July 4th activities begin today

Fireworks will be a part of Ozona's Fourth of July celebration this week for the first time in several years. The exhibition, a gift to the community from Ozona Chamber of Commerce, will light up the skies over the rodeo arena at dusk.

Those gathered at the arena to see the Sahawe Indian dancers perform at 7 and to attend the community patriotic service immediately following will already have a ringside seat for the colorful display which characterizes the Fourth.

Ozona's Old West Fourth of July celebration actually begins on the night of the third this year when attractive models in old fashioned swimwear parade down a runway befitting a Miss America contestant. Admission to the 7:30 p.m. event at the rodeo arena is \$1.00.

Lia Stuteville, a Sheffield Fire Department member, Sonora's Citizens of the Year Dan and Claudine Jones, and Ray and Sue Smith, heads of the Sonora Chamber of Commerce, are giving up part of their holiday to judge the apple pie baking contest and parade.

Adopt-a-Highways volunteers have additional chance to beautify area

What's green and clean from New Mexico to Louisiana and from Oklahoma to the Gulf Coast? Texas, of course. And that will be especially true after this fall's "Great Texas Cleanup-Greenup" on Sept. 15.

The cleanup-greenup event is underwritten by Anheuser-Busch Inc., sponsors of the State Department of Highways' "Don't Mess with Texas" and Adopt-a-Highway programs. The \$5 million commitment to the antilitter effort through September includes providing 33-gallon trash bags and wildflower seeds to the thousands of volunteers who will participate in this statewide event.

"This gives the Adopt-a-Highway volunteers the chance to help Texas put on her best face as they clean up and then spread more seed for next spring," said Don Clark, director of the highway department's Travel and Information Division. "Not only will the groups be able to promote their efforts through the familiar blue and white Adopt-a-Highway signs along our highways, but now they will have beautiful displays of Texas bluebonnets, Black-eyed Susans and Indian Paintbrushes along their stretch of adopted road."

Members of local garden clubs would be more than happy to assist Adopt-a-Highway volunteers with the planting project according to Mary Kay Brewer, a member of Myrtle Post Garden Club.

Interested groups or individuals who want to participate in the Sept. 15 Cleanup-Greenup should contact Winston Koerth at the local highway department office for more information. They need to sign up by July 15 to allow enough time to get their signs installed before the cleanup.

Area Adopt-a-Highway coordinators are Richard Phillips of Odessa, 332-0501, and Ron Taylor of San Angelo, 944-1501.

The Texas Adopt-a-Highway program was the first of its kind in the nation. In the past three years, it has been copied in 37 other states. Texas currently has 3,456 volunteer groups that have adopted more than 7,200 miles. More than 20,000 mostly rural miles still are available for adoption.

The pies will be judged at 10 a.m. Guaranteed to be the best of Crockett County, the slices remaining after the judging will be sold by the slice.

Entries in the 9 a.m. pet parade should be a sight as one of the rules requires Western attire for the entries.

An 11:30 a.m. flag ceremony on the square signals the beginning of a parade which includes some surprise visitors according to Nancy Moore of the chamber.

Food and drink booths, games galore and wares offered by area crafts-

men will fill the square with activity throughout the day.

No Western Fourth of July could be complete without a dance, and who better to provide the music than Willena Holden. A street dance at the north end of the square is scheduled to begin about 10 p.m.

County offices, the post office and the majority of Ozona stores will be closed July 4. Most food service establishments, all convenience stores and both supermarkets will remain open.

One show turns scout dancers into professional entertainers

Fourth of July celebrants in Ozona will have the rare opportunity to view authentic dances and songs of the native American Indian performed by the Sahawe Indian Dancers from Uvalde Wednesday night.

Sponsored by Ozona Chamber of Commerce, the dancers will perform at 7 p.m. at the fairgrounds arena. There will be no charge for admission.

In 1950 when Scout Troop 81 from Uvalde performed a three minute dance at a camporee, the Scouts had no idea it would blossom into a full-time project. The Scouts did receive calls to perform again and again. Several weeks later they were invited to represent their Council at a Scout Circus to be held at Will Rogers Coliseum in Fort Worth before a crowd of 14,000 people.

Under the direction of Joe W. Williams, the group chose the name SAHAWA which means long feather. The group was active until Williams' death in 1957. In 1961, the group was reorganized by Bill Dillahunt, a former member. This group has grown into a much larger membership than the first Sahawes.

Each summer the Sahawes go on tour for one or two weeks thrilling audiences with their fast moving, colorful and authentic shows. Several tons of costumes, teepees, sound and lighting equipment are taken on the road for these tours.

The Sahawes have just completed their own outdoor theater for performances at home. During the summer the group will perform 20 or more shows for tourists at this facility.

Lions select new officers

New officers and directors of Ozona Lions Club will be installed at the July 5 meeting of the organization.

