David Crockett Birthday Festival, Youth Rodeo, Roping All Coming Up In Ozona Aug. 4-6

Ozona will be abuzz with activity Aug. 4-6 as folks come to town to compete in the Ozona Lions Club Youth Rodeo, the annual Jay Miller Memorial Roping and to attend the David Crockett Birthday Festival.

Rodeo action begins Friday and Saturday nights at 7 p.m., and members of the Rodeo Princess Court will be presented in the arena each night. A rodeo parade will be held at 5:30 Saturday night beginning and ending at

the Fair Park Convention Center.

A reception for the Texas Clan of Direct Descendants of David Crockett will be sponsored by the Crockett County 4-H at the downtown park beginning at 5 p.m. Saturday. Everyone is welcome to stop by and visit with clan members at this time.

A youth dance Friday night from 9 p.m. until midnight in Fair Park Convention Center will include the David Crockett Birthday Party with

cake and cold drinks. Ozona Chamber of Commerce is sponsoring this dance and an adult dance at the convention center Saturday night from 9 until midnight.

Excitement abounds all day Saturday beginning at 7:30 a.m. at the fairgrounds park with the David Crockett 1K Family Fun Run and 5K Run (and Walk). A community-wide breakfast sponsored by West Texas Rehabilitation Center of San Angelo

also starts at 7:30 at the park.

Town and Country Village Supermarket will give away 50 kites for kite flying fun, and the lawnmower race sponsored by Crockett County Library starts at 8:30 a.m.

Ozona Lions Club will sponsor a hamburger lunch at noon.

A Tae Kwon Do demonstration will be held at the downtown park at 4 p.m.

At the convention center from 10 a.m. to 5 p.m. will be arts and crafts booths, an exhibit by the Ford V-8 Club with antique cars (vote for the people's choice award), and various other exhibits. The arts and crafts booth spaces are eight foot square for \$25. The building will open at 7 a.m. so these booths may be set up by 8:30 a.m.

Cowboy church services are slated for 10 a.m. Sunday at the rodeo arena followed by the Jay Miller Roping at 11 a.m.

Ozona United Methodist Church will sponsor music in the downtown park at 7 p.m. Sunday.

Lions Youth Rodeo Slated For Aug. 4-5

By Neal Ulmer
Stockman Sportswriter

Parading, roping and riding will kick off the 39th Annual Ozona Youth Rodeo sponsored by the Ozona Lions Club. The rodeo will be held at the Ozona Fairgrounds Arena on Friday and Saturday, Aug. 4 and 5, beginning at 7 p.m. each night.

There will be two performances held with one go-around in each event. The slack will be run immediately following the regular performance on Friday night.

The Ozona Lions Club announced there will not be a Rodeo Queen's contest this year, but there will be a Princess' Court introduced in the arena each evening.

The traditional rodeo parade will start at 5:30 p.m. on Saturday. It will begin and end at the rodeo grounds. Spectators may want to find a shady viewing spot along the 11th Street route and the town square.

A youth dance will be held on

Friday night from 9-12 p.m. in the Fair Park Convention Center. The Sueno Tejano Band will play with a \$2 person charge. On Saturday night, Bitter Creek will play for an adult dance from 9 until midnight at a charge of \$5 per person.

The rodeo will have three age divisions for both girls and boys. There will be an eight and under age division with barrel racing, flag race and pole bending. The cost of each event will be \$10.

The 9-13 age division will have four events for girls at \$15 per event, with the barrel race, flag race, pole bending and goat tying included. There will be five events in the boys' division, including pole bending, breakaway roping, ribbon roping, barrel race and flag race. The roping events will have an added \$6 stock charge in addition to the regular \$15 per event charge.

The 14-19 age division will have four events in the girls' division, in-

cluding barrel and flag races, pole bending and goat tying at \$15 per event. In the boys' division there will be four roping events which include team, ribbon and goat roping, and calf tie-down. Each entry will cost \$15 plus a \$6 stock charge.

Buckles will be awarded to the all-around girl and boy performer in each age division. These will be presented Saturday night after the performance. To qualify for all-around, the contestant must place in at least two events. In case of a tie, a coin flip will break the tie. Money pay-back will be given in each class and the checks will be mailed.

Several free contests for the youngsters include the 12 and under goat sacking and the 8 and under boot scramble. These contests do not require an entry form.

Minors and a parent and/or guardian must sign a minor's release for participation in the youth rodeo regular events. For more detailed information, call 915-392-3217 after 6 p.m.

Early Voting Continues In Bond Election

As of 11:30 Tuesday a.m., 43 voters had been to the polls to vote in the bond election.

Early voting judge Jean Connor said approximately half the voters on Monday were prospective jurors.

Early voting will continue through Aug. 8 for the Aug. 12 election.

Sat'Day Nite In Ol' Ozona Promises Family Entertainment July 29

An entertaining evening is in store for the community July 29 at Sat'Day Nite in Ol' Ozona. The two-hour show beginning at 7 p.m. in the high school auditorium features the music of Ed Stabler of Colorado singing and playing the heritage of the old west. Sheriff Jim Wilson, billed as the Crockett County Crooner, is also on the program along with Sutton County storyteller L. P. Bloodworth and Marfa humorist Clay Lindley, also known as the Cowboy Nerd.

Stabler is one of the better-known and most sought-after performers of cowboy and western music. Widely appreciated for his rich singing voice combined with a deep love and respect for the west and its culture, he is highly acclaimed by critics to be one of western music's finest guitarists.

A full-time, professional performer, Stabler sings his own original songs, those of other contemporary

writers and is well-known for his ability to compose music for lyrics by other writers.

He has a Colorado ranch background, but has spent much of his life in occupations as diverse as broadcasting and law enforcement, while maintaining strong ties to his western roots.

Musically is the thread which has run continuously through his life since childhood. Stabler got his first guitar at age 10, and although his family's musical interests leaned more to the folk music of the day, he was also exposed to the movie and radio music of Gene Autry and Roy Rogers. This and being "raised around the real article got me interested in country music," Stabler recalls.

"Western music is different from country music," Stabler says. "There is a reality involved there (in country

High Speed Chase Ends In Arrest

An 18-year-old San Antonio man was arrested around 4:55 a.m. July 19 following a chase at speeds up to 140 miles per hour.

A report of gasoline stolen from the Sonora Texaco had alerted Ozona officers, and Deputy Shane Fenton sighted the suspect's car at the east edge of Ozona. Kennamore, who was driving a Mercedes stolen from Egglund Air Force Base in Florida, fled west to Howard Draw Road at speeds up to 140 miles per hour.

With Fenton in pursuit, the driver exited the interstate and came back east, running at least two cars off the road before taking the south exit on Pandale Road. Sheriff Jim Wilson joined the chase there.

Kennamore passed three trucks traveling south from the former Ladd Plant "and that's when I made the decision we really needed to stop him

before there was an accident," Wilson said.

The suspect was taking curves on Pandale Road at 100 miles per hour, Wilson said, but when Kennamore saw the Pavement Ends sign "he did a bootlegger turn" with Fenton and DPS Trooper Keith Olive close behind.

Wilson shot the car's radiator, but the driver continued north three or four miles until the vehicle heated up. He then stopped in the middle of the road and surrendered, offering no resistance, Wilson said.

After it was discovered that Kennamore was charged with stealing a vehicle at Brooks AFB in San Antonio, which he drove to Florida and dumped, Crockett County did not file charges on Kennamore. Sutton County dropped their charges and the man was picked up by Federal marshals the following day on the car theft charges.

1994-95 TAAS Exit Level Results

By Larry J. Taylor
Superintendent

One hundred percent of the 1995 Ozona High School Seniors passed all sections of the exit-level Texas Assessment of Academic Skills (TAAS) test. The TAAS exit-level test is required for high school graduation. The 1995 OHS Senior Class exceeded the 95 percent passing rate of this year's Texas public high school seniors who passed all sections of the TAAS. This is the highest percentage for both Ozona High School and the state since students have had to meet a 70 percent passing standard on each part of the TAAS exam.

Of this year's senior class in Texas 9,169 seniors out of 183,737 failed one or more parts of the test and were not able to receive their diplomas. This represents five percent of the state's seniors. A total of 174,567 seniors statewide passed all sections of the test and were eligible to receive their diploma.

