"Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly -- The Best Place On Earth To Call Home."

South Taylor Box gets up to 8 inches . . .

County receives slow soaking RAIN

Slow, soaking rains across Crockett County over a four-day period brought upward of eight inches of moisture in places. Friday night's rain, which seemed to cover much of West Texas, filled gauges on south Taylor Box ranches to the five inch mark. Continuing rainfall through Monday upped the amount to almost eight inches on the Dorothy Friend Ranch.

No roads were washed out according to Pat Aiguier of the Crockett County Road Department. "Everything is soaked right now. If we get any more, it will be a problem," she said.

The rain delayed paving of Ninth Street. Pavement was removed and the street bed lowered to help with drainage problems. Repairs done by the water department to their lines and

connections were completed last week, and paving was expected to begin this week, Ms. Aiguier said.

Ranchers welcomed the moisture. "We sure did need it. It was really getting dry here," said Vicky Miller of the "wonderful" three inches they received Friday through Monday evening.

Sue and Larry Arledge were elated by the 3.4 inches they recorded early in the weekend with more falling after that. Sue came to town Monday too early to check the gauge for the added amount. Good rains had fallen all the way from Pandale to Ozona, she said.

B. B. Ingham recorded 3.5 inches Friday through Monday evening. "It's sure going to be fine," said Ingham of the benefits from the rain.

Jane Black reported 2.5 inches

while Bill Black received up to 4.5 inches on his place next to her. Bill's Kincaid country received two to four inches, Jane said.

J. B. Parker measured 2.5 inches at his place. "It sure changed everything around," he remarked. During a trip to San Angelo Monday he observed that everything was lush from Midway Lane on.

More rain fell Monday night. In Ozona the water district recorded .6. Jamie Pagan, observer for the National Weather Bureau, recorded .29 at the Amax plant just south of Ozona.

State Hwy. 163 South in Crockett County was closed for a time after the heavier rains.

Tuesday's forecast included a 40 percent chance of rain.

Overall Economic Development Program created for county

A draft of the Overall Economic Development Program (OEDP) was submitted on June 24, 1991, by Judge Kathryn Mayfield to Henry Troell, Regional Director of the U.S. Department of Commerce in Austin.

The program was prepared under the general guidelines of the U.S. Department of Commerce in consultation with Carlos Colina-Vargas, AICP & Associates, Urban Planning and Management Consultants.

The purpose of this program was to develop a guide for improvements of the economically depressed county. Development of the program is the first step which will enable the county to make application for and possibly secure much needed grants.

The 45 page document submitted to Troell consists of a historical assessment report taken from the Ozona Stockman, October 31, 1990, issue followed by a general description of the area, population, labor force and the characteristics of the unemployed. Data detailing the current principal activities, economic ties to surrounding areas, financial resources and the availability of community facilities and services are included. The comprehensive report detailed such data as major employers listing year established, male/female employment, and whether it is unionized; temperature, annual average rainfall and prevailing wind; educational programs, facilities, number of students, teachers; public library volumes; county/city government; transportation; utilities; communication; financial institutions; industrial properties available; tax rates and assessment ratios.

The report further stated that there is a great potential for agricultural expansion with development of the lamb, wool and mohair industry.

Since Crockett County ranks second nationally in the production of lamb, wool and mohair, custom treating of wool and mohair has potential for increasing employment and economic development. A scouring and combing plant has potential for development under certain conditions.

The production of a seafood industry using the saline waters of the Pecos River ground water is being studied.

Hunting, both sport and camera, are developing into a big business in the heavily game populated rural areas. This business has potential for development if properly organized and promoted. Approximately 3000 sections are available for game harvest in the county at an average of \$1.50 per acre.

The greatest potential for development of all in industry is in the oil and gas processing, production, gathering and refining according to the committee.

Compressed natural gas, compressing plants and a vehicle modification shop are strongly promoted by this committee and their potential for development is real when coordinated with the State and other regions so a constant source of fuel is available for users who choose this method.

A textile plant, spinning, weaving, combing and scouring plants or any combination of the same have a good potential for development should a market study prove them feasible.

Oil field by-products such as, but

not limited to, Glycol disposal, collection and refining also have potential for economic impact in the county.

Other suggestions were the potential to sell cheap fuel to the Mexico-Eagle Pass-Acuna market; development of the utilities and various sized industrial buildings of the old radar base; developing a communications link where a gap currently exists between the San Antonio-Permian Basin and Del Rio-Permian Basin service areas; and mining of caliche and crushed rock which are available in high quantity and quality.

Conducive to drawing industry to the county is the fact that there is no municipal tax structure and low school and county taxes.

Tourism ranked high as a means of raising annual dollars for the county. The Texas Department of Commerce Tourism Division promotes a publication produced by Texas A&M University called the "Texas Travel Trends". This publication ranks counties by the number of tourism dollars spent and the number of tourists visiting the counties. Crockett County ranks 54th. The fact that 10 million cars per year exit the interstate into Ozona provides excellent potential for tourism development.

Some of the possibilities for tourism

Adam Carroll (31) and John Elizondo (89) of the Ozona Eighth Grade Cubs bring down a Reagan County ball carrier in Thursday's bout in Lion Stadium.

Stockman photo

development include: camera-hunting off-season from game harvesting in leased ranches to targeted markets; Fort Lancaster development; old Fort Trails and cattle drive development; events requiring the temporary lease and use of large rugged land areas for sporting events such as paint ball war games; development of evening activities for travelers who stop overnight; film and movie production...especially those requiring a plateau background; river development; laser sites and sounds open-air development; fly-in conventions and air shows.

Problems and constraints were discussed during the development of the economic development plan. Those addressed during the survey period and throughout the discussions of the potential expansions and new developments were as follows in the area of agriculture: the low average annual rainfall, minimal amounts of known groundwater resources, the necessity of large volumes of water

and pre-treatment of waste water leaving the wool and mohair scouring plant, availability of financial lending. Bitterweed in the area as well as a continuing invasion of mesquite, cedar and prickly pear have proven to be a constraint in further development of raw lamb and wool.

Industrial constraints discussed were as follows: lack of rail service; lack of long term financing availability; remoteness that causes higher transportation costs; lack of sufficient water and waste water resources; lack of Texas Railroad Commission freight permits to allow direct freight routes to Ozona/Crockett County from the El Paso and San Antonio markets. Most freight lines route San Antonio-Dallas-San Angelo-Ozona or El Paso-Midland-San Angelo-Ozona.

The greatest constraint to mining in the area is water and access.

Potential economic development in the government brought up the fol-

Rhea first to qualify as 4-H top gun rifleman

In early June, 1991, Devin Rhea became the first 4-H shooter in Ozona, since the inception of Crockett county's shooting sports program in

1984, to attain the rank of Expert Rifleman. Devin entered the program in 1988, beginning his climb through the NRA award program with the Pro-

Marksman medal. In less than three years, he managed to earn 18 medals, each one requiring at least 10 qualifying targets. In addition to the medals

earned in the program, Devin represented Crockett County at numerous District 6 rifle matches as a member of this county's rifle team.

To qualify for the Expert Rifleman medal, a shooter must fire at least 10 targets, each scoring a minimum of 40 out of a possible 50 points. For those not familiar with the targets used, this means that all five shots must be inside of an area smaller than a dime. The distance from the shooter to the target is 50 feet, with no artificial rests or shooting aids...and from the standing position. No small feat, even for the most experienced of shooters.

Devin's mentor was 4-H Senior Shooting Coach (DPS Trooper) Ben English, who is assisted by Lyndon English of the Crockett County Sheriff's Department. The Englishs praised Devin for the maturity and self-discipline he showed in his quest for this highly-esteemed award, citing many hours spent on the range in the heat of summer and the cold of winter. They also gave credit to Helen Kenison for keeping the records on Devin and the other senior shooters in the program who are following in Devin's footsteps.

Crockett County's Top Gun graduated from Ozona High School last May and is now serving his country in the U.S. Coast Guard in Alaska. Devin is the son of Texas Ranger Danny and Sue Rhea of Ozona.

Devin Rhea, son of Texas Ranger Danny and Sue Rhea of Ozona, has qualified as Expert Rifleman under the 4-H shooting program. Pictured to the left with Devin is his shooting coach (DPS Trooper) Ben English.

Service held for father of Ozonans

Arnold A. Colin died Wednesday, Sept. 11, 1991, in Hartford Memorial Hospital, Hartford, Ct. Mr. Colin was 55.

He grew up in Natrona Heights, PA, earned degrees at Penn State and served in the U.S. Navy in Hawaii. He had lived and worked all over the United States and in several foreign countries.

Services were held Friday, Sept. 13, in Colchester, Ct. Burial was in Natrona Heights, PA.

Mr. Colin is survived by his wife, Joyce, of Colcourt, Ct; two daughters, Lisa and Jennifer Colin of Ozona; a step-daughter, Nancy, of Oklahoma City, OK; and a sister, Terri Anderson of Ohio.

Del Rio service for Karen Van Winkle

Karen Chapman Van Winkle, 36, of Del Rio, died Sept. 13, 1991, in that city. Services were held Sunday, Sept. 15, at 3 p.m. in the chapel of G. W. Cox Memorial Funeral Home in Del Rio.

Mrs. Van Winkle was born May 28, 1955, in Ozona.

She is survived by a daughter,

Tammy Haire of Del Rio; a son, Jim Walker of Napa, CA; her mother, Jo Lou Chapman of Del Rio; a sister, Kelly Chapman of Del Rio; a brother, Cole Chapman of San Antonio; and her grandparents, Mr. and Mrs. D. J. Brewer of Brownwood and Mrs. Estelle Chapman of Del Rio.

•Development program (cont. from page 1)

lowing constraints: no community manager to manage a Main Street Program; neither SH 163 nor SH 137 are on the Texas State Trunk System Plan; there are no good north-south roads for industrial transportation; and infrastructure-water, waste water, solid waste disposal and access.

