Tarr, Sullivan Chosen All-West Texas Team

By Neal Ulmer
Stockman Sports-writer

Ozona junior and Lady Lion basketball standout, Amber Tarr, was chosen by the *San Angelo Standard Times* as the Most Valuable Player for the 1997 All-West Texas Basketball Super Team for the second year in a row. Also for a second year in a row, senior 5'10" wing Shelly Sullivan was selected to the super team.

Tarr, a six-foot post, averaged 8.5 rebounds and 17.5 points per game. Sullivan has won more games than anyone in the West Texas area over the last four years (108) and averaged 11.5 points per game and 5.5 rebounds.

Last year Lady Lion Coach Dickie Faught said about Tarr, "She deserves everything she gets. She's not only an awfully good athlete - that tall, that coordinated. What sets her apart is her basketball skills. I've seen six-foot tall girls that can run, but they don't have the skills Amber has." What was said about her last year deserves to be repeated as Tarr has well shown it by her actions on the court.

Tarr was also chosen for the third year to the Class 2A Texas Association of Basketball Coaches All-State Basketball Team along with teammate Shelly Sullivan.

Tarr is definitely not a selfish player, but is just the opposite - a team player. She could score better than 20 points per game, but she really believes in "what is best for the team".

As for Sullivan, who will be graduating in May, she will miss her friends in high school. She hopes to get a chance to play college ball, possibly in NCAA Division II and Division III.

"I'm going to miss it a lot," Sullivan said. "I dedicated so much to something for four years - really six years - now it's gone. I'm pretty sure I'll play college, but it's not the same." Sullivan is strong, a good rebounder, a deadly outside shooter, a good ball handler, and has a good knowledge of the game.

Coach Faught, who has amassed a 100-7 record the last three seasons, was chosen this year as a regional director of the Texas Association of Basketball Coaches. Faught uses his kindly manner and patience to teach fundamentals, drills, and plays that are necessary to shape or fine tune a team to a district and state championship.

School Trustee Election In Dist. 4

Lucy Humphrey filed last week for a place on the District 4 school trustee ballot. Incumbent David Bean is also on the ballot for the May 3 election.

April 3 is the last day to register to vote in this election. Early voting by personal appearance will be during regular business hours at the school administration building April 14-29.

Spring has sprung!

WHAT IS IT, BITTERWEED? No, not by a long shot. It's our favorite Bluebonnet. Thousands have bloomed near the road on Water Works Hill. If you haven't seen 'em yet, take an afternoon drive past the Baptist Church on up the hill. You can't miss 'em.

Trustees Approve Drawing Of Improvement Plans

By Ted Cotton,

Asst. Supt. of Schools

During their regular monthly meeting on Tuesday, March 18, members of the Ozona School Board heard a report from district architect Larry Harvey concerning his conceptual designs for renovation of the three science labs in Ozona High School, the installation of erasable marker boards in classrooms at Ozona Primary, Ozona Intermediate and Ozona High School, the installation of teacher storage cabinets at Ozona Intermediate School, and the installation of a new standing seam metal roof over the existing roofs of Davidson Gymnasium.

Harvey said that he had completed his survey of all of the above facilities, and he submitted preliminary designs and cost estimates for the four projects. The installation of 26 new marker boards and tack boards throughout Ozona Primary School is expected to cost approximately \$28,600; the installation of 38 new marker boards and tack boards throughout Ozona Intermediate School and the installation of 18 new sets of storage cabinets are expected to cost approximately \$126,800; the installation of 74 new marker boards and tack boards throughout Ozona High School and the renovation of the three science labs have an estimated cost of \$238,700; and the installation of a new standing seam metal roof with a 40-year warranty over the existing roofs of Davidson Gymnasium has an estimated cost of \$170,000. The total cost is approximately \$564,100.

Harvey also submitted his conceptual design for making Davidson Gymnasium handicapped accessible. His design calls for the demolition of four school-owned apartments located behind the high school library to create a 60-70 car parking area with spaces for handicapped parking, and the construction of a handicapped ramp leading to a second floor east entrance into the gymnasium. The second floor of the gymnasium, which is over the east dressing rooms in the gym and which is currently used for storage, would be remodeled to provide a concession area as well as handicapped accessible restrooms. The estimated cost of this project is \$177,000.

Following board discussion of these five projects, the members voted

to authorize Harvey to proceed with the drawing of plans and specifications for the installation of new marker boards and tack boards throughout Ozona Primary, Ozona Intermediate and Ozona High School, the installation of new sets of teacher storage cabinets at Ozona Intermediate School, the renovation of science labs and science classrooms at Ozona High School, and the installation of a new standing seam metal roof over the existing roofs of Davidson Gymnasium.

The members also voted to call a special meeting of the board on April 3 at 12:30 p.m. for the purpose of reviewing and approving Mr. Harvey's plans and specifications for the four projects. The consensus of the board in regard to handicapped accessibility for Davidson Gymnasium was to take no action on this project at the

OHS One Act Play Advances

Neal Ulmer,
Stockman Reporter

The Ozona High School's one act play under the direction of drama teacher Renee Casey presented their one act play for UIL competition for the public last Thursday night in the high school auditorium. They presented the play at the District 8AA competition in Angelo State University's auditorium last Saturday and were placed in the top two along with Wall High School.

