"Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly -- The Best Place On Earth To Call Home."

Mrs. Sohl introduced the fun of using the "computer mouse" to draw and color to Melissa Emery at Ozona Intermediate School last week.

Primary and intermediate students involved in new computer program

The Josten's Learning Laboratory opened a new location in West Texas here in Ozona at the primary and intermediate schools. This is the first Josten's Lab in the near vicinity of Ozona, and is a pilot location for Josten's Learning Corporation. Being a pilot school allows the children of Ozona to experience several extras that would not have been included in a regular lab. This status allows Ozona to be a demonstration site for the parents of our children in Ozona and all our neighboring communities.

To the children at the two schools, the opening of their laboratories has almost been as big an event as Santa Claus' arrival. IBM hardware is the equipment purchased to present the Josten's software and will allow the children of Ozona to experience the latest and finest in computer learning materials. The students will be using computer generated lessons in reading and mathematics set to each child's individual level through the use of a Basic Skills Inventory.

These lessons are presented in magnificent color graphics and visuals utilizing the keyboard, computer mouse, voice generated speakers and microphone, and musical fanfare. The awe and enthusiasm seen from the first day of "Lab Class" in each child's face is enough to realize how much this learning center will add to the experiences of learning for these children. Having these experiences from kindergarten through the fifth grades should greatly raise the levels of technological experiences and on-task studying time for each student far beyond what the classroom teacher can provide on an individual basis.

The goal of the Josten's Learning Corporation is to be a partner at the heart of education with the other partner, the classroom-based educator, stating, "together, as partners, we will have a positive impact on education." The Josten's Learning Corporation Reading Curriculum is an individualized, self-paced course of instruction designed to ease learners along from

the "surface level" of reading to the "deeper levels" of critical understanding. The students develop proficiency in word analysis, vocabulary, comprehension, and study skills. The curriculum of both reading and mathematics is designed to provide the learner with lessons that initially teach, reinforce and extend the skills needed for proficiency.

Because Ozona is a pilot program with the Josten's Learning Corporation, the intermediate school was provided with the compact disk of the Compton's Encyclopedia and access to the physical science curriculum. Ozona will be provided with early access to new updates and curriculum innovations even before they become available to the balance of Josten's users. As the students become more familiar and proficient in their daily sessions, the advanced

fourth and fifth graders may be introduced to the writing program through the learning lab.

As the schools are preparing for open house within the next month, Ozona Intermediate and Primary Schools are issuing special invitations to all parents and interested townsfolk to visit the learning labs and participate in the visitors' demonstration allowing hands-on use by all ages. Visitors can be reassured of an abundance of student guides for any wary computer users, as the young people are tremendously enthusiastic.

"The school board and administrators are far sighted and generous to have chosen this innovative system for the students of Ozona and can be commended with much gratitude. Ozona has just become a new West Texas focus with our children in the limelight," said Manley Holmes, Ozona Intermediate School principal.

Wife, son-in-law and grandchildren in serious condition

Bill Watson and daughter killed in auto accident near Abilene

Billy Dan Watson and his daughter Janell Ramsey died Sunday night in Abilene following a two vehicle accident which also injured five other family members. Listed in serious condition Tuesday in the critical care unit of Hendrick Hospital in Abilene were Watson's wife, Julie, and Janell's husband Mark. The couple's three children, Jacob, age 5, Zachery, age 3, and Hannah, age nine months, were reported in serious condition.

Also killed was Tanya Lynn Hall, 16, who died at the scene of the 6:10 p.m. accident on Interstate 20 about three miles east of Abilene. Others injured were Laura Handy of Clyde, age 16, listed as critical, and Shanna McCorry, 14, also of Clyde, listed in serious condition.

The accident occurred about 6 p.m. Sunday when a Mustang driven by Miss Handy collided with the Ram-

sey's Ford Aerostar. The westbound Mustang crossed the median and struck the van which was traveling east, according to a report received at the Ozona DPS office. Mark Ramsey was the driver of the van.

Investigating officer Trooper David Mays was quoted in an Abilene paper as saying he was not sure what caused the driver of the Mustang to wander from the road. There was no blow out or mechanical failure, he said. "I've got to look at my witnesses' statements and the physical evidence."

