Court okays doctor contracts, considers purchase of O-B Trap company acreage for next landfill area

Commissioners met with Dan Davidson, president of O-B Trap Company, Monday regarding possible purchase of acreage for a landfill. Court members expressed interest in 50-100 acres approximately five miles south of Ozona. O-B Trap owns 340 acres at the location, Davidson said.

Obtaining permits for a new landfill once a site is selected is expected to take up to two years, Judge Kathryn Mayfield said.

The stamp of approval was put on contracts with Doctors Robert Owensby and Marcus Sims. Commissioners voted to approve these contracts, a contract with administrator Robert Denson and a contract with social worker Dawn M. VanZandt.

The contract with Ms. VanZandt corrects a nursing home deficiency written up during a survey for licensure in January. She also works in this capacity in Eldorado and Big Lake.

Ms. VanZandt will be in Ozona a minimum of once every six months and on an as needed basis.

In other action pertaining to the hospital and care center, commissioners approved the purchase of a washing machine, membership in the Texas Association of Homes for the Aging and hiring of a full-time temporary credit and collections clerk.

Also approved was the hospital board's awarding of an education scholarship to nursing student Judy Farris.

Robert Denson, administrator, reported that March 15 is the target date for Dr. Sims to be in the professional building.

The court voted to accept the civic center board's recommendation to appoint Janie Chandler, Pete Ybarra and Nellie Gibson to 3-year-terms and Debbie Phillips and Leslie Vestal to 2-year-terms on the board. Phillips and Vestal fill the unexpired terms created by the resignations of Frances Denman and Ramon Sanchez, director Garland Young said.

Outgoing board members are: Chandler, Teri Williams and Jonel Stokes. Holdover members are: Mary Galindo, Curtis Keith, Judy Pridemore and Cynthia Berry.

Commissioners voted to table action on a proposal to replace the vent hood in the civic center kitchen until a second bid is obtained.

Whether to purchase new or used equipment for the road department and what to purchase it with entered the discussion during a report by Eddie Moore, road department supervisor. Moore will finalize road work plans for the year with commissioners then the court will consider purchase of a street sweeper and track loader from remaining budgeted funds.

Moore told the court he needs to hire two employees to fill positions created when one quit and another moved into an opening created by a retirement.

County and water district employees recently watched demonstrations of two wood chipping machines. A third will be demonstrated here soon. Bagging and selling the chips is the desired method of disposing of limbs, commissioners believe. Cost of operation and market will be considered in addition to equipment.

During a report from Onecimo Ortiz, park superintendent, the court learned that a 1972 pickup used by his department is in need of a transmission and other repair. A used pickup was suggested as a solution.

Sheriff Jim Wilson reported that the jail was recertified following its annual inspection by a representative of the Texas Department of Jail Standards last month. Thirty-two persons were placed in county jail in January with 84 incarcerated during November and December.

Helping Hands now receives state reimbursement for some of its meals' clients, Judge Mayfield said during a report for that organization. During January, Helping Hands served 919 meals to 47 clients. Currently 50 are on the program.

Librarian Louise Ledoux reported that the public library is the recipient of a donated flag and pole. Shrubs have been donated for the front of the building by Ozona Garden Club.

Mrs. Ledoux also reported on a seminar on library ethics she attended in Ballinger.

Commissioners voted to approve the appointment of Glenda Winkley and Don Howard to the Child Welfare Board.

Orlando DeHoyos was appointed as a new member on the Historical Commission.

Bonds were approved for new officials Jim Hearne, Fred Deaton and Rudy Martinez.

A revised contract for lease of the fairgrounds was reviewed and approved on a 3-2 vote. Voting to accept the contract were Judge Mayfield, Jim House and Stostenes DeHoyos. Fred Deaton and Rudy Martinez were opposed.

The contract will be sent to the fair association for review.

Commissioners voted to give \$5,000 to the chamber of commerce for playground equipment to be installed at fairgrounds park. Crockett County Fair Association has donated a like amount.

County Attorney Orlando DeHoyos was authorized by the court to offer a dollar-for-dollar settlement of medical expenses to Juanita Tijerina in connection with a fall at the care center.