The play will be presented at the area contest to be held in McCamey on April 2. Other schools competing in the area contest are Van Horn and Iraan.

The play, "The Shadow Box" by Michael Cristofer, was published by Samuel French, Inc. The play, a popular one in high school contests, takes place in three cottages on the grounds of a large hospital.

The Ozona actors came back with several honors including the Best Actress performed by Kristen Shurley.

Woman's Forum Of Ozona Wins First Place State Prize

By Charlotte Harrell

The Woman's Forum of Ozona recently received notification that its art project, "The Tie That Binds," a bronze sculpture of a pioneer family by artist/sculptor Judy Black, has been awarded first place in both the TFWC Heart of Texas district and the TFWC state competitions. As a result, the project will be entered in the GFWC national competition.

The Woman's Forum, a member of the Texas Federation of Women's Clubs, formally received the district award at the district meeting at Sterling City on March 22 and will receive the state award at the annual state meeting in Waco on April 30. Marolyn Bean, past president of the Woman's Forum and chair of the Crockett County Heritage Sculpture Organization, and Shirley Kirby, current president of the Woman's Forum, accepted the district award at Sterling City in behalf of the Woman's Forum. Marolyn Bean and Shirley Kirby will also travel to Waco to accept the state award.

The Woman's Forum is indebted to all Ozonans who cooperated to give Ozona this fine example of public art, which was installed in the downtown park in January. Special recognition is due the following organizations, and

their representatives who served on the Crockett County Heritage Sculpture Organization committee: Marolyn Bean, Chair, The Woman's Forum; Shirley Kirby, Vice Chair, The Woman's Forum; Shannon Hunnicutt, Secretary, Beta Sigma Phi (Xi Sigma Omega Chapter); Dan Pullen, treasurer, Ozona Lions Club; Jack Baggett, Ozona Chamber of Commerce; Raymond Borrego, Knights of Columbus; Norma Carson, The Woman's Forum; Barbara Carter, The Woman's Forum; Beta Sigma Phi; Elizabeth Clark, Ozona Woman's League; Beverly Evans, The Woman's Forum; Martha Gries, The Woman's Forum; Leonard Hillman, Ozona Masonic Lodge #747; Benny Gail Hunnicutt, The Woman's Forum; Camille Jones, Crockett County Historical Association; Mary Lou Lilly, The Woman's Forum; Barbara Malone, The Woman's Forum; Mary Jo Mason, Ozona Garden Club; Dorothy Montgomery, The Woman's Forum; Vicki Stokes, Ozona Woman's League; Frank Tambunga, GI Forum. The forum also thanks the following foundations for generous grants: Davidson Family Charitable Foundation of Midland and Union Pacific Foundation.

Charlotte Harrell wrote and submitted the following project report to

the GFWC Arts Department, Special Projects division:

"THE TIE THAT BINDS"

As Marolyn Bean assumed her duties as President of The Woman's Forum of Ozona, she consulted the members concerning a suitable and worthy project for her 1994-96 term of office. Forum member Norma Carson suggested that a bronze sculpture in Ozona's downtown park, a focal point of community life, celebrating the vision and sacrifices of Crockett County's pioneers would be a lasting contribution to the community. Marolyn Bean and the other Forum members agreed and enlisted the help of sculptor Judy Black, herself a member of an Ozona pioneer family. Recognizing that the family was the essence of pioneer life and continues to bind us to our past, Judy Black proposed a monument to the pioneer family.

Realizing the scope of this monument project, the Forum organized the Crockett County Heritage Sculpture Organization (501c3 certified) for the project's duration. Because the project was designed to be a community effort, each organized civic group in

COG Meeting Amplifies 911 Process

A meeting of the Concho Valley Council of Governments in San Angelo March 20 provided more information about 911 calls in parts of the county not served by General Telephone. Sheriff Shane Fenton and Chief Deputy Alton Davis were in San Angelo for the COG meeting.

Crockett County is served by GTE, Southwest, Big Bend Telephone Company and Southwestern Bell Telephone Company. GTE's central office is located in Ozona. There will be two trunk lines from the Ozona central office to the Ozona public safety answering point (PSAP), which will be in the sheriff's office. The central office in Ozona has 2,363 lines which will be answered at the PSAP.

The boundary mismatch areas which have been handling the current 911 calls will continue to handle the calls due to the fact that it is not cost effective to route across these boundaries.

In the northern portion of Crockett County, there are 15 access lines which come from the GTE Big Lake central office. These lines will be answered by the Big Lake PSAP and transferred to the Ozona PSAP.

In the northwest corner of Crockett

County, Southwestern Bell Telephone Company has 15 access lines which go into Crockett County. Eleven access lines are part of the McCamey central office, and four lines are part of the Rankin central office. These lines will be answered by the Rankin PSAP and transferred to the Ozona PSAP.