The impact twisted the Mustang in two and flattened the front of the Aerostar.

Janell was pronounced dead at 7:30 p.m. at Hendrick, and Bill died almost an hour later.

Graveside services for both will be held at 2 p.m. Oct. 3 at Moore Memorial Gardens in Arlington.

Lions barbecue 29 Buffalo burgers

by Scotty Moore and Justin Southern

The Ozona Lions romped over the Forsan Buffaloes 29-0 in district play Friday night in Buffalo Stadium giving the Lions their first win of the season.

Forsan had first chance at offense but was unable to move the ball on the second series of downs.

The Lions' beginning offensive plays were crippled with two fumbles, turning the ball over to the Buffaloes on the second.

Forsan's second try at offense was again uneventful, kicking to the Lions.

Several good yard gainers by quarterback Danny DeHoyos, Ruben Borrego and a 61 yard sprint by

Domingo Perez put Ozona in good field position on the 29 yard line

The Lions' first score came in the first quarter from an 11 yard run by Ruben Borrego with 6:10 on the clock. And, with Danny DeHoyos' two-point conversion carry, gave the Lions the lead, 8-0.

Forsan was unable to gain first down yardage, and again kicked to the Lions.

The scoreboard lights changed to 15-0 and 46 seconds left in the first quarter with a 4 yard rush by Ruben Borrego and P.A.T. kick.

Early in the second quarter with the clock showing 10:20, a beautiful touchdown pass from quarterback Danny DeHoyos to Domingo Perez,

Homecoming Queen crowning Friday

By Ann Trull

Homecoming 1990 festivities began Monday, Oct. 1, and will include many traditional and new activities during the week.

Crowning of Ozona's own royalty, the 1990 Homecoming Queen and King during the pregame ceremony Oct. 5 in Lion Stadium will take place at approximately 7:30 p.m. Game time is slated for 8 p.m. when the Lions host the Eldorado Eagles.

As an OHS tradition, the cheerleaders have named each day of the week as a "dress-up day". Monday was "Hippie Day", where some students ventured into the dark and musty corners of their parents' closets for some of their "way cool, hip-happin'" clothes.

Tuesday was "Kicker Day" with students donning their jeans and boots for a southwestern flavor.

Today, Wednesday, is "50's Day", with the campus of Ozona High looking like it did in the 1950's.

Thursday is "Opposite Day", with the macho guys of OHS putting on their miniskirts, makeup and high heels, and it also has the girls searching for suits, hats and ties.

Friday will be the traditional Spirit Day, or Purple and Gold Day.

On Thursday there will be the traditional pep rally and bonfire immediately following the junior high football games at 8:30 p.m. east of Crockett County National Bank.

Activities on Friday include a pep rally at 3:30 at the high school auditorium. The annual Band Boosters Poor Man's Supper begins at 5 p.m. at the civic center. Tickets are being sold by high school and junior high band students and will also be available at the door.

At 10:50 a.m. and 2:40 p.m. the cheerleaders and senior football players will hold pep rallies at the primary and intermediate schools.

The annual homecoming dance is scheduled from 8 p.m. until midnight Saturday at the civic center. Jim Spann will be guest Dee-Jay.

The nominees for Homecoming Queen and their escorts are: Kimberlee Coy and escort Oscar Gutierrez, Teena Tambunga and escort Danny De Hoyos, Valerie Flores and escort Domingo Perez, and Emily Cervantez and escort Lonnie Martinez.

Senior Kimberlee Coy, daughter of Mr. and Mrs. Juan Coy, has been actively involved in many aspects of Ozona High School. She has been an OHS cheerleader her sophomore, junior and senior years, and has been a member of the award winning Lion Band all four years.

Kim's activities also include being a member of the Lady Lion basketball team for four years. Last year she was rewarded for her efforts by being selected to the All-District 6-AA second team.

She has also run cross country all through her high school career.

Kim is class secretary this year, and was class vice-president her sophomore year.

This busy student enjoys spending time with her brother, J. J., and her sister, Evangela.

Kimberlee selected Oscar Gutierrez as her escort. Oscar is the son of Ms. Lupe Gutierrez and Juan Gutierrez. He has been a member of the Lion football team all four years and has run cross country his freshman and junior years.

