"Serving Ozona and Crockett County since 1892"

"Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly -- The Best Place On Earth To Call Home"

Ozona, Crockett County, Texas 76943 USPS 4168-2000 Wednesday, Oct. 9, 1996 Volume 83 Number 35

Committee To Report On 911

A committee to study the feasibility of 911 for Crockett County was named Oct. 2 at a meeting of commissioners' court. The group is to study all aspects of 911, determine what would best suit Ozona and have information on the financing and cost of implementation for the Oct. 14 meeting of commissioners.

Appointed to the committee are: Willa Perry, Alton Davis, Sostenes DeHoyos, Sandra Perez, Shirley Kirby, Dan Davidson, Alejos Lara, Sgt. Carl Mayfield, Doug Meador, Steve Kenley, Jodie Frazier and Bob Falkner, who will chair the group.

Crockett County is the only county in the state without 911 emergency service.

The Oct. 2 called meeting saw court members approve replacement of a cattleguard with a bumpgate on County Road 306, approve a contract with Tom Green County Juvenile Detention Center to house Ozona juveniles if needed, and approve a child welfare contract.

Commissioners voted to appoint Dr. Marcus Sims as county health officer, and Jan. 1, 1997, was set as the starting date for a pay raise for Thunderbird bus driver Bel Martinez.

Lawrence Leonard of Shannon Health System talked with the court about the number of medical practitioners who will serve the local clinic. Leonard explained that in order to

qualify as a rural health clinic, there has to be a physician's assistant working here. "We're going to have two practitioners here as soon as we can," said Leonard. Dr. Marcus Sims has had some relief from visiting physicians since Shannon began operation.

Leonard said that Shannon will expand its services in Ozona after the addition of a second health care provider. He also commented that Shannon does have a signed contract with a physician's assistant for Ozona.

His visit to Ozona was in response to commissioners' concerns regarding a portion of their contract with Shannon which says "Professional services shall be provided either by a Medical Practitioner who shall be a licensed physician or a licensed physician's assistant under the

direction and control of a licensed physician." Court members say their intent when contracting with Shannon was to have a fulltime doctor and a P.A. for the clinic.

Judge Sutton reported to commissioners on his recent trip to Austin to meet with representatives of the state historical commission. The commission has requested, before approval is granted for the county's new annex plan, that the county agree to restore the old courthouse to its former shape. This will involve removing an addition to the east side of the building, reopening the east breezeway, removing small rooms on the south porch and opening two closed windows on the north end of the build-

(Continued on pg. 9)

Board Studies Baptist Memorials For Care Center Management

A proposal by Baptist Memorials of San Angelo for management of the Crockett County Care Center will be examined further if care center board members have their say. The board voted, at a joint meeting with commissioners Oct. 1, to continue looking at Baptist Memorials by obtaining a sample contract and administrative and technical details for study.

Wayne N. Merrill, president of Baptist Memorials, attended the meet-

ing to speak for the San Angelo facility. A non-profit corporation, Baptist Memorials has leased Crane's new 110 bed care center and has also expanded to Burnet.

Merrill said Baptist Memorials would lease Ozona's care center for one year for one dollar if the county would put "around \$100,000" in a fund for repairs such as air conditioning, lighting and for replacing some equipment. He did state that some employee benefits would go away under their operation. Baptist Memorials presently has no insurance for employees but does plan to come back into an insurance plan according to Merrill.

Judge Jeffrey Sutton gave a rough estimate of \$340,000 as the annual expenditure for care center employee benefits.

Julie Perez

Julie Perez Crowned Homecoming Queen

Highlight of the homecoming activities Oct. 4 was the crowning of Miss Julie Perez as the 1996 OHS Homecoming Queen. A senior at OHS, she is the daughter of Mr. and Mrs. Domingo Perez of Ozona. She was crowned by escort Jon Sanchez, son of

Mr. and Mrs. Richard Sanchez. Other queen candidates were Vicky Flores, Amy Laughlin, and Shelly Sullivan. The young women were escorted by Lando Pena-Alfaro, Ruben Cruz and Darin Jackson.

During last week's homecoming activities, OHS students and faculty had fun with decorating the halls of the main building and the Heritage Building. The seniors won this contest, decorating the second floor of the Heritage Building with the theme of the jungle. Cheerleaders sold Teacher Paw Prizes to students voting for their favorite teacher with Mrs. Kim Miller winning. On Friday's Spirit Day, two people were chosen for showing school spirit throughout the week—Stephen Montes and Gracie Delgado. During Friday's pep rally, several persons

were recognized for assisting with the bonfire and decorations. Michael Mitchell was given a plaque by the cheerleaders for their appreciation in helping with the bonfire along with gifts to Kim and Rod Miller. Letty Payne also received a gift of appreciation for helping with the decorations. The Class of 1976 was recognized along with the 1976 cheerleaders and twirlers who performed with the band and cheerleaders. A lot of the students decorated their cars, going all out on some of them.

Accident Fatal To Midland Man

Robert Lynn Proctor of Midland was killed Wednesday, Oct. 2, in a one-vehicle accident on Taylor Box Road. The 42-year-old truck driver died at the scene after being trapped in an overturned truck-tractor tanker rig. Proctor was not wearing a seatbelt.

The accident was 8.6 miles southeast of Ozona and 1.8 miles off the interstate.

DPS reports show that the vehicle failed to negotiate a sharp left curve, left the right side of the roadway and overturned one-half time. The tanker carried a half-load, 2025 gallons, of a hydrochloric solution. There was no leakage of hazardous material.

The truck was registered to Reagan Chemical and Research of Port Neches.

OZONA MIDDLE SCHOOL PRINCIPAL CHARLES FLOYD loses his hair to Kyle Richardson at the Oct. 3 pep rally. Floyd promised students last year that he would let a student shave his head if TAAS scores were high. Richardson earned the honor by making a perfect score and his class mastered the TAAS at approximately 81 percentile. photo by Scotty Moore

Fire Prevention Week 1996

- WHEREAS** After prevention, smoke detectors are your first line of defense against fire and can cut the risk of dying in a home fire nearly in half; and
- WHEREAS** More than half of all fatal home fires happen at night; and
- WHEREAS** Inexpensive household smoke detectors can mean the difference between life and death. They sound an early warning in the event of fire, waking people before they are overcome by smoke and poisonous gases and giving them time to escape; and
- WHEREAS** The National Fire Alarm Code requires smoke detectors outside each sleeping area and on each level of the home, including the basement. On floors without bedrooms, detectors should be installed in or near living areas, such as dens, living rooms, or family rooms; and
- WHEREAS** Even though 93% of U.S. homes have at least one smoke detector, estimates show that one-fifth of all homes have smoke detectors that are not working, usually because of dead or missing batteries; and
- WHEREAS** A smoke detector that isn't working can't protect us from deadly smoke and fire. "Let's Hear It For Fire Safety, Test Your Detectors" is an important message to communicate to our community; and
- WHEREAS** The Ozona Volunteer Fire Department is dedicated to the safety of life and property from the devastating effects of fire; and
- WHEREAS** Those members of the Ozona Volunteer Fire Department are joined by other concerned citizens of this county as well as businesses, schools, service clubs and organizations in their fire safety efforts.

I, JEFFREY SUTTON, CROCKETT COUNTY JUDGE, do hereby proclaim the week of October 6-12, 1996, as Fire Prevention Week. This week commemorates the great Chicago fire of 1871, which killed 300 persons, left 100,000 homeless and destroyed more than 17,000 buildings.

I call upon the people of this community to participate in fire prevention activities at home, work and school and to heed the message: "Let's Hear It For Fire Safety, Test Your Detectors" as the 1996 Fire Prevention Week theme suggests.

In witness hereof, I hereunto set my hand this the 7th day of October, the year of our Lord nineteen hundred and ninety-six.

JEFFREY SUTTON
CROCKETT COUNTY JUDGE

ENJOYING PIONEER HERITAGE DAY OCT. 5 are Mrs. Clay Adams and daughter Camille Jones, descendants of Crockett County pioneers. Mrs. Jones was also present as a representative of the Crockett County Historical Society and Museum, sponsoring organization for the special day. Heritage Day T-shirts with society memberships remain on sale at the museum and chamber for two weeks. photo by Scotty Moore

Ann Harvick Graham Services Oct. 8

Ann Harvick Graham died Oct. 4, 1996, at the age of 64 years. Graveside service was held at 1:30 p.m. Tuesday, Oct. 8, in Cedar Hill Cemetery. Arrangements were by Preddy Funeral Home.

Mrs. Graham was born and raised in Ozona, the youngest of four children of Strickland and S.M. "Brownie" Harvick, one of the pioneering families of Crockett County.

She was preceded in death by her parents; husband, Eugene Graham; and two brothers, Jim Ad and Martin Harvick.

Survivors include three sons, Wm. Strickland Busby of Dallas, Wendell Lane Busby and wife, Dayle, and Jerry Scott Busby, all of San Antonio; three grandchildren, Chase of Dallas and Michele and Timothy, both of San Antonio; and a sister, Mary Louise Dwyer of San Antonio.

Graveside Service for David Longoria

David Longoria, age 84, of Fort Stockton, died Monday, Oct. 7, 1996, in Fort Stockton.

Graveside service was at 3:30 p.m. Tuesday in Cedar Hill Cemetery in Ozona with arrangements by Preddy Funeral Home.

Mr. Longoria was born Jan. 11, 1912, in Winters. He was a member of the Church of Christ and had been a resident of Fort Stockton for 50 years. He was a veteran of World War II.

Survivors include his wife, Lilia Longoria of Fort Stockton; one son, Joel Longoria of Fort Stockton; two sisters, Elena Longoria of Big Spring and Antonia Hernandez of Brownwood; and one grandson, John Martin of Odessa.

Social Security Rep. To Visit

Garland Gregg, representative for the San Angelo Social Security Office, has scheduled his October visit to Ozona. He will be at the conference room in the courthouse annex in Ozona on Wednesday, Oct. 16, from 1:00-2:30.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Update On the St. Jude Bike-A-Thon

A big thank you to all the participants, sponsors, coordinators, and donors who helped to make the St. Jude Children's Hospital fund-raiser a success this year. In honor of Bobbie Bryson, who is presently being treated for leukemia at St. Jude's, Ozonans raised \$2,906.40 to help support the ongoing research and treatment for young people stricken with traumatic diseases.