Big Bend Telephone Company has 15 access lines that come from the Sheffield central office and two access lines that come from the Sander-son central office and are in Crockett County. These lines will be answered at the Fort Stockton PSAP and transferred to the Ozona PSAP.

There are five lines that come from the Langtry central office, and these will be answered at the Del Rio PSAP and transferred to the Ozona PSAP.

The northeast corner of Crockett County is covered by GTE, and its central office is in Eldorado. Currently there are no access lines, but if some do appear, they will be answered by the Eldorado PSAP and transferred to the Ozona PSAP.

The Crockett County public safety answering point equipment is expected

to be installed in February 1998. An emergency 911 service fee of 50 cents per access line will begin in July 1997. Monthly revenue accrued from this fee equals \$1,182 minus the two percent telephone company collection fee for a total of \$1,158.

The installation cost of implementing the 911 system for Crockett County will be a non-recurring charge of \$128,426. According to Hilda Arredondo of COG, this will pay for equipment including two 911 consoles to be placed at the sheriff's office. There will be a printer recording the time calls come in and when the phone is hung up, a one button ring down which will show time and where information is sent and a recorder for all traffic. Included in the cost are two trunk lines from the Ozona GTE central office to the sheriff's office.

Monthly recurring charges for the year of \$10,263 will cover recurring 911 equipment, repairs and maintenance agreements for the equipment.

These costs will be paid through COG from the 50 cents per month fees and state funds derived from a charge of 3/10 of one percent billed to all telephone customers in Texas for intra-state calls.

OHS ONE ACT PLAY cast and crew placed in the top two at the District 8AA U.I.L. One Act Play Contest held at Angelo State University. Cast and crew members are: front row, l-r: Lauren Wilkins, Jason Stuart, Dusty Stewart, Allison Preddy, Courtney Cameron and Kayla Shurley; middle row, Traci Screws and Kristen Shurley; back row, Amber McWilliams, Jason Hignight, Ty Porter, Ty Mitchell, Tripp Farris, John Austin Stokes, Robert Quiroz and Mario Barrera.

The new engine is in and repairs will soon be complete, according to Fuller. The travelers were en route to Seattle from New Orleans when they broke down.

to the House for consideration, would open up Texas managed-care organizations to malpractice lawsuits. If the legislation becomes law, Texas would be the first state in the nation to allow those providers to be sued for medical malpractice.

"What's so special that this industry should be treated differently from everybody else?" Sibley, R-Waco, asked during Senate debate.

"This bill is for Texans who have to fight to get the health care they have paid for years," he said. About 12 percent of Texans are enrolled in managed-care programs, Sibley said.

Lotto Contract to Be Rebid

The Texas Lottery Commission voted to accept new bids on the contract to operate the Texas Lottery.

Requests for bids will be submitted to potential bidders no later than June 30. Meanwhile, the state's contract with the current contractor, GTECH Holdings Corp. of New Jersey, remains in effect.

The Commission fired Lottery Director Nora Linares in January after learning that GTECH had hired her boyfriend, Mike Moeller, as a \$5,000-a-month consultant in 1992. Harriet Miers, chairwoman of the three-member commission, proposed that the contract be rebid, after questions arose as to how GTECH conducts business.

Last spring, the commission voted to extend GTECH's contract for five years. Marc Palazzo, a spokesman for GTECH, said the firm expects that the state "will act in good faith and honor the existing agreement."

Last week, the commission also decided to scrap a plan to consider using state employees to run the lottery. Miers said lawmakers told her they would not approve the hiring of additional employees that would be needed.

False-Lien Bill Passes

Persons who use false court documents to harass others would face criminal penalties under a bill

passed by the Texas Senate.

The bill, sponsored by Sen. Teel Bivins, R-Amarillo, would stop the use of fake court records and property liens by groups such as the "Republic of Texas" to intimidate their adversaries. "This targets anybody who engages in these practices," Bivins said.

Republic of Texas members have filed false liens against government officials as part of their campaign to take Texas out of the United States.

Redistricting Issue Resurfaces

Gonzalo Barrientos, D-Austin, chairman of the Senate Redistricting Committee, warned fellow lawmakers against spending too much time on redistricting during this legislative session.

During a hearing, a few of Barrientos' colleagues said they favor redrawing boundaries where cities and communities have been split into one or more districts.

Barrientos urged against wholesale changes in favor of minor, technical changes, as set forth in two bills he has filed that would keep the Senate and congressional districts the same for the next election.

A Houston federal court redrew 13 of the state's 30 congressional districts after the U.S. Supreme Court ruled that three of the districts were racially gerrymandered. Lawmakers have until June 30 to draw new congressional boundaries or ratify the court-ordered plan.

Other Capital Highlights

The Senate passed legislation that would require doctors to inform a teen-age girl's parents 48 hours before she could get an abortion. The bill by Sen. Florence Shapiro, R-Plano, assigns punishments of up to a year in jail and fines of up to \$4,000 to doctors who perform abortions without notifying parents.

The Texas House passed a bill that would allow the University of Texas to add an additional upper deck to Royal-Memorial stadium, although the construction would violate a state law protecting views of the Capitol.