The greatest constraints to tourism development are: the first points of tourism contact, the gas station attendants and restaurant waiters need tourist interest promotion education; private property closed to the public; cost of insurance and liability for the development of tourist trails and entry onto private property; transportation between points of interest; and distances between the 13 historic sites.

Two plans for implementation of the OEDP have been considered. The one-year plan is as follows: A standing committee of not more than five people should be created from the OEDP committee. This standing committee should cause the work program to be implemented, review applications, amend the OEDP and comment as to a project's conformance with the OEDP. Included in the one-year plan are the following goals: initiate a solid waste disposal plan for the county requesting state and federal assistance; appoint a committee to identify potentials for tourism development specifically for camera hunting, sporting events and historic site trails; develop an experimental project to prove the feasibility of

shrimp development in the area; and identify and profile businesses that have the highest potential to locate or relocate into the county.

The two-to-five year plan is as follows: 1) Tourism: Develop a plan to attract and promote the area and develop the facilities. 2) Industry: Develop a supporting industry to Maquiladora plants, cardboard, paper, plastic packaging. 3) Develop feasibility study into recycling the by-products used in oil field production such as mud, glycol, frac fluids, etc. 5) Develop a feasibility study for grading and processing wool and mohair.

The OEDP report was prepared by a committee made up of a well-rounded cross section of citizens appointed by the county judge with the approval of the commissioners' court. The 14 member group consisted of the following persons: Don Long, J.D. Brown, J.B. Miller, Dan Davidson, Billy Reagor, Pleas Childress Jr., Pete Maldonado, J.R. Bhakta, Diane Myers, Becky Childress, Sostenes DeHoyos, Nancy Moore, Robert Bryson and Tedra Ulmer. This group represented areas from labor, business, utilities, local government, industry, finance, agriculture, professionals, education, health, unemployed/underemployed and minorities.

Also working closely with the committee were Ozona Chamber of Commerce, Crockett County Agricultural Extension Service and West Texas Utilities.

Supporters of Scouting in Ozona campaign begun

The Boy Scout and Girl Scout programs have been a significant part of the lives of millions of people. Through Scouts, youth are taught self-respect, confidence, responsibility, and skills that last a life time.

The Scout programs are carried out by a few dedicated persons who spend countless hours planning, gathering materials, directing projects, and chaperoning trips. They need as much help as possible.

Citizens of Ozona are invited to

invest in the future of the youth of our community and to show the adult leaders of Scouting support and encouragement by becoming "Supporters of Scouting in Ozona". Contributions to the Supporters of Scouting in Ozona fund at either Ozona bank will be divided between the Boy Scouts and the Girl Scouts here in Ozona. Funds will help buy equipment and carry out activities for youth right here in our community.

For further information, contact Tim Brewer at 392-3060 or 392-2032.

Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$5 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

Nelson, Poindexter exchange vows

A mid-afternoon ceremony held July 20, 1991, in the First United Methodist Church of Fort Stockton united Tonya Jaye Nelson and Stephen Chad Poindexter in marriage. Rev. John Barrett officiated the double ring vows before an arched candelabra holding 15 white wedding tapers. The candelabra was accented with white gladioli, fuchsia gerbera daisies and stargazers. Branched candelabras adorned with matching flowers stood on either side of the bridal couple.

Pews were roped in scalloped ribbon of midnight teal and fuchsia. Music for the ceremony was performed by Vicki McKissack. Tipp and Jill Nelson sang, "We've Only Just Begun," Stephanie Chapman sang the "Wedding Song" and Jill Nelson sang "The Lord's Prayer."

The bride is the daughter of Mr. and Mrs. John Nelson of Fort Stockton, and the bridegroom's parents are Mr. and Mrs. Steve Poindexter of Big Lake.

When given in marriage by her father, the bride was attired in a gown of white slipper satin. Alencon lace motifs formed the sweetheart neckline and adorned the fitted bodice. Leg-O-Mutton sleeves were adorned with Alencon lace motifs and tapered to points over the wrists. Lace jeweled appliques cascaded down the front and back of the bouffant skirt which swept into a court-length train. Her headpiece was a pearl-beaded wreath, pointed in the middle, and framing her face with flowers. A double-pouf in the back held a two-tiered fingertip veil with pencil-edging. She carried a cascading bouquet accented with English ivy, fuchsia mini-carnations, white roses, stargazers and stephanotis.

Her "something old and something blue" was her mother's garter, "something borrowed" was her great-grandmother's wedding ring, "something new" was her dress. She wore pennies in her shoe and jewel accessories were pearl and rhinestone drop earrings.

Stephanie Chapman of Ozona attended the bride as matron of honor. Bridesmaids were Tammy Young, the bride's sister; Laura Beth Gibbs and Carin Christall, both of San Angelo; and Lynda Amberson of San Antonio. Jhonalou Young, the bride's niece, served as junior bridesmaid, and flowergirl was Amenda Poindexter, the bridegroom's daughter of Ozona.

Bridal attendants were attired in

tea-length dresses of fuchsia moire taffeta with fitted bodices, sweetheart necklines, three tiers of ruffles in the back and large bows at waistlines. Each attendant carried a trio of Gerber daisies with teal streamers.

Clay Chapman of Ozona served the bridegroom as best man accompanied by groomsmen Steven Poindexter of Big Lake, the bridegroom's father; Tipp Nelson of Houston, the bride's brother; Bart Gibbs of San Angelo and Tommy Bingham of Ozona. Mack Poindexter of Ozona, the bridegroom's son, served as ringbearer, and Mickey McKissack of Midland was usher.

The bridegroom's attendants were attired in black tuxedos with fuchsia cummerbunds and ties.

Mrs. Nelson chose for her daughter's wedding a cream-colored dress with pleated skirt and brocade flower jacket edged with pearls. Mrs. Poindexter chose for her son's wedding a cream-colored skirt with cream-lace top.

Following the wedding ceremony, a reception was held in Hardwick Hall. Tables were laid with fuchsia cloths. Ivy and votive candles adorned teal ribbon runners in the center of the tables. Bouquets of American Beauty roses graced the windows of the hall.

A fuchsia moire taffeta cloth overlaid with a handmade net cloth done by Arleta Jensen covered the bride's table. The three-tiered wedding cake was crowned with a crystal bride and groom and cascades of fresh flowers. Strawberry tea was served from a silver punch bowl.

A teal lace cloth covered the bridegroom's table which held silver candlesticks with teal candles. The bridal bouquet and a Bible displayed on a mirror centered the table. Coffee was served from a silver service.

Houseparty members were Mary Ann Lindsey, Alicia Allen, Vicki Renfro, Connie White, Jean Ivy, Edith Payne and Carolee Monroe. Food

was catered by Edith Payne.

Special guests included O.L. Title of Artesia, N.M.; Bill and Jan Tittle of Abilene; Tommy and Jayne Cockrell of Artesia, N.M.; Mr. and Mrs. Harold Baracey of Corpus Christi; Nadine Tittle; Maggie Nelson of Barksdale; Troy and Peggy Kuykendall, Cassie Kuykendall, of Big Lake; Jennie Gilbert of Kingsville; Alfred and Ampara Enriquez of Ozona; Holly Lambert Gonzalez of Houston; Pete Dudley of Mertzon; Walter and Eleanor Preston of San Marcos; Lori Dawson and Sara of Odessa; Laurie English of Ozona and Leslye Cumutt of San Angelo.

Rehearsal dinner was held in the backyard of the Fifth Street house hosted by Tammy Young, Trent Huckaby, Tippi and Jill Nelson. Decorations were red, white, and blue flowers. Tables were covered with white cloths. Glen Teaney and Ramiro Ramos cooked the food for the event. The couple honeymooned on a seven-day Caribbean cruise.

Mrs. Poindexter is a 1983 graduate of Fort Stockton High School and earned her BS degree in elementary education from Southwest Texas State University in San Marcos. She is employed in the Crockett County National Bank. Mr. Poindexter was an honor graduate of Ozona High School in 1983 and is a senior meter technician for Amex Oil and Gas in Ozona where the couple makes their home.

Patio brunch opens Woman's Forum year

A backyard patio brunch opened the new year for the Ozona Woman's Forum on Saturday, Sept. 7, at the home of Maridel Dudley. Assisting her as hostesses were Marilyn Bean, Jane Black, Kathrine Russell and Blanche Walker.

Arlene Clayton, president, called the meeting to order and Elizabeth Dudley led in reading a poem and invocation.

Following the food and fellowship hour Bonnie Warth led in reading the Club Collect. Arlene Clayton gave an enthusiastic welcome back followed by a short business meeting. She presented club pins to each member.

Kathrine Russell, program and yearbook chairman, presented the new yearbooks with the theme, "Pride in Our Past! Hope for Our Future!". Members anticipate a very interesting year.

Judy Reagor was welcomed as a new member. Jewel Bailey presented a Federation update, and other committee reports were given. The meeting adjourned at 1:30 P.M.

The 35 members present were Jewel Bailey, Jane Black, Louise Bunker, Crystelle Childress, Geniece Childress, Rachel Childress, Arlene Clayton, Mary Daniels, Elizabeth Dudley, Maridel Dudley, Mary Hagelstein, Totsy Hagelstein, Glenda Henderson, Madye Jo Humphreys, Lu Ingram, Pauline Johnson, Katy Jones, Shirley Kirby, Sophie Kyle, Lucille Littleton, Marcille Long, Joyce Maness, Velma Marley, Pauline Montgomery, Betty Perry, Willa Perry, Bernice Phillips, Judy Reagor, Kathrine Russell, Madeline Stokes, Blanche Walker, Barbara Wallace, Mary Agnes Ward, Bonnie Warth and Modene Whitaker.

It's a girl!

Penny and Keith Shoush are the proud parents of a 7 lb. 6 oz. baby daughter, Payton Denae. Payton made her appearance into this world at 10:41 P.M. on Monday, Sept. 9.

Helping to welcome Payton is her big brother, P.J., who attends kindergarten this year.

