Coming up on May 13 at Fort Lancaster there will be a free admission program of frontier soldiers from Fort Concho and Lubbock. They will be portraying frontier soldiers of the 1870's with sounds of army drills, horses, musket fire and a mule-drawn wagon.

Last year's program was a great success with over 800 attending, and park officials estimate that this year will be even better.

We are lucky to have such a beautiful state park right here in our hip pocket.

Don Whited, park ranger at Ft. Lancaster, has written several articles for us in past years titled "Fort Lancaster.....Then & Now. He has a flair for writing and keeps you spell bound with each paragraph. Don has submitted a story for this week's paper telling of skirmishes along the trail to Fort Lancaster.

The program on May 13 will be outstanding, believe me. So, please let's expand our asset by passing the word.

Remember the program is free and the activities began at 8:00 in the morning with the last musket round being fired at 5:00. See you there!

I would like to wish my mother and Dad a happy anniversary after fifty years of marriage. We all tend to forget all of those big and little things that our folks do for us over the years.

We are looking for someone with the time and patience to write who-visited-who news for the paper. It will require a phone, a good sense of humor, Webster's Dictionary and being deadline oriented. If you're interested in a parttime, low-paying job, come by **The Stockman** for more details and an interview.

The requirements for the job specify that you know everybody in town, who their kids are and where they are located, everybody's birthday, anniversary, who has been divorced or separated so you can leave that part out of your column.

Oh yes, you also have to have the ability to be chewed out and keep a straight face when you foul up and report someone married to the wrong someone, or report someone visiting someone else that ordinarily wouldn't be caught dead visiting them in the first place, and believe you me it will happen.

Any one interested...

Tomorrow at the Civic Center.....

The Health Fair is sponsored by the Texas Agricultural Extension Service and the Texas Department of Health. Chairmen for the event are Extension Home Economics Committee members Tina Moran and Karen Huffman.

according to a spokesman for United Blood Services. Regular donors should have received a card from UBS.

For more information about the event, call the Crockett County Extension Office at 392-2721.

The annual Lions Club mop and broom sale was a huge success last week. Yellow-vested Lions sold the blind-made products from the south

end of the square and also make some door to door calls. Checking out the merchandise are Diane Anderson and son Brian and Gayle

Spence. Ready to make a sale are Lions Randy Petty, Dorris Haire and David DeBord.

Water district a step closer

Creation of an underground water conservation district for Crockett County came a step nearer to reality last week. Senate Bill 1585 sponsored by Sen. Bill Sims was put before the Senate Natural Resources Committee for consideration.

The bill, which is sponsored in the House of Representatives by Rep. Harvey Hilderbran, will be up for consideration there Wednesday of this week at 9 a.m.

The five-member board of directors selected to serve staggered five-year terms are: Wade Richardson, Pct. 1; Larry Williams, Pct. 2; George Bunker, Pct. 3; Reid Holmsley, Pct. 4; and Johnny Jones, director-at-large.

Richardson, Holmsley, Williams and Jones were in Austin for last week's legislative session.

Also attending were Pleas Childress III, one of the original chairmen, his daughter Julie; Drew Durham, the attorney who drew up the legislation for the district; Len Schriver representing the University of Texas; Dan Davidson and Pierce Miller.

Other members of the steering committee are: Nat Read, Dennis Clark, Gary Buck Mitchell, George Bunker, director for Pct. 3; and Jeffery Sutton.

The proposed district will include all of Crockett County not covered by

the Crockett County Water Control Improvement District #1. University of Texas lands will be included.

The proposed legislation provides for a five cent per \$100 valuation tax ceiling subject to an additional five cent per \$100 valuation. A much lower tax is anticipated.

Providing for adequate taxes will eliminate the necessity of returning to the legislature should a tax raise higher than that provided by legislation be needed at some future date.

Joycelyn Graves, president, listed the following members participating: Marolyn Bean, Dorothy Montgomery, Mary Jo Mason, Marg Smith, Nancy Forehand, Camille Jones, Grace Williams, Joyce Keilers, Sue Burns, Celia West, Betty Tumlinson, Cys Conner, Tina Bean, Alice Couch, Patsy Schroeder, Luann Pierce, Jonel Stokes, Jonesy Williams, Sybil Howell, Louise Ledoux and Ethel Miller.

Three qualify for state literary meet

Dottie Gonzalez, Margaret Jones and Copie Davis are preparing for state UIL literary competition after placing in the top three of their respective events at regional last week.

Ozona High School entered 11 students in Region I literary competition in Abilene last weekend.

Gonzalez, the District 6-AA champion in headline writing, took third at regional to qualify for state. The senior student has a chance to make history in her event if she wins the state headline writing championship in Class 2A (and possibly and overall Top of Texas award), as this event is being eliminated for next year.

