Hale, Wilson win Bean Memorial

The Dan Bean Memorial Team Roping was held Saturday, Oct. 23, at the Crockett County Fairgrounds Arena. A total of 210 teams participated in the event. The proceeds from the roping are donated each year to a local organization by the Bean family. This year's recipient will be the Crockett County Cancer Fund.

Winners in the 1st go were: 1 Trey Hale and Micky Davidson of Big Lake, 6.13; 2 Hayse Worthington and

Kinney Dale Harrell of Brady, 6.2.

Trey Hale and Doug Wilson of Odessa won the average with 21.04 on three head followed by: 2 Hayse Worthington, Kinney Dale Harrell, 21.25/3 hd.; 3 Casey Davidson of Big Lake and Ed Hale Jr., 22.43/3 hd.; 4 Jim Phillips of Midland and Tommy Yeager of Rankin, 22.54/3 hd.; 5 Hayse Worthington and Michael Jones of Round Rock, 23.01/3 hd.; 6 Abel Sena of Crane and Kinney Dale

Harrell, 23.42/3 hd.

Trey Hale and Doug Wilson were presented trophy breast collars made by Coates Saddlery for winning the average spot. A saddle was also given to the high money winner of the day, Trey Hale, by the Bean family.

Special thanks go to the workers: Janie Whittenburg, Vickie Black, Charles Siedensticker, Wesley Bishop, Brad Mayfield, Clay and Clint Hale, Kinney Wadsworth and the Bean family.

Baggett elected SWCD director

Jack Baggett Jr. of Ozona was elected to the Crockett Soil and Water Conservation District board of directors on Oct. 12. Baggett represents Zone 3 of the district.

The purpose of the Crockett SWCD, with headquarters in Ozona, is to promote sound soil and water conservation programs on agricultural lands within the district. In addition, the district serves as a voice for farmers, ranchers and local community entities on conservation matters.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

The five members serving on the district board of directors are responsible for district policies and procedures for carrying out the district program within the framework of the Texas Soil Conservation District law.

Baggett is currently serving on the Ozona United Methodist Church

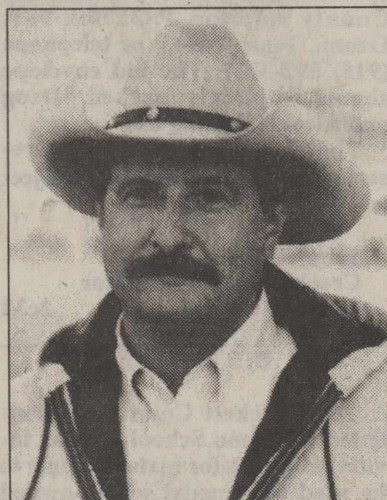

Foundation Board. He has previously been active in the Texas Sheep & Goat Association, Texas & Southwestern Cattle Raisers, Ozona Chamber of Commerce, Crockett County Hospital Board and Ozona Community Center.

In Texas there are 216 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board.

Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the district are of a voluntary nature to the landowners or operator or other potential users of the SWCD's programs.

The Crockett SWCD was established in 1950 to identify and prioritize resource concerns within the county and to serve as a medium for local ranchers in coordinating assistance from federal, state and local agencies. After the disastrous flood

which occurred on June 28, 1954, the Crockett SWCD and the Crockett

County Commissioners Court co-sponsored an upstream watershed protection project in the Johnson Draw area above Ozona. The Crockett SWCD is active in the education of youth by holding the yearly 6th Grade Field Day, sponsoring youth to range workshops, supplying educational materials such as the Conservation Round-Up to the local schools and co-sponsoring the Crockett County Range and Plant ID contest.

Lions annihilate the Eagles

By Michelle Holtz
STOCKMAN SPORTSWRITER

The Ozona Lions hosted the Eldorado Eagles Friday, Oct. 22, at Lion Stadium in the Lions' third district game of the season.

In the first quarter, the Lions and Eagles remained scoreless. In the second quarter, the Lions resumed play second and 17 on the 47-yard line. Bobby Cervantez, Kenny Vargas, Miguel Rios, Ross Crawford and Dustin Faught were all in the Lions' series of plays leading to a Lion touchdown.

Faught caught a great 6-yard pass from Crawford for the Lions with 7:38 remaining in the quarter. Kicker Miguel Rios, returning to the field for the Lions after an ankle injury, kicked the ball successfully for the extra point.

The scoreboard read Lions 7 - Eagles 0, and the crowd was on their feet cheering the Lions on.

A host of Lions, including Ty Allen, Ty Mitchell, Cade Clark and Dustin Shaffer, stopped the Eagles defensively, forcing them to punt. Faught received the ball on the 28-yard line for first and 10 for the Lions. Crawford carried the ball to the 31-yard line for second and 8. Then Cade Clark caught a pass from Crawford on the 43-yard line to make it first and 10. Cervantez caught another great pass from Crawford on the 10-yard line for first and 10.

Kenny Vargas was in on the next play; however, the ball remained on the 10-yard line, second and 10. Tim Maldonado moved the ball to the 3-yard line for third and 3.

Crawford followed up by running the ball in for the Lions' second touchdown of the game with 1:30 remaining in the first half. The kick for the extra point was unsuccessful.

The score at halftime read Lions 13 - Eagles 0. The Lions left the field headed for the locker room as Ozona fans cheered for the team and their incredible first half lead.

After halftime, the Lions came out pumped up and ready to finish what they had started. The opening kickoff of the second half began when Ty Allen made a short pooch kick

which was recovered by Maldonado. Seven plays later, Crawford connected with Cervantez on a great 21-yard pass for another Lion touchdown with 9:09 remaining in the third quarter. Rios' kick was good for the extra point, ending the quarter with a score of Lions 20 - Eldorado 0.

Fourth quarter play resumed with the Eagles on the 40-yard line, third and 8. An Eagle fumble was recovered by Lion Dustin Shaffer on the 43-yard line, making it first and 10 for the Lions. Seven plays later with 9:23 remaining in the game, Stephen Tarr threw a sweet 7-yard pass which was caught by Cade Clark for the Lions' final touchdown of the game. The kick for the extra point was blocked. The game ended Lions 26, Eagles 0.

Defending Lions, including Ty Allen, Ty Mitchell, Dustin Shaffer, Juan Garcia, Tim Maldonado, Joe Luna, Miguel Rios, Stephen Tarr and Dustin Faught, continued for the rest of the game to keep the Eagles out of the end zone and forced them to punt the ball.

Offensively, Cade Clark caught two passes, one for a touchdown, and had his best game of the year blocking. Cade graded 82% offensively.

Defensively, Tim Maldonado was in on eight tackles, harassed the quarterback and caused a fumble and recovered a fumble. Dustin Shaffer also had a good night defensively with six tackles.

