Flag Day Monday, June 14 Do You Remember?

Hello! Remember me? Some call me Old Glory, others call me Stars and Stripes. I have also been referred to as the Star Spangled Banner. But whatever they call me, I am your flag of the United States of America. There is something that has been bothering me, so I thought that I might talk it over with you. I remember some time ago - I think it was a Memorial Day - people were lined up on both sides of the street to watch the parade. A high school band was behind me and naturally I was leading the parade. When your daddy saw me coming along waving in the breeze, he immediately removed his hat and placed it against his left shoulder so that his hand was directly over his heart.

And you - I remember you. Standing there as straight as a soldier, you didn't have any hat, but you were giving the right salute. They taught you in school to place your hand over your heart. Remember little sister? Not to be outdone she was saluting same as you. I was very proud as I came down your street. There were some soldiers home on leave and they were standing at attention giving the military salute.

Now, I may sound as if I am a little conceited. Well, I am. I have a right to be. I represent the United States of America.

What has happened? I'm still the same old flag. Oh, I have a couple more stars added since you were a boy. A lot more stars added since the beginning of this country. A lot more blood has been shed since that Memorial Day so long ago.

But now I don't feel as proud as I used to feel. When I come down your street, some people just stand there with their hands in their pockets and give me a small glance and then look away. Then I see children running around and shouting. They don't seem to know who I am.

Is it a sin to be patriotic any more? Have some people forgotten what I stand for? Have they forgotten all the battlefields where men fought and died to keep this nation free? When you salute me you are actually saluting them.

Take a look at the Memorial Honor Rolls some time. Look at the names of those who never came back. Some of them were friends or relatives of yours. That's who you are saluting. Not me.

Well, it won't be long until I'll be coming down your street again. So, when you see me, stand straight, place your hand over your heart and you'll really see me waving back - my salute to you. And then I'll know that you remember.

-Author Unknown

BILL PAGAN HOLDS UP THE GRANDDADDY OF HORNET'S NESTS. The foot in diameter nest was found by his grandson Toby, son of David and Kat Pagan, underneath a dog house. For two years the Pagans have had an unusual number of hornets. *Ozona Stockman photo*

Structure Fire Gets Quick Response

Firemen reached the home of Dana Cowen five minutes after the blaze was called in Sunday afternoon and were able to quell the fire quickly.

The house at 107 Ave. K owned by Lloyd Winkley caught fire in the southeast bedroom according to Bob Falkner, fire chief. Firemen took a hose through the front door to the trouble area, confining the fire to one room and extinguishing it. There was smoke damage throughout the home. Firemen were in service on this call until 7:21 p.m.

A fire at 226 Largo on June 7 was out when department members arrived. The fire on the kitchen stove at the home of Josie Rodriguez was called in at 4:25 p.m.

A grass fire of unknown origin burned approximately two acres at the Bell Van Plant on Bean Ranch June 3. The call came in at the station at 4:01 p.m.

Firemen responded to two calls June 2. The first was a 12:25 a.m. vehicle fire 10 miles east of Ozona on I-10. A 1983 Dodge belonging to Eric and Teresa Harris of Denton was a total loss. Driver Darrell Oliphant of Austin said he heard a click and the headlights flashed. After stopping the car he discovered sparks coming from under the motor.

At 5 p.m. on June 2, two trucks were dispatched to the Jeff Owens Ranch where 10 acres burned. Firemen were occupied three hours with this range fire.

Sunday Slated As Volunteer Sign-up For Dare To Care

Sunday evening, June 13, from 5 to 7 p.m. on the Square is the time and place selected for volunteers to sign up for this year's Dare to Care Work Camp. Young people and adults with a little time and a willingness to work are desperately needed to assist in the repair and cleanup of six Ozona homes. Volunteers may choose from a number of different jobs and may select work days and times to fit their individual schedules. Even a few hours of work will make a difference.

The registration of volunteers will help Dare to Care planners assure that the most vital jobs in terms of health and safety are completed first and will also allow planners to determine what materials and equipment will need to be provided.

Types of work needing to be done include the following:

1. Roof repair, including replacing shingles and patching leaks
2. Repairing and replacing faucets
3. Patching outside plaster
4. Weatherizing windows and doors
5. Cleaning carpets and windows
6. Replacing rotten flooring and
7. Painting.

The goal of Dare to Care is to have all jobs completed by the end of June.

Monetary donations to pay for construction materials are also badly needed. These may be made through Ozona National Bank or at South Texas Lumber Company.

Any questions concerning the work camp may be directed to Frances Curry, Dr. Tim Brewer, Opal Mobbs or Gilbert Rico.

Falkner Recognized For 25 Years' Service

BOB FALKNER IS SHOWN RECEIVING an award from Col. James Wilson and Lt. Col. Dudley Thomas for 25 years of continuous service with the Department of Public Safety qualifying him as a member of the department's Quarter Century Club.

Bob Falkner became a member of the Department of Public Safety Quarter Century Club last week in Austin. An induction ceremony was held when the Quarter Century Club met at the DPS headquarters in Austin. Honorees were also recognized at a banquet held at the Double Tree Hotel

in Austin. Mrs. Falkner accompanied her husband to the banquet.

The award was presented for 25 years of continuous service. Twenty-two of those years have been in Ozona. Falkner has actually completed total state time of 29 years for prior service in the DPS and the State Department

of Public Transportation.

He began work for the DPS in 1958 in Midland and after a year resigned and moved back to Fort Stockton. Later he reapplied and was sent to El Paso in 1968. When the Ozona office opened in February of 1971 Falkner moved here.

Crockett County Votes Republican

Crockett County voters followed the statewide trend in Saturday's special election to select a U. S. senator to fill the unexpired term of Lloyd Bentsen.

Kay Bailey Hutchison received 344 votes to 139 for Bob Krueger.

Hignight Featured In Rabbit Magazine

Jason Hignight, son of Mr. and Mrs. John Hignight, was featured last week in the national magazine of Dwarf Hotot News for his wins this spring as a rabbit exhibitor.

At the Texas State Rabbit Breeders' Association Show held in Belton, Jason and his sister, Amanda, were honored for their wins in the past year. Gaining a first in American Chinchillas for wins in the state, the two received a trophy. They were also honored with a trophy for winning second place in Mini Rexes in the show season.

In the state they were ranked with a fourth in Dwarf Hotots and American Fuzzy Lops. At this show there were more than 2,000 rabbits competing for best of breed or best of sex

breed. Jason won both of these with his Dwarf Hotots. It was this win and the fact that he was named Dwarf Hotot King for the Texas State Hotot Club that he was recognized a leader in the breed by the national magazine.

Last November the two youth attended the national show in Columbus, OH, and placed all their rabbits in the top 10 as well as winning one best of breed.

Jason will attend the November 1993 show in Tacoma, WA, to receive recognition from the National Dwarf Hotot Club. He is being kept busy this summer making plans to earn money as well as keeping a close eye on the babies in the next boxes to see which ones will be taken to the National Show.

Two Vehicle Accident Leaves Minor Injuries

Two vehicles driven by San Angelo residents were involved in an accident on the outskirts of Ozona June 3.

Patrick Aguero was the driver of an A-B Distributing truck which was in collision with a Ford pickup driven by Maricela Govea. The 8:30 a.m. accident occurred on Hwy. 163 north near the Harrison Interests building.

The accident report indicates that the A-B Distributing truck was attempting to pass the pickup when the pickup made a left turn. The pickup was struck on the left door.

Driver of the pickup and two passengers, Luis Govea and Iarna Govea, were all wearing seatbelts and received only minor injuries.

The driver of the truck also received minor injuries.

Small Businesses In Area Can Apply For SBA Loans

Businesses depending on farmers and ranchers in Crockett, Irion, Reagan, Schleicher and Tom Green Counties can now apply for low interest Economic Injury Disaster Loans from the U. S. Small Business Administration (SBA). These loans are available to help businesses meet normal operating expenses that cannot be met due to the effects of a disaster. Drought which occurred June 1 through Oct. 31, 1992, caused many farmers and ranchers to experience reduced incomes which may have had an adverse economic effect on businesses depending upon these producers. Farmers and ranchers are not eligible for this loan program but may be eligible for disaster assistance through other Federal agencies. However, nurseries that are victims of drought disasters can apply.

To obtain an application or re-

ceive additional information, interested business owners may call the SBA toll-free at 1-800-366-6303 or TDD 817-267-4688 for the hearing impaired. The deadline for filing applications is December 15, 1993.