Oscar was Freshman Class secretary and is also a member of the Lion Band.

Emily Cervantez, another nominee, is the daughter of Mr. and Mrs. Humberto Cervantez. She played basketball and was in the band as a freshman. Her junior year she was chosen class favorite.

Emily enjoys spending her spare time with sisters Annette, Edwina,

Debra and Amy, and also with her brother, Bobby.

Lonnie Martinez, son of Mr. and Mrs. Chris Martinez, will escort Emily. Lonnie has been involved in Lion football and basketball teams throughout his high school career. He was a member of the band his freshman, sophomore and junior years.

He served as class secretary as a freshman and sophomore, was vice-president his junior year, and is currently president of the Senior Class.

Lonnie enjoys spending time with his brother Chris, and sister, Kristina.

Teena Tambunga, daughter of Mr. and Mrs. Ernest Tambunga, is also a senior nominee. Teena was on the Student Council her junior year, and now serves that organization as secretary.

She has been in Lion Band all through high school and has played basketball each year. As a junior she earned District 6-AA honorable mention. She was also on the track team her freshman year and will be on the tennis team this year.

Teena was elected cheerleader her junior and senior years.

Academic abilities include being involved in the National Honor Society which she serves as secretary.

Teena has two brothers, Robbie and Dino.

Danny DeHoyos has been chosen as Teena's escort. He has been in football and basketball all four years of high school. He has also been in the band and on the track team for four years.

Danny was elected Class Favorite as a sophomore, served as class president that year and was class secretary as a junior. He was selected to serve on the Student Council his sophomore and freshman years.

Another nominee is senior Valerie Flores. Valerie was Class Favorite as a freshman and sophomore and on the Student Council her sophomore and senior years. She played basketball as a freshman and sophomore and was in band her freshman year.

Beef: Handle With Care

To maintain the best flavor and quality, it is important that we handle fresh beef properly when we get it home. If it is wrapped in plastic, store in the original package; if not, wrap ground and variety meats in foil or plastic wrap or bags to seal airtight. Wrap chops, steaks, roasts and stew meat loosely in waxed paper or foil. This prevents transfer of odors and drying out. This is particularly important in frost-free refrigerators where air is constantly moving. Following is a chart of recommended storage times, in the refrigerator (34°-40°).

Chops, steaks	2-4 days
Roasts	3-5 days
Stew meat	1-2 days
Ground meat	1-2 days
Variety meats (liver, etc.)	1-2 days

Crockett County Care Center News

By JoAnne Marshall

Glittered pinecone Christmas ornaments were made in Monday morning's craft class. The gorgeous ornaments were done in a variety of colors including reds, blues, mauves, golds, silvers, and multi-colored. Residents proudly displaying their works of art were Juana Hernandez, Norma Hine, Frances Davis, Florencia Porras, Moriama Perez and Monnie Boyd.

After a short wheelchair exercise routine to limber up Monday afternoon, residents played a few rounds of ring toss. Ray Ramos Jr., age 7, and his little sister Briney, age 3, assisted the residents during the games and added a little more zeal to the activity. We would like to thank Ray and Briney for their much appreciated help.

Monnie Boyd was the top winner in Tuesday morning's bingo games. She won three games. Hazel McDaniel and Santos Martinez came in second, winning two games each. The residents winning one game each were Florencia Porras, Juana Hernandez, Minnie Karr, Myrtle Post and Bertha Miller. We would like to thank Sophie Kyle and Georgia Kirby for their assistance during the games.

Bill Fuller and Maxine Brown of First Baptist Church conducted a song service and a short Bible study Tuesday afternoon. Thank you both; we thoroughly enjoyed it.

Ruthie Dorris and Jeannie Fuller had their hands full deciding which colors and textures were just right for the pieces residents were working on in Wednesday morning's ceramic workshop. We would like to thank these ladies for giving up their time to be with us and to give us a few necessary pointers.

Theo Burns was the grand prize winner in Wednesday afternoon's Wheel of Fortune. She solved two of the three puzzles. Hazel McDaniel solved the other one, and both the

ladies received a nice gift for their efforts.

The Spanish Hour of Praise was held Wednesday afternoon. The service was conducted by Chele Funtz of Our Lady of Perpetual Help Catholic Church. Communion was offered and hymns were sung. We would like to thank the large number of visitors who attended this activity. Your visits mean a lot.

