

SCOOP SAYS
By J. M. FORBES

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 35, NUMBER 30

Published Each Thursday At Muleshoe, Bailey County, Texas

THURSDAY, JULY 26, 1956

Rattlesnakes have begun to crawl about in the Muleshoe area and, in fact, the West Plains Hospital & Clinic here reports two cases of persons having been bitten so far this season. One was an older man, the other a young girl. Both recovered quickly.

The hospital keeps anti-venom of a new and improved type, always in stock. It's much more effective.

But a lot of folks who go about where rattlesnakes might be nosing around could well afford to keep on hand one of these emergency snake bite kits. It has a knife with a suction cup; object is to slit the flesh at the wound and get the venom out quickly. Little good is done if the venom is not removed. And there's a tourniquet to keep the poison from going further along the leg or arm.

Dogs, we are informed are excellent snake noticers and spot snakes much quicker than humans, then they let out a yelp and let the man get the snake. However, in case the folks are out and a snake crawls up to a house it could be they'd scare him back to where he belongs or might even kill him. One time when I was a kid we had a dog ... but that's another story.

The good doctor, who doesn't bet on races, said this man got to dreaming of fives. Everything was fives. He took it as a hunch and put \$500 on No. 5 horse in the fifth race; the horse came in fifth.

The Muleshoe City Council met Wednesday afternoon with the city engineer, Ralph Douglas and representatives of First of Texas Corporation and Cen-Tex Paving Company to discuss the progress of the current paving program.

The Council was told that more 60 per cent of the property owners have signed up for paving in the areas indicated for the project. They also learned that several hardship cases have been located, where property owners cannot pay the cost of paving and curb and gutter. In a few other instances, property owners have chosen not to sign up for reasons other than lack of ability to pay.

A discussion of these cases occupied the Council the better part of their meeting time.

Paving officials said they are ready to begin work in the Second street lake area right away and in several other locations also. Curb and gutter is being completed on Birch street this week.

Meanwhile, property owners are still being urged to make arrangements for their paving at the offices of Cen-Tex and First of Texas, located in city hall here.

The deadline for entry in the annual Bailey County crop production contest for 4-H and FFA boys, has been extended one month to August 15, rather than July 15, as in previous years, it was announced this week.

The cotton and grain sorghum production contest with more than \$800 in prize money to be awarded, is open to any 4-H or FFA boy attending school in Bailey county. Entry blanks and further information may be obtained from the county agent's office in Muleshoe or from any vocational agriculture teacher in the county.

Eighty-one persons applied for an absentee voting ballot for the July 28 Democratic primary, Bailey County clerk's office reported.

Quite a few were mailed to residents now vacationing at distant points and not all the 81 had been received early today. Late Wednesday 61 absentee ballot envelopes were on hand in the office. It was said counting will begin about noon of election day of these absentee ballots.

Visiting last week with Mr. and Mrs. J. M. Moore was her brother and family, Mr. and Mrs. A. P. Reeves, of Odessa. Her niece, Mrs. Ray Sutton and husband and son Jimmy, of Era, were guests also.

Others visiting during the week were Mr. and Mrs. Cousin, Mr. and Mrs. Jack Fletcher, of Muenster, and Mr. and Mrs. A. Terrell

Santa Fe Grants Lubbock Use of 7 Miles Right of Way For Pipeline

The Santa Fe railroad will not take sides in the current differences between the City of Lubbock and the counties making up the Bi-State Water Commission over the city of Lubbock's pipeline project to Bailey county water sands. This information came as a result of meeting held last Thursday morning in Amarillo with G. R. Buchanan, vice president and general manager of the Santa Fe railroad and members of the Bi-State Water Commission. Attending the meeting were 14 representatives of the Commission from seven counties on the Plains. Local representatives included Harold King, Myron Pool, III, Jack Young, and Al Hall, Bi-State coordinator.

Buchanan revealed that the Santa Fe has already granted more than seven miles of right of way to Lubbock at the standard rate of \$25 per mile.

However, Buchanan denied that the railroad had any knowledge that Lubbock obtained the right of way to go around areas subject to pending injunction suits in court now, which have been filed by the Bi-State Water Commission.

The railroad official also told the group that if any further re-

quests are made by Lubbock for railroad right of way, the Bi-State Commission will be notified and given a chance to protest.

A subsequent meeting was held in Lubbock Friday between Hall, Young, and three members of the official city of Lubbock, John Hickerson and Al Couch, city engineer and acting city manager, told the Bi State representatives that they could not furnish the Bi State group a map of the pipeline route, pending action by the entire city commission.

Meanwhile, Hall is spending this week visiting businessmen and farmers in the area, explaining the situation as it exists from the Bi State Water Commission viewpoint.

Gospel Meeting Begins July 27 Church of Christ

Evangelist Irvin Himmel will begin a gospel meeting at the Muleshoe Church of Christ July 27, continuing through August 5, minister J. R. Tittle announced this week.

Himmel, who is a native of Crosbyton, Texas, is from Richmond, Virginia.

Services will be held daily at 10 am and 8 pm. There will be congregational singing. The public is invited to attend these meetings.

Journal, KMUL Present Election Party Saturday

The Journal will be joined in presenting the customary election party Saturday night by KMUL, Muleshoe radio station. Staffs of the two organizations will combine to bring the people reports as quickly as possible from the seven voting boxes of the county on state and local races.

Polls will close at 7. Shortly thereafter, the returns will begin to show up on the board, located at Main Street and Avenue C, on the side of the Higginbotham-Bartlett lumber shed. A public address system will be used to make verbal reports of the election. Gil Lamb of KMUL and Carroll Pouncey of The Journal will announce these returns from time to time. Through KMUL, continuing reports on district and state offices will be available. The radio station will broadcast first returns until closing time, about 7:57.

Bovina Sailor On Board USS Helena

William R. Edens, fireman, apprentice, USN, son of Mr. and Mrs. Robert G. Edens of Bovina, is serving aboard the heavy cruiser USS Helena which returned to Long Beach, Calif., July 9 from a six-month tour as flagship of the 7th Fleet in Far Eastern waters.

The vessel visited ports in Japan, Formosa, Okinawa, the Philippines, Iwo Jima and Hong Kong.

A total of .03 of an inch of rainfall was recorded at the Muleshoe weather station July 24. Regular evening thunderclouds have appeared but no rain has fallen this week with the exception of that Tuesday evening. Crops are generally holding up well, but more rain during the next week or 10 days would go far to insuring top crop production this fall. Dryland crops, particularly need more moisture at this time.

Clifton W. Reed Funeral Held In Sudan Wednesday

Funeral services for Clifton William Reed, 49, of Sudan, were held at 10 am Wednesday from the Sudan Church of Christ, with M. E. Blake and Rev. Wayne Perry officiating.

Mr. Reed, who had resided in Lamb county for 21 years, was pronounced dead on arrival at West Plains Hospital Sunday afternoon. He had stopped on highway 84 six miles northeast of Muleshoe to assist a group of Latin Americans stuck in the sand, when his pickup was sideswiped by a car driven by B. L. Marshall. He owned land north of Muleshoe and a farm near Circleback community.

Funeral services were under direction of Singleton Funeral Home, with interment in Sudan Cemetery.

Survivors include his wife; a daughter, Mrs. Peggy Ray, Sudan; three sisters, Mrs. Jewel Lewis, Portales and Mrs. Adrian Sanders and Mrs. M. A. Jordan, both of Clovis, five brothers, Oscar, Muleshoe; Alex. Arch, N.M.; Arnold, Ray and Woodrow, all of Sudan, and two grandchildren.

Palbearers were T. P. Wingo, Bill Lenderson, Jack Harper, John Littlefield, Hubert Dykes and Charles Glover.

Radio Station On Air Thursday At 1380 Kilocycles

Radio station KMUL went on the air officially early Thursday in Muleshoe, culminating a two year effort to obtain a local radio station here.

Under the direction of manager Gil Lamb, the station is operating from sunrise to sunset on 1380 kilocycles, with a daytime output of 500 watts.

The station is owned by John Burroughs and Mrs. Leola Randolph, of Portales, N.M.

Babe Ruth League All Stars Play In District At Levelland Field Friday

Boys who will play with the Muleshoe Babe Ruth League All-Stars would like to see 50 carloads of local people at their first game Friday night in Levelland in order to lend moral support and cheer them on to victory.

Cy Henson and Owens Jones, who are coaches for the All-Stars, have issued an appeal urging the fans to back this group of boys.

They will play North Levelland All-Stars at 6 o'clock Friday, July 27. Winner of this game will on Saturday night at 8 play winner of the Friday 8 o'clock game. Winner of the Levelland district play-off will go to Austin to the state meet the first week in August.

The state winner is eligible to play in the national championship round, place and date to be announced soon.

Coaches Jones and Henson announced the following line-up for Muleshoe:

Darrell Oliver, c.
Charles White, p.
Neal Pierce, lb.
Joe Bara, 2b.
Jerry Roddam, ss.
Cagle Davis, 3b.
Theron Dalton, 1b.
Monroe Lee, cf.
Danee Jennings, rf.

Other squad members are: Thurman Peterson, Richard Goodwin, and Dan Stack, infielders; Travis Feagle, Tommy Workman, Dan Smallwood, and Joe King, outfielders. Jennings, Davis and Lee are available for pitching duty.

Lubbock Files Application For Three More Wells

Applications have been filed with the Bailey county office of the High Plains Underground Water District, by the City of Lubbock, for permits to drill three additional eight inch water wells in League 206, located five and a half miles south, and six miles east of Muleshoe.

The applications are dated July 17, and are for wells designated 111, 116 and 112. All are eight inch wells, pumping 1,000 gallons per minute.

Drilling is scheduled to begin on the wells, if the applications are approved, August 23. At press time, no action had been taken on the applications.

One eight inch well has already been drilled near the highway 84 right of way, and designated well 110 by Lubbock city officials.

Produce Company Announces Tomato Shipping Plans

Bob Tankersley, of Tankersley Produce Co., arrived in Muleshoe this week, and sent word to all tomato growers in the area to contact him for shipping information.

Tankersley told The Journal that he was moving in machinery to process and ship green wrap tomatoes, and would be interested in talking to any farmer who has acreage in tomatoes.

Tankersley has offices in the Barrett Produce shipping sheds on the Sudan highway at the edge of Muleshoe.

Three area students will receive their bachelors degrees at the end of current summer session of Texas Tech August 24.

Exercises will be held at 7:15 pm in the Lubbock auditorium.

Area degree candidates include Hazel Jane Cooke, Enochs, education; Robert Earl Erwin, Muleshoe, education; John A. Ekstrom, Progress, petroleum geology.

Five Area manager D. B. Lancaster wrote a letter two weeks ago, explaining that directors of the cooperative did not feel that a proposed working contract submitted by General Telephone Company was equitable to their interests, and expressing a doubt that General was sincere in offering to extend rural lines in an area west of Muleshoe. The substance of the letter was that Five Area directors would not accept the contract as proposed by General.

This week, General Telephone

Bailey County Voters Expected In Large Numbers Saturday Election

Bailey county voters are expected to turn out in large numbers Saturday to cast their ballots in the July 28 Democratic Primary election. Although there has been little public discussion of politics throughout the campaign on the local scene, it is felt that a representative group will vote Saturday. A total of 2256 residents of Bailey county paid poll taxes this year. Exemptions to persons under voting age at the time poll taxes were paid, amounted to an additional 75, and estimates are that there are approximately 200 voters in the county over the age of 60, to whom poll tax receipts were not issued. Thus, if all vote, a total of about 2531 votes would be cast in the Primary.

There are seven polling places in Bailey county. They are at Muleshoe, West Camp, Mays, Three Way, Baileyboro, Bula and Circleback. Names of election officials had not been made available to the Journal at press time, but at least one presiding judge is known to be Ernest Kerr, at Muleshoe, where he will be assisted by Benny Chapman.

The polls will open at 7 am Saturday and remain open until 7 pm.

Transportation will be provided to the polls in Muleshoe by calling any of the following numbers: 5399, 2720, 6640 or 7220.

A total of 46 absentee ballots had been cast at midweek, according to the office of the county clerk here, and more were expected to arrive by mail before Saturday.

Although there are 76 candidates on the large Primary ballot, seeking 46 precinct, county, district and state positions, local interest appears to be pretty well centered around only about 10 of the races.

In the race for governor, no strong trend for any one of the six candidates has been detected locally. Candidates include Price Daniel, J. Evetts Haley, J. J. Holmes, W. Lee O'Daniel, Reuben Senterfitt and Ralph Yarborough.

Lieutenant governor candidates include A. M. Alkin, C. T. Johnson, Ben Ramsey, and John Lee Smith.

For the office of attorney general, candidates are Ross Carlton, Curtis Hill, Tom Moore and Will Wilson.

Earl Rudder and Ned Price are seeking the office of state land commissioner, while Jim Barber, Bill Jones and John White, the incumbent, are running for the office of commissioner of agriculture.

Local interest appears high over the outcome of the race for associate justice court of civil appeals in which candidates Alton B. Chapman and Herbert C. Martin, both well known in the area, are vying.

Most interest, and this appears only lukewarm, is in the county races, most of which are contested.

Incumbent Hugh Freeman is seeking re-election to the office of county sheriff, and is opposed by Dee Clements, of Muleshoe.

In the newly created office of tax assessor-collector for the county, W. E. Bill Boothe is opposed by W. C. Carey Stafford.

Three candidates are vying for the office of county commissioner of precinct 1, including the incumbent, Tom Morgan of Muleshoe, R. E. Buhman and M. F. Frank Rooney.

An even larger number of candidates seek the office of precinct 2 county commissioner. They include Cecil Cole, W. H. Eubanks, Chester Petree, J. H. Sowder and D. V. Dossie Terrell.

The traditional election party of the Journal will be held Saturday night with returns being posted on the big board at Higginbotham-Bartlett Lumber Co.

Phone Rate Increase Request Bogs Down In Inter-Company Rhubarb

The campaign to secure extended area, toll free service to Needmore and Lazbuddie subscribers on the Five Area phone lines from Muleshoe, begun several months ago locally, appeared this week to be bogged down in a dispute between officers of General Telephone Company, and directors of the Five Area cooperative.

The two companies have failed to agree on terms of a working contract and at the present time the situation is static, pending some solution of the disagreement between them.

Five Area manager D. B. Lancaster wrote a letter two weeks ago, explaining that directors of the cooperative did not feel that a proposed working contract submitted by General Telephone Company was equitable to their interests, and expressing a doubt that General was sincere in offering to extend rural lines in an area west of Muleshoe. The substance of the letter was that Five Area directors would not accept the contract as proposed by General.

This week, General Telephone

officials replied by letter, outlining point by point the objections voiced by the rural cooperative directors. The lengthy letter went into detail answering the objections, and expressing the point of view of General officials.

Meanwhile, no action has been taken, or is contemplated, by the Muleshoe City Council on the rate increase request by General, pending a settlement of the contract dispute between the two companies.

TRF Group Names Osborn Chairman For Area Campaign

A series of county meetings was set up Monday night at a conference in Muleshoe of the group interested in securing a high plains station of the Texas Research Foundation.

Meetings will be held in Littlefield, Bovina and Dimmitt early in August, to acquaint farmers and business men in those counties with the work being done by TRF at its Renner station.

Gilbert Kaltwasser, Farmer county chairman announced the Farmer county meeting will be held in the Bovina school auditorium, August 2 at 8 pm.

The Castro county representative, Hugo Byars, has set the meeting there August 3 at 8 pm and the Lamb county meeting will be in Littlefield at the courthouse at 8 pm on July 31.

Present at the meeting were V. T. Tanner and Gus Parish of Springlake; Glenn Youts, Dimmitt; Kaltwasser, Farwell; Bill Burrow, Earth; Bill Millen, Walter Woodrum, Clyde Bray and Lonnie Bass, all of Muleshoe.

Jesse M. Osborne was elected district chairman of the group, with Clyde Bray vice chairman, Lonnie Bass was appointed temporary secretary.

