

## Here At Home

By J. M. Forbes

One time Lloyd Alsop took Rufus Gilbreath's big car and went to Lubbock to haul back some entertainers the Lions Club had scheduled up here. As he went madly down the highway, all the rubber came off a front tire. The car, says Lloyd, simply went crazy, and while he fought for control, it ran out into a field, back through the bar ditch, to the wrong side of the road and back, then tore out down the highway Sidewise! Finally, he vows, the thing ran between two trees where it seemed there was not enough room for the car, and at that time it was going BACKWARDS.

Rufus remembers the deal and says that a lady relative of his once had a blow out on her car while going plenty fast. There was another car directly in front of her car at the time; she passed that auto going backwards, to the consternation of that motorist.

When I told George Hicks of these two incidents he said one time a fellow he knew had heard about a cyclone turning an old iron wash pot inside out. George's friend said it didn't hurt the pot but of course it was a little unhandy, stirring the clothes with those three legs sticking up on the inside.

### RAINS ALONG THE MOHAWK

It may not be anywhere near the Mohawk but the line above seemed a good one. Mrs. Fred B. Wagner, of Phalanx Station, Ohio, sending in the renewal of her subscription, penned this note:

Well, if you folks in Texas had some of our rain it would be very nice. Our soybeans are still in the field. It rained so much here before they were ripe that when they did ripen the ground was soaked with water, now it don't freeze enough to hold up a combine.

We always love to hear from readers of the paper. Mrs. Wagner's further address is: R. F. D. 1, Box 70.

Rufus Alexander, the former beverage man of Clovis, here on business this week said Muleshoe does a higher dollar volume of business per capita than larger towns he knows about. We constantly hear favorable reports about Muleshoe's showing in things that are considered when a territory's economy is being analyzed. For instance, freight originating at Muleshoe must be as great or greater than the amount originating at larger towns. There is nothing in our outlook here at Muleshoe except things that contribute to optimism and enthusiasm.

Even geography is on our side. Muleshoe is well located with respect to its territory and actually with respect to other towns which might be considered competitors.

There is no reason why the town will not continue to grow and there are reasons for believing that the rate of development will accelerate.

## Lions Zone Meeting Friday Night in School Cafeteria

### March Dimes Dance Saturday Night At American Legion

A benefit dance of the March of Dimes will be held at the American Legion Hall Saturday night, January 29, to begin at 8 pm.

Music will be furnished by Don Gary's Quintet of Lubbock, with a featured girl vocalist.

The dance is sponsored by the Muleshoe JayCees.

Admission is \$1 per person, with proceeds for the March of Dimes fund.

Lions from Bovina, Friona, Hereford, Dimmitt, Olton, and Muleshoe will hold a combined Ladies Night and Zone Meeting in the Muleshoe High school cafeteria and auditorium tomorrow (Friday) night at 7:30 with Jim Ed Waller, of Plainview, District Governor of Lions International as principal speaker and honored guest.

Wives of Lions will be special guests of the local club, and a program of entertainment will be presented, under the chairmanship of Jerry Kirk and Cecil Tate.

Gil Lamb will make the address of welcome, following the invocation by Rev. Clarence Stephens. Guests will be introduced by Lee Pool, and Jerry Kirk will

be master of ceremonies. Following the banquet in the cafeteria, the group will move into the High school auditorium, where the High school choral group, directed by Norvil Howell, will present a musical interlude.

Harold Close, of Littlefield, deputy district governor will introduce Jim Ed Waller, District Governor for district 2-T-1.

Bill Moore will install new members of the club.

A special musical interpretation of "It's In The Book" will be given by Don Williams of Olton to conclude the formal program.

Following the program, the various clubs will enter into sectional meetings with the Lions Club official.

## \$160,000 Savings Bond Goal For Bailey County; Committee Members Announced

The 1955 U. S. Savings Bond goal for Bailey County is \$160,000, according to Jesse M. Osborn, Bailey County Savings Bonds chairman.

Leaders of the volunteer organization for Savings Bonds are taking steps in all communities to enlist more volunteers in various activities to increase participation and expand the program. The state, areas, counties and communities are being given their proportionate share of the national Savings Bond goal of \$5.5 billion for 1955. Texas' share for this year is \$201.9 million.

"Buying bonds is important to every person and each community," Mr. Osborn said. "This is one of the best and easiest ways to save and to build personal, business, and community reserves. More people should regularly buy Savings Bonds to help insure a stable economy and an effective sound money program."

The Savings Bonds program is designed primarily for the individual citizen and his community.

### Eleven Area Boys Leave For Service

A good many boys left early Wednesday morning from Muleshoe for physicals and induction into the Armed Services.

Those leaving for physicals were: Freddie John Zeissel, Littlefield; Jerald Dean Lawson, Springlake; Frank Dale Cox, Muleshoe; Jimmy Lawrence Luman, Muleshoe; Bobby Earl Westbrock, Anton; Bobby Joe Cates, Whiteface; John Franklin Hodnett, Baileyboro; and Gerald Leon Thompson, Bula.

Boys inducted were: Arlin Ferrell Jennings, Littlefield; Douglass F. Owen, Olton; Billy Eudon Muller, Littlefield; Gary Gilbert Nichols, Morton; Charles Ray Wilson, Littlefield; William Worth Marshall, Morton; Jimmy Dewayne Burkhead, Muleshoe; John Edd Blessins, Amherst; Dale L. Adair, Olton; Floyd, Jr., Richardson, Littlefield; and James Oliver High, Sudan.

Several of the group volunteered for service.

### Stamps Quartet Here February 4

Stamps Imperial Quartet will appear in Muleshoe the evening of February 4. The Ramblin' Eight Safety Car Club will sponsor the quartet's performance here, according to David Weyer, president, and Ermon Jernigal, reporter of the club.

The quartet will be presented in the high school auditorium. They have other engagements in the territory, at Plainview and Clovis during the same week.

The Ramblin' Eight will use funds they derive from the performance for their projected club garage and headquarters building.

## Adult Education Classes To Begin At High School; Applications Being Taken

A second semester of adult education classes will begin at Muleshoe high school as soon as enough applications are received to make classes possible, it was announced this week by Ray Franz, manager of the Chamber of Commerce.

Franz said that classes were offered last semester in book keeping, typing, shorthand and woodworking, but that any subject would be taught if enough

to benefit from the American custom of personal thrift and initiative, he pointed out. The program differs from most other community programs in that it encourages the individual to do something for his own personal benefit instead of for some other individual or organization. At the same time it helps the community and the country, he added.

Mr. Osborn announced the personnel of the county committee as follows: County chairman, Mr. Osborn; community activities, Lowell Irvin St. Clair; agriculture chairman, J. K. Adams; advertising and publicity, J. M. Forbes; school savings chairman, Jerry Kirk; women's activities chairman to be announced at a later date.

### T. B. Hicks Joins Local Tractor Firm

T. B. Hicks, of Afton, has joined the staff of Hicks Tractor Co., which is managed by his brother, George Hicks.

T. B. has had much experience with the Ford tractor, which is sold here by the Hicks Company, and will be an addition to the firm's sales force.

His son, Tommy, will be the pick-up and delivery man for the firm. Mr. and Mrs. Hicks have already moved here and two daughters, Rosemary and Coraline have enrolled in Muleshoe school. Another son, Jerry, remained at Afton, where he is employed.

## Honor Society Is Being Organized At High School

After many years absence from the organizations of Muleshoe High school, the National Honor Society was reorganized this past week.

A special committee from the Student Council met Monday morning to draw up a constitution and begin selecting those who are eligible for membership.

In order to become a member of this national organization a student must be either a junior or senior and have a grade average of ninety or more. All students are being urged by the Student Council to average their grades as soon as possible.

Members of the Society will be able to try for one of the many scholarships offered to High school students each year by the N. H. S. The fact that so many privileges go to Society members makes membership a real honor and encourages all students to improve their scholastic standing.

Next week a list of members will be published and a more detailed outline of the progress of the Society here.

These boys' crops were judged on yield alone and they received awards ranging from \$35 to \$5.

Among those attending the meeting were: Ray Franz, CoC manager; R. M. Crawford, Three Way Voc. Ag. teacher; J. K. Adams, County Agent; Charles Thomas and Bill Bickel, Muleshoe Voc Ag. teachers, and J. Logan Green, Bula Voc. Ag. teacher. The boys who entered this year's contest deserve a lot of attention for their fine work, and the Chamber of Commerce has promised the boys of Bailey County an even bigger and better contest next year.

