Lions fall short to Idalou Wildcats

By Michelle Holtz STOCKMAN SPORTSWRITER

Sept. 2 to compete in their season Johnny Taylor won the game and the opener against the Idalou Wildcats in T.V. remote control for the family's Ratliff Stadium.

After 24 minutes of battling the Wildcats, the Lions went into the locker room down 6-0.

"A lot of the Lions in the first half with no varsity experience had to get over the awe of the whole thing before they could just settle down and play," said Coach Steve Taylor. "The Lions overcame a lot of adversity in the first half with two major injuries sidelining four starting positions and two turnovers," Taylor said. Early in

Adult Bible study begins at Methodist Church

An adult Bible study, which will cover the Bible from Genesis to Revelation, will begin at the Ozona United Methodist Church on Wednesday, Sept. 13, at 5:30 p.m. in the Lillian Henderson Classroom. Called Disciple Bible Study I, it is open to anyone who wants to study the Bible and become a better disciple of Jesus Christ. It does not teach Methodism. It teaches Christianity.

The study group will meet once a week through May for about two hours each week. Participants will receive a study manual which will include daily reading assignments from the Bible. During each group session, participants will watch a 20-minute videotape of a presentation about the week's Bible readings given by a leading Biblical scholar. Then group mem-

Thursday afternoon Jonnie Johnson did her art work in the day room for residents. Thank you, Jonnie. Our residents look forward to your art

Thursday evening square dancers took to the floor in the main lobby with their dancing. They were Mozelle Houston, Mr. and Mrs. Leroy Adcock, Mr. and Mrs. Raul De La Rosa, Roland Flanagan, Otis Nester and Patsy Hester. Thank you all. Our residents really enjoy this activity.

A special thanks to Marie Gerlach for her bib making. Marie is very faithful in making bibs for our residents. I'm still looking for people to do

door decorations for October and December. Residents having birthdays in

September are Laura McMullan and Jose Arredondo. The residents' birthday party will be hosted by Crockett National Bank on Sept.8 at 3:30 p.m. in the care center main lobby.

Please note that I need two weeks' notice for activities inside and outside the facility as our calendar is done in advance

> Jan St. Clair Activity Director

bers will be led in discussion of the readings by group leader, Nancy Moore.

The study manual costs \$25.00. If you would like to join Disciple Bible Study I, call the Methodist Church at 392-3060, or join the group Wednesday, Sept. 13, at 5:30 p.m.

Tree of Life Church hosts conference

The Tree of Life Church in San Angelo is hosting its annual conference, Harvest 2000, Sept. 10-15 with special speakers Jack Wallace of Detroit, MI, Walter Hallam of LaMarque, Tommy Burchfield of Country Camp, Columbus, Charles Nieman of El Paso and many more.

You are invited to come experience the power to change during this conference. Meeting times are 9:00 a.m. and 7:00 p.m. There is no registration fee and a nursery is available during all meetings

Tickets for a special ladies' luncheon on Thursday are available for

"WHAT IS TRUTH"?

John 18:38 - #10 in a series concerning the Creation/Evolution Issue. "Evening came and then morn-

ing - the first day"Genesis 1:5 (...2nd day, Ver.8 - . . . 3rd day, ver.13 -.4th day, Ver. $19 - \ldots$ 5th day, Ver 23 - &... 6th day, ver.31)

Well it's back to class for millions of students this fall in schools, colleges, and universities across our country. Those who've taken God at His Word in the Genesis account of creation and are taking science classes are faced with a dilemma when they find out that evolution is the model used for origins - and it is taught as fact! What to do? Well, maybe we could believe in both - and then everybody would be happy. After all, doesn't the Bible say that "with the LORD...a 1,000 years are like 1 day'*? (2 Peter 3:8) Of course, this was thought of long ago - and even given a name: THEISTIC EVOLUTION. However, that term is really an oxymoron (a contradictory statement), because it's essentially impossible to be both a Theist (s/one who believes in God) and an Evolutionist. In other words, the two beliefs simply won't mix - just as we can't mix oil and water!

