

Melvin Bratcher Accident Victim

A/3c MELVIN BRATCHER

Funeral services for A/3c Melvin Bratcher, 19, will be conducted from the First Baptist Church here at 3:00 o'clock tomorrow afternoon, Friday, September 14.

The youth was fatally injured in an automobile accident Sunday evening near Bedford, Mass., according to a report received here by his parents, Mr. and Mrs. E. Bratcher here the same evening. Details of the accident were not available at this writing.

Before entering the Air Force in June of 1953, Melvin attended Muleshoe high school. He took his basic training at Lackland AFB, San Antonio, and was later stationed at Amarillo AFB. At the time of his death he was stationed at L. G. Hanscom Field, near Bedford.

Survivors other than his parents include two brothers, Charles and Tom, and a sister, Evelyn, all of Muleshoe.

City Reports 80 Blocks Will Be Paved In Program

Officials of Cen-Tex Paving Co. and First of Texas Co. reported Wednesday afternoon to members of the Muleshoe City Council that from the present outlook, approximately 80 blocks of city streets will be paved this summer.

An earlier estimate was less optimistic, and most officials were convinced that a maximum of 65 blocks would be paved. But recent developments have raised the total estimate, which will near the original goal of 84 blocks of new paving and 96 blocks re-surfaced.

The Council learned Wednesday that 33 blocks have the curb and gutter laid, and 33 blocks are prepared and ready to be paved.

The Council spent some time discussing problems of the paving program with the First of Texas representative and city engineer, Ralph Douglas.

Taylor Metal Products Moves Into New Home

Taylor Metal Products have moved this week to their new home, located on Clovis road, next to Muleshoe Liquefied Gas Co., in a building constructed for them by Rufus Gilbreath.

An interesting fact about the building is that it is a portion of the old Methodist church, used by the congregation here until the recent completion of their new structure. Originally, the building was located at Hurley, a few miles northwest of Muleshoe, and was moved here for the church in an early day.

The building is 40 by 50 feet and has been arranged especially to suit the needs of the Metal Products company. It features a very attractive Colorado stone and plate glass front, with a stone planter nearly the length of the front.

Don Taylor, owner of the firm, is particularly proud of the lighting in the shop. He says it is the best lighted workshop on the Plains and that's not an exaggerated statement because wherever a worker wants to work there is plenty of fluorescent light and all shadows are eliminated. Lighting plans were drawn by Southwestern Public Service and the system was installed by Spud Thomas.

The building has a nice office, rest rooms, and a concrete apron at the back for storage or loading.

Gilbreath has laid the foundation near the Taylor building for another building which he expects to move in and modernize in the next few days.

Sand Hills of Bailey County Disappearing; 280 Quarters Go Under Breaking Plow

"Tell your readers", Dave Aylesworth, the land man said to The Journal man, "tell them to take a last look at the so-called Sand Hills, for they won't be with us much longer."

Aylesworth was referring to the fact that practically all land of the old Muleshoe Ranch has now been sold to men who expect to farm it. All excepting a narrow strip that seems too steep to pull down and level out.

The editor, after a trip over the new land with Aylesworth, would not say that any or all of what used to be considered Sand Hills will not be farmed. Tract after tract is now going under the plow, and before long the small hills that have been a landmark here for ages will be leveled off and placed in cultivation.

By January 1, 1956, those who have not kept close tabs of developments will not recognize the country that they have always thought of as waste land, unfit for farming. Some tracts

plowed for the first time this year, will produce crops this year.

Meantime, drillers and pump handlers have had a field day. Aylesworth says he knows of 242 irrigation wells that have been brought in since the first of this year on the new land. Water has been struck first at very shallow depths, in 12 to 26 feet. A pump that will be installed on a well saw workers bringing in at a point in the old Muleshoe pasture farm from any house, will be set at 80 feet. The well was

Old Muleshoe Ranch Land Rapidly Turning Into Sprinkler Irrigated Farms

dug to 160 feet depth. Aylesworth himself has purchased a section of land lying along Morton highway about three miles south of Muleshoe and has installed three irrigation wells. Some of the land has been planted to alfalfa.

We Learn A Lesson The lesson this writer learns from all this development: Do not look at a piece of undeveloped land anywhere in this irrigated belt, and, even though

"sand hills" are visible everywhere, call it waste land. Using modern machinery, the farmers soon level the land sufficiently so that it can be well watered by a sprinkler system.

And don't dismiss a piece of land with the idea that it is poor land, won't grow crops. Fine crops are growing right now on just such land in the Muleshoe area. Times have changed. The sprinkler irrigation system has made it possible to farm land thought absolutely unfit for

farming a short time back. All told, there is now, or soon will be, about 40,000 acres of the old Muleshoe Ranch now under cultivation in Muleshoe's immediate vicinity. The ranch was broken up and put on the market in 1954. About 20,000 acres east and southeast of Muleshoe quickly went under the plow and much of it this year is growing exceptionally fine crops.

Aylesworth says nearly all the quarter sections sold in the west end of the ranch, from the Meeton road west, will be family size farms; and that houses soon will be dotting the countryside as the families move in.

Right at the city limits of Muleshoe, Ollie Jones has as fine a crop of cotton as can be found, on ground that only a few

months back was considered "draw land", with little prospect of ever becoming good farm land. Ollie uses some water from the sewer lagoon, located nearby. He has 720 acres, not all yet in cultivation but soon to be.

Right next door, K. K. Krebs has fine cotton and feed in what a little bit ago was sand hills. This is less than 2 miles from Muleshoe, but few people know about the Jones and Krebs places. Joe Randolph along there has fine cotton and so does Mr. Vise, a little further along.

Cultivated land then runs for miles east of Muleshoe on both sides of the railroad; months ago it was raw ranch land and not too pretty to look at, not to the unknowing at least.

On first year ground north of the tracks, right against the

Plea For Injunction In Water Line Suit Heard Friday In Austin Court

The Bi-State Water Commission and C. C. Morgan won the first round in a court trial to determine the constitutionality of a 1949 state law allowing municipalities and utilities to use state highway right of way for utility line purposes. The victory came Friday morning in the 53rd District Court at Austin, before Judge A. Harris Gardner, who ruled that Morgan, who had filed a plea for an injunction to stop the City of Lubbock from laying a water pipe line across his property in the northeast corner of Hockley county, had a reason for complaint, and that the five exceptions entered by the City of Lubbock, to the case, were invalid exceptions.

The case was entered into state law passed in 1949. The suit itself, is to try the constitutionality of that law of 1949. Judge Gardner told attorneys for the city of Lubbock, Messrs. Crenshaw, Dupree and Millam, that their exceptions and general demurrer were overruled, and set trial for the case on its merits in pre-trial hearing for 9 a.m., October 3 in his court. Judge Gardner also said that the case had attracted state wide attention on the constitutionality question, and would be watched with close interest by the entire legal profession. The attorneys for Morgan are John Aikin of Hereford and Arthur Bagby of Austin.

Funeral Service Held Sunday For Glenda Vinson

Funeral services for Glenda Joyce Vinson, eighteen months old daughter of Mr. and Mrs. Billy Vinson, were held September 9 at 2 p.m. from the Muleshoe Church of Christ, with the minister, W. B. Tuttle officiating. The little girl died Thursday afternoon as the result of an automobile accident. She was born March 4, 1955.

Survivors include her parents, of Muleshoe; two sisters, Lettie and Linda Vinson, both at home; her grandparents, Mr. and Mrs. W. M. Vinson of Muleshoe and Farwell, and E. G. Gaddy of Lubbock; her great grandparents, Mr. and Mrs. G. W. Magnus of Farwell, and four uncles, Foy, Herman and Barry Vinson of California, and Dan Vinson of Muleshoe.

Pallbearers were Delbert Black, Arnest Morris, Bobby Peace, and Jim Mann.

Farmers Union To Meet Monday

A county wide meeting of the Bailey County Farmers Union will be held in the courthouse here next Monday night, Sept. 17, beginning at 8 o'clock.

All members of the Farmers Union are urged to attend. In addition, all farmers, whether members or not, residing in the county or in Muleshoe trade territory are invited to come to the meeting.

Policies of the Farmers Union are to be explained, including the organization's stand for 90 per cent of parity for cotton and all grains.

RETURN FROM 10 DAY TOUR Mr. and Mrs. Gordon Duncan and Mr. and Mrs. Charlie Gustin returned last week from a ten day vacation. They toured Colorado, Wyoming, Utah, and New Mexico. In Wyoming, they toured the Yellowstone National Park and in Salt Lake City, Utah.

Progress Meeting Tuesday Night On TRF Plains Station

All farmers in the Progress and West Camp communities have been invited to attend a meeting Tuesday night to attempt to set a research station established on the Plains.

The meeting will begin at 8 p.m. in the Progress Methodist Fellowship Hall, and will be devoted to explaining the advantages of having a research station of the Texas Research Foundation established in this area.

Members of the Progress committee, working on the project include Sherman Inman, John Gunter, Jr., Lewis Scoggins, Vernie Towns and Joe Sooter. West Camp committee members are Jack Little, W. E. Myers, Guy Austin, Lloyd Stephens, and Woodrow Couch.

Calvary Baptist Plans Revival

A revival meeting will begin the coming Monday, Sept. 17, at the Calvary Baptist Church, located on Avenue G at Main street here in Muleshoe.

Evangelist for this meeting is Rev. T. E. Whiznant, pastor of Tabernacle Baptist Church, Crane, Texas.

The local church invites everybody to attend the services. A closing date has not been set, length of the revival to depend upon interest of the people.

Charles Jennings Elected President MHS Senior Class

Charles Jennings was elected president of the Muleshoe High School senior class this week. Other officers elected include Buford Watson, vice president; Brenda Sinnacher, secretary and treasurer; Shirley Mathieson, student council representative; Joe Roark, parliamentarian, and Rose Lee Millen, reporter.

Young Is Prexy of Bailey County Bar Association Here

All practicing attorneys in Muleshoe met in the office of county attorney Norman Bays Tuesday afternoon to reorganize the Bailey County Bar Association.

Jack Young was elected president, and Hurschel Harding, secretary-treasurer. The association will meet quarterly, or on the call of the president for special reasons. Members present in addition to Young and Harding, were Cecil Tate, Norman Bays, Karl Lovelady, and Pat R. Bobo.

Conservation Speaker Says Area Like Goose That Laid Golden Egg

Comparing the natural resources of the High Plains to the geese that laid the golden eggs, A. F. Armstrong, field planning engineer of the State Soil Conservation Board, spoke at the climax to the fourth annual Blackwater Valley Soil Conservation District tour Tuesday, ending at the Jack Little farm on the West Camp highway. Introduced by Sherman Inman of the SCD board of supervisors, Mr. Armstrong told an assembled 250 farmers, businessmen and students that the High Plain holds more promise than any other area of the state, and urged local farmers to conserve their land and water to increase its worth and value to future generations.

The tour started from the court-rooms and legal counselor of the State Soil Conservation Board, stopped at the farms of Hance Hutson, Earl Ladd, Claude Sanders, Carl Barmert, M. L. Shipp, A. R. McGuire, Ross Goodwin and Jack Little, where the tour ended with a barbecue luncheon sponsored by the Muleshoe State and First National Banks.

Members of the Rotary club served the meal. Roy Dyer prepared the barbecue beef, served with beans, onions, pickles, boiled potatoes and tomatoes.

Inman also acted as conductor of the tour, assisted by Duane Bartee, work unit conservator with the Blackwater Valley Soil Conservation District.

P-TA Meets Monday Night To Begin Program of Activity For Schools

The Muleshoe Parent-Teachers Association begins activity for the current school year with a meeting September 17, at 7:30 p.m. in the high school auditorium.

The P-TA is an association of parents and teachers concerned with the welfare of school children. More than merely bringing together the teachers and parents, the P-TA believes that cooperation is essential between parents and teachers to find the best solution to problems of education and guidance of children.

At the first meeting there will be a panel discussion of parents and teachers on the various problems of the school system.

Officers for the current year include Mrs. Hazel West, president; Mrs. Dean Lindley, vice-president; Mrs. Pearl Gunstream, program chairman; Mrs. Arlene Phelps, secretary; Mrs. Betty Jo

Thomas Sowder Wins Scholarship To Texas Tech

Thomas Robert Sowder, son of Mr. and Mrs. John Sowder of Goodland, is among 16 recipients of \$200 scholarships to Texas Tech, given by the Kuykendall Foundation of Lubbock.

The awards are granted on the basis of scholarship, citizenship, and character. Sowder is a graduate of Muleshoe High School. He was a member of the Interscholastic League slide rule team, had the highest record of any boy in his class, and plans to study chemical engineering.

THREE FROM MULESHOE ENROLL AT WAYLAND

Three Muleshoe students have enrolled at Wayland College, Plainview, for their second year at the school. Holly Ann Cox, daughter of Mr. and Mrs. Jack Cox; Rosemary Pool, daughter of Mr. and Mrs. Les Pool, and Wayne Bristow, son of Mr. and Mrs. Clinton Bristow.

Parrish Speaker For Baptist Meet

PARRISH

Tom Z. Parrish, director of development and legal counselor of Wayland College, Plainview, will be guest speaker for the Baptist association meeting at Littlefield today, according to Rev. E. K. Shepherd, pastor of First Baptist Church of Muleshoe.

Winners Named In Kids Day Contest Last Saturday

Beverly Jordan and Gary Don Middlebrook won \$5 prizes in the Kid's Day parade Saturday afternoon, and the Brownie troop won a \$15 award for the best organization entering a float in the parade. The kids day parade was a forerunner of an afternoon of fun and games in city park sponsored by Muleshoe merchants and the Muleshoe Jaycees.

In the watermelon eating contest, prizes were won by Jackie Stovall, Jerold White, and Johnnie Gonzales.

Sack race winners included Kathy Moore, Melery Latrice, Johnie Sanders, Travis Creamer, Louise Stinson and Charles White.