On special teams, Ty Allen had an awesome night. He kicked the ball well on the kick offs and blocked good on extra points. Ty also kicked the opening kick off after the half, kicking a short pooch kick which led to a Lion touchdown.

"It was a great win," Coach Steve Taylor stated after the game, "another step toward making the playoffs. The players reached a new level when district got here, and they've maintained that level. They're playing some really good football right now, and they'll keep improving. A big key to the game was getting a lot of pressure on the quarterback. He had to hurry a lot of passes. Offensively, the key was throwing the ball effectively. Eldorado stacked the line of scrimmage and

dared us to beat them with the pass. Ross and the receivers, especially Bobby and Dustin, did a great job."

The Lions are 5-3 for the season and 2-1 in district. They will travel to Junction Friday, Oct. 29, to take on the Junction Eagles.

Pickups damaged in IH-10 wreck

Ron Dwight Cox, 61, of Bryan, was injured in an accident Oct. 21 in Crockett County. Cox was driving a 1990 Ford F-150 pickup and towing another pickup when the accident occurred at mile marker 343 at 2:05 p.m.

According to the accident report filed by DPS Trooper Kurt Knapp, Cox was eastbound and coming up a hill when the vehicles began to fishtail. He entered the median, corrected to the right and struck a rock wall. This caused the pickups to swing clockwise, and the towed unit tipped on its side and struck the rock wall. Both pickups faced west when they stopped.

Cox was picked up by the Crockett County EMS and then airlifted to San Angelo for further treatment.

A ONE VEHICLE ACCIDENT ON I-10 last Thursday was worked by very attentive members of the Crockett County EMS, fire and sheriff's department. Pictured in rear window of cab are: Deputy Larry Sanchez and Roland Dehoyas; (attending patient in cab) Alton Davis, Doug Meador; (l. to r.) Private property rights in peril in Congress

A backroom deal is likely to take place in the next 48 hours brokered by Senate Majority Leader Trent Lott (R-MS) and Senate Appropriations Committee Chairman Ted Stevens (R-AK). They will attach the Clinton/Gore Lands Legacy 2000 OR CARA (HR-701/S-25), both Billion Dollar Per Year Land Acquisition Trust Funds, to one of several appropriations bills now being considered in Congress.

If that happens, no landowner, rancher, farmer, miner, logger, or other property owner will be safe. New Federal reservations such as refuges and parks will be created across the country. A system of greenways, byways, view sheds, sound sheds, and trails will be purchased in a massive WILDLANDS PROJECT that will over time force much of rural America out of their homes, off their farms and into cities.

Whether or not eminent domain (Federal condemnation) is part of the initial bill, the green groups have promised to add it later. Tens of thousands of people will be forced to sell. Hundreds of small communities will lose their tax base. Schools, libraries, and many other important services will be lost.

In part this is happening because Clinton and Gore are holding various department appropriations bills hostage to force their land acquisition package on to one of them. Mostly it is happening because Stevens, Lott and other Senators are trying to get pork barrel money for their states. They're willing to trade you away to do it. Their land acquisition proposal will raise your taxes by up to \$2.5 billion.

Lands Legacy 2000 and CARA, the Conservation and Reinvestment Act (HR-701/S-25) are the greatest threat to private property since the Endangered Species Act (ESA) 30 years ago.

WHAT YOU MUST DO OVER THE NEXT 48 HOURS (Through Wednesday)

1. Call both your Senators to urge them to put a stop to the Trust Fund. They can't if they want to bad enough. Ask your Senators to filibuster any land acquisition funding bill that calls for a trust fund or increases land acquisition above the average of the last 10 years. Call your Senators at 202-224-3121.

2. Call Senator Trent Lott (R-MS) at (202) 224-3135 or (202) 224-6253 or send him a fax at (202) 224-

4639 or (202) 224-2262. Call Senator Ted Stevens (R-AK) at (202) 224-3471 or (202) 224-3004 or fax to (202) 224-2354. If the lines are tied up, use the Capitol Switchboard to call at (202) 224-3121.

3. Call your Congressman at (202) 225-3121 to ask that he or she make the case to your Senators that passage of a Billion Dollar Trust Fund will threaten support from rural Americans all over the country.

Model meeting receives "spud-tacular" reviews

Members of Xi Sigma Omega met at the home of Martha Weant on Monday, Oct. 18, for the annual Model Meeting for the newest members. Debbie Long and Dale Mayfield. Spectacular Spuds were on the menu and the program. The meal was built as each member added a condiment to the foundation, the standard baked potato. As each condiment was added, each member presented the new members with a brief insight into the philosophies of Beta Sigma Phi

and our own Xi Sigma Omega. After a wonderful meal and a great gab session with Debbie and Dale, the meeting was adjourned. Welcoming new members were: Martha Weant, Susan Buchanan, Janet Smith, Laurie Hale, Diane Anderson, Shannon Hunnicutt and Laura Skehan.

The next event is the Fall Couples Rush planned for Monday, Oct. 25, at the Hitchin' Post Restaurant. Shannon Hunnicutt reporting

Texas Department of Health urges annual flu shots

The trees begin to lose their leaves. Children try to remember where they left their sweaters and jackets. And adults begin to stock up on pain relievers and tissues.

It's fall in Texas; can the flu season be far behind?

Much of the illness and death caused each year by flu — short for influenza — can be prevented by an annual shot. "Getting vaccinated, especially for those in the high-risk populations, is the best prevention," said Neil Pascoe, influenza surveillance coordinator at the Texas Department of Health (TDH). "Although the flu itself typically lasts only a week or two, it can lead to more serious illness such as pneumonia, especially for the elderly and people with other health problems."

Flu symptoms include fever, cough, sore throat, runny or stuffy nose, headache and muscle aches and usually extreme fatigue. Complications from flu can lead to as many as 20,000 deaths in the United States annually. More than 90 percent of the deaths attributed to pneumonia and influenza are to people over age 65. In 1997 in Texas, influenza and pneumonia accounted for 4,614 deaths, listed together as the seventh leading cause of death in the state. Of those deaths, 3,984, or about 86 percent, were to people age 65 and older.

Other high-risk groups of people include:

- Residents of nursing homes and other chronic-care facilities;
- People with chronic heart and lung disorders;
- Children with asthma;
- People with chronic metabolic diseases, diabetes, kidney or blood problems, or weakened immune systems;
- Children 18 and younger on long-term aspirin therapy, putting them at risk of developing Reye syndrome after influenza;
- Women in the second or third trimester of pregnancy during flu season and pregnant women with a medical condition that increases risk for flu-related complications.

