The heart of health

"Good health and good sense are two of life's great blessings."

I've always appreciated this quote. It speaks the truth.

Who hasn't given thanks for so many cures. their good health? Who hasn't appreciated the health of their family and friends? Good health is a true blessing.

But this quote speaks to me on a second level. It reminds me that with good health also goes good sense.

For far too long, our political leaders have drowned in the details of health care. They prefer swimming in confusion and focusing on the negative or problematic.

It's time for a change. It's time to bring common-sense back to our nation's health system.

We're lucky to have a leader at our helm who wants to make sense of our nation's health care. President Bush is making real progress.

He's working diligently with Congress to ensure every American has access to affordable health care that meets their needs. We're working together to make prescription drug coverage available to all seniors.

We've also worked with the Administration to pass a Patients' Bill of Rights that will leave medical decisions in the hands of physicians, instead of insurance companies. These are real changes that will affect real people throughout our nation.

But health care doesn't stop at the national level. The heart of health care is right here, where working people are trying to make a living and keep their families strong, healthy and prosperous. I'm thankful for the support the 23rd district has given me over the last decade.

We've made some real progress and important changes. And it shows.

I plan to continue my work with President Bush. We will promote a health care system that puts ued success.

Diabetes, Alzheimer's disease and cancer are just steps from major advances. With dedication and proper funding, we can improve prevention, detection and treatment of these deadly diseases.

I'll also do my part to solve our district's current nursing shortage. Many of the small communities throughout my district are plagued by the inability to attract quality health professionals.

I will continue my work to ensure that communities receive the funding for research and healthcare developments that they need.

Of course, many of you know that community health centers are very close to my heart. Too often in poor and rural regions of Texas, parents and children are forced to go without proper health care.

Whether it's because the only doctor is too far away or is too expensive, receiving proper medical care is just not available for some folks

Community health centers fill a critical role in health care. I will continue my commitment to improving and advancing this important piece of our nation's health.

Representing such a large and diverse district has given me insight into the many health care needs confronting our communities. You and I have a long history together. We've walked together down the path of improved health care.

I look forward to building on that path. I look forward to our continued walk. And most importantly, I look forward to creating the very best health care available. We've seen great advances, but there are even more in our future.

Thank you for your support and I look forward to our contin-

"Usually that's all I read," admitted my friend, "but the inconsiderate reprobate who left this newspaper behind took everything else. Listen to this," said Dub, "it says here that top hedge fund managers last year made \$207 million! That's apiece!"

"WOW!," I gasped. "I don't know any farmers or ranchers who made \$207 million last year actually producing the commodities those paper hangers were trading."

Dub grunted and read on. "According to this article a generation ago your average CEO made 40 times what his employees made. Now it's 500 times!!"

"Dub are you sure? That can't be right!"

"I never said it was right," said Dub, "but that's what it says in this newspaper."

"That's depressing. No wonder you usually only read the comics."

"Yeah, I gave up on the Style

section when miniskirts and hot pants went out of fashion and on the Sports section when third basemen started making \$25 million a year. Between steroid cheating athletes and CEO's going to prison for fraud it's all just too depressing. These stories on the front page of this business section are typical. Either they are all about crooked CEO's, mergers or layoffs. And get this," roared Dub getting madder by the paragraph, "a lot of the stock of these conglomerates is owned by the pension funds of the workers who got laid off!"

"Yeah, I never understood these massive layoffs of 10 percent, 20 percent or even 50 percent of the work force of some of these huge workers doing in the first place if they weren't needed?" I asked. "I know if I laid offhalf my workforce, which would be my wife, I would cease operations shortly thereafter."

"But if American workers "I thought you only read the any money to buy the foreign goods?" I asked Dub who looked lost in thought. Or maybe it was indigestion.

"Here's a story about a guy, who Forbes Magazine called one of the worst bosses in business, who made an average of \$121 million per year for six years while his shareholders were losing an average of 5 percent per year."

"Yeah, I think I must have

owned some of his stock," I replied. "Even when the CEO's do a rotten job they don't get laid off, outsourced or downsized," said Dub. "Instead, they get golden parachutes and golden handshakes. It says here that Michael Ovitz got paid \$110 million to leave Disney because he was doing such a bad job as President. Carli Friona got paid \$20 million to walk away from Hewlett Packard. When Richard Grasso left the New York Stock Exchange he got a parting gift of \$188 million. I wish," said Dub, "that someone

would pay me to quit." "Dub, you are unemployed!" I reminded him. "Your golden parachute is never going to open.'

"Well maybe I ought to apply for a big CEO job. I'm confident that I could do just as bad if given the chance.'

"You're unemployable," I pointed out, quite correctly.

"I guess you're right," said Dub. "But Lee, I'm sure there'd be plenty of people who would pay YOU to quit. You've irritated millions of people in the past who would pay you to go away. There's PETA, USDA, Frenchmen, cutting horse enthusiasts, the NCBA, the IRS, Welsh Corgi owners, Hollywood stars, residents of Ekalaka...

