Save Fort Lancaster committee to prepare operation plan

Commissioners appointed a Save Fort Lancaster committee Monday after meeting with Tom Palmer, regional supervisor for the Texas Parks and Wildlife Department, and Ron Alton, superintendent at the fort.

The two men and the court were heard by a group of 15 interested citizens as they discussed possible continued operation of the fort.

As of Nov. 30 there will be no more state funds to operate the fort, Palmer said. "At the end of November, there will be no one on that site. It will be locked up." The fort will be kept available for school groups, he said.

At a meeting with TPWD executive director Andy Sansom and legislative aides last week Palmer and other supervisory personnel were given their "marching orders" to meet with communities faced with parks closings, Palmer said.

On Monday Palmer spoke of a "partnership" type operation with local funding and continued state ownership of the property. Palmer said he had been told by the TPWD's legal department that the state will not deed back the property.

If there were local funding and operation, Palmer commented that he believes the state would deed the property back, but emphasized that he cannot speak for the Texas Parks and Wildlife Commission.

The fort site remained undeveloped and in private ownership until 1965 when 39 acres, including the majority of the fort buildings, was donated to Crockett County by descendants of Alma and Howard B. Cox. At the request of the commissioners court, the site was developed by the Crockett County Historical Survey Committee and kept open for three years through private donations before being deeded to the TPWD. The deed stipulates that the property is not to be operated privately. In 1975, the original donors deeded to the TPWD an additional 37.9 acres of land encompassing the remainder of

the known fort ruins plus another 5.8 acres for park use.

"If the property is deeded back, I don't know if we would leave the two residences and shop building there or not," Palmer said.

The court was asked to submit a proposal for operation to Palmer by Oct. 10. He must have the plan in Austin by Oct. 16. Palmer will meet with the court again on Sept. 28. He said he would like to have Sansom here at that time.

Ygnacio Garza, chairman of the TWP Commission, Sen. Bill Sims, Rep. Harvey Hilderbran and Rep. Bob Turner are tentatively scheduled to be here Sept. 30 to meet with officials and tour the fort.

An intern program was suggested by Palmer as one means of staffing the historic site. Each intern would be available only for a three-month period, he said. Another suggestion from Palmer was location of a game warden at one of the residences.

Commissioners expressed a desire for continued state operation and questioned the possibility of Alton remaining at the site if an agreement can be reached. He is being transferred to the Houston area, but said he would prefer to remain at Fort Lancaster.

"We'd just love to keep this guy down here; he's doing a great job,"

Palmer commented.

He promised to get information before the Sept. 28 meeting regarding state funds to match local funds, whether or not the state would be willing to deed the property back, disposition of equipment and housing if the property reverted, and the possibility of operation through a state intern program and local funds.

Pecos County will possibly join with Crockett County in funding operation of the fort according to Ron Alton. Closure of the fort will have an economic impact in Bakersfield, which is in Pecos County.

Budgets for the Fort Lancaster site show expenditures of \$46,505.20 in fiscal year 1989, \$49,063.70 in 1990 and \$50,286.18 in 1991. The major portion of each has been for salaries. Alton said he took in \$6,000 last year in entrance fees.

Members of the Save Fort Lancaster committee are: Judge Kathryn Mayfield, Lucile Harrell, Geniece Childress, Camille Jones, Don Long, Becky Childress, Nancy Moore, Terry Gries, Sandy Stokes, Melinda Hokit who has been employed at the fort for four months, and Fred Deaton, who will chair the group.

Committee members will meet Sept. 21 at 7 p.m. at the home of Mrs. Lucile Harrell.

Palacio declared innocent

By Sandra Stark

It took an eight woman, four man jury about 2 1/2 hours to render a "not-guilty" verdict, Tuesday, Sept. 8, in the trial of 24 year old Sylvia Palacio.

Mrs. Palacio had been accused of intentionally drowning her 2 1/2 year old daughter, Juanita, Dec. 5, 1989. Testimony in the trial began Sept. 2.

District Judge Brock Jones charged the jury at 6:10 p.m. Prosecuting attorney J.W. Johnson presented a summary lasting approximately 20 minutes, in which he advised the jury that they "bore the burden of proof beyond a reasonable doubt" and gave seven elements which were to be proven in the minds of the jurors.

Defense attorney Tip Hargrove, in giving his summation, stated that all of the evidence for the prosecution "adds up to speculation, speculation, speculation." In conclusion, Hargrove stated, "It began with 1/2 glass of water. One-half full? One-half empty

of evidence? It (the glass) needs to almost run over. Sylvia did not do it. Find her not guilty."

At 7:12 p.m. the prosecuting attorney J.W. Johnson again addressed the jury declaring that "little Juanita Palacio's death was no tragic accident but a horrible murder committed." He once again emphasized that Sylvia's son, Andres, Jr., did remember what he saw when he testified he saw his mother dunk his sister Juanita in the bathtub. "Andres' story has not changed in two and one-half years," Johnson stated. "He kept the common story: Mother drowned Juanita." He concluded with "Andres told the truth," and admonished the jurors to "Keep your eye on the ball."

The jury recessed at 8:00 p.m. to deliberate their verdict. Two and one-half hours later they signaled they had reached a verdict. At 10:45 p.m. the jury returned to the courtroom and delivered a verdict of "not-guilty".

Storm related grass fires keep local volunteer firemen hopping

A lightning-filled storm set grass fires around the county Sept. 10, calling for more firemen and trucks than were available. Smoke from a fire at the Hagelstein Ranch northeast of Ozona could be smelled in parts of town.

Two Ozona units went to this fire at 7:16 p.m. where they used 1350 gallons of water. They were back the next afternoon at 3:58 for a re-kill

and used 300 gallons of water.

Units were en route to assist with a fire in Irion County Thursday night when they came upon two fires on O-9 Road. One was located at 6:24 and required 550 gallons of water.

The second O-9 fire was discovered at 6:44 and needed 750 gallons of water to extinguish.

The department received a call from the Sonora Fire Department at 6:37 p.m. to a fire at the county line. The blaze was extinguished by rain before the units arrived.

Rain also extinguished a grass fire at J. B. Parker's Rancho Bonito before units could arrive. That call was received at 6:56 p.m. A re-kill there was extinguished at 8:40 by a firefighter who drove up on the fire.

A fire on Mike Clayton/Dan Davidson on north Taylor Box Road was called in at 7 p.m. Two units responded and used 900 gallons of water.

After leaving the Clayton/Davidson fire, one unit responded to an 8:20 call to the Dwight Childress Ranch on Howard Draw. Rain extinguished this fire.

The unit en route to the Childress fire reported a fire on the Bean Ranch

at 8:40 p.m. One unit responded as it returned from the O-9 fire and used 600 gallons of water.

At 9:07, three units were assigned to a reported fire on Miller Lane. The fire proved to be the glow of the Bean Ranch fire.

Sunday at 6:36 p.m. firemen responded to a call to Circle Bar Motel to investigate a smoke smell. They located a burned out light balast.

A 7:29 p.m. grass fire at Crockett Apartments was out on arrival. The fire had been started by children playing with matches according to Bob Falkner, fire chief. A renter put the fire out with a hand extinguisher.

Members of the Ozona Fire Department are: Elliott Barrera, Raymond Borrego, Randy Branch, Dana Caddell, Kim Caddell, Bob Falkner, Frank Galvan, Fernando Garza, Larry Glosson, Bob Harris, John L. Henderson, Chicho Hernandez, Jimmy Hokit, Steve Hubbard, Dee Keilers, Steve Kenley, Doug Meador, Tommy Miller, James Montgomery, Della Moore, Eddie Moore, Ray Don Myers, Dub O'Bryant, Mike Preddy, Pat Solansky, Robert Tambunga, David Tijerina, Felix Trujillo and Vance Worthington.

New deputy for Ozona

Dan Griffith was sworn in Monday as a deputy with the Crockett County Sheriff's Department.

Griffith comes to Ozona from Stamford where he served two years with the City of Stamford Police Department and Jones County Sheriff's Department.

The 27-year-old Griffith farmed for seven years between Haskel and Stamford before entering law enforcement.

Griffith and his wife, Sheila, are expecting a child.

Care center employees speak to commissioners

A group of 10 employees from Crockett County Care Center attended commissioners' court Monday to express displeasure at a half-hour a day cut in hours. The cut has been made by administrator Gerry Phillips as part of a \$300,000 reduction in the budget for the hospital/care center and clinic operation.

Several of the women expressed concern that the cuts would bring down the care level. They also commented that the care center staff believes they are paying for problems caused by the hospital. The care center currently runs \$30,000 a month in the red and the hospital \$60,000 a month, Phillips said.

Phillips and Commissioner Fred Deaton commented that the time cut is to keep from eliminating jobs. "We have to cut hours or three positions," Phillips said.

The employees referred to problems with "World War II" vintage wheel chairs which don't work properly, blood pressure cuffs which don't give accurate readings and air conditioners which freeze up or don't work.

"People aren't eating the food which is being bought now," one woman said.

Of the 45 residents at the center, 15 have to be fed and 27 are incontinent. Bed patients are turned every two hours and all are up twice a day, according to the workers.

"We work hard and we're proud of that place," said Queta Fierro.

The women commented that they felt better after having talked with the court about the time cuts and other concerns at the center.

Board president Martha Gries told the group monthly meetings between staff and two board members will resume.

Martha Beasley wins Gridiron Pick'ems

Martha Beasley won last week's Gridiron Pick'ems contest with 17 right picks. Sylvia DeHoyos, Victor Villa, Felipe Castro, Del Vinton, Ernesto Vargas and Dolores Ramirez were close in for second with 16 correct picks.

There was one mistake in last week's line-up with Philadelphia vs Cleveland. This non-existent game did not count.

Notre Dame and Michigan tied, therefore everybody got that one right.

