

Area School Boys Eligible To Play In Babe Ruth League, Organized Here

HERE AT HOME

By J. M. FORBES

DID YOU KNOW:

There are 524,800 acres of land in Bailey County. Of this total, cropland acres number 335,000; 183,000 acres are in pasture; and miscellaneous acres (land used for dwellings, waste land, etc.) number 6,800.

Now we come along and add in the neighborhood of 15,000 more crop acres in the county. Lonnie Bass, the ASC man, says his office has received applications for new land crop allotments on that many acres.

Of course you have to remember that there are some 7,000 or more new crop land in adjoining counties that lie in Muleshoe trade territory, making some 22,000 new acres for this year and last year, to be added to the crop producing potential of the trade area of which Muleshoe is the hub and center.

Here in Bailey County, still quoting Lonnie, we have some 135,000 acres under irrigation, on which land crop failures are never counted upon.

APRIL FOOL!

There never was and probably there never will be a man named Alexander Merriweather Screwdriver, from Muleshoe, Texas, or from any other point in Texas for that matter. It came out in all the Associated Press papers that a man named that had been arrested in Tulsa. The reporter who filed the story April 1 admitted later that he was spoofed, but the man really gave the police this monicker and address to begin with. Well, that ends that, but probably this writer will still receive inquiries about it to add to the 1727 we already have had.

S. L. Boles: I heard a man say the atomic explosions are disturbing the weather, maybe causing our long droughts. I have been here 30 years and I can assure you it was dry at times long before the atomic bomb was invented.

Young Installs Trailer Court

W. E. Young recently installed a trailer court here on short notice. Learning on Friday that a crew to be stationed here needed space for 14 house trailers, he got busy Saturday and provided a place for them.

He has a nice 14-unit place. It's located near the city water reservoir in the west part of town, and it's modern and convenient.

The crew people filled it up the first day. They are now except for four trailers but Mr. Young expects a continuing demand for the facilities he has provided. He plans to improve it as time goes on.

Millen To Again Head Farm Bureau

Bill Millen was reelected president of the Bailey County Farm Bureau when directors met to reorganize here Tuesday night. This will make three terms for Millen.

Jimmy Wedel was chosen as vice-president and Joe Sooter was reelected secretary and treasurer.

Organization of a Babe Ruth Baseball League for Muleshoe was perfected last week. L. S. Barron was elected president of the board, Gilbert Lamb, secretary; Tom Morgan, Morris Childers, Houston Hart, Paul Brock and Lowell Irvin St. Clair, directors.

There will be four teams, sponsored by the following: Irrigation Supply & H. D. Crawford Drilling; St. Clair Stores; Johnson-Pool Tire & Appliance; and E. R. Hart Co.

Team managers will be Karl L. Lovelady, Martin Oliver, Owen Jones, with one manager to be announced. D. D. Crawford will act as umpire in chief. Boys age 13, 14 and 15, in Muleshoe, Three Way Circleback, and Lazbuddie school districts are eligible to play in this league, and application blanks will be furnished them at their school.

The Babe Ruth League is another effort on the part of the people of Muleshoe to afford recreation for the boys through the summer. They will have their own field, and any person who desires to help see that the work is carried out can make contributions through any of the officers, directors, managers named above.

Nazarene Church Plans A Special Easter Service

Special Easter services are scheduled for 9:45 a.m. Easter Sunday at the Church of the Nazarene, located at Ave. C and West 9th. Rev. J. E. Perryman, pastor announces.

A beautiful Bible will be given to the person bringing the most people. In addition awards will be presented to the largest family, youngest mother, and oldest mother.

The program will include a special Easter message by the pastor.

Sickness May Weaken '55 Mules

With an unsure step the Mules of MHS approach the testing period of the '55 field and track season. Next Saturday, April 16, is the day set for the District 4-A track meet, to be run on Texas Tech's cinder track at Lubbock.

Capping the headaches facing coach Bill Taylor is a promising mile relay team that has been crippled by the absence of Gaylord Tate, who is illing with the mumps. Tate was put to bed Sunday following a good showing at the Panhandle Relays last Saturday. A possible shake-up of distance men is coming as Tate to date has been the only Mule cinderman running the quarter.

It is probable that local fans watching the district events will see Doyle Henry representing Muleshoe in the 440 and Eddie Wilt left to carry on alone in the 880.

New power in the long distance field has come in the form of R. L. Gabbert who will be in top shape for the mile run by the 16th. Gabbert began working out with the squad Monday.

When the adjustments are made the Mules can climb plenty high on the list of West Plains powers.

This season District 4-A will include: Littlefield, Muleshoe, Post, Slaton, Tahoka, Brownfield and Morton.

Easter Stirs Religious Activity

Peace in today's world of war and confusion is perhaps the most desired thing in the universe, and this Sunday Christian people of all nations will turn with renewed faith to the answer to that age-old quest, The Prince of Peace.

Christian leaders of all the world's churches seem in this day to sense an urgent need of religious revival. As the Easter season is observed in 1955 signs are everywhere that the man on the street may at last be taking to heart the pleas of the world's pulpit.

Churches throughout the area surrounding this capital city of the West Plains are well in step with today's simultaneous crusade. Two revival campaigns will close in Bailey County on Easter Sunday and two other churches will be opening similar meetings.

Evangelist R. Luther Kirk and wife have been engaged in a meeting at the First Methodist Church here since April 3, and will conduct the closing services Sunday, S. A. Freeman of Olton, Texas will also preach the final messages of a Gospel meeting at the Needmore Church of Christ on Easter.

Evangelist D. D. Sumrall and music director Charles McDonald will conduct the opening services of a two week campaign at the local First Baptist Church this week, and April 10-17 will mark the days scheduled for services to be conducted by Rev. Edgar Tatum at the Calvary Baptist Church here.

Highlighting local Easter services will be a sunrise service to be presented at Cox Drive-In through a united effort of city churches. The early morning program will be under the direction of youth workers from the Muleshoe First Methodist Church. Everyone is invited to be on hand shortly before sunrise to thrill to the beautiful music and settings surrounding the resurrection scene.

As if it was a carefully planned followup to the present city campaigns two similar revivals will get underway in the weeks immediately following the Easter season. On the 15th Evangelist Dewey Horton of Amarillo, will open a two weeks meeting with the help of singer Norman Blake of Plainview at the Baptist Mission here. Then on the 17th Rev. Jesse G. Cooke, Uvalde evangelist, and Milton Martin from Wayland College in Plainview will begin a week's stay at the Lazbuddie Baptist Church.

This Easter Sunday the church of your choice is extending to you a special hand of welcome. In America the privilege to worship as we please is often look at in a far too careless manner. If you really want to do your part to fight national aggression, give your children the right to start in life, or find the answer to life's greatest problems, go to church next Sunday morning and join in a renewal of faith with the millions who will hear the Easter text read by preachers of every denomination and in every language.

"In the end of the Sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre.

And, behold, there was a great earthquake: For the angel of the Lord descended from heaven, and came and rolled back the stone from the door, and sat upon it.

His countenance was like lightning, and his raiment white as snow: And for fear of him the keepers did shake, and became as dead men, and the angel answered and said unto the women, Fear not ye: for I know that ye seek Jesus, which was crucified.

He is not here: for he is risen, as he said. Come, see the place where the Lord lay". (Matthew 28:1-6).

Rev. Kirk Talks On Lions Program

Rev. Luther Kirk, who is conducting the revival services at the First Methodist Church, was the principal speaker for the Lions Club luncheon Wednesday.

Also on the program were Frank Benites, of Muleshoe, and Andy Sutter, Clovis, who discussed the baseball situation in Clovis, where the Pioneers are members of the West Texas-New Mexico League. Sutter thanked the people of Muleshoe for their fine support of the team in the past and invited them to continue to enjoy games at Bell Park.

Al Griffin was in charge of the program for the day. Jeff Peeler, who acted as treasurer for the Lions Club wrestling program, reported that crowds at the events here have been fair, with the exception of the past Saturday night when a severe dust storm kept some fans away. The program will be continued every other Saturday night.