A meeting of campaign pledge workers in Bailey county will be held tomorrow (Friday) night at 8 pm in the REA building in Muleshoe.

GOP Precinct 1 Convention Held Here Saturday

Mrs. Gil Lamb was elected precinct chairman at the precinct 1 Republican convention held Saturday afternoon.

Carl Case was named delegate to the county GOP convention August 4, at 7:30 pm in the home of Mrs. Hertha Walker. Alternate delegate to the county convention is W. B. McAdams.

A delegate to the state convention in September will probably be named at the county convention, to which all Republicans in Bailey county have been invited.

Paul Robinson, Minister of Education and Music of the First Baptist Church, Jacksonville, Texas, will direct the singing for this ten day meeting.

The public is cordially invited to attend the services of this revival.

To Get Degree

Three area students will receive their bachelors degrees at the end of current summer session of Texas Tech August 24.

Exercises will be held at 7:15 pm in the Lubbock auditorium.

Area degree candidates include Hazel Jane Cooke, Enochs, education; Robert Earl Erwin, Muleshoe, education; John A. Ekstrom, Progress, petroleum geology.

Revival Begins At Main Street Church August 3

Revival services will begin August 3 at the Main Street Baptist Church, according to Rev. J. D. Hudson, Pastor.

Services daily at 10:30 am and 8 pm through August 12. Prayer groups for all ages and singing for the smaller children each evening at 7:30 pm.

Dr. Gerald D. Kellar, President of the North American Theological Seminary, Jacksonville, Texas, is well known as an evangelist among Missionary Baptists. At the close of the school term in May, Dr. Kellar closed out twelve years as President of Jacksonville Baptist College. The newly established Seminary that he heads will open its doors in the fall of 1957. This school for advanced training in Religious Education is owned and operated by the North American Baptist Association.

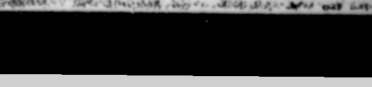

Paul Robinson, Minister of Education and Music of the First Baptist Church, Jacksonville, Texas, will direct the singing for this ten day meeting.

The public is cordially invited to attend the services of this revival.

Television Has Its Own Language

By William Ewald

One of the principal problems of every television set owner is learning the new language, "Basic TV." For a complete understanding of the medium, it should be mastered. Therefore, we present the following glossary of Basic TV terms.

Term: And now a word from our announcer.

Translation: You have just enough time to make a ham and cheese sandwich and to telephone your lawyer in Istanbul.

Term: This is our last show of the season, folks, but we hope to be back with you again in the fall.

Translation: The opposition is clodding us in the ratings and we're being replaced permanently by old Charlie Chan movies.

Term: Our next guest needs no introduction.

Translation: Our next guest needs an introduction.

Term: In response to numerous requests...

Translation: The sponsor's

wife... Term: You have 30 seconds to answer your question on history, so take your time, we're all rooting for you.

Translation: We've got you now, you cluck, this question even Toynbee couldn't answer.

Term: We have some unusual guests in store for you on our show next week.

Translation: Two dog acts and a folk singer.

Term: It's a pleasure to accept this wonderful award from your wonderful magazine.

Term: For some unusual reason, we have an unusually large audience in our studio tonight.

Translation: It's raining outside and our roof doesn't leak.

Term: On our show next week, we'll present a wonderful new dramatic star, Mitz Zop.

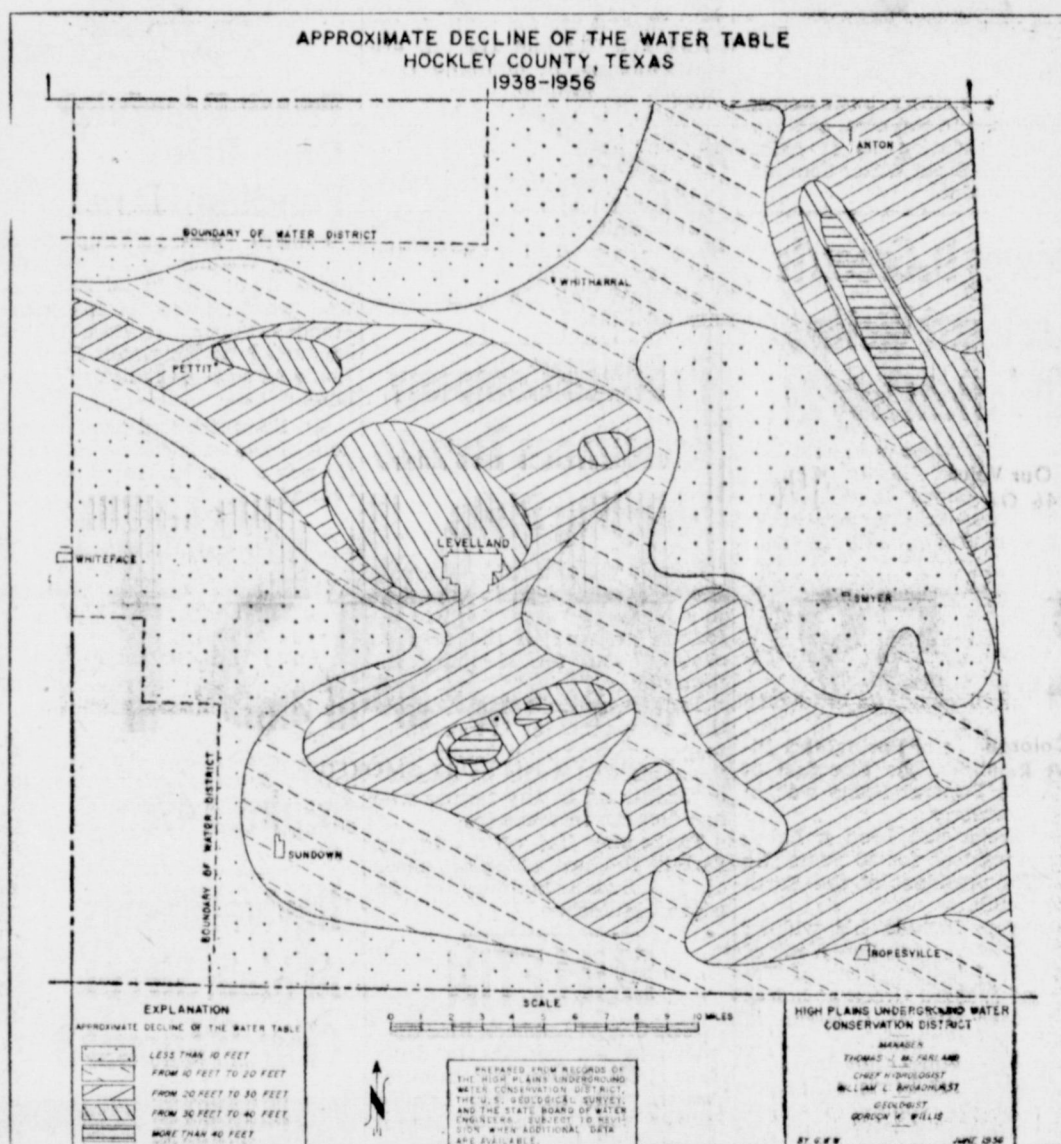

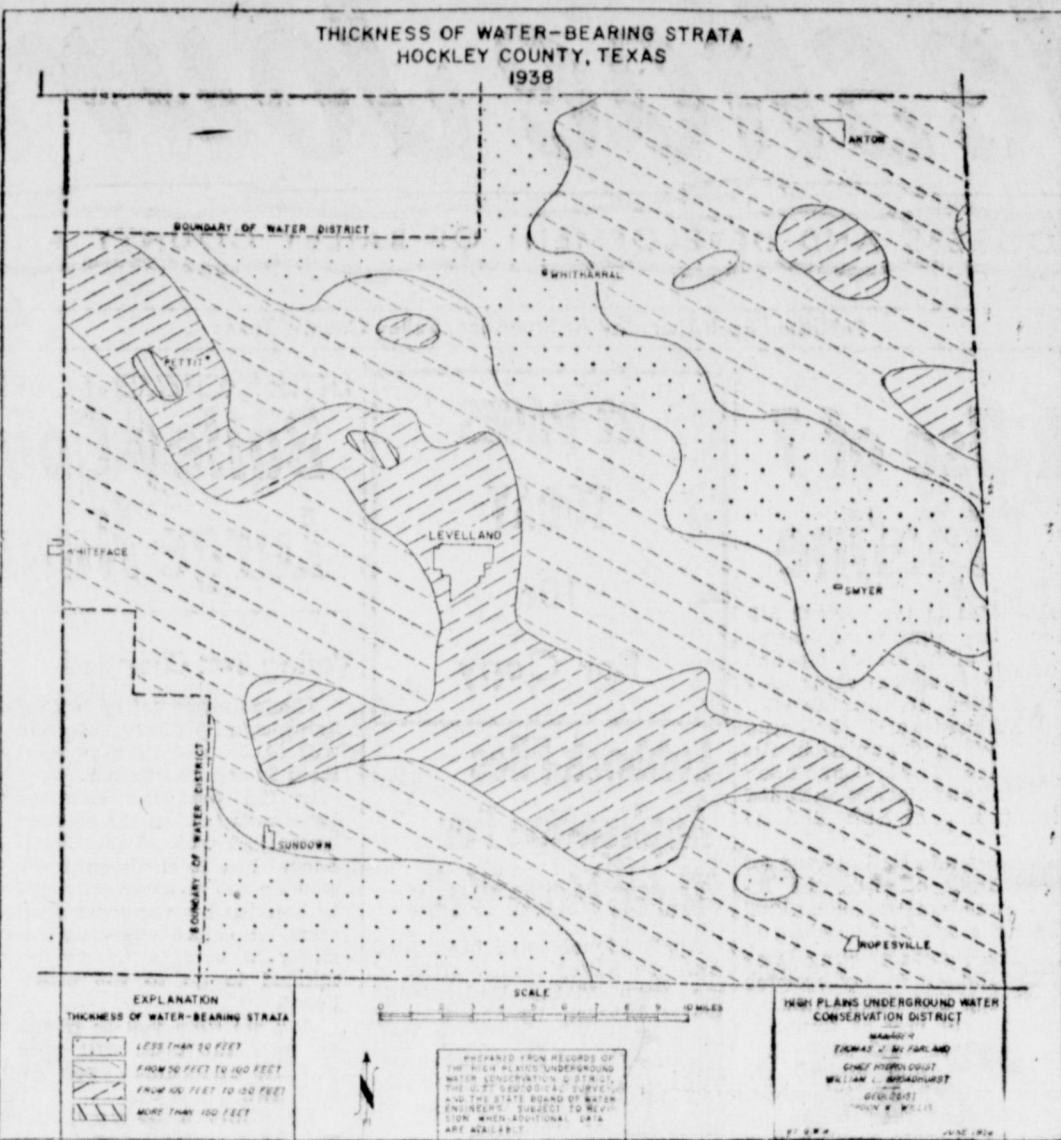

Translation: We couldn't get Kim Stanley.

GUESTS IN SEALS HOME

Arriving from Ft. Worth Saturday for a week in the Bert Seals home was Mr. and Mrs. Kenneth Seals and baby and Mrs. Billy Barnett.

Underground Water Inventory For Hockley County

The portion of Hockley county within the boundary of the High Plains Underground Water Conservation District No. 1 contained about 4,400,000 acre-feet of ground water available for pumping in January 1956. This portion of the county contained about 5,700,000 acre-feet of ground water available for pumping in 1938, and about 1,300,000 acre-feet, or 23 per cent of the available supply of water in storage was removed by pumping during the 18-year period, 1938-55.

Hockley county contains about 577,900 acres and the portion of the county within the boundary of the Water District contains about 496,000 acres. The accompanying maps were prepared from data compiled from a study of about 1,200 logs of water wells and about 1,200 measurements of water levels in wells.

The map in plate 1 shows the thickness of the water-bearing strata in the Ogallala formation in 1938 before an appreciable amount of the water had been pumped from the reservoir. The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1956.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 per cent.

The strata underlying the Ogallala formation throughout the entire county are Cretaceous in age. The Cretaceous strata consist of beds of yellow and blue clay, thin beds of limestone, and in some places a thin bed of

sand at the base. Practically all of the water from wells in the county is obtained from the Ogallala formation, and only meager quantities of water are obtained from the beds of limestone and sand in the Cretaceous strata.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 per cent.

Suppose the farm consists of 160 acres and has 100 feet of water-bearing strata underlying it. Then 160 acres x 100 feet x 0.15 percent equals 2,400 acre-feet of water available for pumping. An acre foot of water is the quantity

required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

An individual may use this information to determine, within reasonable limits, how long the quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes of course, that his neighbors pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by the staff of the Water District.

This series on Hockley County completes the individual county ground-water inventory maps of Armstrong, Bailey, Castro, Cochran, Deaf Smith, Floyd, Hockley, Lamb, Lubbock, Lynn, Parmer, Potter and Randall Counties.

At a later date, composite maps will be published which will consolidate the county maps into district-wide maps.

In Appreciation

It was my intention to attend all the candidate speakings and visit each of you personally this summer, but due to my recent illness I have been unable to do so. Therefore I am taking this means of expressing my sincere appreciation for being permitted to serve as your County Judge and Ex Officio County School Superintendent. Since I received a four-year term I do not have to run for re-election this year, but I trust that I am as mindful of you and of my duties as I would be were I a candidate. I am well on the road to recovery and hope to be back on the job in the near future.

Many Thanks,

GLEN WILLIAMS

The above picture was made at Modesto, Calif., during the Day family reunion. Reading from left to right, standing are: Robert, Jim, George, and Dugan Day. Seated left to right: Mrs. Virginia Quesenberry, Mrs. Genevieve Lane, Mrs. Rosalene Julian, Mr. and Mrs. L. M. Day, Miss Elaine Day, and Mrs. Ruth Lilly.

Family Reunion Of Mr. and Mrs. L. M. Day Held June 24, Modesto, California

All members of the family, with the exception of two, were present this year when the Day family reunion was held at the park in Modesto, Calif., June 24. Attending from Muleshoe were Mrs. Jack Julian and Nancy, Ronald, Bobby Dale, Connie and Vickie. Others present for the occasion were: Mr. and Mrs. George Day and children, and Mr. and Mrs. Marvin Day and son, Saratoga, Calif.; Mr. and Mrs. Jim Day and sons, Cupertino, Calif.; Robert Day, Parks Air Force Base; Mr. and Mrs. J. P. Lilly, Jr. and sons, Mont Vista, Calif.; Mr. and Mrs. Russell Quesenberry and children, Crane; Mr. and Mrs. George Lane and children, Modesto; Elaine Day, Oakland, Calif.; and the parents, Mr. and Mrs. L. M. Day.

