## Family Health Center Shines For Open House

Open house at Family Health Center of Ozona gave residents an opportunity to tour the facility Sunday afternoon. Renovations at the former hospital were admired by some 50 guests. The center opened July 1 as a part of Shannon Health System.

Here from Shannon for the event were John Geanes, chief executive officer; Dan Stultz, chief medical officer; Lawrence Leonard, senior vice-president; and Paul Adams, assistant vice-president.

The clinic is directed by Peggy McWilliams, R.N., and Marcus Sims, D.O., provides patient care. A physician's assistant is being sought for Ozona.

"Some physician's assistants specialize in surgery and some in clinics; some have been medics in the military," said Geanes. "It is a good way to keep from wearing your doctor out by having a P.A. available."

Others working at the health center include four registered nurses, two licensed vocational nurses, three nurses' aides, one part-time nurse aide, two part-time registered nurses, two clinic receptionists, and three lab technicians.

Dr. Sims expressed pride in the new quarters. "The facilities are nice and modern. It will provide a lot better atmosphere," he said. "We are still in the experimental stages. Like any experiment, there are always problems and bugs to overcome. Hopefully, we will get those worked out and things will run more smoothly."

The doctor's professional services were required during the open house. Emergency patient Daniel Aguilera, young son of Maribel Limon, required three stitches in his head after being hit with a golf club.

Lawrence Leonard also indicated his approval of the facility. "We are very pleased about the way the clinic turned out. With what we have in place, it will serve the needs of Crockett County." The clinic has been busy, and after hours care is also going well, Leonard said. Across the country small hospitals are having a hard time and are turning to outpatient clinics to help out according to Leonard.

Wherever they have clinics, there is a partnership between the community and Shannon, Leonard continued. "Everything we do in this clinic is to

serve the patients of Crockett County."

Dan Stultz expressed confidence that Dr. Sims, the community and the future P.A. will decide what additional medical services may be needed in Ozona. "It will be up to them to determine the right mix. We're interested in doing the right partnership with Marcus and the clinic," he said. "We want to utilize Crockett County's EMS and facilities as best we can."

Geanes spoke of the access to specialists through Shannon. "We did rural heart research and knew there was a big demand for that." Shannon sends two cardiologists to Del Rio twice each week where they see some 35 patients, he said. In November Shannon will have a mobile mammography unit for use at its community clinics.

Judge Jeffrey Sutton officially welcomed Shannon Hospital to Crockett County. "I think this is a good facility for the county in that we can provide the services we were providing more efficiently and more economically," the judge said. "This will be a tremendous savings for the county in the long run."

## Man Injured In Hit And Run

Alan Anthony of Ozona received a concussion and whiplash when his vehicle was knocked into the parking lot at Fierro Shell Sunday night. Anthony, who braked and did everything he could to avoid the accident, was left unconscious by a driver who didn't stop, said DPS Trooper Ben English.

Anthony was driving north on Hwy. 163 when a car turning east on Santa Anna Street hit his vehicle at 9:05 p.m.

"This is an unconscionable act and should not happen in our community," said English. The officer is asking anyone who saw the accident

or has information about the car or driver to contact him at the DPS office. "I will return your call," English promised.

The injured man is not certain which way the car went, but he did see that it was a large white 4-door American-made car. English believes the vehicle was made in the 1970's judging by chrome parts at the scene.

"I will appreciate any and all assistance," said English. The accident is a felony hit and run, and Anthony's injuries would have been much worse if he had not been wearing a seatbelt, English said.

## 1961 Was A Very Good Year

By Sandra Whitaker Warren

Saturday, July 20, 1996, the diverse and dynamic Ozona High School Class of 1961 gathered at the civic center for an exciting 35th reunion. A reception for family and friends started the festivities. For the luncheon, hamburgers were grilled for the graduates by Bob Childress, Jim Doran and Earl Acton.

The afternoon began with storytelling about the funniest things that had happened to us during our high school years. Of course, some of these "tall tales" get better with each passing year.