## Chamber of Commerce Annual Banquet Attended By Large Crowd Friday; Burl Huffman Talk Well Received

### Agriculture Club Organized Here By Professional Men

A group of professional agriculture workers from Bailey County met in the vocational agriculture building at Muleshoe High school Monday night and organized the first Bailey County Agriculture Club.

The objective of the group is to give professional agriculture men the opportunity to discuss the problems of the professional agriculture man, and to work together for the good of Bailey County farmers.

Charles Thomas was elected president, J. B. Lancaster, vice-president; and Jack Douglass, secretary and treasurer. Lonnie Bass will be the club's membership chairman and his committee is composed of R. M. Crawford and Dewayne Barteel. J. K. Adams was elected chairman of the program committee and he will work with Ray Franz and J. Logan.

This Professional Agriculture group will meet at 7:00 am on the fourth Monday in each month at Leigon Cafe.

Their first meeting will be February 28.

Burl Huffman, of Albuquerque, N. M., for many years a resident of the Panhandle and Plains, held the close attention of a crowd of 230 people with his wit and wisdom at the annual banquet last Friday night of the Muleshoe Chamber of Commerce.

Mr. Huffman, now manager of the Chamber of Commerce of Albuquerque, mixed humor and sound advice on the good functioning of a Chamber for the good of the community in his address. He formerly coached athletics at White Deere high school, Lubbock high school, Texas Tech and the University of New Mexico. Huffman was introduced by J. M. Forbes.

Howard Cox was emcee for this, the fifth annual banquet. Rev. James Todd, Christian Church pastor, gave the invocation. The emcee introduced guests from surrounding towns, quite a few being in attendance.

Bill Moore Honored

### Final Rites Are Conducted Here For R. I. Palmer

Final rites were conducted from the First Methodist Church here January 23, for Robert Ira Palmer, who passed away at his home on West 2nd last Friday morning.

Mr. Palmer was born February 21, 1885, in Mills County, Texas. For the past five years he had made his home in Muleshoe.

Rev. Clarence Stephens, pastor of the First Methodist Church, conducted services, assisted by Brother J. E. Moore.

Pallbearers were Melvin Bass, Harvey Bass, Ray Glasscock, Lynn Glasscock, James Glasscock and Johnny Askew.

Final resting place was in the Dimmitt Cemetery, with arrangements under the direction of Singleton Funeral Home.

Mr. Palmer is survived by his wife, Mrs. Laurine Palmer; four sisters, Mrs. Iela Moss, White Deere; Mrs. Blanche Brewer, Ellida, N. M.; Mrs. Vickie Wineburger, Dallas; and Mrs. Ora Welch, Ft. Worth; and one brother, Jeff Palmer, of Omega, N. M.

### Pvt. Blackwell At Fort Bliss For Basic

Pvt. Clifford B. Blackwell, son of Mr. and Mrs. Bill Hamblin of Muleshoe, recently began eight weeks of Army basic training in the Antiaircraft Artillery Replacement Training Center at Fort Bliss, Texas.

He will spend his first eight weeks of basic military training on fundamental subjects such as rifle, machine gun, bazooka marksmanship and familiarization with Army technical subjects. This first phase of training is climaxed with a one week maneuver in the field.

Fort Bliss, established as a frontier outpost more than a century ago, is located in West Texas on the Mexican border, adjacent to El Paso.

WINNERS IN THE 4-H, FFA COTTON AND GRAIN PRODUCTION CONTEST were presented with cash awards at a meeting of the two clubs Monday evening in the Agriculture building at Muleshoe High school. The Chamber of Commerce sponsored the contest. (Staff Photo)

### Poll Taxes To Be Sold Saturday By JayCee Club

The Muleshoe JayCees will sell poll tax receipts at Harvey Bass' Appliance store from 9 am until 6 pm Saturday, January 29, JayCee president James Crow announced today.

Crow pointed out that it is important for everyone to pay his poll tax in order to be eligible to vote this year, and the JayCees are selling the receipts to aid this goal.

Sheriff-Tax Assessor Hugh Freeman announced Wednesday that only 838 poll taxes had been paid. This represents about one-third of what should be paid before the January 31 deadline.

## March of Dimes Quota Still Short \$2000 As Civic Clubs Continue Fund Raising

A calf with five feet will be on exhibition to the public in front of Harvey Bass Appliance store Saturday, with donations to be given to the March of Dimes fund, it was announced today.

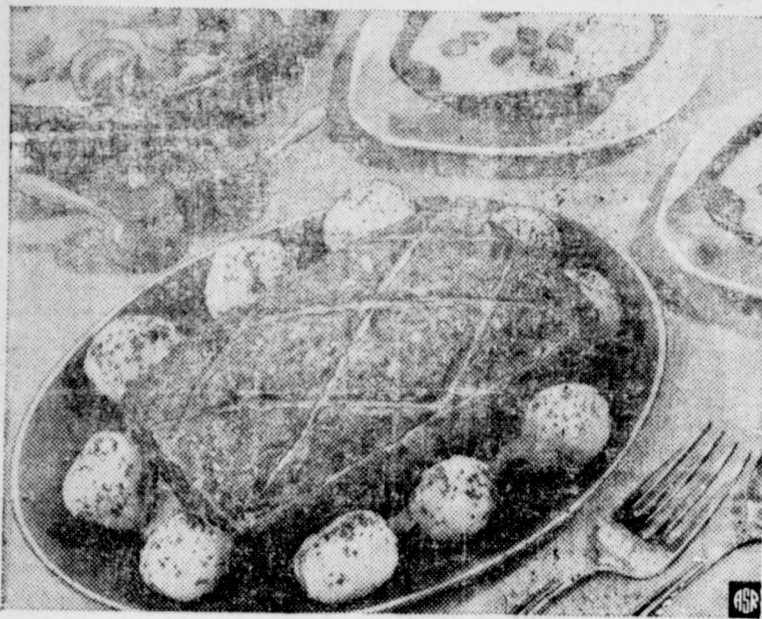

The calf was born recently on the farm of Barney Smith, who is allowing the Muleshoe JayCees to exhibit the animal for the March of Dimes benefit.

It will be contained in a truck,

and the public may view it all day Saturday. Donations will be accepted for the MOD at that time.

Bill Wilson, co-chairman of the March of Dimes fund campaign announced Wednesday that the MOD total \$166.03, and the total contributed in the county turned in to date, amounted to \$1509.10. The goal for the county is \$3500.

### Cure Budget Jitters With Inexpensive Meat Loaf

'Round about this time every year bills are pouring in, and the food budget is suffering a slight attack of anemia. The result, of course... Mrs. Homemaker is left draining her brain of ideas for serving inexpensive meals that still remain hearty and fine tasting.

No one will deny that meat loaf is a standby during these days and here's a really good recipe for one that furnishes extra nourishment with the addition of the cereal favorite... 40% bran flakes.

Start off the meal, why don't you, with a good hot soup. Then on the meat loaf platter add parsley potatoes and serve with large quantities of mixed green salad. Plenty of hot coffee (milk for the kids) will be welcome along with a simple dessert. No one will ever guess the pocketbook is "broke" if you don't mention it.

#### Savory Meat Loaf

1 1/2 tablespoons diced salt pork or bacon  
1/4 cup finely chopped onion  
2 pounds ground beef

2 teaspoons salt  
1/4 teaspoon pepper  
1 1/2 cups crushed canned tomatoes  
1 cup 40% bran flakes

Fry salt pork or bacon with the onion until the meat is crisp and the onion is golden brown. Combine with other ingredients and mix thoroughly. Pack into 10 x 5 x 3-inch loaf pan. Bake in moderate oven (350°F.) 1 hour, or until done. Serve hot or cold. Garnish with parsley. Makes 8 to 12 servings.

Note: If desired, add 1/2 cup drained cooked peas to the meat mixture and mix lightly.

### Mrs. Allison Is Hostess As PVS Members Meet

In the absence of the president, Mrs. Sammy Allison presided over the meeting of the Pleasant Valley Social Club Wednesday evening, January 19, in the home of Mrs. Ethel Allison.