*** Forum** (Continued from pg. 1)

Ozona was asked to participate, and 22 groups did. Each organization provided a representative to sit on the Crockett County Heritage Sculpture Organization's board of directors. It should be noted that 10 representatives are members of the Woman's Forum and 4 others are members of the Ozona Woman's League, another federated club. Immediately, the directors obtained permission from the Commissioners Court to use the site in the center of the park.

Next, the board of directors unanimously decided that Judy Black would be the chosen artist because of her credentials and her connection to Crockett County. Judy, who grew up on a ranch north of Ozona, is the daughter of Jane Murphey Black and the late Charlie Black, Jr. After graduating from the Ozona schools, Judy graduated from Texas Tech University with a degree in landscape architecture. She also studied art at Texas Tech and then studied under qualified sculptors in Mexico, Colorado, and Texas. She has exhibited her work in numerous shows and won awards, including a Best of Show in the Region Award in Cheyenne, WY, and the Doris B. Rosser Award for Sculpture in Clifton. In 1996 Judy was elected into membership of the prestigious Society of Animal Artists, an international group.

"The Tie That Binds" monument depicts a pioneer family scaled to one and one-quarter life size, consisting of a man, a woman, and a child. The man is holding the child in his right arm while his left hand is reaching out to his wife. She has her hand in his, and all three are looking ahead toward the horizon. The 9-foot statue will be placed on a 4-foot granite plinth, which is on a one-foot concrete base, a total height of 14 feet. The backdrop for the monument is the historic limestone Crockett County Court House, itself a historical monument.

To fund this monument project, the board of directors sought grants from foundations, corporations, and local businesses, as well as individual financial support. Three grants totaling \$32,500 were received: Davidson Family Charitable Foundation, \$20,000; Union Pacific Foundation, \$5,000; Anonymous grant, \$7,500. To further enhance the fund-raising effort and to increase public interest in the monument, Judy Black prepared molds to produce bronze maquettes in

two sizes, 8" and 23". The Organization was allowed to buy the maquettes at cost and sell them for 100 percent profit. Six large maquettes have been sold for \$2,300 each, and 85 small ones, for \$295 each. An additional five small maquettes were given as complimentary gifts to large donors. Further, 119 people contributed \$125 each to have names inscribed on memorial plaques to be placed at the base of the monument. The Massie Foundation purchased a 23" maquette for display in the Crockett County Museum, and the Crockett County Fair Association purchased another to be placed in the Crockett County Library for all patrons of the library to enjoy.

The original estimated budget for the entire project was \$80,388. From all sources, \$95,000 has been raised. Due to slightly higher-than-anticipated installation expenses to include the landscaping and lighting, the project will break even. There will be a minimum of maintenance expenses due to the nature of the monument's materials.

Marolyn Bean and two other members of the board of directors met together an hour per day, five days per week, for five months, a total of 300 hours. Marolyn Bean alone logged four hours per day, five days per week, for five months, a total of 400 hours. The entire board of directors attended at least eight two-hour meetings, a total of 352 hours. Crockett County donated the materials for the concrete base. Then, Crockett County employees volunteered 120 hours to pour the concrete base and to install the lighting. Lilly Construction, Inc. donated the use of a crane, and a man to operate it, to install the 4,000 pound plinth on the concrete base, a contribution of 8 hours. Coleman Monument Co. donated the design for the plinth, and the plinth was sold to us at cost. Counting unspecified hours, it is estimated that members of the board of directors and other persons volunteered at least 2,486 total hours to the monument project.

Mayolyn Bean and other members of the board of directors followed every stage of this project's progress. Marolyn and her husband, Joe Bean, drove to San Antonio twice, a total of 840 miles. In June 1996, six members of the board of directors traveled to Kerrville to view a Styrofoam model of the sculpture. Once the Styrofoam model was completed and approved, it was covered with clay. Then, Garland Weeks from Mason was hired to do the necessary latex process. Next, the statue was cut in portions and taken to the Hoka Hey Foundry in Dublin, Texas. At the foundry, the lost wax process will be used before pouring the molten bronze into the mold.

The monument was scheduled for delivery to Marolyn Bean and her husband, Joe Bean, on December 16, 1996. However, due to unforeseen difficulties on the part of the Hoka Hey Foundry, the delivery date had to be postponed. To compensate for the delay, the owners of the Hoka Hey Foundry have agreed to deliver the monument, a round trip of 520 miles from Dublin to Ozona. The Hoka Hey Foundry just notified us that the monument will arrive in Ozona on January 29. Meanwhile, the concrete base and the granite plinth from Georgia have been installed. When the monument reaches Ozona, the Crockett County maintenance crew will unload it and oversee the placing of it onto the plinth. Once the monument is installed, the memorial plaques will be placed at its base. Special landscaping and lighting will enhance the area around the base of the monument. After all work has been completed, The Woman's Forum of Ozona will host an appropriate dedication ceremony.