The 1995 pass rate matches the 95 percent pass rate achieved by the statewide senior class of 1992, but those students had to correctly answer only 60 percent of the test items to pass the exam, according to new Commissioner of Education Dr. Mike Moses. The State Board of Education adopted a 60 percent standard for that year's graduating class because they were the first group of seniors to have to take the rigorous TAAS exit-level test. Graduating classes from 1987

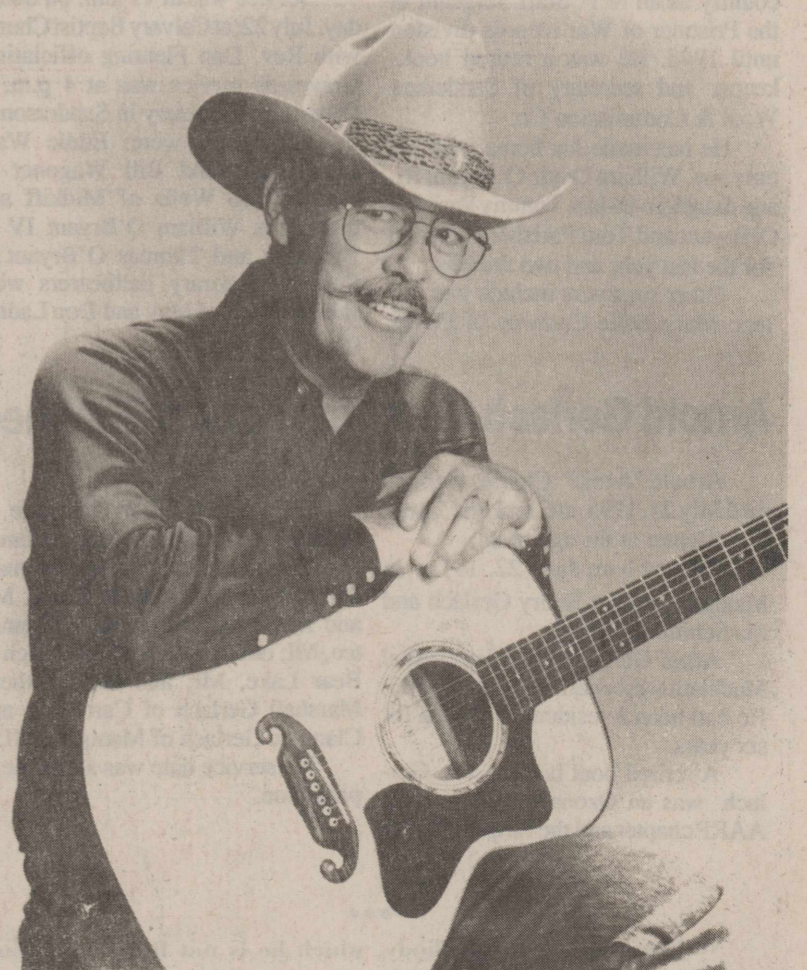

through 1991 had to pass the easier Texas Educational Assessment of Minimum Skills (TEAMS) exit-level test to be eligible to receive a high school diploma.

The rigorous TAAS exit-level tests have been developed to measure *(Continued on pg. 14)*

Ozona Service For Madye Jo Humphreys

Madye Jo Bailey Humphreys died July 17, 1995, at the Crockett County Hospital. She was born in Ozona on Feb. 16, 1922, daughter of T. A. and

Madye Kersey Bailey. Her early years were spent on the family ranch in Pecos County where she attended Iraan public schools, graduating in 1939. She received an associate degree from Stephens College in Columbia, MO, in 1942, and continued her studies at the University of Texas. She was a member of Chi Omega Sorority.

Madye Jo married John F. Green Jr. in the spring of 1942. While her husband was overseas during World War II, she lived with her parents on a ranch near Sanderson. She and her mother began to make bedroom scuffs to give as gifts. This venture culminated in Madye's Inc., specializing in

the manufacture of glamorous, luxury slippers. The business began operation in Ozona in 1948 and moved to San Angelo in 1950. Madye Jo served in many capacities, including designing, production, marketing and public relations.

She married Lynn Humphreys in 1968 and joined him in the management of hotels in several states. She moved to Ozona in 1975 and became involved in community and church activities. She was a member of the Ozona Womans' Forum and a volunteer at the Crockett County Care Center. She assisted in the organization of the Joy Fellowship and the Tuesday Bible Study. She was a member of the Ozona United Methodist Church, where she often taught in the Lillian Henderson Sunday School Class.

Her "Celebration of Life" service was held on July 19, 1995, at the Methodist Church in Ozona. Preceding her in death were her parents and her brother and sister-in-law, Bob and Jeanette Bailey. She is survived by her son, John F. Green III; her granddaughters, Shonica Lee and Terry Lindsey; and great-grandchildren Micaela and Tyler Lee and Taylor and Connor Lindsey. She is also survived by nieces Nannette Thompson and Sally Oglesby and nephew Jim Bob Bailey, six great nieces and nephews, one great-great niece, several cousins and many friends, including her special friend, Bonnie Warth.

W. D. O'Bryant Service July 22

W. D. O'Bryant Jr. died July 20, 1995, in Ozona. His wife, Althea Keller O'Bryant, preceded him in death on Dec. 25, 1981. His second wife, Bertha Masey O'Bryant of Bangs, preceded him in death in the summer of 1994.

W. D. O'Bryant Jr. served his country as an M.P. Staff Sergeant in the Prisoner of War records division until 1946. He was a retired bookkeeper and secretary of Sanderson Wool & Commission Co.

He has made his home with his only son, William Doyle O'Bryant III, and daughter-in-law Tommy Parisher O'Bryant and Tom Parisher of Ozona for the last year and two months.

Other survivors include two sisters: Mary Belle Caraway of Pitkin,

LA, and Bertha Mae Pope of Comfort; two grandsons and their wives, William Dugan O'Bryant IV and Paula Conley O'Bryant of Ballinger and Thomas William O'Bryant and Shelly Owen O'Bryant of Spring; one great granddaughter, Jacklyn Renea O'Bryant of Ballinger.

Service was at 11 a.m. on Saturday, July 22, at Calvary Baptist Church with Rev. Dan Fleming officiating. Graveside service was at 4 p.m. at Cedar Hill Cemetery in Sanderson.

Pallbearers were: Eddie Wall, John Wake and Bill Wagoner of Ozona, Bob Wells of Midkiff and grandsons William O'Bryant IV of Ballinger and Thomas O'Bryant of Spring. Honorary pallbearers were Jake Hedrick of May and Don Ladner of Bradshaw.

Arnold Gerlach Memorial Service Planned

Arnold "Arnie" Charles Gerlach died July 25, 1995, at Crockett County Care Center at the age of 84.

He was born June 22, 1911, in Manistee, MI, to Henry Gerlach and Ida Schimke Gerlach.

Arnie Gerlach and Marie Ethel Macklam were married Sept. 6, 1933. He had been a resident of Ozona for six years.

A retired boat builder, Mr. Gerlach was an Ozona member of the AARP chapter and the Helping Hands

committee.

He is survived by his wife of Ozona; four daughters, Mary Hillman of Ozona, Ruth Schmidt of Bridgman, MI; Martha Szymarek of Kinde, MI; and Arnetta Chmielewski of Manistee, MI; one sister, Wilma Gerlach of Bear Lake, MI; and two brothers, Marshall Gerlach of Caro, MI, and Clarence Gerlach of Manistee, MI.

Winkley-Murrah Vows Exchanged In Belton Church Of Christ

Stacie Marie Winkley and David Glenn Murrah of Belton were married at 2 p.m. Saturday, July 22, 1995, at the Belton Church of Christ.

The bride is the daughter of Lloyd and Glenda Winkley of Ozona. She is the granddaughter of Earl and Eppie Winkley and Marie Moore and the late Cecil Moore. The bridegroom is the son of Dan and Sharon Murrah of Belton. He is the grandson of Dan and Loraine Murrah and Frank and Margaret Snyder.

The double-ring ceremony was performed by Joe Baisden, minister of the Belton Church of Christ. Special remarks were given by Dr. Gary Vannoy of Ozona. Vows were exchanged in front of a candelabra arch which was accented in greenery. Multi-colored flower arrangements were placed at each side of the arch. The couple's unity candle was at the center of the church altar.

The bride, given in marriage by her father, was attired in a traditional wedding gown of white satin with a fitted bodice and Basque waistline of pearls. Her bodice was adorned with handsewn pearls with a sweetheart neckline, short sleeves and a V-cut back. Scalloped border lace trimmed the circular cathedral-length train. Completing her ensemble was a fingertip-length net illusion veil. Her bridal bouquet was a flowing cascade of fresh white roses and greenery accented with seed pearls. The flowers for the wedding party were all designed and created by Billie Morris and Frances Denman of Ozona.

Attending the bride as matron of honor was her cousin, Cassi Lowrey of Lubbock, and maid of honor was the bride's college roommate, Stephanie Clampet of Belton. Bridesmaids were sister-in-law of the bride, Kelli Winkley of San Angelo; lifelong friend of the bride, Whitney Vannoy of Ozona; and friends of the bride, Gina Chapman of Temple, Theresa Strain of Belton, Misti Bedford of Denton and Cassandra Stephens of San Antonio. Flower girl was Deana Mooney of Belton, niece of the bridegroom. The bride's attendants were attired in cism brocade silk floor-length suits accented with pearl buttons, a sweetheart neckline and a V-cut back. The flower girl wore a white satin ruffled dress and a matching satin hat.

The bridegroom was attired in a long-tailed tuxedo with black houndstooth checked vest and black tie. Best men were the brother of the bridegroom, Rex Murrah of Belton, and lifelong friend Kent Brentham of Belton. Groomsmen included brothers of the bride Stanley Winkley of San Angelo and Russell Winkley of Midland; friends Bill Euler of Temple, Larry Heffington of Temple, Blake Anderson of Athens; and cousin of the bridegroom Todd Cunningham of Temple. The ring bearer was the bridegroom's nephew, Derek Mooney of Belton. Ushers and candlelighters were

Mrs. David Murrah

friend of the bride, Ty Porter of Ozona and friend of the bride and bridegroom, Brian Clampet of Belton. The best men, groomsmen, ring bearer and ushers were attired in traditional black tuxedos.

Special music for the ceremony included "Love Will Keep Us Alive" performed by Kayla Baxley and Kerri Murrah, sister of the bridegroom; "Your Love Amazes Me" performed by Sharon Murrah, mother of the bridegroom; and "Like A River To The Sea" performed by Rex Murrah, brother of the bridegroom.