Due to the drought, many producers experienced crop losses and were not able to purchase goods and services at normal levels. Businesses that are dependent upon these producers may have experienced decreased sales, reduced gross profit margins, increased accounts receivable or difficulty in moving inventories at normal levels. To the extent these problems have caused the business difficulty in meeting its normal obligations, these loans may be of assistance. The loan can help a business meet installments on long-term

debt, accounts payable and overhead expenses that would have been met had the disaster not occurred. Refinancing of long-term debt, however, is not eligible under this program. The loan is designed for those businesses with substantial disaster-related needs and is intended to supplement monies the business owner can provide from other sources.

* Loans may be approved for up to \$500,000 for actual disaster-related financial needs of the business. Interest rates are four percent (4%) and terms may extend to thirty (30) years, depending upon the repayment ability of the individual applicant. To qualify, businesses must be small by SBA's size standard. Businesses which can meet their financial needs through other sources are not eligible.

DPS SERGEANT PAUL T. DAVIS of Ozona investigates a two vehicle accident on the outskirts of Ozona June 3. An A-B Distributing truck was in collision with a Ford pickup which resulted in minor injuries. *Ozona Stockman photo*

News Reel
 Mr. and Mrs. Joe North have gone to Dallas, and Mr. North will return with a new fire engine for Ozona.

Letters to the Editor

Dear Friends,
 During this first quarter of 1993 we have been continually amazed at how God is working in the tri-fold ministry areas of alleviation, education, and evangelism to reach the people of Mexico for Christ.

One area of tremendous blessing has been the medical missions. One after another opportunities have unfolded to meet the needs of the people.

The first General Practitioner clinic of the year was held in the village of Ocote, Oaxaca. The 100+ patients were primarily church members. They were very grateful that treatment was made available to them. In the evening we showed Christian movies and four persons accepted Christ.

The second outreach, held in March, was a cleft palate surgical and dental clinic. It was held in the Casa La Esperanza Children's Home. Each nook and cranny was utilized as 200 dental patients were treated and seven cleft palates were repaired.

The book of Mark gives account of when Jesus healed a man with a pack made of mud and saliva. Proof that He uses many avenues, (sometimes even those we deem unmerited) to heal. The results of having health restored are life changing especially when deformities are virtually erased in clinics such as these.

Construction of Casa La Esperanza Children's Home is now 7/8 complete with projected opening in the fall.

The Child Evangelism Program

began again with the new year. Instead of meeting on Monday like we did last year, we are now having classes on Saturday mornings so more children can attend. The results so far are quite favorable.

Doors have opened once again to Ixtaulla, an unreached group of people near us. Last year WMI people went in and were well received the first visit but were turned away the second time.

Now WMI has been invited to do a medical clinic inside the village. We are gathering together a medical team now of those who are willing to Really Rough It. Interested? Call 915 947-0317.

Each day WMI strives to meet the varied spiritual and physical needs of the people in and around Puerto Escondido, Mexico. If you feel drawn to participate with us, here are some suggestions on how to do so.

Pray for us and the people we are trying to reach.

Offer financial support through "\$ a day for Missions".

Visit on a WMI organized short term team.

Call the office, there is always something that can be done to help our U.S. volunteers.

His hands extended, Larry and Beth Wester Workmen Ministries International

Lindsey Service In Barnhart

Beatrice C. Lindsey, age 63, of Barnhart died Friday, June 4, 1993, in the Concho Valley Regional Hospital in San Angelo.

Service was held Sunday in the Cowboy Methodist Church in Barnhart with burial in Resthaven Cemetery directed by Preddy Funeral Home.

Mrs. Lindsey was born Oct. 25, 1929, in Falfurrias. She has lived in Barnhart for 31 years. She was a Methodist and a volunteer.

Survivors include one son, Mario Hernandez of Odessa; one sister, Lou Peterson of Fresno, CA; three grandchildren, one great-grandson and numerous nieces and nephews.

76 Auto Truckstop Becomes National

Independence Day fell in April this year for the nation's largest full-service truckstop network, as it became an independent company through a sale by Unocal. As the sale closed April 17, the 76 Auto/TruckStop network - which had its beginning when the interstate highway system was still in its infancy - became NATIONAL Auto/Truckstops, Inc., announced C. William (Bill) Osborne, president and CEO, from the company's Schaumburg, IL, headquarters. The locations will continue to operate under the familiar "76" orange ball.

NATIONAL Auto/Truckstops, Inc. is now a nationally-franchised organization owned by more than 90 veteran truckstop operators and additional investors led by the Clipper Group, a major financial organization headquartered in New York. NATIONAL's management team includes a blend of veteran Unocal managers and experienced industry executives.

The company's newfound independence will enable the over -130 location network and its management to focus on meeting the needs of its customers - fleets, shippers, owner-operators and drivers - as opposed to an oil company's focus on fuel sales.

For Unocal, selling the 76 Auto/TruckStop network was a logical step. In recent years, the company made the decision to divest itself of non-strategic assets, and to consolidate operations and focus its efforts on being a West Coast refiner and marketer of petroleum products. The network - although strong and profitable - no longer fit Unocal's long-term objectives.

Besides maintaining and improving programs and services already recognized by customers, NATIONAL is developing new products and programs for its Travel Stores, restaurants and garage centers.

Public Notice

Kirklen-Tebbetts United In Hurdle Ceremony

Marsha Diane Kirklen and John Lawrence Tebbetts were married May 29, 1993, by Jim Hearne, Justice of the Peace of Crockett County.

The ceremony was held in the garden at the home of Mr. and Mrs. Royce Newton.

Mrs. Tebbetts is the daughter of Mr. and Mrs. Milton Sanders and the late Edwin (Sonny) Kirklen. Mr. Tebbetts is the son of Mr. and Mrs. James C. Tebbetts from Albuquerque, New Mexico, and Mr. and Mrs. Wayne A. Griffin from Canada.

Presented in marriage by her brother, Kirby Kirklen, the bride was escorted past a garden pond to a grove of trees forming a natural arch where the ceremony was performed. Wedding music was presented by Brenda Newton at the organ.

The bride wore a gown of white brocade and denim. The jacket was accented with Elizabethan sleeves and heavy Venice lace and was worn with a high low skirt. Her hat was adorned with a pouf bow and veil accented with seed pearls. For something old the bride carried a handkerchief of her late grandmother; her pearls were the ones given to her mother when she married. She carried a traditional bouquet of white roses and English

ivy. Matron of honor was Mrs. Janice Patton of Flower Mound. Maid of honor was Tonya McGuire of Ozona.

Best man was John Kelley and groomsmen were Dan Morris, both of Ozona. The ring bearer was Preston Boyd Tebbetts.

Following the ceremony a reception was held at the Ozona County Club. A white arch of balloons with white doves set the mood for the occasion. White balloons and large white bells hung from the ceiling.

The bride's table was set with white lace centered with a cascading bougainvillea and candles, a three tiered wedding cake and champagne fountain completed the setting.

The bridegroom's table was white linen and lace centered with chocolate cake and two white hats and crystal accents.

Serving at the tables were: Lisa Herring, Jennifer Payne and Janell Payne, all of Ozona.

Out-of-town guests included: Mr. and Mrs. Larry Sanders, Cassidy and Shelby Sanders, Caryn Truitt, Laurie Truitt, and Mark Baker, all of San Angelo and Jeanne Piekarski of San Antonio.

It's A Girl!

Sam and Wendi Quiroz are the parents of a daughter, Christina Ray-Ann, born June 2, 1993, in Shannon Hospital in San Angelo. The baby arrived at 3:30 p.m. weighing eight pounds, six and one-half ounces. She was 19 1/4 inches long at birth.

Helping welcome her home were a brother, Michael, and sister, Karina. Grandparents are Mr. and Mrs. Wendel Casey and Mr. and Mrs. Claro Quiroz of Ozona. The baby's great-grandparents are Lee Casey and Gladys Evans of Houston.

Montgomerys Celebrate 50th

Dorothy and Beecher Montgomery returned Tuesday from Las Vegas, NV, where they celebrated their 50th wedding anniversary.

The couple married June 6, 1943, at the First Methodist Church in Fort Worth. Both were graduates of Texas Christian University.

Mr. Montgomery served in the Pacific with the Marine Corps during World War II. Since then, he has ranched in Culberson and Crockett Counties. Mrs. Montgomery has taught dancing and was with the Crockett County school system. Both are retired.

The couple has a son, Bryan Montgomery of Los Angeles, CA, and a daughter, Vicki Lynn Montgomery and her two children, Ashley and Clay, of Fort Worth.

It's A Grandson!

