ACCEPTING A \$10,000 CHECK FOR THE NEW FAIR PARK CONVENTION CENTER brings a smile to Pon Seahorn's face. Lou Haire makes the presentation on behalf of Ozona Chamber of Commerce. Others present are: convention center committee members John L. Henderson, Don Long, Billy Reagor and Robert Bryson with chamber director Maida Sims, office manager Sharon Farmer and Jack Baggett Jr., president of the chamber.

Trustees Battle Budget Concerns

Trustees approved an official estimated budget of \$7,833,351 for the 1994-95 school year at a meeting Aug. 16. The vote was taken after a review of the budget and some serious words from Supt. Larry Taylor.

"The budget is leaner due to dropping the program for 3-year-olds," Taylor said, "but I will assure you in the future it may have to be leaner and meaner."

Senate Bill 7, designed to equalize funding for public schools, provided a three year "hold harmless" transition period for property rich school districts to get their financial houses in order, Taylor explained. At the end of the three years, no district will be able to raise more than \$4,200 per weighted average daily attendance (WADA). The \$4,200 is based on a calculation of a maximum taxable wealth limit of \$280,000 per WADA multiplied by a maximum maintenance and operating tax rate of 1.50.

Crockett County voters approved reducing the district's wealth to \$280,000 taxable wealth behind each student by purchasing WADA credit from the state for the education of students elsewhere.

Last year the district sent \$1,360,542.00 to Austin for the education of other students. Estimates for the 1994-95 school year indicate that \$1,850,000.00 will be sent from Crockett County to Austin, depending on the final tax rate.

During the transition period, Crockett County schools were allowed three years at a tax base that, at the greater of either a tax rate set in statute or their 1992-93 rate, will generate maintenance and operation revenue per weighted average daily attendance (WADA) equal to that of the 1992-93 school year. The statute set a tax rate of 1.375 for wealthy districts for 1993-94 and 1.50 for 1994-95 and 1995-96.

The school district's tax rate for 1993-94 was \$1.21 per \$100 valuation. The maximum that the district can tax for the coming year, without being forced into a rollback election, according to a report published in The Stockman this week is \$1.24224.

In preparation for funding after the transition period, property wealthy districts have three choices, Taylor said. Cut back on operating expenses, raise taxes or do a combination of both. Trustees voted to postpone setting a tax rate until a called meeting on Aug. 23.

Board members voted to reaffirm their tuition contract offer of \$3,900 per student (WADA) for five transferring into the McCamey school district. McCamey had previously rejected Ozona's offer, which is the amount calculated for Ozona students at this time, asking instead for the \$4,200 which is the amount McCamey calculates for its students. Last year Crockett County paid \$3,500 per student.

Supt. Taylor presented a plan to revise the district's site-based decision making plan. His proposal included a broad-based committee of 35 members to guide the board on the revision. Schools are required by the Legislature to have site-based decision making teams which review all programs and facilities within each campus.

The board approved setting on a path to revise the site-based decision process this school year and in a separate motion, to accept the concept of a 35 person committee. They also ap-

proved a related declaration of beliefs and visions for the district.

An update from the Texas Association of School Board to the school's official board policy manual was approved by trustees on a second reading.

Gas bids for the 1994-95 school year were reviewed with the low bid from Griffin Oil of Eldorado being accepted. Shelton Oil and Gas also bid.

Miller Computer Sales and Servicing was the sole bidder for IBM compatible computers and printers to be purchased during the 1994-95 school year. Approximately seven computers and five printers will initially be purchased according to the bids notice.

Approval was given for the 1994-95 Texas Teacher Appraisal System. Appraisers will be Supt. Taylor, assistant superintendent Ted Cotton and principals John Curry, Tom Humber, Manley Holmes and Faith Ballard.

Each campus will have unannounced appraisals by giving teachers a one-week window notification.

There will be one observation with one appraisal using the Texas Teacher Appraisal System form. The TTAS must be supplemented with a district appraisal form as required by Senate Bill 7. There will be no observations the day prior to and the day after a scheduled holiday or test.

Guidelines for operation of the in-school suspension center were reviewed and approved. Guidelines consist of 14 regulations on a printed sheet. The regulations are to be read and signed by each student assigned to in-school suspension and by the campus principal prior to the beginning of suspension.

The board granted an extended leave of absence for Mrs. Bobbie Renfroe and approved hiring Robin Payne to teach physical education in her place.

Accident Fatal To San Diego Resident

Shanie Kinsman, 21, died Aug. 16, the result of an automobile accident 12 miles west of Ozona. Ms. Kinsman was a passenger in a 1987 Ford Ranger pickup driven by Scot David Melick, 31. Both were from San Diego, CA.

The 6:50 p.m. wreck occurred when Melick apparently fell asleep while driving westbound from Ozona. An accident report filed by investigating DPS Trooper Jr. Bilano indicated the truck rolled six to eight times.

Melick was taken by Medivac helicopter to Shannon Hospital in San Angelo, where he remained in serious but stable condition.

Ms. Kinsman was taken by ambulance as far as Mertzon where she was picked up by Medivac and taken on to Shannon.

Two Harlingen men were treated for minor injuries at Crockett County Hospital after their parked vehicle was struck by a truck on Aug. 18.

John Dwight Evans Sr. and John Dwight Evans Jr. were asleep in a 1966 Ford Mustang when it was hit by a 1995 International tractor trailer.

Ross Michael Howes of Cleburne, driver of the truck, was eastbound on I-10 20 miles west of Ozona when he apparently fell asleep. The accident occurred at 8:28 a.m. and closed the highway to traffic for approximately 45 minutes.

Construction To Start Soon On Convention Center

Fair Park Convention Center will be a reality in time to host the annual DeerFest with a few days to spare according to Pon Seahorn. Construction on the 15,000 square foot building will begin the first week of September. Nov. 15 is the target for completion.

The building should comfortably seat, at tables, 1,200 to 1,300 people up to a maximum of 1,500 in a 12,700 square foot area. A 31'x23' kitchen, rest rooms and two storage areas take the remainder of the space. Additional storage will be available on a 60'x24' deck above the kitchen and restrooms.

Room is planned for a walk-in cooler for the kitchen. This will be acquired at a later date. The kitchen will have a large pantry, work island and two sinks. Central air will cool the

room. The meeting area will use evaporative coolers and gas heating.

A 20'x50' area will accommodate the three main entrances at the northwest corner of the building. Drive-through doors on the north and south ends of the building will be in line with the large door of the 4-H Barn, and double doors are planned for the east side near one of the storage rooms.

The exterior of the metal building will be Sahara tan in color with dark brown trim and a white roof. Abbott Building Co. of Midland is the contractor.

Funding for the project, estimated at \$200,000 to \$220,000, is through donations and possible grants. A recent donation in the amount of \$10,000 was made by Ozona Chamber of Commerce. The chamber pledged a

second donation of \$10,000 to be awarded in 1995.

"We've had a good response from everyone in Ozona," Seahorn said.

