

HERE AT HOME
By J. M. FORBES

The Business Man Said:
Start a campaign in your paper about trading at home. It's an old theme but it has an ever new meaning. Why, everyone knows, that if we all bought from our local stores altogether, Muleshoe could be nearly twice as large.

I don't grant that you can get better quality or better prices away from home; but for the sake of argument, say you can. You still have to travel to the distant city, lose your valuable time, maybe accept what you didn't exactly want because you can't fool around about shopping.

Say in a year's travel to this distant city you could save \$10. It would be worth a lot more to you in hard cash to build up your own stores, which by growing would enhance the value of your property, and whose wages to workers help support families, and all pay taxes to build better schools and provide better fire and police protection, etc., and these store owners and workers help to build better churches, better parks and recreational facilities, better streets.

To me, it just don't add up. Here in Muleshoe we have some of the finest stores and shops, and the swellest services that can be found, period. Don't we like our community and its people, its churches, schools, lodges, and other institutions? When we trade away from home, and deprive our local institutions of our support and encouragement, don't much look like it.

This writer says amen, brother, but he feels so strongly about it that he's afraid to write more for fear he will get vehement and when you lose your temper you lose listeners.

TEXAS FRIENDSHIP
If you were a Korean farmer's wife, what would you like as a gift? Can't imagine anything she needs more than a sewing machine with which to make clothing for her entire family, husband included. Quite a few Korean ladies are going to get this coveted tool in the Texas Friendship for Korea, and many are coming from this part of the Plains.

When you have nothing, as many of these people have in war devastated Korea, anything looms big. So, Mr. Korean farmer probably will rejoice at a spade, a hoe, a shovel, or most any kind of tool, for remember, he was in war's path and war wastes and destroys.

If you were a Korean boy or girl, there are hundreds of things you would want. We can't give them everything they ought to have but we can give them things to help them to help themselves. Rev. Carol Jones, who is doing a magnificent job of getting us to send gifts to Koreans, doesn't want to give them something that would provide temporary relief; he doesn't want to feed them good for a while, only to have them starve when we forget to give again.

No, he wants the people to give them things, like the pigs, the heifers, the work animals, the tools, with which they can start to make their own living. They'll do the job if we, who have so much, will only share with them a little.

Never was such a wonderful program, never such a grand opportunity for me and you to make ourselves feel good, and to win friends for ourselves and our way of life.

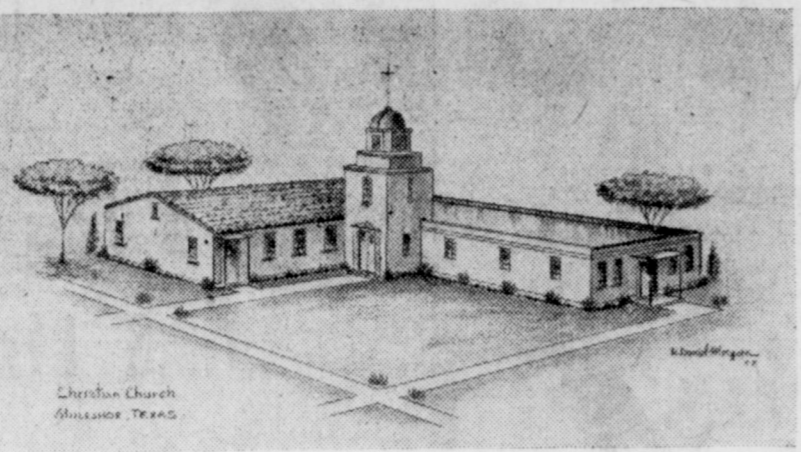

If Carol Jones can give nearly all his time now, and go away for months to help distribute our gifts in person and to meet and encourage those people, doggone if I don't believe I can afford the price of a grubbing hoe or something.

GRANDPA HAD HIS TROUBLES, TOO!

His horse went dead and his mule went lame, and he lost six cows in a poker game; Then a hurricane came on a summer day and blew the house where he lived away; And an earthquake came when that was gone and swallowed the land that the house stood on; Then Mr. Tax Collector, he came 'round and charged him up with a hole in the ground.

Merchants of Muleshoe have gone all out this time to give the people of this section some real bargains for Dollar Day, which will be the coming Monday, May 2.

New First Christian Church Building

ANOTHER NEW CHURCH edifice for Muleshoe will be erected by the congregation of the First Christian Church. Site selected is at the corner of West Second and Avenue G. Pictured here is the architect's drawing.

This is a new church in Muleshoe. Rev. James Todd recently came here to become pastor and

has been working to increase the congregation and to erect a new place of worship.

He said that some changes in the plans and specifications have caused a temporary delay, but when these are received a contract will be let and construction will begin.

Muleshoe State Bank's Donation Doubles Crop Contest Prize Money

All boys who are enrolled in schools in Bailey County and who are members of 4-H and FFA clubs are eligible to compete.

General Rules:
1. Boy must write his Voc Ag. teacher or County Agent by July 15 stating which contest he is entering and draw a rough sketch of farm including arrow pointing north and location of his cotton or grain sorghum project. Each contest project must be at least one acre and not over five acres. Supervisors will mark boundaries of each crop project with special markers furnished by Muleshoe FFA. This will be done as soon as possible after July 15.

2. Irrigated land and dryland will be in separate contest, but boy must rent, sharecrop, or own the crop or crops he enters in the contest. Space between rows must not exceed 42 inches.

3. Grain sorghum will be tested by heading seventy yards of measured row at least two weeks after first killing freeze. Heads must have one inch or less of stem when weighed and correct thresh-out factor will be applied.

4. Cotton will be tested by pulling seventy yards of measured row after Dec. 1 on dry afternoons. No bolls will be pulled unless they are open enough to be hand picked without the use of force to open burr. All crops must be weighed before Jan. 1, 1956.

5. Boy is responsible for making appointment with county agent or his Voc. Ag. teacher as to exact time his crop is to be tested. No yields will be considered for prize money unless county agent or Ag. teacher was actually present to supervise and weigh the production from seventy yards of grain sorghum or cotton.

\$800 has been contributed for prizes. The Muleshoe Chamber of Commerce, sponsor of last year, again donated \$400.

The Muleshoe State Bank donated \$400 which doubles the prize money.

Gins and elevators will be contacted during the growing season and another \$400 is expected which will triple prizes as compared to last year.

Prizes will be paid on the following basis:

- 35% will go for first prizes.
 - 25% will go for second prizes.
 - 15% will go for third prizes.
 - 10% will go for fourth prizes.
 - 6% will go for fifth prizes.
 - 5% will go for sixth prizes.
 - 4% will go for seventh prizes.
- Boys entering both crops must use two record sheets.

School Children Of Bailey County Get First Shot Of Salk Vaccine

Salk vaccine the new anti-polio medicine was given to more than 400 Bailey County first and second grade students last week by doctors of West Plains Hospital & Clinic.

In top picture Dr. B. O. McDaniels, assisted by two hospital nurses, give the shot to Danny Ray Bailey, first child in the county to receive the vaccine.