Gemella Dudley Stokes announces the arrival of a grandson, John Marshall Wlascinski, on April 4, 1993. He is the son of Sheri and John Wlascinski of Coppell.

Mrs. Wlascinski is the granddaughter of the late Mrs. Lovella Dudley and niece of Maridel Dudley and the late Jim Dudley of Ozona.

People will sometimes forgive you the good you have done them, but seldom the harm they have done you.
 -Somerset Maugham

Snips, Quips, and Lifts

by Lottie Lee Baker

Man is inclined to exaggerate almost everything - except his own mistakes.

It's difficult to inspire others to accomplish what you haven't been willing to try.

Satan is perfectly willing for a person to confess Christianity as long as he doesn't practice it.

Many children would take after their parents if they knew where they went.

No one is more confusing than the fellow who gives good advice while setting a bad example.

A good example is the best sermon you can preach.

Most failures are expert at making excuses.

A certain ineffective executive was recently fired. No one filled his vacancy. He didn't leave any.

If exercise is so good for you, why do so many athletes retire at 35?

If some people didn't lift their eyebrows they never would get any exercise.

Experience can be described as "COMPULSORY EDUCATION".

If Americans bought only what they could afford, it would destroy our economy.

One reason a great many Americans don't own an elephant is because they were never offered one for a dollar down and a dollar a week.

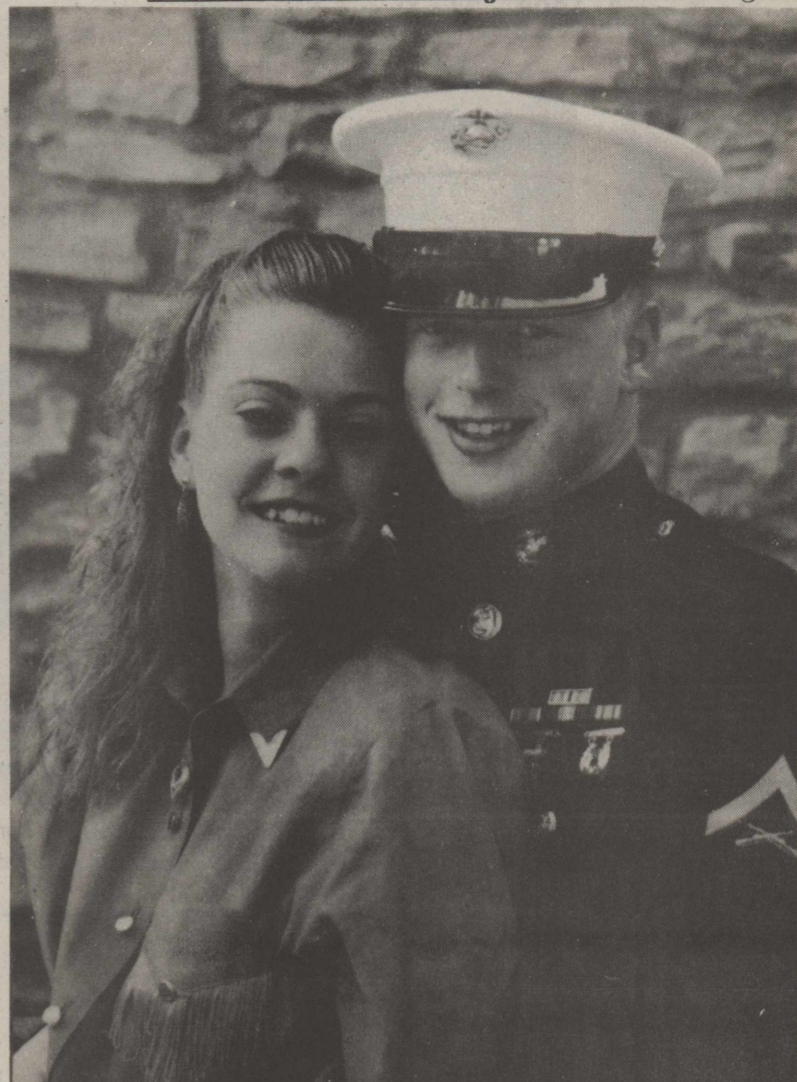

Most husbands know what an extravagance is. He married one.

The hardest thing about facts is to face them.

Some people are always indebted to their imagination for facts.

It's a lot easier to form an opinion when you have only a few of the facts.

A LIFT FOR THE WEEK
 The only thing achieved in life without effort is failure.

Miss Wooten, L. CPL. Stone To Marry

Miss Christi Diane Wooten and Lance Corporal Steven Wayne Stone will be married June 10, 1993, in Ozona. The bride-elect is the daughter of Mr. and Mrs. Thomas J. Wooten of Ozona and a 1992 graduate of Ozona High School.

Parents of the prospective bridegroom are Mrs. Peggy Rickles of McDonough, GA, and Mr. A. T. Stone of Dallas, GA.

Stone is a 1991 graduate of Stockbridge High School in Stockbridge, GA. He is stationed at Camp Pendleton, CA, with the United States Marine Corps.

Hill-McDaniel Vows Spoken

Janet Hill of Ozona and Jack McDaniel of Crane were married May 29 in an afternoon ceremony at Calvary Baptist Church in Ozona. Rev. Clay Hall of Sonora officiated as members of the couple's families looked on.

Connie Wright of Weatherford played a medley of wedding music for the occasion. The couple entered the sanctuary together to the strains of "Wind Beneath My Wings". The

church was decorated in floral arrangement of burgundy and country blue.

A reception at the home of the bride followed a tropical theme with bright, cheery colors and fishnet table covers.

Family members attended from Sonora, Blanco, San Antonio, Weatherford, Austin, Snyder, Bronte, Blackwell, Brownwood, Crane and Jal, NM.

Country Club Bridge News

Winnie Williams won high score for the afternoon at Country Club Bridge on June 4. Sophie Kyle won second high and bingo went to Ellen Sewell.

Others joining hostess Alice Couch for the afternoon were: Emma Adams, Louise Bunger, Eileen Childress, Rachel Childress, Peggy Hagle, Mary Lou Lilly, Kitty Montgomery, Jean North, Blanche Walker, Celia West, Ruth White and Jonesy Williams.

When the Lights Go Out, We Won't Leave You in the Dark

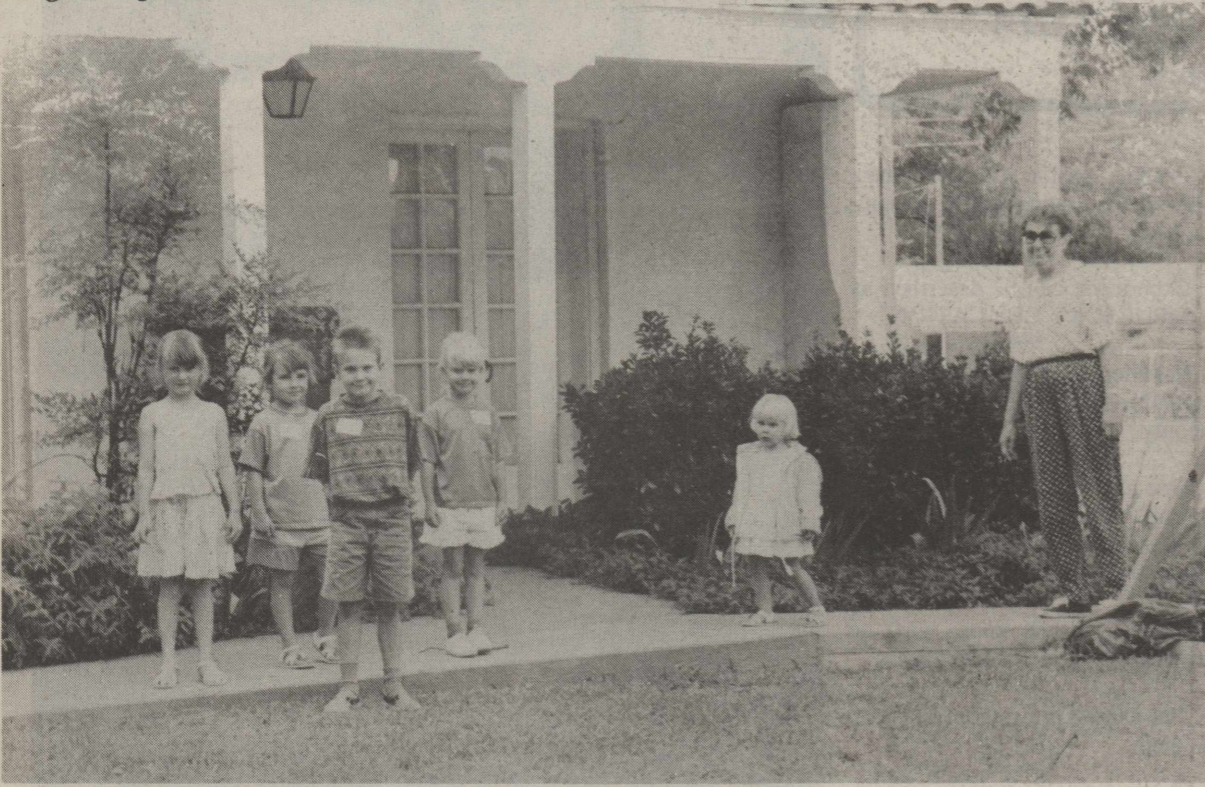

Power outages sometimes happen during this time of year due to problems caused by thunderstorms, lightning, high winds or tornados. When the lights go out, WTU will do whatever it takes to get your power restored as quickly as possible.