While this Theistic Evolution pie can be cut several ways, let's briefly look at three of the most popular theories to see how they fail under the magnifying glass of Scripture. (1) THE DAY-AGE-THEORY was proposed in the 1800's, and suggests that each of the "days" mentioned in the Genesis account was actually a long age — that may've lasted millions of years. Yet each Day in the creation account mentions 'Evening and Morning'. How could God make it more obvious that He was speaking about a literal 24-hour day?

While He could've "created the with Darwinian evolutionism. Howheavens and the earth, the sea and evever, something about that trial diserything in them" (Exodous 20:11) in turbed Prof.Ruse, when Dr. Duane much less time, the six days served a Gish (ICR) said: 'YOU DON'T PLAY purpose. God made a valid point by FAIR. YOU EVOLUTIONISTS the six-day creation, as He also men-WANT TO STOP RELIGIOUS tions in Exodus 20 that we're to work PEOPLE FROM TEACHING OUR for six days and that the seventh is to VIEWS IN THE SCHOOLS, BUT provide rest. It's highly unlikely that YOU' RE JUST AS RELIGIOUS IN He meant for man to work for six eons YOUR WAY. CHRISTIANITY of time and then rest during the sev-TELLS US WHERE WE CAME enth. It's also clear in the Bible that FROM, WHERE WE 'RE GOING, the Hebrew word "YOM" is used each AND WHAT WE SHOULD DO time 'Day' is mentioned in Genesis 1 ALONG THE WAY. I DEFY YOU and 2. In fact, the same term's always TO SHOW ANY DIFFERENCE used in scripture to mean a 24-hour WITH EVOLUTION!' While Prof. day. (2) THE GAP THEORY took Ruse scoffed at the notion then, he hold at the time Charles Darwin was later came to see that it's essentially rocking the creation boat. Here there true. As he came to realize, what the are supposedly millions of years in the evolutionists are propounding is not Gap between Genesis 1 Verse 1 and true science but simply an act of faith - a religion, something constitution-2. That way God could create the ally forbidden in the U.S. public world and all life forms, and then deschools! Yet both Canadian and Amerstroy the world with a global flood ican schools are doing it anyway, with when He cast Satan out of Heaven the zealous support of the liberal meall in Verse 1. Now God was ready to dia! recreate the world in 24-hour days Rev. Charles Huffman, Pastor (Verse 2 ff). could be remnants of the first creation. However, this theory also contradicts Scripture — for it'd mean that death wasn't the result of men's sin (Chapter 2:16-17, & 3:19). Furthermore, didn't God tell us His creation was very good'. (Gen.1:31). How could this God of perfection create the beauties of Eden on top of a mound of dead, decaying animals?. (3) PROGRES-SIVE CREATIONIST THEORY This theory claims it was God who set the wheels of evolution in motion, which is to say God's guiding the evolution process with His divine finger. Yet to believe in ANY process of evolution is to believe that the entire universe is changing from imperfect, simple forms of life to more perfect, complex forms. This would mock God-by saying He set in motion our imperfect creation. But the true God is one of perfection, who saw at the end of the sixth day that 'it was very good'

So the beat goes on - this time, however, not only in the public school science classroom but also from the pulpits of some so-called Christian churches. It's considered by many the ideal way to merge and compromise both beliefs. This Disguise of Satan's fooled many educated people today, some of whom think they can dance with 'the father of lies' (John 844) and still claim to be Christians. Theistic Evolution would tear the heart out of Scripture by denying that death is the result of man's sin - and that no death existed before sin. Remove this and we destroy the need for a Savior. Then we end up with no belief at all!