The boom box award goes to Adrienne Bendele, who raised \$603.00. First runner-up was Hilary Huffman with \$260.00, followed by Frankie Skinner with \$190.00. Of the 30 participants, 27 will receive St. Jude T-shirts and of these, 13 will also be awarded bags. All will get rider certificates of appreciation.

The awards are expected to arrive within the next two weeks, and participants will be notified. Thanks again Ozona for your great love and efforts.

State Capital

HIGHLIGHTS
By Lyndell Williams & Ed Sterling
TEXAS PRESS ASSOCIATION

AUSTIN — Gov. George W. Bush ordered the Department of Public Safety to dispatch 100 more troopers and narcotics agents to an 80-mile-long sector of the border with Mexico.

In August, the DPS beefed up its numbers around Eagle Pass, to stop the flow of illegal drugs. Ranchers in that region have complained that armed drug smugglers are invading their property. The smugglers are bringing in at will huge caches of heroin, marijuana and other drugs from Colombia and Mexico.

State officials say the magnitude of the problem warrants immediate federal assistance, but the federal government has not met requests for more agents and air surveillance.

Public Safety Commission Chairman James B. Francis Jr. of Dallas told the *Dallas Morning News* that foot-dragging by President Clinton's drug czar, former Gen. Barry McCaffrey and other federal officials, has slowed the interdiction effort.

"All we have gotten is one excuse after another when we asked them for help. What you get is a bunch of lip service and no action," Francis said.

McCaffrey said it will be two years before enough U.S. Border Patrol agents will be available. Texas will be assigned 100 of the 1,000 agents who are being trained, while California will be

assigned the other 900 agents.

Francis criticized the apparent inequity. "We've got 700 miles of border and (California has) 100 miles. It's completely irrational rationing manpower according to need," he said.

Traffic Death Toll Leaps

Traffic deaths have increased 17 percent across Texas and 30 percent on rural interstate highways since the state began raising speed limits last December.

In an analysis of accident reports from Dec. 8 to June 30, the *Austin American-Statesman* reported last week that at the present rate, about 3,600 people will die in traffic accidents in Texas this year — the highest total since 1985. The traffic death toll during the period was 1,936, compared with 1,655 traffic deaths between Dec. 8, 1994 and June 30, 1995.

"It's worse than I even thought it would be," said Bob Draper of the National Traffic Safety Institute. "But it's not totally unexpected. You now have people driving not just 70 but 80, 85, even 90 mph. At those speeds, when an accident happens, people die."

Dev Tulsiani, an engineer for the Texas Department of Transportation, said his agency hasn't yet pinned the blame for double-digit increases in traffic deaths on the higher speed limits. The fact that more drivers are on the road might figure into the equation.

Bush Approval Ratings High

Sixty-eight percent of those surveyed in the latest Texas Poll said they approve of Gov. Bush's performance nearing the midpoint of his term in office.

"I'm honored that people like my job, but I take nothing for granted," Bush said, adding however, that he bases his decisions on philosophy rather than the polls.

According to the poll, 72 percent of whites, 63 percent of Hispanics and 51 percent of African-Americans approve of Bush's job performance.

Also, 54 percent of those sur-

veyed — 64 percent of Republicans, 52 percent of Independents and 47 percent of Democrats — say Gov. Bush should run for president some day.

The survey of 1,001 Texans was conducted Sept. 3-13 for Harte-Hanks Communications by the Office of Survey Research of the University of Texas.

Bush Submits Welfare Plan

Meanwhile, last week, Gov. Bush sent to U.S. regulators a plan implementing federally mandated changes to the welfare system, while incorporating reforms passed during the 1995 Texas Legislature.

Although states have until July 1997 to submit such plans, Bush submitted Texas' plan months ahead of the deadline to retain an additional \$72 million in federal funds for the "Texas for Temporary Assistance for Needy Families" — known as the Aid to Families with dependent Children program before the new federal welfare overhaul.

Bush made the decision to send the plan to Washington after Lt. Gov. Bob Bullock and House Speaker Pete Laney said they were satisfied with it.

The state was budgeted to get \$414 million in AFDC funds in the current budget, the *Dallas Morning News* reported. Bush's action means the state will receive a \$486 million lump sum payment — \$72 million more than it would have otherwise received, the *Houston Chronicle* reported.

Federal regulators have 30 days to review Texas' 97-page plan to see if it meets requirements.

Bomer Drops 'Unnecessary' Rules

Texas' insurance rule book will be 42,000 words lighter and the regulatory burden on the state's \$40 billion insurance industry will be reduced without harming consumers, as a result of an order signed last week by Texas Insurance Commissioner Elton Bomer.

Bomer ordered the repeal of 116 insurance regulations identified as unnecessary in a review that began last spring by the Texas Department of Insurance.

MARGARET MILLER (r) and RUTH SEAHORN admire porcelain dolls at their store, Happy Hollow. - Stockman file photo

Best Homecoming Sign: "Open" On The Door Of Happy Hollow

Ozona's best known twins are back. Margaret Miller and Ruth Seahorn placed the open sign on the door at Happy Hollow Monday and spent much of the day talking with friends instead of cleaning the toy store as they had planned. The shop, which will celebrate its 19th Christmas in Ozona this year, had been closed since just after Christmas of 1995 when Margaret began treatment for cancer.

"We don't know if we're really open or not," said Ruth. Margaret will continue to have frequent doctor's visits and also has to return to Houston for a checkup. The two agreed, however, that if they are there, (at the store) they're there, and if they're not, they're not. Understanding friends and customers are just glad to have them back at the shop, no matter what the schedule.

Happy Hollow first opened in 1978; Ruth had been widowed two years and Margaret three when they started the toy store. After three years at the location where Ozona Insurance is now, the business was moved a block north to its present location. There they have watched many an Ozona youngster grow up. "We've

gotten to know all the young people, even before they're born, and then see them graduate," said Ruth.

Some time ago the twins made up their minds to keep Happy Hollow open until they are 80. "Lord willing, we'll be here," said Margaret. "Maybe He just had us take out this one year to be sure we really wanted to stay." They will be 75 this May.

Although her courage in the face of illness has been an inspiration to those who know her, Margaret accepts no praise for herself. "The Lord's been with me every step of the way," she said. "We were raised to take what is handed to you. You do what you have to do."

What the two had planned to do before moving from Christoval to Ozona in November of 1941 was go into nursing. "We couldn't get in that semester," said Ruth. "Paschal (Paschal Northcutt, an Ozona pharmacist) came to Christoval looking for someone to work." Christoval's druggist told him about the twins, and before long they were in Ozona. They soon made lifetime friends and met their future husbands, Dick Miller and Bill Seahorn.

Diabetic Workshop Oct. 21 It's A Boy

The problem of diabetes prevention and management has been identified as one of the most critical health issues facing Crockett County.

A free, bilingual workshop, "Managing Your Diabetes", will be held at the Crockett County Civic Center on Monday, Oct. 21, from 1-5 p.m. for all diabetics and their caregivers. Any other interested persons are also encouraged to attend.

The workshop, sponsored by the Texas Agricultural Extension Service's Family and Consumer Sciences Committee, will address the main concerns of diabetics - meal planning, foot care and medications.

While there is no charge to attend or deadline to register, it would be helpful to the speakers in planning for enough materials if people planning to attend would call 392-2721 in advance.

Speakers are from Shannon Medical Center and include Carolyn Glass, Coordinator of the Diabetes management Program at Shannon, Angie Land, Inpatient Nurse Educator, and Tamara Hargett, a registered clinical dietician.

All sessions will be bilingual. Following a general session overview of diabetes and how to control it, the three topics will be offered in 45-minute workshops, which will be offered twice during the afternoon. Participants can choose two of the workshops to attend.

Following the workshops, the panel of speakers will answer questions from the audience.

"This is an excellent way for diabetics to get their questions and concerns answered immediately," said Tedra Ulmer, County Extension Agent for Family and Consumer Sciences. Ulmer said the bilingual sessions should be helpful to the many Hispanic

workshop or other programs on diet, nutrition and health, contact Tedra Ulmer at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

Persons with disabilities who need special services in order to attend this conference should call 392-2721 as soon as possible.

For more information about the

workshop or other programs on diet, nutrition and health, contact Tedra Ulmer at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

Persons with disabilities who need special services in order to attend this conference should call 392-2721 as soon as possible.

Bryce Matthias Gutierrez arrived at St. Mary's Hospital in Lubbock Oct. 4, 1996, at 7:08 p.m. He weighed in at five pounds, six ounces and was 17 inches long.

Grandparents are Van and Jan Miller and Matt and Felice Gutierrez of Ozona. The baby's great-grandparents are J. B. and Ethel Miller, Rodrigo and Susana Machado and Matias and Aurora Gutierrez of Ozona.

Also making him welcome are uncles Donald Gutierrez of San Diego, CA, Daniel Gutierrez of Alpine, Keith Miller of Austin, and aunt and uncle Lacey and Roy Tambunga of Austin.

Conferencia Para Diabeticos y Sus Enfermeros El 21 De Octubre

Vamos a tener una conferencia Bilingue, gratis, "Manejando sus Diabetes" en el Centro Civico del condado de Crockett, el lunes, el 21 de octubre de las 1 a las 5 de la tarde.

Todas las personas Diabeticas y sus enfermeros, mas todos los interesados, estan invitados.

La conferencia, patronada por el comite del Servicio de Extension Agricola de Texas Family and Consumer Sciences, va a dirigirse a los conceptos principales de diabetes - planes de comida, el cuidado de los pies, y las medicinas.

Aunque no cobren ni haiga tiempo limite para registrarse, fuera cortesia para los presentadores, en planeando para tener suficientes materiales, si los enterados llaman con tiempo al numero 392-2721 y hablan con Myra Tambunga.

Los presentadores son de Shannon Medical Center, incluyen Carolyn Glass, la Coordinadora del Manejamiento del Programa de Diabetes en Shannon, a Angie Land, la Educadora de Enfermeros para los Pacientes de Casa, y a Tamara Hargett, una Dietista Clinica Registrada.