This Thursday, beauty shop volunteers were: Vivian Hughes, Audrey Smith, Lola Rios, Tosha Nowell and Jerri Pesson. We would like to thank the ladies for a job well done. You really know how to boost our morale.

A family residents' council meeting was held Thursday evening to explain the new federal and state regulations and residents' rights. We would like to apologize for the poor seating arrangements; we had not anticipated such a large attendance. We would like to thank each and every one of you for coming and hope to see you at the next scheduled meeting.

Friday morning's bingo winners were: Florencia Porras, Juana Hernandez, Hazel McDaniel, Moriama Perez, Myrtle Post and Bertha Miller. This must have been Hazel's lucky week, she won another two games. If she keeps her winning streak up, her piggy bank will be full in no time. As an extra added treat popcorn was served.

JoJo the Clown paid a visit to the care center Sunday afternoon and handed out a few balloons. Several of the residents gave her a hug or shook her hand.

Sunday's worship service was presented by Fernando Charles of Templo Bautista Jerusalem Church. We were happy to see so many of the congregation accompanying him. Thank you all for coming.

Arts and craft guild elects officers

Ideas for the 1990 arts and crafts fair were flying during the organizational meeting of the Crockett County Arts and Crafts Guild held Thursday, Sept. 6, in the home of Chodya Squires. The members decided to have a contest this year for the best decorated booth. The guild will be giving a cash prize, and several area businesses have donated prizes as well. A drawing will be held to give away a large wreath made by guild members. There will be door prizes given away, also.

New officers were elected as the group settled down to business. Offi-

cers chosen for the 1990-91 year are: chairperson - T. K. O'Bryant; secretary - Chodya Squires; treasurer - Helen Kennison; publicity chairman - Tasha Emery.

The guild also decided to have monthly meetings on the second Tuesday of each month. The first meeting will be Oct. 9 at 9 a.m. at 410 Terrace Dr. Each meeting will have a special craft demonstrated and a salad luncheon. New members and guests are invited to attend.

SPECIAL NOTE: If you are planning to have a booth at the fair on Nov. 3 this year, get your applications in fast. Spaces are filling up quickly.

Freedom

The Statue of Liberty stands as a symbol of freedom to all the peoples of the world. Millions have journeyed to our shores to breath the invigorating air of liberty. They are still coming, even today, to dine at the table of independence and opportunity.

On August 28, 1990 a hypocritical act took place on Liberty Island, the site of the Statue of Liberty. Some black activists, demonstrating to mark the anniversary of Martin Luther King Jr.'s "I Have A Dream" speech, forced the closing of the Statue of Liberty. King envisioned freedom for all, and his followers, on that day, shut Freedom's Gate.

Imagine that! A people pleading the cause of freedom shutting the gate. Some folks have short memories don't they? Some demonstrations speak more of hypocrisy and prejudice than they do of helpfulness and purpose. I have no idea what those activists had in mind that day, but I see duplicity stamped all over their actions.

The cross of Christ looms taller than the Statue of Liberty. Its eternal light has guided multitudes, from every nation, to freedom in Christ. Jesus said, "Hold to My teaching...you will know the truth, and the truth will set you free" (John 8:31f). The lord of all set humanity free from the power and penalty of sin at the cross. All who come to Him can enjoy that peace and eat at His table celebrating the victory.

It seems to me that some, in the same spirit as those activists at Liberty Island, seek to block the entrance to the kingdom of God. In various brands of hypocrisy, they bar sinners from coming to the Savior by insisting that they pledge allegiance to their particular interpretation of religion.

Blacks, whites, browns, reds, or yellows have no business closing the door to anyone who seeks liberty in this country. The Statue of Liberty is multicolored if you please. It has a common factor that provides freedom to all - BLOOD! Spilled on a thousand battlefields, that blood calls forth from the ground that this country is a land of freedom for everyone.

By the same token, no one, regardless of his particular brand of religion, has the right to forbid others from delighting in the cross of Christ. How dare anyone close what God has opened for all? The Master Liberator proclaimed, "I am lifted up to draw all men unto me." That cry reaches into the heart and soul of every man and woman with its magnetic appeal and sacrificial blood. BLOOD is the calling card of the Christ, and, by its power, all who come are cleansed. No one dare close the gate!