M'Shoe JayCees Elect Officers

Thursday evening, March 31, the Muleshoe JayCees met at Gerald's Cafe for dinner, and to elect officers for the 1955-56 term, which will begin May 1.

There were several candidates running for each office, and an unusual amount of interest was shown in the election this year. After much political activity, the following officers were elected:

President, Bill Wilson; 1st vice-president, Jess Winn; 2nd vice-president, George Bragg; treasurer, James Glaze; secretary, Jimmy Hall; parliamentarian, and chairman of the board of directors, Dr. B. R. Putman; and state director, John Smith.

The following men were elected as members of the board of directors: Clio "Tootie" Middlebrook, Bill Jim St. Clair, Herbert Griffiths, Sikie Watkins and James Crow.

District Farm Bureau Clinic To Be At Lubbock

A special training clinic will be conducted at the Lubbock Hotel in Lubbock, April 19, from 1:00 p.m. to 5:30 p.m., with a banquet following.

The purpose of this clinic is to better train and develop county leaders and personnel who have the specific responsibility of carrying out the business aspects and service-to-member programs of the County Farm Bureau. As these clinics have this specific purpose, attendance thereto, is being limited to county president, county secretary, service-to-member committee, office secretary and service agent.

It is sincerely felt that this is and will remain in the future, an important and integral part of the Texas Farm Bureau's ever expanding training programs, as Farm Bureau grows and develops on both the county and state level. Every specified leader and personnel in the county is urged to make the necessary arrangements to be in attendance at the district clinic.

Senior Class To Give Play Tonight

Eight o'clock tonight will be curtain time for the 1955 senior class production of "We Shook the Family Tree".

This delightful three-act comedy will open to the general public tonight after a matinee early this afternoon and will close with a performance especially for the junior high and high school students Friday.

Under the direction of Mrs. Horace Blackburn the cast this year promises those on hand to-night a performance equal to any past MHS productions.

Tickets will be on sale at the door, and will sell for 75c to adults and 25c to children under twelve.

Jackie Henderson, popular young entertainer, will be on hand to keep the laughs coming your way between acts.

Mission Revival To Begin April 15

A revival meeting will begin Friday, April 15, at the Baptist Mission, located at the corner of West 2nd and Ave. B in Muleshoe. Morning services are to be held at 10 a. m., and evening services at 8 p. m.

Rev. Dewey Horton, of Amarillo will be the evangelist and Norman Blake, of Plainview, will direct the music.

The church extends a cordial welcome to all for this meeting.

Threeway FFA Wins At Soil Judging

Two counties were represented Saturday when members of area FFA chapters and 4-H Clubs met here for the first annual soil judging contest sponsored by the Blackwater Valley soil conservation district.

Ranking first over the four teams entered was the Threeway FFA chapter with 398 points. Jerry Inman, a member of the second place Bailey County 4-H club, took individual honors after totaling 140 points from a possible 180. The Muleshoe FFA ranked third, and a handicapped two-man team from Friona placed fourth.

Competition was keen for second and third place individual honors. When the sheets were graded it was discovered that Benten Marberry of Threeway and the Bailey County 4-H club's Ross Langham had both scored 135 points. Langham was awarded the second place ribbon after edging Marberry in a tie breaking quiz-down.

Ribbons donated by the Muleshoe Rotary club were presented to the winners by past president of this SCD, Ray Carter.

Officials and personalities on hand for the event included: area conservationist, Homer Taff, district conservationists, Duane Barte, and Jack Douglas, soil scientist from Plainview, Texas, Herbert Bruns, three SCD supervisors, Burrell Black, "Shorty" McCall, and Ray Carter, Bailey County agent, J. K. Adams, Muleshoe FFA teachers, Charles Thomas and Bill Bickel, and Threeway FFA teacher, Ray Crawford.

Results of the contest were very satisfactory and all involved were well pleased with the excellent turn-out in spite of high winds and blowing dust.

Present secretary of the Blackwater Valley soil conservation district, Burrell Black, summed up the importance of training boys to evaluate land through contests like this with this statement: "In this country soil is next to our souls in importance".

HOME FOR EASTER

Billy Wayne Wagnon, student at A. & M. College, arrived home Wednesday afternoon to spend the Easter holidays with his parents and other relatives and friends.

Anderson, Towns Win Reelection To School Board

Two members of Muleshoe Independent school district board of trustees were reelected as 203 cast ballots in the election here Saturday.

David Anderson received 147 votes and Verney Towns had 142. E. W. "Ett" Evans had 63 ballots in the voting and F. W. "Chief" Jones polled 53 votes.

Holdover members of the local board are: James A. Cox, M. H. Ottwell, Gerald Allison, Buford Hunt, and J. H. Sowder. Anderson is president, Allison is vice-president, and Cox is secretary. The board will be reorganized at its first session following the election.

Mrs. Walter Witte was judge of the election and her assistants were Mrs. Henry Hanover, W. B. McAdams, and Mrs. H. O. Barbour.

San Angelo Man To Lead Revival

Everyone is invited to attend a revival meeting starting Sunday, April 10, at the Calvary Baptist Church. Rev. Wilburn P. Coffman, pastor, announced the revival will continue through the following Sunday, April 17.

Rev. Edgar Tatum, pastor of the San Angelo Baptist Tabernacle, will be the preacher for the revival here and old fashioned singing will be conducted by the congregation.

Calvary Baptist is located at Avenue G. and South Main street.

57 Workers Were Placed In March

Maurice Oden of the local Texas Employment Commission reports little difference in employment in March over February. In non-agricultural jobs he referred 63 applicants in which 57 were placed. This was 4 more than he placed in February. In agricultural work he referred 57 applicants of which 23 were hired. This was 10 less placements than in February.

Oden also says that the Texas Employment Commission has modified their methods of taking applications, whereby allowing him to get a better background of the applicant. He requests that all applicants visit him so that he may secure a new application from them.

Wayland College Hosts MHS Seniors

Wayland college, at Plainview, Texas, played host to more than 465 Seniors from West Texas high schools last Friday. Among those visiting the campus for the annual senior day was a good representation of the graduating class at Muleshoe High School.

Proud indeed was the local delegation when MHS exchange student from Germany, Hendrik Bruns, was honored as the student furthest away from Wayland College.

Registration was in the administration building from nine until ten a.m. and this was followed by an excellent program in the main auditorium, which featured the famous Wayland International Choir.

After being divided into various groups according to their registration tags the visiting seniors dined in the school cafeteria.

Following the lunch hour a play was presented by the Wayland speech-dramatics department, and the day was highlighted by the group getting a first hand look at Wayland's National AAU champion boys' and girls' basketball teams in action.

It was an interesting and fun packed day for all as Wayland went all out to show its best.

WTSC Choir Here

West Texas State College at Canyon presented their a capella choir in a well attended concert in the Muleshoe High school auditorium Tuesday night.

Keith Gaede, one time student at MHS and music major at West Texas, was featured on the night's program.

Members of the choir spent the night in homes throughout Muleshoe.

Compress Closes Season

Union Compress of Muleshoe is ending its first season of operation today, after pressing 81,000 bales of cotton. At 2:30 this afternoon quite a few men will be looking for another job, since the force of 65 will be trimmed to a regular off-season crew of ten or twelve.

Don Moore, manager of the compress, told The Journal that he and everyone connected with the plant and warehouses feel grateful to the cotton farmers, ginners, cotton buyers; to the volunteer fire department to all officials of the city of Muleshoe, and to the Santa Fe Railway for their splendid cooperation during the season.

Mr. Moore was proud that the plant operated at full speed, on a tight schedule, and wound up the year with only one injury; one man lost part of a thumb in an accident involving a band saw.

The compress received 81,835

bales of the 1954 crop. There remains in the warehouses some 20,000 bales that have not yet been shipped; all the rest has gone out to the big markets and gathering points.

