

School Bond Election Scheduled

\$225,000 Junior High Building Proposed Plan

An election to decide on the issuance of bonds in the sum of \$225,000 for financing the construction of a junior high school has been called by the Muleshoe Independent School District board of trustees. Order for the election was passed last Thursday night at a special meeting of the board.

Dee Warner, president of the board, called the meeting after receiving a petition of district qualified voters, requesting the election.

Date for the election was not definitely set, the board awaiting completion of necessary legal steps; but it will be held on a Saturday, either October 23 or October 30.

At this meeting the board conferred with bond buyers and received bids from representatives of 7 firms.

Contingent upon their being voted, the board accepted the bid of First of Texas Corporation, San Antonio, which offered the lowest rate of interest on the bonds. The lowest rate on the bonds would be 2.25 percent and the average over the 26 year period would be 2.824 percent, which is considered a very favorable interest rate in view of the fact that the gymnasium bonds, issued last year average more than three per cent interest.

First of Texas handled the high school bonds for the district.

The board has not made any agreement with an architect but have discussed the matter in-

formally with several. If the bonds are voted they will go to contract with an architectural firm.

Last spring, foreseeing that the present school plant would soon be inadequate for the growing enrollment, the board acquired additional land for buildings. They bought a block lying across the street from the high school campus from Mrs. Anna Moeller and one half of a block lying just east of the Moeller tract from Mrs. C. S. Holland.

Shortly after school opened for the 1954-55 term, Jerry Kirk, superintendent, announced that all classrooms were "full to overflowing." Enrollment is now at a record high mark and more children are expected to enroll in the next few weeks.

A school board spokesman told The Journal the proposed plan will be to build about a sixteen classroom building with study hall, library, offices, and the necessary storage and heating facilities.

When the gymnasium was built, the people of the district were told that voting the \$80,000 bonds would necessitate an increase of 10 per cent in school taxes; however, the board of education was able to build the gym without that increase, but the 10 per cent increase has been added to the school tax this year, and will cover the cost of constructing the gym and the new \$225,000 building.

"We plan for the bond election to be held on October 23 or 30, depending upon whether the necessary proceedings are complete by that time," the board spokesman said. "Our enrollment at the present stands at 1470 and as you can see there is a definite need in an expanded building program."

Here At Home

By J. M. Forbes

If we could remold the world to our heart's desire we would have had this rain back in June or July, just when we needed it most; and not now, when most folks want to be harvesting sorghum grain and cotton. But we can't regulate the weather, a function which comes within the province of the giver of all good; and so, we take it with a good will or leave it; but this writer does not want to be a farmer.

I had rather be in the merchandising business and have goods get shelf worn, out of date and obsolete for lack of buyers; or be a newspaper man and worry about things that more energy and better judgement can remedy. Sometimes it seems to me a farmer is a man who plants at the wrong time and has to replant; cultivates too soon or too late; if he irrigates, he waters too little or too much; and if he's on dry land he watches his plants wither for lack of water. And if rain does come, so do the insects, or hail, or high winds. And if he does harvest a good crop he chances that his produce will bring a price that will leave him something after expenses.

A farmer, it seems to me, must be a good winner and a good loser. He has to "Meet with triumph and disaster and treat those two impostors just the same." Farmers, I think, are our stoutest hearted people.

I admire farmers because of their staunchness in the face of adversity and their refusal to let both feet get off the ground when good times come along. If I were a farmer, I'd keep a diary of my ups and downs, my triumphs and disasters, then turn commercial and sell the story to the movies or TV; making a kill, move to town and build a big house, and invest the balance of my money in a business that would soon give me double undulating gulchers and a sense of insecurity, then move back to the farm and start over.

Well, those weiners we had for supper certainly got us started. What we began to see was that the Muleshoe Country has been blessed by bountiful rains, two and three inches in places. Next year will be a good crop year.

When we started out to consolidate our several schools into what we now call the Muleshoe district, few of us could foresee the size to which the physical plant already has grown. Now we take it in stride when it is suggested that a pretty big addition to that plant has become necessary.

It was only a few years ago when Supt. Cunningham and the school board at that time conducted their campaign to show the people of several districts that their best interests lay in the direction of consolidation. After those consolidations were effected we built the splendid new high school, remodeled the old high school, added to the grade school, built temporary class rooms and we're still trying to provide enough housing for our growing school population.

The lives of men and women who worked to bring this school into being are reflected in the pretty wonderful establishment we have here. Our schools here are becoming ever more useful and functional, and more and more a source of pride to us all. They are the one great center for all of us.

Two Basketball Scrimmages Held In New Gymnasium

The Muleshoe High School girls played the Springlake girls in a basketball scrimmage, Tuesday evening, Oct. 5, in the new gymnasium. This was the first of several pre-season scrimmages to be played.

Purpose of the scrimmages is to find weak spots which will have to be improved before the regular season opens.

The local girls won one game and lost one.

Since only one hour is available each day for practice at school, the girls will have workouts in the evenings at the gym, when it is not in use.

The traveling squad this year will include eighteen girls instead of the regular twelve. This is due to the purchase of twelve new suits.

Co-captains this year are Donna Wright and Pat Wright, both of whom are seniors. Manager

17 New Members Enroll In CofC

Twenty-two members attended the Tuesday morning breakfast of the Chamber of Commerce held in Gerald's Cafe as another of a series of weekly information sessions.

Mrs. H. E. Schuster won the door prize this time, a nice blanket. Earl Ladd, chairman of the CofC education committee discussed the work of his committee and the Chamber of Commerce with the education authorities of the school district. His talk was very informative.

Next Tuesday morning at 7 a. m. another breakfast meeting will be held and County Agent J. K. Adams will discuss the Chamber of Commerce and agriculture.

In the membership campaign, 17 new members have been enrolled by the CofC, and Bob Gregory and Onard Upton are neck and neck in the race to enroll the most and win the fine wrist watch.

HARVEST IS HALTED

Rainfall Here Measured At 1.92 In. This Morning; Showers Continuing

An old time fall rain during the last three days again delayed cotton and sorghum grain harvest in the Muleshoe country and provided needed moisture for wheat and such cover crops as have been planted. This morning occasional brisk showers fell and in between a slow drizzle continued to add to the considerable moisture already received.

Much of Texas and probably all of the Plains have been covered by the belated rainfall, in some places in South Texas lowlands were flooded. A real flood danger was reported at Roswell, N. M., where the Honda was swollen by rains.

Total rainfall in Muleshoe to

this morning was measured at 1.92 inches by R. J. Klump, weather recorder. Total for the year is about 7 inches.

Rains began falling here in Muleshoe Tuesday night, but northwest of the city some rain fell Monday night, accompanied by scattered hailstones.

VISITED LAST WEEK

Mr. and Mrs. Charles Evans and daughter Teresa, of Ft. Worth, and Mr. and Mrs. A. V. St. John and daughter Laura, of Whitecourt, were visitors in the home of Mr. and Mrs. C. C. Matthews last week. Mrs. St. John and Mrs. Matthews are sisters.

Morrison Motor Is Burglarized

Another break-in occurred in Muleshoe last night. Someone broke a window, entered the Morrison Motor Co. building and tried but failed to get into the safe.

The firm had recently bought a fine safe. The burglars knocked the knob and used an acetylene torch to try to get the door open but only succeeded in fowling up the safe so that it can't be used.

Hugh Freeman, sheriff, said nothing inside was missing. However, a 1946 Dodge sedan, sitting on the used car lot adjoining the building was stolen.

THE MULESHOE JOURNAL

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 32, NUMBER 40 MULESHOE - County Seat of Bailey County - TEXAS THURSDAY, OCTOBER 7, 1954

Mrs. Anders Rites Were Held Sunday, Burial At Sudan

Funeral services for Mrs. Agnes Elva Anders, 42, were conducted from the Muleshoe Church of Christ at 2:30 p. m. Sunday, October 3. Mrs. Anders, a patient in West Plains Hospital & Clinic for more than two weeks, passed away at 5:30 a. m., Saturday, October 2.

Ebb Randol, Church of Christ minister, officiated in services held in the church.

Interment was in Sudan cemetery, with Singleton Funeral Home in charge of arrangements. Pallbearers were Joe Embry, Barney Barnhouse, D. B. Head, Mervin Wiltfarding, Cecil Davis, and Morris McKillip.

Mrs. Anders was born July 3, 1912, at Ola, Arkansas. She has resided here since 1925. She has been a member of the Church of Christ since 1939.

She is survived by her husband, D. D. Anders, of Muleshoe and the following children: Carl D., 11; Royce Lee, 9; Troy Ray, 6; Darlene, 4; and Gladys Delenda, 6 months, all of Muleshoe.

Five sisters and a brother also survive: Mrs. Buster Gibson and Mrs. Flossie Platt, Lubbock; Mrs. Dewey Ross, Mrs. Curtis Anders, and Mrs. Eddi Harp, all of Muleshoe; and Willard Carter, Lubbock.

County Farm Bureau Resolutions Meeting and Convention Dates Set

The Bailey County Farm Bureau will hold their annual Resolutions Meeting Oct. 25, 1954, in the County Court House. The meeting will start promptly at 7:30 p. m.

The Directors wish to point out that this is the most important meeting that the County Farm Bureau has during the year. It is at these county meetings that all Farm Bureau policies, (local, state and national) must originate. Here in open forum discussion the individual farmer may present his own ideas and

cast his vote on what shall be Farm Bureau policies for the coming year. It is not only his privilege but his duty as a farm bureau member and citizen to present his constructive thinking toward the solution of the manifold problems confronting the American farmer. Only through these collective, cooperative, democratic processes, springing from the grass roots of the American farm, can we hope to attain success.

To assist in these processes, the president of the county organization has appointed the following members on the Resolutions Committee: W. T. Parker, Truitt Smith, Marvin Skinner, Robert Blackwood, Joe Sooter, Richard Smith, Pete Black and Jimmie Wedel. Anyone wishing to present an idea or resolution should contact a member of this committee or meet with them Oct. 18, at 7:30 p. m., at the Farm Bureau office when they will draw up the resolutions for presentation at the general meeting Oct. 25.

The purpose of the committee is to get the resolutions grouped and in form for presentation. This does not prevent any individual member from presenting amendments or resolutions from the floor in the general meeting.

The directors urgently request that all members be present to participate in this important session of their county organization.

Parmer Bureau 6th Convention Set For Saturday

Parmer County's sixth annual convention will be held at the Friona School Auditorium, beginning Saturday morning at 10:00 o'clock, according to A. J. Ellison, president. This is the first all day venture for the local organization, and lots of planning and work have gone into preparations to accommodate a crowd that will vary in size, depending upon the weather, since this is harvest time for many.

