

Alfalfa Milling Plant Gives Big Muleshoe Payroll

Interesting facts about dehydration of alfalfa, new developments in the industry, and something about the meaning of the local plant to the economic life of the community were related for the Rotary Club members and guests at the Tuesday luncheon by Arlys Leveridge, manager of the National Alfalfa Milling & Dehydrating Co. here.

The local mill employs an average of 245 persons during the milling season, which lasts about 6 months. These people draw an average weekly salary of \$80, Mr. Leveridge said. Five people are on the payroll at the plant the year round.

The local mill dehydrated 5,434 tons this year and took alfalfa from some 1400 acres in the area. Dehydrating, Mr. Leveridge said, was originally intended to help eliminate hazards of the weather in harvesting and processing the hay; now, however, it has been found that dehydration has several advantages over haying of hay, since vital elements, principally Vitamin A, is retained to a larger degree.

Dehydrated hay must test a protein content of 17 per cent as a minimum. Highest protein hay Mr. Leveridge has tested here had a percentage of 26. He thinks that fertilizing and care in selecting proper cutting time is responsible for raising protein content.

Mr. Leveridge predicts that at some time in the near future alfalfa will be harvested with a double machine, such as sorghum grain is combined. Such a machine as he dreams of would cut the hay in the field, dehydrate it, and turn the product into alfalfa pellets. He admits this may be a dream, and at best probably will come in the distant future.

Guests for the meeting included Wayne Brown, Drew Watkins, Charles Logan, and Preston Hawks, Sudan Rotarians making up their attendance; and Bob Morris, Amarillo, a guest of D. E. Lancaster.

The club voted to have their annual Christmas party and ladies night the evening of Tuesday, Dec. 11, in Leigon's Dining Room.

Don Moore Heads Ex-Students Group

Don Moore, manager of Union Commission, was elected president of the Muleshoe Ex-Students Association at a business meeting here Friday night. The meeting followed a banquet for alumni and teachers, prior to the homecoming game.

Jerry Nell Toten was named vice-president, and Mary Frances Holt was elected secretary. Jack Young is publicity chairman.

Directors include Martin Oliver, Carl Barnert, Charles Allison, and Ruby Hart.

Rev. Dean Smith Guest Speaker At Lions Luncheon

Rev. Dean Smith, pastor of the Muleshoe First Christian Church, briefly outlined the history and growth of his Church in a talk to members of the Lions club at Leigon's Wednesday noon.

Smith told the club that the Church arose in frontier days and with the westward movement of population, the Church followed.

He told of how his denomination was closely related at one time to that of the Church of Christ, and was in fact, once known as The Disciples of Christ, but recently changed the name to its present form.

The main plea of The Christian Church has always been for an elimination of denominational factions so that all Christian people could work for the same cause.

Junior Sanders introduced Rev. Smith.

Scout Fund Drive Planned Tuesday At Breakfast Meet

A group of volunteer workers met Tuesday morning at Leigon's to plan the annual fund campaign for the South Plains Association of Boy Scouts of America, with Owens Jones as chairman of the breakfast meeting.

Phillip Pegues of the South Plains Council addressed the group briefly, explaining that funds raised in the campaign are used to carry on Scouting with all the benefits the organization has for boys.

Present at the meeting, in addition to Jones and Pegues, were Lee Pool, Duane Barbee, Jim White, Cecil Tate, Al Griffin, Gordon Smith, W. Q. Casey, Junior Sanders, Truman Lindsey, Tootie Middlebrook, David McReynolds, Pessie Winn, and Lyndel Murray.

Campaign workers will receive their pledge cards this week and complete the campaign at an early date.

22 Schools Attend SPASC Convention At MHS Saturday

More than 250 students from 22 South Plains high schools registered here last Saturday when Muleshoe High School was host to the convention of the South Plains Association of Student Councils.

Presiding over the meeting was Gerald Zyburka of Littlefield. Following registration, the assembly broke up into discussion groups to exchange information on the operation of Student Councils in their home schools.

Dr. W. H. Juniper, dean of West Texas State College, was guest speaker.

A luncheon was served in the high school cafeteria and a Coke break enjoyed during the afternoon.

The Tulla school was elected president of the Council, with Littlefield High being named vice-president. Brownfield is secretary, and Muleshoe is parliamentarian.

Principal Bill Parker is sponsor of the Muleshoe Student Council, and Johnny Allison is president.

One Accident Mars Weekend of Heavy Highway Traffic

Unusually heavy highway traffic Sunday resulted in at least one accident, highway patrolmen reported Monday.

Robert Eugene Gregory, 28, of Morton, attempted to pass a truck and trailer on highway 214 about 10 miles south of Muleshoe at 1:30 p.m. Sunday, and failing to gain passing room, hit a soft shoulder and overturned his 1952 Mercury.

Gregory was not injured, but the car was judged almost a total loss, and Gregory was charged with passing with insufficient clearance and operating with fictitious chauffeurs license.

A radar unit stationed two miles out on the Clovis highway Sunday night stopped 17 cars and issued citations for violations, mostly for excessive speed and reckless driving.

THANKSGIVING SUPPER

The Methodist Men of the Laddie Methodist Church entertained with a ladies' night Thanksgiving supper on November 7 in the Fellowship Hall.

Members of the Methodist Men prepared the dinner and did the serving. The table was arranged with red and bronze chrysanthemums and yellow and red candles. Caroline and LaQuinta Dalton of Muleshoe sang for the group. The Rev. and Mrs. Jim Dickens of Vega, Texas, talked to the group about their trip this summer to Europe and showed pictures to the group of their trip of East and West Germany.

Thanksgiving Day To Be Observed On Two Thursdays

Muleshoe folks may take their choice of which Thanksgiving holiday they will observe, with part of the public offices in town closing on November 22 for the holiday, and the remainder taking off November 29 for Turkey Day.

The postoffice and other government offices will observe the early holiday, closing on November 22, while the banks, business houses and schools will take November 29 as their holiday date.

The Federal Government set the early date, and the latter date was set by Texas proclamation.

Either way, lots of folks are going to get a double shot at that turkey.

Grand Jury Call For December 3 In Bailey County

The winter term of court opens November 19 in the 64th Judicial District, with Judge E. A. Bills presiding at non-jury trials scheduled in Hale county, followed by court sessions the following week in Lamb, Swisher, and Castro counties.

The Grand Jury will convene here on December 3, for civil and criminal investigations. A list of the jury venire will be selected November 21, the office of the county clerk in Muleshoe announced this week.

Judge Bills will sit in session for non-jury cases in Farmer county beginning December 7, and back to Hale county December 10.

Final session of the year in Bailey county will begin January 4.

All bids for the purchase of an estimated half million dollars worth of bonds were rejected by the Muleshoe Independent School board of trustees in a meeting here earlier this week.

Superintendent Jerry Kirk said all bids were considered too high on the amount of bonds under consideration, and the board is hopeful of selling at a better rate of interest at a later date.