Computer training continues at hospital

By Martha Gries
Board President

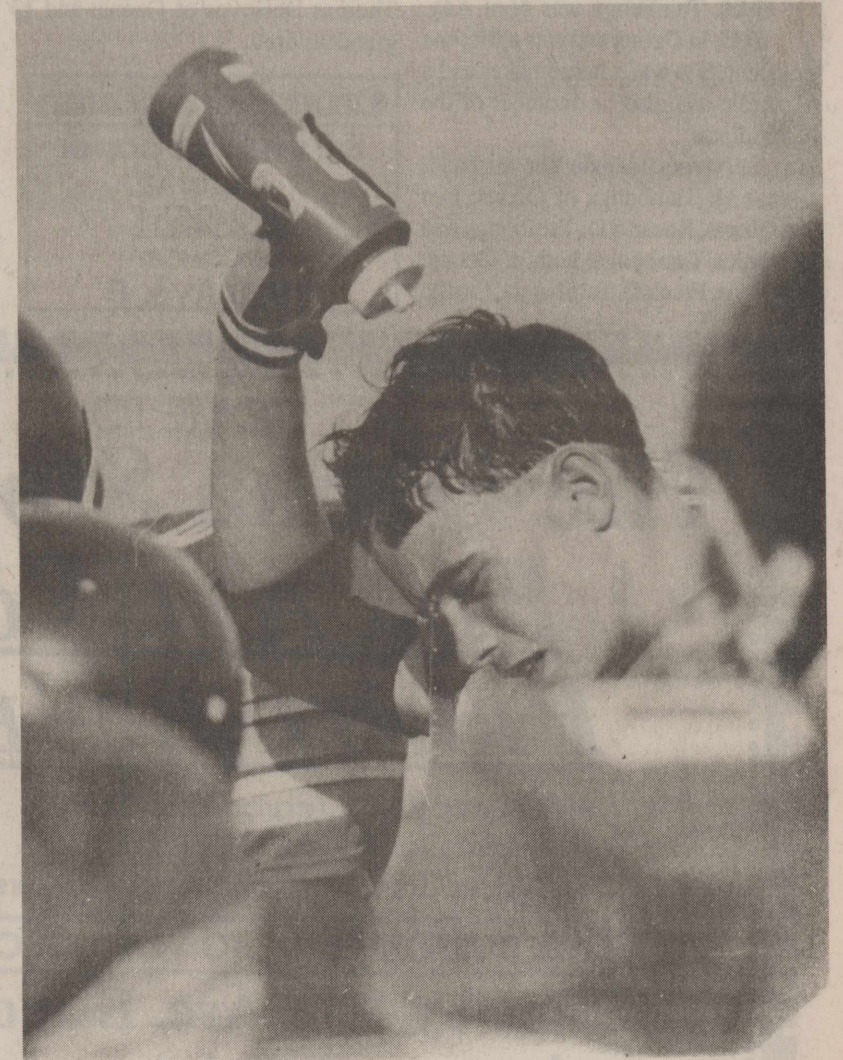

Training for office personnel at Crockett County Hospital on the new IBM computer began late in July and has continued at two to three week intervals into September. Learning to operate a computer and a completely new way of doing your job, plus continuing day to day operations in the old manual way, has not been an easy task. That is what the office staff has been faced with, and according to computer trainer Sharon Thorman, they have done an outstanding job. The posting to patient accounts has been running consistently 30 days behind on the old system but as of this week, patient charges and billing will be current day to day.

In building files in the new computer system, the staff has entered over 3,000 patients. Some of these accounts date back to 1986-87 and some of the details from old records may be missing or incomplete. As of Sept. 2, daily itemized statements have started to go out. We realize that there

may be mistakes and hope that you will be patient with us as we work to correct them. If we lack the correct information, please come by the business office and help us set our records and your accounts straight.

Training in insurance processing is well underway with electronic billing for your insurance claims expected to begin in the next two to three weeks. Electronic billing of your insurance carrier will result in a more rapid response to your insurance claims and eliminate errors encountered in manual filing of claims.

Although training is going well, it is not complete as there are a number of items yet to be covered. So far we have trained at least two people for each function in order that adequate back-up is available when someone is out. Please bear with us as we update to a system similar to all present day hospitals/care centers/clinics; a system we believe will better serve you and save your tax dollars. We welcome your criticism, compliments and above all your cooperation in this community wide endeavor.

JAMES NELSON takes a cool break during a call time out Thursday afternoon at the JV Lion-Iraan Brave game. The Lions whipped the Braves 28-6.

Sheriff's Report

Week ending Sept. 15, 1992

ARRESTS

9-09-92...44-year-old Samuel R. Rivera of Ozona was arrested on a warrant charging him with Assault/Family Violence. He pled guilty in JP court and is serving out his fine in county jail.

9/09/92...26-year-old Ana L. Venegas of Ozona was arrested on charges of Criminal Mischief. She was later released after posting bond. The case will be tried in county court.

9/10/92...18-year-old Freddy Y. Ybarra of Ozona was arrested on a warrant charging him with Burglary. The arrest was a result of a burglary at Jim's Pool Hall. Ybarra was later released from jail pending further investigation in the case.

9/10/92...26-year-old Juan Y. Ybarra of Ozona was arrested on charges of Burglary of a building, Jim's Pool Hall. He was arraigned by the justice of the peace and is in county jail unable to post bond. The case will be tried in district court.

INCIDENTS

9/10/92...Lula Ethridge reported

that Jim's Pool Hall had been broken into. Taken in the Burglary was a quantity of food and soft drinks. Sheriff's deputies investigated the offense and arrested Juan Ybarra and Freddy Ybarra. Freddy Ybarra was later released from custody pending further investigation of the offense. Juan Ybarra is in county jail facing charges of Burglary which is a 3rd degree felony, and will be tried in district court.

9/09/92...Darlene Gonzales reported that her car was damaged while it was parked at an oil field gate on the Davidson Ranch east of Ozona. Ana Venegas was arrested for the offense. The car was severely damaged with all of its windows being broken out. Ms. Venegas was released after posting bond on the charge of criminal mischief. Depending upon the amount of damage, the case could be filed in county court or district court.

9/12/92...An Ozona woman reported that she was hit in the face by an Ozona man while attending a dance at the rodeo grounds. Sheriff's deputies are investigating the case and criminal charges may be filed in the near future.

Service for Mrs. Tambunga Sept. 16

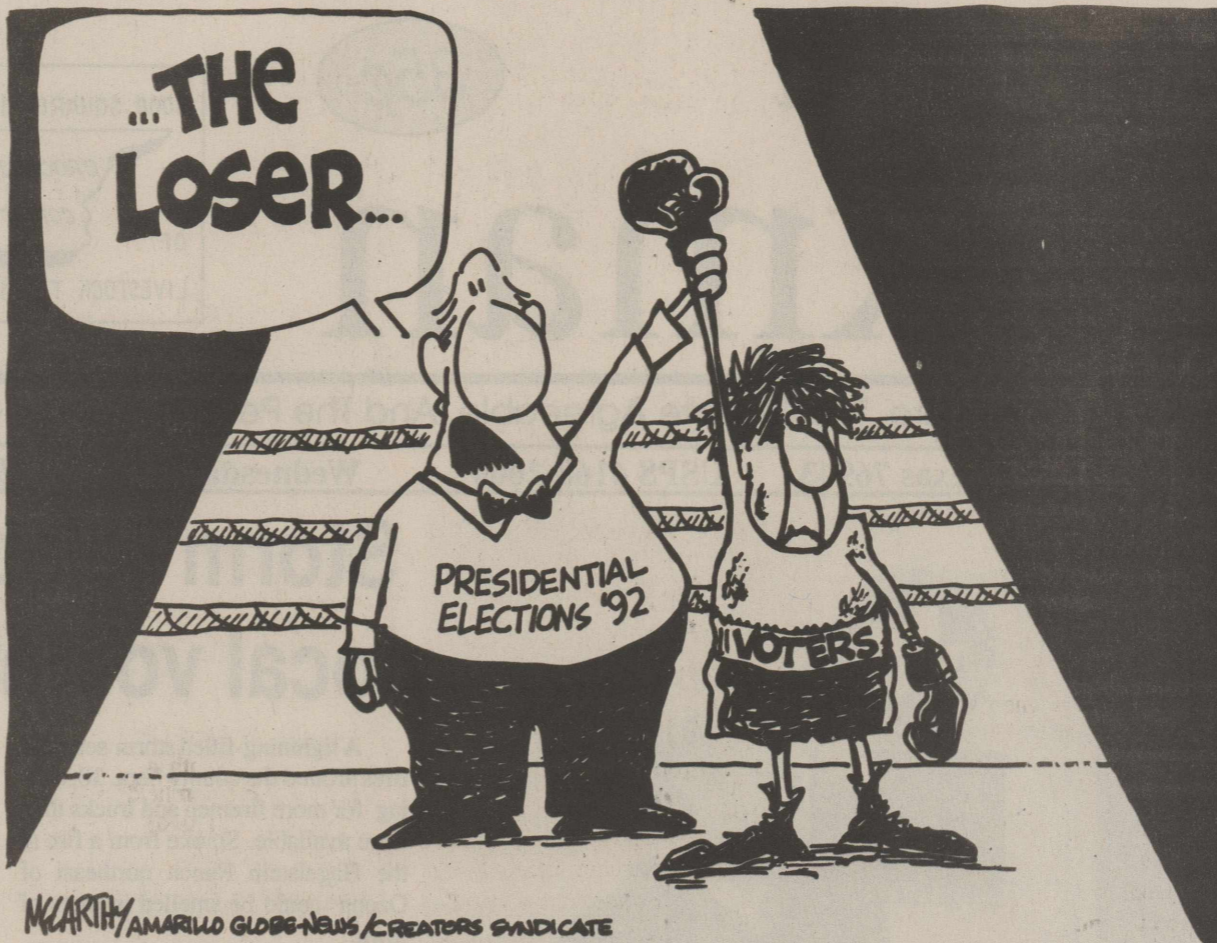

Ercilia DeHoyos Tambunga, 57, died Monday, Sept. 14, 1992. Service will be held at 4 p.m. Wednesday at Our Lady of Perpetual Help Catholic Church with burial in Cedar Hill Cemetery under direction of Preddy Funeral Home.

Mrs. Tambunga was born Aug. 21, 1935, in Ozona and was a lifetime resident. She was a homemaker and a Catholic and also a member of the Cursillistas.

Survivors include her husband, Renal M. Tambunga of Ozona; two daughters, Rosario D. Tambunga and Veronica Tambunga, both of Ozona; five sons, Frank D. Tambunga, Emilio

D. Tambunga, Rene D. Tambunga and Johnny D. Tambunga, all of Ozona, and Reymundo D. Tambunga of Fort Hood; a sister, Maria DeHoyos Vargas of Ozona; three brothers, Oleo DeHoyos of San Angelo, Hector DeHoyos Sr. of Sterling City and Thomas DeHoyos of Ozona; and 13 grandchildren.

Snips, Quips, and Lifts

by Lottie Lee Baker

Which needs to be raised more - our standard of living or our standard of thinking?