Local problems as well as state and national problems facing farmers will be discussed with a view to "improve the present as well as the long range farming situation. Many forces, some for, but some either not concerned for, or directly opposed to the welfare of farm people are actively attempting to legislate for them. It is through their own organization that farmers and ranchers have an effective voice in these matters.

Problems indicated for discussion are weed control, improved state seed laws, the national farm program, federal social security for farmers and ranchers, world problems, and many others.

The general public is invited and urged to attend to participate, if voting members, otherwise to see how Farm Bureau Policies are formulated.

Rural Phone Work Begins

Mules Take On New Deal Lions There Friday Night

Coaches Scott and Taylor have slightly revamped their starting line-up for the game Friday night against the New Deal Lions at New Deal.

But regardless how they shift the boys around, they still have a pretty light team. The Mules starts last Friday night against Springlake averaged only 139 pounds to the man. It's about the lightest team in the area.

This time Eddie Wilt, only 15 years old but stocky built and a level headed player, will start at quarter. Otherwise the backfield will be the same, with G. R. Howell at full, Charles Waggoner and Doyle Rush at halfback positions.

In the line Joe Roark is to start at right guard while Gordon Wilson begins the game at center.

New Deal has been beaten by Whitharral 26 to 19, by Sudan 26 to 0, and tied Anton 6 and 6.

Probable Mules line-up: L. E. Keith, Buhrman; L. T. Don Moore; L. G. Doyle Henry; C. Gordon Wilson; R. G. Joe Roark; R. T. Leander Sims; R. E. Jackie Tidwell; Q. Eddie Wilt; F. B. G. R. Howell; L. H. B. Charles Waggoner, R. H. B. Doyle Rush.

is Shirley Black, and reporter is Pat Cooper.

Line Stakes Set In Northern Area

Stakes for pole lines have been set in the country north and northwest of Muleshoe in preparation for "outside plant" construction by Five Area Rural Telephone Cooperative, D. B. Lancaster, manager reports.

He said 90 per cent of right of way easements have been secured in that area. Preliminary engineering has been done, including location of the exchange for that part of the system; it will be erected on the farm of A. W. Black, 6 miles east and 5 north of Muleshoe.

Meantime four workers are in the Needmore and Maple areas securing right of way easements there and stakes will be driven in the ground there before long.

Therefore, it appears, said Mr. Lancaster that the Cooperative will be in position to let at least some contracts in December of this year.

Probably during this year contracts will be awarded for the five exchanges of the system and for quite a lot of the outside plant, which means poles and lines. Contracts will be let as parts of the system have engineering completed.

Mr. Lancaster said that prospective telephone users ought to signify their intention to subscribe for service at once. Circuits will be formed as soon as possible, and additional phones may not be added after the circuit

is filled. It is better for one to sign up for the service, later change his mind, than to fail to sign up and then decide he wants the service.

All in all, stakes have been driven now for 35 miles of lines. On some 50 per cent of the system lines, the poles of the Bailey County Electric Co-op will be used but this is not everywhere economically feasible.

John Purdy New Owner Of Nickels Gin In Muleshoe

Sale of the Nickels Gin in Muleshoe to John Purdy, recently of Slide community in Lubbock County, was announced this week by Guy Nickels and Mr. Purdy.

The latter has sold his gin at Slide and he and Mrs. Purdy have moved to Muleshoe to make their home. He has been in the gin business for a quarter of a century.

Mr. Purdy said it will be his aim to so operate the gin as to continue to merit the patronage of the customers of Mr. Nickels. The gin is in good shape, he said, and it is his intention to keep it in top condition and to give the cotton growers here a top ginning service.

Mr. Nickels and his sons own three other gins: the Lariat Gin, Pleasant Valley Gin, and a new one, just completed at Farwell, which they will continue to operate.

Mr. Purdy said the gin crew and office force employed by Mr. Nickels will remain with the gin.

Letters To The Editor

HOME BOY OVERSEAS WONDERS ABOUT OLD PALS To the Dear Old Editor

Of The Muleshoe Journal:

And all my friends and pals. Just wonder if you all think of me as often as I do you folks and good old Muleshoe.

Things are fine with me. I am planning to come home in April to see you. I sure wish Bobby Seid, J. B. Moore, Jimmy Clyde Holt, Robert Waggoner, and all the other boys would be there then.

Best of luck to all.

OFFICE EQUIPMENT and Supplies at The Journal.

Radars Speed Law Enforcement Set For Texas By Jan. 1, Patrolmen Say

If a fellow wants to drive faster than 60 in daytime, 55 at night (slower for trucks and pickups), and not get stopped, he better go to the Legislature and have speed limits changed.

This conclusion was reached by The Journal editor who went out Monday with a group of local officials and watched Texas Highway Patrol officers demonstrate the new radar equipment that will be used soon to enforce traffic speed regulations.

The patrol officers told the group that the equipment will be in use on Texas highways by the first of the year.

The radar sets work in groups of three and there is radio communication between the three cars. The last patrolman, getting the message that a car is speeding, notes the license number and the driver probably never knows that the law knows until he gets his summons.

Radar enforcement has been in use in several states for some time. Oklahoma, for instance has been using radar for several years. It is said that in Washington state, radar enforcement has been responsible for reducing highway accidents due to excessive speed by 38 per cent.

Clay Bednar, of Lubbock, the district safety officer, who was here for the demonstration, told The Journal man:

"Last year in Texas we killed on our highways more than 2,300 persons, and many of these traffic fatalities were brought on by mishaps caused by excessive speed. We place the monetary value of \$65,000 on a human life, and I think that's extremely low. Now, these radar sets cost \$1,200 each, but if they cause some of us to drive more carefully and thereby save one life, \$65,000 will buy quite a lot of sets.

"If we can reduce our traffic toll of life by traffic accidents, we don't think anyone will object to the expenditure of money for radar equipment". He mentioned, too, the astounding yearly cost of traffic mishaps in a material way.

One thing brought out by the demonstration is that many times an automobile's speedometer may be registering high, higher than the radar clocks it. Seldom, the officer said, does the radar equipment measure speed higher than the auto speedometer shows.

In trial runs, however, Deputy Sheriff Garland Freeman passed the radar truck and the radar registered 79 miles per hour while Freeman's speedometer showed the same. Joe Mack Waggoner's Chevrolet registered 86 on the radar, while Waggoner clocked his speed at 85. Included in the group of pa-

troopers were Sgt. R. W. Howie, Lubbock; Bednar; Claude Taylor and Billie Davenport, patrolmen, Littlefield.

Local officers attending the demonstration included Sheriff Hugh Freeman, Deputies Garland Freeman and Bill Boothe; City Officer Joe Mack Waggoner; Justice of the Peace Harold Marsdis; Mayor W. T. Boveil; Councilman Morris Douglass; City Court Judge Will Harper.

Bednar said similar showings of the equipment are being conducted throughout the district to acquaint officials, motorists and citizens everywhere with the new system.

Locker Purchases Half Interest In Crop Dusting Firm

Morgan Locker has purchased the Slayton half interest of the firm of Slayton and Hard, Crop Dusting Service. The new firm name will be, The Muleshoe Flying Service, and will maintain a year-round service for farmers in this area.

Under direction of the two owners, flight training will be available, and an instructor will be on hand at all times, to teach anyone interested in learning to fly.

Mr. Locker has been a resident of Muleshoe and Bailey County since 1924. He has been a farmer in the area since 1942, except for three years spent in the U. S. Air Force during World War II. Mr. Locker can often be seen at the football stadium taking pictures for the quarter-back club. He and his wife have three small children.

Mr. Locker says he expects to turn most of his profit from the business back to the Muleshoe Airport, which he feels is badly in need of development.

An ad announcing the new partnership appears on another page of this issue.

The Weather

	Low	High
Oct. 2	85	65

Oct. 6	83	60
Oct. 7	81	59

Rainfall in Muleshoe for the last three days totaled 1.92 inches to this morning. R. J. Klump reports. Intermittent showers were still falling at mid-morning.

Masonic Night Observed As OES Met Tuesday

A regular meeting of the Muleshoe Chapter No. 792, was held Tuesday evening, October 5, at 7:30, in the Masonic Hall, with Mrs. Billie Mathis and J. W. Thomson, Worthy Matron and Worthy Patron presiding over the business.

Masonic Night was observed, and Mrs. Wynnie Dunn paid tribute to the Masons in a very inspiring manner. Special mention was given R. J. Klump, a Past Worthy Patron of the Muleshoe Chapter, who served the Chapter for a number of years so faithfully, that without his help, the chapter might not have survived. Mrs. Myrtle Creamer, Marshall, was asked to present the Masons who were present in the East, where they were presented with red carnations. Masons attending were: R. J. Klump, J. W. Thomson, Alton Ebling, Albert Nowell, H. H. Carlyle, and W. F. Creamer.

Invitations were read from several Chapters, but due to the conflict in dates, members are unable to accept all of the invitations. A number indicated

they would attend the meeting which is to be held the coming Monday evening, October 11, at Earth, and the meetings at Olton and Tullia, which are to be held later in the month.

The Muleshoe Chapter will have Friendship Night, November 15. A salad supper will be served. Further notice will be given to members.

Refreshments were served by Meses, Iva Ray Jones and Elaine Damron.

Mrs. Self Elected President Of The Progress HD Club

Officers were elected for the coming year as members of the Progress H. D. Club met at the home of Mrs. J. J. Smallwood Tuesday afternoon of this week.

Eight members were present. Mrs. O. M. Self was elected president of the club; Mrs. G. T. Maltby, vice-president; Mrs. Fern Davis, secretary; Mrs. Ada Murrain, reporter; Mrs. Joe Simnacher, council delegate; Mrs. J. J. Smallwood, alternate council delegate; and Mrs. T. Haley, parliamentarian.

Miss Jordan, Bailey H. D. Agent, showed the group pictures of various styles of barbecue pits, and they decided on a style, which they will start building at the next meeting, which is to be an all day affair. The pit will be built at Mrs. Smallwood's home.

HERE FROM S. DAKOTA

Mrs. Mieford Cooper, of Bison, S. D., has been here the last two weeks visiting her mother, Mrs. Lois Shook. The Coopers are former Muleshoe residents, but are now in the lumber business in Bison. From all reports, they really like South Dakota country.

WEEKEND IN NEW MEXICO

Mrs. Mieford Cooper, Lois Shook, and Betty Copley, spent the weekend of September 25 in Albuquerque and Estancia, N. M. They attended the New Mexico State Fair, and visited friends and relatives in both cities.