The bonds would be sold provided that school patrons approve a bond measure to pay for constructing 24 additional elementary classrooms, an addition

to the high school plant, a new elementary school building, a new cafeteria and band hall.

A survey was concluded recently showing the need for additional facilities based on present needs and estimated growth through 1960.

The board is also considering the construction of new bleacher seats for Benny Douglas stadium at an estimated cost of about \$70,000, to be included in the bond issue.

An educational program to explain the need for more facilities is being planned by school authorities to present to the school patrons in the near future.

County Commissioners Discuss Need For More Office Space In Courthouse

The need for additional office space for county business, occupied most of the time of the Bailey County Commissioners when they met in regular session Monday.

Members of the Court discussed the need for more offices, including space for the newly created separate office of county tax assessor-collector, and the need for additional space for the county clerk.

The Commissioners plan to discuss the possibility of rearranging present floor space to make more room for the needed facilities, with the architect who designed the courthouse building.

Cotton Quota For County Will Be Announced Dec. 1

The annual cotton allotment quotas for next season for Bailey county farmers will be announced about December 1, Charles Daniel, office manager of the Bailey County ASC office announced this week.

The amount of acreage for the county will not be revealed until that date, Daniel said, pending its publication in the Federal Register.

Twelve Entries In 4-H Queen Contest At 3-Way School

Twelve young ladies have entered the Three Way 4-H Queen contest, sponsored by local merchants with the selection of the queen to be announced November 26 at the county-wide family night entertainment in Three Way school gymnasium.

Each merchant is sponsoring a candidate as follows:

Casey Gin, Betty Hutton; Stegall Gin, Ann Hightower; West Gas, Jane Miller; Maple Coop Gin, Joan Hodges; Maple Mercantile, Wilrene Lewis; Merritt Butane, Linda Lowe; Malone Milk, Yvonda Taylor; Goodland Store, Joan Reeves; Sam Fox, Virginia Pollard; S & S Mercantile, Paula Kindle; Shaefer Gin, Sue Warren, and Maple Cafe, Lorena Long.

The judging of contestants will be held on the afternoon of the contest, and the presentation of the queen will be that evening during the Farm Bureau sponsored family fun night.

Photos of the contestants will appear in The Journal next Thursday. The Journal next

Community Choir Rehearsals Held Sunday Afternoon

The Muleshoe community choir met Sunday afternoon in Fellowship Hall of First Christian Church with more than 30 members present, to rehearse the Christmas Cantata, "King of Kings, and Lord of All," under the direction of Paul Summersgill.

The cantata is beginning to shape up to where the choir members know how it will sound in performance.

Following the rehearsal, a short business session was held to discuss plans for the performance. Refreshments of coffee and cookies were served.

The choir will meet again next Sunday afternoon at 3 p.m. in the Nazarene Church at West Ninth and Avenue C.

More singers are still needed, Summersgill reports, and anyone desiring to join the choir should contact him.

Future Teachers Organization At School Here

A chapter of the Future Teachers of America was organized in Muleshoe school Monday night, under the auspices of the Tulsa high school chapter.

Brenda Simmacher was elected president, with Richard Polley vice-president; Lavon Colby, secretary; Rita Thompson, reporter, and Kenneth Powell, parliamentarian.

Len Goodson was named student council representative. Sponsors of the newly formed chapter are Bill Birkel, E. V. Brady, Mrs. Jerry Kirk and Mrs. Horace Blackburn.

P-TA Style Show With Men Models Nov. 19

A style show of women's fashions, modeled by Muleshoe business men, farmers and teachers will be presented at 8 p.m. November 19 in the high school auditorium, sponsored by the Parent-Teachers Association. The only project which the P-TA sponsors to raise funds, this unusual style show is being offered as a serious showing of men's and women's fashions, and fund raising effort.

Muleshoe department stores will furnish clothing for the models, including women's fashions and the latest styles in men's wear. Participating merchants include St. Clair's Cobbs, Remond Wilson, Anthony's and Dunlap's.

Talent and entertainment will also be featured on the program, including hula number by M. D. Gunstream, direct from a successful three weeks at the Goodland Hilton Palm Room. Jackie Henderson will perform, and a string band will also be featured. A girls trio will sing, composed of M. A. J. Woodward, LaVayne Remond and June Ward.

Admission prices for the program are 85 cents for adults, 50 cents for high school students, and 35 cents for grade school students.

Light Turnout In Amendment Vote; Given Okay 121-9

Bailey county voters, all 130 of them, turned out to vote an overwhelming majority in favor of the constitutional amendment for supplying funds to care for the mentally ill, in a light vote Tuesday.

The tally was 121 votes in favor of the amendment, and nine votes against it. The amendment also carried throughout the state, although there too, the vote was extremely light.

In the Muleshoe box, the vote was 30-4; at Three Way, 24-1; Bull, 12-4; Circleback, 20-0; Mays, 7-0; West Camp, 17-0; Malleyboro, 9-0 and absentee ballots, 2-0 all with the first figure in favor of the amendment.

Band Cake Walk To Be Held Saturday

The Muleshoe high school band will hold a cake walk Saturday afternoon at 3 o'clock on the C & H used car lot on main street.

Walks will cost 10 cents each and a special prize of an extra large cake will be given during the afternoon.

Proceeds from the cake walk will be used to send the band to El Paso where it will participate in the Sun Bowl football game on New Years Day.

Veterans Day Is Sermon Topic At Nazarene Church

Veterans' Day was observed Sunday evening at the Muleshoe Church of the Nazarene with an unusual service. Rev. O. W. Akers the pastor, was in charge of the program, which commemorated the service of the veterans present, and which honored all present service personnel related to members and friends of the church.

The program included the signing of "The Star Spangled Banner," and "Onward, Christian Soldiers," with prayer by Mrs. Evelyn Daniels. The poem, "Soldiers of Immanuel," was read by the pastor, and the only World War I veteran attending was presented, Mr. B. F. Orteg.

World War II honorees present included Dave Coulter, Joe Peugh, and a visitor, Mr. Robin Byrd, as well as the pastor. Names of the boys serving in the Korean conflict and those having just recently been discharged were mentioned. The poem, "God Save Our Boys," was read.

The group sang, "It pays to serve Jesus," and in an impressive candle-light service the following young men were remembered: Eldon Lee Maxwell, Leander Sims, Bob Ames, and Carl Houston.

Each serviceman represented at the altar by a sponsoring loved one, or other interested person, who lit his respective candle, and a dedicatory prayer was prayed by Bro. Akers. This part of the service closed, after the lights were turned out, by the reading of the 91st Psalm.

Rev. Akers, in uniform, preached from the text, II Tim. 4:7-8, concerning the farewell address of the Veteran Paul — "I have fought a good fight, I have finished my course, I have kept the faith, henceforth there is laid up for me a crown." The message was entitled, "Honorable Discharge."