Plans were discussed concerning the Texas Rural Neighborhood progress contest. It was voted to sponsor a drive to gather old clothing for the Red Cross.

Mrs. George Wuerflein gave the program for the evening.

Refreshments were served to Mrs. Doyle Turner, Leroy Hicks, John West, Floyd Andreas, Raymond Roubinek, Oscar Allison, E. K. Angeley, Holdeman, Harold Allison, George Wuerflein, Herman Haberer, and Miss Sherry Allison.

The next meeting is to be held in the home of Mrs. George Wuerflein.

At 4-H club meetings this month the girls elected their adult leaders. Three Way 4-H elected Mrs. A. G. Taylor, Mr. W. T. Parker and Mrs. Theresa Lemons. Mrs. Altman was elected adult leader by the High school 4-H club at Bula. Mrs. Juanita Holt and Mrs. Gertrude Fred were selected by the Bula 4-H Club.

Mrs. Harlan Morris and Mrs. W. A. Chitwood are adult leaders for the 7th and 8th grade Muleshoe club. The 5th and 6th grade has as its leaders Mrs. Fern Davis, Mrs. Ruth Franz, and Mrs. Georgia Bird Lowe.

With these adult leaders to help out, the 4-H clubs should really go to town the rest of the year.

### VAY FAMILY MOVING TO LEVELLAND FARM

Mr. and Mrs. Fred M. Vay are moving to their new farm, located near Levelland. They have been farming 80 acres 4 miles south of Muleshoe the last 7 years.

Mr. and Mrs. Vay said they regret to move away from all their fine friends and neighbors, but they hope to make new friends where they're going and to retain all of their local friends, too.

### THIS & THAT

About Homemakers & Homemaking IN BAILEY COUNTY

By MOLLIE J. STINSON

Thrift-wise homemakers will find a varied choice of plentiful foods at the grocer's during February.

The February plentiful foods list is headed by eggs, but sea-foods, heavy turkeys, dried beans, lettuce, carrots, canned green beans and canned corn, along with grapefruit and oranges are listed by the USDA. Rice, raisins, almonds, vegetable fats and oils and lard are also in large supply.

At 4-H club meetings this month the girls elected their adult leaders. Three Way 4-H elected Mrs. A. G. Taylor, Mr. W. T. Parker and Mrs. Theresa Lemons. Mrs. Altman was elected adult leader by the High school 4-H club at Bula. Mrs. Juanita Holt and Mrs. Gertrude Fred were selected by the Bula 4-H Club.

With these adult leaders to help out, the 4-H clubs should really go to town the rest of the year.

The first leader training meet-

ing this year was held last week. You saw results at club meetings this week. Wish that I could have attended some of the meetings, but I am sure all of the demonstrations were excellent. Attending the training meeting were: Mrs. Jesse Gray, Mrs. Mae Simmacher, Progress; Mrs. W. W. Couch, West Camp; Mrs. Olen Dutton and Mrs. C. H. Gillis, Muleshoe. Two demonstrators also attended. Glad to have Mrs. Fern Davis of Progress and Mrs. J. H. Hanks of Muleshoe there.

I visited with Mrs. Lonnie Arnold the other day. She is the president of the new Community Center Home Demonstration club. The group seems anxious to get things started. We talked about plans for the year and for working on the community center.

The County Agent and I went to a meeting this Tuesday, Wednesday and Thursday, on Farm and Home Development. This is a new program which the Extension Service is starting. We can probably tell you more about this next week.

Dr. T. M. Slemmons of West Plains Hospital & Clinic, Muleshoe, and Mrs. Slemmons are in San Antonio, where he is attending the International Medical Assembly of Southwest Texas. He is taking a post graduate course.

Dr. Slemmons also will attend the meeting of the American Cancer Society.

### WMU Features Program Commemorating Seventy-Fifth Anniversary In Texas

The Woman's Missionary Union of the local First Baptist Church and mission met in the dining hall of the First Baptist Church Tuesday evening, January 18, for a program commemorating the seventh-fifth anniversary of the organization of Women's Missionary Union of the Southern Baptist Convention in May of 1888. The work in Texas had been started eight years previously in the First Baptist Church of Austin under the frowning brows of some of the leading brethren, who later graciously admitted the necessity for such an organization.

The program was efficiently led by Mrs. G. F. Howell, who was assisted by Mrs. Faye Cox, Bill Bickel, E. K. Shepherd, Jimmy Jenkins, M. D. Gaddy, A. T. Fowler, Doc Wilhite, and Byron Griffiths.

Mrs. Shepherd brought a brief but interesting Diamond Jubilee report.

After the program a social hour was enjoyed with refreshments of spiced tea, coffee and cake served from a beautifully appointed table covered with a lace cloth over mauve. The centerpiece was a three tiered white and mauve cake topped with a glittering "75". White candles on either side of the cake completed the centerpiece. Chairmen of the Circle were hostesses for the social hour.

Those present were Mrs. Verney Towns, Vernon Jamison, C. M. Hinkle, Leola Stroud, Beulah Motheral, M. D. Gaddy, Lois Shook, I. M. Stinson, Etta Walters, Bill Bickel, Bill Boling, A. C. Bray;

And all thy children shall be taught of the Lord, and great shall be the peace of thy children.—(Isaiah 54, 13.)

We seek the best there is for our children in schooling and material happiness. But the greatest gift that parents can give their children is religious training and devoted example in the home, for these will comfort and sustain them the rest of their lives.

**YOUR INCOME TAX NO. 1 HOW TO FILE YOUR 1954 RETURN**

**WHO MUST FILE**  
Every citizen or resident of the United States, whether an adult or minor, who had \$600 (\$1200 if 65 years of age or over) or more gross income in 1954 must file an income tax return on Form 1040 or 1040A.

Most of your tax is withheld from your wages every payday or paid on Declaration of Estimated tax every quarter. However, the law requires you to file an annual return to determine whether you owe or you should get a refund.

**WHEN TO FILE**  
Your income tax return should be filed between January 1 and April 15, 1955, and not later than April 15, 1955. Try to avoid the last-minute rush. Those few individuals who keep books on a fiscal-year basis, must file by the fifteenth day of the fourth month after the close of their taxable years.

**HOW TO PAY**  
Any balance of tax shown to be due in Item 13, Page 1, of your return on Form 1040 must be paid in full with your return. You may pay cash or by check or money order. Checks or money orders should be made payable to "District Director, Internal Revenue Service".

**HOW TO SIGN**  
You have not filed a legal return unless you sign it. If you and your wife are filing a joint return, both of you must sign the return. You do not need to have your return notarized since your signature has the same legal affect as swearing to the truthfulness of your return.

**WHERE TO GET FORMS AND HELP**  
As far as practical, the District Director mails forms directly to taxpayers. If you need additional forms, you can get them from your District Director's office, and also at most banks and postoffices. Many employers also keep forms for the convenience of employees. The address of your District Director of Internal Revenue is 2101 Pacific Avenue, Dallas, Texas. After reading the instructions, you should be able to prepare your own return, unless you have complicated problems. If you do need help, you can get it as your District Director's office. A more detailed publication entitled, "Your Federal Income Tax" may be obtained for 25 cents from the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

**Miss Jackie Cary and G. R. Howell Are  
Married In Candlelight Ceremony Jan. 21**

MR. AND MRS. G. R. HOWELL

(Photo By Cline)

Miss Jackie Coleen Cary was married to G. R. Howell in a beautiful candlelight ceremony at 6:00 in the evening, Friday, January 21, at the First Baptist Church here.

Parents of the couple are Mr. and Mrs. Dan D. Darsey and Mr. and Mrs. Gid Howell, all of Muleshoe.

Rev. Jim Green, of the Longview Baptist Church officiated at the double ring ceremony. Vows were exchanged before an archway of greenery centered with baskets of white mums and stock flanked the archway on either side.

Soloist, Jim Wilkerson sang "O Promise Me" and "The Wedding Prayer". He was accompanied at the organ by Miss Karolene Towns, who also offered appropriate music preceding the ceremony, and the traditional marches.

Mrs. Dale Winders, of Earth, sister of the groom, was the bride's matron of honor. Her other attendants were Miss Billy Ann Pence and her cousin, Miss Jeanne Seymore, of Sudan. Junior bridesmaid was Faustine Gale Darsey, sister of the bride and flower girl was Renee Howell, sister of the groom.