Picture at bottom shows Lydia Wolf's face twisted in a grimace that probably was repeated on the faces of many of the children. It was in anticipation mostly, for actually the needle just stings a little. But Lydia needn't be embarrassed, for thousands of grownup GIs have made just as bad a face for the shots they had to take.

Funeral Services For E. J. Thomas Friday Afternoon

Funeral services for Ether Jerome Thomas, Bailey County pioneer, who passed away yesterday, will be conducted at the Muleshoe Church of Christ at 3:00 o'clock tomorrow afternoon, April 29.

Mr. Thomas was seventy-eight years of age at the time of his death. He was born August 30, 1877, in Council Bluffs, Iowa. He had resided in Muleshoe since 1940, when he retired from the farming business. He had been a member of the Primitive Baptist Church for thirty-five years.

Survivors include two daughters: Mrs. Connor Caldwell, of Norman, Okla., and Mrs. Letha West, Muleshoe; six sons, J. L. and Ira H., Muleshoe; E. A. and Earl C., Oklahoma City, Okla.; H. E., Norman, Okla., and L. A., of Ft. Worth. Also a sister, Lucy Roberts of Sebastopol, Calif.; forty-one grandchildren and twenty-nine great grandchildren.

Minister Jimmy Bass of Amherst will officiate at services. Pallbearers will be Roy Jordan, Major Wood, Ray Griffiths, Joe Vaughn, George Gross and John Seid.

Burial will be in Bailey County Memorial Park, with Singleton Funeral Home in charge of arrangements.

Wrestling Fans To Receive Gifts

Wrestling fans will be surprised Saturday night to learn that they are going to get in on some merchandise gifts just by attending the Lions Club program that night in junior high school gym. A group of local merchants arranged the attendance prize plan and announced it this morning.

Everyone who attends the Lions wrestling matches that night will have his name in the pot. This will add to the fun already promised the fans in the bill which will pit a woman wrestler against an alligator as a special attraction, and a double main event featuring four well known men wrestlers.

POSITION WITH CIVIL SERVICE OPEN AT REESE

The United States Civil Service Commission announces examinations for the position of Firefighter (Crash and Structural), GS-4 to GS-6, \$3175 to \$3795 per annum. Employment will be at Reese Air Force Base and various Federal Agencies in Lubbock, Texas. Detailed information and the necessary forms may be obtained from the Post Office or the Executive Secretary, Board of U. S. Civil Service Examiner, Reese Air Force Base, Texas.

Organization of the Bailey County Chapter, American Red Cross for the coming year will be effected at a meeting set for Tuesday night, May 3, in the district courtroom in Muleshoe, at 7:30 o'clock.

Besides this matter, the program will include the showing of a disaster subject film, "Tornado Town". Everyone who is interested in the work the Red Cross does is asked to attend this meeting.

Mrs. Dorothy Barron, county secretary, said the drive for funds recently conducted in the county still is short of success. The goal was \$2,000; and to date the people have given \$1,675.78.

Rev. Clarence Stephens, chairman of the fund drive, got his workers together for a two hour intensive campaign last week and almost raised the required amount. Perhaps other contributions to the welfare organization will yet come in.

Federal Taxes May Be Deposited At Muleshoe Bank

Muleshoe State Bank has qualified as a Federal tax depository, Mrs. Inez Bobo, vice-president and cashier announced this week.

In future, local firms that have been sending their monthly installment of social security, withholding, and excise taxes to the Federal Reserve bank in Dallas, will probably find it more convenient to deposit the sums due here.

The matter will be handled in the same way as if it were sent direct to the Federal Reserve. The depository at the Muleshoe bank will receive a receipt; the money will be transmitted to the Dallas bank, which will send the local taxpayer the regular card receipt to be used in the quarterly report to the Internal Revenue director.

Athletic Banquet Here Tonight

De Andros, line-coach at Texas Tech College in Lubbock, will be the guest speaker tonight at the annual Muleshoe High school athletic banquet.

Dinner will be served those present for the formal occasion at eight o'clock. Highlighting the well planned program will be the presentation of the "Fighting Heart" awards to a male and female athlete from MHS, and the showing of the football game last season between Texas Tech and Oklahoma A. & M.

Gene Gibson, freshman basketball coach at Texas Tech, will be a special guest of the local athletic department.

Tickets for the banquet have been on sale all this week, but anyone who does not already have a ticket and wishes to attend will be able to pay at the door tonight.

Earl Jeter Rites Held Wednesday In Altus, Okla.

Earl Jeter, a former resident of Muleshoe and Bailey County, passed away at his home in Springdale, Ark., Sunday evening following a lengthy illness. He was about 50.

Funeral services were held Wednesday afternoon at 2:00 at Altus, Okla., with burial in the Altus cemetery.

He is survived by his wife and three children, Bill, Jeter, Mrs. Roy Howard, and Mary Beth, all of Springdale; and two grandsons.

The Jeter family lived here many years, until their removal to Springdale about three years ago. Mr. Jeter, who was a carpenter, took an active interest in his church and in community affairs during his residence here.

Bobby's Beauty Box and Merle Norman Studios Enjoy Successful Open House

Bobby's Beauty Box and the Merle Norman Studio of Cosmetics enjoyed a very well attended open house last Sunday, April 24. The business operated by Mrs. Bobby Myers and Mrs. Lauranette Mason ranks with the most modern beauty salons in the West Plains.

Mary Reed, Mrs. Bertha Hartage, Mrs. Harold Mardis, and Mrs. Pat Nickels won free permanents, and Mrs. Marie Lenau, Linda Wingo, Mrs. Bay Wilson, and Irene Spahn were the receivers of Merle Norman Gifts as

the public registered and viewed the beautiful new shop.

Equipment in both shops is the very latest available, and the color theme of charcoal, green and coral with wrought iron trim provides the perfect surroundings in both beauty and atmosphere.

In the beauty shop four operators will be on duty with Mrs. Myers. They are: Rosemary Barbour, Chubby Douglass, and Jessie Waldrop.

Every cosmetic need can be met by Mrs. Mason in the well equipped Merle Norman studios.

Beauty and comfort are the outstanding features of Lauranette Mason's Merle Norman cosmetic bar pictured above.

Bobby's Beauty Box and the Merle Norman Cosmetics Studio are viewed above by part of the crowd which attended the open house held from two until five last Sunday afternoon. The modern equipment in the beauty shop can be seen at the right and the left pictures the Merle Norman section of the shop. (Photos by Bob Gregory)

Lazbuddie News

By JIM GORDON

* Dr. Spring, of Friona, came to Lazbuddie Schools on Tuesday, April 19, and gave the Salk Polio Vaccine to the first and second grade students in the system. The first child to be vaccinated with the serum was Donald Clemens, son of Mr. and Mrs. Wilson Clemens who are teachers in the Lazbuddie School System. A total of sixty-eight children were given the vaccine, school nurse, Mrs. Katherine Lockhart reports.