Soon 4,500 residents of Crockett County will regularly view and enjoy this monumental piece of art and Texas heritage with pride, not to mention the countless travelers on Interstate 10 who will enjoy it when they stop to see Ozona's many attractions. Other than the statue of Davy Crockett, located at the southern boundary of the park, Ozona has had no public art. It is anticipated that the monument will be used to teach the school children of Crockett County about their heritage and to demonstrate how fine art can become a part of daily life in a community. It will be a reminder to citizens of all ages and backgrounds that their present opportunities are a result of the hard work and sacrifices made by the original settlers of Crockett County.

Your Home Could Trigger Allergies And Asthma

"Your home should be a safe place, but for sufferers of allergies and asthma, it can be a source for triggers that set off a reaction," said Dr. Robert Moore, a pediatric pulmonologist at Baylor College of Medicine in Houston. "One of the best things you can do to control allergies and asthma is to do a thorough inventory of possible household triggers."

Knowing what is most likely to bring on an attack is crucial. This may involve keeping an asthma "diary" of possible causes of skin testing for allergies to narrow down the suspects.

The following is just a few of the possible causes of skin testing for allergies;

"Finding triggers isn't always easy," Moore said. "Once you have a good idea, however, it's important to limit your exposure to them."

Common household allergy and asthma triggers include:

- *Overstuffed furniture, shelves and other dusty surfaces
- *Excessive humidity which spurs dust mite growth
- *Rugs, another dust mite source.
- Bare wood or tile floors are best.

- *Pet dander
- *Tobacco smoke
- *Poor household ventilation

"Of course, there is no such thing as a completely allergy and asthma-free house," Moore said. "But by taking steps to control possible triggers, the potential for attacks can be greatly reduced."

Parents with children who have allergies or asthma should talk with their physician about both prevention and treatment, since both conditions can be serious.

Moore says parents should not overly worry whether their home is "trigger-free." A sensible, but regular evaluation of household hazards is an important part of controlling these conditions.

Trusting Christ

By Dennis J. Prutow

The Bible tells us we are responsible before God to believe the Gospel. The Gospel is the Good News that God's Son, Jesus Christ, came into the world. He lived a life of sinless perfection in order to become a perfect sacrifice. He died on a cross to pay the penalty due to others for their lust, adultery, fornication, greed, theft, anger, hatred, murder and lies. He was raised from the dead to prove His sacrifice was acceptable to God.

The Bible teaches "that Christ died for our sins according to the Scriptures, and that He was buried, and that He was raised on the third day according to the Scriptures" (1 Corinthians 15:3-4). This is the Good News of the Gospel. It is the Gospel in a nutshell.

God calls you to believe this Gospel. You are called to recognize your sin and confess it to God. You are called to place faith in Christ. You must believe that His sacrifice paid the penalty for your sin. On the basis of Christ's sacrifice you ask God to forgive you. On the basis of Christ's resurrection you ask God to give you the ability to lead a new life.

You are summoned to what the apostle Paul calls "the obedience of faith" (Romans 1:5). You are called to obey the Gospel and trust in Christ.

Tennis Teams Compete In San Angelo

Neal Ulmer, Stockman Sportswriter

Ozona High School tennis players received plenty of playing experience in the San Angelo Regional Tennis Tournament held Feb. 28-March 1. A total of 13 schools from Class 1A to 3A were represented in the two-day tournament.

"This was an excellent tournament for us. We got in a lot of tennis under extreme conditions," said Ozona High tennis coach Rick Bachman. "This tournament was for us to get more experience. They (our players) improved from last week to this week."

According to Coach Bachman, the top two teams in each class are eligible to go to state. This is done because of the limited access to kids during this time of year.

Out of 16 girls and 14 boys in the OHS tennis program, Coach Bachman took eight girls and eight boys to San Angelo. He explains that they do ladder matches in Ozona to see who is the best.

All district demonstration, share the fun and fashion show entries are due Monday, April 14, by noon in the county office.

There are more than 43 contests to choose from in 4-H, and County Extension Agent Tedra Ulmer says she can help 4-H'ers find the right one for them. Public speaking, using good judgement, and poise under pressure are only some of the skills 4-H'ers develop from participation.

District 4-H Roundup and Fashion Show will be held Saturday, May 3, in Fort Stockton. Before that, however, the district judging and rifle contests will be held in various locations, including the district range judging, plant identification and wool/mohair judging contests in Ozona on Saturday, April 12. Volunteers are needed to assist with scoring and feeding lunch to the contestants and parents that day. Training is available on how to score.

Another Option For Bilingual Weight Management Course

It's not too late to get in on the new free bilingual weight management course, "Puentes de Salud". The 12-week course is being offered to women in Crockett County, with meetings each Tuesday evening at 7 p.m.

Since this is not a convenient time for everyone who expressed an interest in attending this training, another course schedule is being offered. Participants will meet on two Saturdays, from 9 a.m. until 3 p.m. and will complete all 12 lessons. The first Saturday meeting date is set for April 5. The course is being offered through the Texas Agricultural Extension Service's Better Living for Texans program.

The sessions will be held at the Extension Office, located at 1301 Ave. AA next to the Fair Park Convention Center.

