on a state management area. Four permits will be drawn for pronghorns at the Elephant Mountain WMA in Brewster County during October. Participants will be assessed a \$40 permit fee. Deadline for submitting applications for the antelope hunt is 5 p.m., September 8.

Public hunts for whitewinged dove will be held on three units of the Las Palomas WMA during the September 6-7 and 13-14 whitewing season. Two of the units are located in the Lower Rio Grande Valley, and the other is in Presidio County in the Trans-Pecos region. A total of approximately 800 permits will be issued for the hunts, and application deadline is 5 p.m., August 4.

Public hunts for deer will begin with archery hunts during the October archery season on seven WMA's. Application forms must be received by 5 p.m., August 18 for hunts on the Elephant Mountain, Engeling, Gene Howe, Honey Creek, Daughtry, Keechi Creek and Walter Buck WMA's.

Gun hunts for deer will be held on 19 WMA's by special permit. Completed applications must be returned to the department by 5 p.m., September 8. Areas offering deer gun hunts are the Alabama Creek, Bannister, Brazos Bend State Park, Caddo, Chapparral (La Salle County), Elephant Mountain (Brewster County), Gene Howe, Gus Engeling, Honey Creek, James Daughtry (near Tilden), Keechie Creek, Kerr (near Kerrville), Matagorda Island, Moore Plantation, Pat Mayse, Perdenales Falls State Park, Sierra Diablo (near Van Horn), Somerville State Park and WMA, and Walter buck WMA (near Junction).

Quail hunts will be offered on selected days during the quail season. A fee of \$5 per day will be charged for quail hunting on the Chaparral, Daughtry and Matagorda Island WMA's, and a free hunting will be offered on the Black Gap, Elephant Mountain,

Ozona Lion Band expecting good year

The Ozona Lion Band began rehearsals last week for what could be one of its best years ever according to its directors.

"The band is off to one of the best starts in recent years," said Kelly Glaze, Lion Band director. "Overall, attitudes have been excellent, and the bandmen have really been working." Assistant band director Eric Wharton expressed the same sentiments. "There is some room for improvement, but so far rehearsals have been better than expected. The students seem to show a greater concern for the band program this year."

The concern shown for the band is made evident by the number of students from a school Ozona's size who are involved in the band. The average size band for a conference AA school is about 60 people, but Ozona's band is 103 members strong this year. An unusually large percentage of the high school student body is a part of the Lion Band. While the percentage of high school populations involved in school music programs is an average of 11.9 nationally, according to a survey conducted by THE INSTRUMENTALIST magazine, approximately 40% of OHS students are band members.

"I am particularly proud that so many of our high school students are involved," said Glaze. "Our large size could give us a competitive edge over much of our competition."

"I am happy with our size," added Wharton. "We now have exciting instrumentation and better balance."

According to the directors, the outlook for the band is good as long as the members keep working.

"The possibilities are great," said Wharton. "We will have to work; we can't think we've got it made. Attitudes must continue to be dedicated and positive towards practice and performance."

Gene Howe, Matador, North Toledo Bend, Dam "B", Granger, Pat Mayse, Somerville, Alabama Creek, Bannister, Caddo and Moore Plantation WMA's.

Likewise, mourning dove hunting will be allowed for a \$5 daily fee on selected days during the dove season at the Chaparral, Daughtry and Matagorda Island WMA's. Free mourning dove hunting will be allowed on the Back Gap, Elephant Mountain, Caddo, Alabama Creek, Bannister, Dam "B", Moore Plantation, North Toledo Bend, Somerville, Granger, Gene Howe, Matador, Pat Mayse, Kerr, and the Anacua, Ocotillo and Penitas Units of the Palomas WMA.

Arts and Crafts membership drive

The Crockett County Arts & Crafts Guild will be having a meeting and membership drive on Tuesday, August 19, 7:00 p.m., at the Civic Center.