Due to a decrease in the practicality of the skill, Dottie could possibly be the last ever headline champion.

Jones, who was in Austin two years ago as a Lincoln-Douglas debater (she placed third), took second in persuasive speaking in Abilene. Davis, who was the state runner-up in headlines last year, won the regional championship in persuasive this year.

T. C. Tucker took home a fifth place spot in feature writing and secured his place as second alternate to the state meet.

Others representing OHS at regional were: Travis Burks, Rita Rios, Jennifer Colin, Katie Sellers, Cullen Curry, Amy Graham and Stacy Winkley.

State approves Hospital district election

State legislation approving a hospital district election in Crockett County was approved in Austin Thursday. An amended bill complying with the Federal Voting Rights Act has been sent to Governor Bill Clements.

The legislation will be forwarded to the Federal Department of Justice in Washington for final approval.

Once accepted at the federal level, Crockett County will have a period of five years in which to call an election on establishing a hospital district.

May 2 last day of absentee voting

Tuesday, May 2, marks the last day to vote absentee by personal appearance in the 1989 school trustee election. April 28 is the last day applications for absentee ballots to be voted by mail may be accepted at the school administration building.

Four candidates are asking election to the three places open on the board. Those on the ballot are: Elliott Barrera, Wade Richardson and incumbents George Ybarra and Dan Pullen.

Those wishing to vote absentee may do so at the school administration building between the hours of 8 a.m. and 5 p.m. Monday through Friday.

The May 6 election at the county courthouse will be held between the hours of 8 a.m. and 7 p.m.

1989 support prices announced

Herb Schwertner of the Crockett County Agricultural Stabilization and Conservation Service, said the federal support price for 1989 shorn wool marketings is \$1.77 per pound, one cent per pound less than the 1988 level. Mohair marketings will be supported at \$4.588 per pound, approximately 10 cents a pound less than the 1988 rate.

Price support payments are computed as a percentage of each producer's returns from grease basis sales. "The percentage is the amount required to raise the national average price for 1989 wool up to the \$1.77 per pound support price," Schwertner said.

The mohair payment rate will be determined in a manner similar to shorn wool, he said. Mohair will be supported at 85 percent of the percentage of parity at which shorn wool is supported.

In order to maintain normal marketing practices for shorn wool, pulled wool will continue to be supported at a level comparable to the price support level for shorn wool through payments on unshorn lambs.

To all customers of Southwestern Bell Telephone Company:

Public Notice

On March 14, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas an application which proposes to revise its Toll Restriction Tariff in Section 21 of the General Exchange Tariff. The Commission received the application as Docket No. 8700.

The application proposes to reduce the monthly rate for Toll Restriction residence service from the current \$15 a month to \$5 a month per residence access line. This proposed application will affect approximately 2,487 residence customers who presently subscribe to toll restriction. It is estimated that the proposed rate schedule will reduce the Company's annual revenues from this service by approximately \$298,000, which is less than one percent of the Company's total intrastate revenues. If the application is approved, the effective date of the rate reduction will be set according to the Commission's Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A deadline to file motions to intervene has been set for May 30, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN—The embattled Public Utility Commission, with two commissioners facing a tough Senate confirmation vote the next day, took action last week to see whether telephone rates in Texas reflect lower federal corporate income taxes.

The result could be lowered phone rates for some consumers.

The following day, senators voted 24-7 to confirm Marta Greytak and Bill Cassin, two appointees of Gov. Bill Clements.

The PUC voted 2-1, with Greytak opposing, to order 10 telephone companies to justify rates, an action that many consumer activists felt was long overdue.

In 1987 the federal corporate income tax for utilities was lowered 12 percent. Other states acted to pass those savings to consumers, which was the federal intent. But until last week, the Texas PUC did not act.

Consumer advocates still want the PUC to order similar probes of the state's largest electric company and two others.

Change in Strategy

Meanwhile, top leaders and the State Preservation Board approved a \$149 million plan to renovate the Capitol and build a four-story underground office extension.

The project apparently will be funded from general revenues, which two weeks ago lawmakers described too short to fund minimum state services. Earlier, renovation backers urged a bond issue to pay for it.

But bonds would require voter approval, and since they fear voters would see the renovation as a lawmaker's luxury in these days of a strapped economy, the strategy to pay for it has been changed, at least for now.

Not all legislators support the renovation, which would move most, but not all, legislators from their Capitol offices.

The plan would allow the lieutenant governor and speaker to reward pet lawmakers with offices

remaining in the stately Capitol, thus enhancing the class system which makes some legislative seats more equal than others.

Schlueter Has Votes

Killeen state Rep. Stan Schlueter said he has the 100 votes necessary to pass a proposed amendment curbing the political ambitions of future attorneys general, and still says the incumbent, Attorney General Jim Mattox, is not the target.