FOOD FOR THOUGHT: Michael Ruse is one of Canada's most prominent evolutionists and a Professor of Philosophy at Guelph University. He was called to testify in court when the ACLU and science teachers attacked an Arkansas law in the '80's, which required the Genesis story of creation be given equal school time

Mindsets and Attitudes

vice

by Dr. Dennis Prutow

What gets into serial killers and rapists? Are they uncontrollable, unmanageable, and incorrigible? "The mind set on the flesh is death, but the mind set on the Spirit is life and peace, because the mind set on the flesh is hostile toward God; for it does not subject itself to the law of God, for it is not even able to do so" (Romans 8:6-7). The word "mind" does not refer to our thinking apparatus. It relates to our bent of mind. It concerns our inclinations. It refers to our mindset. The mindset of the flesh, the attitude leaning away from God, takes us further from God and thus closer to eternal death. Such a disposition is antagonistic toward God. It is actually at enmity with God. Such a bent of mind does not submit to the TenCommandments. It is unable to do so. It cannot because it will not.

We all have such a bent of mind, although it may not be as aggravated as that of the serial killer. We need a mindset inclined to follow the Holy Spirit speaking in the Bible. God can exercise power over us. The Holy Spirit can change our attitudes and make us willing to follow God. "Your people shall be willing in the day of Your power" (Psalm 110:3). Oh God, please make me willing.

Sonora Caverns celebrates 45th Anniversary of new discovery

By Scotty Moore

The Caverns of Sonora (Mayfield Cave) as it was called 45 years ago was just one of thousands of typical West Texas caves, most of which were nothing to brag about as far as beauty goes. That all changed back in 1955, on Labor Day, when five cave explorers (spelunkers), Danny Sheffield, Pete Cobb, Jack Allen, Claude Head, and Jack Prince entered the Mayfield Cave and crossed over a ledge in a large pit room and found other passages leading to what is now known as "the most beautiful caverns in the world".

Sept. 3, 2000, represented the 45th anniversary of this historic event, and the Caverns of Sonora celebrated the discovery with reenactments of the crossing of the ledge by Jack Prince and members of the original discovery team. Present for the celebration were three of early day explorers, Bart Crisman, Jack Prince and Jack Burch.

Bart Crisman, who worked for the National Park Service at Carlsbad Caverns, was one of the first National Speleological Society cavers to explore the cave before the ledge in the pit room was traversed in 1955. "We made a survey trip in August. 1955, to Mayfield Cave and made note of the high ledge in the pit room. Since we were lightly equipped and short on time, we elected to check-out other caves in the area and get back to Mayfield later," Crisman said.

"We shared the location of Mayfield to a new group from Dallas, and while we were exploring Felton Cave (just south of Sonora), Claude Head, Jack Prince, Pete Cobb and others crossed the high ledge in Mayfield and discovered one of the most beautiful caves in the world,"

Bart Crisman

Bart Crisman is now retired and he and his wife, Jaylene, have CAVERNS TOUR GUIDE Debra Bean directs a tour group, including three children and seven grandchil-

this reporter, through the Caverns. Temperature in the cave remains 72 dren. degrees the year round. She warned everyone not to touch the formations, because oil from the skin causes the formation to stop growing.

Jack Prince was born in Oklahoma City and was educated as an DigiCam photo by Scotty Moore electrical engineer from Southern

Methodist University in Dallas in 1956, and later received his Ph.D. at The University of Texas in Austin. During his stay in Dallas he met a caving group with the National Speleological Society, and it was with this group that he entered and discovered the beautiful part of the Caverns of Sonora, Labor Day, 1955, by crossing the high ledge located in the pit room of the caverns.

Jack married his wife, Moneta Speaker Prince, in 1956, and the two were appointed and sent to Korea in 1957 as educational Missionaries of the Presbyterian Church.

Jack commented, "Who knows? Missionary service perhaps grew out of the same sort of adventurous

THE FAMOUS BUTTERFLY FORMATION of Sonora Caverns is actually composed of two helictite formations protuding from a central point. Helictite cave formations tend to defy the laws of gravity and grow in all directions DigiCam photo by Scotty Moore

spirit which led the Dallas Caving group to take a few chances, look more carefully at what may seem at first sight appear to be dull, and then go on to discover great unexpected beauty."

Jack is now retired and living in Austin, where Moneta still teaches English as a second language to foreign students at The University of Texas.