Mules Place In 3 Panhandle Events

Dumas' Demons edged the Phillips Blackhawks to capture first place honors at the 1955 Panhandle Relays, staged at Panhandle this past Saturday. The home town Mules came in for seventh place mention in a field which included 26 top flight West Texas high school teams.

Muleshoe's Gaylord Tate led out in local scoring, placing second in the 440 yard run, and third in the 220 yard dash. Tate qualified for the finals in the 100 yard dash in 10:8.4. Mott of O'Donnell took the 100 with a 10.4 time.

Tate's time of :54 on the 440 was bested by a White Deer cinder man's :53.9. Smith of Hereford took the 220 in 23.9. Mott of O'Donnell was second with a :24, and Tate clocked a close 24.1.

With a large number of entries in each race the top men were running to beat the clock and not the man behind them.

Eddie Wilt ranked fourth in the 880 yard grind, timing 2:13.5. Vega's Price won the event in 2:09.6.

When the scores were totaled after the day long festivities in high winds and hindering dust, the teams ranked as follows: 1. Dumas; 2. Phillips; 3. Canyon; 4. O'Donnell; 5. Childress; 6. Hereford; and 7. Muleshoe.

Excepting unscheduled practice grinds the next meet ahead of the Mules will be the District 4-A event at Lubbock, April 16.

The Lazbuddie FFA Chapter would like to thank everyone who had any part in the conducting of the show. Especially all who donated to the livestock funds.

* Coach C. W. Dukes reports

the Lazbuddie FFA Chapter several entries in the Track and Field Meet in Friona Saturday, April 9. Some of the entries are: Jimmie Oliver who will run in the 100, 200, and the 440 relay; Glen Watkins who will participate in the high jump; David White who will enter the 220, 440, and the 440 relays, and the broad jump; Leon Smith is to enter the high hurdles, low hurdles, 100 yd. dash and the broad jump; Joe Briggs is in the high hurdles, low hurdles, high jump and the broad jump; Elmer Houston is in the 440 relay; Carroll Littlefield is to run the 220 and the 440 relay; Jim Gordon is on the shot put; and Durwood Teague is to run the 880.

* The home of Mr. and Mrs. John Agee was the setting for a surprise reception honoring Mr. and Mrs. Bert Gordon and Mr. and Mrs. Jimmie Dale Black on the occasion of their twentieth and first wedding anniversaries, respectively. Mr. and Mrs. Wesley Barnes were co-hostesses for the affair.

Maudine Barnes registered the guests, Rosemary Agee served the tiered pink and white wedding cake, centered with a miniature bride and groom, and Alice Gordon poured the pink fruit punch. The table was covered in ecru lace over pink, and pink and white tapers in crystal candelabra graced a centerpiece of wedding bells, flowers, and a symbolic wedding ring.

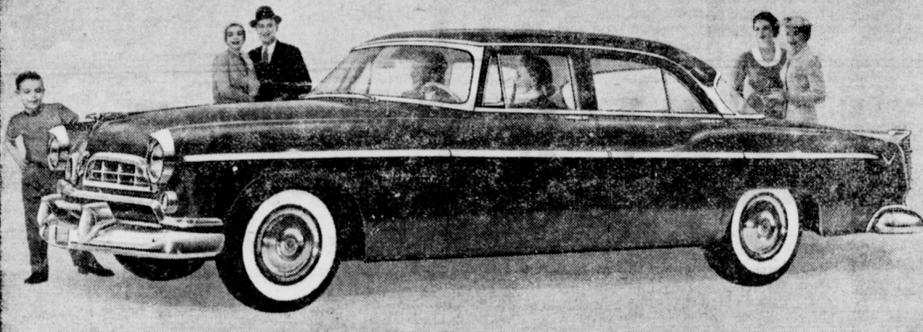

Rev. C. K. Roberts officiated at the wedding ceremony for Mr. and Mrs. Gordon when they repeated and re-affirmed their marriage vows. Mr. and Mrs. Black attended the Gordons. Mrs. Gordon and Mrs. Black were presented pink carnations corsages and Mr. Gordon and Mr. Black wore pink boutonnieres. Pictures were made and are to be presented to the honorees.

Friends and neighbors called during the afternoon to extend their best wishes and regards. Many lovely gifts were received by the honorees.

* Lazbuddie P. T. A. met in regular meeting on Monday night, April 4. In the absence of Mrs. C. C. Graef and Mrs. D. B. Ivy, Mrs. Jack Smith presided over the meeting. Mrs. Jimmie Ivy gave a treasurer's report.

* The Terria Blanca Association Youth Rally is to be held on Saturday night, April 9, at 7:30 in the Summerfield Baptist Church. All Baptist young people in this district are urged to attend.

THE 100-MILLION-DOLLAR LOOK!

CHRYSLER WINDSOR DELUXE V-8 4-DOOR SEDAN

A motorcar named TERRIFIC!

Take the word of the many thousands who have been switching to the beautiful Chrysler Windsor, Deluxe V-8—

There's an excitement about this stunning new car that's contagious. You'll feel it at the wheel. Your passengers will feel it. And those who watch you flash by will feel it, too!

You'll be absolute master of eighteen feet of sleek and stunning new motorcar styling. And it's a lot more than just a new look... It's a thrillingly different look from anything else you'll see, no matter where you drive.

By measurement, Chrysler is inches lower than other big cars. It's longer than ever—a breathtaking sweep of tailored steel that, even at rest, suggests pure motion.

You sit behind the only windshield that "wraps around" both top AND bottom to accent the car's look of forward motion. And it's this swept-back design that makes Chrysler's Super-Scenic Windshield the safest to see out of!

The wonders never cease, especially when you start driving. In the Windsor Deluxe with its brilliant new Spitfire V-8 engine, or the 250 hp New Yorker Deluxe... and with PowerLite automatic drive... you get a head start that's for keeps. And no other car in the world gives you Full-time Power Steering or bigger, smoother, safer Power Brakes!

Your Chrysler Dealer wants to show you the biggest dollar-value car on the road today. Stop by soon for the greatest motoring experience ever. Ten-to-one you'll call it "Terrific!"

Memorial Service For Naoma Alcorn Held By Lodge

At the regular meeting of Muleshoe Chapter No. 792, O. E. S., held Tuesday evening, April 5, a beautiful and impressive Memorial Service was held for Naoma Alcorn, who was Worthy Matron of the Chapter in 1946-47, and who was instrumental in organizing Muleshoe Assembly No. 161, Order of the Rainbow for Girls.

The obituary was read by the secretary, as the star points approached the Altar, holding lighted tapers which they placed thereon. "Lead Kindly Light" was played softly, by the musician, while a loving tribute was paid to our departed sister, by

the Worthy Matron and Star Points.

The Chaplain offered prayer, as she placed red roses and fern upon the altar and the scroll was placed there by the Marshal. A lovely pentagon was formed around the altar and emblems, by the star points holding violet colored chiffon studded with violets. Margaret Epps sang, very beautifully, "Beautiful Isle of Somewhere," accompanied at the piano by Elizabeth Gardner.

Regular order of business was transacted and invitations to attend Friendship Night were received from Friona and Sudan Chapters. Several members plan to attend these meetings, which will be April 11 and 18.

Delicious refreshments in Eastern motif were served by Grace Morris and Veta Self.

Mrs. Sanders Hosts Wesleyan Guild

Members of the Wesleyan Sunday School class of the First Methodist Church enjoyed an Easter party in the home of Mrs. Jessie Sanders Wednesday afternoon.

Mrs. Mae Wilterding began the program with prayer, and Mrs. A. J. Gardner gave the story of the "Holy Week". The program closed with Mrs. T. M. Slemmons giving "Everlasting Life". Delicious refreshments of apple

pie alamode was served to Mae Wilterding, Vera Fox, Elizabeth Gardner, Olene Watts, Mrs. T. M. Slemmons, Jane Beavers, Betty Burkhead, Cora Gable, and hostess, Jessie Sanders.

Winsome Class Members Prayed For Revival

Members of the Winsome Class of the First Baptist Church held a prayer meeting for the revival which is scheduled to take place in the near future, when they met Monday evening of this week.