Janie Everett Latona, reunion organizer, presented some "prestigious" awards to the alumni. These

included Bald is Beautiful, I've Changed the Least Since '61, My Hair is Totally Different, No One Knew Me at my Reunion, and I've Travelled the Farthest to Ozona. Then came a tour of the high school and Heritage Building arranged by Sandra Childress.

For the evening meal, the class met at the Hitchin' Post for food and to continue with the gossip. On Sunday, the group met in the park for a devotional service.

Guests included the following: Fred "Pete" Hickman, Al and Mildred Fields, Tommy and JoNel Stokes, Kathy Doran Castanguy, Mike Philbrick, Verna Anderson, Sandra Childress, Dorothy Eddy, Tony Latona,

Ty and Charlotte McElwain, Terry McElwain, Fanny Everett Southern, Opal Everett, Kenneth Wendland, Lamar and Katy Coates, Earl Acton, Mary Logan, Alisa Batey, Jimmy Sutton and family, Edna Tambunga, Harold and Ann Shaw, Demp and Katy Jones, Bobbie and Kelbie Renfro, Johnny Childress, Pleas Childress Sr. and Charlie Branch.

If anyone has information about the following ex-classmates, please contact Pam Acton or Anne Davidson. We are looking for Priscilla Stewart, May Lou Zunker, Cathy Hester, Mike Stiles, Wayne Scrivner, Nora Wallace, Lynda Merritt, Mary Ann Hale and L. C. Poindexter.

## 4-H'ers Get Legislative Thrills At Congress

Passing bills through committees, the House of Representatives and the Senate was the focus of an exciting and challenging week for three Crockett County 4-H'ers. The group attended the annual Texas 4-H Congress in Austin this month and gained citizenship experience to last a lifetime.

Jason Hignight, David Martinez and Tonya Petty each introduced bills and helped push their legislation through. Unfortunately, time ran out and because of placement on the House and Senate calendars, only Martinez's bill became law.

The three agreed that the committee work and arguing bills were the most exciting features of Congress, which also included tours of the Capitol building and LBJ Library, a banquet and nightly dances.

Petty said one of the biggest frustrations was not being called on during a legislative session—apparently the Speaker didn't see her because she was in the back of the House and was

so short! However, she did enjoy having the opportunity to use some of the knowledge gained during her recent stay in Washington as a House Page for Representative Henry Bonilla.

Congress is held every other year and is an excellent opportunity for youth to experience the legislative process firsthand. It is only one of many leadership and citizenship experiences available through 4-H.

For more information about 4-H

and how your child can benefit from participation in the world's largest youth-serving organization, contact Tedra Ulmer at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

<sup>11</sup>And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

<sup>12</sup>And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good.

<sup>13</sup>And the evening and the morning were the third day.

## 4-H'ers Needed To Help With Crockett Birthday, School Enrollment

4-H members and parents are needed to help with the David Crockett Birthday Celebration Saturday, Aug. 3.

Members are invited to bring a 13x9 inch cake to the park at 1 p.m. The cakes should be uniced and can be from a mix. Any flavor is fine. The cakes will be combined into one huge cake for the birthday celebration, and 4-H'ers are invited to stay and have fun decorating before the party at 3:45 p.m.

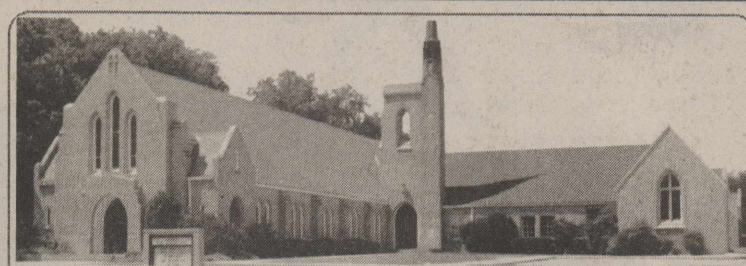

Members are also needed to help make and serve lemonade to the Crockett family during the reception.