* The Pep Squad of the Lazbuddie School for the next school year met on Monday, and elected the following new officers:

President, Janice Oliver; vice-president, Mina Margaret Jennings; sec. treas., Katherine Smith; reporter, Clo Ann White.

It is hoped a good group of girls will be out for the Pep Club next year to back the Lazbuddie Longhorns as they go all the way in the District Football next year.

* James G. Ward, superintendent of schools, announces the Pre-school Day is to be held on Tuesday, May 3. All children who will be six years old on or before September 1, 1955 should come out and register for the next term.

* Lazbuddie P. T. A. will meet in regular session Monday night, May 2. All parents are urged to attend this meeting as the new officers for the coming year are to be installed.

* The Lazbuddie Schools are announcing the commencement exercises for the eighth grade which are to be held on Monday night, May 16, in the school auditorium. The six high students in the eighth grade this year are: Sharon Thorn, valedictorian; Smythie Lawrence, salutatorian; Wanda Steinbock, Carolyn Hinkson, Dean Watkins, and Katherine Smith make up the other honor students. The High School Commence-

ment is to be held on Tuesday, night, May 17, also in the auditorium. Valedictorian for this class is Clara eJan Jesko; salutatorian is Jim Gordon, and the next five high are Marlene McDonald, Jean Louise Gammons, Luther Louise Ham, Joe Briggs, and Virgel Merriott. All seven of these students have a grade point average of above ninety.

* The Senior Class of Lazbuddie High School will present their annual Senior play Thursday night, April 28 in the grade school auditorium. The play is to start promptly at 8:00. Everyone is cordially invited to attend. The cast includes:

News Highlights From 3-Way

By MRS. FRANK GRIFFITH

* The Three Way School will have pre-school day, Friday, May 6. Regular first grade students will not come to school that day. The beginners may ride the bus or may come with their parents. The school recommends that parents bring their children. School will begin for the beginners at 9 a. m. They will be acquainted with school under the supervision of the first grade teacher, Miss Vada Frasier. They will have lunch at 11:10 in the lunch room. The charge for either parent or child eating in the lunch room will be only 25 cents. The children will be dismissed at twelve o'clock or noon. Parents will please be here at that time to pick their children up.

* Kay Lemons, daughter of Mr. and Mrs. Thurl Lemons celebrated her ninth birthday with a party, April 19. The little girls came dressed in long dresses, high heels, old hats, and purses. They spent the evening playing "grown-up".
Ice cream, cake and punch were served to: Carolyn Watson, Malinda Hightower, Donna Shackelford, Kay Underwood, Wennonah Williams, Shirley Fine, Linda Klutts, Beth Holt, Donna Kay Furgeson, Pamela Bowers, Sarah Walker, Glenda Tarleton, Wendal Williams, and Johnnie Furgeson. Mmes. Pete Tarleton, Earl Bowers, Jack Furgeson, Conrad Williams, Malchus Fine, Peg-

gy Underwood, Norman Underwood.

* Ricky Galt, son of Mr. and Mrs. Tommy Galt celebrated his 12th birthday Friday, April 15, with a party in his home. Baseball and basketball games were played.

* Pops were served to the guests on arrival. Later ice cream and the birthday cake, a large one with cowboy and horse decorations, were served to Clyde Lyons, Oren Reeves, Frank Stegall, James Long, Michael Flanken, Keith Criner, Kenneth Sims, La Wayne Bateas, Yvonda Taylor, and Madolyn Galt.

Flash pictures were taken of the group.

* Three Way Home Demonstration Club met Thursday afternoon, April 21 with Mrs. Louie Jordan, Mrs. Mollie Stinson, county home demonstration agent gave a report on the county council meeting. She announced that May 1-7 was designated for Home Demonstration Week. Exhibits from all Bailey county clubs are to be displayed at Anthony's and Cobbs in Muleshoe. Three Way members are to take exhibits in to Mrs. Stinson April 28. Clothing will be displayed in Anthony's window.

A work shop for home recreation will be at Needmore May 2 at Fellowship Hall. All members are urged to attend.

Mrs. Stinson gave a demonstration on hems and accessories.

Members present were Mmes. Louie Jordan, Willie Welch, Frank Griffith, Horace Hutton, and Merel Insor. Mrs. John Shackelford was a visitor.

Next meeting will be May 5 with Mrs. Bob Klutts.

Peggy Preston To Be Married In May

Miss Peggy Preston

Mr. and Mrs. Tom Preston of Quanah announce the approaching marriage of their daughter, Peggy, to Trezzie A. Pressley, son of Rev. and Mrs. P. G. Hightower, of Deport. The wedding will take place in the First Baptist Church Quanah, May 28, at 7:30 in the evening.

Miss Preston is a graduate of Quanah High School and Wayland College, and for the past year has been employed as secretary of the First Baptist Church in Muleshoe. Mr. Pressley is a graduate of Cumby High School and attended East Texas State Teachers College for two years. For the past two years he has served in the armed forces.

After marriage the couple plans to make their home in Commerce while Mr. Pressley completes his schooling at E. T. S. T. C.

Copley Twins Are Presented In An Organ Recital

Don and LaVon Copley, twins of Mr. and Mrs. A. W. Copley were presented in an organ recital Sunday afternoon at the Plainview High School auditorium. Other performers on the program were: Mrs. Polvanna Cavett, Plainview; Mrs. William Finker, Petersburg; and Mrs. Brown, Lubbock.

The recital was presented by instructor Cecil Bolton, of the Cecil Bolton Studio of Music in Lubbock.

Mr. Bolton has maintained a private studio in Lubbock for the past five years with an enrollment of over two hundred students, from a radius of one hundred or more miles of Lubbock. He is also staff organist at the Jenkins Music Co., Lubbock.

The Copley twins will accompany Mr. Bolton to Oklahoma

City soon, where they will attend the Regional Convention of American Guild of Organists.

LaVon Copley will appear on the program the second day of the convention. Other organists will be on the program from Arkansas, Kansas, Oklahoma, Louisiana, Michigan, and New York.

The Metropolitan Opera will present two operas during the convention.

Walker Pupils In Recital Soon

Mrs. Joe Walker will present her piano students in a "Spring Recital" at 8 p. m., on Thursday, May 5, in the First Methodist Church here.

Such famous composers as Buthovep, Root, Weybright, Debussy, Villoldo, and Strebbog will be represented. The program will include both classical and popular music.

Students who will participate in this recital will be Kay and Darla Johnson, Nelda and Jackie Redwine, Shirley Henry, Lula Maye Embry, Hindirk Bruns, Jacquetta Nowell, Sonja Bass, Francine Dunn, Judy Murrar, Eugene Morrison, Beverley Crawford, Linda Wimberley, Linda Jones, Lynn Perkins, Treva Millhoan, Karron Bragg, and Lowell Wimberley.

The public is invited to attend this enjoyable and educational hour of music.

Rebekahs Meet Each Tuesday

The Muleshoe Rebekah Lodge members met Tuesday evening of this week for a regular weekly meeting at the lodge hall.