Hobo Day Will Be April 16

Hobo Day will be April 16. This was the news released by the fifth and sixth grade 4-H Club girls. The girls are earning mon-

ies to send their delegate to district 4-H Camp at Lubbock, June 21, 22 and 23.

The seventy members of the club will be available for any odd jobs that people ask them to do. The young ladies are skilled in everything from yard cleaning to baby sitting and are willing to learn anything.

The hobos will work for 40¢ per hour. To get your name on the list call the Home Demonstration Agent's office any day from eight to five. The number is 2830. She will pass along your request to the 4-H members, and they will be at your home on Saturday, April 16, to get the job done.

The seventh and eighth grade Muleshoe club is also earning money to send their delegates to the 4-H camp.

Shatter-proof at Any Temperature or Pressure

March 29, 1955

Prima Pipe Company,
3304—34th
Lubbock, Texas

Attention: J. S. Bridges, Regional Sales Manager

Dear Jim:

As the largest producer of Polyethylene pipe for natural gas service covering a period of over three years, we feel well qualified to guarantee our 2" Primaflex gas pipe for a continuous working pressure of 70 pounds per square inch.

Well over one million feet of Primaflex Polyethylene gas pipe is and has been rendering satisfactory service since 1952.

Also a fact that can be substantiated is that in this period not one failure has occurred. Many of Primaflex gas pipe installations are conveying natural gas direct from well heads to irrigation pumps, with only a tank to catch drippings.

Pressure rating of Polyethylene, as in all plastic pipe is computed on the following basis: Burst pressure equal 2 times wall thickness times Tensile Strength of Material, divided by the outside Diameter of the pipe.

In the case of 2" I. D. of Primaflex Polyethylene gas pipe the tensile strength is 2000 pounds per square inch, at average ground temperature and has a wall thickness of .135 plus or minus .005. Thus we compute as follows: Burst pressure equals $2 \times .135 \times 2000$ tensile divided by 2.270 equal 540 divided by 2.270 equal 238 P. S. I. Working pressure computed as 3 to 1 safety factor equal 74 pounds per square inch.

So, Jim, that's the story. We feel certain that when our competitors accumulate the knowledge our company possesses, they will not be so reluctant to guarantee Polyethylene for gas service.

We know of one that is making an effort to obtain this information as they are in vigorous competition on Polyethylene for gas service in the Garden City, Kansas area.

You will be happy to know that our San Angelo, Texas plant will be in operation. We hope to be producing large irrigation pipe soon.

Today from our Scotts Bluff plant we passed the 500,000 foot mark, for Polyethylene gas pipe in your area. Still no failures either at time of installation or during service.

Keep us the good work.

Very truly yours,

PRIMA PIPE COMPANY

Nowell Practices Crop Rotation To Maintain Soil Fertility; Strives To Conserve Water

Editors Note: This week the Journal continues its introduction of the supervisors of

the Blackwater Valley soil conservation district to you readers in this area served so well by these men.

THE NOWELL FAMILY pose for The Journal cameraman in their attractive home. The picture shows Mr. Nowell and Mrs. Nowell, Darrell, 9, and Jaqueta, 13.

VIRGIL NOWELL, a supervisor of the Blackwater Valley Soil Conservation District poses beside an irrigation ditch on his farm west of Muleshoe.

Premeasurement Service Outlined

Virgil Nowell, vice-chairman of the soil conservation district's board of supervisors, makes his home twelve miles west of Muleshoe, where he owns 240 acres of irrigated farm land.

In conjunction with his brother Claude Dale he is now farming about 1,000 acres of land.

Virgil plants alfalfa, cotton, grain sorghums, and corn. His chief crop is cotton.

All the land farmed by Virgil and Claude Dale is irrigated. They now have seven wells and are planning to put down an eighth one soon.

Nowell carries on a good land maintenance program by planting alfalfa in rotation with all of his crops. In a land improvement attempt this year he is planting peas in with his grain sorghums.

A strong believer in water conservation, Virgil comments that water is one of our most valuable natural resources here on the West Plains.

Each year he grows corn for silage and as a good example of the above program he leaves alfalfa on land for three years where he has previously grown corn.

Nowell moved to Bailey County in 1934 from Quannah. He moved to his present farm with his wife Kathleen in 1943.

The Nowells have two children, Jaqueta, age 13, and Darrell, age nine.

Virgil is now in his eighth year of service on the soil conservation board.

VISITING MOTHER
Mr. and Mrs. Charles Jordan and children Cookie and Archie are visiting her mother, Mrs. A. L. Gabbert and other relatives and friends in Muleshoe.

Mr. Jordan is temporarily employed here.

WERE IN LITTLEFIELD
Mrs. A. P. Lambert and Mrs. S. A. Lambert were in Littlefield on business Monday.

The cotton premeasurement service has been extended to April 15, 1955. If you want your cotton ground measured before planting time, you can make request to the ASC Office in Muleshoe, Texas, before April 15, 1955. The charge for the service will be \$7.00 for the first plot on the farm and \$2.00 for each additional plot.

If you do not want to pay this amount for premeasuring, your cotton will be measured after it comes up the first time free, as in the past. Remember that if you want the premeasurement service you must come to the ASC Office to make request and pay the amount specified above before April 15, 1955.

PARMER COUNTY Farm Bureau News

By RAYMOND EULER

"You cannot really help men by having the government tax them to do for them what they can and should do for themselves." (From the Texas Tax Journal).

From the Dallas Morning News in an article called "Political Care" — Not Medical Care, appears this statement: "Eight of every ten American workers have hospitalization insurance." Most of the others could have such protection if they wanted it.

These are things we hope you will remember when you read frequent proposals for a government health plan, designed not to help you, but to obligate you to its proponents while they tell you which doctor and hospital to use, if you can get in when they tell you to go.

You have heard quite a bit about the desperate plight of farmers who may be forced to plant and harvest "dollar and a half maize" the last few weeks. The fact of the matter is, as you know that the lowest published

figure for 70% supports has been \$1.58, not \$1.50. A further fact of the matter is that the latest national figure for 70% is not a "dollar and a half", nor even \$1.58 but \$1.78; 20% above the other published figure, and 28% above the "street told figure". We believe the market will exceed the highest of these.

On the subject of government rigid or flexible supports, it might be well to take a look at the proponents of each and see who is actually plugging for the tiller of the soil — First, who insists on 90% to 100% "rigid" supports without regard for supply or demand? Here they are: Some (not all) elevator and grain storage companies and individuals; many bankers; the small-

est farm organization in America; the Communist Party of America; and the Congress of Industrial Organization (CIO).

And who believes there is hope for a more stable market under less government control? The greatest farm organization in the world, whose voting members receive at least fifty-one per cent of their income from farming or ranching; and who renew their membership voluntarily (not by "check off methods") every year. Which group is actually interested in the welfare of the American Farmer? Think it over.

Consider This: Who so boasts himself of a false gift is like clouds and wind without rain. Proverbs 25:14.

WELCOME!

No other low-priced car even comes close to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motorom Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! Chevrolet's beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher!
You see Body by Fisher on lots of the high-priced cars—and only Chevrolet has it in the low-price field!

Today's most modern engines!
That goes for Chevrolet's new V8 and two new sixes as well. All bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry!

A drive to suit your driving!
There's silky, peppery Powerglide (even

better this year!), new Overdrive (both extra-cost options), and a new Synchron-Mesh transmission that's as smooth as they come.

All the power helpers you want!
Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish. They're optional at extra-cost—and worth it!

Come take the key!
There have never been so many good reasons why you should drive a Chevrolet!

Over Ten Million Chevrolet owners—Two Million more than any other car!

CARROL JONES TO ACCOMPANY SHIP

Texas Friendship For Korea Will Sail From Houston Middle Of June

Rev. Carrol M. Jones, pastor of Progress Methodist Church has been selected by the Texas CROP Committee to sail with the Texas Friendship For Korea. Rev. Jones as a district supervisor for CROP is directing the campaign in this area for Texas Friendship. According to him this project is one of the most unique missions of mercy and relief ever undertaken by any people. Con-

cluded to the people of the state of Texas as donors, it offers people of all ages and walks of life the opportunity of sharing some gift with the destitute people of Korea. It will also provide for thousands of lasting friendships to be made between Texas and Koreans.