Fuel bids were received from Sonora-Ozona Oil Company, Shelton Oil and Gas and House Fuel. The bid from House Fuel was accepted as the low bid. Commissioner House abstained from voting on the measure.

The bid from Ozona National Bank was accepted for a depository contract for county and school funds. A bid was also received from Crockett County National Bank.

Mayfield represents CVCOG

Kathryn Mayfield, vice-president of the Concho Valley Council of Governments, attended the National Association of Regional Council's Washington Policy Conference 1991 in Washington, D.C., last week. The purpose of the conference is to inform key officials across the United States of what is facing the 102nd Congress, how it affects folks at home, and gives the national organization a chance to formulate policy and goals.

Ozona Junior High students placing in the Iraan U.I.L. meet last week were: (l. to r.) Heather Hall, Tara Wilkins, Andrea Aldridge, Dana Berry, Lori Tambunga, Clay Westmoreland, Jeffrey Tambunga, Doug Meador and John Vasquez (not pictured). Also pictured is science team coach Lloyd Winkley.

Hospital board approves physician contracts

Hospital and care center board members approved contracts with Doctors Robert Owensby and Marcus Sims at their meeting Feb. 7. The contracts were approved in commissioners' court Monday.

Under the terms of the contracts, the doctors will receive 95 percent of the physician fees they charge. Fees are collected by the hospital.

The hospital provides buildings, clinics, exam rooms, waiting areas and other facilities "reasonably necessary" for conducting medical practice. Also furnished are personnel, furniture and equipment "reasonably necessary" to provide services.

"At a minimum" the hospital is to provide the doctor a receptionist and

two physician assistants, one of whom shall be a licensed vocational nurse provided that the trained personnel is available and approved by the hospital and physician.

Either the physician or the hospital may terminate the contract with 60 days written notice.

Also approved by the board were contracts for administrator Robert Denson and social worker Dawn M. VanZandt.

During a report by Doug Meador, board members examined ambulance brochures and set April 2 as the date to open bids on a new ambulance.

EMS personnel received 181 ambulance calls during 1990, Meador said. There were 86 patients taken to the emergency room and 94 transfers. Board members voted to purchase a replacement washing machine and to join the Texas Association of Homes for the Aging. Membership in the Texas Health Care Association was renewed.

In other action, the board voted to recommend to commissioners' court that a full-time temporary employee be hired to work on credit and collections

buy a digital dual communicator for the hospital's fire alarm system in order to remain in compliance with codes

approve applicant Judy Farris for a \$300 per month medical studies scholarship.

The board approved two scholarships last June. The application from Mrs. Farris is the only one received.

Mr. Denson informed the board of the opportunity to obtain thousands of dollars worth of free equipment from Odessa Medical Center. He and board president John Daniels traveled to Odessa Friday and selected cabinetry, lab tables, sinks and other items for Crockett County Hospital.

Conservation program Fielder in Saudi Arabia sign-up underway

Agricultural Stabilization and Conservation Service (ASCS) programs are available to assist producers solve their conservation problems. These are referred to as Long Term Agreements (LTA) and Annual Program (ANA). The LTA program allows certain conservation work to be completed over a period of three to five years. The Soil Conservation Service assists the rancher in planning the work. When the work is completed to specifications, the Soil Conservation Service certifies the completion. The ASCS agency then pays the cost share.

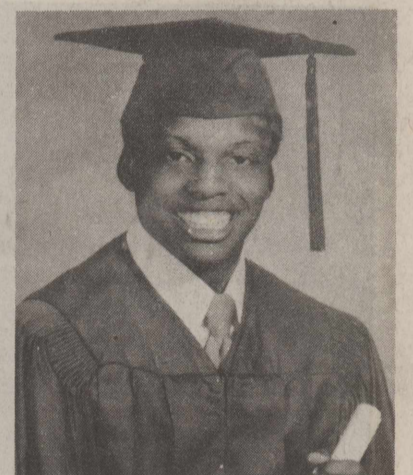

Herb Schwertner, county director, reminds producers that a Long Term Agreement (LTA) sign-up is underway from Feb. 1-22. If you are interested in long term conservation, contact the ASCS Office to apply. Also remember that any application made in a prior year is now null and void and a new application for 1991 must be re-submitted.