McMahan-Harris Vows Solemnized

The marriage of Miss Evelene McMahan and Wayland Harris was solemnized at 5:00 o'clock Sunday afternoon, July 15, at the home of the bride's aunt and

uncle, Mr. and Mrs. Davis Gully. Parents of the couple are Mr. and Mrs. C. McMahan of the Progress Community, and Mr. and Mrs. George Harris, of Muleshoe. Vows were exchanged before a mantle decorated with white gladiolus and dahlias, flanked on each side by three white tapers. Jack McCormick, of Muleshoe officiated at the double-ring service. Miss Ruby McMahan, sister of the bride, was maid of honor. She wore a dress of pink sheer cotton lace, with white accessories, and carried a bouquet of white carnations. Roy Harris, of Muleshoe, served the bride as best man. Given in marriage by her father, the bride wore a street length dress of white cotton satin, designed with elongated torso, which featured a scoop neckline and flaring skirt. Her shoulder-length veil of illusion

fell from a white pique hat, and her bouquet of white carnations was carried atop a white Bible. For her daughter's wedding, Mrs. McMahan chose a beige dress which she complemented with white accessories. Mrs. Harris was attired in a navy-blue dress with white accessories. RECEPTION FOLLOWED A reception in the Gully home immediately after the ceremony honored the couple. Assisting with hospitalities were: Mrs. George Raney, Portales, N.M.; Mrs. Elton Stevenson, of Borger; and Mrs. Paul McMahan, Littlefield. The dining table was laid with a white lace cloth and centered with a bouquet of pink gladiolus, green Bells of Ireland, and white pom-pom dahlias. The wedding cake, which was topped with a miniature bridal couple, was served to guests with lime punch. Out-of-town guests attended from Borger, Littlefield, Portales, N.M. and Colorado Springs, Colo. For traveling, the bride wore a pink dress with white accessories. After a wedding trip to Carlsbad

Linen Shower Wednesday Fetes Mrs. J. D. Hudson

Mrs. J. D. Hudson was the honoree of a linen shower given in her home Wednesday afternoon, July 25. Hostesses were the ladies of W.M.A. of the Main Street Baptist Church. The shower was held following regular W.M.A. meeting at the church. Gifts were on display in the home. Refreshments of cake, mints and soft drinks were served by the hostesses. Attending were Meses, C. D. Onizcoff, Elmer Smith, W. O. Williams, S. F. Tipton, Robert Kimbrough, George Templar, J. S. Horsley, Anna Sanders, B. E. Chaney, Jack Lancaster, C. C. Anders, C. R. Roebuck, Frank Lee and daughter Rose Allen, W. C. Pruitt, Finis Kimbrough, E. L. Downing, J. R. King, J. C. Shanks, R. T. Atehison, E. J. Shafer and Larry, M. G. Hoover, Jerry and Don, J. T. Eubanks, Ed Nickels, Nicki and Rene, Carolyn and Mary Pruitt, Bonnie Anders, Lois Williams, and the honoree and family. Many who were unable to attend, sent gifts.

Simpson-Turner Engagement Told

Mr. and Mrs. William Richardson Simpson, of Refugia, have announced the engagement and approaching marriage of their daughter, Dorothy Adele, to Alan Doyle Turner. He is the son of Mr. and Mrs. Doyle Turner, of Muleshoe. The wedding will take place September 1, in the First Baptist Church, of Refugia.

Mr. and Mrs. Bob Giles, of Albuquerque, N.M., are here this week visiting her parents, Mr. and Mrs. C. M. King and family.

Knowing that Christ, being raised from the dead, dieth no more; death hath no more dominion over Him.—(Romans 6, 9.) Jesus, our Redeemer, Savior, Friend—ever present, always patient and understanding in loving kindness—walks and talks with us this very day as He did with the people who knew him in ancient days, when we free ourselves of sin and in prayer seek His presence.

Black and white are important fashion colors this summer, the National Cotton Council reports. Taking advantage of the black and white theme is this chic embroidered cotton hat designed by Beatrice Martin. The white cotton is embroidered in black and mounted on black cotton velvet.

SUMMERTIME—AND THE LIVING IS EASY!

It's summertime—and the living is easy! Barbequing, charcoal broiling, and outdoor entertaining are the order of the day, with patios, terraces, and backyards replacing the dining room as the focal point. And who wouldn't enjoy a party on a beautiful patio like this! It's furnished for summer pleasure with charming wrought iron furniture, cotton cushioned for coolness and comfort. The furniture, designed by Woodward to resist the elements, includes a wrought iron mobile cart which comes in handy for serving light refreshments or meals.

"IKE" BOLTS CAUCUS—Bill Elkins, candidate for Congressman-at-large holds a family campaign conference with Bill Jr., 18, Ellen 16, Steve 6 and Mrs. Elkins. The dogs are "Ladd" and "Ike".

Nan Allison Party Honoree

Miss Nan Allison was the honoree of a birthday party Sunday afternoon at the home of her grandmother, Mrs. Sam McKinstry, in Muleshoe. Guests were seated at quartet tables for a luncheon, and upon Nan's arrival sang, "Happy Birthday."

Mrs. Oscar Allison, Nan's mother, Mrs. Harold Allison, her aunt, and Mrs. McKinstry, prepared the luncheon.

Veta and Carolyn Allison, dressed in "sweet sixteen" costumes, acted as waitresses.

Girls attending were: Doris Childers, Patsy Nowlin, Mary Jo Hill, Delores Cannon, Elaine Evans, Sandy Briscoe, LaVon Copley, Quinell Elliott, Alva Lee Shofner, June Ward, Ginger Roberts, Mary Janice Puckett, Sherry Allison, Susan Allison, and Darrielle Todder, of Weatherfield, Okla.

A picnic on the back lawn at her grandmother's home honored Nan Sunday evening. Attending were: Mr. and Mrs. Harold Allison and family, Dr. and Mrs. Kenneth Osborn and children,

Chuck Wagon Meal Honors Stephen Lindley Sunday

A Chuck Wagon Supper honoring Stephen Edd Lindley, was held at 5:00 Sunday afternoon at the home of his parents, Mr. and Mrs. Sam Lindley, 901 East 1st.

The supper, which was cooked on an out-door grill, was in observance of Steve's fifth birthday. The young guests came dressed in cowboy and cowgirl attire, to further carry out the western theme.

A number of games were played, and the young people enjoyed riding on Rufus the mule.

Attending were: Mr. and Mrs. Bob Dryden and daughters, Gail and Kay; Mrs. Sam Damon and daughters, Dana and Druscilla; Mr. and Mrs. G. W. Chapman and sons, Bruce and Jeff; Mr. and Mrs. Wayne Offett and daughter Sheryl; Phillip Barron, David Lovington, N.M.; Smith and Bobby Girdner, Friona; Mr. and Mrs. Oscar Allison, and Dr. J. C. Girdner, of Greenville.

Twenty Attended M'shoe HD Meet

Twenty members and guests were present for the Muleshoe Home Demonstration Club meeting Tuesday afternoon of this week at the home of Mrs. H. G. Griffith. They were: Mmes. C. E. Briscoe, M. E. Simmons, J. E. Day, W. W. Smith, Bessie Fletcher, S. L. Robinson, S. C. Caldwell, C. H. Gillis, John Purdy, M. L. Oswald, D. E. Beller, M. R. Oden, T. F. Maddox, W. R. Bowers, A. W. Copley, Annie Stephens, Jane Radd, Earl Harris and Misses Peggy Howell and Virginia Bowers.

Following roll call, which members answered with "Safety Devices Needed In The Home," Mrs. Oden reported that Mrs. Russell, District Agent, had related to her that she expects to have an applicant for county home demonstration agent in the near future for this county.

Suggestions for the year book were given. Club will furnish barbeque for the family night supper at the home of Mrs. S. C. Caldwell. Each member is asked to bring pie, salad or vegetables for their families. Members are also asked to write Mrs. Caldwell or contact her as to how many members of their family will attend.

Recreation at the supper will begin at 7:30, supper will be served at 8:00 o'clock. The president appointed Mmes. S. L. Robinson, C. E. Briscoe, M. E. Simmons and A. W. Copley to the recreation committee.

Peggy Howell and Virginia Bowers discussed safety on the highway and at home. Mrs. W. R. Bowers read an article, "Low Calorie Diet." Another article, concerning learning to drive, was read by Mrs. M. R. Oden.

Devil food cake and punch were served. The next meeting is to be September 4, at the home of Mrs. M. E. Simmons.

On Tuesday, August 14, members will meet at the courthouse and travel to El Monterey Cafe in Clovis, for a Mexican dinner.

Miss Rita Joy Gregory Becomes Bride Of 1st Lt. Norrod In Home Ceremony

LT. AND MRS. VALMER NORROD

1st Lt. and Mrs. Valmer "Bud" Norrod are now at home at 261 Gilbert St., Hampton, Virginia, following a wedding trip to Colorado Springs, Colo., after their marriage here July 8.

Mrs. Norrod is the former Miss Rita Joy Gregory, daughter of Mr. and Mrs. Buck Gregory, of Muleshoe. His parents are Mr. and Mrs. Earl Norrod, of Hico.

Rev. C. A. Norcross, of Lubbock, read the double-ring ceremony at the home of the bride's parents, before an archway of greenery entwined with pink roses. Traditional wedding selections were presented at the piano by Miss Doris Bond.

Miss Sally Lue McShan, of Levelland, cousin of the bride was maid of honor. She wore a street-length dress of blue organza. Pete Norrod, of Hico, served his brother as best man.

The bride was given in marriage by her father. Her ballerina-length gown was designed with an elongated bodice of white orlon lace over taffeta and featured a sweetheart neckline and cap sleeves. The bouffant skirt of nylon net was fashioned with accordion pleats. Her finger-length veil of illusion fell from a pearlized tiara, and she carried a bouquet of pink roses.

RECEPTION FOLLOWED

Assisting the couple at the reception which followed the ceremony were Mmes. Garland Freeman, Rex Sanderson, Earnest

Bass, Howard Owens, Archie Sowder and Misses Doris Pond and Sally McShan.

Alternating at the guest registry were Misses Mary Ann Walls, Angela Williams and Jeanett Hughes, all of Farwell. Out of town guests were present from Hico, Goodland, Bonte, Abilene, Gustine, O'Donnell, Farwell and Springlake.

Lt. Norrod is a graduate of Hico high school and the University of Texas. At present he is stationed at Langley Air Force Base, Virginia. His bride attended Farwell schools, and will be a senior student this fall.

Betty Hopper In Charge of Rebekah Meet At Needmore

Noble Grand Betty Hopper was in charge of a meeting of Needmore Rebekah Lodge, Tuesday evening of this week.

An entertainment committee was appointed to arrange entertainment for the "Bull Lake" the Baptist Church.

Mr. and Mrs. Sidney Lee have moved here recently from Vernon. They have a son, Robert Curtis, who is two years old. Mr. Lee is employed at the Coop Elevator. They are members of the Church of Christ.

barbeque on Saturday, August 11. This is to be held at the game refuge between Needmore and Enoch. Everyone is urged to attend and bring their friends. Plenty of good food for everyone will be furnished, and a fine evening is being planned.

Considerable work has been done on Lodge Hall at this date, but much more remains to be done. All members who can do so are asked to come any day or night, convenient for them, to help with the work.

Attending were: Betty Hopper, Gertrude Broyles, Adele Tompkins, Thursie Reid, H. L. McDaniel, Ethel Lee Meason, and Florence Holmes.

All members are urged to be present for the next meeting as there are some important business matters to be discussed.

VISITED PARENTS

Mr. and Mrs. Arlo Farrell and children, of Lubbock, visited here over the weekend with their parents, Mr. and Mrs. R. Q. Whalley and Mr. and Mrs. Claude Farrell.

Jimmy Simmons, Jr. Honored Saturday At Grandparents Home With Party

Jimmy Simmons, Jr., was honored with a party Saturday at the home of his grandparents, Mr. and Mrs. R. C. Cline, in observance of his second birthday. A lovely two-tiered birthday

Noreen Morgan, Bride-Elect Feted With Shower

Miss Noreen Morgan, bride-elect of Dwight Sheriff, was honored with a pre-nuptial shower Friday afternoon, July 20, at the home of Mrs. Guy Austin.

Blue and white, Miss Morgan's chosen colors, were carried out beautifully in decorations. The table in front of the picture window was covered with a white net cloth over blue and centered with a bouquet of baby pom-poms and blue and white phloxes. Over the flower arrangement was a white umbrella. Ice-cubes attached underneath the umbrella dripped onto the flowers to give a shower effect. Blue and white wrapped packages were placed on and around the table, which also held the

cake, iced in white and decorated in blue and pink, was served to the little guests with cool-aid punch. Plate favors were small umbrellas in gay colors, and baskets filled with candy. Mrs. Cline baked the delicious cake.

Among the many nice gifts received by young Jim, was a Japanese harmonica, sent him by his father, who is stationed in Japan with the U.S. Marines.

Attending were Jan Creamer, Terry and Don Taylor, and Bud and Pat Simmons.

bride's book.

The dining table was covered in blue linen and centered with a flower arrangement of dahlias grown and arranged by Mrs. Johnnie Williams. Flowers grown and arranged by Mrs. Everett Smith, of Clovis, and Mrs. Johnnie Williams decorated other points of interest in the home.

Miss Joan Williams read a poem which she had written for the occasion. Background music was furnished by record.

Small individual cake squares, iced in white and blue, mints, nuts and punch were served to guests by Mrs. Glenn Harlan and Mrs. Jake Saylor. Mrs. Seaborn Busbice registered the guests.

Hostesses for the occasion were Mrs. Glen Harlan, Woodroe Couch, Partin Austin, Dalton Harris, Jake Saylor, Seaborn Busbice, Everett Roark, Pershing Busbice, Bill Langham and Guy Austin.

Thirty-one guests called during the afternoon, and many who were unable to attend, sent gifts.

TO LOVINGTON

Dr. and Mrs. Kenneth Osborn, of Lovington, N.M. visited here the past weekend with her mother, Mrs. Sam McKinstry, and sisters, Mrs. Oscar and Harold Allison and families. Nan and Susan Allison returned home with the Osborns Sunday evening for a visit.

PROGRESS NEWS

The Women's Missionary Union met July 23 at the Progress Baptist Church. Mrs. Bessie Davis read scripture and gave the devotional. Mrs. Herbert Peugh, conducted the business meeting.

Present were Mmes. Bessie Davis, J. R. Walker, Mary Marrow, Ben Atkins, C. A. Bishop, Herbert Peugh, and Elmer Downing.

The ladies will meet Friday at the J. R. Walker home to can beans and peas for their home mission project, and individuals may spend all or part of the day helping.

Circle 1 will entertain Circle 2 with a social on July 30. All members are urged to attend both these meetings.

The Progress WSCS will hold a Christmas card party August 6 in Methodist Fellowship hall.

Plans for the party were made at the July 19 meeting of the WSCS. A number of ladies met early for prayer call before the regular meeting. The ladies de-

cid to attend the mission school by car daily instead of staying in the dormitories.

Joyce Walker conducted the devotional and the group sang a hymn. Plans were finished for the new yearbooks and games were played.

Present were Mmes. Ruby Atkinson, Doris Wedel, Johnnie Westbrook, Velma Gwyn, Ruth Cooper, Henrietta Havens, Fern Davis, Elnetta Gray, Mattie Griffin, Sadie Bass, Joyce Walker and Jean Henry.

Missionary Speaker
Rev. John Larson, missionary to India, spoke Friday night to a group of local young people and adults. Due to a previous commitment, he could not appear on Sunday night as announced, but will speak again at Progress during August.

Rev. Larson is a preacher, but in the mission field is engaged in medical care, carpentering, teaching and agriculture as well. He led discussions and answer-

ed many questions after his talk. This was the end of youth activity week, at which attendance averaged 35.

New Daughter
Mr. and Mrs. Carl Dwyer of Canyon, are announcing the arrival on July 18, of a daughter, Carol Jo, weighing three pounds, 11 ounces. Mother and daughter are doing fine, but the baby will be kept in the incubator until she weighs five pounds. The mother is the former Joann Thomson, and this is the first grandchild for the John W. Thomsons.

Baptist intermediate girls who attended the camp last week near Floydada included Nelda Redwine, Jodie Atkins and Glenda McCray. Mrs. Ben Atkins accompanied them as counselor, and Mrs. Elmer Downing attended the coronation service.

The father of Mrs. Lewis Simnacher underwent surgery at Veterans hospital in Amarillo last Thursday. He was able to be moved Saturday to the home of a daughter in Amarillo.

Mrs. Simnacher returned home over the weekend. She was accompanied by her sister, Mrs. Roy Simmons of Seminole, and her sons who are visiting here. Their father of Portales will remain in Amarillo for some time.

Rev. Roy Havens and Trudy Davis, accompanied by other adults and youth of this area went to Cota Glen near Canyon July 23. They are attending Methodist camp where Rev. Havens is a counselor.

Mrs. Vernon Raney had as Sunday guests, here parents, Mr. and Mrs. Mike Therman of Portales.

Miss Evelyn Bracher left the first of this week to spend two weeks visiting in Artesia and Tucumania.

M. L. Shipp was dismissed from West Plains hospital Sunday afternoon, but will be confined to his home for a few days.

Mrs. Zelma Roming of Eddy is making an extended visit in the home of her son, Vernon Roming, who is still convalescing from surgery.