Dale Winders, of Earth, brother-in-law, of the groom, served as best man. John Cary, brother

of the bride and Jackie Tidwell were groomsmen.

Ushers were Gene Paul Jarman and Doyle Henry and candlelighters were John Cary and Jeanne Seymore.

The bride, given in marriage by her father, was lovely in a floor length gown of white sprayed organza over taffeta. The bouffant skirt was caught at the waist to a tight fitting bodice which featured an scalloped rounded neckline and cap sleeves. Full length gloves ended in points over her hands.

Her two-tiered floor-length veil of illusion was edged in French

imported lace and ended in a train. She carried a bouquet of sweetheart roses on a white Bible.

Carrying out the tradition, something old was a lace handkerchief something blue was a garter; something borrowed was the white Bible; and something new was her dress.

Approximately one-hundred guests attended the reception in the dining hall of the church immediately following the ceremony. The serving table was covered with a white crocheted cloth over pink, and centered with the wedding cake, which was topped with a miniature bride and groom. On one end of the table was the crystal punch service.

Guests were registered by Miss Betty Shanks. Mrs. Glynn Sue Buhman served the punch, and cake was served by Miss Janelle Sedgwick.

For going away the bride wore a grey two-piece suit dress which she complimented with red accessories and a corsage which she took from the bridal bouquet.

After a wedding trip to San Antonio and Austin, Mr. and Mrs. Howell will be at home north of Muleshoe where he is engaged in farming.

Both bride and bridegroom are senior students in Muleshoe High school and will graduate in the spring.

With the '55 field and track season in view, eleven boys are beginning to grind the cinders on the high school track. Knowing that it's condition that will take them places this spring, Coach Bill Taylor's boys already have the stiffness out of their legs and when the training really begins in earnest, it will be just a short distance for them to the peak of physical condition.

Those expected to make up this year's mile relay team are among the early starters. They are Doyle Henry, Gaylord Tate, Doyle Rush and Jackie Tidwell. Tate and Rush are also expected to run the 440, while Henry will try the 880 and Tidwell is laying plans to skim the high hurdles.

Don Moore, Joe Roark and Johnny Allison are working with the "shot". Any of this group will be rugged competition in coming meets.

Larry Hicks and Charles Jennings are shaping up to be long distance men on the Mule squad this year. It has been proven that condition pays off in the mile like it does no where else in a field event, so this early start may prove to be a big advantage.

Leon Harvey is busy these days going high during daily work at pole vaulting. Harvey is also laying plans to run the low hurdles this season.

If condition does pay off, you can expect big things to happen this spring.

### Bula Girls Winners In Idalou Tourney

Bula's girls and Roosevelt's boys captured coveted championships in the annual Idalou Invitational Basketball Tournament.

Bula had a real battle on its hands before eking out a 64-61 verdict. Sylvia Dalton scored 31 for the losers, but was more than offset by the 27 collected by Wanda Bayless and 26 by Susie Jones.

Friendship led at haltime, 28-25, but fell back at 45-40 at the end of three.

Third place championships were won by the New Deal girls, 63-57, over Roosevelt, and by the Lorenzo boys, 67-54, over New Deal.

### Golden Gloves Team Takes One Trophy In Bantam Class

The '55 Golden Gloves team from Muleshoe emerged with only one champion in the district tournament at Plainview last week. Cleft Allen laid claim on the bantamweight honors Friday night by winning a decision over Guy Henson of Brownfield. The competition was keen and the most favored of the local boxers made little head-way in the early stages of the tournament.

The big blow came last Wednesday night when Muleshoe dropped three straight. John Young won a TKO over James Holloway of Hart, and kept the local team in the running. Highly favored R. L. Gabbert met three-time district champ, Don Britain from Canyon. Britain KOed Gabbert early in the first round. It was R. L.'s first loss in 11 starts. Canyon struck again in the next bout when Dewayne Farr went to the canvas for the count after making a good start against Britain's teammate C. B. Stone. Johnny Adams of Abernathy continued the KO pace by stopping H. L. Nash in the first round.

Thursday night John Young was put out of the running when his fight went to Abernathy on a default. Horace Watkins also met with defeat, and only Cleft Allen and Wendell Pike remained to carry on for Muleshoe.

In the finals Friday night, Pike met Don Britain and for the second time during the tournament Britain sent a Muleshoe boy down by the KO route.

Plainview high school won the championship of their division and the Canyon team racked up the title in the open class.

BENITES SIGNS CONTRACT

Frank Benites, Muleshoe, signs contract to pilot the Clovis Pioneers in the 1955 season. Benites was playing manager for the Lubbock Hubbers for half the season last year, where his .300 batting brought the Hubbers out of the cellar and into first place contender spot.

### Cagers Split Conference Games Friday Night; Girls Take Lockney But Boys Lost

The Mules and Mulettes split their second double-header in district play when they met the Lockney Longhorns on the Lockney court last Friday night. The girls gave the crowd a thrill a minute while winning their tilt 49-47. Lockney came from behind to take the boys' game 59-52.

For the first time in a long time the girls were trailing at the end of the first. All of the starting frame breaks went to the Lockney six and the Mulettes seemed unable to find the hoop on shots that are usually sure-fire. At the end of one it was 11-9. Lockney. Early in the second frame the Lockney girls were quick to score six points before the Mulettes gained their first second quarter bucket. Muleshoe tried to rally but they were unable to shake their first half

jinx. The first half, marred with fouls, and official inflections, ended with the Mulettes trailing Lockney 26-21. The third quarter was fast and rough as the Mulettes tried to get back into the ball game. Lockney made the most of free throws and held tight to their five point lead. Going into the last quarter the score was 36-31, Lockney.

The Mulettes came storming from behind in the last quarter to tie the game up 36-36. Norretta Harrison, top-ranking mainstay, on the Mulettes defense fouled off mid-way through the fourth, as the game became one of the roughest contests on Muleshoe records. The crowd literally went wild as the game came down to the wire. The Mulettes had trailed from the very start and were two points behind through half of the last frame. Then with four seconds remaining and the score 47-47, Donna Wright became the heroine of the night by finding the final Muleshoe bucket and winning the ball game.

Once again Montgomery led the Mulettes attack with 36 points, but every girl on the local team deserves a medal. Nothing but team work kept the Mulettes undefeated in District 2-AA.

For the Lockney girls it was Canyus leading the scoring attack with 32 tallies.

The Mules were up-and-at-'em to take a quick first quarter lead and run up 17 points in the start-

ing frame while holding Lockney to nine tallies. The local five moved on in the second quarter, but tragedy struck when Muleshoe's little "spark plug", Eugene Shaw was carried from the court with an ankle injury. Wayland Chitwood took over at the forward-guard spot.

The Longhorns first-half attempt was not enough to stop Muleshoe, and when the buzzer sounded beginning the third, the Mules led 35-21. In the third quarter Muleshoe post-man, "Flash" Gordon Wilson filled his foul quota and was replaced by "Bev" Mardis. Holding tight on defense the Mules kept their lead in hand. The score favored Muleshoe 46-33 going into the final period. Fouls caught up with Eddie Wilt early in the fourth, and Eugene Shaw came back into the game for Muleshoe. He was slowed by a limp, but his shooting arm seemed little worried by such troubles.

With three minutes left to play Lockney began putting the first to a desperate last minute rally. Shaw fouled off with two minutes remaining and Lockney capitalized to go ahead. The Mules roared back to tie it up, but again a foul did it. The Mules' main team was on the bench and Lockney moved ahead. Free shots had put it on ice for a team that had trailed the entire game.

Fouls cut the Muleshoe squad to only three eligible players in the last minute of play. The final score was Lockney 59, Muleshoe 52.

Gordon Wilson led the Mules' scoring with 17, while Cross took the winning team's honors with

### Mules Drop Second Conference Match At Tulia Tuesday; Mulettes Win 50-40 Game

The Mules and Mulettes split two at Tulia Tuesday in their second start in district play. The girls won their game 50-40, while the Mules dropped their contest to a strong bunch of Hornets, 64-30.

The Mulettes quickly made eight points in the first quarter before Tulia's girls gained their first two tallies on charity tosses. Going into the second frame Muleshoe held a six point lead.