"All right, all right. I get the corporations. What were those idea. People paying me to quit writing is about the craziest idea I've ever heard.'

Ozona Senior Happenings

By LYNN ENGLISH **Activity Director**

We had a busy week last week here at the Crockett County Senior Center.

On Monday we had eight playing bridge in the afternoon. On Tuesday, the Concho Community Action Council saw 21 people.

There were 25 at our Wednesday pot luck and 46 attended our Bingo Social Thursday evening.

The showers we had last week provided us with cooler weather. Those 100 plus days are hard to take.

Our next noon pot luck will be July 27. Come out, bring a dish and enjoy the fellowship. I will be going to San

Angelo today to attend an Interagency Meeting of Service Providers for the Aging.

Our new cue sticks have arrived and waiting for someone to come play pool.

Remember the Crockett County Senior Center can be rented at a small charge for special occasions. If you are interested, call Lynn English at 392-9094 and receive the details.

We have a number of games to play. On Monday, Wednesday and Friday, we have our Walk Two Miles at 8:30 a.m.

Also we have a puzzle going at all times and the coffee pot is always on.

Our activities are for those of you over 50 years of age and above (we are flexible). Our building is alcohol and smoke free.

Center Chatter

Our new ceiling fans and lights are now in place in the main lobby. This was requested by our resident council members. You'll have to come by and check us out.

Thursday evening, 11 of our residents enjoyed the evening at the Crockett County Senior Center to play bingo and eat hot dogs and watermelon. Thanks goes to Lynn English for inviting us to the social.

Thanks goes to Nancy Hale for helping getting our residents inside and outside our van. Everyone enjoyed the evening.

Thanks goes to our employee Jana Harrison for the donation of bingo prizes to our residents.

Our volunteers for the week are Otis Nester, Audrey Glynn, Darolyn Webster, Johnnye Johnson, JoAnn Williamson, Nell Wester, Samantha De-LaGarza, members of the Ozona Church of Christ and the First Baptist Church. Thank you all. us here at the CCCC.

The Kool-Aid

Every summer I volunteer to help in Vacation Bible School. It is a program that teaches the children about God, the Bible, and Jesus Christ. One of the jobs I volunteer for is the kool-aid taster or sampler. Sometimes they don't get the kool-aid sweet quite enough and they have to add more sugar. As I was reading my Bible this morning and thinking about my life I became aware that my life or heart is not sweet enough. .

I fall short of where God wants me to be, (Romans 3:23) As I prayed I called upon God for mercy and I also asked him to sweeten my heart. He does that by the filling or indwelling of the Holy Spirit. I confess or acknowledge the areas that I fall short and ask for help. I know that in my natural self dwells no good thing and my heart can be very deceitful, (Jeremiah 17:9).

I call upon God for help so that I can respond differently to every day life. I can have more love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control, (Galatians 5:22). If we have put our faith in Christ Jesus and are born from His spirit, let us abide in His spirit. Then we will be like the kool-aid that is properly sweetened, "Just

Vera Dell Parker Allen

SAN ANGELO — Vera Dell You all are appreciated by all of Parker Allen, 90, died peacefully on Friday, July 8, 2005, on her beloved father's birthday.

Funeral service United Methodist Church in Sterling City with the Rev. Kent Kinard, pastor, officiating. Arrangements were by Johnson's Funeral Home.

Pallbearers were be Boyd Welch, Allen Welch, Wesley Elrod, Bill Price, Ty Allen and Hunter Elrod. Burial will follow in City Cemetery in Sterling City.

Vera was born Jan. 1, 1915, in Rankin. She was the youngest of four children born to pioneer Crockett County ranchers Ollie and Mildred Parker, known to their children as "Big Daddy and Mom." Vera grew up on the family ranch on the Pecos River, by her parents; her husband; her a few miles from Iraan.

Mr. and Mrs. Parker felt tant for their children. Like Parker Johnston. many other ranch families, the children's education required living in town. Accordingly, Mrs. Parker spent most winters in San Angelo until the children were either ready for college or old enough for the San Marcos Baptist Academy. Some years, during droughts or bad markets, a governess would come to the ranch to teach the children. After graduating from boarding school at 15, Vera attended Mary Hardin Baylor in Belton and Hardin-Simmons in Abilene.

On July 27, 1941, Vera Dell Parker married Worth Ewing Allen of Sterling City. The couple lived and ranched in Sterling County until Worth's death in 1972. Vera continued their operation and remained active in management of the family ranches until the time of her death.

A true pioneer in her own right, Vera always maintained a career while providing an excellent home for her three children. Prior to her marriage, she worked in banking at the First State Bank of Rankin. In 1958, she formed Allen Insurance of Sterling City.

An active ranch woman, Vera loved the family land in Sterling and Crockett counties. She devoted her life to her family and the preservation of her strong ranching heritage. On her 80th birthday, she insisted on being photographed riding horseback, just as her father had been. Her wisdom and the examples she set influenced her family and her many friends throughout West Texas.