HOMEcoming FOOTBALL QUEEN, Mary Jo Holt, second from left, is shown with her retinue during halftime ceremonies Friday night. Attendants included Rita Turner, center, and Shirley Mathieson. Their escorts were Bill Black, John Young, Charles Jennings and Charles Roark. (Staff Photo)

Needmore Plans Observer Group

Organization of a unit of the Ground Observer Corps of the United States Air Force is the purpose of a meeting scheduled for next Thursday night, Nov. 15 in the Community building at Needmore, beginning at 7:30.

Sgt. Calvin G. Doyle, of Amarillo, will be present to explain the working of a local post. Already posts are organized and functioning at Muleshoe and at Enochs. Tootie Middlebrook is supervisor for Muleshoe, Cleo Hall for Enochs. Middlebrook has about 25 volunteers, it was said.

Glen Williams, county judge, is Bailey County Civil Defense supervisor and has assisted with the organization of those two posts in the county.

Sgt. Doyle almost daily conducts training sessions in some Panhandle town for the volunteer observers. Here in Muleshoe, the post is using a room of Muleshoe airport for its activities.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong... anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed. It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes... longer, lower, roomier! It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford. It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history. In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

"Six or V-8,
the going is great!"

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days... an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 280 hp.

Wise man say:
"Don't wait for TOMORROW
when you can get it today!"

Parents of Elementary Pupils Join Kids For Lunch In School Cafeteria

More than 650 children eat hot, nourishing lunches every school day in the elementary school cafeteria of the west elementary building, and at the present time, are inviting their parents to join them there for one meal, in an effort to show parents the type of meals served to their children.

Parents of children in each of the home rooms of the first five grades of school are being invited to join their child for lunch in the cafeteria. At the present time all eight of the first grade rooms, and most of the second grade room parents have eaten in the cafeteria. There are 32 classrooms in the elementary school.

The elementary school has from 650 to 700 children eating their noon meal daily in the cafeteria, out of a total enrollment of 830 students. School officials feel that this is a good majority who enjoy eating a well-balanced diet with fresh milk every day.

GRADE SCHOOL CAFETERIA feeds almost 700 students each school day. Here a portion of the first grade students are shown enjoying a hot, nourishing mid-day meal. (Staff Photo)

VISITORS FROM ABILENE

Mr. and Mrs. Joe Bill Alsop and children of Abilene, spent the week end here with his parents Mr. and Mrs. J. L. Alsop and visited with other relatives.

Arrangement of Flowers Studied

Progress Home Demonstration Club met November 8 in the home of Mrs. T. Haley, with nine members present. Roll call was answered with "Who are the happiest people you know". Recreation was led by Mrs. Myrtle Wells.

The program was making fall flower arrangements and each member made an arrangement.

Next meeting will be with Mrs. O. M. Self, Nov. 27, at 1:30, when the program will be working on aluminum trays and making ivy.

Attending the meeting were Misses Gladys Haley, Phoebe Gray, Veta Self, Ada Murrain, Almeda McGuire, Estelle Hill, Elvov Sinnacher, Marie Maltby, Myrtle Wells, and Elsie Williams.

Study Club Plans Christmas Party

Muleshoe Study Club met in the home of Mrs. Verney Towns Nov. 8 to observe guest day. The club collect was read and commented upon most interestingly by Mrs. Gil Lamb.

Mrs. H. L. Blackburn gave a very informative talk on "Life With Others". Mrs. Reta Dunn sang, "Perfect Day", accompanied by Mrs. W. T. Andrews at the piano. It was decided to send money to the mental hospital at Abilene.

The ladies are inviting their husbands for the Christmas party, to be held Dec. 1 in the home of Mr. and Mrs. Andrews. Plans for the beautiful Homes Tour were perfected. Several past presidents of the club were present.

"The Wildie Horizon" Reviewed At Los Plamos Study Club Meeting

Mrs. E. W. Hogganover (Conway) reviewed the book, "The Wildie Horizon," by Grace Edman at the Tuesday night meeting of the Los Plamos Study Club, in the home of Mrs. Ruby Lee Kerr.

Mrs. Mary Nell Chapman presented Mrs. Hogganover a check for her time, which she in turn presented to the Muleshoe Girl Scouts.

A card was read stating that the General Federation of Women's Clubs will be presented at the Home Show over Monday.

The Study Club was invited to the Girl Scout Recognition Banquet November 23. Those and their husbands will be honored guests.

A discussion of Girl Scout finances was held, and it was decided that the club will spearhead the G.S. finance drive.

Treatments of pumpkin and onion pie and coffee were served by the following members: Mrs. Gladys Black, Barbara Blackman, Mary Nell Chapman, Elaine Damm, Doris Damm, Theresa Edwards, Ruth Fowler, Betty Hamper, Frances Griffin, Ruby Hogganover, and Mrs. W. H. Hogganover.

County Delegate Reports On Trip To Natchitoches (H.D.) Meet

(Editor's Note: The following is an edited version of a report given by Mrs. D. E. Balle to the members of the Muleshoe Home Demonstration Club on return from the state and national Home Demonstration convention in San Antonio recently.)

Home demonstrations follow what is a wonderful experience making the trip was for me. It is an experience that I wish each of you club women could have some time in your club career. As you probably know, I did not realize until I got to the convention just what it was going to be. I thought I had a lot to offer but I was wrong. I was so busy that I had no time to rest.

We left Muleshoe by bus, stopping in San Angelo for lunch and arrived in San Antonio about 6 p.m.

We unpacked and attended supper services in the municipal auditorium. There were more than 2,000 women there from all over the USA and Puerto Rico and Hawaii. The theme for the annual session meeting in Texas was "Prepared Into Every Good Work."

We had some business meeting morning from Mississippi and Missouri with them. As usual, our Muleshoe badge earned considerable commendation.

After assembly we toured the city and went to a sightseeing tour, including a cathedral and the zoo.

We had a Governor Shivers speak the next day, and followed an outdoor barbecue that evening.

Wednesday morning we heard reports and an address by Omar Hudson. In the afternoon, the guest speaker was Owen Culp Brown.

The state meeting was held Thursday evening, and featured a welcome address by Charles W. Johnson, Judge of Bexar county.

Friday morning we had general assembly and election of officers. I was elected club president.

Rebekah School Set For Tuesday

At their regular meeting Thursday night, the Muleshoe Rebekah lodge, No. 108, will hold its instruction in the lodge hall.

Brother District Deputy Arthur Miller will conduct the school. The lodge will be open from 7:30 to 10:30 p.m. with the lodge adjourning at 10:30 p.m.

Members of other lodges in this area are invited. Refreshments will be served at the meeting. The Rebekahs also will nominate officers.

Turkey Dinner Set For Dec. 6

WSSS of the Muleshoe church will be having a turkey dinner on Tuesday morning in the church, beginning study from the book, "The Church in Southern India," with Mrs. Clarence Stephens as study leader.

After group singing, Mrs. A. H. Owen will be in charge. Business will be conducted by the president, Mrs. Vernon Worthington. Mrs. Kenneth Moore announced that tickets for the County Fair turkey dinner are now on sale by the WSSS ladies. Individual tickets are 50 cents, and 10 for \$4.50 for adults, 75c for children.