Seventeen members were present, also three visitors from the lodge at Earth.

Members of the lodge are reminded that lodge meets each Tuesday evening at 8:00.

Rainbow Girls Will Stage A Kidnap Breakfast

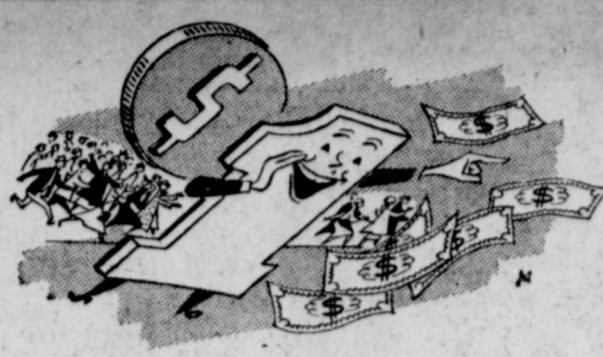

Saturday morning, April 30, the Muleshoe Rainbow Girls will have a kidnap breakfast, so if you people here in town hear a knock on your door in the wee hours of the morning, don't be alarmed.

Juice, donuts, and coffee, will be served. Proceeds from this breakfast will be put into the fund to take all the Rainbow members to The Grand Assembly in June.

Korea Friendship Begins May 3

People of this area are going all out to show their friendship for the people of Korea, it was indicated this week by an interview given The Journal by Rev. Carrol Jones, Progress Methodist pastor, who heads the district drive for things which the Koreans will find useful in rehabilitating themselves.

Muleshoe school kids, for an example, will give more than a hundred dollars in nickels and dimes; a local farmer has bought a \$100 heifer, contributed castor beans, and gave \$100 to buy films to buy films for a motion picture that will be made of the Friendship trip.

Tuesday, May 3, is the day designated for the people to bring in their gifts. There will be a cotton trailer on the courthouse lawn, and one on each school ground and these trailers will remain for several days. These articles will go to Plainview May 16 for assembling with those from other parts of the Plains; pigs, heifers, etc., donated will leave here May 20.

The Friendship boat leaves Houston June 15, and Rev. Jones will be on it. He will follow the gifts from this section to Korea and assist in their distribution. He expects to be gone all summer.

What Is Needed?

The Koreans need many kinds of tools, hoes, shovels, rakes, etc. They need sewing machines, and it appears many will be donated here; they need swine and cattle breeding stock and work animals; and they need many kinds of seed, including Hegari, castor beans, sargo, alfalfa, ladino, clover, etc. If in doubt as to what is needed, one could see Rev. Jones, Mr. and Mrs. Gordon Murrain, who are Bailey County chairmen or J. K. Adams, county agent.

Pigs are available at \$15 each; heifers will cost \$100. However, the cattle breeding associations have agreed to

give one fine heifer with each registered heifer bought, each to sell for \$200.

These animals will be turned over to a Korean 4-H boy or girl, who will have to return an animal to the revolving bank.

Several local people have purchased treadle machines to be given to Korean people. A Clovis sewing machine dealer has agreed to repair and service second hand or trade in models and give them to the Koreans.

Tags will be placed on all gifts, and those who give may expect correspondence from a Korean person or family some time in the future.

On May 2 there will be someone at the trailer here to receive the gifts and to place the tags giving name and address. Anyone who brings things later may look up the county agent.

The whole trip, from the time the gifts are assembled here until they are distributed in Korea, will be filmed by Rev. Jones in 16 mm, and anyone wishing to help in money with this project may do so. He expects to have a program of from one hour to two hours length when he returns home.

He has been going over the territory addressing civic, church, club and school groups everywhere to tell them about Friendship for Korea.

Span Of Mules Wanted

Muleshoe Chamber of Commerce has offered to buy a span of mules and a rubber tired trailer or wagon to be sent to Korea. This rig would be used to haul supplies and help with distribution. It has been promised that if Muleshoe would do this, the rig would be driven down the streets of Houston before the ship leaves; and everyone who ever sees the trailer and wagon will learn where they come from and Muleshoe's name will be carried over "nearly half the world". Remember the date, May 2.

sweetheart in Bailey County. He had some tall explaining to do for his four months silence. Before he could tell her the story he had to persuade her to marry him, as part of the bargain for his million dollar story. She finally agreed to. He told her all about the past four months, leaving out nothing.

When she had heard him out she asked him if he had any money left. With this amount they bought ten sections adjoining their 640 acres and settled down to life in Bailey County. The last scene showed an oil prospector offering him a lease to drill oil under the land that would bring him in \$1,000,000 a year. His final answer was: "How long has that oil been under my ranch? A million years? Then, come back in 5 years... it'll still be there... and then we'll talk business. I need a chance to grow a little."

**Band and Chorus
 Present Concert**

Under the direction of Norvel Howell the Muleshoe High School Concert band and chorus climaxed and outstanding year of music with a concert at the high school auditorium Monday evening. More than eighty high school students appeared on the evening's program, which the high school music department presented to the public without charge. Opening the concert the choir sang five selections featuring baritone soloist, Robert Berry.

Woman Wrestles Alligator In Double Main Program For Fans Here Saturday

Something unique in the way of wrestling is coming to the Muleshoe arena Saturday night. Briefly:

Woman wrestles alligator! Ada Ash, the first and very probably the only woman athlete to voluntarily grapple with a "real live" alligator, will pit her unusual muscular strength and quick wits against that of Ali-I, a seven and a half foot, 200 pound reptile from the Florida swamps, as part of a double main event at the Muleshoe Junior High School gym.

For several years a leader among women wrestlers and winner over most of the outstanding feminine athletes of the country, Miss Ash decided to do "something different" after watching Bill McLelland, world's

foremost alligator wrestler, perform in Dania, Fla. She took "lessons" from McLelland, acquired a stable of 'gators, and has been acclaimed all over the country, in big cities as well as small ones.

Miss Ash is seconded by her husband, Al Szasz, himself an accomplished wrestler and strong-arm performer, who also appears on the card. Szasz meets Alex "Toro" Perez of Amarillo in a one fall opener. The alligator attraction will be the final event, one fall to a finish.

In the first section of the double main, handsome Jim Loeck, former U. S. amateur champion and finalist in the 1952 Olympic Games, meets tough and rough Tony Morelli of New

York City. LaRock himself hails from Ithaca, New York. Since turning professional late in 1952, LaRock has become one of the most sought after junior heavy-weights in the business.

LaRock and Morelli wrestle for two best falls out of three or one hour.

Known widely as "Mr. and Mrs. Wrestling", Al and Ada Szasz may be the only husband and wife team in the country; certainly the only family handling an alligator. They have written several books and articles on wrestling and strong-arm feats.

'56 Mullettes Meet Sudan In Game

A handful of local sports fans got an interesting preview of what to expect, basketball wise, from the '56 Mullettes when the girls met the Sudan Hornets in a scrimmage here Tuesday afternoon.