Here is the story. At the close of the war with Japan, Korea was liberated and placed under United States military supervision until the Korean Republic was set up. During that period of time something near 100,000 Korean boys and girls were organized into 4-H Clubs.

Then came the Communist horde from the north. The little country was crushed. The land was ravaged by war. At the present, some 22,000,000 people are packed into South Korea, 10,000,000 of whom are refugees. Yet South Korea is approximately 1/2 the size of Minnesota and only 1/4 of the land is arable. There are 100,000 orphan children, 300,000 fatherless families, and 3,000,000 children with T. B. Yet

the Korean people by comparison are building more churches than we are. They are broken but hopeful.

What happened to the 4-H Club work in all the confusion and destruction of war? Recently Colonel Anderson of the United States Army, retired, returned to Korea at the request of that government to reestablish the 4-H Clubs. He has done that, but what can be done in the way of projects with no project material? (Col. Anderson reports that few Korean families can raise enough money to buy a postage stamp.)

One of our own Texas county agents, Dan Clinton of Harris County, knowing of the plight of the Korean 4-H Club placed the problem before the Texas CROP Committee and proposed that Texas come to the rescue. American Korean Foundation and Heifer Project, Inc., offered to furnish ocean transportation and certain of their facilities. Thus Texas Friendship For Korea was born.

Rev. Jones states that up to 200

head of dairy and beef breeding stock will be carried to Korea to be distributed to orphanages, hospitals, etc., under the 4-H Club administration. Along with these will go up to 500 head of pigs, 250 sheep, 375 milk goats, and 1100 rabbits.

In addition, all kinds of hand tools, seeds, walking plow tools, pedal sewing machines, sewing supplies etc., will be taken. One hundred colonies of bees have been pledged to the project. Many other items too numerous to mention will be carried. All livestock are to be placed in Korea with the understanding that the first female offspring be returned to the 4-H revolving bank to become a project for another member.

There is another unique feature about the project according to Rev. Jones. Designated gifts may be sent to organizations or institutions in Korea provided a representative of the receiving institution will receive the gift at the dock. Good used clothes, vitamins, certain foods, and material for sewing is needed by all the orphanages and hospitals according to Col. Anderson.

It is hoped that every organization, clubs of all types, civic organizations, the various churches, Sunday school classes, youth groups, and many individuals will send a useful gift to Korea to help Koreans help

themselves.

"If every organization will cooperate in this project of Christian friendship and generous individuals will lend their support, the biggest freighter will not be able to carry our gifts", states Rev. Jones. "The American Korean Foundation plans to furnish postage to the Koreans so that they may write to each one who sends a gift," he adds.

All who wish to participate in Texas Friendship For Korea will have the opportunity through your church, Sunday school class, favorite organization, a 4-H Club, or you may contact J. K. Adams, Mrs. Mollie Stinson, or Rev. Jones. Pastors of all churches will be contacted as soon as possible and given detailed information. Rev. Jones solicits the opportunity of presenting this project to any and all organizations of this area.

He concludes with this personal note, "Texas Friendship For Korea will sail from Houston June 15 after dedication services at the dock. We will sail by way of Panama Canal and other interesting places. It is estimated that we will be 41 days at sea on the trip over. My particular job on board will be to help care for the livestock. When we reach Korea I will help with the problem of distribution. The Texas "cowboys" will have an opportunity of seeing Korea, perhaps some of Japan and a few Asiatic ports. We will be gone almost all summer even though we hope to fly back via Army transport.

"I consider this project one of the finest evangelistic opportunities Christian people have ever had. Every one may send a message of good will and love. And God is Love. Korean people can understand God as Love".

Barbara Jones On Trip To Mexico

ABILENE — Barbara Jones, daughter of Mr. and Mrs. Carrol M. Jones of Muleshoe, is one of about 30 McMurry College students and faculty members who are making a 1,200 mile trip into Old Mexico April 6-11. Kim Jones, Barbara's brother, will also make the trip. He is a student at Muleshoe High School.

Sponsored by "Los Indios", McMurry's Spanish Club, the six-day trip will take the McMurrans to Saltillo, Monterrey and other Mexican towns of interest on the route. They will visit churches, cathedrals, a sarape factory, Bonterrey Technical University, and other places of historic interest in Old Mexico.

The college group will not miss any classes, since they are making the trip during their Easter holidays, and will be back in Abilene April 11 in time to resume classes Tuesday morning.

They will make the tour in one of the McMurry College buses. A 1954 graduate of Muleshoe High School, Miss Jones is a freshman student at McMurry College.

Ford sells more because it's worth more

The new Ford Fairlane Town Sedan is an outstanding example of modern 4-door design.

In 1954, more Fords were bought by the motoring public than any other make. That's because more and more people are discovering that Ford has more to offer!

FOR YEARS, Ford has been the trend-setter in all the features that make a car worth more... V-8 power... Ball-Joint ride... modern styling. And today, Ford brings you even more good sound reasons to buy.

First, Ford offers the reassuring response of new Trigger-Torque power in your choice of 2 mighty V-8 engines or the industry's most modern Six.

Next, Ford for '55 brings you a new, and smoother, Angle-Poised Ride, made possible by Ford's advanced new Ball-Joint Front Suspension system. It makes even the smooth roads seem smoother.

And finally, in just plain good looks, Ford's farther out front than ever. With brand-new styling inspired by the long, low lines of the fabulous Thunderbird, Ford is America's most beautiful buy!

FORD, the new BEST SELLER... sells more because it's worth more!

Big news about

Buick's 4-Door Riviera

THIS brand-new kind of automobile—the sensation of all the Auto Shows this year—is now rolling off the Buick assembly lines in volume numbers. That's the first news.

And the second is just as wonderful—this dramatic new model is very definitely everything that eager buyers hoped it would be.

For the 4-Door Riviera is the first "hardtop" ever available with separate doors for rear-seat passengers—plus rear-compartment room big as a Buick-size family sedan.

It comes breezing in with all the low-lined sweep and wide open visibility of Buick's original 2-Door Riviera—and with luxurious new spaciousness in

its sizeable and full-length 4-door body.

With windows down, no posts appear for the rear doors, and you get a completely unobstructed view at both sides.

You find rear doors are hinged at their front edges to swing wide and free, and assure easy entrance and exit.

And you'll find legroom, headroom and hiproom extra-generous both front and rear—with interiors tailored in fabrics and patterns specially reserved for the 4-Door Riviera.

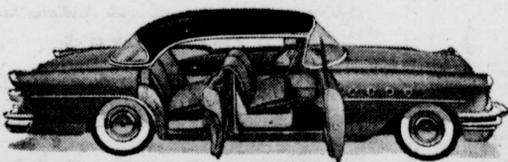

Best of all, this new Buick beauty comes off the line in both the low-price SPECIAL Series and the high-powered CENTURY Series.

So you can pick your 4-Door Riviera with the potent performance of a 188-hp or 236-hp Buick V8 engine—the swift get-away and gas saving of Variable Pitch Dynaflow®—the velvet stride of the Million Dollar Ride—the long list of Buick bonus features at no extra cost—and all at "great buy" prices that have helped move Buick into America's "Big Three" of best sellers.

But—better come see us about the 4-Door Riviera now.

With all-out production—and a prompt order—this newest excitement in cars will be yours that much sooner.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Lodge Members Enjoy Fish Fry

Members of the Muleshoe Oddfellows and Rebekah Lodges and their families gathered at the lodge hall Monday evening of this week to enjoy a fish fry. Fish were furnished by Tom and Kelly Smith and Frank Snyder, who have just returned from Corpus Christi, where they fished in the Gulf. Largest fish, a 37 pounder was brought in by Kelly Smith. The three men were in Corpus Christi to attend the Grand Lodge meeting, and stay-

ed over four days following the meeting, to fish. Approximately fifty-four persons were present for the affair. Following the dinner, Argillee Millen showed the group some moving pictures of the trip the Millen family took to New York and Washington, D. C.