A reception following the ceremony was held at the Wildflower Country Club in Temple where the bridegroom is employed. At the entrance of the club was a lovely formal portrait of the bride in her wedding attire in a garden setting. The bride's table featured a multi-tiered white wedding cake accented with fresh flowers. Also served were punch, buttermints and assorted nuts. The bridegroom's table featured golf ball-shaped mints and three double-tiered heart-shaped chocolate cakes. The center cake was accented with a peas and carrot "bridal couple" illustrating the phrase "...we go together like peas and carrots..." which was made popular in the movie "Forrest Gump". The decoration was designed and created especially for the couple by the bridegroom's sister, Kerri Murrah of Belton. Accented the table was a portrait of the bride hitting a golf ball in her

wedding gown. Servers for the reception were Stacy Lay of San Angelo and JoLynn Vannoy of Ozona. Miss Vannoy also attended the guest registry at the wedding ceremony.

Featured music for the reception was performed by the bridegroom's mother, Sharon Murrah, and Kerri Murrah and Rex Murrah, the bridegroom's sister and brother, and other family members.

The bridal couple followed tradition by the tossing of the bridal bou-

quet and the bride's garter. Lucky catchers were Kerri Murrah and Rex Murrah.

A white stretch limousine, a special gift for the couple from Kent Brentham, took the newly weds to Dallas where they will begin their honeymoon trip to Sandals Ocho Rios in Jamaica. For her going away outfit the bride chose a white sleeveless summerskirt set with matching shoes.

The bride is a graduate of Ozona High School and received a bachelor's degree in English from Abilene Christian University. She coaches volleyball, basketball and tennis at Belton Junior High School.

The bridegroom is a graduate of Belton High School and received a bachelor's degree in education from Southwest Texas University. He is the assistant golf professional for Wildflower Country Club in Temple.

Following their wedding trip, the couple will make their home in Belton.

COURTESIES:

A rehearsal dinner, hosted by Dan and Sharon Murrah, parents of the bridegroom, was served in the Belton Church of Christ Fellowship Hall. Approximately 60 guests were served barbecue and all the trimmings catered by Clem Mikeka. A photograph collage of the couple from infancy to adulthood was put together by the bridegroom's sister, Kerri Murrah, and displayed at the dinner.

A barbecue dinner on May 6 at the ranch home of Mr. and Mrs. Billy Hoover near Ozona honored the couple. Hosts and hostesses for the dinner were Mr. and Mrs. Billy Hoover, Will Hoover, Ann Stapper, Dr. and Mrs. Gary Vannoy, Mr. and Mrs. David Porter and Mr. and Mrs. Van Miller.

A gift tea was held May 7 at the home of Blanche Walker. Hostesses

for the tea were Blanche Walker, Vickie White, Nancy Vannoy, Connie Fowler, Karen Morris, Billie Morris, Frances Curry, Rosalind Williams, Cathy Carson, Betty Tumlinson, Tommie Flores, Sid Hoover, Darolyn Webster, Debbie Arrott, Chesta Schneider, Mac Lay, Dena Porter, Lu Ingram, Peggy McWilliams and Frances Denman.

A tool party was held July 1 in honor of the bridegroom in Belton. Hosts for the party were Tom and LoSharis Cunningham, uncle and aunt of the bridegroom.

The bride was honored with a bridal shower at the Belton Church of Christ. Hostesses were friends of the bride and bridegroom.

The bride was honored with a lingerie party in her home. Hostess for the party was the bride's college roommate, Stephanie Clampet. Attending were the bride and her attendants and other special friends.

A bridesmaid's luncheon was held July 22 at the Wildflower Country Club in Temple. The bride and her attendants and approximately 20 guests enjoyed a morning brunch given by Anita McPherson and Linda Korkmas, aunts of the bride; Marie Moore, the bride's maternal grandmother; and Nancy Vannoy, lifetime friend of the bride.

The bridegroom hosted a golf scramble July 22 at the Wildflower Country Club. Approximately 25 friends and relatives enjoyed activities.

Afternoon ceremony Unites Miss Graham, Mr. Immenhauser

Amy Elizabeth Graham and David Wayne Immenhauser were married July 15, 1995, in the First Baptist Church of Bridgeport. Rev. David Belk, pastor of First Baptist Church of Runaway Bay, officiated the two o'clock double ring ceremony. Music for the occasion was provided by organist Mike Niblett of Dallas, pianist Janie Newton and soloist Susie Driscoll, both of Bridgeport.

The bride is the daughter of Mr. and Mrs. Glenn Graham of Runaway Bay. Parents of the bridegroom are Mr. and Mrs. Wayne Gerbert of Yoakum and the late Wayne Immenhauser.

Escorted by her father, the bride entered the sanctuary wearing an ivory satin sheath gown with an off-the-shoulder neckline. The bodice was made with long, fitted sleeves over-

laid with Alencon lace and embellished with seed pearls. The chapel-length train was applied with lace and attached below rosettes on the back bodice.

Her headpiece was covered with seed pearls and iridescent sequins. The double layer veil was of elbow-length illusion. The bridal bouquet was of red roses, freesia, Queen Anne lace and gladioli.

April Graham of Runaway Bay, sister of the bride, was maid of honor. Bridesmaids were: Genelle Aldridge of Bryan, Margaret Jones of Ozona, Melissa Killingsworth of Houston, Ginger Sterling of Lubbock and Jody Wagner of Houston.

Hannah Wollverton, daughter of Mr. and Mrs. Jerry Wollverton of Tyler, cousin of the bride, was flower girl. Hilary Tucker of Whitehouse, also a cousin of the bride, was candlelighter.

The maid of honor, bridesmaids, candlelighter and flower girl all wore tea-length, princess-style dresses. The fabric of each was white voile sprinkled with a tiny pink rose print. Their bouquets were red roses, Queen Anne's lace and freesia.

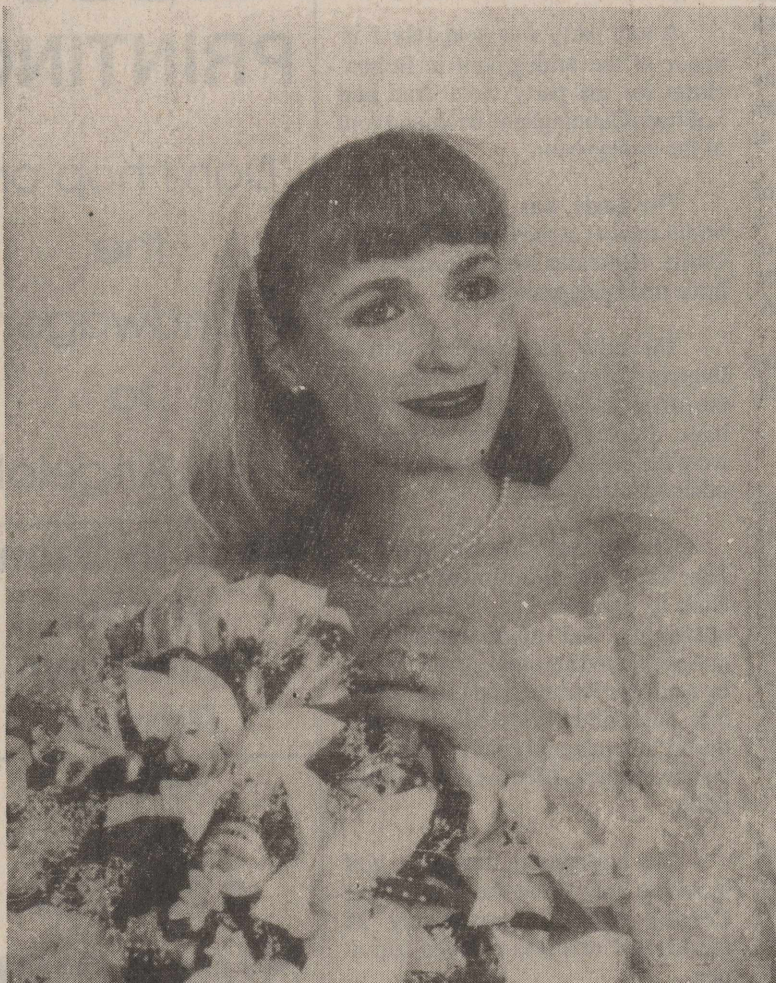

David Rebeck of Waco, brother-in-law of the bridegroom, was best man. Groomsmen included his brothers J. R. Best of Austin and Michael Best of Yoakum, and friends David Curry of Abilene, Scott Hosman of Houston and John Payne of College Station. Ringbearer Conner Tucker is the son of Mr. and Mrs. Mike Tucker of Whitehouse, cousin of the bride.

Following the wedding the bride's parents hosted a reception at Runaway Bay Country Club. Serving the bride's cake was Jeanette Ward of Decatur. The bridegroom's cake was served by Carolyn Heuermann of Terrell, aunt of the bride.

After a wedding trip to Disney World in Orlando, FL, and a cruise to the Bahamas, the couple is at home in Austin.

The bride is a 1994 graduate of Texas A&M University with a degree in accounting. She is employed at the office of the controller of the City of Austin.

The bridegroom is employed by Applied Materials in Austin. He is also a 1994 graduate of Texas A&M University with a mechanical engineering degree.

Mrs. David Immenhauser

Steel: America's "EnviroMetal"

(NAPS)—Why is steel America's "envirometal?" In addition to being America's most recycled material, steel is infinitely recyclable, which means it can be remelted into new steel products without losing quality.

In fact, the steel industry needs old steel to make new steel. Consumer recycling of steel products helped the industry to reach an all-time recycling record. In 1994, the steel industry reached an overall recycling rate of 68 percent, including:

- More than 17.6 billion steel cans (also known as tin cans) were recycled. That's enough cans to stretch around the equator more than 33 times.

- Thirty-eight million appliances were recycled, yielding more than 1.9 million tons of steel for recycling. That's equal to the amount of steel needed to build 174 new stadiums the size of Jacobs Field in Cleveland.

