Many Prizes In Special Events For Roundup

There will be many valuable prizes for winners in several events during the Will Rogers Memorial Roundup this year, and it will pay readers to skim through the list below and see what's going on.

O. C. Jones and Ernest Kerr, who are in charge of these special events this year, have announced the following events and prizes:

1. Largest family (children living at home) attending the Roundup — Bill of groceries, \$25., Cashway Grocery
 2. The person or family traveling longest distance to attend the Roundup — 10 gals. gasoline. "Blondie" Ray's Service Station.
 3. Most unique type of transportation other than floats in the parade — Passes to rodeo for family, one performance, Rodeo Association.
 4. Ugliest man attending Roundup — Shave and haircut. Lud Taylor Shop.
 5. Best impersonation of a tramp in the parade — T-bone Steak, Muleshoe Cafe.
 6. Best amateur clown in the parade — \$5 in mdse. — Western Drug.
 7. Best groomed beard — 10 mdse. certificate, J. C's.
 8. There will be prizes galore for the young couple who will be married in a public ceremony immediately following the parade. Address P. O. Box 846, Muleshoe in this event. Fill out application blank published in this paper.
- All entries in above events must be registered at C of C. office by 2:00 p. m., August 13.

Guernsey Field Day Scheduled Here Aug. 4

The Hi-Plains Guernsey Breeders Field Day to be held at the Joe Harbin farm, 5 miles east and two miles north of Muleshoe, Friday, August 14, is sponsored by the Hi-Plains Guernsey Breeder's Ass'n., and the Muleshoe Chamber of Commerce.

The program will feature discussions by Jerry Owen, well known breeder of Enid, Okla., Tim C. Main, field representative of the American Guernsey Cattle Club, and A. L. Stangel, animal husbandry, Texas Tech.

There will be judging during the day, with awards to be furnished by the Texas Guernsey Breeders Ass'n.

Registration will be at 10 a. m.; Mr. Harbin will welcome the visitors and a type discussion will follow, conducted by Earl Guerkink, manager of the Jerry Owen Farm. Pacing of contest classes will come at 10:30 and dinner will be at 12 noon.

Dean Stangel is to talk at 1 p. m.; Guernsey activities in the state will be the subject for a talk by Mr. Main.

Practice judging parts will follow and presentation of awards in the judging is to be at 3 p. m.

Clines Reopen Photo Studio

Mr. and Mrs. R. C. Cline and children are back in the garden spot of the world, Muleshoe that is, and mighty glad of it. They have been exiled down at Brownwood for six months.

It got so dry there that a picture impression would dry on a negative before they could get it developed. They arrived back in Muleshoe 6 months to a day from the time they left to go to Brownwood, and rented the same quarters for their photographic studio that they had before and are now ready for business.

They say they're here to stay this time.

ATTENDED FUNERAL — Mr. and Mrs. Theron West and children attended the funeral of Mr. W. W. West in Morrilton, Ark., over the weekend. Mr. West was the grandfather of Theron, and at the time of his death was 99 years, 6 months, and 27 days of age.

WISE COUNTY REUNION — The annual Wise County reunion will be held at MacKenzie State Park in Lubbock, August 16. All former Wise County residents are invited to come and meet old friends. Bring a basket lunch to be spread at 12:30. A short program is being planned for 2:30 p. m. Signs will be placed to indicate meeting place.

Soil Fertility Tour To Feature Trip To Several Muleshoe Farms

Bob King, of Western Fertilizer Co., Muleshoe, is one of a committee of four to make arrangements for the invitational High Plains Soil Fertility Tour, sponsored jointly by the Texas Plant Food Educational Society and the Department of Agronomy, Texas Tech College.

Others on the committee with King are Larry Loerwald, Hereford; Jason Gordon, Plainview; and A. L. Bennett, Amarillo. A. W. Young of the college is chairman of the committee.

Much of the tour will center

around Muleshoe, and the trippers will have lunch here.

Plans call for departure from the agricultural building at Texas Tech at 8 Tuesday morning, August 26. A short tour of the Tech college farm will be made as the group heads for Muleshoe. Points of interest between Lubbock and Muleshoe will be studied. After having lunch here in Muleshoe, the group will move toward Friona and Hereford with visits at various points of interest; stops in the vegetable growing area near Hereford will be made before the tour heads on into Amarillo for the stop-over for the night.

Early on Wednesday morning the tour will lead to the Cactus anhydrous ammonia plant at Etter. After a tour of the plant, the Phillips Chemical Co., will be hosts for luncheon in their cafeteria. The group will then go to Plainview where farms will be viewed and the trippers will wind up at Lubbock.

Wilt Funeral Held Tuesday

Funeral services for Ralph McHenry Wilt, 46, were conducted from the First Baptist Church in Muleshoe at 4 o'clock Tuesday afternoon, August 4.

Mr. Wilt passed away at 5:20 a. m. Monday, August 3 at his home here.

He is survived by his wife, Mrs. Edith Wilt, Muleshoe; two children, Eddie Wilt and Todd Wilt, of Muleshoe; his parents, Mr. and Mrs. H. O. Wilt of Modesto, Calif.; and five brothers, Woodie Wilt, Warren Wilt, Theo Wilt, all of Hutchinson, Kans., George Wilt, Plevna, Kans., and Clarence Wilt, who lives in Canada.

Rev. A. W. Blaine, Baptist pastor, officiated in final rites. Pallbearers were A. A. Davidson, Ben Bates, Marlin Cagle, Dutch Kender, Ray Cole, all of Tullia, and Calvin Martin, Earth.

Interment was in Muleshoe cemetery with Muleshoe Funeral home in charge of arrangements.

Lettuce Growing Tried This Year

A large scale test of lettuce growing in this area is being conducted this year by several local farmers.

Bill Millen has planted 25 acres to lettuce on land from which he has just harvested his potatoes. He said some of his neighbors have planted lettuce also.

The crop will be handled through the Barrett potato processing plant.

July Rainfall Was 3.70 Inches

Muleshoe had 3.70 inches of rainfall in July, R. J. Klump, weather recorder announced today. It brought the year's total for the first seven months to 8.93 inches.

Rains falling over most of the Muleshoe territory were a great benefit to crops, and changed the outlook for production this year from dismal to good.

Much of the dry land area will produce at least some crop, and could produce a good yield if more rains come.

Rain fell during the month as follows: July 16, .02; 17th, 1.20; 18th, 1.67; 19th, .03; 20th, .22; 23rd, .28; 24th, .06; 30th, .22.

Junior Team Wins Swim Meet Here

The Yellowhouse district swim meet was held here last Friday. Boys were divided into groups, according to ages, for competition with each other. There were three groups, Junior, Intermediate, and Explorer.

The Junior team took first place. Explorers were second, and intermediates came in third. Red, white and blue ribbons were presented at the pool.

On the Junior team were the following boys: Bobby Robinson, Arthur Splawn, Jack Roubinek, and Max King. Intermediate team: Donald McDonald, Wink Thomson, Marlin Mills, Mack Hale, and Horace Richards. On the Explorer team were: Allen Berry, Bo Bryant, Jimmy Wilkinson, and Troy Witherspoon.

Gymnasium Contract Goes To Stamford Firm, Work Begins Soon

Neal Construction Company, of Stamford, Texas, was the successful bidder for the construction contract on the physical education building for Muleshoe schools.

The building, designed by Butler & Brasher, of Lubbock,

will be 98 feet by 120 feet, of brick face tie.

Neal's bid was \$76,699.00, somewhat under the \$80,000 bonds authorized by the people of the district in a recently held election. The company's bid included construction of the building, sewer and water, lights, heating, also building of storage rooms, locker rooms, entrance, rest rooms, showers, etc., and equipment, including erection of the seating section on one side of the playing floor.

Mr. Butler said the seating section should accommodate 1,200 spectators; if so, it will be the largest seating hall in Muleshoe.