What do we live for if not to make the world less difficult for each other?

Go straight. Every crooked turn delays your arrival to success.

Wonderful things happen to us when we live expectantly, believe confidently, and pray affirmatively.

In today's colleges, the freshmen are smarter than the seniors. Everything the seniors have learned is outmoded.

If you can laugh at it, you can live with it.

The fellow who stays on the straight and narrow path won't have many folks trying to pass him.

It's better to teach children the roots of labor than hand them the fruits of yours.

Don't underestimate love at first sight; many of us may not pass a second inspection.

It would be a happy world if love was as easy to keep as it is to make.

With some people a clear conscience is nothing more than a poor memory.

A typical fisherman is long on optimism and short on memory.

Middle age is when your clothes no longer fit, and it's not the clothes that need alteration.

A man must be big enough to admit his mistakes, smart enough to profit from them, and strong enough to correct them.

To get maximum attention, it's hard to beat a big mistake.

Retirement can be a great joy if you can figure out how to spend time without spending money.

A LIFT FOR THE WEEK
Success measured merely by money is too cheap.

Lions Club chili supper Friday

The Ozona Lions Club will hold their annual chili supper Friday, Sept. 18, at the civic center. The supper will be an all-you-can-eat affair before the football game with Sonora. Serving will begin at 5 p.m. and will cost \$3 per person. Children under age 12 may attend free by donating a pair of old eyeglasses.

Country Club Bridge News

Mary Jo Mason was hostess for Country Club Bridge on Sept. 10. Awards for the afternoon went to Mary Lou Lilly, high score; Jewel Bailey, second high; bingo, Rachel Childress; and consolation, Jane Black. Others making up the four tables of bridge were: Emma Adams, Eileen Childress, Sophie Kyle, Dorothy Montgomery, Jean North, Ellen Sewell, Blanche Walker, Ruth White, Jonesy Williams, Winnie Williams, and Katherine Russell.

Levis and Lace dance a jig

A pleasant evening of fun and fellowship was enjoyed by the Levis and Lace Square Dance Club in the Comfort Inn Saturday night.

Preston Parrott was caller for the evening and kept the dancers moving with a series of challenging calls. The anniversary circle was formed to honor Raul and Maria DeLaRosa as they celebrated 36 years together.

Several members are planning to attend the 27th annual San Angelo Festival "Swingin' on the Concho" in October. Square dancers will gather in the convention center for a weekend of workshops and dances.

Square dance lessons begin Tuesday night in the Comfort Inn. If you're still in doubt about trying a "Dosado" the classes will be open two more weeks. After that enrollment stops so that all can progress at the same rate. Graduation takes place approximately eight or nine months later and you will be able to dance anywhere throughout the world when square dancers gather.

Preceptor Mu Chi sorority degrees conferred

The Preceptor Mu Chi Chapter of Beta Sigma Phi met Sept. 14 at 7 p.m. in the meeting room at Crockett County National Bank.

Exemplar degree was bestowed on Zoe Green and Billie Morris. Betty Koerth received the Pre-

ceptor degree.

Following the ceremony, hostess Barbara Burger served white frosted petit fours decorated with yellow roses along with mints, nuts, coffee and tea.

Plans for the Halloween Carnival and a possible cookbook sale were

discussed.

Members attending were: Barbara Burger, Arlene Clayton, Bobbie Fatout, Zoe Green, Nancy Hale, Betty Koerth, Billie Morris, Brenda Newton, Sandy Stark and Jeanne Wellman.

Tambungas gather for 7th annual reunion

Pioneer Western Days was the theme for the seventh annual Tambunga family reunion held in Ozona Sept. 4-6. The 290 persons attending had a busy schedule in addition to visiting and catching up on family happenings of the past year.

Friday night featured camping at the rodeo arena, a supper of chili con carne and trimmings and story telling and Indian Pow Wow dancing around a campfire. Everyone was encouraged to wear Indian or cowboy outfits.

An afternoon swim party and a dance with music by Clear Heart took place Saturday. Hamburgers for lunch and a chicken spaghetti supper provided plenty of energy for the day's activities.

On Sunday, mass was held in memory of loved ones at Our Lady of Perpetual Help. After a barbecue goat lunch, a volleyball tournament and washer pitching tournament took up the afternoon.

Reyes T. and Chita Cisneros were chosen Tambunga King and Queen for 1992.

Those traveling the farthest were Rick T. Valencia of Oakland Park, FL, and Jesus T. Reyna of San Jose, CA.

Recognized as the youngest baby was Aldo T. Delgado Jr., son of Mr. and Mrs. Aldo Delgado of Austin. Katherine Jane Gomez, daughter of Mr. and Mrs. Pete Gomez Jr. of San Angelo, was runner-up.

Other cities represented were: Arlington, Sonora, Garland, El Paso, Big Spring, Hurst, Odessa, Midland, Houston, Dallas, Sabinal, Mico, Big Lake, Grand Prairie and Fort Hood.

Raul Davis Jr. of Sabinal spoke for many of the group with words he wrote while watching events from high in the grandstand.

Looking down on the Tambunga crowd I said to myself, these people have clout. It's in Ozona where the Pow-Wow is held I know now how Custer might of felt. All those Indians. At one time. In one place. I'd like to have seen. The white in his face his own fault to be understood. For these people are nice and also good. They like to meet others and find their roots and have fun at it like other people should. Some bring in the bread. Others the food while others bring the big pots, others bring the wood. Then comes the prayer where all hold hands. Then later at night, they do the rain dance. Then they change to rancheras and even a rumba. Incredible people are these Tambungas.

Eden plans homecoming events

The Eden Fall Fest and Homecoming begins Friday, Sept. 18, with a homecoming parade at 2:45. The big game is scheduled for 8 p.m. at Sanders Field.

On Saturday, homecoming attendees can enjoy a pancake breakfast at City Hall from 7:30-9:30, a parade at

Cancer Society memorials

Daphne Dockery in memory of Velma Marley, Jack Hyde, Mrs. Clifton Taliaferro, Jack Williams, Louise Gill

Donna Beth Davidson in memory of W. H. "Coon" Chandler

Myrtle and Carl Malone in memory of Coon Chandler

Mr. and Mrs. Austin Millsbaugh in memory of Mr. W. H. Chandler

Mr. and Mrs. Gene Perry in memory of Jack Williams

Mr. and Mrs. Perry Hubbard in memory of Jack Williams, Jack Hyde, Velma Marley and Roberta Smoote

Jane Black, Memorials Chairperson

It's a boy!

Robert Tyler Flores was born Sept. 8, 1992, in St. Elizabeth Hospital in Beaumont, Texas. Robert Tyler arrived weighing 8 lbs, 10 oz. and was 21 1/2 long.

Proud parents are Roger and Julie Flores. Grandparents are Robert and Mela Flores of Ozona and Charles and Clara Stephenson of Deweyville, Texas. Great-grandparents are Elvira Higginbottom and Elena Tambunga of Ozona and Maggie Huskey of Deweyville.

10 and Concho County country fair from 9 a.m. until 3 p.m. Entertainment from the gazebo is scheduled from 11 a.m. until 5:30 p.m.

Booths with arts and crafts and food will be around the square all day. The downtown area is the center for games all afternoon and there will be a sheep shearing contest at 2 p.m.

The Eden VFD will serve supper at the fire hall beginning at 5 p.m. followed by a pie auction at the gazebo at 5:30, prize presentations from 6-7:30 and a dance from 9 until 1 a.m.

Happy Birthday!

Sept. 16 - Eva Ramirez, Bud Coates, Bret Hood, Rosa Leal, Betty Ramirez, Desi Tijerina

Sept. 17 - Debbie Phillips, Ida Villarreal, Ismael Castro, Claudia Avila, Nina Maruñez, Steve Rausch, Tracy Ann Ybarra

Sept. 18 - Len Hillman, Pablo S. Talamantez, Rex Fenton, Monica Bendele, Carlos Martinez, Elsa Vasquez

Sept. 19 - Aimee Longoria, Inez Gutierrez, Tedra Ulmer, Michael Henry, Yvonne Harrison, Nancy Vannoy

Sept. 20 - Gussie Schneider

Sept. 21 - Mark Ramirez, Bianca Cervantez, Lupe Gonzales Jr., Gil Komechak, Raymond Borrego, Felipe Castro Sr.

Sept. 22 - Lib Applewhite, Kristi Kirby, Mike Vordick, Francis Albers, Sonny Malone, Ruben T. Talamantez

THE YARD OF MR. AND MRS. FRANK WHITE at 702 6th St. was chosen Yard of the Week by the Ozona Garden Club. Beneath the shade of sturdy pecan trees is a ground cover of dichondra. Purple jew, geraniums and begonias highlight the brick planter.

Mutt Carnes celebrates 75th birthday

Mr. Mutt Carnes celebrated his 75th birthday Saturday, Sept. 12, 1992, at the First Baptist Church from 2 until 4 p.m.

Among the 60 persons celebrating with him were his wife, Mena; two daughters and their husbands, Donnell and Walter Cunningham of Arlington; Marjorie and Michael Riggs, and grand-daughter Sarah of

Austin. Granddaughter Pam Christopher of Cleveland, OH, also attended with her baby Rebecca, Mr. Carnes' great-granddaughter.

Others attending from out-of-town were Cliff Carnes, San Angelo; Mr. and Mrs. Frank Law, San Angelo; Mrs. Donnie Fisk, Odessa; Mr. and Mrs. Dennie Cypert, Midland; Mrs. Leslie Carnes, Andrew and Les Carnes of Midland.

Two cakes were decorated by Janet Hill in honor of Mr. Carnes. The first, a white cake, depicted his love of gardening. On brown sugar "dirt" grew various vegetables. Gardening implements were scattered about. On the second cake—chocolate—there was a fisherman's paradise. Cattails and small fish swam across it along with the large one that "got away".

Punch and coffee, nuts and mints were served.

The guests were entertained by Barbara Burger and Janet Wilson at the grand piano.

Meals on wheels menu

Crockett County Care Center News

By JoAnne Marshall

A couple of informative videos on the subject of Alzheimer's disease were shown Monday morning. The videos were very educational and helped us to understand the stages that an Alzheimers victim goes through. They also touched on the research that is being done concerning treatment and a possible future cure for the disease.

To help liven up the Labor Day holiday, the Sheriff's Posse Band delighted the residents with a performance Monday evening. Band members were: Bill Dane, Jamie Knox, Marsha Tomlinson and George Hester. We would like to thank them for an entertaining evening.

