"Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly -- The Best Place On Earth To Call Home."

Deerfest officers elected

At a meeting of the Crockett County DeerFest Association last week, ballots were counted to determine the positions of directors. Selected by members of the Ozona Chamber of Commerce, the organization's first slate of directors is composed of: Vaden Aldridge, Randy Branch, Dan Davidson, John L. Henderson, Mike Preddy, Pon Seahorn,

Garland Young, Tom Anderson, Vince Huffman, Jerry Perry, Marcus Sims.

From these directors officers were elected. They are: Tom Anderson, president; J. L. Henderson, first vice-president; Vaden Aldridge, second vice-president; Mike Preddy, secretary-treasurer.

Future directors will be selected by the DeerFest membership.

After elections were held, there was a business meeting to discuss publicity, raffle tickets and door prizes.

The next meeting will be Tuesday, Oct. 15. All interested persons are urged to attend. President Tom Anderson said he is looking forward to having a very successful DeerFest this year.

Ozona cross country meet Saturday

The first Ozona cross country meet will be held Saturday, Oct. 12. The meet will be run in and around the baseball complex north of Ozona.

Starting and finish lines will be on the north end of the baseball practice fields.

"Due to the safety factors, we are asking for people not to park along-

side Hwy. 163," said Coach Pete Maldonado. Parking will be available inside the baseball complex, along-side First Street and in the Crockett County National Bank parking lot.

The meet begins with junior high girls at 10 a.m. Junior high boys run at 10:30 followed by high school girls at 11 and high school boys at 11:30 a.m.

People with and without cross country experience are needed to help in putting on the meet. If you are able to help, contact Coach Maldonado. There will be coffee and snacks for workers and coaches, he said.

Teams already entered are: Ozona, Christoval, Mertzon, Eldorado, Iraan, McCamey, Rocksprings, Garden City, Comstock and Junction.

Fall decorations enhance town

The Ozona Chamber of Commerce is sponsoring a fall decorating contest. Awards will be given in two divisions, business and home displays. The community is urged to participate in this fall contest by entering a yard display or a store window depicting a fall theme.

You may enter your fall display by calling or going by the chamber office until 5 p.m. Oct. 18. The ad-

dress of the entries will be published in the paper Oct. 23 along with how you can vote for your choice.

This contest will help the town have a festive look for the out-of-town guests attending the annual arts and crafts fair.

The annual Halloween Carnival planning is well underway. Anyone wanting to have a booth at the carnival is asked to contact the chamber office.

AARP to organize here October 21

The American Association of Retired Persons (AARP) for persons age 50 and over will organize a local chapter Oct. 21 at 7 p.m. in the Crockett Room.

Anyone interested in joining this new organization is asked to contact Leonard Hillman at 392-5431 and attend the organizational meeting.

Russian sculptor exhibits memorial work at ONB-Wimberley

Russian sculptor Vladimir Súrovsev experienced a bit of West Texas life Friday at the Seahorn Ranch in Crockett County. Súrovsev and interpreter Marisa Fushille, a professor of Slavic languages at the University of Texas, observed and participated in shearing and rode horseback as guests of Pon Seahorn.

Súrovsev and Mrs. Fushille came to Ozona at the invitation of Ozona National Bank president Don Long. The sculptor is in the United States to bring a scale model of his most recent work, a memorial to the historic link-up of Soviet and American forces April 25, 1945, at the Elbe River in Germany.

The bronze statue depicts the two men credited with being the first American and Soviet to meet on the historic occasion, U. S. Lt. Albert "Buck" Kotzebue and Ukrainian Lt. Gregori Golbovodko.

Kotzebue, a Texas A&M graduate, and his patrol from the 273rd Regiment, 69th Infantry Division of the U. S. 1st Army, joined Goloborodko's patrol from the 175th Guards Infantry Division, 58th Guards Division of the 1st Ukrainian Army.

The statue was displayed at Ozona National Bank's Wimberley branch during Súrovsev's stay in Texas. His trip was partially sponsored by the bank and by Wimberley resident Sam Lewis, who was a member of Kotzebue's regiment and one of the first soldiers at the meeting of the forces.

Lewis and Súrovsev met in Strehla (then East Germany) at a celebration of the 45th anniversary of the end of the war. At this meeting, the two began talking of the possibility of adding such a statue to the monument at the Elbe.

Súrovsev became interested in the background of the meeting at the Elbe

through war stories told by a friend of his father.

The sculptor plans to make two of the scale models, one for Gorbachev and one for Bush. Súrovsev is seeking a grant for the memorial from the Russian National Bank. He was in the U. S. in search of necessary "moral support from the American side" for the project according to Lewis.

The statue was to be left at Texas A&M for possible display in the George Bush Presidential Library.

Upon his arrival in Ozona Thursday night, Súrovsev talked with a small group of primarily bank personnel at Ozona National about life in Russia.

Banks in Russia are "growing like mushrooms," Súrovsev said through his interpreter. (Mushrooms are very dear to the Soviet people.) "Time will tell which ones are bubbles." His mother worked for 30 years in a large bank in Moscow.

Borrowing from a bank and paying back with interest were not familiar concepts to Súrovsev. If you were fortunate enough to have your name reach the top of a list to buy a car, you would borrow money for the purchase from friends, he explained. The bigger sphere of acquaintances, the better chance of borrowing money.

Soviet artists are grouped in many sections of 600 people each, and only one car is allotted each section per year, Súrovsev said. His chances of achieving car ownership are slight through this avenue, but he may be able to get a car in three or four years through the veterans' list his parents are on. "Officially you can't buy a car, but there is a whole mass of possibilities.

"Money right now is very meaningless; it has no value. People are going through a very hard time," he said. A year's salary of 3,000 rubles would buy a pair of men's shoes and a cup of coffee in the U. S. according to Súrovsev. Cost of flying to the U.S. from Russia is 5,000 rubles. The current exchange rate is 30-35 rubles to a dollar or 50 rubles to a dollar on the black market, but few Russians have

Heavy damage resulted from a garage fire October 2 at 508 Ave. J. Children playing with matches are believed to be the cause of the blaze according to arson investigator Steve Kenley. The building was totally involved when firemen arrived after receiving the 4:46 p.m. call. Naomi and Eddie Galindo are residents at the property.

Judge and commissioners attend conference

About 86 people took part in the Second Annual Far West Texas County Judges and Commissioners' Education Conference at Lajitas, Oct. 3-5.

Discussions centered on environmental concerns, legislative updates, powers and duties of commissioners' courts, and both sides of self-insurance for Worker's Compensation.

The highlight of the conference was Andrew Teplitzky, acting section chairman of the Residuals Management Section of the Environmental Protection Agency who told about the new regulations affecting landfills that

will be published Oct. 9. Small landfills that receive less than 20 tons per day on the average will get some relief under the federal regulations from design (liner requirements), ground-water monitoring and corrective action unless there are pollution traces to the landfill.

Other speakers included Randy Wilburn from the Texas Water Commission, Ken King with the Texas Association of Counties, Assistant Attorney General Drew Durham, and Cathy Fryar, an attorney with the law firm of Bickerstaff, Heath and Smiley of Austin.

Commissioners who attended the entire session received six hours of continuing education. These hours can be applied to their mandatory continuing education requirements.

Presiding over the conference from Crockett County was Judge Kathryn Mayfield, president of the association. Also attending the conference from Crockett County were Commissioner Fred Deaton and Commissioner Rudy Martinez.

Delfina Vinton kicks extra point to defeat pickers

Delfina Vinton missed only 3 out of 21 games defeating Keith Miller, Dorothy Montgomery, H. O. Hoover and Ray Ramos Jr. by one pick.

Special activities highlight 4-H week

Special promotional activities and the 1991 Crockett County 4-H Awards Banquet highlighted the National 4-H Week observance in Crockett County this week.

National 4-H Week, from October 6-12, is a time to celebrate youth and their accomplishments. 4-H members from the junior high club placed flyers urging youth to join the organization in local businesses.

Senior 4-H members had more serious things on their minds, as they met to discuss fund-raising ideas for Kallie Kohls, a Glasscock County 4-H member seriously injured in a recent accident. A special video was made prior to the start of the Tuesday night 4-H banquet and will be sent to Miss Kohls.