The building will adjoin the new high school, putting out from the west end of the south wing, adjacent to the lunch room.

Scouts To Hold Fair At Roundup

The Explorer Post, the Scout troop, and the Cub Pack of Muleshoe are sponsoring a "Scouting in Action" fair at the courthouse, on the north lawn on the first day of the Will Rogers Memorial Roundup, August 13. The fair will be open to the public from 1 p. m. to 4 p. m. then from 5 p. m. to 7.

This is something entirely new in Scout shows. In fact, it is the first time for such a show to be presented in this area.

Here the public will see boys carrying on their Scouting activities in their regular way as they do in camps, hikes, etc.

There will be Scouts from other towns of the Yellowhouse District in the Muleshoe fair, some of them helping to put on the show.

Throughout the showtime there will be special stage shows to be presented by various groups. Everyone is welcome to see this show while here for the Roundup.

Materials Needed For Local Park

J. J. Redwine, park custodian, has come up with an idea to get equipment for Muleshoe's city park.

He says if anyone will contribute lumber or other materials he will do the work and build tables, benches, swings, and whatever is needed in the park.

Anyone interested in making such a worthy contribution to the park is invited to talk with Mr. Redwine. Incidentally, those who haven't been to the park lately will enjoy a visit now because it is looking more and more attractive every day.

Bureau Queen To Be Selected Monday Night

Bailey County Farm Bureau queen will be selected at a big get together the coming Monday night in the high school, Bill Millen, president said today. An even dozen beautiful young ladies will compete for the honor of representing this county at the district queen contest to be held in September in Lubbock.

The shindig Monday night is to be a family affair. Every one is urged to bring a covered dish for a luncheon in the school cafeteria. The Bureau will provide coffee and ice cream.

After the supper the crowd will repair to the auditorium, where the contest will take place. Out of county judges have been secured to name the queen, the runner-up and the third place contestant.

Young ladies who will compete are Charlene Willman, Lenita Lewis, Irene Head, Madge Johnson, Dorothy Lowery, all of Y. L. Community; Gale Arnn, Three Way; Ann Cole, Three Way; Lola Mae Roark, West Camp; Irene Shanks, West Camp; Marlene and Darlene Black, Muleshoe; Susie Jones, Bula.

The queen will ride in the annual Roundup parade on Thursday, August 13, accompanied by the second place and third winners as maids of honor.

Dillard Place Mystery Farm

The R. L. Dillard family was agreeably surprised last week when the Mystery Farm picture proved to be that of their own farmstead. Mrs. Dillard came in for her free picture of the farm Friday.

Winners in the contest to identify the farm were: Mrs. Gene Harvey, city. Mrs. Troy Atkinson, out of city.

These two have two free tickets to Cox Drive-In Theatre awaiting them at Western Fertilizer Co., of Muleshoe, which sponsored the showing of the Mystery Farm last week.

Muleshoe Motor Co., is sponsoring the showing of the Mystery Farm picture this week. The Journal had more than the usual number of identifications telephoned in last week and is hoping someone will identify the farm as soon as the paper is mailed this week.

Lions Continue With Plans For Round-up

Tom Woody of the Continental Carbon Black Company presented the Lions Club a film on the manufacture of Carbon Black. Tom, an engineer with the firm explained some of the uses of carbon black to the group before the film was shown. The picture was based on the making and the many different kinds of black that are used.

Plans for the Lions part in the Will Rogers Memorial Roundup were moving along at a brisk held by the pack and tickets can directors meeting were unveiled. Visiting guest for the meeting was W. M. Mahaffey.

TO PLAY IN JONES STADIUM

One of the players on the Baltimore Colt team, which is to play in Texas Tech's Jones Stadium on August 22nd, will be Joe Dean Tidwell, who is a nephew of Mrs. Joe Damron, of this city. Joe Dean's parents are Mr. and Mrs. Everett Tidwell of Wichita Falls. Mr. and Mrs. Tidwell were guests in the Joe Damron home last week.

More Than 100 Attended First City-Community Picnic Supper

More than 100 persons ate fried chicken and the trimmings, topped with home made ice cream and cake, at the first city-community picnic supper, held Monday night in the West Camp community. The supper was sponsored by the West Camp home demonstration club and the Muleshoe Chamber of Commerce.

Business men of Muleshoe had bought four tickets, two for him-

self and lady, two for a farmer and his lady. The supper was held on the spacious lawn of the beautiful home of Mr. and Mrs. W. W. Couch.

Ray Morrison spoke for the C of C, reminding those present that the occasion was a goodwill gesture, a get acquainted event which the Chamber hopes to continue in the future. A short program preceded the meal.

A skit was presented by Mary Pair and Anne Taylor. Doris Shell with the guitar made music and Joan Williams sang. The Muleshoe four, composed of Tye Young, Ray Franz, Carl Sundeen, and Lowell Irvin St. Clair sang for the group and Mr. Young led in community singing.

No formal introductions were made. Instead each one present wore identification cards so that it was easy to mix and mingle and get acquainted.

Chamber of Commerce officials were delighted with the way in which this first event of their program was carried out, and said the Muleshoe HD Club will sponsor their next get acquainted picnic supper, the date to be announced soon.

Cub Scouts To Sponsor Picture At Cox Drive-In

Muleshoe Cub Scout Pack 20 will sponsor a moving picture at the Cox Drive-In Theatre Wed., August 19. The film will be an adventure picture called "Starjugglers Island" and will star Jeff Chandler and Evelyn Keyes.

An advance ticket sale will be held by the pack and tickets can be secured from any cub scout.

The money raised will be used by the Cubs for handicraft materials.

Film To Depict Muleshoe Agriculture

Demonstration Here Wednesday

The rich, diversified Muleshoe agricultural area may receive national wide attention and publicity from an event that is scheduled to take place here next Wednesday morning, Aug.

12. Area newspapers, radio, farm magazines, news gathering agencies have been invited to have representatives here to see for themselves.

At 9:30 that morning, on the broad acres of Shoestring Ranch, northeast of Muleshoe, the New Holland Machinery Company, of New Holland, Pa., will demonstrate their new haying equipment before a battery of aerial

photographers, movie cameras, and still photographers.

And they want everybody in the Muleshoe country who would like to see this equipment demonstrated and maybe get into the show, to be on hand that morning. The motion picture will be in full color, it will run to a showing length of about 20 minutes after editing, and it will be all about Muleshoe's agricultural resources, alfalfa, permanent pastures, etc., with accompanying beef cattle and dairying interests, and additional background fill-in of Muleshoe business and industrial section scenes.

First showing of this Muleshoe film, it has been promised, will be here in Muleshoe, the time and place to be announced later. George Hicks, of the Hicks Tractor Co., dealers here for New Holland haying equipment will make the arrangements.

About 15 local farmers will be demonstrating the New Holland

haying equipment. The demonstration will feature the new Model 80 New Holland one man wire baler. Other machines will be on display, Mr. Hicks said.

The demonstration is to be on the 600 acre alfalfa farm of Prof. F. L. Shelby, known to everybody as "Shoe String Ranch."

160 Acres In 2 Hours — The New Holland Machinery Co., will have enough of their featured balers to bale up 160 acres of alfalfa in 2 hours. They ask the people who attend to watch this operation.

"Shoe String Ranch" has 600 acres planted to alfalfa, and it is the biggest operation of its kind in this country. Prof. Shelby, himself, will be on tap next Wednesday to be the host and major domo.

Arrangements for this demonstration and the motion picture that will carry the story of Muleshoe agriculture everywhere are being made by Ross

Wilson, West Texas sales representative, who lives in Amarillo, and W. M. Fuller, special representative of the New Holland Machinery Co.

The New Holland people will come to Muleshoe next Monday and will stay through Wednesday. Director of Photography, Art Curson, will be here in person. Cameraman will be Bob McCullough.