The course is being taught by BLT program assistant Myra Tambunga and County Extension Agent-FCS Tedra Ulmer. Myra will be at the Extension Office each Thursday evening at 7 p.m. to help participants with exercise. This service is offered free of charge and is open to all participants.

Lions Slip By Presidio

Neal Ulmer, Stockman Sportswriter

The Ozona Lions fought off a seventh inning rally by the District 3-3A Presidio Blue Devils to win their first game of the baseball season 3-2 in Fort Stockton March 3.

Lion coach David Delgado said, "We played really well considering this being our first game. Pete Castaneda pitched a really good game, as he did not give up any hits with the help of some pretty good defense behind him. We did make some mistakes, but things you would expect early in the year."

With two outs in the second inning, Robert Nelson and Brian Badillo hit back-to-back singles to get things going for the Lions. Infielder Efran Ramirez hit a single, driving in Nelson and Badillo to take a 2-0 lead.

As luck would have it for the Blue Devils, a batter is hit by a pitch and gets on base in the fourth inning. The Blue Devil runner steals second and third, then scores on a balk to trail the

Lions 2-1.

Ozono comes back in the sixth inning, when Kenny Vargas hits a one out single. He reaches third on a double by John Ortiz and scores on a single by Badillo to increase the Lions' score 2-1.

In the bottom of the seventh, Presidio gets a runner on base with a third strike passed ball. He steals second and third, and scores on a throwing error to third. Good defense by the Lions held the Blue Devils to only one run, thus winning the game 3-2.

Pete Castaneda was the winning pitcher for the Lions. He pitched seven innings and gave up seven walks, but no hits.

Hot hitters for the Lions include Robert Nelson as he went 2-for-2 and one run, Brian Badillo was 2-for-3 and one run, and Kenny Vargas went 1-for-3 and one run. Robert Kelly was 1-for-1 and one stolen base and Efran Ramirez was 1-for-2 and one stolen base. Both John Ortiz and Castaneda went 1-for-3 in batting.

Lions Win Consolation In Alpine

Neal Ulmer, Stockman Sportswriter

Some baseball fans thought that playing their neighbors, the Sonora Broncos would not happen in 1997. It did! Where, you might ask, at the unlikely place of the 6th Annual Alpine Bucks Baseball Tournament held Mar. 20-22 in Alpine. The game took place around 6 p.m. last Saturday night for the consolation trophy. The Lions won that game 8-5 and brought home a trophy for their efforts.

"We played well all weekend. Our pitchers were a little tired this last game, but our defense came through," said Lions baseball coach David Delgado. "We are really close to where we need to be at the beginning of district play, which starts in a week."

This is the fourth year that the Lions have participated in the tournament and the first year they have brought home a trophy. A total of 12 teams participated in the three-day tournament. Teams participating were Mountain View, Greenwood, Presidio, Crane, Fabens, Sonora, Alpine, Alpine JV, Monahans, Marfa, Van Horn, and Ozona. Crane and Alpine played in the championship game, but it was not known at presstime who won.

The Lions started out playing the host team, the Alpine Bucks, in their first game on Thursday, Mar. 20. The Lions lost to the Bucks 8-0 placing them in the consolation bracket of the tournament.

"We played a very good team and played them well. They came out hot the first inning, but we were able to slow them down the rest of the game," said Coach Delgado. "We left eight runners on base, so we had our chances, just couldn't come up with the big hits."

Alpine took a 6-0 lead in the first inning, scoring those six runs on five hits, one walk, and one error. The Bucks scored one run in the third and their last run in the fourth for an 8-0 win.

Ramon Longoria pitched five innings for the Lions and had four strikeouts. He gave up eight hits and one walk.

Kenny Vargas went 1-for-1 and had a walk and Longoria went 1-for-2.

The Lions played their second game Friday evening against the Van Horn Eagles winning 9-1. Jamie Ramos was the winning pitcher.

"We played well, once again. We scored a lot of runs and played good defense," Coach Delgado said. "Once again, we were able to get good pitching."

In the first inning, senior Jon Sanchez scored on a double by Ramos. Van Horn tied the game in the second inning on an Ozona error and a sacrifice.

Ozono came back in the bottom of the second inning. They scored five runs on five hits to give them a 6-1 lead. Scor-

ing in the inning were John Ortiz, Kenny Vargas, Anthony Ortiz, Brian Badillo, and Sanchez.

In the third inning, the Lions sealed their 9-1 victory with three more runs on four walks, one hit and one error. Scoring in this inning were Vargas, Ernie Hernandez, and Anthony Ortiz.

Ramos pitched five innings and had two strikeouts. He gave up five walks and one hit.

Hot Ozona hitters in the game were Kenny Vargas who went 2 for-2 and had one walk and two runs; Jon Sanchez went 1-for-2, had one walk and two runs; Ernie Hernandez went 2-for-2 and one run; Brian Badillo went 1-for-2 and had one run, and both Jamie Ramos and Ramon Longoria went 1-for-2. Also, scoring for the Lions were Anthony Ortiz with two runs and John Ortiz with one run.