Construction will be on property owned by Crockett County Fair Association and currently leased to the county under a 25-year agreement. Crockett County Fair Association was formed March 9, 1926, for promotion and enhancement of agriculture in the county. It is a non-profit organization, working with and donating to county projects such as the museum and library and activities at the fairgrounds.

The need for a large meeting place has long been recognized in the county. Active planning for financing and construction of a convention center began at a meeting of community leaders in July of 1993. From that

meeting remains a building committee made up of Robert Bryson, John L. Henderson, Don Long, Billy Reagor, Frank Tambunga and Seahorn.

Their envision use of the new building not only for DeerFest, which has served as many as 1,000, but for the annual arts and crafts fair, community socials, 4-H Club, civic organizations, family reunions and private use.

"We are hoping that this facility will also serve as a drawing card for Ozona and Crockett County," Seahorn said.

There has been interest shown in having a state rabbit show here and a possibility that regional meetings of other organizations could be held in Ozona.

The Gridiron Burns In Robert Lee

Neal Ulmer, Stockman Sportswriter

Hot weather in the form of 104-degree temperatures and "ready to go" Robert Lee Steers met the Ozona Lions' varsity and junior varsity teams at 6 p.m. Thursday, Aug. 18, in Robert Lee. The Lions were able to meet the heat and the Steers with a good general effort in the scrimmage.

According to Head Coach Don Payne, "The effort was great! The whole scrimmage—we were on track."

Payne explained that it looked like a typical scrimmage, because the defense was ahead of the offense, as is normal for this time of year. On offense, the players have to learn not only to work as a unit, but to memorize many different plays.

Looking at the defense, Payne said, "I was real pleased with the defense. They hustled well, and there were a lot of kids that went to the football." The general effort was good, he added, praising the linebackers and defensive ends for their play. Payne added, "We saw some bright spots overall."

The second team defense looked good in spots, with Casey Upham getting an interception and the team recovering two fumbles they caused. Although the Lions stopped the Steers for no gain on several plays, they unfortunately allowed a 38-yard touchdown run.

Ozona used a first and second team offense during the scrimmage. The second team offense took the field initially, headed by quarterback Chris Sanchez. Running backs J.J. Lozano

and Julio Martinez, along with Sanchez, made several big plays with the assistance of solid offensive blocking.

It takes time to mold a good offensive unit, and the Lions' first team offense is no different. Headed by junior quarterback David Browne, the offense is aided by senior running back Anthony Sanchez with wide receivers Chris Sanchez, Jesse Garza, and Tony Valencia. Tight ends Adam Carroll and Travis Davidson add to the offensive pass threat.

The backs rely on big, aggressive linemen that include Doug Meador, Luis Longoria, Lance Jamerson, Elliott Barrera, and Clay Westmoreland.

The offensive unit had a very tough time with their first set of plays. Anthony Sanchez had a few good running plays and David Browne connected on several pass plays to Jesse Garza and Chris Sanchez. The Lions scored on an interesting two-pass 70 yard play. Browne passed to Chris Sanchez who ran to the other side of the field who then passed to Jesse Garza down field for the score.

Coach Payne said, "Our timing was a little off. We need to get our timing down on pass routes. On the second 10 plays we looked like a different group. Offensively, our goal is to get a little better each time."

"David Browne looked better the second time around and so did our linemen. We need to do better on the offensive line," he added.

The junior varsity team looked very good. Quarterback Pete

Castanada, running backs Shayne Fuentes and Gary Dominguez turned in good efforts. Fuentes scored on a two-yard run. Robert Lee also got across the goal line on a 25-yard pass play.

Made up mostly of freshmen, Coach Payne was pleased with the junior varsity team. He said, "They played hard and made leaps and bounds from the first day."

The Ozona Lions Booster Club will sponsor a "Meet the Lions" hamburger and cookie supper on Thursday, Aug. 25, in Lion Stadium at 6

p.m. Hamburgers will be sold for \$2.00 for adults and \$1.00 for students. Any parents willing to help out may call Janie Chandler or Elizabeth Upham.

The scrimmage with the Crane Golden Cranes will begin at 6 p.m. starting with the junior varsity. All football players from seventh grade through varsity will be introduced between the junior varsity and varsity scrimmages. The 1994-95 Ozona High cheerleaders will also be presented at that time.

Meet Your Representative, Senator Friday

Citizens will have the opportunity to talk with U. S. Rep. Henry Bonilla and U. S. Sen. Kay Bailey Hutchison Aug. 26.

Bonilla will be at the courthouse at 2 p.m. for a meeting with the public.

Sen. Hutchison will be at the Crockett Room from 4 to 5 p.m. She will be accompanied by Mrs. Phil Gramm.

Everyone is invited to take the opportunity to meet with Rep. Bonilla

Meet the Lions
Thursday
6 p.m.
Lion Stadium

CONSTRUCTION ON FAIR GROUNDS CONVENTION CENTER should begin around the first week in September. The artist's drawing of the metal building shows the covering for the three main entrances on the building's front. A mid-November completion is forecast.

Miss Ramos, Mr. Ybarra Marry In Ozona Ceremony

Maria Ramos and Michael Ybarra were united in marriage on Saturday, July 9, 1994, at Our Lady of Perpetual Help Church in Ozona. The ceremony was conducted by Rev. Bill Du Buisson.

The bride is the daughter of Alberto and Estela Ramos of Ozona. The parents of the bridegroom are Pete and Elma Ybarra, also from Ozona.

The wedding march was played by Sarah Hignight at the organ, and the Sunday choir played "Wherever You Go" and "Amour".

Vows were spoken at the altar. Placed at each side of the altar were candleabras which were lighted by the altar servers. The benches were decorated with white baskets filled with dusty rose flowers. At the entrance of the church were six spring blossom accents. Gifts were taken to the altar by Tracy Ybarra and Albert Ramos.

The unity candle, which was placed at the side of the altar, was decorated with white flowers. Mothers of the couple were the first to light the family candles followed by the bride and bridegroom at the unity candle.

The bride was driven from her home to the church in a white limousine. Her father, Alberto Reyes Ramos, escorted her down the aisle and gave her in marriage.

She was dressed in a white satin floor-length gown with a chapel train. The sweetheart gown had a sparkling organza skirt with an organza shoulder puff, a Sabrina neckline multi-ruffled front and back with bouffant skirt. Elaborate sparkling lace and pearls edged the neckline. The bodice was covered in sparkling lace cutouts embellished with pearls. The back of the gown was defined with a white satin bow. She wore a sparkling organza veil attached to a round headpiece with sparkling roses and pearls.

The bride used pearl earrings for something new. Something old was a handkerchief. For something borrowed she wore a pearl necklace. The something blue was a traditional blue gar-

and Adam Alba Jr. of Lubbock. Padrinos were: Willie Fierro, Manuel Camarillo and Charlie Ramos of Ozona, Edward Ybarra of Arlington, John Castro of La Grange, Jose de Jesus Sustaita of Zaragoza, Coah., Mexico.