- More than 12 million tons of steel were recovered from recycled automobiles, or enough steel to produce almost 13 million new cars.

More than 170 million Americans have convenient access to a steel can recycling program. To find out about steel recycling options in your area, call 1-800-YES-I-CAN (937-1226).

A Harp & A Cloud?

Have you ever wondered what Heaven must be like? Some folks doubt if it's really there. Others have come up with all kinds of strange ideas of Heaven such as floating around on a cloud, dressed in a white sheet, and strumming on a harp. Wow! What fun! No God's Word gives us a clear picture of Heaven. Number One - Heaven has mountains, trees, and rivers. Number Two - The Bible tells about horses in Heaven; we can naturally assume that other animals will be there also. Sheep, goats, and cows will be there, or else why would we need horses? Kidding aside; The Bible refers to the Earth being created in the image of Heaven, just as man was created in the image of God. Number Three - Heaven is for people, and not for sickness, pain, and grief. Heaven is a place that you'll want to live in forever. Heaven is actually the only real utopia that there is. Try to imagine if you can a painless life. No headaches, backaches, no flu season. No cancer, no AIDS, no aging, no wars, no hunger, no DEATH! Why wouldn't everyone want to go to Heaven? Even our ticket to Heaven has been paid, so why all the holdouts? Because people think they'll have to give up something precious in return for Heaven. Well, you do! You have to give up your poverty, your sickness, your weakness, your aches and pains, your selfishness, your greed...All for Heaven. The Bible calls that "The Great Exchange". His goodness for your grossness. Call it anything you want; I call Heaven the "Deal of the Century". Oh by the way, Jesus Christ not only paid your ticket, he's also going to be the most special part of Heaven.

Inner Warfare And Abusive Behavior

By Dennis J. Prutow

Men and women abuse one another because of raging inner warfare. The Bible says, "What causes fights and quarrels among you? Don't they come from your desires that battle within you?" (James 4:1). I remember a fellow in Vietnam who lost a poker game. He was so incensed he rolled a hand-grenade under the winner's bunk. "You kill and ...quarrel and fight" (James 4:2).

The answer is, "You do not have because you do not ask God" (James 4:2). Any person who rejects God has inner turmoil. Inner warfare is bound to erupt in acts of violence. The results are child abuse and wife beating.

Let me tell you about a murderer who was turned around in his tracks. He knew God says, "You shall not kill" (Exodus 20:13). He went on killing anyway; until God convicted him. Then he said, "Once I was alive apart from the law; but when the commandment came, sin sprang to life and I died" (Romans 7:9). This murderer saw how horrid his sin really was. In the midst of terrible struggle, he cried, "What a wretched man I am! Who will rescue me from this body of death?" Then the answer came, "Thanks be to God - through Jesus Christ" (Romans 7:24-25).

Who was this infamous murderer? His name was Saul. God miraculously changed him. He became the apostle Paul.

Internet Demonstration Held In Sonora

by Louise Ledoux

The Crockett County Public Library is one of 33 libraries making up the Big Country Library System. There are 10 library systems in the state. In 1994, the BCLS undertook a feasibility study with the goal of helping to determine the role that libraries can play in this new digital age, the Information Revolution. The study was done by RMG Consultants of Chicago and was funded by a private grant.

The study recommends that the BCLS establish a dedicated telephone line network among the 33 libraries whereby the various libraries can share data. This BCLS telecommunications network will then be connected to the Internet through the Abilene Library Consortium, ALCON, that includes the Abilene Public Library, Abilene Christian University, McMurry University and Hardin-Simmons University.

The whole idea is to give a child in Ozona, Comanche, Sonora or any other community in the Big Country the same access to worldwide information that a child in Dallas, Chicago or New York has.

Step one of the plan will be to establish an advanced communications network - the BCLS network - by leasing dedicated telephone lines to link the libraries and by placing three personal computers in each BCLS

member library. Step two calls for connecting the BCLS network to the global Internet and for provision of Internet access software and training to BCLS members.

Step three calls for digital data conversion of the bibliographic or library materials holdings of member libraries while still maintaining a manual card catalog. This will create a united catalog of all the BCLS libraries. Houston, Dallas, San Angelo and other cities made this conversion in the early 1980's, making it easy for anyone to do research using a computer and modem.

When completed, the BCLS network will allow patrons and staff of each BCLS site to search the online catalog of the local holdings of any BCLS library or the numerous electronic databases and other digital information resources available worldwide through the Internet. On the Internet, the Library of Congress already receives 300,000 inquiries for data each day.

To demonstrate to citizens of each Big Country community how the BCLS network would work and how access to the information on the Internet would benefit everyone in our rural area of West Texas, the system coordinator of the BCLS, Beatrice

Tackas, set a series of regional meetings around the system.

Our local meeting was held in Sonora on Tuesday, July 18, at the Clint Langford Memorial 4-H Center. About 25 people attended the two-hour meeting and participated in an informative discussion about the proposed BCLS network led by Tony Neitzler, interim Abilene Public Library director; Terry McCall, Comanche County attorney; Dr. Paul Lack, vice-president of academic affairs for McMurry University and chairman of the ALCON board; and Joe Specht, director of the McMurry University Library and chairman of the ALCON Advisory Council. An interesting demonstration of the Internet was conducted by Faedra Camden, interlibrary loan librarian and BCLS computer consultant.

The Crockett County Public Library Board deeply appreciates the 12 people for Ozona who took time out from their busy schedules to attend the demonstration. They were: Louise Ledoux, Lou Deaton, Camille Jones, Neal Ulmer, Cheryl Clayton, Jane Black, Jimmy Arrott, Sharon Farmer, Debi Moore, Janet Wilson, Larry Taylor and Joe Will Ross.

A similar demonstration is being planned in Ozona at a later date for anyone who missed the Sonora meeting and is interested in learning more about the BCLS network project and the Internet.

AARP Chapter 4774 The Senior Side

By Betty Bullard

Hey, it's hot out there, no relief and no rain in sight. This is a good time to just stay in the house where it is cool.

I'm addicted to the Simpson trial, so I don't lack for entertainment. My grandchildren, the loves of my life, whose visits I cherished, whose every word I treasured, whose every wish was my command, have taken second place to Simpson's dilemma.

I resent the commercials, the news breaking in, the weekends, the holidays, the off-camera decisions, and the sidebars, anything that interrupts the proceeds.

My doorbell and telephone go unanswered, the dishes unwashed. If not for sandwiches I would starve. I watch recaps and reruns, anything to do with that trial.

I was never a fan of soap opera, Opie Taylor or Jeanie in a Jug. I am attracted to any debate on any subject, *Crossfire*, *Face the Nation*, any kind of argument going on I want to watch or be a part of it. But I'm only attracted to them. Remember Desert Storm and all the news coverage we had. Mount St. Helens, the California earthquake, any old hurricane or tornado, they sure get my attention. But I could turn them off and walk away. Something I haven't done much of with this Simpson trial.

Everything we do, and every choice we make is supposed to reveal our character and personality. If I were analyzing someone else, I know what I would think, but, I can't be combative, argumentative, spoiling for a fight or feeding off other people's misfortunes. That doesn't sound like me. Not the way I view myself, anyway.

I start my vacation this week; I don't know how I can possibly survive without my daily dose of Simpson. Heaven forbid that trial ending and a decision rendered while I am gone. I'm going to Yellowstone National Park with my son and his family, a long-awaited and much planned for trip, a once in a lifetime opportunity. But this is the trial of the century.

Decisions, Decisions. Wish you would decide to come on down and join us in AARP.

Human felicity is produced not so much by great pieces of fortune that seldom happen, as by little advantages that occur every day.

—Benjamin Franklin

Out and Around with Judy Reagor

George Allen has returned to his home in West Palm Beach, FL, after a week-long visit with his parents, Mr. and Mrs. Garland Allen. George is an engineer with Pratt Whitney and is currently involved in the design of an engine to power a plane scheduled to fly in 2007.

Those attending the Texas Sheep and Goat Raisers Association dinner from Ozona July 21 were: Mr. and Mrs. Wade Richardson, Mr. and Mrs. Jack Riggs, Pleas and Sandra Childress, Geniece Childress, Andy Murr, Donnie Laughlin, Mr. and Mrs. Billy Reagor and Judge and Mrs. Jeffrey Sutton. The dinner honored Sen. Bill Sims for his 30 years of service to the association as executive secretary.

Dana Moran was honored with a party at the park Sunday in observance of her sixth birthday. The party

also celebrated the baptism of her younger sister, Selena.

Visiting in Ozona July 20 was former student Louella Lackey Cook of Breckenridge. Mrs. Cook grew up in Sheffield and attended school in Ozona about 1934. Accompanying her on this journey down memory lane, which included a visit to the Crockett County Museum, were her son, Mack Cook, and his daughter, Cara, from Baytown.

Over the Fourth of July Tonya Bullard went to Alabama to see her mom, Judy Jones, and her grandmother, Christine Davee, a long-time resident of Ozona. Tonya wants everyone to know that her grandmother is doing really well there.

See you out and around, Judy

There is often less danger in the things we fear than in the things we desire.

Aug. 3-6—24th Annual Texas Folklife Festival, San Antonio. Celebrating all of the different influences that have made Texas what it is today, the Folklife Festival represents Texas itself. The festival features traditional Texan influences, such as Mexican, German, Czech, and "Cowboy," as well as highlighting all of the other cultures of Texas, including Belgian, Irish, Italian, Chinese, Scottish, Polish, African American, Jewish, and others. The common elements of food, arts and crafts, music, dancing, and costumes are all used to exemplify what each culture has to offer. For more information, contact The University of Texas Institute of Texan Cultures, 801 South Bowie St., San Antonio, 78205-3296. 210/558-2300.

