

HERE AT HOME

By J. M. FORBES

Male Call, in San Antonio Express: A real backward guy today owns a 10-inch TV set, a hand lawnmower, and a one-color automobile without air-conditioning.

And Male Call asks: With all this dacron, nylon, orlon, etc., how can I buy a pair of plain cloth?

Jno. S. McMurry, Mr. Rancher hereabouts, most remembers the fun they had in his days on the Matador when he was twenty and past. He thinks Charles Goodnight was perhaps the greatest cattleman he has ever known or heard about, followed closely by John Chisum. Johnny stayed with the Matadors, his fathers worked for the J. A. But have you ever thought that Johnny, who must have cattle in his bloodstream, is actually a farmer? He farms 190 acres, soon will have irrigation, but says he's "not much of a farmer".

The FBI got interested when they saw circles on many trees with the bullet hole in the dead center. They found the village completion had done superb marksmanship. He explained it was pretty easy; he shot first, then drew the circle.

ON THE BALL

Customer: "Are those eggs strictly fresh?"
Grocer (to his clerk): "Feel of those eggs, George, and see if they're cool enough to sell yet."

HAPPINESS

The things that make happiness are honest toil, and the consciousness of making a success of any and every job undertaken. It would be a sad day on earth if only the great could be happy.

Happiness is for everybody who seeks it, and not for a few. We realize exactly the things we reach out for despite disappointments that cast shadows over life.

MAN OF LEISURE

This was told to me Sunday in a neighboring city:

Not long back old John sold his gasoline and wholesale agency. First week he went to work on the weeds and dandelions in his yard, had a full week. Second week, weeds, and dandelions took only 2 days. Third week, he just kinda topped the weeds and dandelions, couple of hours work. Fourth week his wife said get out of here and get out from under my feet.

So, John went downtown, looked up his friends, drank coffee. Next day, less friends to drink coffee. Third day friends he met yelled hello John then hurried on; fourth day all just waved. They were busy. Fourth week: John bought another wholesale oil and gas agency and went back to work.

W. D. Moore Was Rotary Speaker

W. D. "Bill" Moore, veteran worker with young boys, baseball enthusiast and self-made philosopher, gave Rotarians and their guests "something to think about" when he addressed the club Tuesday noon.

Bill believes the man who does not think solely of amassing material things but gives thought to how much he can help his neighbor when that neighbor needs help will find happiness. He recommends that we all be slow and careful in criticizing our fellow man, and quick to lend him a helping hand and a pat on the back at a time when he needs encouragement.

"I firmly believe that the most effective exercise for a heart condition is reaching down to lift a fellow human being up," the speaker said. He thinks that if we will all be kind and charitable toward each other, smile and speak in a friendly fashion, we will have a better world in which to live.

Jim White was in charge of the program. The club decided to put off until June 28 their projected annual installation banquet, when officers and directors for the new year beginning July 1 will take over.

FILM SHOWN AT FFA MEETING

Approximately twenty members of the local FFA Chapter were on hand to take part in a regular business meeting and enjoy a film at the Muleshoe High school vocational agriculture building Monday evening.

"Grand Canyon" was the title of the entertaining, full length film shown to the boys.

Humble's Grand Opening Saturday

Muleshoe's newest business is White's Service Station, located on Highway 84 at West 5th Street. With the grand opening of this modern new station Saturday, a new product comes to this community, Humble petroleum products, including Humble Esso Extra gasoline.

Jerald White, the manager of the station, extends an invitation to everyone to drop by Saturday and take part in the opening day celebration. There'll be a lovely greenhouse fresh Green Thumb plant for every lady who attends, and special favors for the men and children too.

Among the many outstanding features about the new station are the dual pumps, making it possible for a person to fill up with Esso or Esso Extra gasoline by stopping at either of the two pumps.

White, who is new in Muleshoe, expresses a sincere desire to have each local citizen stop by and get acquainted.

Five Area Phone Directors Approve Plans, Will Call For Bids In 30 Days

After months, and even years of negotiation, deliberation, planning and re-planning, the day is in sight when contracts for the construction of rural telephone lines in this area will be awarded.

Inman Awarded Talent Club Trip

JERRY DALE INMAN

Jerry Inman, 18 year old Bailey County 4-H Club boy, has been awarded another coveted honor, an invitation to go along on an 1850 mile trip through six states, guest along with other outstanding club boys of the Producers Grain Corporation.

Jerry was awarded the trip on the basis of his 6 year record in 4-H club work.

