#### HIGHLIGHTS

By Lyndell Williams & Ed Sterling TEXAS PRESS ASSOCIATION

AUSTIN — Third-grade students who fail the reading section of the Texas Assessment of Academic Skills test would move into "appropriate instruction to advance" and barred from promotion under a proposal by Gov. George W. Bush.

Such a program, Bush said at a news conference last week, would be devised by local school officials and funded by a \$32 million program approved by the 1997 Crockett County 4-H Livestock Show Legislature. Bush also wants to bar promotion for fifth- and eighthgraders who fail any portion of

> "I think it would be incredibly cost-effective for the state," Bush said of the proposal. "Any time you solve a problem before it gets too late, you save taxpayers money. But I am willing to spend the money to get the problem solved.

The 81,000-member Texas State Teachers Association, however, does not support Bush's proposal.

Annette Cootes, TSTA spokeswoman, said that offering students who fail a second chance to pass would make Bush's plan more acceptable.

**Bush Leads in Finances** 

Campaign finance reports filed last week show that Republican Gov. Bush is maintaining a big lead over gubernatorial challenger Garry Mauro, who is running unopposed

in the March Democratic primary. Bush, who had a 50 percentage point lead in a recent Texas Poll, raised almost \$8 million in the last six months of 1997, while Mauro, who entered the race in November, took in about \$800,000.

"Governor Bush's support comes from every part of Texas, from Republicans, Democrats and Independents," Karen Hughes, the governor's spokeswoman, told the Austin American-Statesman. "And," she added, "it's a clear sign that the people of Texas appreciate the job he is doing as their governor."

Hughes said Bush's finance report shows the governor has about \$12 million in his re-election campaign war chest.

Last week, Mauro said he had spent about half of the \$800,000 he had raised, but that he was "going to spend my money a lot better than (Gov. Bush) is going to spend his

Sex Education Law Clarified

The State Board of Education does not have the authority to adopt required curriculum or textbooks for sex education, but it can adopt guidelines for such classes and books, Attorney General Dan Morales has ruled.

In a legal opinion released last week, Morales said state law leaves it up to local school boards to determine what, if anything, will be taught about human sexuality, sexually transmitted diseases and

Other Capital Highlights

■ More than 50,000 Texas students enrolled in low-scoring schools will be eligible to transfer to better campuses this fall under the state's school choice law. The Texas Education Agency has released a list of 575 campuses where students have the right to transfer out next school year. The list represents 8.4 percent of the 6,875 campuses in the state.

■ The U.S. Supreme Court refused to revive a lawsuit seeking to make certain that Texas voters who are blind or otherwise disabled get to cast a secret ballot. The court let stand a federal appeals ruling that said state officials have no legal duty to make sure local election practices comply with a federal law barring discrimination against disabled people.

■ The state Board for Educator Certification last week backed off a plan requiring current teachers with lifetime certificates to renew their state certification every five years. The proposal would have required all teachers to complete 150 hours of continuing education every five years to keep their certificates active. Board Chairman Jim Nelson, said the board still intends to require those who later enter the profession to be subject to renewal requirements.

■ Texas upland cotton production for 1997 is expected to total 5.3 million bales, 22 percent above 1996, according to figures released by Texas Agricultural Statistics Service. The harvest is practically complete, however, some modules remain to be ginned on the Plains, State Statistician Dennis Findley

Living alone as I do has made it very challenging to prepare foods and eat properly. However, since I have First Place Favorites Cookbook two diabetic members in my extended family and several, including myself, Exchanges: 3 lean meat, 1/2 bread who struggle with weight control, it has been worth any efforts of trying 6 gm, Calories: 233, Protein: 22 gm, out new recipes and converting favorites by making substitutions for fats and sugars. I admit, sometimes they are a little suspicious about what they are being served. And I would experiment and create more recipes on my own if I had room in my kitchen for a dishwasher - any excuse would do,

Here are a few hints we follow: 1. For meatloaf, meatballs, patties or anytime that binding powder is led, use two egg whites. For baked quick breads, use two egg whites and

one tsp. of canola oil. 2. Applesauce is a great substitute for fat and sugar in recipes. You can exchange 1/2 cup applesauce for 1/2

3. Use plain yogurt instead of sour cream for dips, sauces, etc. Even though the fat-free sour cream contains no fat grams, it also contains no nutrients. Our goal in First Place is to Calories: 55, Protein: 2 gm, Fiber: 1 eat foods with nutrients.