Chamber of Commerce officials are assisting in the demonstration and picturization of agriculture in the Muleshoe country.

Remember, anyone who wishes to be in a motion picture should be at the Shoe String Ranch next Wednesday, by 9:30.

VISITED DAMRONS

Mrs. V. A. Glass and children of Marlow, Okla., were guests last week in the home of Mr. and Mrs. Joe Damron.

To members of the Muleshoe Junior Chamber of Commerce and to members of the Muleshoe City Council must go the credit for the biggest contribution yet made toward traffic safety in the city. The JayCees did the work, the city paid out the money.

Above is pictured a JayCee work party installing one of the 53 stop signs in the program which will include No-U Turn signs, traffic lights, blinkers, etc. Left to right, Buddy Blackman, driving tractor; Murrel Brown, JayCees prexy; Tootie Middlebrook, Norman Bays, H. B. Flanagan with back to camera, Gerald Priboth partially concealed, and at right Tuffy Kennedy.

One such JayCee work group recently had to stop and tell passers-by that they were NOT a WPA party.

Baptist Church Having Revival

The Baptist Church of the Y. S. Community is having a revival August 7th through August 16th. Everyone is cordially invited to attend. Brother Paul McClung, pastor of the Dawn Baptist Church will be the visiting preacher. There will be two services daily, morning and evening.

PAPER PUNCHES in stock at The Journal.

CHRISTIAN SCIENCE SERVICES

That God, Spirit, cannot be found in matter or through material sense, but is known to those who turn to Him in prayer and right desire, will be pointed out in the Lesson-Sermon on the subject of "Spirit" to be read

this Sunday in Christian Science churches. Selections from the Bible and the Christian Science textbook will be included.

The following verse from Psalms will be read as an illustration of this righteous prayer (143:10): "Teach me to do thy will; for thou art my God: thy spirit is good; lead me into the land of uprightness."

Mary Baker Eddy, the Discoverer and Founder of Christian Science, stated that Spirit, God, is wholly good in these words: "In Spirit there is no matter, even as in Truth there is no error, and in good no evil. It is a false supposition, the notion that there is real substance-matter, the opposite of Spirit. Spirit, God, is infinite, all Spirit can have no opposite" (Science and Health with Key to the Scriptures, page 278).

Babson Discusses—
Business Worries

Gloucester, Mass., Aug. 6 — It is a beautiful summer day and I have had time to think of the great changes which have taken place since by boyhood and the foolishness of worrying about what changes can do. The sailing ships are all gone and my father thought this was the end of the fishing industry. Worst of all, the old New England families began to fade away. The old-timers then certainly felt this would be the end of Gloucester.

MOST CHANGES FOR THE BETTER

Yet, the fishing business today is greater than ever. The sailing vessels have been replaced by power driven druggers bringing in a million pounds of fish each day. The old families are gone, but the population is larger with industrious Italian families taking the lead. Certainly, my father and his friends lost much time in useless worry.

I am sorry that the churches have not grown with the industries. I see nothing here which can take their place. Gloucester has a splendid symphony orchestra consisting of local peo-

ple. It has an active literary and historical society. It has become an important art center. Whether these cultural developments will take the place of the religion of my youth is doubtful. Liquor continues to be a curse, but I see no drunkenness on the streets.

WORRYING ABOUT THE KOREAN TRUCE

Although the Korean truce has been signed, most people here feel that it won't amount to anything. They are still worrying about World War III. I can't see what Russia could possibly gain by war now. The Chinese would like to use their time and money in building up their own country. I believe the time is approaching when a foreign army will refuse to fight any free nation. More likely, national armies are apt to strike at home to correct conditions in their own countries. In fact, the military and veterans may someday control the United States. Being a veteran already counts more in getting a position than being a college graduate, although those who enjoy both have the best chances. Surely, those who live on farms or in small cities have

SAND HILLS PHILOSOPHER—

In Favor Of New Meat Tenderizer, Has Other Uses He Thinks He Could Put It To

Editor's note: The Sand Hills Philosopher on his Johnson grass farm probably is assuming too much power for the latest evidence of scientific progress.

Dear editor:

You can't always tell how far ahead of his times a man is just by lookin at him.

Take me out here on this grown up in weeds and Johnson grass place. You'd think that by lookin around I was at least twenty five years behind the times, but there is nothing to it. I may be twenty five years behind in my work that's true, but I do not intend to stay that way; a year from now I'll be twenty six years behind, the year after that, twenty seven. I believe in progress. It's people who stand still that's holdin this country back.

ing too much power for the latest evidence of scientific progress.

Dear editor:

You can't always tell how far ahead of his times a man is just by lookin at him. Take me out here on this grown up in weeds and Johnson grass place. You'd think that by lookin around I was at least twenty five years behind the times, but there is nothing to it. I may be twenty five years behind in my work that's true, but I do not intend to stay that way; a year from now I'll be twenty six years behind, the year after that, twenty seven. I believe in progress. It's people who stand still that's holdin this country back.

Today's Meditation

I say unto you, Though he will not rise and give him, because he is his friend, yet because of his importunity he will rise and give him as many as he needeth. (Luke 11:8). Read Luke 18:1-8.

One day a father was in his study reading, and his little son was playing with his blocks. Suddenly the little boy said, "Daddy, I want a drink." He went on playing with his blocks, and the father went on reading. Soon, again the boy said, "Daddy, I want a drink." Still he kept busy with his block. The father kept on reading.

Presently the boy arose, put his hand on his father's knee, and said, "Daddy, I do want a drink!" He had become in dead earnest in his asking. Of course he got his drink.

If in our asking of our heavenly Father we have but half-hearted attitude, why should God listen? So often we are so busy with our pleasures, our business, our non-essential things, that our asking is lukewarm. But when we are so dead in earnest as to put away other interests and to put into action the prayer of our heart, God knows we are ready for His answer.

PRAYER

Our Father, help us to realize our needs, and to know that when we truly desire help, Thou art always ready to help us. Teach us to pray, in Jesus' name. Amen.

THOUGHT FOR THE DAY

"The prayer of a righteous man has great power in its effects." Mrs. A. E. Fowler (Neb.)

George T. Edwards Reports To Air Base In Florida

Lt. George T. Edwards has reported to Tyndall Air Force Base, Florida, to begin training in the All-Weather Interceptor Aircrew School (F-94c).

Tyndall AFB is one of the Bases in Crew Training Air Force, Air Training Command, and is also the home of the Aircraft Controller School, All-Weather Interceptor Aircrew School (F-96D), Fighter-Gunnery Indocination Course, and Basic Aircraft and Engine Mechanics School.

The training Lt. Edwards receives in the F-94C School will extend over a period of 8 weeks. All types of techniques and tactics involving all-weather interception will be given throughout the course, including classroom instruction and application of those lectures in simulated intercepts. This phase of training is the Application Phase of intercept training, the first six weeks of which were given him at Moody AFB, Georgia.

This training will qualify him to take his place in the Air Defense Team so vital to the defense of America.

LEAVES FOR EUROPE

Mr. and Mrs. Jimmy Reese were in Atlanta, Ga., recently. Mrs. Reese came back to Muleshoe, while her husband, Airman Jimmy Reese left Ft. Worth for Camp Kilmer, N. J. He will leave Camp Kilmer for Continental Europe sometime in the near future and Mrs. Reese will join him there.

WORRYING ABOUT TAXES AND PRICES

Keep in mind that a certain proportion of the taxes paid by businessmen will help business during a depression. Taxes paid for the support of farm prices, payment of minimum wages, old-age assistance, and the cost of schools will come back to us. Hence, don't worry so much about taxes.

I recently attended a meeting protesting high prices, which the speaker blamed on the money paid out by manufacturers and retailers for advertising, research, etc. Still millions of people today owe their jobs to such expenditures. If any reader is out of a job, it is probably because some penny-pinching employer cut off advertising.