Todas las secciones van a ser bilingues. Despues de una seccion general sobre el diabetes y como controlarlo, los tres temas van a estar en tiempos de 45 minutos, cuales se ofrecen dos veces durante la tarde. Participantes pueden elegir dos de las conferencias para asistir.

Despues de las conferencias, el panel de los presentadores van a contestar preguentas del publico.

"Esta es una manera excelente para los Diabeticos que pregunten sobre sus preocupaciones y que rec-

iban respuestas inmediatamente," dice Tedra Ulmer, Agente de Condado Extension for Family and Consumer Sciences. La Sra. Ulmer dice que las secciones bilingues ayudarian a los muchos hispanos con diabetes o que tengan el riesgo para la enfermedad.

"Apreciamos a la Peggy McWilliams por organizar esta conferencia," dice la Sra. Ulmer. "Hemos tenido mucha sollicitaciones para este tido de programa y deseamos que nuestros habitantes de Crockett Co. tomen esta oportunidad." McWilliams es una miembro del comite de la Extension Patronado este evento.

Para mas informacion sobre la conferencia a otro programa en dietas, nutriciones y salud, contacten a Tedra Ulmer o Myra Tambunga en el numero 392-2721.

Los programas educativos sirven a personas de todas edades sin distincion de su nivel socio-economico, raza, color, sexo, religion, impedimento u origen nacional.

Personas con impedimento que necesitan servicios especiales para atender esta conferencia pueden llamar a 392-2721.

Happy Birthday

Rush For Alpha Alpha Mu

On Sept. 23, Alpha Alpha Mu had their girls' rush. Guests invited to the party were: Corey Seahorn, Rhonda Shaw, Sandy Screws, Pricilla Cook and Dana Cowen. They have until the model meeting to decide if they would like to join.

Hostesses Molla Maytubby and Cathlyne Poinsetti served lasagna, salad and dessert. After the meal, everyone participated in a game of Gestures.

Before guests left they were given a rose.

Members present were Janet Thompson, Tonya Bullard, Adrienne

Cook, Patricia Sutton, Robin Bryne, Tonya Poinsetti, Laurie Hale, Santa Fiero, Shawna Hopper and Donna Morrow.

Tonay Bullard reporting

It's A Girl

Taylor Rae Goree was born Sept. 28, 1996, at 4:54 a.m. at Shannon Women and Children's Hospital in San Angelo. She weighed six pounds, 14 ounces and was 19 inches long at birth.

Proud parents are Lance and Sherri Goree.

Also welcoming her are 4-year-old sister Carlee Kay and grandparents Travis and Millie Goree of Midland and Cecil and Elma Buckner of Ozona.

THE HOME OF MRS. JOHNNY HOOVER AND HER SON JOHN HOOVER at 115 Live Oak were honored by Ozona Garden Club as Garden of the Month. Both love and work on the yard and flowers although Mrs. Hoover says John does all the work and is planning more and better next spring. This year's blooms include Peruvian petunias, begonias, impatiens, hibiscus, dahlias and Frakartii astors. Photo by Neal Ulmer

Butterfly Migration Reaches Ozona

Some of the millions of Monarch butterflies which are currently migrating through Texas reached Ozona last week. The migration of butterflies is a welcome sight each fall with numbers varying from year to year.

Recent weather conditions kept the butterflies in Kansas long enough for school children to tag some 26,000 Monarchs. These tags are part of a nationwide effort to solve the mysteries of the migration. Texans are helping by finding tagged Monarchs, tagging more of them and by keeping track of their numbers and location during the migration.

Each tag has on it a unique number and the instructions requesting it be mailed to O. Taylor, Entomology, Univ. KS, Lawrence, KS 66045. Information requested includes the number and the location where the tagged butterfly was found. Once the tag number is read and confirmed and the sex of the butterfly noted (male Monarch have two small black dots on their hindwings), the butterfly may be released to continue its journey to Mexico. The tag information should also be reported to the Texas Monarch Watch hotline at 1-800-468-9719.

Why tag Monarchs? The Monarch migration is a well known phenomenon, but much needs to be learned about how they get to their overwintering grounds in Mexico in the fall. Tens of millions arrive at the central Mexico overwintering sites in late October and early November. Their migratory journey originates in the central and eastern states and Canada, and they fly in a southwesterly direction across the continental United States, converging on Texas before disappearing into Mexico.

Still the great mystery is how Monarchs coming from many different sites from Colorado to new England all find the same small overwintering areas in the high fir forests of central Mexico year after year after year? What environmental cues are used to guide their migratory flight? Do they use the sun as a compass or the earth's magnetic fields? Do structural features such as rivers and mountains play a role in guiding them? How do weather and climate affect the migra-

tion and the size of the Monarch populations?

What predictions can be made about migratory routes based on knowledge of weather conditions along the migratory pathways? What is the relationship between Monarch population size and the weather in the principal breeding grounds? Many more questions arise in regards to Monarchs and their migration.

You can learn about the Monarchs yourself, as well as help Monarch researchers answer these questions, by getting outside and collecting information about the migration and Monarch populations each year. Keeping a Monarch migration "calendar" of the presence and abundance of Monarchs and tagging them all over the country also helps researchers to keep track of where they go from year to year. The data are compiled when tagged butterflies are found and their numbers reported to Monarch Watch Centers.

For information on how to participate in the Monarch tagging program in Texas, call the Texas Monarch Watch Hot-line at 1-800-468-9719. A biannual newsletter about the migration through Texas is also available. The Texas Monarch Watch is sponsored by the Nongame and Urban Wildlife Program of Texas Parks and Wildlife Department and the Margaret Cullinan Wray Trust.

Nevertheless I am continually with thee: thou hast holden me by my right hand.

Thou shalt guide me with thy counsel, and afterward receive me to glory

Sharp Urges President To Improve Telemedicine Health Care For Elderly

State Comptroller John Sharp today urged President Clinton to authorize Medicare reimbursement for telemedicine consultations provided by Texas Tech University at Lubbock, thereby improving vital health care services for the elderly and disabled in 108 West Texas counties, including Crockett.

In a letter to the President, Sharp said Texas Tech, which operates the largest telemedicine network in the state, should be included in the federal government's national telemedicine demonstration project and should be reimbursed for its costs from the Medicare Trust Fund.

Texas Tech operates HealthNet, one of the nation's first telemedicine networks, created in 1989 utilizing a grant from the US Department of Health and Human Services.

"Of the 108 counties it covers in West Texas, 99 are rural, with 49 of them designated as 'frontier' counties. These counties have a population density of less than seven people per square mile," Sharp said.

According to Sharp, HealthNet connects the four campuses of Texas Tech in West Texas with rural health

care facilities and prisons in the western part of the state. It provides training for emergency services personnel and health care to the prisons. It has also assisted with surgical procedures, helped in the diagnosis of skin cancers and provided treatment for newborn babies.

Sharp relayed to the President the case of an elderly West Texas patient and his physician who used the HealthNet video network at Alpine to speak with a cardiologist at the Texas Tech teaching hospital at Lubbock. The patient did not have to travel 150 miles to the closest urban hospital at Odessa to identify appropriate treatment for his congestive heart failure.

"Telemedicine saved hours of critical treatment time, cost of transportation and unnecessary services because of a faster local diagnosis. The estimated savings were almost \$3,000," Sharp said.

Sharp asked the President to direct the federal Health Care Finance Agency to include Texas Tech's HealthNet with five other demonstration projects that are now under way in other parts of the country to determine how these health care providers should best be reimbursed for provid-

ing telemedicine services. Sharp also asked the President to direct the Office of Management and Budget to reimburse Texas Tech and the five other telemedicine demonstration projects around the country through the Medicare Trust Fund.

Because it is a pioneer in the area of telemedicine, Sharp said Texas Tech can provide valuable assistance to the national demonstration project.

Texas Tech is one of the few programs that now documents the benefits of direct medical services such as interactive video consultations, teleradiology and data services for rural hospitals," Sharp told the President.

It's A Boy

Angela and Jerry Overman of Andrews are the parents of a son, Rylee Wayne, born Sept. 25, 1996, in Andrews. He weighed seven pounds, 13 ounces.

Helping make him welcome are grandparents James and Jane Dalby of Ozona and Sandra and Dwayne Overman of Andrews. Great-grandparents are Rene Huffman of Ozona and Fred and Mavis Overman of Snyder.

"Pavement Ends"

Driving down one of our local county roads just the other day I came to the place where the pavement ends, and what continued from there was a rough and rocky road. The small warning sign read, "Pavement Ends," and within just a few hundred feet, it did! What struck me was the bluntness of that little sign; "Pavement Ends." The sign didn't apologize for the pavement ending; nor did that little sign admit any responsibility for the pavement ending. That little sign was simply stating a fact and the last thought that I had about that little sign was the fact that the pavement ending was not optional!

What struck me also was the parallel between that little sign and the signs in the Bible. The Earth as we know it will end! Our life will be over here on Earth sooner or later! We will stand before God and give an account of ourselves (Remember, only those in Christ will live).

My friend; The road as we know it is going to change just ahead. Please read the last 3 Chapters of the book of Revelation. Notice that it's simply stating fact. No apologies! No admission of being responsible for it. Just fact! Friends, when the pavement ends, it's not optional. I hope you're ready.

Attend Church This Sunday

Glory Be To The Father

By Dennis J. Prutow

God's blessings come from Heaven. They are deeply spiritual. They involve each person of the Trinity. God the Father planned these blessings. Jesus Christ, the Son, brings these blessings into the world. The Holy Spirit applies them to our personal lives.

The Bible describes the chief work of the Father in Ephesians 1:4-6. "He (the Father) chose us in Him (Christ) before the foundation of the world, that we should be holy and blameless before Him. In love He predestined us to adoption as sons through Jesus Christ to Himself, according to the kind intention of His will, to the praise

of the glory of His grace."

The Bible immediately confronts us with God's election. We do not like this teaching of Scripture. First, it is not democratic. Second, we think we should be able to earn a place in Heaven. But the Bible emphasizes the glory and the grace of God. Works oppose grace. "If it is by grace, it is no longer on the basis of works, otherwise grace is no longer grace (Romans 11:6).