Mattox, meanwhile, is reportedly lobbying for the bill's defeat, and even asked Republican Railroad Commissioner Kent Hance to help kill it. Hance said, wrong, he wasn't running for attorney general in 1990 as many are speculating.

Mattox Rips Back

Responding to critics claiming he went to the Matamoros cult-drug murder scene for publicity, Mattox said the cult is linked to drug smuggling into Texas.

Mattox also reiterated he was asked to enter the case by the Cameron County sheriff and the parents of victim Mark Kilroy.

Critics had jabbed Mattox as having no criminal jurisdiction and seeking publicity for his '90 gubernatorial campaign.

Mattox said he is part of a U.S.-Mexico cooperative effort to

break open a major international narcotics smuggling operation.

His office has the authority to investigate any criminal activity and present such evidence to a grand jury, he said.

Other Highlights

• Texas Land Commissioner Garry Mauro, joining with Texas Water Commissioner Buck Wayne and other officials to urge a state oil spill policy, said, "Texas is not in any better shape to handle a major oil spill than was Exxon in the Port of Valdez."

• Blaming business commitments, Thomas B. McDade, a retired Houston banker, asked Gov. Clements to withdraw his nomination to the State Board of Insurance.

• Motorcycle riders must wear safety helmets starting Sept. 1, according to a new law signed last week by Clements despite a veto petition with more than 6,000 signatures.

• A bill that would allow AIDS testing by doctors without a patient's specific consent was tentatively approved by the House on a voice vote last week.

• Accusing personal injury lawyers of dragging out negotiations, Lt. Gov. Bill Hobby ordered opposing groups to reach a consensus on workers' compensation legislation this week.

A special appearance by the "Beach Boys" will be part of the program.

Graves installed as state club secretary

It was "Valley Time in Eighty-Nine" as Jocelyn Graves, Marg Smith and Mary Jo Mason journeyed to South Padre Island to attend the 61st Spring Convention of Texas Garden Clubs Inc. on April 17, 18 and 19. Mrs. Graves was installed as recording secretary in a lovely ceremony at the design banquet on Wednesday evening.

Among the highlights of the convention were the judges' council dinner and the design banquet. At the judges' dinner, six exhibits were judged by two panels of judges, each

explaining why they awarded the score given to the arrangements. There were also clarifications given for certain sections of the Handbook for Flower Shows which were ambiguous.

The design banquet featured outstanding arrangements by Mrs. Thomas Achard and Mrs. Jack Welsh titled "Valley Jewels". Officers were installed after the program.

Other excellent programs of interest concerned the environment, horticulture, awards and landscaping.

Couples Bridge Club

Mr. and Mrs. Lefty Walker won high when the Supper Bridge Club met Friday night at the Civic Center. Second high went to Mr. and Mrs. H. O. Hoover. Bingo winners were Mr. and Mrs. Sonny Henderson. Hosts for the evening meal and bridge play were Mr. and Mrs. Jerry Perry.

Those attending were Mr. and Mrs. Bud Cox, Mr. and Mrs. H. O. Hoover, Mr. and Mrs. Bill Ivy, Mr. and Mrs. Dick Kirby, Mr. and Mrs. Oscar Kost, Mr. and Mrs. Buster Miller, Mr. and Mrs. Jerry Perry, Mr. and Mrs. Lefty Walker, and new members, Mr. and Mrs. Joe Bean and Mr. and Mrs. Sonny Henderson.

He Staggered Not At The Promise Of God Through Unbelief

By Rev. Norvell Allen
Mount Zion Baptist Church

Have faith in God. Whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith, therefore I say unto you, What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them. Without faith it is impossible to please Him: for he that cometh to God, must believe that He is, and that He is a rewarder of them that diligently seek Him.

He that had received the promises offered up His only begotten son, of whom it was said, That in Isaac shall thy seed be called: accounting that God was able to raise Him up, even from the dead. Being fully persuaded that, what He had promised, He was able also to perform.

Is any thing too hard for the Lord? With God all things are possible. Lord, increase our faith.

Cancer Society news updates

"Contributions to the American Cancer Society in Texas represent one of the best returns on the dollar that I know of," said Becky Childress, Chairman of the 1989 educational and fund-raising Crusade in Ozona.

In preparing for the April Crusade, Childress feels it is important for Ozona to realize how the American Cancer Society invests their contributions. "We are proud of our fiscal record and I know our friends and neighbors will be even more willing to give to the American Cancer Society if they know how well their money is being spent," she said.

Contributions raised in 1985-86 were invested during this fiscal year

(September 1, 1987 - August 31, 1988 in Texas as illustrated:

Cancer Research	37%
Public Education	30%
Patient Services	24%
Professional Education	10%
Crusade (Fund-raising)	13%
Program Development/ Administration	05%
	119%

"This 119 percent expenditure reflects increased research spending in Texas by the national American Cancer Society," Childress said. "This means that contributions to

the Society are more valuable than our contributors may realize."