Proud grandparents are Mr. and Mrs. Jerry Shoush of Hagerman, NM and Mr. and Mrs. Harvey Hebert of San Antonio. Great grandparents include Mr. and Mrs. Cletus Martin of Colorado Springs, CO; Mr. and Mrs. John Desdions; the late Mrs. Zola Barnes; and Mrs. Germaine Hebert of Pawtucket, RI.

Keith is a junior high school coach and the athletic trainer in Crockett County CCSD. Penny is a registered nurse who is employed by the Crockett County Hospital.

Letter to the Editor

Dear Pastor Huffman,

I am looking for a way to thank everyone involved in the Ozona area with the rescue of my family on I-10 back on August 9. One boy was killed, but I have survived my injuries and my two sons came out o.k. It will be a few months before I am recuperated.

The EMS people, the DPS person(s) and people involved at Ozona hospital come to mind. I am grateful for their help and I hope that through you, this message of thanks can reach as many of them as possible.

In Christ,
Pastor Dick Wuensche

Xi Sigma Omega chapter meets

The Xi Sigma Omega chapter of Beta Sigma Phi met at the Crockett County National Bank, Monday, September 9, with President Barbie Myers presiding. An informative program on "Time Management" was given by guest speaker, Tedra Ulmer. Various committee chairmen reported plans for the new year's calendar during the business meeting. The 1991 West Texas Area Convention to be held in Odessa on October 11, 12 and 13 for all Beta Sigma Phi members was discussed.

Refreshments were served to the guest speaker and members. The nine

Snips, Quips, and Lifts

by Lottie Lee Baker

Many people these days are jumping into trouble mouth first.

Diplomacy is simply letting the other fellow have his own way.

Discipline is what you inflict on one end of a child to impress the other.

Among the most popular remedies that won't cure a cold is a advice.

A divorce is like a fire escape—you only use it when things get too hot.

If you want your dreams to come true don't oversleep.

There is more pleasure in building castles in the air than on the ground.

Abraham Lincoln had great difficulty in getting an education—but what can you expect from a guy who didn't play football or basketball?

Speaking of higher education, here's hoping it doesn't go much higher.

Neither an egg or an ego is any good until you break it.

An egotist is like a ship in a fog—always blowing his horn.

It's about time voters start electing candidates for what they won't stand for.

Some workers are trying to make both week-ends meet.

Being overcome with envy is like running into the ocean; the deeper you go in, the harder it is to get out.

It may be true to err is human, but to remain in error is stupid.

The love of money, and the lack of it, is the root of all kinds of evil.

The faults of others are like the glaring lights on a passing car. They seem more glaring than our own.

If your Christianity won't work where you are, it won't work anywhere.

We talk a great deal of religion in this country, but we need to stop long enough to let our feet catch up with our mouths.

A LIFT FOR THE WEEK
Prayer does not need proof, it needs practice.

Ozona Garden Club has selected the Hotel Ozona as Garden of the Week. The beautiful lawn is accented with beds of marigolds. This historic building is quite an asset to the square.

Crockett County Care Center News

by JoAnne Marshall

Research is the best word to describe Monday morning's activity. Residents were asked to come up with some new and interesting ideas for future craft projects.

The monthly residents' birthday party was held Monday afternoon honoring Jose Arredondo, Mabel Chandler, Joe Connolly, Maggie Crawford, Norma Hines and Bertha Miller. Our honored guests received a lovely corsage or boutonniere, compliments of Ozona Floral. A delicious cake decorated with soft peach colored roses was made and donated by Janet Hill. The party was hosted by Jo Davidson and Hilda Powers. It was a nice celebration, and we would like to thank Jo, Hilda, Ozona Flora and Janet for their time and effort. We appreciate it.

Tuesday morning's bingo winners were: Jose Arredondo, Frances Davis, Nena Adelina, Tomasa Ramos, Bertha Miller, Moriama Perez, Elvira Pena, Hazel McDaniel and Joe Connolly. Jose must have been trying to set a world's record for the most bingo games won in one hour. He won four games. Sophie Kyle was our much appreciated volunteer. Thank you, Sophie.

Residents attended a short Bible study and song service Tuesday afternoon. Bill Fuller of First Baptist Church presented the lesson, and Maxine Brown played the piano. We would like to thank them both for coming.

A ceramic workshop was held Wednesday morning. Residents attending the class were: Hazel McDaniel, Frances Davis, Chata Tambunga, Moriama Perez, Juana Hernandez and Joe Connolly. Ruthie Dorris and Ruth and Patsy Hester were our helpful volunteers. Thank you, ladies.

The men were kept busy making bird houses Wednesday afternoon while the ladies gathered in the lobby to watch television. Alejos Tambunga assisted the gentlemen during the construction of the bird houses. Thank you, Alejos, for sharing your talents with us. The bird houses are just one of the many craft items that will be available for purchase at the upcoming arts and crafts fair.

Thursday's beauty shop volunteers were: Vivian Hughes, Joann Williamson, Lola Rios, Audrey Smith, Yolanda Avila and Jerri Pesson. Thank you, ladies. You did a marvelous job.

Spanish speaking residents attended the Spanish Hour of Praise

Thursday afternoon. Mass was conducted by Fr. Quesino Comejo of Our Lady of Perpetual Help Catholic Church. Visitors joining in the service were: Alicia Perez, Paulita Leal, Anita Fierro, Maria Vitela, Germana Onofre, Herbierto and Lorenza Gutierrez, Felipa Munoz, Isabell Ramirez, Beatriz Vasques and Alejos Tambunga. We would like to thank them for coming.

Friday morning's bingo winners were: Nena Adelina, Joe Connolly, Alice Ross, Monnie Boyd, Juana Hernandez, Myrtle Post and Moriama Perez.

A Friday the Thirteenth party was held Friday afternoon. Residents had a lot of fun remembering old superstitions. Cookies and punch were served. Otis Nester entertained residents with accordion music Saturday afternoon. Thank you, Otis. We enjoyed it.

Sunday's worship service was presented by First Baptist Church. We appreciate the inspirational message they shared with us.

We would like to thank Thornton's Supermarket for the items they donated for the Honey of a Party last Friday. Party supplies and beauty aids were also donated. Thank you again.

Local florist receives award

Gloria Wilson of Ozona Floral at 802 11th Street in Ozona was honored recently by AFS (American Floral Services, Inc.) for providing outstanding customer service in handling flowers-by-wire orders.

Wilson was nominated for the AFS "Matter of Trust" Service Award by Tome Whitesides Flowers in Dallas for providing exceptional service. Wilson received a congratulatory letter from AFS President Tom Butler as well as a special "AFS Service Award" certificate.

AFS developed the "Matter of Trust" Award to recognize AFS Florists who go above and beyond the expected in customer service.

AFS is an international flowers-by-wire service with over 21,500 AFS Florists serving more than 27,000 towns throughout the United States and Canada. In addition, AFS offers complete international coverage. The AFS Home Office is located in Oklahoma City.

Gloria, an Ozona native, and her husband, Andy, opened Ozona Floral four years ago.

Think About It!

By Ralph Moore

The Church

The semantics of languages has given us some clarity when it comes to the definition of words that we sometimes abuse or disregard. Take the word "church" for instance. The Old English for it was "chirche", then the Anglo-Saxon "circe" was used - both restricted the word to mean primarily "a house consecrated to the worship of God." That distortion has contributed greatly to our misuse of the word today. When we say "church", we often mean a particular building.

The New Testament, the document which really brought the word "church" into being, had a very different connotation. The attributes expressed by the Greek work, ekklesia, which translates into the English "church", has nothing to do with a building or place at all. The meaning was an "assembly" of people, or a gathering of people. Specifically, an assembly of people called to follow, honor, and worship Christ.

So the New Testament concept of "the church" was simply a reference to those people who gathered together to worship. It carried no idea whatsoever of a building or a particular place. The church was a term that referred to the spiritual gathering of people, not to the physical place where they were.

The word church is really misused today. We say, "We went to church today" and that is fine if we mean that we gathered with others to worship and not in reference to a particular place. Often you hear one ask, "Where is the church located?" Another might respond, "It is at the corner of Such and Such." Well, they mean that is where the building is located. But the church is not a building.

Let me illustrate by referring to some New Testament passages that

uses "ekklesia", or the English "church". In Acts 5:11 Luke says, "Great fear seized the whole church..." Have you ever seen a frightened building? Of course not! The people were afraid. Again, in Acts 11:22, the text says, "News of this reached the ears of the church at Jerusalem..." Does that mean windows? Doors? Hardly. It means the news reached the people of Christ.

In Ephesians 1:22-23 Paul identifies "the church" as the "body" of Christ. The body of Christ is people spiritually connected with Christ and not a conglomeration of buildings. The church is people, flesh and bones with spirits, and not buildings of wood, stone, and mortar.

Our erroneous use of the word church has helped foster a very damaging notion that is not biblical. While the Scriptures do teach emphatically that there is one body or church (Eph. 4:4; John 17:20f; 1 Cor. 12:12), it does not mean that there is only one place or building where we can go to worship. In misusing the meaning of church, some have thought that their building was the only place that is acceptable to God.

In actuality, the one church in the New Testament is all the people of God who are cleansed by the blood of Christ and bonded together in spiritual union. The Apostle Paul's words to the Corinthians (1 Cor. 12) illustrates the diversity of people who comprise, in singularity, the body of believers. Thank God that in our differences we can still be in one body.

In the English language words change in meaning over the years, and if we are not careful, we can promote an idea that is really not in that word at all. Remember when "gay" meant a

joyous mood? Or "aids" meant supports or relief? No more. Don't even try it. Recognizing this change we adjust our speech to carry the meaning of the original expressions.

There is, according to our beloved Lord, only one church. But you can, as a Christian, go to any place where others of similar persuasion gather to worship. The church is people "called out" to follow Christ, and, in any given town or city, there are many places where these believers can worship.

Think about it!

Belated wishes for a happy birthday go to Isamel Castro whose special day was Sept. 17.