He is also the local representative at the 4-H Club Roundup at A. & M. College this month and he'll barely get home from that event before the big trip begins on June 12.

The trip, called the "Talent Club Tour" will traverse six states, Texas, Oklahoma, Nebraska, Kansas, Missouri, and Iowa. The 4-Hers will travel by air-conditioned bus. They will visit points of interest in the states mentioned.

Jerry is a son of Mr. and Mrs. Sherman Inman, well known farmers residing west of Muleshoe. Jerry graduated from Muleshoe High school with the class of 1955.

Directors of Five Area Telephone Cooperative, formed to serve rural residents in a big section centering on Muleshoe, will on June 20 approve plans and specifications for the "outside plant", which include poles, wire, cables, telephone instruments, etc.

Monday night of this week, they met in the Bailey County Electric Cooperative Association office here and approved: 1. The amended loan contract and signed this instrument; 2. The plans and specifications for the building to house five central offices. Loan Figure Reduced

D. B. Lancaster, manager of the Electric Co-op and the Telephone Co-op, said the loan has been reduced from the first announced figure of \$983,000 to \$860,000.

The original loan was approved by REA in 1952 on the basis of 1350 subscribers. Actually, only 850 signed applications for service. When in January of this year only 400 of that number appeared ready to do business, by mutual agreement the loan was reduced to its present figure.

Quite a while back, the directors of the Telephone Co-op let the contract for the central equipment, which is being made ready. Central offices will be located in Lazbuddie, Bula, Needmore, Maple, and Lehman.

When the lines as now projected, and the central plants are built, business men here in Muleshoe will be able to talk by telephone to farmer friends over a large territory; and conversely, farmers may telephone in for a part, the market, or business appointments. Residents of large areas are without any means of emergency communication with the towns.

Officers and directors of the Five Area Telephone Cooperative are: Walter Damron, president; C. E. Roark, vice-president; Jarvis Anzley, secretary and treasurer; Chester Setliff, Seth Kennedy, M. A. Townsend, and R. C. Gaebe, directors. All were present for the Monday night meeting, excepting Mr. Gaebe.

LANDMARK IN PROGRESS DESTROYED BY FIRE

An old house belonging to the estate of the late Josh Blocher in Progress was destroyed by fire Sunday night. The house was untenanted.

Cause of the blaze was not determined. Muleshoe Volunteer Fire Department went to the scene but the fire had gained so much headway that it could not be extinguished.

ENTERED COLLEGE

Virgel Merriott, son of Rev. and Mrs. Ernest L. Merriott, entered Draughon's Business College in Lubbock, June 6.

Holts Gas Truck Complete Loss In Collision Accident

Ernest M. Lovelady, 58, of Muleshoe, escaped with a bruised toe and elbow when a truck-trailer he was driving, carrying 4,515 gallons of gasoline, and belonging to Clyde Holt, of Holt's Panhandle Oil Co., of Muleshoe, collided with a Hudson car Saturday afternoon. The accident happened at Iowa Park Road and Kenley Lane in Wichita Falls.

Herman C. Akin, 28, of 14 Redbud Lane, Wichita Falls, was the driver of the 1949 Hudson sedan, which Lovelady said came in from Kenley Lane in front of the truck.

Lovelady said he was driving the westbound, virtually new 1955 Chevrolet truck-trailer on the Iowa Park highway when the Hudson car came out of the

lane in front of him. The truck-trailer and the car collided. Then the big vehicle jackknifed, breaking the big 35-foot telephone electric pole in half at the northwest corner of the intersection. The truck-trailer then careened onto the Falls Motel property and smashed through the southwest corner of a brick unit, which was unoccupied, and stopped after crashing into a towering pecan tree.

Officers found the Hudson sedan unoccupied on Glenwood Lane a few blocks from the accident scene. An alert alarm went out for the driver and he returned about 11 a. m. Sunday morning, claiming he blacked out after the accident. He is a war veteran, and is said to be

a victim of mortar shell shock. Mr. Lovelady said three children, stood beside the highway scene four feet north of the pavement and another car was passing the truck-trailer on the left. The cab of the truck trailer was smashed, the body is claimed a total loss. This was the initial trip for the new truck, it had only logged 900 miles since its purchase from C. & H. Chevrolet Co., of Muleshoe.

Raymon R. Vaught, owner of the Falls Motel, estimated damage to the motel unit at \$2,500, and stated the pecan tree was insured for \$2,000.

Holt went to Wichita Falls immediately following news of the accident, and pulled the wrecked truck back to Muleshoe Wednesday.