A CURE FOR WORRY

I have a very old Bible (1477—before Columbus discovered America); every word penned by hand. I find that certain portions show excessive use. It looks as if the owners during the past four hundred years used it to cure themselves of worrying! For those desiring to take such a "cure" instead of pills or psychiatry, I suggest the following: Matthew 5: verses 3, 7, 9 and 44; Matthew 6:34; James 5:16; and John 15:7. These are the pills that do me good when I am tempted to worry, but I sometimes need to read them many times before they really sink in.

Wheat Referendum Is Scheduled To Be Held In Texas On Aug. 14

With the referendum on wheat quotas only days away—August 14—many questions regarding quotas and acreage allotments for the 1954 wheat crop are being asked by wheat producers. Chairman Claude K. McCan of the Texas PMA Committee urges all eligible producers to become acquainted with the program and to vote.

Pointing up some of the highlights of answers and questions on the program, McCan explains that the results of the referendum will determine the amount and extent of price support wheat producers will receive on their 1954 crop. All farmers whose farms are subject to quotas are

eligible to vote in the referendum. A farm is subject to quotas if the acreage to be planted and classified as wheat acreage under the program in 1954 is more than 15 acres and if the normal production is 200 bushels or more.

Here is what can happen, says McCan. If more than one-third of the votes cast on August 14 are against quotas, the quotas will not go into effect. But farmers who plant within the wheat acreage allotments for their farms will receive price supports based on 50 percent of parity. Farmers not planting within the acreage allotments for their farms would not receive the 50 percent support price.

On the other hand, should two-thirds or more of the voters favor quotas, price supports at 90 percent of parity would be set for those farmers planting within their wheat acreage allotments. Farmers planting in excess of their acreage allotments would be subject to a marketing penalty of 45 percent of the wheat parity price, as of May 1, 1954, on each excess bushel of wheat.

McCan pointed out that the outcome of the referendum will not affect acreage allotments which have been set at 62 million acres for the nation and 4,800,683 acres for Texas. Acreage allotments for the wheat producing counties in Texas and for the individual farms within the counties will be announced prior to the referendum, says McCan. The state acreage allotments, adds McCan, were based on the acreage that has been seeded to wheat during the preceding 10 years with adjustments made for weather factors and trends. The farm allotments have been assigned to all farms on which wheat was produced in any one of the years 1951, 1952, or 1953 and to eligible new farms.

Finally, the state chairman says, quotas will establish the amount of wheat farmers can dispose of through cash markets or government loan or purchase agreement programs. This is the portion of the wheat controls on which producers will vote on August 14. Detailed information on the wheat program is available at county PMA offices and McCan encourages all wheat producers to get the facts and then vote.

PREVENTING INSECT DAMAGE THROUGH RESEARCH

Killing insects is a lot like a marriage proposal. A little thought beforehand may prevent a pack of griefs afterwards.

A fellow rarely has the chance to repeat his pre-marital mistakes. But fortunately, we can profit from our previous errors in insect control. And Texas Department of Agriculture entomologists are under pressure now for some quick answers to our pest problems.

Biological control is very promising. Milky disease has reduced the ravages of the Japanese beetle in the U. S. but we are always looking for ways to breed and distribute more natural enemies of destructive insects. Such research involves a world-wide search for insect predators, parasites and diseases of the pests we want to control.

The more we know about the rise and fall in numbers of an insect, the better we can forecast and prevent these epidemics and the resultant damage. It is essential that our techniques of survey and identification be rapid, sure and inexpensive.

Timber losses caused by insects surpass those due to fire in many parts of Texas. Some years, our national loss from the cotton boll weevil exceeds 500 million dollars. Other insects that have caused losses exceeding 100 million dollars in a single year include grasshoppers, cattle grubs, corn earworms, greenbugs, bollworms and European corn borers.

In the past 10 years, more than a score of new organic-type insecticides have been tested and marketed. There are hundreds more awaiting further study. Results, thus far, of entomological research have been a big factor in increasing crop yields, yet the above losses demonstrate the need to discover even better control procedures.

Results of research, when ap-

plied on farm, ranch, forest, and in the home, will prevent waste and suffering by controlling more than 600 major destructive insects as well as the pests that transmit diseases of plants, livestock and man.

We need research—and plenty of it.

BAILEY COUNTY TO VOTE

'Acreage Allotment Is Backbone Of Wheat Referendum In Texas Aug. 14

Acreage allotments are the backbone of the recently proclaimed marketing quotas to be voted upon by eligible Bailey County wheat growers in the August 14 referendum, H. E. Schuster, county chairman, said today. If approved by at least two-thirds of the wheat growers of the Nation voting in the referendum quotas and allotments will become effective on the 1954 wheat crop. The result of the referendum also determines the amount and extent of price support the farmer will be eligible

Early Cotton May Bring On Defoliation

COLLEGE STATION—Harvesting this year's drouth stunted cotton may be a problem, says Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service. The acre yield will be low and pickers or pullers will pass it up for better yielding fields. Elliott believes the answer to the problem is defoliation and mechanical harvesting. Knocking the leaves off the stunted plants will require the use of a defoliate, he says, such as endothal or pentachlorophenol. Under some conditions, he adds, liquid

to receive. In general, Chairman Schuster explains, all Bailey farms on which wheat was grown in 1951, 1952, or 1953 will be assigned an acreage allotment. In making these allotments, consideration is given to the number of tillable acres on the farm, the crop rotation practices followed (including acreage planted to wheat), type of soil and slope and lay of land. For the past several weeks the county committee has been obtaining data on each farm's past and present current wheat production.

The allotment for Bailey County farmers is worked out from the basis and the national allotment. The national acreage allotment for the 1954 crop is 62 million acres. Production from the allotment plus carry-over will provide more than enough wheat in 1954, together with the estimated imports, to meet domestic and export needs plus the 30 per cent required by law. The national acreage allotment is then apportioned among States and counties according to acreage seeded to wheat during the latest 10-year-average, adjusted for trends and other factors.

Chairman Schuster advises that any farmer who believes his wheat acreage allotment is not accurate may appeal to the county committee. If he is not satisfied with the county committee's decision he may appeal to a review committee of three farmers appointed by the Secretary of Agriculture which will consider the evidence and make a decision. If not satisfied with this decision, the farmer may, within 15 days, initiate proceedings for a review of the case by a court.

chlorates used as sprays may be used. This would be true on cotton which was not severely stunted and on which the leaves were still fairly tender.

Under ideal conditions with dew present each morning, calcium cyanamide does a good job. The chemical to be effective, says Elliott, must remain in moisture on the leaf for at least two hours—four is better. The chlorates applied as sprays under the above conditions should also be satisfactory.

When dew is not present but plants are still active and yields are expected to be normal, the specialist says, the chlorates used as sprays and the soluble form of monosodium cyanamide should give good results.

Regardless of the defoliate used, Elliott makes the following recommendations. Apply the defoliate at about the same rate the machines will cover when harvesting begins; if an airplane is used, always use flagmen; use fenders on ground equipment in rank cotton; follow the instructions of the manufacturer to the letter and avoid the use of unknown mixtures since they are dangerous and could cause fires.

Finally, says Elliott, L-145, Cotton Defoliation Guide in Texas, has been revised and may be obtained without cost from local county agents. The leaflets contains the latest information on the defoliants and suggestions for their use.

PMA Election Set For August

"To PMA county and community committeemen to be elected in August by Texas farmers participating in PMA programs, will fall the important duty of determining farm acreage allotments on any crops for which allotments are in effect in 1954", State PMA Chairman Claude K. McCann said today.

Secretary Benson has already set in motion the preliminary work necessary in preparation for possible acreage allotments and marketing quota programs on 1954 crops of wheat and cotton. If such controls should be required for these crops.