Mr. and Mrs. Owen C. Powell entertained Mr. and Mrs. W. V. Franks of Orange, in their home last Thursday. The Franks are parents of the Owens' daughter-in-law.

Mrs. Pearl McDonald of Blythe, Cal., came last Friday to

About People You Know

RETURN FROM CALIFORNIA

Mrs. Ira Welch and children, Sandra, Butch and Carol, returned home this week from Los Angeles, Calif., where they had visited for the past three weeks with her father, George Grand, who was ill. He was much improved when the Welch family left for home.

On the return trip they visited in Globe, Ariz., with Mrs. Welch's sisters. Mrs. Welch reported that the weather from about fifty miles this side of Los Angeles nearly all the way through Arizona, was really hot, and that they were really glad to get back to Muleshoe, where it was cool.

IT'S A BOY

Mr. and Mrs. Les Bruns are announcing the arrival of a son, whom they have named Jon Mark. He was born July 18, weighed 6 lbs. 14 oz.

SLOWLY IMPROVING

Mary Catherine Surratt, daughter of Mr. and Mrs. Woodrow Surratt, is still on crutches as the result of an accident to a foot which she sustained in Alamogordo Lake, July 8. She is reported as slowly improving.

SUNDAY VISITORS

Sunday visitors in the home of Mr. and Mrs. David Anderson and children were Mr. and Mrs. H. C. Edmonds, of Littlefield, and Mr. and Mrs. Clyde Edmonds, of Roswell, N.M.

Promoted

Henry O'Don Bellar, 21, son of Mr. and Mrs. Mack Bellar, recently was promoted to Sp. 3-c, in Germany. He also has been awarded the good conduct medal. Henry entered the Army in 1954, and received his basic training at Ft. Bliss. He was stationed at Ft. Lee, Va., before being sent to Germany, in February, 1955. He has been a typist-clerk in the 18th ASA Detachment since arriving there.

MULESHOE CHIROPRACTIC CLINIC

PHONE 6090

Located Across From Courthouse

CLINIC REPORT

Rheumatism-Arthritis

There are many different kinds of rheumatism named according to the parts affected. Rheumatism affecting the nerves is called Neuritis; affecting the joints, Arthritis; the muscles, Myalgia; the sciatic nerve, Sciatica; the lumbar region of the back, Lumbago, and so forth.

The cause of Rheumatism is pressure upon nerves weakening the nerve and the tissue they supply. These weakened tissues have an affinity for the acid in the blood stream which gives rise to the pain attending Rheumatism.

Today Chiropractic is correcting the cause of Rheumatic conditions—the body is restored to normal function through Chiropractic adjustments and the victims who suffer from these conditions find **THERE IS CORRECTIVE HELP FOR THOSE WHO SUFFER FROM RHEUMATISM AND ARTHRITIS!**

These People Are Enjoying Renewed Health and Vitality Because of Chiropractic At The Clinic.

RUPTURED DISC

Case History: Man, age 44, was referred to the Chiropractic Clinic with a condition medically diagnosed as ruptured disc and arthritis. He suffered excruciating pain in lower back and down right leg whether sitting or standing. Entrance complaints also included nervousness, neck and shoulder pain, nervous indigestion, black-out spells, his hands shook and he was bordering on a nervous breakdown. This man had not worked for three months before coming to clinic. After a spinal nerve examination to locate pinched nerves causing his trouble, spinal X-rays were taken to reveal the cause of nerve pressure. Vertebral adjustments were begun to remove pressure on nerves affected. Under recommended service, this patient reported no aches or pains. . . . Five years later, this man still feels fine—works every day.

ARTHRITIS

CASE HISTORY.
Lady: Age 35; Symptoms of Arthritis.

Hands and fingers, swollen; Pains that run both downward and upward in her spine; Nervousness; Backaches; Gets tired easily. Had trouble with leg after having it hurt in accident.

She came to Chiropractic Clinic and after having an examination in the CHIROPRACTIC CLINIC consisting of X-Ray pictures of the Spinal Column and scientific spinal analysis the cause was located.

After having had a series of Chiropractic Adjustments in the CHIROPRACTIC CLINIC this case reports that her pains are a thing of the past. Her nervousness and backaches have disappeared. Her arthritis is greatly improved and her hands and fingers are not swollen. This case still continues to be checked occasionally to determine if her spine is normal.

She has said many times, "I wouldn't take anything for what Chiropractic has done for me."

SCIATICA

Case History: Woman, 52, was first introduced to Chiropractic at the Chiropractic Clinic when told nothing could be done for arthritis or rheumatism. Unfortunately this prognosis is made without taking the corrective treatment of Chiropractic into consideration—just as sciatica is often wrongly diagnosed ruptured, herniated or slipped disc. When sedatives and malfunctions for Sciatica had rendered this woman paralyzed in one hip and leg, she turned to Chiropractic. Under recommended service and patient cooperation, this woman has been restored to good health and this good health has remained for the past two years.

LL All Stars Win First Game 12-2

A brilliant no hit relief stint by Jerry Howard helped the Muleshoe Little League All Stars to defeat a similar team from Morton Tuesday afternoon. The game played at Lubbock saw Morton grab an early 2-0 lead until the third when the locals scored twice to knot the score. In the last two frames Muleshoe really teed off as they scored ten runs to clinch it.

Dixon Ray, the starting pitcher, led Muleshoe's offensive attack with a two run double. Howard came in to pitch with two out and the bases loaded in the second inning and struck out the first batter he faced to retire the side. Over the 4 1/2 innings he pitched Howard fanned nine men.

From Tee To Green

By JOE LOPEZ

Well, this coming Sunday, July 29, is the day that a lot of us have been waiting for. We play Portales on our own grounds and will try to get even for the thumping they gave us in Portales the last time we played.

Friday, the 27th, at 5 p.m. I would like to have everybody sign up that wants to play. Would like for everybody to play at least nine holes and turn in all cards so that we can have a pretty good idea as to what position everybody can play.

We should do a lot better this week, since we have Russell Haberer, Noel Woodley, Elmo Evans, Dudley Malone, and Stan Barrett, who didn't play the last time.

Everybody come out and let's try to show Portales a good time. Very glad to have among others, Mrs. John Moeck and Mrs. Bill Jim St. Clair coming out very regular and playing for their first few times.

Bill Jim St. Clair had a very fine 34 on the back nine the other afternoon as he birdied four holes and had two bogeys. Bill Thomson had a very nice 2 on No. 7 as he hit his tee shot about 8 inches from the hole.

Howard Elliott had some of his opponents screaming one day last week as he scored a 2 on No. 7 and a 2 on No. 9. Sam Bamron also had a very nice 41 for his best score.

Charles Alsop says that he has got the canceled check to prove it.

Our good neighbor, pro Kenneth Wright, of Clovis, teamed with Geo. Addison from Jal, N.M., to win 5th money in the Odessa pro-am and won \$400. First place team was Ernie Vossler and Rex Baxter from Fort Worth and Amarillo.

Tom Morgan, commissioner for Prec. 1, really helped this week by scraping off three old sand greens remaining on the fairways, and refilling them with clean dirt. They've been seeded by members. Also, Tom dragged off an adequate driving range. Thanks, Tom. Don't forget Sunday!

THE GOLF GRIP

Before you can play golf you must first have a grip. This is obvious. But, more important, before you can improve your game you must have the proper grip. To me, the mastering of these fundamentals is the basis of the entire game.

There are two predominant grips that have evolved over the years; the overlapping and the interlocking. It is true that a few good golfers use neither, preferring to keep their hands apart. While others use a combination of both. But by far the greater majority of the top golfers use either one or the other, perhaps with slight variations.

The one important thing to remember in choosing the best grip for yourself is that your hands must work as a team. Although the right hand applies the force, the left hand is generally conceded to be the control hand; neither is exclusive or works independently of the other.

The shaft is placed in the left hand so that it is gripped between the palm and fingers. In other words, neither the fingers nor the palm contribute any more or less force or pressure to the grip—both share it equally. The fingers of the left hand

1956 Texas Tech Schedule

- Sept. 22—Texas Western.....at Lubbock (N)
- Sept. 23—Baylor.....at Waco
- Oct. 6—Texas A&M.....at Dallas (N)
- Oct. 12—West Texas.....at Lubbock (N)
- Oct. 27—Arizona.....at Tucson (N)
- Nov. 3—Oklahoma A&M.....at Lubbock (HC)
- Nov. 10—Texas Christian.....at Lubbock
- Nov. 17—Tulsa.....at Lubbock
- Nov. 24—Houston.....at Lubbock
- Dec. 1—Hardin-Simmons.....at Abilene

SOUTHWEST CONFERENCE MEMBERSHIP has been attained by Texas Tech. Although the Red Raiders will not compete for the grid title until 1959 or for other championships until 1957-58, the Big (8,000 enrollment) West Texas school at Lubbock will meet three southwest conference foes on this fall's rugged schedule. Above are Tech's Jones Stadium, capacity 28,000, scheduled for expansion, and the Lubbock Municipal Auditorium-Coliseum, which seats 10,000 for basketball. Pictured also is DeWitt Weaver, athletic director and head football coach, who in five seasons piloted Tech to four Border Conference titles and a Border record of 19 wins, one loss, and two ties.

ELECT Judge James R. NORVELL TO SUPREME COURT OF TEXAS

Preferred by the lawyers of Texas almost four to one in the State Bar Poll.

ASK YOUR OWN LAWYER

When the left hand is closed, the thumb should be pointing to the right side of the shaft. The thumb and index finger should form a "V" pointing over the right shoulder. An old test is, without moving your head from its natural position for the stroke, to see if the first three knuckles of your left hand are visible. If so, your hand is far enough over the shaft.

The correct use of the right hand for the overlapping grip is as follows: Place the third finger against the index finger of the left hand, with the little finger placed across the second joint of the index finger. Unlike the left hand, the grip of the right hand should be concentrated in the first three fingers.

RE-ELECT Herbert C. Martin

To A SECOND TERM As ASSOCIATE JUSTICE OF THE COURT OF CIVIL APPEALS

"Graduate of University of Texas Law School. Served two terms as District Attorney of Hale, Lamb, Bailey, Swisher and Castro Counties. 22 years experience as a trial lawyer. As your Associate Justice has written 165 opinions during first term with only 7 reversals. In a secret poll of the lawyers by the State Bar Association, the lawyers of the District voted Herbert C. Martin the best qualified man for Associate Justice."

ON HIS FIRST TERM RECORD OF PROVEN ABILITY —VOTE FOR—

HERBERT C. MARTIN

of Lamb County

Your present Associate Justice, Court of Civil Appeals in Amarillo.

New MAYTAG mates

"Wash-bowl" wash no more! Be a weary pin-up girl no more!

MAYTAG All-Fabric Automatic MAYTAG No-Vent Dryer

Actually duplicates hand-washing methods:

- Washes gently because agitation and spin-speed are slowed. As little as one minute wash time. (Regular speed for regular fabrics.)
- Allows even cold water wash and rinse, automatically! (Warm or hot, too, of course.)
- Matches water to load. Automatic Water Level Control saves up to 11 1/2 gallons per small load, automatically!

Of course, regular fabrics get the regular MAYTAG treatment.

Rids you of the work and weather worries of line drying, and every dryer drawback as well:

- No more awkward, expensive, vent pipe.
- No more humid heat that's tough on walls.
- No more lint on the floor.

MAYTAG's patented water extractor ends all these annoyances. Clothes come out fluff-dried, smelling fresh as fresh-air dried!

SEE the new MAYTAG MATES . . . make it today!

Mrs. Frank Griffith

Mrs. J. M. Phillips was able to return home last week after treatment at West Plains (Mo.).

Visiting in the Norman Unwood home this week are Mr. M. S. E. C. Weems of Eugene, Ore., Underwood and Mrs. Underwood and Mrs. Underwood are sisters.

Mr. and Mrs. Frank Griffith and Mrs. Florence Bailey visited at Anton and Shalloway Sunday. Frank visited with sister, Mrs. Thomas Dorsey Chicago, whom he had not seen since 1945.

Recent guests in the Tom McKinley home were his sister family, Sgt. and Mrs. R. G. Galt of Ft. Sill, Okla.

Mrs. Lewie Jordan is spending the week in Lubbock caring for her mother who recently underwent surgery.

Mrs. C. W. Coffman who fell last week and broke her shoulder is still in the hospital. She underwent bone surgery Friday and is doing as well as can be expected.

Kirk Holt and Jim Johnson went to Rudoso Friday for a few days vacation.

Kathy Pollard is spending the week at Lovington with her mother, Mrs. Harvey McDaniel.

Mr. and Mrs. Maxine Holt and children spent Sunday in the city at Portales.

Mr. and Mrs. Horace Hutton and children took supper to the city in Lubbock one night last week. They met other members of the Hutton family there for a short visit.

G. A. Camp

Mrs. Thurl Lemons and Mrs. Harland Townsend were the Junior-GA counselors who accompanied the girls to the Baptist camp near Floydada last week. Attending were Nona Oman, Kay and Dandra Lemons, Judy Snadlin, Paw Powers, Beth Walker, Elaine Kinney, Shirley Fine, Chiquitta Kinney and Donna Kay Ferguson.

Grandma Sowder fell Sunday and broke her arm. She was treated and recovering satisfactorily this morning.

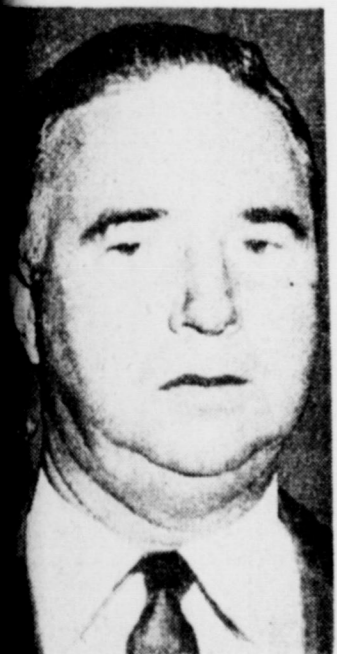

Mr. and Mrs. Leroy Pierce Muleshoe visited his parents, Mr. and Mrs. Howard Pierce, last Sunday.

Mr. and Mrs. Earl Thetford Portales, and J. L. Thetford

STRENGTH FOR THESE DAYS

But your iniquities have separated between you and your God, and your sins have hid His face from you.... —(Isaiah 59, 2.)

It is our own willfulness, selfishness, weakness, that keep us from most enjoyable living and being fully in God's love. His perfect good—and yet, His mercy forgives and accepts the truly repentant heart.

ILLINOIS STATE AUDITOR CANDAL GROWS — Illinois State Auditor Orville E. Hodge (above), who resigned his post last week while under fire for an alleged \$1,000,000 "irregularity" in his office accounts, has been filing suit to State's Attorney G. Contrakon at the Sangamon county courthouse in Springfield, Ill. Sufficient evidence is now being gathered to call for a grand jury to indict Hodge, which would involve many important business associates of Hodge.

Sister Dies

Mr. and Mrs. John Shackelford and children and Mr. and Mrs. Eugene Shackelford and children of Cotton Center, were fishing in Colorado when word was received that Laverne Shackelford had died.

The two families could not be located, and knew nothing of the news until they returned home Tuesday. Funeral services were Tuesday afternoon, and they reached the cemetery in time for graveside rites.

The cottage prayer meetings, prior to the summer revival at Three Way Baptist Church will begin Monday evening. The revival begins August 6.

Mr. and Mrs. L. W. Chapman, Mrs. Tommy Galt, and children attended the Saturday wedding of Miss Joyce Thrush in Lubbock. She is the daughter of Mr. and Mrs. Glen Thrush, formerly of Goodland.

Bernice Kirby was in Methodist Hospital several days last week due to a virus infection.

Misses Galt and Betty Ann enrolled at Tech for the second summer session. They spent the weekend at home with Mr. and Mrs. Dolly Ann.

A. J. Ellis vacationed in Colorado last week. He spent the past weekend with his parents and returned to Lovington to work.