Remund - Wilson Open In New Building Today

Remund-Wilson, owned by Murl Wilson and Mrs. Bert E. Remund, is celebrating the grand opening of the modern new dry goods store here today. The new store is opening in a recently built 45x120 building located on North Main.

Today, tomorrow, and Saturday will mark the days set aside for a big grand opening sale. The sale started when the doors opened this morning at 9 a. m. Eight friendly employees will be on the job each day to serve every customer. They are: Mrs. Bert E. Remund, Mrs. Nola Wilson, Mrs. Alvin Allison, Mrs. Lois Testerman, Murl Wilson, Bill Wilson, Mary Janice Puckett and Sandra Allison.

Friday only, Mr. Coot Arnold of Ely and Walker, representing "As You Like It" nylon hose, and Mr. Lester Boyd of Tuf-Nut Garment Manufacturing Co., will be on hand to explain the full advantage of the products made by their company and sold by Remund-Wilson. Mr. John Elliott, representative of Endicott Johnson Shoe Corp., will be in the store Friday to demonstrate all of the features that make Johnsonian "Guide Step" dress shoes famous.

Free balloons and suckers will be given to all children coming in during the sale.

Both owners of this store live here in Muleshoe and remind their many customers that their is a business that is Muleshoe owned, and Muleshoe operated, by Muleshoe people.

At first thought the building and finance committee felt that a one hundred dollar per plate dinner was rather high, but it was quickly brought to their attention that Republicans and Democrats use it successfully to finance their programs. It's done to electrify football fields, to help finance Scout programs, and to help influence farm legislation, then why not do it to help finance God's program, and build a place of worship which is badly needed.

It is recognized by the building and finance committees that there have been many liberal contributions, and because of them, the building project is now near to realization. They also realize that there are many fine people who cannot at this time take part in this banquet, and that their loyal work in other ways could not begin to be measured in dollars and cents. It is the purpose of this banquet to people who have pledged money to pay it now, so that the building program can get off the paper and into action.

It is also the purpose of this banquet to encourage those who have not yet participated to come in and share in the Methodist Church building program. Persons who have not been given the opportunity to share in this building program, and would like to have a part in the construction of this church, are asked to contact any member of the building or finance committees, or call Sam Fox at 6880.

Small Donations Put Cancer Drive Over The Top

Gilbert Lamb, Bailey County chairman of the Cancer Drive, expressed his thanks today to the many local firms and individuals who have been so big a part of this year's drive. Thanks went to the Muleshoe Jaycees for their backing of the drive and the splendid work done by the organization; to The Journal for its beneficial publicity; to church, ladies clubs, service organizations, for their donations; to the drug stores and cafes for "Coffee Day" and to the hard working ladies who put on the bake sales, and the fine merchants who made possible the gifts.

Most heart warming of the many things about the Cancer Drive in Bailey County was that the greatest portion of the money came through small contributions, given by a large number of people.

There was one \$100 individual donation and a \$50 donation, then the crumpled dollar from a lady who could neither hear nor speak, and the Mexican who could not quite understand, but put fifty cents in one of the cans anyway, and the little girl who dropped her dime in the can at the drug store and walked away without an ice cream cone. . . . Those were the contributions that made Bailey County one of the outstanding counties in the State of Texas, over the top almost one and a half times its quota.

ANNOUNCEMENT

Muleshoe IOOF and Rebekah Lodges will have a joint Memorial coming Tuesday night, June 14, at the Lodge Hall.

All members of the lodges are urged to be present. Refreshments will be served.

JOHN CHARLES GILBREATH HONORED AT N. M. M. I.

John Charles Gilbreath, son of Mr. and Mrs. Rufus Gilbreath is home for the summer from N. M. M. I. N. M. At the close of the school term he was elected president of the Colt Club, which includes all High School athletes.

Bailey County Boys To State FFA Convention

For more than 4,000 Texas Future Farmers, all roads will lead to Houston, come July 19 and 20. That's the week the 27th annual convention of the Texas Association of Future Farmers of America will be held in the air-conditioned Sam Houston Coliseum.

The convention officially opens July 20 and closes July 22. Reservations for eight Bailey County boys have been made at the convention headquarters in Houston, the Rice Hotel.