Aug. 5-12—1995 Region 10 National Soaring Championships, Uvalde. Take to the skies in Uvalde, "The Soar Spot of Texas," as the soaring championships return to the Southwest Texas Badlands. Competitors pilot small 15-meter planes through a set course by coasting on the winds. Although it is impossible to watch the whole flight course from a single location, there is still much to see and do as the whole town gets caught up in the soaring excitement. Special dinners and events are held throughout the championships, and you'll be hard-pressed to find someone who doesn't have "soaring fever." For more information, contact the Uvalde Chamber of Commerce, P.O. Box 706, Uvalde, 78802. 210/278-3361.

Take Back The Night!

Take Part In America's Night Against Crime!

Tuesday, August first, Americans coast to coast will turn on their porch lights in recognition of National Night Out — a special night designed to raise awareness of crime prevention and take back the night. And you can join them.

Take the lead in your neighborhood. Organize a block party or barbecue. Encourage your neighbors to attend. It's a great chance to get to know them better.

Invite local police to come and talk about crime prevention and demonstrate safety procedures. Get your kids involved. Encourage them to make posters and yard signs.

Spend one night out for safety. You'll rest easier year-round.

Personal Safety Important When Traveling

When on vacation or simply traveling to surrounding towns, be safe - don't be sorry! Crime can happen anywhere - here in Ozona, or in the big city. But we don't have to be victims, and with a few simple precautions we can make our travels much safer.

Safety from crimes and accidents was identified as a major issue facing Crockett County citizens during the 1994 Long-Range Planning process. Study groups of Crockett County citizens met to discuss issues which could be addressed by Extension programming, and safety was one of those chosen which will be addressed in the next five years.

The following tips were taken from a brochure prepared by the Texas Association for Family and Community Education.

Car safety tips are important here, in San Angelo - anywhere.

Protect against carjacking by requesting rental cars that don't have promotional stickers or special license plates.

*Be cautious about stopping for accidents, especially in an isolated location.

*When possible, park in a monitored garage or other off-street parking.

*Map out your route in advance. Hotel safety is another concern whether traveling on vacation or business.

*Use your initial, not your first name, on the registry card.

*Upon arrival, familiarize yourself with all fire exits.

*Do not accept a room in an isolated location.

*When you check in, ask the front desk clerk not to announce your room number.

*Ask for a room which is not on the ground floor where an intruder might have easy access.

*Always identify visitors before opening your door.

*If a visitor claims to be a hotel employee, call the front desk and verify this before you open the door.

*When returning to the hotel late at night, be observant; look around before entering the parking lots. Park in a well-lit area and enter the hotel through a main entrance.

*Keep your door securely closed and use all locking devices that are provided. *Do not needlessly display your room key. Don't lay it around on restaurant tables, on top of your towel at the pool, or other places where it can be stolen.

*Don't display large amounts of money or expensive jewelry. Don't leave items around the room - put them in drawers.

*Place valuables in the hotel's safe.

*Report suspicious activity to hotel management immediately!

Airport safety is another item we should consider when traveling.

*Always keep close watch on your personal property, especially when going through security.

*Walk with confidence and avoid flustered or "daydreaming" behavior.

*Watch out for pickpockets. Wear purses on the inside of coats; men's wallets should be in jacket or shirt breast pockets - preferably inside - never in rear pants pockets.

Don't forget parking lots! They're a prime place for muggings, etc.

*Have your keys ready before you reach your vehicle. Don't be fumbling with keys and packages while trying to unlock the car.

*Look around and under your car before getting in; quickly lock the doors after entering.

*Memorize your car's row number and position; nothing says "pigeon" to a crook more quickly than someone wandering vaguely around a parking lot.

*Packages, CD's, tapes, mobile phones, etc. should go in the trunk or an inconspicuous place in the vehicle. Cover with a blanket or a special cover for the back of your vehicle...never leave items in the back of a pickup unless you want them to be stolen!

Using common sense, staying alert and paying attention to surroundings can - with these few rules - help keep you safe when traveling. Have a safe summer and enjoy your travels!

Sanchez Named All-American Scholar

The United States Achievement Academy announced that Chris Sanchez has been named an All-American Scholar.

The USAA has established the All-American Scholar Award Program to offer deserved recognition to superior students who excel in the academic disciplines. The All-American Scholars must earn a 3.3 or higher grade point average. Only scholars selected by a school instructor, counselor or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the USAA.

Sanchez, who attended Ozona High School, was nominated for this national award by Coach Don Payne, former head football coach and athletic director at OHS. Payne was a big motivation and influence in Sanchez' life.

Sanchez will appear in the All-American Scholar yearbook which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, winners of the All-American Scholar Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, executive director of

the United States Achievement Academy.

The Academy selects All-American Scholars upon the exclusive recommendation by teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the USAA for other honors.

Sanchez also received a United States National Football Award through nomination by Coach Payne. Only a small number of students have their names and achievements featured in this highly respected, nationally published yearbook.

Along with all other high school honors, Chris received the Who's Who honor in academics, as did his younger brother, Jon. Chris also received the Who's Who honor in athletics.

He will attend Hardin-Simmons University in Abilene where he will be a member of the HSU Cowboy football team. School colors there are also purple and gold.

Chris is the son of Richard and Fannie Sanchez. He has one brother, Jon. Grandparents are Albino and Gloria Sanchez and Lina T. De Hoyos of Ozona and Hector De Hoyos Sr. of Sterling City. He is the great-grandson of Elena Tambunga, Felice Sanchez and Eulojia Guerra, all of Ozona.

THESE YOUNGSTERS LEARNED about making "Choices - Don't Choose Crime! Don't Choose To Use!" at the Crockett County Library's summer program. This puppet program was sponsored by the Crockett County Juvenile Probation Department and shown to the children by Leticia Payne, youth counselor technician from the Crockett County Probation Department.

Attending the puppet show were: Levi Vargas, Brandon Payne, Afeton Payne, Parrish Aiguier, Matthew Payne, Kyann Kothman, Lalo Longoria Jr., Layla Perez and Sophie Perez.

Grocery Shopping With Children Made Easy

HOUSTON - Few children are "born to shop", especially at the grocery store.

Children who are hungry or tired do not make good shopping companions. To make the grocery shopping experience more pleasant for both parent and child, experts at the USDA's Children's Nutrition Research Center at Baylor College of Medicine in Houston offer the following tips:

*Schedule market trips after meals and naptime.

*Take along a small plastic bag filled with crackers, dried cereal or dried fruit. Never give a child an unwashed piece of fruit from the produce section.

*Use the cart's safety belt and securely fasten the child into the seat.

*Involve older children and ask them to "help" you by placing items in the cart.

*Make a grocery list to avoid the "I wants". This teaches organization and restraint.

The abacus in China is called *suan p'an* or *soo poin*, names that mean "counting," or "reckoning board."

Sheriff Wilson persuaded Stabler to perform in Ozona after meeting him last year through L. P. Bloodworth. However, Stabler says he knew about Wilson long before the sheriff knew about him. As a deputy in Moffatt County Colorado for eight years, Stabler said he had read articles by Wilson in various shooting magazines.

Wilson hopes to make this year's show the springboard for an annual two-day event which could continue to benefit the local library. Friends of the Library are sponsoring the evening as a fundraiser for the library expansion.

Stabler will also donate 10 percent of the evening's tape and CD sales back to the library.

Clay Lindley will also have tapes for sale, and both men will be available to autograph tapes after the show, Wilson said.

music," even if the lyrics are based on fiction according to Stabler.

Because cowboys were only a small part of settling the west, Stabler also does songs about other aspects of the nation's western heritage. "Most people won't be familiar with my songs but will relate to the words because of this area of the country," Stabler said. His greatest hit, "Where the Ponies Come to Drink," is turn of the century cowboy poetry by Henry Herbert Knibbs which Stabler put to music.

Sat'Day Nite in Ozona will be "a nicely balanced show with two musicians and two storytellers," Stabler said. "What is very important with any cowboy gathering is that it is the kind of family-oriented thing that anyone can come to and enjoy without being offended or embarrassed."

A professional member of the Western Music Association, Stabler serves that organization's board of

BOND ELECTION FACT SHEET

THE CROCKETT COUNTY TAX BASE WILL SHOW A SUBSTANTIAL INCREASE OVER THE NEXT 5 YEARS. SINCE NEW COUNTY BUILDING CONSTRUCTION AND RENOVATION MUST BE DONE, THE COMMISSIONERS COURT DECIDED TO CALL A BOND ELECTION NOW, ON AUGUST 12, 1995, RATHER THAN WAIT UNTIL THE TAX BASE IS GOING DOWN.

THE ESTIMATED TAX INCREASE TO PAY FOR THIS ENTIRE BOND ISSUE IS AN ESTIMATED \$0.033 PER \$100 EVALUATION FOR 5 YEARS OR AN ESTIMATED \$0.055 FOR 3 YEARS. CONSEQUENTLY, AS THE TAX BASE FOR CROCKETT COUNTY GOES UP, THE TAX AMOUNT NEEDED (\$0.033) GOES DOWN.

PROPOSITION No. 1 - \$695,000.00

WHY A NEW COURTHOUSE ANNEX?

- THE AMERICANS WITH DISABILITIES ACT REQUIRES ELEVATOR ACCESS TO THE COURTROOM. SINCE THE CROCKETT COUNTY COURTHOUSE HAS HISTORICAL SIGNIFICANCE AND MUST ABIDE BY RULES SET BY THE STATE HISTORICAL COMMISSION, THE ELEVATOR HAD TO BE PLACED INSIDE THE BUILDING SO AS NOT TO TAKE AWAY FROM THE HISTORICAL APPEARANCE.