A slate of officers selected by the club's nominating committee was accepted on a unanimous vote at a June 2 meeting.

New officers and directors are: Curtis Keith, president; Doug Meador, first vice-president; Armando Arre-

dondo, second vice-president; Dee Keilers, third vice-president; Ted Cotton, secretary-treasurer; Rod Chalmers, tail twister; Dr. Joe Logan, lion tamer, and Stephen Williams, past president.

Directors who will serve for one year are: Pete Maldonado, Bob Falkner and Danny Rhea. Two-year terms will be filled by: Bill Boswell, John L. Henderson III and Pon Seahorn.

Logo contest begins centennial activities

Crockett County's centennial needs an official log says Judge Kathryn Mayfield. The judge chaired a meeting last week to begin plans for celebrating the county's 100th birthday in 1991.

Judge Mayfield and the eight citizens present agreed that a contest to find the perfect logo should begin right away. Deadline for entering is July 27 at 6 p.m.

Name, address and phone number of the designer should be on the back of each entry. Entries should be submitted in a sealed envelope with "Centennial Logo Contest" written on the outside.

Entries will be accepted at Crockett County Museum between the hours of 10 a.m. and 6 p.m. Monday through Friday. Anyone wishing to mail in an entry should send it to the museum at Box 1444, Ozona, TX 76943.

The contest winner will be announced during the Lions Club Youth Rodeo in August.

July 7, 1991 is the 100th anniversary of the county. Proposed dates for a countywide celebration are Thursday through Sunday of the anniversary week.

All organizations are encouraged to use a centennial theme beginning now through youth rodeo of 1991. Several suggestions were made at the planning meeting for special events during the four-day celebration.

A second planning meeting is set for July 10 at 7 p.m. in the civic center's small meeting room. All interested persons are welcome to attend and all civic and social organizations are urged to have a representative present.

DPS estimates 15 will die on Texas highways during July 4 holiday

The Texas Department of Public Safety has estimated that as many as 15 persons will be killed in traffic accidents during the brief July 4th period in Texas.

DPS Director Colonel Joe Milner reminded motorists that the traffic volume increases during holidays, raising the chances for fatal collisions.

"Even though July 4th falls on

Wednesday this year, we believe additional patrol hours are necessary," Milner said. "All available Troopers will be on duty, closely watching for the most life-threatening violations — DWI and speeding over-the-limit."

Milner said that the DPS 30-hour fatality counting period will start at 6 p.m. on Tuesday, July 3, and continue until midnight on July 4th.

His

After sloshing on a little after shave, attiring myself in a clean shirt and jeans and a matched pair of socks, I was ready to go to work Monday putting the finishing touches on this short-week community paper. Most people don't realize that making a living publishing a "mom and pop" newspaper requires unbelievably long and tedious hours, but so does every other mom and pop business in town. Especially those that survive.

This seems to be the year for travelers and visitors to our beautiful city. We have a bird's eye view of the park and old Davy Crockett, and almost always there is someone using the park picnic tables and benches.

I couldn't help but laugh the other day at a kid eating lunch with his parents at one of the tables. After a few bites he would lay down whatever he was eating and run over and take another look at old Davy Crockett. It took awhile to finish his lunch. Thanks, chamber of commerce and others responsible for the new picnic tables. This was a fantastic idea and is really paying off for the whole community.

I didn't check the extended weather forecast for the Fourth, but let's hope for partially overcast skies and a slight breeze. It would make that apple pie taste a whole lot better!

I met James and Joyce Howard from Lamesa in the park Monday morning. They are thinking about buying ranch property and a home in Ozona. Best news I've heard in some time.

See you at the celebration, and don't forget to smile and invite everybody back next year. Maybe a few of them will be like the Howards and decide to come back permanently!

Hers

Centennial! The word calls up memories of the excitement I felt as a child listening to the older generation talk about the big event when their home county celebrated its 100th birthday. Even though no one smoked at our house, a centennial souvenir ashtray was part of the knickknacks for years. (Wonder what ever happened to that?)

In order for Crockett County's 1991 centennial celebration to be a success, every civic and social organization, every church and every interested individual needs to become involved. Committees are to be appointed at a meeting on July 10. And we all know about committees. If you don't show up, you'll be the one chosen to chair the thing.

Ideas for specific centennial days' activities were considered at a meeting last week. One not mentioned then that should head the list is an all-school reunion.

A trail ride, pageant or play, musical entertainment (including a band made up of townfolk) and a fashion show were all discussed. A parade sounds like a must. And what about a beard growing contest? And how do we finance the whole thing? Maybe you've got some suggestions.

Remember, though, that for a super celebration, lots of enthusiastic workers are necessary. All organizations of the community need to have a representative present at 7 p.m. July 10 in the small meeting room of the civic center. Individuals are welcome to attend according to Judge Kathryn Mayfield.