If your lights do go out, we need your help!
Here's what you can do:

- First, check with your neighbors to see how widespread the outage is.
- If you're the only house in your area with the light out or if you don't have any close neighbors, check your breaker or fuse box to see if the trouble is there.
- If the trouble isn't on your side of the meter (such as a tripped circuit breaker or a blown fuse), call your area WTU office. Keep trying if the lines are busy. It's important that we hear from you — and we appreciate your patience.
- As soon as we learn of an outage, we call out as many crews as needed and work as long as necessary to make sure your power is restored.

Methodists Name New Area Supt.

A minister from Manchaca begins supervising United Methodist pastors and congregations this week in Tom Green and 15 other West Texas counties.

The Rev. Janice Riggle Huie, senior pastor of Manchaca United Methodist Church near Austin for the past six years, takes over June 10 as superintendent of the United Methodist Church's San Angelo District. She succeeds the Rev. J. Gordon Talk, who becomes pastor at Travis Park United Methodist Church in San Antonio.

Bishop Raymond H. Owen of San Antonio formalized these assignments in Corpus Christi during the June 2-5 session of the church's Southwest Texas Annual Conference.

In her new position, Rev. Huie is to provide spiritual and administra-

tive leadership to pastors and members of more than 40 United Methodist congregations in Coke, Concho, Crockett, Edwards, Irion, Kimble, Kinney, McCulloch, Mason, Menard, Reagan, Schleicher, Sutton, Tom Green, Upton and Val Verde counties. Combined membership of those congregations is about 8,000.

In addition, Rev. Huie is to sit on the bishop's seven-member cabinet. That group helps Owen administer the 107,000-member annual conference.

Rev. Huie was ordained a United Methodist deacon in 1970 and an elder in 1974. Besides Manchaca, she has served with her husband, the Rev. Robert W. Huie, as co-pastor of congregations in Mason and Austin.

She received her bachelor of arts degree cum laude in 1969 from the University of Texas, Austin. She earned a master of theology degree in 1973 from Southern Methodist University, Dallas, and a doctor of ministry degree in 1989 from Emory University, Atlanta, GA.

Rev. Huie and her husband have two sons, Matthew, 15, and David, 13.

- Roy A. Harrell Jr. in memory of Jim Dudley

Handbell Fund Receives Donations

Generous donors have contributed \$2,100 in gifts and memorials for the Woman's Forum handbell fund Mrs. Jim Dudley said Monday. Approximately \$1,900 more is needed to purchase bells and accessories.

Membership in the proposed choir is open to anyone in the community. The only prerequisite is the ability to read music.

Contributors to the fund are: Mr. and Mrs. Joe Bean, Gem Stokes and family, Mr. and Mrs. Mike Clayton, Georgia Kirby, Jewel Bailey, Mr. and

Mrs. Bud Cox, Mr. and Mrs. Charles Williams, Mr. and Mrs. Roger Dudley, Bill Dudley, Mark Dudley, Earline Jones, Ruth Seahorn, Margaret Miller, Katharine Russell, Betty Perry, Bernice Phillips, Audrey Glynn, Judy Reagor, Barbara Wallace, Lu Ingram, Barbara Malone, Glenda Henderson, Willa Perry, Pauline Johnson, Woman's Forum, Maridel Dudley and Ozona Woman's League.

Anyone wishing to play in the choir or to make a contribution should contact Mrs. Dudley at 392-3250 or Mrs. Buddy Russell at 392-2153.

Brewer Reappointed To Local Church

Dr. Tim Brewer was reappointed to serve as pastor of Ozona United Methodist Church during the June 2-5 session of the church's Southwest Texas Annual Conference in Corpus Christi.

Attending the conference as representatives of the Ozona church were Dr. Brewer, Mrs. Buddy Russell and Brock Jones.

United Methodist bishops assign ordained ministers under their supervision to posts annually. A pastor may serve a congregation for more than

one year if the bishop reappoints him or her to that post.

The Southwest Texas Conference includes 365 United Methodist congregations with some 107,000 members in southern and southwestern Texas. Besides San Angelo, the conference area encompasses Austin, Corpus Christi, Kerrville, McAllen, San Antonio and Victoria.

More United Methodists live in Texas than in any other state - some 800,000 in more than 2,200 congregations.

Jed Evans Graduates At Georgetown

Marilyn and Bud Cox attended the graduation of their grandson, Jed Evans, from Georgetown High School on Saturday, May 29. Jed, the son of Jay and Lynn Cox Evans, was one of more than 300 students participating in the graduation exercises.

Jed has been involved in the sports program of the school, serving as one of the team trainers for four years. His main work has been with the girls' volleyball team, and he was named Volleyball Beau for 1993. The school coaching staff recognized Jed for his outstanding work at the closing sports banquet.

Senior trainers Evans and Laura Herrera and their work as trainers were featured in an article in the Georgetown newspaper this spring.

This fall Jed will attend Texas Tech in Lubbock. He plans to major in exercise and sport sciences, a program of sports medicine and athletic training. Jed is one of four students chosen from more than 50 applicants to be one of the trainers in the Tech athletic department.

During his high school years Jed

worked toward this goal. He was a member of a pioneer class offered by the local hospitals for students interested in any type of therapy, medicine or its applications. He also took a full course of EMT training and will take his state certification test later this summer. Jed will report to the Tech campus Aug. 1 to begin work with the football program.

During the summer Jed will help his parents move to Kingsville, and he will work on the King Ranch until time to go to school. He hopes there will be time for a few games of golf with his dad and friends.

Correction, Please

Myra Wilson was the recipient of the Woman's Forum's 40th annual Best Citizen Award presented at commencement exercises May 28 by Mrs. Katharine Russell.

Remember our deadline:
Monday at 5 p.m.

- ¹⁸Wives, submit yourselves unto your own husbands, as it is fit in the Lord.
- ¹⁹Husbands love your wives and be not bitter against them.
- ²⁰Children, obey your parents in all things: for is well pleasing unto the Lord.
- ²¹Fathers, provoke not your children to anger, lest they be discouraged.

Did Christ Exist?

By Dennis J. Prutow

Think about it, if Jesus Christ was not born, many musical classics are meaningless. If Jesus Christ never walked the dusty roads of Palestine, Christianity is a delusion. If Jesus Christ was not crucified on a little bald knob in Jerusalem, the faith of tens of millions of people was and is useless. If Jesus Christ was not raised from the dead and exalted to heaven as Lord and King, the year of our Lord Nineteen Hundred and Ninety Three has no

meaning. The calendars on our desks are total misrepresentations. And every check you write reminds you of this fabrication.

Not only, so, the Bible, which remains on the best seller list year after year, is a myth. But the Bible is the most validated book in all of history. It has been scrutinized more than any other book. And evidence keeps mounting in favor of the Bible. Time after time seeming discrepancies have

been resolved. And archeological evidence proves the truthfulness of the Bible.

The Bible is the story of Jesus Christ, how He was foretold, how He came, and how He accomplished His mission. And because the Bible sets forth the record of the life, death, and victory of Jesus Christ, there is no sound reason for rejecting Him. The burden of proof is on those who continue to disbelieve the Bible.

Crockett County Library News

by Louise Ledoux

Children's Summer Programs

The summer of fun has begun at the library. A tremendous group of excited kids attended the first day of the two month long summer programs. The theme for 1993 is "Lions and Tigers and Books...Oh, My!" The kids enjoyed listening to stories and learning all about elephants and lions.

Children's chairman Pam Brewer plans to take the kids on a trip down the Yellow Brick Road next Monday. Dorothy, Scarecrow and the other characters from the Wizard of Oz will visit the library to tell stories.