HERE FOR HOLIDAYS

Mrs. R. L. Chapman and son Bobby, of Vernon will arrive in Muleshoe Wednesday to spend the Easter holidays with her mother, Mrs. Dave Coulter and Mr. Coulter and other relatives and friends. Mr. Chapman will join them here on Sunday.

Bailey Co. 4-H Girls To Stage Dairy Foods Contest

Would you like to learn how to make cottage cheese cookies? Maybe hot chocolate or cheese biscuits are more your style. These and many other dishes using dairy products will be demonstrated by Bailey County 4-H members Friday, April 15 at 7:30 p.m., in the kitchen of the Bailey County Rural Electric Coop. The public is invited. The Chamber of Commerce has voted to sponsor the Dairy Foods Contest and also the Dress Review which will be held in July. They will furnish ribbons and prizes for the first three places in each division of the Dairy Foods Contest.

Two more entries have been received for the Bailey County 4-H Dairy Foods Demonstration Contest. They are Yuvonda Taylor who entered the individual demonstration in the junior division from Three Way Club and Gracie Lou Altman who entered the individual demonstration in the senior division from Bula High Club. This brings the total of entries to 37.

Net \$112 On Kidnap Breakfast

Muleshoe Assembly of Rainbow for Girls netted some \$112 on the Kidnap Breakfast, which was held last Saturday morning from 6:00 until 11:00 in the Lodge Hall. Ginger Gaede, worthy advisor, was in charge of the breakfast,

and was assisted by all members of the Rainbow Assembly. Purpose of the breakfast was to raise funds to send the girls to the Grand Assembly in El Paso on June 23. They expect to charter a bus for the trip. Coffee, donuts, and juice were served to some 200 persons.

Mrs. Bea Miller Hosts Dorcas Class

Mrs. Bea Miller was hostess to members of the Dorcas Class of the First Baptist Church as they met in her home Monday evening. Mrs. C. W. Wilhite, guest speaker for the evening, brought a very inspiring devotional. Following the devotional and a business session, games were played, and refreshments served. Ladies attending other than the guest speaker and the hostesses were Mes. Elizabeth Watson, Owetha Finley, Margaret Epting, Rita Johnson, Wilma Griffith and Jewel Peeler.

TO FT. WORTH

Mrs. Frank Matthews was called to Ft. Worth this week to be with her father, who is ill.

Mrs. W. M. Pool, Sr. Observes Her 80th Birthday

Members of the Pool family gathered in Lubbock Sunday to honor Mrs. W. M. Pool, Sr., who reached her 80th birthday the preceding Thursday. They attended services at the First Baptist church in a group. At noon they assembled for a luncheon in a MacKenzie Park clubhouse, and spent the afternoon visiting.

All the children, many of the grandchildren and great grandchildren were present. The children are: W. M. Pool, Jr. and Lee Pool, Muleshoe; Mart Pool, Plainview; Ray Pool, Portales; Harvey Pool, Levelland; Mrs. Grady Davis, Harlingen. The two Pool families residing here, and Mrs. Randolph Johnson and children of Muleshoe were present for the occasion.

TO FT. WORTH

Mr. and Mrs. E. A. Bass and daughter are planning to visit relatives and friends in Ft. Worth the coming weekend.

OLDS ATTEND TEXAS RELAYS AT AUSTIN

Mr. and Mrs. Clyde Holt, daughter, Mary Jo, and Elaine Evans were in Austin over the weekend to attend the Texas Relays and visit their son, Jimmy, who is attending the University there, and a member of the track team. Jimmy ran as anchor man on the Freshman Sprint Medley relay, taking the baton with six men ahead, he managed to pass three of them and bring the team in for third place.

On their return the Holts visited at Stephenville with Mrs. Holt's sister, Mrs. Ferel Little and family.

TO SLATON

Mr. and Mrs. J. Clyde Taylor left Monday for Slaton where they will make their home and operate a "Dairy Queen". The Taylors have made their home in Muleshoe and Bailey County for many years, and their loss will be felt in the community.

TO TOUR SOUTH

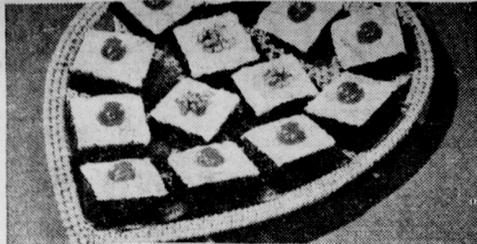

W. B. McAdams and Mr. and Mrs. Everett Sieren and Laura Buster of Clovis, N. M. left Tuesday for an extended tour of several of the southern states.

On the first part of the tour they will visit Mr. Adams' old home town of Kosciusko, Miss., and Augusta, Ga. In Augusta they will visit the Johnny Sieren family. From Augusta they will go to Lancaster, S. C. They plan to return by way of Florida.

TO QUANTICO

Sgt. J. C. Simmons, who with his wife and son, have been in Muleshoe visiting her parents, left Muskogee, Okla., for Quantico, Va., the early part of this week, where he will be stationed for sometime. He was accompanied to Muskogee by his wife, who returned here to stay with her parents, Mr. and Mrs. R. C. Cline until the early part of May, when she will join her husband at Quantico.

Tempting Treat or Company Dessert

Delectable fudge squares—quick, easy, and so good!

These Southern Fudge Squares will win applause from youngsters, the men folk and fussy aunts alike. Made thick or thin, they're equally delicious—vary the topping to suit your fancy!

SOUTHERN FUDGE SQUARES

- 1/2 cup shortening
- 1/2 cup sugar
- 1/2 cup KARO Syrup, Blue Label
- 1 egg, beaten
- 1 teaspoon vanilla
- 1 square unsweetened chocolate, melted
- 1 cup sifted all-purpose flour
- 1/2 teaspoon salt
- 1 teaspoon baking soda
- 3/4 cup sour milk

Cream shortening, gradually add sugar and beat until light and fluffy. Add KARO, beat well. Add egg, vanilla and melted chocolate. Add sifted dry ingredients alternately with sour milk, stirring just until smooth after each addition. Pour into well-greased oblong pan (12 x 7 x 2 inches) or 2 8-inch square pans. Bake in moderate oven (375° F.) about 25 minutes. When cool, spread with your favorite chocolate butter-cream or fudge frosting and cut into 2-inch squares. Makes about 18 squares.

Note: For thick cake like squares, bake in 8-inch square cake pan in moderate oven (350° F.) about 45 minutes.

FROM CALIFORNIA

Claude Ellis of Ukiah, Calif., was transacting business in Earth last week, and visiting in the home of his father, J. W. Ellis and sister, Mrs. Maude Jones, of Muleshoe.

SUNDAY GUESTS

Those spending Sunday in the home of Mr. and Mrs. Clayton Wells were: Mr. and Mrs. Clovis Isaacs, Mrs. Lydia Isaacs, and Mr. and Mrs. Claude Patton, all of Lubbock; Mr. and Mrs. Glenn Chester and Mrs. Wayne Doty and children, Sudan; and Mr. and Mrs. Ivan Farr and Fern, of West Camp.

A "New Angle"

You will never see a car in this position, but Chevrolet engineers did recently, when they hung the car by the front axle to make X-frame pictures. The man behind the wheel knows how the Navy's XFV-1 "Pogo Stick" plane pilot feels when he's ready for a vertical takeoff. The chain holding the convertible has been retouched out of the picture.

Musical Program Heard By Rotary

Mary Jo Holt and Doris Jean Childers entertained the Rotary Club at its noon luncheon Tuesday with two piano duets and a piano solo by Doris Jean. They were introduced by Clyde Holt, program chairman.

The club voted to pay its part of the cost for operating Little League again this year. D. B. Lancaster will again serve as manager of the Cardinals, Rotary's team in the League. Play will begin in this, the second season, shortly after the school term ends.