Mrs. H. D. Moore was in charge of the regular devotionals which were conducted by the president, Mrs. Vernon Worthington. A group singing was held on Thanksgiving with Mrs. H. D. Moore as soloist. Mrs. W. H. Hogganover and Mrs. Kenneth Moore were in charge of a very good program.

Thanksgiving devotions will be held on Monday, Nov. 29, at 7:30 a.m. at the home of Mrs. H. D. Moore. Devotions will be held by Mrs. W. H. Hogganover. The subject is "The Church in Southern India." The devotionals will be given by Mrs. W. H. Hogganover.

Guided Planning For Country Fair

Western Savings Guild met in the home of Mrs. Ruth Moore, Tuesday evening, with a luncheon. Mrs. Moore acted as hostess. The problems of the church, from the home of Mrs. Moore, were discussed. The group will be in charge of the fair.

Virginia Gibson talked on the church and the future. From Mrs. Moore's home, Mrs. Gibson had the subject "The Church in Southern India." Mrs. Gibson presented on the subject, Mrs. Gibson presented the subject, Mrs. Gibson presented the subject, Mrs. Gibson presented the subject.

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief

The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten thanks to an exciting new laboratory discovery named Ar-Pan-Ex.

Ar-Pan-Ex was perfected by a noted scientist of a world-famed university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from these disabling agony.

Ar-Pan-Ex is compounded of seven active ingredients including a special new medicine to help provide longer lasting relief. Ar-Pan-Ex exclusively perfected to curb chronic, deep-seated pains.

Why AR-PAN-EX Helps

Ar-Pan-Ex does not dissolve uselessly in the stomach—causing stomach distress. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL

the powerful, pain-relieving medicine is released only in the small intestine where it can be quickly carried by the blood stream to every pain-wracked muscle joint and nerve. Swelling, stiffness and spasms may seem to be miraculously eased when Ar-Pan-Ex helps the system throw off excess Uric Acid that can also aggravate pains.

Nothing Like AR-PAN-EX

Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.

Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is out of it, he will be glad to order it for you.

Lazbuddie News

Mrs. Bert Gordon — Phone Y. O. 5 3376

Friday the Lazbuddie Longhorns were defeated by the Bovina Mustangs by the score of 38-7. The game was played at Bovina.

The game got underway with Lazbuddie kicking to Bovina. The first quarter saw more action for both teams than the other three. Bovina had 3 first downs and two penalties. They had one touchdown and made the extra point, both made by Neal Smith. Lazbuddie had four first downs.

The second quarter found Lazbuddie bouncing back with three first downs, one penalty, one touchdown and the extra point, both made by Roy Vanlandingham. The Mustangs had one touchdown by Smith, and the extra point made by Jerry Burnett. The score at the half was 14-7.

This was Bovina's homecoming

and homecoming ceremonies were held during the half. The band performed during the half-time also.

The third quarter found Bovina outplaying the Longhorns, making two touchdowns, one by Smith and one by Burnam. Smith and Burnet making extra points. Lazbuddie had one penalty during this period.

The fourth quarter saw Bovina continuing their fast playing, making four first downs, two penalties, and two touchdowns, by Lawlis and Smith. Lazbuddie had one first down and one penalty.

The Longhorns play their final game of the season this Friday night, Nov. 16 at 8:00 on the home field. They will play Kness. This is the first year that the Longhorns have played eleven man football. They have won two

games and lost six.

Cadillac For '57 New From Bumper To Bumper, Retains Characteristics

SEDAN DE VILLE, the completely new styling of the 1957 Cadillac is readily apparent in this Sedan de Ville, the four door hardtop introduced last year. The overall car is lower, the hood and rear deck are below the fender line and a restyled Cadillac tail fin, somewhat reminiscent of the Eldorado fin, has been adapted. A new instrument panel, deep post steering column and a wide selection of luxurious trims are featured in interior styling.

From bumper to bumper, from top to bottom, the 1957 Cadillac is completely new. Yet, in appearance it is unmistakably Cadillac.

In announcing the new Cadillac, Don E. Ahrens, general manager of the Cadillac Motor Car Division and vice-president of General Motors, said, "the 1957 car represents the most complete model change in Cadillac history. Our engineers and stylists literally created a new car this year." Ahrens said, "but still they retained its Cadillac personality. The over-all silhouette has been lowered as much as three inches; the hood and rear deck are lower than the fender profile; the traditional Cadillac tail fin is restyled and two additional four-door hardtops make their first appearance in 1957."

These dramatic changes are to be found on eight of the ten Biarritz and the Seville, are distinctively different, featuring a rear quarter panel and rear end styling that puts the "dream car" into reality as a limited production car.

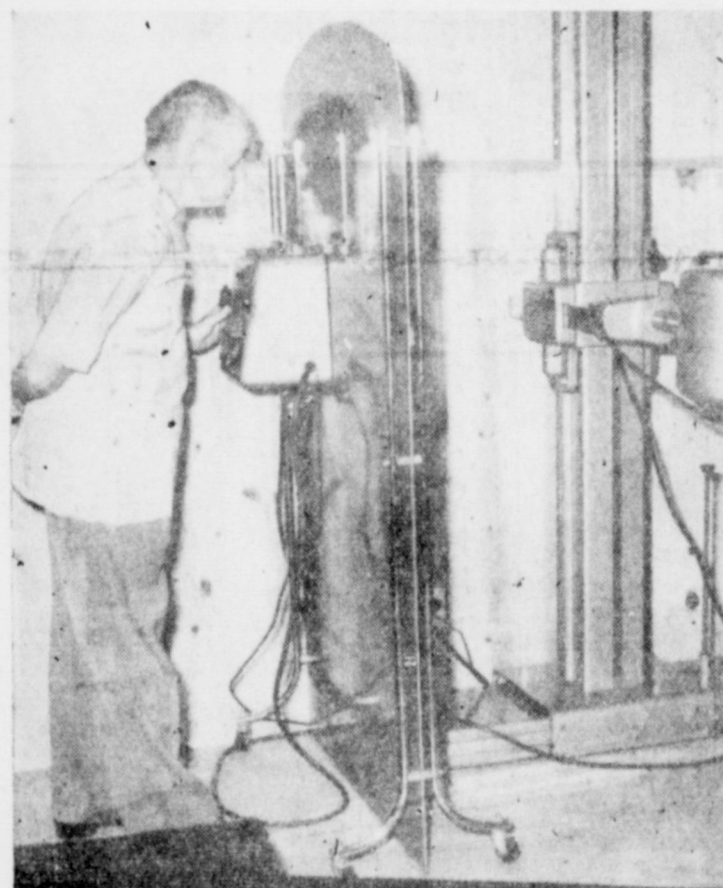

"An engineering development in the form of a revolutionary new frame has allowed us to achieve our new low silhouette," Ahrens explained. "With this frame the body is secured to outrigger mounting brackets rather than the side rails of former years. Not only does this permit lowering of the car but torsional rigidity is increased. This V-type overhead valve engine has a 10 to 1 compression ratio, a four-inch bore and a displacement of 363 cubic inches.