Tuesday morning bingo winners were: Consuelo Sarabia, Hazel McDaniel, Juana Hernandez, Mildred Kirby, Ann Parker, Florencia Porras, Monnie Boyd, Alma James, May Gomez, Myrtle Post and Joe Connolly. There were multiple winners on several of the games played. Sophie Kyle and Georgia Kirby were the helpful volunteers. Thank you, ladies. We appreciate your time and friendship.

The singing was great during the combination song service-Bible study that was presented by Bill Fuller of the First Baptist Church. Maxine Brown played the piano during the singing. Thank you, Bill and Maxine.

Wednesday morning's ceramic workshop was led by volunteers. They were Ruth and Patsy Hester, Gussie Ruth Schneider and Ruthie Dorris. A variety of new pieces for the residents to work on were shown. Thank you, ladies. We appreciate the effort you make to keep new things coming in to keep our interest at its peak.

A very touching video titled, "There Were Times, Dear" was shown to the staff and residents Wednesday afternoon. Earlier in the week videos were shown on the effects Alzheimers has on the patient. This video showed the effects that the disease has on the members of the family and the caregivers. If you are interested in learning how one can recognize the beginning stages and the stages that follow, call 392-5044 or 392-3096.

Thursday's beauty shop volunteers were: Vivian Hughes, Patsy Hester, Jerri Pesson and Audrey Smith. Thank you, ladies. Your talents are appreciated.

Mass was conducted by Father Quirino Cornejo, during the Spanish

Hour of Praise, Thursday afternoon. We would like to thank the following members of the Our Lady of Perpetual Help Catholic Church for attending this special time with us: Alicia Perez, Anita Fierro, Heriberto and Lorenza Gutierrez, Felipa Munoz, Isabel Ramirez and Germana Onofre.

A performance by the Levis and Lace Square Dance Club ended Thursday's activities. Dancers were J.D. Brown, Raul DeLaRosa, Otis and Myra Nester, Betty Allen, Carol Peek and Gaylia Underwood. We would like to thank them for dodging raindrops to be with us.

Bingo winners for Friday morning's games were: Mildred Kirby, Monnie Boyd, May Gomez, Alma James, Florencia Porras, Frances

Davis, Laura Owens, Consuelo Sarabia and Hazel McDaniel.

Residents attended a Cowboy Party Friday afternoon. Five young men, members of the 4-H horse program, were the highlight of the party. The boys were Trey, Clay, and Clint Hale, sons of Ed and Laurie Hale, and Chase and Cade Clark, sons of Dennis and Elizabeth Clark. They demonstrated their roping and barrel racing abilities and the residents thought they were great. Thank you, boys. We hope you come again real soon.

Otis Nester livened up an otherwise quiet Saturday afternoon with his accordion music. Thank you for the uplifting, Otis.

Sunday's worship service was presented by members of the Church of Christ. We would like to thank them for coming.

IVY SMITHS TO CELEBRATE 50TH

Ivy and Lois Smith will be receiving friends, neighbors, and relatives who wish to help them celebrate their 50th wedding anniversary this Saturday, Sept. 19.

Location is the Day Room at the rear entrance of the Crockett County Care Center. Time is 2:30 to 4:30 p.m.

Their children and grandchildren, who will be hosting the event, request your presence to help make this a joyous and blessed occasion.

Jehovah's Witnesses sponsor public talks

The Sonora English Congregation of Jehovah's Witnesses will sponsor a series of public talks beginning in the fall. The public meeting will be at Ozona Public Library on Sept. 20 at 9:30 a.m. The theme of the discourse, which will be given by Carlos Ambriz, will be "Who Is Your God".

All are encouraged to attend. No collections will be solicited.

Belated wishes for a happy birthday go to Julia Ramirez whose special day was Sept. 11.

Vicky White, back from a trip to Mobile, AL, said she saw little evidence of Hurricane Andrew along the way. The trip was made a week after the storm. New Orleans particularly appeared unscathed, Vicky said.

⁴⁷Whosoever cometh to me, and heareth my sayings, and doeth them, I will shew you to whom He is like: ⁴⁸He is like a man which built a house, and digged deep and laid the foundation on a rock; and when the flood arose, the stream beat vehemently upon that house and could not shake it: For it was founded upon a rock.

Card of Thanks

We would like to extend our deepest gratitude to the Ozona Volunteer Fire Department for helping fight the fire on our property over the Labor Day holiday. We deeply appreciate each and everyone of you.

Encino Ranch Co.
Rande Fawcett, Bobby Doran and Bobbie Fawcett

Prayer to St. Jude

Thank you so much for all your help.
E.R.T.

Card of Thanks

Thanks to the Ozona Fire Department who were called to my ranch last Thursday night, and again Friday afternoon, for a job well done! I have appreciated all the effort, time and dedication these friends have given to our town and county all these years since 1947 when 19 charter members met to organize. Five of those members, Bill Cooper, Gene Williams, Oscar Kost, Jim Dudley and Beecher Montgomery, are here, so we can give them a big thanks for their good judgement. Thanks to everyone who has served with the Department all these 45 years.

Sincerely,
Totsy Hagelstein

Card of Thanks

We would like to take this opportunity to thank the following people who helped make our Seventh Annual Tambunga Reunion another big success. For the use of the Crockett County Fairgrounds and Arena, Eddie Moore, Joe Flores and all the other Crockett County employees who made our fairgrounds nice and clean. Nancy Moore at the Chamber of Commerce for her time in giving us wonderful ideas for our children to enjoy. And last but not least our beautiful families who attended the Reunion. Thank you for all the hard work and cooperation each family put into our Reunion. May God bless you all.
The Tambunga families

Your church... Why?

By Dr. Tim Brewer
Ozona United Methodist Church

If you were walking down the street and passed a restaurant, you would know why it was there: to serve food to people. If it did not serve food it would not be a restaurant. If you passed a school you would know why it was there: to educate children. If it did not educate children, it would not be a school. We know what most organizations and enterprises do, why

they exist. But could we answer the same question about the church?

Some would say churches are for weddings and funerals. Some would say churches are to teach the Bible to children. Some would say churches are to help people who are having trouble. All these are valuable aspects of the church's ministry, but if you removed any one of them, you would still have a church. What is the primary task that a church does that if stopped, it would cease to be a church?

At this point the preacher usually gives the answer, but not in this case. An answer given by someone else is too easy, too accepted or dismissed. I really believe it is better to struggle with your own answer. Once you decide on an answer, your answer, then you may be better able to relate to your church.

What is the main reason for having a church?

Lonnie Martinez completes basic

Airman Lonnie Martinez has graduated from Air Force basic training at Lackland Air Force Base, San Antonio.

During the six weeks of training, Martinez studied Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

He is the son of Chris and Alice Martinez of Ozona and a 1991 graduate of Ozona High School.

Hensley trains with U.S. Air Force

Airman Bryan K. Hensley recently graduated from Air Force basic training at Lackland Air Force Base in San Antonio.

Subjects included during the six weeks of training were Air Force mission, organization and customs. He received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

Hensley is the son of Larry Hensley and Carol Yeager, both of Ozona. The airman is a 1990 graduate of Ozona High School.

Hospital board discusses employee cuts, past due bills and new computers

Hospital/care center board members learned at their Sept. 10 meeting that approximately 1500 bills dating back to 1987 had been sent out that week. The billing is a result of information placed in the new computer system. As of this week, the system is ready to do day-to-day billing.

A computer terminal was to be placed in the clinic office Monday of this week. The terminal, which had been received with other equipment earlier, was not what was needed at that time, but is one of two in the 1993 budget.

Rather than send the unit back and pay to do so, the hospital administrator arranged with the computer company to ship the needed unit and defer billing the original terminal until December.

Cost of the terminal is \$952.50 and cabling to operate from the clinic building will cost \$559.

Collection of past due accounts through an agency is being considered by the board. A representative of Management Concepts Inc. of San Antonio will be contacted to make a presentation to the board.

Administrator Gerry Phillips reported that he gave a final copy of the budget to the county auditor Monday. The amount to be requested from the

county for hospital operation is \$665,545. County funds budgeted for the care center in 1993 amount to \$230,075.

Sammy Longoria, relative of two care center residents, spoke to the board about cuts in employees' hours at the center. He urged the board not to cut employee hours and commended the center's workers. "They are super workers. They give more than they get paid to do," Longoria said.

Board president Martha Gries told Longoria the residents will not get less care as a result of the cuts, and Phillips gave examples of other nursing homes which are run with fewer employees.

Reading of comments from the suggestion box recently placed at the hospital/care center revealed long-standing problems with the call bell system at the hospital.

Four private rooms at the care center end of the hospital are to be renovated. Funds for the project are \$21,800. The hospital/care center auxiliary will donate paint, supplies and labor for the rooms.

Mary Lee Robertson reported that the Hoyer lift has arrived for weighing care center residents and works well.

Following a meeting in executive session to discuss personnel, the board voted to make Concha Zapata board secretary.

Volleyball tourney sign-up deadline Thurs., Sept 17

Deadline to sign-up for a volleyball tournament planned for Sept. 26-27 is Sept. 17. Teams must consist of six members. The tournament will be sponsored by Neighborhood Health watch, Crockett County Extension Service and the 4-H Youth Committee.

To sign-up, contact Donna Morrow at 392-2996 or 392-5635.

The average American consumes about 340 pounds of dairy products a year.

Pvt. Brian Petty receives award

Pvt. Brian S. Petty received the Commanding Generals' Award of Military Excellence at the graduation ceremony Sept. 10 at Fort Leonard Wood, MO. Petty is a member of Bravo Company, 6th Battalion, 10th Infantry.

The Commanding General's Award of Military Excellence is presented to the graduating soldier in each company who has displayed the greatest amount of skill, will, and teamwork. They displayed the greatest proficiency in the overall training which included physical conditioning, drill and ceremonies, rifle marksmanship, tactical training and demonstration of United States Army values.

Petty is the son of Randy and Brenda Petty of Ozona. He is a 1988 graduate of Snyder ISD.

Attending the graduation ceremony at Fort Leonard Wood were his mother and two aunts, Irene Francis of Burlington, IO, and Linda Norris of Independence, MO.

Petty will be stationed in San Antonio.

Pvt. Brian Petty

Commissioners review monthly reports

Commissioners met in regular session Sept. 14 with senior court member Sostenes DeHoyos presiding. The court heard regular monthly reports from department heads and met with Texas Parks and Wildlife Department personnel (see related story elsewhere this issue).