In the consolation and last game for the Lions, they were finally able to meet up with the Sonora Broncos. The Lions played that game around 6 p.m. on Saturday and defeated the Broncos 8-5.

"We had five innings where they went three up, three down," said Coach Delgado about the Broncos.

The Lions opened up the scoring in the third inning, when Brian Badillo and Jon Sanchez both scored on a single by Ramon Longoria.

Sonora came back in the fourth inning to tie the game up at 2-2 on three hits. Then in the bottom of the inning, Ozona scores five runs on three hits and a fielder's choice. Scoring in the inning were Ernie Hernandez, Brian Badillo, Anthony Ortiz, Jon Sanchez, and Jamie Ramos to give the Lions a 7-2 lead.

In the fifth inning, Sonora scored three runs on four hits to trail the Lions 7-5.

Badillo scored the Lions last run on a double by Ramos in the sixth inning to win the game 8-5.

Winning pitcher for the Lions was Jon Sanchez, who pitched five innings and had one strikeout. He gave up four hits and two runs. Getting the save for the Lions was relief pitcher Ramon Longoria. He pitched three innings and had four strikeouts. He allowed four hits and three runs.

Big hitters for the Lions included Badillo who went 2-for-4 and three runs; Anthony Ortiz went 2-for-4 and one run, Ramos went 2-for-3, one walk and one run; Ernie Hernandez went 1-for-2, one walk and one run; Longoria went 3-for-4; and Jon Sanchez scored two runs.

Coach David Delgado and assistant coach Brandy Gothard are looking forward to district play. "Hopefully this week, we can get a little more preparation, and go into district playing as well as we are right now," said Delgado.

Branch 92, and Cade Clark 98 strokes.

The Ozona golf teams will play today in the Coahoma Golf Tournament held in Big Spring. On Wednesday, April 2, the Ozona teams will play in the District 8-2A Golf Tournament in Baird.

The golf competition was rather tough in the Sonora Golf Tournament held March 15, as the Ozona Lions placed fourth in the 12-team tournament. On the brighter side, Cody Hunnicutt was the second place medalist with 79 strokes on 18 holes.

Winning the Sonora Tournament was Iraan with 331 strokes. They were followed by: 2 Brady 332, 3 McCamey 339, 4 Ozona 344, 5 San Angelo Lakeview 345, 6 (tie) Crane 347, 7 Mason 347, 8 Sonora 349, 9 Reagan County 350, 10 Greenwood 366, 11 Coahoma 368, and 12 Sonora B 383 strokes.

Lions Defeated By Crane 25-2

Neal Ulmer, Stockman Sportswriter

Sometimes when things go wrong, they tend to snowball. That is what happened to the Ozona Lions' Baseball Team as they were defeated by the District 4-3A Crane Golden Cranes 25-2 in Crane on March 7. With the loss, the Lions' season record is 1-1.

"We did not play well against a really good team," said Lion baseball coach David Delgado. "We had a couple of hurt pitchers try to throw, and were not able to. Hopefully, this game will make the team work harder and get better."

Ozono had a bit of luck at the beginning of the game as Lion infielder Efran Ramirez reached base on a walk and a fielder's choice in the first inning. He scored on a wild pitch to give the Lions a 1-0 lead.

Crane wasted little time in getting in the groove by hitting two home runs to lead at the close of the first inning 2-1.

In the second inning, Crane increased their lead by seven. They received six runs on four walks, three hits and one Ozona error to lead the Lions 8-1.

The game got worse as time went on, when the Golden Cranes scored eight runs on five walks, three hits and two errors. They took a large 16-1 lead over the Lions after only three innings of play.

The game went definitely out of reach in the fourth and final inning, as Crane scored nine more runs on four walks, five hits and one error to

win the game 25-2.

Pitching for the Lions were: Ramon Longoria for one and one third innings, Pete Castaneda went one inning, and Kenny Vargas pitched one and two-thirds innings.

Kenny Vargas stepped in to pitch in his first game and got better as he went. I think that with more experience, he will be a good pitcher for us," said Coach Delgado.

Hitting for the Lions in the game were Jamie Ramos and Efran Ramirez, who both went 1-for-1 and had one walk and one run each; Robert Nelson 1-for-1; Brian Badillo 1-for-3; and John Ortiz 1-for-3.

The Lions will play their next home game against the District 4-4A Fort Stockton JV Panthers on Tuesday, March 25, starting at 5:30 p.m. at the Ozona Baseball Complex north of town.

Neal Ulmer,
Stockman Sportswriter

Ozona senior trackster Charles Villarreal won the 800 meters run for the second year in a row and gave his team the only points in the 39th Annual San Angelo Relays held at San Angelo Stadium last Saturday. The running preliminaries and selected field events were held on Friday, March 21.

Villarreal won the event on Saturday with a time of two minutes, 4.2 seconds and had a preliminary run on Friday of 2:13.73 seconds. Last year he won the event in 2:03.68 minutes and won the 1600m run this year, but did not finish in the top 12 for the finals. He also qualified in the state meet in the 1600m run in 1994 and 1995.