See you there!

Section 1619 helps SSI disabled try to work

Special provisions in the Social Security law now give disabled people who get Supplemental Security Income (SSI) payments a chance to work without losing their benefits, Franklin H. Upp, Social Security manager in San Angelo, said recently.

Both cash payments and Medicaid eligibility can continue as long as the SSI recipient remains disabled and meets the income and resource requirements of the SSI program, Upp said.

If a disabled person's earnings are too high for cash SSI payments, Medicaid coverage will still be continued. This coverage will continue until the person can afford similar medical care or until his or her health improves. Cash payments can be reinstated if earnings again drop below the SSI limits.

This part of the Social Security law, called Section 1619, was enacted by Congress as a way to help disabled SSI recipients become self-supporting. It was felt that a safety net of guaranteed continuing eligibility might encourage more people to try to work.

Today, people in all 50 States work and receive SSI under Section 1619, Upp said. About 1 1/2 percent

of the 2 million disabled Americans receiving SSI currently participate in this program.

S.S. tax rates change for self-employed

Self-employed people will find significant changes in computing their 1990 Social Security taxes, Franklin H. Upp, Social Security manager in San Angelo said recently. Both the Social Security tax rate and the formula used to compute the taxes changed this year.

The 1990 tax rate for self-employed people is 15.3 percent, up from 1989's 15.02 percent rate. In 1989, a 2 percent credit reduced the effective tax rate to 13.02 percent.

Beginning with the 1990 tax year, the credit has been replaced by two new deductions which reduce the tax liability for the self-employed. The new deductions are designed to treat the self-employed in much the same

manner as employers and employees are treated for tax purposes. For many self-employed people, the result will be lower taxes than in previous years.

Internal Revenue Service Publication 505, *Tax Withholdings and Estimated Tax*, provides detailed information on the change in computing 1990 self-employment Social Security taxes. Contact the Internal Revenue Service for copies of this publication.

Additional information is available from Social Security, Upp said. Call 1-800-234-SSA (1-800-234-5772) and ask for fact Sheet No. 4, *If You're Self-Employed*. The San Angelo Social Security Office is located at 2214 Sherwood Way, and the telephone number is 949-4608.

Snips, Quips, and Lifts

With history piling up so fast, almost every day is the anniversary of something awful.

History records only one indispensable man - Adam.

History repeats itself - and that's one of the things wrong with history.

History shows that war is better at abolishing nations than nations are at abolishing wars.

Fourth of July is a symbol - A symbol of red, white and blue. How we react to this symbol is a true measure of me and you.

The principal export of the United States is money.

One reason many of us can't afford a European vacation is because our dollars made the trip without us.

One great flaw in the jury system - it's a little frightening to know your fate is in the hands of 12 people who weren't smart enough to get excused.

The Crockett County Volunteer Fire Department has received delivery of a shiny new red fire truck. The other equipment needed to complete the vehicle is being constructed and installed by department members.

Joe Williams services held in Ozona Friday

Joe David Williams, 68, of Ozona died Wednesday, June 27, in Houston's Methodist Hospital. Services were held from the Ozona United Methodist Church Friday morning with the Rev. Dr. Tim Brewer officiating. Burial was in Cedar Hill Cemetery under the direction of Preddy Funeral Home.

Mr. Williams was born in Ozona April 22, 1922, the fourth son of Mr. and Mrs. Charles L. Williams, early-day Crockett County ranchers. During his school years in Ozona, he was active in sports and was an Eagle Scout. He graduated from Ozona High School in 1939 and attended Southwestern University in Georgetown until joining the U.S. Air Force in 1942. His overseas duty was with the Fifteenth Air Force in Italy.

After WW II, he returned to Crockett County and entered the ranching business and later the motel business. In 1948 romance entered his life with the arrival in Ozona of a young second-grade school teacher. He married Jeanie Reeves June 25,

1949, in Munday.

Through the years he was involved in many civic activities and was a life-long member of the Methodist Church. He was an avid golfer and throughout his life encouraged many young people to enjoy the sport he loved.

In the latter years, he divided his time with a second home on their Mills County ranch where he raised cattle and developed a recreational mecca for his family and friends.

He is survived by his wife of 41 years, Jeanie, and three children and their families: a son, David and Sharon Williams and daughter Lori of Roswell, New Mexico; a son, Michael and Teri Williams and children, Daun and Taylor of Ozona; a daughter, Karen and husband, John Walsh and children Wesley, Katherine and James.

He is also survived by four brothers and one sister, all of Ozona: Charles and Jonesy Williams, Gene and Toots Williams, Jack and Winnie Williams, Byron and Liz Williams,

and Mary and Joe Clayton. Thirteen nieces and nephews cherish the memories of a loving Uncle Joe.