Action taken by the commissioners included: approval of Belinda Wilkins as new civic and youth center board member, appointment of Lupe Sanchez to hospital/care center board,

approval of \$1300 expenditure for repair of motorgrader, reinstatement of Hector Gutierrez as a fulltime employee, approval of proposal by road department superintendent to re-allocated operator salary to four junior operators, approval of prisoner custody agreement with Texas Department of Criminal Justice, Pardons and Paroles Division, set sheriff and constable fees for 1993 and appointment of a Save Fort Lancaster committee.

Called meeting to set county budget

Commissioners will meet in called session Sept. 17 at 9:30 a.m. with a four item agenda.

At that time they will: consider a budget request of Raymond Borrego, conduct a budget hearing, set the county-wide tax rate and approve the 1993 budget.

We don't want everyone's business, just yours. The Ozona Stockman. 1000 Ave. E.

Card of Thanks

The Fleming Family and the congregation of the Calvary Baptist Church of Ozona, would like to extend a heartfelt thank you to the community of Ozona. Thank you for the clothes, financial support, and most of all, for the prayers on our behalf. We also thank you for your loving kindness in our time of need and distress.

May God richly bless you,
Rev. Daniel and Debbie Fleming and

MILDRED KIRBY DEMONSTRATES THE NEW HOYER LIFT now in use by residents of the Crockett County Care Center. The lift is designed for weighing seated persons with ease.

Additional \$755 million for disaster assistance available

LUBBOCK, Sept. 2—President George Bush announced an additional \$755 million in emergency funds for crop losses incurred in 1990, 1991 and 1992.

This is in addition to the \$955 million disaster assistance for 1990-91 crops announced by Jerry D. Harris, Chairman of the Texas State ASC Committee, Jan. 2.

TDH opens new office in Eldorado

The Schleicher County Commissioner's Court, Texas Department of Health, Texas Department of Human Services and Texas Department of Mental Health and Mental Retardation have recently signed a contract with the Health and Human Commission for the implementation of a client access package as mandated by HB7. The County has signed a lease to rent a building at 105 W. Callender for the purposes of housing the Community Resource Center. The Community Resource Center is a result of two of the components of HB7 - co-location and collaboration. Services provided through the Community Resource Center are targeted for residents of Schleicher County. Non-residents will have access to information and referral. Renovations necessary to comply with the Americans with Disabilities Act are expected to be complete by Sept. 15 after which time caseworkers currently providing services in Schleicher County will begin to use this new facility. Furniture is expected to begin arriving Sept. 8.

Services to be provided at the Community Resource Center include, but are not limited to the following:

Medical indigent care, food stamps/AFDC/Medicaid, services to the elderly, services to persons with disabilities, WIC, immunizations, TDH-case management, JTPA, substance abuse, family shelter, family planning, primary health care, mental health community services, Social Security, commodity foods, HUD, Texas Employment Commission-unemployment claims and workshop, information and referral, Medicaid for aged and disabled.

Access to services will begin with either a telephone call or walking into the Community Resource Center. In either case they will be greeted by a casework assistant who will be trained in determining the need to be met. The casework assistant will be able to collect the basic data, make referrals to the correct agencies, provide information on documentation needed for an interview, and schedule an appointment with the service provider.

Grand opening of the facility is scheduled for Oct. 27, 1992. Any inquiries about the program should be directed to Lorain Hamilton at the Schleicher County Court House. She may be contacted at (915) 853-2766.

Brochure advises need for year round sun protection

If you've made it through the strongest periods of summer sun without falling victim to a serious sunburn, congratulations. Here's hoping it's because you've become aware of the skin cancer danger that too much sun can pose. And that you've taken the right actions by limiting time in the sun and using appropriate sunblocks at the beach and pool.

But the American Institute for

Cancer Research has issued a warning that being sun smart is something that should extend well beyond summer sunbathing weather. More of us are doing more things outdoors throughout the year, and that extra activity also means extra exposure to harmful ultraviolet rays.

Walking, gardening, jogging, bicycling, golf, tennis - we've become more active and as a result are opening ourselves to higher risk for skin cancer.

\$522,000 in emergency medical service grants to be shared by 77 Texas communities

Residents of 77 Texas communities will share in \$522,000 in emergency medical service grants made by the Texas Department of Health (TDH) this month. Fifty-one of the grant communities are in rural counties. EMS groups asked for nearly \$1 million in grant funding.

The grants will pay for emergency communications and ambulance equipment, as well as training for emergency medical technicians and members of the public. Seven towns will use their grants to help buy an ambulance or other first response vehicle. TDH began notifying the EMS agencies, hospitals and training groups in August that they would receive funds through the EMS Local Projects grant program of the Bureau of Emergency Management.

This is the third year of the grant program. In 1992, the Texas Legislature began funding the program and TDH added federal block grant funds. "We are working with our state legislators to quadruple the amount of state funding for local EMS agencies," said Dr. David R. Smith, Commissioner of Health. "This is one of the most practical and cost-efficient things the state can do for local emergency medical services. It puts the money right where the need is."

"We heard some great success stories," Dr. Smith said, "as we trav-

eled around the state last year and visited with emergency medical services who received grant funds. We expect this year's grants to improve emergency care in all these new areas."

Dr. Smith said that a \$5,000 automatic external defibrillator, which shocks a cardiac arrest victim out of a deadly heart rhythm, can mean the difference between life and death in many rural areas. Grants will help purchase 19 such defibrillators and train technicians to use them.

Other training funded through the grant program includes: initial EMS certification and recertification training, swiftwater rescue training, critical incident stress debriefing training, hazardous material response training, and specialty training in the care of adult trauma patients and pediatric medical patients. Residents of several communities, including Paris, Tyler, Kirby, Petersburg, Burnet and El Paso, will be trained in injury prevention or emergency action.

That can be seen in the increase in skin cancer victims. The number of cases has been growing at almost four percent per year, and this year there will be more than 600,000 cases, and almost 9,000 deaths from skin cancer.

That's why the American Institute for Cancer Research has issued a new brochure, "Reducing Your Risk of Skin Cancer," which provides some basic tips on protecting yourself, and answers some basic questions about this all-too-common form of cancer.

Most sun safety precautions are actually very easy and simple. The new brochure recommends using a sunblock lotion with a value of at least SPF 15 and limiting exposure during the sun's peak burning hours, between 10 a.m. and 3 p.m. It also warns that many medications can make your skin much more sensitive to the sun.

The brochure also answers some common questions about the sun and your skin. Did you know, for example, that while a tan protects you from burning, it does nothing to protect you from harmful ultra-violet rays? Did you know that while dark-skinned

people have greater protection from the sun, they still can fall prey to skin cancer? Or that tanning beds may offer less chance of burning, but they still can be increasing your risk for skin cancer?

Other good advice from the brochure is how to recognize and detect possible skin cancers. Signs to look for include sudden or progressive changes in the appearance of a mole, a sore that doesn't heal, or a mole or bump that is scaly, lumpy, crusty, oozing or bleeding. Other changes of moles on the skin, such as pain, itchiness, tenderness, swelling or reddening are also signs for concern that should prompt a consultation with your doctor.

Skin cancer is one of the most easily preventable, and curable cancers, if found and treated early. For a free copy of the booklet, "Reducing Your Risk of Skin Cancer," send a stamped (52 cents postage), self-addressed, business size envelope to the American Institute for Cancer Research, Dept. BHS, Washington, D.C. 20069.

Have you ever wished for a younger looking smile?

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press *67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

| Proposed Rates (monthly)* | Residence | Business |
|---------------------------|-----------|-----------|
| Calling Number only | \$6.50 | \$ 8.50 |
| Calling Name only | \$6.50 | \$ 8.50 |
| Calling Name & Number | \$8.00 | \$12.00 |
| Anonymous Call Rejection | \$3/\$1** | \$3/\$1** |

* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

** Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

Southwestern Bell Telephone

State Senator Bill Sims becomes Governor for a day on Sept. 19

The state's capitol city will take on a distinct West Texas flavor on Saturday, Sept. 19, when State Sen. Bill Sims, D-San Angelo, the President Pro Tem of the Texas Senate, becomes Governor for a day.

Under state law, Sims will assume the governor's chair on that date because Gov. Ann Richards and Lt. Gov. Bob Bullock both will be out of the state.

To commemorate the honor being given to the three-term West Texas senator, a full day of activities is being scheduled by Sims' friends from throughout his sprawling 25th Senatorial District. Festivities will begin at noon when Sims is sworn in during brief ceremonies in the capitol's House chamber. A reception will follow at 1 p. m. in the Governor's Reception Room. A barbecue lunch featuring

lamb, cabrito and other foods and desserts from Sims' West Texas district will be served starting at 1 p. m. on the west side of the capitol grounds. The meal will cost \$15 per person. All other public events are free.

Special entertainment also is planned with choirs from Angelo State University and Midland College performing during the ceremony in the House Chamber. The Ballet Azteca Folklorico of San Angelo, the San Angelo Square and Round Dance Club and the Highland Lakes Senior Citizen 7-piece band from Kingsland will perform in the capitol rotunda.

"This is a wonderful opportunity for West Texans to get to know their Austin neighbors, and to bring a flavor of West Texas to the Texas capitol," said Gene Fondren, chairman of the steering committee.

Methodist Hospital system news

For women, excessive facial hair is embarrassing. Shaving, waxing and electrolysis provide temporary results but don't solve the problem permanently.

Doctors at The Methodist Hospital in Houston warn the underlying problem may be hormonal and, if left untreated, can lead to more serious conditions such as infertility, heart disease and diabetes.

Hirsutism, the appearance of excessive coarse facial and body hair affects one-third of all women between the ages of 15 and 44.

"For most women or girls, a trip to the dermatologist is the only medical help they seek," says Dr. Karen Kekind-Hirsch, director of Methodist's Endocrinology Laboratory. "But what they don't realize is the problem is more than just skin deep."

Hirsutism can be caused by the ovaries producing high levels of male hormones, which stimulates hair follicles to grow thick black hair. Excessive hair growth is a symptom of an ovarian disorder called polycystic Ovarian Disease (PCOD). A routine physical examination will not detect this disorder.

The most common symptoms associated with PCOD are: irregular periods, serious acne, obesity, and excessive facial and body hair.

"A blood test will determine if you have this disease," says Elkkind-

Hirsch. "Considering that women try everything to stop excessive body hair, drawing a little blood is an easy trade-off for a cure."