Ozona boys' track coach Pete Maldonado said about Villarreal, "I was glad to see that happen and hope to build from that. I'm glad to see we got the bad things behind us and hope we have good things to look forward to."

Also running in the finals on Saturday were senior Codie Porras in the 3200m run and freshman Wayne Flores in the 1600m run. Porras placed eighth in the 3200m with a time of 11:25 minutes and had a preliminary time of 11:39.01 on Friday. Flores placed eleventh on Saturday with a time of 5:16 minutes and had a preliminary time of 5:13.23 minutes.

"To make the finals in a big meet like that, is a feat within itself. It is a great accomplishment to make the finals," said Coach Maldonado.

In the long distance prelims, George

Hernandez and Flores ran in the 800m run; senior Blas Villa and freshman I. J. Villarreal ran in the 3200m run; and Charles Villarreal and Porras ran in the 1600m run.

Representing Ozona in the 100m and 200m dashes were Ken Sessom and Donnie Bullard, and in the 400m dash were Lando Peña-Alfaro and Shannon Fleming. Running in the 110m hurdles were Chad Myers and Tim Maldonado and competing in the 300m intermediate hurdles were Justin Browne, Ross Crawford and Maldonado.

Representing Ozona in the 400m relay were Maldonado, Browne, Sessom, and Bullard. Running in the 1600m relay were team members Lando Peña-Alfaro, Browne, Crawford, and Charles Villarreal.

Extension Connection

By Tedra Ulmer, County Extension Agent • "Texas Agricultural Extension Service"

Ulcers, Burns And High Blood Pressure

This sounds like a pretty wide range of health problems. However, the reason we're discussing them together is that all three are subject to a number of misconceptions and old wives' tales.

First, ulcers - most are caused by a bacterium called *H.pylori*. It causes all ulcers of the small intestine (duodenum) and about 80 percent of stomach ulcers. Most others are caused by taking anti-inflammatory drugs like aspirin or ibuprofen for diseases like arthritis...not stress or eating too much greasy, spicy food.

The treatment at present involves the use of antibiotics - they cure about 90 percent of the ulcers. Diet isn't really restricted any more for people with ulcers, and they don't have to drink half and half or milk all the time.

Burns are a common household injury, and lots of myths and misinformation abound on treatment. Never use butter or oily ointment - it seals the heat in and makes the burn worse. Butter can lead to infection, and both have to be removed, causing a lot of needless pain.

Wash small burns with soap and water. The most important thing for a minor burn is to cool the area quickly by running cool water over the area. Only use ice if the burn is very small. Next, cover the burn with clean, dry dressings to help prevent infection. Never break blisters (from burns or otherwise). Unbroken skin prevents infection.

Another silent killer among us - like diabetes and osteoporosis, and affecting 60 million Americans - is high blood pressure. What's so dangerous about high blood pressure? Very often, people don't realize they have high blood pressure. They may think they feel fine. However, it liter-

ally causes the heart to wear out, resulting in heart failure, heart attacks and strokes. It can also result in kidney failure and death.

Blood pressure is considered high when three readings are greater than 140/90. Why three readings?

A lot of things can temporarily raise blood pressure - like rushing in to the doctor's office, or simply going to the office and having blood pressure taken for some people.

There are several ways to treat high blood pressure. Doctors may choose to use one of several in combination. Some moderately high blood pressure can be helped by quitting smoking or chewing tobacco - these habits cause blood vessels to get smaller, thereby raising blood pressure - losing weight and exercising. If the blood pressure is too high, doesn't respond to these measures, or if the person just doesn't do anything to try to help his/her blood pressure, the physician will try medication. Sometimes water pills are tried, followed by additional drugs until the blood pressure is close to normal.

Unfortunately, many people stop taking their medication. "It costs too much, and I don't feel any different when I take it compared to when I don't," they may say. Unfortunately, by the time a person has headaches, heart problems or kidney problems, irreversible damage has been done to vital organs.

Tell your doctor if you can't afford the medicine or if there are unpleasant side effects that are making you think of stopping your medication. There are a number of different ones on the market, and in many cases, the doctor can adjust the dosage to minimize or eliminate the side effects. The most dangerous thing you can do

is stop taking the medication, because blood pressure can soar dramatically and cause serious problems.

I hope you've found the last few weeks' columns to be helpful. While I'm not a physician, the information in the newsletters came from a variety of good sources - including a presentation by Dr. Carol A. Rice, Associate Professor and Health Specialist with the Texas Agricultural Extension Service, the University of California at Berkeley Wellness Letter, diabetes information from Dr. Mickey Bielamowicz, Texas Agricultural Extension Service nutrition specialist, and the American Diabetes Association.

One of the reasons I love my job is that I have the opportunity to find research-based information to help people solve the problems they may have, whether it's health-related, family or finances, or on many other topics. If I can help you in any way, please let me know. If I can't help you, I can usually find out who can and refer you to them.

For more information on a number of different topics as well as diet, nutrition and health, contact me at 392-2721, or come by our office, located at 1301 Ave. AA next to the convention center. Educational programs and information provided by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.