They wore black full-dress tuxedos accented with dusty rose-colored bow ties and cummerbunds.

Ushers were Albert Ramos and Codie Porras. Lalo Garza Jr. was the ring bearer. Lalo also wore a black full-dress tuxedo accented with a dusty rose-colored bow tie and cummerbund.

For her daughter's wedding, Mrs. Ramos selected a pastel pink skirt and top. The top was decorated with white lace cutouts and pearls and rhinestone buttons. Mrs. Ybarra chose a teal-colored tea-length dress with teal lace cutouts. They both wore a corsage with dusty rose carnations.

Following the wedding, a reception was held at the parish hall. The tables were covered with white cloths with a centerpiece of love birds centered on top of a replica of a decorated coconut cake. Lovebirds, balloons and wedding bells decorated the hall.

The reception meal consisted of brisket, potato salad, rice, beans, bread and tea.

For entertainment, the mariachis "Los Bohemios" played during the reception.

The bride and bridegroom, along with the wedding party, went riding in the limousine.

The bride's three-tiered cake also had three fountains. On each side of the cake were four separate rounded cakes going down on stairways. In front of the three-tiered cake were three rounded cakes, also with stairways with figures of bridesmaids and groomsmen.

Atop the wedding cake were figures of a bride and bridegroom in a gazebo. Ornaments on the bottom layer were lovebirds perched on wedding bells. The cakes were covered in white frosting and decorated with confectionary dusty rose-colored roses, white pearls and greenery.

The bridegroom's sheath cake and four rounded cakes of red velvet were covered with white frosting topped with green coconut as grass with tees, golf balls and a golf bag with clubs on the side.

The traditional wedding march was directed by Eddie and Sylvia Noriega from San Angelo. The music for the dance was played by "Justica" from San Angelo.

Following a wedding trip to San Antonio, the couple are at home in Ozona where he is employed by Williamson Contract Pumping.

The bride is a 1992 graduate of Ozona High School. The bridegroom is a 1991 graduate, also from Ozona High School.

What To Buy For Business

CCPL has just acquired a great collection of materials especially for business or for personal home office use. Are you confused by the "Office Equipment Jungle?" Are you suffering "Buying Office Equipment Anxiety?" Then you need to check out What To Buy For Business.

It is the leading consumer guide to office equipment. It refuses to accept advertising, so you can count on it for unbiased advice. Published 10 times a year, it is an indispensable resource for buyers seeking value, reliability, and good service. There are What To Buy reports on all the major types of office equipment - copiers, fax, computers, phone systems, mailing equipment, and more. There are also reports on related subjects, such as long-distance phone service.

More end-users choose What To Buy For Business than any other no-advertising office equipment guide.

They value its thorough and intelligent approach to a market full of flattery and hype. With these reports, you can say good-bye to "buying office equipment anxiety." You'll no longer have that nagging feeling of "Did I make the right decision?" or "Was there something better and less expensive?" Every purchase will be based on full knowledge of all the facts. What To Buy reports include detailed charts, usually in grid-style format, summarizing the specifications and pricing of available machines. The charts also include our "verdicts" - short comments on the pros and cons of each machine. All reports include clear recommendations on the best buys - when appropriate accompanied by negative comments on the bad ones. Also included are vendor profiles that examine the companies behind the products and comparisons of policies on service and support.

What To Buy For Business was started in 1986. Behind every report is many years of cumulative research and analysis. There is no single formula behind our reports. We examine equipment hands-on, we conduct user

polls, and we also receive constant informal feedback from users about equipment and suppliers. We talk off-the-record to dealers and manufacturers, we visit trade shows and manufacturing facilities world-wide, and we are able to inspect many new machines before they are offered to the public. Unlike other publications, we refuse to sell partial reprints to equipment manufacturers who want to use our findings in their promotional activities. Nothing compromises our independence.

What To Buy For Business is published 10 times a year. Most issues are devoted mainly to one topic. Starting in 1994, we are introducing a new update service. Readers will be able to call a number and request update information to be faxed to them automatically. Regular updates will be available in conjunction with most of our reports. There is no charge for this service.

Come check out What To Buy For Business before you make your next equipment purchase. An informed decision is always easier and cheaper than trial-by-error! Visit your public library today!

Residents Celebrate Apartments' Third Year

Ozona Seniors Apartments residents and guests were delighted with the celebration of the third anniversary of the complex. Entertainment was provided by Janet and Jim Wilson followed by a salad supper.

Mrs. Lola Rios and Mrs. Christine Cochran, first residents to move into the complex in 1991, were honored with a gift presented by manager Virginia Bishop.

Guests and residents attending were Myrtle Welch, Berta Harvison, Modena Hudson, Etoile Bennett, Ruby Reeves, Ceila Galan, Della Daniels, Lee Oakes, Lucille Lindsey, Al and Gloria Sanchez, Janet McDaniel, Jackie and Michelle Necessary, Audrey Smith, Toni Cedillo, Rachel Zamarrilla, Hilda Powers, Hilda Galindo and Rhonda Parker.

It's A Girl

Emalee Kaye Hamilton arrived Tuesday, Aug. 16, 1994, at 7 a.m. in Shannon Hospital in San Angelo. She weighed seven pounds, 11 ounces and was 20 inches long at birth.

Proud parents are Pat and Debbie Hamilton.

Belated wishes for a happy birthday go to Terry Vargas who celebrated on Aug. 22.

Delgado Service Aug. 19

Braulio Delgado Sr. died Aug. 16 and was buried in Sacred Heart Cemetery at Rowlett on Aug. 19, 1994. Rosary was said at 7 p.m. Thursday at Sparkman/Crane Chapel in Dallas. The Mass of Christian Burial was at 10 a.m. Friday at Sacred Heart Cemetery Mausoleum Chapel with Rev. Leon Duesman as celebrant.

Mr. Delgado was born in Ozona Aug. 9, 1928. A retired stress engineer and 1957 graduate of Southern Methodist University, he served in the U. S. Army in Japan after World War II.

Survivors include his wife of 44 years, Armandina; sons, Braulio Delgado Jr., and his wife Charlotte of Garland; George Delgado and wife Linda of Temple; daughters Sandra Flores and her husband Marcelino;

Maria Peña; Martha Gonzales and her husband Raphael, all of Garland; grandchildren: Braulio III and Raymond Delgado, Cesar and Oscar Flores, Joe Michael and Davina Peña, Kristina, Jesse and Johnny Delgado; his father, Juan Delgado Sr.; brothers: Alfredo Sr. of Lubbock, Herculano of Ozona and Juan Jr. of Garland; sisters Mercedes Vargas of Snyder, Edelmirra Britten and Margarita Castro of Garland and Herminia Trevino of Ensanabnas, Mexico.

Pallbearers were: Braulio Delgado III, Joe Peña Jr., Braulio Delgado Jr., George Delgado, Juan Delgado Jr. and Herculano Delgado. Honorary pallbearers were Cesar Flores and Jesse Delgado.