Those who work or live with people in the high-risk categories also should be vaccinated. This group includes physicians, nurses and other

hospital personnel; employees of nursing homes and chronic-care facilities; home health care providers; and people living with those in high-risk groups. A person can spread the flu virus a day before symptoms appear.

Pascoe said it takes about two weeks after a flu shot for a person to be protected. Most vaccinations are given during the six weeks from early October through mid-November for the flu season which runs through March. Illnesses from influenza usually reach a peak in January and February.

"A single dose of influenza vaccine is recommended for adults and previously vaccinated children," Pascoe said. "Children 9 and younger who have not been vaccinated before should get two doses given at least a month apart."

Each year's influenza vaccine contains three virus strains, usually two classified as type A and one type B, expected to circulate in the country during the flu season. The vaccine for the 1999-2000 season includes A/Sydney, A/Beijing and B/Beijing. The names signify where that particular strain of flu virus was first identified.

Can the vaccination itself cause the flu?

"No," Pascoe said. "The vaccine is made from killed influenza viruses. Although vaccination may cause soreness at the injection site or mild fever, the most serious side effect is a reaction in people allergic to eggs." Influenza vaccine is made from highly purified viruses grown in eggs.

Ozona Woman's Forum News

The Woman's Forum met in the home of Marilyn Cox on Tuesday, Oct. 18. Twenty-three women attended.

Marolyn Bean introduced Joan Stocks Nobles, who presented the program. Ms. Nobles is the author of the book, *Run With the Horses*. Rather than give a book review, she said that her mission was to encourage others to write, as she has, the old stories that have been handed down through the generations. She said that if she could write a book, anyone in the club could

do likewise. Her mentor, Elmer Kelton, encouraged her to write the story told her by her grandfather, Joe Stocks, when she was a child. The end result was the captivating book, *Run with the Horses*. She ended the program by sharing several anecdotes from her childhood when she lived in far West Texas on the family ranch and she answered questions from the audience.

The next meeting will be on Nov. 2, when the club will meet at the Crockett National Bank.

Alpha Alpha Mu tests creativity

On Oct. 11, Alpha Alpha Mu met with Tonya and Sharon Bullard as hostesses. They served chicken spaghetti, rolls, salad, rum and pumpkin cakes.

All enjoyed each other's company, and for awhile they got to act like kids again when they played a game with Playdough for the evening. The winner of the game, for the most "creative", was Laura Sievering who

created a unique witch on a broom.

The actual program for the evening of designing Halloween pins will be rescheduled for a later date.

The evening's topic was the Alpha Alpha Mu Taco Supper on Oct. 22 at the civic center.

Members present were: Tonya Poindexter, Donna Wiley, Carol Richie, Tammy Jones, Jennifer Hicks, Dana Cowen, Shawna Hopper, Melissa Morris, Patricia Sutton, Rhonda Shaw, Adrienne Cook, Jackie Necessary, Kay Shaffer and new pledges Laura Sievering, Sterling Roddie and Jennifer Knapp.

Health Fair includes cholesterol screening

The Wesley Nurse Program at Ozona United Methodist Church will offer free cholesterol screenings at the Health Fair on Nov. 10. Methodist Healthcare Ministries, which partners with the local Methodist Church to provide the Wesley Nurse Program here in Ozona, will fund the screenings.

In an attempt to target the individual who is statistically at risk for elevated cholesterol, an assessment of risk factors will be done prior to the actual screening test. To schedule your

assessment, please call E. A. Wadsworth at 392-3060.

If you have insurance that covers cholesterol screening, or have had your cholesterol checked in the last six months and have not been instructed to receive a follow-up reading, you will not qualify for this free screening.

Bingo winners last week were: 1 Calvin Johnson, 2 Francis Flanagan and 3 Bea Beckett. Joining us for bingo were Betty Harrell and Socorro Maldonado. Employees volunteering for bingo were Amanda Fay, Alicia Salas and Elisa Sentana. Jeff Sievering, P.A., joined us for bingo, also.

The cold weather brought residents out of their rooms with sweaters and lap robes to face the chilly Monday morning.

Our Halloween Party will be Sunday, Oct. 31, at 3:30 p.m. in the main lobby with cookies and punch being served. Come join the fun with our staff and residents.

Sunday evening at 6:30 our residents will be ready for trick or treats at our main front door at the care center. Bring your little spooks by for a treat.

Our Thanksgiving lunch will be Nov. 20 at noon for residents and family. If you plan to attend, please call 392-3096 and let me know.

Our goings and comings at the care center are on hold as the flu season is upon us and the colder weather. Don't want to risk anyone getting sick.

Commissioner Freddie Nicks came by with Halloween cookies for nursing staff and kitchen employees. Everyone enjoys Freddie's good homemade cookies. Thanks from all of us for the great treat.

Oct. 25 service for Miller Henry

Miller Ray Henry, 79, died Saturday, Oct. 23, 1999, at Baptist Memorial Care Center in San Angelo after a long illness.

Service was at 2:00 p.m. Monday at the First United Methodist Church with burial in Cedar Hill Cemetery in Ozona. Arrangements were by Freddy Funeral Home.

Mr. Henry was born July 10, 1920, in Rising Star. He moved to Ozona to work with Conoco Oil Company and remained with the company

until his retirement in 1983 after 27 years of service.

Mr. Henry was a veteran of World War II where he served as a staff sergeant in the South Pacific. He was a lifetime member of First United Methodist Church.

Survivors include his wife, Fay Henry of Ozona; a daughter, Patti Jones of Ozona; a son, Ned Henry of Houston; four grandchildren and two great-grandchildren.

Morris Miller service on Oct. 25

Morris William Miller of San Angelo died Sunday, Oct. 24, 1999, at his residence. He was 83. Funeral services were held at 2:00 p.m. Oct. 25 at Johnson's Funeral Home in San Angelo with burial following in Lawhaven Memorial Gardens.

Morris Miller was born in Ozona July 3, 1916, the only son of Will L. and Callie Dunlap Miller, a pioneer ranch family.

He graduated from Ozona High School in 1933 and moved to Borden County to join his Dad in ranching. He married Willena Wyatt, his high school sweetheart, in 1936, and they continued to live on the ranch in Borden County.

Their only child, Margaret Ann, was born in 1943 in Snyder. She died in 1993 after almost six years battling cancer.

In 1957 they moved to Bandera County when they purchased the beautiful Rocky River Ranch near Medina. They had many friends there, in the beautiful Hill Country.

In 1977 they moved to San Angelo and purchased a ranch in Concho County near Eden. Morris went to the Concho ranch almost every day and went to Borden County often to oversee the property there.

He was a Baptist.
He is survived by his wife, Willena; and two granddaughters, Cara Carpenter and Julie Ann Carpenter; two great-grandchildren, Kyle Morris Hahn and Chelsea Raelyn Hahn. He is also survived by one sister, Mildred Bond of Brooksmith, and his brother-in-law and wife, Floyd and Dorothy Wyatt of Bandera.