God's election is therefore not on the basis of foreseen faith or other good works. It is on the basis of or "according to the kind intention of His will". To what end? "To the praise of the glory of His grace." Glory be to the Father.

CAPITOL COMMENT

U.S. SENATOR
KAY BAILEY HUTCHISON

Letter to the Editor

Dear Editor,
I am writing this letter to correct an error concerning our County's history. In your September 11, 1996, issue of The Ozona Stockman, there was an article that introduced Petra Hernandez as the first female deputy in Ozona and Crockett County. While I do not want to lessen Petra's position in any way, I do want to let you know that on October 10, 1979, Rosario "Shio" DeHoyos Tambunga was sworn in as a deputy for the County of Crockett. She served under the late Sheriff Billy Mills and has the documentation and badge to prove this fact. During her deputation, she performed several of the tasks connected with the duties of a deputy as well as a jailer. While it is true that Petra is the first female deputy to go on and receive certification status, it is incorrect to state her as the first female deputy of this county.

In closing, I want to congratulate Petra on her accomplishments thus far and wish her only the best in the future.

Respectfully,
Raymond P. "Bear" Borrego
Crockett County Constable

Editor's Note:
The following report was provided by Bobbie's father on Oct. 4.

Bobbie finished her first full week of reinduction chemotherapy 10-2-96, after a three week delay due to poor blood counts. She is undergoing treatments at St. Jude's Children's Research Hospital in Memphis, TN, as an out-patient. She and Maida are staying at La Quinta Medical Motel (901)526-1050, room 177. They are best reached after 8 p.m. most evenings. I am currently there from Sunday to Wednesday, and at the Sonora Livestock Auction Thursday through Saturday evenings.

Like always, Bobbie has had a lot of trouble, and is certainly helping St. Jude's in their research program. We have heard this more than once in Bobbie's case... "we've never seen or had this happen before". First Bobbie's sugar count sky-rocketed last Saturday night; this is a common side-effect with the type of chemo she is taking, but then Monday, after an all night of watchful eyes on her sugar, Bobbie began to start passing out, unable to walk, and severe vomiting. The doctors then ordered blood tests

STAT!!! What the doctors found has never been reported in medical journals or in their research program. Bobbie's Dilatin level was twice the high side of normal, normal being between 10-20, Bobbie's was 45. Dilatin is a medication she is taking due to some complications she had during April of this year. It turns out that the medication she is taking, the chemo, and the Dilatin caused her body not to use the Dilatin properly, and the Dilatin began to build up in her system. Her body became very toxic, causing this severe reaction. One doctor, and a pharmacist, stated they had never seen anyone still able to talk have such a reaction, and, of course, we were real lucky, again!

Folks, your prayers did it again. God bless you all, and thank you. I will try and keep you posted weekly. Bobbie is scheduled for chemo treatments every other day, and blood levels twice daily for the next 6 to 8 weeks, so you can see we are real busy during the day. Bobbie has started to lose some weight now, but is taking medication to keep her appetite built up. Other than the above, Bobbie is doing surprisingly well, and is in good spirits. She is still in remission, and the doctors remain optimistic about her case, but we all remain cautious in Bobbie's case. We know we can't take her off Dilatin, we know we must keep up the heavy doses of chemotherapy, and we know we must keep her on the other medications so she doesn't have to go thru what we had last time we were at St. Jude's (pneumonia, infections in her esophagus, stomach and intestines, and severe weight loss). After the 6 to 8 weeks, the doctors will re-evaluate her condition to determine the next step to be taken. This could possibly be bone-marrow transplant, radiation, or both; they will wait to see.

Thank you for your prayers and support!!!
Robert Bryson

Memorial Service Honors Officers

The public is invited to a memorial dedication service honoring Texas Ranger Clarence Nordyke and Corporal Willie Dale Taylor on Oct. 16 at 10 a.m. The service will be held at the DPS office in Ozona at 1503 Monterey.

READY TO TAKE FRESHLY CHURNED BUTTER out of the mold at Pioneer Heritage Day are Kathryn Kessler of Big Lake and Sharon Farmer of Ozona. Approximately 200 people attended the event which was termed a "wonderful success" by Geniece Childress of Crockett County Museum. Plans are already underway for next year's event.
photo by Scotty Moore

Bill Draws a Bead on Stalkers

I recently met a wonderful man, about 35 years old. He has two beautiful daughters, five and eight. It is obvious they are well cared for — they are well adjusted, well mannered and dressed nicely. Dr. Wiggs is doing a terrific job — but his girls are motherless. His wife's stalker made good on his threats and, four years ago, shot her to death in front of their house. She was young, beautiful and, unfortunately, a target.

I can only imagine how horrible it must be for stalking victims who have been injured or taken captive by their predators. They must feel helpless and vulnerable in the extreme.

On September 23, a bill I sponsored became law. It brings the victims of stalkers across America a higher degree of protection and security than ever before. I want these victims to know that now they have a more effective remedy when targeted by this crime.

The new law makes it a felony to cross a state line with the intent of injuring, harassing or harming a victim in violation of a court protective order.

This does not federalize the crime of stalking — stalking is still a violation of state law enforced by state and local authorities. But if a stalker, in committing that state crime, crosses state lines, the criminal can be apprehended. FBI resources can be used to stop interstate stalkers.

Until now, stalking victims in this country have been virtually imprisoned within the borders of their home states because there was no federal law on the books making it a crime to stalk across state lines. These victims were inadvertently being penalized yet again — because moving to a new state was no guarantee of escape. If they had obtained a court restraining order against a stalker in their home state, there was nothing to prevent that person from following them and terrorizing them all over again in a state where the restraining order was not valid.

This new protection marks a turning point. No one should have to go in fear of his or her life. Stalkers now are more likely to be stopped and apprehended — and when convicted, will face tough punishment.

In addition, the bill expands the definition of a stalking victim from "offender's spouse or intimate partner" to simply "victim," so that those who are stalked by acquaintances or strangers are afforded more protection. And it extends protection to a victim's immediate family and protects victims who live or work on federal property such as military bases, post offices and national parks.

Victims of stalking are most often women and children. Now, victims can expect a greater degree of protection from their stalkers. Their tormentors are more likely to be apprehended, and when convicted, be subject to tough punishment.

Abused Children Experience Anxiety Disorders

Some children living through abuse and neglect suffer from post-traumatic stress disorder, commonly associated with combat veterans.

PTSD, an anxiety disorder resulting from a stressful or traumatic event, can also affect victims of burns, earthquakes, floods and rapes and other violence.

Not all abused children will develop it, said Dr. Bruce D. Perry, a psychiatrist at Baylor College of Medicine.

"The child's age and the frequency and type of abuse made a difference," Perry said. "But, when the abuse involves life-threatening terror and physical violence, PTSD is common." The children's bodies often oper-

ate at a low-level fear stage, he said. They have higher heart and breathing rates, disturbed sleep, high blood pressure and increased muscle tone. "Their brains have adapted to survive in an unpredictable, violent world; however, it makes it hard to cope in healthy environments," he said.

OZONA'S QUARTERBACK JUSTIN BROWN (#12) tries to go around left end as Iraan's #71 Nathan Price attempts to cut him off. The Lions lost 57-3 to the class 2A state ranked Iraan Braves in their homecoming game held last Friday in Lion Stadium. Photo by Neal Ulmer

Braves Dampen Lions' Homecoming

By Neal Ulmer, Stockman Sportswriter

It was a game of domination as the District 6-2A Iraan Braves amassed 366 rushing yards to defeat the Ozona Lions 57-3 spoiling their homecoming last Friday night in Lion Stadium. The Lions fall to a season record of 1-4, and the Braves increase their record to 5-0.

"Iraan is ranked high and they deserve it. They are quick. One thing that sticks out about them is their overall team speed—even the linemen are fast," said Ozona High's head coach Walter Hargrove. "We had guys in position to make plays and they ran by us. All of their skill people are better than average athletes. They are about as good as any team I've seen—even when I played against Albany."

Although Iraan received the ball first, Ozona got the first lick in as Iraan fumbled the ball on their own 20-yard line. Ozona was not able to move the ball and settled for a field goal. Matthew Galindo attempted a 34-yard field goal, but it went wide to the left.

Appearing to be the start of something good for Ozona, Iraan fumbled the ball again on their 20-yard line, and Ozona recovered. Again, the Lions were unable to move the ball and once more attempted a field goal. This time a 37-yarder by Galindo went between the uprights, and Ozona led 3-0 with 8:44 remaining in the first period.

"Matthew Galindo hurried the ball on the first field goal try and kicked the second one well. He kicked the ball well," said Coach Hargrove.

The Braves decided to get down to business and that they did—as to strike with a vengeance. On their third possession of the first quarter, Iraan scored their first of eight touchdowns. Running back Renaldo Mendoza scored on a 48-yard run with 8:13 remaining in the first quarter. The PAT by Jeremiah Medina was good for a 7-3 Brave lead.

The Lions were unable to move the ball, again forcing them to punt their first of four punts of the evening by Galindo. The Braves started their next possession on the Lion 23-yard line after a good return by Ross Blackwelder. Five plays later, including one Iraan penalty, the Braves scored their second touchdown on a 26-yard halfback pass from John Rodriguez to Robin Hanna. The PAT by Medina was good, giving the Braves a 14-3 lead with 4:32 left in the first period.

The Lions continued to have problems with their running and passing game, forcing them to punt another time. This time Iraan started on their 39-yard line, but two plays later they were in the end zone. Iraan's Blackwelder scored on a 52-yard romp with 2:21 remaining in the first quarter. The PAT by Medina was good, increasing the Braves' score to 21-3.

In the second quarter, Iraan scored three touchdowns and two PATs, ending the first half 41-3. With 11:23 to go in the second period, Brandon Ramsey scored on a 7-yard run. Approximately four minutes later, Mendoza scored on a 48-yard run and another two minutes later Ramsey scored on a 5-yard run.