The banquet, with the theme "A Blast To The Past" featured skits from senior members and a look at the Crockett County Field and Stream slide presentation. The evening culminated with a special candlelight officer installation and tribute to past, present and future 4-H members and leaders to the tune of "The River" by Garth Brooks.

The banquet was also a "Mom's Night Out", as the Crockett County Adult Leaders Association and Dairy Queen provided a hamburger supper. In keeping with the citizenship emphasis of 4-H, every 4-H member was asked to bring one or two cans of food for Helping Hands.

Major awards presented at the banquet include the Mother Davidson award to the outstanding senior, the \$1,000 Dan Bean Memorial Scholarship to the outstanding agricultural project member, and the Gold Star Award, highest honor available statewide to two outstanding 4-H members.

Another major award is the "I Dare You" award, given this year to three 4-H members on the basis of their leadership and citizenship. Senior 4-H members also vie for the prestigious Senior Achievement, Leadership and Citizenship awards.

Junior high 4-H members are given special recognition with the Junior achievement award, the high-

est award for which a junior 4-H member is eligible. To be considered, a 4-H member must carry and excel in multiple projects.

"All 4-H members who applied will receive project medals or pins to reflect the successful completion of their projects during the 1990-91 year," said Tedra Ulmer, County Extension Agent and 4-H Coordinator.

(Cont. on page 2)

SCS election Oct. 15

Oct. 15 is the date of the election for a director in zone 3 of the Crockett Soil and Water Conservation District Board. The election will be held at the SCS office at 401 First Street at 5:30 p.m.

Voter eligibility is based on ownership of land within the district where the election is being held. The voter must also live in a county all or part of which is in the district and must be 18 years of age.

To be eligible as a candidate, the individual must own land in the zone he or she represents, be 18 years of age and be actively engaged in farming and ranching. The candidate must also live in the county all or part of which is in the district.

Zone 3 of the district includes land in Crockett County south of Hwy. 290 and east of Johnson Draw. Gene Perry currently represents this zone.

Don Long and sculptor Vladimir Súrovsev discuss the mountain lion on exhibit at Ozona National.

TEXAS PRESS ASSOCIATION

Letter to the Editor

Dear Scotty,
For many years I have looked forward to "Stockman day" and the news of our town.

Now I learn the news is There's "Spies in the Church". I thought by now preachers or ex-preachers, as the

case may be, realized they get the same treatment as they give their congregations and their fellow man.

I have thought about it! - - - -

Sincerely, Muriel Gillit

Jesus S. Aguirre buried Tuesday

Jesus S. Aguirre, age 68, died Oct. 3, 1991, in a hospital in Temple.

Graveside service was held at 10 o'clock, Tuesday, Oct. 8, 1991, in Lima Cemetery. Services were under the direction of Freddy Funeral Home.

Mr. Aguirre was born July 9, 1923, in Ozona. He was a member of the Catholic Church.

Survivors include two daughters Yvonne Aguirre and Paulett Aguirre, both of Denver, CO; three sons, Jess Aguirre of Abilene, Roy and David Aguirre, both of Denver, CO; one step-sister, Oralia Rivera of San Bernardino, CA.; one step-brother, Andres Aguirre of NM; four grandchildren and three great-grandchildren.

Fortunato Tambunga Sr. services

Fortunato M. Tambunga, age 81, died Friday, Oct. 4, 1991, at Crockett County Hospital.

Funeral Mass was held Monday, Oct. 7, at 10:00A.M. in Our Lady of Perpetual Help Catholic Church, with burial in Cedar Hill Cemetery. Services were under the direction of Freddy Funeral Home.

Mr. Tambunga was born August 9, 1910, in Ozona and was a lifetime resident. He married Elena Rivera Oct. 17, 1935, in Ozona. Mr. Tambunga was a member of the Catholic Church, Cursillita, and the Woodmen of the World. He was a sheepshearing contractor.

Survivors include his wife, Elena Tambunga of Ozona; five daughters

including Lina DeHoyos, Mela Flores, and Lupe Cervantez, all of Ozona, Irene Gomez of Midland and Vicky Longoria of Odessa; six sons: Nato Tambunga, Jr. and Cruz Tambunga of Ozona, Sam Tambunga and Ernest Tambunga of San Angelo, Alejos Tambunga of Haltom City, and Irineo Tambunga of Florida; two sisters, Oliva Garza and Florencia Porras, both of Ozona; three brothers Alejos Tambunga, Jr., Americo Tambunga and Renal Tambunga, all of Ozona; 40 grand-children and 44 great-grandchildren.

Pallbearers were Nato Tambunga, Jr., Cruz Tambunga, Alejos Tambunga, Ernest Tambunga, Sam Tambunga, and Irineo Tambunga

October is breast cancer awareness month

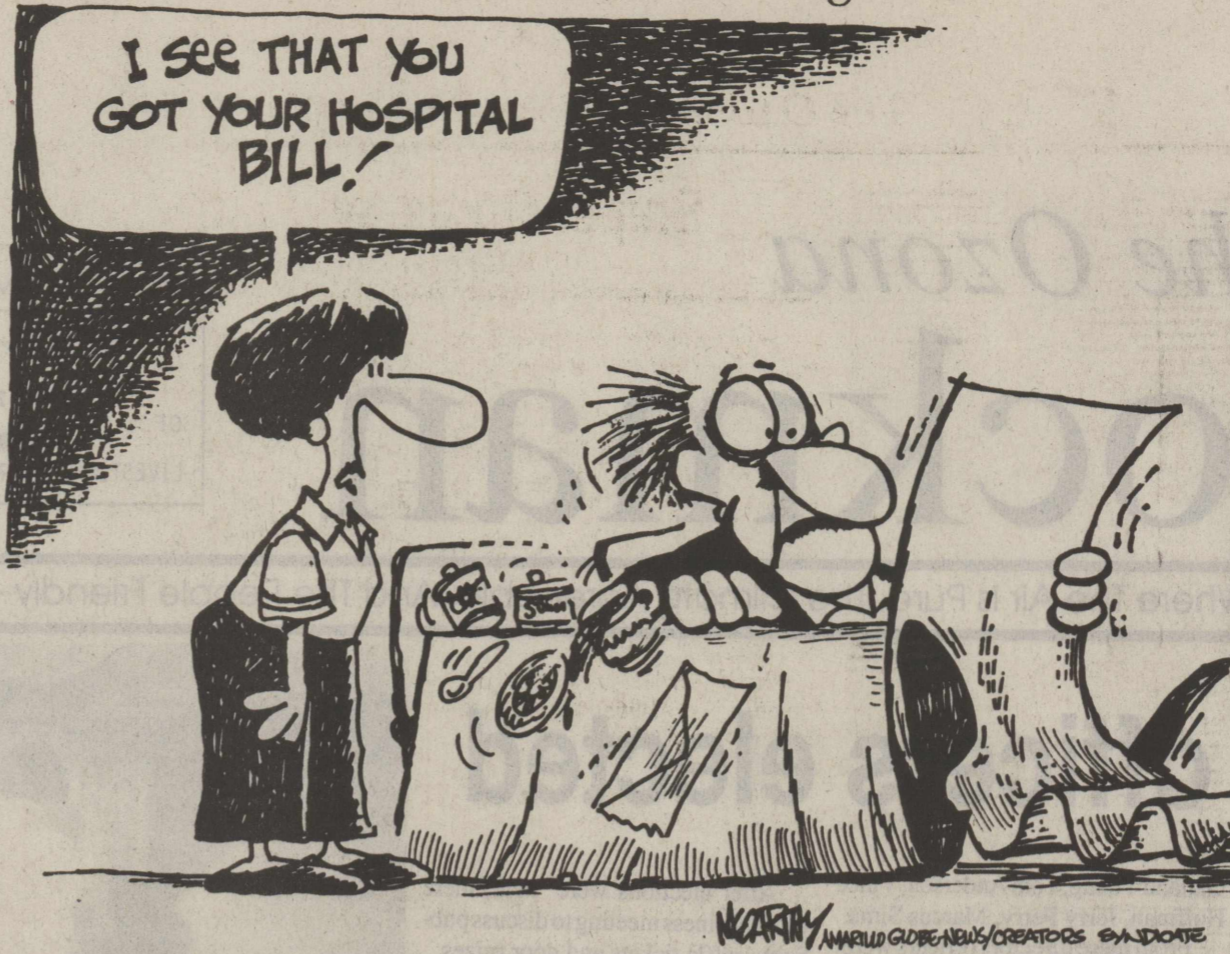

October in National Breast Cancer Month and the Texas Department of Health and the Centers for Disease Control are joining together to educate women and their families about the importance of early detection of breast cancer. Early detection provides the best opportunity to treat breast cancer successfully.