Urging all farmers concerned in any PMA programs to get out and vote, Chairman McCann said, "Establishment and supervision of farm acreage allotments when they are in effect is not the only duty of PMA committeemen. Price support loan programs and purchase agreement are locally under their direction. Storage facility loans available to farmers needing additional storage space for grains and seeds on their farm must be approved by the county committee. These loans are intended to supplement regular means of credit to in-

increase grain storage capacity.

Local administration of Crop Insurance, with the exception of loss adjustment, is another program under supervision of county Committeemen. They are also responsible in cooperation with other Department of Agriculture agencies for supervising Agricultural Conservation Program practices carried out in their community.

Any farmer participating in any PMA program—owner, tenant, sharecropper—is eligible to vote. County office will announce time and place of voting.

GUESTS IN COULTER HOME

Mrs. Wayne Cook of Lovington, N. M., visited her mother, Mrs. C. C. West, in the home of Mrs. Dave Coulter over the weekend. Also a guest of the Coulters over the weekend was Mrs. West's grandson, David Frank Ferrier, of the Amarillo A. F. B.

ATTENDED CONFERENCE

Misses Zeffie and Effie Childress attended the "conference for improvement in the teaching of reading" at W. T. College in Canyon last week.

MOVING HERE FROM PORTALES

James White, who is employed by the Southwestern Public Service in Portales, N. M., is moving here soon, and will be employed by the Southwestern Public Service here. He will occupy one of the A. F. Robertson houses on the Clovis highway.

WERE DINNER GUESTS

Messrs. Cecil Bolton and Harold Dutton of Lubbock, were dinner guests of the A. W. Copley family Sunday.

WENT FISHING

Mr. and Mrs. Myron Pool went to Santa Barbara, N. M., over the weekend on a fishing trip. Mrs. Pool said they had a lot of fun, and caught one fish. Said it was really a nice one though, an eleven incher.

VISITED MOTHER

Mrs. R. L. Dillard and Clinton, spent last week with her parents, Mr. and Mrs. Ernest Jackson, of Wellington.

ENTERED IN RODEO

Monte Griffin of Lamesa visited his friend Bobby Ross Goodwin, over the weekend. Both boys entered in the Rodeo, which was held at Clovis, N. M., Saturday and Sunday.

Texas Leaders' Round Table

Outstanding Professional Achievement

SOUTHWESTERN LIFE applauds its Muleshoe representative, Marion F. Harris, who in the past year has strengthened his record of professional achievement by earnings.

Membership in the Leaders' Round Table of Texas, honor group of the Texas Association of Life Underwriters, limited to those who meet high standards in the volume and permanence of business produced.

Southwestern Life, in its 50th Anniversary Year, is proud to present the members of its agency force whose collective achievements have contributed so largely to the Company's record of service to the people of Texas.

Southwestern Life Insurance Company

JAMES RALPH WOOD, PRESIDENT HOME OFFICE • DALLAS

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—and how much I could save!

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrift-King" engine.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around
You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops
An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability
You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*
A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

some, religion is like a bus; they ride it only when it is going in their direction. . . .

CONSIDER NEW CROPS

According to the Ralls Rotary "Pepper", it is time to begin to consider what will go on irrigated land now devoted to cotton, since farmers of that county face about a 39 per cent reduction in acreage.

"The layout looks good," the paper says for a bunch to get together and guarantee that they will cooperate by devoting a certain part of their land to some designated crop that will make it worth somebody's while to market the crop they choose to raise."

Probably in this part of the Plains, too, we will need to get our heads together and plant our former cotton acres to some crop in a cooperative effort, like our beans and potatoes and alfalfa.

Hugh Freeman, the high sheriff was slightly miffed this week when he visited his friend, Sheriff Lovelace, to find Mr. Lovelace had no one in jail at Farwell. When he got to Portales, he learned they had no prisoners, and upon returning and counting up, found we had 7 county boarders. And it disgusts this editor, because criminality of any kind won't pay off, we are all too busy to fool with it, and besides it costs the county money.

At 4:30 or 5:00 or at the latest 6:30 the blatant whistle of the Muleshoe Canning factory bursts blatantly upon the ear drum, disturbing one's sleep, rousing one to the pressing problems of the busy day ahead. Dern, darn, doggone it. Expressions of this nature and even more emphatic ejaculations will serve no one, not even the mayor hereof. The whistle will blow.

This writer made a special trip to the canning factory to learn the whereabouts. The fellow who pushes the button that causes the whistle to blow said it invariably happens at 7:30! Consternation, have I been an hour or so late each morning?

But, early or late, the whistle blows and reminds not only canning factory workers but all the rest of us that we live in bustling, bustling Muleshoe. The canning factory is not the only busy place. The two potato sheds have been busy pressing the yield from around 1,000 acres of potatoes and quite a few acres of onions. Other Muleshoe country activities simultaneously carried on includes the alfalfa mill, which has had both dehydrator units working night and day of late. These three crops, green beans, potatoes and onions, and

About People You Know

RETURNED FROM TRIP

Rev. and Mrs. Ernest L. Merriott and Virgel have returned home from San Antonio, where they attended the organization of "The World Baptist Fellowship of Texas". They went to Austin and enjoyed a Guided Tour of the Capitol, and visited friends in San Angelo.

CONGRATULATIONS

Mr. and Mrs. Donald Schumann are the proud parents of a baby boy, born July 20, in the Parmer County Community Hospital. Victor Jake weighed eight pounds and two ounces. Grandparents are Mrs. J. J. Haun of Muleshoe and Mrs. Beatrice Schumann of San Diego, Calif.

TO TAOS, N. M.

Mr. J. K. Adams and his brother-in-law, Bill McMillen of Mineral Wells, left with three 4-H boys from here, Joe Roark, Cliff Allen, and Darrell Lee Stevens, for Taos, N. M. They will be back Thursday.

VISITING SON

Mrs. Laura Morris of Tucson, Ariz., is visiting her son and daughter-in-law, Mr. and Mrs. Arnold Morris.

HERE FROM AMARILLO

Mrs. Archie Pool of Amarillo is here for a few days, as a guest in the home of her parents, Mrs. I. W. Haney and other relatives.

WERE IN MIDLAND

Mr. and Mrs. M. G. Bass visited in Midland over the weekend with their son and family, Mr. and Mrs. Raymond Bass and grandson, Vance.

GOING TO COLORADO

Mr. and Mrs. Buford Butts and Patricia, and Sandra Warner left Thursday for various points of interest in New Mexico and Colorado. They will visit the Carlsbad Caverns and go on to Colorado from there.

ATTENDED FUNERAL

Mr. and Mrs. Pat R. Bobo, and Mrs. Beulah Carles, visited in Decatur and Rome over the weekend. Mrs. Carles visited her daughter, Mrs. Bob Bradley and family, while Mr. and Mrs. Bobo visited his mother, Mrs. Betty Bobo.

Friday, they attended the funeral of Mr. W. E. Hines at Bridgeport. Mr. Hines was one of the bank directors here.

TO FORT WORTH

Mr. and Mrs. Frank Matthews are visiting in Fort Worth this week with their parents.

alfalfa, have brought in untold thousands of dollars of income.

LEFT FOR WASHINGTON

Mr. and Mrs. O'Neil Rocky and Mrs. Leota Witterding and granddaughter, Dottie, left last week for Omak, Wash., where they will visit the Rocky's son, Richard and family, and other relatives.

ARE VISITING HERE

Mrs. L. C. Gilbreath and son Sandford of Springtown, are here visiting their daughter and son-in-law, Mr. and Mrs. "Red" Glasscock.

BACK FROM VACATION

Mr. and Mrs. Vernal King and children have returned from a vacation in New Mexico and Oklahoma. They visited in Quahoma, N. M., and went up into the lookout in the forest there. Mrs. King said they could see for miles around.

From New Mexico, they came back here, then went to Oklahoma, to visit relatives.