Presently, the only way to treat PCOD is to stop the ovaries from producing hormones. "Through the use of drugs, we can completely shut down the ovaries," says Elkkind-Hirsch. "Then we add back the correct amounts of estrogen and progesterone. This treatment actually takes over correct function for the ovaries."

"The results are amazing," says Elkkind-Hirsch. "After a few months, my patients begin to notice a difference in their skin, and rate of hair growth begins to change."

The Methodist Hospital is one of four centers in the United States approved for clinical trials for drug therapy and hormone evaluation.

Volunteers between the ages of 13 and 40 who have excessive facial and body hair and severe acne are needed to participate.

For more information call (713) 793-1088.

Letters to the Editor

Dear Scotty and Linda,

So many things are happening here in our county that saddens the hearts of many. But, a lot of times fear creeps into our hearts and dominates us, disallowing us to speak out. It seems or should I say "it is" a demon of prejudice over powering us to see our neighbors as our equal. God's word tells us we are all made in his image, with no exceptions to anyone or any race.

A few weeks ago a job opportunity for the Crockett County Sheriff's Department was announced. I didn't think that would be needed knowing very well that Robert Rodriguez is a certified deputy. Although, doing and getting paid for a jailer's job. Our county taxpayer's money was used to send him to the Police Academy for 3 months in San Angelo, to become a certified deputy. Mr. Rodriguez was born and raised here in Ozona. He has been with the sheriff's office for almost eight years. He knows almost everyone and everyone knows him or has heard of him. He knows our streets, our town. I say he was more than qualified for the job. My question is why is our taxpayer's money being mis-spent like this? Am I the only one who feels this way? If the openings for these and other positions will never be filled by our own citizens then don't spend our taxpayers money to

get them certified for the jobs.

Thank you Scotty and Linda Moore
A native citizen of Crockett County, Melissa Marmolejo

To all commissioners and board members:

We wonder why the nurses aides time is being cut, when they have 45 patients to care for day and night. Our Nurses work very hard at their jobs and eight hours is barely enough time to achieve what needs to be done on each shift. This is our home and we receive very good care and would like to continue receiving good care.

Thank you,
Residents of Crockett Co. Care Center

Joe Connolly, Laura Owens, Jeff Owens, Hazel McDaniel, Frances J. Davis, Bernabe Villedreal, Manuela Perez, Monnie Boyd, Eva Deen (by Audrey M. Smith), Ivy Smith, Lillian Hubbard, Florencia Porras and May Gomez.

The signatures that appear above are those of residents that are capable of signing for themselves.

East Texas Photography Club announces annual contest

The East Texas Photography has announced plans for the 8th Annual Fall Fest Photography Contest. The contest will be held in conjunction with the Jasper Chamber of Commerce's 16th Annual Fall Fest to be held October 1-3, 1992.

Categories in this year's contest include areas of interest for all photography enthusiasts. The categories are: Scenic/Landscape; Animal/Wildlife; Flowers/Plants; Architectural, Posing People, Candid People, Black & White, Miscellaneous, and Lake Sam Rayburn. In the Lake Sam Rayburn category, only one photo will be chosen by the Tourism Committee of the Jasper Chamber of Commerce to appear on the front cover of the Chamber's 1993 tourism publication. The contest is open to both ama-

teur and professional photographers. Only matted or mounted prints will be accepted (no frames). Prints must be 8X10 or 8X12, and mats should not be larger than 11X14. There is a \$2.00 entry fee for each photograph submitted, with no limit for number of entries. Deadline for submission is Wednesday, Sept. 30, 1992. Entry blanks and official rules for the contest may be obtained by sending a self-addressed stamped envelope to the East Texas Photography Club, P.O. Box 1285, Jasper, TX 75951; the Jasper Chamber of Commerce, 246 E. Milam, Jasper, TX 75951; or Wiegand Photography, 145 South Main, Jasper, TX 75951. Photos may be mailed or hand-delivered to any of the above addresses.

If you are investing in CD's, we have a question for you, WHY?!

Investing in CD's means you have to pay income taxes on your interest. This reduces your interest by 15 to 33 percent.

You also have to accept lower rates on your money, and your tax reporting is more complicated.

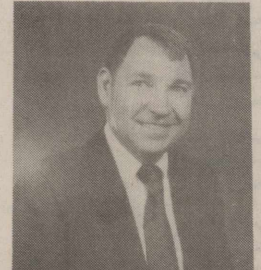

Southern Farm Bureau CD alternatives and IRA'S give you more for your money, no investment risk, and tax advantaged growth. You have worked hard for your savings. Now let them work hard for you!

SOUTHERN FARM BUREAU IS CURRENTLY PAYING 6.5% INTEREST.

1992-93 flu season coming up

Both influenza A and influenza B could circulate during what is predicted to be a mild to moderate 1992-93 flu season. People in high-risk groups should get vaccinated early.

The flu strains expected this season are A/Texas (H1N1), B/Panama and B/Qingdao.

A/Texas and B/Panama are covered by the 1992-93 vaccine, said Dr.

W. Paul Glezen of the Influenza Research Center at Baylor College of Medicine in Houston. B/Qingdao is not included in the vaccine, but it is closely related to B/Panama. The similarity

will provide vaccine protection.

The A/Texas strain was isolated at Baylor's Flu Center.

"People in high risk groups should get vaccinated soon," Glezen said, "in case this season's outbreak occurs early, as happened in 1991-92."

People at high risk of flu complications are the elderly as well as those with heart disease; lung disease, including asthma and chronic bronchitis; diabetes; chronic kidney disease; chronic anemia, including sickle cell disease; and immune-system disorders.

Children may need help with visits to doctor

Going to a physician's office can be unsettling for a child, but there are things parents can do to help.

Dr. Lynnda Dahlquist of Baylor College of Medicine in Houston offers these tips:

- * Keep the child's mind off the treatment through distractive conversation about pleasant things; have the child imagine a pleasant scene or memory.

- * Stay relaxed; children can sense your anxiety.

- * Have the child look away or close his eyes during the procedure.

- * Let the child know exactly what to expect; if the procedure will be painful, say so.

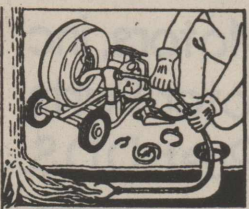

- * Use comforting words such as, "You're doing a good job." Never say such things as, "Big boys don't cry."

- * Ask the doctor to explain the procedure in simple but accurate terms.

- * Use a doll to demonstrate exactly what will take place.

Band boosters approve trip

by Maggie Carroll

Ozona Band Boosters held their first meeting of the school year on Tuesday, Sept. 1, at 6 p.m. in the OHS Band Hall.

Jeanie Thompson, president, presided over the meeting. Parents introduced themselves and named their children affiliated with the band. Kathy Grendahl gave a brief treasurer's report.

New U.I.L. rulings allow for A, AA and AAAAA bands to compete only on odd numbered years at the area and state marching band contests. Kelly Glaze, band director, proposed that the high school band take a trip in the spring to a band festival in lieu of the U.I.L. trip normally taken. The trip was approved by Band Boosters.

There was much discussion about band calendar sales. Rev. Bill Fuller will chair the calendar committee, and further planning and discussion will be held at future meetings. An order form appears elsewhere in The Stockman which can be filled out and sent if you wish to advertise on the calendar or to order and list birthday and other important dates. A campaign is also underway for door-to-door calendar sales. Orders need to be made before Oct. 1.

In progress now is a raffle for a 20 inch RCA color, remote control TV. Tickets are \$1 each and can be purchased from Band Booster members or at home football games. The TV will be on display at the games. You need not be present to win. The raffle drawing will be held during halftime of the Iraan - Ozona game on Oct. 16, which is homecoming for Ozona.

Musical note yard signs for freshmen and new students are being cut out by shop teacher Jim White. Freshmen parents will be painting the signs.

Other discussion was held concerning the annual Poor Man's Supper, door prizes, other possible fund raisers and locker favors. Discussion will continue at future meetings.

Tentative plans are for the Band Boosters to meet each Tuesday at 6 p.m. at the OHS Band Hall. Parents and interested parties are invited to attend the meetings.

Present at this meeting were: Kelly Glaze, Norman Carroll, Isabel Ybarra, Kathy Grendahl, Pat Glaze, Jeanie Fuller, Chesta Stuart, Leslie Wilson, Rosalind Williams, Yolanda Martinez, Nina Garcia, Tracy Preddy, Paula Westmorland, Cherrie Fielder, Virginia Cotton, Alicia Perez, Mr. and Mrs. Alfredo Tijerina, Maggie Carroll, Nora Madris, Diane Martinez, Marie Martinez, Naomi Galindo, Eve-

lyn Keith, Tommie Pena-Alfaro, Harold and Jeanie Thompson.

Twenty-three were in attendance when Ozona Band Boosters had their second meeting of the school year Tuesday, Sept. 8, at 6 p.m. in the OHS band hall.

Jeanie Thompson, organization president, turned the meeting over to band calendar chairman Bill Fuller, who led the group in calendar discussion. The group decided to sell the ads and calendars for the same price as last year.

To place a calendar order you may contact a band student or clip and mail in the order form which appears

elsewhere in the paper. There will be incentive contests and drawings for student sales.

Tracey Preddy painted the musical note yard signs for new and freshmen band students, and delivered them to the band hall following the meeting.

Tuesday, Sept. 15, was the next meeting date for the group. If you have a son or daughter in the band program your participation is welcomed and encouraged.

Clown comes to primary school

"Circles the Clown", Rick Bachman, visited Ozona Primary School Sept. 3 and performed on his skateboard and unicycles.

Mr. Bachman gave two spectacular performances of his Wild World of Wheels show.

Most of the classes have been reading clown and circus related stories. The children were awed by some of Mr. Bachman's tricks. His brave volunteers were: Erik Bachman, Logan English, Wylie Wagoner, G. L. Bunger, Quay Oglesby, Collin Hibdon,

Saul Sandate and Ryan Pearl.

Mr. Bachman wishes to express appreciation to Mrs. Mary Heryford, art teacher, and Monica Solis, OHS senior art student, for making the poster introducing his act.

RICK BACHMAN gave two spectacular performances of his Wild World of Wheels show to the primary school Thursday, Sept. 3. *Stockman photo*

4-H awards applications due

Applications for project medals for the 1991-92 4-H year are due in the county Extension Office no later than 4 p.m. Friday, Sept. 18.