Don't miss out on all the fun this

summer at the library. Come explore the world of animals with "Lions and Tigers and Books...Oh, My!"

Bedtime Stories

Get out your favorite stuffed animal and put on your best nightie or pj's for Bedtime Stories at the library. Thursday night, June 17, everyone is invited to join children's chairman Pam Brewer and Friends volunteers for Bedtime Stories at 7 p.m. Come with your cuddly animal in your most comfortable sleepwear and get prepared to relax and enjoy wonderful Bedtime Stories.

Louise P. Ledoux
Crockett County Librarian

THE CROCKETT COUNTY PUBLIC LIBRARY had a good turn-out for the first week of the summer reading program. Pictured reading a book to an enthusiastic group is Pam Brewer.

Free Adult Sewing Classes Start June 22

Basic sewing for your family and others while on a budget will be the focus for another series of free sewing classes sponsored by the Texas Agricultural Extension Service's Master Clothing Volunteer program.

The bilingual classes will begin on Tuesday, June 22, at 6:00 p.m. at the Crockett County Extension Office. Sessions will be two hours long and will cover a wide variety of topics. Participants will make garments for themselves and their families during the sessions, and after completing the sessions, a participant should be able to:

- Take measurements, choose a pattern, notions and fabric
- Operate and care for a sewing machine and sewing equipment
- Understand basic pattern alterations, seam finishes and construction techniques.
- Construct garments for children or adults.

Another focus of the lessons will be possibilities for employment related to sewing, either in retail businesses, the apparel industry, or in a home sewing business. "One of the main things we stress in these lessons is feeling good about yourself because of your new skills, and having

the confidence and knowledge to take these skills and make money for you and your family," said Tedra Ulmer, County Extension Agent-Home Economics. Ulmer and Master Clothing Volunteer Tina Moran will be teaching the lessons.

A few sewing machines are available for loan; however, participants are encouraged to bring their own or borrow a friend or relative's so they can sew at home between classes on a machine they will continue to use.

While the lessons are serious, fun and fellowship are an important part of the course, according to the instructors. At the end of the lessons, participants will receive a certificate at an achievement event. "We plan to have another covered dish supper where family members and friends can attend and admire everyone's accomplishments," said Ulmer.

To receive a registration form for the free classes, call the Crockett County Extension Office at 392-2721.

Educational programs sponsored by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

Summer Basketball Camp To Begin June 21

The Ozona Summer Basketball Camp will begin with the girls' camp June 21-25 and the boys' June 28-July 2 at the Davidson Memorial Gymnasium.

Any incoming second grader

through the ninth grade boys and girls will be eligible to attend the camp.

A \$25 fee will be charged each camper which includes participation awards and outstanding achievement awards.

The morning session will be from 9:00 a.m. until 12:00 noon and will include shooting, passing, dribbling, defense contests, free throws, hot shot, 3 pointers and ball handling.

League games (campers grouped by age) will fill the afternoon session from 1:00 p.m. until 4:00 p.m.

Lunch break will be from 12:00 noon until 1:00 p.m. Campers can either bring a sack lunch or leave with their parents.

Instructors for this year's camp will be Ozona High School, Middle School coaches and former Ozona High School players.

All interested students must fill out the registration form and return to Dickie Faight, P.O. Box 1871, Ozona, Texas 76943 with payment. Make checks payable to: Dickie Faight, Ozona Basketball Camp.

Same-day registration for girls will be June 21 at 8:30 a.m., and for boys will be June 28 at 8:30 a.m. in the Davidson Memorial Gym.

Eldorado Tennis Tourney June 18-20

The Annual Schleicher County Chamber of Commerce Tennis Tourney will be held June 18-20 beginning Friday afternoon at 8:00 a.m. The 14 and under age divisions is open.

Singles begin play Friday afternoon with finals starting Saturday morning at 8:00 a.m. and doubles to follow. Mixed doubles begin Sunday afternoon.

Entry deadline is set at Wednesday, June 16, at 5:00 p.m. Your entry fee must accompany the entry in order to be placed in brackets.

For more information, call 915-853-3109 or 853-2078.

Mail entry to: Schleicher County Chamber of Commerce, P.O. Box 1155, Eldorado, Texas 76936.

Wonderful Wednesdays Return To Ozona Community Center

Each Wednesday from 9 a.m. until noon the Ozona Community Center will offer special educational programs for children ages 3-8. The program will include activities such as cooking, crafts, experiments, music and demonstrations. Topics to be covered are: cowboys, dinosaurs, sun and sand, water, science everywhere, and cooking up a story.

The fee for each Wednesday is \$5. For more information, call Pam Brewer at 392-2710 or 392-2032.

Notice of REWARD
I AM OFFERING
\$500 REWARD
for apprehension and conviction of guilty parties to every theft of livestock in Crockett County - except that no officer of Crockett County may claim the reward.
Jim Wilson
SHERIFF, CROCKETT CO.

Curry Chosen Alternate To McMurry Organization

Cullen Curry of Ozona, a sophomore student at McMurry University in Abilene, is one of five alternates to Indian Insight, an organization designed to promote the university through student involvement. The organization has 25 members and the alternates.

Indian Insight primarily works in two areas. The first is by assisting the Office of Admissions in recruiting new students. The second is by promoting a positive public image of the university.

McMurry University, a four-year liberal arts institution which opened

its doors in 1923, is owned and operated by the Northwest Texas and New Mexico Conferences of the United Methodist Church. McMurry has an average enrollment of 1,500 students from diverse heritages and backgrounds. Forty-two majors and eight pre-professional sequences are offered through seven baccalaureate programs. McMurry welcomes the application for admission, and for financial assistance of all qualified students regardless of sex, age, race, color, national origin, religion or handicap. Contact the Office of Admissions at 1-800-477-0077.

Wilson Receives Scholarship

Ozona delegates to the Southwest Texas Annual Conference of United Methodist Churches were elated to learn last week that a local student had been granted a \$1,000 scholarship from the Methodist Foundation.

Myra Wilson, a 1993 graduate of Ozona High School, is the first recipient of the Methodist Foundation scholarship.

Dr. Tim Brewer, Mrs. Buddy Russell and Brock Jones were pleased to be in attendance at the conference

as representatives of the community where the first scholarship was awarded.

Miss Wilson, the daughter of Mr. and Mrs. Tommy Wilson of Ozona and Sherric Richardson, was awarded the \$1,000 Beta Sigma Phi scholarship and the \$1,000 Wayne West/Lowell Littleton memorial scholarship from Ozona National Bank at commencement exercises May 28. She also received the prestigious Woman's Forum's annual Best Citizen Award.

Marshall Graduates

Joe Marshall graduated from Baptist Memorial Hospital's Institute of Health Education June 3. Commencement exercises were held at Trinity Baptist Church in San Antonio.

Marshall's field of study was radiologic technology. He was recognized at graduation as the recipient of the SQUIBB Outstanding Student Award. This award is given to a student who is not only ranked high academically by also in application of skills. His name will be engraved on a plaque which is mounted on the front of the Radiology Department.

Plans are to continue working toward a B.S. degree while employed at one of Baptist Memorial's hospitals in San Antonio.

Marshall has attended BMH Institute of Health Education on a partial scholarship from Crockett County Hospital and Baptist Memorial Hospital.

Among those attending the June 3 ceremony were Marshall's wife, Kathy; his parents, Mr. and Mrs. Howard Marshall; Mr. and Mrs. Mark Marshall, Matthew Marshall and Crystal James.

Three Ozona Area Students On Honor Roll

Three Ozona area students attending Angelo State University in San Angelo, are listed on the honor roll for the Spring semester at Angelo State University.

Those listed on the 3.00 to 3.49 honor roll include Lasonja Dee Maldonado, an elementary education major, Regina Rae McCollum, a government major all from Ozona, and F. Nicole Davenport, a communication major from Sheffield.

Joey Pierce Receives Degree At Odessa College

Joe S. Pierce V was among 300 graduates receiving degrees at Odessa College on Friday, May 14, 1993. He was awarded outstanding academic achievement awards in welding technology in 1992 and 1993.

Joey graduated Phi Theta Kappa, Magna Cum Laude, Associate in Applied Science. He plans to continue his education in engineering at Texas A&M University.

Joey is the son of Mr. and Mrs. Joe S. Pierce IV and grandson of Mr. J. S. Pierce III.