SCIATICA

Case History: Man age 44 was referred to the Chiropractic Clinic with a condition medically diagnosed ruptured discs and arthritis. He suffered excruciating pain in lower back and down right leg whether sitting or standing. Entrance complaints also included nervousness, neck and shoulder pain, nervous indigestion, black-out spells, his hands shook and he was bordering on a complete nervous breakdown. This man had not

worked for three months. After a spinal nerve examination to locate pinched nerves causing his trouble, spinal x-rays were taken to reveal the cause of nerve pressure. Vertebral adjustments were begun to remove pressure on nerves affected. Under recommended service, this patient reports no aches or pains says he feels fine and is able to provide a good living for his family. Five years later on latest report, this man still feels fine, works every day!

NEURITIS

Case History: Woman, age 50 years, consulted us at the Chiropractic Clinic with a severe condition of pain in the neck area down into the shoulders and arms, medically diagnosed Neuritis. She also had symptoms of heart trouble—a result of pressure on the same nerves as those going to the arms and shoulders; hay fever, indigestion, kidney trouble, rheumatic pain in lower back and legs, constipation, nervousness and tendency to high blood pressure, and headaches.

Because there is a common cause for malfunction in the body, the chiropractic principle of healing was able to restore function to all the affected areas. Under recommended service, this woman reports absence from entrance ailments.

New research by the cotton industry indicates farmers should think twice before allowing that by-product of the harvest—cotton burs—go to waste.

Some areas of Texas cannot return burs to the soil without special treatment to kill pink bollworms. But once protective procedures are observed, the burs can be a real boon in stitching benefits of rain and maintaining fertilization.

Preliminary studies show that on bur-treated soil, wind erosion is lessened because of the better condition of the soil. It is also known that burs mellow the soil and make it spongy and easier to work. Water penetration from rainfall is greater and evaporation is minimized. Crop yields and their relationship to burs is being studied. On one test farm, five tons of composted burs increased the yield of cotton lint by 65 pounds per acre; 10 tons of composted burs increased the yield of lint per

acre by 275 pounds.

Cost of bur usage varies but the general figure is about \$2.50 per ton. The burs themselves usually are free, with the farmer paying only for the spreading. When this spreading is done by the individual, the cost figure is less.

Effects of burs on the land remain for an extended period. Definite increased yields from one application of burs has been noted for a three or four-year period.

Increased yields made by farmers using burs in an area usually spur others to action. The increased water holding capacity is most attractive to irrigation farmers who are confronted with annual underground water level decline.

For information on laws regarding the use of cotton burs, write to John White, Commissioner of Agriculture, Austin, Texas.

FARMER COUNTY Farm Bureau News
By RAYMOND L. JELER

Farmer County Farm Bureau was notified that it is entitled to seven, instead of six voting delegates to the State Convention. So those going as delegates this week are: Gilbert Kältwasser, Walter Schueler, Harry Hamilton, Jack Patterson, M. T. Glasscock, Roy V. Miller and Mrs. Roy V. Miller. This is the same number of delegates Farmer County had last year. Also going to attend the convention are Mrs. Gilbert Kältwasser, Mrs. Walter Schueler, A. J. Ellison and Raymond Eiler.

Your Farm Bureau directors voted at their last meeting to provide the service of accepting cotton for the loan and of placing in the pool of Plains Cotton Cooperative Association. Through the pool, which is a non-profit association, farmers usually receive a premium on their cotton because of the re-classing service provided, coupled with direct sales to the cotton mills.

American Farm Bureau was successful in obtaining release of thirty "moth ball" ships for shipment of agricultural commodities to foreign countries under Public Law 480. Several months of deliberation and public hearings preceded the release. Coal companies had obtained similar releases for shipping coal previously. Farm Bureau presented the need for facilities to deliver surplus commodities produced by farmer and finally succeeded in their efforts.

Your directors turned out one hundred per cent in the regular meeting last week. Franklin Bauer, chairman of Rhea Farm Bureau attended as a guest, and Mr. Dan Davis of Plains Cotton Cooperative Association was present.

Bailey County Farm Bureau News
By LONNIE M. BASS

The board of directors of the Bailey County Farm Bureau met Tuesday night in the Farm Bureau office in Muleshoe.

Those present were W. T. Miller, president; Van Rogers, W. B. Kittrell, J. D. (Pete) Black, Joe Sooter, A. Lester Howard, W. R. Carter and Lonnie M. Bass.

The directors discussed Bailey county's delegation to the state convention being held this week. The directors voted on some amendment changes in the by-laws of the Texas Farm Bureau. The delegation to the State will be in favor of or against res-

Farm Machinery Should Be Readied For Winter Months

A hard freeze can play havoc with auxiliary motors, tractor engines and sprayers unless they have been properly winterized, says W. L. Ulich, extension agricultural engineer.

Auxiliary motors should be cleaned; the crankcase drained and refilled with new oil and the motor run for a few minutes to coat all surfaces with oil. The radiator should be drained and flushed with a reliable radiator cleaner and then flushed again with clear water.

Remove the spark plugs. Give them a good cleaning and adjust and oil before replacing them, says Ulich. The upper cylinder walls should be lubricated while the plugs are out. Drain the fuel tank and allow to dry. Cover the end of the exhaust and breather pipes to prevent moisture from entering the motor. Clean and charge the battery and store it where it will not freeze.

To winterize spray equipment, the engineer advises flushing the relief system. All drain plugs should be removed and the pump operated for a few minutes. Open all valves while the pump is running to release any trapped water and remove and place all valve balls in oil. Drain the oil from the pump and flush with kerosene; refill the pump with new oil. Grease and turn shafts to distribute the grease on shafts and bearings and hang hose so all water drains out.

Give all machinery a good cleaning; pack bearings to seal out moisture; remove belts and canvases and store in a dry, well-ventilated place.

Resolutions approved in the same respect the membership voted at the county convention.

The problem of whether Bailey county should be on the drought relief fund program was discussed. The directors needed more information before a decision could be made.