Pallbearers were: Jim Dudley, Pleas Childress, Dub Reeves Larry Arledge, Floyd Hokit, John R. Hunnicutt, Gene Williams Jr., Craig Williams of Ozona, Burl Murphy of Waco, and Guy Proctor of The Woodlands.

Belated birthday wishes go to Adrienne De Hoyos whose special day was June 25.

Carla Jean DeHoyos, daughter of Mr. and Mrs. Juan DeHoyos, invites you to her 15th birthday celebration on July 7, 1990 at the O.L.P.H. Church. Mass at 3 p.m., reception following and dance at 8 p.m.

Caldwells enjoy exciting trip to Washington, D.C.

Jim and Elvira Caldwell of Ozona, accompanied by Elvira's sister and husband, Lenorah and Randy Herron of Dallas, have just returned from an exciting 24-day, 4200 mile trip through Arkansas, Tennessee, Kentucky, West Virginia, Virginia, Maryland, Missouri, Pennsylvania and Washington D.C.

"We stayed in Bronson, Missouri where we got to see country and western stars Box Car Willie, Gold Miners, the Foggy River Boys, Mel Tillis and a bunch more," Jim said. "We got to see the Amish people of Landcaster, Pennsylvania. They still use horses and buggies for travel and have large houses and big barns," said Jim.

The travelers didn't get to go through the Whitehouse due to foreign visitors, but the group did get to tour the city. "We saw a lot of poverty in D.C. with people living in row houses built very close together with no yards. We even saw a six-foot wide, three story house, believe it or not," Caldwell said.

"We went through an old church in Arlington, Virginia built in 1754 and everybody has their own pew. We came back through West Virginia, saw the Smoky Mountain Parkway, and Shenandoah Valley. The roadways were pretty and green with no trash littering," Jim said.

Cancun or Acapulco on the banks of the Rio Grande?

The government of Mexico is planning a \$50 million, 20 year project to clone Cancun or Acapulco on the banks of the Rio Grande along Lake Amistad.

"They want it to be the size of Cancun," said Emilio Mendoza Berneto, architect and engineer for the site, where construction is due to start within a year.

Mexican officials say this is the first time they have undertaken any tourist development along the U.S. border, which now receives only small to medium tourist activity.

Mexican officials estimate that there are 7.8 million potential tourists

from Texas alone, but they didn't project how many might visit the Lake Amistad resort.

Two elegant hotels, two restaurants, a swimming pool, 800-acre nature preserve, marina and a cliff-diving attraction similar to those in Acapulco have been planned for completion in 1994.

In the next 20 years the developers foresee a small airport, golf courses, more hotels and a convention center will be constructed.

Acuna Mayor Gudelio Garza Gomez has hopes that the development will increase the flow of tourist dollar for his city and to Del Rio.

Radio station has new owners

Walton Foster, president of Foster Broadcasting of San Angelo, has announced the sale of KYXX in Ozona and KHOS Am and FM of Sonora to Fort Stockton Radio Company Inc. subject to FCC approval.

The owners of Fort Stockton Radio Company are Ken Ripley and Gail Garlitz who also operate KFST Am/FM in Fort Stockton.

KHOS, which has been off the air since February of this year, resumed

broadcasting July 2. No date has been set to resume broadcasting from KYXX according to Ripley. The Ozona station ceased broadcasting in late 1989.

Foster is retaining ownership of translator stations in Junction and Big Lake which will rebroadcast San Angelo station KIXY/FM.

Ripley anticipates FCC approval in 60 to 90 days.

All-American son of former Ozona Lion undecided about future

Jake Young, former All-American University of Nebraska, Midland Lee football standout and son of the former Ozona Lion, Jacob Young of Midland, is undecided whether he will continue his football career in the pro

ranks or accept a \$5,000 grant to study law.

He was recently selected from 150 other applicants nationwide to participate in grant money to be used for post-graduate studies for those college athletes who had a minimum grade-point average and were selected to All-America or All-Conference teams.

Jake has indicated that he has not made up his mind whether to continue his education, or play football.

The two year All-American was not accepted in the National Football League draft, but plans to tryout with the Detroit Lions in early July.

The 6-foot-4 and 270 pound center is large enough to play for the NFL, but lacks speed according to assistant general manager Floyd Reese of the Houston Oilers.

Hobby House has gifts for all

Ozona's newest business, The Hobby House, opens with a bang July 4. Located on Ave. C adjacent to the Dairy Queen parking lot, The Hobby House welcomes customers from 10 a.m. to 6 p.m. Monday through Saturday.