New Nurse At Care Center

By Nancy Harris

Although Connie Nelson's face is not new around the care center, her title of L.V.N. is. Connie graduated May 12, 1994, and took her state board June 28. She received her license July 9, 1994.

Connie is a 39-year-old wife and the mother of two teenage boys. She continued to work at the care center in her C.V.A. capacity during the two years of her studies while driving to San Angelo five days a week and pulling 16 hour shifts on Fridays and Saturdays.

Congratulations, Connie from your co-workers. We knew you could do it.

Connie is proving herself an asset to the nursing staff at the care center.

LUYITA FIERRO receives congratulations from his coach, James Cox, for being the recipient of a Senate proclamation commending his abilities in the Special Olympics Summer Games. Luyita won the 50-meter dash and the softball throw at the state meet in Austin. The proclamation, signed by Sen. Bill Sims and Rep. Bob Turner, was prepared for Luyita "as an expression of regard from the Texas Senate". Photo by Jon Moran

First Place Members Lose Pounds

Here is some exciting news about a "weighty" subject. First Baptist Church of Ozona invites the public to attend the next First Place orientation to be held Wednesday, Sept. 7, at 5:30 p.m. in the Young Adult Sunday School Department, which is upstairs in the main building.

First Place is a Christ-centered health program with an emphasis on weight control. The program consists of weekly Bible studies, daily Bible reading and scripture memory, and commitments to prayer, exercise and proper nutrition. The food plan is recommended by the American Diabetic Association and the American Heart Association. Attendance at the two orientation meetings is necessary in order to become a member.

Classes can be coed. Persons of any denomination, race or age are welcome. The cost for the 13-week program is \$62.00 which includes a

workbook, a cookbook and a prayer journal. The fee for continuing members is \$16.

The present class members will mark their success by having a victory celebration on Wednesday, Aug. 31, at the regular time and place. If you are interested in becoming a part of the 13-week session of support and instruction, you might like to also attend this celebration. Get acquainted with the enthusiastic members and hear some success stories.

Members always strive to see "less" of each other. The weigh-ins are private and the encouragement is great. The exercise is to be done on your own, not with the group, as time does not allow it. But you can "exercise" your will and join up, whether you want to lose a little weight - or a lot.

Call Opal Mobbs, Jeannie Fuller or Audrey Glynn for further information.

Balloonfest To Benefit Boy's Ranch And Rehab

SAN ANGELO - Balloons will fill the air Labor Day weekend in San Angelo with the Coors Light Balloonfest benefiting West Texas Boys Ranch and West Texas Rehab Center.

Scheduled for September 2-4, to be held at Mathis Field Airport, the Balloonfest promises a weekend of activities while showcasing some of

the nation's best balloonists.

While 1994 will mark the 8th year for the balloon races in San Angelo, this will be the first year the races will include Boys Ranch and Rehab Center.

Beginning Friday, September 2, Balloonfest will "lift off" with a mass ascension from Mathis Field at 5:30 p.m.

Saturday's events will begin with the Hare and the Hound race at 7:30 a.m. at the airport.

Highlighting Saturday evenings activities will be the popular "KLST

Moon Glow". at 8 p.m.

Balloonfest will conclude Sunday, September 4, with a scheduled CNT beginning at 7:30 a.m. with lift off again from Mathis Field

Card of Thanks

To my Secret Sister in Beta Sigma Phi Sorority, thank you so much for the anniversary gifts. They were a really nice surprise. Also thanks for the past gifts, too. I really appreciate them!

The Sunshine Girl
Alpha Alpha Mu

Card of Thanks

Thank you to our friends for their many prayers and well wishes for James' recovery. He is still under going tests to find the cause of his recent illness. Also I would like to thank my co-workers Connie Nelson and Deena Ramos for their offer to work in my place so I could be with my son. God Bless you all for your continued support. Nancy Harris, James Gideon and Sue Spoons

Card of Thanks

Helping Hands wishes to thank all of our supporters in the area who have helped make possible the quality of our programs. On a state level, we are rated among the best.

Also, everyone is urged to attend the annual Spaghetti Supper to be served at the Civic Center on Sept. 2 before the ballgame. The Civic Center is located at First St. and Ave. H north of the football field. Serving will begin at 5:30 p.m., price \$3.00 all you can eat. Serving until food is gone.

Donation cans are being placed in many business places to aid in raising money to build a Helping Hands and Senior Citizen Center. Your donations will be sincerely appreciated.

It's A Girl

Earl and Missy Gentry are the parents of a daughter, Bridget Annette, born Aug. 18, 1994, in Shannon Women's and Children's Hospital in San Angelo. The baby weighed six pounds, one-half ounce when she arrived at 6:14 p.m.

Helping sister Bo'Amber and brother Skeeter make her welcome are grandparents Roger and Kay Pendley of Ozona, Eddy and Nancy Brooks of Brownwood and Alfred and Shirley Gentry of Junction.

Band Boosters Need Cotton Candy Machine

The Band Parents Booster Club will sponsor the concession stand for the football games. The Booster Club is looking for a cotton candy machine to use. If you have any information on a machine, please call Kelly Glaze or Skip Carroll at 392-5502 or Sara Hight at 392-2471.

Hear my cry, O God: attend unto my prayer.
From the end of the earth will I cry unto Thee, when my heart is overwhelmed: lead me to the rock that is higher than I.

Card of Thanks

We would like to express our sincere gratitude to our special friends and family who helped with our anniversary party. And thank everyone who brought us such nice gifts.

Thank you again,

Augustine and Yolanda Martinez

Card of Thanks

To the EMTs and hospital staff and the rest of the emergency people that helped in getting my daughter Annette Graves to the hospital when she had her wreck I'm truly grateful and want to thank each and everyone of you.

She is still in Shannon Hospital on the rehab floor but is progressing everyday.

Testing, Testing

By Dennis J. Prutow

"Do not believe every spirit, but test the spirits to see whether they are from God; because many false prophets have gone out into the world" (1 John 4:1). The spirits to be tested are the spirits of men and women. We are to determine whether or not they truly represent God by testing their spirits. But how do we do that?

We must have a standard by which to test the words of these men and

women. In order for there to be a high degree of accuracy, this standard must not be based on feelings. Internal sensations can throw us off track. If we have an objective set of guidelines, we are on a higher road.

This set of guidelines is found in the Bible. For example, the Bible tells us, "If I give all my possessions to feed the poor, and if I deliver my body to be burned, but do not have love, it profits

me nothing" (1 Corinthians 13:3). I can give money to help the poor in order to be applauded by others. I can give up my life in rescuing someone from a fire in order to be applauded for my bravery. My actions are good. My motives are bad. I do not act out of a love for God or my neighbor. I want to be loved. I do not pass the biblical test. "By this we know the spirit of truth and the spirit of error" (1 John 4:6).