Mr. and Mrs. Mickey Sowder visited the Cecil Cole and Everett Sowder families Sunday.

The Enochs and Monument Lake Methodist churches quarterly conference will be held at Enochs July 29. Rev. Vernon Henderson, district superintendent will be the morning speaker.

Wedding Shower

A miscellaneous wedding shower, honoring Mr. and Mrs.

CHICAGO FIGHTS POLIO EPIDEMIC — Parents and children crowd Chicago Board of Health offices as mass inoculations were continued in an effort to halt the rapid increase in polio cases. This year Chicago has had approximately 250 cases compared to a total of only 35 for this time in 1955. This is the highest rate in the whole USA and extra equipment and vaccine have been rushed to Chicago. Only 17 of the new cases had been previously inoculated.

Dale Krebs was given in the home of Mrs. Mike West of Maple last week. Punch, cake squares, minis and nuts were served to about thirty.

The Monument Lake WSCS met Monday afternoon at the church with Mrs. J. G. Ann in charge of the program. Mrs. John Shackelford gave the devotional. Present were Mmes. Ann, Shackelford, Cecil Cole, Leon Reeves, Cass Stegall, Tommy Galt and C. C. Dorn.

Guests in the Leon Reeves home Sunday were Mr. and Mrs. James Reeves and girls of Arch; Mr. and Mrs. B. H. Reeves and family of Lubbock and Shirley

Reeves of Lubbock.

John Reeves has had the cast removed from her foot but is still having trouble with it. She is waiting word from the doctor as to results shown in x-ray pictures taken.

ENJOYED PICNIC

Mr. and Mrs. L. D. Cannon, Muleshoe; Mr. and Mrs. A. E. Cannon, and family, Amarillo; Mr. and Mrs. Albert Cannon, of Friona; Delores Cannon and Mary Janice Pickett, spent last Thursday at Palo Duro Canyon near Amarillo, where they enjoyed a picnic lunch. They also toured the museum at Canyon during the day.

Bailey County Farm Bureau News

BY LONNIE M. BASS

Saturday afternoon as I was leaving one of the stores in Muleshoe, I overheard two farmers discussing the rise in bracero labor. They stated that they had contracted them for 50c per hour, but had received a card stating that it would be raised to 60c or 65c per hour. The Texas Employment Commission makes surveys of prevailing wages and that is the wage that the bracero labor is supposed to receive. The catch for the thing is that local labor receiving the 60c or 65c per hour generally have a crew boss that gets part of the money. Also the farmer does not have to furnish transportation, housing, and many other things that should be taken into consideration of the price paid. I called Bill Milten, Bailey County Farm Bureau president and told him what I had overheard. Bill got on the phone to see if the situation could be corrected. He talked to Wayne Grant at Amarillo, District Man for the Texas Employment Commission, Monday, July 23. Mr. Grant stated that the survey had already been made but that he would confer with his superiors and call Bill back. Later Monday afternoon, Mr. Grant called and stated that they would make another survey, to be sure that the price was right. In the meanwhile, it is presumed that the rise in wages

will go into effect, until the other survey is made.

If I had not overheard this, we could have lost some time in obtaining the new survey and if the price is to remain the same, it could have cost the farmer several dollars for this short while, of increased price.

If you have farm problems such as this, or others that should be brought to the attention of the right people, don't tell your neighbors, come tell your president, Bill Milten, the Farm Bureau office or me, because that is our job, to speak for the farmers in Bailey County.

A meeting of farmers and business men in Bailey County will be held Friday night July 27, 1956 in the REA office in Muleshoe at 8:00 pm. to discuss Bailey county's part in the proposed Texas Research Foundation sub-station. Cards have been mailed to all committees, and they are urged to attend the meeting.

ENTERTAIN FRIENDS

Mr. and Mrs. R. C. Cline and daughter LaNelle Simmons entertained friends with an ice-cream supper Sunday evening at their home. Present were Mr. and Mrs. Marshall Milligan, Mrs. Carolyn Herrington and Mr. and Mrs. Buck Creamer and daughter Jan.

BROTHER VISITED

Mr. and Mrs. J. A. Jameson, of Carlsbad, N.M. were Sunday guests in the home of his sister, Mrs. Noel Woodley.

School Lunchroom Ladies Attend Food Conference

PICTURED HERE are eight members of Muleshoe school lunchroom service staff photographed while attending the recently held food conference at Texas Tech, Lubbock.

From left to right they are: Mrs. Lois Schook, Mrs. Alma Henley, Mrs. Beulah Kellon, Mrs. Martha Cammy, Mrs. Della Sealos, Mrs. Jewel White (supervisor), Mrs. Lillian Simms, and Mrs. Effie Smith. Four other members of the staff were unable to attend five day workshop.

Twenty-seven food specialists from seven states conducted the more than 80 sessions on new developments in food preparation, meal service, food buying, meal planning, and related subjects. In addition the ladies studied human relations, meal service, sanitation, etc.

Mrs. White took a creditive course, giving her a one hour credit toward her degree. Attending from the Lubbock school were Mrs. Ethel McCurdy and Mrs. Nola Treidler. Mrs. Rollins and Mrs. Inez Robinson represented the staff of Sudan school lunchroom.

Youths Presented W. S. C. S. Program

Young people of the First Methodist Church, with Don Copley as leader, presented an outstanding program Tuesday morning as the Women's Society of Christian Service met in the Youth Chapel.

Opening the program, the group sang two songs: "Beautiful Garden of Prayer," and "Open Mine Eyes That I May See." LaVon Copley then presented the devotional which she took from Psalms 33.

Alva Lee Shofner, accompanied at the piano by Miss Copley, sang a solo. Little Kathy Moore then recited the 23rd Psalm, and a report on the Juniors was given by Patricia Butts.

Gary Edwards, Dwight Burkhead, Stanley Black, Wilma Sue Puckett, Susan Birdsong, and Judy Putman sang a hymn. A report on the youth work, followed by prayer, was given by Don Copley. Davie Jean Anderson presented a piano selection.

A business meeting was conducted by W.S.C.S. president, Mrs. Mervin Wilterding. The social which is to be held at the W. F. Birdsong home Tuesday evening, honoring students, was discussed. Mmes. F. B. Pierson, H. Jay Wyer and W. F. Birdsong were appointed to serve as the refreshment committee. W.S.C.S. husbands are invited to the social.

Mrs. W. D. Moore announced that Mrs. S. C. Beavers is moving.

Bridal Shower Monday Honors Peggy McCormick

Miss Peggy Nell McCormick, bride-elect of Doyle Corder, of Seagraves, was honored with a miscellaneous shower Monday evening of this week in the home of Mrs. L. D. Cannon.

Decorations and appointments carried out the honoree's chosen colors of blue and white. The receiving line was Miss McCormick, her mother, Mrs. L. F. McCormick; her sister, Mrs. Linda C. Ick, Phoenix, Ariz.; Mrs. Fred Corder and Melba Jo Corder, mother and sister of the groom-to-be, of Seagraves.

Guests were registered by Miss Dolores Cannon. Hostesses alternated at the serving table.

Out of town guests were present from Clovis, N.M., Lubbock, Ariz., Seagraves and Littlefield. Hostesses were: Mmes. Howard Thornton, Joe Harbin, Gene Scarbrough, Fay Wilson, L. D. Cannon, Bud McMahan, Doris Gulley, and Horace Weaver, and Misses Dolores Cannon and Ruby McMahan.

SPENT WEEK AT RUDDOSO, N.M. Mrs. C. B. Howard and daughter Sandra, and sisters, Mrs. Irvin Ott, of Earth, and Mrs. Scott Miller and children, Scotty and Lana, of Roswell, N.M., vacationed last week in Ruidoso, N.M.

receiving rooms featured bouquets of blue dahlias and white gladiolus. Centering the serving table, which was covered with a white lace cloth, was a miniature bride and groom standing before an arrangement of blue dahlias and white gladiolus, flanked by blue tapers in blue and white china holders.

Tiny sandwiches, almond pretzels, mints and strawberry shortcake punch were served to forty guests. Plate favors were small blue and white rice filled net bags, tied with blue ribbons ending in hearts on which were written "Doyle and Peggy."

In the receiving line was Miss McCormick, her mother, Mrs. L. F. McCormick; her sister, Mrs. Linda C. Ick, Phoenix, Ariz.; Mrs. Fred Corder and Melba Jo Corder, mother and sister of the groom-to-be, of Seagraves.

Guests were registered by Miss Dolores Cannon. Hostesses alternated at the serving table.

Out of town guests were present from Clovis, N.M., Lubbock, Ariz., Seagraves and Littlefield. Hostesses were: Mmes. Howard Thornton, Joe Harbin, Gene Scarbrough, Fay Wilson, L. D. Cannon, Bud McMahan, Doris Gulley, and Horace Weaver, and Misses Dolores Cannon and Ruby McMahan.

Reception In Lubbock Home Honors H. W. Crews On Golden Wedding Sunday

Mr. and Mrs. H. W. Crews, of 2505 Avenue L, Lubbock, were honored with a reception on their Golden Wedding anniversary Sunday afternoon in the home of their son, L. C. Crews.

Hostesses were their daughters, Mrs. R. F. Cook of Idaho, Mrs. J. T. Edgar of Levelland, and Mrs. Louis Henderson of Goodland. Assisting with hospitalities were their grandchildren: Mrs. Paul Hall of Friona, H. D. Henderson of Wolfarth, Denis Crews of Lubbock, Curtis Cook of Idaho, Pat Crews of Lubbock, Douglas and Sandra Edgar of Levelland.

Also present were their great grandchildren Jamie Lou and

Glenda Sue Henderson of Wolfarth, and Roxanne and Brian Hall of Friona; one grandson, Pvt. Bobbie Henderson of Ft. Knox, Kentucky, was unable to attend.

A double ring arrangement of gold flowers centered the serving table which was laid with an antique lace cloth over gold satin. Gold wedding bells decorated the column tiered wedding cake.

Mr. and Mrs. Crews were married in Crum, Texas, July 15, 1906. She was the former Ella R. Gibson, of Waco. The couple moved to Collingsworth county in 1919 and to Lynn county in 1924. In 1931, they moved to Lubbock county and opened

a grocery store in the Slide community. They moved to Lubbock in 1944, where Mr. Crews was in the real estate business until his retirement.

Proceeding the reception, Bobbie Boyd of Idaho sang Bless This House, I Love You Truly, Whither Thou Goest, and The Lord's Prayer. Music was furnished by David Smithers.

Relatives from Houston, Big Spring, Oklahoma and a number of South Plains towns were among the 145 guests who called.

RETURNED HOME

Mr. and Mrs. C. E. Jameson returned to their home in Odessa this weekend after a visit here in the home of their daughter and son-in-law, Mr. and Mrs. Noel Woodley.

Bailey County Is Leader In Cancer Crusade District

Bailey county and one other county led District 3-8 in reaching or surpassing goals for collections in the 1956 cancer crusade, with a total of \$1,202.23, or 100.2 per cent of the goal set.

A total of \$43,400 was set as the goal for the 13 counties in the district, with only 63 per cent collections at the close of the campaign.

Gil Lamb was chairman for the Cancer Crusade in Bailey county, working with the Jay-Cees as sponsoring organization.

FROM ARTESIA

Mrs. Roy Bell, of Artesia, N.M., is visiting in the home of her son Lewis Scoggins and family.

TO COWLES

Mr. and Mrs. Connie Dale Gup-ton left Tuesday for Cowles, N.M., where they will vacation until Friday.

W. F. BARTLEY is seen here examining young fruit on his tomato vines. He has 42 acres of Rutgers, a good variety for green wrap shipping on the commercial market. (Staff Photo)

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 35, NUMBER 30

THURSDAY, JULY 26, 1956

More Than 1000 Acres Tomatoes Planted In County

Adding to Bailey county's prowess as a vegetable growing area is the report this week that more than 1,000 acres of tomatoes have been planted in the county, and will be ready for marketing within three weeks or so.

Within one relatively small area about nine miles from Muleshoe on FM 1760, seven farmers have a total of 240 acres planted to several varieties of tomatoes.

A typical tomato acreage plot is the 42 acres of W. F. Bartley. He has 42 acres of Rutgers, and his neighbor, Louis Scoggins has 55 acres. In the same vicinity are the 20 acres of Ernest McNatt, 60 acres of Jack and Ed Little, 40 acres of Bill Connell, and 20 acres of H. H. Lee.

S. L. Jackson, G. W. Cherry, Joe Peugh and Mr. Pitts, all have tomato acreage within the county, and there is no accurate information on how many acres are planted in the Muleshoe trade territory.

Bartley planted his Rutgers

seed May 3, using seed obtained from Missouri, planted at the rate of little more than half a pound per acre.

The seed were planted in land that grew cotton last year. It has had no fertilizer this year, but last year did receive 200 pounds of 11-48 per acre for the cotton crop.

The ground was irrigated one time prior to planting and was being watered for the third time last weekend after planting.

Mr. Bartley chose Rutgers seed because commercial packers have expressed a fondness for the variety due to its good green-warp shipping quality. Other varieties being planted include the Texto 1, Texto 2, and Alamo.

MOTHER VISITS

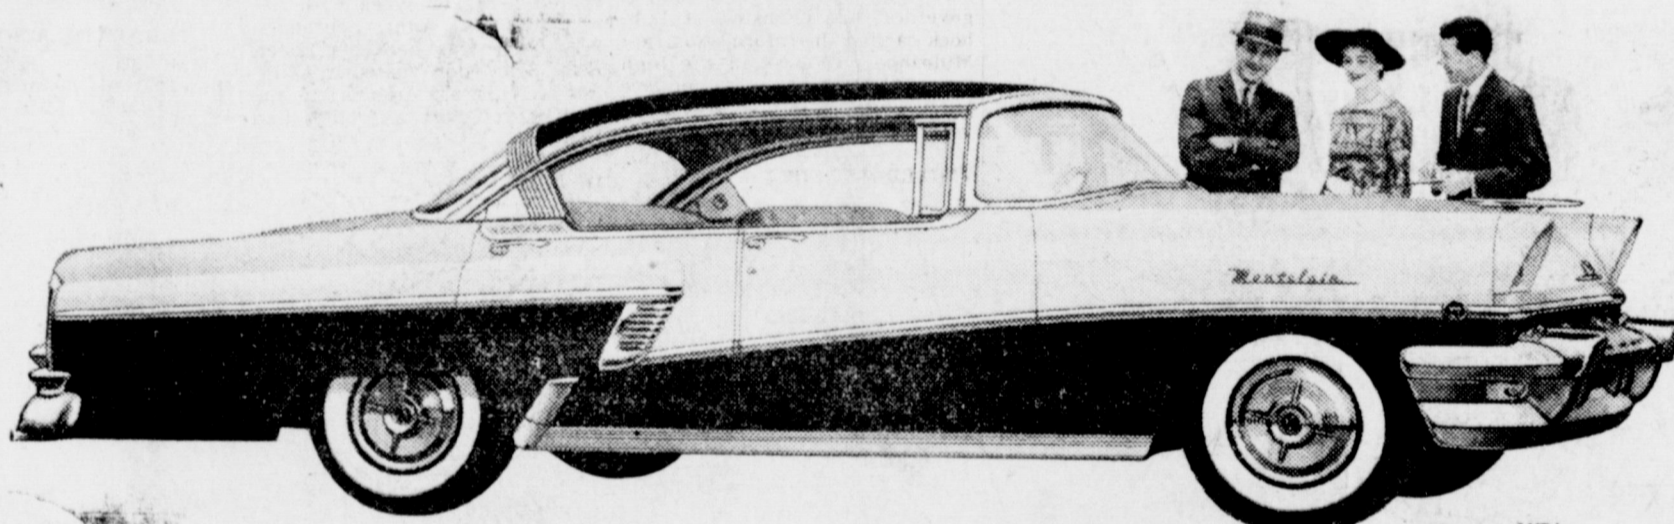

Mrs. Tom Cooper, of Andrews, is visiting here with Mrs. Bill Jim St. Clair, while Mr. Cooper and Gary, and Mr. St. Clair are on a fishing trip.