Elaine Evans, Mary Jo Holt, and Shirley Mathiesen started on offense for the Mullettes. Mary Janice Puckett, Noretta Harrison, and Bobby Nell King started on defense.

Noretta Harrison, '55 guard, was the only member of this year's team to see action as the squad of the future snapped through paces that gave promise that girls' basketball will remain close to the top of the list of MHS sports next season.

This year's eighth grade squad was on hand so that those looking on got some idea of what to expect of the '56 freshmen.

Possible regulars in the years to come on offense are Sue Cunningham and June Freeman. Also filling in nicely at guard slots were Janie Bickel and Doris Jean

CHRISTIAN SCIENCE SERVICES

God's infinitely wise and loving government of man will be stressed at Christian Science services Sunday in the Lesson-Sermon entitled "Everlasting Punishment".

From the King James Version of the Bible will be read the account of Christ Jesus' healing of the impotent man at the pool of Bethesda, including the following passage: "Afterward Jesus findeth him in the temple, and said unto him, Behold, thou art made whole: sin no more, lest a worse thing come unto thee" (John 5:14).

The following correlative passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (412:1-4): "The great fact that God lovingly governs all, never punishing aught but sin, is your standpoint, from which to advance and destroy the human fear of sickness".

The Golden Text is from Job (5:17): "Behold, happy is the man whom God correcteth: therefore despise not thou the chastening of the Almighty".

WEEKENDED HERE

We Will Be Closed Sundays

We are happy to announce we have been blessed in the work we have chosen in which to earn our bread.

But since this is our choice, we have been made to wonder if it was right in the sight of God to deprive our employees of this day that God set aside to rest our bodies and minds, that they might go to the House of God and hear the wonderful stories of Jesus, give thanks and meditate unto Him.

We appreciate your Sunday trade and trust that you will see our point of view, and come back to see us on the six days God set aside for Labor.

I Love A Parade

Everybody loves a parade, in fact, and the parade last Friday preceding the annual FFA Rodeo should have pleased the most rabid parade fan. Hundreds of horses showed up for the march through the main thoroughfare. The windstorm delayed the start of the rodeo, but a good sized crowd stayed and watched it.

Musical Program To Be Feature At Annual Banquet

Members of the Philathea Circle of the Muleshoe First Methodist Church are making big plans for their annual Mother-Daughter Banquet, which will be held this year on May 6. Fellowship Hall will be the setting for the banquet, and the time is 8:00 in the evening.

Tickets may be purchased from any member of the Circle for \$1. Only one hundred twenty-five tickets will be sold. The banquet is open to all churches in town, and any mother and daughter who wishes to may attend.

There will be a guest speaker, and a program of piano music, presented by the senior piano students in the classes of Mrs. Sam McKinstry.

An enjoyable evening is promised to anyone attending.

FISH IN LOUISIANA

Mr. and Mrs. Noel Woodley were to leave at noon today for Grand Cane, La., where they will visit on the plantation of an old friend, Dr. Rogers. They expect to fish in his private lake; they hear the bass are jumping into the boats for bait, so they expect good fishing.

PVS Club Is To Sponsor Dinner

The Pleasant Valley Social Club met in the home of Mrs. Billy Free Wednesday evening, April 20, with Mrs. Paul Hammett as co-hostess.

The meeting was called to order by the president, Mrs. Jim Grizzle.

It was decided that the Farm Bureau wives would sponsor the Farm Dinner for the Littlefield Chamber of Commerce this year. Purpose of the dinner, which will be held June 9, is to enable the farmers and businessmen to become better acquainted.

The club welcomed another new member, Mrs. Walter Hutton.

Mrs. Mary Andreas presented the program for the evening. Her topic on "Sunday School", proved very interesting. Mrs. Andreas told how Sunday School began, gave a brief history, and told how the schools have progressed thru the years.

The meeting was adjourned and delicious refreshments were served by the hostess and co-hostess to members and visitors.

The next meeting will be at the home of Mrs. Jim Grizzle.

MAGIC SLATES, 2 sizes, on sale at The Journal.

Ag. Workers Met Monday Morning

Seven members of the Bailey County Professional Agriculture Workers Club were present for the third meeting held Monday morning at 7 in Leigon's Shamrock Cafe.

Arch Fowler of the local Farm Home Administration was in charge of the very interesting program. Some of the facts brought out by Fowler about his

work was that since the program began in the early thirties, this office has loaned over three and one half million dollars. During the last two years the Bailey County office has loaned \$1,125,000, 32% of the total amount. The office here now has \$1,135,330 outstanding.

This new club is doing much in their meetings together to better understand the other man's job, and learning how to work together for the betterment of this West Plains area.

After a start in weather as rough as the cowboys who rode in the two day show, the annual FFA Rodeo provided thrills and spills for crowds and contestants last week who came all the way from Meadow to Dimmitt. Beverly Mardis, who placed in every event but one, was crowned "Best All-around Cowboy" Saturday night.

Keeping the honors at home, the local FFA chapter won the team championship with Three Way placing second, Springlake third, Littlefield fourth, and Dimmitt fifth.

John Fried did a fine job of directing the big parade Friday afternoon that really blew the lid off the annual two days of teen-age western festivities. Beginning at four o'clock the parade moved down main street featuring cowboys and cowgirls from all over the West Plains who were in Muleshoe to ride, and some to win in the High School rodeo.

Each night ribbons were given to the five best riders in each event and Saturday night the boy and girl with the best average for the entire show was named.

Individual placing went as follows: Bareback bronc riding, Friday, 1, Jimmy Brock, Dimmitt;

performances of the circus will be given, afternoon and evening, doors open at 2 and 8 p. m.

Decline Of Water Tables Depicted

Decline of the water table in the irrigation area around Muleshoe in Bailey, Parmer and Lamb Counties is estimated at approximately 4 to 8 feet during 1954 by the High Plains Underground Water Conservation District, using figures supplied by the State Board of Water Engineers.

Over most of the Plains area, this approximate decline remained the same; but in an area south of Plainview the decline in the table was approximately 8 feet to 12 feet; and in an area around Lockney it was estimated at more than 12 feet.

A map containing this information recently was printed in "The Cross Section", the district's monthly publication.

Miss Montgomery Feted With Shower

Miss Joan Montgomery, bride-elect of Bruce Simmacher, was feted with a shower between the hours of 4:30 and 6:30 Tuesday afternoon at the lovely home of Mrs. Noel Woodley.

Hostesses other than Mrs. Woodley were Mrs. Mmes. Lonnie Merriott, W. Q. Casey, Connie Dale Gupton, R. V. Ivy, C. D. Gupton, Fred Johnson, J. Wyer, J. N. Parsley and Leon Smith.

Blue and white, chosen colors of Miss Montgomery were carried out in decorations and appointments. The tea table, covered with a white net cloth over blue, was centered with a blue net umbrella holding white tulips, flanked by blue twisted candles in crystal candelabra. Candles and baskets of tulips, jonquils, irises, and hydrangea were placed at various points throughout the home.

"Bruce and Joan" was printed in blue ink on the white napkins.