Hypocrisy is distasteful. Prejudice is a monster that devours. Demonstrate all you want for freedom, In America or in Christ. But whatever you do - don't shut the gate!
Think about it.

Dews, Becker exchange vows in Midland

Rea Lynn Dews became the bride of John Edward Becker September 1, 1990, at St. Ann's Catholic Church in Midland. Fr. Fred Nawarskas officiated the formal ceremony which began at seven-thirty in the evening.

The bride is the daughter of Mr. and Mrs. Ted E. Dews of Ozona. Parents of the bridegroom are Mr. and Mrs. Henry E. Becker of Frogtown, Illinois.

The wedding began with the lighting of family candles by Mr. and Mrs. Dews and Mr. and Mrs. Becker. The unity candle was lit later in the ceremony by Rea Lynn and John.

Escorted by her father, the bride presented her mother with a single red rose and a kiss. Scriptures from Genesis and I Corinthians were read. Music for the ceremony was played by an organist accompanied by a violinist.

Vows were spoken before an altar decorated with greenery and six spiral candelabras. After being pronounced husband and wife, Rea Lynn gave her mother-in-law a single red rose and a kiss.

For her wedding, Rea Lynn chose a gown by Robert Works of Fink Originals. The basque bodice of re-embroidered lace was adorned with pearls and sequins. The puff sleeves were also accented with pearls and sequins. The sheer lace back of the bodice was fastened with tiny covered buttons. Her full gathered skirt extended into a chapel-length train. Accenting the train were lace, pearls and sequins along with two surprise bows also embroidered with lace and pearls.

The headpiece was a band crown with venice lace and satin petals filled with pearls and iridescent sequins. A small pouf of tulle attached to the back of the headband led into a cathedral-length train. Her arm bouquet was of 12 white roses, greenery and baby's breath.

The bride carried out the tradition of wearing something old, something borrowed, something new and something blue. The something old was a dinner ring to be given to her on the day of her wedding by her mother, which was her grandmother's, Mrs. Britton Rea. Something borrowed was a necklace and earring set loaned by Mrs. Dick Karnes. Something blue was a garter given to her by Miss Lisa

good for 90 yards, put the Ozona fans on their feet witnessing another Lion touchdown. Ruben Borrego's P.A.T. was good, topping the Buffaloes 22-0.

At this point in the game the Buffaloes appeared to get serious with the Lions by gaining 2 first downs, but lost seven yards on a third down attempt at the hands of Ozona defensive linemen Albert Talamantez and Joe Mendoza.

Ruben Borrego was relieved of his next 55 yard touchdown run late in the second half by a heart breaking clipping charge against the Lions.

The Lions' last score of the game came with 3:31 remaining in the third quarter from Lion rusher Ruben Borrego's 46 yards and a good P.A.T. kick.

Forsan tried desperately to score in the air during the fourth quarter but good defensive play by the Lions allowed only two first downs during this time period.

The victory over the Buffaloes left the Lions with a record of 1-3 for the season and 1-0 in district. Forsan drops to 1-3 for the season and 0-1 in district.

The Lions tangle with the El-dorado Eagles next week in front of a Ozona High School homecoming crowd.

Blood drive Wednesday, October 3

Millions of people are alive today because thousands of people donate blood each year. Every day, more than 30,000 donors are required to meet the blood needs of the nation. In this region, 75 donations are needed each day.

Wednesday, Oct. 3, the citizens of Ozona and surrounding area will have an opportunity to make an important personal contribution to the welfare of the community. That is the date of the United Blood Services blood drive. The drive will be from noon until 5:30 p.m. at the Ozona Chamber of Commerce. Xi Sigma Omega sponsors the event.

United Blood Services, the non-profit blood center located in San Angelo, provides blood and blood products used at 21 hospitals in the West Texas area.

People in this area give blood as a community service so blood is available for anyone who needs it. Because

the blood is given by volunteer donors, there is no charge for the blood itself at hospitals served by United Blood Services. Patients are charged only a service fee, which covers the costs of collecting, processing, testing and distributing the blood for patients' use. Most medical insurance programs cover this service fee.