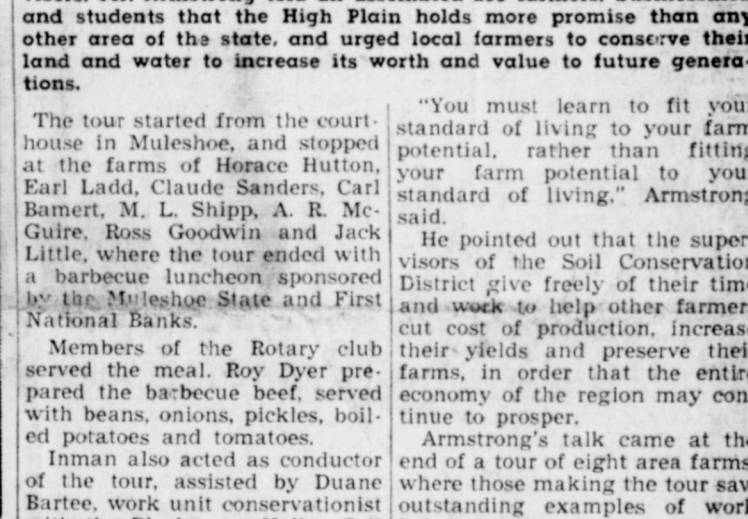

Bubble gum chewing contest winners were Cindy Smith, Kenneth Jenkins, Inita Waters and Cuy Gabbert.

Sue Roberta Lee and David Roberts won the bicycles given away during the afternoon.

Evans Oil Co. entry, "Cosmo", won the first heat of the turtle derby. Second heat winner was "Lambert", entered by Lambert Creamer, and "Ike", the Robinson Boot Shop turtle, won the third heat. Heat prizes were \$25 each.

Ike also won the finals, taking total prize money of \$75.

Revival Begins At Nazarene Church On September 19

REV. JOE NORTON

Rev. Joe Norton, of Hamlin, Texas will lead an evangelistic meeting at the Muleshoe Church of the Nazarene, west 9th and Avenue C, beginning September 19, and continuing through September 30.

District Court To Reconvene Today Before Judae Bills

Judgement is expected to be returned today by District Judge E. A. Bills in the case of Roland Shepherd vs. J. W. McDonald, et al, heard in 64th District court here Monday and Tuesday.

The case involves a complaint filed by Shepherd in which the Goodland Gin is alleged to have exploded in 1951 due to faulty butane system, according to the allegation of the plaintiff.

A jury was selected in the case, and dismissed Tuesday by Judge Bills. Members of the jury were O. C. Kirk, Toby Hatch, Truitt Smith, Mrs. W. B. LeVegue, Woodrow Lambert, D. V. Terrell, Odell Logan, Guy Sanders, Bill Collins, Clarence Jones, Don Seals, and F. W. Hall.

Public Hearing On City Budget To Be September 9

The public hearing on the proposed \$124,234.34 city budget for the current fiscal year, has been set for 2 p.m., on September 19. Mayor W. T. Bovell announced this week.

The general public is welcome to attend this hearing, and any objections or questions concerning the proposed budget, will be heard at that time.

The City Council, meeting September 5, approved the budget, subject to the public hearing, and set the tax rate at the same figures as in 1955, \$1 per \$100 valuation.

The tax rate is based on an evaluation of a little more than \$5 million, at 95 percent collection. Last year's budget was \$119,377.09, as compared to the proposed current budget of \$124,234.34.

The Weather

No moisture has been reported since last weekend when a small area southwest of town received scattered showers. The cool front has dissipated, and warm, dry days with some dust in the air, have prevailed. The long range weather outlook is for another cool front through the area within the next few days, which may bring some precipitation.

Mules Stampede Portales 38 - 0 In Season Opener

A spirited, aggressive, bunch of Mules literally stomped the Portales Rams last Friday night 38-0 at Portales, to break a 12 game losing streak. It was a revival of an inter-state series in which Muleshoe won the last game in 1951 39-0.

Muleshoe showed perfect timing on most all of their plays as they chalked up 292 yards rushing as compared to 66 yards for the Rams. The Rams never presented a serious scoring threat as they were never within Muleshoe's 17 yard line on which a nimble Mule pounced on a Ram fumble and quickly halted their drive.

The Mules scored with 3 minutes to go in the first quarter after recovering a Ram fumble when John Young broke through the left side for 18 yards. The conversion attempt was no good. In the second quarter, fullback Bill Black climaxed drives of 69 and 23 yards with touchdowns as he hit the middle. Derrill Oliver kicked the extra point after the third tally. Young scored again in the third quarter just after he had made a 42-yard run to set it up. Later in the same period, Muleshoe found themselves back on their own five-yard line. Quarterback Dick Johnson passed to Ed Wilt for 60 yards and the beginning of a 95-yard drive which ended when freshman halfback Oliver hit the middle for 3 yards and 6 points.

The team was run nicely by Johnson, as he mixed his plays well and faked deceptively. Dickie had his moment as he skirted end for 24 yards and Muleshoe's final touch down. Black converted to make the score 38-0.

The victory was a team victory as there were standouts in the line as well as in the backfield. Bob Sanders and Don Alexander, 180 pound tackles, broke up many a Ram play and they opened holes in the opponents defense big enough to drive a truck through. They were well assisted by Royce and Doyce Turner, lightweight guards, Joe Roark, center, Charles Jennings and Ed Wilt, ends.

Muleshoe's stand-up defense proved very successful as Portales couldn't seem to figure out quite what to do with it. It must have bothered them quite a bit for Portales was penalized 115 yards as to 45 for Muleshoe.

Tech Faces Tough Texas Westerns On September 22

Texas Tech's Red Raiders have ample reason for working hard for their opener with Texas Western in Lubbock Sept. 22 although they must face Southwest Conference powers Baylor and Texas A & M on succeeding weekends.

Texas Western is the school that gave DeWitt Weaver-coached elevens their worst times in Border Conference play. Out of 20 games played with Border elevens the Raiders had only one loss and two ties to mar their record. One tie and the sole loss were to Texas Western.

Only last season the Miners tied Tech 27-27 in a wild affair at El Paso.

Through the years, Tech has a 9-4 margin over Texas Western, but more pessimistic observers point out that the last time the Miners opened a Tech schedule, in 1939, the Raiders lost, 7-2. That was the first game following Tech's Cotton Bowl appearance.

Experience-wise, the game could be a toss-up. Tech has one more returning letterman from last season — 19-18 — but the Miners hold the edge on returning starters, 7-6.

Despite the Raiders' comparative lack of experience, Weaver is pleased with the spirit shown by the young squad, 27 of 52 of whom are sophomores.

WEAVER

1956 MULES SQUAD PREPARES TO MEET SUDAN HORNETS FRIDAY NIGHT

The Galloping Mules, fresh from an upset over the Portales Rams, met their arch-rival, the Sudan Hornets, here tomorrow (Friday night). Muleshoe has beaten Sudan only once in 15 years, and they are rearing to try their luck again this year.

The Hornets, with seven returning lettermen will have as much sting this year as last, and are picked to win their district this year, which is 2-A. The probable starting line-up for the Hornets will look something like this:

At ends will be Ronnie Fisher, 170, sr. and Gene Bartley, 170, sr. At the tackle positions will be Gayle Brown, 165 sr., Arlon Graves, 170 sr.; the guard posts will be manned by Keith May, 150, jr., John Bellar, 150, sr., and at center they will have Bob Beale, 190. In the backfield for Sudan will be Don Wood, 160, jr., Kenny Wells, 150, sr., James Gore, 160, sr., and Larry Bates, 160, sr.

The Mules' line-up will prob-

ably be about the same as last week when they romped over the Portales Rams 38-0, at Portales.

Muleshoe F.F.A. NEWS

by Ralph Roming

The Muleshoe FFA has great prospects for a good year this coming year with 82 boys enrolled. There are 28 in Ag. I, 34 in Ag. II, 11 in Ag. III and 9 in Ag. IV this year. Last year there were only five.

We had our first monthly meeting Monday night of the 10th. There were 50 boys present for the election of officers. The following officers were elected: President, Richard Green; vice-president, Jack Dunham; secretary, Buddy Black; reporter, Ralph Roming; treasurer, Joe Roark; sentinel, Billy Harmon and Ag.

teachers Mr. Bickel and Mr. Adams. Beverly Mardis was elected Student Council representative. Delegates for the district convention were Jack Dunham and Richard Green.

At this meeting also we set the date of October 1 for our Freshman initiation.

The Muleshoe FFA will be well represented at the State Fair this year with some 35 animals being carried. Entries have been sent for 4 calves, 8 lambs, and 25 hogs. The fair is October 7-21. We sure hope that all the boys are lucky.

The Ag. II, III, and IV boys attended the Soil Conservation tour Tuesday and found it very educational. All seemed to think the tour was good and enjoyed it a lot. All the Ag. boys will attend the Tri-State Fair at Amarillo next Monday. Some of the boys are carrying some of their crops to be put on display.

Crippled Children Clinic Sept. 24

Plans to conduct a clinic for all crippled children of Bailey and surrounding counties have been announced by Dr. C. A. Pigford, Director of the Lubbock City-County Health Unit. The clinic will be held on Monday, September 24, at the Lubbock Cerebral Palsy Treatment Center, 3502 Avenue N, in Lubbock.

Registration for the clinic, sponsored by the Lubbock County Society for Crippled Children, Inc., the Lubbock-Crosby County Medical Society, the Lubbock City-County Health Unit, and the Crippled Children Division of the Texas State Department of Health, will begin at 9:00 a.m. No charge will be made for examination.

It will be open to all children, under 21 years of age, who are crippled or who have conditions which might lead to crippling. Parents are requested to accompany the patient.

Among the doctors expected to take part in the clinic are: Dr. Arthur Jenkins, Dr. J. D. Donaldson, Jr., Dr. R. Q. Lewis, Dr. J. E. Loveless, and Dr. C. E. Ratcliff, all of Lubbock.

2000 Farm Workers Employed In Area For Fall Harvest

An estimated 2,000 farm laborers are now located in the immediate vicinity of Bailey County, employed in harvesting and packing farm produce and commodities, Maurice Oden, of the Texas Employment Commission office in Muleshoe, said early this week.

About 500 native laborers are working in Bailey county, and an additional 1500 Braceros are working through the office of the two farm labor organizations located here.

The case cannery is canning ripe tomatoes, and is employing about 75 laborers, while the Alexander Marketing Co. is packing white ripe tomatoes for shipping with an additional large crew employed.

Oden estimates that at the height of the harvest season, more than 5,000 transient laborers will be at work in the area.

At the present time, he is experiencing a slight shortage of hands for tomato picking and some boll pulling. A number of the native crews are expected in this week, however, and will relieve the shortage somewhat.

Some boll pulling is going on, and an estimated 20 bales have been ginned in the county early this week.

Date Announced For Safety Spots

The Texas Public Safety Commission has set September 15, 1956, to April 15, 1957, as the period during which automobiles and other motor vehicles must be inspected under provisions of the State's Motor Vehicle Inspection law.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said in announcing the Commission's action that motorists should avail themselves of the opportunity to have their autos inspected as soon after September 15 as possible in order to avoid the inconvenience and delay which is usually associated with the end of the seven-month period by the "log jam" of car owners who wait until just before the deadline to have their vehicles safety checked.

George W. Busby, Chief of the DPS Motor Vehicle Inspection Division, stated that the more than 4,200 licensed inspection stations in the State would have sufficient supplies of stickers on hand by the starting date and would be equipped to check vehicles without delay.

GRID RESULTS

Area teams playing last Friday night and the results of those games:

Lazbuddie, in their first time out as an 11-man team, soundly trounced the Friona B team 14-0. Sudan laid it on the backs of Denver City to the tune of 19-6. Wilson walked away from Amherst 19-0, and Memphis scored once on Tullia to win 6-0. Silverton eased by Dimmitt 25-24, and Olton squeaked out a 20-19 victory over Abernathy. Canyon, considered the top threat in the conference, beat Floydada 32-6, and Lockney downed Hale Center 20-3. Springlake won over Bovina 27-7, and Farwell held Melrose to a scoreless tie.

Teeter's Sweet Shop now open.

associated with the end of the seven-month period by the "log jam" of car owners who wait until just before the deadline to have their vehicles safety checked.

TO YALE

After a few days visit in Muleshoe with friends and relatives, John J. (Dick) DeShazo, Jr., left for New Haven, Conn., where he will enter Yale University to work on his masters degree.

Dick is a native of Bailey county and a graduate of Muleshoe high school and Texas A & M College.

He received a Ford Foundation scholarship to Yale, which will enable him to receive his masters.

He has been employed for the past six years with the Texas Highway Department as assistant resident engineer of the Amarillo

district. He spent two years in the Army and now holds the rank of captain in the US Army Reserve.

GRID SCHEDULE

Area football games to be played Friday (tomorrow) night include the following:

Muleshoe hosts Sudan; Dimmitt hosts Lockney; Abernathy plays at Tullia; Floydada hosts Olton; Dalhart plays at Guymon, and Canyon hosts Hereford.

Lazbuddie, after beating the Friona B team last week, has an open date tomorrow night.

SOLUTION:

fit SAVINGS into family financing

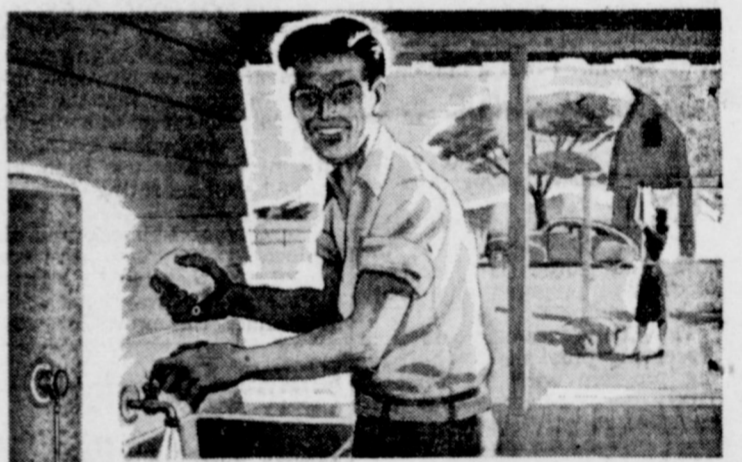

It's wise to plan your family financing with an eye to saving a specific sum every payday. Families who "pay themselves first" find that funds are readily available in times of emergency... or when some special luxury is wanted. Resolve now to revise your budget and place savings at the head of the list. Then bring those savings here where they earn liberal dividends twice each year... are safe and ready when needed.

First Federal Savings & Loan Ass'n.

Miss Karolene Towns Becomes Bride of Marlon Inman In Impressive Ceremony

MRS. MARLON INMAN

Miss Karolene Towns and Marlon Inman exchanged wedding vows at 6:00 p.m. Friday, in the First Baptist Church here, with the Rev. E. K. Shepherd officiating.

After a wedding trip, the couple will make their home at University Apartments, 1814-B Dillingham, Abilene, and both will continue their studies at Hardin-Simmons University this fall.