"Breast cancer is the most common cancer among women - one out of every nine women in this country develops breast cancer," said Charlene Laramy, director of the Chronic Disease Prevention Program at TDH. "Recently TDH received a \$3 million federal grant from the Centers for Disease Control to screen low-income women over 40 years old for breast and cervical cancer. We expect to begin offering these services in October. This is one of the few times the federal government has awarded funds to states for cancer screening."

In 1989, 2,124 Texas women died from breast cancer; 1,663 were white,

218 were black and 243 were Hispanic. In proportion to the size of population, breast cancer mortality rates were highest (26 percent) among black women and lowest (16.8 percent) among Hispanics.

Risk factors for breast cancer include a family history of breast cancer, early menstruation, no children or first child after age 35, late menopause, obesity due to high fat intake and daily consumption of alcohol. As with most cancers, the earlier it is discovered, the more likely it can be treated and cured. Doctors suggest that women perform a breast self-exam each month, have a breast physical exam every three years between the ages of 20 and 40 and every year after age 40, and have a baseline mammogram done at age 35 to 39 with a mammogram done every one to two years for women ages 40 to 49 and every year for women ages 50 or older.

TEXAS WATER COMMISSION

NOTICE OF PUBLIC HEARING ON APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL

CROCKETT COUNTY WATER CONTROL & IMPROVEMENT DISTRICT NO. 1, P.O. Box 117, Ozona, Texas 76943-0117 has applied to the Texas Water Commission for renewal of Permit No. 10059-01 which authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 500,000 gallons per day from the Main Wastewater Treatment Facilities. The permittee is also authorized to dispose of the treated effluent by irrigation. The plant site is approximately 3,000 feet west of State Highway 163 and approximately 2.5 miles south of Interstate Highway 10 in Crockett County, Texas. The effluent is discharged into Johnsons Draw; thence to the Devils River in Segment No. 2309 of the Rio Grande basin.

In accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for the receiving water in the area of the proposed discharge and whether the proposed discharge will cause significant degradation to any high quality waters in the area. The unclassified receiving waters of Johnsons Draw have no significant aquatic life uses. The designated uses for Segment No. 2309 are contact recreation, exceptional quality aquatic habitat, and public water supply. The effluent limitations in the draft permit will maintain and protect the existing instream uses. All determinations are preliminary and subject to additional review and/or revision.

The Executive Director of the Texas Water Commission has prepared a draft permit which, if approved by the Commission, will enforce more stringent effluent limitations and requirements in order to meet existing applicable rules and regulations. It is proposed that the expiration date of the renewed permit be specified as midnight, five years after date of Commission approval.

A Hearings Examiner of the Texas Water Commission will conduct a public hearing at 9:00 a.m. - Wednesday, November 13, 1991 Stephen P. Austin State Office Building - Rm. 1149A 1700 North Congress Avenue - Austin, Texas 78701

to receive evidence on the conditions, if any, under which the permit may be issued, and determine whether State Certification in accordance with Section 401 of the Federal Clean Water Act may be issued. This hearing will be held under the authority of sections 26.020, 26.021 and 26.028 of the Texas Water Code and the Rules of the Texas Water Commission.

The record of this proceeding will include evidence and testimony taken at the public hearing. The hearing may be continued from time to time and place to place, if necessary, to develop all relevant evidence bearing on the subject of the hearing. The Texas Water Commission reserves the right to schedule or reschedule hearings as it deems necessary. Further information concerning any aspect of the application, if available, may be obtained by contacting Kevin McCalla, Staff Attorney, telephone (512) 463-8069. Information concerning any procedures of the hearing may be obtained by contacting Bill Zukauskas, Hearings Examiner, telephone (512) 463-7875. Information concerning public participation in hearings may be obtained by contacting the Public Interest Counsel, Cynthia Hayes, telephone (512)463-8030.

Persons desiring to protest the granting of this application, who have not previously requested a hearing in writing, should file written protests with the Commission prior to the hearing date and serve copies of the written protest on the applicant and all designated parties, if any. The written protest shall: show the name and address of the protestant; identify the pending application; state the basis of the protestant's interest and any relevant facts and conclusions; describe the location of the protestant's property relative to the application; and propose any amendment or adjustment to the application which, if made, would result in withdrawal of the application. Persons desiring to present information relating to the application must appear at the public hearing either in person or by representative and present such information, subject to all applicable rules of evidence. Information offered in written form without the writer's presence will be noted by the Commission but will not be considered as evidence since the right to cross-examine is absent. No person will be admitted as a party to the proceeding unless the person complies with Commission Rules which require a justiciable interest and attendance at the hearing either in person or by qualified representative.

Issued this 3rd day of October, 1991.

CALLING ALL HOME MAKERS
Brought To You By J.D. Brown
AN IDEA TO HELP YOU IN ARRANGING PICTURES.

Pictures have become increasingly important in decorating, but in deciding exactly where they should go on walls—whether they should be a little higher or lower or whether they should go here or there—people run into a problem.

So this week we're happy to pass along a tip to help you solve this perplexing problem in arranging pictures.

If you want to use a picture or a group of pictures, and you aren't exactly sure how you want to place them this suggestion will let you avoid putting unnecessary nail holes in the wall.

The suggestion is to cut pieces of paper the same size as the pictures you are planning to use and place them on the wall with masking tape in the arrangements you are considering.

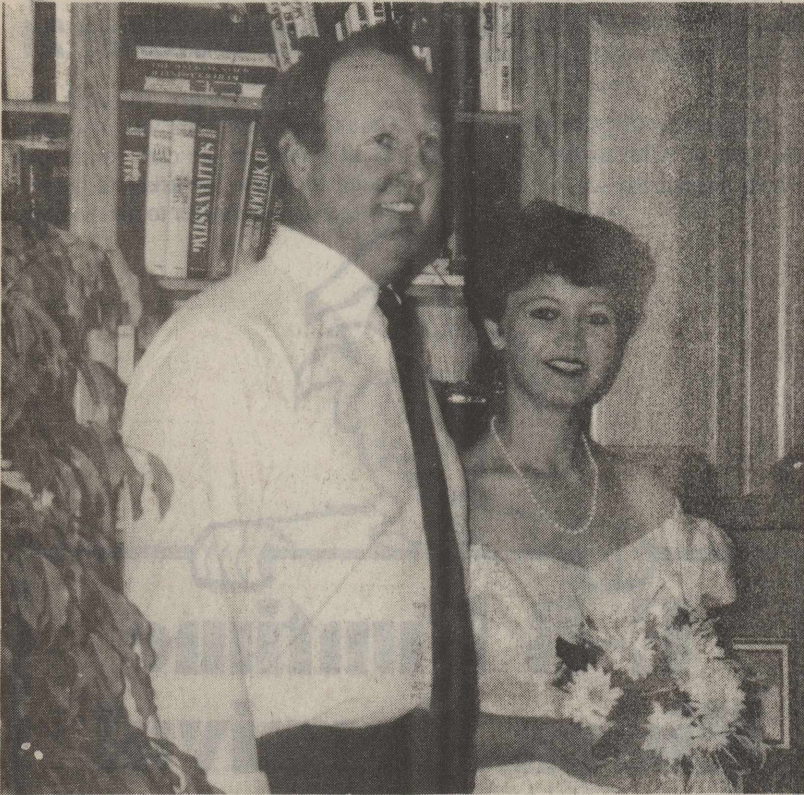

Then, you can move the pieces of paper around as many times as you wish until you decide on a final arrangement.