Donating blood is a safe and simple procedure that takes only 30 minutes. First, the donor is asked some medical history questions to help assure patient and donor safety. Next, the pulse, temperature, blood pressure and blood iron level are checked. The actual blood donation takes only about 10 minutes. Afterward, the donor is treated to refreshments.

The average adult has between 10 and 12 pints of blood. The donated pint of blood is replaced within four to

six weeks, so donors can safely give every eight weeks.

After the blood drive, the blood is sent to the United Blood Services laboratory for typing, testing and processing. Then, it is distributed to area hospitals.

"Often we don't think about donating blood until someone we know needs it. Then, the importance of having a safe, adequate blood supply is appreciated," said Paula Kenemer, community relations director with United Blood Services. "Your blood donation could help a patient with heart disease, anemia or cancer."

"Our goal for this blood drive is to have 35 donors. This is five more than we have set for past blood drives. I encourage everyone to help us meet that goal and the blood needs of the West Texas area," Kenemer said.

Cains attend reunion, Centennial event

Mr. and Mrs. Lonye Cain and their family attended the Schuster family reunion and the Schuster Circle X Ranch Centennial Celebration near Priddy over the weekend of Sept. 29.

This historic ranch is now a complete exotic game ranch and also has registered Angora goats. Tours over the ranch were taken in horse-drawn buggys dating to the 1890 era which was a real thrill for grandson Zane.

A barbecue dinner was served to over 700 people, family and friends, at 6 p.m., and guest speaker, State Representative Layton Black, gave an entertaining talk of his "growing up" days in Goldthwaite and Priddy.

"Schuster of Texas" of Goldthwaite creates designs and arrangements of decorative foliage, starting the business in the 1950's using native plants and mistletoe, some of them from West Texas. The company now goes to foreign countries, including Africa and Brazil, for foliage.

Wilford Schuster and his three sons, Ronnie, Dale and Vance, all work in the family business and continue the family tradition.

A Chili A Day... (Keeps The Doctor Away)

...And Mexican Food is Not Only Good, It's Good for You!

According to a U.S. government study, the people living in a small area of the Southwest have the lowest death rate from heart disease in the United States. And the lowest death rate from cancer. They eat Mexican food regularly.

When the diet of the Qotomi Indians of Central Mexican was analyzed by the Massachusetts Institute of Technology, their diet was found to be much more nutritional than the diet of a group of U.S. town dwellers.

As far back as 1493, chili was used in folk medicine as a remedy for inflamed kidneys, chills, heart pains and tumors. And although not enough laboratory work has been done, there are indications that chili just may have some of the important characteristics that early users attributed to it. Dr. Lora M. Shields reports that chili may help rid the body of enough fats to lower the blood fat level and reduce chances of heart attack.

One ounce of dried chili contains as high as 20,000 units of vitamin A (two times the minimum daily requirements).

Fresh chili pods have even higher levels.

Vitamin A is not the only benefit derived from chili. The vitamin C content can run as high as 16,000 mg. for each 25,000 calories of plant. It is also high in calcium.

Red chili has an additional quality. It retards the oxidation of meat and fats, and serves as a natural preservative in stored and frozen meat dishes.

Corn is also a source of Vitamin A and a good source of magnesium. It also helps prevent cholesterol build up.

Corn flour, processed with lime, and used in making tortillas is reported to prevent serious tooth decay.

The avocado has an abundance of unsaturated fatty acids, vitamins and minerals.

The pinto bean is loaded with protein and is a wonderful meat substitute.

Honey, cheese and onions, also very prominent in the Mexican diet, are excellent food elements.

So grab a chili! Enjoy your enchiladas and beans. Eat and be healthy.

Tylenol scholarship applications available

Ozona High School counselor Jack Probst received information on the 1991 Tylenol Scholarship Fund last week. Tylenol is offering 500 one time \$1,000 merit scholarships awarded to students based on demonstrated leadership in academics, school activities and/or community activities. Tylenol will advertise the award in newspapers, school mailings, and on national television. Applications may be picked up in special in-store displays or by writing Tylenol Scholarship Fund, P. O. Box 4396, Dept. S. C., Monticello, MN 55365-4396.