In the second period both teams tightened up on defense. The Mulettes added two points to their lead before the buzzer sounded ending the first half of play. The score at half time, 23-15, Muleshoe.

It was a fast moving offense and a tight defense for Muleshoe in the third. The Mulettes scored 21 points while holding Tulia to ten.

Early in the fourth frame Coach Bill Taylor began to send a stream of subs into the game as Muleshoe started icing down their third straight 2-AA victory. Muleshoe scored only six points in the fourth while Tulia rounded the score off at 50-40. Jean Montgomery led the winning attack for Muleshoe with 36. Wright had seven, Douglass four, and Evans three. O'Daniel hoop-

ed 14 for Tulia honors. She was followed close by Timmons with 13. The Tulia Hornets took an early lead in the boys game, hooping six points before Eddie Wilt sank the first Muleshoe bucket. Wilson and Wilt took the only first quarter honors for the Mules, scoring two points each for the Mules. The Hornets cleared the board every time while rolling to their 13-4 lead going into the second frame.

In the second quarter Bobo Hamilton led the attack as the Hornets continued to give the local crowd a magnificent show of both offense and defense. Tulia racked up 36 points before half time, compared with the Mules' 13.

The Mules saw their best quarter thus far in the fourth, but Tulia went on up the ladder. Late in the final frame the Mules' first string checked out, with Eugene Shaw finishing for the starters. Wilson and Shaw teamed up to make 20 apiece for the defeated Mules. Bobo Hamilton took the evenly distributed Tulia honors with 16 tallies.

It was the Mules' second loss in three district starts. Tomorrow night the Mulettes will journey to Littlefield, both teams will meet Olton, Tuesday night here.

## DDT Originator To Speak At Ag-Chm Conference Feb. 1

The man who developed DDT in this country is one of the agricultural scientists who will be on the program of the second annual Agricultural Chemical Conference February 1-3, in Lubbock, according to conference sponsors.

Agricultural Marketing Service, will address the conference on "The Role of the Chlorinated Hydrocarbons".

Sponsored by the West Texas Chamber of Commerce, the Lubbock Chamber of Commerce, Texas Technological College and the Texas A & M College system, the conference is planned primarily for agricultural chemical dealers, distributors, processors and manufacturers, but it is open to the public.

With registration on February 1 and February 2 in Texas Tech's Student Union Building, the program gets underway at 9:30 am, on February 2. Sixteen addresses,

two panel discussion periods, and a film will present up-to-date information on agricultural insecticides, herbicides and fertilizers.

Attendance at the conference is expected to exceed the more than 300 persons who registered for the first conference last year.

## Wheeler To Breed Herefords Here

L. C. Wheeler, of Lubbock, recently purchased the South Bailey County ranch of 2,653 acres, known recently as the Shadden

place from A. J. Shadden and his son, J. W. Shadden. Mr. and Mrs. Wheeler were here Saturday seeing about their new property.

The place has 1800 acres of grass land, the balance being in cultivation. Mr. Wheeler said he expects to build up a registered Hereford herd on the place. He maintains a herd of registered Herefords on his place in Hale County, down near the Lubbock County line.

### VISITING HERE

Mr. and Mrs. C. C. Precure, of Oklahoma City, are visiting here this week with his brother, Raymond Precure and family.

## Small Grain Insect Infestations Discussed By Entomologists; Area Survey Results Are Shown

When does it pay to spray for small grain insects?

That's a common question among farmers now since many small grain pests — greenbugs, winter grain mites and brown wheat mites — are on the move.

Control measures against greenbugs in fall-seeded grains are warranted when 100 or more are counted per linear foot, advises Dr. F. M. Fuller, extension entomologist.

An infestation count will give the insect population. A minimum of five counts consisting of one running foot each, should be made at random diagonally across the field, Fuller says.

In spring-seeded grain an average population of 25 to 50 greenbugs may warrant chemical control.

Use one-fourth to one-half pound of actual parathion in emulsion form to the acre, he recommends. If the emulsion concentrate contains two pounds actual parathion per gallon, apply at a rate of one to two points per acre in at least two gallons of water. Application should be made when the temperature is above 50 degrees.

### GREENBUGS

Small grain insect surveys made from January 7 to January 14 in 20 Panhandle Counties indicate that the greenbug situation remains about the same as reported in the last Entomology News. Cooler weather has apparently destroyed some of the beneficial insects as the predator ratio is now considerably lower than previously reported.

Greenbugs were found generally over the Panhandle; however, populations were much lighter in the northern counties than in the southern counties. No greenbugs were found in Dallam, Hartley and Lipscomb Counties. Other northern counties averaged from 1 to 5 greenbugs per linear foot, with the exception of 1 field in Moore County and 1 field in Hansford County where 10 to 30 greenbugs per linear foot were found. A heavier than average population was also found in Gray County.

The southern counties averaged 3 to 10 greenbugs per linear foot. A few fields in Randall and Deaf Smith Counties have larger than average populations. Heaviest infestations were again found in the 2 irrigated fields in the Tulla area of Swisher County and averaged approximately 50 greenbugs per linear foot.

The decrease of beneficial insects may give the greenbug an opportunity to increase to damaging infestations. Unless moisture conditions improve, it is doubtful that control measures would be practical even though heavy infestations develop.

Winter grain mites — These pests are difficult to detect and usually first noticed when grain takes on a silvery appearance. The entomologist says infested plants are stunted but it's doubtful whether grain yields will be increased if the insects are controlled.

Chemical control is advisable when additional grazing is desired or when stands of very young grain are seriously threatened.

Either parathion or TEPP at a rate of one-fourth pound of actual material to the acre will kill the insects.

## Feeders Warned About Toxic Feeds By Agent Adams

Hog raisers in this area who are feeding their swine on warehouse sweepings or weevil damaged chick starters were warned this week by County Agent J. K. Adams of the possible danger of toxic Nitrophenide, in these feeds that are harmful to hogs.

Adams said that baby chick starters frequently contain Nitrophenide, a chemical that prevents outbreaks of coccidiosis in flocks. The chemical is frequently found in quantities sufficient to be harmful to swine.

Numerous cases of heavy death losses have been reported by hog feeders in other areas, the Agent reports, where such feeds have been used. When feeds containing Nitrophenide were fed to hogs the animals showed scouring and stiffness. Death resulted on the third and subsequent days.

4-H club boys in particular were warned about using baby chick starter feed for their swine herds, the agent stressed.

### WERE IN OLTON

Mr. and Mrs. C. C. Anders and Bonnie visited Sunday in Olton with Mr. and Mrs. Dale Dudley.

### VISITED IN ABILENE

Following the installation ceremony, members of the Muleshoe Lodge served a delicious salad supper.

Thirteen members from the lodge at Earth attended.

### Fifteen Attend WSCS Meeting

"Help Somebody Today" was the opening hymn when the WSCS of the First Methodist Church of Muleshoe met Monday at the regular hour in Fellowship Hall.

Fifteen members were present. Mrs. W. D. Moore brought the devotional, taking her scripture from Matt: 24:14, Romans 3:21, Isaiah 51:19, and Romans 2:15.

Program leader, Mrs. Clarence Stephens used as her theme, "World witness of Methodist Women on home fields."

A talk on "Social Welfare and Medical Work" was given by Mrs. I. F. Willman, and Mrs. Arnold Morris reported on "Town and Country work". Mrs. S. C. Beavers gave an interesting talk on "Urban Work".

Mrs. H. Jay Weyer conducted a short business session after which she dismissed the group.

Those present were Mmes. H. Jay Weyer, J. J. Gross, Roy Bayless, Frances Blair, W. D. Moore, O. S. Richards, S. C. Beavers, I. F. Willman, Arnold Morris, Clarence Stephens, C. R. Farrell, H. M. Shofner, W. F. Birdsong, J. E. Day, and L. M. Fowler.

The next meeting will be January 23, at 2:30 at the Church.

### Thirteen Attend Co-Workers Meet

Co-Workers Sunday School class of the First Baptist Church held their business and social meeting January 13, at 7 pm at the home of their teacher, Mrs. W. E. Payne.

Mrs. C. E. Layne presided over the business session, and opening prayer was given by Mrs. Remund.

The inspiring devotional was brought by Mrs. McDonald, who used as her subject, "Prayer and Prayer Life". Reports were given by group leaders and the treasurer. A report was given on the Christmas box which was presented to a needy family, and a discussion followed.