CALLING ALL HOME MAKERS

Brought To You By J.D. Brown

LIGHTING UP YOUR LIFE

It's amazing how many rooms can be given new beauty --and how much your spirits can be brightened--by eliminating poor lighting and adding correct lighting.

And by poor lighting, we mean too little, or too much light, or a poor distribution of light that plagues too many homes.

Both under-lighting and over-lighting can cause not only actual eye strain but a general feeling of strain as well.

Be sure to seriously consider whether you have enough lighting -- and if the lighting you have serves you well.

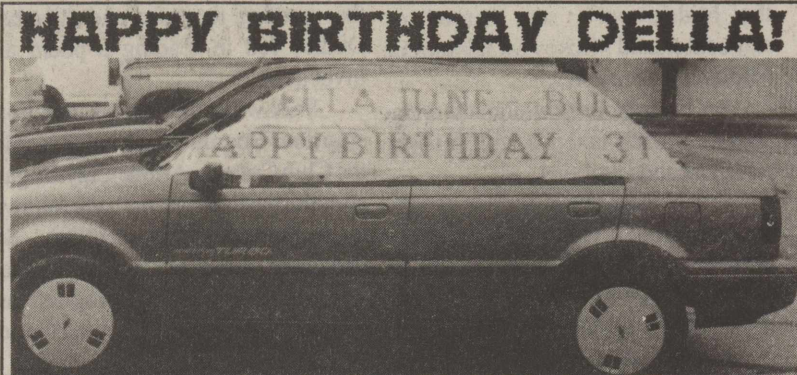

Do your present lamps give the right amount of light? Are they the right size and type? Do you have areas that need lamps? Are your lampshades right?

Then too, you want to consider the individual beauty of each lamp and lighting fixture in a room, and make sure the sum total of the whole room has the kind of lamps and lighting you need.

We can help you select pretty lamps and lampshades that can enhance the looks of your rooms, eliminate ill-effects of poor lighting, and bring new brightness to your home and your life. Stop in.

Churches to celebrate centennial

by Dr. Tim Brewer

One centennial celebration down and several more to go. Next year (1992) the United Methodist and Baptist churches will have been organized for one hundred years! I find it to be most interesting that in this harsh land the new settlers decided they would make organizing churches one of their first priorities. They wanted a place to worship God, take care of their spiritual needs, and edu-

cate their children in the Christian faith.

Over the years many people have taken the church for granted. Attendance, especially for a small town, is very low. The church is there in case you need it, but you don't have to actually go.

Let me suggest that we all have the same needs that the pioneers had nearly one hundred years ago. We still need to turn to God to express our gratitude and our needs. We still need to hear the Bible read, interpreted and applied

to everyday life. We still need the prayers and the hymns. We still need to offer ourselves to God for the sake of doing His work in the world. And we still need to teach our children about the faith both by word and example.

The good news is that we don't have to create churches to fulfill these needs. They stand throughout the community offering worship, study, and fellowship opportunities every week.

See you in church this Sunday.

Local business participates in style show

The Texas Sheep and Goat Raisers Association Auxiliary will host a style show and luncheon, Extravaganza '91, Thursday, Oct. 3, at the San Angelo Convention Center located at 500 Rio Concho Drive in San Angelo. The luncheon catered by F.L.'s Bar and Grill will begin at 11:30. Kim Dutton, spokesperson for the Mohair Council of America, will be master of ceremonies.

This year's chairperson is Linda Taylor. Committee members include Jacquie McClure, Carri Hallman, Ginger Price, LaNae McClure, Betty Glass, Charlotte Sisco, Marilyn Edens and Holly Griffin.

Wool and mohair fashions will be modeled from Mr. Sam's Gabriels, Tindal-Thieman, Park Place, Mathis Baize, Grandmother's House and J. Wilde of San Angelo, the Teacher Store of Ozona, Dolores Vemor's Unique Designs of Camp Wood, Ol' Sonora Trading Company of Sonora and Middleton's of Ballinger. Approximately 50 men and women will model.

Invitations for this year's event are available at the Texas Sheep and Goat Raisers' Association office at 233 West Twohig in San Angelo and at the participating merchants. Tickets are \$20 per person or \$175 per table of 10.

Woman's League meets at Bean home

Ozona Woman's League held their first meeting of the 1991-92 year Tuesday, Sept. 10, at the home of Helen Bean. Assisting her as hostesses were Lisa Karnes, Janis Graham, and Susan McMullan. Members brought box suppers and enjoyed exchanging among themselves. The hostesses provided delicious banana splits for dessert.

The meeting began with an inspirational reading by Lou Deaton, and afterward members answered roll call with their "Favorite Centennial Experience". President Elizabeth Clark opened the business meeting and committees reported on club activities. The annual bazaar was discussed,

and members were given their committee assignments. Each person brought a package of construction paper, glue or colors to donate to the Ozona Community Center.

Members present were Helen Bean, Tina Bean, Tammy Bunker, Becky Childress, Sandra Childress, Elizabeth Clark, Molly Criner, Debbie Glasscock, Lou Deaton, Janis Graham, Laurie Hale, Katrice Hale, Jeanine Henderson, Karen Huffman, Shannon Hunnicutt, Camille Jones, Lisa Karnes, Susan McMullan, Nancy Moore, Tracey Preddy, Shana Smith, Kay Stewart, Lou Whitley, Belinda Wilkins, Teri Williams and Jana Wilson.

Band Boosters planning Poor Man's supper

The Sept. 9 Band Booster meeting was presided over by president Jeannie Thompson. Kathy Grendahl, treasurer, gave a report on the sale of pins and pom poms. A motion carried to order 300 more paw print pins.

Planning for the Annual Homecoming Poor Man's Supper dominated the meeting. Prizes for top salesman in each band will be awarded for most tickets sold for the supper. Kathy Grendahl made a motion to ask merchants for donated door prizes to be given away at the supper. The motion was seconded by Paula Westmoreland and carried.

A committee to contact merchants for donated items was set up with Jeannie Thompson, Tina Moran and Paula Westmoreland contacting out of town merchants and Beverly Evans and Kathy Grendahl contacting local merchants.

An invitation will be extended to visiting Forsan fans to come early and attend the supper.

Evelyn Keith reported on the cost of cornbread mix and it was agreed she order this for the supper and Junior Class band parents be asked to donate \$2.00 to defray cost. Phone

committee members will be calling band parents to ask for donations, help, cakes, etc. Senior Class is responsible for beans; Junior Class, cornbread (\$2.00); Sophomore Class, cakes; and Freshmen Class, salad (\$2.00). Janie Chandler volunteered to compare prices and buy paper products and supplies needed.

Sign up sheets for work time slots at the supper will be passed around during the next meeting (Monday, Sept. 16). This supper will be held at the civic center Friday, Sept. 27 from 5 to 7:30 p.m. Tickets are \$3.50 and will be available at the door or may be purchased from any band student. Take out orders will be available.

Those attending were: Chesta and Greg Stuart, Beverly Evans, Isabelle Ybarra, Elma Ybarra, Harold and Jeannie Thompson, Pat Glaze, Kathy Grendahl, Jeanie Fuller, Carmen Sutton, Mrs. Martinez, Virginia Cotton, Paula Westmoreland, Maggie Carroll, Evelyn Keith, Mrs. Fielder, Tommie Pena-Alfaro, Mrs. Madris, Tina Moran, Debbie Phillips, Janie Chandler, Cynthia Berry, Nancy Vannoy, and directors Mr. Glaze and Mr. Carroll.

Crockett County Public Library News

By Louise Ledoux

NEW LIBRARY HOURS

Due to maternity leave for our library aide, the public library will observe temporary hours during October and November. The library will be closed for lunch and supper breaks, but we will try to keep as regular hours as we can. Friends of the Library will be volunteering their time to work in the library to help provide the service our patrons are used to at the library. The library will be open from 9:00 a.m. to 6:00 p.m. Monday through Friday, but we will be closed from 1:00 p.m. to 1:30 p.m. for lunch every day. We will be open from 6:00 p.m. to 9:00 p.m. on Monday and Thursday nights, but we will be closed from 5:30 p.m. to 6:00 p.m. for supper. Please bear with these temporary changes and inconveniences.

CLOSED FOR VACATION

CCPL will be closed Sept. 25-30. I am going on a trip that was planned

last year and cannot be changed. All overdue books will be granted amnesty during this period and I am sorry for any inconvenience caused by this closure. The library will be open again Oct. 11 under the new temporary hours. Thank you for your understanding.

GARDEN CLUB EXHIBIT

The Ozona Garden Club has begun its club year library exhibits with a beautiful dried arrangement designed by Mrs. Celia West. Mrs. West has combined a variety of wonderful dried materials in Indian Summer colors of rose and gold in a stunning display. The arrangement is set off perfectly in a rose sponge-ware urn and set on a wicker mat. Don't miss this great fall arrangement at the public library this month. We love to be able to display our talented Garden Club members' arrangements each month. Thanks, ladies!

Country Club Bridge News

Ruth White was hostess to four tables of bridge Sept. 12 at Ozona Country Club. High score for the afternoon was won by Jean North. Jonesy Williams won second high and bingo went to Dorothy Friend.

Others joining in the afternoon of bridge were: Emma Adams, Rachel Childress, Benny Gail Hunnicutt, Mary Clayton, Sophie Kyle, Mary Lou Lilly, Velma Marley, Ellen Sewell, Blanche Walker, Celia West, Liz Williams and Peggy Hagle.

Ozona in the news

The recent story which appeared in the San Angelo Standard recognizing the beauty and uniqueness of the Ozona murals was picked up by the Associated Press on Tuesday, Sept. 9. This is one more reason to be proud of our hometown.

A little bit of tongue-in-cheek humor was given to us in a recent issue of The Los Angeles Chronicle. Following the Academy Awards this year the Drive-In Academy Awards, better known as the Hubbie Awards, were presented in a column by Joe Bob

Briggs, Drive-In Movie Critic of Grapevine, TX. Briggs' movie critiques are also a regular feature on cable television's *The Movie Channel*.