"The American Cancer Society is currently sponsoring research investigations in 10 major Texas hospitals, medical schools and universities totaling more than \$7.8 million," said Childress. "Because so much promising research is taking place here, the national American Cancer Society allocates additional funds to Texas," she said.

DPS Trooper Ben English prepares to investigate an accident at the intersection of Hwy. 290 and Hwy. 163 April 18. No serious injuries resulted in the collision which occurred during the noon hour.

Accidents investigated

A two vehicle accident at the intersection of Hwy. 290 and 163 resulted in damage to both cars and slight injuries to one driver April 18. Joann Green and Griselda Borrego were both driving 1984 Oldsmobiles in the 12:27 p.m. accident.

According to the report of investigating officer Ben English, the Green vehicle was eastbound on Hwy. 290 when the westbound Borrego vehicle made a left turn onto 163, crossing the path of the Green car. Ms. Borrego received slight injuries in the accident.

A one vehicle roll over April 23 resulted in injuries to driver Oscar Narvaez of Big Lake, his wife and three children. All were taken to the Iraan hospital by private vehicle. The accident happened 21 miles east of Iraan in Crockett County when a tire on the 1985 Chevrolet blew out according to Trooper W. D. Taylor.

Letter to the community

For the past few years the Crockett County Civic and Youth Board and Teen Council have honored the Senior Class with an all night celebration involving the entire high school. It is a large undertaking, but with the hard work and the generous donations from parents, individuals and business people, the celebration has been a big success.

Our idea is to provide an alcohol and chemical free alternative to the traditional drinking parties that seem to have become the accepted form of celebration following graduation. Far too often in our community the future potential of young adult lives and the happiness of special events have been marred by the tragedy of drinking and driving accidents.

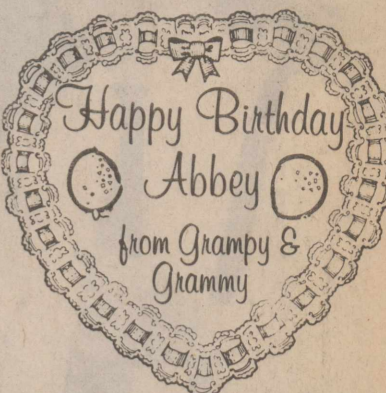

Our plans are now underway to honor the Senior Class of 1989 with another all-night celebration to be held May 26, 1989, at the Crockett County Civic Center. Our activities will include movies, dance contests with music by Dr. Toons, ping-pong, pool tournaments, darts, and games and drawings for lots of door prizes. The celebration will be closed after 12 o'clock, and after that time no one will be allowed to leave the building. We will have lots of prizes, food and fun until 6:00 o'clock at which time we will serve breakfast and say goodbye to a safe, fun-filled graduation night.

If you as a parent, individual, club, or business person would like to

donate money, gift certificates or merchandise that we could use as door prizes, or food for snacks or breakfast, it would be a big help. You may contact Garland of Joyce Young at 392-3266, Frances Denman at 392-3675, Mary Galindo at 392-3390 or Jonel Stokes at 392-2145. Please help us with this project with your donations. We would also ask that you encourage your teens to attend. A group of adult chaperones will be at the center all night helping with the food and games. A check-in list will be available so that you may call to make sure your teen is present. Let's all work together to

make this a safe and memorable graduation night.

Sincerely,
Board of Directors of Crockett County Civic and Youth Center

Maggie and Buddy Moore spent a quiet 50th wedding anniversary April 21 only to be surprised with a luncheon in their honor the following day. Children and grandchildren joined them for the occasion.

Maggie and Buddy Moore celebrate golden wedding anniversary

Mr. and Mrs. Buddy Moore were honored with a surprise luncheon Saturday in San Angelo in observance of their 50th wedding anniversary. Maggie Seahorn and Buddy Moore were married April 21, 1939 in Mertzon.

Joining in the celebration were the Moore's children and grandchildren, Scotty and Linda Moore of Ozona and their sons, Scott of Austin and Roy of Arlington; Brent and Janet Moore of Odessa, their son Mike of San Angelo and daughter Tesha of Odessa; Donna and Pedro Nieri and Rebecca of San Angelo. Grandson Les Moore of Lubbock was unable to attend.

A basket filled with silk flowers in shades of country rose and blue decorated the head table. Casting a warm glow over the proceedings were blue tapers in antique crystal candleholders. Small gold baskets filled with silk blossoms and scrolls reprinted from the 1939 Stockman wedding story and bridal shower marked each place.

The surprise carried over into the afternoon when the family assembled at the Nieri home for 50th anniversary cake and ice cream. Joining the celebration there were Lois Dee Kirby and Rebecca and Cecil Johnson and sons Seth and Reed, all of San Angelo.