IRS Says "Come Back"

Dallas, TX -- According to Gary O. Booth, IRS District Director for Dallas District, "If you haven't filed past years' tax returns, the best gift you can give yourself is an appointment at the San Angelo office Thursday June 10, 1993. The San Angelo IRS office (33 E. Twohig, Room 101) will be staffed between 9:00 am and 3:00 pm to help taxpayers get right with their government."

This is an ongoing effort sponsored by the IRS to help taxpayers who have failed to file past years' returns. Booth commented, "What struck me about those who have come in for help is the sense of tremendous relief they expressed."

"One young couple hadn't filed for three years and that fact alone had been a source of considerable anxiety in their marriage. When they saw that they owed taxes for 1988, they weren't very convinced that they were doing what was best for them. Yet, as their assistor worked through tax years 1989, 1990, and 1991, refunds wiped out that first year's liability, and they even wound up with a small refund."

"A trucker stopped filing in 1989, the year his wife had to have emergency surgery. Filing his tax return was not his first priority. While his wife recovered and he got his affairs in better order, he was afraid to file subsequent tax returns because he thought for sure he'd be going to jail. We helped him, too. He worked out an installment plan to pay off what he owes, and he's still trucking."

Booth says that taxpayers who owe IRS returns owe it to themselves to get back into the system. "For many, it is fear that creates a barrier. We see our job as making it as easy as possible for taxpayers to comply. Many may have paid in withholding or estimated tax payments which are held in credit to their accounts."

★ Sheriff's Report ★

WEEK ENDING JUNE 7, 1993

ARRESTS:

6-2...Hector Flores DeLa Garza Jr., age 31, of Ozona was arrested on warrants charging him with Family Violence Assault, Criminal Trespass, Terroristic Threats and Stalking. DeLa Garza was released on 6-6-93 after posting bond.

6-2...Jessie Flores DeLa Garza, age 27, of Ozona was arrested on a charge of Disorderly Conduct. He was later released after charges were dismissed.

6-2...Mario Alfonso Flores, age 17, of Ozona was arrested on a warrant charging him with Burglary of a Building. Flores was released on 6-4-93 after posting bond.

6-2...Jesse Carlos Badillo, age 22, of Ozona was arrested on a warrant charging him with Burglary of a Building. He was released on 6-4-93 after posting bond.

6-2...Marcos Ponce Herrera, age 57, of San Antonio was arrested on a charge of Public Intoxication. He was released on 6-3-93 after paying his fine.

6-2...Juan Armando Franco Hernandez, age 50, of Ozona was arrested on charges of Driving While Intoxicated and No Driver's License. He was released on 6-3-93 after posting bond.

6-5...Felipe Flores Castro Sr., age 66, of Ozona was arrested and charged with Theft after being observed loading two fifty-five gallon drums of roadway material from a stock pile on Highway 163 and Highway 137. Castro was released on bond on 6-6-93 after pleading guilty in J.P. Court.

6-6...Ismael Reyes Castro, age 31, of Ozona was arrested and charged with Public Intoxication. He was re-

leased on 6-6-93 after pleading guilty in J.P. Court.

6-6...Elia Sue Ruis, age 41, of Santa Barbara, California, was arrested by DPS on Traffic Warrants out of Gonzales County. She was released after paying her fines.

6-7...Paulita Ramirez, age 40, of San Angelo, was arrested on a warrant charging her with Assault. She was released after posting bond on the charge.

INCIDENTS:

6-2...Jill DeLa Garza reported that her ex-husband had come to her residence and assaulted her. Charges of Assault and Criminal Trespass were filed and the ex-husband later arrested.

6-2...Sheriff's deputies were dispatched to Elma's Roadside Grocery on a report of a burglary in progress. The deputies discovered that the rear door had been kicked open and there were several cases of beer dropped outside of the store. After interviewing witnesses, two adults were arrested and one juvenile detained.

6-2...Jill DeLa Garza reported that her ex-husband had called her on the telephone and made threats against her. Charges of Terroristic Threats were filed and the ex-husband later arrested.

6-5...Ramon A. Wood of Panama City, Florida, reported to sheriff's deputies that his 1988 Chevrolet convertible had been parked at the Best Western Motel and that someone had cut the convertible top and removed a Coleman ice cooler and about 25 cassette tapes from the vehicle.

As of 8 a.m. June 8, Crockett County Jail was housing seven prisoners. Two are awaiting transfer to Texas Department of Corrections, four awaiting action in district court and one being held on a parole violation.

Protocol Of Flag Use Is Outlined

Rules for the correct use of the flag are set forth in Public Law 829 of the 77th Congress, as amended by Public Law 94-344 dated July 7, 1976. Below are answers to some questions frequently asked about the flag's proper use.

Q. Can the flag be flown after dark?

A. It is customary in this country to display the flag only from sunrise to sunset on buildings and on stationary flag staffs in the open. However, when a patriotic effect is desired, the flag may be displayed 24 hours a day, if it is properly illuminated during the hours of darkness.

Q. Should the flag be displayed during bad weather?

A. The flag should not be displayed on days when the weather is inclement except when an all weather flag is displayed. The purpose of this regulation is to insure that a ripped or torn flag is not flown. Flags that are impervious to weather can be flown.

Q. When the flag of the United States is displayed in front of a building with an other flag or flags, where should the flag of the United States be located?

A. When flags of states, cities, or localities, or pennants of societies are displayed from separate staffs, on the same level, the flag of the United States should be placed in the honor position to the right of the other flags as observed while standing directly in front of the building. To an observer facing the building, the flag of the United States should be to the observer's left. When two or more flags are flown on the same staff, the flag of the United States should always be at the peak of the staff.

Q. Where should the flag of the United States be placed when used on a speaker's platform, in a

church, auditorium, or meeting hall?

A. The position of the flag of the United States is determined by the person who displays it on his right. The same general rule applies when the flag is displayed in a chapel, on a speaker's platform in a hall, on a stage, or on the same level as the audience. When the flag is displayed on a staff within the part of an auditorium designated as the speaker's area, it should occupy the position of honor to the right of the speaker as he or she faces the assembly. Any other flag should be placed to the speaker's left. When the U.S. Flag is suspended horizontally or vertically, the blue field with stars is uppermost and to the flag's own right facing the assembly.

Q. Must displaying the flag at half staff be directed or authorized by the President of the United States?

A. Although it is generally believed that the flag should not be flown at half staff except as a sign of national tribute, there is no prohibition to keep local officials or private citizens from flying the flag at half staff on appropriate occasions at their own option. The only time the Code prescribes that the flag should be flown at half staff is on Memorial Day until noon.

Q. If the flag of the States touches the ground, or becomes soiled, must it be destroyed?

A. The United States Code states that the flag should never touch anything beneath it, such as the ground, the floor, water, or merchandise. The intent of the provision was to prevent the flag from becoming soiled or torn. However, if it should become soiled by accidentally touching the ground, it is only necessary to have it cleaned.

Q. What should be done with the flag of the United States when it becomes unserviceable?

A. When the flag is in such condition that it can no longer be displayed, it should not be cast aside nor used in any way that might be viewed as disrespectful. Our regulations state that flags which are worn, torn, soiled or faded will be destroyed by shredding or burning.

Q. How should one stand when pledging allegiance to the flag?

A. Pledging allegiance should be rendered by standing with the right hand over the heart. However, civilians will always show full respect to the flag when the pledge is given by merely standing at attention, men removing the headdress. Persons in uniform shall render the military salute.

Panhandle & West Texas

June 9-Aug. 21—"TEXAS" Historical Musical Drama, Canyon. The history of the Texas Panhandle comes to life for the more than 100,000 expected visitors from around the world, while a breathtaking 600-foot cliff provides the backdrop for a cast of 80, horses, surreys, wagons, and even an authentic train in Palo Duro Canyon near Amarillo.

This open-air masterpiece by Pulitzer Prize winner Paul Green reaches into the past to reveal the struggles, strengths and celebrations of the early settlers, cowboys and Indians. Spectacular sound and lighting effects produce a realistic thunder and lightning storm. Contact Patty Bryant, "TEXAS," P.O. Box 268, Canyon,

79015. 806/655-2181.

June 11-20—Fiesta del Concho and Fort Concho Frontier Days, San Angelo. City-wide festivities along the Concho River will offer a week of good West Texas fun, including a

fiddler's contest, armadillo races, special children's activities and dancing under the stars. In addition, Fort Concho will host Frontier Days featuring a pancake breakfast, sheep dog trials, a quilt show, washer-pitching contests and living history exhibits.

World War II Veterans. . .

It's not a secret anymore.