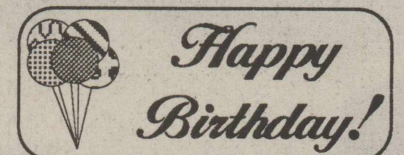

The Chronicle stated the following: "The actual award, which is engraved on a 1968 Oldsmobile hubcap, was given out during ceremonies at the Ozona Truck Stop and Indian Museum in Ozona, Texas, with entertainment by Stephanie 'Mack Truck' Higginson. So let's get to it."

Crafts Guild begins year

Crockett County Arts and Crafts Guild held its first meeting of the new club year Sept. 5 with three new members present.

A special activity is planned for Oct. 27, and the public is invited to attend and participate. Club members will host a class in painting Christmas shirts at the Methodist Church from 1:30 to 4:30 p.m. The shirts will be displayed at Perry's. A supply list is available there for those interested in joining the group on Oct. 27.

The guild will have a booth at the annual fall carnival Oct. 31.

Sept. 18 - Rex Fenton, Pablo Talamantez

Sept. 19 - Michael Henry, Inez Gutierrez, Aimee Longoria

Sept. 21 - Mark Ramirez, Lupe Gonzales Jr., Raymond Borrego, Felipe Castro Sr.

Sept. 22 - Francis Albers, Sonny Malone, Ruben Talamantez

Sept. 23 - April Graham

Sept. 24 - Joe Bean, Tina Bean, Israel Gonzales, Pep Talamantez, Olga Talamantez

Nov. 9 is the date for the annual show and sale at the 4-H Barn.

Officers for this club year are: T. K. O'Bryant, chairperson; Helen Kenison, secretary; Brenda Petty, treasurer; Sara Hignight, ways and means chairperson; Mary Layman, publicity; Pam Brewer, scrapbook chairperson; and Dana Cowen, Secret Pal Mom.

JV Lions open season with victory

by Don Stark

The Ozona JV Lions opened the

1991 football season on a winning note on Thursday, Sept. 5, with a con-

vincing 28-14 thrashing of arch rival Reagan County. The Lions cranked up early in the first period when Joe Hernandez scored on an 8-yard reception from Justin Castro. Anthony Sanchez ran the extra point.

In the second period the Lions struck twice. Justin Castro sneaked across the goal from one yard out and later in the quarter Chris Sanchez intercepted a pitch and ran it 20 yards for a touchdown. Joe Hernandez scored the extra point on a pass reception from Justin Castro.

The Lions put the game out of reach in the third quarter on a 28 yard pass from Justin Castro to Jesse Garza.

The Lions rushed for 163 yards and passed for 95 yards.

"The kids really did a good job in our opener. They came out and took it to them. We are a young team and we coaches were really pleased with the effort," stated Coach Brad Brevard.

Junior high school cheerleader Vanessa Tobar encourages the Cubs at their opening games Thursday, September 12 at Lion Stadium.

JV Lions lose heartbreaker to Crane

by Don Stark

The Ozona JV Lions lost a heartbreaker to Crane on Thursday, Sept. 12, by a score of 28-21.

During the first half the bigger Crane team dominated the young Lions. Ozona did manage to score once in the second quarter when Robert Bryson scored from 35 yards out. The 3A Cranes led 22-7 at the half.

After a pep talk from the coaches during half-time, the Lions came roar-

ing back in the second half and almost pulled off the upset.

With Andreas DeLa Rosa and Travis Davidson leading the defensive charge, the Cranes were neutralized for much of the second half. The Lion offense finally got warmed up and started to click. Matt Marshall scored from 6 yards out in the third quarter. In the last period Jesse Garza scored on a 50 yard pass reception from Matt Marshall. In the final seconds a Lion effort fell short.

"The guys really grew up in the second half. They outplayed a better team and had a chance to win. we were real proud of these guys," stated Coach Brad Brevard.

by Don Stark

Neither mud nor rain nor Friday the 13th could stop the Crane Golden Cranes as they defeated Ozona's Fighting Lions 48-6 in a non-district football game in Crane on Friday night.

Both teams were slow getting started in the first quarter due to the inclement weather. Crane scored with 3:40 left in the quarter after a seven play drive but missed the extra point try. Ozona could not move the ball at all due to the field conditions and Crane's dominant defense.

Crane scored twice in the second quarter to make the score 20-0 at the half.

Early in the third quarter the Cranes scored again on a 62 yard run. This made the score 28-0 in favor of Crane.

The Fighting Lions did not give up. Late in the third quarter the Lion offense began to move the ball down the field. Following a 17 yard run by Michael Fay, a pass from Adam Alba

to Andy Borrego, and a run by Chad Upham, the Lions had the ball on the Crane 10 yard line as the quarter ended.

In the opening seconds of the fourth quarter Michael Fay crossed the goal line to give the Lions their only score of the night. The rest of the quarter belonged to Crane as they scored touchdowns on a 65 yard run, a 90 yard run, and a five yard run.

The Lions rushed for a total of 80 yards and passed for 38 yards.

Ozona plays another tough 3A team on Friday, September 20, when they travel to Sonora to play the undefeated Broncos.

Ozona girls cross country team runner-up at Ector County meet

The Ozona Girls Cross Country Team was runner-up at the Ector County ISD Cross Country Meet held in Odessa this past Saturday, Sept. 14. The girls team was led by Myra Sanchez as she took 4th place and Claudia Avilla who took 6th place. Both of these girls were regional qualifiers in track last year.

The team standings were as follows: Garden City, 53 points; Ozona, 82; Lakeview, 93; Greenwood, 112; Stanton, 117; and Central, 127.

Individuals placing for Ozona were: Myra Sanchez, 4th, 14:52; Claudia Avilla, 6th, 14:59; Heather Hall, 13th, 15:16; Veronica Mendoza, 30th, 15:59; Petra Rios, 51st, 17:18; Carri Chandler, 54th, 17:24; Tanel West, 59th, 17:31; Tonya Amaya, 60th, 17:42; and Elizabeth Esmerado, 71st, 22:16.

The Ozona boys' cross country team was competing in the 5-A Division in trying to improve their times and placing in the region. The boys placed 7th overall behind some good 5A and 4A schools.

Team standings were as follows: San Angelo Lakeview, 62 points; Andrews, 83; San Angelo Central, 108; El Paso Jefferson, 114; Hobbs, NM,

124; Levelland, 137; Ozona, 138; Big Spring 171; Snyder, 223; Midland Lee, 242. Midland High, Pecos, Odessa Permian, Seminole and Odessa High were other teams competing in this division.

Individual standings for the Ozona team were as follows: Mark Ramirez finished 8th overall behind various state qualifiers in cross country and track from the 1990-1991 season including state champ Jeremy Stallings from Stanton, Tavo Pasillas from El Paso Jefferson and Jeff Lewis from Lakeview. Mark's time was a fine 16:51.

Other Ozona finishers were as follows: Ciprano Perez, 33rd, 17:59; Pep Talamantez, 37th, 18:11; John Ramirez, 38th, 18:16; David DeLa Rosa, 51st, 18:58; Rene Tambunga, 62nd, 19:41; Eric Sanchez, 74th, 21:38; Adam Alba, 80th, 23:35; Tony Valencia, 82nd, 24:26. There were 92 runners who started the Division I Race.

The Ozona cross country teams will be participating in the San Angelo Cross Country Meet. The meet will be held at the Santa Fe Golf Course. The Ozona girls' team will run at 10:00A.M. with the boys' team

running at 11:00 A.M. The Ozona boys' team was not allowed by the San Angelo meet to participate in the high division, so they will be running with the smaller school division.

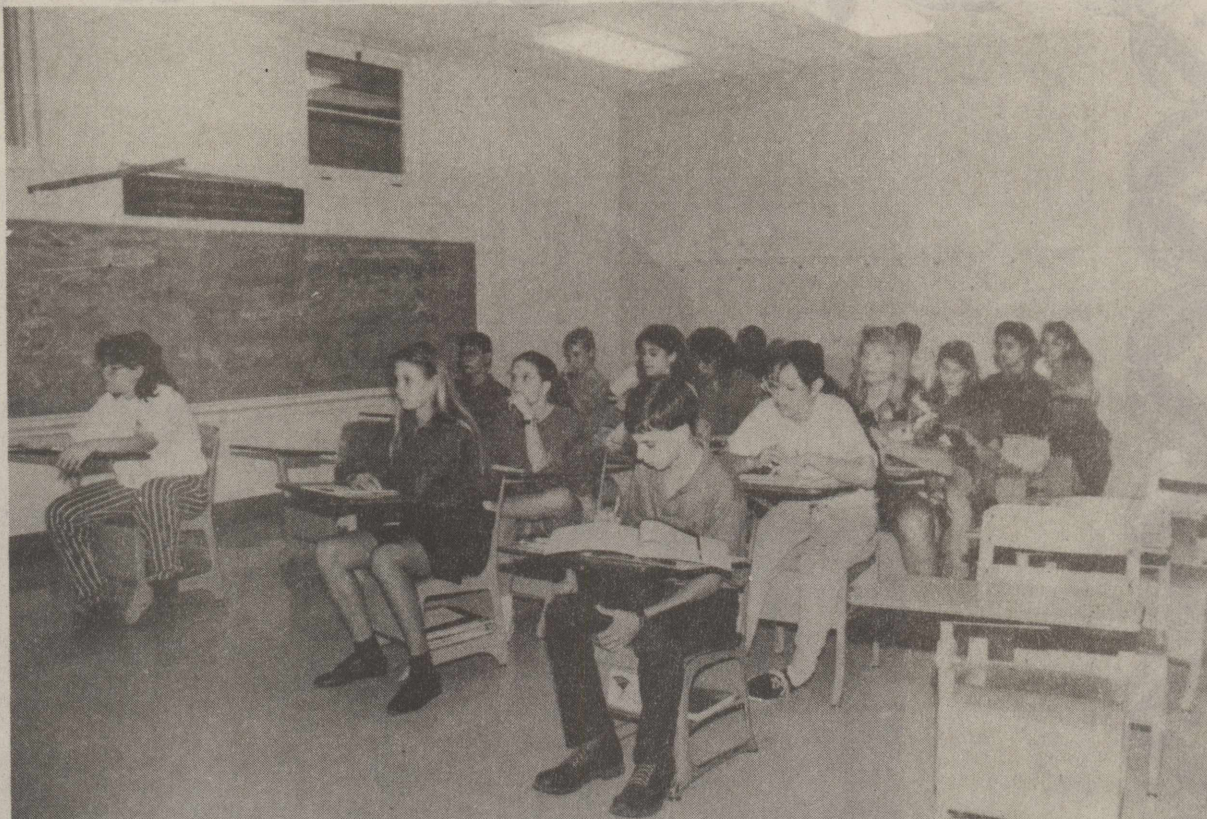

Boy Scout camping trip rained on but not out

On Friday, Sept. 13, Boy Scout Troop 153 of Ozona went camping at the Kimble County Scout camp just south of Junction. The troop drove through rain to get to the camp, but found a dry camp site waiting for them. The rain caught up with them very early Saturday morning and continued most of the day. The boys' tents kept out the rain while the leaders' tent sprang several leaks. Many of the planned activities were altered due to weather conditions.