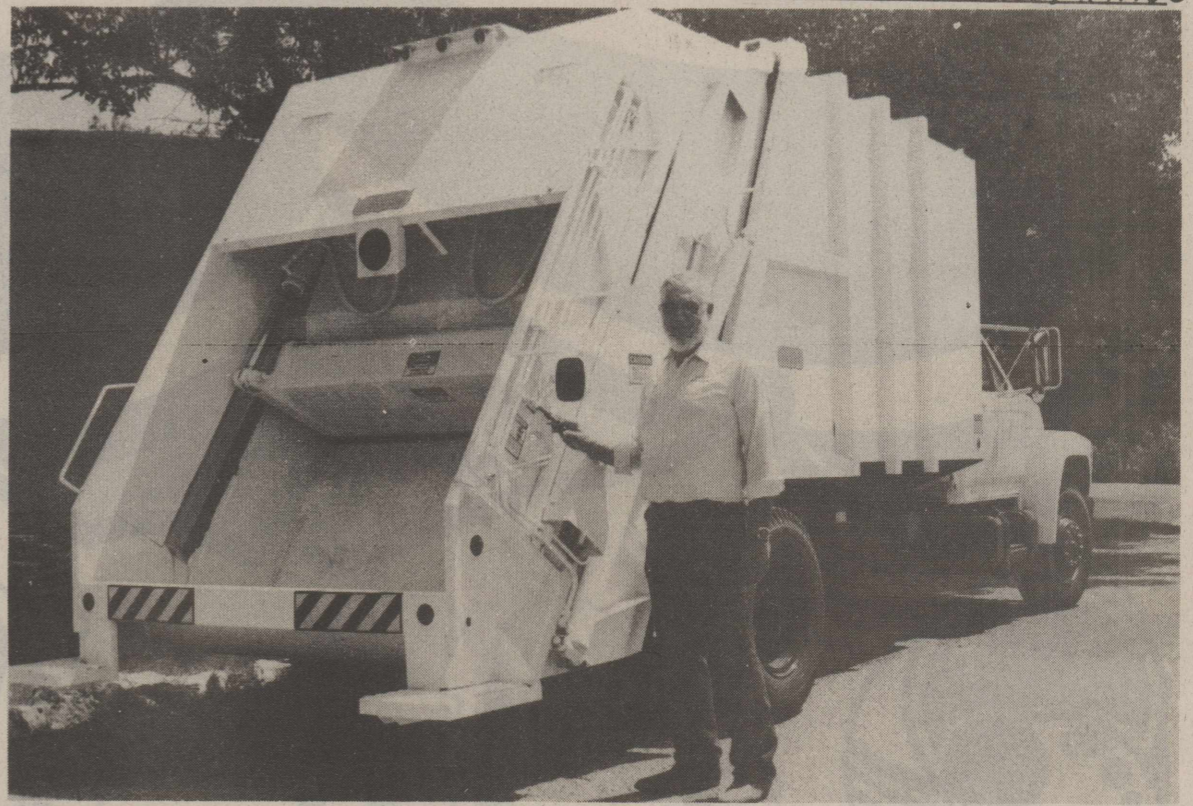

Many of the gift items found at the store are handcrafted by owner Susie Childress. Also contributing specialty items is her mother, Katharine Russell.

Mrs. Childress, a teacher at Ozona Primary School, and Mrs. Russell, a former teacher, have combined their natural artistic talents with skills developed in the classroom to put together a collection of gifts suitable for all ages.

Some of the items offered are painted and appliqued T-shirts, a selection of summer outfits, wood crafts, ceramics, children's crafts, preserves, candies and pickles.

The store has a Southwest collection, and Fourth of July visors, socks, thongs and T-shirts.

Opening the shop is a dream come

Dee Keilers proudly stands beside the Crockett County Water District's new trash truck. It features a lower level in the rear to deposit the trash in than the old truck, thus saving time and effort for the water department workers.

true from Mrs. Childress and also for her husband Johnny who is "happy to get my crafts out of the house," she says.

The Childresses are parents of two children, Courtney and John Clayton.

Telephone visits with Sgt. Shane Tomlinson and Pfc. Michael Tomlinson of Germany provided the news that the weather was extra cool there. June 29 the morning low was 51

degrees and the two complained that it was not right for Texans to have that sort of weather in June.

Stopping in Ozona were Mr. and Mrs. Wayne Stalson and Jerry and Sandi Bergensen of Stratford, CN. The four are traveling east to west across the U. S. gathering botanical information for their garden club. They were impressed with the homes along Hwy. 290 stating, "We did not expect much more than cactus here."

Birthday greetings await Travis Vordick on July 5 as he turns a year older. He is the son of Mike and Debra Vordick. Have a good day, Travis.

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:

Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which concur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information

Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m.-4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-4221, teletypewriter for the deaf.

Polish journalists intern with Fort Worth newspaper

Although a trip to a small town may seem like cruel and unusual punishment to some city dwellers, for two recent Ozona visitors, their stay was part of an overall experience that will always say "America" to them.

Jan Pieklo and Wacek Radziwinowicz, Polish journalists, were here as guests of Jane and Wade Richardson. Both men are in the United States on a five-month internship at the Fort Worth Star-Telegram. The internship was arranged by the Center for Foreign Journalists in Reston, VA on fellowships sponsored by the U.S. Information Agency.