County producers may also apply for the "annual" conservation program (ACP-ANA) for 1991. This program is simply a one year program administered through the ASCS office. An application may be made anytime since annual practice requests are now being taken on a continuous basis throughout the year. Applications are reviewed periodically during the year.

Schwertner also reminds wool and mohair producers who have filed for incentive that they may come in to sign their applications beginning Feb. 19. Please note, however, that during this period the office will be closed all week from Feb. 25 through March 1. The county office staff will be attending training meetings dealing with the 1990 Farm Bill.

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, religion, age, sex, marital status, disability or national origin.

Article brings back memories for Larry Albers

An article carefully preserved in someone's trunk came to light recently following the owner's death. The clipping from the Del Rio News-Herald was sent by a family member

to Larry Albers, subject of the story. A number of years ago Albers walked into his barn at the ranch 60 miles northeast of Del Rio after a hailstorm and found a banded pigeon

taking shelter there. The bird let Albers walk right up to it, and then enjoyed the feed and water he provided.

Albers turned the bird loose only to have it come back to the barn. In his efforts to locate the owners of the bird, which proved to be a racing pigeon, Albers contacted someone he knew who owned racing pigeons. He was advised to take the bird to the back of the ranch, far from the barn, and throw it up in the air. Sure enough, the bird took flight and didn't return.

Three to four weeks later it landed at its owner's home in California. The bird had been in a race from New Orleans to California when the storm interrupted its flight.

Albers was off to Del Rio to let the News-Herald know "the rest of the story" when he shared the article at The Stockman.

Snips, Quips, and Lifts

by Lottie Lee Baker

V-Valentine's Day is tomorrow.
 A-Always remember this day.
 L-Love is the theme for this special time-
 E-"Ever, Always" will you be mine?"
 N-No one is immune to love adoring-
 T-'Tis a lift, a delight, a glad outpouring.
 I-In times past it was a faithful tribute
 N-Nothing better to settle a dispute.
 E-Even now, this day we salute.

 Age is like love; it can't be hidden.

 Love looks through a telescope; envy, through a microscope.

 Happiness is the conviction that we are loved in spite of ourselves.

 Love is an unusual game; there are two winners or none.

 We are often told that love is blind - it can also be deaf and dumb.

 Love is something different from delirium, but it's hard to tell the difference.

 True love doesn't consist in holding hands - it consists in holding hearts.

 Love is sharing a part of yourself with others.

 Love at first sight may be all right, but it might be wise to take a second look.

 A house is made of walls and beams; a home is made of love and dreams.

 Love is oceans of emotions surrounded by expanses of expenses.

 Duty makes us do things well, but love makes us do them beautifully.

 Kindness is the ability to love people more than they deserve.

 True love doesn't have a happy ending; true love doesn't have an ending.

 Love conquers all things except poverty and a toothache.

 Love is the fairest flower that blooms in God's garden.

 To some people love is only the last word in a telegram.
A LIFT FOR THE WEEK
 Love is more easily demonstrated than defined.

TAYLOR WORD

Taylor Word to be 90 Feb. 17

Taylor Word, soon to be 90 years of age, plans to celebrate his Feb. 17 birthday with a visit from son Max and family. This active senior citizen always wears a smile, and he was smiling even more last week when he explained the operation of his new Lifeline telephone system signaling device. The system, which Word can activate by pressing a button on a small mechanism worn on a chain around his neck, can summon help when the wearer is as far as 200 feet from a phone.

Although extremely healthy, Word and his family decided he needed this extra assistance after what he believes was a recent stroke.

Taylor Word was born Feb. 17, 1901, in Bensen, Arkansas, to Susan and Adolph Word. The family moved to a farm south of Paint Rock, and it was here that he began a lifetime of work that son Max says qualifies his father as a "Jack of many trades". From picking cotton on the family farm Word went to San Angelo and worked as a teenager call boy for the Orient Railroad. His job was to bicycle around town to notify workers they were needed at the rail yard.