BECAUSE THE COUNTY CLERK'S OFFICE IS ALREADY VERY CROWDED AND INADEQUATE, THE LOGICAL PLACE FOR THE ELEVATOR IS IN THE JURY ROOM UPSTAIRS AND THE CLERK'S OFFICE DOWNSTAIRS. THE ELEVATOR PROJECT HAS ALREADY BEEN FUNDED.

- THE OLD COURTHOUSE ANNEX WILL REQUIRE EXTENSIVE RENOVATION BECAUSE OF ASBESTOS.

- OLD HEATING AND COOLING UNITS, WIRING AND PHYSICAL REPAIRS, AND INADEQUATE OFFICE SPACE. THE COMMISSIONERS COURT DECIDED FUNDING WOULD BEST BE ALLOCATED FOR A NEW 9,000 SQ. FT. STRUCTURE THAT WOULD SERVE THESE COMBINED NEEDS WELL INTO THE FUTURE.

PROPOSITION No. 2 - \$80,000.00

WHY A LIBRARY EXPANSION?

- AGAIN, THE AMERICANS WITH DISABILITIES ACT REQUIRES ACCESS TO LIBRARY MATERIALS LOCATED UPSTAIRS IN THE PUBLIC LIBRARY. AN ELEVATOR IS ESTIMATED AT ALMOST \$100,000.00, AND THE LIBRARY BOARD DECIDED ON A 2,800 SQ. FT. EXPANSION DOUBLING THE PRESENT SIZE OF THE LIBRARY BUILDING AND ELIMINATING THE NEED FOR AN ELEVATOR.

- PROP. 2 BOND FUNDING WILL PROVIDE THE LIBRARY WITH ALMOST 2/3 OF THE NEEDED FUNDS FOR THE EXPANSION, AND ALSO, A MATCHING FUND THAT WILL ALLOW THE FRIENDS OF THE LIBRARY TO APPLY FOR GRANTS FROM THE STATE LIBRARY AND FROM FOUNDATIONS TO COMPLETE THE PROJECT.

PROPOSITION No. 3 - \$80,000.00

WHY A SENIOR CENTER?

- THE SENIOR CENTER IS NEEDED TO HOUSE THE HELPING HANDS, DAILY (ON SITE) CONGREGATE MEALS, AND MEALS ON WHEELS; MONTHLY COMMODITY DISTRIBUTION; AARP MEETINGS; AND THE SECTION 8 HUD OFFICE.

- THE 6,600 SQ. FT. BUILDING WILL PROVIDE MEETING SPACE FOR MONTHLY SOCIAL SECURITY VISITS; MEDICAL SERVICES FOR SENIORS AND DISABLED RESIDENTS, INCLUDING HEALTH TESTING, EXERCISE AND FITNESS PROGRAMS; AND SENIOR SOCIAL ACTIVITIES.

PROPOSITION No. 4 - \$55,000.00

WHY COURTHOUSE RENOVATION?

- AS A CONSEQUENCE OF THE ELEVATOR INSTALLATION, REMODELING IS NEEDED TO UTILIZE THE SQUARE FOOTAGE LEFT IN THE OLD CLERK'S OFFICE. THE NORTH END IS NEEDED AS A JURY ROOM AND THE SOUTH HALF AS A COMMISSIONERS COURT'S ROOM.

CINDY DYER, manager of Perry Brothers, is proud of new items being added by the company. Along with the merchandise is a new look in several departments.
photo by Linda Moore

New Manager, New Look

Perry Brothers store has acquired a new look with the arrival of manager Cindy Dyer. "I usually go to stores and tear things out and rearrange. That's what I do," said Mrs. Dyer who has been a Perry's manager since 1987.

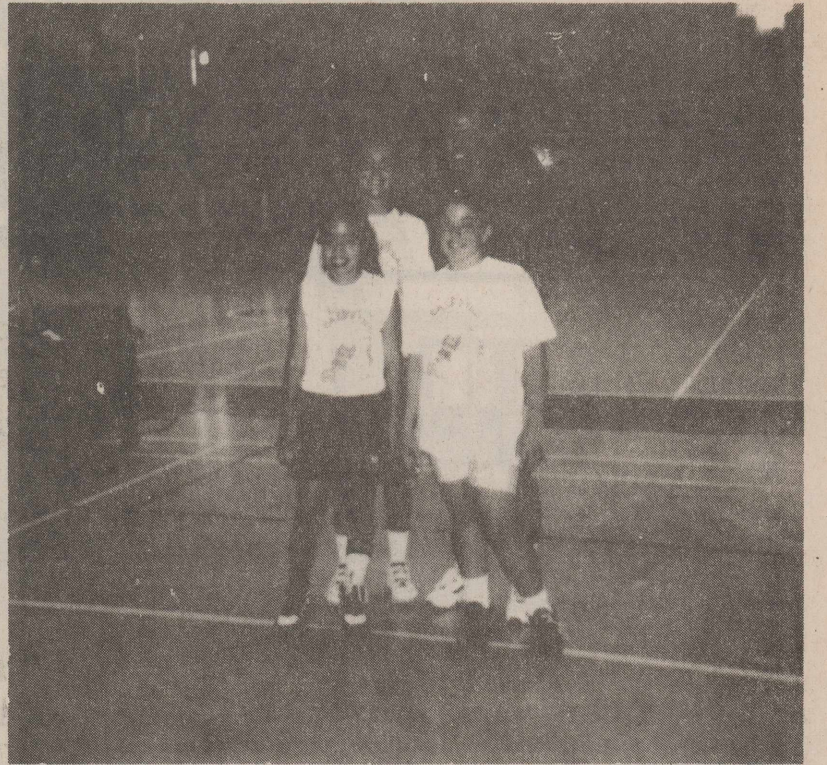

Changes at the Ozona Perry's include a complete \$1 department. Counters were removed and "a lot of new merchandise" brought in, Mrs. Dyer said. The store soon will have a new line of glassware and pots and pans to be placed on counters in the back part of the main room. Plans are to add a two and one-half foot section of homecoming mum supplies which will be out year-round.

Mrs. Dyer drives to Ozona daily from her home in McCamey. She has

been fortunate that her career with the company has kept her in reach of her home in the town where she grew up. Five months after starting as a sales clerk in the McCamey store in 1957, she was promoted to manager of the Rankin store and has since managed the McCamey store twice in addition to being the manager at Crane, Sonora, Iraan and now Ozona.

Husband Bill Dyer is originally from Pecos. They have been married six years.

Mrs. Dyer expects to be a grandmother this week. Son Troy and his wife make their home in McCamey where he is employed by the state highway department. Younger son Jeremie lives in San Antonio.

State Representative - District 65

COLEMAN - Much is being said and done in the way of down-sizing the United States Military forces. Even though I am a member of the Texas State Legislature and not a member of the U.S. Congress, I would like to share my philosophy and observations on what I feel is a most important subject.

First let me say that I served a total of 35 years in the military service, which consisted of National Guard, Army Reserve, and active Army time, retiring in September of 1987. I am a graduate of the U.S. Army Command and General Staff College, where I had the opportunity to study the history of our national military preparedness (or lack of the same). As a Lt. Colonel, I had the opportunity to observe and study our national defense policy and review our past history and experiences.

Experience has shown that as a nation we tend to believe that at the end of each major military confrontation, there will never be another. As a result, at the end of each of these major wars or actions, we have a tendency to dismantle our military machine, often to the degree of rendering it ineffective. After World War I, and in spite of numerous warnings, the United States was not prepared for the war with Germany. As we well remember we had many U.S. military draftees training with units that were equipped with wooden rifles and other similar equipment, and in many cases only had short periods of training for active duty. As a result, these soldiers were ill prepared for combat missions.

For all practical purposes, we saw this happen again after World War II, and again we were ill prepared for the subsequent Korean War. Without going into actual inventories of units and equipment, it appears that we are very probably heading for the same ill prepared end in the degree of down-sizing that is currently being planned and conducted for our U.S. military establishment.

There seems to be a school of thought that since the demise of the Soviet Union there is little or no threat facing the United States in the world. This simply is not the true picture. Both Iraq and Iran have huge military machines, well manned as well as

being fairly well equipped and armed. It is obvious that neither of these nations can be counted on as allies of the United States. North Korea has a huge war machine that is sitting postured along the 38th parallel. They are ready to move at the slightest provocation. China's population, world location and vast military establishment should be considered a major threat to world peace by all other nations.

But, probably the most frightening element is the fact that even though the Soviet Union as we have known it does not exist, all the major components are still there? but without leadership. Russia is having major difficulty making the free enterprise system and democracy work fast enough to meet the expectations of their populace. Several of the provinces and countries that were formally a portion of the Soviet Union are struggling with the problems of self government, their economy and providing for their populations. It is quite accurately surmised that several of these former Soviet provinces have some degree of nuclear capability. The really scary part of this entire scenario is the fact that there is literally no one in charge, since the break up of the Soviet Union. Some of the smaller, struggling, newly formed countries appear to have very little to lose or perhaps they feel that they have nothing to gain by exercising self control in the possible use of their nuclear arsenals. To say the least, when these currently loose knit and loose cannon countries were a portion of the Soviet Union, there was some degree of responsible leadership. This leadership realized that there was the threat of retaliation from the United States, and thus there was something for them to lose. Prior to the Soviet Union disintegration, the Soviet Union and China served as counter balances against each other in the overall world military picture.

