County To Get Drug Dog

Commissioners voted Monday night to add \$2,500 to the money donated by citizens for purchase of a drug dog for Crockett County. Sheriff Shane Fenton has received almost \$3,000 in donations toward purchase of a dog and for the necessary training and equipment.

Chief Deputy Alton Davis told the court that a dog and training are available through Tactical American Security K-9 of Austin for \$5,000. The additional \$500 will be put toward food and shelter for the dog.

Deputy Memo Ortiz is in Austin to select a dog and begin training this week.

Court members voted to advertise for bids for purchase of rock removed from the site of the new courthouse annex.

The commissioners also agreed to install donated lights at the David Crockett statue at the south end of the park. Charlotte Harrell, representing the Texas Historical Commission, told install them.

Cpl. English's suggestion that the county adopt a zero tolerance policy was accepted by the court. The policy will be amended and examined by commissioners and formally approved alcohol and drug policy for the county. at a later meeting.

Pain may be eliminated for millions

(SPECIAL) -- A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as "Arthur Itis." and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis, relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis, is available immediately without a prescription in an odorless, greaseless, non-staining cream or new roll-on liquid form. Arthur Itis, is guaranteed to work or your money back.

In announcing his candidacy last week, Williamson said he decided to run because "I care about the safety of the citizens of the state, the children."

In his bid to succeed Democrat Dan Morales as the state's top law enforcement officers, he joins state Republican Party Chairman Tom Pauken in the race, and also could face Supreme Court Justice John Cornyn in the party primary.

In addition to a contemplated focus on crime, Williamson said he would work to move the attorney general's child support collections duty to the private sector.

"You bring competition to it and I guarantee you it will become more efficient," he said.

Morales also faces a challenge in the primary from within the Democratic Party - from Court of Criminal Appeals Judge Morris Oversteet. Overstreet is the only black ever elected to a statewide office in Texas.

Militiamen Captured Near Base A plot to attack Fort Hood and other U.S. military bases was

quelled with the arrests in four states of seven members of a socalled militia group.

The seven people, taken into custody in separate arrests, targeted military bases they thought were training United Nations troops, said Jim Keathley, a captain with the Missouri Highway Patrol.

Those arrests included Bradley Playford Glover, 57, and Michael Leonard Dorsett, 41, who were

seized July 4 in a campground in San Saba County, just west of Fort Hood.

Authorities said the men were enroute to the huge Army post near Killeen, where they planned an assault to coincide with an Independence Day open house.

Opal loves to cook, and that's a good thing. "I raised a big family, and they all liked to eat," she said. Her late husband, Tom Everett, expected a big meal three times a day, and made sure his wife was at the house to cook during round up. Opal still cooks when any of the boys are rounding up.

Anyone who grew up with the Everett children remembers Opal's legendary fried pies at the school concession stands. "The teachers would have them eaten up before we made any money off of them," said

Opal cooked at the school cafeteria off and on for 15 years and "loved every minute of it". She was the vegetable cook and salad maker. The group got along and worked together. It was very, very enjoyable, said Opal of her cafeteria days.

The Price Of Worship

By Rev. Mike Davis **Harvest Time Christian Center**

According to God's word, ever since He had a people, He has called upon them to worship Him. In the earliest of time He told Moses to speak to the children of Israel concerning His sanctuary. In Exodus twenty-five, we can read about this place of wor-

He told Moses to receive an offering of gold, silver and brass. Also fine linen of beautiful colors. He asked for ram's skins dyed red, oil for the light, spices for anointing oil, sweet incense and other items. At that time of man's life. He was asking for their very best.

Contrary to what I read, see, and hear today, I believe that God still asks for our very best. We should strive to make His sanctuary the best that it can be for Him, because He has always given His very best for us. Even His only begotten son, Jesus. He started His people out worshiping Him in His sanctuary, and He intended for them and us to do so until that great day that He comes to receive His church. Hebrews 13:8 says that He is the same yesterday, and today and for ever, which leads me to believe that He hasn't changed His mind about where He wants us to worship Him.

All denominations that I know of have missionaries, as far as I know. They go into different parts of the

world and take the good news about Christ to all who will hear. They begin talking to people whenever and wherever they can. Soon, they get a group of people meeting in a home, then maybe a biggerroom somewhere, until they grow into a body of believers and build a church building, which is a building that houses God's church.