In 1917 Word volunteered for the Army. He "told the enlisters he was 18 and they took him in the Infantry even though he was only 17," Max said. From basic training at Fort Bliss in El Paso, Word went by train to Camp Upton in New York. He shipped out to Liverpool, England, in June and marched across England to South Hampton, then traveled by ship to Le Havre, France.

Word was in the Battle of the Argonne Forest in the famous Rainbow Division, 168th Infantry, Company C. Out of 240 men in the company, only nine were known to come out alive. They pushed the Germans back and took the town of Verdun, France. When the Armistice was signed on Nov. 11, 1918, Word was sent to Germany with the Army of occupation.

After his discharge, Word worked as a roughneck in the oil fields of Louisiana and East Texas. He was also a brakeman for the Orient Railroad. Word moved to Ozona in 1925 and worked as a cowboy.

At the time of his marriage to Lena Carson in 1926, Word was a soda jerk at Smith Drug Store, and his bride was employed there as a bookkeeper. Later he worked for Wilson

Coarse Prejudice

A strong correlation exists between golf courses and prejudice. It is a fact that is too obvious to miss, many country clubs discriminate against certain segments of society. All across the nation, there has been a furor because certain clubs have discriminated against people because of their race, religion, or sex.

A country club in Alabama was chided by the PGA because it allowed no blacks membership. The club was

denied the privilege of hosting a tournament because of its exclusive policy. Tom Watson, a prominent professional golfer, resigned from the Kansas City Country Club because they refused membership to Henry Bloch because he is Jewish.

Vice President Quayle raised a few eye brows when he played at the Cypress Point Club in Pebble Beach, California, because it had all-white membership. It was also revealed that the VP was a member of an all-male club outside Washington.

These incidents, and there are many more, say something about the exclusiveness of country clubs. While there is merit to discussions as to whether private clubs have a right to selective membership, one thing always surfaces: PREJUDICE. Whether it is due to one's race, sex, religion, economics, or social standing prejudice is wrong!

Prejudice is certainly not limited to country clubs. You often see it in schools, churches, social clubs, and businesses.

Take schools for instance. Elections for class officers are often determined by ethnic groups block voting instead of considering individual merits. Since schools are microcosms of society, we see them reflecting the images of their communities.

Prejudice, in its coarse and gross manner, is repulsive. It goes against reason and justice. Biases of any kind usually block logic and clear thinking, and they bring about a multitude of repercussions that hurt everyone.

Everyone has a bit of prejudice in them. Everyone! It's ingrained in us by our backgrounds and environment. To deny that all of us don't have some discriminatory tendencies is to push hypocrisy to the limit. But, we must work to overcome it. Each one of us must try to minimize prejudice. Why? Because God detests it!

I realize that this is a touchy subject, but it is a needed one. You and I read the letters to newspaper editors. We hear the gossip that races through a community. We can either ignore it or work at it. I submit that God must be consulted, and, in the light and reason of His Word, all of us benefit.

God, unlike clubs and organizations of men, is no respecter of persons. Christ came to this earth to tear barriers down. He elevated women, pleaded the case of the poor, and preached against ethnic bigotry. Can we do less than follow His example?

Prejudice is peddled by a few. White supremacy groups like the KKK are made-up of a vocal few. The Holocaust was brought about by a determined few. But, a few often give a bad name to many.

At this time, Americans of Arabian ancestry are being discriminated against because of Saddam Hussein. During World War II, Americans of Japanese ancestry were put in concentration camps because of that nation's action. We must learn to look at individuals for their worth and not be led to denounce all because of the actions of a few.

If I am still alive next week, I would like to look further into the issues of prejudice and discrimination. I have no axes to grind and no points to push - except one: God's love and grace is given to every man, woman, and child in this world, regardless of their race, religion, or standing. We must obey God rather than man.

Think about it!

✦ Visiting ✦

Traveling to San Angelo Saturday to march in the patriotic rally were Connie Sessom, Mela Flores, Angelita Sanchez, Vicki Sanchez, Sulema Martinez, and Willa Perry, all of Ozona. The march gathered more than 200 supporters, who marched a 35 block trek which started at ASU's Education Arts Building and ended at Tom Green Courthouse. Angelita Sanchez spoke of the march as being really nice and she felt good to have been there.