SON VISITED

Visiting in the home of Mr. and Mrs. C. J. McKnight was their son, A. D. McKnight and family, of Alamogordo, N. M.

The Journal Want Ads always gets results.

Baptist Classes Meet Together

Three Sunday School Classes of the First Baptist Church, Winsome, Willing Workers, and Dorcas, held a joint meeting Monday evening of this week, to install officers for the coming year.

The meeting was held in the dining hall of the Church. Theme of the program was, "Highway of Achievement". Mrs. E. K. Shepherd, wife of the pastor, had charge of proceedings, and served as installing officer. Maps and globes were used as decorations.

Teachers of the classes presented their outgoing members with gifts, and class members presented gifts to the teachers. Mrs. Clarence Wilhite is teacher of the Willing Worker's Class; Mrs. E. R. Hale teaches the Dorcas Class; and Mrs. Lela Barron is teacher of the Winsome Class.

Officers installed in the Winsome Class were as follows: president, Nettie Bratcher; vice-president, Alice Kelton; secretary, Violet Dean, class ministry, Lauranette Mason; reporter, Helen Lee; and group leaders, Jennie Phillips, Jane White, Frances King, and Billie Joan Smith.

Officers of the Willing Workers class installed were: president, Ann Thomas; vice-president, Willa Rae Bamert; secretary, Goldie Roberts; class ministry, Pat Glasscock; and group leaders, Earnestine Little, Pat Scott, LaVern Simmons, Nina Riles, Florence Jones, Rose Seine and Grace Young.

Rita Johnson was installed as president of the Dorcas Class, while Gladys Wimberley was vice-president; Bea Miller, secretary; and Owetha Finley, Jewel Peeler, and Minnie Jones, were installed as group leaders.

Refreshments were served, and the meeting closed with the group singing "Higher Ground".

● 531 Acres dry land farm. Good house. Priced at only \$50,000, take some trade.
● 320 Acres at Van Horn. Has one 8" pump, 80 acre cotton base. Priced too cheap at \$45,000. Take some money, some trade, or will carry part.
● 240 Acres near Muleshoe, red land, 2-10" pumps, 2 good houses, all waters. Has some permanent pasture and some alfalfa. 63 acres cotton. This place is worth the money. We have it exclusive and want to sell it. Owner too tired to work it. Priced at only \$265 for quick sale. Will carry large part of purchase price.
● 160 Acres choice chocolate land, 2 pumps, six room house, on pavement. One of the best farms in this area. Priced to sell at \$325 per acre. Only \$15,000 down.
320 Acres near Friona. 1-8" pump on natural gas. This is good red land and will take \$135 per acre with only \$15,000 down, balance 10 years at 5%.
These places are all good and the listings are exclusive. If you want the best, see DAVE AYLES-WORTH in Muleshoe.

C. L. "Happy" Dyer

"THE LAND MAN" Of Bailey County Muleshoe, Texas

FARMS AND HOMES FOR SALE

FARMS AND HOMES FOR SALE

I have lots of farms for sale. If you are in the market to buy, see me before you buy. I am in need of some good smooth 160 A places. I have the buyers if you have the place and want to sell, give me a listing on it. I think we can make a deal.

I have nice homes in town to sell with good terms. I have trading property if you want to trade. See me before you buy or trade.

J. E. DAY
REAL ESTATE

Just North Of Courthouse

Kelton Barber Shop

— BARBERS —
Omer Kelton Glen Wilson

HERE IS A BUY

That will make your wife love you better. Priced at half value. 150 acres, very strong irrigation well, 120 ft. deep. Almost level. 3 miles of Casa Grande, Ariz., a beautiful little city, where it seldom ever breezes. Citrus fruits and green grazing for your cattle all winter. \$100 per acre. Farms around this no better land sell for \$450 to \$900 per acre and I would consider a late model car as part payment.

Now I have several nice irrigation farms near Portales, N. M. and I think cheaper than you have at Muleshoe due to our college and industries, but for a life time home I rather have the 150 acres at Casa Grande, Ariz., than any half section on the Plains of Texas or the Portales Valley.

The cheapest and best winter and summer ranch from Texas to the West Coast. 363 Sections near Phoenix, Ariz. Will carry thousands of cattle the year round. Some deeded, but mostly permanent Government leases. 12c per head per month. Well improved, well watered. Also has good farming possibilities and fine grazing now. Price \$250,000 with good terms if desired. It has lots of good cattle on it for sale at market prices. I would take about \$50,000 good trade on this ranch.

Now, to Any Licensed Real Estate Agent:
I will split my commission with you if you can furnish me a buyer for any lands I have for sale.

I am located 2 blocks north of the Ford house at 214 N. Bryan St., Portales, N. M. You can get me over phone after 6 p. m. — 355-M.

JOHN KILLION
8-43-4tc.

PEEK?

This is a peek inside the ladies' dressing room at Brunk's Comedians tent theatre, who are showing here all this week. This picture was made just before the curtain call of "Why Men Leave Home", feature show of the week. Pictured from L. to R. is Mercedes Rey, Dianne Craig, Marie Dietrich and Francis Lemon. "Why Men Leave Home" will be presented for two nights in order to accommodate the large crowds attending this week. "Why Men Leave Home" will be presented here just as it recently was in Kansas City, and nothing will be deleted from the original manuscript. The show is being sponsored here by the Junior Chamber of Commerce, and the big tent is erected across

from the Court House. Saturday night will be the final night for Brunk's.

Protective Roofing Credited With Drop in Conflagrations

Why aren't there as many conflagrations as there used to be? The National Fire Protection Association's answer to that question is that people have learned what caused conflagrations—most of them, at least—and have taken appropriate fire prevention measures to bring conflagrations to a vanishing point.

Historically, the biggest cause of conflagrations has been flammable wood shingle roofs. Sparks from a fire would jump to building roofs, setting them on fire. To make matters worse, each burning roof would shoot off fire brands to land on other roofs. Soon the fire would be completely out of control.

The remedy has been to use spark-resistant roofing materials, such as asphalt and asbestos shingles, tile, and metal. More than 600 cities and towns stipulate in their building codes that fire-resistant roofing be used.

The result has been that "sparks on flammable roofs" has dropped to 14th place as a cause of fire. It once ranked as high as second.

The NFPA, sponsor of Fire Prevention Week, Oct. 3-9, says this drop is "striking proof that fire prevention measures really work. The fact is that all other common fire hazards could be remedied just as easily."

Two hazards can combine to set a house afire. One hazard in the sketch is the burning leaves, the other is the flammable shingles on the house roof. Sparks on flammable roofs once ranked second as a cause of fire, but now, because of greater use of materials that won't catch fire from flying sparks, it has dropped to 14th place. More than 600 communities now require the use of asphalt roofing or other spark-resistant roofing.

VISITED IN PLAINVIEW

Mrs. C. D. Julian, Edith Witt and Beth Clark visited in Plainview Sunday, with Mrs. Julian's son, Charles and family.

NEW TUMBLEBUG

MM TW

Two-Way gang plow

Here's the latest MM roll-over plow for plowing hilly fields, irrigated fields, terraced fields—any place where furrows are turned one way. The TW eliminates dead furrows and back furrows. You can turn all furrows uphill so that each furrow acts as a dam to keep the soil on the hillside.

Important features . . . Heavy beam construction and strong frame members permit deep tillage plowing. Roller type swinging hitch is fully automatic, has 52 inch horizontal adjustment for use with crawler-type tractors also . . . square axles for strength and rigidity . . . roller bearing disc wheels with 5.90x15 tires . . . solid round hitch for greater strength and shorter turns. Available with general purpose, stubble or deep tillage bottoms.

Get the full TW Tumblebug story. Come on in and look over the many features of this new Minneapolis-Moline land-saving, two-way plow.

Sanders And Neill Engagement Told

MISS GAY SANDERS

(Photo By Cline) Mr. and Mrs. Claude Sanders are announcing the engagement and approaching marriage of their daughter, Gay LaJuan, to Mr. George H. Neill, of Midland. The wedding is to take place October 31, in the Muleshoe First Baptist Church.

Mules Bow To Wolverines 19-0

The Springlake Wolverines had too much Hadaway last Friday night as they downed the Muleshoe Mules 19-0 here at Benny Douglass Stadium to hand the Muleshoe their fourth defeat in as many starts.

Springlake's first tally came late in the first quarter, after the Mules had succeeded in hold-

ing the Wolverines for downs on the 13-yard line of the Mules. With fourth down and 2 yards to go for a first on their own 22, the Mules tried and failed, and the Wolverines took over on the Mules 22. On the first try from scrimmage, Clayton, a halfback for Springlake made it to the 5 yard line before being tripped up. Tunnell then carried the ball down to the 6-inch line. From there Hadaway, hard running quarterback, made the tally on a quarterback keep. The try for extra point was no good.

After a scoreless second quarter, the half ended as Springlake was down on the Mules' 8 yard line. The half ending 6-0.

In the third quarter the Wolverines, using the ground and the air lanes, moved the ball 68 yards for their second tally of the night. Hadaway carried the

final 4 yards for the touchdown. After receiving the kickoff after the touchdown, the Mules failed to gain and kicked from their own 10 yard line. Howell got off a very bad kick which went out on the Mules' 8 yard line. On the second play from scrimmage, Louder, fullback, raced around his own right end for another Springlake marker. Hadaway passed to his left end for the extra point, the only one they made good for the night.

The Mules, fighting all the way, got down to the Springlake 20 at one time late in the fourth quarter but couldn't find the power to go all the way for a touchdown.

Reunion Held In Oklahoma

A family reunion was held at Vian, Okla., Sunday at the home of Mr. and Mrs. Jimmie Mooneyham, with relatives and friends in attendance.

Relatives attending were: Mrs. Lillie Tabor, Keota, Okla.; Mr. and Mrs. Ted Garner and family, Arvin, Calif.; Mr. and Mrs. Simon Fryer, Bakersfield, Calif.; Mrs. Lois Bidwell and daughter, Chickasha, Okla.; Mr. and Mrs. Charlie Mooneyham and granddaughters Shirley and Darlene, Keota, Okla.; Mr. and Mrs. Glyn Tabor and daughters, Keota; Mr. and Mrs. Lynn Tabor and sons, Keota; Henry Mooneyham and James Harris, also of Keota.

Friends attending were: Robert Gee, Tommy Hornbeak, Donald Lee Shepherd and Ruth Ann James Harris, also of Keota.