Mr. and Mrs. Verna Towns are parents of the bride. Her parents are Mr. and Mrs. Sherman Inman. Both families are of Muleshoe.

Setting for the impressive double-ring ceremony, featured blue tapers in six candelabra decorated with white gladioli tied with white satin ribbon, against a background of large palm leaves. The rostrum was decorated with a spray of white gladioli and a candelabra bearing blue tapers. Garlands of greenery and white pom poms looped from the rostrum to the candelabra and to the piano and organ, which flanked the altar. Pews were marked with greenery and white pom poms.

Soloist Miss Sue Barron, of Lamesa, sang "Thine Alone," "If I Could Tell You," and as a benediction, "Bless This House." She was accompanied at the organ by Miss Mona Ellen Wilhite who also presented the traditional wedding music.

Escorted to the altar and given in marriage by her father, the bride wore a floor-length creation of white Chantilly lace over taffeta and nylon tulle. The full lace overskirt swept into a chapel train. Fashioned with an scalloped portrait neckline edged in seed pearls and sequins, the bodice featured a row of tiny covered buttons which extended down the front to a point at the center front waist. The long sleeves tapered to petal points over her hands. Her fingertip-length veil of imported illusion outlined with lace, fell from a pill box tiara of lace, embroidered with seed pearls and

that of the maid of honor, with the exception that their gowns did not feature the lace appliques on the skirts.

Ringbearer was Master Mack Wesley Hancock, cousin of the bride, of Lamesa. The rings were carried on a white satin pillow edged in lace. Candelighters were James Towns and Leon Jamison, brother and cousin of the bride respectively.

Jerry Inman served his brother as best man. Ushers were James Towns, Leon Jamison, Gerald Petree, of Abilene; Charles Perry, of Sudan; and Bobby Ross Goodwin. Junior groomsman was the bridegroom's cousin, Jackie Walton, of Snyder.

For her daughter's wedding, Mrs. Towns wore champagne nylon lace over peacock silk in a sheath designed with folds of peau de sole over the hips, ending in a bustle back. Her accessories were of ivory lizard. Mrs. Inman wore a gown of beige cotton lace over taffeta, fashioned with a circular skirt. Her accessories were also beige. Both ladies wore tiny jeweled hats, and orchid corsages.

The reception was at the home of the bride's parents. Members of the house party were Meses. Vernon Jamison, Edward Hicks, Sherman Sweetman, and C. W. Wilhite, all of Muleshoe; Mrs. Hershel Pruitt, of Lubbock; and Mrs. Mack Hancock, of Lamesa.

Guests were registered by Miss Pat Inman, cousin of the bridegroom. The crystal appointed serving table was centered with the bride's bouquet and covered with white embossed and scalloped lace crystallette over a gathered floor-length net flounce of nylon. The four tiered wedding cake, iced in white and decorated in blue, was served to guests with sky blue punch by Miss Joanna Wall, of Snyder, and Miss Priscilla Inman. Bouquets of gladioli were featured decorations throughout the house.

For traveling, Mrs. Inman chose a brown wool crepe suit, which she complimented with accessories of morocco blue and brown reptile. Both Mr. and Mrs. Inman are graduates of Muleshoe high school.

Carrying out the tradition, for something old, the bride wore seventy-five year old rhinestone hairpins given her by her grandmother Thompson, and a gold bracelet worn by her grandmother. Her Towns in her wedding 45 years ago. Something new was her wedding ensemble; something borrowed was the white satin Bible, belonging to Miss Joanna Wall, of Snyder. Her blue garter was made for her by her mother.

Attending the bride as maid of honor was Miss Betty Shanks. Her gown of French blue lace was designed with a lace cape and peplum over nylon net and taffeta. Lace appliques decorated the bouffant waltz-length nylon skirt. Her lace mitts were scalloped at the top and were of French blue, to match her gown, as was her velvet dotted circular veil. She carried a bouquet of fuji mums.

Bridesmaids were: Miss Sue Barron and Miss Martha Crawley, of Lamesa, and Miss Bonnie Stewart and Miss Gloria Petty, of Levelland. Bridesmatron was Mrs. Gene Saur, of Abilene. Judy Inman, sister of the bridegroom, was the junior bridesmaid, and LeAnn Pruitt, cousin of the bride, of Lubbock, was flower girl. She carried a basket of white petals.

All bridal attendants were attired in ensembles identical to

October Wedding Plans Revealed By Miss Joyce Hunt and Billy Hunter

MISS JOYCE HUNT

Mr. and Mrs. Buford Hunt announce the engagement and approaching marriage of their daughter, Joyce, to Billy D. Hunter, son of V. M. Hunter of Seagraves, and Mrs. Joe B. Mitchell, of Levelland.

The bride-elect graduated from Muleshoe high school in 1955, and is now employed at the First National Bank in Muleshoe. A graduate of Seagraves high

school with the class of 1953, the groom-to-be is now in the U. S. Air Force, stationed at Abilene Air Force Base with the 490th Bombardment Squadron.

Rev. Jim Green will officiate as the double-ring ceremony is read in the First Baptist Church here, at 6:00 o'clock p.m. October 13.

All friends of the couple are invited to attend the ceremony.

active in the district, and to have a rummage sale September 22.

Attending the meeting were: Bill Ed Jones, and Meses. Carl Bamert, Byron Gunter, Bill Jim St. Clair, James Crow, Russell Finley, James Glaze, Herbert Griffiths, Jack Hough, Bob Glass and Lloyd Aisup.

Remington Portabe Typewriters may be as low as approximately \$1.00 per week.

Johnson Speaks To ESA Sorority

First meeting of the fall season for the Epsilon Chi chapter, of Epsilon Sigma Alpha sorority, took place Tuesday evening at the R. E. A. building in Muleshoe, with Mrs. Carl Bamert as hostess.

Fred Johnson, who was the guest speaker, brought an interesting talk on "Communism". The selected study of this year for the sorority is "Current Events".

After refreshments were served, the business meeting was conducted by the president. Due to two members becoming inactive, two new officers were elected. Jane Griffiths replaces Pat Glasscock as vice-president; and Betty Glaze replaces Joy Finley as head of the welfare committee.

In keeping with the state service project for the year on the heart association, the local chapter is ordering kits of material on heart disease to be distributed to all doctors and schools in Bailey County. State projects for the year, as in the past, is Polio.

The chapter voted to become

Teeter's Sweet Shop now open.

Claudine Wooliver and Dewayne Parrish Wed At First Methodist Church Here

Miss Claudine Wooliver, daughter of Mr. and Mrs. E. O. Wooliver, of Sudan, and Harold Dewayne Parrish, son of Mr. and Mrs. O. J. Parrish, of Earth, were married in an impressive candlelight ceremony here Sunday afternoon at 3:00 o'clock in the First Methodist Church.

Rev. Wayne Perry, of Sudan, read the double-ring rites before an arch of lemon leaves and bronze mums flanked by emerald palms, candelabra holding off-white tapers and large baskets of bronze mums and pom pom chrysanthemums. Judy Bolton, of Clovis, N. M., presented traditional wedding selections at the organ. "O Promise Me" was played softly as candles were being lighted. Arnold Schuler, soloist, of Friona, sang, "The Lord's Prayer", as the couple knelt. He was accompanied at the organ by Miss Bolton.

Escorted to the altar, where she was given in marriage by her father, the bride wore an original wedding gown of white imported Chantilly lace and nylon tulle over net and satin. Designed with high neckline framed with upstanding collar of lace, and long sleeves which tapered to points over the hands, the fitted bodice featured a sheer yoke outlined with lace appliques. The voluminous skirt, which swept into a cathedral train, was fashioned with a deep lace peplum applied in points at the lower hip-line to tulle. The immense fullness of lace and tulle over ruffled net and satin was emphasized with hoops and crinolines. Her bouquet was of stephanotis centered with a white orchid. The bridal tradition was carried out. Something old was her shoes; something new, the dress; something borrowed, her veil; and something blue, a garter. She wore a penny in her shoe for luck.

Matron of honor was Mrs. Martha Schuler, sister of the bride, of Friona. Bridesmaids were Anna Myers, of Lubbock, and Barbara Moss, of Denver City, both cousins of the bride, and Evelyn Sowder, of Muleshoe. Ann Mitchell, of Idalou, cousin of the bride, and Donna Parrish, of Sudan, cousin of the bridegroom, were candelighters. Vicki Schuler, of Friona, niece of the bride, attended as flower girl.

All the bridal attendants wore identical gowns of iridescent taffeta in Copenhagen blue, fashioned with portrait necklines framed with drapery of fabric

held with bands at the shoulder. The elongated bodices, styled along princess lines, featured wide bands of matching lace held with immense bows at the back, accentuating the waistlines. The immense waltz-length skirts were made with shirred fullness and stiffened lower edges, and were worn over crinolines to emphasize fullness. Headdresses were matching bandeaus of transparent braid holding small nose veils. They wore blue beaded satin pumps and carried bouquets of feathered bronze mums.

Serving the bridegroom as best man was Charles Perry, of Sudan. Ushers were Carlos Garner, of Sudan; Gene Richardson, of Lubbock; and Walter Schuler, of Friona, brother-in-law of the bride. Wayne Schuler, nephew of the bride, was ring bearer.

FELLOWSHIP HALL RECEPTION SCENE

At the reception, the serving table was laid with net over blue, and centered with a four tiered wedding cake, topped with miniature bride and groom. The bridesmaids' bouquets surrounded the wedding cake, which was flanked by double candelholders. Judy Bolton served the cake, and Dianne Day presided at the crystal punch service. Guests were registered by Beth Roberson, of Clovis. The couple were assisted in receiving by their parents and the bride's attendants.

Out of town guests attended from Lubbock, Clovis, Denver City, Seagraves, Lockney, Idalou, Levelland, Sudan, and Earth. For traveling, the bride wore a two-piece dress of black orlon and cotton trimmed in black velvet, with black patent accessories and an orchid corsage. She attended Clovis schools, graduating in 1955, and has been employed at Barron Abstract Co. in Muleshoe, since that time.

Mr. Parrish graduated from Sudan high school with the class of 1954, and since September of that year has been with the United States Navy.

After a wedding trip to Florida and Havana, Cuba, the couple will be at home in Guantanamo Bay, Cuba, near where he is stationed.

FROM FREDERICK

Mr. and Mrs. Max Waldrop, of Frederick, Okla., are visiting here this week with the Raymond Greens, Gordon Duncans, Kenneth Precures, and Al Cassidy.

Mrs. Waldrop is a niece of Mr. Cassidy and Mrs. Duncan, and a cousin to Mrs. Precure and Mrs. Green.

Miss Julie James Becomes Bride of Leander Sims, Jr.

In a quite single-ring ceremony at 6:00 o'clock last Wednesday evening, Miss Julie James became the bride of Leander W. Sims, Jr.

MRS. LEANDER SIMS

Mr. and Mrs. W. M. James of Muleshoe, are parents of the bride. He is the son of Mrs. O. S. Richards, also of Muleshoe.

The Rev. Trone, minister of the First Methodist Church of Clovis, N. M., officiated as vows were exchanged in his home.

The bride was attired in a brown street-length dress which she complemented with white accessories.

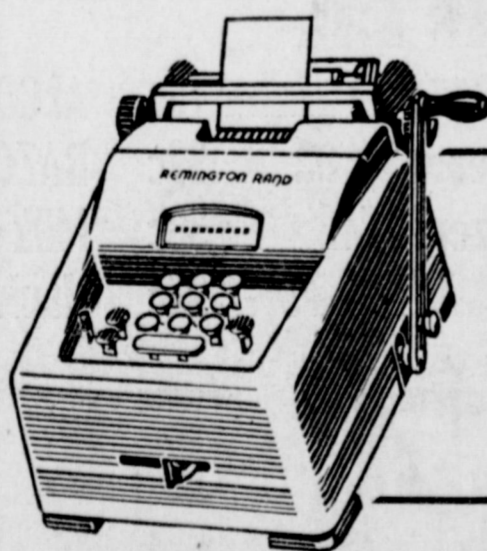

Miss Nelda Otte and Elmer Ray Davis attended the couple as maid of honor and best man. Others attending the ceremony included his mother, Mrs. O. S. Richards, and his sister-in-law, Mrs. Wayne Johnson.

Following a short wedding trip to points in New Mexico, Mr. and Mrs. Sims will make their home in Memphis, Tenn., where he is stationed with the U. S. Navy.

TO AMARILLO FAIR

The Muleshoe high school band, under the direction of Paul Summersgill, will journey to Amarillo Monday and will march in the opening day parade of the Tri-State Fair there.

The vocational agriculture boys of MHS will also go to Amarillo Monday, to enter exhibits in the agricultural division of the Tri-State Fair.

The fair begins Monday and lasts through Sunday night.

Express Appreciation

Wendy Young, of the city sanitation department, announced this week that his department is appreciative of the care with which youngsters and JayCees

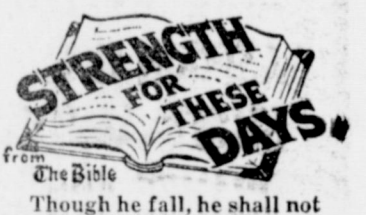

alike cleaned up the park after the Kids Day celebration Saturday before last.

Young said his department received complete cooperation from the kids and the sponsoring group, and they are grateful for their help in keeping the city park clean.

SCHOOL ASSEMBLY

The public has been invited to attend the first school assembly of the year to be held September 20 at 9 a.m. in the Muleshoe high school auditorium.

The assembly program will feature the twin piano entertainment of Dorothy and Fred Smythe, well known piano virtuosos in a program of varied types of music.

STRENGTH FOR THESE DAYS

Though he fall, he shall not be utterly cast down; for the Lord upholdeth him with His hand.—(Psalm 37, 24.)

Be a man's thoughts and acts ever so evil, he is not beyond redemption as long as he earnestly reaches out for the hand of God. It will never be withdrawn from him as long as he contritely seeks forgiveness.

J. H. Flathers, Texas State Classroom Teacher Association Pres. Speaks Here

J. H. Flathers, of Amarillo, president of the Texas State Classroom Teachers Association, spoke to a large gathering of Muleshoe teachers and their guests here Tuesday evening. Mr. Flathers, who is past president of the Amarillo CTCA, and past president of District 9 TSTA, teaches in Amarillo High School. He spoke on the problems facing teachers in Texas and the nation today. One of the main problems of the Texas public school system according to Mr. Flathers, is that of keeping teachers.

NOTICE

By the City Aldermen in regular session, September 5, 1956.