Tesha presented her grandparents with a poem she had written in their honor.

They've been together for 50 years, Shared hopes and laughs, and even shed some tears. Though they don't always express it, they love one another very much. When times get bad she reassures him with just a touch. They've made their dreams come true, raised a family, and stuck together even though it took a lot of glue. The two are considered a unity, And together they will be for an eternity.

Alpine museum exhibits home altars display

Home altars and yard shrines in the Texas Mexican community will be featured in a photographic display that opened April 20 at the Museum of the Big Bend in Alpine. Titled "The Art of Asking", the 70 photographs document a tradition that has been practiced by generations of Catholic Texas Mexicans. Saints' images, family photographs, flowers and amulets make

each altar or capilla distinct, said Kay Turner, associate director of Texas Folklife Resources and curator of the exhibit. One of the photographs was taken in Ojinaga, with the majority coming from South Texas, from Austin south to Laredo. The photographs originally toured the country as part of the "Chicano Expressions" exhibit organized by the INTAR Latin American Gallery in New York City.

Photographers whose work is featured in the exhibit include Kathy Vargas, Robert Maxham and Russell Lee.

"The Art of Asking" will be on display through May 28. The Museum of the Big Bend on the Sul Ross State University campus is open Tuesdays through Saturdays from 9 a.m. to 5 p.m. and Sundays from 1 to 5 p.m. It is closed on Mondays. For more information, call 915-837-8143.

Screening clinic May 3-4

A free screening clinic sponsored by the Ozona schools and Ozona Community Center will be held May 3 and 4.

If your child will be five or before Sept. 1, 1989, take him to Ozona Primary School between 8:30 a.m. and 4 p.m. Wednesday, May 3. If the child will be four or before Sept. 1, 1989, take him between 8:30 a.m. and 11:30 a.m. on Thursday, May 4.

Parents are asked to take the child's birth certificate, shot records and social security number to the screening clinic. These will be needed before school begins next fall.

As part of the screening clinic, the Crockett County Sheriff's Department and the Texas Agricultural Extension Service will offer a free fingerprinting for each child. A photo of the child may be purchased for \$1.50 if you would like to have one. These services are not required.

People believe if you sprinkle salt on the tail of a bird, you will have good luck.

Elvira Caldwell retires after 18 years service

Years of dedicated service to Crockett County Care Center come to a close this month for Elvira Caldwell, who is retiring as administrator. Mrs. Caldwell was honored with a reception Sunday, April 23, in recognition of the 13 years she has given to the care center.

"In the 13 years I've been over the nursing home, I've put a lot into it and received much more in return," says Mrs. Caldwell. "Our philosophy has always been 'home', and atmosphere of love, safety and caring."

"For the employees, I've tried to innovate impartial team work."

"I feel good about the nursing home; it's been a big success thanks to the many loyal employees and friends who have given many hours and dollars toward making it a success. To all them I say a great big 'thanks'. Keep up the good works!"

Mrs. Caldwell began her medical career in 1965 as an aide in Crockett County Hospital. She trained as an LVN "under the very capable hands of Mrs. Johnston, then director of nurses".

Her work as an LVN continued for several years, and Mrs. Caldwell remembers that everyone worked all departments, O.B., nursery, emergency, surgery Autoclave and central supply.

"There were no time clocks," she said. "If shift time rolled around and we were in surgery or the delivery room, we finished the case and did clean up and scrubbed instruments, prepared packs and put them in the Autoclave before we went home. There was no overtime pay."

After her husband, Charles Farris, died in 1970, she moved to San Angelo and began working at St. John's Hospital. There she was a part of West Up, a 45 bed surgical unit where she was team leader part of the time and medicine nurse part of the time. "We ran," said Mrs. Caldwell of her schedule there.

During her final year of training in San Angelo, she worked at Carlsbad Center for the elderly retarded and demented. "This was a humbling experience I'll treasure forever," said Mrs. Caldwell.

"After graduation, Judge Troy Williams and some others wrote letters wanting me to come back to Ozona as director of the nursing home. Keith Peters, then administrator of the hospital, asked me to to nursing home administrators' school for a license as his back-up."

"So, back to school I went. As things came to pass, he left Ozona shortly after that, and administration fell my way."

Mrs. Caldwell's work at the hospital began after the "children could pretty well take care of themselves". They were in college by the time she began her work and training in San Angelo.

Life has not always revolved around her association with the care center and family, however. She has also worked as a telegraph operator and in the school cafeteria.

Born Elvira Kruckemeyer June 15, 1926 to a proud German stock-farming family in Blanco County, she was the youngest of three children.

The family moved to McCullough County when she was in the fifth grade. She attended Rochelle schools and graduated from high school there in 1942.