Entertainment was furnished by Mrs. Browder and Mrs. Remund.

Angel food cake, coffee, and cocoa were the refreshments served.

### Church Group Helps Plan Baptist Meets

A group from the First Baptist Church here journeyed to Lubbock last Thursday and Friday to attend the North Texas Evangelistic conference.

The main purpose of the meeting was to lay plans for simultaneous Baptist revivals to be conducted in Texas this spring. Principal speakers at the two day meeting were Carl Bates, and Angel Martinez.

The meeting, a follow-up to similar conferences held earlier in Houston and Dallas, drew overflow crowds to Lubbock's First Baptist Church, and speakers were heard from states throughout the territory covered by the Southern Baptist Convention.

## McCall's Awards Given Recently To Piggly-Wiggly

Piggly-Wiggly Supermarkets have received the McCall's Magazine citation for "distinguished service through advertising", Harold Humphries, the firm's vice-president, announced today.

In competition with more than 2,500 supermarkets in the United States and Canada, Davis & Humphries, owners and operators of Piggly Wiggly and D & H Supermarkets, received McCall's awards for exceptional advertising service to agriculture and to national brands.

The winning Piggly Wiggly advertisement appeared in The Muleshoe Journal and other South Plains newspapers. They were selected for the distinguished service awards by a jury of food industry experts. The McCall's citation praises Piggly Wiggly "for excellence in informing its customers."

In making the award to the local supermarket organization, William B. Carr, vice-president of McCall's Magazine, said: "Your advertising has contributed greatly to making more food available to all at a constantly lower cost."

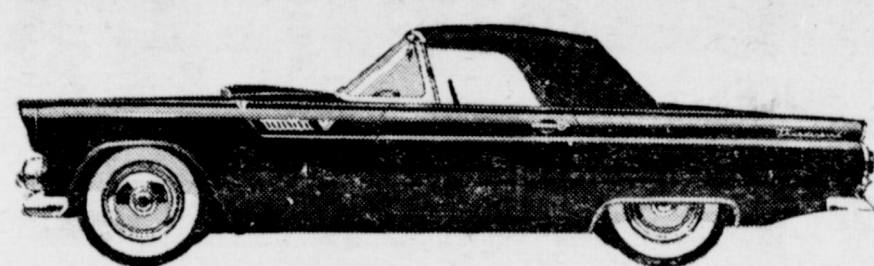

Piggly Wiggly agricultural service award was for 1954 advertisements selling farm products or presenting the story of the supermarket's service to the farmer. The national brands award was for advertisements tying-in with national food promotions.

### Mrs. Stephens Is Leader For WSCS

Mrs. Clarence Stephens acting as leader, the W. S. C. S. of the First Methodist Church met at the Church Monday for a business and social.

Mrs. W. D. Moore opened the devotional with the hymn, "In Christ There Is No East or West". Scripture was taken from Matt. 24:14, and silent prayer was held for the work of the church in foreign fields.

Continuing the theme, "World Witness of Methodist Women in Work in the foreign fields", Mrs. Stephens gave a talk on Africa.

Other ladies taking part on the program were: Mmes. H. Jay

Wyer, O. S. Richards, F. M. Birdsong, and J. E. Day.

A short business session was held, with Mrs. C. R. Farrell reporting on the sub-district meeting in Oton, Tuesday, January 18. Mrs. Joe Walker of the Progress WSCS was elected sub-district leader for the coming year.

Mrs. Mattie Griffin, a visitor, dismissed with a prayer.

Ladies attending were Mmes. Clarence Stephens, F. B. Pierson, S. C. Beavers, O. S. Richards, J. E. Day, W. D. Moore, C. R. Farrell, H. M. Shofner, H. C. Holt, Arnold Morris, H. Jay Wyer, W. F. Birdsong, and Mattie Griffin.

### Miss Marion Clark Harris Is Honoree Of Coffee At Woodley Home Saturday

Miss Marion Clark Harris, bride-elect of Bobby Ross Goodwin, was the honoree at a coffee from 9:30 until 11:30 Saturday morning, at the home of Mrs. Noel Woodley.

In the receiving line was Miss Harris, her mother, Mrs. M. F. Harris, Mrs. Ross Goodwin, and Mrs. W. A. Clark, grandmother of the bride-elect.

Decorations were beautifully carried out in pink, chosen color of the honoree. The serving table, covered with a lovely pink satin cloth, was centered with an arrangement of English ivy, sprayed with pink and glitter; a pink bride-doll holding a nosegay of pink roses, and triple candelabra holding tall pink candles.

A side table was decorated with a lovely pink bride-doll resting on a cloud, and on the mantle was a crystal goblet holding a beautiful arrangement of pink flowers.

Friends of the honoree, who will be attendants at her wedding, presided at the guest register and served refreshments to guests. Mrs. Cecil Mardis and Mrs. Gerald Byrd alternated at the guest register, and Ann Woodley, Bettie Collins, Lola Roark, Ginger Gaede, Barbara Douglass, and Mrs. Jimmy Pressley served.

Apricot bread, tiny sausage rolls, fruit, coffee and mints were the refreshments served. Plate favors were tiny cards with wedding bells tied with pink satin ribbon on which was printed in silver, "Marion and Ross, January 29".

Hostesses for the occasion were: Mmes. Morris Douglass, A. J. Lenderson, Bill Collins, Cecil Mardis, Raymond Gaede, Dee Clements, A. S. Stovall, Sherman Inman, Sam Fox, Sherman Sweatmon, Gerald Byrd, C. E. Roark, and Noel Woodley.

### Needmore, Morton Lodges Installed Officers Tuesday

Needmore Lodge hall was the scene as a joint installation of new officers was held by the Needmore, Rebekahs and Rebekahs of the Morton Lodge.

Outgoing Noble Grand of the Needmore Lodge is Ruby Brashier and Incoming Noble Grand is Marie Allen.

Other new officers installed by the Needmore Lodge included Mary Shackelford, vice-grand; and Betty Hopper, secretary.

Twenty-three members of the Needmore Lodge attended, and eight members from the lodge at Morton.

Following installation services, refreshments of pie and coffee were served.

### Progress Member Elected Sub-Dist. President of WSCS

Mrs. Joe Walker, president of the Progress WSCS, was elected president of this sub-district of the WSCS at the district meeting which was held in Oton last Tuesday.

Progress members attending the meeting other than Mrs. Walker were Mmes. Byron Gwyn, Mattie Griffin and Carol Jones.

Regular meeting of the Progress society convened at the Church on January 20. Mrs. Carol Jones had charge of the meeting, which opened with a business session.

Suggestions were made for raising money, and plans were made for a fish-try for the Methodist men on January 24, and for a breakfast for the ladies on January 27.

Devotional was presented by Mrs. Ruby Actkinson, who used as her topic, "The City". "Blessed Assurance" was played softly for meditation music and Psalm 196 was used as a call to worship. Mrs. Johnnie Westbrook offered prayer. The worship center for the devotional featured a large picture of Christ on a hillside gazing at the city of Jerusalem.

Mrs. Doris Wedel presented a talk on the fourteenth annual report of the WSCS. She stressed especially the work of the home and foreign missionaries whom the society helps to support.

The meeting was dismissed with a benediction.

### Where's the smart place to put your savings?

Today millions of Americans will tell you that the smart place to save your money is an insured Savings and Loan Association. They'll give you three good reasons why this is so . . .

1. You're smart to put your money where it brings you excellent returns. Insured Savings and Loan Associations can invest most of their funds in sound, steady-paying home mortgages. They really make your money work hard for you.
2. You're smart to put your money where you know it's safe. In these Associations, it's protected by good management and substantial reserves. And the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government—insures your savings up to \$10,000.
3. You're smart to deal with friendly, experienced people. People who really know their communities. People who are right on the spot when you need them.

So it's hardly surprising that Americans are now putting more of their hard-earned savings account dollars into insured Savings and Loan Associations than they put anywhere else.

And here's another important point: When you're thinking of buying a home, remember that these Associations are the nation's largest single source of home mortgage loans! They make liberal loans. They see to it that you get the money quickly—and at moderate rates.

Shouldn't you get to know an insured Savings and Loan Association in your community? You'll find it's a mighty good place to do business!