I am hereby authorized, acting in my capacity as Mayor of the City of Muleshoe, Texas, to give public notice to the citizens of said City of Muleshoe, Texas, as authorized by law, that a public hearing will be held in the City Hall on September 19, 1956 at 2 o'clock p.m. on the proposed City budget for the year beginning April 1, 1956 and the City Aldermen will consider said budget after the hearing on that date, and any tax payer and the general public are invited to attend and participate in said hearing at said place, on said date and hour hereinabove stated.

Witness my official hand and seal this the 5th day of September, 1956, A. D.

W. T. BOVELL,

Mayor, City of Muleshoe

Texas.

Texas and go to California, Arizona, and New Mexico, where they receive higher pay." The speaker said that over 10,000 new teachers are needed in Texas each year. He urged the organization members to vote for Amendment 4, in the November election. "This Amendment", Mr. Flathers said, "will help keep the teachers here."

Preceding Mr. Flathers talk, which took place in the cafeteria at the high school, a delicious western meal was served. The western theme was also carried out in decorations. Lassoes and spurs hung from windows, and the tables, which were covered in white, were centered with lanterns, horse shoes, and lovely bouquets of fall cut flowers in shades of yellow, bronze and orange.

Menus and programs were contained in cleverly designed replicas of cowboy boots and hats in colors of gold, red and green. The meal consisted of barbecue beef, beans, potato salad, tossed salad, hot rolls and butter, coffee, iced tea and pie.

Invocation was offered by Troy Perkins, principal of Muleshoe grade school. Mrs. G. A. Beddingfield, president of Muleshoe CTCA, introduced the guest speaker, his wife, and other guests.

Mrs. John Watson led in a game.

Pauline Kelton And Frank Harper Were Married Sunday Afternoon At Circleback

MR. AND MRS. FRANK HARPER

Marriage vows were solemnized Sunday afternoon at 3:00 o'clock by Miss Pauline Kelton and Frank Harper, in the first wedding ever to be held in the old First Baptist Church at Circleback.

Mrs. W. R. Kelton, of Muleshoe, is the mother of the bride. His parents are Mr. and Mrs. Frank Harper, of Circleback.

Double-ring rites were read before an archway of greenery entwined with yellow, white and pink carnations, flanked by huge baskets of orchid dahlias. An arch of white tapers in the background completed the setting.

Wedding music was furnished by Maudie Speck, pianist, who accompanied Miss Janie Lou Morrow as she sang, "My Happiness," "Indian Love Call," and "Whither Thou Goest."

BROTHER ESCORTS BRIDE

Given in marriage by her brother, Maul Kelton, of Muleshoe, the bride wore an original creation of Chantilly type lace over satin. The molded bodice was designed with a high neckline framed with upstanding collar, and long fitted sleeves which ended in points over her hands. The bouffant skirt fell to baller-

ina length. Her bouquet of white roses was carried atop a white Bible. A fingertip veil of illusion was attached to a bandeau type headpiece.

Miss Ann Legg, of Circleback attended the bride as maid of honor. Her ballerina length gown of orchid satin was fashioned with full skirt, low cut neckline and cap sleeves.

Don Hall, also of the Circleback community, served the bridegroom as best man. Acting as candlelighters and ushers were Tony Harper, brother of the bridegroom, and Jerry Damron.

Harper Home Was Reception Scene

To carry out the bride's chosen colors of orchid and white at the reception which followed at the home of the bridegroom's parents, the table was laid with a white lace cloth and centered with an arrangement of orchid and white dahlias. On satin streamers flowing from the centerpiece were the names of the newlyweds, "Frank and Pauline".

Serving the wedding cake, and presiding at the crystal punch service was Mrs. Ira Legg and daughter Geneva.

For a wedding trip to points in

Bethany Class Officers Elected

Officers for the current year were elected at a meeting of the Bethany Sunday school class Thursday evening, September 5. Nellyne Morris was elected president; Elsie Williams, vice-president; Ernestine Little, secretary; Joyce Goss, treasurer and Betty Johnson, reporter.

The devotional was offered by Mrs. Lela Barron.

Present were the following members: Mmes. Lela Barron, Louise Wilson, Eunice Ellis, Lucille Harp, Ernestine Little, Elsie Williams, Joyce Goss, Jane White, Nina Heard, LaVern Simmons, Dorothy Rae Harlan, Nellyne Morris and Betty Johnson.

FORMAL FOR FAIR

This white organdy formal decorated with pink roses is one of the 89 winners in the Texas Fashion Roundup competition which will be modeled in daily free style shows at the 1956 State Fair of Texas, Oct. 6-21. The Blue Ribbon Fashions were selected from over 200 entries submitted by Texas ready-to-wear manufacturers. The annual fashion event is sponsored by the State Fair and Dallas Fashion Arts, Inc.

Texas, the bride wore a pink taffeta dress with white accessories, and a corsage of white roses.

A graduate of Muleshoe high school with the class of 1953, the bride has been employed at the Muleshoe State Bank. He graduated from Sudan high school.

The couple will be at home in Dallas, where he is employed, and is planning to study for the ministry at the Baptist Seminary there.

4 TH ANNIVERSARY "OPERATION SKYWATCH" SUMMER, 1956

Civilian Ground Observer Corps members play an important role in the Air Defense system of the United States by reporting aircraft movements to components of the Continental Air Defense Command. Volunteers from the entire nation will celebrate the fourth anniversary of "Operation Skywatch" this summer. Composite picture shows typical members of the GOC at work plotting and identifying aircraft at centers and posts in the nineteen-state area of the Joint Central Air Defense Force. The JCADF headquarters is located at Grandview Air Force Base, Missouri, and is staffed by members of the Army, Navy and Air Force. The observer pictured in the Texas insert (upper center) is former Vice-President of the United States, John Nance Garner, while monks shown in the Iowa cut (lower right center) are from the Trappist Monastery, New Melleray, Iowa. The girl shown in the Minnesota block (right center) is a civilian volunteer of the Minneapolis Filter Center, while Indians in the New Mexico picture (left center) are volunteers from tribes residing in that state.

Bridal Shower Friday Honors Pauline Kelton

A pre-nuptial shower last Friday afternoon at 2:30 at the home of Mrs. Robert Reagon in the Circleback community, honored Miss Pauline Kelton, of Muleshoe, bride-elect of Frank Harper, of Dallas.

Hostesses were: Mmes. Lloyd Seber, Billy Gore, V. E. Garner, R. H. Akin, Ralph Hall and Robert Reagon.

Verney Towns Home Was Setting For Rehearsal Dinner

Mr. and Mrs. Verney Towns entertained with a rehearsal dinner in their home at 6:00 o'clock p.m. last Thursday, honoring the wedding party of their daughter, Karolene, and Marlon

Inman. A buffet dinner was served, and places for the wedding party were marked at their table by gifts from Karolene and Marlon. Those attending were: Mr. and Mrs. Bobby Ross Goodwin, Rev. and Mrs. E. K. Shepherd, Mr. and Mrs. Vernon Jamison, Leon Jamison, James Towns, Jerry and Judy Inman, Mona Wilhite, and Freddie Harvey and Mrs. Johnnie Westbrook, all of Muleshoe; Mr. and Mrs. J. E. Towns, Lamesa; Mrs. Gene Saur and Gerald Petree, Abilene; Charles Perry and Lynn Meeks, Sudan; Mrs. Mac W. Hancock, Jr., and Mac Wesley, Martha Crowley, and Sue Barron, all of Lamesa; Mrs. Hershel Pruitt and LeAnn, Lubbock; Bonnie Stewart and Gloria Petty, both of Levelland; and Joanna Wall, of Snyder.

A VAST NEW HOLIDAY LAND in the heart of Texas will be created under the Brazos River Authority's master plan for development of the river. The map shows how the Authority's Six-Dam Program will provide a chain of lakes 250 miles long stretching between Whitney Dam at Waco and Possum Kingdom above Mineral Wells. This continuous body of water, convenient to virtually all Texas sportsmen, will become a center of a great new recreation industry. This Land of Lakes of Texas will provide boating, fishing and camping facilities on a scale never before known in the Southwest. They also will assure the Brazos Valley of an ample water supply for irrigation, industry and municipal use far into the future. A by-product will be hydro-electricity. Besides the Six-Dam Program, the Authority plans various other reservoirs for local water supply and for special purposes, such as Allens Creek and South Bend, shown on the map.

Angelo; B. C. and J. A. are brothers of A. G.

Goodland Bible study club will meet this week with Mrs. Mae Pvt. and Mrs. Bobby Henderson, formerly of this community, are parents of a son.

PTA APPOINTS COMMITTEES
The executive committee of the Three Way Parent Teachers Association met Monday afternoon to appoint committees for the coming year.

Mrs. Tommy Galt was appointed chairman of the membership committee, with Mesdames Naomi Julian, Bud Warren and Archie Sims.

Program chairman, Mrs. Cass Stegall, with Mesdames Doyle Davis, Bill Burris and Mr. Hoolan. Entertainment committee chairman, Mrs. Earl Bowers, with Mesdames Jack Ferguson, Jack Dyer, Morris Gant, Willie Welch and Conard Williams.

Year book: Mrs. John Criner, chairman, with Mesdames Bill Eubanks, and Bill Hood.

Local talent chairman, Mrs. Lewis Jordan, with Mesdames George Tyson, Marvin Holt and Millard Townsend.

Publicity: Mrs. W. T. Parker and Mrs. John Criner.

The first meeting will be September 17 at 7:30 at the school.

The project for the year is to finish paying the expenses on the water well and pump installed last year on the school yard. The balance is about \$440.

about an inch of rain and hail Norman Underwood reported on his place southwest of Goodland last week.

Mr. and Mrs. Elmer Pruitt of Roswell visited in the Frank Griffith home the past weekend.

Pvt. Charles McCafferty is home for a 15 day delay enroute to Maryland.

Service Company Name Agriculture Development Man

SAM THOMAS

Sam A. Thomas has been named manager of agricultural development for the Southwest Public Service Company. Mr. Thomas will be headquartered at the company's Amarillo office.

He will be responsible for coordinating the company's program for bringing more of the benefits and efficiency of electricity to farm production and rural homes with all interested agricultural agencies in the company's 45,000 square mile service area. Special attention will be given to working with County Agents, Home Demonstration Agents, 4-H and Future Farmer groups, and school and college agriculture teachers.

A native West Texan, Mr. Thomas has been with the production department of the electric light and power company since 1952. He is a graduate of West Texas State College, taking his degree in agriculture. Prior to joining Southwest Public Service, he taught agriculture for more than six years in the

Wheeler County Vocational School at Mobeetie, Texas. He is a major in the Air Force Reserve.

In announcing the new appointment, W. L. Pearson, industrial manager for the Public Service Company, said: "Agriculture is still the dominant element in the economy of our service area. Electricity can increase farm production, lower production costs, and bring more comfort and convenience to rural homes. Sam Thomas has spent all his life in this region, and brings to his new position a knowledge of electricity, and the part it can play in a more modern and productive farm and home which will be of great value to many people in our service area."

MULESHOE CHIROPRACTIC CLINIC

PHONE 6090

Located Across From Courthouse

THERE IS A "CAUSE" FOR EVERY DISEASE
CHIROPRACTIC LOCATES AND CORRECTS IT

GUARD YOUR HEALTH THIS CHANGEABLE WEATHER

SINUS TROUBLE

Sinus trouble is very prevalent in this part of the country. Some of the symptoms of sinus trouble are frontal headaches, pain about the orbits of the eye and through the nose. There seems to be a continuous drainage from the nose. The eyes are affected, and water. The lack of the body to adapt the tissues of the nose and throat and sinuses to the sudden weather changes is the predisposing cause. This is due to the lack of control in these tissues through the nervous system. Chiropractic adjustments remove the cause of these incoordinations very readily and in short time all symptoms disappear.

A local case history will further prove this point.

A man in his early forties came to the clinic with severe sinus trouble. In our examination we found his blood pressure to be low. Also slight leakage of the heart. He had been diagnosed as having prostate trouble and diabetes. His entrance complaints were lack of energy, difficult breathing and severe headaches for more than 20 years. The headaches were becoming more severe.

After a spinal nerve and x-ray analysis revealed nerve pressure causing his trouble, corrective adjustments were begun. After six weeks of chiropractic service, he is much improved. His blood pressure is up 20 points and he has had only two slight headaches and is feeling better generally.

This advice comes at a time of year when one day is cold, next day hot, then dusty and dry — even occasional humid periods. These temperature, barometric, and humidity changes require sudden adaptive changes in the body. For the body to cope with the weather conditions at hand, it must be functioning at its very best.

The nervous system is the mechanism which makes it possible for the various tissues to accommodate themselves to the weather changes must be in the most active and responsible condition. Chiropractic health services make this possible.

SCIATICA

This man, age 35, came to the Chiropractic Clinic with conditions which are greatly aggravated by weather changes. Sciatica, with pain in lower back, hips and legs which had existed for several years, asthma, sinus and rheumatism in shoulders and arms. A spinal nerve and x-ray analysis revealed the area of nerve pressure in his spine causing his trouble and corrective adjustments were begun. At termination of service, this man reported no pain or discomfort from entrance ailments.

Many people eventually recover after much pain, from periodic attacks of rheumatism in shoulders or lower back or catches in the neck, but unless the CAUSE IS REMOVED no consistent relief from pain can be expected and eventually the condition becomes chronic and con-

Motorists Cautioned To Observe Law In Passing Stopped Buses

Texas school superintendents, news editors, and other citizens have been requested to give state-wide emphasis and interpretation to the oft-neglected Texas law which requires all vehicles to stop when approaching a school bus loading or unloading children. Three state agencies — The Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety — joined in making the appeal.

Texas school buses were involved in 379 accidents in rural areas (outside city limits) during 1955. Three children and two adults were killed in these accidents.

"Even one preventable accident, as we all know, is one too many," said J. W. Edgar, Commissioner of Education. "A study of the various replies which have been made to the question of what drivers of other vehicles should do when they approach a school bus which is loading or unloading children reveals a startling lack of understanding and a great deal of misunderstanding concerning what the statutes require."

The law says, in effect, that upon meeting or overtaking from either direction a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver shall stop immediately before passing, then proceed with due caution at a speed which is prudent and does not exceed ten miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone which is part or adjacent to a controlled access highway and where pedestrians are not permitted to cross the roadway.