After attending Western Union Telegraph Operating School in Springfield, MO, she worked in Jacksonville and Brownwood as a telegraph operator until the close of World War II.

Elvira married Charles Adron Farris Jan. 18, 1945 in Brownwood. "Army discharge pay being what it was, we did not have too long or elaborate choices, so we moved to Odessa to work in the oil fields," she said.

The oil fields kept us pretty well on the move. My working was in very short spans during that time. I did operate a motel for a short time in Odessa and ran a telephone switchboard for a short while. Mostly my time was taken up with my lovely children, Charles Jr., Lenora Ruth and Marlin."

The oil fields brought the Farris family to Ozona with Rowen Drilling Co. on a deep well on the Mills Ranch at Pandale near the Pecos River. Then it took 15 months to two years to drill a deep well, and all of it was drilled with mud, she recalls. By the time Rowen left Ozona, the Farris children were established in Ozona schools, and the family elected to stay here. Ozona is a good place to raise children, and the oil patch was good to us. It paid our bills, Mrs. Caldwell commented.

She began her work for the school cafeteria in 1955 and remained there until 1964. "I could work and take care of my children, too."

"I might have gone to the big city and made big waves, but then I wouldn't have met my late life love and companion, Jim the Barber," said Mrs. Caldwell. "So, I'm glad I stayed in Ozona. It's a great place to live."

Great people help make Ozona great, and Elvira Caldwell was recognized as such by friends and co-workers Sunday. A collection of photographs commemorating her 18 years of service to Ozona people was on display at the reception in her honor.

A watch and plaque were presented to her by Fred Deaton on behalf of the hospital and care center board.

Many well-wishers called at Emerald House during the afternoon.

Academic teams to Coleman

Ozona High School academic decathlon team members compete for scholarship money Sunday in Coleman along with members of approximately 37 other teams.

The 3 p.m. event at Coleman High School will pit three member teams against each other answering questions from the state curriculum's essential elements of English, math, science and social studies.

Each team consists of an A, B and C student, and questions are geared to the grade classification of the students.

Members of Ozona's Lion team are Tommy Tucker, Sotero Fuentes and David Cox.

The Ozona Purple team consists of Shannon Curry, Scotty Burks and Rosie Gonzales.

Amy Graham, Summer Shacklette and Stacy Lay make up the Ozona Gold team. Dottie Gonzales and Tommy DeHoyos are alternates.

Sponsors who will accompany the teams to Coleman are: David McWilliams, Chesta Stuart, Frank Reavis, Dan McClung, Ruben Pena-Alfaro, and Jim Payne. Lane Scott, who has helped coach the students for the meet, will be unable to attend.

OJHS places second at district meet

The Ozona Junior High tennis team placed second overall at the district meet held last week in Big Lake.

Jennifer Evans placed first in 7th grade girls' singles for the only OJHS top spot of the meet.

In the 8th grade division, Stacey Grendahl won third place.

The 7th grade doubles team of Stefny Sutton and Crista Chalmers won fourth place while 8th grade doubles team Julie Childress and Jennifer Jones took third.

In the 7th grade boys' division, Ryan Morris won third in singles and Larry Sanchez placed third in the 8th grade boys' division.

Others contributing to team points were: Sylvia Pena-Alfaro and C. J. McKinney, 8th doubles; Myra Wilson, 8th singles; Billy Tramel, 8th singles; Terry House and Kenneth Borrell, 8th doubles; Leroy Martinez and Keno Avila, 8th doubles; Jami Dalby and Yvonne Madris, 7th doubles; Golden Meek and Gary Thompson, 7th doubles; and Joey Flores and Chris Coronet, 7th doubles.

"They were all a great bunch of kids," said Coach Renee Schulze. "They worked extremely hard, never complained, and may my year a lot of fun. Thank you, junior high tennis players."

OHS one act play best yet

After nearly three months of tedious rehearsals, nail-biting pre-show anxieties, and emotionally wired performances, Ozona's **The Bald Soprano** ended its run as the most successful one act play in Ozona High School history.

Abilene Christian University in Abilene was the scene April 21 as six high school productions from Region I-AA descended upon Cullen Auditorium to find out which two shows would earn a berth in the state competition.

Although Ozona's cast gave one of their finest performances of the season, they finished behind Wall's presentation of **Greater Tuna** (the alternate play), and the two winning plays, **Gideon** of the Boys' Ranch,

and **The Rimers of Eldrich** from Seagraves High School.

Representing **The Bald Soprano** on the honorable mention all-star cast was Margaret Jones, while Amy Graham took regional all-star cast honors.

The best actor award went to Wall's Trey Bonner. While the best actress award was presented to Nicole Lansic from Seagraves.

The cast, crew, and director of **The Bald Soprano** would like to thank the many people who followed and supported them during this season. A special thanks goes to the parents and family members of the cast who were always there, and most of all...who always laughed.