4. Learn to read and compare labels for fat grams, sugar and sodium

5. When possible, have raw or cooked fruit rather than the juices, as you receive a much better fiber con-

6. When dining out, ask for salad dressing on the side. Dip your fork into the dressing, and then pick up some salad. You get the flavor without

the extra drowning of fat. 7. Quick and easy pies can be made from instant sugar-free puddings. Prepare as directed, using skimmed milk, add slices of banana and lite whipped topping folded in. Use lowfat graham crackers for crust.

A fresh start. A break with the old. New beginnings. That's what New Year's is all about. Are you yearning for a fresh start?

The day of Penecost, A.D. 30, marked a fresh start for the followers of Jesus in the Upper Room. Pentecost shows us two things that are essential to new beginnings and two things that

First, we don't need new places. Note where Jesus commanded His disciples to wait for the promise of The Father - in Jerusalem.

Jerusalem was the place of Christ's crucifixion; it was also the place where the disciples abandoned and even denied their Lord. Jerusalem was a place of great intimidation, because the religious and political leaders of Israel and Rome were there in power.

God can give you a fresh start even at the place where you have experienced your greatest failure. He doesn't need to take you to a new location to release you from the fear and intimidation that swirls around you. God doesn't need a new place on the map to touch you.

New Beginnings

We also don't need new people. Jesus' disciples could have focused on each other's weaknesses and declared an enduement of power from heaven to be impossible.

Have you ever asked God to change your supporting cast, believeing that if He did it would be the key to your spiritual progress? Have you ever wondered how your church could experience revival when it is full of im-

perfect people? You will never be surrounded by perfect people. There is only One, and He wants to surround you with His

love and His spirit. If we don't need new places or new people, what is the secret for new beginnings?

#### Letter to the Editor

Linda and Scotty,

Thanks so much for the subscription. I moved to Florida four years ago, and it's harder to stay in touch with all my friends and family. The Stockman will certainly help! Whoever said "You can't go back" was not from Ozona! My short trip through there over Christmas just made me more homesick. If I could get the Senior Tour to move so that I could continue my career, I'd do so in a minute! Believe it or not, Ponte Vedra is smaller than big "O", but we are just 25 miles S.E. of Jacksonville (FL).

It was great fun seeing the few people I was able to see and brought back many warm memories. As a former Lady Lion, I can now keep track first hand. You GO GIRLS!

Thanks again for the paper. I'll anxiously await each issue. Give my regards to all my fellow Ozonans particularly the Wellmans and the Applewhites during this difficult time. Lana K (Alford) Manning

### Lions win two games in one

By David Screws STOCKMAN SPORTSWRITER

As the Ozona Lions were putting together a great team effort to beat the Wall Hawks last Tuesday in Ozona they were also winning another game, one played on a different court and by different rules. Due to UIL sanctions imposed upon Winters for rules violations the Blizzards were forced to forfeit their two district wins over Ozona and Coahoma. With that event the Lions become 2-2 in district play, rather than 1-3, an event which greatly increases the odds of post-season play for the Lions.

Steven Martinez and Dustin Faught repeatedly found the Hawk's back door wide open in Tuesday's game and the two hit for 17 and 16 points respectively. Bobby Cervantez gave the Lions their first lead of the night, a 17-16 margin, after connecting on a pair of free shots. Justin Browne, who had 13 points in the game, sailed home a three just before

the buzzer sounded to end the first period to extend the lead. As the second period drew to a close the lead stood at 4 points when Faught and Browne hit back-to-back scores in the final seconds to give the Lions an 8 point advantage at the half.

With Martinez and Cervantez in foul trouble most of the second half the Lions had to continually overcome an air assault by the Hawks which saw no less than 10 shots fall from threepoint range. But the Lions had an answer with Peter Rodriguez coming off the bench for 6 points in the second half to go with the inside game from Faught and Martinez to ice the 66-58

## Lions victorious again

Freshman Dustin Faught was a per game. Faught began the 97-98 season looking like a freshman trying to

find a niche at the varsity level. Last Against Roscoe he hit 8 of his 16 in the final period as the Plowboys attempted to get back into the game.

Both victories were a credit to a great team effort by the Lions, who Melissa Quintero (4); Michelle Gann are beginning to dish the ball off to (8); Kirstie Avila (4); Melissa Herrin open teammates with precision. Jus-

tin Browne hit for 12 points against Roscoe, including 3 of 4 at the line. The Lions again for the second time in as many games, had to overcome a barrage of 3-pointers put up by the opponents. The Plowboys connected on no less than 10 of them but the Lions played clean, smooth fundamental basketball to nullify the effects of the big-point shooters.

Steven Martinez and Armando Flores added 9 each to the Lion's offensive production, making for a wellbalanced attack from the field.