Presiding at the Houston sessions will be young David Ris-linge of Ferris, State FFA president. State vice-presidents that will assist David during the business sessions include Norman Tuck, of Canyon; Bud Hale, Lamesa; Dannie Gansky, Schulenburg; Don Wisdom, Quanah; Tommy Elledge, Mabank; Gary Pepper, Mount Pleasant; Hunsht Black, Lometa; Kenneth Rosenberger, Nacogdoches; and Lewis Dillon of Donna.

HISTORY OF BIBLE IN FILM

"Our Bible - How It Came To Us" To Be Projected Here Next Monday Night

Jerome translates the Bible into Latin

The entire film, "Our Bible - How It Came To Us", will be shown in the Muleshoe high school auditorium Monday, May 13, 8:30 p. m. The 84 minute production unfolds 2000 years of Biblical history in the making.

Part I of the picture, "Formation of the Bible" shows how many of the books of the New Testament were written and how they were added to the Jewish scriptures to eventually become The Bible.

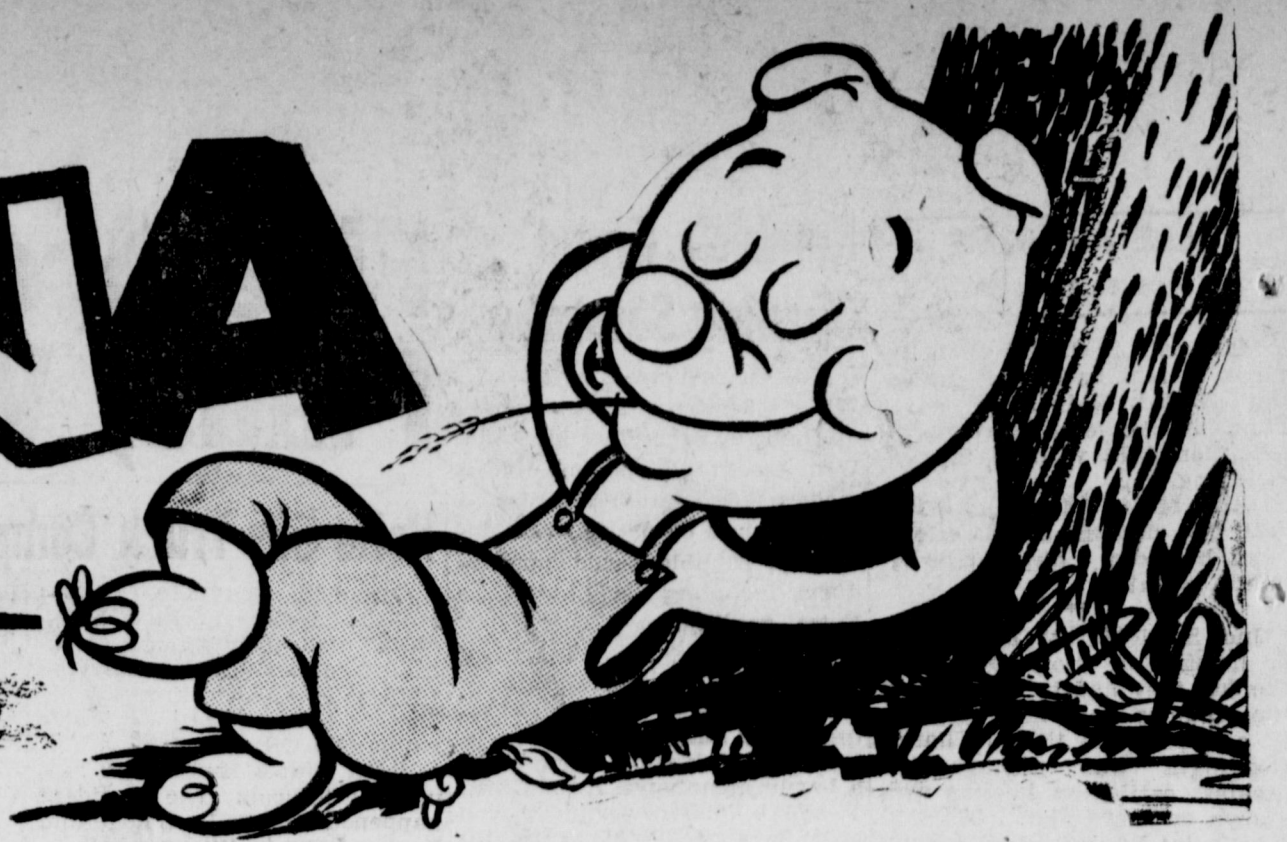

Part II, "The Bible Spreads Across Europe", traces the translation of the scriptures into the Latin language and shows why Latin was thought to be the holy language for many centuries.