Visiting in Ozona with Tommie and Marsha Tomlinson over the weekend were Mr. and Mrs. T. G. Tomlinson. The Tomlinsons are from Brownwood and were off on a country side venture with a few days to spare for visiting.

Mr. and Mrs. David Harris of Clifton were drawn to the down-town patriotic rally crowd Feb. 4. They had no idea what was going on, so the two decided to listen in. The two said, they were "glad to be Texas Americans". I was really impressed to see a small town such as Ozona standing up in support for the troops. Better yet, the caring and love was felt by us, you have a great town."

Happy birthday hollers go to Nelly Gibson on Feb. 11.

Shawna McCary, former Ozona resident, has returned to schooling at Border College in Arlington. Shawna is continuing her studies as an executive secretary. Shawna is the daughter of Johnny McCary of Ozona and granddaughter to Jessie McCary and Katy Maney.

Motor Company. For several years the Words lived on the Roy Hudspeth Odom Ranch where he was manager.

In 1937 Word went to work for Texas New Mexico Pipe Line Co. He was with them for 22 years as an engineer and station operator. He worked as district gauger for Texaco and later was an oil operator with a dozen stripper wells.

Taylor and Lena Word were involved with school activities while Max was growing up. Later they moved to Rifle, Colorado, to be near him and his family. There they operated Max' ranch for 10 years. Mrs. Word did volunteer work at the library and hospital. Word was also employed at an oil shale research facility in Colorado and served a four year term as sheriff.

The Words retired to Ozona, but he was persuaded to go to work for Vic Pierce, a job which lasted 10 years. He retired the last time at age 85.

At 90, Taylor Word does his own yard and house work, pays his bills and enjoys his home. Despite the variety of his jobs, he has never had a broken bone, Max said.

Two grandchildren will join Max and Eunice when they come from Lubbock for the birthday celebration. Jon Word and his fiancée, Cyndy Hamilton, both of Denver, Colorado, and Tami Word and Lance Rauhoff of Washington, D. C. will all be here to wish him well.

Stop, please!

Ornaments have been disappearing from the front yard at 501 Ave. J and ending up at the civic center, says Mrs. Joe Ybarra.

Mrs. Ybarra issues a request to whoever is responsible for moving the items to "please stop".

Listed or Unlisted

(Choice is ours - fee has been paid!!)

By Rev. Don Godeau
 Calvary Baptist Church

In all of our lives from our very birth and on throughout our lives, our name is recorded in a book of some description and for a specific purpose.

Our name is recorded in city, county and state records indicating our physical birth; recorded in school and/or college records as being an enrolled student; later in life, it's recorded in city, county, state and federal records for tax purposes. Our name is also listed in various other types of books for our professional, personal and/or individual achieve-

ments and even law infractions.

Some names are recorded as either being active or inactive church members.

We sometimes may even get upset if we find our name not listed in various publications for some reason or another.

We give little or no thought however about the most important book of all-as shown in the Bible, the Lambs Book of Life. (Rev. 20:12 + 15).

The greatest thing is, we don't have to accomplish some monumental achievement in order to have our name listed, no works, no amount of being good, no denomination, no race

or origin, just one requirement of that is to accept the free gift of God's grace and accept His Son Jesus Christ as our individual, personal Lord and Savior-to be born again (John 3:3)-the new birth, the spiritual birth.

Then on day when the books are opened-The Book is opened, we can be assured with great joy that our name will be listed. But in the mean time, we need to examine ourselves-is our name recorded in that Book? Have we made that commitment with our heart? Or do we assume or just hope it will be there. But, the Bible says we can be sure (John 14:6, 1st John 5:1-12).

Rate increase requested by WTU to curb higher fuel costs

West Texas Utilities Company filed a request early this week with the Public Utility Commission to reconcile historical fuel costs and increase our fixed fuel factors to reflect expected increases in the cost of fuel.

The new factors are not expected to affect customers' bills until later this year or early in 1992. The actual date will be determined by the time it takes to complete the regulatory process.