Jack Burch, raised in Southern Oklahoma in the Arbuckle Mountains, is responsible in most part for developing the caverns and making it possible for the public to see the beautiful part of the caverns.

The National Speleological Society had published an article about a new discovery in Texas. The cave was called Secret Cave and the author, Bob Crisman, Bart's brother, would not give its location.

"I think it was Sept., 1956, that we went to see the Crismans, and found Bart at home and he quizzed us pretty good before telling us it was the Mayfield Cave in Sutton County. He told us that the cave had a locked entrance, but we were to see the foreman, Buster Jennings, to get in," Jack stated. "The cave was far and beyond anything we had ever seen in all our other caving adventures, and on March 10, 1960, we started developing the Caverns of Sonora. July 16, 1960, the caverns were opened to the public," Jack said.

The celebration over the Labor Day weekend at the caverns consisted of reduced tour rates for the public, autograph signings by the three explorers, catered evening meal and slide show.

Children of Children managerial and technical consultants, exhibit next week

Crockett County Public Library sion Service to present an outstanding exhibit, Children of Children: Porwhite portraits of people of all ages are Abilene and San Angelo, and the who have been affected by teenage pregnancy. Each portrait has a three to five minute recording of the person's story.

The purpose of this exhibit is to educate us all, but especially teenagers, of the consequences of teenage pregnancy and the responsibilities of parenthood. Classes from our school sytem will be touring the exhibit during school hours.

The exhibit will be split between the public library during library hours and at the Fair Park Convention Center from 10:00 a.m. to 7:00 p.m. the week of Sept. 11 until Sept. 14. Please visit both locations to view this exceptional exhibit on a subject that impacts us all.

LIBRARY SYSTEM MEETING

Librarian Louise P. Ledoux and representative Charlotte Harrell will attend the annual meeting of the Big Country Library System in Abilene on Tuesday, Sept. 12. Our library has been a member of the BCLS for 15 years, and the benefits have really paid off for our small library. We receive funds for library materials, consulting,

and continuing education workshops that really enhance the services that we can provide our patrons.

The meeting will cover budgets is working with the Wesley Nurse Pro- for the coming year, programming and gram and the Crockett County Exten- projects that will affect our services, and it provides an opportunity for librarians from around our area to visit traits and Stories of Teenage Parents. and compare notes on our local librar-This exhibit includes 50 black and ies. The largest libraries in our area

smallest are Ballinger and Paint Rock. CCPL falls somewhere in the middle.

Membership is based on our local support from our county operat- sively in the planning and designing ing budget and from our Friends of of our remodeled and expanded lithe Library donations. It is very im- brary building with grant writing and portant to keep these funding levels funding, and with our new computer up so that we can qualify for all the network. THE OZONA COUNTRY CLUB RYE CUP TEAM pose with their trophies brought home from Sonora Aug. 27 Submitted Photo

"The Cup Comes Home"

heat and gusty winds at the Sonora were the only two matches left. Golf Club Sunday, Aug. 27, the Ozona Country Club Rye Cup team was suc- out there on the back side of the golf cessful in their quest to return the cup home

In the competition when a win is worth 1 point and a tie 1/2 point, Ozona came out ahead in another close match, 13 points to 11.

Ozona's Co-Captain Sooner Williams expressed his joy by saying "I couldn't be prouder of these guys. They fought very hard to bring home the cup.

Ozona was led by sterling performances by team MVP Ronald Koerth with 3 points and Duane Childress with 2 1/2 points. Ozona had led going into Sundays round by 1 point 6 1/2 points to 51/2. The Saturday round included 18 holes of alternate shot play and 18 holes of 4-ball team competitions. Two players who had a great Saturday were Rick Webster and Freddie Garza who teamed together for 2 wins. The match of the day was a 1 up win by Koerth and Holden over Smith and Bailey. The Ozona team was behind until winning 15 and 16 to go 1 up.