"PARTNERS"

The yardstick by which communities are judged is often the amount of money deposited in banks. This is not a fallacy, only it does not often tell the full story of a community and its growth or regression.

Muleshoe showed "bragable" deposits at the end of the year, enough to make us all proud of the economy and thrift of our people.

Although building permits are not required here, and there is no accurate way of knowing exactly how much money was spent for construction during 1954, it is safe to assume that considerable funds were used for that purpose also.

We can look with pride on the beginning this week of construction of our new junior high school and enlargement of our senior high school cafeteria.

We can boast too of the new families who are moving onto the ranch land about us to begin farms and homes and to become a part of our community.

But we cannot fail to cite the advances being made by our churches, when we count our blessings in growth, both materially and spiritually.

Our church families are outgrowing their meeting places. Within the past two months, two congregations have announced their plans to build new edifices here for the purpose of public worship.

This is an all important segment of our community growth that reflects better than any other, perhaps, just how fast our community is maturing.

It is heartening to know that our people are not so caught up in the pursuit of material gains that they can forget their spiritual needs.

It is equally heartening to see the crowds of folks entering our churches each Sabbath morning. And if some of them are a little overcrowded, that is all to the good, for nothing grows without some growing pains.

The benevolence of The Almighty is reflected in more places than our churches.

We do not prosper alone, and the trend to increase church attendance is nation wide. Whether or not it is world wide, we do not know, but in the United States, churches are joyfully finding themselves packed to overflowing each week end.

Perhaps this betokens a return to a more spiritual life in this United States. No doubt some pundits could draw great moralistic lessons from this trend.

But to us, it simply indicates that people who prosper, are usually in partners with The Almighty.

Light Their Lives With Faith

In the first week of January there appeared on certain billboards along the highways of America the picture of a father and mother leading their children to Church. The caption, LIGHT THEIR LIVES WITH FAITH, is the heart of the nation-wide crusade for church attendance from January to Easter.

The message from God of faith and love and long suffering revealed in Christ is still the answer to our real problems. Neither the atom bomb, the hydrogen bomb, nor the cobalt bomb is the answer. These lead to destruction, and destruction is not the goal of civilization. To believe in God is to affirm hope in the future of mankind — hope that man will not become more destructive and more selfish but more inclined to brotherhood and cooperation.

Abundant life and the brotherhood of all men under the fatherhood of God is the ultimate answer. The high destiny of mankind lies in the direction of more friends and fewer enemies, more truth and less falsehood, more sharing and less selfishness, and peace in place of war. No enduring victory can be won except that which is won by love and understanding. History will vouch for this fact.

Then LIGHT THEIR LIVES WITH FAITH. Join the crusade for regular Church attendance January to Easter for GOD IS OUR STRENGTH.

Rev. Carrol M. Jones

Today's Meditation

Read Jeremiah 28:12 or Matthew 20:20-28.

The Lord sent me to prophesy against this house and against this city all the words that ye have heard (Jeremiah 28:12).

One day Jeremiah had stood in the court of the Lord's house and spoken to the people, calling them to repentance. The priests, prophets, and people seized him and said: "Thou shalt surely die." During his brief defense, he spoke the words of our text. The accusing ones could not but admire him for the courage and his convictions. Their respect was all the greater when he said: "As for me, behold, I am in your hand: do with me as seemeth good and meet unto you." He put the burden on them.

Jeremiah was acquitted. The verdict was: "This man is not worthy to die: for he hath spoken to us in the name of the Lord our God." Because the spirit of God was in Jeremiah, he properly viewed his own life. He saw aright also the relationship between God

and himself, God and the people, and the people and himself.

In every age God gives to those who devoutly love Him and obediently follow Him in a true view of life.

PRAYER

Our Father, we find inspiration in considering the lives of Thy servants, past and present. Grant us that holy view of life as found in every close follower of Thine. We pray that the mind of Christ may be in us. In His name. Amen.

THOUGHT FOR THE DAY

To see life from God's viewpoint, we best see it through the spirit and mind of Christ.

Russel Q. Chilcote (Tenn.)

SAND HILLS PHILOSOPHER

Figures Out Universal Plan For Buying Everything From Now On On Terms

Editor's note: The Sand Hills Philosopher on his Johnson glass farm has an impossible idea this week, which isn't rare for him.

Dear editor: As an admirer of the down-payment system, under which a man can have the use of nearly anything all his life without ever really owning it, I was interested in reading last night about a new system of installment buying.

That is, it isn't exactly new, but it's an enlargement and improvement of the present system, and I think it deserves more attention.

According to this article, there's a man out on the West coast who'll not only sell you a house and a lot on the "installment plan" but he'll include a new car in the garage, I guess with the tank full of gas. One payment each month takes care of the house, car, and gas.

This strikes me as having unlimited possibilities, capable of lots of refinements. For example, under the present system, a man sometimes is pulled and tugged in several different directions by that many salesmen trying to sell him something on the installment plan, and after he buys a few articles he has a hard time just keeping track of where to send the installments each week. Occasionally a man winds up with more installments than his salary comes to, and that may keep the wheels of the hauling vans moving but not the wheels of industry.

Under my system, all this will be eliminated. Say a young couple is just starting out but isn't willing to live any less comfortably than if they had already succeeded. You sell em a complete layout, from a house with hardwood floors to a new car in the garage, including of course television, air-conditioning, central heat, automatic washing machine, clothes drier, carpet grass, electric lawnmower, life insurance, adequate clothes, grocery allowance, etc. Then figure out, on a graduated scale, what his income will be for the next forty year, figure out his weekly payments on a graduated scale, the more he makes the more he pays for the next forty years, allot him two dollars a week for pocket change, and pay the rest directly over to the super finance company.

There ain't no sense in a young man waiting until he can afford to live like he wants to, let him buy everything he can dream of

at the start and sign up for this life-term installment plan.

This way everybody can have everything he wants and won't anybody hardly ever get thrown out of work, because you let one man miss one payment and the whole system might collapse.

If I owe a balance on my subscription, just hold it until this plan gets into effect.

Yours faithfully, J. A.

CHRISTIAN SCIENCE SERVICES

A leading point which will be brought out in the Lesson-Sermon in Christian Science churches this Sunday is that to sincerely live and actively practice the love that God gives us, is to be obedient to God, and is the basis of healing as practiced in Christian Science.

The following selections from the Lesson-Sermon entitled "Love" will be read from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"My little children, let us not love in word, neither in tongue; but in deed and in truth" (1 John 3:18).

"The letter of Science pentifully reaches humanity today, but its spirit comes only in small degrees. The vital part, the heart and soul of Christian Science, is Love. Without this, the letter is but the dead body of Science,— pulseless, cold, inanimate" (p. 113).

The Golden Text is from Psalms: "How excellent is thy loving kindness, O God! Therefore the children of men put their trust under the shadow of thy Wings" (36:7).

BABSON DISCUSSES—

Business Worries

An article in Reader's Digest for January by J. D. Babson causes me to write on a subject which has tempted me for some time.

HEALTH OF COMPANY EXECUTIVES

After forty years, during which I have studied company earnings, I am convinced that a definite relationship exists between the earnings of a corporation and the health of its officials. Most cases which I have studied to ascertain the reason for a company's declining business in a growing industry have shown the answer to be in the failing health of the President or of the Sales Manager or of some other top official!

A man may be able to go to the office each day and put in his eight hours; he may answer his mail and preside at all required meetings; but he may have no pep or zest for doing any extra work. Companies which do not go ahead by extending their lines or their territories are going backward. This is very likely to be true of a company whose top official is not in A-1 health.

CAUSE OF POOR HEALTH

According to the above-mentioned article, the basic cause of most illness is stress and strain. The doctors talk about bacteria, viruses, high blood pressure, weak hearts, etc.; but the real cause is worry. The average businessman must drive himself all day and go out with his wife or associates every night. The result is that without sleeping pills and aspirin many concerns would be obliged to close up.

Investors ask me how is it that the stock of one concern listed on the Big Board has been constantly climbing each month the past year, while that of another in the same industry has not moved a point. The answer could probably be found by any doctor permitted to diagnose the head men. Some day, company directors who now spend so freely for financial audits will be willing to submit to their stockholders annual health reports on all their officials. I forecast that this will

be the day when the stocks of many so-called "sleeping companies" will zoom upward.

WHAT ABOUT ACCOUNTANTS?