"Defensively, our kids were in the right place for a tackle, but they just ran by us," said Hargrove. Leading the Lions in tackling were Justin Browne and Gary Dominguez with 10 each. They were followed by Manuel Mendoza with nine, Rueben Cruz eight, John Esparza six, and Rick Hamon, Rusty Bishop, and Armando Flores with five each. Eight other

Ozona players had 10 tackles.

"Offensively, we ran the option okay. We started running the option some with Pete (Castaneda). We are going to continue to do that. Pete and Justin (Browne) did a good job when they were in there," said Hargrove.

In the second half, the Braves quickly struck again, scoring on the first play. Iraan's Hanna scored on a 52-yard pass from quarterback Billy Palmore with 11:41 remaining in the third period. The PAT by Medina was good, increasing their score to 48-3.

An Ozona fumble was picked up by Ramsey and returned 25 yards for a touchdown with 10:50 left in the third period. The PAT by Medina was good as the Braves enlarged their score to 55-3.

The Braves' final score occurred only eight seconds later. It was unfortunate for Jon Sanchez to first slip on the grass at the goal line where the officials marked the ball. Then on the next play, an Ozona running back was tackled in the end zone by Felipe Bernal for an Iraan safety, making the final score Ozona 3, Iraan 57.

"They gave us a good lesson in how to play quick and how to play

fast. Iraan will be hard to beat. They were averaging 47 points per game. They have been playing good offensively and defensively, too," said an impressed Coach Hargrove. "They sure are playing good right now. They make you pay for your mistakes, and that's what a good team does."

Coach Hargrove sees a couple of positive things from the loss. He said, "By playing somebody that good, I hope our guys realize that you have to play hard, quick and together as a team to get to that level of play. Another positive is our kicking game has been exceptional."

Now that non-district games are behind and with the one district loss to Eldorado, Ozona can get down to business. There are five district games left, and Coach Hargrove still feels confident about his team and their chances.

"We are still in the thing. District is really wide open," said Hargrove. "Everybody we play, we can line up with them. It's a matter of getting our heads on right."

The Lions will contend with the Roscoe Plowboys who moved from class and District 11-A to 8-2A. Head

coach Robbie Tindol led his team to first place in district with a 5-0 record and a season record of 13-2. They return 19 lettermen with four offensive and five defensive starters. Coach Tindol sees their strengths as experience and speed. He sees their weakness as overall depth.

Coach Hargrove is definitely concerned with Roscoe. He said, "Roscoe is playing real good right now. They beat Winters two weeks ago and Eldorado last night (24-12). They have been scoring pretty good."

With a good quarterback in Beau Barnes and a sophomore receiver that is real good, along with some big linemen, look for the Plowboys to try to wreck havoc with the Lion defense.

One Roscoe player to watch in particular is Andy Howard at running back-safety and kicker. Howard rushed for a game-high of 85 yards on 14 carries, kicked a 32-yard field goal and three PAT kicks against Eldorado. Others to watch include Jacob Freeman, a fullback/defensive back, Justin Tomlin, a tight end/defensive end, Heath Luce, tight end/linebacker, and linemen Marcial Saenz and Scott Blackley.

Offensively, they run out of the wishbone offensive, the I formation and the one-back. "Offensively, they will spread you out with three receivers and they run the ball well. They are half-and-half in throwing and running on offense—pretty balanced," Hargrove said.

Defensively, they run a 50 and a 4-3 front. If the team runs, they will be in a 50 and if throwing they will be in a 4-3 defense according to Hargrove.

The Lions will host the Roscoe Plowboys starting at 8 p.m. on Friday, Oct. 11. The pep rally will be held at 3:40 p.m. in Davidson Gym. Come out and "Back the Lions".

WEEKLY REPORT

Congressman
Henry Bonilla
23rd District, Texas

1529 Longworth House Office Building Washington, D.C. 20515 202/225-4511

Shaking Some Common Sense Into Washington

It seems like recent news reports only talk about the current mood in Washington as being ruled by presidential politics and stalling tactics. Where are all the reports about what is getting done in Washington? The real story is about the many accomplishments of the 104th Congress. You hired us to get the job done right, and we have lived up to the task.

The last two years have brought some highs and lows. Despite the fact that sometimes it felt like we were beating our heads against a brick wall, I am proud to have been a part of a Congress that was successful in injecting common-sense ideas and solutions into the status quo tax-and-spend policies of old.

Right from the beginning, this Congress set out to change the way Washington works, starting in our own backyard. For the first time ever, Congress is learning what it's like to live under the laws it imposes on the rest of the world.

We then set out to cut wasteful Washington spending and give power back to you, the people. We have worked hard to help you take home more of your paycheck and spend more time with your family and friends. This Congress eliminated over 270 wasteful programs, saving the taxpayers \$53 billion. That's no small chunk of change.

We passed needed lawsuit abuse reform measures to lower litigation costs to employers and end abuses by trial lawyers. Unfortunately, this was vetoed. But we'll keep trying.

We also delivered real welfare reform. The new welfare reform law will encourage the poor to work and help them break out of the poverty cycle of welfare. It transformed the old dead-end system into a system that will work as a temporary helping hand

for those who need it. The most important thing about the welfare law is that it moved the power and money to Texas. Texans should be deciding how welfare will work in Texas.

While I am proud of these accomplishments and the many other successes this Congress has enjoyed, let me be honest with you. There's a lot more work to be done. For example, we still need to see reform of laws affecting private property rights.

With the help of many of you out there, I was successful in getting the Endangered Species Act reform bill out of the House Resources Committee. Unfortunately, it was not scheduled for a vote before the session ended. Sure, we weren't successful in getting ESA reform this time, but we've laid some important ground work for next time.

But this is not just about dollar signs. The mindset of Washington is beginning to change. This Congress has finally gotten the word out that local citizens, not Washington bureaucrats, make the best decisions for their town.

ORLANDO F. DEHOYOS

CROCKETT COUNTY ATTORNEY

EDUCATIONAL BACKGROUND:

- ★ OZONA HIGH SCHOOL CUM LAUDE GRADUATE (1977)
- ★ BACHELOR OF ARTS, ANGELO STATE UNIVERSITY (1981)
- ★ MASTERS DEGREE, ANGELO STATE UNIVERSITY (1985)
- ★ DOCTOR OF JURISPRUDENCE DEGREE, TEXAS TECH SCHOOL OF LAW (1987)
- ★ LICENSED BY STATE BAR OF TEXAS (1988)

In my 1988 campaign for County Attorney, I pledged and promised that if elected, I would "meet and surpass the needs of the Crockett County Attorney's office" by bringing "a hard-working, thorough, and fair-minded approach to this office."

MY RECORD OF ACCOMPLISHMENT AS AN ELECTED PROSECUTOR SINCE JANUARY 1, 1989:

- ★ SIGNIFICANTLY INCREASED THE DUTIES AND RESPONSIBILITIES OF THE CROCKETT COUNTY ATTORNEY'S OFFICE
- ★ ENSURED A MONTHLY MISDEMEANOR CRIMINAL DOCKET COURT SYSTEM (NEARLY 1000 CASES FILED)
- ★ ADDED THE DUTY OF PROSECUTING JUVENILE DELINQUENTS
- ★ ADDED BEING THE PROSECUTOR IN OUR JUSTICE OF THE PEACE COURT
- ★ ADDED THE RESPONSIBILITY OF REPRESENTING THE STATE OF TEXAS IN CHILD PROTECTIVE SERVICE CASES
- ★ ADDED THE REPRESENTATION OF THOSE SEEKING PROTECTIVE ORDERS DUE TO DOMESTIC VIOLENCE
- ★ ESTABLISHED A HOT CHECK COLLECTIONS SYSTEM THROUGH THE COUNTY AUDITOR'S AND COUNTY TREASURER'S OFFICES
- ★ OVERSEEN NUMEROUS PROJECTS AND PROGRAMS ENACTED BY CROCKETT COUNTY COMMISSIONERS COURT

Since being first elected, my annual salary has increased, on the average, only slightly more than 1/2 of 1% and I have never exceeded my budget; YET, I have significantly increased the duties of Crockett County Attorney.

"I want to thank the citizens of Crockett County for your past confidence in allowing me to publicly serve Crockett County. I would certainly appreciate your vote once again."

★★ DEHOYOS ★★

DESERVING OF YOUR VOTE!

Instructions to Publishers

- Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
- Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
- Be sure to furnish all information called for in item 15, regarding circulation. Free circulation must be shown in items 15d, e, and f.
- If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during October.
- In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
- Item 17 must be signed.
- Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.

PS Form 3526, October 1994 (Reverse)

Iraan JV Slips By Lions 20-8

By Neal Ulmer,
Stockman Sportswriter

The Ozona JV Purple Lions had a few obstacles they could not overcome as the Iraan JV defeated the Lions 20-8 in Iraan last Thursday night. The JV purple team's season record is now 3-3.

"The game was a lot closer than what the score was. It could have gone either way," said Lion JV Purple offensive coach Ronnie Casey. "We moved the ball successfully all night long. We made some key mental mistakes."

In the first quarter, Iraan returned a punt to the Lion 10-yard line to set up their first touchdown. They went in from there for the score but failed on the conversion for a 6-0 lead.

The Lions scored on a 2-yard run by Miguel Rios in the second quarter. A pass from Ross Crawford to Rios was successful for the conversion to give the Lions an 8-6 halftime lead.

"Defensively, we started out a

little flat, but after our first score offensively, it gave our defense some needed enthusiasm," said Lion JV Purple defensive coach Lee Gonzales.

Iraan came out in the third period running a power sweep for a 19-yard touchdown. The conversion failed but the Braves took the lead at 12-6.

The Braves sealed their victory in the fourth quarter with an inside trap play that covered 13 yards for the score. A run for the conversion was good, giving the Braves a 20-8 victory.

"They (Iraan) had above average speed, and their front line did a good job on our defensive line. For three and a half quarters, we played some smart defense," said Coach Gonzales. "The kids read their keys well and made some good open field tackles. In the absence of Tim Maldonado due to an injury, he was greatly missed, defensively."

"We came out in the second half and moved the football real well. I made a decision to go for it on a fourth

down play on the yard marker and it changed the momentum of the game," said Coach Casey. "We reestablished our offense and moved the ball later on, but had a mental lapse and had to punt."