Ozona Real Estate

The mother/daughter duo of Margie Forrest and Martha Weant have only worked together a year and a half as Ozona Real Estate, but they have a combined total of 42 years in the business. Mrs. Forrest received her real estate salesperson license in 1972 and sat for and received her broker's license in 1974 after the mandatory two-year period. Martha received her license in 1984.

Mrs. Forrest has managed real state offices in Houston and Midland and also taught classes at Midland College and Southwest College of Real Estate in Midland.

"The real estate commission is strict and we adhere to those rules," said Mrs. Forrest. "We stay abreast of all changes in the real estate industry."

"Part of the service at Ozona Real Estate when we list a house, even though we're working for the seller, is to help the buyer through getting their financing." Ozona Real Estate stays on top of each step of the sales/purchase process.

The ladies are planning a seminar after the first of the year to educate the public about buying and selling. Appraisals, financing, titles and insurance are some of the topics to be covered.

Martha and her husband Danny Weant, have two sons, Justin, 11, and Nathan, 7. Margie and Don Forrest call Midland home although she lived in Ozona briefly as a child. We want to thank the community for the support they've given us say Margie and Martha. Court Should Let Us Pray and Play

Earlier this year, a federal appeals court ruled that organized prayer before public school athletic events is unconstitutional. The ruling directly impacts school districts within the court's jurisdiction: Texas, Louisiana, and Mississippi. This decision has forced many Texas high schools to halt pre-game prayers until the U.S. Supreme Court takes up the matter. Unless our highest court strikes down this ruling, the constitutionally guaranteed liberties of all Americans will be warped.

The Constitution of the United States of America explicitly grants the free exercise of religion. It provides freedom of religion, not from religion. This ruling sets a dangerous precedent. It also ignores religion's role in the foundation of our government. The House of Representatives starts each day with a prayer, as does the U.S. Supreme Court itself. If I can pull a quarter out of my pocket and read "In God We Trust," how can our courts prohibit our children from asking God to watch over them as they play a little football on a Friday night? The court's decision doesn't make sense.

Prayers and invocations at public school sporting events contribute to the moral foundation of our nation. Prayers positively affect fair play and good sportsmanship of both players and spectators at sporting events. With the recent incidents of violence in schools as evidence of a decaying moral fiber in America, why should we prevent our children from utilizing prayer to guide them in their endeavors?

The decision to pray when and where we want should lie with individuals, not in Washington or in the courthouses. Those that don't believe aren't forced to pray. And a prayer that simply asks for divine guidance and protection shouldn't offend anyone who does, regardless of their religious affiliation.

Many of us still live in strong and united communities. When we come together on Friday nights to cheer for our children, our sense of community is reinforced. And when all the spectators and all the players pause for a moment of prayer before a game, we recognize a greater Power in our lives which binds us together. Our communities have always stood behind our students and supported them in their endeavors. When our courts prevent us from asking God to watch over our children, we wonder where our country is headed. The judges are dictating things they should not. Last week, I introduced House Concurrent Resolution 199, which affirms our constitutional freedom and right to offer prayer at public sporting events. This resolution also calls upon the U.S. Supreme Court to uphold the constitutionality of such practices. Both Republicans and Democrats are supporting this resolution.

I am hopeful that Congress will soon consider this resolution so that all citizens will know how their representative stands on this issue. We know what it means to be free, and we know when government has overstepped the limitations we have placed on it through the Constitution. The U.S. Supreme Court should overturn this decision which so deeply affects our lives.

If Congress can start each day with a prayer, why can't the students in our schools do the same before football games?

Why Join?

By Dennis J. Prutow

What do you think? Is church membership important? After all, you can derive all the benefits without any of the responsibility. Why join? Good question.

Jesus Christ guides us to formal ties with the visible body. The Great Commission makes this clear. "Go therefore and make disciples of all the nations, baptizing them in the name of the Father and the Son and the Holy Spirit, teaching them to observe all that I commanded you; and lo, I am

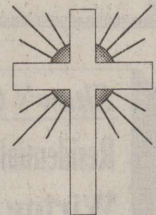

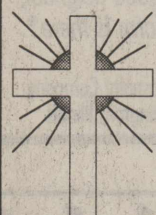

with you always, even to the end of the age" (Matthew 28:19-20).

Disciple includes baptism. Look at the example of the New Testament church. Peter preached. Many were converted. "Those who had received his word were baptized; and that day there were added about three thousand souls" (Acts 2:41). Those converted to faith in Christ were baptized. They were added to the number of the disciples in this fashion.

The disciples met together. "They

were continually devoting themselves to the apostles' teaching and to fellowship, to the breaking of bread and to prayer" (Acts 2:42). They were willing to sit and learn all that Christ commanded. This was their commitment.

Biblically speaking, discipleship includes a formal relationship with the church ratified by baptism. Discipleship also includes a pledge to learn all that Christ commands. To be disciples there must be baptized commitment within the visible church.

October is Egg Month

Since eggs are considered one of nature's more "perfect" foods, most of us would do well to include more eggs in our diet. Eggs are, however, carriers of the bacteria salmonella, which can cause very serious health problems, and safety precautions should be taken. Remember these safety tips concerning eggs:

1. Cracked eggs can be dangerous - do not use.
2. Always buy eggs from a refrigerated case rather than a room-temperature display.
3. Eggs that float in water should not be used - they are old.
4. Still unsure? Crack the egg into a clean bowl and smell it. An old or stale egg will smell like damp grass or straw.
5. When cracking or separating eggs, make sure that the fresh egg never touches the outside of the shell, which is more apt to carry contaminants.
6. Never eat raw eggs in any form, no matter how tempting the raw cake, cookie dough, may be.
7. Before and after handling eggs, wash your hands and any utensils, bowls, or countertop that may have

come into contact with either the shell or the contents.

8. When eggs are cooked properly, to a temperature of 140 F., all harmful bacteria will be killed. The egg is safely cooked when the white is set and the yolk is just starting to firm. Casseroles with eggs are safe when a knife inserted in the center comes out clean.
9. Serve egg dishes immediately or chill them quickly and then refrigerate. Never keep any dish containing raw eggs for more than a few hours in the refrigerator.
10. Fresh eggs, if refrigerated without interruption, should retain their quality for at least one month.
11. Eggs stored in those handy spots in the refrigerator door will deteriorate more quickly than those kept in their own cartons, set on an inside shelf.
12. Keep raw cut onion or garlic, or any other highly spiced foods, tightly wrapped and away from fresh eggs, as they can absorb the smell.