My conclusion is that the threat is possibly greater today than it has been in recent years. It is my observation that we do need to modernize, reorganize, and change missions of certain elements of our military force, to make it more responsive to current needs.

Castro And Flores Attend Basketball Camp

Neal Ulmer, Stockman Sportswriter

Middle School sixth graders Erin Castro and Leslie Flores attended the Lady Texans Basketball Camp held on the campus of South Plains Junior College in Levelland July 16-21. The two young campers were among 60 fifth and sixth grades and a total of 200 campers in the second session of the camp.

The girls learned the fundamentals of basketball - shooting, dribbling, and passing drills and both offensive and defensive drills at the five-day camp. They did play competitive games as teams. Both Flores and Castro played together on a team that went undefeated.

Castro, who played point guard received the Best Dribbler Award. Flores, at the post position received the Best Rebounder Award. They both advanced to the finals in the ball handling competition.

Coach Lyndon Hardin, the Women's Basketball Coach at South Plains was the camp director. His staff consisted of six coaches and 20 female counselors. The counselors are members of the women's basketball team at South Plains of which Shea Bennett from Hart is a member.

Flores and Castro said they loved the camp, it was very hard, and they were strict. They enjoyed talking to Bennett and seeing her and the other counselors play in a game during camp. The camp was very tiring as they had a tough workout schedule. They started working on drills at 8 a.m. to 12 p.m., took an hour lunch break and went back from 1 p.m. to 4 p.m. had supper, and play scrimmage games from 6p.m. to 10 p.m. They did get in some swimming in the campus pool when they had a little spare time.

Control Of Arthritic Joint Pain

HOUSTON - Arthritis sufferers can control joint pain if they have access to a pool and remember the three R's: relaxation, range of motion and resistance.

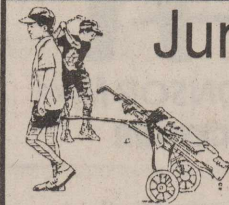

"Regular exercise can be better than medication for many people," said David Brennan, an exercise physiologist at Baylor College of Medicine in Houston.

The first R, relaxation, is as simple as easing into the pool, tensing the muscles and slowly relaxing them several times.

The second R, range of motion, involves slowly rotating and flexing the joints that need exercise. This may require the help of a therapist to be sure the arm or leg is moving correctly.

Resistance, the third R, builds muscle strength around the joint by increasing the speed of underwater movements. Strap-on devices that capture more water with movement can create greater resistance.

A typical pool workout should last about 30 minutes.

Private Property Rights Train Picking Up Steam

Well, it's about time. After making life difficult for this nation's property owners for the last two and half years, the Clinton Administration last week announced it plans to start exempting small property and home owners from some environmental regulations. In addition, Interior Secretary Bruce Babbitt said he now supports reforms to provide greater flexibility to states within the framework of the Endangered Species Act (ESA). However, he emphasized that the process for listing a species should continue to be run by the feds.

This is the first time I can remember that anyone in this Administration has admitted that the ESA sometimes goes too far. While ranchers, farmers and small business owners across the country have long understood that

many of these regulations are extreme and ridiculous, it took a while to get through the thick, bureaucratic skulls in Washington.

The Administration's rhetoric sounds like pretty good news, and I will be watching to see if they keep their word.

In the meantime, Congress is taking solid action to protect private property rights. Rep. Richard Pombo (R-Calif.), who joined me for a private property rights field hearing in March, is drafting a bill to fundamentally reform the Endangered Species Act. This legislation seeks to balance the goal of conservation with human needs like private property rights and employment.

As Texans know better than anyone, most private property owners are

not out to slash and burn their property and kill off their wildlife. In fact, most folks out here want to conserve the resources which make Texas a great place to live. Mr. Pombo's bill would encourage private citizens to voluntarily protect species with cooperative management agreements, habitat reserve grants, land exchanges, habitat conservation planning and technical and financial assistance in developing management strategies.

In addition, this bill would provide for compensation for property owners who lose at least 20 percent of their property value as a result of federal action, give states a greater role in all decisions and give Congress more oversight of the regulatory process. As I said earlier, this bill is in the draft stage and I will let you know the details when it's complete.

Just one year ago, the private property rights movement began to pick up steam in Congress. Now it's a fast-moving train that even the President is trying to catch. It's beginning to look like America may once again become the land of the free.

Local Team Wins Rehab Golf Classic Scramble

The Abilene Country Club hosted the fifth annual West Texas Rehab Golf Classic finals Monday, June 12, with 15 teams representing 13 West Texas communities competing in either a scramble or the Best of the West division. Courses in the following towns sent teams for the finals: Abilene, San Angelo, Ballinger, Big Lake, Haskell, Ozona, Robert Lee, San Saba, Baird, Clyde, Sonora, Winters and Colorado City.

Teams either competed in a scramble division after having qualified at tournaments in their respective communities, or in a Best of the West division. Jennifer Beasley, Wade Beasley, Kent Hokit and Benny Wilson, representing Ozona Country Club, won the scramble division, a select shot format, with a score of 57. The team from Shady Oaks Golf Course in Baird scored 133 in a low two ball format to win the Best of the West Division.

The series of qualifying tournaments and the finals has raised in excess of \$50,000 for the West Texas Rehabilitation Center in Abilene and San Angelo. Sam's Club/WalMart Stores/Supercenter made a tremendous commitment to the success of this event with \$10,000 underwriting for the Golf

Classic Finals. The sale of local and regional hole sponsorships at all qualifying tournaments generated funds to help the Rehab Center provide its services to more than 14,000 disabled children and adults each year.

Among the major sponsors were Shannon Medical Center of San Angelo, Mrs. Baird's Bakeries and Xerox - Mark Spurlock of Abilene, and Cellular One, H-E-B Stores, West Texas Utilities of San Angelo and Abilene.

Regional sponsors included San Angelo Standard-Times, Pinkies Liquor Stores, River Crest Hospital, the Allstate Foundation, Associated Publishing and Telecommunications Systems and Supplies Inc., all of San Angelo. Also Abilene Reporter-News, Lee Medical Supply, Mail Advertising Corp., Skinny's Convenience Stores, Southeastern Bell Mobile Systems and TCI Cablevision, all of Abilene.

Local tournament sponsors included Lilly Construction, Crockett County National Bank, Ozona National Bank, Circle Bar Motel/RV Park, Circle Bar Cable TV, Baggett Agency, Johnny Childress Real Estate, Ozona Stockman, Union Pacific Resources and Mike Williams Construction Inc.

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by drought are being accepted at the Rural Economic and Community Development office located in Eden. RECD County Supervisor Fred Greenway said.

Crockett County is one of 10 in Texas recently named by Secretary of Agriculture Dan Glickman eligible for loans to cover part of actual production losses resulting from the drought.

Fred Greenway said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an RECD

emergency loan," Greenway said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under the emergency designation will be accepted until Sept. 26, 1995, but farmers should apply as soon as possible.

Delays in applying could create backlogs in processing and possibly over into the new farming season," Greenway said.

RECD is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a

substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or co-operatives in which U.S. citizens hold a majority interest.

The RECD office in Eden is open from 8 a.m. to 5 p.m. Monday through Friday.

Plateau Cellular Upgrades Coverage

Officials of Plateau Cellular Network have announced that construction and installation have been completed at a new cell site at Chancellor Hill in Southwestern Texas. Chancellor Hill is located off Highway 67 between Fort Stockton and Alpine in Pecos County. The new cell site combined with recent upgrades on a site in Alpine will provide new and improved cellular coverage in southern Pecos County and northern Brewster County. The site became active on July 14.

Plateau Cellular Network operates on behalf of ENMR Telephone Cooperative in Southwestern Texas. The cellular company provides cellular phone services in 14 counties in New Mexico and 28 in West Texas. The company headquarters are located in Clovis, NM.

Retirement Age Increasing

The retirement age for full benefits will increase from 65 to 67 beginning with people born in 1938 and later. The increase will take place gradually each year until people born in 1960 will receive the full two years increase. Early retirement will still be available at age 62, but the reduction for early retirement will increase from 20 percent to 30 percent.

Library Update

Library Expansion and Proposition 2

As stated previously in this column, the Friends of the Crockett County Public Library have been raising funds for the expansion of our library to allow us to more than double the size of the library and enable us to house the rapidly expanding collection of books and other materials, plus allowing for future expansion and updated resource housing requirements.

When it first opened, the Library housed 2,500 volumes and now houses 35,000 volumes. The library has grown rapidly to better serve the community.

The library expansion has been very carefully thought through, plus being thoroughly planned and researched. The architect has drawn up a e-modeling and construction plan which complements the original Spanish style of our library building, yet creates much needed additional space.

In addition to storing printed matter, the additional space will enable the library to house multiple computer workstations with access to the Internet; planned access to the Big Country Library System Network of 32 libraries' collections; and

extensive in-house CD-ROM research capabilities.

The Friends of the Library have raised about \$50,000.00 through local fund-raisers and have applied to various foundations for additional grant moneys. One of the reasons cited by foundations for not readily awarding funds to the Friends is the lack of local county government support for the project.

The decision is yours! The commissioners have included the library expansion in the upcoming bond election August 12. Proposition 2 will provide \$80,000 for the library building expansion. Proposition 2 will additionally provide the Friends with matching funds which will allow us to re-apply to the various foundations showing our full community participation and county support.

Mark your calendars to vote YES for Proposition 2 and support the library in this time of critically needed expansion.

For more information, just call your Crockett County Public Library at 392-3565.

The plans for the expansion are available for inspection on request.