Coach Casey had praise for his offensive team as he said "Matt Castaneda played a good game filling in for Tim Maldonado, who broke an ankle the day before. Ken Sessom and Kenny Vargas did a fine job splitting time and filling the vacancy of Rick Hamon who went to the varsity team."

Both coaches saw some positive things that came out of the loss. "One positive thing was with a lot of distractions and misfortunes, we came together as a team for Tim. We came together as a team and a whole and it was a decision by all of them," said Coach Casey.

Coach Gonzales added, "One of their greatest strengths is team unity."

The JV Purple Lions will play the Roscoe JV Plowboys on Thursday, Oct. 10 starting at 6:30 p.m. in Roscoe. Both coaches are looking forward to playing the Plowboys. "We are going to bounce back and beat Roscoe," said Gonzales.

"Those kids played their hearts out, and we are ready to play Roscoe and turn it around. Roscoe is a very talented group of individuals. We wish Tim a speedy recovery," added Coach Casey.

CROCKETT COUNTY was well represented and did very well by winning five team trophies and many individual trophies at the Hill Country Firemen Association's Fall Convention Pumper Races held Oct. 5 in Winters. Pictured posing with the trophies are: (bottom row, l. to r.) Zane Caddell, Heather Thompson, Brandi Glosion, Codie Glosion, Morgan Glosion, Sara Hernandez and Thomas Morrow. Second row: (l. to r.) Brian Morrow, Dana Caddell, Mark Hernandez, David Hernandez, Nancy Guitierrez, Linda Hernandez, Francis Sanchez, Janet Thompson and Brad Thompson. Third row: (l. to r.) Fire Chief Bob Falkner, Eddie Wall, Helen Wall, Kelly Price, Larry Sanchez, Larry Glosion, Mike Morrow, Chicho Hernandez and Bailey Bishop. Back row: (l. to r.) Melissa Glosion, Della Miller, Jasper Wayne Price and Kim Caddell.

Rocksprings Wins Ozona Cross Country Meet

By Neal Ulmer
Stockman Sportswriter

The Rocksprings Lady Angoras continued their winning streak by winning the 5th Annual Ozona Cross Country Meet held at the Ozona Baseball Complex Oct. 5. The Angoras also won, beating out five other teams.

This was not a very good day for the Lions and Lady Lions as the varsity boys placed sixth and the varsity girls were fifth.

In the high school girls' division, the Rocksprings Lady Angoras flew by for a first place finish, scoring 20 points. They were followed by: 2 Iraan 88, 3 San Angelo Central JV 90, 4 Water Valley 93, 5 Ozona 108 and 6 Reagan County 116 points.

A total of 54 contestants ran with Ozona's Lori Sanchez placing third with a time of 12 minutes, 8.25 seconds. She was followed by teammates: 5 Terren Marshall 12:20.87, 40 Gina Castro 15:02.57, 48 Alex Lira 15:44.85 and 50 Michelle Marshall 16:31.39.

In the high school boys' division, the Rocksprings Angoras took first place with 57 points. They were followed by: 2 Fort Stockton 68, 3 Comstock 78, 4 Water Valley 87, 5 Reagan County 93 and 6 Ozona with 95 points.

Ozona freshman I. J. Villarreal led the Lions with an 11th place finish out of 47 contestants with a time of 18:07.16 minutes. He was followed by teammates: 12 George Hernandez 18:18.55, 23 Blas Villa 19:03.32, 24 Charles Villarreal 19:09.09, 26 Wayne Flores 19:11.37, 31 Matt Castaneda 19:51.73 and 39 Gabriel Tambunga with a time of 20:21.83 minutes.

In the junior high girls' division, the Ballinger A team won first place, scoring 26 points. They were followed by: 2 Rocksprings 45, 3 Ballinger B

87, 4 Reagan County #1 101, 5 Ozona 118, 6 Ballinger C 151 and Reagan County #2 196 points.

Ozona's Melissa Herrin led the Cubettes with a second place finish of 52 contestants with a time of 13:11.09 minutes. She was followed by teammates: 22 Kristi Avila 14:50.54, 25 Melissa Quintero 15:19.88, 43 Staci Sutton 17:48.58, 44 Jordan Webster 18:13.64 and Leslie Flores with a 19:32.88.

In the junior high boys' division, Rocksprings placed first with a score of 24 points. They were followed by: 2 Reagan County 41, 3 Ozona 65, 4 Comstock 127 and 5 Christoval with 130 points.

Cub Chase Adams led his team, placing fourth out of 42 contestants with a time of 12:10.57 minutes. He was followed by 15 Martin Sanchez 12:57.88, 16 Chris O'Bryan 13:06.45, 17 Abel Rodriguez 13:10.25, 22 Robert Madris 13:57.52, 23 Michael Ramos 13:59.56, 24 Jeffrey Mendez 14:01.66, 26 Gerardo Elizondo 14:03.23, 30 Chris Kennedy 14:35.29, 32 Gustavo Perez 15:05.08, 33 Zeke Rivera 15:22.02, 36 Leon Garcia 16:24.90, 37 R.J. Fierro 16:25.60 and 42 Roman Castaneda 21:36.05 minutes.

The Ozona Lions and Lady Lions will compete in the District 8-2A Cross Country Meet to be held in Water Valley on Tuesday, Oct. 15, starting with the JV girls at 10 a.m., JV boys at 10:30 a.m., varsity girls at 11 a.m., and the varsity boys at 11:30 a.m.

The junior high district cross country meet will also be held on Tuesday, Oct. 15, starting with the junior high girls at 3:30 p.m. and the boys at 4 p.m. in Carlsbad across from the state school.

Coach Maldonado would like to thank booster club members for all their help and fans for their attendance.

Christoval JV Blanks JV Gold Lions

By Neal Ulmer,
Stockman Sportswriter

The Ozona JV Gold Lions were blanked by the Christoval JV Cougars 26-0 in last Thursday's game in Christoval. The JV Gold Lions are now 1-3 for the season.

"Our guys got after it and played real hard. Overall, the kids never gave up and are a good bunch of kids," said Ozona JV Gold Coach Alan Phillips. You can see a big difference now, than at the first of the season."

The coaches were not able to give a rundown of how Christoval scored but were impressed, especially with one player. "Basically, they had one kid as an animal—as a runner and

defensive man (6'1" at 195 lbs.). Christoval is an older, experienced team," said Phillips. The halftime score as noted by the coaches was Christoval JV 14, Ozona JV Gold 0.

Coach Phillips put the game in a nutshell when he said, "Offensively, we would get a real good drive going and shoot ourselves in the foot—not execute the ball well."

The JV Lions gave good effort and Coach Phillips noticed some that played exceptionally well. Randall Borregon ran the ball well and Joe Luna did a real good job running the football on the option. Ryan Bean on the offensive line did a good job of adjusting. Ty Mitchell did a good job both

offensively and defensively. Phillips said, "He is a good leader of the group."

"Our kids did not shy away from them. We had to gang tackle that big kid. Alex Castaneda stepped up and hit the big guy a few times—he played a good game. Defensively, Castaneda, Mitchell, Ty Porter, and Mario Barrera made some good tackles. Those kids never gave up and we were always putting a hit on them—a lot of enthusiasm," added Phillips.

Fan support is always good, and the JV Gold team definitely has theirs. "The coaches always appreciate the support of our fans and our kids appreciate it too," Phillips said. For an update on the Lions' football schedule, call the Ozona's Talking Newspaper at 392-2447 extension number 403.

Honor Roll Additions

Additional honor students at Ozona Middle School for the first six weeks include seventh grader Kimberly Flores on the A Honor Roll and sixth grader Lalo Garza on the A-B Honor roll.

The lists of honor students published in the Oct. 3 issue of The Stockman did not include the names of students who had incomplete or blank grades due to absence on the day of tests.

ing if they were part of the original courthouse.

Requests for the new annex include fashioning windows similar to those in the courthouse and extending front corner rooms like the courthouse. The commission also asked that a park area be established between the courthouse and present annex.

Sutton stated that Jack Meek, the county's architect for the annex project, said cost of the courthouse work should be covered with funds already allocated. The annex will cost more.

He was to take the new plans to Austin Oct. 4.

Commissioners tabled action on a request to place a memorial marker for E. M. Powell on the courthouse square until they learn what will be done with the park area between the two buildings. Powell donated the public land for downtown Ozona.

No action was taken on an agenda item requesting a donation for the Drug Abuse Resistance Education program as Union Pacific has agreed to fund the D.A.R.E. program here.

OZONA STOCKMAN DEADLINE:

ALL NEWS, CLASSIFIED AND DISPLAY ADS MUST BE IN BY 5:00 P.M. ON MONDAY FOR WEDNESDAY PUBLICATION IN THE STOCKMAN.

McCamey Lodge Plans Christmas Bazaar

The McCamey Rebekah Lodge will sponsor a Christmas bazaar Saturday, Dec. 7, from 9 a.m. until 5 p.m. Location will be the McCamey Park Building at 212 W. 7th.

Food booths and booths with peg boards or electrical outlets are \$25. Others are \$20. You must bring your own pegs and extension cords. Tables and chairs are furnished. Floor space will be on a first come, first served basis. No cooking will be allowed in the building.

To reserve a booth, call or write Debbie Jones at P. O. Box 942, McCamey, TX 79752 or call 915-652-8044. You may also reserve a booth by calling Alton Waters at 915-652-3687 or Roselyn Levels at the McCamey Chamber of Commerce at 915-652-8202.

Harper Trades Day Oct. 12

The pigs and hounds should be ready to run Saturday, Oct. 12, as the Harper Chamber of Commerce kicks off its 8th Annual Trades Day. Beginning with its one-of-a-kind showcase event - the Harper Hounds Downs Dachshund Races, the celebration will also include greased pig races, tugs-of-war, and people selling all manner of wares.

The celebration begins at 9 a.m., and Dachshund owners should have their dogs at the starting gates at noon.

Games, an auction, competitions, antiques, collectibles and arts and crafts sales are all part of Harper Trades Day.

1997 CALENDARS AND CALENDAR REFILLS are at The Stockman.

Psoriasis Worsens In Winter Months

Winter poses a triple threat for psoriasis sufferers: increased dry skin, elevated stress due to the holidays and decreased sunlight.