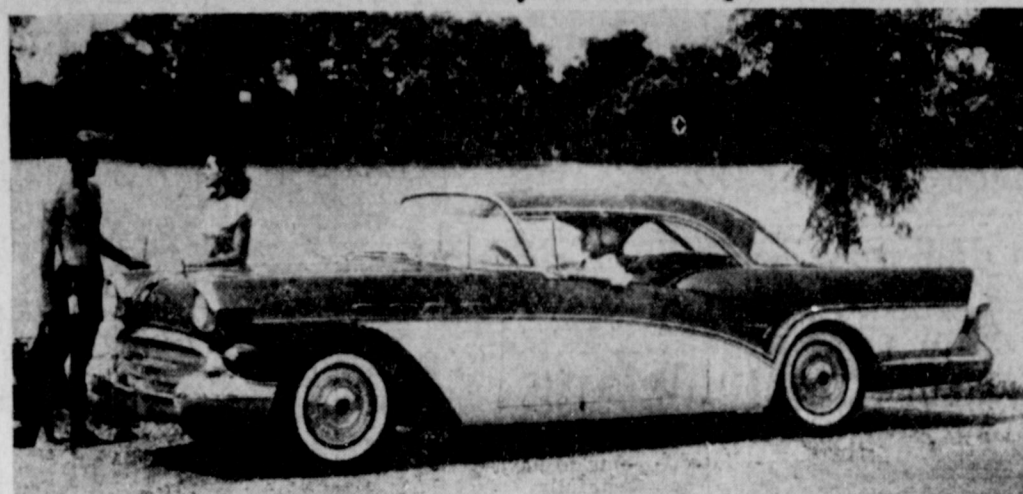

Resolutions voted on at the county convention to elect two men from each precinct to work with the commissioners to obtain details on how the income and expenditures of the county are being handled were elected. They are: Prec. 1, W. T. Miller and Oran Gregory. Prec. 2, Loyd Stephens and Joe Sooter. Prec. 3, W. T. Parker and Jack Lowe. Prec. 4, Lester Howard and Van Rogers.

Ladies present to discuss ladies responsibility with the Farm Bureau were Mrs. Doris Traweeck, Mrs. Jerry White, and Mrs. Argie Lee Miller.

Every member of the Bailey County Farm Bureau is invited to attend family night of fun and entertainment to be held at the Three Way school, November 26, promptly at 7:30. Bring a covered dish and sweets.

So why not forget your worries and troubles and have some fun by attending this "Family Night"?

Farm, City Week Set For Nov. 16-22

"When we all get together" seems to be a new theme among both rural and urban people from the foothills of the Rockies to sea coasts of New England.

This search for unity of purpose and understanding between the two economic factions began last year with the declaration of Farm-City Week. Purpose of the week is to bring about a better understanding between urban and rural people, while at the same time, stimulating year-round programs fostering closer cooperation between farm and city folks.

Kiwanis International made the kick-off last year when they introduced the program with great success. Some 400 national and regional organizations participated through their various local branches, while more than 250,000 people were actually in-

cluded in carrying on the activities. This year the Extension Subcommittee of the National Committee on Boys and Girls 4-H Club Work encouraged the cooperation of the state and local 4-H club organizations in the program. Many plans have been made by Texas 4-H'ers to aid the work.

Tours of farm and city in both urban, rural and mixed groups promise to help in the understanding of each group. Cooperative exchanges of young people and adults in which farm folks spend a day in the city, and city folks, a day in the country, have been planned. Civic meetings, social events, demonstrations, church services, school programs, exhibits, newspaper columns, radio and TV will all play active roles in the emphasis of Farm-City Week.

Everyone is getting into the act, as different groups in most of the 48 states plan their activities. The Farm-City Interdependence theme will prevail at all programs, as rural and urban people shake hands in a week of understanding.

Sand Hills Philosopher Wants EUROPE TO SUBSTITUTE FOOTBALL FOR CRISIS

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is taking a long-range view of the world situation. His letter this week reveals.

Dear editor: I went into town yesterday to see what was going on, although generally speaking I haven't found that town people know any more about what's going on than country people, they just talk about it more, and from what I gathered from doing a lot of listening everybody is worried about the Middle Eastern situation.

I am sorry to say that while I am concerned with it, I'm not as worried as I used to be, and I guess it's because I've got a better memory than some people.

To refresh your memory, though, if you'll recall, for the past ten years or more, the world hasn't gone longer than six to eight months without a new crisis breaking out. We can rock along for a few months without much on our minds, when all of a sudden trouble breaks out in some part of the world, South America, Greece, China, Formosa, somewhere else in the Pacific, Suez, etc., and as each one breaks out, the world tightens its nerves and the newspapers bring out their bigger headlines. After a few weeks, or maybe a month or two, the story begins to fade, and the world falls back on hold-ups, murders, and Hollywood news. Then a few months later another crisis breaks out, and we start all over again.

Understand, every new crisis has to be paid attention to, and you never know when a little one will develop into a big one, but my position is that if a man hasn't learned to live with a fresh crisis around the corner, he might as well learn to.

A crisis in Europe or Asia plays about the same part that football does in this country, only it's more dangerous. On the whole more people get hurt in a crisis than they do in a football game, especially the spectators.

If Europe had something on the order of football, with one country playing another each week like towns and colleges do over here, and if they could throw Russia out of the conference for unethical recruiting, things might be more peaceful, but I don't look for it to happen. After the present Middle Eastern crisis is over, somebody will spring another one. Probably working on it right now. It's something we have to live with.

If you stop and think about it, every tire on your car sooner or later is going to have a flat. Yours faithfully, J. A.

START A NEW STADIUM NOW

Tomorrow night ends the football season for District 1-AA, and although the final standings for teams in the conference cannot be known until after the Friday night game, it is safe to predict that Muleshoe will have acquitted itself well.

While not winning them all, the team certainly gave a reasonably good account of itself, both in conference play and otherwise.

In fact, we feel that the folks in the Muleshoe school district might well feel proud of the Mules of 1956, and may look forward to even better results from the team in 1957. Only three seniors leave the squad next spring, and with the addition of a number of good youngsters coming on, plus a third coach, the team has a bright outlook for next season.

All of which is by way of bringing up a subject that needs thought and action now, before next season begins.

We need a new stadium. The location of the present football field is all right, but the stands, the press box, and other accoutrements are not worthy of a school such as ours.

We have been told that the school board cannot rebuild the stadium due to financial difficulties, so the fans must bear the burden of raising enough money to build a stadium that our team and our fans may be proud of.

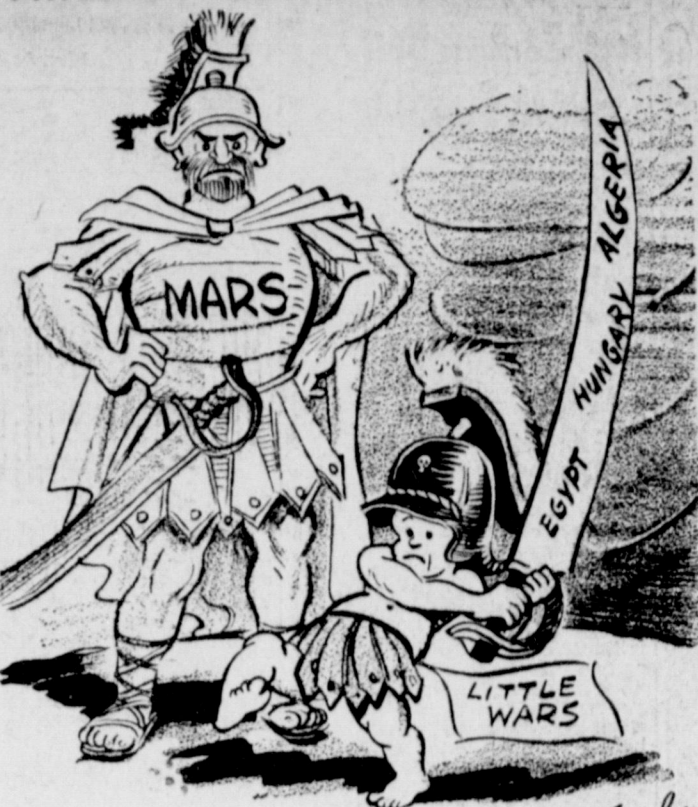

Steel framed bleachers, with rot-resistant wooden seats are not unreasonably expensive, considering the long time they will last, and the minimum amount of upkeep they will require.