Guests were served blue fruit punch, tiny blue and white sandwiches, and assorted cookies. Plate favors were flowered mints.

Gifts were on display in the dining room. Approximately thirty guests called during the afternoon, and many who were unable to attend sent gifts.

Needmore Club Met Last Week

Members of the Needmore Home Demonstration Club met at the Community Center at Needmore, April 20, at 2:30 in the afternoon.

Articles made by members of the club were displayed at the meeting for sale. Total proceeds from the sale, \$7, will be put in the treasury.

Mrs. Zeffa Shafer, council delegate, gave a report to the club of the council meeting.

Mollie Stinson, county HD agent, gave a demonstration on hems, and the importance of using the right accessories with the right dress.

May 4 has been set as the time for the next meeting.

CARD OF THANKS

I would like to express my heartfelt thanks to everyone for their kindness and consideration during my recent illness.

My special thanks to the entire staff at the West Plains Hospital and Clinic, and to Wilburn Stacey and Albert Griffin for the blood they gave.

May God bless each of you for your kindness to me, a stranger in your city.

FHA Girls And Sponsor Enjoyed Galveston Trip

Two Muleshoe High School girls, Delores Cannon and Marsha Dale Redwine represented the local F. H. A. Chapter at the state meeting last week in Galveston.

The girls were accompanied by their teacher and sponsor, Miss Mary Ford. They were chosen to make the trip on their scholastic standing and for having the most points in their F. H. A. work.

The three left Lubbock last Wednesday evening by train and arrived in Galveston early Thursday.

Theme of the convention this year was "Peaceful Thinking for Peaceful Living". New officers for the year were installed and there were several business meetings and talent shows.

One of the guest speakers was the state F. H. A. president.

The two girls and Miss Ford left Galveston by bus Saturday evening and went to Houston.

where they caught another bus for Lubbock and home.

All reported a very enjoyable trip, and Miss Ford said they especially enjoyed the Gulf breezes.

Book By Local Author To Be Published Soon

The first novel of 72 year old Texan, Will M. Clower, will be published in early May by Pa-gent Press of New York.

"What Price Fortitude" is an action-packed adventure tale about a young American girl

winding up a secret mission on an island menaced by Communist infiltration. The reserves of the courage and strength Madge Curry finds in her heart make up the theme of this unusual novel in which the author has tried to show that "Man's extremity is God's opportunity."

A native Texan, Mr. Clower was born in Comanche in 1882, educated in Cleburne and Clarendon, lived in Plainview, and presently makes his home in Lubbock. He and Mrs. Clower will celebrate their golden wedding anniversary this coming summer; they have two daughters and one son.

The author, an optometrist since 1910, has just retired from the Lee Optical Company of Lubbock.

He is a member of the First Methodist Church of Lubbock and past Masonic Master of the Elgin Lodge A. F. & A. M. 328.

VISITED SON

Mr. and Mrs. Ira H. Thomas

visited the past weekend in Plainview with their son and daughter-in-law, Mr. and Mrs. Vernon Thomas and daughter. Vernon is now employed by the American National Ins. Co. at Plainview.

JOHNSON-POOL

What's the best place to save for Cowboys, Indians and Space Cadets?

Of all the reasons for saving money—and there are hundreds—certainly none is bigger or more important than building up a nest-egg to take care of your children's future.

And where's the best place to build up your nest-egg? Right now, 14 million Americans think the best place is an insured Savings and Loan Association! Here's why!

ONE—You get excellent returns. That's because insured Savings and Loan Associations invest most of their funds in sound, steady-paying home mortgages.

TWO—Your savings are safe—protected by good management and substantial reserves. They are insured up to \$10,000 by the Federal

Savings and Loan Insurance Corporation—an agency of the U. S. Government.

THREE—These Associations are local organizations. They offer friendly, helpful and convenient service.

And here's another point: When you're thinking of buying a home, remember that insured Savings and Loan Associations make liberal loans. They see to it that you get the money quickly—and at moderate rates.

Why not come in and open savings accounts for yourself and for your children today. And if you need a home mortgage loan, let's talk about that, too!

HOTTEST-SELLING BUICK IN HISTORY
No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

Less than some models of the well-known smaller cars!

UNLESS we miss our guess, a lot of surprised people are going to do some new back-of-an-envelope arithmetic when they see the low delivered price of the Buick shown here...

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring popularity is Buick's full line of automobiles, giving you a choice in any price class—the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflow†—the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional on other Buick models.

BABSON FORECASTS—
"Revolution Ahead In Farming"

Babson Park, Mass., April 28—
The small, non-progressive farmer is gradually being forced out of business. The trend is toward large mechanized farms. I forecast that this trend will continue. The stubborn farmer simply cannot compete, over the long term, with the low-cost mass-production methods of the modern mechanized farm. He has not sufficient land and will not buy the necessary equipment.

INCOME DECLINE HITS SMALL FARMERS HARDEST

Farm income has declined on average about 8% since 1951. This decline has been felt by all farmers, but particularly by the smaller operators whose costs are high. Some have had to close up shop. Those in the Dust Bowl area were dealt another severe blow recently when Federal Crop Insurance was discontinued in certain sections. Withdrawal of this insurance will be felt especially by the small marginal farmer. Banks which heretofore have been willing to make loans to marginal farmers with crop insurance protection are now neither willing nor able to risk their depositors' funds. Someday it may be possible to predict and control the weather. This should be a great help to the farmer, but would apply only to production, not demand.

Government acreage control has helped the small farmer compete against his bigger brother to the extent that the large mechanized operator has been forced to restrict his output. This, however,

is only a stopgap measure and is unfair to the mass production farmer because he cannot make full use of his facilities. This reduces his efficiency and ups his costs. Someday mechanized farmers will revolt against this artificial restriction in much the same manner as the discount houses are currently overthrowing the Fair Trade Laws.

PUSH-BUTTON FARMING

Although the day of wholly-mechanized farms is still in the distant future, some amazing devices have been developed and are now in use. The farmer can now push a button to grind, mix, and serve feed to a barnful of cows. Pushing another button changes the feed formula and the machine serves the hogs; pushing a third button prepares and serves feed to the chickens. Talk about the big-city automatic restaurants! Those who have done chores on a farm will readily appreciate the time and back-breaking labor these machines save. I forecast women will supersede men in running certain farms.

Another valuable machine is the hay and grain dryer, which roughly corresponds to the housewife's clothes dryer. The dryer makes the farmer less dependent on the weather and lets him harvest at his convenience. It reduces spoilage and gives him more value from his crop. In addition, there are machines for planting, spraying, and harvesting, plus countless practical gadgets that make farm work

SAND HILLS PHILOSOPHER UNWORRIED—
Over Chances of The Farmer Going
The Way Of The Whooping Crane

Editor's note: The Sand Hills Philosopher on his Johnson grass farm takes a confident view of farming, his letter this week reveals.