Of course, I believe in the work of accountants; but has not much of this work become so routine and late that neither directors nor stockholders give much thought to audits? As a result, accountants are coming to be classed as "morticians". Formal audits can become mere "autopsies". I forecast that a great change is coming in this connection.

I believe in the importance of studying figures; but I am sure that the condition of the "two-legged" figures of a management are far more important to the stockholders than the "mathematical" figures. Some day there will be a great awakening along these lines. Men will be retired and pensioned according to their physical condition, rather than simply according to their age. Incidentally, I believe President Eisenhower's interest in better health could result in greater earnings for most companies and better wages for many employees.

PROFITS VS. WORRIES

But the President should not be content to talk about health.

Why not go to the root of the difficulty and talk about "stress", as does the author of this Reader's Digest article? Instead of spending billions of dollars opening new hospitals, the President could solve the problem by closing scores of useless Bureaus and Commissions. These are primarily the cause of the stress and worry which are bringing about the breakdown of executives, foremen, and especially employees being paid by "piece work".

Did you ever think why Jesus has been called "The Great Physician"? Have you noticed how very little is written in the Bible about illness? Very few accounts of Jesus' followers indicate that they died of any disease. Certainly — if they were not martyred — they lived to a very old age. The answer may be that they followed Jesus' constant

teaching not to be too anxious for the things which the world seeks. Jesus taught that stress and worry are futile. Even 1500 years before that, Moses gave some good health advice in the Tenth Commandment. See Exodus, Chapter 20, Verse 17.

"Thanks to G-E push-button control, son—"

Starting our pump is easier than turning on a faucet!"

"It sure is easy to start our pumps with General Electric controls. Just push a button and the pump starts—that's all there is to it with G-E magnetic starters! "And you can forget about this control once it's installed. That's because its all-weather case is so well protected from rust, rain, and all kinds of weather. Even the push buttons are weather-resistant! "Now take the overload relays that protect our motor from overheating. They're in a special ventilated compartment so that the heat from the sun will not cause them to prematurely shut off the motor. This compartment is also protected with a rust-proof screen to keep out insects. "All-weather protection for the control means continued protection for the motor because the control guards our motor against damage from overloads and short circuits. And the motor itself is built to last a generation or more! Its controlled bearing lubrication and sturdy cast-iron housing keep it ready for service whenever we turn it on. "Son, General Electric knows our irrigation pumping problems and has the right motor and control team to solve them completely!"

### What's new with Chevrolet... everything!

Here are just a few of the features that make the 1955 Chevrolet an utterly new kind of car. It is a low-cost car, with low-cost gasoline economy and maintenance. But in everything else it rivals the finest—in styling, handling ease, riding comfort, acceleration, a full range of power assists and drive options. Call us—today—for the most eye-opening drive you'll ever take.

<b>8</b>	 Sweep-Sight windshield gives safer wide-angle view.	 Tubeless tires are standard on all models, offer more protection against blowouts.	<b>6</b>
 "Outrigger" rear springs are set wider apart to resist body-roll, permits lower frame.	 Glide-Ride front suspension with spherical joints gives softer flexing over bumps.	 Anti-Dive braking control checks tendency of front end to nose-down during fast stops, keeps car "heads up."	 New "Blue-Flame 123" engine has six-cylinder economy, better cooling and lubrication.
 Glass area is up to 18 per cent greater so all passengers get a broader panorama.	 Lower center of gravity provides greater stability on curves, better road-holding.	<b>HOTCHKISS DRIVE</b> HOTCHKISS DRIVE lets rear springs absorb acceleration and braking thrusts and lowers the center of gravity.	
 12-volt electrical system gives easier winter starting, higher voltage for all speeds.	 Swing-type brake and clutch pedals permit draft-free seating of passenger compartment.	 Bodies are wider inside, with more room for hips, hats and shoulders, both front and rear.	 New "Touch-Down" Overdrive* transmission reduces engine speed 22 per cent.
 High-level ventilation intake at base of windshield picks up cleaner air above road fumes.	 Over-all height is cut as much as 6 inches without any sacrifice of headroom for passengers. #### NEW COTTON INSECTICIDE TESTS

Two new experimental insecticides for possible future use on cotton are showing good promise in tests being performed in Texas at present.

The organic phosphorus chemicals have proved deadly to the boll weevil, pink bollworm, cotton aphid, spiker mites, cotton leafworms, flower thrips and cotton flea-hopper in control tests. Conclusive evidence is still being sought but tentative results are excellent.

Chemically the materials are: (1) benzol triazine derivative of a dithio-phosphoric acid ethyl ester, and (2), equally impressive is benzol triazine derivative of a dithio-phosphoric acid methyl ester. The first has been designated as 16259 and the second 17147.

In tests at College Station, compound 17147 provided 100 percent kills of the boll weevil at spray rates as low as one-fourth a pound per acre. The second compound provided similar complete control at one-half a pound per acre rate.

One of the most promising features is attributed to compound 17147. It may prove effective against the pink bollworm which has denied most poisons for many years.

Early tests with this compound under laboratory conditions field-tested against heavy infestations in south-central Texas during the cotton season last fall. Seven applications of DDT, at two rates, and 17147 were dusted on infested cotton during a month-long trial. Six days after the first application, 11 percent of the cotton bolls were found damaged in plots treated with 17174. Boll damage ranged between 17 and 22 percent on DDT-treated plots and 24 percent on an untreated check plot.

Compound 17147 also prevented a damaging buildup of the cotton aphid and the plants remained green and luxurious during the test.

## NOTICE! TO PARENTS of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1955, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in the census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 21 you are being overlooked and should do one of the following:

1. Phone Supt. Jerry Kirk at No. 7300 or the School Tax Office No. 6720 and ask for a census blank.
2. Call in person at the School Tax office and get a census blank and fill it out.

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six years old who start next September to school are the ones most often overlooked in the census. Failure to count them costs the school and the taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

## Sneed Sees New Ferguson Tractors At Recent Meeting

D. H. Sneed took a good look into the future of farming methods when he attended a Ferguson dealer's meeting recently. Mr. Sneed has returned prepared to tell farmers of Bailey County of the new and exclusive features of a new model Ferguson Tractor reportedly years ahead of its time. The new model introduced at the dealer meeting revealed the results of more than three years of research by Ferguson engineers. They have incorporated into this tractor inventions and combinations of features that have long been wished for by the farmer, but never before offered by any manufacturer. Some of these inventions are fully as spectacular as Ferguson's intro-

duction of the original 3-point hitch and hydraulic draft control system, the dealer reports. Mr. Sneed will introduce the new tractor to local farmers as soon as his initial shipment arrives.

### PARMER COUNTY Farm Bureau News

By RAYMOND EULER

70,000 present victims of Polio will be recipients of needed treatment and care made possible by contributions you make this month to the March of Dimes. We are glad you are responding liberally in Parmer County, as you always have when the drive was announced.

In these days of subsidies, and the growing insistence by some groups that our government must be the source of help in emergency, and even in regular periods of production, distribution and research, it is heartening to be a part of a movement that is supported entirely by voluntary individual contributions. This is, after all, the American way of doing things. It has been, and is now being demonstrated, that when the American People recognize a common cause and are convinced that they can do something about it, they will do it wholeheartedly.

Significant in the fight against Polio is this fact: if the Salk Vaccine proves effective this spring, when tests have been evaluated, it will mean that the vaccine has been developed and proven within a period of less than fifteen years. Other vaccines, such as Small Pox, Typhoid, and others, were under experimentation and development for periods of about a hundred years before they were acceptable even to limited groups of medical authorities as being first, safe, and finally, effective for their intended use. Safety of the Salk Polio Vaccine has already been proven, in less than one year. The factor of effectiveness for its purpose will be proven this spring. If it is positive, which everyone, of course hopes it will be, nine million shots will be given to the first and second graders of American schools. Within four to six years, it will be possible for you to know your child or you will not have Polio, if these evaluations, soon to be known are favorable. It's worth every dime and dollar we give to the March of Dimes, isn't it?

Why not express your appreciation to the community workers in your town or area? Most of them have given a good part of January the last several years to help you in your fight against Polio. They appreciate your generosity. Tell them you appreciate their encouragement and leadership.

Consider This: The rich and poor meet together: the Lord is the maker of them all. Prov. 22:2.