TTU Junction seeks input about academic program

Texas Tech University at Junction is looking at the possibility of offering college courses during the spring semester, if there is sufficient interest. Under consideration are two evening courses, freshman English and either algebra or history. Each course would meet one night a week. Before a decision can be made, input from the public is needed.

If you are interested in taking any of these courses, please contact Texas Tech at 915-446-2301 or high school counselor David McWilliams by Nov. 2. When calling please specify which courses you are interested in and which nights during the week you have free. Calling is not a commitment to take a course.

ASU to host "College Daze" Nov. 6

Angelo State University will host "College Daze" for prospective ASU students and their parents Saturday, Nov. 6.

"College Daze is an opportunity for prospective students and their parents to learn in one day what ASU has to offer," said College Daze coordinator Katy Williams.

College Daze will begin with registration at 9:30 a.m. in the ASU Physical Education Building, followed by a welcome session at 10 a.m. when faculty and current ASU students will greet prospective students and their parents as well as offer information about academic programs and student life.

After the welcome session, students will take campus tours given by student volunteers, then eat lunch in the cafeteria. Next, students and their families may attend the ASU Expo in the Physical Education Building for information on financial aid, Carr Academic Scholarships and campus activities. Representatives from each field of study at ASU will also be available to answer questions.

At 1:30 p.m. an information ses-

sion will be presented for students interested in ASU preprofessional programs, including pre-medicine and pre-law, among others.

Guests who attend College Daze will receive complimentary tickets to the ASU vs. Texas A&M-Commerce football game at 2 p.m. at the San Angelo Stadium.

"Before you make the choice in any big investment such as higher education, you need to see how you're going to fit in at that particular college," Williams said. "Most colleges out there offer a good education program, but atmosphere is a key element in college life."

"You should know what you're getting into," Williams said. "Get a feel for the campus, and see if it will feel like home to you."

For more information on College Daze, contact the Office of Admissions at 915-942-2058 or 1-800-946-8627.

Two additional College Daze programs are scheduled on Saturdays during ASU's spring semester. The spring dates are Feb. 26 and April 8.

ASU to host "Concho Valley College Night"

Angelo State University will host a "Concho Valley College Night" on Tuesday, Nov. 16, at the ASU Physical Education Building. The program will run from 7:00 to 8:30 p.m., and there is no charge to attend.

This gives high school students and their parents an opportunity to visit with representatives from over 50 different colleges and universities as well as representatives from different branches of the armed services. High school counselors and teachers are also encouraged to attend.

Students are strongly encouraged to take advantage of this program as they proceed through the college

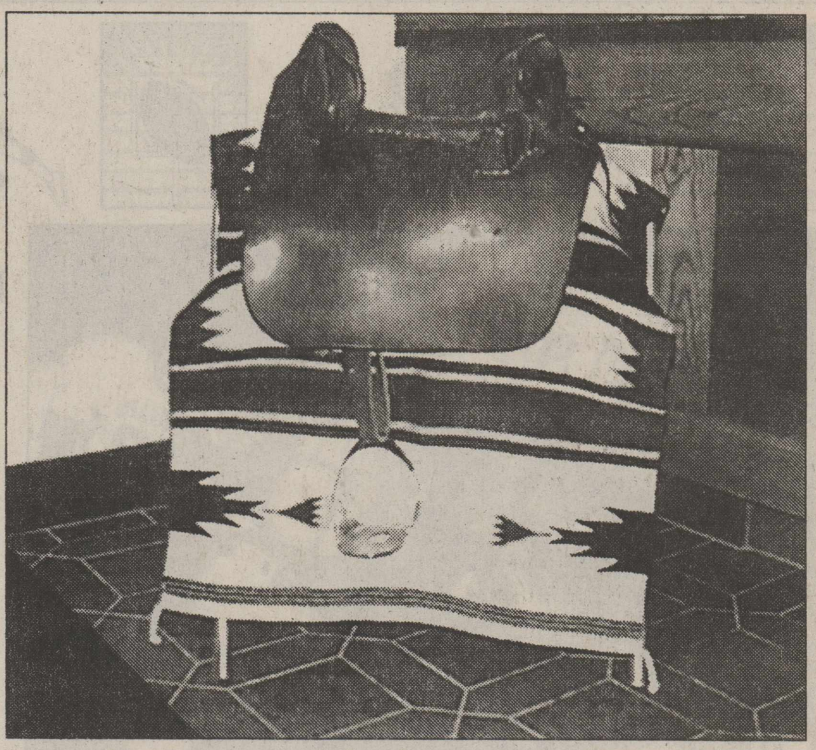

search. They should come prepared to ask questions and gather materials from the various schools.

For additional information contact Wendy at 800-946-8627 (toll free) or in San Angelo 942-2185 extension 230.

ALBERTO GALINDO has had a saddle of his on display at CNB. The saddle came to Mexico from Spain in the 50's with a group of Andalusian horses, as a gift to the state of Coahuila governor. Some of these saddles were left with the trainer and he kept them for years. Somehow all of them became lost except for this last one and the trainer was schooling Galindo's mare for dressage, Spanish walk and reining at the time and he decided that Alberto should have it.