His church, of course, is His people. Some times we have crusades in basketball, baseball, football or even rodeo arenas. All that is well and good, but can never and will never take the place of the sanctuary for the place that God wants His church to meet in. There has always been a Temple of God and there always will be a temple or sanctuary for the true Christian to assemble in for worship. According to what I read, a temple was the dwelling place of divine glory. So God has ordained the temple, tabernacle, sanctuary, church building or whatever we name the place of worship that is built just for that purpose. His Divine Glory does not dwell in basketball courts. baseball diamonds, football fields or rodeo arenas. He wants us to reach out to people in those places when they meet, but not to meet there and call it His church. We must not be misled by any false teaching which the Bible warns us against in the last days. We must read the Bible and worship where it says to worship. So, know God's word and attend the Church of your choice on the Lord's Day.

During the meeting, school architect Larry Harvey gave the members information concerning three options for installing a new roof on the main building and auditorium stage area of Ozona High School. Option one is to scratch existing gravel from the roof and install new roof membrane, option two is to remove the existing roof membrane and gravel, install new tapered insulation and new roof membrane, and option three is to allow the existing roof to remain and install a new sloping metal roof over the existing roof.

Following board discussion on this item, the members voted to approve a \$60,763.30 bid from A-Lert Roofing Systems, the same company that is presently installing a new metal roof over Davidson Gymnasium, as a change order to Sunwest Construction's renovation work to install a new sloping metal roof over the existing roof of Ozona High School and the auditorium stage area. The new roof will have a forty-year warranty.

The members also approved at first reading an update to their school board policy manuals, and they approved tuition payments for transfer students with the McCamey ISD for the 1996-97 and 1997-98 school year and with the Reagan County ISD for

DESCENDANTS OF THESE MONTGOMERYS gathered for a meeting of the clan in Ozona July 11-13. They will meet here again in 1999.

The 1987 Montgomery Clan Gathering

Descendants of W. H. and Susan Campbell Montgomery gathered for the bi-annual Montgomery Clan Gathering at the Circle Bar Motel and Restaurant July 11-13. Bud Meinecke, Rick and Shannon Hunnicutt and Dilly Dockery served as hosts. Every good production has a backer, and so it was with the 1997 Montgomery Clan Gathering. The "Angel" was Gene Montgomery, and he was most generous. His contribution covered all expenses except rooms, and included an 8x10 family portrait for each fam-

The reunion started with a buffet dinner in the Circle Bar dining room Friday evening. After a night of meeting and greeting, the clan gathered for Saturday brunch, then made their way to town for a tour of the museum, Heritage Appreciation Sculpture and other points of interest. Buster and Ethel Miller stopped by to visit Gaston Boykin, who had worked for Buster's father, Rob Miller, in his younger days.

That evening, the clan gathered again in the Circle Bar dining room for a family photo shoot, dinner and the Family Talent Show. Shannon Hunnicutt emceed, and the first act was introduced. Gaston Boykin, long-time sheriff of Comanche County, gave a recitation of "Laska", a poem that kept the clan spellbound from start to finish. Gaston is 90 years young, and did not forget one word of the 10-minute

The next actincluded Bill (Sonny) Meinecke, sons Jeffery and Gerald, and son-in-law Robert Lanzini. They marched onto the stage to the beat of rap music, costumed in full business attire and sunglasses, but they weren't wearing any pants! They performed a Blues Brothers takeoff, called "Men Without Pants", that brought down the house. Unfortunately, it also brought down Jeff Meinecke, who hurt his knee during a very energetic solo routine. He severed the patella tendon that holds the kneecap in place. Our EMT's arrived in record time, and transferred Jeff to the emergency room. He had surgery on his knee Monday in Houston, and should be good as new after a few weeks of rehab.

Meanwhile, the talent show continued with a karate demonstration and self-defense tips by Judd Montgomery. He was assisted by cousin Shannon, who was a little unnerved by some of his moves. As a matter of fact, Rick seemed somewhat uneasy as he was behind the video camera, and cautioned Judd not to cripple his dancing partner just before the Rain Dance!

Elizabeth Landgraf brought oohs and aaahs with her rolling tummy routine. Vera Lynne Kittle Nordahl, daughter of Herbert Kittle, delighted all with a dance segment in her father's memory, called "Waltz Across Texas". Larry Melton was superb with his stand-up comedy routine, and then sang "Tequila Sheila" to the delight of the audience.