That way you can experiment with picture placement without having extra nail holes ruining your walls.

We hope to help you many ways in decorating your home—especially in making available to you a wonderful selection of furniture, and ideas. So for your home furnishing needs, come on in.

Snips, Quips, and Lifts

by Lottie Lee Baker

With computers doing our thinking, all we need now is a worrying machine.

Don't worry about avoiding temptation after you pass 60 - that's when it starts avoiding you.

If Robin Hood were alive today he would steal from the poor because the rich only carry credit cards.

Some people think they have dynamic personalities because they are always exploding.

He who "blows his stack" adds to the world's pollution.

When you are right you can afford to keep your temper; when you are wrong, you can't afford to lose it.

About the only clean, non-violent things on TV nowadays are the detergent commercials.

Maybe one reason the Russians are so confident is because they have watched our TV commercials and programs and figure all Americans have tired blood, indigestion, bad breath and a nagging backache.

Children who watch television every night will go down in history - not to mention arithmetic, geography and science.

Alexander Graham Bell gave us the telephone, but teenagers took us one step further - they gave us the busy signal.

You really can't beat the game. If you win something, it's minus taxes; if you buy something, it's plus taxes.

As a man grows older and wiser, he talks less and says more.

What's needed in a presidential campaign is an epidemic of lockjaw.

Once upon a time when you felt the need for a good cry, you went to the movies, later soap operas did the trick, now it's the supermarket.

The only way to succeed in life is to work hard, stay clean, walk with your back to the wall, and keep your Bible handy.

We can usually get somewhere when we develop a brake for the tongue and an accelerator for the brain.

A LIFT FOR THE WEEK

It isn't what you have in your pocket that makes you thankful, but what you have in your heart.

Visiting

Visiting with Mr. and Mrs. Tommie Tomlinson this week were Mr. and Mrs. J. G. Tomlinson of Brownwood. The elder Tomlinsons were having a small vacation visiting relatives in Llano, Brady and Ozona.

Anniversary wishes for a great day go to Bill and Debbie Glasscock. The Glasscocks share their special day on Oct. 9.

A. D. and Wanda Cox were pleased to have visiting with them last weekend Cassie and Keesha Cox, their granddaughters. The girls are from Kermit and like visiting in Ozona.

Birthday greetings go to Frances Flanagan on Oct. 7. Hope your day is as nice to you as you are to others, Frances.

Visiting with friends last weekend were Sarah Gillis and son Donny of San Angelo. Daughter Sondra stayed home to attend her first scouting trip away from home. Sarah was ready to get away and Donny was eating up the extra attention.

Birthday wishes go to Charlotte Trull on Oct. 5. Hope you were able to slow down and enjoy your day, Charlotte.

Grandparents Lloyd and Mary have had Chodya Corley, their granddaughter from Abilene, with them last week. Daughter Kris arrived last weekend to take Chodya home. Though Chodya's visit was great, it was good to see mom arrive.

Birthday greetings go to Postmaster Floyd Hokit on Oct. 7. Hope your

Ozona Woman's League to host 1991 Bazaar

The Ozona Woman's League would like to invite non-profit organizations to participate in their annual bazaar to be held Tuesday, Nov. 26, from 5-6:30 p.m. at the civic center.

Cost of booth rental will be \$10.00. The booth may be decorated the day before the bazaar and the League will furnish decorations that will enhance

the bazaar theme. A limited number of booths are available on a first-come-first-serve basis. Only craft items may be sold. No food of any kind will be permitted.

To reserve a booth or obtain additional information call: Jeannine Henderson at 392-3503, or Teri Williams at 392-5069.

The home of Mrs. Hallie Black on Country Club Road was selected as Garden of the Month by Ozona Garden Club. Large shade trees are encircled with a carousel of profusely blooming impatiens in the neatly manicured lawn. The front porch is accented with potted geraniums.

Think About It!

By Ralph Moore

The Sept. 16 issue of U.S. News & World Report had a cover story on early man. It presented a new "Out of Africa" model that challenges some earlier evolutionary beliefs about the origin of man. If you listen closely the next few months, you are going to hear quite a debate in the scientific community as they argue the merits of this radical change in thought.

Fundamentally, the "Out of Africa" model questions the Neanderthal discoveries that fueled Darwin's theory of evolution. Evidence is presented that "modern human beings are not an inevitable product of evolution," but rather recent descendants of African Stock. Physicists, anthropologists, geneticists, archaeologists, paleontologists, and other researchers from numerous universities and research centers are engaged in serious dialogue over this new theory.

In its most basic premise, the out of Africa model says that "all humans are descended from a woman who lived in Africa 200,000 years ago." Geneticists are calling this the "Eve" hypothesis and they appeal to mitochondrial DNA to support the theory.

Whew! All people come from one mother? Where have we heard that before? Yes, the Bible! Once again the best of scientific thinking confirms the Scriptural account without even knowing it. Truth has a way of rising to the top. Every time that the archaeological spade digs down, or the microscope examines human tissue, the Work of God is validated.

The Apostle Paul, preaching to the idolatrous Athenians, said that God "gives all men life and breath and everything else. From one man He made every nation of men, that they should inhabit the whole earth..." (Acts 17). Scripture heralds Eve as the mother of all living (Gen. 3:20). The human family has many branches but one root.

The implications of this scientific model are staggering. Not only does it illustrate once again that the Bible is confirmed by modern science, it also gives credence to the hope that all nations can, and should, live in harmony. You know, before it's over, even our educational system is going to have to teach Biblical creation because they are going to be forced there by scientific findings.

There is a powerful recognition that comes to us through the screen of Scripture. It concerns both the physi-

cal and spiritual dimensions of mankind. In the physical realm, science corroborates Scripture in that all nations, all ethnic groups and races, have the same blood. Now it also traces to one person the birth of all. Through one man (Adam) and his bride (Eve) springs all humanity. Behind them stands a creative Father.

In the spiritual realm a similar screen develops from Scripture. Through one man (Christ) and His bride (the church) springs forth all believers. To this union is traced every religious group that calls itself Christians. Behind them stands a loving Father.

Pure science and pure Scripture are threatened by mutations. For instance, some races, despite the common blood of all nations, proclaim themselves superior to all others. This is a perversion called prejudice. And some religious groups, despite the blood of Christ which unifies all believers, proclaim themselves the only true people of God. This is a perversion called hypocrisy.

I hope that the scientific community continues its quest to understand early man. It will take both reason and courage to proclaim the oneness of the human family. Their findings deserve wide and thorough reading among those seeking truth. All nations come from one blood!

And I pray that the religious community continues its quest to understand the early church. It will take both reason and courage to proclaim the oneness of believer in Christ. The Bible deserves wide and thorough reading among those seeking Truth. All Christians come from One blood!

Think about it!

"The Lord openeth the eyes of the blind; The Lord raiseth them that are bowed down; The Lord loveth the righteous;

"The Lord preserveth the strangers; He relieveth the fatherless and the widow; But the way of the wicked He turneth upside down.

Psalms 146: 8-9

R. A.'s Against World Hunger to host second booth

The Royal Ambassadors of the First Baptist Church in Ozona will join in a nation-wide effort to fight world hunger on Saturday, Oct. 17, from 11 to 3 o'clock.

The R.A.'s will host a food booth on the town square which will feature poor boy sandwiches, hot dogs, sausage and chili pie. Cold drinks will also be available.

"All proceeds will be donated to help fight world hunger," stated R. A. sponsor Lyndon English.

Special birthday greetings go to Mrs. Lillian Hubbard as she celebrates her 91st birthday this week on Oct. 10.

Belated greetings for a happy birthday go to Christopher Rodriguez whose special day was Oct. 4.

Hospital Auxiliary meets October 21

Crockett County Hospital and Care Center Auxiliary will meet Oct. 21 at 3 p.m. in the care center day room. Members are asked to try and bring a new volunteer to the meeting.