A picnic dinner was served at noon, and a watermelon feast in the afternoon.

Mr. and Mrs. Jimmie Mooneyham, and Mr. and Mrs. Charlie Mooneyham are formerly of Muleshoe.

H. D. Club News

By Mollie Jordan

Howdy. This is something new for me, writing in the newspaper, but I thought that it would be a good way to visit with all the people in the county. As home demonstration agent I see a lot of the folks, but there are a lot more that I haven't met yet. I hope to get to know almost everyone sooner or later, but until I come and knock on your door this is my way of getting acquainted.

Right now beef is big news because it is so plentiful. Markets

have abundant supplies of medium and lower priced cuts from grass fed animals. This should be cheerful news to the consumer who watches the food budget.

Such beef makes excellent stews, casseroles, meat pies, hamburgers, and many ground meat dishes. Less expensive cuts are just as nutritious as more expensive beef and can be just as flavorful and attractive if properly cooked.

The big secret of making such meat tender is long, slow, moist cooking. First brown the meat in fat, then cook slowly with moisture. This makes for tenderness, fine flavor and attractive brown color.

Last week when I was in College Station at a meeting of all the Extension workers in the state I saw a demonstration on meat cookery. A home economist from the National Livestock and Meat Board prepared less tender cuts of meat in many different ways. Here is a recipe for a dish that she prepared which you might enjoy trying.

BEEF PUT-TOGETHER

1 Lb. Boneless Beef For Stew, Cut in 1 Inch Cubes
3 t lard or drippings, 1 medium onion, sliced, 1 green pepper, sliced, 1 cup diced celery, 1 cup sliced carrots, 1 can condensed tomato soup, 1/2 t. salt, 1/8 t. pepper, 1/2 cup cooked peas, 2 cups hot, cooked rice.

Brown meat in lard drippings. Add onion and green pepper and cook 5 minutes. Add celery, carrots, tomato soup and seasonings. Cover and cook slowly about one hour or until meat and vegetables are done. Add cooked peas and serve over hot cooked rice, 4 servings.

Combine this Beef Put-Together or Steamed Rice with head lettuce salad, hard rolls, and a desert, if you like, and you have a tasty meal and a budget-wise one, too.

Fall is planning time for home demonstration clubs in Bailey County. Last week Mrs. Albert Davis, Mrs. J. E. Day and Mrs. W. W. Couch worked on yearbook plans for the three clubs. These clubs are Progress, Muleshoe and West Camp. The women are going to have programs next year on family life and recreation, clothing construction and civil defense. Plans are shaping up for an interesting and informative year's work.

4-Hers make plans in the fall, also. Clubs have already been organized at Muleshoe Jr. High and Bula schools. Three Way school is next on the list. You'll be hearing more about 4-H work in the county later on. Clothing and dairy foods are going to be emphasized in the programs this year. The girls are going to have a county dairy foods demonstration contest and a dress review, so everyone will get a chance to see the girls' products.

A newspaper is a one-way conversation sometimes. One good way to remedy this is to come by the office in the court house and call me anytime I can help you in any way. Or just stop by to get acquainted.

New Conoco Agent Announced Here

John A. Miller, a native of Krum, Texas, has been appointed commission agent here for Continental Oil Company, it is announced by T. H. Joyce, manager of Conoco's marketing activities in the Albuquerque, N. M., division.

Mr. Miller, who has been county agent for Clay County at Henrietta for the past 11 years, is a 1942 graduate of Texas A. & M. College at College Station.

Mr. Miller served as a civilian instructor at the U. S. Air Force base at Lincoln, Neb., during 1942 and 1943. He is a past member of the Lions and the Kiwanis club.

Mr. and Mrs. Miller have moved to Muleshoe. They have two school age sons, Rex, 11 and Mike, 9. Mrs. Miller is a teacher in the fifth grade here.

Russell John Parks and Mary Kathryn Parnell, both of Muleshoe. Issued September 18, 1954.
Billy Joe Estep and Esther Ruth Ford, both of Muleshoe. Issued October 2, 1954.

CHRISTIAN SCIENCE SERVICES

The ever-availability of the healing power of the Christ, Truth, will be brought out at

Christian Science services this Sunday.
"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon. Selections to be read from the Bible include the account of Christ Jesus' healing of the leper as given in Matthew (8:1-3):

"When he was come down from the mountain, great multitudes followed him. And, behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean. And Jesus put forth his hand, and touched him, saying, I will; be thou clean. And immediately his leprosy was cleansed." Among the passages to be read from "Science and Health

with Key to the Scriptures" by Mary Baker Eddy is the following (142:31): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

Bailey County 4-H Members Take Top Honors At Heart O' Texas Fair, Waco

Mrs. A. W. Copley and Don Copley, Mr. and Mrs. Glen Splawn and Bennie Splawn returned from Waco Sunday loaded down with ribbons and banners won at the Heart O' Texas Junior Barrow Show Saturday. The two 4-H Club boys exhibited three barrows each for themselves and also exhibited two barrows for Howard Pollard of Three Way

and one barrow for Miss LaVon Copley of Muleshoe 4-H. Bennie Splawn, a veteran showman in Muleshoe 4-H, made a clean sweep of top prizes in the Poland China division in showing Champion and Reserve Champion singles and Champion pen of the Duroc breed. Howard Pollard's barrows placed third in both the Poland China and Hampshire divisions and LaVon Copley took fourth in Hampshires.

Total money winnings for the nine barrows at Waco amounted to \$295 in cash prizes with a chance of getting a premium above the market when they sell October 9.

Bailey County 4-H members have thirty barrows entered at the State Fair of Texas Junior Show which will start October 18 and hopes are bright for a successful trip to this show.

County Agent Adams Attends Conference
J. K. Adams, Agricultural Agent for Bailey County, attended a conference of Extension Agents at Texas A & M College, from September 26 to October 3, and took courses in Entomology and Agronomy. These courses will assist Mr. Adams in advising farm people on the latest insecticides as well as crop varieties and related matters.

Enroute to College Station, Mr. Adams assisted by Mrs. Adams in setting up a booth for Bailey County at the Lubbock Fair, and on the return trip he stopped at Waco, where Bailey County 4-H members showed barrows at the Heart O' Texas Fair.

VISITED PARENTS
Rheta Peeler, of Lubbock, visited here last weekend with her parents, Mr. and Mrs. J. V. Peeler and friends. Rheta is attending Texas Tech.

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief

The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex.

Ar-Pan-Ex was perfected by a noted scientist of a world-famed university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from that stubborn agony.

Ar-Pan-Ex is compounded of seven active ingredients including a special new medicine to help provide longer lasting relief. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL

the powerful, pain-relieving medicine is released only in the small intestine where it can be quickly carried by the blood stream to every pain-wracked muscle joint and nerve. Swelling, stiffness and soreness may seem to be miraculously eased when Ar-Pan-Ex helps the system throw off excess Uric Acid that can also aggravate pain.

Nothing Like AR-PAN-EX
Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.

Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is out of it, he will be glad to order it for you.

Three Types Operating Loans Are Available Now To Farmers Of Texas

Texas farmers can obtain three types of operating loans from the Farmers Home Administration, Walter T. McKay, Texas State Director, said today. The credit is available immediately and can be used to finance current farm and living expenses as well as the production of next year's crops.

The three kinds of operating loans are emergency loans, special livestock loans, and regular

production and subsistence loans. The production and subsistence loans are made only to operators of family-type farms. The emergency and livestock loans are made to operators of family-type farms and other farmers and ranchers as well. All of the loans are made only to farmers who are unable to obtain the credit from other sources.

The regular production and subsistence loans help small

farmers to improve their farming operations. These loans may be made to buy farm and home equipment, feed, seed, lime and fertilizer, and to pay other farm operating and family living expenses.

There is a statutory limit of \$7,000 on each production and subsistence loan and the total outstanding debt for these loans cannot exceed \$10,000. Repayments are based on the income to be received each year after reasonable expenses are met. In no case may the loan run for more than 7 years.

When the main purpose of the production and subsistence loan is to improve the farmer's operations, a limited amount of funds may be included to refinance debts secured by liens on livestock and farm equipment.

Special livestock loans are made to producers and feeders of cattle, sheep, and goats, except commercial feed lot operators. These loans are made to meet usual expenses necessary to successful livestock operations such as the purchase or production of feed, and replacing, hiring, or repairing farm machinery and equipment. Livestock loans are not made to expand operations or to pay existing debts, except incidental current bills.

Livestock loans are made for periods up to 3 years. Any balances remaining on these loans after the three years are serviced for collection based on the repayment ability of the borrower. Other creditors are not asked to subordinate their liens, but are expected to stand by and to agree that a reasonable part of the applicant's normal income from livestock can be used in repaying the loan.

Emergency loans are made to farmers and ranchers who because of losses suffered from the drought or local economic conditions need credit to continue their operations.

These loans may be used for the purchase of feed, seed, fertilizer, machinery repair, replacement of equipment, and for other essential farm and home operating expenses. Emergency loans may not be made to pay existing debts. Ordinarily emergency loans to meet current operating and living expenses are expected to be repaid out of the year's income. Repayments on advances for other purposes are scheduled in accordance with the borrower's ability to repay.

It is not the policy of the Farmers Home Administration to foreclose on borrowers because of their inability to make payments

when the payments are due, except where there appears to be absolutely no chance of the borrower's future success or where a borrower has violated the terms of his loan agreement.

There is no limit set by law on the amount that a farmer or rancher can borrow under the special livestock and emergency loan programs. The amount that can be borrowed under these programs is determined by the farmer's needs and his ability to repay. No loan is made unless it appears that an applicant has reasonable prospects for success.

For each loan made, the Government obtain the best security available including a first lien on all crops to be produced with the loan and on all livestock and farm machinery purchased with the loan.

While special livestock and emergency loans cannot be used to refinance existing debts the loans can include funds to pay interest on existing chattel and real estate debts and to pay creditors for the annual depreciation on chattels serving as security for their loans. In addition, local businessmen who are creditors

benefit from loan funds used to purchase local supplies and services.

The county committees of the Farmers Home Administration pass on the eligibility of all applicants.

All applications for Farmers Home Administration loans are made at the agency's local county office.

TO LEVELLAND

Mr. and Mrs. Clinton Bristow were in Levelland over the weekend visiting his nephew and wife, Mr. and Mrs. S. A. Hall.

WEEKENDED HERE

Mrs. Frank Actkinson, of Portland, Ore., spent the past weekend here in the home of her brother-in-law, Troy Actkinson and family.