JUSTIN MORAN (L) AND JOLYNN VANNOY (R) are shown at the Texas 4-H Center as Moran begins his year on the 30-member Texas 4-H Council and Vannoy's year of service comes to an end. Texas 4-H Council members represent 12 Extension districts in Texas and the 452,000 4-H members across the state's 254 counties. Photo by Neal Ulmer

Crockett County 4-H members. He learned a state council member is expected to pitch in and help where necessary, as he assisted with the videotaped interviews conducted by 4-H members. Vannoy was also put to work as a past council member, helping with public speaking workshops.

"We appreciate the commitment these 4-H members and their parents have made to 'Making the Best Better,'" said County Extension Agents Tedra Ulmer and Billy Reagor. "We're proud to have them representing us on the state level," the agents added. Moran will be recognized, along with other Texas 4-H Council, FFA and FHA members, at the State Fair Honor Banquet in October.

4-H members of all ages who participate in activities such as county, district and state council learn leadership, public speaking, self-confidence and interpersonal skills. Any 4-H member may run for an office or participate by serving on committees at the county, district and state level.

Vannoy, who is this year's District VI secretary, and Moran are joined on the District 4-H Council by Casey Upham, son of Randy and Elizabeth Upham, who serves as parliamentarian. Upham plans to run for a state council position next year.

Moran said, "I know the things we start this year on the district level, like our junior high council and the resource development team, will be important for a long time to come."

For more information on leadership activities, contact the Crockett County Extension Office at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

4-H Parents Hold Fall Planning Meeting

All parents of 4-H members are encouraged to attend the fall planning meeting at 7 p.m. on Monday, Aug. 29, at the civic center. "We hope all

parents and adult leaders will come to the meeting to give their input into the planning process for fall activities, the annual 4-H Awards Banquet, and project areas," said Tedra Ulmer and Billy Reagor, County Extension Agents.

For new 4-H parents, the planning meeting is a chance to find out what their child will be doing and to learn more about opportunities in 4-H.

Following the regular meeting, participants will split into project interest areas of livestock, rifle and foods/nutrition to plan these projects and set dates for activities.

"This is where the decisions are made regarding how we do the projects and what activities we do, so

it's important that we get as much feedback as possible from our 4-H families," said Ulmer.

Parents will also be able to re-enroll their children at this meeting. Every child should complete an enrollment form by the beginning of the new 4-H year, on Sept. 1. "Even if you were in 4-H in the past, you need to fill out a new form and check the projects your child might be interested in, as these are the lists we use to mail out information about projects which are beginning," said Ulmer.

Adult leaders who do not have children in 4-H are also urged to attend and participate in the meeting.

For more information, contact the Crockett County Extension Office at 392-2721. Educational programs and activities such as 4-H which are sponsored by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this meeting are encouraged to contact the Crockett County Extension Office at 392-2721 to determine how reasonable accommodations can be made.

State Council "Torch" Passed By 4-H'er

The "torch" has been passed from one senior 4-H member to another, as Crockett County continues to be represented on the Texas 4-H Council for the 1994-95 4-H year.

Jolynn Vannoy, daughter of Dr. Gary and Nancy Vannoy and a senior at Ozona High School this past year, spent the past year representing Crockett County and the Far West District VI 4-H Council on the state level. As a member of the 30-member group, she worked to plan, organize and conduct 4-H activities such as State Roundup, State 4-H Congress, SPECIAL special interest camp and State Ambassadors Workshop.

Vannoy said the experience of serving on State Council as a representative for the state's 452,000 members was the "ultimate role."

"After having served on State Council, my whole understanding of not only 4-H, but of life in general, was totally enhanced. I can't explain the feeling we all felt as we rose out of the 'pit' for the closing assembly at State Roundup with the music blaring and 2,000 people standing and cheering for us," Vannoy added she and the other council members from the 12 state districts knew they had accomplished their goals of pleasing the Texas 4-H'ers in attendance and had made a good impression to return to at Congress.

She continued, "It is not possible to express what I have gained through being a part of this group, and I can only thank God for giving me the opportunity to be a part of something special."

Following in Vannoy's footsteps is Justin Moran, also a senior this year at Ozona High School. Justin, an 8-year 4-H member and the son of Joe and Tina Moran, was elected Delegate-At-Large for District VI at this summer's District 4-H Council Conference in Snyder. Justin said, "That made me realize how many doors are open to me. I plan to learn as much as I can and represent my county and my district to the best of my ability."

Moran had the opportunity to start his council work immediately following the State Council Workshop in Trinidad, as he attended the Texas 4-H Ambassadors' Workshop two weeks ago with Vannoy and other

Attending graduation exercises for Cody Sutton at Texas A&M University Aug. 12 were Crystelle Childress, Bob and Jodie Childress, Ira and Heatherly Childress, Jetty Sutton, and Casey Cootes and Hunter, and Jeffrey, Carmen and Steffy Sutton.

Plan Now To Show Rabbits

If you are interested in showing 4-H rabbits this fall, now is the time to start planning. Many people might have read the article in the San Angelo Standard Times Sunday depicting rabbits as the perfect pet for young people. 4-H is a great way to learn about these animals. Anyone interested may call the 4-H Extension Office at 392-2721 or Sara Hignight at 392-2471 for more information.

FCE Club To Feature Art Of Broomsticking

The hottest look for summer and fall is the broomstick skirt, and Crockett County Family Community Education Club members will have the opportunity to learn how to make and care for them at the August meeting.

The program will be held at 10 a.m. and 7 p.m. on Thursday, Aug. 25, at the civic center. County Extension Agent Tedra Ulmer will demonstrate how to make your own broomstick skirt and how to care for the ones you have.

"By making your own skirts, you can save money and create a work of art that will express your own unique personality," the agent said. Partici-

pants who wish to practice "broomsticking" should bring a full skirt, preferably tiered, made of light-weight cotton. They should also bring a broomstick or large dowel rod, longer than the skirt if possible, and a ball of string.

"We will demonstrate the actual process using starch and water--you will be practicing the pleating or "broonsticking" without starch, for practice," said Ulmer. Anyone is invited to attend, and they do not have to bring a skirt and supplies to view the program.

There is no cost to attend, and you may attend whichever meeting is most convenient. Programs for September-

May will also be planned at this meeting. For more information, contact the Crockett County Extension Office at 392-2721.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability. Individuals with disabilities who require an auxiliary aid, service or accommodation in order to attend the meeting are encouraged to contact Tedra Ulmer at the County Extension Office to determine how reasonable accommodation can be made.

Hunting, Fishing Regulations Changes Reminder

The Texas Parks and Wildlife Commission this spring approved several hunting and fishing changes that are scheduled to take effect Sept. 1. With fall seasons just around the corner, a reminder may keep some unfortunate hunter or fisherman out of trouble during the coming year.

The Commission adopted a spring Rio Grande turkey season that will begin the first Saturday in April in the newly created south zone and run 37 consecutive days. The south zone is generally the South Texas brush coun-

try counties south of Brackettville and San Antonio and west of Goliad and Port Lavaca. The north zone turkey season will begin the second Saturday in April and run 37 consecutive days.