Currently, equine are required to have a negative blood test of the disease within 12 months before entering trail rides, shows, exhibitions, rodeos, roping contests and other competitive events. Commissioners for the Texas Animal Health Commission (TAHC) in early January adopted regulations that will be effective in late spring, expanding the testing requirements to include also equine moving to boarding stables and pastures, breeding farms and training stables.

TAHC commissioners also proposed a regulation to require a negative EIA test within 12 months prior to selling equine at livestock auctions or horse markets, sites previously exempt from testing regulations. For nearly a year, equine sold through private sale have been under the 12month testing requirement. The commissioners will revisit this proposal and could adopt it for public sales at their meeting in Austin March 31 and

EIA is a blood-borne disease that can debilitate equine by breaking down red blood cells, causing anemia, weight loss, depression, fever and swelling of the chest. Although some equine will develop acute clinical signs, other infected equine will suffer only occasionally from the disease when they are overworked or overheated. Often, infected equine are "inapparent carriers," with no symptoms, When the virus is circulating in the bloodstream of infected equine, biting flies can soak up contaminated blood on their spongy mouth parts, mechanically transmitting the disease from one equine to another.

"Unless owners can keep an infected equine permanently quarantined, regulations require that they have the animal euthanized, sent to a research facility, or sold for slaughter," said Dr. Beals. "To assist owners in disposing of the infected equine, TAHC commissioners have proposed strict conditions under which these animals could be sold for slaughter through a livestock market."

Under their proposal, a TAHC or "The 12-member TAHC commis-private veterinarian, accredited by the US Department of Agriculture (USDA), would inspect infected animals within 24 hours prior to entering the sale. The animals would be allowed entry only if their temperature was normal and they displayed no clinical signs of disease. At the market, the infected equine could be sold for slaughter only, would be isolated and stalled under a roof, and could remain on the premise no longer than 24 hours.

ARIES - March 21/April 20 You get the cold shoulder from business associates early in the week, in the week, Scorpio. You have a long Aries. It will be frustrating, but you have to get to the root of the problem. A loved one needs your help later in the week. Do all that you can for him or her — even though it will take up a lot of your time. Leo plays a key role. TAURUS - April 21/May 21

Get ready, Taurus, because it's going to be a long week. You have a lot of things to do in both your professional life and your personal life. Don't let others distract you. You meet an old friend at the end of the week. Catch up with him or her; you'll be surprised to learn how much you two have in common.

GEMINI - May 22/June 21 A disagreement between loved ones turns into a family feud. Even though it's going to be difficult, don't choose sides. Try to help everyone else come to an understanding. That special someone finally asks you out. However, don't say yes immediately. Playing "hard to get" is sure to keep him or her interested.

CANCER - June 22/July 22 You do very well when it comes to business this week, Cancer. You make wise decisions that get you noticed by the higher-ups. A bonus is on the way. A friend turns to you for advice. Give your honest opinion — that's what he or she needs to hear. Sagittarius and Libra play key roles later in the week.

LEO – July 23/August 23 This is not the week for you to be headstrong. Keep your cool, or you are going to get into trouble with business associates, loved ones and friends. If you get frustrated, spend some time alone to clear your thoughts. A close friend admits how he or she truly feels about you. Don't give a hasty response. Think about how you feel.

VIRGO – Aug 24/Sept 22 You have good fortune this week, Virgo. You complete everything that you set out to do, and you feel great. Don't let a minor argument with a friend ruin your attitude. The two of you will work it out very soon. A loved one needs your help with a personal problem. Be supportive.

LIBRA - Sept 23/Oct 23 Everything seems to upset you early in the week. However, don't take your frustration out on those around you. Try to calm down before you say something that you'll regret. That special someone whom you've been seeing wants to intensify the relationship. Say yes! This is

SCORPIO - Oct 24/Nov 22 Keep your shoulder to the wheel early to-do list that needs to be completed before Friday. A lot of people are depending on you. Don't let them down. A friend gets into a lot of trouble and turns to you for help. Do what you can, because he or she doesn't know where else to go.

SAGITIARIUS - Nov 23/Dec 21 Even though you don't have a lot of work to do, it's a busy week for you. Everyone seems to need your help in one way or another. Do what you can, but don't wear yourself thin. You need to look out for No. 1. A friend of a friend wants to meet with you. Don't get nervous; this could be the beginning of a fulfilling relationship.

CAPRICORN - Dec 22/Jan 20 A business associate needs help with an important project. Even though you have your own work to do, you realize how crucial this assignment is. Do all that you can to help. Your efforts will be noticed. A close friend takes you out late in the week. Enjoy yourself.

AQUARIUS - Jan 21/Feb 18 You can't be in two places at once, Aquarius. So, organize your time efficiently. Prioritize your schedule, and do what you have to do. A loved one understands when you cancel plans with him or her. You meet an interesting per son during the middle of the week. Find a way to see him or her again.