FIELDS OF TOMATOES on the Bartley place nine miles from Muleshoe are seen in this photo. Irrigation water in the blank rows may be seen in the lower right side of the shot. (Staff Photo)

Darnell, White In Rotary Talks

Members of the Rotary Club continued to furnish their own programs with classification talks Tuesday noon. Jim White, service man for Southwestern Public Service here, told about electricity for lights and power. Jim has been with the firm the last 11 years.

Bob Darnell, manager of Muleshoe Wildlife Refuge made his classification talk, discussing the duties pertaining to his profession and the aims and purposes of the Refuge program.

Other classification talks will follow at future meetings. The Rotarians are getting quite a kick out of these programs, being arranged by Don Taylor.

A letter from the new district governor, Rex Webster, of Lubbock carried the information that Muleshoe club was in the high ten of the district in attendance in June with an average of 95 per cent.

VISITED PARENTS

Babson Discusses....

UNEXPECTED EVENTS

Babson Park, Mass., July 26. Last night I finished Burton Crane's Guide to National Economics, entitled GETTING AND SPENDING. It contains valuable statistics and notes. His conclusion is that if we will build up foreign markets "to keep the world safe," prosperity should continue, with an occasional dip now and then, for an indefinite period. He does not, however, mention "unexpected events." The very next day after I read this book, there occurred the great Wanamaker fire in New York City, which crippled its subway system. The following day Ringling Brothers announced the suspension at Pittsburgh, in the middle of its season, of the "Greatest Show on Earth." Certainly these were unexpected events, although perhaps not great enough to disturb stock markets. However, these events made me interested in studying anew the action of the stock market for the past one hundred years. This is what I learned.

Business was prosperous during the Civil War and started to boom directly afterward. The sudden death of President Lincoln, however, caused stocks to tumble and a year of depression followed.

Again business began to boom until 1869 saw the famous "Black Friday" come very suddenly due to the corner on the gold market.

Stocks quickly rebounded, and again investors were looking forward to several years of prosperity when, in late 1871, the Chicago Fire occurred. This was followed by the great Boston Fire in November, 1872. These caused another panic.

The market had just about recovered when the failure of the great banking house of Jay Cooke and Company was suddenly announced. Then, for the first time, the leading Stock Exchange closed for several weeks. This unexpected failure brought on the great depression beginning in 1873 and extending for some years.

Suddenly, on July 2, 1881, President Garfield was shot. This started a chain reaction of selling. During this second period, the great banking house of Grant and Ward, plus the two leading "bulls," namely Henry Villard and James R. Keene, announced their failures. Depression, as usual, followed these unexpected events. Business began to correct itself in a few years, however.

1892 was recorded as a year of great prosperity, when suddenly the failure of the National Cordage Company was announced in May, 1893. This was then one of the ten largest corporations and its stock would today be included in the "Blue Chip" group.

The following year the great Pullman Strike occurred. This was the first serious strike and it cast great fear and gloom over the country. This was accompanied by a series of crop failures and mortgage foreclosures.

Again in 1897 business steadily improved and permanent prosperity was prophesied, accompanied by stock splits, mergers, and large security offerings. Suddenly, in 1903, there came another panic due to the still more unexpected cause of "undigested securities." This panic resulted in the investigation of large life insurance and traction companies which were then very popular. The final crash came with the San Francisco earthquake which dragged prices way down.

Up to this time the national government had been friendly to business, with no commissions or other retarding factors. The Supreme Court had been content to decide questions between the states. Suddenly in the early 1900's it issued a decision forbidding the consolidation of the Great Northern Railroad and the Northern Pacific Railroad. This came out of a clear sky and took the zip out of the stock market until the first World War broke. After the closing of the New York Stock Exchange for more than four months, there followed some years of prosperity, then a series of surprise business failures, along with the sinking of the S.S. Lusitania and our entrance until it reached an all-time high in 1929.

Stock market prices, due to very high interest rates, had another collapse. This was quickly corrected and the stock market continued to advance until it reached an all-time high in 1929.

The unexpected events of this time were the business collapse in Europe with the continued withdrawal of gold, climaxed by the very sudden failure of the Austrian Credit-Anstalt with startling repercussions throughout the world. Then followed several years of depression, with which readers are well acquainted. The stock market for four years had a partial rebound up to 1937.

Beginning in 1938 there was a definite recovery in business throughout World War II, but this did not help the stock market much until 1942. With the exception of the severe short readjustment in 1945 and the 1952 steel strike, our country has enjoyed prosperity for about nineteen years, with full employment. This has been due to the growth of the installment business, price and wage increases and guarantees, generous pension, and the easy terms for building and purchasing homes.

So, informed voters, join your neighbors at the polls and enjoy the sacred privilege and rewarding experience of casting a secret ballot in a free election. Millions of people elsewhere in the world would love to have your privilege.

I agree with Burton Crane that there is nothing expected event may prick the bubble as it has done so many times before.

Ike's New Shuffle

CHRISTIAN SCIENCE SERVICES
 The value and importance of right motives in daily living will be emphasized at Christian Science services this Sunday.

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy in the Lesson-Sermon entitled "Love" will include the following (454:17-21): "Love for God and man is the true incentive in both healing and teaching. Love inspires, illumines, designates, and leads the way. Right motives give pinions to thought, and strength and

freedom to speech and action." The freedom-giving power of divine Love will also be brought out in the Scriptural readings which include the following (1 John 4:18): "There is no fear in love; but perfect love casteth out fear: because fear hath torment. He that feareth is not made perfect in love."

VISIT IN FT. WORTH

Mr. and Mrs. B. A. Dalton, and Mr. W. R. Bowers and daughters Virginia and Louise, traveled to Ft. Worth over the weekend to visit Mr. and Mrs. Alvin Dalton and new daughter, Kathryn Sheree.

The Daltons remained there and will visit this week. Mrs. Bowers, who had been there visiting the past week, and Mr. Bowers and Virginia, returned home Sunday. Louise remained in Ft. Worth to visit a few days with Wanell Wimberley.

FATHER OF RESIDENT OBSERVED BIRTHDAY

Mr. and Mrs. Pat Bullock traveled to Lapan Friday, where

AN EDITORIAL... We Can Get A \$140,000 Payroll

How would you like to have a \$140,000 annual payroll in Muleshoe, every year from now on? It is possible to obtain the equivalent of that much money in active circulation or on deposit in local banks if the proposals of the Hoover Commission on decreasing the cost and increasing the efficiency of operation of the Federal Government, are put into practice.

The actual cash dollars saved in federal income tax payments from Muleshoe trade area business firms and individuals, would amount to a yearly saving of \$140,000, our percentage of the \$5.5 billions that would be saved if the program were voted into law and carried out in Washington.

The Muleshoe Chamber of Commerce, in co-operation with the US Chamber of Commerce is carrying out a campaign to arouse local interest in urging our lawmakers to pass some of the more than 240 bills now before the two lawmaking bodies in Washington, which deal directly with recommendations made by the Hoover Commission.

The Hoover Commission, a non partisan group, appointed by President Truman, and again by

President Eisenhower has made more than 300 recommendations as to how the federal government could be operated more efficiently and economically, primarily by having the government get out of competition with private enterprise.

The Chamber is also urging that the federal Civil Service system be overhauled for more efficiency and economy. Government competition with private business does not all exist on the Washington level. Right here in Bailey county the federal government is in direct and inefficient unfair competition with Muleshoe area merchants and individuals. In the banking and loan business, in the printing business, and in the actual sale of merchandise, the federal government is in direct competition with local firms, and in many other instances also.

It amounts to the taxpaying businessman supporting his own competition from his own pocket.

Every citizen should inform himself of the bills now pending, and which might not otherwise see any action in this election year, and insist that his representatives in Washington work to pass the bills that will put \$140,000 in circulation in Muleshoe.

For more information contact the Chamber of Commerce office in Muleshoe.

Sand Hills Philosopher... AGAINST MORE FENCES TO SIT ON

Editor's note: The Sandhills Philosopher on his grass farm is writing about fences this week, instead of mending his own.

Occasionally I like to look over the international news, to get my mind off of farm problems, and while I don't understand much about foreign affairs, I notice there are a lot of experts in the same boat with me. In fact, probably the more foreign affairs you know about the less you understand.

At any rate, I read in a newspaper last night where the Prime Minister of India, a man named Nehru, was complaining because, he said, "the United States expects other countries to take sides and leaves no room for any country to sit on the fence."

This just goes to show how little that Prime Minister knows about the United States.

In this country, we believe in private initiative, and a man, doesn't make any difference whether he's a justice of the peace or a state office holder or a Congressman, who can't find room to sit on the fence, just ain't trying.

they attended a birthday observance for her father, T. B. Stell, on his 90th birthday.

FAMILY MET AT PARK

Mr. and Mrs. Harvey Bass traveled to Lubbock Sunday, where they enjoyed a dinner at McKenzie Park with her parents, Mr. and Mrs. O. C. Fowler and her sister and brother-in-law, Mr. and Mrs. W. W. Brints and family of Crosbyton. They were accompanied to Lubbock by

Phyllis Milligan.

Carolla and Vina Bass, who had been in Crosbyton the past week, visiting their grandparents, returned to Muleshoe with their parents.

FROM MADILL

Sunday guests in the Horace Blackburn home were friends, Mrs. Jim Ewing and Mrs. Howell Cain, of Madill, Okla. Also visiting was the Blackburn's daughter and son-in-law, Mr. and Mrs.

Bob Aldridge and children, of Farwell.

Mr. and Mrs. Charlie Prather, former residents of Bailey county, now of Venita, Okla., visited here last week with their daughter and son-in-law, Mr. and Mrs. James Bickel and son Stan. While they were here, Mrs. Bickel and Stan accompanied them to Snyder for a visit with relatives there. They returned to their home in Oklahoma, Monday.

Yours faithfully,
 J.A.

AN EDITORIAL...

Your Vote Is Important!

The power and importance of the individual voter will be demonstrated again in the Primary elections. The political future of the candidates may be determined on that day by a mere handful of votes or by a sizable majority. No one will know until the votes have been counted. Close elections, however, seem to be in season this year in the primaries. For example, in the Maryland contest held several weeks ago, former Senator Millard E. Tydings and Senator George P. Mahoney waged a torrid race that found them deadlocked 76-76 in the state's nominating unit vote for the Democratic Senatorial nomination. Tydings won by getting a slight edge in the popular votes. In the West Virginia contest one vote gave the Democratic nomination for County Sheriff to Ballard Cogar, and in the same primary Campbell Stevens won the Republican nomination for the state's House of Delegates by two votes.

The individual voter is the king or queen in the Primary. He or she can speak or abdicate, and staying away from the polls means giving up the right even to complain about "the bosses" or "the machine" or the way things are run.

Primary day is a real "independence day" for

electorate. This is the time when the people have a real choice about who is picked—to endorse or reject the candidates recommended by the party organizations.

The broader aspect of voting is perhaps best summed up by John C. Cornelius, president of the American Heritage Foundation, when he says: "All of us believe that intelligent voting is a basic act of citizenship."

"It performs two tasks. At home, it preserves the democracy whose benefits we all enjoy. Abroad, by the message of hope it carries from free men, it strengthens the cause of freedom throughout the world."

The act of merely marching to the polls to cast a vote, however, is not the zenith of civic achievement. What is sought is informed voting in which candidates and the issues receive thought and consideration by the ballot caster. The alert citizen who casts his one well-considered vote at the polls on Primary Day is the one who provides an everlasting echo of strength to the principle—government by the people.

So, informed voters, join your neighbors at the polls and enjoy the sacred privilege and rewarding experience of casting a secret ballot in a free election. Millions of people elsewhere in the world would love to have your privilege.

See you at the polls!

Today's Meditation

THURSDAY, JULY 26
 Read I Corinthians 13:8-13
 Make love your aim. (I Corinthians 14:1. RSV.)

A young married woman told the story of her married life. Her husband had been an orphan who never had a chance to go to school or learn a trade. He earned little money. He trusted her with all he earned. He did not drink, and never went out for pleasure without her.

She said, "Do you think it hurts me because he cannot give me fine clothes, when every day he tells me I am the best gift God ever gave to him? Do you suppose I mind working to help a man like that? His love makes everything worth while."

Paul says much the same thing—love makes everything worth while. Jesus summed up religion in the word love—love to God and love to man. Christianity places love at the apex of life. It is the highest and noblest of all virtues. Indeed, all virtues are included in love. Faith is its foundation, hope its incentive. Love believes to the uttermost, and always hopes for the best.

PRAYER
 Our Father, we pray that Thou wilt send Thy love in our hearts. Use us to encourage and lead others to seek and find Thee also. Help us all to learn to love Thee with heart and mind and soul and strength, and our neighbors as ourselves, in Jesus' name. Amen.

THOUGHT FOR THE DAY
 "Love is the fulfilling of the law."
 Sidney Rowe (Ontario)

TO FT. WORTH

Mrs. E. F. Eason and Bonnie Anders are visiting this week

in Ft. Worth with Mrs. Eason's sons and other relatives and friends.

NOW-he needs a FREEZER!

He's hooked his catch and with a home freezer he can lock in the delicious fresh flavor for mid-winter eating. Fresh-caught fish are readily quick-frozen in your home freezer. Then when tired wintry winds howl outside your window you sit down to a golden brown baked bass recapturing the memory of live fresh breezes brushing your face... the memory of a summer strike as a 5 pounder breaks the surface of a shimmering lake. A freezer's great for the sportsman... order yours today.

Home freezers come in upright or cabinet models. There's one to fit the available space in your home.

Marshall Formby Tells Difference Between Interstate-Regular Roads

The Interstate System of highways, so much in the current news today, is a special 41,000-mile road system selected by the Federal Government and approved by Congress in 1945. Highway Commissioner Marshall Formby of Plainview explained this week.

Formby said that he had been flooded with questions from people asking the difference between the Interstate System and the regular primary or trunk system of highways. He said many people thought that any US highway that traversed several states was an interstate route. While that may be the true meaning of the word "interstate," he said it is not the meaning of the Federal Government and Congress applied to the Interstate Road System.

The 41,000-mile system was selected as one that connects 90 per cent of the cities of the United States with a population of 50,000 or more. It is a system of roads that is designed for military purposes in case an emergency should arise. It is to carry traffic from border to border coast to coast. The total number of miles on the system is set by Congress and can only be changed by Congress.

Texas has 2,900 miles of the Interstate System and right now Formby said he sees no hope of additional miles being given to Texas. "There are more than

22,000 miles of primary routes in Texas that are not on the Interstate System and the people should not think these roads will be forgotten," Formby said. "We are going to build an adequate highway system for 'all Texas.' As a matter of fact, some of the primary routes will be built to the same high standard as the Interstate System."

Formby said the Interstate System would be built to the highest standards possible with 300 feet of right-of-way required in most places, no left-hand turns allowed and with overpasses at intersections. With the Federal Government putting up 90 per cent of the money for these Interstate routes, he said the Federal people will make every effort to control the exact location of the road. It is feared that some of the smaller towns will be by-passed by the Interstate.

The Interstate routes that were selected in Texas are generally described as follows:

- U. S. 66 across the Panhandle.
- U. S. 80 from the Texas-New Mexico Border near El Paso to the Texas-Louisiana Border near Marshall.
- U. S. 290, State 27, and U. S. 87 from near Van Horn to San Antonio.
- U. S. 90 from San Antonio to the Texas-Louisiana Border near Orange.
- U. S. 81 from the Texas-Mexico Border at Laredo to Fort Worth.
- U. S. 77 from Hillsboro to the Texas-Oklahoma Border near Gainesville.
- U. S. 67 from Dallas to the Texas-Arkansas Border at Texarkana.
- U. S. 75 from Dallas to Galveston.
- U. S. 377 from Denton to Fort Worth.

Highway Tax Act Returns Due By October 15th

Business firms subject to the new floor stocks tax on products included in the recently passed Highway Act may now obtain copies of Form 2265 from the Internal Revenue Office at Lubbock, Administrative Officer H. O. Nichols said today. Returns, with payments, are due by October 15.