The 12 singles matches on Sunday would tell the tale, and Ozona knew it would be a battle on the host team's course. Early in the day things didn't look good for the local contingent as in the first 6 matches Ozona was either tied or behind, some as much as 2 down. Ozona's other Co-Captain David Pagan, who along with Williams had 2-way radios to keep each other informed, said "It really looked bad early after 9, but in just a few holes we had pretty well gotten back even." After getting early wins from Mike Harris, Duane Childress, and Ronald Koerth, along with 1/2

Battling blistering 100 degree Ozona Club Champion Steve Wilkins

the water which are the second of

course. The only other guy left was old Ray" (Wilkins) back there behind successful. me." Holden was 1 down going into 15 but pulled out wins on the 15 and Rangers would score again on a 28-16 to get one up with 2 to play. Wilkins yard run for a touchdown. The Rangwas 2 up in his match, so all Holden ers' 2-point conversion was stopped needed was a tie to win the cup. He by the Lions' defense. managed to tie his opponent, Jed Davenport, on 17 to clinch a tie. Now, if Wilkins won his match Ozona had the victory. Wilkins said "I knew it was getting down to the end but had no idea how we stood in the team total. But when I got to my drive on the 17th fairway I saw our team and a lot of

spectators all sitting around behind the Punt, Pass and Kick contest starts at green so I knew we were close. I just wanted to hit the shot on the green and two putt."

Wilkins' opponent, Ernie Mayer, was on but about 40 feet from the flag. Wilkins' shot hit about 2 feet from the back of the green and spun 20 to 25 feet back to within 10 feet of the hole, and the Ozona team erupted with a roar. Wilkins said, "When the ball hit the green I knew it was all right, and then I heard all the whooping and hollering, and it was a special moment." Wilkins won the match 2 and 1, Holden also won his match at 18, 1 up to give Ozona 6 1/2 points for the day and the 2 point win. "Chili's and Harris' wins were big as well as Jared Morgan's tie with Sonora club champion Mike McBride," Williams said, We had to have those "Ozona will now hold the Rye Cup sponsored by Rye Supply for the next year when they will defend it at home. This was the second year the Rye Cup has been held and once again it was a fun com-

Rangers overpower freshman Lions By Michelle Holtz In the second quarter, the Lions Romeo Perez."

UR CHANGES IORE CHOICES FOR YOU

Effective September 30

How Will Our Changes Affect You?

We will no longer take bill payments or offer merchandise at our local offices, effective September 30. However, we will be using most of our offices for operational purposes so that we can continue to provide exceptional customer service and outage response. We have made many changes during the past year that will provide more choices for our customers in how they pay their bills and conduct business with WTU.

Will This Change Affect Your Service?

Absolutely not. During this past year, we have added to the services available - like 24hour-a-day, seven-day-a-week, toll-free access to our customer service center, 1-888-216-3523. We've added payment options, including the Internet. And, even though we're shifting around some of our resources, critical areas, such as responding to outages and other emergencies will continue to receive the same high priority they get today.

Payment Options:

BY MAIL, using the convenient return envelope enclosed with your bill. THROUGH AUTOMATIC BANK DRAFTING. Under DirectAdvantage, your payment is

automatically drafted on the bill's due date through your bank or other financial institution. To sign up for the program, call WTU Customer Service at 1-888-216-3523 and ask for an application form. Automatic drafting will begin 30 to 60 days after you've filed your application. You still get your billing statement – before the funds are withdrawn from your account. So you have plenty of time to check your bill before it's paid. But you don't pay the bill, your bank does. And that saves you time, checks and stamps.

WITH A CREDIT CARD OR CREDIT/DEBIT CARD. ChoicePay, a third-party vendor, offers an automated bill payment system that provides a convenient, easy way for customers to pay their bills using most major credit/debit cards 24 hours a day, seven days a week. Call 1-877-414-2060 to use this service.

AT A WTU-AUTHORIZED PAY STATION. Call WTU at 1-888-216-3523 for the location of the pay station nearest your home.

OVER THE INTERNET THROUGH **TRANSPOINT™**. Customers with Internet access can sign up at the TransPoint[™] Web site of **www.transpoint.com** to receive and pay their WTU bill electronically. Electronic bill payment is convenient, secure and there is no charge to the customer for this service.