The deadline has been extended to allow more time for 4-H members to complete their applications.

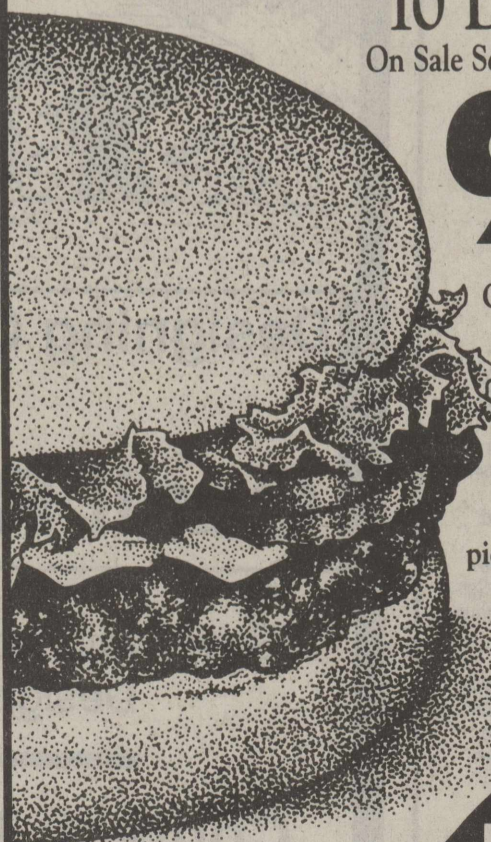

"Any 4-H member who was in 4-H and completed a project should receive a project medal at our awards banquet on Oct. 5," said Tedra Ulmer, County Extension Agent-Home Economics. "They do not need to have won anything or excelled in any way - just have completed one or more projects," the agent noted.

Applications were sent to all 4-H members enrolled last year; if you need another application, come by the Crockett County Extension Office, located on the second floor of the courthouse annex. For more information or if you have questions, call 392-2721.

JV Lions topple the Iraan Braves 28-6

by Don Stark
The Ozona JV Lions ran their season record to 2-0 on Thursday, Sept. 10, as they defeated the Iraan JV football team 28-6 in Lion Stadium.

Quarterback David Browne got the Lions on the scoreboard first when he sneaked in from two yards out during the first quarter. Andreas DeLaGarza's extra point kick was

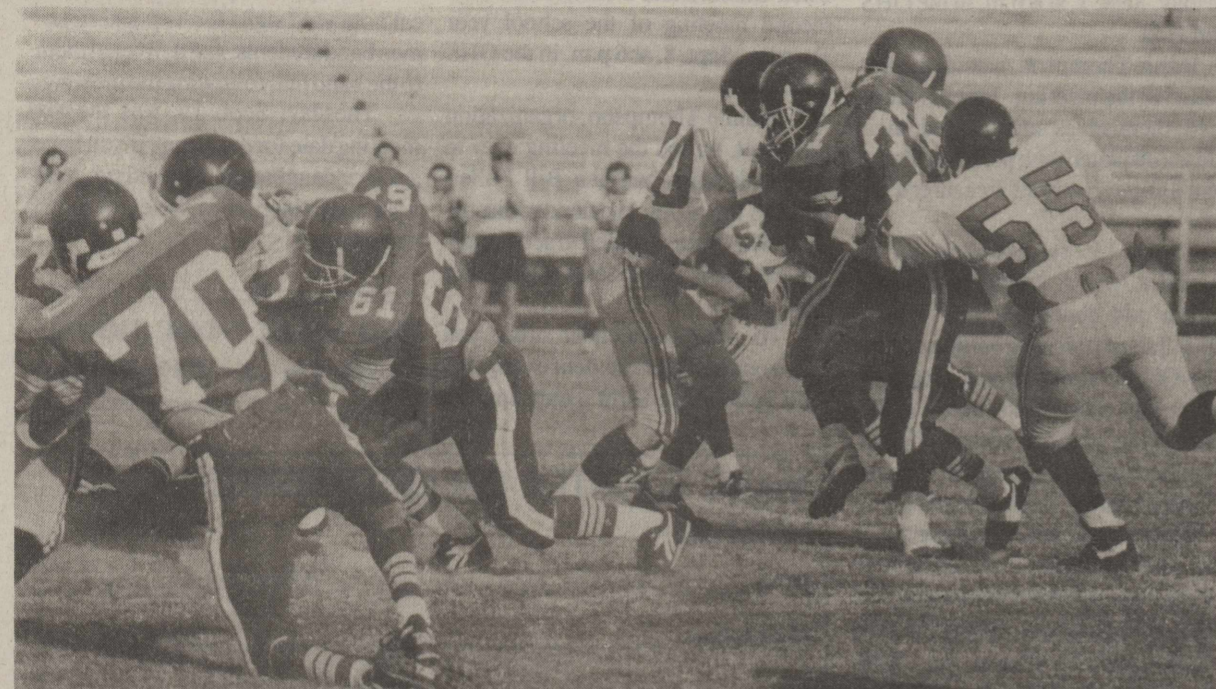

good and the Lions led 7-0. The Iraan defense held the Lions scoreless for the rest of the half. Iraan's lone score came in the second quarter and the half ended with Ozona lead-

ing 7-6. The Lions' offense got untracked in the third quarter as Browne scored again from two yards out followed by Matt Ortiz's two point Conversion run making the score 15-6 in favor of the Lions.

The fourth quarter belonged to Matt Ortiz as he scored two TDs on a one yard run and a two yard run.

Ortiz led the Lion offensive effort as he carried the ball 30 times for 264 yards. David Browne completed two out of seven passes for 40 yards. Other Lions who played an outstanding game were: Justin Moran, Doug Meadow, Clay Westmoreland, Juan Trujillo, Adam Carroll, Gabriel Perez, and Lynn Haire.

"We started a little slow again, but boy did we turn it on in the second half," started Coach Brad Brevard. "That 80 yard, eight minute drive into the wind and rain in the third quarter was the turning point of the game. It was 7-6 at the time and Iraan more or less shut it down after that. I still can't say enough about our offensive line. Rushing for 381 yards at the JV level is something else. These guys grew up tonight and we are super proud of them."

THE OZONA JV LIONS SHOWED THEIR STUFF ON OFFENSE by racking up 381 yards rushing compared to the Braves 141. Number 31 Tony Valencia carries for good yardage with the help of #70-Juan Trujillo. The Lions whipped the Braves 28-6 Thursday evening in Lion Stadium.

OZONA JV LION DEFENSIVE team held the Iraan Braves to only one T.D. and 4 first downs. Justin Castro is shown breaking up a Brave pass.

Bearkats nip the Lions 7-6

by Don Stark
The Garden City Bearkats defeated the Ozona Lions 7-6 in a hard fought football game played in Garden City on Friday, September 11.

Garden City scored on their first possession with 5:57 minutes left in the first quarter and the extra point attempt was successful. This proved to be the difference in the ball game.

The Lions had several opportunities to get on the scoreboard in the second quarter. However, a fumble inside the Garden City 20 yard line ended one drive and a penalty and overthrown pass ended another drive. The half ended with the Bearkats leading 7-0.

Neither team could mount a successful drive in the third quarter. Then, with 7:19 minutes left in the final period, Justin Castro scored the Lions' first TD of the season from one yard out. Going for the victory, the Lions

gambled on a two point conversion pass play that failed and Garden City escaped with the victory. "I was disappointed with our tackling," said head coach Don Payne. "We need to be more intense and focused on defense like we were in our scrimmages."

The Lions host the 3A Sonora Broncos this Friday, Sept. 18, in their next game.

| OZONA | STATISTICS | IRAAN |
|-------|---------------|-------|
| 17 | First Downs | 4 |
| 381 | Rushing Yards | 141 |
| 40 | Passing yards | 8 |
| 0 | Fumbles Lost | 2 |

INDIVIDUAL STATS (RUSHING)

Matt Ortiz 30/264
David Browne 11/74
Ray Fierro 4/35
Tony Valencia 6/8

The JV Lions next game will be Thursday, Sept. 17, in Sonora against the Broncos.

Cubs to open season

by Don Stark
The Ozona Jr. High Cubs will open their football season this Thursday, Sept. 17, as they host the Sonora Jr. High. Coaches for the Cubs are Rodney Johnson and Lee Gonzales.

Girls cross country team runner-up at Odessa meet

The Ozona Girls' cross country team was runner-up at the ECISD Cross Country meet held in Odessa this past weekend. The girls' team was led by Heather Hall's third place finish and Myra Sanchez's fifth place finish. Dana Bishop placed twelfth with Tanya Amaya finishing fifteenth overall.

"The top four girls did an outstanding job by finishing in top 15," stated track coach Pete Maldonado. "Myra and Heather were both regional qualifiers in track last year and are expected to lead the team in a quest to compete in the state cross country meet." The girls' team has never qualified for state.

The top three team standing were as follows: Central 31, Ozona 47, Garden City 52 points.

Individual placings for Ozona were Heather Hall, 3rd, 14:36; Myra Sanchez, 5th, 14:48; Dana Bishop, 12th, 15:11; Tanya Amaya, 59; 5th, 15:24; Jessie Turner, 40th, 19:50.

The Ozona boys' team finished fourth overall behind Class A Plains who were state champions. Team standings were as follows: 1st, Plains, 40 points; 2nd, McCamey, 59; 3rd, Stanton, 87; 4th, Ozona, 89; 5th, Central J.V., 144, 6th, Midland J.V., 160; 7th, Hobbs, 184; 8th, Coahoma, 197; 9th, Andrews, 219; 10th, Garden City, 265; 11th, Seminole, 273.

Ozona finishers were as follows: Ciprano Perez, 11th, 18:22; John Ramirez, 17th, 18:53; Rene Tambunga, 21st, 19:14; Bryan Valdez, 20th, 19:15; Johnny Porras, 25th, 19:34; Aaron Carroll, 35th, 19:45; Anthony Sanchez, 57th, 21:12; Leroy Martinez, 84th, 24:19. There were 94 runners who started the Division II race.

The Ozona Cross Country teams will be participating in the San Angelo Cross Country meet held at the Santa Fe Golf Course Saturday, Sept. 19. The Ozona girls' team is scheduled to run at 10 a.m. with the boys running at 11 a.m.

Interested individuals in the community who would like to train with the high school boys or girls teams are welcomed to do so. The teams are having a morning run of 50 minutes each morning at 6AM and meet at Fierro Shell and run south. The teams will also be having a bike workout every Wednesday afternoon and will ride approximately 24 miles the first workout.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC.