Jan and Wacek and six other Polish writers were selected for the fellowships from among 40 applicants who are members of the Polish Association of Journalists. Next year, fellowships will be extended to applicants from four Eastern European countries.

Stories about the people and politics of Poland along with accounts of some of their experiences and impressions of life here have been printed in the Star-Telegram. Jan also contributes a column, "Texas Beat", to the paper on his observations of life in rural Texas.

Adding to his fund of knowledge were trips to the Richardson Ranch, a local wool house and bank, the newspaper and to Mexico.

A horseback ride at the ranch was easier for Wacek who had some experience riding in Poland. Jan "did okay thanks to the horse."

Jan is an editor for "Tygodnik Powszechny", a leading Catholic weekly. Since 1989 he has been the spokesperson for the Krakow Branch of the Physicians of the World. From 1982-88, he was a contributor to underground, regional newspapers. Until 1981 he was with "Gazeta Krakowska", a Krakow newspaper.

He is interested primarily in politics, but also in poetry and literature and how politics is depicted through those means. A copy of Tygodnik Powszechny Jan brought to Ozona contained poems by a current U.S. Nobel prize winner. Although printed in Polish, the poems did carry additional titles in English.

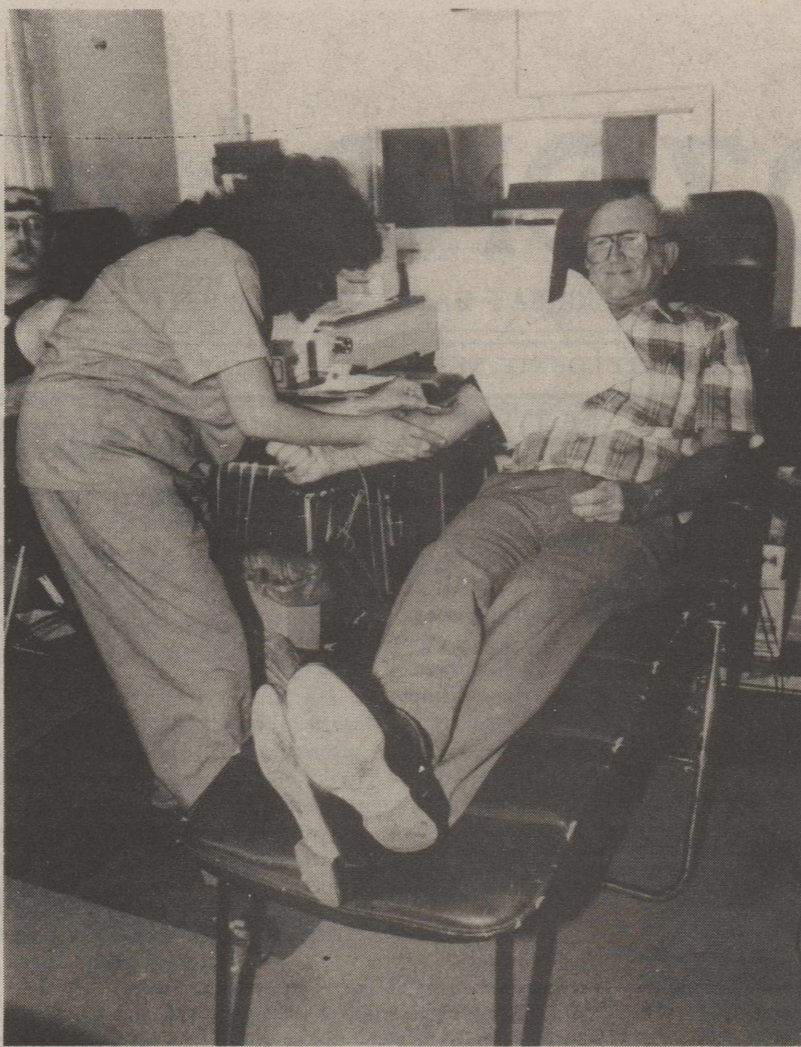

Jan believes strongly that the press must be the watchdog of government.

He is a practicing psychologist and received a MA at Jagiellonian University in Polish Philology.

Wacek has been with the "Olsztynski Kurier Obywatelski" (Olsztyn Citizen's Courier) since 1989. At the same time, he has been writing for "Nasza Wies" (Our Countryside). He was a journalist for the Olsztyn daily newspaper, covering everything from politics to culture. He has also worked as a journalist at "Slowo Powszechnie", a Warsaw-based Catholic newspaper, and as a sub-editor for a Catholic Church magazine.

His special interests include social problems, local government, culture,

ecology, national minorities, farmers and workers. He has an MA in journalism from the University of Warsaw and attended the Pedagogical Academy at Olsztyn and the University of Gdansk.