ATTENDED BAPTIST ASSOCIATION

Mr. and Mrs. Morris Nowlin and girls, and Miss Charlene Watson, attended a Primitive Baptist Association in Big Spring over the weekend.

CARLYLE IS BACK IN MULESHOE AFTER 7 YEARS

H. H. Carlyle has returned to Muleshoe to live after an absence of 7 years and is again at his old stand, in the store of E. R. Hart Company. Mr. Carlyle had worked for E. R. Hart Co. 22 years when he resigned to move to San Angelo.

About two years ago he moved from San Angelo to Lubbock. The family will join him here in a few days.

TO YELLOWSTONE

The Tom Smith family was off Wednesday morning bright and early for a vacation sightseeing tour that was to take them as far as Yellowstone National Park.

FATHER IS VISITING

Guests in the Rudolph Wiede bush home this week are her father, Mr. A. Dunn, of Holtville, Calif., and her sister, Mrs. J. R. Eagan of Lubbock.

VISITING GRANDPARENTS

Jackie Dunn, of Southland grandson of Mr. and Mrs. J. E. Dav, arrived on the morning train Tuesday for a visit with his grandparents.

W. B. McAdams, Veteran Mail Man, Retires, Honored By Many Gifts

W. B. McAdams, veteran Muleshoe rural route carrier, was honored last Friday night with a surprise lawn party at the Progress Methodist Church.

After twenty seven years of carrying the U. S. Mail on Route 2, Mr. McAdams is retiring. To show their appreciation for his years of faithful service, his friendliness, and his understanding, his many friends gave him the party.

Hostesses for the occasion were: Mmes. Eva Murrah, J. D. Black, L. V. Kolar, Dave Stovall, W. B. Harlan, Vanoy Tipton, Hershel Wimbley, Eugene Black, Spencer Beavers, C. E. Roark, E. W. Locker, Troy Actkinson, B. H. Black, and Lonnie Wilhite.

The party opened with the group singing "The More We Get Together", and a prayer. After a few speeches were made, Mr. McAdams was presented with a beautiful television set, TV table, and three pieces of Samsonite luggage, from the families of Route 2. His fellow workers at the Post Office gave him a \$20 Stetson hat, and he received numerous other gifts from friends.

Mr. McAdams told this reporter that when he first started carrying the mail on Route 2, there were about seventy families, and his route covered about sixty-one miles. He said the best roads were ungraded, and many were just cow trails. Now, Mr. McAdams says the route covers eighty-six miles, and there are three hundred seventy seven families.

Present at the party were thirteen families who were on Route 2, when he started carrying the mail. They were: Mr. and Mrs. Wesley Herrington, Mr. and Mrs. Tom L. Smith, Mr. and Mrs. Harold Mardis, Mrs. Jess Murrah, Mr. and Mrs. Byron Guinn, Mr. and Mrs. W. B. Harlan, Mr. and Mrs. Tye Young, Mrs. Fern Davis, Mrs. Johnnie Westbrook, Mrs.

O. S. Richards, Mrs. Lonnie Wilhite, Mrs. R. L. Richie, and Mr. and Mrs. Troy Actkinson.

Approximately three hundred guests attended the party. Punch and cookies were served to all.

Parmer County Farm Bureau News

By Ralph Smith

Attorney General John Ben Shepperd has cut travel and other expenses of the office to one half of what they were in the first six months of last year.

Because of this improved economy of operation, \$20,000 will be returned to the state treasury in August. That this represents efficiency is indicated in the fact that of 671 cases tried or appealed since January 1, only eleven have been lost. Why not let John Ben know that you appreciate his successful efforts to economize and increase efficiency in the use of your tax money? Maybe your reaction would inspire others to try a similar operation.

Your service representative and Aubrey Ellison will spend this week at A&M trying to learn how to serve you better. Deaf Smith County is sending five of their prominent farmers along.

If you know a pretty girl between 16 and 22 on September 1, who's father or brother is or wants to be a Farm Bureau member, urge her to enter the Queen Contest to be held August 21. If she's the right girl, she can go right on to Lubbock Sept. 3, to Mineral Wells in November and then to Chicago in December with \$750 expense money plus all the gifts and courtesies that will accompany her and her matron, Mrs. Flossie Anderson of Bovina is seeking and taking entries. Business places who would like to help some girl along are invited to participate. \$5 entry fee is required and Farm Bureau will pay for formal ensemble for the county winner who goes to Lubbock. Cotton informals will reign at the county show. Cotton John KGNC staff member, and Tim Magness and the "Techsians" of Lubbock Tech will make the evening enjoyable for all.

Wheat producers, remember August 14, the day to vote for or against marketing quotas.

Theatre industry leaders are pleading "hardship" in their drive to have amusement taxes eliminated. American Farm Bureau is contending that such a move would be inconsistent with FB budget balancing policies. We believe that farmers and other businesses could make the hardship pleas as justly as theatre operators.

As a result of recent court action in South Texas, the words "non-assessable" on a Mutual Policy are not necessarily true. Farm Bureau recommends and writes Legal Reserve Stock Co.

Consider this: "The name of the Lord is a strong tower, the righteous runneth into it, and is safe." Prov. 18:10.

WSCS Met With Mrs. W. D. Moore

The Woman's Society of Christian Service met in the home of Mrs. W. D. Moore Monday, August 3, at 3 o'clock p. m.

The meeting opened with the group singing, "My Hope Is Built", after which Mrs. S. C. Beavers lead in prayer. A very inspiring devotional was given by Mrs. Cecil Davis, who used Timothy 3:16 as her Bible reading. Mrs. H. Jay Wyer and Mrs. F. B. Pierson made very interesting reports from the School of Missions, which they attended in Lubbock last week.

The group then enjoyed a social hour conducted by Mrs. H. C. Holt, and refreshments were served to the following: Mmes. H. C. Holt, I. W. Haney, W. H. Kistler, I. F. Willman, E. R. Wright, J. E. Day, J. J. Gross, H. Jay Wyer, F. B. Pierson, W. H. Hanks, Cecil Davis, S. C. Beavers, C. R. Farrell, Schoenberger, Arnold Morris, D. B. Lancaster, hostess, W. D. Moore, and Miss Margie Moore.

Melson-Rose Vows To Be Read

Mr. and Mrs. W. T. Melson announce the engagement and approaching marriage of their daughter, Dorothy Ann, to Billy Marcell Rose, son of Mrs. Mary Elizabeth Rose, of Brownfield.

Vows are to be solemnized on August 16, in the home of Mr. and Mrs. Curtis Spivey of Sudan.

Regular Meeting Of WSCS Held In Church Bldg

July 27 at 3 o'clock p. m., the WSCS held its regular meeting in the Muleshoe Methodist Church.

Mrs. Arnold Morris gave the devotional, and the group sang, "Kingdom Commion." Mrs. H. W. Hanks then lead the group in prayer.

The book on "Toward Understanding The Bible", was reviewed, it was given by Mrs. Arnold Morris, and a round table discussion was held. A talk on "The Unwritten Years" was given by

insurance. Consider this: "The name of the Lord is a strong tower, the righteous runneth into it, and is safe." Prov. 18:10.

VISITS GRANDPARENTS

Miss Virginia Ann Fyle, of Alamo, N. M., is spending her vacation with her grandparents, Mr. and Mrs. A. F. Robertson of the Y. L. Community. Mr. and Mrs. Robertson and Virginia spent last weekend with the Rob-

Mrs. H. W. Hanks. President, Mrs. W. D. Moore, presided at the business meeting which followed. The treasurer's report was given, and the first quarter pledge was sent in. A card of thanks was read from the Bill Pierson family.

Mrs. D. B. Lancaster dismissed the meeting with a prayer. Present were the following: Mmes. Gregory, C. R. Farrell, Arnold Morris, Cecil Davis, D. B. Lancaster, H. W. Hanks, and W. D. Moore.

ertson's daughter and family, Mr. and Mrs. James Thlesson of Shawnee, Okla.