The club had several visitors, including J. P. Leveridge, alfalfa mill manager, and Eddie Lane, manager of Barrett Produce here; five Sudan Rotarians and one Rotarian from Panhandle.

President Bob Gregory appointed Rev. James Todd, Glen Williams, and D. B. Lancaster as the committee to cooperate with the club representatives in promoting a community building for Muleshoe, after the three had volunteered to serve.

WEEKEND GUESTS

Mrs. C. E. Briscoe, Mr. and Mrs. Truitt Goss and Mrs. June McSmith of Artesia, N. M., were weekend guests in the home of

Mr. and Mrs. Ikey Bayless.

Mr. and Mrs. Goss also visited his parents, Mr. and Mrs. C. W. Goss and other relatives.

HOME ON LEAVE

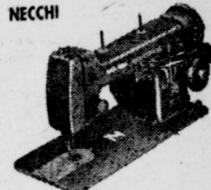

Sgt. Robert Wells is home on furlough visiting his parents, Mr. and Mrs. Clayton Wells and other relatives and friends.

Sgt. Wells is stationed at Ft. Bragg, North Carolina, with the 509th Transportation Helicopter Co.

LOWEST-PRICE CAR

IN "ALL 3" TO GIVE YOU ALL THIS IS PLYMOUTH!

TOP SIX

The *thriftiest, smoothest six* in the low-price 3—that's Plymouth's Power-Flow 117! Its high compression ratio, combined with exclusive Chrome-Sealed Action, gives you more power from less gas, and velvet-smooth performance. You'll enjoy lightning acceleration, thanks to a special metering system in the carburetor. And the PowerFlow thrives on regular, not premium grade, fuel.

TOP SIZE

The *biggest, longest, roomiest car* of the low-price 3—that's Plymouth! Brilliant new *Forward Look* styling gives you more glamor outside, more luxury inside; plus the new Full-View windshield, swept back to give the greatest visibility in the low-price 3. And Plymouth's big size means you and your passengers will enjoy the smooth, steady ride that only a truly big car can give you.

TOP VALUE

Plymouth is the only low-price car to give you at no extra cost such extra value features as: electric windshield wipers, Safety-Rim wheels and an independent parking brake for greater safety... Oriflow shock absorbers for a smoother ride... an Oilite fuel filter and oil bath air cleaner for lasting economy. See and drive a Plymouth today—see why it's your *best-buy low-price car!*

WHY PAY UP TO \$500 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of so-called medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find

that, *model for model*, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

About
Homemakers & Homemaking
IN BAILEY COUNTY
By MOLLIE STINSON

Rice is a source of excellent vegetable or incomplete protein, so team it with meat or other animal foods in order to get its full nutritional value.

Breakfast dishes that team these foods together are rice pancakes, rice cooked in milk, rice muffins, or plain rice served with an egg or meat.

QUICK JELLY PANCAKES
3 eggs, separated.
1 teaspoon beet or cane sugar.
1/2 teaspoon salt.
1 cup milk.
1/2 cup sifted all-purpose flour.
1 tablespoon melted shortening.
1 1/2 cups cooked white rice at

room temperature.
Tart fruit jelly.
Confectioners' sugar, if desired.
Method For Cooking Rice: To make heaping cups of white, fluffy, perfectly cooked rice, put 1 cup uncooked white rice, 2 cups cold water, and 1 teaspoon salt into a 2-quart sauce pan and bring to a vigorous boil. Turn the heat as low as possible. Cover and leave over this low heat for 14 minutes. Remove sauce pan from the heat but leave lid on for 10 minutes. This makes slightly more cooked rice than is needed for this recipe. Keep to rest of the

ready-cooked rice in the refrigerator in a covered container to add to soups, stews, salads, etc.
Method: Beat the egg yolks. Stir in the sugar, salt and 1/2 cup of milk. Add flour and melted shortening. Mix until smooth. Add the other 1/2 cup of milk. Stir in the cooked rice. Beat the egg whites until stiff. Fold into the rice mixture. Bake on a hot griddle or in a skillet. Make cakes larger than usual but very thin. Cook quickly so the outside browns well, while the inside remains moist and pliable enough to allow the cakes to be rolled

easily. Spread the hot pancake with jelly and roll up. Serve with the overlapping edge on the bottom to keep cakes from unrolling. Sprinkle with confectioners' sugar, if desired. This recipe makes 12 cakes. For dinner or supper, there are dishes such as oriental chicken pilaf, meat sauce and rice, pork chop casserole, rice pudding, rice and fish soup, and many others that combine the cereal and animal proteins.
For a meal in a soup bowl try this rice and fish dish: In a large sauce pan or soup kettle, mix together 1 cup uncooked white rice, 1 8-ounce can tomato sauce, 1 1/2 cups uncooked fresh, frozen, or canned mixed vegetables, 1 pound unthawed frozen fish fillets cut into inch long pieces, 3 teaspoons salt, 1/2 teaspoon black pepper, and 3 cups water. Bring the mixture to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat 20 minutes. Add water if a thinner soup is desired.

SCREWDRIVER, AGAIN
The story about Alexander Meriweather Screwdriver, of Muleshoe, Texas, must have been printed in every paper of the Southwest. Many have asked if we know Mr. Screwdriver; well, we don't and we don't know anybody that does. Friends of Paul and Helen Gardner, of Midland, new parents, will be interested in this note from them:
Dear Scoop:
We're taking a big ribbing over the enclosed article that came out in the Midland paper. Is this just a joke or can we tell our friends there is a Mr. Screwdriver living in Muleshoe?
Wish you could see our fine boy. He is a honey and even though we both are suffering from lack

of sleep we are going to keep him.
Come to see us.

Ask us how to put the house in the picture

Like millions of other Americans, you may be dreaming of building your own home. Maybe you've even picked out a site like this—complete with a broad lawn, pleasant trees and a hilltop view.

In short, maybe you've got everything—except the money for the house itself!

If so, now's the time to consult an Insured Savings and Loan Association.

Whether you're building your own home, or buying one that's already built, these Associations can be of tremendous help to you. They really know homes and home-financing. They make liberal loans. They see to it that you get the money quickly and at moderate rates. And you'll find them sound, friendly and understanding people to do business with.

No wonder more Americans go to insured Savings

and Loan Associations for home mortgages than anywhere else!

Of course, your association is far more than just the "home" of home loans. It's also a wonderful place to put your savings.

When you open a savings account you get all the advantages of excellent returns... plus friendly and convenient service. And your savings are safe. They are protected by sound management and substantial reserves. They are insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government.

For a home loan or to open a savings account, why not drop in at the nearest insured Savings and Loan Association? You'll be glad you did!

Today's Meditation

OUR REDEEMER LIVES
Read Mark 16:1-7.
Go quickly, and tell his dis-

ciples that he is risen from the dead. (Matthew 28:7.)
Long ago, pirates that roved the Spanish Main hid their booty of gold and silver and precious jewels in lonely, out-of-the-way places. Because of the passage of time and death of those

who hid the treasure, the burial places of most of this bounty are unknown.
Jesus was crucified and then taken from the cross and sealed in the tomb of a friend. To most people He was simply one of three persons put to death one

spring day. He never became for them a risen, warm, and living spiritual reality.
The tragic fact is that even today many still think of Christ as sealed away. Indeed, for them He is; they have sealed Him out of their lives.

Christ is not dead. He broke the door of the tomb and came forth to conquer the world! He lives! He lives for us, in us, when we let Him rise and live in our minds and hearts. By letting Him come forth into our lives as our personal Saviour, by His power He will lift us triumphantly over sin and death.

PRAYER

Our Father, we pray that the risen Lord may come into our lives. We would this day become alive in Him that His resurrection power may make us His obedient servants. Use us in Thy service this day; through Christ our Lord. Amen.

THOUGHT FOR THE DAY
"I live; yet not I, but Christ liveth in me."