Freshman Lions too tough for the Broncos

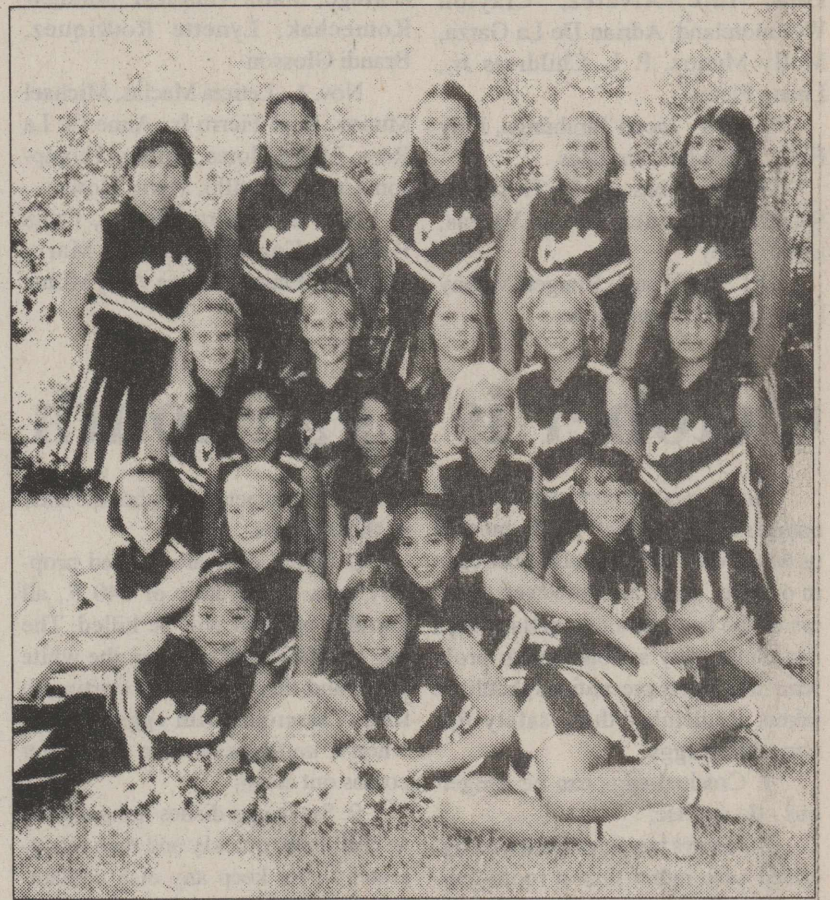

By Michelle Holtz
STOCKMAN SPORTSWRITER

The Ozona Freshman Lion football team traveled to Sonora last Thursday to take on the Freshman Sonora Broncos. Both teams remained scoreless in the first quarter. However, in the second quarter Lion Koby Fenton scored a touchdown for the Ozona on a two-yard run. The two-point conversion was good as Mikey Savala threw a beautiful pass to

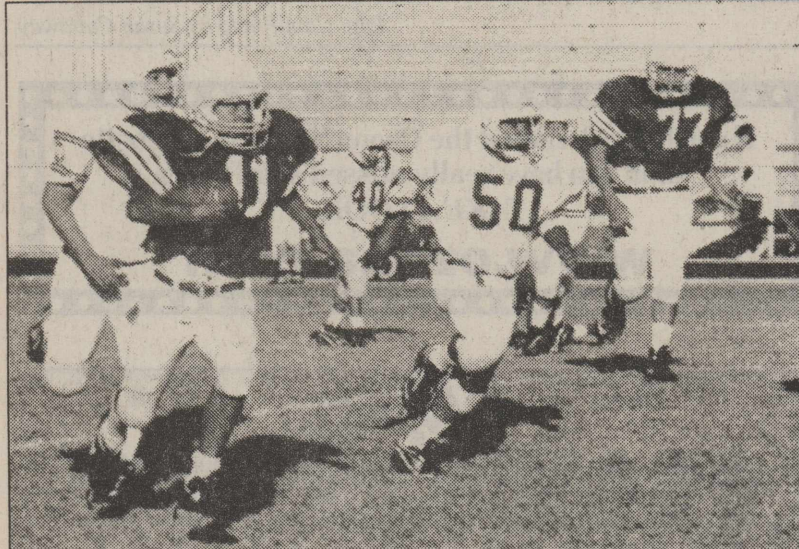

Rogelio Sanchez of the Lions to lead the Broncos 8-0.

Coach Ty Payne said after the game, "Our defense played very well as the Lions held the Broncos allowing the Broncos no scores for the night as the Lions surprised the Broncos and won the game." The final score was Lions 8, the Broncos 0.

The Freshman Lions will host the Junction Eagles at Lion Stadium on Thursday, Oct. 29.

Eighth Grade Cubs remain undefeated

By Michelle Holtz
STOCKMAN SPORTSWRITER

Cub Arron Garza scored the team's first touchdown against Eldorado Oct. 21 in Lion Stadium with 1:43 left in the first quarter. Garza then kicked successfully for the extra point, giving the Cubs a 7-0 lead at the end of the quarter.

The Cubs kept the Eagles from crossing the line of scrimmage in the second quarter. Garza took off on a 75-yard run to score again for the Cubs. His kick for the extra point was good, increasing the Cubs' lead to 14-0.

In the next Eagles series, a host of Cubs, including Tyson Vordick, Joel Ortiz, Jarryd Taylor, Brad Mayfield, Harvey Ruiz and Josh Long, contributed in stopping the Eagles from moving the ball down the field.

The Cubs fumbled the ball, and the Eagles recovered on their 29-yard line; however, the Cubs came back to hold the Eagles from advancing to the end zone.

In the third quarter, Jarryd Taylor caught a 45-yard pass from Clay Hale for a Cub touchdown. The extra point attempt was unsuccessful.

The Cub defense continued to hold the Eagles in the fourth quarter; however, with 30 seconds left in the game, the Eagles broke through the tough Cub defense to score an Eagle touchdown. The extra point attempt failed for the Eagles.

With four seconds left on the clock, referees called the game over due to an injury on the field.

The Cubs remain undefeated as they beat the Eagles 20-6.

"I can't say enough good things

about our defense," Coach Steve Osborn said after the game. "Coach David Delgado has done a great job with these young men as they just come up big every week. We have the luxury of gambling sometimes on offense because we have so much confidence in our defense."

"Brad Mayfield responded well in playing a new position as well. We moved him to defensive end. He made two unassisted tackles behind the line of scrimmage. Tyson Vordick had a great interception and about a 30-yard return that set up a touchdown. Y2K Wiley had a couple of big tackles from his cornerback position. Arron Garza deflected a pass at the goal line to stop an Eagle scoring drive."

"I can't name everyone, but we just have a lot of young men ready to make plays all the time."

The Cubs are now 6-0-1 for the season. They will play in Junction Oct. 28.

JV Lions defeat the Eagles

By Michele Holtz
STOCKMAN SPORTSWRITER

Oct. 21 in Eldorado, the JV Eagles had the first possession, but that soon changed when Lion Gustavo Perez intercepted an Eagle pass and ran 49-yards for a touchdown. Eliberto Onate kicked the extra point to put the Lions on the scoreboard with a quick 7-0 lead.

The Lion defense continued to put pressure on the Eagles, causing Eldorado to fumble on their own 26-yard line. The Lions recovered the ball, and on the next play, behind the key blocks of Robert Ogle, Luis Cruz and Abel Rodriguez, Jimmy Lopez, sprinted 24 yards to score another touchdown. The extra point attempt was unsuccessful, and the Lions increased their lead to 13-0 over the Eagles.

On the next Eagle drive, the Lions caused another fumble. Running backs Abel Rodriguez, Jimmy Lopez and Jared Shaffer pounded the ball down to the Eagle 1-yard line for a Rodriguez score. The 2-point conversion from Kyle Richardson to Lalo Garza was good; however, a flag on the play negated the points.

The score at the end of the first quarter was Lions 19 - Eagles 0.

In the second quarter, the Eagles came back on two consecutive drives on a 24-yard run and a 23-yard pass for touchdowns, leaving the Lions

ahead by just five points, 19-14.

After the half on the Eagles' next possession, Rodriguez tipped an Eldorado pass, and Ogle picked it off. On the next Eagle possession, Garza intercepted and went 43 yards to the Eagle 30; however, a penalty brought the ball back to the Lions' 20-yard line.