All members and past members are urged to attend. New officers will be elected at this time. Planning for the Christmas Fair will be on the agenda.

Anyone interested in joining the Guild are urged to attend this meeting also. All are welcome to attend.

If unable to attend, but interested in joining, you may do so by calling T.K. O'Bryant at 392-3557, or Donna Snyder at 392-3052 or writing the Guild at P.O. Box 141.

RE: PRODUCER'S GAS COMPANY § GAS UTILITIES § DOCKET NO. 6124

STATEMENT OF INTENT TO CHANGE RATE

TO THE HONORABLE RAILROAD COMMISSION OF TEXAS:

COMES NOW Producer's Gas Company ("PGC"), an intrastate gas pipeline, and files its Statement of Intent to Change its Rate charged to Valero Industrial Gas Company ("Vigas") an intrastate gas pipeline, under its February 1, 1986 agreement with Producer's Gas Company (PGC contract number PG-250920-S-006) and in support hereof states:

I. The current rate for gas delivered by PGC to Vigas under the contract is \$1.18 per MMBtu.

II. The proposed rate for gas to be delivered by PGC to Vigas under the contract amendment dates June 26, 1986, is \$1.25 per MMBtu and has been agreed-to by Vigas. The proposed rate is a 6 percent increase over the existing rate. The June 26, 1986, contract amendment is attached hereto as Exhibit A and incorporated herein for all purposes.

III. PGC had gross revenues of approximately \$406,732,526.00 during the twelve month period ending December, 1985. The proposed contract rate change will increase annual revenues to PGC by approximately \$6,296,000. This represents a .0015 percent increase in total annual revenues of PGC.

IV. The proposed contract rate change does not constitute a "major change"

as that term is defined in Tex. Rev. Civ. Stat. Ann. art. 1446e, § 5.08(b) (Vernon Supp. 1984). The base contract between the parties dated February 1, 1986, provides for monthly renegotiation of the price to be paid by Vigas. As a result of the competitive nature of gas markets, small negotiated monthly increases can be expected and should be implemented as expeditiously as possible to maintain continuity of service. PGC believes that the circumstances constitute good cause, and requests the Commission allow the proposed increase to take effect as of the date of filing of this Statement of Intent, prior to the end of the thirty-five (35) day period as provided in Tex. Rev. Civ. Stat. Ann. art. 1446(e) §5.08(a).

V. The proposed transaction is a pipeline-to-pipeline transaction between unaffiliated entities. Neither party had an unfair advantage during the negotiations as set forth in the affidavit of Lon P. Compton attached hereto as Exhibit B.

VI. The proposed rate is therefore considered to be just and reasonable as provided in Tex. Rev. Civ. Stat. Ann. art. 1446e, § 5.02(b), and should be approved by the regulatory authority. The proposed revised tariff sheet is attached hereto as Exhibit C.

Notice of this proposed change is being given in accordance with the requirement of Tex. Rev. Civ. Stat. Ann. art. 1446e, § 5.08(a).

Respectfully submitted,

EXTENSION OFFICE NEWS

By Rachel Hall

The old saying, "You are what you eat," is apparently being observed by many people today, because people are paying attention to what they put into their bodies.

In particular, given the combination of increased attention to nutrition and heavy emphasis on youth and fitness, diet plans of all types have multiplied. Every plan promises to be the answer to a slimmer appearance and healthier body.

Unfortunately, not all diet plans achieve the long term desired result, and in some cases, they do more harm than good.

Nutrition specialists with the Texas Agricultural Extension Service at Texas A&M University, have developed a list of some of the better-known diet plans, along with their characteristics, good points, bad points and comments. The diets are grouped into the following categories: food selection modification, patented foods and formulas, diets based on pills and weightloss clinics/groups.

In the first category, diets requiring modification of food selection, only a few plans were deemed nutritionally sound, scientifically based, and designed to promote life-long eating habits.