Meals on wheels menu

Monday, Oct. 14 - Meat Loaf, Creamed Potatoes, Mixed Greens, Rolls, Fruit Cup, Juice

Tuesday, Oct. 15 - Baked Chicken with Rice, Garden Beans, Rolls, Pink Panther Desert, Milk

Wednesday, Oct. 16 - Roast Beef and Gravy, Mashed Potatoes, Carrots and Peas, Rolls, Cake Squares, Milk

Thursday, Oct. 17 - Swiss Steak, Buttered Corn, Green Beans, Corn Muffins, Jello with Fruit, Juice

Friday, Oct. 18 - Tuna Caserole, Mixed Vegetables, Rolls, Vanilla Pudding, Milk

Friends of Library to hold annual meeting

The Friends of the Crockett County Library will hold their annual meeting on Wednesday, Oct. 16, at 1:30 p.m. at the Crockett County Public Library. Projects and activities for the coming year will be discussed. Interested persons are invited to attend.

By Don Godeau
Calvary Baptist Church

(as told by a local citizen...in letter form)

A.D. 28

---A man came to town yesterday - some people say he's insane - some say he touched a coffin while passing a funeral procession and the dead person sat up, and that all sorts of strange things are happening when he's around.

Where this man comes from is uncertain to me at this time; he looks ordinary enough - about 30 years or so. I saw him talking to a group of children - probably a "weirdo", I suppose? I must tell all my grandchildren to stay away from him.

He has a large group of people following him - mostly to watch him perform strange things. He does have, however, a few people who seem to be really close friends. The way they listen to him, they seem to be drawn to him, for some reason or other.

Say, you may remember the old scraggly lady on the outskirts of town - the one that has this horrible smell from all her bleeding? You know, she's had this for 12 years or so - anyhow, when this man was coming through town yesterday, this old lady - gosh, she is skinny! Shaggily dressed, you know, and terribly repulsive! Well, she made her way, half crawling, through the crowd, mind you, and was crying, muttering to herself, something about "just touching his clothes". And, that fool lady did just that - she reached and barely touched his clothes as he walked by. He stopped, said something to the people, then he spoke to her, and continued to walk on. You know what? Well, she stood up from her knees, half crying, half laughing, all at the same time, and followed him

in the crowd, saying, "thank you! thank you!"

I'm here to tell you that this man is causing a big stir in this town - why, everyone is talking about him! He even made one man that was blind, to see, and another walk, after being crippled from birth! Land sakes - he even brought a church official's daughter back to life!

I tell you, if I hear that this man walks on water, I'll just die on the spot!

But, I guess the highlight of the whole day was when they caught that Miss So and So --- you know --- the harlot, why, everyone knows who she is and what she does! Well, anyway, some of the Town Council caught her in her business profession - in broad open daylight, and brought her to him. Let me tell you, that woman fought like a wildcat! They made her stand before him, and asked him what he thought they should do with her. Well, you know as well as I do, what a person caught doing what she was doing, gets! I even had a big rock in my hands - I knew what we should do, and so did the others - teach her a lesson she wouldn't soon forget. Well, this man - all he did was say a few words, stooped down and wrote something in the dusty street and then stood up and said to the crowd, "If you're without sin, go ahead - throw the first stone". Well, let me tell you, this hushed everyone up - why, you could hear a pin drop! Not a sound! And then, I heard stones being dropped to the ground - all around me - so, I dropped mine, too. Aw, it was way too heavy anyway!

The strange man stood and talked to her - this harlot - so we just left. But

I overheard him telling her "...neither do I condemn you, go your way and sin no more". Somehow, at that very moment, I felt so guilty - why, I was ready to throw the biggest rock I could find, and something made me drop it and just walk off. I didn't sleep all night thinking about all I had seen and heard...boy, what a day that one was!

I hear he's planning to move on shortly. I hope so. We've had enough of him. Well, I know I have - he makes me feel so "uncomfortable", just being around him - so "guilty", and I don't have anything to feel guilty about!!

Oh, by the way, you remember Lazarus. Well, he is real bad sick right now - he's not really expected to live, but he has Mary and Martha looking after him, so I'm sure he will be well taken care of. I understand that Mary is one of the strange man's followers. Who knows, they might contact him to "heal" Lazarus! I doubt it, though, Lazarus is too far gone - practically dead, you know!

Well, I gotta go now. So much for the strange Jew man in town. It was quite a stir he caused; things really came alive in this dull town lately.

I'll write you again soon.
P.S. They say this man's name is Jesus - he's just a carpenter's son from Nazareth, of all places...! Have you heard of him?

Pastor's Note:

Are we any different today...?
We have this option... (A) To just talk about Him...or...(B) To believe and accept Him as Lord of our lives. His life and death on the cross was serious - so is His Word - Trust Him Today!!!

OPEN HOUSE --Sue Swyers, Valerie and James Queen with Mottahedeh dinnerware in the Tobacco Leaf pattern. Stockman photo

Open house marks one year anniversary

Guests attending a wine and cheese open house Saturday afternoon to commemorate the first anniversary of Tedford Jewelry in Ozona praised the special showing of porcelain and brass Mottahedeh museum reproductions. Factory representative Sue Swyers shared her knowledge of these reproductions made from rare and antique designs as she talked with guests of Valerie and James Queen.

Mottahedeh & Co. was founded by Mildred Mottahedeh and her late husband, Rafi, in 1924. The company is known worldwide for its fine reproduction of dinnerware, giftware and brass.

Mrs. Mottahedeh, recipient of the 1990 Lifetime Achievement Award from International Tabletop Award's board of directors, runs the reproduction and design company. She selects and develops patterns for the collection. Licensing programs for authorized reproductions from major museums in the U. S. and abroad are also sources for Mottahedeh & Co.

The firm produces approximately

1,500 different items for more than 3,000 stores from Tiffany & Company to small gift shops. One of the company's most popular designs is based on the Tobacco Leaf pattern originally made in China in the 18th century for export to Portuguese and Brazilian markets.

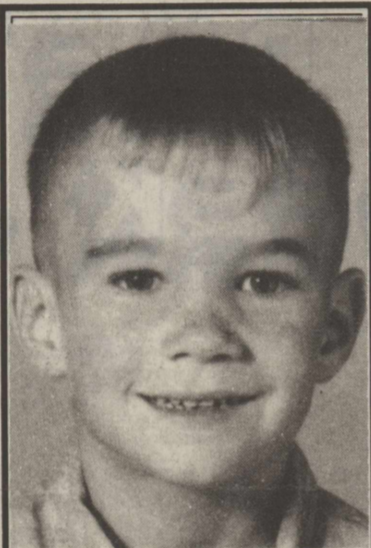

The Tobacco Leaf pattern, used at Sotheby's in Manhattan and the American Embassy in London, was displayed in a table setting at the open

Sue and Larry Denney and daughter Amanda are returning to Ozona after a four-year absence. Larry is gang foreman for Texas-New Mexico, replacing Neil Harms who transferred to Missouri. The Denneys are happy to make their home in Ozona once again.

Friends of Doug and Rose Leving will regret to learn of the death of his mother in Louisiana last week.

Oscar Kost is expected home at mid-week following surgery in San Angelo on Monday.

house.
"I make them so they can all go in the dishwasher," said Mrs. Mottahedeh during an interview in the New York Times in 1989. "The gold won't come off. That is part of my women's movement."

Happy 30th Wade!

A&M study shows that 4-H involvement pays

By Sandra Avant

COLLEGE STATION - A recent study of Texas teens shows that those who were members of the state 4-H program rated themselves higher in having leadership life skills than did young people who were not in 4-H.

"The study doesn't come out saying that 4-H is better than other youth programs," according to Dr. Barry L. Boyd, director of the research study and Extension associate with the Texas Agricultural Extension Service. "It does support other research that has demonstrated that membership in organized youth programs enhances self-concept."

National 4-H Week, Oct. 6-12, honors the 80-year-old organization that has 5.8 million participants nationally. Last year the 4-H enrollment in Texas totaled 402,000, a 30 percent increase over 1989.

Boyd said that in his study, young people in 4-H rated themselves higher in what's known as leadership life skills - working with groups, understanding self, communication, making decisions and serving in leadership roles.

Last spring, Boyd collected data from 309 4-H youths and 558 non-4-H members, ages 13 to 19, using a five-part questionnaire. About 500 4-H members were randomly selected from 25 Texas counties. Those young

people not in 4-H were randomly selected from 28 schools that participated out of the 50 schools that were asked.