HYBRID GRAIN SORGHUM PROSPECTS

The first large-scale seed stock production of hybrid grain sorghum will be initiated in Texas this year by about 100 seed growers, paving the way for commercial stocks by 1957.

This will be good news for farmers interested in new hybrids. Comparison tests show increases in production of from 20 to 30 per cent over sorghum varieties now commonly grown.

Hybrid grain sorghum is the result of many years of experiment and study conducted by the Texas Agricultural Experiment Stations. It had its beginning as far back as 1927 and was eventually developed at the Chillicothe and Lubbock stations, thanks to efforts of Chillicothe men, Supt. J. Roy Quinby and Mr. J. C. Stevens, as well as Dr. Nicholas W. Kramer and R. E. Karper of Lubbock.

The Seed Division of the Texas Department of Agriculture will have its role in production, also. Seed stocks will be released to responsible seed growers who will produce small plots under TDA supervision. This program will be conducted with the cooperation of the Extension Service of A. & M. College.

Present plans call for the distribution of this hybrid seed to farmers in sorghum producing areas for field trial and comparison in 1956. Seed growers who participate in production this year will be eligible for larger and more extensive production next season, also. This should result in the availability of a large supply of hybrid sorghum seed in 1957.

Production methods are somewhat technical, requiring the planting of two rows of pollinator seed adjacent to six rows of male sterile growths. The hybrid seed is produced from the male sterile rows and the pollinator seed rows are discarded for seed purposes.

Inspection will be made by TDA men. Rules and regulations of production have been tentatively adopted by the State Seed and Plant Board. These "Seed Certification Standards" help assure the producer of high quality

MORE PEOPLE
ARE BUYING
PONTIACS
than ever before!**

1. You can buy a big, 200-H.P. Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 124" wheelbases) • Most powerful car at its price • Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the Shock-proof Chassis.

You don't have to look far to find the reason for the tremendous surge to Pontiac. No further than the fact that only Pontiac produces cars that compete with the costliest in size, smartness and power, yet carry a price tag that is well under many in the lowest-price field.

That's what brings people in to see and drive a Pontiac—a value story they simply can't afford to overlook. And once they do—once they get a close-up of America's most distinctive styling... once they sample the superlative roominess and comfort of

Pontiac's luxury interiors... once they try the pulse-racing thrills of exclusive Strato-Streak V-8 performance—they lose interest in every car but this.

Come in and get the rest of the story. See, drive and price this high-powered future-fashioned beauty. You'll find that if you can afford any new car you can easily afford a Pontiac

SAND HILLS PHILOSOPHER CLAIMS—

**Weather Never Has Been Normal
 And Neither Has Anything Else**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm, whatever he may think about the weather, sounds normal himself in his letter this week.

Dear editor:
 While I don't blame the abnormal weather on the fall-out from the hydrogen bombs, in fact, I don't believe the weather ever has been normal, not for longer than a few days at a time, in the history of the world, still, I'll admit that last cold snap, or rather those last two cold snaps, one following on the heels of the other, was a hard thing to figure out and harder still to take.

I would like to maintain though that while the freezes caught a lot of farmers in this country off guard and wiped out a lot of crops, it didn't affect me that way out here on my farm in the Sand Hills.

None of my crops was bothered because none of em is up yet, in fact, some of my last year's crops aren't even up yet. I never have planted before anybody else yet, and lots of years I wasn't even the last to plant. I just didn't

plant. You don't make as much this way, but you sure save a lot of seeds and disappointments.

But speaking of abnormal weather, I believe it's the only kind we ever have, or ever had. People talk about the weather getting back to normal, like they talk about times getting back to normal, but I have all ways taken the position that whatever weather or whatever times we had, this was normal, as abnormal as they seem.

People talk about when world conditions get back to normal, but I'm afraid if they look hard enough at history they'll find times always have been normal, regardless of how rocky things were. If there ever was a time when the world didn't have some kind of a crisis on its hands, when it wasn't on the brink of something or other, I haven't heard about it.

Smooth sailing, so to speak, in world affairs, home affairs, ranching, the weather, on a board of school trustees, in a business, in a church, in a government, raising a bunch of kids, etc., is always only temporary. Can't any of these enterprises go very long without trouble of some kind busting loose.

How's the newspaper business? Is it normal?
 Yours faithfully,
 J. A.

"J. A."

BABSON ADVISES—

Opportunities For Retired People

Babson Park, Mass., April 7 — Although the Fulbright investigation of the stock market is over — probably to the benefit of all concerned — I continue to have questions from readers. Most of these are in regard to the Dow-Jones Industrial Average.

DO FIGURES LIE?
 This is what seems to trouble readers most. First, they note that the Dow-Jones Industrial Average has "gone up" or "gone down" four points — for instance — and yet not one of the 30 stocks included in this "Average" has varied this amount! They say: "Wall Street accounting is worse than Truman accounting!"

Another thing bothering stock-minded readers is that from one day to the next this so-called "Average" will move faster and farther than what they claim to be the "honest Average." They write me: "No wonder Bernard N. Baruch is reported to have indicated that readers had better forget following the newspaper accounts of Wall Street, because by the time the market makes the front page all the wise guys have left the premises with the money."

REASONS FOR WALL STREET ARITHMETIC

The day-to-day changes in the Dow Averages are magnified. In the case of the Industrials, if — as a straight mathematical average — the market prices of the 30 stocks were UP 1 point, the net change shown by the Dow Average release would be UP by more than 5 points! The reason for the magnification of changes is that the Dow Averages are no longer arithmetic averages. That is, instead of taking the aggregate value of the 30 stocks in the series and then dividing the sum by 30, they now take the aggregate value and use an adjusted divisor which at the present time is 5.76. Thus, the daily change in the Average is actually magnified in a ratio of 30 to 5.76, or about 5.2 to 1.

This method of computing the daily Average is to save time, but it preserves the historical continuity of the Average. Under the old method they adjusted each stock in the series for stock splits before computing the daily Average. Under the present method, such adjustments are made on the individual stocks, — the adjustments are made in the divisor. In this way, there is no need to make a great many computations to adjust for the various splits that have taken place over the years.

The present method is satisfactory and simple, — the divisor is changed from time to time as splits and stock dividends occur. In fact, when this "divisor" idea was first used, the figure was 12.7, whereas the fig-

ure now used is 5.76. They first computed the sum of the market prices of the 30 stocks in the series-adjusted for splits. The next step was to compute the Average by dividing this adjusted sum of the prices by the number of stocks in the series (i. e., 30). Then the next step was to add together the market prices of the 30 stocks (with no adjustments), and divide this figure by the adjusted Average. The net result was the divisor. The divisor now used to determine the Average at the various times of the day has been computed in this fashion.

MARGIN REQUIREMENTS
 Letters have also come to me asking how and when margin requirements have been changed, during the past 20 years. Here are the facts regarding these: April 1, 1936, through Oct. 31, 1937, General Rule — 55%; Nov. 1, 1937, through Feb. 4, 1945, General Rule — 40%; Feb. 5, 1945 through July 4, 1945, General Rule — 50%; July 5, 1945 through Jan. 20, 1946, General Rule — 75%; Jan. 21, 1946, through Jan. 31, 1947, General Rule — 100%; Feb. 1, 1947, through March 20, 1949, General Rule — 75%; March 30, 1949, through Jan. 16, 1951, General Rule — 50%; Jan. 17, 1951, through Feb. 20, 1953, General Rule — 75%; Feb. 20, 1953, to Jan. 4, 1955, General Rule — 50%; Jan. 4, 1955, to date, General Rule — 60%.

Margin requirements are set by the Federal Reserve Board, and are therefore an instrument of overall control. Changes are made as part of a broad Federal Reserve Policy.

CHRISTIAN SCIENCE SERVICES

God's healing and redemptive power will be emphasized in the Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" at Christian Science services this Sunday.

Scriptural selections will include the following from Psalms (103:2-4): "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tender mercies."

The present availability of God's goodness and power will be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (472:24-30 All): "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God strips off their disguise. They are not true, because they are not of God."