Robert Bryson, WTU local manager, said the new factors will increase the average residential customers' bill by \$1.44 a month, or 2.5 percent, based on consumption of 660 kilowatt-hours per month.

"Our cost to residential customers is essentially divided into two major parts, the base rate and the fuel factor," said Bryson. Fuel factors make up about forty percent of the total cost to customers.

The company is requesting the increase now primarily for three reasons. First, it has under-recovered retail fuel and purchased power costs through December 1990 by \$3,050,015.

Second, the PUC has recently expressed the opinion that fuel costs should be reconciled at least every three years through either a rate case or a fuel reconciliation case such as we are filing. WTU's fuel costs were last reconciled in a rate case which covered a period ending with March 31, 1987, almost four years ago.

Third, while WTU may be over-recovering during some of this year (partly as a result of renegotiated terms in a major gas contract), they expect that will change to some extent during 1992. In other words, by the time a decision is reached in Austin the company expects the new fuel factors will be necessary.

The company is not asking to collect its present under-recovery balance at this time. Instead it is asking to update the balance just prior to conclusion of the case and make a refund or surcharge over a twelve month period if that is warranted.

During the upcoming proceeding the company will present information on all fuel and purchased power costs since April 1987 to demonstrate that it has generated electricity efficiently, used effective cost controls, and negotiated fuel-related contracts in a manner that produced the lowest reasonable costs for customers.

The company's cost control efforts include construction of a gas pipeline to the Fort Phantom power station near Abilene to provide access to more suppliers, renegotiation of supply and transportation contracts for gas and coal and improvements in the efficiency of some plants so that they burn less fuel to make electricity.

Legal notices of this filing will be published in newspapers of general circulation in WTU's service area. In addition, customers will receive individual notice by post card according to requirements of the commission.

Monday was action packed with exercise, ring toss and lively music by the Sheriff's Posse Band. Lucia Rios scored the most ringers with Juana Hernandez, Monnie Boyd and Franca Porras tying for second place. Other participants scoring at least one ringer were Refugia Valadez, Eva Dean, Moriama Perez, Myrtle Post and Olive Berry. Band members enhancing the action-filled day were Marsha Tomlinson, Bob Hartman, Jamie Knox, Jim Wilson, Bill Fuller, George Hester, Otis Nester, Bill Dane of Iraan and Lee Dane of Big Lake.

Minnie Karr filled her piggy bank to overflowing during Tuesday morning's bingo games. She was so excited about filling it up that she couldn't decide what she would like for a grand prize. Theo Burns made up for lost time by winning three games, and adding three times the game winnings to her bank. After filling up her bank last week and turning in her pennies for a grand prize, Hazel McDaniel thought that her bank looked a little poor, so she did her best to remedy that by winning two games. Other winners were: Tomasa Ramos, Florencia Porras, Joe Connolly and Ernestine Hokit. Much appreciated volunteers cheering winners on and assisting residents with their cards were Sophie Kyle and Georgia Kirby. Thank you, ladies.

A short Bible lesson was presented by Bill Fuller of First Baptist Church Tuesday afternoon. Maxine Brown played the piano. We would like to thank Bill and Maxine for sharing the hour with us.

Ruthie Dorris, Ruth Hester and Alma Bednar were Wednesday morning's ceramic workshop volunteers. As usual they did a splendid job keeping everyone on the right track. Thank you, ladies. Residents attending the class were: Theo Burns, Frances Davis, Chata Tambunga, Florencia Porras, Moriama Perez and Juana Hernandez. Easter items were among the pieces worked on.

A resident's monthly council meeting was held Wednesday afternoon. After hearing that February is pie month, residents decided that they would like to have a pie party. The party was scheduled for Feb. 27. Special events for this month and March were discussed.

Thursday morning's beauty shop volunteers were: Vivian Hughes, Joann Williamson, Lola Rios, Audrey Smith, Yolanda Avila and Olivia Castro. Thank you, ladies. We appreciate your talents.