Another new item calls for the archery season bag limit to be either sex for all counties with an archery season.

"Texas Agricultural Extension Service"

Homemade Baby Food--Do's And Don'ts

Semi-solid food is usually recommended for the infant from 4 to 6 months of age. Commercial baby food can be used or baby food can be made at home.

Many families want to make their own baby food to save money, to make use of foods in season or to avoid some of the additives in baby food.

Homemade baby food should be smooth without lumps. At about 9 months foods with more texture can be introduced.

Select whole grain or enriched cereals. Rice cereal is a good choice because it is unlikely to cause allergies. In the following month, add barley and wheat cereal. Dilute cooked cereal with breast milk or formula. Coarse cereals will need to be strained or blenderized so they are not lumpy.

Select fresh, frozen or canned fruit. If using frozen or canned, select unsweetened. Vegetables such as carrots, squash, spinach, string beans, peas, asparagus, tomatoes, white or sweet potatoes and beets can be used fresh, frozen or canned. Broccoli, cauliflower, cabbage and turnips should be cooked without a lid to let some of the strong flavor escape.

There is a controversy about beets, carrots, spinach and other greens for homemade baby food. Usually the amount is not excessive for infants over 6 months of age.

The egg yolk, an excellent source of iron and protein for the baby, is well tolerated by seven months. Egg white is usually not given to babies until they are a year old.

Cook meat, poultry and fish without adding fat or salt. Remove any gristle or bone. The blender is the easiest way to puree for feeding infants up to about 9 months. At about 10 months, coarsely ground or finely chopped meat, fish and poultry can be fed to the baby.

Make sure that the blender, grinder or whatever equipment used to puree is clean and that hands have been washed. Meats and eggs pureed for

the baby should be kept only one day in the refrigerator because they spoil easily. Pureed fruits and vegetables can be stored in the refrigerator for two to three days. To store homemade baby food up to three months, put the mixture into ice cube trays, cover with a moisture-vapor proof wrap, and freeze. Transfer to freezer bags or air tight containers. One ice cube is about the right size for one serving.

If you are planning to make your own baby food at home, here are some things that you should not do:

- Do not season baby foods even if they seem tasteless to you. Baby food should not have added sugar, salt, fat, fat-back or seasonings.

- Do not use mixtures such as pizza, casseroles, cobblers or meat pies which are prepared for family consumption because of the salt, sugar and fat content.

- Do not use fried or greasy foods.
- Do not use pickled or brined foods such as pickles or sauerkraut.

- Do not use processed foods such as hot dogs, sausage, luncheon meat or cured pork because of sodium content as well as nitrates and nitrites.

- Do not give infants high-calorie, low-density foods such as candy, chips, cakes and cookies.

- Do not use honey in food for infants under one year of age. Some honey contains organisms which can cause illness or death in infants.

- Do not give a baby food that contains nuts, popcorn or raisins. Even up to 1 to 2 years of age, small foods such as these can cause choking.

Remember to gradually introduce the baby to a variety of foods from each of the food groups. Start only one new food at a time, one teaspoon at a time.

For more information, contact the Crockett County Extension Office at 392-2721. We have tons of free information on nutrition, diet and health for the whole family!

Locals Named As Round-Up Chairmen

David and Helen Bean, Louis and Tammy Bunger, Gene and Betty Perry and Frank and Mary Jo Skinner are serving as Crockett County chairmen for the 35th annual Cattlemen's Round-Up for Rehab, a program through which ranchers donate cattle, horses, sheep and goats to be sold at special auctions during September and October.

Proceeds from these sales help West Texas Rehabilitation Center provide out-patient services to more than 13,500 disabled children and adults each year, regardless of their financial situation.

The first sale on the 1994 Round-Up calendar is a cattle sale Sept. 22 at Producers Livestock Auction in San Angelo. On Oct. 13, Jordan Auction in San Saba will host a livestock sale and on Oct. 24, the annual sheep and goat sale will be held at Junction Stockyards. The horse sale will be Oct. 8 at Abilene Auction. Additionally, there will be specialty sales (all animals) in the next two months at auction houses in Ranger, Coleman, Stephenville, Eastland and Colorado.

"I hope every rancher who is able to do so, will donate one or more head to this program," said Concho Valley general chairman Carter Behrens, "because every day Rehab treats more than 600 people-- folks who are our family members, friends and neighbors."

"Cattlemen's Round-Up for Rehab belongs to every rancher...it's our program; our way of ensuring that all who need," continued Behrens. Rehab's quality care will be able to get it."

"I'm especially grateful to all local chairmen for volunteering their time to contact area ranchers, answer questions about the program and arrange for livestock pick up. These volunteers deserve community support and I'm confident they'll receive it," he concluded.

Now in its 41st year of operation, West Texas Rehabilitation Center has a staff of approximately 200 trained professionals providing physical therapy, occupational therapy, speech pathology, audiology, orthotics, in-

dustrial rehabilitation, and numerous support services in its facilities in San Angelo and Abilene.

For information about any WTRC service--or to arrange for a personal or group tour-- call (915) 949-9535 in San Angelo or (915) 691-7290 in Abilene.

Sutton County Days And Rodeo Aug. 26-27

Friday and Saturday, Aug. 26-27, Sonora will hold its annual Sutton County Days Festival in downtown Sonora on the Sutton County Courthouse lawn and the Outlaw Pro Rodeo at the Sutton County Fairgrounds.

The Outlaw Pro Rodeo will be Friday and Saturday nights at 8 p.m. boasting some of the major talent from the professional circuit. There will be an outdoor dance at the fairgrounds each night; Friday's entertainment will be Southern Image from 9 p.m. to 12 a.m., and Saturday's entertainment will be Prairie Fire from 9 p.m. to 1 a.m.

There will be a parade on Friday at 4:30 which ends in the downtown area. A barbecue supper on the courthouse lawn will immediately follow the parade.

Saturday activities will run from 9 a.m. to 5 p.m. with arts and crafts booths and food booths open all day. Other activities will include a fine art exhibit at the Cauthorn Memorial Building, a Little Mr. and Miss Sutton County Contest, a puppet show by the Sonora Women's Club, a fiddler's contest, horseshoe and washer pitching, Miss Sutton County contestant introduction with the winner to be crowned at the rodeo that night, and organized activities for children in the afternoon.

This year's event is being co-sponsored by the Sonora Chamber of Commerce and the Sonora Main Street Project. For further information about any of the activities, contact the Sonora Chamber of Commerce at 387-2880 or the Sonora Main Street Program at 387-2558.

Crockett County Sheriff's Report

WEEK ENDING 8-23-94

ARRESTS:

8-16...18-year-old Christopher D. Comett of Ozona was arrested on a warrant charging him with criminal mischief. He was released after posting bond. The case will be tried in JP Court.