Edgar said motorists can identify a school bus easily because "SCHOOL BUS" appears in large letters across the front and rear of each bus. "All public school buses are painted in a uniform yellow color and trimmed in black," he pointed out. "School buses are equipped with flasher lights front and rear and usually mounted high on the bus. Flashers are used only when the bus is in the process of stopping or is stopped to receive or discharge children."

In conjunction with the educational program for drivers of all type vehicles, the State Department of Education is preparing

a bus drivers' handbook for distribution to the 8,000 school bus drivers in Texas. The manual will include pertinent safety regulations affecting school bus drivers.

Riehl Williams Attends One Day Seed Clinic

Thirty-two seed producers, chemical dealers, farmers, and other interested persons registered for a one-day seed clinic at Texas Tech last Thursday.

Highlight of the morning session was a talk by Dr. T. C. Ryker, of the DuPont Company research department, Wilmington, Del. Dr. Ryker spoke on research in agricultural chemistry with emphasis on seed treatment and product development.

He explained the uses of certain chemicals in treating seed with new spray machines.

Following a barbecue luncheon, actual demonstrations of new seed-processing techniques were held. William S. Acheson of the Gustafson organization demonstrated the new atomized spray machines which break chemical particles into a fine mist insuring uniform coverage of the individual seed.

In the old method, many seed never received benefit of treatment because chemicals were merely poured on quantities of seed.

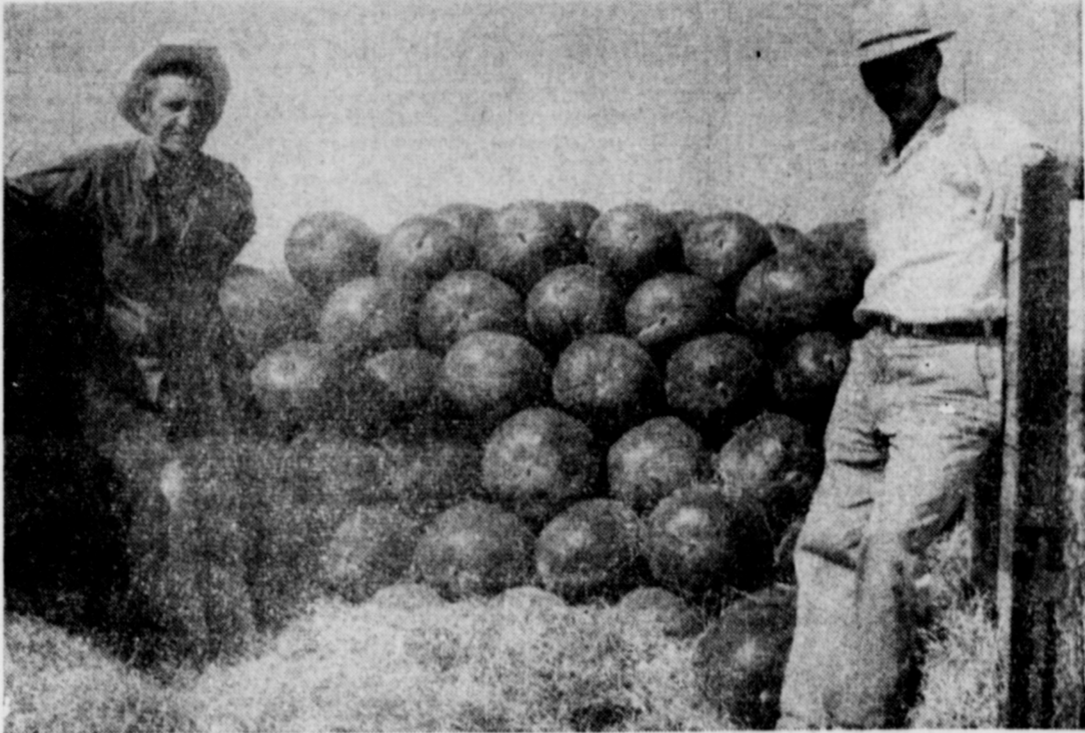

Persons attending the clinic included Riehl Williams, of Muleshoe.

BACK HOME FROM WYOMING VISIT

Mr. and Mrs. A. J. Dutton returned home Monday evening after a ten day vacation in Cheyenne, Wyo., with their daughter and son-in-law, Mr. and Mrs. Jackie Tidwell. They reported a very enjoyable trip.

One day while they were there, the Duttons and Tidwells traveled to Ft. Collins, Colo., where they visited in the beautiful new home of former Muleshoe residents, Mr. and Mrs. Doc Wilhite and family. They said the Wilhites were enjoying their new home and liked Colorado. They also went to Denver, Colo., for a tour of the city's museums and gardens, and the state capital bldg.

Mr. and Mrs. Fred Bruns left from Clovis, N. M., by train Monday, for Indiana and an extended points with relatives and friends.

SHIPPING WATERMELONS all over the southwest from the Bounds-Morrison melon farm near Muleshoe. In the top photo, D. L. Morrison, right, and a Dallas trucker pose with a load of melons for that market. In the lower photo, a crew loads out a trailer full of melons that averaged 62 pounds each. The melons are sold in Houston, Ft. Worth, Dallas and even in Phoenix, Arizona. (Staff Photos)

Pleasant Valley News

Mr. and Mrs. T. A. Kennedy of Chickasha, Okla., visited Thursday and Thursday night in the home of a daughter, Mr. and Mrs. R. L. Roubinek and Jack. They were enroute to Pocatella, Idaho, to visit a son, Mr. and Mrs. T. J. Kennedy and family.

Juanita, daughter of Mr. and Mrs. John St. Clair is reported to be much improved this week.

Recent guests in the Leroy Hicks home were Mr. and Mrs. Rochelle Christian and son Gerald, of Farwell.

Mrs. Dave Eaton of Littlefield was visiting in the Pleasant Valley area last Wednesday. She also attended the wedding show-

er for Mr. and Mrs. Alan Turner at the home of Mrs. Gerald Allison in the afternoon.

TALENT & BEAUTY — MISS AMERICA CONTEST—1956 —Contestants vying for the Miss America title in Atlantic City, N. J. line up on a runway and pose prettily during the judging of swim suits.

er for Mr. and Mrs. Alan Turner at the home of Mrs. Gerald Allison in the afternoon.

Mr. and Mrs. Edgar Broyles were visiting Sunday evening in the home of their daughter, Mr. and Mrs. Morris McKillip and family.

Recent guests in the home of Mr. and Mrs. Roy Shoemaker and family were his father and mother, Mr. and Mrs. J. A. Shoemaker of Post.

CHILD SWALLOWS RING

Leslie, small daughter of Mr. and Mrs. Russell Haberer had the misfortune of swallowing a ring last week. No serious effects were caused by the mishap, though she was treated at the Faust Clinic in Earth.

Visiting in the home of Mr. and Mrs. Doyle Turner and family last Tuesday evening and

Morrison and Bounds Find Ready Market For Melons From 90 Acres

Adding to the growing list of vegetables grown in the Muleshoe area for market, the succulent, delectable *Citrullus vulgaris*, commonly called the watermelon. The good sweet-meated melons grown on the West Plains are finding a ready market in such cosmopolitan cities as Dallas, Houston and Ft. Worth.

Although no extremely large acreage in Bailey county is devoted to watermelons, there are enough melons growing in the county to warrant notice, for they are another one of the cash crops that add to the economy of this area.

A typical watermelon project is that operated by A. R. Bounds, with D. L. Morrison, on 90 acres

of Morrison's land east of Muleshoe. The watermelon field is part and parcel of the Morrison lands in that section and is adjacent to the property occupied by the livestock auction barn.

Mr. Bounds has 90 acres of Black Diamond and orange meat Tendersweet melons. He obtained the seed from Wilhite, and planted around the first of June. Harvesting began about two weeks ago.

Friday morning, when the accompanying photos were taken, three buyers were in the field with trucks and trailers, and a 30-foot trailer was expected momentarily.

The melons are being sold to markets all over the Southwest

and are rated exceptionally high, due to their excellent flavor, and large size.

Melons weighing 75 pounds are not uncommon in the field. The Black Diamond melons are short, round melons with dark green rinds and lots of sweet red meat inside, while the orange Tendersweets have striped rinds and golden yellow meat. Both make delicious eating.

Both Mr. Morrison and Mr. Bounds report that so far they have not experienced too much damage from boys desiring melons while the proprietors are absent from the premises.

With the publication of this story, the picture might change.

Brothers visit

Guests this week in the home of their brother, C. L. "Happy" Dyer, are his two brothers, Wilburn and Bass Dyer, of Cookeville, Tenn. The two men arrived here Sunday and were to return home today, Thursday.

On Tuesday, the three brothers visited in Roswell, N. M.

IN APPRECIATION

We wish to express our thanks and appreciation for the beautiful flowers, the food and many kind and thoughtful things done for us, in the loss of our baby, Glenda.

Mr. and Mrs. Billy Vinson and girls.

Miss Pat Inman registered the guests.

Hostesses for the occasion were: Mesdames John Lang, Edgar Broyles, Joe Sinnacher, John Inman, Harold Allison, Shorty Ivy, R. L. Roubinek, Wayne Rutherford, W. D. Lackey, Oscar Allison, E. K. Angeley, Walter Harrison, and Gerald Allison.

There were some 30 guests present for the post-nuptial shower and several sent gifts that were unable to attend.

Miss Janabeth Lang presided at the crystal punch bowl and Miss Pat Sinnacher served the

cake.

Teeter's Sweet Shop now open.

MODERNS GO GAS FOR COOKING!

Why did I go GAS for cooking? For one thing, it's COOL... no warming up, or lingering heat after the burner's turned off. It's CLEAN... everything's automatic, so I have no "spill-overs" or scorching. And, properly adjusted, a gas burner flame is as clean as ANY fuel! As for looks, I think the new built-in GAS units are just "dreamy." Go see for yourself!

AIR CONDITIONING TEMPERATURES MADE TO ORDER AT NEW LOW COST. LET US DEMONSTRATE!

W. T. Andrews' Add Needed Space To Home

In the first place, there just wasn't enough room in the combination kitchen-dining-living room of the home they bought, so Mr. and Mrs. W. T. Andrews decided to make some more room. How they did just that and wound up with a delightful and comfortable home, is the subject of our story today.

The house originally contained 1188 square feet of floor space, plus a carport, all located just off the Clovis highway, near the Legion Hall. The house was new when the Andrews purchased it, moving here where he is president of the First National Bank.

Mrs. Edna Daniel, Mrs. Andrews' mother, lives with the Andrews, and her room was inadequate, and in fact the entire house was just a bit too snug for the tastes of the Andrews family. So they remodeled, adding on a large kitchen and dining room, enlarging the living room, and adding a double garage with lots of storage room inside, out of the weather.

The exterior lines of the house have been lengthened, carrying the low roof line over the addition, and blending the brown shingles so that no break can be seen. A clever entry porch has been added with green wrought iron grill work furnishing a decorative touch.

LIVING ROOM
Inside the main entry is the large living room, which once served also as the kitchen and dining area as well as the living room. This room has antique ivory walls with drapes of brown and yellow with a touch of chartreuse. The glass curtains are chromespun in yellow. The carpet is a neutral tan color that is carried out in the hall and bedrooms.

It is in the new living room that Mrs. Andrews has a chance to adequately display her antique plantation desk and old picture frames, and Mrs. Waniel's collection of tiny pitchers, over 200 of them from all over the world. A free standing divider has been

converted into a display cabinet for the collection of little pitchers.

KITCHEN
The kitchen and dining area have been paneled in pine wainscoting, with a gay Pennsylvania dutch wall paper above the dado line, in shades of browned copper. The ceiling paper is a tiny early American print in brown and copper.

Clever copper molds adorn one wall of the dining room, accompanied by little copper hurricane lamps. Light fixtures are in the room, and the maple dining room fixture.

A rubber tile floor also carries out the brown color scheme and reflects the mellow grace of the pine cabinetry and copper hardware.

DOUBLE GARAGE
The two garages adjoin the kitchen and are accessible thru a doorway. The year round air-conditioning and heating system is installed in the garage, and an unusual feature is the low ramp for rolling the lawnmower from ground level up into the storage closet. The laundry room is also located in the garage.

Work was started on the addi-

tion July 5 and finished last week by contractor Bob Pillow of Muleshoe.

While he was at it, Mr. Andrews had a closet in Mrs. Daniel's room converted into a half-bath, and a walk in closet with sliding doors added. How this was done without taking off floor space is something of a neat trick, but it was done.

The additional 14x27 feet of added floor space has done wonders for the Andrews' home, and might serve as an inspiration to other homeowners who need more room.

FROM GAINSVILLE
Miss Thyza Heath of Gainsville, visited Mrs. Ludie Barlow and the W. E. Youngs over the weekend.

MRS. W. T. ANDREWS is shown here in the new kitchen of her home. The kitchen and dining room were added on to the house after the Andrews bought it. (Staff Photo)

Hiway Patrol In Need of Officers

Applications for appointment as Texas Highway Patrolmen will be accepted from the present time until October 15, according to an announcement by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety.

Examinations for the men qualifying will be given statewide during the latter part of October and those scoring the highest will enter the recruit training school next January.

Garrison said that appointments will be made to fill the additional positions authorized by the last Texas Legislature and to fill existing vacancies caused by promotions and resignations.

Salary of patrolmen is \$315 monthly, plus longevity. They are also paid during training. Other benefits include annual leave and benefits of the State Retirement System and Federal Social Security.

General requirements for appointment to the State Highway Patrol include: 21 to 35 years of age, inclusive; minimum height of five feet, eight inches; weight in proportion to height; excellent physical condition; and high school education or equivalent.

In addition, applicants must be citizens of the United States and residents of Texas for at least a year immediately prior to filing of the application. They are also subject to a rigid character investigation.

Application blanks or further details may be obtained by writing to W. J. Elliott, Chief, Texas Highway Patrol, at Austin, or by contacting the Captain in command of the nearest Patrol District.

COTTON INSECT REPORT
Continued rather hot and dry weather caused cotton to wilt and shed additional small bolls in many fields. The crop has opened at a rapid rate in many fields, with harvest well under way. Little insect trouble was encountered on the rapidly maturing crop.

Bollworms were present in medium to occasional heavy infestations in a few fields of late planted or hail damaged cotton. Control was necessary in a few fields in Cochran and Lubbock counties.

Cabbage loopers were reported in medium infestations in some fields throughout the area. While eggs were common in many other fields looper populations were low.

Spider mites were found in increasing number of fields. Most infestations were spotted. While occasional fields were treated to control these spider mites, infestations in other fields were often materially reduced by large populations of beneficial insects.