In order to be eligible, applicants must complete the application in its entirety and return it to CSFA by the Dec. 15, 1990, deadline. All applicants will first be screened on the basis of leadership responsibilities in school and community activities as well as academic scores. Recipients will be selected on the basis of the number, time commitment, and quality of leadership responsibilities (40%), a clear statement of educational and career goals (10%), and academic records (50%).

Belated wishes for a happy birthday go to Grizz Tambunga whose special day was Sept. 30.

Meet the Teach.....

By Ann Trull

We would like to take this opportunity to welcome a new coach and teacher to Ozona High School, Mr. Charlie Oren.

Coach Oren graduated from Pecos High School where he actively participated in football and baseball. While in football he was selected to the second team all-district, and in baseball he received district honorable mention. From there he furthered his education by attending and graduating from Angelo State University with a bachelor of science in mathematics and physical education.

Prior to his employment at Ozona High School, he taught eighth grade mathematics at Edison Junior High School and coached football, basketball and track. Currently at OHS he teaches informal geometry, consumer mathematics and geometry. In addition to his teaching activities, he coaches the Lions' secondary in football and will be the assistant golf coach.

In his spare time, he enjoys playing

golf, softball and traveling.

When asked about the students, faculty and athletic programs at Ozona High School, he replied, "Ozona is a nice place to live. The students are very good, and they work very hard. The faculty has also been very receptive, friendly and helpful. The athletic programs here are real good, the athletes work really hard and they want to win."

Texas exes offer excellence award scholarships

Top Texas high school seniors are eligible to apply for a \$16,000 Texas Excellence Award for Scholarship and Leadership to The University of Texas at Austin. Up to nine awards are granted annually to entering freshmen by UT's Ex-Students' Association. With the same application, prospective liberal arts students will be considered for the Dedman Scholarships in the College of Liberal Arts at UT. Dedman Distinguished Scholars will receive \$6,000 per year, renewable up to three years.

Some of Texas' most outstanding students stay in the state for their college education, they say, because of the scholarships. David Perez, for example, was chosen to receive the award in 1986, and decided to attend UT instead of Harvard, Yale or Georgetown University - because of the Texas Excellence Award. Perez is now a senior International Business Liberal Arts major from Houston. After attending UT Austin for four years, he said the scholarship is not only preparing him for a career but, "Receiving the Texas Excellence Award taught me that success isn't defined by achievement and prestige but rather by actions that will enrich the lives of others," he explained.

Applicants for both the Texas Excellence Award and the Dedman Scholarships must be in the top five percent of their classes and demon-

strate leadership ability in the classroom and/or extracurricular activities. Application forms will be available from high school counselors by mid-September; the return deadline is Nov. 1.

Please see Mr. Jack Probst, counselor at Ozona High School, to obtain an application.

Fall lamb wool averaged .8466 on 32,407 pounds. A high of .92 3/4 was paid for three lots.

An average of .7282 was paid for 41,106 pounds of 12-month original bag wool. A single lot sold for .92 1/8.

Volume buyers for the sale were Helmig and Anodyne of San Angelo. "I was pretty pleased except for the 12-month wool," said warehouse manager Terry Criner. "The price was pretty poor compared to spring 12-month wool."

Criner says he still expects a strong market for fall short wool. Approximately 85-95% of the fall clip is in.

Some contracted fall mohair has been sold at .75 and .70 cents Criner said. Information released by the Mohair Council states that the current world stockpile is 28,000,000 pounds. World consumption is 38,000,000 pounds and current production still at 49,000,000 million pounds.

Grazing management focus of field day

A grazing management field day will be Oct. 23 at the Texas Agricultural Experiment Station at Sonora.

The program begins at 9:30 a.m. with registration and coffee and continues with discussions on the role of range management, ash juniper control, forecasting carrying capacity, deer and goat competition, and nutrients.

The afternoon program includes a workshop on estimating carrying capacity on rangeland, a tour of lysimeters used in rangeland hydrology studies, and a tour of burned pastures with emphasis on vegetation response.

A catered lunch at a cost of \$5.75 per person will be served.

The Experiment Station is located southeast of Sonora on Hwy. 55. Further information is available from the Experiment Station, 387-3168.

Space tomatoes anyone????

Lloyd Winkley's life science class at Ozona Junior High School participated in the the Space Exposed Experiment Developed for Students (SEEDS) program sponsored by NASA last year.