If civic clubs can raise money for other causes, we believe that enough public interest can be aroused to undertake a fund campaign to rebuild the stadium completely, without any one person having to cough up very much money.

It's time now, though, to be thinking about the project. And it's time right now to begin getting up the money, so the work may be completed by the time the season begins next fall.

This is a worthwhile project, and one we believe the sports fans will want to get behind.

Babson Discusses . . . ELECT IONS

Babson Park, Mass., Nov. 15 — Now is the time to read the dangerous promises of all of last week's successful candidates. These promises make more inflation inevitable, due to the Employment Act of 1946. This was a vicious act. Ray D. Murphy, Chairman of the Board of the Equitable Life Assurance Society, has an excellent article in the Commercial and Financial Chronicle of October 11 demanding that this Act be amended. I, however, cannot imagine President Eisenhower and the new Congress making such amendments until it is too late.

WHAT THIS MEANS TO READERS
Until then, those who now receive pensions, life insurance, social benefits for the aged, and social security can be severely hurt. Not only large investors will suffer. Already our own Government Bonds (the 2 1/2's) have declined from 106 to 91.

The banks and insurance companies need not suffer. They receive deposits and premiums in "phony" money, but they will pay out with "phony" money. Wages will increase, but most banks and insurance companies are adopting automation to get on with fewer employees. Certain real estate and some commodities, such as natural resources, may for a while benefit from inflation. But the great mass of honest people will ultimately suffer and President Eisenhower will not prevent it.

THE COST OF LIVING
Readers should be interested only in what their wages, pensions, social security, and bank deposits and insurance will buy. We should forget all about dollars and think only of what can be purchased in terms of food, rent, clothing, education, entertainment, etc. I definitely forecast that the cost of living will gradually increase during the next four years of the Republican Administration.

The promise of new highways, slum clearance, and other worthy projects will all cost more than expected. When you go under a new steel bridge on one of those new highways, remember that from 1946, when the Employment Act be-

came law, to the present time, the price of steel has just about doubled. Certainly the automobile industry and most of the increase in all plant capacity depend on steel. Steel and related industries employ 80% of our mass production workers. The expenditures which can depend on government money will continue, but expenditures for products bought on installments may suffer. Here are some more figures to think over! Since 1939 the Government debt has increased from \$40 billion to \$275 billion resulting in an increase in the money supply from \$63 billion to \$213 billion and private debt has risen from \$125 billion to around \$350 billion.

The great surprise to economists is that the cost of living has not gone up more during this period. The main reason is the new inventions and installation of new machinery reducing the need for hand labor. Inventors — not government or bank officials — deserve thanks that the cost of living is no higher than it is today. Nevertheless, I forecast that automation, including electronics and nuclear power, will become great industries. All readers will be greatly interested in George R. Harrison's books, "What Man May Be" and "Atoms in Action."

WHAT ABOUT STOCKS?
The N. Y. Stock Exchange for the first time in history is urging that savings be put into stocks now instead of into savings banks, life insurance, and other such standard investments. Only the future can tell whether this advice is good. For the past ten years the prices of stocks have been advancing, but how long will this continue? For every person who now buys stocks some other person, equally wise, must be selling these same stocks. What would happen if all persons should decide now to sell instead of to buy? Finally, let me remind readers that the cost of plant, book value, and various other statistics do not determine the value of a stock or the price which you receive when you want the cash. Ultimately, the price of a stock depends upon the earnings. Inflation increases costs for corporations as well as for individuals and governments.

THIS WEEK -In Washington

With Clinton Davidson

Now that the election is over, it is possible to make a more accurate forecast of what the voting effects will be on farm legislation and programs for next year.

The important thing is that neither party during the campaigning, advocated any major changes in basic farm legislation, other than the dispute over price support levels.

Price supports will again be the big farm issue when the 85th Congress convenes in January, but that was to be expected, regardless of which party won the election. It will be a renewal of the battle between backers of rigid and backers of flexible props.

Except for price supports, there are no big differences between Republicans and Democrats on farm programs and policies. Virtually all of the major farm laws are the result of agreements between congressional leaders of the two parties.

There will be no change in acreage allotments for next year. Cotton and wheat allotments were announced prior to the election. Other allotments will be set in accordance with rules included in present laws.

There is to be no change in the emphasis on expanding exports of farm commodities. We're spending, lending or giving away, at the rate of \$3 billion a year, to finance a world-wide program for disposal of our surpluses, and there is no thought of changing that in 1957.

The soil bank program will be continued, although there are indications that amendments will become a subject for congressional debate. There will be moves to "liberalize" the program, including provisions for raising some of the payment rates and permitting late entry of land threatened by drought or floods.

Measures to strengthen farm income, and especially that of small and family-size farmers, will be emphasized by the President in his January message to Congress. While Democrats and Republicans may not agree on methods, there will be no disputing the objective. Soil conservation and special measures to ease the effect of periodic droughts in the Great Plains states will get bi-partisan support. Those problems are recognized by leaders of both parties in Congress as among the most urgent to be considered.

Research to develop new industrial uses for farm products will be pushed. Special committees of experts have been working on that since Congress, earlier this year, authorized a study to develop a program costing up to \$100 million a year.

The Brannan Plan for removing most price supports and then making direct "income" payments to farmers was junked six years ago, by a Democratic Congress and President, and hasn't the chance of a snowball in July. It won't have a handful of backers in the new Congress.

TODAY'S MEDITATION

Read Matthew 5:21-26. First be reconciled to thy brother. (Matthew 5:24.)

Many of us have difficulty feeling a real sense of inner peace. This truth stands out—we cannot build a fence around a little world of our own creation and thereby achieve peace. Isolation only adds to the maze of unrest within us. God made us creatures who need fellowship; we need one another. Our main problem is living in such a way as to be a blessing to others.

One of the greatest helps in achieving inner peace is to make sure that the line between ourselves and our fellow men is cleared of all human meanness that keeps us from God. According to Jesus, we cannot have God's blessings when there is a grievance between a neighbor and ourselves.

Reconciliation brings a lift to living. More than that, it opens many adventurous highways that lead us into the presence of our good, loving, and kind heavenly Father.

Often the price we pay for reconciliation is terrific. But the prize we gain is the peace of God which passes all understanding.

PRAYER
Our heavenly Father, give us

largeness of heart to mend the wrong we have done against Thee and our fellow men. Lead us to Thy blessed altar of peace. In the name of Christ, our Redeemer, we ask it. Amen.