If you were exposed to mustard gas during field and chamber tests of protective equipment while in military service, you may be eligible for VA benefits for certain health problems related to that exposure. You are no longer bound by pledges of secrecy about your participation in these tests. For more information, call the U.S. Department of Veterans Affairs toll free: 1-800-827-1000. Survivors of exposed veterans may also be eligible and should contact VA for additional information.

South Texas Lumber Co.

1308 Ave. E

392-2634

The 73rd session of the Texas Legislature was a very productive one for my staff and I. I actually authored or sponsored 25 House and Senate bills and co-authored or co-sponsored another 16 House bills with other members.

I am very pleased with the percentage of our bills that passed during this session, over 40% of those filed, passed. There is really no norm, or rule of thumb by which success is measured, but I know that this percentage is well above the average.

There is a lot of variation in the degree of participation of the different members of the House. For instance, in the House during this session, at least 10 members did not file a single piece of legislation. Another 20 members only filed one bill, and those were of a local nature. On the other extreme, one Austin representative filed approximately 70 bills. My experience is that to really work a piece of legislation, which includes my lobbying for its passage with members of the Senate and House, as well as defending it against those who oppose it, requires a tremendous amount of time and effort. John Hofmann, who is my legislative aide, and I have discovered that very few House members actually attend Senate Committee meetings and work their own legislation through the Senate process. Thus, it is understandable that many of the members do well to get 10-20% of their filed legislation actually enacted into law.

I will list a few of my bills which completed the entire process. In some instances, certain pieces of my legislation were successful because I added them on to someone else's legislation as an amendment. An example of this was our House Bill 645, which called for a review of mandates for health insurance and their cost effectiveness and impact on premiums, etc. I was having trouble getting this out of the Insurance Committee, so I simply added it as an amendment to Representative Mike Martin's and Governor Richard's Health Availability Bill. This insures that my concern is met and complied with. Another of these instances was my House Bill 61, which would have included the District Attorney of the 35th District in the Professional Prosecutors Act. I was able to get this rolled into Senate Bill 315, along with several other D.A. districts, and it became law.

If a legislator does not have an egotistical need to have the name on a bill and is willing to include their legislation as an addition to a bill that has a chance of passage, it is amazing what can be accomplished. Some members had rather let the issue die than not get credit for the passage of their bill. I do not feel that way, a good result is very satisfying, no matter who gets the credit.

The following are House bills I authored and Senate bills I sponsored, with a short description of what the bill does:

HB 644- authorizes an increase from 24,000 Lbs. to 30,000 Lbs. for certain farm trailers, which raises them to the weight limit for commercial trailers of the same size and kind.

SB 172- statutorily defines pipeline easements for common-carrier pipeline companies where the grant or condemnation was vague or undefined. The pipeline company has to prove a necessity for more area to go beyond the 50 foot easement this bill sets. This will help those land owners who had undefined easements to clear up the title on their property for loans, etc. This bill was opposed (big time) by some of the large oil companies.

SJR 13- this resolution will provide for a voter referendum in November, to gain approval of placing Texas State Technical College (TSTC) in the regular funding system provided by the "Higher Education Assistance Funding", or HEAF Plan. This would provide that TSTC be included with other state schools in the funding plan for higher education. I, along with Representative David Counts, Representative Bob Hunter and Senator Bill Sims worked long and hard to insure that this resolution was adopted. I did lots of working on several funding plans to insure that TSTC is adequately funded, including working with the Appropriations Conference Committee to prevent a shortfall for TSTC Brownwood. This was accomplished.

HB 1491- relating to the creation of the Llano Uplift Underground Water Conservation District.

HB 1652- which provides for one member of the Texas Animal Health Commission to be an exotic wildlife producer.

HB 2241- relating to health care careers promotion for students in rural and underserved areas in coordination with the Center for Rural Health Initiatives.

HB 2492- relating to elections for the Board of Directors of the Real-Edwards Conservation and Reclamation District.

HB 2493- relating to the enforcement of seed inspection and labeling requirements in the state.

HB 334 pertaining to devices used to protect nursery stock and exempting them from local taxation, as we currently do for other agricultural equipment.

I also co-authored, or co-sponsored the following bills that have an impact on residents in the 73rd district.

HB 195- with Representative Telford, which provides that existing highway district engineer offices will be retained in the current configuration and insures that a district office will continue in Brownwood, along with several other cities in rural Texas.

HB 51- with Representative McCall and others, which was later turned into a Senate bill, which creates a stalking offense in the State of Texas.

HB 63- which has to do with uniform testing of equipment used in the practice of mammography. Texas was one of the few states that has no uniformity required in approval of the procedures, or equipment used for this purpose.

This gives you a good idea of the type and scope of legislation that I have carried and worked on during this legislative session. Actually, I only list those bills that ultimately became law, but needless to say, there were some that did not pass in both Houses. One of my biggest disappointments of the session centered around my House Bill 2494, which would have provided protection for agricultural and aquacultural producers. The bill would have required anyone making false remarks about the health or safety of these products for human consumption to have scientific proof, or be responsible for reimbursement and damages to the producer for monetary loss suffered because of the false allegations made to the media. The alar situation in Washington State a few years ago and the cantaloupe situation in Pecos Texas, are proof of the need for legislation of this type. This bill made it through the House and through Senator Bill Sims' committee in the Senate, but was killed on the Senate floor by environmental and consumer extremists.

The legislative process, from a bill's inception through its drafting and introduction, through the committee and House and Senate floor processes, to the bill's enactment into state law is a very slow and trying process. Needless to say, there is someone who opposes almost every idea and every piece of legislation. The importance of spending time with other House and Senate members to make them understand your legislation and the importance of it takes untold hours and takes great patience.

I would welcome the opportunity to visit your school, or civic organization, and present a program along with a short video that I have prepared on the topic of how a bill becomes a law. I think it would prove very interesting and informational.

DISPLAYING THEIR RIBBONS from the Hershey's track meet are: (l. to r.) Ray Ramos, Peter Rodriguez, Bobby Cervantez, Anthony Ortiz, Randall Borrego and Brian Badillo. Also pictured in back is Rudy Martinez.

Ozona Youths Qualify For Hershey State Meet

Ozona boys placing first or second in the Hershey's Track Meet June 5 in San Angelo advanced to a state meet planned for July 10 in Austin.

Held as part of the San Angelo Recreational Department's summer activities, the meet drew approximately 350 competitors ages 9 to 14.

In the 9-year-old division, Ozona's Ray Ramos Jr. placed second in the 200 yard dash and third in the 400 yard dash.

Randall Borrego was first in the 800 yard dash for 11-year-olds and was also a member of the first place

400 meter relay team along with Bobby Cervantez, Anthony Ortiz and Peter Rodriguez. Cervantez also competed in the softball throw and came in third.

Second place in the softball throw and 200 yard dash for 13-year-olds went to Bryan Badillo.

Trey Hale placed third in the 200 yard dash and competed in the 100.

Jaime Ramos also represented Ozona in the 100 and 220 yard dashes.

Accompanying the athletes to the meet were Rudy Martinez, Ray Ramos, Mrs. Ed Hale and Mr. and Mrs. Eddie Hale.

Governor Signs Predator Bill

Governor Ann Richards signed into law a bill that will assist livestock producers in overcoming their problems with predatory animals.

"Livestock losses caused by an increase in predators are putting some Texans out of business," stated Gov. Richards. "It's time we take action to protect our livestock and their livelihood."

The bill, sponsored by Rep. Steve Holzhauser (R-Victoria) and Sen. Bill Sims (D-San Angelo), allows county commissioner courts, if they so choose, to augment the federal trapping program by increasing the bounty for predatory animals. The legislation changes the current capped amount of five dollars to \$20, unless the Parks and Wildlife Commission approves a higher figure. The bill also prevents the payment of any bounty on animals that appear on any state or federal protected species list.

Rep. Holzhauser explained that the legislation was needed due to the limitations of the federal trapper program. This program allows counties to participate on a limited basis if they pay part of the expense of providing a federal trapper to protect livestock in

the county from predators. However, Holzhauser noted, "The limited availability of federal trappers doesn't allow many counties to address the predatory problem to the extent livestock producers feel is necessary."

The bill provides the opportunity to address this problem that is a great concern to many Texans, especially those involved with raising and producing livestock. While it does not require any county to participate, it offers county commissioner's courts the option if they believe the livestock in their county is at significant risk. In addition, this bill allows the county commissioner courts to determine which animals pose a particular risk to the county, rather than limiting the scope to specific animals as the old law did.

Sen Sims comments, "This is a good bill because it gives counties the authority to do what is necessary if they have a problem with a particular predatory animal. It offers more local control, which is needed."