The boys did manage to do some fishing between showers on Saturday. The new Scouts took advantage of the "inside" time to work on advancing to the rank of Tenderfoot.

Boys in attendance were Byron Beasley, Ronnie Bennett, Charlie Branch, Matt Brewer, Jason Hignight, Chad Myers, Robert Nelson and Michael Nicks. Adult leaders were: Tim Brewer, Ray Don Myers and Weldon Nicks.

Boys from the ages of 11 to 17 are invited to join the troop by calling one of the leaders or by coming to a troop meeting on Monday nights at 7:00 p.m. at the Scout Hut on Rugged Road.

This group Ozona Junior High School eighth graders is taking Algebra I this year. This is the first time the class has been offered at this grade level and is taught by Coach Glenn Graham.

Annual Homecoming Poor Man's Supper Sept. 27

The Annual Homecoming Poor Man's Supper sponsored by Ozona Band Boosters is Sept. 27 before the Forsan-Ozona football game. The menu includes beans, salad, cornbread muffin, cake and tea or coffee. Tickets are being sold by band student or may be purchased at the door at a cost of \$3.50 per ticket. Serving time is from 5 p.m. until 7:30 p.m. and take out orders will be available. Everyone is invited to make plans to come to the civic center before the game to have supper and be a source of the band's support. You might even win a door

prize. There will be a top salesman prize for each band going to the band student selling the most tickets for the supper.

Band Boosters will also be selling raffle tickets at the supper and before the halftime for \$1.00 for a CD player. The drawing will be held at halftime.

Tiger Cubs hold "Wacky Olympics"

Eleven Tiger Cubs of Pack 153 held a Wacky Olympics on Tuesday, Sept. 10, at Ozona United Methodist Church. The boys and their adult partners were challenged by a Tiger Maze, Wheelbarrow Course, Tin Can Stills, Squirt Gun Shooting Gallery, Nutty Golf, Cracker Whistling, Marshmallow Stacking, and Pie Toss (or Cream the Boy Scout).

Tiger Cubs participating in the games were: Erik Bachman, Scott Brewer, Lalo Garza, Kristopher Gray, Collin Hibdon, Joe Thomas Lara, Robert Ogle, Dominique Perez, Jon-

athan Villarreal, Danny Whitehead, and Jake Wilson. Special thanks to Matt Brewer (a Boy Scout from Troop 153) who volunteered to be the target for the Pie Toss.

For their next meeting, the boys have been invited to visit a drilling rig.

Regular meeting days will be the second and fourth Wednesday of each month from 6:00-7:00 p.m. at the Methodist Church. All boys in Kindergarten are invited to join Tiger Cubs.

Lonnie Lopez of Lonnie's Contracting works hard digging trenches for the Sutton's Chevron Station fuel tanks. The station is being constructed on Fourteenth Street.

Station construction continues

Sutton's Chevron Station hopes to be open by November 2. Owned by Carmen and Jeffrey Sutton, the convenience store is being built in a new style which will offer three classes of self-serve gasoline from

two fuel drives on each side of the 13' x 41' store. The store will include a coffee and cold drink bar and will carry oil, petroleum products, cold drinks, chips, gum, candy, deli sandwiches and other snacks.

Key for SSI disabled recipients who want to work

Here at Social Security, we recognize that many people with disabilities want to work. Sure we pay benefits to people with disabilities, but many of the people receiving benefits see them as a temporary measure — something to get them through until they can get back to work. To help them overcome some of the major problems associated with working while disabled, Social Security has various work incentive rules. One of them is "PASS" — or a "plan for achieving self-support."

If you're already getting Supplemental Security Income (SSI) because of a disability and wish to work, having a PASS means you'll be able to keep more of your SSI payment each month. If you don't get SSI because your income or resources are too high, setting up a PASS may help you qualify. This means that some people who now get only Social Security disability checks might also qualify for SSI if they have a PASS. And, that can be very important because people who get SSI usually get Medicaid, too.

A PASS lets you set aside income and/or resources to help you reach a work goal. For example, you could set aside money to start a business, go to school, buy work-related equipment or get training for a job. The income and resources set aside are not counted when we decide if you get SSI or when we figure your payment amount.

Under regular SSI rules, your SSI payment is reduced by the other income you have. But, the income you set aside for a PASS doesn't reduce your SSI checks. This means you can get a higher SSI benefit when you have a PASS. But, you can't get more than the maximum SSI benefit for the State where you live.

Money you save or things you own, such as property or equipment, that you set aside for a PASS won't count against the resource limit of \$2,000 or \$3,000 for a couple. Under regular SSI rules, you wouldn't be eligible for SSI if your resources are above \$2,000. But with a plan, you may set aside some resources so you would be eligible for SSI.

Your plan must include a feasible work goal, a specific savings or spending plan, and the intended time frame for carrying out the goal. (A plan should not last longer than three years; but if your plan involves school or training, it may last up to four years.)

Anyone who wants more information about a PASS or about any of the incentives to help people with disabilities work should give us a call. Our number is 949-4608, and we're located at 2214 Sherwood Way, San Angelo, Texas.

Ruth Class starts year with a night to remember

By Sandy Stark

The night of Friday the 13th was rainy and dark. Fifteen members of the Ruth Class of the First Baptist Church were gathered for an overnight prayer retreat at Jewel Bailey's "Red Barn" located between Eldorado and Mertzon.

The evening was proceeding as planned by hostesses Jewel Bailey and Lucille Littleton. There was entertainment followed by games and a devotional given by the class teacher, Lu Ingram. Hazel Storms was presented a study Bible by the class for serving as class president for the past two years. Jeannie Wellman is to be the incoming president.

About 9:30 p.m. the telephone rang. One of the ladies answered the phone and was "pale as a sheet" when she returned to the group. She had received a phone call from the "dispatcher from the Eldorado Sheriff's Department". In a controlled voice she relayed the news from the "dispatcher" that the group was to be aware that a fugitive could be in the area. Although the call was not meant to alarm the ladies it was meant to alert them to take protective measures.

One of the ladies suggested that the group pray for the fugitive...which they did. Another of the group suggested that they pray for their own safety...which they did.

As the night wore on the group remained calm. Then around 1:30 a.m. a man's voice was heard outside the house stating that he wanted to talk with the "man of the house." Needless to say that no one was going to admit that there was no man on the premises.

Gathering courage, the ladies began to peer through the windows. In the light of the security lamp they could see a "man" being soaked by the rain. He was dressed in well-worn trousers, an old coat, a Willie Nelson bandana around the head and a floppy hat. "Bloody" bandages were wrapped around the man's hands.

As the man took another step toward the house, one lady tried to dial the Eldorado Sheriff Department but was unsuccessful. Another of the ladies took her post beside the door with a chair raised high above her head. Still another lady tried to crawl under the bed and when she was unable to do so took two "nerve" pills instead.

Those who were brave enough watched the "fugitive" closely. He was now soaked and apparently hurt. Mixed emotions were felt by the group. Then the rain and wind blew off his hat. Long hair fell from underneath it. It was Lucille Littleton pulling a Friday the 13th prank!

It had been pre-planned to have a call placed to the "Red Barn" by a friend who evidently made the call

very believable. Both Jewel Bailey and Lu Ingram had been Mrs. Littleton's cohorts, but no one expected the joke to be taken so seriously. In retrospect, all the ladies agreed that it had been a long time since they had had such a "fun time" and suggested the "Red Barn" become the meeting place for an annual class party.

One thing was proven for a fact: the Ruth Class ladies can hold their own against anyone through fervent prayer and the help of the Lord!

After the exciting night, the guests were served a "country breakfast" of canteloupe, bacon, hot biscuits and white gravy.

Attending the Friday night retreat were guests Bee McCormick of Eldorado; Blanca Alvarez, Wanda Dews, Ruth Dorris, Jeannie Fuller, Lu Ingram, Mac Lay, Barbara Malone, Jean Marshall, Opal Mobbs, Beth Smith, Hazel Storms and Rosalind Williams.

Five more ladies joined the group Saturday morning to enjoy more Christian fellowship and a lovely luncheon hosted by Jewel Bailey. The ladies were Lillie Belle Halydier, Virginia Hubbard, Joyce Maness, Willa Perry and Marge Smith.

Belated happy birthday wishes go to Ismael Castro whose favorite day was Sept. 17.

THE "NO EXCUSES" TIRE GUARANTEE

Nobody else has anything like it.

Only Goodyear Certified Auto Service locations can offer you guaranteed satisfaction on quality Goodyear tires, or your money back.

This proves the confidence my outlet has in the quality of the tires we sell. You like them, or we'll buy them back. With no excuses.