Anyone who can help is asked to call Sara Hignight or the County Extension Office at 392-2721. Please let them know if you are bringing a cake so enough frosting can be prepared.

4-H'ers are also needed to help with 4-H enrollment during school registration this week on Wednesday, Thursday and Friday at the intermediate and junior high. Please call the County Extension Office immediately if you would like to help. Duties include asking other students to join and helping them fill out enrollment forms.

### "Let's Clear The Air"

I think that it's time for a major misunderstanding to be cleared up. I have heard (even from some misinformed preachers) that when we lose a loved one, or a close friend, "the Lord took them". Many folks today believe that God is responsible for someone dying when the real truth is, "Satan comes to steal, kill and destroy" (John 10:10).

Many today somehow fail to see that God is a good God and He does NOT kill people. I remember when my son, Jake, was 6 years old. He was kicked in the head by a horse and was comatose and near death. I knew that God had given me a son and that He wasn't now going to kill him. We prayed and continued to pray, even when the doctors couldn't get him to wake up. We stood on God's Word and refused to believe the bad news. It's not that we were in denial, we were simply believing for a miracle! When the nurse taped the tongue depressor to Jake's headboard and stated that we needed to be prepared for seizures, I told her that we were prepared for a miracle! Jake left the hospital 3 days later totally healed! I don't believe that God chooses to heal some and not others. No, according to the Word of God, God is health...We just get talked out of the miracle. We often give up too soon or do not truly believe God's Word.

Now here is proof! My friend, try to find one instance in the New Testament where Jesus choose not to heal someone! You won't find it!

## Wisdom For Your Children

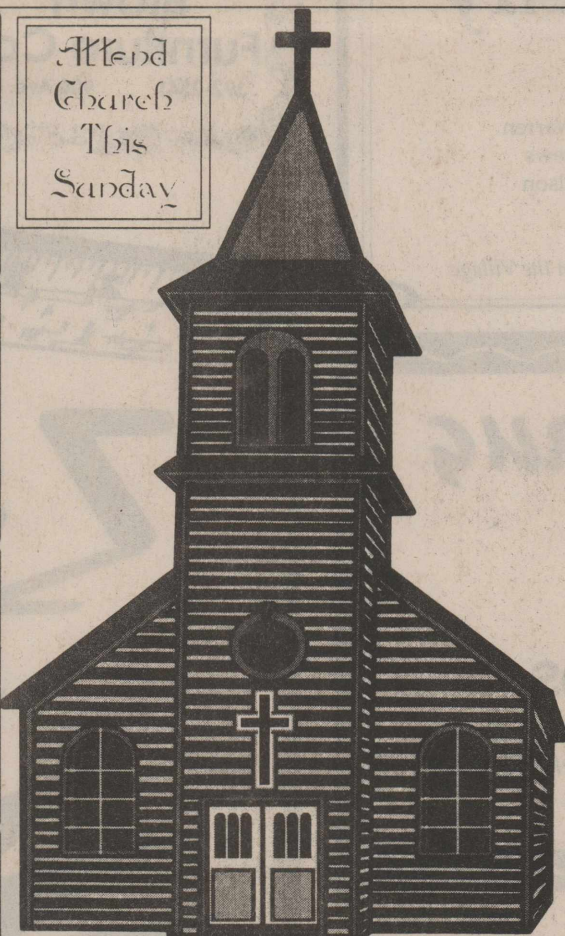

By Dennis J. Prutow

If you are a parent, you want your children to grow into wise and understanding adults. That is, you want your children to properly understand the world around them so they will be happy and well adjusted. All parents want this. You are anxious for your children to excel in school. You no doubt encourage and help your children with their school work. However, the three R's, reading, 'riting and 'rithmetic, do not, in themselves, make your children wise. They give your children access to the wisdom of the men and women of old. They open them to the many technological advances of modern science. For these

reasons they are of utmost importance.