HAD GUESTS MONDAY

Guests Monday in the home of Mr. and Mrs. Clinton Bristow was her uncle and aunt, Mr. and Mrs. J. O. Taber, of Globe, Ariz., and her mother and father, Mr. and Mrs. S. J. King, of Hamblin. The group was on their way to California for a vacation.

VISITED GRANDMOTHER

Mr. and Mrs. Raymond R. Beniam and family visited her grandmother, Mrs. R. L. English, at Dimmitt, over the weekend.

HERE FROM CLOUDCROFT

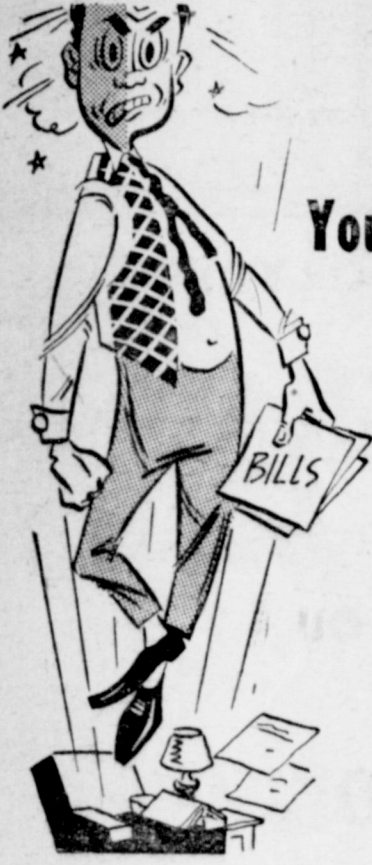

Mrs. Harry Albin of Cloudcroft, N. M., visited her parents, Mr. and Mrs. C. J. McKnight the past weekend.

VISITED IN BROWNFIELD

Mr. and Mrs. Julian Lenau and sons spent the weekend in Brownfield with Mr. and Mrs. Henry Williamson and family.

VISITED PARENTS

Marion Clark Harris, of Lubbock, spent the weekend here with her parents, Mr. and Mrs. Marion F. Harris, and friends.

You'll Hit It Too!

A kitchen designed for modern living

Illustrated above are three fully-automatic gas appliances that have been designed to beautify the kitchen and make the homemaker's work easier. Gas appliances shown are: Western-Holly Gas Range, Servel Gas Refrigerator and a Bendix Duomatic washer and dryer combination.

Naturally...It's GAS

A space-saving kitchen like the one illustrated above can be yours with a little planning. It's a complete kitchen and laundry fitted into one average size room. Notice how the combination washer/dryer is placed out of working patterns, yet is convenient to an open space. And don't overlook the modern, built-in oven in storage pillar, nor fail to note the generous counter-top space. Even if your kitchen is small, there's no reason to be discouraged. See your gas appliance dealer today and plan your modern All-Gas kitchen. Modern gas appliances are designed for modern living.

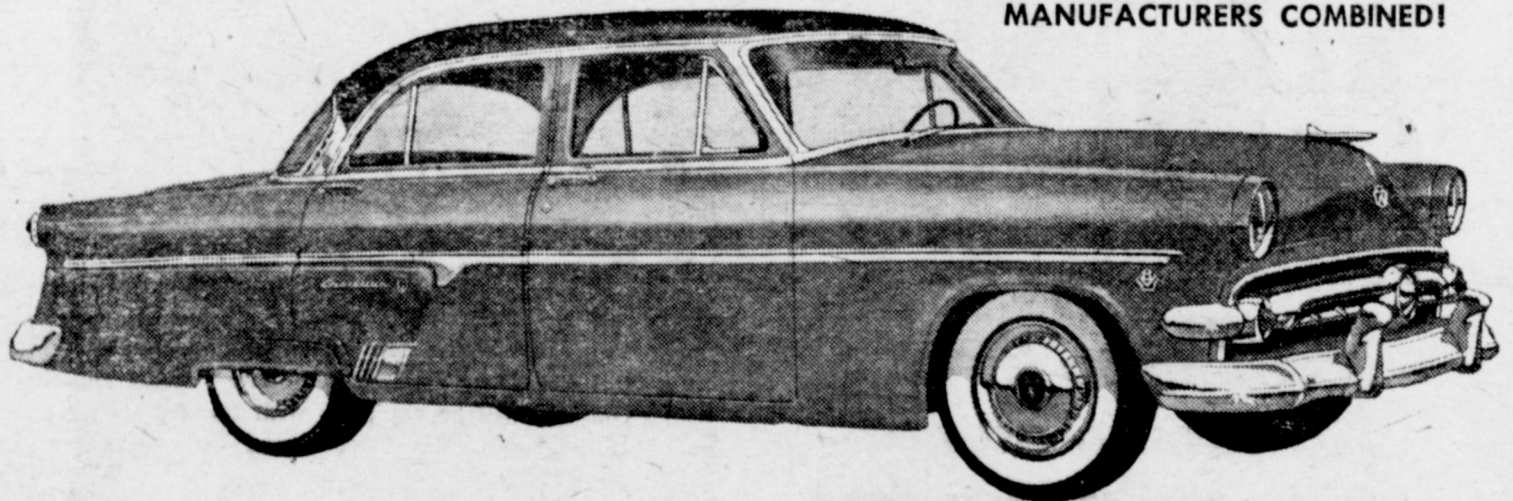

Pioneer Natural Gas Company

FUEL FOR A GROWING EMPIRE

14,000,000 V-8 FORDS

FORD, THE WORLD'S LARGEST V-8 BUILDER, HAS PRODUCED MORE V-8'S THAN ALL OTHER MANUFACTURERS COMBINED!

It's America's largest selling V-8!

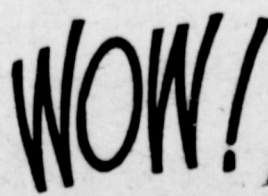

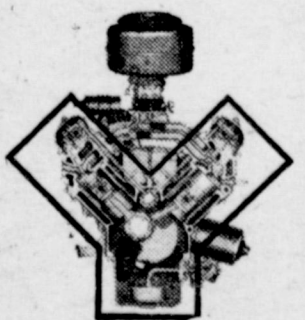

Ford introduced the V-8 engine to the low-price field . . . and is still the only car in its field to offer the smoothness and responsiveness of V-8 power. Add to this Ford's long, low silhouette, its clean, modern styling and its colorful, smartly-trimmed interiors, and it's easy to see why Ford is America's most popular V-8 car.

There's no engine so modern!

Ford's Y-block V-8 has an extra-deep block that extends below the crankshaft for more rigid support, longer engine life. New short-stroke design, turbo-wedge combustion chambers, free-turning overhead valves and exclusive Automatic Power Pilot make Ford's modern Y-block V-8 the smoothest, most responsive engine in Ford's field!

There's no V-8 priced so low!

Only Ford offers a V-8 in the low-price field! And no car near its price gives you Ball-Joint Suspension . . . for smooth riding and easier handling. Only Ford in its field, gives you Full-Circle Visibility . . . the most windshield area . . . the most rear window area . . . the most total glass area! It's no wonder Ford is America's best buy!

It's not just a V-8 ...it's a Y-block V-8

NO WONDER MORE PEOPLE ARE BUYING FORDS THAN EVER BEFORE!

WORTH MORE WHEN YOU BUY IT . . . WORTH MORE WHEN YOU SELL IT!

Analysis of used car prices shows that Ford retains a greater proportion of its original cost when it comes time to sell than any other car in its field. This is further proof of the greater value you get from Ford.

COTTON PRICE OUTLOOK
Cotton growing is always a gamble. But if the Texas farmer can afford to gamble a little more than usual this fall, then he may find the odds for getting a good price are better now than anytime since 1950.

Drouth and limited cotton acreages have cut 1954 production prospects down below the amount expected to be used by domestic and export consumers. As a result, cotton farmers may find they have a "sellers market" for the first time in four years. This could be especially true of better grade cotton. Domestic and export demand for cotton is expected to exceed

the predicted 1954 crop by nearly 2 million bales. Total U. S. production is forecast at about 11,832,000 bales. Consumption is predicted at 13,700,000 bales. If this holds true, then textile mills may have to buy from Commodity Credit Corporation reserves to meet their needs.

A farmer with a new crop of cotton has a more desirable product than this stored surplus. Furthermore, the interest and storage charges on CCC reserves should tend to make manufacturers seek out the new crop first.

The spread between this year's crop and the expected demand may become even wider. Texas production on Sept. 1, was estimated at 3,375,000 bales compared to 4,317,000 last year. But the drouth is deteriorating dry land cotton rapidly and this figure is already out of date. There is no accurate way of estimating just how much less the crop will be.

In such a situation, cotton prices could ordinarily be expected to firm up to between 38 and 40 cents before the year is out. The dollar wise farmer, then, should seek out the very best market for his cotton and not be over anxious to sell too quickly unless it is really necessary.

Today's Meditation

CHRIST, THE WAY

Read Luke 23:39-43.
No man cometh unto the Father, but by me. (John 14:6.)

Recently a young man came to see me. Holding out his New Testament, he said earnestly, "From where should I read to find peace and rest? I cannot sleep for my sins. The Lord is far from me; I cannot get nearer to Him." I showed him the text, "I am the way," and other texts about forgiveness through Christ. We prayed together. He prayed: "Thank You, Lord. You have prepared the way. Even to me You gave permission to walk in it. Thank You. Help me to walk with You and to help others to walk."

Before he left, he said, "Thank you. You have shown me the way; I have rest now." Without Christ, can man come to God as loving Father? No, never. Jesus shows us the only way to God as Father, when He says, "I am the way, the truth, and the life." He takes us to the Father. He opens our eyes to know Him. He makes it possible for us to enjoy living with God because of the life He gives us. Therefore, Christ says, "I am the way; no man cometh unto the Father, but by me."

PRAYER

We're out to break a record in October!

The Luxurious ROADMASTER Riviera, custom built by Buick, sells for the lowest price-per-pound in the fine-car field.

THERE'S a mighty good chance that October 1954 will be the biggest October in Buick history.

In fact, we know it will—if we can keep Buick sales rolling as they've been rolling thus far this year.

This is the car that has romped ahead of competition—climbed up into the circle of America's three top sales leaders.

It's the car that has been winning customers because it has the power, the ride, the room, and the styling that make it the buy of the year.

So we're in the mood to talk turkey, if you are in the market. Come in today for a car — and a deal — too good to miss.

THIS IS THE 3-WAY BONUS WE OFFER IN BUICK TODAY

1. Tomorrow's Styling

True year-ahead beauty with long, low glamor lines, keynoted by that spectacular new panoramic windshield that most other cars won't have till 1955 or later.