Part III, "Making Of The English Bible", pictures the struggle and the tragedies of making the first English Bibles. It vividly portrays the days of John Wycliff, England's first great translator, and of William Tyndale and many of his friends and helpers were burned at the stake for their heroic work. This section traces the history of all the major English translations including the King James and the modern Revised Standard Version.

This is a most unusual opportunity for all of every faith and creed since all of us are beneficiaries of the Bible. The film is produced by The American Bible Society and is rated as the most authentic production in its field. It is strictly historical and interdenominational.

The film is brought to Muleshoe for the benefit of the American Bible Society and Texas Friendship For Korea. It is sponsored by the local CROP Committee and the local CROP Chamber of Commerce. There is no admission charge but a free will offering will be taken. Everyone is invited to see this great production.

a "COOL catch" TEA 'n' TUNA

Sweltering summer weather calls for the "light touch" at meal time. We suggest Tea and Tuna. It's the perfect combination for those particular hot weather appetites. Try it soon - a frosty refreshing glass of iced tea and your favorite tuna dish... so easy and economical to enjoy.

Cubs Drop One 11-8 To Jaycees' Sox

Friday June 3 — On almost every turn today it was "Jeep" Jennings who led the Sox to victory over the previously unbeaten Cubs. The tall, mild-mannered Sox hurler went a long way toward winning his own ball game by hitting an even thousand for his day at bat. Jennings slugged a towering homer over the center field fence when at bat for the first time in the second. He singled in the fourth, and doubled in the fifth.

It seemed that the usually strong Cub pitching was helpless against the Sox' bats as the "green legs" tagged the American Legion pitchers for eight hits, Beshire, who came in to replace starter Koelzer, was credited with the loss.

Sox Defeat Cards

Monday, June 6—Ronnie Freeman was tagged with the loss as the Jaycees' Sox downed the Rotary Cardinals 6-3 in Little League competition today.

Howard, the winning pitcher, was forced to duel Freeman all the way, with both hurlers going the distance. Freeman gave up six hits to Howard's seven, but the Sox placed their tallies where they counted the most.

Cards Take 10-9 Victory From Lions

Thursday, June 2 — Riding in second place in the league standings, the Rotary Cardinals played Dale, lf, it close for the second day in a row today and managed to edge the Lions 10-9 in a long, error marred contest at the Little League park.

In a desperate attempt to win their first game in three starts, the Lions sent eleven men to the field and used a total of four pitchers and two catchers. Catcher Mike Barron was the last man to see action on the mound for the Lions and was tagged with the day's loss.

Lancaster, Stone, and Dalton hurried the Cardinals to victory with Dalton earning the win.

Cubs Stop Lions' Rally To Win 7-6

Tuesday, June 7 — A last inning rally almost upset the American Legion Cubs today as they set the Lions down 7-6.

After scoring once in the second and fourth, the Lions came to life in the sixth and wasted no time closing a five run gap. The damage came mostly unearned, however, with Blackwood's double being the only hit of the inning. The others went to the base pads as the results of three walks three Cub errors, and a balk called on Young.

With a man waiting on third to tie up the ball game, Young left the mound and James Shepherd came in from second to put out the fire. With count three and two on the bases loaded, with two out Shepherd sent Finn down by the strike out route to end the ball game.

"Where are you going with my Chrysler?"

He's like any normal husband with a new Chrysler in the family. He's learning why more wives "borrow" it than any other car!
It seems that once a wife or husband gets to know the ease and control of Chrysler's Full-Time Power steering, any semi-power steering feels clumsy and heavy-handed. They both prefer Chrysler's smoother-acting Power Brakes . . . and the alive feeling of unlimited power in Chrysler's great new V8 engines! They like the utter smoothness and silence of

PowerLite Automatic Drive . . . and most of all they enjoy being seen and admired in America's most smartly different car!
Now two Chryslers would really keep a family like this happy. Nevertheless, they'd be the first to tell you that one is a thousand times better than none at all. That's why we urge you to come in for a personal look-see, and a drive.
It's a truly wonderful experience. And . . . Sir or Madam . . . we suggest you bring your spouse!

COME TAKE THE **CHRYSLER** "100 - Million - Dollar Ride"

GOOD DRIVERS DRIVE SAFELY!

Doris Ann Fields Worthy Advisor Of Rainbow Assembly

Doris Ann Fields was installed as Worthy Advisor of Muleshoe Assembly No. 161, Order of Rainbow for Girls, at an open installation service held Thursday, May 26.