The plant pictured was one planted by last year's seventh graders. The seeds were on board the Space Shuttle Challenger which was launched April 6, 1984. For nearly six years they were exposed to the harsh environment of space, subjected to cosmic radiation, temperature extremes, weightlessness, and the vacuum of the space. The seeds returned to Earth January 29, 1990, aboard the Space Shuttle Columbia.

The plants were not distributed to the students at the end of the year due to publicity concerning health hazards.

Mr. Winley gave some of the plants to some adults however. Gene Fowler transplanted the plants pictured. Curtis Keith also took some but his vines produced few tomatoes.

Coping with the weekday evening

For working parents the toughest time of the day may not be in the morning when the children are left at day care, or even on the job, but those few hours between bringing the children home and getting them to bed.

Consider some of the common problems, and possible solutions.

Getting Home. Young children may be tired, hungry and "wild" by the time they reach home. After following the rules for play and behavior at daycare or school, they can have excess energy and need some time to "wind down." Unfortunately, parents may also be tired and even less able to deal with the children.

Some possible solutions are to build in run-around time, indoors or out, for the youngsters, and a little quiet time — even if it's only 15 minutes to change clothes — for parents. Having a nutritious snack easily available, like juice, some raisins, crackers and cheese will stave off hunger and give everyone the chance to adjust to being home.

Mealtime. The sales of frozen foods and microwave ovens attest to the fact that working parents have

discovered convenience foods. But even convenience foods take some time to prepare. Once the food's on the table parents often have unrealistic expectations for a pleasant, quiet meal with meaningful conversation.

Consider various ways to reduce the stress of mealtime. Carry out foods or ordering pizza are occasional alternatives that mean no cooking at all. If you want home-cooked food, try preparing main dishes on the weekend and freezing them. Some days a pleasant family meal may be possible, and on others your sanity may be preserved by letting the youngsters eat off a tray in front of the television.

Bedtime. The time between dinner and bedtime is the famous "quality time" that working parents are supposed to have with their children. But if that time includes supervising baths, doing a load of laundry and answering a few phone calls, it can turn out to be as hectic as any other time of day.

Try getting laundry and other chores done on the weekend, so they don't eat into weekday evenings. Some families make it known they don't take phone calls or turn on an answering machine on weeknights.

Avoid keeping children up late, just so you can see them. When young children are too tired they can't interrelate properly anyway. Instead, try some special parent-child bedtime activity every night, such as reading stories, a quiet game or cuddling and listening to music. It will put everyone in a better frame of mind for sleep and the next day.

For more information about children and their development, contact the Crockett county office of the Texas Agricultural Extension Service at 392-2721, or come by our office, located on the second floor of the Courthouse Annex.

Educational programs and information provided by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

Ranchers asked to make nominations for ASC committee

Ranchers are asked to nominate candidates of their choice by Oct. 29 to be on the local ASC county committee ballot," says Jerry Harris, chairperson of the Texas State Agricultural Stabilization and Conservation Committee. The local ASC county committee elections will be conducted from Nov. 23 to Dec. 3 by mail ballot.

ASC committees are responsible for managing federal farm programs on the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals, Harris said. Local county ranchers have the opportunity to nominate people they feel would best serve the farm community. Ranchers have received petition forms by mail and are now submitting them to their local county ASCS office.

A few basic considerations should be kept in mind when circulating petitions, Harris said. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be signed by at least three eligible farm votes in the ASC community, and must be received in the local county SCS office by the Oct. 29 deadline.

Ranchers may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate a rancher for the ASC committee election may contact the county ASCS office for full details, including eligibility requirements for office holders.

Ranchers should petition for and elect those individuals they feel would do a good job as a member of the ASC committee. The election of concerned ranchers to positions on ASC committees is essential in the administration of farm programs," Harris said.

Jerry Harris further explained that the county ASCS office welcomes all valid petitions. The opportunity to nominate, vote an electeto office is guaranteed to all ranchers regardless of race, color, religion, sex, age, marital status, handicap or national origin.

Field and stream hunting program draws to close

Crockett County 4-H Field and Stream Program will hold meetings on the following dates to finish the hunting portion of the 1990 program which began Sept. 1989.