"We wanted to determine if 4-H members were developing life skills, and if so, did the amount of participation help as compared to other young people," Boyd said. "What we found out is that yes, it does. There is a correlation to how much young people participate in 4-H and how high they rate themselves on the indicators of leadership skills."

"To be successful, 4-H members are urged to set positive goals and make long-range plans, and research shows that young people with clear, positive goals are less likely to have such problems as unplanned pregnancies," said Dr. Nelson Jacob, 4-H and youth development specialist at Texas A&M.

Young people in 4-H have many opportunities to develop a positive self-image, which is a key to becoming a productive, self-directed, contributing member of society, Jacob said. Plus, the 4-H program provides an environment where young people can learn the perceptions and skills necessary to be good citizens.

The organization also involves the whole family, he said. Trained adult volunteers serve as role models and help youngsters make responsible decisions.

"More and more, educators and youth development professionals are realizing that an important component of the solution to many of the problems like substance abuse and teen pregnancy is to help young people make healthy choices," Jacob said. "This study provides solid evidence that 4-H is doing just that."

"Most successful 4-H members will tell you that 4-H keeps them so busy with enjoyable activities that build their confidence and skills," Jacob said. "In the 4-H program, the odds are in favor of the children."

Sentences given

Sentences were pronounced on two Crockett County cases last week in district court in Sonora. Judge Brock Jones presided.

Franklin Dale Hobson of Midland pled guilty to a charge of theft over \$750. Hobson was sentenced to five years probation, deferred adjudication, fined \$5,000, ordered to pay \$1,803 restitution and to pay \$2,500 to the victims' assistance fund.

Danny Lee Blunt of Midland was sentenced on a felony driving while intoxicated charge to five years in the Texas Department of Corrections, 60 days shock probation, fined \$500, court costs and appointed attorney's fees.

Hunters should know . . .

Co-Op facilities are never in season

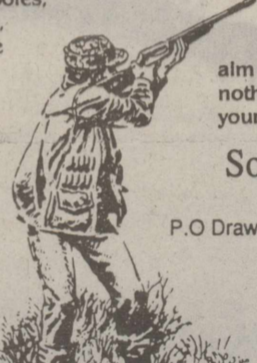

Hunting season is a much anticipated time for many Texans - but often a dreaded time for electric co-op linemen.

Each year hunting season brings with it an increase in vandalism of electric facilities. Whether by accident or intent, insulators, poles, transformers, power lines, meters, and other hardware often become "targets" for hunters.

Not only is the damage expensive to repair, it can also create an extremely dangerous condition. A damaged insulator can cause a power line to fall posing a risk of electrocution and fire. Damaged facilities also present a substantial risk for linemen who must work to repair the damage.

And the danger doesn't stop there. Loss of service to a home with life-support equipment can quickly create a life-threatening situation. An outage can also affect traffic signals and security lighting.

Your Electric Cooperative wants this hunting season to be a good one for you and your Co-Op. So please take careful aim before you shoot and be certain that there is nothing between you and your target - and that your target is in season.

Cross country teams race to top three in Big Spring

The Ozona High School cross country boys' team placed second behind Plains at the Big Spring meet Oct. 5. The Plains team was second at the state meet last year.

Ozona girls placed third behind Sundown and Garden City.

Placing for the boys were: Mark Ramirez 4, Cipriano Perez 12, John

Ramirez 13, Aaron Carroll 17, Rene Tambunga 21, David De La Rosa 30, James Talamantez 79, Gabriel Perez 93 out of 115 runners.

Claudia Avila led the girls with a 7th place followed by Myra Sanchez 15, Heather Hall 20, Veronica Mendoza 50, Petra Rios 63 and Carri Chandler 75.

Texas Track and Field News has ranked the Ozona boys' cross country team third in the state behind Farmersville and Sundown. District rival Eldorado was ranked fourth with Boys Ranch rounding out the top five. Others are Academy sixth, Little Elm seventh, Asherton eighth, Abernathy ninth and Santa Maria tenth.

JV Lions defeat the Eldorado Eagles 22-6

By Don Stark

Justin Castro rushed for three touchdowns to lead the Ozona JV Lions to a 22-6 victory over the Eldorado team last Thursday in Lion Stadium.

Castro left no doubt that he was ready to play as he ran the opening kickoff back 80 yards to score his first touchdown of the game.

Victor Villa's extra point attempt was good and the Lions led 7-0 in the opening minutes of the game.

The Eagles scored in the second quarter to pull within one point of the Lions. However, during the extra point attempt by Eldorado, Ozona's Robert Bryson picked up an Eagle fumble

and ran it 97 yards to score a two point play for the Lions.

The score at the half was 9-6 in favor of Ozona.

In the third quarter Justin Castro scored his second touchdown of the game on a 20 yard run. Victor Villa's extra point attempt was good and Ozona led by a 16-6 score.

Castro's final touchdown came in the fourth quarter on a 6 yard run.

Castro carried the ball 20 times for 155 yards. The Lions' total offense for the game was 287 yards, with 202 yards rushing and 85 yards passing.

"We had a shaky first half but the kids pulled it together at half time and really took it to them. We can't say enough about our defense. Justin Castro, Eddie DeLuna, Tony Valencia, and Joe Hernandez led the charge. An interception by Alex Borrego killed the only Eagle threat in the second half. These guys are a young ballclub with a 3-1 record and as long as we keep improving, the sky's the limit," commented the Coach Charlie Oren.

The next game for the JV Lions will be at 6:30 p.m. in Stanton Oct. 10.

High school first six weeks honor roll

The following students made the honor roll for the first six weeks of the 1991-92 year at Ozona High School. Grades in band, P.E., athletics, photography or for office aides do not count toward the six weeks average. A student must have a 90 or better academic average to be on the honor roll and must not have any grade below an 80.

SENIORS

Adam Alba, Claudia Avila, Haley Carson, Courtney Childress, Cullen Curry, Bobby Davee, Marissa Denson, Alma Flores, Karlee Fuller, Marandy Keith, Patricia Maldonado, Joe R. Cubs lose two games to Eldorado

By Don Stark

The Ozona Junior High Cubs lost two games to the Eldorado Junior High teams last Thursday in Eldorado.

The 7th grade Cubs lost by a score of 8-0. After Eldorado scored in the first quarter, neither team could generate enough offense to score again.

One of Ozona's defensive stars was Richard Gonzales, who played a strong, steady game. Another defensive standout for the Cubs was Laramie Campbell, who intercepted a pass to stop an Eagle drive.

"This was a game between two evenly matched teams trying to win their first victory of the season. I thought our defense played an outstanding game," stated Coach Keith Shoush.

With this loss the 7th grade Cubs' record fell to 0-3.

The 8th grade Cubs lost by a score of 20-0. Eldorado scored twice in the

first quarter and again in the fourth.

"Benny Gutierrez played a good game on both offense and defense. John Paul Usener, Lynn Haire, Ray Fierro, and Joebie Sanchez also played a good game," stated Coach Kirk

Schwartz.

The 8th grade Cubs' record is 0-3 for the season.

Both Ozona teams will host Stanton next week.

ALONSO HERNANDEZ (78) brings down an Eagle running back with Owen Powell (44) and Adrian Vargas (85) also in for a tackle assist during the Ozona Lion's bout with Eldorado Friday night. The Eagles edged the Lions 12-9. Ozona meets Stanton this Friday in Lion Stadium at 8:00 p.m. *Stockman photo*

The award winning Ozona Lion Marching Band helps hold spirits up from the sidelines at the varsity game against the Eldorado Eagles.

Eagles edge varsity Lions 12-9

By Don Stark

The Eldorado Eagles defeated the Ozona Lions 12-9 in a hard fought District 6-2A battle last Friday night in Eldorado.

The game was a defensive struggle with many penalties, fumbles, and dropped passes playing a major role in the outcome.

The Lions got on the scoreboard first as a result of Diego Pena's recovery of an Eagle fumble during Eldorado's first ball possession. After being held for three downs, Adrian Vargas kicked a 40 yard field goal to give the Lions a 3-0 lead with 10:35 remaining in the quarter.