Crockett County Hospital administrator Bill Boswell grins and bears it as the final preparations for his blood donation are completed. Sixteen persons took the time to perform this very valuable service.

Sen. Lloyd Bentsen reflects on Declaration of Independence

In the days following the attack on Pearl Harbor in December of 1941, armed guards left Washington, D.C. to escort a strong box to the safety of Fort Knox, Kentucky. Inside the box was a padlocked bronze container holding a piece of America's history worth far more than all the gold under lock and key at Fort Knox.

The precious cargo was our Declaration of Independence - not simply fragile parchment, but a ringing assurance of liberty and guarantor of individual freedoms.

In the fall of 1944, authorities determined that there was no longer danger of enemy attack, and the document was escorted back to our nation's capital where it remains on display at the National Archives.

On this Fourth of July, as we mark the day that our founding fathers signed the Declaration 214 years ago, it is good to reflect on the eloquent message this document.

We hold these truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness...

When Thomas Jefferson took up his pen in 1776 to draft our Declaration, he was determined to express simply and compellingly the justifications for Americans' desire to break their allegiance to the British Crown.

"...It was intended to be an expression of the American mind, and to give to that expression the proper tone and spirit called for by the occasion," Jefferson recalled later in his life.

We should never find it a burden to work to fulfill the Declaration's pledge for all Americans. And we must be willing to defend our Declaration against any who are hostile to its prin-

ciples. The notions of equality, justice and rights are proving a powerful attraction to millions of people ruled by the doctrines of the Communist Manifesto. They have repeatedly been told that such "bourgeois" concepts as freedom, independence and individuality should be abolished. But the people of East Germany, Poland, Czechoslovakia, Hungary, the Soviet Union, Nicaragua and elsewhere have been choosing liberty over the past year.

Democracy is on the march, totalitarianism on the run.

These emerging democracies are looking to the United States as the standard-bearer of democratic ideals. Leaders of oppressive regimes have tried for years to belittle the rights on which we built this nation as mere "notions", but our living example effectively has put the lie to those claims.

While many governments have given ground and allowed democratic reforms, we must not forget, as evidenced by the Tiananmen Square Massacre following student demonstrations in China that others continue to choose oppression.

Those who signed our Declaration of Independence felt strongly enough

about liberty to "mutually pledge to each other our lives, our fortunes and our sacred honor."

While the price of gold and other worldly fortunes may fluctuate, the priceless gift of the Declaration of Independence - underwritten by the lives of those who signed it and generations of Americans who have followed it - is undiminished.

STOCK NEWS

IN BRIEF

Some Trading and Trafficking Done by Stockmen of This And Other Sections.

MUTTON IMPORTS WILL SOON CEASE!

The wholesale importation of Australian mutton at New York, does not surprise me, said Robert Mathison, the Swift expert. There have been occasions when we could have imported it, but did not care to take the initiative. It will not be a permanent trade, the condition in this country that has made importation possible will last only a few weeks longer when grass sheep will begin to run freely. A decline of 1c per pound in the American sheep market would put up the bars against Australian mutton. Jesse Davis, the Armour expert, said: "Fat sheep are now on an 8 1-2c and 9c basis alive at Chicago. We can contract grassers for July and August delivery at 5c. so that the inevitable drop in prices here will soon make imports impossible. To existing conditions merely indicate how short domestic supply of mutton is."

ADVICE TO FARMERS

Concerning Fruit Trees and Other Plant Life

Replying to an inquiry regarding Johnson grass, Dr. H. N. Harrington director of the Texas Experiment Station at the A. & M. College, says: "In regard to the productiveness of Johnson grass in pounds of hay, very definite figures have been obtained so far as to relate to this grass. It will not stand pasturage well for several years in succession by any kind of stock. It is necessary to equal to alfalfa for hogs."

I would suggest a good way to use your Johnson grass pasturage would be to mow it up in the summer, and then in September, if the season will permit, put it in alfalfa. Of course, you would get a mixture of grass and alfalfa but the pasturage would be much better than the grass alone. You may, of course, be bothered a little with cotton root rot on your alfalfa, but this is likely to be only in spots, and it may be that you will not have any trouble at all in this regard. I should not regard Johnson grass as quite equal to Bermuda grass as pastures, but it may make up for it in yield of hay. Roughly speaking, you might count upon the grass, for

At the afternoon session the address of J. T. Talbot, a New York banker, who started life in Texas, deploring the extravagance of the Nation and laying most of it to the automobile, was a feature.

Mr. Talbot said he did not wish to attack the automobile as an extravagance for the rich, but he was sure many had to borrow money to do it. He cited the fact that the loans of the banks of the

Results Determine Worth.