Teachers offer \$200 scholarship

The Crockett County Teachers Association will be offering a \$200 scholarship this year. This scholarship will be awarded to a graduating high school senior who is seeking a post-high school education. Application forms are available in the counselor's office at the high school and in the high school library. Each student wishing to apply for the CCTA scholarship must complete an application form and indicate three teachers who are willing to recommend him/her for receipt of the scholarship. Deadline for return of application forms is May 1. The scholarship recipient will be announced at graduation.

The scholarship committee will make its decision based on applications received and teachers' recommendation forms. Criteria which they will follow in making their choice include school and community activities, personal goals and objectives, and positive character traits. Members of this year's scholarship committee are Darolyn Webster, Dan McClung, Chesta Stuart, and Sherry York. This will be the second year that the teacher organization has offered a scholarship. Last year's recipient was Randi Thompson.

Extension Connection

by Tedra Ulmer, County Extension Agent
"Texas Agricultural Extension Service"

4-H, a youth development program that is part of the nationwide Cooperative Extension System, actually had its beginning in Texas.

It all began with a Boys Corn Club that was organized in 1908 in Jack County by Tom Marks, the county agent. The club had 137 members and that fall held a corn show in Jacksboro.

Marks earlier had tried to promote a corn show for farmers in an effort to help them learn modern techniques of corn production. But the farmers expressed little interest. So he decided to work with the boys in the county. Marks' philosophy was that if he couldn't teach an old dog new tricks, he would "start with the pups".

Marks' effort proved successful and was the forerunner to what later became known as the 4-H program. The boys corn club movement spread rapidly over Texas over the next several years.

The first 4-H club emblem was adopted nationally in 1911 but it had only three H's -- for head, hands and heart. The fourth "H" for health was added some years later to create the 4-H clover emblem.

The late O. B. Martin was credited with suggesting the addition of

"health". Martin was the first 4-H club leader of the U. S. Department of Agriculture and served as director of the Texas Agricultural Extension Service from 1927 to 1935.

Girls entered the 4-H picture in 1912 with the organization of the first Girls Canning Club in the Sandy Creek Community in Milam County. Mrs. Edna Trigg, the first county home demonstration agent, organized the club and enrolled some 200 members.

Numerous other Girls Canning Clubs were organized during the summer of 1912 as additional women were hired on a temporary basis as county agents.

Those formative years laid the groundwork for the 4-H program and its motto, "To Make the Best Better".

Providing learning experiences for youth through individual projects has been the backbone of the program. In the early going, those projects mainly revolved around livestock, cooking and sewing. While those projects are still popular today, presentday projects delve into more than 60 different areas, including small engines, rocketry, health and home environment.

LETTER TO THE EDITOR

Dear Scotty and Linda:

We are writing this letter to call attention to the fact that even though those of us who were opposed to the Detention Center in Crockett County are feeling somewhat victorious due to CDC's withdrawal of their proposal to the County, the battle is far from over. We heard only yesterday that CDC will, in all probability, try again in the future, this time with private investors. They certainly have not given up.

You will remember that we were hoping that House Bill 300 (Senate Bill 128) would help us in our fight, as it would limit the distance a facility of this type could be located from a residential area. For some reason, the Committee on Corrections in Austin has limited application of the Bill to counties with populations over 500,000, which will not protect a majority of the counties in the State of Texas. As of this date, the bill has been sent to the Calendar Committee, which will schedule a time for it to go to the House floor for a vote. After it is voted on in the House, it will be sent to the Senate. We feel that it is very important that we in Crockett County let our representative and senator know that

we resent the fact that small counties are not protected by this bill, and to request that they vote against it and encourage their fellow-legislators who represent smaller counties to do the same. WE COULD MAKE A DIFFERENCE IN THE VOTE if we would flood the mail with our letters.

Anyone wishing to write to our legislators to express an opinion on the matter can do so by writing to the following:

(House Bill 300)

The Honorable Harvey Hildebran
Texas House of Representatives
P.O. Box 2910
Austin, TX 78769

(Senate Bill 128)

The Honorable Bill Sims
Texas Senate
P.O. Box 12068, Room 421
Austin, TX 78711

We must not give up and have this facility crammed down our throats whether we want it or not. If you have an opinion, please let our lawmakers know about it.

Fort Lancaster.....

by Don P. Whited

Then

On August 20, 1855 the U.S. army established Camp Lancaster near a well known Pecos River crossing in order to protect supplies and travelers along the lower San Antonio - El Paso wagon road. The Apache and Comanche Indians viewed the increased amount of travel along the wagon road as a threat to traditional ways of life. The nomadic hunter-gatherers, therefore, retaliated by ambushing wagon trains and making raids on travelers and the army.