Others installed were: Elaine Evans, Worthy Associate Advisor; Mary Janice Puckett, Charity; Quineil Elliott, Hope; Mary Jo Holt, Faith; Sandra Briscoe, Chaplain; Doris Childers, Drill Leader; Nell Moore, Religion; Kay Brown, Nature; Jackie Burton, Immortality; Carolyn Hinkson, Fidelity; Sandra Allison,

Patriotism; Marcia Dale Redwine, Service; Nelda Redwine, Confidential Observer; Nan Allison, Musician; Pat Thomson, Choir Director; Delores Wagnon, Sherry Allison, Judy Hanks, Morna Beth Shaffer, Jana Goodwin, Donna Gwynn, and Laquita Stone, choir.

Installing officers were Ginger Gaede, Worthy Advisor; Bettie Collins, Marshall; Janice Gaede, Chaplain; Barbara Hinkson, Recorder; and Margaret Epps, Musician. Guests were registered by Darla Johnson.

After the officers were installed, Doris Ann's father was introduced and she presented him with a boutonniere.

Janabeth Laing, Grand Faith, and Barbara Hinkson, Grand Representative from Wisconsin to Texas were introduced, and Janabeth was seated in the East.

All past and present Mother Advisors and Worthy Advisors, were then presented behind the bow, for introduction.

Mrs. Frank Hinkson, Mother Advisor, presented several of the girls, who had completed the required work, with merit badges and service bars.

Doris presented her installing officers with gifts and Ginger Gaede presented the Mother Advisor with a gift in appreciation of the help she had given her during her term as Worthy Advisor.

Keith Gaede, accompanied at the piano by LaVon Copley, sang "You'll Never Walk Alone", and "Without A Song". LaVon then played a selection on the piano. The hall was beautifully decorated with orchid and white floral arrangements. Refreshments of cake and punch were

By JIM GORDON

ATTENDED SERVICE

Mr. and Mrs. Howard Carpenter and daughters Jimmie and Susie attended a capping service at the Amarillo College, Friday evening, where Mary Jean, a daughter, received her nurses cap.

VISITING PARENTS

Mary Jean Carpenter is home visiting her parents, Mr. and Mrs. Howard Carpenter.

TO LUBBOCK

Wanda Jo Hunt, daughter of Mr. and Mrs. Frank Hunt, left served to a host of guests following the installation.

Thursday for Lubbock, where she will enter Draughn's Business College.

CORRECTION

In my column last week, I stated Mr. and Mrs. Everett McBroom were the parents of twin girls. This is a mistake. The McBrooms have only one daughter.

HD Dress Review Monday June 13

The Bailey County Dress Review for Home Demonstration Women will be held Monday, June 13 at Fellowship Hall at

2:30 p. m. The dresses should be brought into the home demonstration agent's office by 9:30 a. m., Monday morning.

All the home demonstration clubs are expected to be represented at the dress review. This is the climax of the demonstration on basic dressmaking which has been carried on in the county this year.

The garments will be judged on the basis of construction of the garment and appearance of the dress on the wearer. The garments will not be judged on a competitive basis, but rather constructive criticism will be offered by the judges.

Mrs. Jewel Robinson, Home Demonstration agent in Hockley County and Miss Mary Dale Stinson, Home Demonstration

agent in Yoakum County, will be judges. A prize will be given to the clubs having the highest percentage of members participating in the dress review.