A longtime member of the Sterling City United Methodist Church, Vera also was active in areas pertinent to her professions. She was a member of the Texas Sheep and Goat Raisers and was one of the most avid supporters of the annual Miss Wool contest sponsored by that organization. She was also a past member of the Ozona Women's Forum.

Vera was preceded in death brothers, Colton Parker and Oliver Wendell Parker; as well education was extremely impor- as her beloved sister, Meda

She is survived by her three children, Worth E. "Tony" Allen of Ozona, Lynda Allen Haile and husband Tom of San Antonio, and William E. "Bill" Allen of San Angelo. Other survivors include grandchildren and greatgrandchildren, Jena Allen Price and husband Bill and children Bryson and Celie of Lampasas, Ty Allen of San Angelo, D'Lynn Elrod and husband Wesley and children Amber, Hunter and Colton of Blanco, Boyd Welch and wife Becky and children Jack and Ben, and Allen Welch and Kristan Welch, all of San Antonio.

 Having made it through both houses, the judicial pay increase is likely to get the governor's signature (1) because judges have not had a pay increase in seven years and (2) because lawmakers' compensation is tied to it.

However, if anyone is to get a raise, stirring speeches on the House floor made it clear that some lawmakers regard a teacher pay increase as much more warranted and many feel more than a twinge of guilt over raising their own pay.

 No matter how much time lawmakers spent on tangled telecommunications and utility deregulation during the regular session that ended in May, neither issue can be wrapped up in

Freshman shares view of session

Neither the House nor the Senate version of the school finance bill satisfy state District Judge John Dietz's court order to fairly and equitably fund Texas public schools, said Abel Herrero of Robstown, who is serving his first term as state representative.

And, House Bill 3 (property tax reform) shifts more of the tax burden to small, local, capitalintensive businesses while asking 90 percent of Texans - those earning less than \$140,000 a year - to bear an even greater burden, he said.

With so little time left in the special session, Herrero said, "we should focus on getting more money into classrooms and to raise teacher pay by a minimum of \$3,000 so Texas teacher pay would increase to cheaply via ordinary household the national average." Herrero wall sockets. They call it added, "I don't think we have to Broadband Over Powerline: " "run at a deficit to do the right

Other Highlights

After meeting with Mexican the Senate must concur with the officials in Mexico City, Texas House version or send the bill to Attorney General Greg Abbott, the state's top law enforcement officer, said his office would cooperate in efforts to stem the recent wave of drug-related violence along the Texas-Mexico border, saying, "If we fight crime only on one side of the border, the criminals simply shift to the other side. Texas and Mexico must work together for the good of all our citizens."

Public Notices

NOTICE OF DRAFT FEDERAL OPERATING PERMIT

DRAFT PERMIT NO.: 02677

APPLICATION AND DRAFT PERMIT. Chevron U.S.A. Inc., 15 Smith Road, Midland, Texas 79705, a Natural Gas Liquids facility, has applied to the Texas Commission on Environmental Quality (TCEQ) for an Initial Issuance of Federal Operating Permit (herein referred to as Permit) Application No. 6188 to authorize operation of the Ozona Gas Processing Plant. The site addressed by the application is located two miles south of Ozona on Highway 163, Ozona, Crockett County, Texas. This application was received by the TCEQ on June 11, 2004.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The permit will not authorize new construction or authorize the area to increase emissions. The TCEQ Executive Director has completed the technical review of the application and has made preliminary decision to prepare a draft permit for public comment and review. The draft permit, if approved, would establish the conditions under which the area must operate The executive director recommends issuance of this draft permit. The permit application statement of basis, and draft permit is available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas, the TCEQ San Angelo Regional Office, 622 South Oakes, Suite K, San Angelo, Texas, and the Crockett County Library, 1201 Avenue G, Ozona, Texas. At the central and regional office, you may also review and copy all relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ Central Office file room at (512) 239-1540.

MAILING LIST. In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the TCEQ, Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application. PUBLIC COMMENT/NOTICE AND COMMENT HEARING. You may submit

written public comments or request a notice and comment hearing on the draft permit. Comments relating to the accuracy, completeness, and appropriateness of the permit actions may cause a change to be made to the draft permi

A person who may be affected by the emission of air pollutants from the area may request a notice and comment hearing. The TCEQ may grant a notice and comment hearing on the application if a written hearing request is filed within 30 days after publication of the newspaper notice. The purpose of a notice and comment hearing is to provide an opportunity to submit comments on the draft permit. If a notice and comment hearing is granted, all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit, will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the mailing list for this application. This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with its applicable requirements r the requirements of 30 TAC Chapter 122.

Written public comments and requests for a notice and comment hearing should be submitted to the Office of the Chief Clerk, MC-105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087 and received within 30 days from the date of newspaper ublication of this notice.

INFORMATION. If you need more information about this permit application or the permitting process, please call the TCEQ, Office of Public Assistance, Toll Free, at 1-800-687 4040. General information about the TCEQ can be found at our Web site at www.tceq.state.tx.us.

Further information may also be obtained from Chevron U.S.A., Inc., at the address in the first paragraph or by calling Mr. Peter J. Botes, P.E. at (432) 687-7297.