Consultation with environmental and wildlife specialists helps commissioner's courts produce an accurate assessment of the conditions in each county.

Senate Week In Review

AUSTIN-The Texas Senate met Friday afternoon and adopted the Conference Committee report on SB 13 by Sen. Buster Brown of Lake Jackson which makes the murder of a child under the age of six a capital offense. Also Friday, the Senate adopted the Conference Committee report on SB 274 by Sen. Gonzalo Barrientos of Austin which relates to restroom facilities in places where the public congregates. The bill calls for a two-to-one ratio women's restrooms in large stadiums, amusement parks, and other public facilities constructed after January 1, 1994.

On Saturday, the Senate met and adopted the Conference Committee report on SB 1, by Sen. Judith Zaffirini of Laredo, which deals with administrative license revocation program for DWI offenders. Under the bill, a first-time offender can have their license suspended for 60 days if they refuse to take the test. People previously convicted of DWI or manslaughter will face a 180 day suspension.

The Texas Senate met Sunday afternoon and adopted the Conference Committee report on SB 1477 which relates to the creation, administration, powers, duties, operation, and financing of the Edwards Aquifer Authority and the management of the Aquifer. The bill, which is sponsored by Sen. Ken Armbrister of Victoria, is an attempt to settle a decades-old battle over the use of the Edwards Aquifer. Also Sunday, the Senate adopted the Conference Committee on B 1776, the controversial concealed handgun bill. The bill was changed from its original version which required training programs, drug testing, and voter registration as conditions to be met for a person to apply for a concealed handgun permit to a non-binding referendum to be put before the Texas voters in November to assess public opinion on the issue.

The bill now goes to the Governor who has vowed to veto the bill. Also Sunday, Sen. Buster Brown began a filibuster against the motion to adopt the Conference Committee report on HB 850 by Rep. Rodriguez. The bill would allow students from the Reynaldo G. Garza School of Law, an unaccredited law school, the opportunity to take state bar examination. The Senate recessed due to a lack of a quorum.

On Monday, the last day of session, Sen. John Whitmire of Houston was elected President Pro-Tem for the 73rd Legislature Ad interim. Afterwards, Sen. Buster Brown was recognized again to continue his filibuster from the day before. Later in the day, the filibuster was interrupted to adopt the Conference Committee report on SB 498, the Sunset bill for the Public Utilities Commission (PUC). The Senate agreed to keep the PUC the same for the next two years. The Senate lost its quorum and adjourned at 8:00 PM, effectively killing HB 850.

Whitetail Harvest Drops

AUSTIN--White-tailed deer hunters harvested an estimated 468,893 deer during the 1992-93 season, down just more than 5,000 from the previous year, according to Texas Parks and Wildlife Department figures. Last year's harvest was down 1.1 percent from 1991-92's 474,047, but above 429,532 harvested in 1990-91. The highest harvest on record is 504,953 in 1987-88. South Texas and the Rolling Plains had significant increases in the whitetail harvest while the Cross Timbers, Blackland Prairies and Trans-Pecos area harvests were down, said Glenn Boydston,

wildlife branch data coordinator. South Texas harvested 96,109 deer, up 22.6 percent from the previous year. The largest increase was in the buck harvest, which jumped 32 percent from 40,925 to 54,040. The Rolling Plains harvest was up 17 percent from 12,819 in 1991-92 to 14,999 this year. The doe harvest increased 22.5 percent. The major decrease in harvest came from the Cross Timbers, which was down 22.8 percent from 49,580 to 38,277. The Trans-Pecos dropped 20.3 percent and the Blackland Prairies dropped 15.8 percent with harvests of 2,140 and 1,085, respectively.

DOWNED LINES

...don't come with a warning sign!

Although a power line, especially a downed line may look harmless, it can still be dangerous even if you never touch it directly. **SO REMEMBER - STAY CLEAR OF ELECTRIC POWER LINES** because power lines are not all insulated and don't come with a warning sign!

Call WTU if you see a downed line and wait for a serviceman to arrive . . .

It's the safest plan of action.

Espy Says USDA Programs Can Lead Country In New Direction

WASHINGTON.....Secretary of Agriculture Mike Espy said recently the president's economic plan represents real change which gives rural America a shot in the arm and a chance to share fully in the economic revitalization of the Nation.

Testifying before the senate Appropriations Subcommittee on Agriculture, Rural Development, and Related Agencies on the U.S. Department of Agriculture's FY 1994 budget proposals, Espy said he intends to be a loud and persistent voice for rural America. "Rural revitalization will be one of my top priorities," he said. "USDA programs can help lead in turning the country to a new direction."

As part of the rural development initiative in the economic plan, USDA

is requesting significant increases for loans and grants for community facilities and rural businesses. These programs will provide jobs and services for families in small towns, Espy said. Among them are proposals to provide thousands of families access to clean water and sanitary waste disposal, and to provide 108,000 housing units, a 27 percent increase over last year. Also under the plan, health care facilities would be built and expanded, and fire and rescue services would be enhanced all across rural America.

Another major proposal is the creation of "one-stop shopping" for farmers. Espy said a single Farm Service agency will be created from current USDA agencies serving farmers at the county and regional level. "The proposal would improve service for

farmers while reducing staff needs and administrative overhead at the USDA national, state and local levels," Espy said.

Espy said he will dedicate himself and USDA to being a positive force in improving the economic health of America, particularly rural America who do not have access to the basic services which other areas of the country take for granted," he said. "I will seek to reach out to all USDA constituents and become an honest broker for their responsible concerns."

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, religion, age, sex, disability, marital status, national origin."

Plague Found In West Texas Squirrels South Of Merkel

AUSTIN--Outdoor enthusiasts traveling to parts of Texas need to be aware that bubonic plague has been found in squirrels south of Merkel in Taylor County and in North Dallas, a Texas Parks and Wildlife Department official said. Recently, several fox squirrels, a feral cat and some coyotes taken from the Mulberry Canyon region south of Merkel were positive for this disease. The incidence was first reported in January from a coyote taken by Texas Animal Damage Control trappers.

Dr. Patrick V. Thomas of the Texas Department of Health office in Abilene said in a release that coyotes are "sentinel" animals, not having the disease but having antibodies from the disease, the result of eating or other exposure to infected rodents or rabbits. The squirrels that tested positive in Taylor County were collected March 24. Bill Brownlee, in TPWD's wildlife branch, said TDH, ADC and the Abilene Taylor County Health Department are working to determine the true extent of the disease. More recently, a fox squirrel and a roof rat were found to be infected in North Dallas. Plague is transferred by the bite of fleas coming from infected animals, principally rodents such as squirrels, rabbits, prairie dogs, rats and mice, or through contact with animal carriers. TDH and ADC have been tracking the progress of bubonic plague in Texas from New Mexico since 1977. Three cases in humans have been reported in Texas in the past 12 years, plus a case reported by a New Mexico resident who contracted the disease in this state. Two of the cases resulted in fatalities because prompt medical attention was not sought. Historically, however, there has not been an urban outbreak of plague in Texas and the risk to the general public is small, Health Department officials said. Precautions should be taken by anyone using the outdoors, including

campers, hikers, picnickers, hunters, landowners and pet owners. Residents should take precautions for rodent and flea control by practicing good sanitation around their homes. Avoid accumulations of material, trash and high weeds. Fleas also need to be controlled in yards, homes and on pets. "We're not discouraging anyone from enjoying the outdoors, but we want to make people aware that it can occur," Brownlee said. "Anyone using the outdoors just needs to take precautions, especially in this area." Several ways to avoid plague in rural areas include:

- * Stay away from rodent burrows.
- * Don't pick up or play with live or dead rodents.
- * Hunters and others who must

handle wildlife species should wear gloves.

- * Wear insect repellent.
- * Leave your pets at home. If you must take pets along, protect them with flea powder or a flea collar.
- * If you become ill within a week after exposure to fleas or a visit to rural areas, see a physician immediately. Plague is easily treatable when diagnosed early. Symptoms appear usually within two to six days and include high fever, rapid pulse and flu-like symptoms. If someone is exposed to plague, their doctor should be made aware of possible exposure. For more information, contact Thomas at (915) 695-7170, ext. 230 or 232, or Guy Moore with TDH at (512) 458-7255.

Junction Stockyard Report

Junction Stockyards sold 140 head of cattle Friday, May 28. Calves and yearlings sold steady. Slaughter cows and bulls were steady. Stocker cows and bulls were steady.

- Choice light steer calves: 1.02-1.25#, few up to 1.34#