Increased taxes are levied on floor stocks of the following items on hand as of last July 1: gasoline; tires of the type used on highway vehicles; truck, bus and trailer chassis and bodies; and tractors. A new tax was imposed on tread rubber of three cents a pound.

An instruction sheet accompanies the new form. Mr. Nichols said it explains and defines products listed as taxable on the form itself. Continuing taxes called for under the Highway Act will be paid as part of regular quarterly excise tax returns. A 16-year road-building program to cost about 33 billion dollars will be financed by the taxes set forth in the new act.

Two million copies of the forms were printed to meet the needs of affected businesses. Of these about a third are being distributed directly by trade associations and manufacturers, with the remaining two-thirds to be available through district revenue offices.

Returns and payments should be sent to the district office, and checks or money orders should be made payable to the Internal Revenue Service, Mr. Nichols reminded business firms.

Candidate Asks Voters Consider Court Importance

As the campaign for Place 3, Supreme Court of Texas, entered its last week, Judge James R. Norvell stopped in his travels long enough to ask news editors everywhere to point out the importance of their Supreme Court to the people of Texas.

Said Norvell, "My travels have pointed out that lawyers know of this race, and are interested, but the average voter doesn't realize its importance to him. Every case that comes up in a local court may some day go to the state Supreme Court. This, in turn, means that every single person needs to be interested in the man he has elected to his Supreme Court."

Judge Norvell won the June State Bar poll of Texas lawyers by almost a four-to-one margin over his opponent, indicative of the confidence he has earned in his sixteen years on the Fourth Court of Appeals in San Antonio.

When asked the best way to find out about all court races, Judge Norvell replied, "Ask your own attorney; he knows the qualifications of the men in the judicial races." Judge Norvell summed up his campaign aim as a faster and more efficient administration of justice for all the people of Texas.

D. L. MORRISONS IN FIVE WEEKS TOUR OF THE WEST

Mr. and Mrs. D. L. Morrison and son, Jimmy Doyle are back home after a five weeks tour of the west during which they used their trailer house and stopped wherever they wanted to stop.

After touring New Mexico and Arizona they went to California where they visited at Imperial Beach with their son, Duane, a Navy boy; at Petaluma with Mr. and Mrs. D. L. Morrison, Jr. and daughter, Rene. D. L. is in the Air Force. At Alameda they saw Billy Joe, of the Army. They got in some deep sea fishing at Half Moon Bay, came back through Yosemite, Oak Creek Canyon, and stopped for a visit in Albuquerque.

ATTEND CONVENTION

Gene and Howard Cox attended a convention of Texas drive in theatre owners in Austin this week, returning home Wednesday.

REMARRIED "WIDOW"—Mrs. Donald Jarrell, remarried "widow" of Lt. Howard W. Seeschaf, co-pilot of a Navy Privateer that went down with 10 men in the Baltic Sea area six years ago, may face quite a problem. Lt. Seeschaf, who had been "presumed" dead, is now believed to be among the American airmen which the U. S. charged are being held prisoners by the Soviet Union. Mrs. Jarrell, 31, is now separated from her second husband.

MARINE "DEATH MARCH" TRIAL CONTINUES—Marine Sgt. Matthew C. McKean talks with his defense lawyer Emil Zola Berman of New York. McKean is on trial before a Marine court marshal over his actions in leading six recruits to their deaths in a tidal marsh near Parris Island, S. C. McKean is charged with manslaughter and faces a possible maximum of six years and three months in prison and a dishonorable discharge if convicted.

Bula News

- * Mr. and Mrs. C. K. Holt of Lubbock spent Saturday night in the home of the C. K. Holt, Jr. family.
- * Mr. and Mrs. Leon Jones of Maple attended church services Sunday at the Methodist church and visited his parents, the R. E. Jones family.
- * Mr. and Mrs. Olen Powell and children attended the Powell reunion held at Lubbock Sunday.
- * Sunday visitors in the A. Copaus home were Mr. and Mrs. Leonard Butler of Levelland, and Frank Pittman of Lums Chapel.
- * Mrs. Hollis Prime and sons left Friday for Trulock, Calif., for several weeks visiting with her parents.
- * Recent visitor in the Sam Clevenger home was his nephew, Robert Bailey, whom he had not seen in 28 years. He is now an officer at the recruiting center in Littlefield.
- * Sunday company in the John Blackman home included Mr. and Mrs. P. E. Dever of Plainview, Mr. and Mrs. Mid McKnight and family of Hale Center, Doris Stroud, Kathy Archer, Sandra Spence and Sherry Jones.
- * Jerry and Gayle Lancaster of Tulla, are spending this week with their grandmother, Mrs. P. M. Lancaster.
- * Visitors in the home of Rev. and Mrs. H. W. Kile were his mother and aunt of Lamesa. They left early Monday for a visit in Houston.
- * The H. G. Thompsons, Edward Crume and Dewitt families attended the Crume reunion in Lubbock park Sunday.
- * Thursday supper guests in the home of Mr. and Mrs. Hollis Prime were Mr. and Mrs. Don Fair and family and Mr. and Mrs. Dick Reid and family of Portales.
- * Paula Neel of Friona sent Saturday with Kathy Archer.
- * Visitors in the Gene Bryan home over the weekend were Mrs. Chester Alexander and sons of Wolforth; Betty Alexander of Lubbock and Mrs. A. A. Alexander and daughter of Modesto.

Revival Ends
Brother Mid McKnight of Hale Center, closed a successful revival meeting at the Church of Christ Sunday night. Minister Hollis Prime reported an attendance of over 120 each night for the meeting with six baptisms and three restorations.

* Mrs. Ruby Reid and children and Mrs. Zoy Risinger and children attended Bible school in Littlefield.
* Friday visitors in the Nolan Harlan home were Mrs. Lula Harlan and Mrs. Lawrence Daniels of Amherst.
* Mr. and Mrs. W. C. Risinger and children attended a reunion for the Holligan family in Lubbock Sunday.

* Mrs. John Latham and daughter, and Mrs. John Eaker and daughter are vacationing in New Mexico this week.
* Mrs. G. W. Fine and Mrs. Bernice Sweeney took six girls to the Baptist Church to the junior girls encampment at West Plains Assembly last week. Those making the trip were Joyce Thomson, Roxy Fine, Patricia Locker, Lynda Salyers, Faye

Clyne, Joyce Pierce and the sponsors.
* Enjoying home made ice cream in the D. T. Johnson home Wednesday night were: Mrs. R. W. McWhorter of Modesto, Calif., Mrs. J. S. Slape of Paducah, and Mr. and Mrs. Leon Slape of Witharal.
* Mr. and Mrs. W. T. Carter of Lovington were Sunday guests in the F. L. Simmons home.

THOMASES RETURN HOME
Mr. and Mrs. Ira Thomas returned home Saturday from Newport News, Virginia, where they had visited for the past two weeks with their sons and families. Mr. and Mrs. Haskell Thomas and Mr. and Mrs. Albert Thomas and son Albert Henry, Jr.

They did quite a bit of fishing while there, and reported a very enjoyable vacation. Mrs. Thomas said the country there was beautiful, and that there was a lot of rain during the two weeks.
Their trip home was somewhat marred by an auto accident in which they were involved in the western part of North Carolina. Mrs. Thomas suffered head lacerations and the car was damaged slightly.

VISITED PARENTS
Dorothy Giles visited last week in Knox City with her parents, Mr. and Mrs. R. C. Giles and brother Robert, and in Cisco and Cross Plains with other relatives. She visited Friday night in Lubbock, on her way home, with Dorothy Lowery and other friends.
Her brother Robert, accompanied her home and visited in Muleshoe with Rex Robison and other friends, before returning home Sunday.

VACATIONED IN RUIDOSO
Mr. and Mrs. J. L. Alsup and their son Jimmy Alsup and family, of El Paso, spent the past week vacationing in Ruidoso, N.M.

Cadillac

No Reason to Wait Any Longer!

There's not much question about what this man and his young son have on their minds. They're thinking about Cadillac—and about how wonderful it would be to have one in their own driveway!

And because dreams of a Cadillac are hard to put aside, we suspect that it won't be too long now before we'll have an opportunity to give them the facts about Cadillac ownership.

And when that time arrives, they'll find that we have some wonderful news for them about how practical Cadillac ownership has recently become. We will explain that it is now possible to become the happy owner of a 1956 Cadillac for little more than the cost of far lesser cars.

We will also tell them how economical a Cadillac is to operate—and how extraordinarily free it is from the ordinary requirements of service.

And we will show them how, at resale time, Cadillac returns a greater share of its owner's original investment than any other motor car.

But the best news will be yet to come. For then we will talk about the generous allowance we can give them on their present car—and how short the waiting period is on the Cadillac of their choice.

They will find, we feel certain, that they have lost their last logical reason for waiting any longer to enjoy a new Cadillac.

Incidentally, have you considered how wonderful a Cadillac would look in your driveway? If you have, then we sincerely urge you to come in soon and get the facts.

We'll be waiting for you with the car and the keys—and a story too wonderful to resist!

JONES MOTOR COMPANY

801 HALL AVE. LITTLEFIELD, TEXAS

Voc. Ag. Student Richard Greene Will Receive Top State Award In Dallas

THIS WEEK — In Washington

With Clinton Davidson

When Washington can find more ways to raise money than it finds ways to spend it, the result is a balanced budget. The 84th Congress has done that, and much of the credit belongs to two un-sung committees in Congress.

Those are the committees that handle tax legislation; the House Ways & Means Committee and the Senate Finance Committee. Many months of hard work go into the preparation of tax bills. There are no TV cameras and very few news stories.

Yet the work those committees perform has a direct effect on the pocketbook of every one of us. Here are some of the things you would see and hear, if you were a member of one of those important committees.

All tax legislation must, under the Constitution, originate in the House, and that means the Ways & Means Committee. Jere Cooper of Tennessee is the Chairman, and Daniel A. Reed of New York is the top Republican member.

The "work horse" of the Committee, and the member who probably knows more about tax legislation than any other congressman is Wilbur D. Mills of Arkansas. Mills is one of the top-ranking tax experts in the country.

The first step toward tax legislation comes when the President sends his budget message to Congress. Then the Treasury Department comes up with recommendations for raising the revenue needed to finance spending called for in the budget message.

The House Committee then begins public hearings that last from 30 to 60 days. Any citizen is entitled to be heard, and no one who has any suggestion is turned away. When public hearings have been completed, the Committee begins closed sessions with its own tax experts.

Then begins the tedious and complicated task of writing a tax bill that will distribute the tax burden as fairly as possible, and still raise the necessary revenue to run the Federal Government. A major portion of that job falls to Colin Stam, who for 18 years has been head of the Senate-House Joint Committee staff of experts on taxation.

Weeks later a tax bill goes to the House Rules Committee, which schedules it for floor debate. Amendments may be offered from the floor.

When the House passes the bill, it then goes to the Senate and is referred to the Finance Committee, of which Sen. Harry F. Byrd of Virginia is chairman, and Walter George of Georgia is the No. 2 Democrat. Ranking Republican member is Eugene D. Millikin of Colorado.

As on the House Committee, most of the Senators have served many years. Also, like the House Committee, the Senate Finance Committee calls on the Treasury for advice and then begins public hearings where those who will be affected by the proposed law may again be heard. After revisions, the bill is sent to the floor for debate.

After Senate passage of a tax bill it then goes to conference between the Senate and House, with each of the committees naming three majority and two minority

Pictured above is Richard F. Greene, son of Mr. and Mrs. L. F. Greene of route one, Muleshoe. Richard is one of the three Muleshoe boys who will receive his Lone Star Farmer Degree at the State Future Farmer Convention at Dallas this month.

Richard started his project program in September, 1953 with a \$100 loan from his father. In his first year as a Greenhand in vocational agriculture, he fed nine head of pigs for pork; developed three gilts, and at the same time had five acres of cotton. Richards labor income for the first year amounted to \$705.69.

For his second year, Richard had two sows for pigs; fed sixteen head of pigs out, had two lambs for mutton, and five acres of corn. His income for the year was \$785.77.

For the present year in vocational agriculture, Richard has five acres of corn, five acres of cotton, has fed nineteen head of pigs and has one sow for pigs.

During this time Richard has been active in his home and community as well as his school work. He is an active member of the Methodist Church, the Pleasant Valley Recreation Club, the Muleshoe Square Dance Club as well as an active participant in the activities of the Muleshoe Future Farmer Chapter. He is preparing himself for his place as a citizen of tomorrow.

in every way possible to obtain the farm.

American Farm Bureau is supporting a proposed 50% increase in third class postal rates. This class of mail is presently being subsidized by the American taxpayer by about that percentage. The bulk of this class mail is advertising circulars and such stuff, that is mailed out on a phone directory list basis. We haven't met anyone that did not agree that they had rather receive only that mail that they had an interest in. Post Office floors on days of boxholders are a witness to the waste being subsidized by you and me. Farm Bureau's proposal includes exemption of country newspapers of less than five thousand subscribers from any increase because of the value of rural news to subscribers.

The Hell's Canyon Power Project was given private enterprise development approval in congress the other day. Farm Bureau, from counties to National had vigorously supported private enterprise development, and considers this an important victory.

We heard a preacher, referring to those who wonder why God doesn't assert himself to avoid certain things happening in the world, say this: "God doesn't interrupt the program of life every few minutes to remind us of a divine sponsor."

Consider this: Hell and destruction are never full; so the eyes of man are never satisfied. Proverbs 27:20.

Dr. Harold Loden, head of Paymaster Farm, Aiken, has announced the addition to his staff of Mr. M. D. Lacy, who has assumed the position of Agronomist in charge of grain production.

"Mr. Lacy is a man of wide experience in the field of certified seed production, having been associated with commercial seed organizations and the Texas Department of Agriculture for a number of years," Dr. Loden said.

In addition to Mr. Lacy, Mr. Carlton A. Robinson, Jr., has also joined the staff as Assistant Agronomist. Both of these additions, Dr. Loden stated, are a part of Paymaster Farm's intensive program toward the development of new hybrid grain sorghums especially adapted to the Plains area.

FARMER COUNTY Farm Bureau News
By RAYMOND EULER

The Renner Experiment Farm Project is gaining momentum in the West Texas and Eastern New Mexico area, according to Gilbert Kaltwasser. Gilbert was appointed chairman to form a committee of business men and farmers of the county to promote establishment of the station which is intended for experimental farming developments adaptable to this area. Some have said that it would probably be located in the Lazbuddie Community somewhere, but we're not sure the location has been definitely established. This is not a Farm Bureau project, but that organi-

Cotton Insect Report

Conditions continued favorable for the development of cotton where ample moisture was available. Some small boll shed occurred where cotton was heavily fruited. In most cases such shed was not due to insect damage.

Fleahoppers generally occurred in light to medium infestations. While a few fields had sufficient infestations to warrant control, most heavily fruited cotton suffered little damage. Late planted cotton should be checked for infestations and damage.

Bollworms were found in an increasing number of fields throughout the area. While most infestations were reported as light, medium to heavy infestations were found in some fields in Cochran, Crosby, Dawson and Howard counties. In a number of instances terminal examinations failed to indicate infestations, but small worms were observed to have entered small bolls through the blooms. Since many of these worms will drop to the ground in small bolls, and possibly remain there for some time before crawling onto plants for further feeding, repeat applications of insecticide will be necessary to effect good control. The heavier infestations have been found a few days after cotton was irrigated. It is therefore important that recently irrigated fields be checked for presence of eggs and small worms.

Cabbage loopers continue to increase in numbers. Medium to heavy infestations were reported in some fields throughout the area, with some degree of infestation in all fields. This insect is difficult to control when worms are large, so it is highly effective that control be effected

while worms are small. Where regular overhead control applications are made little trouble will be experienced from the loopers, although all worms will not be killed by these treatments.

Lygus bugs increased in numbers in many fields, reaching damaging proportions in scattered fields in Floyd, Hale and Lubbock counties. These bugs damage squares and small bolls, and are rapid in their destruction of fruit when they occur in heavy infestations. Where the insects are found in noticeable numbers forms should be checked for damage. Timely control of damaging infestations is necessary to prevent heavy loss of small bolls.