THOUGHT FOR THE DAY
Christ is our peace. William A. Tyson, Jr. (Georgia)

Mules Win Homecoming Game 12-0

Before a shivering homecoming crowd estimated at more than 1500, the victory-hungry Muleshoe Mules downed the Dimmitt Bobcats 12-0 Friday night in Benny Douglass stadium here.

With Coach Wayne Mantooth in a Lubbock hospital after abdominal surgery, when more than 70 per cent of his stomach was removed due to ulcers, the Mules had a double reason to win the final home game of the season.

John Young made both touchdowns in the last four minutes of play, one on a one yard plunge of tackle, and the other on a pitchout from QB Dickie Johnson for nine yards. The attempt to run the ball over for extra point failed both times.

Muleshoe made 10 first downs to 8 for Dimmitt; had 43 yards gained in passing to none for Dimmitt; completed four out of four passes attempted and were penalized eight times for a total of 77 yards.

The Friday night win put the Mules back in the tie spot for third place in the district, with Tulia still in the cellar, and Dimmitt dropping a notch. Canyon took Olton 41-13 to take undisputed lead in 1-AA, while Dalhart romped on Tulia 32-13.

Halftime ceremonies during the game featured the coronation of Mary Jo Holt as football queen, with her attendants Rita Turner and Shirley Mathiesen.

Prior to the homecoming game, ex-students were guests at a family tea in the home economics, at a pep rally in the auditorium, and a banquet in the school cafeteria.

JOHNNY YOUNG is shown here as he picks up yardage after taking pitchout from quarterback Dickie Johnson. Young carried the pigskin down to the Bobcat 10-yard line before being run out of bounds. The Mules won their first conference game 12-0 over Dimmitt. (Staff Photo)

John Young, Player Of Week In Daily Newspaper Poll

(Amarillo Daily News)
Determined Johnny Young, who led Muleshoe to a 12-0 upset victory over Dimmitt last Friday night to snap a five-game losing streak for the Mules, has been chosen as the Daily News' Class AA Player of the Week.

The Mules, playing before 1,500 Homecoming fans at Muleshoe had battled the Bobcats for over three quarters to a scoreless tie before Young took charge of the contest.

In the last four minutes of action, Young blew the game wide open by intercepting three Dimmitt passes, and scoring both Muleshoe touchdowns.

Muleshoe got off to a fine start this season by winning its first three games. Last year the Mules went through the entire season without a victory and were rated as easy prey this term. However, after winning their first three games this season, the Mules hit a snag and dropped five straight before Young led the raiding party against Dimmitt last week.

Young's touchdown gallops came from one and nine yards out. He scored the second touchdown after taking a lateral from quarterback Dick Johnson. He set the last touchdown up by intercepting his third pass on the Bobcats' 40-yard line.

According to statistics compiled by Billy Ellis, a Muleshoe graduate now attending Texas Tech and working in the sports publicity department, Young is the leading Muleshoe ball carrier.

Before last week's game with Dimmitt, Young had carried the ball 128 times and gained 620 yards for an average of 4.8 to lead the team in this department.

Young also leads the Mules in scoring with 56 points. He also leads the Mules in kickoff and punt returns. Johnny had returned 11 kickoffs, before the Dimmitt game, for 270 yards for an average of 24.5 per try. Young also had returned four punts for 95 yards for an average of 23.7 per try.

FAMILY REUNION
Mr. and Mrs. J. P. Ellis of San Benito, Tex., were honored Sunday with a covered dish luncheon at the Eugene Black home. There were 62 relatives calling during the day, including most of the Black family.

PINK AND BLUE SHOWER
The home of Mrs. J. R. Walker, Sr., was the scene of a pink and blue shower Thursday, Nov. 8, honoring Mrs. Homer Redwine.

Hostesses in addition to Mrs. Walker were: Mmes. M. L. Shipp, Clyde Henry, Whit Barber, and E. W. Locker.

About twenty-five attended, and there were many additional gifts sent by those unable to come.

The dining table was laid with a white lace tablecloth over pink. Refreshments were blue punch and pink cake garnished with strawberries and whipped cream. Favors were triangles of net pinned with a gold safety pin and containing mints. The honoree received many lovely and useful gifts, including the hostess gift of a white dachon blanket.

A sister of L. D. Tipton, who had not seen him for 18 years, visited in his home Monday. She and her husband, Mr. Clarence, are from San Francisco, Calif.

PROGRESS NEWS

Mrs. Arthur Cooper Phone 8536

The two circles of the WMU met Monday afternoon at the Progress Baptist Church for Bible study. Theme of the program was "Atonement". Mrs. M. L. Shipp was teacher of the Martha Circle, which had six members present. Mrs. D. L. Redwine taught the Virginia Circle, with eight members there.

The two circles met together in a brief business session to plan their Week of Prayer Services, which will be Dec. 3 through Dec. 7, at 2:30 p.m., at the church. Their financial goal for the week is \$75.00.

CHURCH BELL
The Progress Methodist Church now has a bell to ring out the church call. The bell has been in three other Methodist churches and was given by Mrs. Alta Long of Needmore.

It is mounted on the old flag pole originally at the Alamo school, and is placed in front of the church sanctuary.

Mr. and Mrs. Byron Gwyn, accompanied by her parents, Mr. and Mrs. W. D. McDorman of Oklahoma Lane, went Thursday to visit her brother's family, Mr. and Mrs. Johnnie McDorman at Fencelake, N. M., for four days.

Sunday Mrs. Rita Richards and Mrs. Mattie Griffin accompanied Mrs. Wayne Johnson and daughter to their home in Ft. Sumner, N. M.

Mrs. Eva Murrah spent the weekend in Lubbock visiting her daughter and family, Mr. and Mrs. Wayne Stark; also a son, Jess Murrah.

The Don Beardson family of Amarillo were here over the week end visiting his parents, Mr. and Mrs. Russell Beardson. The Russell Beardson were involved in a three-car collision in Muleshoe Saturday, but were not injured. Their car was damaged slightly.

Mrs. Herbert Sikes of Clovis, N. M., spent Sunday here with her daughter and family, Mr. and Mrs. Jimmy Clements, Denise, and Buddy.

Mr. and Mrs. O. C. Thomson and their son's family, Mr. and Mrs. Dan Thomson and children, all of Hereford, were here Saturday.

Season Ends Friday With Game At Tulia

District 1-AA play ends this weekend, with the lead spot already clinched by Canyon, who defeated Olton to get a firm hold on the top position in the conference.

Canyon leads with 4 wins and no losses, followed by Olton, with three wins and one loss to Canyon; Dalhart, with a .500 average, with two wins and two losses; Dimmitt, with a 2-2 record, and Muleshoe with a one win and three loss record, followed only by Tulia who has lost all four district games thus far and meets the Mules Friday night.

In season play, including non-conference games, Muleshoe leads both Dalhart and Tulia with a 1-5 tally, being Dimmitt.

The game tomorrow night will be played at Tulia and will end the season for the Mules.

to open the season Tuesday night.

The B team beat Sudan 30-18, while the A team lost by a score of 38-32.