VISITED PARENTS

Mrs. David Jones and children, Karen, Norman and Ransom, are visiting her parents, Mr. and Mrs. W. M. Pool. Another guest in the Pool home is Mrs. W. M. Pool, Sr., of Lubbock.

STOPPED FOR FEW MINUTES

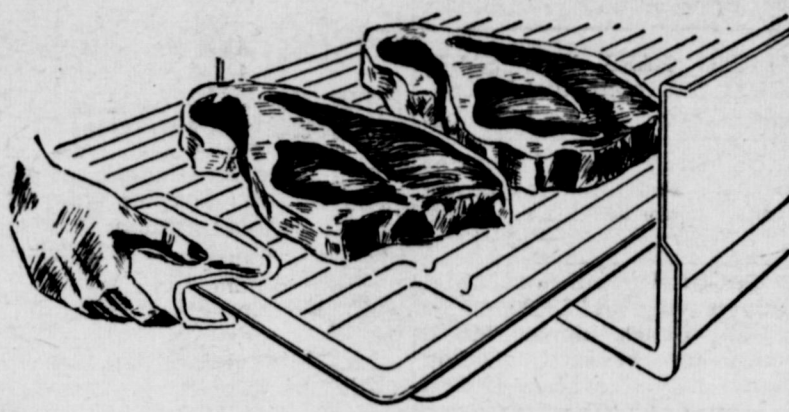

Mr. and Mrs. Glen Johnson and daughters, of Dallas, stopped Thursday and visited with Mr. and Mrs. D. B. Lancaster. They were on their way to California.

POOLS HAD GUESTS

Guests in the Lee Pool home Sunday were, Mrs. Harvey Pool and children, Judy and Sonny, of Levelland.

Only Gas

offers clean SMOKELESS broiling

Try the cigarette test and prove to yourself that only a live flame offers you smokeless broiling. Light a cigarette. Hold a lighted match over the smoke coming from the cigarette. See how the flame consumes the rising smoke. The same principle applies when you broil in a modern gas range. The clean blue flame of natural gas consumes the rising smoke and grease vapors. Only gas offers you clean smokeless broiling.

ARE BACK HOME

Mr. and Mrs. E. H. Kennedy are home after spending a few weeks in Denver, Colo., where Mrs. Kennedy has been attending the "Lamont School of Music", the Teacher Workshop, of the University of Denver.

Mrs. Kennedy said there were instructors in music there from the University of Michigan and the University of Utah.

Two concert artists, Martha Braden and Doris Martin, who were with the school and were students at the University of Michigan, performed with the Denver symphony orchestra, as their guests of honor.

Mrs. Kennedy said they had a very nice time, but she didn't have much time to do anything except to go to school.

VISITED SISTER

Miss Elizabeth Farley spent last week in Plainview, with her sister, Mrs. Curtis Brashear.

GENERAL TELEPHONE COMPANY
of the Southwest

PRICE the "low-priced" cars, add a few dollars more, and there you are.

Because that's all the money it takes to buy this great new 1953 Buick SPECIAL.

That's all it takes to boss its high-compression Fireball 8 Engine—now stepped up to the highest horsepower in Buick SPECIAL history.

That's all it takes to enjoy its still finer Million Dollar Ride—its full six-passenger roominess—its light-as-a-flyrod handling ease.

But if you're surprised at this news, we can't blame you a bit.

Most people are—when they learn that you can get Buick styling, Buick structure, Buick room and power and comfort and steadiness, all for just a few dollars more than the cost of the so-called "low-priced" three.

Add another happy surprise.

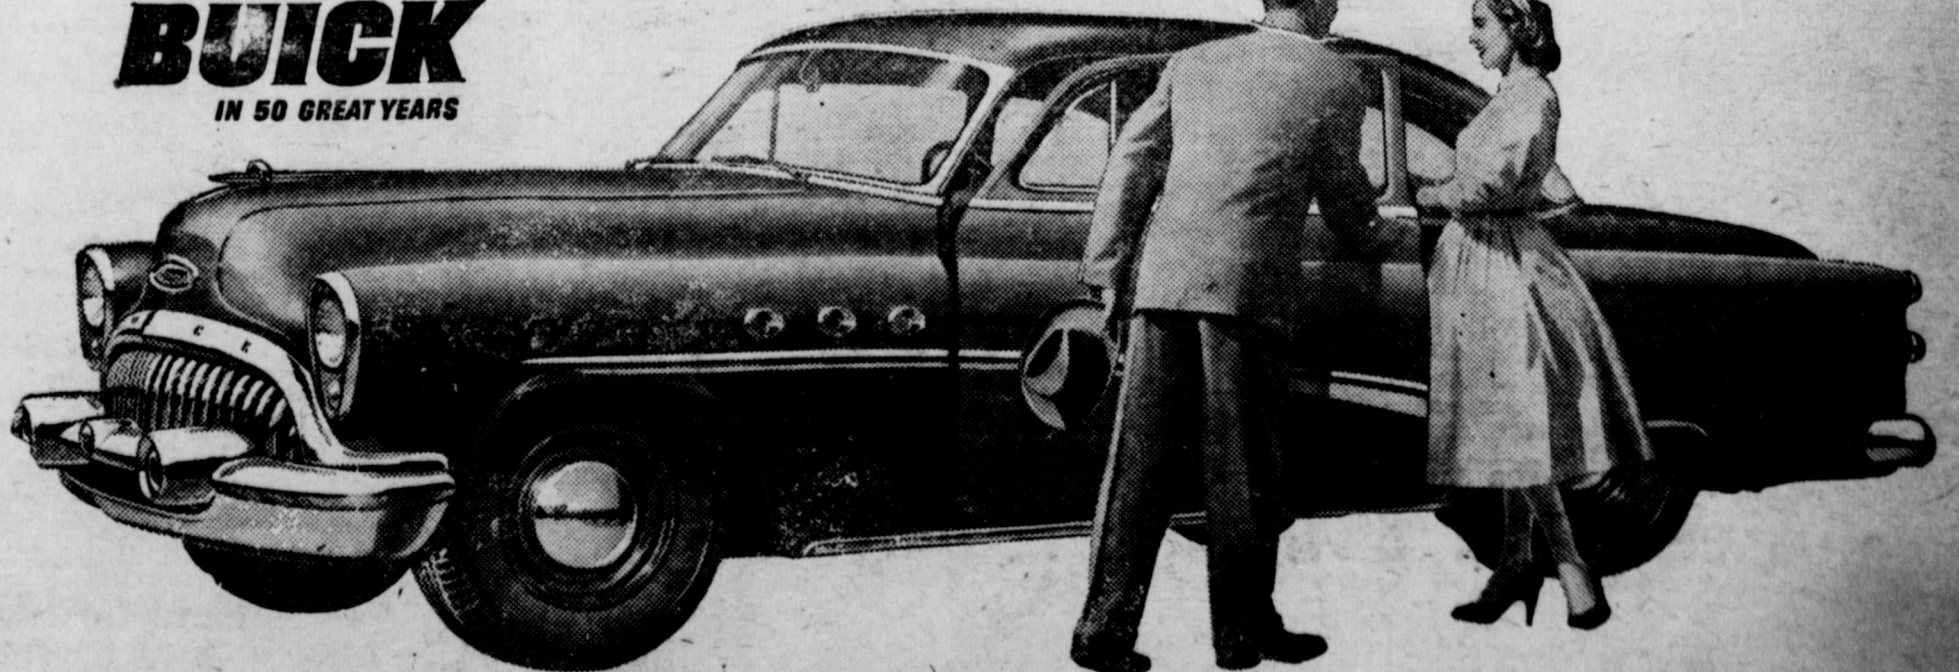

In this Buick you get a long list of "extras"

at no extra cost—things like direction signals, dual map lights, twin sunshades, lighter, trip-mileage indicator, automatic glove-box light, oil-bath air cleaner, full-flow oil filter, bumper guards front and rear—things most other cars of similar price charge as extras.