Yet the original reason schools were begun in this country was to enable children, and adults, to read the Book of books, the Bible. Here is real wisdom, wisdom from God. As Moses said to the ancient people of God, "See, I have taught you statutes and judgements just as the Lord my God commanded me...So keep and do them, for this is your wisdom and your understanding" (Deuteronomy 4:5-6). Yes, reading, understanding and following God's Word in the Bible makes you wise and understanding.

Don't insulate your children from the single most important source of wisdom there is. Lead them to God and to His wisdom found in the Bible.

## Mohair Council Directors Meet In Kerrville

### New Promotion Fund Update . . . . .

Mohair growers will learn how their new promotion fund is developing when they attend the summer meeting of directors of the Mohair Council of America in Kerrville Aug. 14-15.

Layton Black of Goldthwaite, council president, said a highlight of the summer meeting at the Inn of the Hills will be a report on the voluntary deduction program that was just initiated June 1 by the reorganized Texas Mohair Producers Board. The producers commodity board will meet at 10 a.m. Wednesday, Aug. 14, and growers are invited to attend.

Other matters on the Mohair Council agenda, Black said, include an update on the value added program proposal and how the National Sheep Improvement Center funding programs can benefit the Angora goat and mohair industry and the Market Assistance Program available under the U. S. Department of Agriculture.

"We are working hard to come up with alternative financing for future mohair promotion and market development programs that were previously paid for through funding from deductions made under auspices of the Na-

tional Wool Act," Black said.

The Mohair Council's executive committee will meet at 2 p.m. on Wednesday, Aug. 14, followed by a reception at 6 p.m. for growers and directors at the Kerrville residence of Council vice-president Lanny Leinweber.

The summer directors' meeting will begin at 9 a.m. on Thursday, Aug. 15, in the Medallion Room at the Inn of the Hills. Registration and coffee will be at 8 a.m.

Black said the council is celebrating its 30th year of operation, and he urged growers to attend and provide input for future planning of industry promotion and market development programs.

### Consumers Warned About Mercury Face Cream, Necklace

Last week another consumer alert was broadcast by the Texas Department of Health regarding a mercury-containing product. Not only is this something everyone should be aware of, but it's important because this is the second recent alert involving mercury.

What is mercury and why should we be concerned? Mercury is a silvery-looking metal which is liquid at room temperature. Most of us have seen it in thermometers, where it is enclosed by the glass. However, it is a toxic hazardous substance, and if spilled, can be inhaled as vapors and can be absorbed by the skin.

Exposure to mercury, particularly prolonged exposure, can affect the brain and nervous system, causing vision, hearing, memory and learning impairments. Nervousness, short-temperedness, appetite loss, impaired nerve-muscle coordination, digestive problems, skin rashes and kidney damage and failure are also potential consequences. Asphyxiation can occur, and other severe symptoms include nausea, vomiting, bloody diarrhea, and severe abdominal pain.

Somewhat nasty stuff and we'll just stay away from it - right? Unfortunately, two products - a face cream and a popular type of necklace - have been found to contain high levels of mercury in recent months.

Testing by the Texas Department of Health's laboratory has determined a suspicious silver liquid in glass-vial necklaces which are popular among school children in the lower Rio Grande Valley is mercury. The necklace consists of a clear glass vial attached to a waxed cord. The vials vary in shape and are filled with mercury and another liquid in assorted colors.

"This is a protective measure," said Dr. David Smith, Texas Commissioner of Health. "The last place we should find a hazardous substance is hanging from a child's neck." The danger comes if the vial breaks and releases the mercury. Necklaces should not be thrown in the trash, but should be taken to the nearest hazardous waste disposal site. A location can be obtained by calling the Texas Natural Resource Commission at 512-239-2334, or the local Health Department at 392-2996.