Now's the time to make your buy because —

2. Higher Resale Value in the years to come

From the far-in-advance styling that will keep your Buick new and modern-looking well into the future/as other cars catch up.

3. Bigger Allowance from our volume business

For the huge sales success that has moved Buick into the circle of the "Big 3" means we can offer you a higher trade-in on your present car. Come in and see for yourself that we can make you a better deal.

Buick Sales are Soaring

And Buick "deals" are better than ever!

Our Reddy Kilowatt Dealers Join In Electric Range Sales Promotion

A sales promotion program of electric ranges for Reddy Kilowatt Electric Appliance dealers is being sponsored by the Southwestern Public Service Company, states J. V. Peeler, local manager. The six top electric range salesmen in October and November in this area are going to "write their own ticket" to one of six major New Year's Day events, Peeler said. This includes, besides two tickets to the

game of their choice, air travel for two, plus \$75 expense money, to the winners. The Southwestern Public Service believes in advertising and Mr. Peeler stated that a survey made by their company showed that the sale of electric appliances following a tie-in with their company by local dealers, always shows decided increase. Mr. Peeler suggests you read the advertisements of your local dealers, talk to them about the

many advantages of their particular appliances, then make your decision. Taking part in this tie-in advertising this week are the following firms: E. B. Hart Co., Harvey Bass Appliance, Dyer's, and Johnson-Pool.

Bass Appliance To Have New Frigidaire Range Showing

Harvey Bass Appliance Co. will hold Open House Saturday, October 9, at which time they will have a demonstration of the new Frigidaire Wonder Oven range. The demonstration will start at 10 a. m., under direction of Earnestine Gary. A Frigidaire representative will also be present, Mr. Bass stated. There will be door prizes, and free coffee and doughnuts will be served throughout the demonstration.

BROTHER WAS HERE

Mr. and Mrs. Robert McKinstry, of Mounds City, Mo., were recent visitors in the home of his brother and sister-in-law, Mr. and Mrs. Sam McKinstry, and in the Oscar and Harold Allison homes.

Scout Finance Drive Kicks-Off Oct. 18th Building The Character of America

The South Plains Council, Boy Scouts of America, will kick-off their annual campaign for support of their operating budget on Monday morning, October 18, in all of the communities of the twenty-county Council, according to Mr. W. R. Sewell, Chairman of the Council's Finance Committee.

Mr. Ray Mowery, Texas Tech College, will serve as the Chairman of this year's Council's campaign. He will be ably assisted by Mr. Preston Smith of Lubbock as the Vice-chairman of the Campaign.

The Special Gifts Committee which will kick-off on the morning of October 18 will be headed up this year by Mr. Frank F. McLaughlin as Chairman and Mr. Roger Kuykendall as Vice-chairman. The general Solicitations Committee, which will kick-off on November 15, will be headed up by Mr. Garland Nystel as Chairman, and Mr. Pete West as Vice-chairman. The Prospect Committee will be headed up by Mr. Roy Boyd as Chairman and Mr. Curtis Barrett as Vice-chairman. Publicity will be under the direction of Mr. Gordon Thompson, Chairman, assisted by Mr. W. D. Rogers and Royce Blankenship as Vice-chairmen. The Council's Audit Committee will be headed up by Mr. George Wilson as Chairman and Mr. Edward W. Smith as Vice-chairman.

The goal of the campaign this year is \$100,000 divided up as \$87,000 for the current operating expenses for the year 1955 and \$13,000 for the development of Camp Haynes located 10 miles northeast of Silverton, Texas; and for the purchase of canoes and row boats for a complete aquatic program; and a purchase of a mountain campsite for the use of all of the Troops in the twenty counties of the South Plains. This campsite is to be located in the mountains of New Mexico.

The Boy Scout Program throughout the twenty counties of the South Plains Council has a membership of nearly 6,000 boys and over 2,000 adults at the present time. It is anticipated that during the year 1955 the membership will gain approximately 15% over the present figures.

TO BE RELEASED

Everett Roark, of the West Camp community, is to be released from the Methodist Hospital in Lubbock Sunday, after being hospitalized for the past seven weeks. Mr. Roark has been in the Methodist Hospital for the past month under the care of a specialist. Before going to Lubbock he was in the West Plains Hospital and Clinic here.

BAILEY COUNTY ELECTRIC COOPERATIVE ASSOCIATION

PHONE 2170 MULESHOE

Cooking Electrically MAKES SPECIAL RECIPES EASY FOR THE ROBERTS FAMILY 3428 Julian Blvd., Amarillo, Texas

Says Mr. J. C. Roberts, "It's no trick at all to prepare my special Jambalaya in the well cooker of our electric range. I never worry about the results; they're always good. The family really goes for my Jambalaya, too."

MR. ROBERTS' RECIPE FOR JAMBALAYA

- 2 strips bacon, chopped
- 2 small onions, finely chopped
- 3 chicken bouillon cubes
- 2 cups water
- 3/4 teaspoon chopped green pepper
- 1 teaspoon salt
- 1 cup uncooked rice, washed
- 1 No. 2 can tomatoes
- 2 tablespoons chopped parsley
- 1 cup cooked shrimp

MRS. ROBERTS' RECIPE FOR SEVEN MINUTE ICING

- 1/2 cups sugar
- 3 egg whites
- 1/2 cup water
- 1/2 teaspoon cream of tartar
- 1 teaspoon vanilla
- 1/2 teaspoon salt

Combine all ingredients in two-quart sauce pan. Mix well. Place pan on small surface unit of electric range. Turn on medium heat. Beat ingredients with electric mixer for seven minutes or until ridges are made in the icing.

Says Mrs. J. C. Roberts, "I like electric cooking because it's so cool. All the heat goes into the food to be cooked. I think electric cooking is faster and there's no doubt about its cleanliness. That makes it easier to cook for a normal, healthful family."

LETTE ROBERTS' RECIPE FOR HERMITS

- Mix together thoroughly
- 1/2 cup soft shortening
- 1 cup brown sugar
- 1 egg
- Stir in
- 1/2 cup cold coffee
- Sift together and stir in
- 1 1/2 cups sifted flour
- 1/2 teaspoon soda
- 1/2 teaspoon nutmeg
- 1/2 teaspoon cinnamon
- Mix in
- 1/4 cups raisins
- 1/2 cup broken nuts

Drop rounded teaspoonsful about 2 inches apart on lightly greased baking sheet. Bake at 400° F. for 8 to 10 minutes.

Says Sue Roberts, "The electric broiler works so well that it's easy to make teen-age snacks in just a few minutes." And, Lette continues, "When I bake my cookies in the electric oven, they are always so good, never burned up, but real nice."

SUE ROBERTS' RECIPE FOR PIGS IN A BLANKET

- 6 wieners
- 12 strips of cheese
- 6 slices of bacon

Slice wieners in half lengthwise. Cut slit down center of each. Cut cheese in long strips 1/4 inch thick. Place a strip of cheese in the slit of each wiener. Wrap each wiener with 1/2 slice of bacon and secure with a toothpick. Place wieners on rack of broiler pan. Broil about 5 inches below the broiler unit until bacon is crisp. Turn and broil on other side until bacon is crisp. Serve immediately.

Take a tip from the Roberts family and enjoy your kitchen. You can, you know, if you cook the modern way, the electric way. Electric cooking is the only way to cook and stay happy as thousands of folks in this great Southwest, in which we live, have found out. Join this happy kitchen group. Banish unsightly wall smears. Be sure of perfect results every time you cook, bake or broil. Do these things with a modern range—the up-to-date electric range. There's a style, size and model to fit right in with your kitchen scheme of things.

Now is the time to see your Reddy Kilowatt Electric Appliance Dealer—you'll know his store because he displays this sign.

SOUTHWESTERN PUBLIC SERVICE COMPANY

New Women's Residence At Wayland Will Be Dedicated On October 10

Standing in front of the new Women's residence at Wayland College. Plainview, are, reading from left to right: Karen Bruckner, Lamar, Colo.; Erma Hacker, Hart; Helen Dawson, Muleshoe; and Opal Ray, Hart.

When Wayland College dedicates its beautiful new women's residence Hattie Mays Ferguson Hall, the 50 young women living in this college home will be hostesses for the open house which will follow on the afternoon of October 10. Mr. and Mrs. James Ferguson, Evanston, Ill., who gave the first \$50,000 toward its erection, will be honored guests and Dr. L. Taylor Daniel, endowment secretary of the Baptist General Convention of Texas, and Garland Keeling, Tulsa attorney, will be speakers for the

dedication. All friends of Wayland College are cordially invited for the occasion, which begins at 2:30 p. m., Sunday. Four of the hostesses are shown at the front entrance of the two-story colonial type building, which is one of the most modern and beautifully furnished buildings to be found on a college campus. It also houses an eight-bed infirmary over which a registered nurse presides. Shown in the above picture are Karen Bruckner, Erma Glenn Hacker, Helen Dawson, and Opal Ray. Miss Dawson, who is the daughter of Mr. and Mrs. J. V. Dawson, of Muleshoe, is a sophomore, and a member of the Young Women's Auxiliary at Wayland.

8th Annual Flower Show To Be Held At Littlefield

Theme for the eighth annual Flower Show, which is being sponsored by the Littlefield Garden Club, at the Lamb County Fair beginning October 14, is "County Fair In Flowers."

Everyone in the county is invited to compete in the show. Entries will be received from 9:00 a. m. until 12:00 noon, October 14, and may be removed anytime after 10:00 p. m. Saturday, October 16. Judging will be the afternoon of October 14, point scoring from the National Council's Handbook will be used.

The co-chairmen for the show are Mrs. A. P. Duggan, Jr., and Mrs. J. D. Hagler. Schedule chairmen are Mrs. L. C. Campbell and Mrs. J. M. Farmer.

The show will be divided into the following divisions: horticulture, roses, dahlias, chrysanthemums, and arrangements. There is an award for an arrangement by an elementary school pupil, one for an arrangement by a junior high school pupil, and one for an arrangement by the men, in which anything goes. Cash awards will be given for the first place winners, with ribbons for the second and third place winners. Also there will be cash awards for the best flower in the show, and for the sweepstakes winner.

Agents Organize 4-H Clubs In Co.

Miss Mollie Jordan, Bailey County H. D. Agent, and J. K. Adams, County Agent, were working this week toward getting more boys and girls in the county interested in 4-H work, and organizing 4-H clubs in the county.