Dinosaur Days Aug. 5-6 At Glen Rose

Dinosaurs, Dinosaurs and More Dinosaurs is the theme for Glen Rose's second annual "Dino Days" in the air-conditioned Somervell County Exposition Center on Aug. 5-6. Glen Rose is the home of Dinosaur Valley State Park where tracks of the huge creatures can be seen in the Paluxy riverbed.

Heading the event is "Dinamation", a fantastic exhibit of robotically animated, scientifically accurate Dinosaurs. Featured is a 22 foot tall Tyrannosaurus Rex (of Jurassic Park fame). Other moving, roaring creatures that are lifelike in every detail join T-Rex on the floor of the main arena while a giant Pteranodon flies overhead. The exhibit is arranged through courtesy of the Fort Worth Zoological Society and the Fort Worth Zoo and provided by Dinamation International of Irvine, CA. Museums, universities, historical and paleontological societies and other organizations are lending displays to make "Dino Days" a once-in-a-lifetime experience.

Big Rock City Children's Area will have Dinosaur Digs, face painting, Stickosaurus Races, Dino puppets, a pet show for dinosaur look-alikes or costumed pets, clowns, plus many other fun-filled games and activities for the young at heart of all ages.

There will be a carnival, continuous live entertainment on the main stage, arts and crafts booths and exhibit. There will be a country and western dance for adults and a Rock Hop for teens on Friday night.

Prizes will be given for many contests and group guided tours are available to view the tracks at Dinosaur Valley State Park and to Fossil Rim Wildlife Center, Comanche Peak Nuclear Power Plant and other local points of interest and attractions. The Promise, a musical drama of the life of Christ, will be performed at the Texas Amphitheater on Friday and Saturday nights.

Nineteen youths from four counties attended a five-day Hunter Education Camp at the Parrie Haynes Ranch south of Killeen. The camp was sponsored by the Texas Game Warden Association.

Funds for the camp were donated by the Crockett County DeerFest Association and Crockett County. The transportation was furnished by the Texas Parks & Wildlife Department, the Concho Valley Council of Governments and Chuck Cosper.

Activities at the camp included hunter education, fishing, canoeing, archery, wildlife study, and camp

cooking. The group also saw educational and safety films, participated in hiking, shooting, and swimming and got a lot to eat.

The game wardens presented the campers with several awards. Receiving the Best Over All Camper was Cole Wadsworth. Others receiving awards included Best .22 Shot-Cade Clark, Best Muzzle Shot-Jomie Tebbets, Jr., Best Archery-Josh Tambunga, Best Shot gun-Daniel Gonzales, Best Orienteering-Robert Quiroz, Best hunter Skills- Trey Hale, Most Valuable-Chad Flanagan, Quietest Camper Timothy Batura, Best Sport-Ryan Bean, Best Canoeist-Jeff (from Austin), Most Cordial-

Bryan Perry, Largest Vocabulary-Ben Reese, Best Looking-Amanda Hignight, Best Fisherman-Joseph Knaack, Best Beaver Impersonator-Chase Adams, Neatest Camper-Jimmy Nowell, and Second Best Neatest Camper-Ronnie Tippie.

Direct Deposit Works For America

By signing up for direct deposit of your Social Security benefits you not only help yourself - you help America to be more efficient. This year alone, direct deposit is expected

to save taxpayers more than \$100 million on the delivery of Social Security benefits. You may ask your bank or call Social Security at 1-800-772-1213 to have your benefits deposited directly to your account.

Healthy Eating Is Best

HOUSTON - Your mother was right when she said, "you are what you eat".

What we eat plays an important role in reducing heart disease risk, controlling high blood pressure and diabetes, and preventing and treating obesity, say researchers in The DeBakey Heart Center of Baylor College of Medicine and The Methodist Hospital in Houston.

Eating for good health does not require large doses of vitamins or minerals. The key to healthy eating is eating a well-balanced diet that includes a variety of foods, said registered dietitian Lynne Scott, director of Baylor's Diet Modification Clinic.

"It is much better to get the vitamins and minerals we know are beneficial from food rather than from supplements, which can cause side effects," Scott said.

Keeping A Lid On Nutrients

HOUSTON - When preparing vegetables, avoid sending valuable nutrients down the drain. Important vitamins and minerals may seep into cooking water and be discarded, said Corinne Montandon, a research dietitian at the USDA's Children's Nutrition Research Center at Baylor College of Medicine in Houston.

The amount of nutrients lost depends on the freshness of the food to

begin with and the method of cooking. To preserve the nutritional value of foods, Montandon suggests:

- *Shopping frequently and buying only as much fresh produce as you'll need in a few days.
- *Cooking foods in the shortest time possible.
- *Washing vegetables thoroughly without soaking them.
- *Avoiding deep-fat frying, which robs food of vitamins.

Ozona Places Five On All-District Team

Neal Ulmer, Stockman Sportswriter

The 1995 Ozona Lions Baseball Team placed five members on the District 5-2A Baseball Team. Chris Sanchez was placed on the Standard-Times' All-West Texas Baseball Team as a utility player.

Also chosen on the first team all-district were Jesse Garza and Andres De La Garza. Chosen honorable mention were Lance Jamerson and Pete Castaneda.

Sanchez led the Lions to a 13-5 record and to the bi district tilt with Coahoma. He played the two most difficult positions for the Lions - pitcher and catcher. On the mound, he was 5-2 and finished with 54 strikeouts. At the plate, he hit .340, had two home runs, scored 20 runs and stole 26 bases.

"Chris was the backbone of the team, real consistent behind the plate and spurred the team when needed," Coach David Delgado said.

In 16 games, Garza who had played short stop and center field, had a .600 on base average, scored 26 runs

and swiped 35 bases. De La Garza hit two home runs and batted .480 in 16 games. On the mound, Castaneda went 5-2 and helped the Lions out of several difficult circumstances. Jamerson playing first base had a .380 batting average and a .520 on base average.

"Jesse was an excellent fielder and a great lead-off man. Andres was also an excellent fielder at short stop and the most consistent batter all year. I was pleased with the selection of these young men which added greatly to our ball club," added Delgado.

Experience enables you to recognize a mistake when you make it again.

Ozona Pirates Compete In District Tournament *TAAS Exit

Neal Ulmer, Stockman Sportswriter

The Ozona Pirates experienced strenuous competition as they finished fourth in the district tournament of the Texas Teen-age Baseball Tournament held July 17-19 in Crane.

This is the second year Ozona has competed in the junior division of the organization. This summer recreation program is devoted to teaching good sportsmanship, team cooperation, fair play, discipline/self control and competition on an equal basis for Texas boys and girls ages 13-18.

Ozona furnished three teams--the Sox, Longhorns, and the Pirates to compose a five team schedule with Sonora's two teams--the Braves and the Rangers. The Ozona Pirates finished first with a 9-1 record and earned a spot at the district tournament.

Four teams competed in the district tournament, including the Kermit Cubs, Monahans Astros, Crane Athletics and Ozona. Monahans won the district tournament, followed by Crane, Kermit and Ozona.

Ozona met Crane on July 17 in their first game and nothing seemed to go right, according to Coach Edward Fierro. "We knew what to expect from them but were still unable to play good defense, the guys just couldn't get into their rhythm," said Fierro.

In the third inning, Ozona's defense gave up an infield homerun, were not

able to control the game and lost by a score of 20-0.

On Tuesday, Ozona played Kermit, who was beaten by Crane 21-0 the day before. Ozona played some great defense at the start of the game but could not get their bats going. After four innings of play Kermit led 9-0.

The Pirates came alive in the fifth inning as they scored four runs off of six hits. Kermit scored two runs in that inning and added five more runs in the sixth to put the game away with a final score of Kermit 16, Ozona 4.

"Although we didn't win, I am still extremely proud of my team because when they were down 20-0, they still were able to have fun just playing ball--that's what it is all about," said Fierro, "kids having fun."

Fierro, assisted by Coach Frank Moran, would like to thank all the players and their families for a great season. "Thanks to parents for putting up with our long practices," he said.

Playing on the Pirate team were Martin Cordova, Jamie Ramos, Efran Ramirez, John Ortiz, George Hernandez, Robert Daniels, Steven Martinez, Robert Kelly, Kenny Vargas, Peter Rodriguez and John Esparza.

The Monahans Astros, as first place winners in the district tournament will play in the state tournament on July 25-30 in Snyder. Nine teams will be competing in the state tournament.

high-level academic skills and are truly more difficult. Because the TAAS was more challenging, the State Board of Education phased in the 70 percent standard for seniors over a two-year period beginning in 1992. This allowed students and educators to prepare for the more difficult TAAS exit-level tests.

Students have eight opportunities to pass the exit-level TAAS test, beginning in the spring of their sophomore year. Seniors as well as other students and individuals no longer in school who failed one or more parts of the test can continue taking it until they pass. There is no limit to the number of retakes. Students and others who need to take the test should check with Mr. David McWilliams in the OHS guidance office.

I want to congratulate the Ozona High School Seniors of 1995, their teachers, parents, principal, counselor and our community for enabling us to reach this milestone.

No ideas is so outlandish that it should not be considered with a searching but at the same time with a steady eye.

Full Service Banking Means Serving The Community

Many financial institutions and companies claim to serve the community, but no one offers as many financial services as our bank. You'll find we offer checking accounts -- many that pay interest --, safe deposit-boxes, consumer loans for cars and other needs, commercial loans for equipment, operating expenses or expansion; home improvement and financing loans, plus a variety of other services to make your life easier. And you'll find officers and members of our staff involved in community and religious activities. It's this kind of personal service that makes our bank a community institution. Shouldn't you be banking with us?