This survey report concludes the series for this season unless some unexpected change occurs in the cotton insect situation within the next week or two. We want to express our sincere thanks and appreciation to all of you who have so diligently sent in the weekly reports. Our thanks too for your compliments and suggestions to all newspapers, radio stations, magazines and TV stations, we appreciate your cooperation in helping spread this information.

FARMER COUNTY Farm Bureau News

By RAYMOND L. JELER

If you are a lover of government checks and a hater of big business, think about this fact: Governments that have insisted on being big enough to make their people financially dependent upon them have often paid paltry sums of money for the former freedom of those people. Then they had neither finances nor freedom. Big business can occur and exist only in a free country (America, for instance), and is always dependent upon your patronage (voluntary) if it is to remain big. Big business, independent of government, has never, and can never buy your freedom. Even you, if you wish, and have the executive ability, can build a big business in this great country of America as long as you insist on individual initiative as the basis for building. Aren't you glad you can operate

a small business, if that is what you like best?

Rhea Farm Bureau, as usual, had a good meeting last Friday night. They read and discussed resolutions proposed by the county resolutions committee.

They also discussed civic projects, some of which they always have in operation. Joe Ed Sullivan, Farm Bureau field representative made a talk on various subjects of interest to farmers interested in their future. Franklin Bauer, president, and Jack Patterson, director, are to be commended for their leadership in a fine community, such as Rhea.

Among resolutions to be considered is one favoring a state sales tax for school use only. Only a few years ago such a suggestion would have caused no end of controversy. Now, however, it seems that most people think it is of the fairest kind of tax for school use. We'll know how most farmers feel after the county convention Sept. 24. Be sure you're there.

CONSIDER THIS: When righteous men do rejoice, there is great glory; but the wicked rise, a man is hidden. Proverbs 28:12.

ANDREWS DINING ROOM. The pine panelling in this room, one of two added onto the W. T. Andrews home, blends gracefully with the figured wall paper and early American furniture. Seated, drinking coffee, are Mr. and Mrs. Andrews and Mrs. Andrews' mother. (Staff Photo)

Cadillac

To the Man Who is Hesitating....

There are many motorists here in this community who have given serious consideration to the purchase of a new Cadillac car this year—and yet, for one reason or another, have not made the move.

If you are among them, we hope that you will pause to read the little message that follows. For we are sure you will find it interesting.

Ordinarily, when a man hesitates to make the move to Cadillac, it is because he is not familiar with the practical aspects of Cadillac ownership.

Insofar as original cost is concerned, a Cadillac is eminently practical. Several models, in fact, are actually priced competitively with the so-called "medium-priced" makes.

Operating and maintenance costs are also remarkably low. We have heard it said by new owners that Cadillac is the most economical automobile they have ever owned.

And as for resale value—well, Cadillac traditionally retains a greater share of its worth through the years than any other motor car in the land.

In short, the great Cadillac car represents one of the wisest and soundest automotive investments on the highway today.

The moral of our message is this: It is still not too late to set things right in a 1956 Cadillac of your own!

We have a selection of new Cadillacs on hand—and we can promise you both prompt delivery and a generous trade-in allowance.

Why not come in today?

Sand Hills Philosopher Worried OVER LAWNS SUFFERING IN DROUTH AREAS

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is hunting for something to worry about, his letter this week reveals.

Dear editor:
I was out there on my farm the other cloudless afternoon looking at the sky and wondering when it was gonna rain, although understand I wasn't worrying about it, there are two things I never worry about because I figure they're out of my hands, one is the weather and the other is how people are going to vote in November, at any rate, while I was watching the sky I stumbled over a newspaper, or rather I didn't stumble on it, I wasn't moving, a puff of wind wrapped it around my legs while I was standing still, and I pulled it off and sat down under a tree and the first thing I noticed was a news article on the plight of city people in the big drouth areas of this country.

According to it, lawns and shrubs, and flowers are dying in some cities for lack of water, and people are seeing a lifetime of painstaking effort lost in one dry spell.
I know this is a tragic thing, but my advice to city people is they'll just have to tighten their belts, store their lawnmowers, turn on their tele-

vision, and tough this thing out. The loss of a carefully tended lawn is a serious blow, but as a man who has seen a fine crop disappear the same way, I'd say it won't be fatal.

However, I have long recognized that some city people spend more per square yard on their lawn than some farmers spend per square acre on their farm, and the lawn investment in America must run into the hundreds of millions of dollars.

Therefore, I am surprised that neither of the two parties has come out with a platform plank covering this. It seems to me what city people need is a Soil Bank plan for lawns and shrubs. We don't want to discourage them. The more land there is in lawns, the less there is in farm production, and the more city people work in their yards, the more they eat away at the farm surplus. You take a few million lawns out of commission and the food surplus will pile up worse than ever. A city lawn is one of the best friends a farmer has, and if Sec. Benson would bring his mind to bear on this angle, I believe he'd come up with a plan for a Lawn Support Program. Will you please call it to his attention?

Yours faithfully,
J. A.

No Tears For Postoffice Pen

In a devil-may-care mood, the postoffice department this week struck a blow that will inflame the hearts of all who have ever struggled to address an envelope in a postoffice lobby. They flung down the gauntlet of tradition and installed new hall point pens, securely chained to the lobby desks.

It is not difficult to imagine the heart rending scenes that must have occurred when old and faithful postoffice employees learned that never again would they be allowed the pleasant task of carefully breaking the points off new pens so they would not write.

Imagine too, if you will, the lachrymose outlook of the lobby retainers who will no longer be given the joyful duty of carefully watering the inkwells to the consistency and opaqueness of

boardinghouse broth.

Whatever it was in those inkwells, it certainly was not ink. Only the top echelons of the postal service knew what medieval concoctions were compounded in some remote recess of the Pentagon and sent out to be placed in postoffice inkwells. The postoffice people simply figured that, like cafe coffee, they could just add a little tap water at intervals and keep the brew going indefinitely, and they did.

But that's all gone now. And the youngsters have been deprived of their Saturday afternoon game of darts with lobby pens. And the patrons must find something new to complain about.

We are not sorry to see the old sputtering pens go, but their passing will take away some of the atmosphere from the postoffice lobby.

CHRISTIAN SCIENCE SERVICES

Divine Mind's triumph over the forces of materialism will be set forth at Christian Science services Sunday in the Lesson-Sermon entitled "Matter".
Accounts of divine power and healing—including Joshua's victory at Jericho and Christ Jesus' walking on the sea—will be among passages read from the Holy Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (139:4): "From the beginning to end, the scriptures are full of accounts of the

triumph of Spirit, Mind, over matter. Moses proved the power of Mind by what men called miracles; so did Joshua, Elijah, and Elisha."

The Golden Text will include the following (Psalms 81:10): "I am the Lord thy God, which brought thee out of the land of Egypt."

Holly Ann Cox returned to Wayland College, where she will enter school when the fall semester begins. A second year student at the college, Holly Ann has spent the summer here with her parents, Mr. and Mrs. Jack Cox.

School Daze

TEACHER SHORTAGE

THIS WEEK —In Washington

With

Clinton Davidson

If you like to go to a county fair you would have enjoyed the Republican National Convention in San Francisco. Everybody was in a holiday mood and there was enough excitement to give you a real thrill.

You would have gotten the impression that the Republican Party didn't have a worry in the world. It was in San Francisco to whoop it up at a sort of family reunion and, incidentally, nominate Dwight D. Eisenhower for another four years in Washington.

Cow Palace, where delegates assembled to sing, cheer and vote, had all the gates of Midway at a county fair. Banners, flags, bands and parades added to the festive atmosphere. The contrast between that and the Democrats at Chicago was startling.

The Democrats were taking their politics in dead earnest. They had been out of power in Washington for four years, for the first time since the 1932 convention. They were so eager to do battle that they even fought among themselves.

In San Francisco it was different. You got the impression that Republicans regard the election in November as a mere formality. They were very pleased with the way they have been running the Federal government the past four years, and certain that most voters feel the same way.

Joseph W. Martin, Jr., minority leader of the House, told us that "for more than 40 years it has been my privilege to serve the American people in public life. Never before has the faith and hope of our people been directed more intently upon the Republicans."

For all of the optimism and gaiety it was a well-organized, and efficiently run convention. The expression most frequently used to describe the convention was "it's going just like clockwork."

The women may have had something to do about things being both gay and orderly. Women delegates and party officers played a far greater part in the convention this year than ever before. In 1900 only one woman was a delegate to one of the conventions, but this year the same convention had 555 women delegates and alternates.

Mrs. Carroll D. Kearns, President of the National Federation of Republican Women, was one of the outstanding personalities of the convention. Referring to the spirit of aggressive optimism that prevailed, Mrs. Kearns told us "the eyes and ears of the world are directed to this gathering. It is the American people themselves who give real significance to the accomplishments of this convention."

Republicans put on their Sunday manners for the whole country to watch over television, and for news photographers and newsmen. I was especially attracted by the 20-foot high platforms on which cameramen were perched. The long camera lenses looked like steeplechases. Some of them were 4 and 5 feet long. Cameramen sent down film and received replacements by means of a canvas bag on a rope.

There was little of the suspense that prevailed at Chicago; no frantic campaigning by managers for different candidates; no bargaining for the votes of delegates. Everybody knew in advance whom they would nominate. They whooped it up for Eisenhower and Richard Nixon, but that was what they came to San Francisco for.

Teeter's Sweet Shop now open.

Babson Discusses

SUEZ SCARE

Babson Park, Mass., Sept. 13 — The Egyptian trouble will not result in any war, Sir Anthony Eden and Guy Mollet, Premier of France, who have been criticized as being "soft", may feel that this is a good opportunity to show their real strength.

THE LEGAL STATUS vs. SUEZ

At President Eisenhower's last press conference he stated clearly that all nations should respect "the sovereignty of Egypt as it applies to the Suez Canal." This insures that the United States will not get into the squabble. Since that is apparently all Nasser demanded, there is nothing to fight over except regulations and toll charges. President Eisenhower made clear that the International Treaty of 1888 gives many nations rights in and to the Canal in perpetuity; but that this does not mean that Egypt internationalized her sovereignty.

From a legal standpoint it is much like a city which gives a street railway or bus company a permanent franchise, but without relinquishing sovereignty or ownership of its streets. The city may make regulations and fares as it desires, so long as it does not "take property without due process of law."

THE FIVE NATION COMMITTEE

The Committee of Five Neutral Nations is in Cairo conferring with President Nasser. The chairman of this Committee is the Australian Prime Minister Menzies. I forecast that the final agreement will recognize the sovereignty of Egypt, but that nothing will be done to seriously harm the Suez Canal Company, which has the franchise to operate the canal. Like all dictators, "President" Nasser must do something radical to show his power and keep his job. However, the one thing Egypt needs most — other than better character — is more money. The new toll rates, which like nearly everything else, are passed on to the ultimate consumer, will give Nasser the needed additional funds.

WHAT NASSER FEARS

Neither Egypt, nor the other countries which are benefiting from American dollars, want to be guilty of "expropriation". They know this would frighten away Americans, English, and French investors. There are, however, other arguments the Committee of Five could use with President Nasser. For instance, more than one half of Britain's oil imports come through this canal. If the canal should be closed, other sources of supply would be available from Venezuela, West Indies, and the United States. For a short time only, the use of oil in England and France would need to be rationed.

Within a year new pipelines could be built to carry oil direct to the Mediterranean. This pipeline would be from Haifa on the Mediterranean to the Gulf of Aqaba. Furthermore, with an increase in tanker capacity, England and France could temporarily return to the old route around the Cape of Good Hope. This Suez scare will awaken nations to the need of more tanker capacity so that they will not again risk being cut off.

Doubtless Nasser remembers what the airlift did in bringing oil, food, and other necessities into Berlin several years ago when Stalin tried a stunt similar to Nasser's. In fact, it is a fair question whether the Suez Canal would be built today, with the possible competition of air transport, electrical transmission, and big tankers.

SUEZ AND THE STOCK MARKET

Although there may be several good reasons for taking profits today on stocks, certainly the Suez scare is no reason for selling stocks at the present time. What will ultimately create a crash in the stock market will be some totally unexpected event which no one can now forecast. Therefore, I repeat my forecast that England and France and Egypt will arrive at a peaceful settlement; but whatever happens, the United States will keep out of any fighting. Furthermore, we will continue our present policy of withdrawing troops from Europe and reorganizing our fighting strength to conform to the new nuclear policy.

Bula News

Mr. and Mrs. J. W. Richardson are visiting this week with relatives at Marlow.

Mr. and Mrs. Ray Spence and girls spent Sunday with Mr. and Mrs. Dale Spence of Seagraves.

Mrs. M. C. Baucum left for her home Wednesday at Ringling, Okla., after visiting in the home of Mrs. Luke Walden for two weeks.

Visiting last week in the Fred Archer home, were Mr. and Mrs. W. R. Archer and Mr. and Mrs. Marvin Archer of Cleburne, Tex.

Can't tell any difference — whether it's a fresh refill, or time to drain. Same power. Hate to throw away my drains, and don't drain near as often, either. Butane or propane (Liquid Petroleum Gas) burns HOT. That common-grade oil I used to use sure did thicken up — almost like gear-grease. Sure is different, with AMALIE L. P. G. Oil!

Because AMALIE L. P. G. Oil is ENGINEERED to the job. First, it's 100% pure Pennsylvania crude — nothing on earth equals it. Second, refined by an EXCLUSIVE process that HOLDS its great lubricating power, and its viscosity, or flowing quality. Third, additives developed by our great laboratories — to make sure grit, dust, etc., stay in suspension — so they filter out. There's just no other oil like AMALIE L. P. G.

Give YOUR engines — and your bank account — a break. Wiedebush & Childers BUTANE — PROPANE MOTOR OIL Phone 2810 — Muleshoe

PARDON ME FOR POINTING ...

..but how do YOU buy Your Life Insurance??

Soon the Muleshoe area will be overrun with Insurance Agents from far and wide — some with "Get Rich Quick" Policies — promising unheard of dividends, stock, etc. Here are a few things we think are worth pointing out

KNOW YOUR AGENT — This is a great asset when you need service or have a claim.

KNOW ABOUT THE COMPANY — Check with the Chamber of Commerce or your Banker before you buy, if in doubt.