The Lions quickly bounced back on the next play when Rodriguez rambled 85 yards for another TD. The extra point attempt failed, leaving the score Lions 25 - Eagles 14.

In the fourth quarter, the Eagles challenged again, but the Lion secondary team intercepted another pass caught by Jimmy Lopez. Eldorado backed the Lions up to their 4-yard line, but a super kick by Jimmy Lopez, which netted 60 yards, got the Lion defense some breathing room.

On the Eagles' last possession, Abel Rodriguez intercepted an Eagle pass on the Eldorado 4-yard line to finish the game. The final score was Lions 25 - Eagles 14.

"Our secondary did a great job tonight," said Coach Lynn Searcy after the game. "They were aided by the pressure applied by our forcing unit. Dwayne Smith, Wesley Bishop and Gustavo Perez had a good game on defense, and Ogle, Rodriguez and Lopez did very well on offense."

The JV Lions are now 6-2 for the season. They will host the Junction Eagles Thursday, Oct. 28, at 6:30 p.m. at Lion Stadium.

Seventh Grade Cubs devastate the Eagles

By Michelle Holtz
STOCKMAN SPORTSWRITER

The 7th grade Cubs defeated the Eldorado Eagles Oct. 21 in Lion Stadium with a final score of 28-6.

Starters for the Cubs were Alex Avila, Jared Bird, J. D. Borrego, Vince Castro, Doug Duncan, Derek Fierro, Roland Galindo, Michael Garza, Toby Pagan, Raven Perez, Eddie Rios, Ruben Talamantez and Eliseo Treto.

In the first quarter, Ruben Talamantez scored the first touchdown of the game for the Cubs. J. D. Borrego then ran in the 2-point conversion, making the score Cubs 8 - Eagles 0.

Borrego scored the Cubs' second touchdown; however, the 2-point conversion attempt was unsuccessful. The Cubs led the Eagles 14-0 at the end of the first quarter.

In the second quarter, Cub Toby Pagan took the Eagles by surprise as he drove down the field on an incredible 81-yard run to score. Borrego ran in the two extra points on the conversion, bringing the score to Cubs 22, Eagles 0.

In the third quarter, the Cubs' defense continued to hold the Eagles from scoring.

Vince Castro scored the Cubs' last touchdown, making the third quarter score Cubs 28, Eagles 0.

In the fourth quarter, the Eagles managed to score their first and only touchdown of the game. Play ended with the Cubs 28, Eagles 6 as the Cubs' season record moves to 5-2.

"Our 7th grade team performed extremely well against another physically larger team," said Coach Rick Bachman. "I was very pleased with our execution both offensively and defensively. Our running backs had another fantastic game, and I can't say enough about the outstanding job that was done by the offensive line comprised of Derek Fierro, Alex Avila, Roland Galindo, Michael Garza, Jared Bird, Eddie Rios, Doug Duncan and Eliseo Treto. These young men never get the credit they deserve, and they opened large holes for our running backs all evening."

"Mack Poindexter had a great game on defense, and Jeffery Gillit filled in and really helped us on special teams. I am so proud of the way this group has developed and played as a team this entire season. I expect them to continue to excel and improve

from week to week."

The 7th grade Cubs will travel to Junction to take on the Junction Eagles Thursday, Oct. 28.

Lion Band at Area Marching Contest

The Ozona Lion Band traveled to the Birdville School District to compete at the U.I.L. Area B Marching Band Contest on Saturday, Oct. 23. A total of 20 Class AA bands were at the contest with only four chosen to advance to the State Marching Contest to be held on Monday, Nov. 1, in Mesquite. The Class AA bands that advanced from Area B were Holiday, Anson, Eldorado and Jim Ned. Band directors Kelly Glaze and Norman Carroll were extremely proud of the Lion Band's performance at the contest and wish the advancing bands the best of luck at State.

Other bands competing were: Olney, Wall, Hamilton, Stamford, Seymore, Mason, Hamlin, Godley, Jacksboro, Grandview, Pilot Point, Venus, Coleman, Hawley and Reagan County. The music judges were Harry Blake from Salem, OR; Dennis Hopkins from Georgetown and

Leland Sharrock from San Antonio. Judging marching were Richard Herrera from Brownfield and Darryl Trent from Frisco.

The Lion Band and their directors would like to thank the School Administration, Board of Education, Band Boosters and the community for their continued support of the Ozona Band Program. The members of the band would also like to express their appreciation to Mr. and Mrs. Ray Ramos, Mr. and Mrs. Joe Lara, Mr. and Mrs. Johnny Tambunga, Mrs. Martha Villarreal and Mrs. Elaine Castro for their time and effort as sponsors for the trip. The band would also like to thank Mrs. Matilda Camarillo for the beautifully decorated "Good Luck" cake, High School Principal Mr. Donny Wiley for his support and all the Ozona Band Boosters who made the trip to the Area Contest.

U.S. Fish and Wildlife Service lists Devil's River Minnow as a threatened species

The Devil's River minnow, a native species of the clear, spring-fed streams of Val Verde and Kinney counties in Texas, was listed on Oct. 20 as threatened under the Endangered Species Act by the U. S. Fish and Wildlife Service. A species is designated as threatened when it is likely to become an endangered species in the foreseeable future.

The 2-inch fish once thrived in the creeks of the hill country around Del Rio, ranging from the Devil's River near Juno to Las Moras Creek in Brackettville and into northern Mexico. Currently, biologists have found the minnow in only three locations in Texas - one in San Felipe Creek in Del Rio and two in small creeks feeding the Devil's River. In Mexico, the fish is known to exist in only one location in the Rio Saladao Drainage in Coahuila.

The minnow is threatened by declines in water quality and quantity, and by non-native fish introduced into its habitat, including smallmouth bass which prey on the minnow.

Habitat destruction caused by the construction of the Amistad Reservoir eliminated the fish from the lower Devil's River. The species was wiped out by Las Moras Creek when the springs feeding the creek were modified to construct and maintain a swimming pool.

The Devil's River minnow, which is already recognized by the State of Texas as a threatened species, was proposed for listing as an endangered species in March 1998.

After consideration of the public comments and the signing of a conservation agreement with the Texas Parks and Wildlife Department (with cooperation of local landowners) and the City of Del Rio in September 1998, the Service decided to list the fish as threatened rather than endangered.

The agreement provides for the State and city to undertake conservation actions including protection of the San Felipe Creek watershed, technical assistance to landowners on the conservation of riparian areas, review of live bait harvest and selling practices in the Devil's River area to prevent further establishment of exotic, aquatic animals, and additional population and habitat monitoring.

"This agreement is a result of our close work with the State of Texas and other partners," said Nancy Kaufman, the Service's regional director for the Southwest Region. "It provides a blueprint for joint efforts to restore this species."