Tuesday, Miss Jordan and Mr. Adams talked to boys and girls at the Muleshoe Junior High School, where they said some eighty-nine girls, and over one-hundred boys showed interest in joining the club.

Wednesday, they were to go to Bula Schools and today,

Thursday, they were going to Three Way to talk to the boys and girls there.

IS EXPECTED

Pfc. Loyd D. Estep is expected to arrive here Saturday for a visit in the home of his parents, Mr. and Mrs. L. L. Estep and other relatives and friends. Pfc. Estep is stationed at Ft. Hood.

Editor Recipe of the Week

PEAR PICKLES

1 gallon pears.
2 quarts sugar.
1 pint water.
1 quart cider vinegar.
2 1/2 sticks cinnamon.
2 tablespoons whole allspice.
Kieffer pears or firm juice pears are good pickling pears. Wash the pears, peel, cut in half or quarter and core. Boil the pears for 10 minutes in water to cover. Boil water, sugar, vinegar, and spices tied loosely in cheese cloth. Add the drained pears and let stand overnight in the syrup. Next morning drain off syrup and boil down until thick. Add pears and cook until tender. Do not stir but keep under syrup. Pack hot into sterilized jars. Cover with syrup, seal, and store in a cool, dry place.

ARRIVED HOME

Pfc. Teddy Harrison, of Ft. Hood, arrived here Tuesday for a fifteen day leave with his parents, Mr. and Mrs. W. F. Harrison, and other relatives and friends.

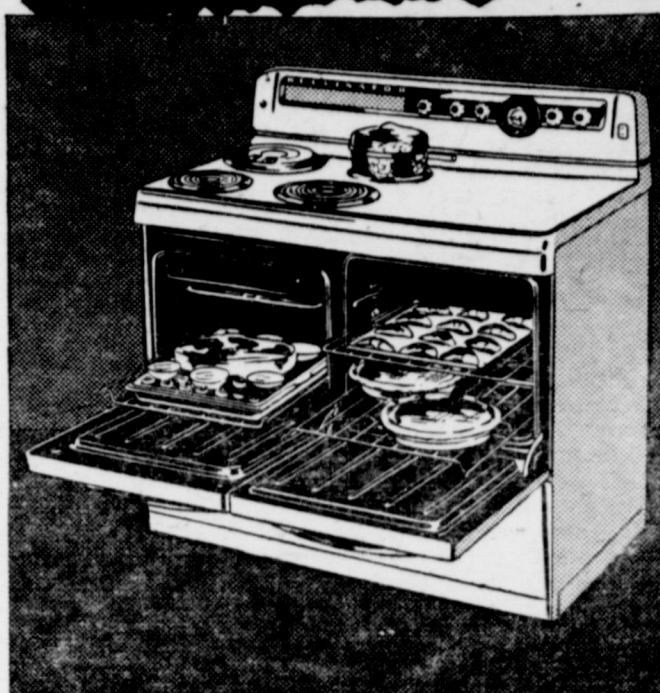

DELTA CAPPA GAMMAS MEET IN DIMMITT

The Dimmitt meeting of the Delta Cappa Gamma was held last Saturday at the First Methodist church in Dimmitt with Dr. Dorothy McCoy of Plainview as speaker. Her topic was "Experiences of Delta Cappa Gamma in Iraq".

Muleshoe members attending were Mabel Dowell, Blanche Johnson, Owetha Finley, Juanita Kirk, Lois Witherspoon and Radie Boone.

BABSON DISCUSSES—

Great Importance of Making A Will

New Boston, N. H., Oct. 7 — Everyone should employ a lawyer and make a will at once, and re-read it once each year. Over 70% of those who die each day leave no will. Inquiry shows, however, that a large percentage of these careless people have some property. When they die without a will, this property usually goes to someone whom they don't want to get it.

Too Many Smiths, Browns, And Joneses!

Making a will is especially important if your name is Smith, Brown, Jones, or some equally popular name. (If you have any doubt as to the number of people having your name, just refer to any large city telephone directory.) If you happen to own a house when you die, your family may get hundreds of letters claiming relationship.

Probably the Probate Court will throw out most of these claims as fraudulent; but some may be left whom your family must "buy off" before a clear title can be given to the real estate or the stock or bond which you own. I am much troubled by the fact that the number of stockholders and Government bondholders are increasing so much faster than the WILLS are being written.

The Great American Lottery
Each year about \$500,000,000

are paid by insurance companies for the 40,000 people killed in automobile accidents. Most of those killed leave no WILLS, yet they get "awards" of from \$10,000 to \$20,000 or more.

What persons would you like to have receive your part of this \$500,000,000 in case you should be killed? It depends upon the laws of your state; but the chances are it may go to "relatives" whom you never saw. Hence, before you take another auto ride, you should make a will stating to whom you want this award to go in case you do get killed. I forecast the time may come when states will not be allowed to issue auto registration to those 21 and over unless the applicant swears he has made a WILL.

Fires, Hurricanes, And Other Casualties

Every up-to-date corporation and employer carries liability insurance to protect workers and customers. You do not need to be in an automobile to get accidentally killed. I see by the newspaper that about 90 New England people were killed by hurricanes this past month; none of these people had a warning. Many more are burned to death each week somewhere.

Perhaps you are included in some Group Life Insurance Plan. These plans pay, regardless of

how you die. You do not have to be killed in an automobile or any other kind of accident in order to get such an insurance award. You may die from pneumonia, polio, heart attack, or some other trouble which comes on suddenly.

Wills Are Not Expensive

For some foolish reason, most people do not like to visit a doctor, dentist, or lawyer, unless in pain or some other trouble. This is all wrong. These men will treat you fairly. And this surely applies also to lawyers whom your bank recommends.

Every reader of my column has a savings deposit with some bank. These banks want to help you in many ways, without charge. If you have not made a WILL, go to your bank tomorrow and ask your banker to recommend some lawyer who can make a WILL for you at a fair price. You may know some lawyer yourself; but you should be sure he knows how to make legal WILLS which "hold water" and cannot be broken.

Temporary Wills Helpful

If you are not ready to do this immediately, I have arranged with the Non-Profit Educational Information Centers here at New Boston, N. H. (not "Old Boston")

FIRE HAZARD

Quiz

Q—What size fuse is proper for the lighting circuit in an average home?

A—A 15-ampere fuse, in most cases. Fuses larger than 15 amperes will allow overloaded house lighting circuits to heat and cause fire. A 20-ampere fuse is permissible on specially wired circuits for refrigerators, washers, etc. Keep an extra supply of fuses on hand. Never use a fuse of more than 15 amperes unless you are positive the wiring is heavy enough.

Q—We are finishing our basement. What is the best way to make the furnace firesafe?

A—You can't make it completely firesafe, but you can prevent basement fires from spreading by concreting the ceiling, or plastering it with gypsum plaster on metal lath, or other plaster and plaster base of approved type. Cut off the basement from the first floor by a heavy door. Above all, keep the furnace clean and in good working order, and don't pile trash or combustible material near it.

Q—How large an oil reservoir does a portable oil heater need?

A—Not more than two gallons. For an oil-burning range, a 10-gallon tank may be used. Be sure that tanks are the manufacturer's standard equipment and never use makeshift substitutes.

Q—Should an ordinary wire basket be used as an incinerator?

A—No, because it will give off sparks, just as an open fire will. The most satisfactory incinerator is built like a wood-burning stove. It should be located so that sparks will not endanger buildings, fences, grass, or woodland. It should never be left unattended, nor used when there is a strong wind.

Q—How high should a chimney extend above the roof?

A—Two feet above the ridge of a sloping roof, and three to four feet above a flat roof. However, sparks from the chimney can still ignite a flammable wood shingle roof. Protect the house with asphalt shingles, asbestos, or other fire-retardant roofing material. Fire-resistant roofing is necessary for best exposure protection from nearby fires, too.

Q—What should you do if your clothing catches fire?

A—Lie down and roll up in a rug, blanket, or any other material that might smother the flames. If nothing is available, roll slowly on the floor and beat out the flame with your hands. Do not run under any condition—it fans the flames. See that children know this rule. It's wise not to dress little girls in frilly clothes, which can catch fire easily.

SAND HILLS PHILOSOPHER —

Alarmed Over Women In Politics, After Hearing What One Group Achieved

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is on risky ground this week, but it's his worry, not ours.
Dear editor:
I was out here wandering around over my farm yesterday afternoon enjoyin the October weather. there's no time of the

year better than October, although I haven't got anything against the other eleven months either when I discovered a copy of a newspaper which was half covered up with dirt and the termites had eaten part of and then abandoned, I imagine when they got to the editorial page, and I shook it out and sat down and looked it over.
Over on a page that was still intact I ran into an article that confirmed an opinion I've had for a long time, that women don't belong in politics. It's not that they don't have the right to be, it's just that they foul things up when they get in.

According to this article, about a year ago up in a town in Mississippi they elected an all-woman city council, and the reporter was giving a summary of their accomplishments in the past twelve months.

The main thing they had accomplished and what they considered a full year of devotion to duty was to get rid of all the weeds in the town, and I guess you know how they did it: they had the men do it.

This is typical of women in politics. They been in office a year and they wind up with a weed-less town and a lot of tired men.

You let this thing spread, let

which may be bombed") to send you, for Two Dollars, a blank form for a Temporary Will and other information. This blank form you can fill out in a few minutes, and have it witnessed by three neighbors at no expense. Later you can take this to your lawyer for a re-write when you think of some addition you may wish to make. But don't wait to take some step at once. Next week may be too late. At least, send for a temporary WILL now; it will serve you until you go to your lawyer.

SPENT WEEKEND HERE

Miss Mary Jean Carpenter, who is attending Nursing School at Northwest Texas, in Amarillo, spent the weekend with her parents, Mr. and Mrs. H. W. Carpenter and Susie, of the Lazbuddie community.

Sunday, the group spent the day in Lubbock visiting their daughter and sister, Jimmie Frank Carpenter, and a friend, Barbara Hinkson, both of whom are students at Texas Tech College.

WERE IN OKLAHOMA

Mr. and Mrs. Harold Wilson and children spent the past weekend visiting in Oklahoma.

VISITED AT PROGRESS

Neoma Starkey, of Springlake, spent the weekend at Progress, with Mr. and Mrs. Wayne Johnson.

more women get in more important offices, and they'll start spreadin their anti-weed campaign out into the country and America will wind up clean as a city park and the men too tired to fight off an invader.