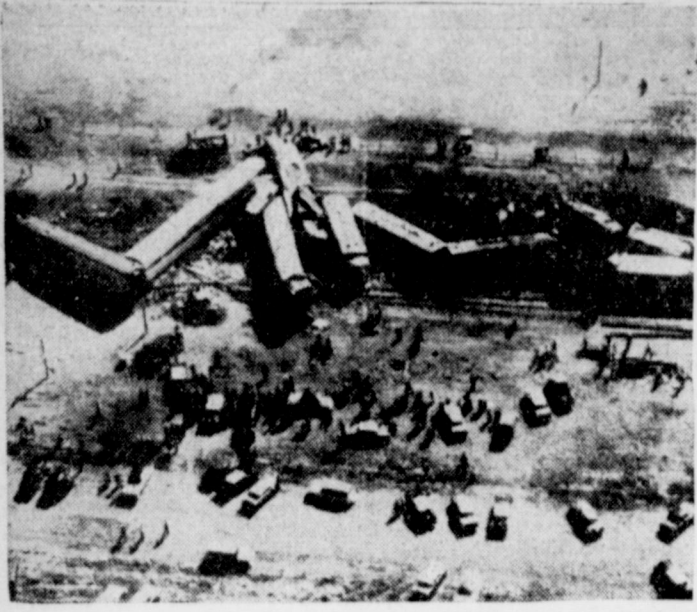

BUY AT HOME — This has a two-fold advantage — First, you have local service, which is faster and better than mail. Second, it keeps money at home to help pay local taxes and build a greater Muleshoe.

TRAIN COLLISION — CHIEF SWITCHED TO SIDING IN ERROR — Rescue workers mill around the remains of railroad cars of the Santa Fe Chief and a mail train near Springer, New Mexico. Twenty crew members were killed and at least 7 others injured when the speeding streamliner roared onto the siding where a mail train was waiting for it to pass. A switch was thrown in error by a yard worker.

Bula News

Mr. and Mrs. Gordon Overland and boys returned Wednesday from a 30-day visit with his parents in Fertile, Minnesota.

Mr. and Mrs. G. W. Tidwell of Whittier, Calif., spent last week visiting in the home of his parents, Mr. and Mrs. C. M. Tidwell.

Recent visits in the home of the L. W. Clevengers, were Mrs. Harrie Kirby and Mr. and Mrs. Ramer Swift, of Azle, Texas.

Visiting last weekend in the W. A. Black home was their daughter and family, Mr. and Mrs. W. P. Sullivan of Grand Prairie.

Thursday supper guests in the L. L. Cannon home were Mr. and Mrs. R. E. Martin and daughter and Mrs. Evans Martin of Albuquerque, N. M., and Mr. and Mrs. John Johnson of Muleshoe.

Mr. and Mrs. A. L. Bussy of

Mr. and Mrs. Bob Sikes of California visited last week in the home of the Bob Vestals.

Mr. and Mrs. F. L. Simmons returned home Friday after a week visiting relatives in Taylor.

J. D. Daniels has opened a bar and grill in Bula. He has recently moved here from Ft. Worth and has many years experience.

Visiting Sunday afternoon in the Ed Autrey home was an aunt of Mr. Autrey's, Mrs. Sena Euldridge of Shawnee, Okla.

Mrs. Janie Green recently enjoyed celebrating her grand children, Jean and Alton Green of Belen, N. M., while Mr. and Mrs. Green Sr. attended a Baptist Sunday School convention in New, Carolina.

Mr. and Mrs. Howard Weaver were in Lubbock Thursday night attending the VFW dinner and program.

Mr. and Mrs. Pat Swift of Charleston, Arkansas, visited last week in the home of Mr. and Mrs. W. B. Gage.

Visiting over the weekend in the George Bahlman home, were Mr. and Mrs. A. Bahlman of Winters.

Miss Barbara Bogard left Sunday for Portales, where she is entering ENMU as a freshman student.

Mr. and Mrs. C. J. Brittain are living in Seagraves after selling his interest in the Bula Motor Center to Gordon Overland.

Oceanside, Calif., visited Monday in the F. L. Simmons home and also with other friends. They are former residents.

RECEIVES BURNS

G. B. Seagler was seriously burned on his face and hands Saturday afternoon in a butane explosion. Fred Locker was filling his car with butane and Mr. Seagler was sitting inside the car when the explosion occurred. They were at their farm near Lovington, N. M. Mr. Seagler is confined in a Hobbs hospital.

Miss Carolyn Reynolds returned Tuesday afternoon from attending a Methodist student leaders conference in Mt. Sequoia, near Fayetteville, Ark.

Visiting last week in the home of Mr. and Mrs. Tom Bogard, were Mr. and Mrs. Neal Bogard and son Billy of Clarendon.

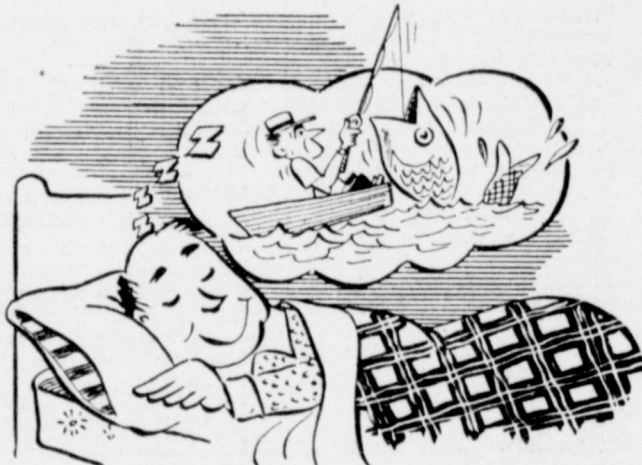

Miss Jo Hubbard spent last week in Canyon where she helped register the football students at WTSC, and also helped at the College Drug during the Indian Ceremonies.

Mr. and Mrs. M. H. Skinner of Friona visited with friends Friday.

Miss Carolyn Young left Sunday for Tech where she enrolled as a freshman.

Mrs. Gordon Overland visited Monday with her sister, Mrs. William Rogers, at the City Hospital in Snyder.

Weekend visitors in the John Blackman home were Mr. and Mrs. Dudley Cash and son Denis of Portales, Mrs. W. W. Harkness and Mr. and Mrs. Billy Wolf and daughter of Lubbock.

Social Security Representative Here Sept. 20

A change of utmost importance to farm landlords in this area was provided in the 1956 amendments to the Social Security Act recently passed by Congress, according to John G. Hutton, manager of the Lubbock district office of the Social Security Administration.

"This provision effective for this year," Hutton said, "makes possible the coverage of both tenant and landlord. The landlord is now covered if he can show that he 'materially participates' in the production or management of the production of farm commodities. Material participation means generally that a landlord furnish advice periodically and consultation as to the production of commodities. If the landlord furnished a substantial portion of the machinery and implements or assumes financial responsibility for the growing of the crop other than labor expense, he may be able to show 'material participation'."

A representative of the Lubbock Social Security Office will be in Muleshoe on September 20, at 10 a.m. in the courtroom at the Courthouse and will be glad to assist in all matters pertaining to Social Security.

Wheat Payments From Soil Bank In Cash or Grain

Compensation to farmers for reducing their 1957 crop winter wheat acreage below their wheat allotment, designating such acreage for inclusion in the Soil Bank's Acreage Reserve program, will be in the form of negotiable certificates, R. G. Shrauner,

Chairman of the State Agricultural Stabilization and Conservation Committee, has announced.

The certificates are redeemable in cash through regular banking channels, or they may be redeemed in grain by the producer to whom they are issued. The certificates will be issued after the County ASC Committee can determine that the acreage-reduction requirements of the program have been met.

Shrauner explained that the amount of compensation for wheat on the farm will be determined by multiplying the base unit rate per bushel for the county by the smaller of (1) the normal yield for the farm or (2) the normal yield for the land designated in the agreement as the Acreage Reserve; this figure will then be multiplied by the number of acres determined as the acreage for compensation. The base unit rate per bushel varies by counties.

Except that the wheat acreage placed in the Acreage Reserve for a farm may not exceed the wheat allotment, the maximum wheat acreage which may be "reserved" is generally 50 percent of the allotment or 50 acres, whichever is larger. The minimum wheat acreage which may be placed in the Acreage Reserve is 3 acres or the allotment, whichever is smaller.

Land in the Acreage Reserve must not be cropped or grazed during the period of the Soil Bank agreement. Any winter wheat is grown on the farm this fall. Acreage Reserve agreements for the 1957 wheat crop must be signed by September 21, 1956.

Mr. and Mrs. Amos Miller and daughter and son-in-law, Mr. and Mrs. Gene Coburn, and Mr. and Mrs. Charlie Alexander spent several days last week, fishing at Buffalo Lake near Umbarger. They reported that they caught a number of nice sized fish.

Bailey County Farm Bureau News

BY LONNIE M. BASS

The Bailey County Farm Bureau directors met Tuesday evening, Sept. 4, in the Farm Bureau office in Muleshoe. Those present were: W. T. Millen, president; James Wedel, secretary; Joe Swooter, W. B. Kittrell, A. Lester Howard, J. D. Black, Robert Blackwood, W. R. Carter, and Lonnie Bass.

The directors took up the resolutions that they might want to take to the State Convention this year. The directors felt that better participation might be received if meetings were held in each community, rather than one county resolution meeting. A decision on this matter is to be decided at a later date.

The Soil Bank was discussed by the group. It is felt that Bailey County did not receive its fair share of the lint pounds per acre on cotton. The statistics of the State are obtained from gin records. A considerable amount of cotton raised in Bailey County in years past, has been ginned out of county, therefore Bailey County didn't receive credit for the cotton we actually raised.

Alternate directors were elected to serve in case regular directors are unable to do so. Alternates elected were: Douglas Bales, Dan Dorsey, W. E. Meyers, Jack Calhoun, and A. W. Gore. The District Queens Contest

will be held tonight (Thursday) at the O. L. Slaton Jr. High School at 7:30 p.m. There will be ten entries competing for the District title. Miss Doris Fields will represent Bailey County. The girls will appear on television between 5:30 and 6:00 p.m. A dinner honoring the entries will be given preceding the contest. Winner of the district contest will receive a wrist watch and a right to compete in the state contest to be held in Houston November 12, with all expenses paid. Winner of the State contest will receive a trip to the National contest to be held in Miami, Fla.

In order to comply with the consultation provisions of Public Law 78 relating to shortages of labor and through an agreement with the Bureau of Employment Security, the Texas Employment Commission will form a Farm Labor Committee in each county in which Mexican Bracero labor will be used. Bill Millen has been selected to serve on the committee for Bailey County. Mr. Millen informed us that the first meeting of the committee will be held September 17 at 3:00 p.m. in the Texas Employment Commission office in Muleshoe.

Former Area Man Tries Cotton In Washington State

S. D. (Bill) Key, former resident of the Muleshoe area, is now living at Moses Lake, Washington, where he is employed in an

aircraft factory. But his former profession of farming is not forgotten, according to an article printed in the Moses Lake Herald, and sent to The Journal recently.

Mr. Key observed that the growing season of the Washington area is much like that on the West Plains. Although most of the farming in that area is devoted to alfalfa and beans.

He sent back to Lubbock and obtained five pounds of storm-proof cotton seed, and planted them with a bean planter in five rows 150 feet long on May 21.

At the time of the publication of the article, he had no way of knowing how much cotton he would make from the five rows, but there was plenty of blooms despite a cool spell that set his crop back somewhat.

If he makes a crop this year, it is likely that a new commodity will make its appearance on the Washington scene next year, for Bill Key is a cotton farmer at heart, and will probably try again next year.

Parmer County SCS Farm Tour Today

The annual Parmer county Soil Conservation farm tour will begin this afternoon (Thursday) at 2 p.m., county agent Joe Jones has announced. Combined with the tour will be a weed identification session, with Cecil Ayres presiding. All farmers making the tour may bring weeds to Ayres for identification.

The tour will leave the Parmer County courthouse at 2 p.m., and stop first at the Arthur Haseloff farm where cotton fertilized with barnyard manure will be seen.

Next stop on the tour will be at the John West place to see 10 hybrid grain sorghums growing on dryland. Fertilized cotton with check plots where no fertilizer is used will be observed at the Walter Kaltwasser place, and irrigated hybrid grain sorghums will be seen at the Cecil Winger and Gilbert Kaltwasser farms.

Carl Rea will show grain sorghum following alfalfa and bench leveled land to catch and hold tail water from wells. At the Roy Clark farm, four rows of cotton with a four row skip and two middles planted with soybeans will be seen by those taking the tour, and at Red Wrights, the tour will pause to see hybrid corn and grain sorghum seed production.

W. F. Elliott will demonstrate bindweed control and Rene Snead will show a hybrid grain sorghum demonstration. At the Cecil Ayres place, the weed identification session will be held.

By John C. White, Commissioner

THE BLACK BLIGHT ON COTTON

A little considered but increasing alarm among processors of cotton is the costly presence of "tar spots" which result in big losses to the mills.

The black blights, unnoticed in the ginning process, are collected among freshly gathered cotton either through use of asphalt coated pick sacks or by carrying cotton to market over freshly tarred roads.

When this happens and the cotton is subsequently ginned, all cotton in the bale is "contaminated" with tar spots which show up during cloth processing at the mills.

What's worse, when one bale

of tar cotton is mixed with 30 other bales in the bleaching room at a mill, all material made from the entire 40-bale lot contains tar. This results in necessary price reductions of 10 to 20 percent, and in some instances, total rejection.

Now, more than ever, mills are pin-pointing areas from which blighted cotton continues to come. This may result in general penalties by industrial purchasers to innocent farmers who live in an area full of careless neighbors.

The wise thing would be for everyone to discard the old asphalt-covered pick sack and to keep his raw cotton as clean as possible as long as it is still in

Clean Wheat To Be Demanded, Report Health Inspectors

Clean wheat, whether shipped or stored, depends on the efforts of the producer and in many cases the warehouseman to control rodent and insect pests. A revision by the Department of Health, Education and Welfare states that "wheat will be judged contaminated if it contains one or more rodent pellets per pint of grain or if it contains 1 percent or more insect damaged grain by weight."

It is just good business, points out W. S. Allen, extension agricultural engineer, to see that wheat in storage doesn't become contaminated. Food and Drug Administration inspectors have been directed to sample wheat being shipped in inter-state commerce and to institute seizure proceedings if the wheat inspected is found to be contaminated.

In a recently released publication, L-257, Clean Wheat Program for 1956, Allen also points out that grain containing any poisonous material, such as chemicals used in treating seed or in rodent or insect control, may be declared unfit for human or animal consumption. No treated wheat should be mixed with food or feed wheat and such grain should be used only for seed purposes.