Among these plans were "Slim Chance in a Fat World," "Kelllogg's," "F-Plan" high fiber diets, "The Pasta Diet," "The Fit-or-Fat Target Diet," "Wise Woman's Diet," "Richard Simmons-Never Say Diet" and "General Foods-Set Point Diet." The current popular "Rotation Diet" is not recommended as nutritionally sound due to its low calorie

content (below 1000) on numerous days.

In the second group of diets, those based on patented formulas or foods, none were found to be nutritionally sound, due to their reliance on one product or another as replacement for regular food. Life-long eating habits are not encouraged by these diet plans.

Diets in the third group represent those based on pills. None of these including diet pills, spirulina (algae tablets), glucomannan, fat burner, grapefruit, etc. were proven to be effective in retaining weight loss.

The final group consists of weight loss clinics or groups. The commentaries on the eight clinics or groups—Medi-bolic, Diet Center, Weight Watchers, Tops, Overeaters Anonymous, Nutri-Systems and professional diet systems were mixed, mostly noting costs, product reliance and limitations.

The American Heart Association emphasizes that a real diet is one that changes eating habits in a healthy permanent way, follows nutritional sound practice and includes eating foods from the basic five food groups. Fad diets often overemphasize a particular food, are monotonous and require drastic changes. Due to these characteristics, people can't stay on them long, and in fact create nutritional deficiencies. Permanent, healthful change happens gradually.

If you wish to learn more about a specific diet, nutritionally recommended diets and those promoting life time habits, call the Extension Office at 392-2721.

PROMOTING VACATION BIBLE SCHOOL—First Baptist youth and adults promoted Bible School with a downtown parade Saturday morning. The school started Monday night. Fire trucks and the Sheriff's Department

joined in the festivities. Most of the banners and streamers were a little worn by the time the group returned to the church. The balloons had long since blown away, but it was fun for all.

Baptist VBS in progress

The First Baptist Church Vacation Bible School is being held this week. The school is meeting at 6:00 p.m. each evening Monday thru Friday. Parent's night is Friday at 7:45 p.m. in the church sanctuary.

The V.B.S. was kicked off with a parade Saturday morning led by the sheriff's department and followed by a

fire truck carrying a banner advertising the school and a group of children. Several vehicles took part in the parade that circled around town, including one carrying the V.B.S. clown.

All children ages 3 years thru 6th graders are invited to attend each evening at 6 p.m.

Ozona Community Center to begin school year soon

The Ozona Community Center will be beginning its 1986-1987 school year soon. Many children have passed through the doors of our building in the last 50 years. They have participated in our preschool programs and entered the public schools ready to learn and to grow; many have gone on to college and received degrees. Our students pay a monthly service fee. For those who are unable to pay the whole cost, we offer assistance through a partial scholarship program.

The Center receives support from many sources, from several local organizations and individuals and the

local United Methodist Church, and from the San Angelo District and the Southwest Conference of the United Methodist Church. The Center also receives some memorial gifts from local citizens and from friends living in other towns. However these gifts meet only a part of our budget.

If you would like to remember a friend or loved one with a memorial, the Center will notify the family so honored. Anyone wishing to send a memorial or a donation may take it to the Community Center or send it to Box 41. We appreciate your continued support.

Pipeline meeting set for Ozona Mon. at courthouse

For the next two weeks, Federal officials from the U.S. Bureau of Land Management will be criss-crossing the State of Texas to obtain public input and comment on a pipeline company's proposal to construct and operate a 450-mile underground pipeline extension across the heartland of the State.

A public meeting has been scheduled for Ozona, August 18, at 7 p.m. at the Crockett County Courthouse.

All meetings are open to the public and will be conducted by the Bureau of Land Management in cooperation with the Texas State Attorney General's office. Visitors will be given a description of the All American Pipeline Company's proposal along with a

discussion of how an Environmental Impact Statement is prepared and what role the Federal and State and local governmental agencies play in the permitting process. The public is being asked to attend and to provide comment and information to Bureau officials who are responsible for preparation of the Statement.