Dear editor:
Last night I was thumbing through a magazine wondering if there was anything in it I'd be interested in reading. Most articles in magazines are written for neurotic women and I usually just skim through em, when I noticed an article about farming and I settled down on it.

That is, it wasn't exactly about farming, it was about the farm population.

According to it, a hundred years ago 80 per cent of the population of this country was farmers, but the percentage has been dropping steadily, as towns and cities grew bigger and bigger, and today it's only 19 per cent. That's right, the article said, only 19 per cent of the population of this country are farmers, and furthermore, it adds, the percentage is dropping at the rate of 1 percent a year.

Now it doesn't take any math-

more pleasant and efficient.

WHAT FARMER'S SONS SHOULD DO

I forecast the future is bright for farmers who have well-located farms and will adopt the new equipment, and for the makers of this new farm equipment; but I fear the days of many stubborn, small marginal farmers are numbered. Fortunately, the impact of mechanization will be gradual, but this is a problem which should be recognized and planned for now by the farmer and his children. Government should get together with industry and try to make this transition as easy as possible. Farm workers especially should face up to the situation realistically.

In industry, the man who finds work in his own line diminishing, turns to another type of business. He frequently does much better in the new endeavor. In this connection, many small farmers and farm workers have nothing to lose. Most farm people have character, courage, and good health. They often have the advantage of being handy with tools. In planning and running their farms they have had valuable administrative and supervisory experience. What does this all mean? To me it means that one of the farmer's sons or daughters might do well to adopt the new conditions and remain with the farm; but the "hired men" with ambition had better get jobs elsewhere. Employers may well use the "Help Wanted" ads in farm areas as job opportunities arise.

ematically to figure that if this trend continues, in 19 years there won't be any farmers left.

This bowled me over. I knew there were possibilities of the country running out of oil, gas, coal, uranium, plutonium and whooping cranes, but I didn't know us farmers were in the same category. I had always figured you couldn't run out of farmers anymore than you could run out of candidates for office, that is, as long as there was any land left, a farmer would show up with a plow, the same as when an office becomes vacant, a candidate always turns up with a promise.

But if these figures are true, this represents a real crisis and some department of the government ought to get to work, say

the wildlife department, which could divide its efforts between vanishing farmers and the disappearing whooping cranes. They could set up a national preserve for farmers, check em with their binoculars every spring to see how many made it through the winter, and leave food scattered around to let em know the rest of the nation was still friendly.

However, this morning I came outside and started checking around myself and as best I can tell, every piece of land around here is still being farmed like it was for generations and if farmers are disappearing, you can't tell it by looking. I'll be glad to have some food scattered around for me, but I ain't planning on quitting.

Yours faithfully,
J. A.

POULTRY DISEASE EXPERIMENT

A cancer-like poultry disease, lymphomatosis, is costing U. S. poultrymen an estimated \$50 million a year in chicken and egg losses. This amount represents about the annual worth of Texas chicken and egg production.

NECCHI

THE WORLD'S FINEST SEWING MACHINE

Harvey Bass Appliance

Phone 4690 — Muleshoe

Recent experiments by the U. S. Department of Agriculture, however, indicated that the tide may be turning in the fight to control and reduce this huge annual waste. Dr. B. R. Burmester is heading a project at East Lansing, Mich., which promises to provide high resistance on immunity in chicks hatched from eggs of vaccinated hens.

Lymphomatosis is the most destructive of all poultry diseases. It is infectious, contagious, and malignant. The disease affects chickens much as cancer affects men. It is caused by a virus and attacks the internal organs of chickens, causing tumorous enlargement of the liver.

Experiments have shown that immunity to the "big liver disease" can be passed from vaccinated hens to their chicks. Researchers believe that vaccination causes a buildup in the mother hen's blood of protective antibodies which are transmitted through the egg to the chicks.

For the East Lansing experiments, 14 White Leghorn hens of

a strain known to be highly susceptible to the disease were vaccinated. Most of their 300 chicks proved immune or highly resistant to the disease. Their immunity was shown by giving them potent injections of the active virus. Only 3 to 13 percent of these chicks died from lymphomatosis, depending on the dosage of virus received. Even then, the few susceptible birds survived much longer than most chicks given the injections without benefit of prior vaccination of the mother hens.

Young chicks, themselves, cannot survive the immunization. Since all chickens gain resistance to the disease as they grow older, only mature birds are injected with the vaccination. Before these research findings can be put into general use however, the techniques of vaccinations must be simplified and the production of the vaccine must be put on a practical, commercial basis.

THIS & THAT

About Homemakers & Homemaking IN BAILEY COUNTY
By MOLLIE STINSON
Home Demonstration Agent

Some very interesting recipes for dips and spreads have come to the office. They and others like them are ideal for the summer season when company comes over or when a snack is wanted at home. They might also be used at club meetings for that "something different".

Here is my favorite of the lot and really an easy one.

CHILI CON QUESO

One 2 lb. loaf of Velveta cheese. Two cans of Rotel tomatoes with green chilies.

Be sure to use the Rotel brand tomatoes with green chilies. Cut cheese in chunks and start melting in top of double boiler. Add rotel and stir until cheese has melted and mixture is fairly smooth. Serve either hot or cold.

By the way this one can burn your tonsils out if you aren't careful, but it is sure good. These recipes were sent to us by a well known state senator and if you'd like a copy there are more in the office.

Some of you might wonder why the agent hasn't been seen around the country this week as often as usual. Well, my car and a Hereford bull had a run-in last week and the car isn't over it yet. The last time I saw the bull he was still kicking, which is more than I can say for the car. Anyway, you'll find me in the office, afoot, if you want me, until the car is fixed.

A favorite vegetable is broccoli. It is the favorite among the cabbage family. It can be found on the markets the year round.

Mae Belle Smith, Extension specialist in consumer education, suggests the food shopper look for firm, tender stalks with buds formed in compact clusters. The color should be a bright, dark green. A yellow tinge shows deterioration from storage or age.

Broccoli is easily cooked with practically no waste because the stalks as well as the buds are eaten. Split the stalks into fourths fanwise, so they will cook as quickly as the buds. Quick cooking time help retain the green color and the food value.

Today's Meditation

MAKING CHRIST KNOWN TO OTHERS

Read John 17:15-21.

For their sake I consecrate myself that they also may be consecrated in truth. (John 17:19, RSV.)

In an upper room in Jerusalem the night before His crucifixion, Jesus commended thus

with His Father in the presence of His disciples. "For their sake I consecrate myself." Our loving Lord was preparing to lay Himself upon the altar of sacrifice.

If we would follow Christ and take our Christian vocation seriously, we, too, must engage in an act of self-consecration. Counting the cost, we must devote ourselves wholly to God and His service.

A certain emblem in art perfectly expresses the response that

benefits us Christians in view of what our Saviour Christ has done for us. The emblem is an extended open hand which holds a heart ablaze in flame. These words explain the symbol: "My heart I give Thee, Lord eagerly and sincerely."

Let us remember Jesus Christ and worthily respond to His deepest desire. Let us give our whole personality to God in passionate consecration. Then, and only then, can we begin to live

as Christ's men and women, dedicated to His service.