Customer Satisfaction "No Excuses" Tire Guarantee.

If you are not satisfied with your new Goodyear brand tires, return them within 30 days of the original sale date, or 500 miles of use, whichever comes first. The tires must be returned, along with the sales receipt, to the same Goodyear Certified Auto Service location where they were purchased. The tires will be replaced with comparable* new Goodyear brand tires, and installed free of charge. Or you may request your money to be refunded.**

* A "comparable" new Goodyear tire may be either the same line of tire, or the same basic construction and quality which may feature a different sidewall or tread configuration. If a higher priced tire is accepted as a replacement, the difference in price plus applicable sales tax will be an additional charge to the customer.

** If you keep your old tires, Goodyear will remount and refit your vehicle with the old tires (provided they are road-worthy). If the old tires were disposed of by the Store (see the waiver release), other tires will have to be purchased by the customer. However, they will be installed at no charge.

Phillips descendants mark grave

More than 20 descendants of J. J. Phillips met in Ozona Saturday, March 30, 1991. Their reason for gathering was to place a marker on the grave of their ancestor, William (Billy) Phillips, son of J. J. Phillips I. Billy, who was shot in the back on Oct. 28, 1890, was buried in the pasture where he died.

William (Billy) Phillips

Through these past 101 years, the grave has been cared for by the landowners and their cowboys, but the identity of the slain cowboy was becoming very hazy according to Douglas E. Cunningham of Booneville, Arkansas, who headed the marker project.

The occupant of the lone grave is now identified by a marker for the cowboys who happen by and who stop to replace the stones that might have fallen, and for future generations of the Phillips family.

Cunningham recounts the death in "The Life of William (Billy) Phillips" which he wrote as part of a family history. The Phillips family came to Bosque County, Texas, by covered wagon from Missouri. They traded part of their Bosque farm for 1,000 head of yearling ewes. Billy, 24, and brother Hart, 30, were given the task of looking after the sheep. The remainder of the family went to Glasscock County to homestead new lands.

Billy and Hart brought the sheep to open range in Bexar Territory, working their way to what is western Crockett County east of the Pecos River and just west of Howard Draw some six miles south of what is now I-10.

In late October, plans were being made for the shearing of the sheep, and John Kirkpatrick, who ranched near where the Phillips' sheep were being grazed, offered to let them use his pens for the shearing.

As Cunningham's story goes, after the shearing of Kirkpatrick's herd began (the Phillips sheep were to be sheared afterward), a man who was in

partnership on some land with Mr. Kirkpatrick, rode in and demanded that his sheep be sheared next. The man had already failed to reach an agreement on the price to be paid to the shearers.

Hart, who was helping Mr. Kirkpatrick, when confronted by the man told him it would be up to the shearing captain whose sheep would be next. After more "loud and unfriendly words" between the captain and the man, the shearing captain said his crew would not shear those sheep at any price.

Shortly after dawn the next day, Oct. 28, 1890, with the shearing crew already at work, Billy and his shepherd dog, Ring, were drifting their sheep up Howard Draw in preparation for shearing. As Hart was riding away to round up horses for Mr. Kirkpatrick, he saw the argumentative fellow from the previous day ride up and talk to Billy. Billy was standing and the man was horseback. The last time Hart looked, the man had dismounted.

A short time later, Mrs. Kirkpatrick and her daughter, Rosa, were coming from the barn where they had been doing early morning chores. They heard a shot and decided it came from the direction of the Phillips herd. The women speculated that Billy had shot a deer for camp meat. Hart also heard the shot but thought nothing of it. Later, as he was bringing in the horses, he saw the man who had been talking with Billy in the distance in the bed of Howard Draw. He had changed horses and was now riding a large bay. It appeared he was circling trying to stay out of sight, riding in a fast lope heading south.

As Hart continued toward camp, he met more and more stray sheep

wearing the Phillips brand. He loped to where he had previously seen Billy and the man and found Billy's lifeless body.

Members of the shearing crew began tracking the suspect. Ranchers rode in pursuit. Rosa was sent to the John Henderson Ranch, the nearest headquarters to theirs, to tell of the killing.

A posse tracked the man and his brother to Del Rio where officials were notified and told of the \$300 reward offered by Hart and Mr. Kirkpatrick.

A justice of the peace came from Emerald, 25 miles to the east, to hold an inquest. "The inquest states that it was cold blooded murder as Billy was unarmed and did not have as much as a pocket knife on him."

The killer was never caught. His ranch went back to the State of Texas and was later purchased by the Kirkpatricks.

"Billy's grave could be seen from the front porch of the Kirkpatricks' home. It is on a gentle slope overlooking Howard Draw. It is out in the open, not fenced, with nothing to hinder the gentle West Texas breeze. A million stars watch over it at night. The Texas sun warms it in the day. Every once in a while a refreshing rain comes to help the range bloom and grow. Every day or so cattle or sheep or maybe deer or antelope graze by and wonder, 'what's that pile of rocks?'. Every so often a cowboy will ride by, stop, and place a rock back on top and feel the Master's hand."

"Hart, after losing his brother, Billy, moved the Phillips family sheep back to Glasscock County where the family had moved. Here they homesteaded and helped settle another western frontier."

Eden to host Fall Fest Sept. 21

Eden will host a Fall Fest on the square on Saturday, Sept. 21. A parade scheduled for 10:00 A.M. will officially begin the celebration.

Throughout the day will be games for both children and adults, arts and crafts booths and food and drinks. Additional events will be announced.

Scheduled events include entertainment at the gazebo between 11:00AM and 6:00 p.m.; "Eden — A

Glimpse at its Colorful Past", an afternoon show and tell presented by Margaret A. Cox; a fish and chicken fry from 5:00 p.m. to 6:30 p.m.; and a street dance from 9:00 p.m. until 1:00 a.m.

The Fest is being sponsored by the Eden Chamber of Commerce, Eden Service Club and the Eden Volunteer Fire Department.

For more information call David or Paula Duwe at 869-6801 or 869-7271. Booth space will be \$10.

Attention All Hunters:

Would you like to win an opportunity to go on a pheasant hunt with a buddy and enjoy a delicious barbecue lunch? For more information call the McCamey Chamber of Commerce at 652-8202 or 652-3187.

Folklorico Azteca

Ballet Folklorico Azteca to perform in San Angelo

The Ballet Folklorico Azteca is celebrating its tenth anniversary of existence on Saturday, Sept. 28, at 7:00 p.m. at Angelo State's Houston Harte Ballroom. Admission will be free since it is a non profit folkloric dancing group. The group is composed of children and young adults under the direction of Mary Lou Hernandez. It has performed for countless civic and church organizations and Fiestas Patrias, Cinco de Mayo, Christmas at Old Fort Concho, the San Angelo Civic Ballet, and the Caverns of Sonora.

The three-hour program will feature costume, music and dance. A style show featuring Mexican regional costumes from the collection of San Antonio artist Frank Puente Harris will be spotlighted. Thirty traditional folk costumes, many replete with hand embroidery and intricate beading, will be modeled by local personalities. An interesting diversity of styles, including the fiesta clothing of the Mestizo people and the everyday attire of the Mexican Indians will appear on stage. Among the most outstanding costumes will be a blue and white regional costume of Talavera de Puebla and an exquisitely embroidered Indian costume from Hueyapan Puebla.

Mistress of Ceremonies will be Gloria Campos, WFAA-TV news co-anchor of News 8 at Six and spokesperson for "Wednesday's Child."

Entertainment will be provided by

the musicians of Campanas de America led by Juan Ortiz, director of the San Antonio school district's Mariachi Education Program which boasts mariachi music programs in seven of its eight high schools. Mr. Ortiz conducted a 70-member mariachi assembled from public schools at last year's inauguration of Texas Gov. Ann Richards. Campanas de America has appeared with the Perry Como Christmas Show, Good Morning America,

The Today Show, Willie Nelson, TNT Show from Nashville and others. They have also performed for Prince Charles, Presidents Reagan and Bush, and Pope John Paul II. The group has served as ambassadors for the State of Texas by Governor Mark White and Governor Ann Richards. They also represented the City of San Antonio in Kumamoto, Japan.

For further information, please call Alma S. Perez, committee chairperson, at 944-9074.

McCamey C of C to host chili cookoff

The McCamey Chamber of Commerce Annual Chili Cook Off and Arts and Crafts Fair is right around the corner. The date has been set for Saturday, Oct. 26, at the Santa Fe Park. There will be entertainment scheduled during the day, an arts and crafts fair, Cage Jail Lock-up and lots of other activities.

Entry fee is \$15 for chili, \$15 for brisket or \$25 for both. The arts and crafts booths are \$10 (no tables furnished).

For additional information, call the McCamey Chamber of Commerce at 652-8202 or 652-3187 or write to Box 906, McCamey, Texas 79752.

4-H cooking workshop set for Saturday Intermediate 4-H to meet

"Let's Party! With 4-H Foods and Nutrition" is the theme for this year's 4-H Foods and Nutrition kick-off workshop to be held this Saturday (Sept. 21) at the civic center.

The workshop, which will be held from 9:30 a.m. to 3 p.m., costs \$2.50 per person if registered before Friday. After that date, the cost is \$3.50. The registration fee covers the cost of food for each participant.

All youth ages 8 or third grade through 19 are invited to participate in the workshop. Parents are also invited, and those of youth 8-10 are especially urged to attend.

The workshop, which will feature sessions on exotic cheese, fruits and vegetables, meats and breads, will also prepare 4-H members for participation in the annual county food show. 4-H'ers will get hands-on food preparation, cooking and tasting experience at the workshop.

Following the workshop, 4-H'ers who wish to continue with their project will be assigned to 4-H Foods and Nutrition project groups and a teen or adult leader. "That's why it's important to either attend the workshop, or if you can't be with us, call the County Extension Office and let us know you

want to be in a project group," said Tedra Ulmer, County Extension Agent-Home Economics.