Concern over the minnow began in 1978, when the Service initially proposed that the fish be listed as threatened. The proposal was withdrawn in 1980 due to a lack of information. The Texas Parks and Wildlife Department has since monitored the status of the fish, documenting substantial declines. Surveys in 1997 and 1998 confirmed the existence of the minnow in only three localities.

The decision to list the Devil's River minnow as threatened follows a one-year review period of the proposal to list it as endangered that was published in the Federal Register on

March 27, 1998. The public comment period was opened for 120 days and was reopened in October for an additional 30 days. The Service also held a public hearing in Del Rio on the proposal in May 1998.

The service published its decision to list the species as threatened in the Oct. 20 Federal Register.

The U. S. Fish and Wildlife Service is the principal Federal agency responsible for conserving, protecting and enhancing fish, wildlife and plants and their habitats for the continuing benefit of the American people. The Service manages their 93-million-acre National Wildlife Refuge System comprised of more than 500 national wildlife refuges, thousands of small wetlands and other special management areas. It also operates 66 national fish hatcheries, 64 fish and wildlife management assistance offices and 78 ecological services field stations. The agency enforces Federal wildlife laws, administers the Endangered Species Act, manages migratory bird populations, restores nationally significant fisheries, conserves, and restores wildlife habitat such as wetlands, and helps foreign governments with their conservation efforts. It also oversees the Federal aid program that distributes hundreds of millions of dollars in excise taxes on fishing and hunting equipment to state fish and wildlife agencies.

Soil and Water Conservation District holds annual meeting Oct. 19

While attending their 59th annual meeting in Lubbock, directors representing Texas' 216 Soil and Water Conservation Districts (SWCDs) on Oct. 19 backed a resolution to repeal a regulation that requires federal employees to report cultural resources encountered while engaged in conservation work on private land.

"What is at stake here is the confidentiality of private property aspects not specific to soil and water conservation district technical assistance that is typically provided to our cooperators," said George Mills, of Alpine, member of the Big Bend SWCD.

The requirement to report cultural resources (such as American Indian artifacts) affects employees of the USDA-Natural Resources Conservation Service (NRCS), who have traditionally supplied technical assistance to SWCDs working with private landowners.

Federal employees are required to conduct cultural resources field inspections on all lands receiving fed-

eral technical assistance or financial aid from the NRCS.

"The recording and reporting of cultural resources to a state agency that has not gained the trust of private property owners betrays the trust developed over many years between soil and water conservation districts and private property owners," Mills said.

"This betrayal of trust will discourage private property owners from seeking conservation district assistance and by doing so will reduce the substantial progress made by districts in the conservation and management of Texas' natural resources," Mills said.

Approximately 600 SWCD directors representing the state's 216 SWCDs and other conservation leaders attended the Annual State Meeting of District Directors, held October 18-20, in Lubbock.

Representing the Ozona office were Stephen Zuberbueller, district conservationist, and Larry Williams, director.

Emergency farm/ranch loan applications being accepted

Applications for emergency farm/ranch loans for losses caused by extreme fire hazards are being accepted at the Farm Service Agency (FSA) office located in San Angelo, FSA Farm Loan Manager, Fred J. Greenway said.

Concho, Crockett, Irion, Menard, Schleicher, Sutton, Tom Green, Reagan, Runnels and Upton are some of the counties in Texas recently named by President Clinton for loans to cover part of actual physical and production losses resulting from extreme fire hazards that occurred on Aug. 1 and continuing.

Fred J. Greenway said farmers/ranchers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business, whichever is less. For farmers/ranchers unable to obtain credit from private commercial lenders, the interest rate is 3.75 percent.

"As a general rule, a farmer/rancher must have suffered at least a 30 percent loss of production and/or a qualifying physical loss, for an FSA emergency loan," Greenway said. Farmers/ranchers participating in the Federal Crop Insurance program will have to figure in proceeds from these programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until May 1, 2000, but farmers/ranchers should apply as soon as possible and contact your local FSA office for the last date to turn in an application. Delays in applying could create backlogs in processing and possibly over into the new farming season, Greenway said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers/

ranchers who work at and rely on farming/ranching for a substantial part of their living. Eligibility is extended to individual farmers/ranchers who are U.S. citizens and to farming/ranching partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FSA office in San Angelo is open from 8:00 a.m. to 5:00 p.m. Monday through Friday.

\$120,000 federal grant to assist sheep and goat industry

Agriculture Commissioner Susan Combs announced on Oct. 25 that the Texas Department of Agriculture has received a \$120,000 federal grant to develop economic adjustment strategies for the state's sheep and goat industry, which is under stress from drought and the loss of federal price support programs.

Combs said the Economic Adjustment Assistance Grant may also be used to fund proposals that will benefit rural counties and communities adversely affected by the sheep and goat industry's decline.

She said TDA will match the grant with 35 percent of in-kind services such as staff resources and administrative support. The department will work closely with producers, livestock associations, local governments and agribusinesses to identify potential projects, as well as industry concerns.

Strategies developed to assist the sheep and goat industry may also be used in the future to help other agricultural industries facing difficult times.

Texas is the country's leading sheep and goat producer. The phase-out of the federal Wool Act incentive programs and ongoing drought and market conditions have forced steep declines in sheep and goat populations.

In 1990, Texas had two million head of sheep, a figure that currently stands at 1.35 million. Texas sheep produce an annual wool clip of over nine million pounds.

Texas' Angora goat numbers also declined by more than half over the same period from 1.6 million to 550,000 head. Angoras - renowned for their mohair fleece - have been the mainstay of the Texas goat industry. Texas annually produces over 4.6 million pounds of mohair, more than 90 percent of the domestic clip and second only to South Africa in world production. Texas also raises meat and dairy goats, bringing statewide goat production to 1.35 million head.

Crockett County is ranked number one in the state in production of ewes. When all sheep and lambs are considered, the county is second to Tom Green County due to the number of feed lots there. Crockett County has between 88,000 and 90,000 head for 9.2 percent of the state's production.

Crockett County is second to Tom Green County in the production of wool with 1,068,000 pounds compared to 1,110,000 pounds.

Crockett County ranks ninth in the state in Angora goat production and is seventh in the state in mohair production.

This information is from the Texas Agricultural Statistics Service.

Combs pointed out that the unemployment rate in several counties with significant sheep and goat production was higher than the state average as a result of the decline in this industry.

"Clearly, we need to develop new strategies to sustain the sheep and goat industry and keep jobs in Texas," she said.

A request for proposals is being developed and will be issued under state and federal guidelines.

Robert Wood, TDA deputy assistant commissioner for Agribusiness Development, will coordinate the project.