8-17...17-year-old Trisha Gray and 33-year-old Melody King, both from Georgetown, were arrested in a vehicle that was reported stolen from Williamson County. They were also charged with theft of gasoline here in Ozona. The two laid out their fines on the theft and were released from custody since Williamson County would not come and get them.

8-17...31-year-old Joaquin Maldonado of Ozona was arrested on traffic warrants out of Irion County. He was released after paying his fine.

8-18...17-year-old Andres De La Garza of Ozona was arrested on a warrant charging him with criminal mischief. He was released after posting bond on the charge. The case will be tried in JP Court.

8-21...38-year-old James Day and 42-year-old Lucinda Bailey, both from Florida, were arrested in a vehicle that was reported stolen from Florida. They were later released when Florida declined to come get them.

8-22...27-year-old Noe Galindo Guerra of Ozona was arrested on a warrant that was issued due to his failure to surrender himself to begin serving a prison term. Galindo will be transferred to TDC to begin serving his sentence.

8-22...34-year-old Jose Maldonado, 58-year-old Gilberto Lombardo, 53-year-old Timoteo Hernandez and 34-year-old George Noah, all of Ozona, were arrested on charges of public intoxication after they created a disturbance at an Ozona convenience store. All four pleaded guilty in JP Court and are laying out their fines in county jail.

8-23...21-year-old Christopher Smith of McCamey was arrested on a warrant charging him with furnishing alcohol to a minor. He was later released on bond. The case will be tried

in JP Court.

8-17...Alyne Semmler reported receiving harassing phone calls at her residence. Sheriff's deputies and GTE investigators are investigating the offense. Criminal charges will be filed.

8-17...Nicole Kelley reported that an Ozona man cursed at her in an Ozona restaurant. Sheriff's deputies are investigating the complaint and criminal charges will be filed.

8-19...Jose Mata reported that an Ozona man threw something against Mata's vehicle while the vehicle was on Mulberry Street. Sheriff's deputies are investigating the offense and criminal charges will be filed.

8-22...Patricia Enriquez reported that someone scratched the paint on her car while the vehicle was parked on Ave. G. Sheriff's deputies are investigating the offense.

Letter To The Editor

To the Citizens of Ozona,

Two weeks ago we were stranded with serious car trouble 15 miles west of Ozona. Were we ever lucky.

Rowdy of Sheffield stopped almost immediately and took one of us for help. Tony from the Chevron station efficiently towed us in and Jay Baker discovered what was wrong immediately. A new generator would arrive by morning so Jay drove us to our motel, the friendly and clean DaysInn Daystop. The bank let us in after hours and 4 helpful clerks at 4 different stores helped us with essential purchases. By 9 am the car was fixed and we were on our way.

Your town is as friendly and efficient as it is clean and attractive. Sincere thanks to everyone who assisted us.

Yours truly,
Annabelle and Robert Tiemann

Come meet your U.S. Senator

Kay Bailey Hutchison

at a campaign reception

Friday, August 26, 1994

in the Crockett Room

4-5 p.m.

Pd. for by Kay Bailey Hutchison for Senate

McCrohan Receives Degree At SWTSU

Sharon McCrohan, daughter of Jim McCrohan and the late Ethel McCrohan, received her bachelor of business degree from Southwest Texas State University Aug. 13 in San Marcos in Strahan Coliseum. Miss McCrohan is employed in San Marcos by Donna Karen of New York and is a 4th Key. She graduated from SWT with a 3.0 average and is a 1988 graduate of Ozona High School. Attending her commencement ceremonies in San Marcos were: Janie, Leigh and Carrie Chandler and Jim McCrohan of Ozona and John Clifton of San Antonio and Jennifer Cass of Kames City.

Legislation Deemed Dangerous To Nation

Editor's Note: The following information, excerpted from a bulletin from Alliance for America, Caroga Lake, NY, was provided by Sid Hoover.

Unless there is a mass outcry immediately, within days the Senate will ratify the Convention on Biological Diversity, one of the most dangerous pieces of international legislation ever enacted. Also known as the "Biodiversity Treaty", it will mandate nations to adopt a new philosophy of government with a vast system of laws and regulations based on the doctrine of "sustainable use".

If the Senate ratifies this treaty, the national sovereignty of the United States will be at stake. This treaty must be stopped. Call or write to your Senators immediately.

The Biodiversity Treaty violates the Constitution in the following ways:

The Senate will not ratify a finished document, but merely a statement of principles. The actual protocols (mandates) of the treaty will be decided at a United Nations "Conference of the Parties", that will take place in November of this year. By ratifying the treaty the Senate will be handing a blank check to the extremist faction of the international environmental movement. The United States, its Congress and the American People will be legally bound to implement any protocols adopted by these non elected agencies.

The new doctrine of "sustainable use" demands that human existence shall have no more judicial rights than any lesser species.

The treaty violates the Constitution's separation of Church and State. Biodiversity is not a scientific theory, it is a religious dogma which espouses a belief in "biocentrism", the view that all species have "equal rights" and that man has no rights higher than those of animals or insects.

Many of the principles of the treaty have already been adopted by Federal Agencies under the guise of "ecosystem management". A Department of the Interior internal working document mandates Federal Agencies to manage human beings "as a biological resource".

To make your voice heard, call your senators and ask that they vote against the ratification of this treaty and ask for a full investigation of the ecosystem management revolution which is already implementing these doctrines within Federal agencies.

Call the U. S. Capitol switchboard at 202-224-3121 and ask for your senator.

Crockett County Consolidated Common School District

1994 **Property Tax Rates in** C.C.C.C.

This notice concerns 1994 property tax rates for C.C.C.C. It presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes and state funds by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$ 6,518,965.00
Last year's debt taxes	\$.00
Last year's total taxes	\$ 6,518,965.00
Last year's tax base	\$ 538,028,530
Last year's total tax rate	\$ 1.21 /\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 6,502,750.00
+ This year's adjusted tax base (after subtracting value of new property)	\$ 528,650,849
= This year's effective tax rate	\$ 1.23005 /\$100

x 1.03 = maximum rate unless the school district publishes notices and holds hearing \$ 1.2670 /\$100

This year's rollback tax rate:

School maintenance and operations component	\$ 7,168,898.00
+ This year's tax base and operating rate	\$ 606,382,029
= This year's local maintenance and operating rate	\$ 1.18224 /\$100
+ \$.06 cents = this year's maximum operating rate	\$ 1.24224 /\$100
+ This year's debt rate	\$.00 /\$100
= This year's rollback rate	\$ 1.24224 /\$100

For a school district with additional rollback rate for pollution control, insert the following lines:

+ Additional rate for pollution control	\$ -0- /\$100
= Rollback tax rate	\$ 1.24224 /\$100

50-179 (Rev. 5-94/3)

Schedule A Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Local Maintenance	\$2,103,000.00

Schedule B 1994 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid from Property Taxes	Interest to be Paid from Property Taxes	Other Amounts to be Paid	Total Payment
(expand as needed)	\$	\$	\$	\$
Total required for 1994 debt service			\$ -0-	
- Amount (if any) paid from funds listed in Schedule A			\$ -0-	
- Excess collections last year			\$ -0-	
= Total to be paid from taxes in 1994			\$ -0-	
+ Amount added in anticipation that the unit will collect only _____ % of its taxes in 1994			\$ -0-	
= Total Debt Levy			\$ -0-	

Schedule C Expected Revenue from Additional Sales Tax

(For hospital districts, cities and counties with additional sales tax to reduce property taxes) In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ -0- in additional sales and use tax revenues.