Personally, I'd rather have a few weeds about the place and stay rested up. I don't know of anything in the Constitution that says a man ought to spend his life hoeing weeds and Johnson grass, and I for one would like to sound a note of alarm when

you hear of women threatenin to go into politics. If it comes down to a choice between cleanin up all the weeds on my farm and keeping women out of political office, I'll choose the latter, even if I have to run for office myself to do it, although my ambitions to hold office are about like my ambitions to get rich if it takes work to accomplish it.

Yours faithfully,
J. A.

Beavers Home Setting For WSCS Meeting

Mrs. S. C. Beavers and Mrs. F. B. Pierson were hostesses to nineteen members of the Women's Society of Christian Service of the Muleshoe First Methodist Church, when they met in a regular session, Monday afternoon, October 4, in the home of Mrs. S. C. Beavers.

In a "Beauty Parlor" setting, a panel discussion was led by Mrs. Pierson, assisted by Meses Mae Wilttering, Arnold Morris, R. Gregory, I. F. Willman, Clarence Stephens, and S. C. Beavers.

Mrs. H. Jay Wyer led the short business session, during which Mrs. O. S. Richards was elected Recording Secretary.

Viola Vio New Class Organized At First Baptist

Girls of the high school age group of the First Baptist Church met at the home of Mrs. A. T. Fowler for a business and social session at 4:00 o'clock in the afternoon, October 4.

The new class was organized, and the name, "Volta Via" was selected for the name of the class.

Officers elected were: president, Barbara Douglass; vice-president, Noretta Harrison; secretary-treasurer, Karlene Towns; social chairman, June Freeman; reporter, Glynn Morrison, and group captains, Winona Glenn and Mary Allison.

After the business meeting, the girls enjoyed refreshments of ice cream and cookies.

Those present were: Barbara Douglass, Glynn Morrison, Wi-

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get sure but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Group Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

nona Glenn, Mary Alice Baker, Mary Ruth Allison, Rosemary Pool, Noretta Harrison, June Freeman, Peggy Stevens, Ann Broyles, Barbara Awtry, and the teacher and hostess, Ruth Fowler.

Selita Mooney Enrolled At SHSTC

Selita Mooney, of Muleshoe, is enrolled for the long school term at Sam Houston Teachers College in Huntsville, as it enters its 76th year of public service.

Enrollment at Sam Houston has been steadily increasing except for a sharp drop during the war years. The largest number of students to enroll at Sam Houston was during the 1948-49 semester, with 2,315 students. Smallest enrollment came in 1943, with only 661 students registering during World War II.

Selita, daughter of M. M. Mooney, is a junior home economics major. She is a member of the Loulie's, women's social organization on the campus, and serves as secretary of the Penny-backer Club, an organization for Home Economics majors and minors.

She is a graduate of Muleshoe High School.

TEL Class Elects Officers For Year

The T. E. L. Class of the First Baptist Church met Thursday, September 30, at 3:00 o'clock in the afternoon, at the home of Mrs. E. E. Dyer, for the installation service.

Mrs. Benson led the class in the opening song, "Abide With Me." Mrs. W. B. Harlan gave the devotional, taking her lesson from James 1:14-24. Prayer was led by Mrs. J. L. Alsop.

Mrs. A. C. Bray, teacher of the class, gave an inspirational talk. Officers were installed by Mrs. E. K. Shepherd, in a very impressive service, using the theme "Highway to Achievement."

Officers installed for the coming year were: Mrs. M. E. Finley, president; Mrs. E. E. Dyer, vice-president; Mmes. R. G. Spence, John Benson, and Beulah Motherall, group leaders; Mrs. Lois Shook, secretary-treasurer; and Mrs. D. W. Winn, reporter and pianist.

Mrs. W. B. Harlan led the closing prayer.

Delicious refreshments were served to the following: Mmes. John Benson, W. B. Harlan, Mary Evans, Henry Harvey, J. L. Alsop, R. G. Spence, Will Harper, Lois Shook, Beulah Motherall, Clara Young, Emily Snow, Millie Wilson, D. W. Winn, A. C. Bray, and two guests, Mmes. E. K. Shepherd and Bill Copley.

WEEKENDED HERE

Doyle King spent the past weekend here with his parents, Mr. and Mrs. J. M. King, and other relatives and friends. Doyle is stationed at the White Sands Proving Grounds, in New Mexico.

TO BUFFALO LAKE

Ray Precure and his father, and Charles Parker and Wayland Chitwood and others were at Buffalo Lake over the weekend, where they water skied.

WERE IN AMARILLO

Mr. and Mrs. Buck Creamer and daughter, Jan, and Mr. and Mrs. Clinton Busby visited Sunday in Amarillo, with the Creamer's daughter Sue.

WEEKEND GUESTS

Mr. and Mrs. Tommy Clements and daughter, Mary Lou, and Mr. and Mrs. J. A. Jamison, of Carlsbad, N. M., were weekend guests of Mr. and Mrs. Noel Woodley. The Clements family and Mr. and Mrs. Woodley attended the game at Canyon Saturday evening.

ATTENDED CONVENTION

Mrs. Pat Bobo returned Monday morning from Houston, where she attended the National Convention of the Association of Bank Women.

FROM COLORADO

Mr. and Mrs. L. V. Gray, of Pueblo, Colo., have been recent visitors here in the home of her parents, Mr. and Mrs. J. H. Enggram, and her sister, Mr. and Mrs. Dee Warner. They were accompanied by the Engrams on a trip to Austin for visits there with relatives.

ARE TOURING MEXICO

South of the Border Sunday went two Muleshoe couples, Mr. and Mrs. Arnold Alcorn and Mr. and Mrs. Wilbur LeVaque. They were to drive to Mexico City, which will be headquarters while they visit interesting places. A flying trip to the Pacific resort, Acapulco, was on the agenda; they will be back in two weeks.

VISITED AT FT. HOOD

Mr. and Mrs. Gil Wollard visited over the past weekend at Ft. Hood, with Lt. L. F. Wollard, who is stationed there. Mrs. Wollard said they were given visitors passes and were shown all over the base. She said a person just couldn't realize how big the base was until he had seen for himself. The Wollards toured the base two days and still didn't get to see all of it. They reported that Leo really liked down there.

WEEKENDED AT VAN HORN

Mr. and Mrs. A. E. Scarbrough visited at Van Horn over the weekend with Mr. and Mrs. D. V. St. Clair, who formerly made their home in the Maple community.

VISITED SISTER

Mrs. B. J. West, of Hagerman, N. M., is visiting with her sister and brother-in-law, Mr. and Mrs. Sam McKinstry.

Farmers May Expect Census Man Soon, With List Of 100 Questions

COLLEGE STATION, Oct. 6 — When a stranger walks up to your farm this month, act kindly, sir, he may be a census taker.

The Bureau of Census this month begins its 1954 Census of Agriculture and each Texas farmer will answer about 100 questions regarding their land, crops, livestock, farming methods, expenses, labor and equipment.

Robert W. Burgess, bureau director, reports it will require 30,000 enumerators to check the more than 5,000,000 farms and ranches in the United States. And it will be done during October and November.

After the enumeration is complete, the Bureau will total the figures and release them. It keeps individual farm's and farmer's secrets by releasing only totals for a county or larger areas.

The census taking commenced October 4 in the High Plains counties and in the citrus belt of extreme south Texas. Enumerators will begin asking questions on the Edwards Plateau October 18 and on the Rio Grande Plains October 25. The canvass of east, central and far west Texas farms will start November 3.

"The 1954 census will collect information from every farmer in the United States, make it available as totals to the public—and keep secrets of individual farms and farmers at the same time", Burgess said.

Since 1920, an agricultural census has been taken every five years.

**FARMER COUNTY
Farm Bureau
News**
By RAYMOND EULER

Saturday morning at ten o'clock, Farmer County Farm Bureau's sixth annual convention will get underway. This will be the first attempt at an all day meeting with lunch served free at noon. With so many important subjects for discussion and decision, the directors decided several weeks ago that a full day should be delegated for the session. With a probability of a

thousand extra people being in town at the noon hour, it was decided that it would be necessary to provide a meal for them. A score or more of men, headed by James Mabry and O. B. Moyer have been busy getting things lined up for the feed. The school cafeteria force is being employed to complete the crew and it appears that the noon hour will be an enjoyable one.

We are looking forward to a democratic day of arriving at decisions that will affect every farmer and every business man in the county in years to come. It is for this reason that officers and directors urge you and your family to be on hand. It is a

family affair, not a stag party. The ladies who prepare meals and clothing for their families are as much concerned as the man who tills the soil, for they are dependent upon the fruits of his labor.

There will be public office holders and seekers in the audience but not on the platform. They will hear your desires and opinions at this meeting. You will have an opportunity to talk to them personally and man to man. The speakers this time will be your representatives and you; all of you dependent upon opportunity in agriculture and ranching for your income.

Entertainment will be furnished for occasional breaks in the regular procedures of the day. For those who wonder where Farm Bureau Policies come from, this meeting will be an eye opener.

Scotchlite stickers are available at the Farm Bureau Office, free. Put them on the back of all your cotton trailers before cotton harvest starts. Let's do everything possible to avoid accidents on our roads.

Consider This: There is no wisdom or understanding nor counsel against the Lord. —Proverbs 21:30.

**Muleshoe High
School News**

T. C. T. A. MEETS OCT. 12

The Muleshoe Classroom Teachers Association will hold a reception on Tuesday, Oct. 12, at 8 p. m., in the High School auditorium, honoring Mrs. Gertie Hay, president of T. C. T. A.

All Bailey County Classroom teachers and Administrators are urged to be present and hear Mrs. Hay speak.

**Menu For Muleshoe Schools
October 11 to 15**

Monday
Frito-Beef and cheese pie, snap blackeyed peas, buttered potatoes, combination salad, cake with butter coconut icing.

Tuesday
Fried chicken, gravy, potato salad, white beans, fresh tomatoes, cookies.

Wednesday
Macaroni and cheese, boiled okra, butter, buttered beets, fruit jello, ice cream.

Thursday
Tuna fish salad (large serving), baked beans, potato chips, peaches, frosted graham crackers.

Friday
Red beans, fried okra, candied sweet potatoes, sliced tomatoes-

onions, banana pudding, corn bread.
Chocolate milk served twice weekly. Milk served every day.

**SHOWERS FELL IN AREA
NORTHWEST OF CITY**

Showers fell in the area to the northwest and west of the city Monday night. O. C. Thomson, of Progress community, said one half inch fell at his place, further delaying harvest of sorghum grains. Rains last week had caused a cessation of harvest work.

Mr. Thomson said some hail accompanied the rain Monday night but not enough to damage crops.

VISIT FRIENDS IN CLOVIS