"Any of these things can aggravate psoriasis and, in combination, can cause a severe flare-up," said Dr. John Wolf, a dermatologist at Baylor College of Medicine in Houston.

The hereditary disease has no cure and is characterized by red, scaly, flaky patches often found on the elbows, knees and scalp.

Wolf recommends psoriasis sufferers adopt a winter regimen that includes:

- As much sunlight as possible.
- Moisturizers and creams to combat dryness.
- Stress control.

Crockett County Sheriff's Report

WEEK ENDING OCT. 8

ARRESTS:

10-3-96...Crystal Marie James, age 19, of Mertzon was arrested in Fort Stockton in possession of a vehicle that had been reported to Crockett County Sheriff's Department as being stolen. A warrant was obtained for James and she was transported back to Crockett County. She was released on 10-5-96 after posting bond. The case will be presented to the grand jury.

10-6-96 Fugenio Reyes Ramos Jr., age 20, of Ozona was arrested and charged with minor in possession of alcohol. He was released on 10-6-96

after pleading guilty in J.P. Court and paying a fine.

10-8-96...Phillip Michael Woodring, age 47, of California was arrested in Travis County on a Crockett County warrant charging him with failure to appear in county court on a charge of driving while intoxicated.

INCIDENTS:

10-1-96...Rosalba Arredondo reported that four tires had been cut on her vehicle while it was parked at the football fieldhouse parking lot between 7:30 p.m. and 2:45 a.m.

10-6-96...Rosa Linda Ramirez of San Antonio reported that she had been assaulted while trying to break up a fight over a keg of beer at a party.

State Parks Set To Show Off Fall Colors

AUSTIN - In autumn, Texas' state parks offer not only cooler weather conducive to picnicking, hiking and camping, but also an eye-popping kaleidoscope of fall colors brought on by the changing climate.

From Caddo Lake State Park in extreme northwest Texas to the Texas Hill Country to the Panhandle Plains, the woods and forests strut their autumn stuff. It may not be a storied fall in New England, but it's good enough in the Lone Star State to foster special "hotlines" that update the changing fall colors.

Perhaps the most popular state park for autumn color seekers is Lost Maples State Natural Area near Vanderpool, which annually draws thousands to view the relict stands of bigtooth maple trees. Beginning Oct. 3, callers can dial the Lost Maples leaf

color change report (512-389-4449 or 1-800-792-1112, option 1) to receive a recorded message updated weekly through Thanksgiving.

The canyon maples' most vibrant reds, yellows and oranges usually can be seen in later October and early November, depending on the weather. The cooler and drier, the better, say the experts. The limited number of campsites and the 250 parking spaces go quickly on the weekends. To reserve a campsite, call the Texas Parks and Wildlife's central reservation center at 512-389-8900.

The state's main fall foliage hotline is maintained in Laredo by the Texas Department of Transportation. That TxDOT phone number is 1-800-452-9292.

J.V. Purple And Gold Schedule

The JV Gold Lions will travel to Sterling City to play their junior varsity team on Thurs., Oct. 10 at 7:30 p.m.

The JV Purple Lions will tackle the Roscoe junior varsity Plowboys on Thurs., Oct. 10 at 6:30 p.m. in Roscoe.

Crockett County 4-H Gold Star Recipients Honored

Crockett County 4-Hers Amy Laughlin, daughter of Donnie and Charlotte Laughlin, and Wesley Bean, son of David and Helen Bean, were among youth from 23 counties recognized last Saturday, Oct. 5, at the District VI Gold Star Banquet in Midland.

The youths who were honored have achieved the highest honor awarded to a 4-H member at the county

level on a statewide basis, the 4-H Gold Star Award. Each county has an annual quota of Gold Star recipients according to the number of senior (ages 14+) members in the county. Each recipient must submit a 4-H record book and meet additional project and activity criteria to qualify.

Gayle Hill, KWES Channel 9 News Director of Midland, who is herself a former Gold Star recipient, addressed the honorees and their

families, sponsor representatives from TU Electric and West Texas Utilities, and Extension personnel.

The recognition program was conducted by members of the District 4-H Council's executive board. Jason Hignight of Crockett County, who has also received the Gold Star in the past, introduced the honorees as they were presented with their awards. Each honoree received a framed certificate and pin, presented by Kit Horne of West Texas Utilities.

According to Miles Dabovich, County Extension Agent - Agriculture of Crockett County, who accompanied Bean and Laughlin to the banquet, "The commitment the electric utility companies exhibit in support of the 4-H youth extends far beyond this one event. A large portion of the recognition and prestige associated with this award are due to these companies' support."

The Gold Star Award exemplifies leadership, commitment to development of life skills and community service.

Cubs Take The War Out Of Warriors

By Neal Ulmer, Stockman Sportswriter

The Ozona Seventh and Eighth Grade Cubs hosted the Iraan Warriors in football action in Lion Stadium last Thursday night. The seventh grade won 26-6 and increased their season record to 2-2. With the eighth grade's first win their record is now 1-3.

"This week our seventh graders played an outstanding game. We lost some kids to injuries and grades, so a lot of the kids played both ways and responded very well," said Ozona seventh grade coach Rick Bachman.

Not able to remember how the scoring went exactly in the game, coaches Bachman and David Delgado were able to say who scored. Abel Rodriguez scored two touchdowns including a sweep play for 34-yards. Luis Cruz scored two touchdowns with one on a 12-yard sweep play and the other occurring in the fourth quarter on a lead play, plus he made one conversion.

"Offensively, we controlled the tempo of the game and we were able to do what we did well by executing well," Bachman said.

Iraan scored in the first quarter, taking a chance and succeeding on a fourth down that turned into a 60-yard touchdown.

"Defensively, after that first series by Iraan, we dominated them. After that (their scoring), we shut them down completely," said Coach Bachman.

"I was extremely proud of how all the kids played and how they stepped up and filled new positions," Bachman said.

In the eighth grade game, both teams played extremely hard and evenly with the Cubs pulling it out in the final period to win 20-12.

"This week the eighth grade played at an even higher level," said Cub eighth grade coach David Delgado. "They got their first victory which was long over due."

Both teams received the ball in the first quarter, but neither one was able to gain an advantage over the

other one. So, the first quarter ended scoreless.

Iraan started their first scoring drive from the Cubs' 25-yard line. They reached the Cub 3-yard line, fumbled the ball on the next play and received an offside penalty placing them on the 8-yard line. They made a 4-yard run, then another 4-yard run for the score, but it was called back due to a holding penalty. They scored on a 12-yard pass play. Then the ball was fumbled on the conversion run, but they led 6-0.

Cub running back Trey Hale returned the kickoff to their own 33-yard line. Hale made a couple of other good runs including one 15-yarder reaching the Warriors' 48-yard line. Chase Adams scored on a 48-yard run with 5:24 remaining in the second period. The two-point conversion run by Jose Mata failed, but the Cubs tied the score 6-6.

With 40 seconds remaining in the first half, the Warriors scored on a 28-yard pass to give them the lead at 12-6. The two-point conversion run was good, but a Warrior penalty negated it. They retried the conversion with a pass being intercepted by Dustin Faught.

On the ensuing kickoff, Leon Garcia returned the ball for a 75-yard touchdown with 27 seconds remaining in the half. The conversion run by Adams was good, giving the Cubs a 14-12 edge at halftime.

"Offensively, we seemed to

struggle at times and got the big play when we needed it," Bachman said.

In the second half, both teams were not able to hang onto the ball as each team fumbled a few times. Neither team scored in the third quarter, and this continued until late in the fourth quarter.

Ozona's last score occurred late in the fourth quarter on an approximately 20-yard run by Leon Garcia. The two-point conversion run by Garcia failed, but the Cubs' sealed their victory with a 20-12 win.

"Our defense played extremely well. They (Iraan) scored on two big plays. We shut them down in the second half," continued Bachman.

"Our defensive linemen shut them down. The kids did a lot better adjusting in the second half." He echoed what Delgado said about the victory, "They played real hard and deserve to win the game," added Bachman.

The Cubs will again be taking on the Warriors starting with the seventh grade at 5 p.m. and the eighth grade following at 6:30 p.m. on Thursday, Oct. 10 in Iraan. See some interesting football action and "Back the Cubs".

'Concentration Training' Helps Performance

The ability to concentrate can be improved through practice.

"The successful athlete concentrates on the task at hand and filters out everything else," said Dr. Francis Pirozzolo, chief of neuropsychology at Baylor College of Medicine in Houston. "When our minds are focused on the past or future, we cannot be as effective in our present performance." Concentration involves not only paying attention to what is rele-

vant, but also being able to ignore the irrelevant.

Regardless of the sport, treat some practice or training sessions just as seriously as a competition.

"For example, while warming up by playing catch, baseball or softball pitchers can work on refining their attention skills by throwing to a specific target," Pirozzolo said. "A simple game of catch becomes an opportunity to practice concentrating and increasing accuracy."

4-H Food Project Gets Serious

The 4-H food and nutrition project gets down to business this week, as 4-Hers begin preparing for the Saturday, Oct. 26, food show. So far, 4-Hers have enjoyed sausage making, food and safety classes, label-reading, exercise and fitness and pancake making.

This year's show will be held at the Crockett County Civic Center. Judges will be home economists, 4-H leaders and senior 4-Hers from other counties.

Each 4-H member will get to prepare a dish at home and bring it for judging. He or she will then answer questions from the judges related to nutrition and food preparation knowledge. First-place winners in each of 21 categories will advance to the District 4-H Food Show in Fort Stockton Dec. 7.

For those participants not interested in advancing to district, there are several other new fun contests which will be held at the food show. 4-Hers will be receiving perfect attendance

awards for those who attended all foods workshops and meetings. There will be certificates for "Best Tasting" and "Most Attractive" dishes in each age group, a table setting contest will be held, and an "Eat Healthy Poster Contest" will take place. There will also be an "exhibitor" category for those who just want to show off what they've learned without competing.

All food show recipes are due to the County Extension Office no later than 8 p.m. on Monday, Oct. 21. Seniors will also turn in menus and project records at that time.