The Lions stopped the next Eldorado drive when Andy Borrego intercepted an Eagle pass. Ozona was unable to move the ball and was forced to kick.

The Lions' final score came as a result of another Eagle turnover. After recovering an Eldorado fumble on the Eagle 16-yard-line, the Lions used four plays to move the ball to the one yardline. Michael Fay scored on the next play to give Ozona a 9-0 lead with 5:03 left in the first quarter. The extra point attempt was blocked.

Eldorado scored on their fourth ball possession of the quarter. After a long drive down field and the aid of two big penalties, the Eagles scored from 4 yards out with 1:50 left in the quarter. The extra point try was unsuccessful, making the score 9-6 in favor of the Lions at the end of the quarter.

Neither team could score in the second quarter. The Lion offense was stopped three times in the quarter as was the Eldorado offense. The score at the half was 9-6 in favor of the Lions.

The third quarter belonged to the defense. On Ozona's first ball possession of the quarter, the Eagles stopped the Lions on a fourth down attempt at the Eldorado 45-yard-line. The Eagles then started a drive that stopped on the Ozona 16 yard line. Following two penalties and a fumble, the Eagles had a first down on the Ozona 5-yard-line. The Lion defense dug in and stopped the Eagles on four downs.

The Lions took over the ball and advanced it to the 15 yard line. A quick kick put the ball on the 50 yard line. Once again the Lion defense held and forced the Eagles to kick.

Ozona could not move the ball, and the third quarter ended with the score still 9-6 in favor of the Lions.

Eldorado's first possession in the fourth quarter ended when they were stopped by the Lion defense and forced to punt.

The Lion offense came to life on their first ball possession in the fourth quarter. After runs by Michael Fay and Jason Yeager, and a pass play from Chad Upham to Adrian Vargas, the Lions were down on the Eldorado 11-yard-line. But the Eagle defense held and the Lions had to give up the ball.

From this point Eldorado started the drive that would win the game. The Eagles marched 89 yards in nine plays to score a touchdown with 1:20 left in the game to make the score 12-9 in favor of Eldorado.

The Lions did not give up. On their final possession, Chad Upham completed a pass to Michael Fay that was good for 29 yards. With 40 seconds left, the Lions were on the Eldorado 26 yard line. But here the Lions' final attempt to upset the Eagles ended. The Eldorado defense held the Lions and the Eagles escaped with the victory.

With the loss, the Lions' record is 1-4 for the season and 1-1 in District 6-2A action.

Michael Fay carried the ball 27 times for 70 yards to lead the Lion rushing attack. Chad Upham completed 4 passes out of 14 for 60 yards. Mike Kenison and Joe Mendoza led the Lion defensive efforts.

"I was proud of the kids for their overall effort," said Coach Payne. "However, I was disappointed in their execution. Mental errors killed our offensive drives. The defense hit well but did not tackle well."

The next game for the Lions will be Friday, Oct. 11, when they host the Stanton Buffalos in another District 6-2A encounter.

NANTANDY poses with a self-portrait now on exhibit at Crockett County Public Library. Stockman photo

Art by Nantandy exhibited at public library

The works of former Ozonan Nantandy are on exhibit during the month of October at Crockett County Public Library. Included in the exhibit are oils, watercolors, acrylics, a lithograph and pieces done in a three-dimensional style which earned the artist a place in Who's Who of American Women.

The three-dimensional structural canvases invented by Nantandy in 1965 is an outgrowth of a class in experimental art taken "out of frustration with my master's committee". She received her M.A. in painting in 1967 at California State University in Long Beach.

War Map, a three-dimensional placed on the north wall of the library's parlor, was created at the height of the Vietnam war and depicts a hill opposing forces are attempting to take.

"People have a lot of fun with these imagining what they represent," she said.

Nantandy has been drawing and painting since she was a small child. "I drew on mother's walls. I didn't know I was an artist, just thought I was being a bad girl," she said.

Longtime friend Dilly Dockery, on hand to greet Nan when she hung her exhibit Friday, quipped that "from the time we were little bitty Nan did strange things on her tablet."

The two reminisced as they viewed a self-portrait showing Nan at three ages as Aphrodite, Athena and Artemis. "That was a real fun one; that's where I really let myself go."

Nantandy believes in "making the most of your hours to create new work". Her exhibits and awards are many. She remembers that her first show was in Ozona about 1956, and her first sale, a self-portrait, went for \$10.

Most recently Nantandy exhibited at the Big Country Art Association Citation Art Show in Abilene. Although her roots are in Texas and her home is near Merkel, Nan has lived, created and exhibited her art in New York, California and points in between. Exhibits include everything from a private showing in Trent, Texas, to Rockefeller Center in New York City.

Nan was commissioned to do a state sponsored 72' mural of the history of San Bernardino County at Redlands, CA. Sketches from the mural were in a traveling exhibition to galleries and museums in the Northeastern U. S. for 10 years.

Among her awards and exhibitions are:

1948-60 Texas Federation of Women's Clubs - second prize, amateur award; San Angelo Art Club - second club, amateur; Texas Watercolor Society Annual, Witte Museum, San Antonio; Joske's of Texas Award, two paintings on traveling circuit; Creative Arts Gallery, New York, honorable mention; Texas Federation of Fine Arts, Austin, honorable mention, cash awards - watercolors; Ligoa Duncan Gallery, New York City, Prix De Paris Award

1960-70 Special award in student teaching (USC, Los Angeles, CA; BFA - 1964); watercolor award, Bamsdall Part Art Museum, Hollywood, CA; art editor of national first place winning yearbook, El Rodeo, USC; "Teacher '66" - NEA award on KCET television; MA in painting, 1967, California State University at Long Beach; Long Beach Art

Museum annual competition juried by Clemm Greenberg, internationally noted art critic and writer from New York City; group exhibition at University of Rome, Rome, Italy; watercolors; honorable mention awards for new structural canvases: Long Beach Art Association juried by Joe Mugnaini; Orange County Art Association juried by Roger Kuntz. "The Big Bear" LBAA, "Bi-Circle Red" OCAA

1970-80 Orange County Art Association sponsored first solo exhibition of structural canvases at Fullerton Library; feature article in Orange County Evening News; group invitational International Pipapo Exhibition, Cologne, Germany; solo invitational art exhibition opening new cultural center, Port Coquitlan, Canada; juried shows at Miami Art Museum, Newport Harbor Art Museum and Abilene Fine Arts Museum; first assistant to Eleanor Palagi, walls and skylight of Ritz-Carlton Hotel, Chicago - \$100,000 commission; selected for Who's Who of American women, Who's Who in California, and Dictionary of International Biography; awarded \$5,000 mural commission for Art in Public Buildings Program, California State Architect's Office

1980-90 Elected to executive board and membership in National Society of Mural Painters, New York City; San Bernardino mural sketches included in 10 year traveling exhibition to galleries and museums in Northeastern United States; winner of two first place awards for painting and sculpture at Keane Mason Gallery Art Spectacular competition, New York City, Xavier Gonzalez, juror.

1990's White ribbon for structural canvas "War Map" at Creative Arts Club Biennale, Abilene; blue ribbon for watercolor at Creative Arts Club Biennale, Abilene; honorable mention for acrylic "Spirit of Cochine", Big Country Art Association Citation Show, Abilene, and for structural canvas "Bi-Circle Red".

Ozonans enjoy Canadian fall foliage

Ozonans Sibyl Howell, Vada Pridemore, Kitty Montgomery, Elaine Phillips, Blanche and Lefty Walker were members of a tour group which enjoyed a 15-day jaunt to Canada Sept. 19-Oct. 3.

Highlighting the trip was the Agawa Canyon train excursion which took the Ozonans along with 1,400 others into the canyon to view the picturesque waterfalls and the grandeur of Canada's fall foliage.

While the main item of interest was to view the lovely fall foliage of Canada, the group enjoyed a variety of other activities. Included was a two-night stay at the Grand Hotel on Mackinac Island, MI, Sept. 24-25. The travelers were taken to the island by boat. While there, the mode of transportation was horse-drawn carriage. Automobiles are not allowed to defile the beauty of the island.

Of special interest was the Sault Ste. Marie Locks cruise which took the group through the locks of Lake Superior.