Crockett County's foods project is always one of the largest in the district, said Ulmer, noting that in the past two years, the county has been successful at district and state competition.

Jennifer Davidson garnered third place in last year's state food show. She and 1990 state contestant Whitney Vannoy will be teaching a session on preparing for the food show at the workshop.

To register for the workshop or

for more information, call the Crockett County Extension Office at 392-2721, or come by the office, located on the second floor of the courthouse Annex. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

"We think the 4-H members will have a great time learning about good eating habits and tasting new foods," said Ulmer, "and we hope all the youth in the community will take advantage of this opportunity."

The Intermediate 4-H Club will hold its monthly meeting Wednesday, Sept. 18, in the cafeteria of the intermediate school at 1:15 p.m. School will be dismissed early on that day.

Following monthly meetings will be held after school every third Wednesday in the intermediate school cafeteria.

Sabine Mayer finds West Texas unlike home in Germany

SABINE MAYER

The wide open spaces of West Texas proved hard to comprehend for recent visitor Sabine Mayer. Miss Mayer, one of 16 members of the Young Farmers organization of Sulzbach, Germany, touring Texas this month, was in Ozona as a guest of Mr. and Mrs. Neal Ulmer.

The young woman, who works in the personnel department of a car parts manufacturing company, traveled with Ulmer as he assisted Tony Allen with ranch work during part of the week. The view from atop a mesa was an impressive one for Sabine. And fortunately, completing the day's work was achieved without too many gates to open and close. Her hobby of horseback riding four or five days a week made visiting a working ranch even more interesting.

Sabine came to the United States through the National 4-H Council and Texas 4-H Program's International Foreign Youth Exchange. She is the fourth such guest hosted by the Ulmers. Others have come from Finland, Sweden and Germany.

A 5-year member of the Young Farmers, Sabine participates in the organization's horseback training and folk dance activities. The members, ages 16 into the thirties, have made group trips in Europe. Day trips or weekends are also popular with the organization.

Sabine has yet to visit Berlin since the wall fell. She and her boyfriend hope to go there together.

An immediate influence from the unification of the two Germanys felt by Sabine is a tax which has been instituted for one year. Many people are coming from East Germany and parts of the Soviet Union seeking jobs in what was West Germany. Those who are of German ancestry are allowed to become citizens although the previously short waiting period has become longer, Sabine said.

The mountainous and heavily forested state where Sabine lives, Baden-Wuerttemberg, has many car, computer and other electronic industries. In the past, leather was also a large industry there.

Rainer Meyer, Sabine's youngest brother, has recently completed an apprenticeship and now works with their father, Karl, in a wallpaper and painting business. Another brother, Bernd, is employed as an electrician, as is Sabine's boyfriend, Mrs. Meyer, Margarete, works half-days in an office.

While in Ozona, Sabine spoke at the schools about life in Germany and her travels in America. She also gave a talk at the Extension District 6 leaders' association meeting in Fort Stockton. She traveled with the Ulmers to Fort Lancaster, Sonora Caverns, and Fredericksburg. This week she will rejoin her travel group in Dallas to see more of Texas including a trip to Big Bend.

New state law requires recycling of batteries

The Texas Department of Health (TDH) soon will publish new rules governing the disposal of automobile batteries. Under a law (SW 1340) which became effective Sept. 1, lead-acid automobile batteries are no longer permitted in municipal landfills and must instead be recycled.

The Texas Board of Health, at its Aug. 24 meeting, adopted emergency rules for public compliance with the law. Those rules are now published in the *Texas Register*. Final rules will be adopted after a Sept. 25 public hearing and a review of public comments ending on Oct. 11.

Under the new law, anyone who wishes to dispose of a car battery must take it to a wholesale or retail battery dealer, a secondary lead smelter or a recycling center authorized to accept it.

The law further requires that all battery retailers must accept used

batteries offered for recycling. Similarly, battery wholesalers are required to accept, and pick up within 90 days, used batteries collected by their retail customers.

Retailers also must post signs advising the public about the new requirements. The law specifies the wording for the signs, and the signs themselves will be produced and distributed by TDH.

TDH inspectors have the authority to enforce compliance with the recycling law. According to T.A. Outlaw, chief of the TDH Bureau of Solid Waste Management, "The inspectors may issue warnings or citations to any battery retailer who fails to post the new signs. The penalty for failing to post the sign within three days of receiving a warning can be as much as \$100 a day."

Outlaw added, "Besides posting the required signs, businesses must collect a fee on the wholesale or retail

sale of any lead-acid battery." For each battery with a capacity of at least six volts but less than 12 volts, the fee is \$2. For batteries of 12 volts or more, the fee is \$3.

All such fees from battery sales must be reported to the Texas Comptroller of Public Accounts on or before the 20th day of the month, following the month in which they were collected. Reporting forms and information about fees are available from the Comptroller's office at 1-800-252-5555. The Comptroller's office will deposit battery sale fees in to the Hazardous and Solid Waste Remediation Fee Fund, administered by the Texas Water Commission.

Outlaw said that, in a related action, the lawmakers authorized the TDH Bureau of Solid Waste Management's merger with the Texas Water Commission, effective March 1, 1992, as part of the creation of a single state environmental agency.

Special wishes for a happy anniversary go to Mr. and Mrs. Ray Valadez who celebrate 49 years of marriage on Sept. 21.

Mr. and Mrs. Oscar Kost returned last week from a trip to Branson, MO. They report having a wonderful time on their journey. After one day at home the Kostos traveled with a group to Dallas to see the Cowboys play.

Mr. and Mrs. Frank White have returned from a vacation trip to Alaska. Mr. White highly recommends the experience of touring America's last frontier.

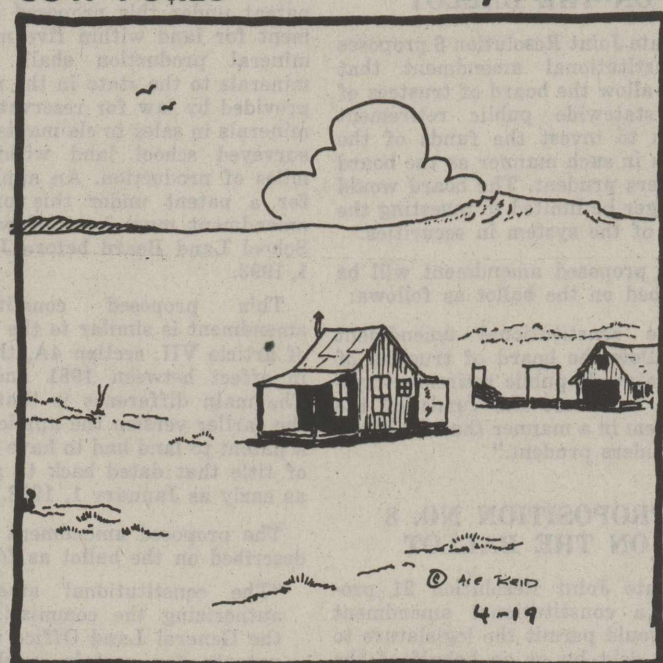

Happy anniversary to Dave and Rachel Thompson who celebrate 34 years together on Sept. 22.

Sheriff's Report

Week ending September, 17, 1991

ARRESTS

09-10-91...Sheriff's deputies arrested 31 year old Jose L. Garanzuay, of Ozona, on a warrant charging him with Family Violence Assault. He was later released after he posted bond. The case will be tried in JP court.

09-16-91...23-year-old John M. Clark, of Ozona, was arrested on a complaint charging him with unauthorized use of a motor vehicle. Clark was arrested after the owner of a pickup reported that Clark took the truck without permission. Mr. Clark was released after posting bond. The case will be referred to the Crockett County Grand Jury for action.

INCIDENTS

09-13-91...Tommy Weddle reported the theft of a motorcycle and a wheel barrow from a house on Avenue F. The case is under investigation by sheriff's deputies.

09-15-91...Maricela Valdivia

reported the theft of her purse. She noticed the theft after she gave some people a ride from Santa Rose Street to Santa Anna Street. The case is under investigation.

09-16-91...Sheriff's deputies recovered a stolen 1973 Ford Ranchero that was stolen from Midland, TX. The vehicle was found abandoned, in the draw, on 13th street between Ave. A and Ave. B. Midland County Sheriff's Department advised that the victim would come to Ozona to recover his vehicle.

09-16-91...Pauline Bentley reported that John M. Clark had taken her 1982 Chevrolet pickup without her permission. Mrs. Bentley agreed to prosecute if the suspect was arrested. At approximately 8:03 p.m., sheriff's deputies arrested Clark and

recovered the vehicle. Mr. Clark was later released on bond pending action by the grand jury.

Eight persons are in county jail on charges in district court.

Five persons are in county jail on charges in county court.

Ozona resident attends training seminar

WESTFIELD, MA - Ann Shaw, a division director for Stanley Home Products has returned from San Juan, Puerto Rico, where she participated in a business management seminar focused on building professional sales techniques, marketing and product knowledge.

Shaw, who joined Stanley in 1957, also attended specialized classes in motivation and goal-setting to gain more valuable tools for business success.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 5, 1991

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retardation

institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

Junior High cheerleader Andi Arledge (far r.) leaps for the Cubs. Also pictured are: (l. to r.) mascot Emily Stuart, and cheerleaders Vanessa Tobar, Dana Berry, Lori Tambunga and Dana Bishop.

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least two-thirds of the members of each house, during any regular session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

This proposed constitutional amendment is similar to the version of Article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the exemption if its bylaws provide that

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$800 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$800,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

Estos son los informes explana-torios sobre las enmiendas propu-estas a la constitución que apa-recerán en la boleta el día 5 de noviembre de 1991. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8653 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Hometown banking—working together for success

Community banks are the #1 provider of loans to consumers, small business and agriculture. And more importantly, when you borrow or save with a community bank, your money stays at home working to enhance the quality of life for all of us.

That's what doing business with

a hometown bank means ... after all, we're one of you.