Lieutenant Zenas R. Bliss wrote that stages on this road were frequently attacked by Indians, and the guards murdered and the mail captured. For a year nearly half the number of stages were attacked, but sometimes they succeeded in driving the Indians away and saving the mail. Lt. Bliss, a newly commissioned young West Point graduate, was traveling from San Antonio to Fort Davis and wrote, "The El Paso road today from San Antonio to California would appear like one long grave if the innumerable graves had not been leveled by the elements. I do not believe that there is a single water hole or camping ground from one end of the road to the other that has not been marked with from one to five graves erected by soldiers or friends over the bodies of murdered travelers."

A story written by James Collett and published in Volume 21, No. 3 of Old West magazine describes one of the many skirmishes that occurred in the vicinity of Fort Lancaster. "To obtain additional mail beyond that provided by the stage line, the commanders at Fort Davis began sending a detail commanded by a sergeant to Fort Clark near present-day Del Rio. One such detail, led by a Sergeant Cordell, reached Howard's Well in November of 1857. When they stopped for noon lunch, they were approached by two Indians. The soldiers shared their food and tobacco. The Indians appeared grateful, shaking hands before they left.

"It was, however, all part of a deception. When the two scouts rode out of sight, a force of about 60 Indians opened fire on the escort. The volley broke both of Sergeant

Cordell's legs above the knees.

"The troopers threw up a hazardous breastworks and fought back. But three of the privates were shot through the head, and the clothes of the others were riddled with bullet holes.

"Abandoning the mules and the mail train, the patrol attempted to retreat, dragging the wounded sergeant. After they had covered about two miles, he begged them to leave

him behind with a pistol. He said he would rather face death than continue the excruciating pain of being dragged. The others finally agreed, leaving him in the middle of the trail, armed with a revolver.

"The survivors struggled on toward Fort Lancaster, over 30 miles away. They had gone only a short distance when they heard a shot. They made it to the fort and a rescue party was dispatched.

"The body of Sergeant Cordell had been stripped, but not scalped. His heart was cut into four pieces and laid on his chest. A wreath of Spanish daggers was around one ankle. These were marks of honor for the sergeant's heroic last stand."

Now

Depravations committed by the Comanche and Apache Indians no longer occur around Fort Lancaster, and very seldom can one hear the distant voices and bustling of the military community that existed over 130 years ago. Coming up on Saturday, May 13, however, Fort Lancaster will once again come alive with the sounds of army drills, horses, musket fire and a mule-drawn wagon.

Authentically uniformed and equipped volunteers from the Fort Concho 16th U.S. Infantry and Lubbock's 4th Memorial Cavalry will portray frontier soldiers of the 1870's from 8:00 a.m. until 5:00 p.m. Admission is free, so pack a picnic lunch and come on out. Keep an eye out for details in next week's paper. If you have any questions, feel free to contact the park at 915-836-4391. Also, the Crockett County Museum invites you to view a 5-minute slide show on fort Lancaster between 2:00 p.m. and 5:00 p.m., Monday through Friday.

Texas Agricultural Extension Service

From the County Agent's desk

by Billy Reagor County Extension Agent

It began innocently enough--an educator helping a farmer who was trying to make a profit from his corn and cotton crops.

But that effort started the ball rolling toward the creation of a nationwide system of informal teaching that is still heralded today as one of the most unique and successful endeavors in the annals of education.

What happened in 1903 on the Walter C. Porter farm near Terrell, Texas, in Kaufman County began a groundswell for the establishment of the Cooperative Extension System with the passage of the Smith-Lever Act in 1914. A year later the Texas Legislature created the Texas Agricultural Extension Service as a part of the state's land-grant university, Texas A&M.

The educator who made history on the Porter farm was Dr. Seaman A. Knapp, an agent of the U.S. Department of Agriculture. Knapp's charge from then Secretary of Agriculture James Wilson was to "promote agriculture in the South." Little did Knapp know that his work would lead to an educational system that is continuing strong today in every county throughout the nation.

The demonstration work on the Porter farm involved 70 acres of corn

and cotton. Knapp provided Walter Porter with precise instructions on seed selection, fertilization, planting and cultivation. The crops produced excellent yields and netted more than ever before.

The demonstration method of teaching which proved so successful embodied Knapp's philosophy: "What a man hears he may doubt, what a man sees he may possibly doubt, but what he does himself he cannot doubt."

Such demonstrations have since been used effectively throughout the nation to help farmers and ranchers as well as homemakers learn innovations and new practices. In every case, it is the individual who does the work on his own farm or ranch or in the home. And the outcome depends on him. That's why it's an effective "learning by doing" process.

This "self-help" concept continues to be the focal point of Extension programs today, leading the way to further development of both human and economic resources and keeping America's agricultural industry the most efficient in the world.

In 1965 the Porter farm was designated a National Historical Landmark to commemorate the site of the first cooperative farm demonstration.