While en route along the northern edge of Lake Superior to Thunder Bay, they saw snow covered trees which gave the illusion of being decorated for Christmas.

In Minneapolis, MN, the group attended the Chanhassen Dinner Theater and was enthralled by a production of the Rogers and Hammerstein musical "Oklahoma!". "The performance and food were both outstanding," said Mrs. Pridemore.

Winding down the trip was a per-

formance by the St. Louis Symphony and a baseball game between the Kansas City Royals and the Oakland A's in Kansas City, MO.

There were surprises all along the way and a very special stop at the

Although glad to return home, the group stored many memories and all agreed that it was "fun all the way".

Ralph Caffey of Big Spring, minister of Calvary Baptist Church in Ozona from 1972-73, his daughter and son-in-law, Deborah and Kenny Heath, were in Ozona last week on a sentimental journey. The three were spending several days visiting communities where Rev. Caffey had pastored. Deborah and Kenny, who make their home in Girdletree, MD, spent two days of their honeymoon at the Circle Bar in 1985.

Intermediate and primary schools sport new computer lab tables

"To begin this year at the Ozona intermediate and primary computer labs we had a surprise awaiting us," said Principal Manley Holmes "Wonderful new solid wood computer tables! Our very own Mr. Jim White of the high school woodworking industrial arts classes spent his summer holidays constructing the finest computer tables seen east of the Pecos. No more sagging, overextended, store-bought, now only the best quality and workmanship possible."

Mr. White's design was especially developed to provide the necessary spacing, strength, height, and depth to allow the children the best access to their monitor, mouse and pad, and

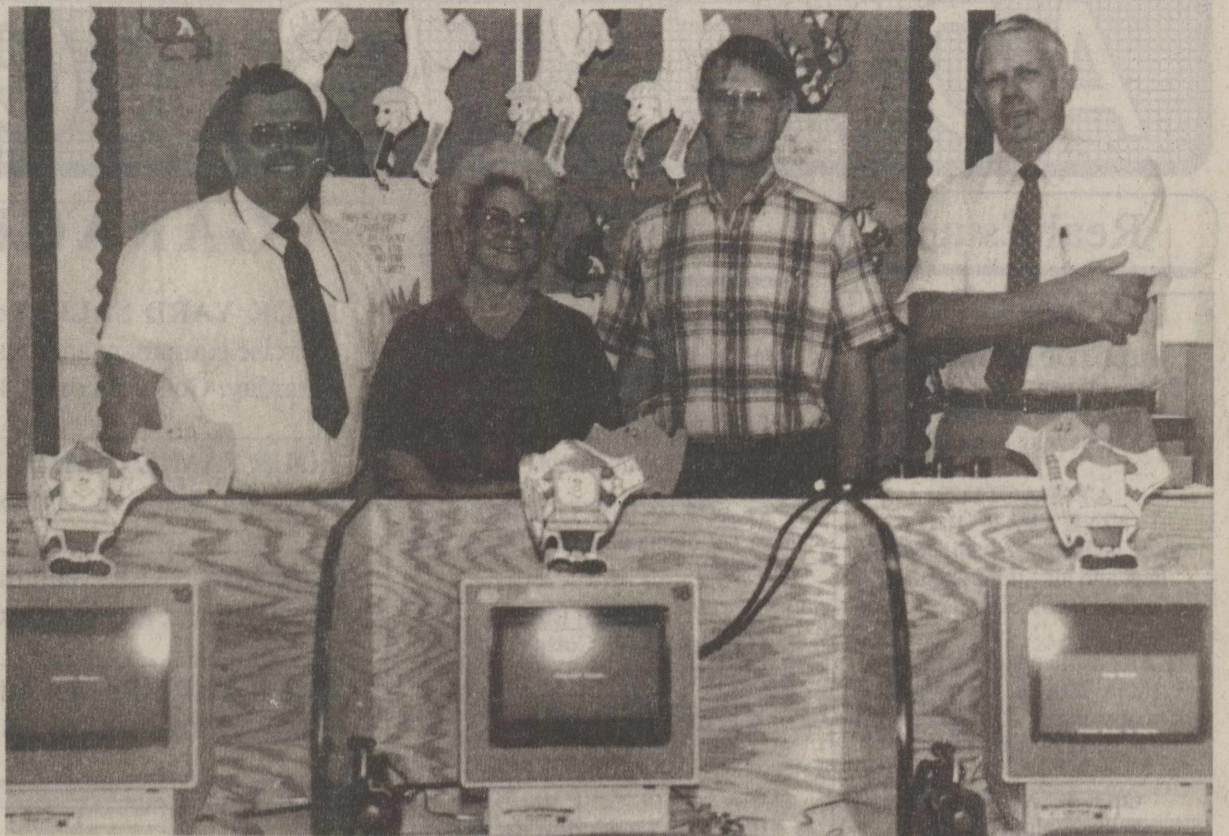

storage of their earphone and microphone. Each child has his own foot space with kick resistant edging. The tables are beautifully ornamented in solid wood, machine finished, with stained and sealed trim on all exposed edges. The working surfaces are bone white non-glossy formica that will resist marks from many hours of mobile keyboards and audio box use.

At the primary school the specifically designed tables feature individual cubbyholes for each child's computer equipment or "hardware" to minimize distractions and involvement with another's lessons. The youngest Ozona students are working hard to obtain better attention spans

and attain individual thinking skills.

When the same discussion came up in the design for the intermediate, the cubbyhole or closed individual space was not requested. At the intermediate level the children need and are encouraged to have times of interacting and would be hampered with closed sides. There are group activities using the Compton's Encyclopedia on a CD disk, and many hours spent in writing activities and lessons whereby the extra space surrounding the monitor area is used for research materials and hardcopy prompts.

"We are very proud to have such talented educators here in Ozona. It is especially beneficial to the community that these individuals are so willing to contribute to the betterment of our children over and above the call of duty," stated Manley Holmes, Ozona Intermediate School principal. "Having Jim White build these tables provided a beautiful customized product that will be a lasting memorial to the concern for our children's future by a caring teacher."

Proudly posing with the new computer tables at the primary school are Principal and Mrs. Manley Holmes, Jim White and Principal Walter Spiller. New tables have also been specially designed for the intermediate school as well.

Reading tutors needed

Ozona Community Center coordinates a tutoring program in reading for Ozona Primary and Intermediate Schools. At this time, volunteers are needed at both schools between the hours of 2 and 3 p.m. to help students with their reading.

If interested, please contact Lora Eastman at 392-2710 or 392-2297.

There are still openings at the center for children ages 18 months to two years in Vicky De La Garza's class.

Mrs. Eastman reports that there is money left for scholarships for preschool children.

Band calendar listing drive to begin

Ozona Band Boosters met September 30 at 5:30 in the band hall with 14 attending.

Thank you notes to contributors of the Poor Man's Supper have been mailed out.

Royce Newton was winner of the boosters raffle for the CD player.

Curtis Keith assigned volunteer group leaders for areas to canvass for band calendar listings. Phone committee members will be calling band parents to help with the calendar drive which is set for Oct. 14 and 15. If you

are a band parent and missed being called but would like to help, please meet at the band hall at 5 p.m. on these dates.

Boosters will break into groups with photo copies of a sample calendar and forms for listing birthdays, anniversaries, club and organization meeting dates, etc. For those looking for a special gift, list family or friends' special dates and give them the calendar as a gift. Cost of a single listing is 50 cents.

Block ads for the calendar are available on a first come, first serve basis for \$35 each block. Purchasers of block ads are entitled to a calendar and two date listings at no extra cost. If you wish to purchase this type of ad contact Curtis Keith at 392-3525 evenings.

Also discussed at this meeting was a student surprise following band practice one evening.

Public Notice

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Marathon Oil Company, P. O. Box 552, Midland, Texas 79702, is applying to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Grayburg (San Andres) Formation, M. A. Shannon "O" Lease Well No. 30. The proposed injection well is located 32 miles NW from Ozona, Texas in the Olson Field in Crockett County.

Fluid will be injected into strata in the subsurface depth interval from 2100 to 2550 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711-2967, (512) 463-6790. 1c34