Fr. Bill Du Buisson conducted Mass during Thursday afternoon's Spanish Hour of Praise. Visitors attending were: Paulita Leal, Alicia Perez, Lorenza and Herbierto Gutierrez, Alejos Tambunga and Felipa Munoz. We would like to thank these members of Our Lady of Perpetual Help Catholic Church for sharing this inspirational time with us. Alicia and Herbierto played the guitar, and the hymns that were sung were beautiful. Another resident succeeded in

filling her piggy bank in Friday morning's bingo. The lucky lady was Myrtle Post. Myrtle traded in her pennies for a jewelry box filled with a necklace and three pairs of earrings. Bernbe had beginners luck. He won three games. Juana Hernandez didn't do too badly either; she won two games. Other winners were: Hazel McDaniel, Alice Ross, Joe Connolly and Elvira Pena. Elvira Caldwell was our much appreciated volunteer. Thank you, Elvira.

Name That Tune was the activity for Friday afternoon. Residents not only got to guess the name of the tunes they heard but also to view my private music box collection. Sixty-five music boxes of all sizes and shapes were displayed. Residents had lots of questions to ask about the music boxes, and I was more than happy to answer their questions.

Sunday's worship service was conducted by Tim Brewer of Ozona United Methodist Church. Communion was offered and hymns were sung. Madeline Stokes played the piano. Thank you Tim and Madeline for uplifting our spirits.

We would like to thank Charles Preddy for sharing his patriotic rally video with us. We enjoyed it.

It's a girl!

Bill and Leann Higgins of El Dorado are the parents of a baby girl, Haley Michelle, born Feb. 8, 1991, in Angelo Community Hospital in San Angelo. She weighed in at seven pounds, 15 1/2 ounces.

Helping make the little one welcome is big brother, Neal.

Grandparents are Larry and Sue Arledge and the late Bill and Anna Talley Higgins.

Birthday greetings go out to Marisella and Leticia Longoria of Midland whose special day is Feb. 13. Hope you both had a great day.

Scout leader Jackie Necessary and new Daisy Scouts gather for their investiture ceremony at Granny Miller Hall.

Daisy Girl Scout Troop 103 holds investiture ceremony

Daisy Girl Scout Troop 103 welcomed family members and friends to their investiture ceremony, Feb. 7 in the Granny Miller Hall of the Ozona Church of Christ. The troop formally became Girl Scouts after reciting the Girl Scout promise in order to receive their Daisy Scout pins and beginning certificates.

The girls proudly offered paper daisies to their families, making them feel linked to their daisy chain. Everyone joined together for a friendship circle and enjoyed refreshments afterwards.

The leaders presented the Daisy Scouts with hair bows designed by Rhonda Shaw. Invested daisies were: Crissy Carson, Devin Carter, Rani Davis, Erica Fierro, Grace Galvan, Diane Hays, Kerry Marshall, Kasey

Miller, Michelle Necessary, Rebekah Shaw, Regan Shaw, Paige Tambunga and Lindsey Wilson.

Extension Connection

"Texas Agricultural Extension Service"

Surviving family conflict

Conflict is an unavoidable part of family life, never pleasant - but not something to be overly concerned about. It's normal and can even be a healthy part of family life if it is used to help family members learn to manage conflict and be aware of each other's views.

Conflict is not the same thing as a fight or argument. It's simply a difference of opinion between people that creates a problem to be solved. A fight is a personal attack; its purpose isn't to solve problems but to vent feelings. Whether a conflict becomes a fight depends on how it's handled.

There are constructive ways to deal with conflict which lead to problem solving. Learning these skills can make family conflict much less trying and improve the family atmosphere.

First, pick a time and place to deal with conflict - avoid trying to deal with conflict during "hassle times" (such as when everyone's trying to get ready and leave for work/school) or when people are tired, tense or preoccupied.

Second, use communication skills to help resolve conflicts. When families listen well, describe their feelings clearly, and ask clarifying questions, they are better able to solve problems.

Finally, know which conflicts to

avoid. There are some family conflicts that can't be resolved even with the most sensitive handling.

The thing strong families have going for them is not that they don't disagree, but that they know how to make up. Developing patterns of reconciliation is an important step in building family strengths.

Remember, a conflict is really no more than a problem to be solved. The goal is to solve that problem, and strong families keep this goal in mind as they deal with conflict.