In practical life men are judged by results rather than conditions, and results determine worth. Today merit wins. It is neither wealth nor political influence that controls the positions of honor, trust and emolument. It is those who possess ability and strong character that secure and hold the higher positions in the gift of the business world. This is an age of business and an age of the young men. Aristocrats of olden times were wont to look down on one who was "in trade," but today the business man holds sway. He controls the commerce of the seas; he handles the merchandise of the world; he dictates to emperors and dominates republics. In fact, he is king of the earth. Hill's Business Colleges have a purpose, and that purpose is to thoroughly train young men and women in bookkeeping, shorthand, typewriting and telegraphy, thus fitting them for business careers. The results obtained by Hill's Colleges are best. The opportunity is now yours: will you accept it? Special low rates are now on. Address: R. H. CATLEMEN MUST HAVE HIGH PRICES TO LIVE.

Discussing profits in present cattle prices, Denver Field and Farm says that the cost of raising cattle, considering a fair interest on the land at its present value and the increase in the cost of labor and supplies and various expenses of getting to the railroad, holding cattle, shipping and marketing them has yielded a less profit for the last three years than during any three years we can remember, and unless something around the present figures is maintained cattle feeders will have to go out of the business.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it.

In Pittsburgh a child thrust into his cage, when least regarded, often comes through Cough, Croup and Whooping Cough. They lay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of croup," writes Mrs. George B. Davis, of Platt Rock, N. C.

"We always give it to him when he takes cold. It is a wonderful medicine for babies."

Lana Grubb chosen Miss Rodeo Texas

Lana Grubb, a 23-year-old Sul Ross State University theatre major, was recently chosen to represent the Professional Rodeo Cowboys Association as Miss Rodeo Texas for 1990 at a pageant in San Antonio.

She was selected from 17 contestants and won the personality and speaking competitions. The contestants voted her Miss Congeniality.

Her first official appearance as Miss Rodeo Texas will be at the West of the Pecos Rodeo in Pecos July 4-7. As Miss Texas Rodeo, she will attend at least 18 P.R.C.A. rodeos promoting rodeo, Western attire and Western history.

Lana is daughter of George Grubb Jr. of McDonald Observatory near Fort Davis and Linda Little of Alpine. Following graduation from Fort Davis High School, she attended Midland College and then Sul Ross State University.

Her college career will be on hold this year, but following her reign, she plans to return to Sul Ross to finish the nine hours she lacks to graduate.

Miss Rodeo Texas is the granddaughter of Mr. and Mrs. J. A. Roach and Mr. and Mrs. George Grubb Sr., all of Fort Davis. Mrs. Roach, who made a set of handcarved straps for Lana's official Miss Rodeo Texas spurs, will be remembered as Nessye Mae Proffitt, daughter of Leonard Belmont Proffitt, who was foreman of the A. D. Neal Ranch in Crockett County between Big Lake and Ozona.

Vacationing with kids.....

Summer means vacations and travel for many children and families. As families have become more mobile and as more and more children travel alone to visit a non-custodial parent, summer days often find them "on the road." Advance planning can make travel and vacation days less stressful for both children and parents.

The following tips may help to ease the stress of summer travel:

1. Arrive at the airport, train or bus station early. Allow plenty of time to park the car, check the baggage and board the plane, train or bus. Allowing extra time will help to reduce the stress that both parents and children experience.

2. Very young children and their parents often find travel difficult. It is difficult for children to sit still for long periods of time, and they tire easily.

Bring along toys and snacks that will help to ease the wait for the child—and for the parents. Pack a totebag with paper and crayons, small toys and games. Include something new that will catch the child's attention as well as old favorites which can provide the child with a sense of security.

Crackers, nuts, cheese, dried fruit and individual packs of juice make good snacks for traveling. Be sure to include chewing gum if you are traveling by air, as it may help to relieve the pressure which can build up in the child's ears during take-off and landing.

3. Taking a camera on a vacation can help capture family activities and trip memories. The school-age child is old enough to take photographs of his own and will enjoy this opportunity. A polaroid camera is especially nice because the pictures can be seen immediately.

4. When traveling with children, an emergency kit is a necessity! Include band aids, medicines, a flashlight and tissues.

5. Avoid planning trips which are too long and too involved for children. The novelty of being away from home and their usual environment can take their toll quickly with children.

Keep in mind the child's developmental level and attention span when planning vacation activities. Theme parks can be great fun for older children but may be exhausting and frightening to young children. Short, simple trips may be more fun, less expensive and more restful for the whole family.

6. If the child will be traveling alone, prepare the youngster well in advance. Airlines will assist children who are traveling alone to assure their safety.

Vacations are supposed to be fun-filled times. With a little advance planning and preparation, they can be.

For more information about children and their development, contact the Crockett County Extension Office at 392-2721. Educational programs and information provided by the Texas Agricultural Extension Service are open to persons regardless of socioeconomic level, race, color, sex, religion, national origin, age or handicap.