Schedule D State Criminal Justice Mandate (For Counties)

The _____ County Auditor certifies that _____ County has spent \$ -0- in the previous 12 months beginning _____, 19____, for the maintenance and operations cost of keeping inmates sentenced to the Texas Department of Criminal Justice. _____ County Sheriff has provided information on these costs, minus the state revenues received for reimbursement of such costs.

Schedule E Transfer of Department, Function or Activity

The _____ spent \$ -0- from _____ to _____ on the _____. The _____ operates this function in all or a majority of the _____.

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at _____ Crockett County Tax Office

Name of person preparing this notice _____ Tom Stokes

Title _____ Tax Assessor-Collector

Date prepared _____ 08/22/94

BLAKE VARGAS, Ozona Community Center student whose balloon traveled the greatest distance, is ready to open his prize package with the help of his mother, Wilma. Other students receiving recognition for the travels of their balloons were: Gilbert Gomez, Roman Tambunga and Stefan Wilson.

Balloons Launched At Community Center

The Ozona Community Center's directors, personnel, students, and parents launched approximately 1000 helium filled balloons on May 24, in an effort to raise money for the preschool program at the center. Prior to the launch, students at the center received donations for the balloons. Each balloon had a card attached to it with information about the preschool program as well as the child's name that received the donation and a request that the finder of the card write or call the center to let the child know where the balloon was found.

Blake Vargas launched the bal-

loon that traveled the farthest distance. Perry Kloesel of Weimar, Texas, found the balloon and called the center to report the find to Blake. In recognition of his balloon's journey, Blake received a \$20.00 gift certificate to Happy Hollow. Stefan Wilson released a balloon that made it all the way to Paradise, Texas, while Roman Tambunga and Gilbert Gomez each had balloons that traveled to Austin, Texas. Other balloons were found in Fredericksburg, Eldorado, Menard, and Ozona.

The directors and staff of the com-

munity center would like to again thank everyone that helped make this fund raiser a huge success, especially the students that solicited the donations and the generous people of Ozona that willingly contributed the dollars. The preschool program at the center is a non-profit organization that runs on an extremely tight budget, without the help of people in our community the preschool program could not operate. The center accepts applications for students ages 18 months and up. For more information call Kay Baker, Director, at 392-2710.

Property Rights March And Rally Saturday

A proposal by the U. S. Fish and Wildlife Service to designate critical habitat for the golden-cheeked warbler in 33 Texas counties has spurred angry Texans to march on Austin Saturday.

The Let's Take Back Texas Property Rights March and Rally will form at Palmer Auditorium parking lot located at South First at Riverside at 9:15 a.m. Persons unable to join the march up Congress Avenue are urged to attend the 11 a.m. rally on the south steps of the capitol.

Notice of REWARD I AM OFFERING \$500 REWARD

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County - except that no officer of Crockett County may claim the reward.

Jim Wilson

Bad Company Rodeo Comes to Sonora

Bad Company Rodeo's "Get Western Tour 1994" is coming to Sonora Aug. 26 and 27 as part of Sutton County Days. Performances begin at 8 p.m. each night.

Bad Company Rodeo is breaking records and setting a precedent that will lead pro rodeo into the 21st century. The 1993 "Circle the Wagons" tour set the stage, breaking sponsorship and attendance records and paying out more than \$700,000 in contestant prize money. The excitement continues as the "Get Western" tour '94 promises to be even bigger. In 1994, each "Get Western" tour rodeo will have record high contestant added money, drawing the top cowboys and cowgirls and putting the "Get Western" tour on track for another record payout.

A Bad Company Rodeo production is unlike any other, combining high energy rock 'n roll with the wildest string of bucking stock in the PRCA to produce a well choreographed rockin' rodeo concert experience. Throw in some comedy, specialty acts and a touch of the unexpected and you have a fast paced, full entertainment production that is today's Hot Rodeo - Bad Company style. With creative marketing strategies and high tech lifestyle as old as the West.

Lightning-Caused Fires Keep Trucks Running

Lightning was responsible for a rash of grass fires in the county last week. The onslaught began Aug. 15 with a 4:56 p.m. call to the Augustine Ranch northeast of the truck stop.

Firemen arrived at 5:25 p.m. and used 1,500 gallons of water before starting back to the station at 6:14 p.m. Three trucks and the tanker made the run.

A 5:16 p.m. call to County Road 109 toward Barnhart resulted in the use of 700 gallons of water.

A fire on the Boyd Baker Ranch required 3,500 gallons of water and the use of a blade to make a fire guard. Three trucks and the tanker were assisted by rain in putting out the fire.

Also on the 15th was a 5:38 p.m. call to a dumpster fire behind T & T Supermarket.

Two calls on Aug. 16 were to rekindles on the Augustine Ranch. Three trucks and the tanker responded at 5:45 p.m., using 4,750 gallons of water. The fire department report indicated approximately 800 acres burned.

The truck returned to the station at 8:14, but were called back to the Augustine at 8:40 p.m.

On Aug. 19 at 1:16 p.m. Ozona sent two trucks to Bob Childress' Sweetwater Ranch for a small grass-fire. Firemen from Sheffield put the blaze out before Ozona trucks arrived.

Later in the day one truck went back to the Sweetwater Ranch to an area which was smoldering along the road.

Trucks were unable to reach a fire Aug. 20 north on Howard Draw. Lightning ignited grass on a hill top, and firemen had to wait for the fire to come to them. Fire guards were dozed and 300 gallons of water used. Two trucks and the water truck went on this call.

Mertzson and Barnhart firemen helped on a grassfire Aug. 21 on the Noelke Ranch on County Road 109. Ozona received the call at 9:06 and was back at 11:10 after using 70 gallons of water.

During this same week, firemen from Ozona went to one wreck, two car fires and a diesel spill.

Social Security Bulletin

Garland Gregg, representative for the San Angelo Social Security Office, has scheduled his September visit to Ozona. He will be in the conference Room on the second floor of the courthouse annex on Wednesday, Sept. 21, between 1 and 2:30 p.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Personal Loans for Personal Needs.

There are a lot of good reasons why you could use a personal loan . . . to buy a new car or boat . . . to take a long-overdue vacation . . . to consolidate bills . . . to get through a temporary financial bind. Whatever the reason, it's important to get your loan from a bank that cares.

We can.

We believe personal loans should fit the person! See us today to set up yours!