The Passe Sisters, Gerry Boykin, Judith Allen Smith and Marilyn Boykin Thomson, gave their rendition of the "Macarena", and before the finale, half the women in the audience had joined them.

Logan Ritchey and May Annah Hoey-Aleman were supposed to be judges for the contest, but the talent overwhelmed them, so all participants

The group kept a wary eye on the lawmen, helicopter and spotlights searching for the men suspected of theft who were indeed apprehended in the area. The busy night also included another run to the emergency room for Kelly Ryan, who sustained a minor injury at the pool. Many of the young and young-at-heart finished out the day at the Rain Dance, while the partypoops made their way to their beds.

The Montgomery Clan Gathering concluded Sunday morning with a breakfast and business meeting chaired by Dilly. A short history of prior reunions was read, along with messages from those who couldn't attend, and a memoriam for Marshall and Pauline Montgomery, Daphne Meinecke Montgomery and Josie Schauer. The clan was most enthusiastic about the gathering this year and gave a standing ovation to John Watkins and the Circle Bar Restaurant, Motel and staff for the outstanding food and service throughout the event. Last but not least, family members expressed their appreciation to the hosts, along with patron Gene Montgomery. With only a little nudge and Bryan's enthusiasm, several members of the George Montgomery family volunteered to host the 1999 reunion in Ozona.

Eating And Body Image

Preoccupation with weight, feelings of guilt over "bad" foods or the fear of losing control over eating can offset the simple pleasure of eating for many people.

Research into our complex relationships with food is limited, but many mental health professionals attribute our eating conflicts to the American cultural of thinness and the enormous pressure on women to conform to this standard--clashing with our need to satisfy our basic drive for energy. Moreover, food may serve as a substitute for love or a means of filling emotional emptiness.

Women are expected to stay slim while still being the providers of good food for their families and friends. Dealing with these contradictory expectations leads women to have conflicting feelings about food. Although you cannot change your views on food and eating overnight, here are some sensible approaches to lessening the

If you consider weight management to be a health issue rather than a cosmetic concern, you will be more likely to eat foods that are good for you such as fruits, vegetables and whole grains. Doing this may help you make small, permanent changes that will eventually enable you to enjoy the simple pleasure of healthful eating.

No, you're not seeing double, *Merit* is a new product for treating grubworms. Use it one time and you're set for the season. No need to treat a second time. Even on St. Augustine. The active ingredient in Merit is (are you ready for this) they call it Merit. It controls grubs by ingestion and contact. It is very

effective at low percentage rates. This means less chemical going into your lawn. As usual, follow the label directions.

Some of the current problems we're seeing are: 1. Bores in red oaks. We need

to treat them with a fertilome bore killer. Treat them now, again in mid-August, and again in March. Be sure to keep them fed and watered. 2. Dry spots in lawns, normally this is not enough water. In much of these areas we're seeing the grass is mowed much too short. (That's my personal opinion). Tall grass will actually shade the ground under it, thereby less evaporation. Also frequent, shallow watering will keep the root system close to the surface, quicker to dry out. 3. Some lawns and other landscape plants are showing the normal summer stress. It's been hot on them too. A mid-season feeding will be greatly appreciated by your landscape. Just don't over do it, and don't

There are other problems I missed but I am out of space. I'll let Mike cover them

Youth Attend Basketball Camp In Plainview

By Neal Ulmer Stockman Sportswriter

A total of nine Ozona youths attended two sessions of the Wayland Baptist Boys' Basketball Camp held in Plainview July 6-9 and July 13-17.

The varsity camp was held July 6-9 with camp coordinator and head basketball boys' coach Kevin Cleveland. He and his staff divided 14 to 17year-olds into teams. The teams played scrimmage games of four 8-minute quarters each. They played approximately 14 games in the four-day camp. They also went to offensive and defensive stations for 10 minutes each.

Attending this camp from Ozona were Dustin Faught, Brad Sullivan, Glenn Sutton and Josh Tambunga with Faught making the all-star team.

'The camp was definitely a good experience, and there was definitely a lot of good competition," said camper Dustin Faught. It was better to play with the older and more experienced guys." This was the first year for Faught to attend the varsity camp, but he has attended the fundamentals camp the two previous years.

Five boys from Ozona attended the fundamentals camp, which was held on July 13-17. They worked on fundamentals, played games and competed in contests.