PRAYER

Father in heaven, take us as we are and make us, through the grace of Christ, what we should be. For the sake of our Saviour, who teaches us to say when we pray, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY

Jesus consecrated Himself for us. Have we consecrated ourselves to Him for service to others? John A. Mackay (N. J.)

MORE BEAUTY!...

Actual photo of Plymouth Belvedere Convertible

MORE VALUE!...

THAN ANY OTHER CAR IN THE LOW-PRICE 3! HERE'S WHY—

Because Plymouth is the biggest car in the low-price 3, and also has the newest styling, you'll see more glamor outside, more luxury inside, when you inspect this great new car. And when you step inside you'll find more comfort, too, because Plymouth is the roomiest car of the low-price 3. The glamorous new Full-View windshield gives you the greatest visibility of all low-price cars, because it's swept back at the sides. Now, for the greatest thrill of all, take the wheel and drive the new Plymouth. The

thriftiest, smoothest six of "all 3," the high-compression PowerFlow 117, or the new 167-hp Hy-Fire, most powerful standard V-8, leaps to action at the turn of the key. On the road, you'll enjoy the smoothest ride—the steady, even ride only a truly big car, like Plymouth, can give you. These are a few of the reasons why value-wise buyers are choosing the big, beautiful Plymouth when they look at "all 3" this year. But why not see for yourself? See and drive a new Plymouth today!

WHY PAY UP TO \$500 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

Exchange Student Speaks At Meeting Of DKG Sorority

Gamma Iota Chapter of Delta Kappa Gamma met at 11:15, Saturday, April 16, for a luncheon in the cafeteria at Littlefield High School.

Initiation of four new members, Miss Elma Smith and Mmes. Cleo Melford, Mary B. Obenhaus, and Marvin Stovall, was a feature of the program.

Luncheon speaker was Udo Dru Strasilla, seventeen, of Berchtesgaden, Germany. Udo arrived in Littlefield in February. He entered High School as a junior. He is sponsored by the Lions Club, and lives in the home of Mr. and Mrs. T. J. Jones.

Udo told the group that he thinks students in American High Schools learn more about each subject since they are permitted to take only four or five subjects in classes meeting each day. He said he had been taking eighteen subjects in Germany. No classes had laboratory work.

Members from Muleshoe attending the meeting were Mmes. Mable Dowell, Owetha Finley, Blanche Johnson, Elizabeth Watson, Radie Boone and Lois Witherspoon.

Air Force In Operation Muleshoe

IF YOU EXAMINE these pictures, you will know about all anyone else here knows about the Air Force's "Operation Muleshoe", carried out Friday and Saturday. The alert cameraman caught these scenes:

At top the Air Force has landed at Muleshoe airport to pick up a group of airmen who bivouacked near the old Hart tank, mile or so north of town and spent the night. Several locals, curious about it, approach the plane, among them Jeff Peeler and Myron Pool, Jr. Middle picture shows the jet-assist take off after loading all personnel.

AIRBORNE! Bottom picture shows the big plane soaring away to its destination, El Paso, with part of the Muleshoe skyline showing on the horizon.

What the purpose of the operation was, or where the Air Force people belong, was not learned here.

Wesleyan Guild To Send Sewing Machine To Korea

"Be Ye Doers of The Word" was the lesson topic as members of the Wesleyan Guild of the First Methodist Church of Muleshoe held a regular meeting Monday evening of this week at the home of Mrs. Mable Dowell.

Mrs. Fred Johnson, president, was in charge of the meeting. Mrs. Ray Edwards gave the devotional, and others on the program were Mmes. Buford Butts and Jim Burkhead.

Beginning with the next meeting, Guild members will meet at

8:00 in the evening instead of the regular 7:30. Members voted to send a sewing machine on the Texas Friendship to Korea and to start the basket again. Also they voted to send \$2 to the Aspermont Guild, a new organization.

A card was read from Jean Montgomery, secretary of the M. Y. F., thanking Guild members for the refreshments served to them at the recent meeting.

Several members were reported ill. Among them Mmes. Gilbert Lamb and Lois Schoenberg. Mrs. Sam McKinstry was absent due to the illness of her husband.

The next meeting will be May 9 at the home of Mrs. Fred Johnson.

The hostess served refreshments to Mmes. Buford Butts, Jim Burkhead, A. S. Stovall, T. M.

make your tractor a MODERN tractor

CONVERT TO LP-GAS With ENSIGN Carburetion

Right there in the circle above you've got the key to modern tractor efficiency — LP-Gas fuel plus Ensign Carburetion. It's just good business sense to find out how modern LP-Gas efficiency scrapes ordinary performance standards. Get the facts on profit-boosting fuel savings and phenomenal freedom from maintenance expense (3 or 4 seasons without service!). The six points below suggest a few LP-Gas and Ensign Carburetor advantages. Keep the profit-angle in mind as you read them!

1. Fuel savings 25 to 40 percent.
2. Take off less fuel than on kerosene.
3. 20 to 25 percent super overhaul.
4. Increased power. 100 extra fuel permits high compression.
5. Smooth-running engine — no vibration.
6. Some fuel storage serves tractor and household.

Let your Authorized Ensign Dealer check your engine. He can tell you what you can save by making your tractor a MODERN tractor with LP-Gas.

**PARMER COUNTY
Farm Bureau
News**
By RAYMOND EULER

State Legislative affairs seem to be progressing along a route generally in accord with your Farm Bureau recommendations on those subjects particularly important to agricultural people. It appears that some matters will not have received the disposition we had hoped for. Group and individual participation in times of decision will give all the people a much better representation in seats of government. If you have read some of the Senate Journal reports of this session, you can readily see how inconsiderate it would be to expect your representative to digest and decide properly on a very great portion of the volumes of proposed legislation he is faced with. It seems logical that county wide meetings at regular intervals during a legislative session might yield much fruit toward our citizens knowing what is being proposed, and writing their opinion to senators and representatives. Many of these bills become law long before the average person even knows they are being considered. If farmers had watched the self employment social security measure, and acted on it when it was being considered in Congress halls of Washington, we are sure it would not now be the law that many are wondering why we "don't do something about". It is much easier to prevent laws than to repeal them.

4-H boys and girls of Korea are expecting fulfillment of a promise that a ship load of project material would come to them from the State of Texas in June. There is no doubt that this promise will be kept in full faith. We would just like to see a little more of the contributions on that Texas Friendship go from Parmer County. Do you have a walking plow or cultivator that an ox could pull? \$25 will buy and deliver the sewing machine if you want to give one and don't have the machine. \$15 will buy and deliver a pig to a 4-H boy for a

project. They can't buy them over there, even if they have the money, which they don't. Take your contributions to one of the county agents, to your pastor, or bring it to the Farm Bureau Office and say, "This is for Christian Rural Overseas Program to deliver to Korea". Do it before May 15th.

Consider This: Hath not my hand made all these things? Acts 7:50.

**3 New Members