Persons unable to attend any of these public meetings can submit written comments to California Desert District, Bureau of Land Management, Attention: All-American EIS Scoping, 1695 Spruce St., Riverside, CA 92507. All information received, oral or written, will be considered in preparing the Federal environmental document.

Mohair Council to hold summer meet in Kerrville

Dr. Joe David Ross, President of the Mohair Council of America, has announced the Council's Summer Directors Meeting will be held August 21, at the Inn of the Hills, in Kerrville.

The meeting will be held in the Medallion Room 3&4 at 10:00 a.m. with a registration and coffee period beginning at 9:00 a.m.

In addition to the necessary corporate business of the Council, Directors will be presented with reports on the Council's activities and special reports by guest speakers.

Heading a list of distinguished speakers will be LeRoy O. Laney, Assistant Vice-President and Chief International Economist of the Dallas Federal Reserve Bank. Laney will discuss current and projected domestic and international economic conditions which could affect the United States mohair industry.

Bob Childress, Ozona rancher and recently elected Chairman of the International Mohair Association, will report on current IMA policies and programs.

Jill House instructs 4-H Horse Club

The Crockett County 4-H Summer Horse Program met at the county arena Tuesday, August 5. Instruction was given on Western Pleasure by Jill House.

The group was taught how to do proper leads and walk, trot and lope. Betty Martin then went through the Western Riding with the members. A goat tying demonstration and instruction was given by Bobby Acton.

The 4-H members would like to thank those adults giving their time for teaching the group.

Members attending were Tess and Fleet Worthington, Shane and Jeanie Cooper, Tom and Bonnie Martin, Andy and Mindy Coates, Robin and Tommy Conners, Nathan and Marshall Hubbard, Cody and Stephanie Sutton, and Terry House.

Adults attending and helping were Steve Hubbard, Fleet and Patti Coates, Fletcher and Catherine Coates, Carmen Sutton, Shelly and T. C. Conner, Perry Hubbard, Vickie Cooper, Cookie and Vance Worthington, and Jim House.

The annual 4-H County Horse Show will be Saturday, August 16. Everyone is welcome to attend.

Deadline for producer sign up is Friday

The deadline to sign-up for cost-shares under the Agricultural Conservation Program is Friday, August 15, 1986. Producers are reminded that a practice cannot be started before approval is given by the Committee. The Committee will meet on September 3, 1986 to review applications.

Practices included in the cost-share program are cedar, pear and mesquite eradication, pipelines, water wells, livestock water storages, net wire fences and electric fences.

If you would like more information, come by the ASCS office. The deadline for all applications is Aug. 15.

Pierre Richterich head of the United Kingdom-based topmaking firm of P.A. Richterich International Ltd. and recently elected Vice Chairman of the International Mohair Association, will report on factors affecting the current and future use of mohair in the textile industry.

Various members of Mohair Council market development teams will report on Council activities in Japan, Hong Kong, Taiwan, Germany, Switzerland, Italy and Turkey.

Madeline Daddiego, New York based MCA Director of Promotion, will discuss recent activities in the domestic textile industry.

As an added bonus, Directors will receive reports from Hayden Haby and Jesse Lockhart on their June travels to the mohair producing area of South Africa.

Dr. Ross also noted that 1986 marks the 20th Year Anniversary of the founding of the Council. He encouraged mohair producers to participate with the Council's Directors in recognizing the establishment of the producer-oriented organization. He stressed that mohair producers have an opportunity to learn more about their industry thereby enhancing their ability to supply quality mohair to the domestic and international markets.

All mohair producers and those with an interest in the U.S. mohair industry are invited to attend the meeting. Further information about the meeting can be obtained by calling the Council office in San Angelo at (915)655-3161.