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues.

The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18.

This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

| One Feature per line | Residence | | Business | |
|---|--------------|---------------|--------------|---------------|
| | Current Rate | Proposed Rate | Current Rate | Proposed Rate |
| Call Waiting | \$2.10 | \$2.85 | \$2.65 | \$3.25 |
| Call Forwarding | 2.10 | 2.10 | 2.65 | 3.50 |
| 3-Way Calling | 2.10 | 2.10 | 2.65 | 2.50 |
| Speed Call-8 | 2.10 | 2.10 | 2.65 | 2.50 |
| Two Features per line | | | | |
| Call Waiting, Call Forwarding | 3.75 | 4.25 | 4.75 | 6.00 |
| Call Waiting, 3-Way Calling | 3.70 | 4.25 | 4.75 | 4.75 |
| Call Waiting, Speed Calling-8 | 3.70 | 4.25 | 4.75 | 4.75 |
| Call Forwarding, 3-Way Calling | 3.70 | 3.50 | 4.80 | 5.00 |
| Call Forwarding, Speed Calling-8 | 3.70 | 3.50 | 4.75 | 5.00 |
| 3-Way Calling, Speed Calling-8 | 3.70 | 3.50 | 4.75 | 4.00 |
| Three Features per line | | | | |
| Call Waiting, Call Forwarding and 3-Way Calling | 5.30 | 5.65 | 6.90 | 7.50 |
| Call Waiting, Call Forwarding and Speed Calling-8 | 5.30 | 5.65 | 6.90 | 7.50 |
| Call Waiting, 3-Way Calling and Speed Calling-8 | 5.30 | 5.65 | 6.90 | 6.25 |
| Call Forwarding, 3-Way Calling and Speed Calling-8 | 5.30 | 4.90 | 6.90 | 6.50 |
| Four Features per line | | | | |
| Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8 | 6.90 | 7.05 | 9.00 | 9.00 |
| Speed Calling - 30 code capacity | 3.20 | 3.20 | 4.25 | 3.20 |

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

Certification program completed for auto technicians

The Ozona High School automotive technology program, in cooperation with Crockett Automotive, held a school to certify automotive technicians in the handling and servicing of automotive units that use chlorofluorocarbons (CFCs) R-12 freon.

Federal regulations outlined in the Clean Air Act of 1990 require that a vehicle in need of servicing to its air conditioning must be serviced by a CFC certified technician. It's the law.

Federal regulations, as of Jan. 1, 1992, require all repair shops that perform service on air conditioning systems use approved refrigerant recycling equipment in their air conditioning service procedures.

"Due to the attention paid to the protection of our environment, we as automotive professionals must do our part to reduce the amount of chlorofluorocarbons (CFCs) that are released into the atmosphere," said OHS teacher Pete Maldonado. CFCs deplete the ozone layer, allowing harmful radiation from the sun to reach the earth's surface.

As of Nov. 15, 1992, it is unlawful to sell or distribute refrigerant containing CFCs for use in motor vehicle air conditioning systems in a container less than 20 pounds to anyone other than an individual that can show proof of certification in accordance with federal standards. If you cannot show proof of certification, the

distributor will not sell you a small can of R-12 freon.

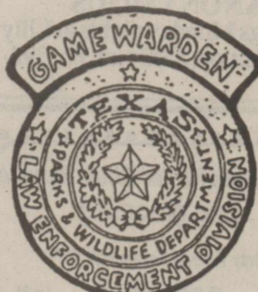

Technicians attending the certification school were: Robert Kelly, Ismael Lujan, Crockett County Road Department; Eddie Lewing, Circle Bar Truck Corral; Randy Branch, Southwest Diesel & Automotive; Jerry Cantu, Vince Huffman, Crockett Automotive; Charles Preddy, Preddy Chevron; John Shannon, Crawford's Garage; Miguel Flores, Alberto Galindo, M&M Garage; Johnny Rodriguez, Ozona Public Schools; Jon Moran; Tony Lewis, Sammy White, Cipriano Perez, Jim Bob Moran and instructor Pete Maldonado, Ozona

High School Auto Tech.

The certification school was presented by NAPA TEMP PRODUCTS with certification from MAC's (Mobile Air Conditioning Society). The instructor was John Stiles from NAPA TEMP PRODUCTS.

"In trying to keep up with the constant changing with our automotive technology, the automotive technology program at the high school and local distributors will try to bring more programs of interest to our local technicians," Maldonado said. "If you are interested in a specific program area, please contact the Ozona High School Automotive Technology program."

Crockett County Outdoors

By Chuck Cospers

The 1992-93 hunting season has gotten off to a slow start with the opening of dove season. I am seeing very few dove, but have talked to some hunters that have had some success. We could sure use some cold weather in the high plains and maybe it would bring more dove down.

If I have not gotten around to meeting you yet, please don't give up. I am finding that Crockett County is a big county and all 3000 miles are there. I have been trying to learn the roads and trying to locate as many ranches as I can before deer season gets started. If you haven't picked up a hunting guide yet, I will list the opening and closing dates below, along with the bag limits.

Mourning Dove - Sept. 1 - Nov. 9, 1992, and Jan. 2-10, 1993; daily bag limit, 12 mourning, white-winged and white-tipped doves in the aggregate to include not more than six white-winged and two white-tipped. Possession limit, twice the daily bag limit.

Deer - (White-tailed) - Archery, Oct. 1 - Nov. 1; General, Nov. 7 - Jan. 3; Limit, four deer, limit two bucks. No antlerless permits required.

Muledeer - Archery, Oct. 1 - Nov. 1; General, Nov. 28-Dec. 13; Limit, two mule deer, limit one buck.

Antlerless by permit only.

Turkey - Same as deer season except spring season April 3 - May 2; Limit two turkeys, either sex. Limit three turkeys per license year.

Attention those who need hunter safety course - A hunter safety course will be offered on the 28th of September. A limited number of students will be taken for this class, so please get signed up. For more information, contact myself at 392-5687 or Dee Keilers at 392-3158.

Hunter Registry - Jim Wilson and the Sheriff's Department are offering a service to hunters if the hunter will register at Wilson's office and leave information on where they will be hunting they can be located in case of emergency.

Leases - Nancy Moore advised me that if any ranchers have lease land available to please contact her at the chamber office.

Blue boxes on roadside are honey bee traps

Have you seen the blue boxes hanging from trees along the side of certain highways? Lots of people are wondering what they are and who put them there.

These blue boxes are honey bee traps. They are used to monitor the northward movement of the Africanized honey bee. The traps are placed along highways for the convenience of checking the traps. The blue color is not attractive to the bee; it is used so that the traps can be more easily found by the scientist monitoring the program.

The bees are attracted to the traps by a small vial of pheromone placed in the box. This pheromone attracts all honey bees including the Italian bee, the Caucasian bee and the Africanized bee.

People spotting these traps should not disturb them. Some traps could contain bees which may sting if disturbed.

Two agencies have established trap lines in the state. These are the Agricultural Research Service of the U.S.D.A. and the Texas Apiary Inspection Service. The presence of the traps does not mean that the Africanized bee is in the area. It does mean that they are close and the area is being monitored.

Texas oil and gas production down

Texas preliminary June crude oil production averaged 1,616,225 barrels daily, down from the 1,709,751 barrels daily average of June 1991.

The preliminary Texas oil production figure for June is 48,486,742 barrels, down from the 51,292,536 barrels reported in June 1991.

State oil and gas wells produced 427,233,253 Mcf (thousand cubic feet) of gas in June, down 1.93 percent compared to June 1991's gas production total of 435,642,085 Mcf, reported from 181,291 oil, and 47,232 gas wells.

Crockett County produced 8,279,068 Mcf of gas and 291,789 barrels of oil for the year ending in June 1992.

FBI San Angelo resident agency office to open

Oliver B. "Buck" Revell, Special Agent in Charge, Federal Bureau of Investigation, Dallas Division, Dallas, Texas, announces the opening of a resident agency in San Angelo. The San Angelo resident agency will operate as a satellite office out of the Dallas division and will be staffed by two special agents. Fifteen counties in West Texas will be covered by the San Angelo office. Those counties are: Crockett, Sutton, Schleicher, Menard, Reagan, Irion, Tom Green, Concho, Glasscock, Sterling, Coke, Runnels, Coleman, Brown, and Mills.

The establishment of the San Angelo resident agency will expand the FBI's presence in West Texas and will provide a timely response to matters within the FBI's jurisdiction. In addition to the traditional violations addressed by the FBI, agents assigned to the San Angelo resident agency, working with local and state authorities, will address violent crimes and drug related matters. This emphasis on violent crimes and drugs is part of the FBI's initiative to redirect FBI resources from foreign counter-intelligence to investigating violent crimes

and drug offenses.

The office will be housed in the O.C. Fisher Federal Office Building, 33 East Twohig, Room 317, San Angelo, Texas 76903. A formal opening ceremony will take place on Sep-

tember 11, 1992 at 2 p.m. in the Federal Office Building, on the second floor. The public is invited to attend. At the conclusion of the ceremony, there will be time available for questions from the media.

Reagan County Ranch Reunion scheduled for Oct. 3-4

Big things will be happening in Big Lake on the weekend of Oct. 3-4 according to the Big Lake Chamber of Commerce. Reagan County will observe its annual Ranch Reunion.

To begin the day there will be a parade at 10 a.m. with the World Championship Bronc Riding scheduled for 2 p.m. A bit and spur show is scheduled throughout the day. The Ranch Rodeo will begin at 8 p.m. followed by a country and western dance at 9 p.m.

Sunday, Oct. 4, will be full of activities, also. Beginning the day will be a cowboy church service at 10 AM. A Bit and Spur Show will be held throughout the day along with a chuckwagon cookoff. Ranch Rodeo finals will get under way at 2PM along with World Championship Bronc Riding and rodeo finals.

For more information call the Big Lake Chamber of Commerce at 884-2980.

Did You Know...

BLACKSMITH AND THE LAW...
Robert R. Williams, known as the "Village Blacksmith
of Cumby," began to study law at the age of 65. He held
public office for 28 years and represented Hopkins
County in three legislatures. When he turned 93, he
tried to resign as justice of the peace, but voters
returned him to the office. He died when he was 101.

**Commitment to the community cannot be
illustrated better than Mr. Williams' life. We believe
in a commitment to Ozona and Crockett Co. and
have for 87 years. We will be with you in the future.**