If you have information about where the necklaces are being sold or manufactured, call the TDH's Product Safety Program at 512-834-6773. The people manufacturing the necklaces could also be at risk from prolonged exposure to mercury vapors.

The face cream is also a dangerous product, and users who have been tested show elevated mercury levels and mercury poisoning symptoms. The cream, sold as Crema de Belleza-Manning (Manning Beauty Cream) or Nutrapiel Creaming, was manufactured in Tampico, Tamaulipas, Mexico. The cream has turned up from Texas to California, and contains about 1,000 times the amount allowed for use in the U.S.

Although the cream is sold primarily in Mexico and production has now been halted, it is turning up everywhere from store shelves in the U.S. to flea markets, door-to-door perfume salesmen, and multi-level marketing. Some labels may be in English as well

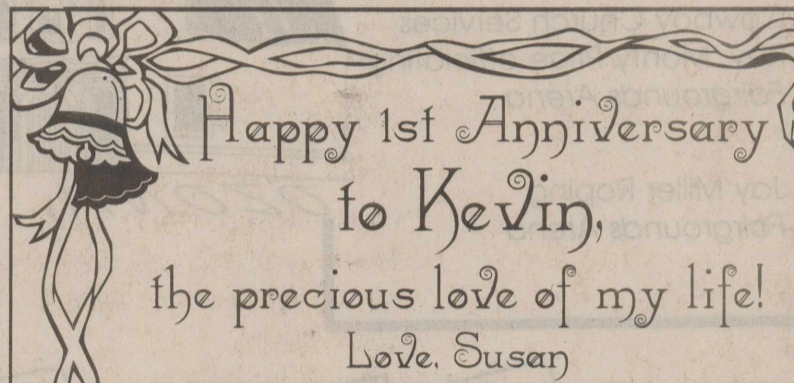

as Spanish. Instructions say to use the cream for greasy skin, acne, pimples and blackheads.

The Department of Health warns consumers who have the cream to stop using it immediately and to dispose of it like other hazardous household wastes such as paint, pesticides and motor oil. Anyone having used the cream should see their physician at once.

For further information, consumers can contact Andrea Abel, Office of Border Health, at 512-458-7675.

## 4-H'ers Asked To Apply For Annual Awards

4-H members in Crockett County should turn in their applications for 1995-96 awards, according to County Extension Agents Tedra Ulmer and Miles Dabovich. The annual 4-H recognition banquet is slated for Monday, Sept. 16.

All members who completed a project during the 1995-96 4-H year are eligible to receive awards. Again this year, instead of one single medal, 4-H members who were in the third through ninth grades last year can receive a plaque and five disks representing various achievements, project activities or membership levels for that year.

"Award disks are not retroactive - that is, you can only apply for award disks in projects you participated in this year. If you didn't pick up your disks for last year's plaque, you can purchase them by ordering through our office," said Ulmer, who noted plaques and nameplates will be ordered for those who do not have them.

"This is a new system, and we need everyone's cooperation to get applications in so awards can be ordered," said Ulmer, who noted the final deadline for third through eighth graders to turn in applications is Friday, Aug. 16, at 3 p.m.

Awards applications will be handed out in the intermediate school during registration week and should be turned in immediately to the school offices, or may be brought to the Extension Office located at 1301 Ave. AA.

Senior 4-H members will receive a medal and can also apply for major awards such as Gold Star, I Dare You, Dan Bean Memorial Scholarship and Mother Davidson.

Information and applications for both junior and senior 4-H members will be mailed out this week in the regular 4-H newsletter. Also, any senior 4-H member who completed a record book does not have to fill out an application for Gold Star, I Dare You or Mother Davidson. They will automatically be turned in for consideration. However, the memorial scholarship does require an additional form.

A record book is required to apply for Gold Star and Mother Davidson. A 4-H member should have already

received or concurrently receive the Gold Star before receiving the Mother Davidson award for outstanding 4-H member.

For more information about 4-H recognition, contact the Crockett County Extension Office at 392-2721.