Aphids and spider mites were reported in scattered light infestations. Parts of a few fields in Crosby and Lubbock counties had sufficient spider mite infestations to require control.

About People You Know

BACK FROM COWLES

Mr. and Mrs. Dudley Malone and children, Wayne and Pat, returned home Sunday after a few days at Cowles with the Julian Lenau family. The Henry Williams sons also were guests and the group packed out on foot and horseback to a fishing spot in the mountains. Dudley caught 20 nice trout one afternoon.

Mr. and Mrs. Rudolph Wiedeuhsh and children, Jerri and Terri, and Dr. and Mrs. A. E. Lewis also were spending a few days at their cabins near Cowles.

SUNDAY GUESTS

Mr. and Mrs. Dale Dudley, of Olton, visited Sunday in the home of her parents, Mr. and Mrs. C. C. Anders, Ronald Lynn,

Dr. Harold Loden, head of Paymaster Farm, Aiken, has announced the addition to his staff of Mr. M. D. Lacy, who has assumed the position of Agronomist in charge of grain production.

"Mr. Lacy is a man of wide experience in the field of certified seed production, having been associated with commercial seed organizations and the Texas Department of Agriculture for a number of years," Dr. Loden said.

In addition to Mr. Lacy, Mr. Carlton A. Robinson, Jr., has also joined the staff as Assistant Agronomist. Both of these additions, Dr. Loden stated, are a part of Paymaster Farm's intensive program toward the development of new hybrid grain sorghums especially adapted to the Plains area.

Ralph Roming To Receive Lone Star Farmer Degree In Dallas Next Week

Ralph Roming, son of Mr. and Mrs. Vernon Roming of route two, Box 67, Muleshoe, is another one of the boys who will receive the highest degree conferred by the Texas Association of Future Farmers, that of Lone Star Farmer, at the state convention in Dallas the last week in this month.

Ralph got his start by feeding out beef calves and re-investing the profit in his project program. The first year in Vocational Agriculture Ralph had one pig and five acres of cotton. His labor income for the first year was \$701.16.

For the second year Ralph had five acres of cotton and had a final profit of \$433.03.

At the present time Ralph is carrying a project program

who had spent the past week with his grandparents, returned home with his parents Sunday evening.

COUSIN VISITED

Mr. and Mrs. D. S. Burelsmith and children, of Tulsa, were Sunday guests of his cousin D. O. Burelsmith and family.

SISTER VISITS

Annie Burelsmith of Vernon, is visiting this week in the home of her brother, E. P. Burelsmith.

which includes cotton, grain sorghum and a calf to be shown at Dallas.

Ralph Roming has been active in the Progress Methodist Church as well as participating in all of the activities of the Muleshoe Future Farmers Chapter.

CARD OF THANKS

We wish to extend our heartfelt thanks to all our friends and neighbors who were so kind to us during the sickness and death of our husband, father and brother.

For all the food brought in, the flowers, cards, and every expression of sympathy, and act of kindness, we are indeed grateful.

Mrs. C. E. King and Imogene Mrs. Ruby Dorsey and children and Brothers and Sisters of C. E. King.

30-11c

FROM SAN ANTONIO

Mr. and Mrs. David Blackman and children, of San Antonio, were house guests last week of Mr. and Mrs. Dave Aylesworth and family.

RETURN FROM HARVEST

Mr. and Mrs. J. E. Burris and Mr. and Mrs. Jack Camp and family, have just returned from Wyoming, where they were harvesting crops.

COLORADO

Mr. and Mrs. Irvin St. Clair and family are vacationing in Colorado. They plan to do some fishing while there.

FROM WINTERS

A Thursday guest in the home of Mr. and Mrs. Pat Bullock was her sister-in-law, Mrs. J. V. Stell, of Winters.

Buddy Black Named To Top Honor In Texas Future Farmer Organization

Claude Allen (Buddy) Black, son of Mr. and Mrs. J. D. Black of route 3, Muleshoe, Buddy will be one of three local boys to receive the coveted Lone Star Farmer Degree at the State Future Farmer convention in Dallas last week in this month.

Fewer Hogs Seen By Specialists

A drop of eight percent in the nation's spring pig crop and an indicated reduction of seven percent in the number of sows to farrow this fall promise some relief for swine prices, says John G. McHaney, extension economist. Figures on Texas production closely follow the national trend, he adds.

Commercial slaughter of hogs during the first four months of 1956 averaged about 16 percent above the same months of last year but after mid-summer the slaughter rate is expected to drop to last year's level and then later below it.

As a result of the announced decrease in spring pig numbers and the indicated drop in fall farrowings and fewer hogs going to market, McHaney says prices should average at least as high this fall as last and should not drop to the low level of prices paid producers late in 1955.

Despite the indicated reduction in hog numbers, the specialist points out that total production of meat for 1956 is expected to be three percent above 1955 and meat consumption per person will average about 162 1/2 pounds compared with 161 pounds last year.

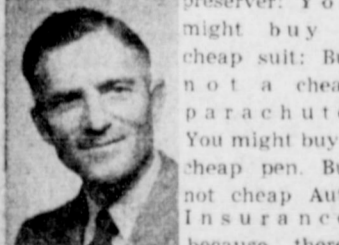

Prices paid for hogs will respond to the reduction in supply, says the economist. If the seven percent reduction in the fall pig crop occurs and general economic activities continues at the present rate the price in the spring of 1957 should average above last spring's prices by more than seven percent.

Low prices at the present time should not be reason for the efficient hog producer to curtail production. Hogs should be sold when their weight reaches the 200 to 220 level. Producers should guard against producing over-fat hogs.

Safe 'n Sound

By LEE POOL

You might take a chance on a cheap watch; But you wouldn't take a chance on a cheap life preserver! You might buy a cheap suit; But not a cheap parachute! You might buy a cheap pen; But not cheap Auto Insurance; because there's no chance to try it over again. Auto insurance is bought because of its emergency value... hence the best is the kind to buy.

When buying Auto Insurance you should be sure of: A strong company, a broad policy contract, dependable service facilities, reasonable prices, and the service of a reliable agent. We offer you all of these important features in every insurance policy we write.

Cotton Research Featured In New A&M Publications

Two recent Texas Agricultural Experiment Station publications, B-830, Cotton Production on the Texas High Plains and B-832, Smith-Doxey, varieties, Fiber Testing and Problems of the Cotton Trade, are now available from the Agricultural Information Office, College Station, Texas.

The first named was prepared by the staff of the Lubbock substation headed by Superintendent D. L. Jones and Dr. H. C. Lane of the Department of Plant Physiology and Pathology, College Station.

Such items as seedbed preparation, planting, cultivation, irrigation, fertilization, insects, diseases, varieties, defoliation, harvesting and field storage of cotton are discussed. The authors point out a successful cotton program for the area is through lower cost of production. They say this can be accomplished only by a thorough understanding of the factors influencing cotton production, so that a sound integrated production program can be evolved. Listed in the bulletin are the results of research aimed at developing such a program.

Dr. R. L. Hunt, professor, Department of Agricultural Economics and Sociology, in the second bulletin reports the findings of a study made last year. He interviewed or sent a questionnaire to members of the Texas Cotton Association and 65 merchants answered the questions in sufficient detail to use their replies. These firms represent shippers, f.o.b. merchants, spot brokers and mill buyers and have an annual business of approximately 4,864,000 bales.

On Smith-Doxey, 53 said they bought some cotton on S-D classification and in 1954 about 38 percent of their total purchases were made on the basis of "green cards." Thirty-two said the service was satisfactory or at least partially so; 20 said it was not satisfactory and practically all made some criticism of S-D classification.

Some of the fiber testing was noted by 53 firms. Approximately half of the 48 million bales handled by the 65 firms was sold on the basis of Micronaire tests, but only 27 percent was purchased on this basis. Fiber testing is still too new, points out Hunt, to give a definite set of discounts and premiums.

Fryers Feature August Food List

Supplies of broilers and fryers are making prices which should prove popular with consumers. August supplies are expected to be 20 percent above a year ago with an average of nearly 29 million birds going to market weekly. Prices are running 20 to 22 percent below last year.

Too, the USDA announced that the turkey crop is at least a third larger than a year ago with heavy breed hens and toms making up most of the excess.

Food shoppers will also find plenty of beef available. Large quantities of all grades are expected for August.

Fresh plums and Bartlett pears are two plentiful fruits listed. The plum market has its peak supply in August and pears usually break.

Other plentiful lists for August include fresh and processed lemons, peanuts, peanut butter, rice and hens.

The USDA suggests that menus featuring broilers and fryers or even turkeys be used during the coming month because of the supplies and favorable prices of these food products.

Fall Seeding Of Alfalfa Gives Best Production

Alfalfa is a crop of varied farm uses. It is important in Texas as a source of hay, pasture and seed and also as a soil improving crop. Its blossoms provide bees with a prime source of nectar for honey.

E. M. Trew, extension pasture specialist, says the supply of high quality alfalfa hay never seems to be adequate. As a pasture crop, it is excellent alone for hogs but for cattle and sheep it is usually used in mixtures with grasses. Its excellence as a soil improving crop is well established.

Alfalfa does best, says Trew, on fertile, well drained soils which are neutral to alkaline and of medium texture. With applications of lime and plenty of fertilizer, it is being grown on acid, sandy soils in East Texas.

The most widely adapted varieties are the "Common" varieties, Texas, Southwestern and Barstow. These varieties are recommended for all of Texas except for the area south of a line east and west through College Station and San Antonio. For this section, Hairy Peruvian, Indian and African make more winter growth and more total yield than do the "Common" varieties. Arizona Chilean may also be used in this area.

Ranger and Buffalo are grown in the Rolling and High Plains areas for seed but have no advantage over the "Common" varieties in forage production. Prostrate varieties for pasture have not been successful in Texas, says Trew.

Fall seeding is best for establishing alfalfa stands. The seedbed should be firm, clean and moist. Seed may be planted in dead stubble in areas where wind or blowing sand is likely to damage the young plants. Alfalfa needs plenty of potash and phosphorus as well as calcium. A soil test will determine these needs.

Trew says from 15 to 20 pounds of good seed should be seeded per acre. If planted in 36 to 42 inch rows for grazing in dry areas, from two to three pounds of seed per acre should be used. Only certified seed should be planted and it should be inoculated just prior to planting. And finally, Trew says, don't plant alfalfa on land infested with cotton root rot.

FROM ODESSA

Mr. and Mrs. Roy Barnett were houseguests one day last week in the home of his aunt, Mrs. E. H. Ivy.

quantities of all grades are expected for August.

Other plentiful lists for August include fresh and processed lemons, peanuts, peanut butter, rice and hens.

The USDA suggests that menus featuring broilers and fryers or even turkeys be used during the coming month because of the supplies and favorable prices of these food products.

600,000 4-H'ers Hunt Hazards

SAFETY is an important crop that's being harvested on the farms and in the homes of 600,000 4-H Club members taking part in the 1956 National 4-H Safety Program.

Through 4-H projects and activities, club members in all 48 states are correcting hazards which are responsible for an annual toll of 14,000 lives and 1,299,000 serious injuries among farm residents, and an economic loss estimated to be a billion-and-a-half dollars.

4-H'ers conduct surveys to locate hazards, and then correct unsafe conditions. They present demonstrations on a wide variety of topics pertaining to farm, home and highway safety, and members give talks over radio and television and before group meetings. In addition, club members build booths and displays for exhibiting at fairs and in store windows.

Realizing that motor vehicle accidents are responsible for

over 40 percent of all accidental deaths among farm people, 4-H'ers are increasing their participation in motor vehicle safety.

In recognition of the outstanding safety work done by 4-H members, General Motors is again providing incentives in the 1956 National 4-H Safety Award Program. Included in the awards offered are four gold-dilled medals for winners in each county; an all-expense trip to the National 4-H Club Congress in Chicago for the state winner; and \$500 college scholarship for the eight national winners. Certificates and plaques are also provided for clubs reporting outstanding safety programs on county and state levels.

The 4-H Safety Program is conducted by the Cooperative Extension Service, and the awards arranged by the National Committee on Boys and Girls Club Work. Complete information on the program is available from county Extension offices.

DROUTH AID AGAIN NEEDED IN TEXAS

The desperate conditions of many Texas farmers and ranchers in the drouth areas cannot be over emphasized.

Many of South Texas' once-fertile fields are barren of all vegetation. Other fields in Central and West Texas, teared by scattered spring showers, produced a scant start in crops that were later burned to the ground when the full impact of the drouth reasserted itself.

Drouth relief is primarily a responsibility of the state. It is a responsibility that Texas must eventually assume.

But the only hope the farmers have right now is for the federal government to step in with money that has been appropriated

by Congress for just such emergencies.

State officials and representatives from farm and ranch organizations, as well as county judges and other interested groups, have pin-pointed the immediate needs for agriculture this year. Briefly, the plans include:

- For cropland farmers, immediate cash payment of 75% of parity on basic crops in the drouth areas, based on acreage allotments for 1956. Payment up to a maximum of \$5,000 is asked whether or not the crops have any chance to mature. Secondly, consolidation and re-financing of farm loans by the federal government on a 30-year basis, up to \$15,000. In addition, a moratorium should be declared on

present federal loans for one year.

For stockmen, (1) Emergency loans on a 30-year basis, not to exceed \$15,000 with a moratorium on present federal loans.

(2) Immediate distribution of surplus government feeds with farmers paying only transportation and administrative costs.

(3) Direct payment of \$10 per ton on the amount of hay stockmen need to carry their cattle through the emergency period.

These proposals are not the complete answer. But they represent what the farmers and ranchers need for survival through a drouth that is now in its seventh year in many sections of Texas.

SISTER AND FAMILY VISIT IN HICKS HOME

Mr. and Mrs. Carl Tree and sons, Mike and Carl, Jr., of Bailey, Colo., visited last week in the home of her sister, Mr. and Mrs. T. B. Hicks, Carl Jr., has been stationed for the past two and one half years in Morocco, with the U. S. Air Force.

MOTHER VISITS

Mrs. Carl Lewis, of Hollis, Okla., is here visiting her daughter and son-in-law, Mr. and Mrs. C. O. Hall and children. A Monday guest in the Hall home was her sister-in-law, Mrs. Ralph Lewis, of Anton.

FROM OKLAHOMA

Mr. and Mrs. Aaron Young, of Mountain Park, Okla., are here visiting Mr. and Mrs. J. Bar... and other relatives and friends.

Hospitality on the Highway!

Having the inside of your car swept out is one of those extra little gestures of hospitality that you can expect when you drive in to a Phillips 66 Station.

You'll like the friendliness and courtesy of your Phillips 66 Dealer. You'll like the conscientious way he cleans your windows all the way around. You'll like his clean rest rooms. You'll appreciate the way he checks your tires, battery and radiator. To Phillips 66 Dealers, "Hospitality on the Highway" means much more than just selling gasoline and motor oil. It means pleasing you.

Your Phillips 66 Dealer believes that in the service he gives, as well as in the products he sells, "It's Performance that Counts." Drive in to his station soon.

PHILLIPS PETROLEUM COMPANY

IN SERVICE... IN PRODUCTS... IT'S PERFORMANCE THAT COUNTS!

TWO CHAMPIONS OF THE ROAD...

both Chevrolets:

Only franchised Chevrolet dealers **CHEVROLET** display this famous trademark

C & H CHEVROLET CO.

MULESHOE, TEXAS

To the eye, the new Corvette and the new Chevrolet are far different. But these two champions have one superb quality in common—both were born to cling to the road as though they were part of it!

Chevrolet's astonishing roadability is a big reason why it's America's short track stock car racing champion. It can and does out-run and out-handle cars with 100 more horsepower. When you wed rock-solid stability to superb engines such as the 225-h.p. V8 that flashed the Corvette to a new American sports car record—then you get a real championship combination. Stop by for a sample!

America's largest selling car—2 million more owners than any other make.