G. L. Bunger, Chase Clark, Derek Faught, Jarrett Vickers and Kyle The Coca-Cola Challenge Tennis Richardson attended the five-day Tournament will be held Aug. 2-3 in camp. Bunger won first place in the layup competition and second in the hotshots contest in the age 12 division. Vickers won second in the layup conper event. There will be all men's and test and Faught won first in the hotshots and third in the free throw contests. Bunger, Vickers, Faught and Richardson made the all-stars team.

"I learned a lot in the camp," said Derek Faught. "We made some new

Study First To Show Mexican Americans Hospitalized More Often For Heart Attack Than Non-Hispanic Whites

These results, published today in the American Heart Association journal Circulation, are the first to show this pattern, say David C. Goff, M.D., Ph.D., of Bowman Gray School of Medicine, Winston-Salem, N.C., and his colleagues at the University of Texas School of Public Health, Hous-

This is not surprising based on observing heart disease risk factors in Mexican Americans, Goff and his colleagues say. Mexican Americans and whites have similar blood levels of "bad" LDL cholesterol, but Mexican Americans have higher levels of triglycerides (another body fat). They also

New data from the Corpus Christi have lower levels of the "good" HDL Heart Project show that Mexican cholesterol. They are also more likely Americans are hospitalized more of- to be obese and develop diabetes, ten for heart attack than non-Hispanic which increase the risk of heart disease, the nations number one killer.

> The Mexican American population in the United States is younger and growing more rapidly than the non-Hispanic white population, the scientists say. In coming decades they predict there will be many older Mexican Americans who will be at high risk for developing heart disease.

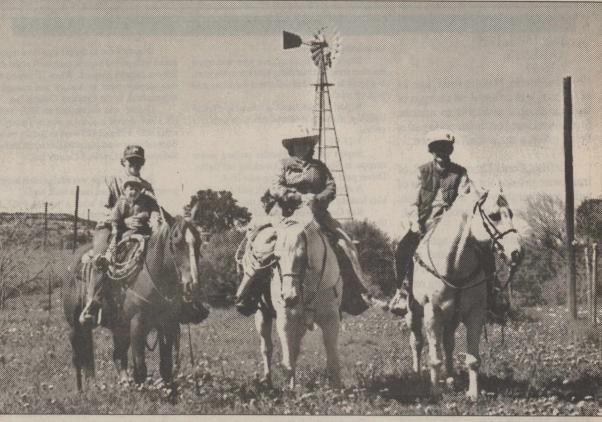

> The Mexican Americans in the study had less formal education, and a greater percentage of them had incomes below the poverty level than education and low socioeconomic status have been implicated as contributors to heart disease.

> > Public health officials, physicians

and other healthcare practitioners should be aware of the importance of heart disease and heart attack in this population and develop strategies to increase the awareness among Mexican Americans about heart disease and stroke risk factors and symptoms and how to prevent these conditions from developing, Goff and his associates

The scientists examined medical records of people aged 25 to 74 years admitted to seven Corpus Christi hospitals between May 1, 1988, and April 30, 1992. They identified 2872 hospitalizations for heart attack.

"The highest rates were observed the non-Hispanics. Lack of formal among Mexican American men, followed in order by non-Hispanic white men, then Mexican American women, and finally non Hispanic white women," the scientists write in their

Primer Estudio Muestra Que Los Mexico-Americanos Son Hospitalizados Con Más Frecuencia Por Ataques La Corazón Que Los Blancos No Hispanos

Nueva información del Proyecto del Corazón de Corpus Christi muestra que los mexicoamericanos son hospitalizados con más frecuencia por ataques al corazón que los blancos no hispanos.

Esos resultados, publicados hoy en la publicación Circulation de la Asociación Americana del Corazón, son los primeros en indicar ese patrón, dicen David C. Goff, M.D., PhD., de Bowman Gray Escuela de Medicina en Winston-Salem, N.C. y sus colegas en la Escuela de Salud Pública de la Universidad de Texas en Houston.

Eso no es sorprendente, en base a los factores de riesgo de las enfermedades del corazón observados y sus colegas. Los mexicoamericanos y los blancos tienen niveles similares de colesterol malo LDL, en la sangre, pero los mexicoamericanos tienen niveles más altos de triglicéridos (otra grasa sanguínea).