For more information, contact the Crockett County Extension Office at 392-2721. Educational programs and activities provided by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

•Care Center (Continued from page 1)

Board members Jan Van Shoubrouck, Sostenes DeHoyos and Frank White voted to look further into the Memorials proposal. Terry Dickerson was against going with outside management, stating that he wanted Crockett County to try one more time to operate the center. Not voting were board president Eddie Moore and member Nikki Sewell. "I'm not against Baptist Memorials. I think we can run it ourselves but we can't make improvements with the budget the county gives us," Moore said. Ms. Sewell said she was not among the board members who had visited Baptist Memorials and did not feel informed enough to vote as she had not attended the previous meeting.

Board members and commissioners agreed funding for the care center had been limited to operations for a number of years and that capital improvements are lacking. "We need to put some money into the facility," said Moore. A necessary immediate step for the care center board is to obtain an interim administrator. An individual recommended by Merrill was to be contacted and an interview meeting set up for this week. Merrill said he believes it would be Jan. 1 before Crockett County and Baptist Memorials could come to an agreement. Judge Sutton plans to seek public comment on lease possibilities.

Seniors of 1976-77 Celebrate History

By Shannon Hunnicutt

Homecoming weekend, the Ozona High School Class from 1976-77 celebrated its 20th anniversary. The 1976 Ozona Lion football team made OHS history with its regional championship, advance to the quarterfinals, and 12-1 season. The 1996 celebration began when the cheerleaders and their sponsor, Annette Badillo, invited the class to participate in the pep rally. After a special welcome for the entire class, former cheerleaders Lupe Tambunga Cervantez and Karen Bebee helped lead Two Bits. They were then joined by former twirlers Hope Phillips, Karen Kirby Huffman, Helen Bunger Bean and Nancy Womack Surber, who performed to the Fight Song and OHS School Song.

Former team members attending included Orlando DeHoyos, Eugene Hood, Clyde (Amos) Bayley and trainer Jimmy Hokit. Others were Lisa Clayton Garza (in full 70's attire), Shannon Dockery Hunnicutt, Johnny Hohertz, Wilson Hill, Bobby Knox, Tina Ruthardt Wantland, Lou Flanagan Carson and Marsha Kirklen Tebbetts. Class members were also very happy to see parents Mae Lay, Coach and Mrs. Gene Hood, Mr. and Mrs. Dale Bebee, Mr. and Mrs. Dick Kirby, Mr. and Mrs. Buddy Phillips and Mrs. Bill Crawford.

The celebration continued as teammates Vaden Aldridge, Gary Warren, John Galvan and Ricky DeHoyos joined the group, along with classmates Sherry Hayes, Sylvia DeHoyos and Spencer Morris for the Ozona Woman's League barbecue at

the civic center. Members ate, visited and reminisced while looking through Uncle Bud's (Meinecke) scrapbook and a copy of the class history, before walking over to Lion Stadium together. It took four rows of seats for the honorees and their families in a specially reserved section.

Teammates Ben Badillo, John L. Henderson and Mike Fay joined the crew for the game, along with Juanita Ramirez. Spouses attending the events included Joyce Galvan, Annette Badillo, Johanna DeHoyos, Pando Cervantez, Rick Hunnicutt, David Bean, Vince Huffman, Jayde Morris, Freddie Garza, Cynthia Hokit and Jeannine Henderson. At halftime, Coach Hood acknowledged the class accomplishments and shared fond memories from that exciting season. Following the game, the celebration continued with more visiting, dancing and fun, culminating at the home of Lisa and Freddie Garza.

On Saturday, several members of the class took their families to the park for the Pioneer Heritage Day festivities. Others gathered around town and visited family and friends before getting together again with classmates for dinner and dancing. The evening ended at the home of Rick and Shannon Hunnicutt.

Despite the scratchy throats from cheering and singing, sore sides from laughing, and aching muscles from cheerleading, twirling and dancing, the celebration was a success, and all are looking forward to the Class of 1977 Reunion scheduled for this summer. Anyone with ideas, information or addresses for the reunion, please contact Lupe or Shannon.

Killing Cancer Cells One At A Time

Most patients with malignant brain tumors have few treatment options. Gene therapy, which is designed to kill cancer cells one at a time, shows promise.

Dr. Perry Nisen, associate professor of pediatrics at UT Southwestern Medical Center at Dallas, is exploring a technique he developed to

inhibit tumor cells. The technique allows him to control cell death, division and other processes.

In early preclinical trials, Nisen used a virus to deliver genes that change the way cancer cells develop.

"This approach could allow us to slow the growth of the brain-cancer cells without affecting nondividing normal brain cells," Nisen said.

The Newsreel

A rerun of "The Ozona Story" as gleaned from the files of The Ozona Stockman

NEWS REEL
OCT. 12, 1967

News Reel

The Ozona Woman's Forum, in conjunction with the Ozona Woman's League, will host the annual Heart of Texas District fall board meeting and workshop here Saturday.

News Reel

Members of the Crockett County Historical Survey Committee are hosting officials from the Texas Parks and Wildlife Department, the Fort Lancaster Planning Board and Senator Dorsey Hardeman today at the fort site.

News Reel

Mr. and Mrs. Jamés Warren of Balboa Island, CA, received their M. A. degrees during summer commencement ceremonies at Colorado State College in Greeley. Mrs. Warren is the former Sandra Whitaker, daughter of Mr. and Mrs. W. H. Whitaker of Ozona.

News Reel

Hereafter there will be no dances, public or private, permitted to be held on school property, members of the board of trustees ruled in a resolution adopted unanimously at the board's regular meeting the past week.

News Reel

Ozona firemen were called out twice this week to extinguish two truck fires. The first, Monday afternoon, was on Hwy. 163 south of Ozona, and the second occurred Wednesday morning when a butane truck caught fire at the Southwest 66 Truck Stop.

News Reel

Jimmy Baggett, member of the Armed Services Special Forces, better known as the Green Berets, is visiting his parents, Mr. and Mrs. James Baggett, and other relatives here, before reporting for duty in Viet Nam.

News Reel

Mr. and Mrs. Vernon Gaston and Miss Rosalee Saunders, all of Livingston, were weekend visitors in the Ivy Smith home. Mrs. Gaston is Mrs. Smith's sister and Miss Saunders her niece.

News Reel

Janis Walker, daughter of Mr. and Mrs. C. O. Walker, is a pledge for GATA social club in Abilene Christian College.

NEWS REEL
OCT. 13, 1938

News Reel

Work of enlarging the James

Motor Co. building has almost been completed. The building was enlarged to 35 to 80 feet.

News Reel

Bobby Lemmons, son of Mrs. Ben Lemmons, suffered a severe cut on the leg during a Boy Scout treasure hunt on the school ground Tuesday night.

News Reel

Work on a lily pond in front of the high school is to start soon, a gift of the graduating class of 1938.

News Reel

Lee Wilson, local Buick and Pontiac dealer, Bob Weaver, and Buddy Moore, employees, left Tuesday morning for Flint, Mich., where they will view the new 1933 automobiles.

News Reel

Coach White's Ozona Lions will take on their second district 41-B opponent this weekend when they trudge over to Rocksprings to engage the always powerful Bulldogs. The Lions ran into hard luck last weekend when the Big Lake Owls shaded them two points by reason of a safety. A low pass from center was fumbled by Beecher Montgomery, and he was downed behind the goal line.

More Skin Cancer Protection

There is one more way to protect yourself from skin cancer, a low-fat diet.

In a recent study, patients on a diet of 20 percent fat had fewer precancerous growths and non-melanoma skin cancers.

The study at Baylor College of Medicine in Houston compared one group that ate a normal diet of about 38 percent fat and one that ate a lean diet of about 20 percent fat.

"After two years, patients on the low-fat diet had an average of three precancerous growths while the normal diet patients averaged 10," said Dr. John Wolf, a Baylor dermatologist.

While avoiding excessive sun exposure is still the best prevention, Wolf recommends low-fat diets for his patients who already have skin cancer.

We do printing... Stop by and see what we have to offer!!

Big fat Spanish nannies: 46-50#
Stocker nannies: \$40-47 hd.
Fat kids: 67-81#
Small kids: \$10-24 hd.

American Mohair Aids Environment

American mohair producers are doing their share to protect the environment, according to research being carried out by the Texas Agricultural Extension Service.

Angora goats are being used to control various kinds of brush, including cedar (blue juniper) in the Texas Hill Country and leafy spurge in the mountains which aids in erosion control and improves ground-nesting bird habitat.

American mohair fiber also is virtually chemical free, which is good news for mohair processors in the United Kingdom and Europe where high levels of toxic chemicals have been found in effluent discharges from manufacturing processes.

In a recent story published in the Wool Record, one of Bradford, England's largest wool companies was fined for allowing effluent containing Lindane, a pesticide used in sheep-dip, to be discharged into a public sewer. Another Wool Record article reported that steps were being taken in the UK to protect the water environment by developing better ways to measure and control toxicity of effluent discharges.

Frank Craddock, Extension sheep and goat specialist of San Angelo, says there is virtually no contamination of mohair fiber from chemical used in the control of lice because the product has dissipated before the goats are sheared.

"Due to the nature of Angora goat production in Texas, large pastures and the time and the labor needed to

WESLEY BEAN AND AMY LAUGHLIN of Crockett County were presented their 4-H Gold Star certificates and pins by Kit Horne, representing West Texas Utilities, at the District VI Gold Star Banquet in Midland last Saturday. Photo by Neal Ulmer

gather the animals, we try to do as many management practices as possible while they are gathered in the pens," he explained. "Since the main gathering time is at shearing, common practice in Texas is to spray the goats for lice right at the shearing pen."

Craddock said only a limited amount of chemical product gets on the animals' hair because of its short length. When the goats are sheared six months later, there is virtually no contamination.

The two most used products for lice control are Ectrin, a synthetic pyrethroid, and malathion, Craddock said.

"American mohair producers are very concerned about the environment; especially the availability of clean water. They aren't going to use any product that would cause harm to the public water supply, whether in Texas or in the United Kingdom," said Lanny Leinweber of Mountain Home, president of the Mohair Council of America.