So there you are—definitely able to move right into this big, broad, robust-powered Buick for a price you'd expect to pay for a lesser car.

Why not drop in on us to see and drive this honey of a buy? The rest we'll leave up to you.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

PUBLIC NOTICE

PUBLIC HEARING ON PROPOSED COUNTY BUDGET

I am hereby authorized, acting in my capacity as County Judge, of Bailey County, Texas, to give public notice to the Citizens of said Bailey County, Texas, as authorized by law, that a public hearing will be held in the Commissioner's Court Room, at the Bailey County Courthouse, on Tuesday, the 18th day of August A. D., 1953, at 9:00 o'clock AM, on the proposed County Budget for the year beginning January 1st, 1954; and the Commissioner's Court will consider said Budget, after the hearing had on said date. Any taxpayer and the General Public are invited to attend and participate in said hearing at said place on said date and hour hereinabove stated.

Witness my official hand and seal, this 20th day of July, 1953.

CECIL H. TATE,
County Judge,
Bailey County, Texas
31-4tc.

Eastern Star Met Monday Evening

The Muleshoe Chapter of the Eastern Star, Chapter No. 792, met in regular session Tuesday evening, August 4, at 8:00 o'clock in the Masonic Hall, with Mrs. Ruby Cox, worthy matron, presiding.

Mrs. Margaret Epting was installed as treasurer for the year, and degrees were conferred on Mrs. Hazel Welch, in a very impressive ceremony.

A short Robert Morris program was given by Mmes. Myrtle Creamer, Billie Mathis and Anna Lucy McAdams. Elizabeth Harden was escorted to the East where she was presented with a gift from the Worthy Matron for making her year books.

Mrs. Warrenna Roark of Sudan Chapter No. 806 was a visitor. Refreshments were served by the committee, Mmes. Clara Kelly, Ruth McCarty, and Anna Lucy McAdams, to twenty-six members and visitors.

Mrs. Onard Upton Calls P. T. A. Meet

Mrs. Onard Upton is calling a meeting of the high school P. T. A. executive committee. The meeting will be at 1:30 p. m. Friday August 7, in the office of the National Mill. Mrs. Upton asks all members to please be there, as final plans will be made for the Will Rogers Memorial Rodeo.

Jesus Yruegas, age 20, to Domingo Corrales, age 16, of Star Route 2, Muleshoe.

Explorers Visit Camp Philmont

Seven Muleshoe Explorer Scouts their Advisor and an Explorer scout from Slaton, spent 10 days at the Philmont National Boy Scout Ranch at Cimmaron, N. M.

The Kit Carson Trek, for which they enrolled, was the toughest schedule on the Ranch program. The group hiked over 50 miles through mountain valleys and up over the highest points on the ranch. They carried bare necessities on a pack. These included ponchos, mess gear, spare clothing, toilet articles and bedding. Most members of the party carried some fishing equipment and cameras.

They received food rations at the various base camps, but all meals were prepared by the team. Pup tents were already set up at these stations for sleeping quarters.

At the beginning the boys were given instructions in nature study, altitude cooking, camp craft, and field sports. The unit lived as a patrol and the various tasks of camp life were rotated from day to day.

The crew learned much from plant, bird, and animal life up and down the trails. They also studied rocks, minerals, and natural erosion. They had such rare treats as eating fresh wild strawberries along the trail. They also had the experience of sudden showers in the high altitudes that sent them rushing for their ponchos. Besides becoming acquainted with many new birds, plants, trees, and flowers, they saw antelopes, buffaloes, racoons, porcupines, deer, and snakes.

All members finished the Trek and the unit was awarded the "WE ALL MADE IT" award. Individual awards were earned on Conservation, Camping, Naturalist, Woodsman, and Sportsman.

Saddle horses were provided for a ride into headquarters the last day. Everyone made the trek in good shape and thoroughly enjoyed it. Those going on the Kit Carson Trek No. 503 were: Gaylord Tate, Butch Lenau, Johnnie Baker, Bob Wingo, Buddy Pool, Crispin Green, Gwineth Cox, and Vernon Baker. Dickie Thomas of Slaton also went with the Muleshoe group.

Local Realtors Met Monday Evening

Local realtors met at 8:00 Monday evening in the Post Office Cafe to discuss the organizing of a local real estate board in Muleshoe.

Members of the Lubbock Real Estate Board met with them and discussed the functions of a real estate board and the benefit each member would receive from the organized board.

Members from Lubbock in attendance were: J. W. Chapman, President of the Lubbock Board; Joe Phillips, Director of the State Board; Billy Meeks, Secretary; Ray Chapman, Oliver Cates, Charles Aydelotte, Immediate Past Presidents, Wayne Livesay, Paul Patillo, M. P. Vannoy, and Truman Chumley, all members.

Mr. Chapman held an interesting discussion assisted by Clyde Bray, local realtor.

The Lubbock Real Estate Board has invited all Muleshoe Realtors to meet with them Friday noon, August 7, at the Caprock Hotel for their regular meeting.

Mr. and Mrs. James D. Williams and family.

Three Muleshoe Boys Are At Fort Hood

Teddy F. Harrison

Willard Heathington

Three Muleshoe boys have arrived at Fort Hood, Texas, where they will be assigned to Combat Command "B" of the famed First Armored Division for basic training.

They are Harold G. McWilliams, son of Mr. and Mrs. W. B. McWilliams; Willard Heathington, son of Mr. and Mrs. Farris Heathington; and Teddy F. Harrison, son of Mr. and Mrs. W. F. Harrison.

Famed as a combat division in World War II, the First Armored Division was reactivated in 1951 under Major General Bruce C. Clarke and is at present undergoing combat training at Fort Hood, Texas.

VACATION BIBLE SCHOOL AT LUTHERAN CHURCH

All boys and girls of school age are invited to attend the Vacation Bible School at St. John Lutheran Church, at Lariat. The school will open August 10 and last through August 21. Classes will begin each morning at 9:00 o'clock, and close at 11:30. Your child will be in good hands.

Softball Playoffs Start Friday

There will be a double elimination tournament between the three teams here in Muleshoe starting tomorrow, Friday evening.

The three teams represented will be the Muleshoe Softball Club, the Printers and the REA team. The games will start at 6:30 on the softball field across the tracks on the old hard ball field.

The Muleshoe team captured first place in league play with 10 wins and 3 losses, while REA and the Printers are tied with 6 wins and 7 losses each. They will play their tie off this afternoon at 6:30.

MULESHOE LOSES TO REA IN 2-1 GAME

In the best game played in the softball league here this year, the Muleshoe Softball Club was defeated by a fired up REA team Monday evening 2-1.

The REA team scored their two runs in the fifth, while Gross, pitching a fine game for them, held the Muleshoe team scoreless until the last of the seventh when he walked Tom Burden, who stole second, third and home with two outs that gave the Muleshoe boys their lone tally.

REHEATA PEELER ATTENDS BENZ FLORAL SCHOOL

Miss Rheata Peeler of Muleshoe has been a student at the Benz School of Floral Design, Houston, completing the course as of July 31.

She specialized in shop management, flower arrangement, corsages, wedding decorations and bouquets, and funeral designs.

MULESHOE LOSES TO REA IN 2-1 GAME

In the best game played in the softball league here this year, the Muleshoe Softball Club was defeated by a fired up REA team Monday evening 2-1.

The REA team scored their two runs in the fifth, while Gross, pitching a fine game for them, held the Muleshoe team scoreless until the last of the seventh when he walked Tom Burden, who stole second, third and home with two outs that gave the Muleshoe boys their lone tally.

CARD OF THANKS

We are deeply grateful to our friends and neighbors for their innumerable acts of kindness and sympathy at the time of our sorrow. May God bless you.