PISCES - Feb 19/March 20 Your week gets a rough start. A problem at work has you fixing a lot of other people's mistakes. Don't get frustrated; just correct the problems Your superiors have their eyes on you. An old flame contacts you out of the blue. Don't rekindle the fire!

> The election of directors, officers and the approval of the new budget will be done by mail rather than have another meeting, Willard said.

There was both good news and bad news. The council welcomed Graham Johnson, a British born Mexico manufacturer who is presently selling a large inventory of rugs, saddle blankets and other woven goods containing large quantities of coarse grade mohair. His small mill in Oaxaca, Mexico, also is supplying special made yarns for use in product development work, particularly for tufted carpet. However, his main source of mohair top, Brady Combing Co., is shutting down its operations at the end of March. The firm, operated by Texas International Mohair, will transfer its combing operations to South Africa,

home of its parent company.

"That (closing) puts Texas mohair producers in a jam," Willard said. "Without that plant, there is no first stage processor in Texas. The council is going to have to find opportunities with an existing wool combing firm to branch out into mohair, or possibly a Mexican topmaker."

In addition to Johnson's Mexican company, the council is working with Modern Techniques of Dalton, GA, in the development of carpet for both commercial and home installation. The firm is working with a carpet distributor and interior design experts to put displays in some 80 retail stores across the country. These displays will feature carpet, as well as other fabires for upholstery and wallcovering, in coordinated colors.

According to Gerald Morrison, who heads the Georgia carpet development, if the project displays work well in the 84 initial stores, the carpet chain could expand them into additional outlets.

Other projects that the council is working on include a washability study at Texas Women's University. yarn and fabric development at the International Textile Center at Texas Tech University, and a possible consumer preference study being developed by the Texas Department of Ag-

#### Weekly Drilling and Completion Report

Compiled by Charles Lewis Communications, Lindale, Texas Jan. 23, 1998

Texaco Exploration & Production Co. has brought three new gassers on line in Crockett County's Northeast Ozona Field, three miles southeast of Ozona. New producers include the No. 29, 30 and 31 A. R. Kincaid Trust "B", flowing 681,000, 514,000 and 400,000-CFD on absolute open flow, respectively.

The No. 29 well was taken to a 6,600-ft. bottom and flowed 612,000-CFD on a 1.25-in. choke; it will produce from 6,186 to 6,357 feet into the hole. Bottomed at 6,600 feet, the No. 30 well showed ability to yield 485,000-CFD on a 1.25-in. choke and will produce from 6,166 to 6,327 feet into the wellbore. With total depth of 6,600 feet, the No. 31 produced at the rate of 366,000-CFD on a 1.125-in. choke, production will be from 6,180 to 6,342 feet into the hole.

The same operator is preparing to make hole for the Nos. 19, 21, and 24 C. E. Davidson, Jr. "B" between six and seven miles southeast of Ozona in Crockett County's Davidson Ranch Field. Drillsite is a 1,306-acre lease. The No. 19 well is in the GC&SF Survey A-4390, while the Nos. 21 and 24 are in the GC&SF Survey A-3162. The operator will seek Penn Formation pay at a depth of approximately 8,200 feet.

For most people, scientists say, Crockett County's W. C. Baggett Field. Location for the new pool wildcat is a 653-acre from three to five dreams, each lasting lease in the GC&SFRR Survey A-2399. Canyon Formation will be the objective at a

Crockett County's Vaughn Field will gain new production when Westco Oil Co. of Dallas spuds a couple of developmental wells 13 miles southwest of Ozona. The Nos. 18 and 19 J. M. Shannon Estate -A- are located in a 175-acre lease in the GC&SF Survey A-2582. They are under permit for 1,900 feet of hole making.

The No. 1 Amos Owens is scheduled for spudding 12 miles southeast of Iraan in Crockett County's Clara Couch Field. H. G. Sledge Inc. of Midland is the operator. Drillsite is a 320-acre lease in the H&OB Survey A-2710. The operator will seek Cisco Formation pay at a deph of approximately 5,800 feet.

Union Pacific Resources Corp. of Fort Worth has driven stake for an 11,000ft. developmental well in Crockett County's West Hunt-Baggett Field. It will be known as the No. 2H Couch "29-22." Location is in a 440-acre lease in the

S. W. Couch Survey A-50067 about nine and a half miles southwest of Ozona.

Primal Energy Co. has given up on its efforts to make a producer out of the No. 4 Hoover 13A, 35 miles southwest of Ozona in Crockett County's American Field. Spudded on October 15, it probed to 4,900 feet total depth with no commercial shows. Location was in the I&GN Survey A-626.