The single page leaflet, in question and answers form, covers the high points and questions of major importance that deal with the clean wheat program. It, along with other information on the program, is available from the offices of local county agents in the wheat producing counties of the state.

The leaflet may also be obtained by writing to the Agricultural Information Office, College Station, Texas. Ask for L-257.

VISITED DAUGHTER

Mr. and Mrs. Joan Thomson and children visited Sunday in Teeter's Sweet Shop now open.

Canyon with a daughter and son-in-law, Mr. and Mrs. Carl Dwyer. Returning home, they stopped in Hereford for a visit with his brother, O. C. Thomson and family. O. C. who has been ill, is reported to be improved, but will have to remain in bed for some time.

VISITED PARENTS HERE LAST WEEK

Mr. and Mrs. L. E. Vaughan and children, of Alamo, N.M., visited here a week recently in the home of her parents, Mr. and Mrs. Amos Miller.

They were on their way home after a tour of a number of states including Missouri and Kansas. In Missouri they attended a by-league game at St. Louis, and also visited in Kansas City.

They arrived in Muleshoe after coming through Central Texas, where they visited with relatives at Bowie. During their visit here they also visited relatives in Texico and Clovis, N. M.

Remington Portable Typewriters may be as low as approximately \$1.00 per week.

met at the Methodist Fellowship hall Monday to work on their meeting room. They accomplished most of their work, and hope to have it ready for use next week.

The regular meeting of the WCS was last Thursday. Mrs. Ernest Gray taught the first lesson of the new mission study, Southeast Asia. The devotional was given by Fern Davis, and Sadie Bass on Volcanoes in Southeast Asia. Mrs. Gray gave a survey of the situation in India.

Mrs. Henrietta Havens told about the Philippines. Mrs. Johnnie Westbrook lead the business session. The women voted to buy linoleum for the fellowship hall kitchen and appointed Ruby Atkinson and Novis Roming to choose it. Mrs. Erma Chaddix was elected Spiritual Life secretary, to replace Joyce Walker, who has moved.

Those present included Mmes. Sadie Bass, Johnnie Westbrook, Fern Davis, Mattie Griffin, Elneita Gray, Ruth Cooper, Erma Chaddix, Henrietta Havens and Doris Wedel.

WMU MEETING

The WMU met at the Progress Baptist Church Monday afternoon for the first of three Weeks of Prayer programs. Theme of the meeting was Building Our Altar Fires. The devotional talks were given by Mrs. D. L. Redwine and Mrs. E. F. Eason.

Members who gave talks on mission projects included Mmes. Elmer Downing, C. A. Bishop, Ben Atkins, Arnon Blair, Bessie Davis, Sam Blackwell, M. L. Shipp, J. L. Redwine, Arlis McCray, and H. T. Peugh.

Elton Gulley suffered severe burns on both feet last week. He spilled a chemical used for spraying Johnson grass, on his shoes. Later, after he had gone into his home, he struck a match on his shoe sole and the chemical exploded.

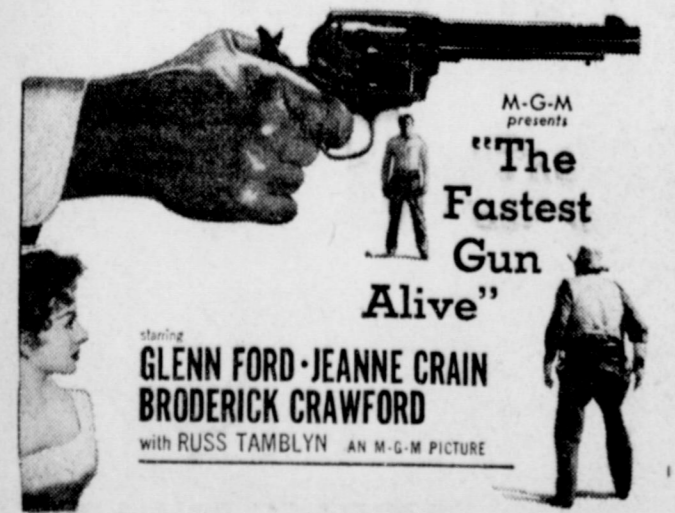

Mmes. Melvin Marrow, H. T. Peugh and Ben Atkins attended an annual WMU meeting at Sudan last Thursday. Highlight of the program was a talk by Miss Edwina Schovasia, who told of her missionary stay in Jamaica last summer.

Mr. and Mrs. Larkin White of Amherst, visited here Sunday with her sister and family, Mr. and Mrs. A. L. Dutton.

The Ray Quisenberry family have moved back to this vicinity from Shallowater, and Sunday they rejoined the Progress Baptist Church. The community is glad to welcome back these former neighbors.

Bible Study Is Continued At Philathea Meet

Philathea Circle of First Methodist Church continued their study of the Bible last Thursday evening as they met in the home of Charlene Bickel.

Dorothy Wier led the group in reading and discussing the book of Matthew.

Proceeding the program was a business meeting in which it was decided to begin meeting each first and third Thursday at 7:30 in the evening. The next meeting is to be held in the home of Pat Nichols on September 20.

Present were: Sammie Allison, Anna Lucy McAdams, Jean Allison, Mary Nell Chapman, Betty Murray, Margaret Adams, Betty Cowan, Pat Nichols, Jeanne McVickers, Joy Whit, Gladys Black, Beth Blair, Mary Crain, Jimmie Porter and Verna Ferris.

Playlet Presented At WSCS Meeting

Women's Society of Christian Service gathered Tuesday morning at 9:00 o'clock in the Youth Chapel. Proceedings were under the direction of the leader, M. S. W. D. Moore.

Music was furnished by Mrs. David Anderson, "Jesus Is All The World To Me".

A playlet entitled, "They That Hunger For The Dignity of Man" was presented. Taking part on the program were: Mmes. W. D. Moore, David Anderson, Lonnie Bass, Arnold Morris, H. Jay Wier, I. F. Willman, Mervin Wilterding, F. E. Pierson, and R. O. Gregory.

The devotional was brought by Mrs. Clarence Stephens from John 3, beginning with the 9th verse. This was followed by a song, "Jesus Calls Us".

A number of the ladies told of good works of Christian ladies and gave their locations.

During the business hour, committees were appointed for the family night supper, which is to be Wednesday evening in Fellowship Hall.

Next week the meeting time of the W. S. C. S. will be at 10:00 instead of the regular time of 9:00. There will be a program, and reports are to be made.

Prayer by Mrs. F. E. Pierson closed the meeting.

Those present were: Mmes. W. D. Moore, Mervin Wilterding, Clarence Stephens, Lonnie Bass, I. F. Willman, E. L. King, Arnold Morris, H. Jay Wier, F. E. Pierson, R. O. Gregory, David Anderson, and one visitor, little Milton Bass.

Rainbow Girls Discuss Attending School of Inst.

Mrs. John Thomson was acting Mother Advisor in the absence of Mrs. Peggy Childers last Thursday evening for a routine meeting of the Muleshoe Rainbow Assembly.

A large group of girls were present for the meeting and discussed attending the School of Instruction, which was to be held at Plainview Tuesday of this week.

A number of girls from Muleshoe Assembly, as well as a group from Lazbuddie Assembly planned to attend the school.

Cox Home Setting For Guild Meeting

Mrs. Ruby Cox was hostess in her lovely new home as the Wesleyan Guild of the First Methodist Church met Monday evening.

Attending were: Elizabeth Harden, and Mmes. Margaret Slemmons, Matilda Slemmons, Ruby Cox, Iris Butts, Pearl Stephens, Opal Thompson, Bess Edwards, Evelyn Johnson, Hazel Gilbreath, Betty Burkhead, Loveta McKinstry, Jesse Stovall, Clyde Bray, Juanita Gibson, and a visitor, Mrs. Paul Summersgill.

Opening the meeting was "The Lord's Prayer", said in unison. Margaret Slemmons introduced the talk on people of the islands, in relation to the topic of study, "The Islands Await His Word".

The District Wesleyan Meeting is to be held here, Sunday, September 16. All ladies of the guilds in the district are invited. The group will attend church services in the morning, and Muleshoe guild will serve lunch at the noon hour, followed by the business session in the afternoon.

Mmes. Opal Thompson and Margaret Slemmons reported on their recent trip to Ceta Canyon, and Mmes. Bess Edwards and Clarence Stephens reported on the School of Missions held at Lubbock recently.

Closing the meeting, the group sang, "Till We Meet Again".

Tonyne Welch Is Feted With Party

Tonyne Welch, daughter of Mr. and Mrs. L. J. Welch, was honored with a party on her eighth birthday, Thursday afternoon from 4:30 until 6:30 o'clock in the dining room of Leigon's Cafe.

The dinner hall was gaily decorated with multi-colored balloons, and the long serving table featuring autumn leaves and flowers, was centered with a colonial doll birthday cake topped by eight candles. The delicious cake was baked by Mr. Leigon.

A number of games were played, with Karon Leigon, Sandra Scott and Kaye Baker winning prizes.

Refreshments were cup cakes and ice cream. Following the refreshments, each of the little guests was presented with party whistles, magic slates and bubble gum.

Attending were: Ann McReynolds, Sharon and Karon Leigon, Nancy Wilkins, Charlene Lindsey, Joyce Adams, Cynthia Pool, Veta and Carolyn Allison, Kathy Moore, Linda and Sandra Scott, Susan Bedsong, Kaye Baker, Beverly, Evelyn and Kay Packard, Gay Northcutt, and the honoree.

Also present were: Mmes. John Welch, W. C. Stout, and Charles Packard.

Assisting Tonyne's mother with the hospitalities were Mmes. Jack Hadaway and James Ellison.

Jennings Receives Masters Degree

Earl Jennings, of Muleshoe, received his Masters Degree in Commencement Exercises at the University of Texas on August 27. He is now employed as a teacher in the Alice Public School System.

Earl is a 1952 graduate of Muleshoe high school. He is the son of Mrs. Pearl Jennings, of Muleshoe, and E. C. Jennings, of Amarillo.

Co-Workers Elect New Class Officers

Mrs. Bert Remund hosted the Co-Workers Sunday School Class of the First Baptist Church, in her home on September 6. Ten members and one visitor attended.

The class members elected new officers for the coming year as follows: Mrs. Sarah Payne, teacher; Mrs. Lillie Williams, assistant teacher; Mrs. C. E. Layne, president; Mrs. Harold Griffiths, vice-president; Mrs. T. C. Roddam, secretary; Mrs. Lester Howard, assistant secretary; Mrs. George Hicks, treasurer; Mrs. S. E. Goucher, reporter; and Mrs. Ruth Dunn, entertainment.

A very entertaining program which was brought by Mrs. Goucher, was followed by the serving of refreshments of angel food cake, strawberry sundaes and coffee.

Chambless, Wall Wedding Is Read

In a double-ring ceremony in the Chapel of Y. U. C. A. in Amarillo, Friday, August 31, Miss

Mattie Mae Chambless, daughter of Mr. and Mrs. G. B. Chambless, of Muleshoe, became the bride of Lawrence Austin Wall, Jr., son of Mr. and Mrs. L. A. Wall, of Holmesville, New York.

The Rev. Barnette W. Dowler, Associate Minister of the First Presbyterian Church of Amarillo, read the service. Traditional wedding selections were presented.

As maid of honor, Miss Martha Plunt wore a dress of pale green nylon over satin. Her corsage was of pink carnations. Carman A. Guizard served as best man.

Given in marriage by her brother, Richard Chambless, the bride was attired in a white sheath dress with portrait neckline.

The couple are at home at 2204 B. West 8th, in Amarillo.

Juanell Williams Shower Honoree

Miss Juanell Williams, bride-elect of Clarence Young, of Denver City, was honored with a miscellaneous shower Sunday afternoon, September 2, from 3:00 until 6:00 o'clock.

Setting for the pre-nuptial Teeter's Sweet Shop now open.

event was the home of Mrs. Carl Burns, at Bula. The bride-elect, chosen colors of orchid and white were carried out in decorations.

Laid with a white lace cloth over orchid, the serving table was centered with a lovely arrangement of white stock and orchid mums.

Guests were registered in the bride's book by Miss Patsy Burns, and refreshments were served by Misses Delores Stevenson and Shirley Williams.

Some forty-four guests called during the afternoon. The hostess gift was a set of dishes.

Hostesses were Mrs. Carl Burns, Sammie Williams, Delores Stevenson, Shirley Williams, Janie Green, Mrs. Henry Arend, Mrs. Cecil Cox and Mrs. C. M. Tidwell.

Friendship Class Officers Elected

A business and social meeting of the Friendship Class of the First Baptist Church was held at 8:00 o'clock in the evening of the past Thursday in the home of Mrs. Bert Mathis.

Mrs. Mathis, who is president of the class, was in charge. An inspiring devotional was given by Mrs. C. M. King.

MHS Pep Club Being Organized

Some thirty-five girls attended the initial organization meeting of the Pep Club last Wednesday at MHS, and elected officers. Sponsor of the club will be Roberta Biles.

Shirley Mathiesen was elected president; Naomi Watson, vice-president; Nancy Julian, secretary-treasurer; Jerre Kemp, student council representative; Neil Moore, reporter and head cheerleader; Quinell Elliott.

Other cheer leaders are Shirley Mathiesen, Elaine Evans, Judy Hanks, and Nancy Julian.

The girls attended the first football game Friday evening at Portales.

New officers were elected for the coming year, following a presentation of names by the nominating committee.

Mrs. Ray Griffiths is teacher of the class, and will be assisted by Mrs. C. M. King. Officers are: president, Mrs. W. T. Andrews; vice-president, Mrs. W. M. Pool, Sr.; secretary, Mrs. Arlie Thomas; assistant secretary, Mrs. Pat Bulloch; corresponding secretary, Mrs. R. D. Precure; treasurer, Mrs. W. B. McAdams; historian, Mrs. Newby Moore, and installing officer, Mrs. Horace Blackburn.

Present for the meeting were: Mmes. R. L. Jones, Tye Young, W. M. Pool, Sr., C. M. King, W. E. Young, Cecil Tate, B. O. McDaniel, Pat Bulloch, Ray Griffiths, W. B. McAdams, Lookadoo, W. T. Andrews, Allen Mathis and the hostess.

Wally Garrets, head of the department of Journalism at Texas Tech, Lubbock, was a visitor Tuesday in the office of The Journal on a swing around the newspapers of the area. Mr. Garrets has just taken over the job at Tech this fall.

Mr. Garrets also visited the local high school, his object being to encourage the study of Journalism by high school students.