Right now, we are in the beginning stages of a STEP/Teen parenting class which meets at noon on Thursdays. One of the subjects we cover in the class is dealing with family conflicts in a positive manner.

If you or someone who is the parent of a teenager is interested in evening parenting classes, please call the Extension Office at 392-2721. We do have one couple interested at this time, and to make a class we need at least 4-5 people. Cost for the course is \$10 for a workbook - and couples can share a book.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

War worries Friday topic

Vietnam veteran Amado Molina, a counselor at Rivercrest Hospital in San Angelo, will discuss "The Gulf War - Dealing with Feelings" at Friday's meeting of the local Extension Homemakers group.

Molina, a native of San Angelo, is also the father of a soldier "either on

his way or in Saudi Arabia now," according to Tedra Ulmer, County Extension Agent - Home Economics.

The meeting, which begins at noon, is open to the public and there is no charge to attend. The program will be held at the civic center, and participants are encouraged to bring a sack lunch if they would like to attend on their lunch hour. Iced tea and water will be furnished.

Topics covered in the program will include dealing with the stress of having loved ones involved in the war, how to talk with your children about war, and dealing with the stresses caused by the intensive coverage of the war in the media. "Many of us have had dreams recently which seem to be war-related, and the uncertainty caused by the situation in the Middle East is disturbing to everyone," said Ulmer.

For more information about the program, which is open to anyone, regardless of age, socioeconomic level, race, color, sex, religion, national origin or handicap, call the County Extension Office at 392-2721.

"We appreciate the service River Crest provides to our community, and we hope residents of Crockett County will take advantage of this opportunity and benefit from the program," Ulmer noted.

4-H UPDATE

District council meeting, method demos up soon

Senior 4-H members interested in attending the District VI 4-H Council retreat at Prude Ranch on March 22-24 need to come by the County Extension Office and pick up registration packets. Registration is due March 15 to the District office

Any 4-H member wishing to prepare a method demonstration or illustrated talk needs to come by the Extension Office and sign up for a category on a first-come, first-served basis. There are numerous categories, including public speaking and share-the-fun. Method demonstrations are an excellent way to learn more about a subject, increase your poise and public speaking skills, and to demonstrate leadership in the 4-H program. For more information, call 392-2721.

Clothing projects will get under way this spring. Watch your mail for a special brochure telling about the 4-H clothing program. Several new project areas are available, including the 4-H design (textiles, clothing and accessories) curriculum, which will be implemented this summer at the first-ever State 4-H Clothing Camp. Our own Tamie Reagor will be demonstrating uses and processing of mohair. Katharine Durham, our state Teen Board representative and state co-chairman, is one of the planners of the camp. Wrangler is funding the scholarships for the design contest winners.

The state fashion show will be in Nacogdoches this year, and Crockett County needs to send someone again - for the third year in a row. Remember - you don't have to sew in the clothing project - consumer buying is an excellent option.

For our county project, we plan a field trip to San Angelo this spring, to visit fabric stores, possibly a factory, and hopefully visit with someone in the field of professional modeling. Guys as well as gals are invited to participate. In the consumer buying division last year, District 6 sent three boys and one girl, and in construction, we sent one boy and three girls.

Field and Stream will organize this month - Feb. 25 has been set as the leaders' meeting date. Watch for more announcements. We're proud that Rod Chalmers and another leader will be presenting a program at the District VI Adult Leaders' Meeting in March on Crockett County's Field and Stream program. Rod is in the midst of developing a really neat slide set on Field and Stream. Thanks.

Congratulations to all 4-H'ers and parents who had a great time at Fort Worth. We're really proud to have a group who has the "Crockett County 4-H" spirit and can work together to achieve great things. Good luck to our 4-H'ers at San Antonio, Houston and San Angelo in the next few weeks. We hope you're busy - and successful - in learning new skills, poise and sportsmanship.

For more information on any 4-H project, contact the County Extension Office at 392-2721. For example, right now the photography groups are meeting on Thursday night. We hear the seniors are hard at work developing some ideas for the state photography project.

Remember that educational programs conducted by the Texas Agricultural Extension Service - including 4-H - are open to all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.