WEEKEND GUESTS

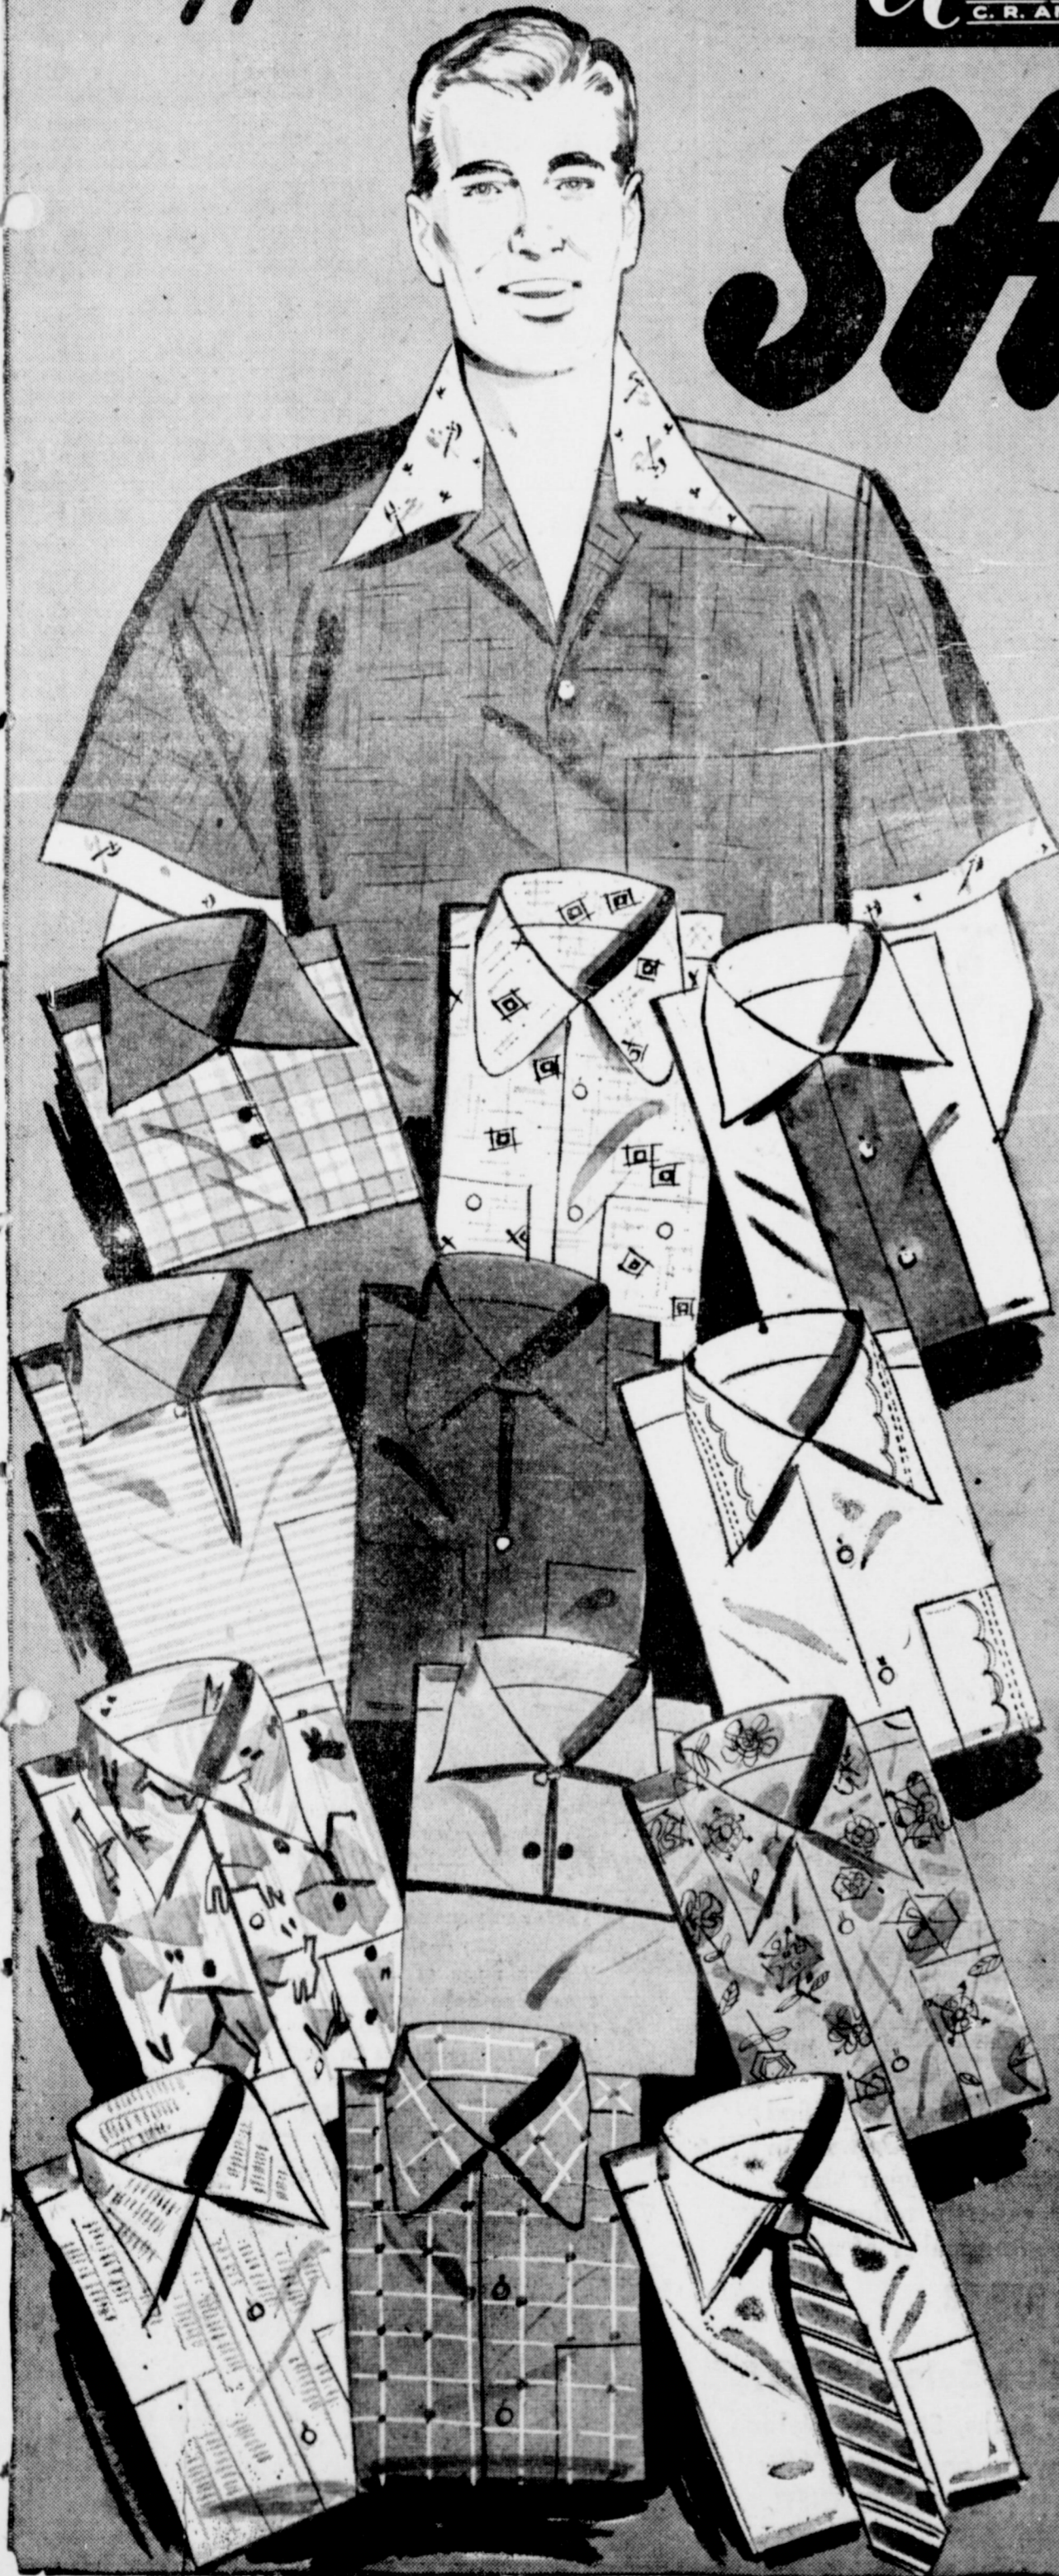

Weekend guests in the home of Mr. and Mrs. Melvin Carter were their friends, Mr. and Mrs. T. J. Boyd, of Vernon.

THIS & THAT

About Homemakers & Home-making IN BAILEY COUNTY By MOLLIE STINSON Home Demonstration Agent

I am looking forward to the home demonstration club's dress review Monday.

I am sure that people interested in the dress review will be welcome even if they do not belong to one of the clubs. Perhaps seeing some of the accomplishments of the club women will make them want to become a home demonstration club member.

Progress is being made toward another dress review, that of the 4-H girls. From the looks of things, gathered skirts will be numerous on July 16. There will be some lovely blouses and dresses also on hand.

All this talk about clothing reminds me of some hints on interfacing that I wanted to pass on to you this week. Fashion governs the use of interfacing, while the fabric and design of the garment govern the type of interfacing used.

The primary purpose of an interfacing is to give body and a professional look to a garment. It helps the garment to keep its shape, helps to prevent sagging and stretching in loosely-woven material, and gives crispness to the places where it is used.

Felted interfacings are especially good for lining skirts when a bouffant effect is desired. It is a good practice to use interfacing fabrics of the same fiber as in the dress. This will insure that both the interfacing and the dress fabric will react the same to heat, moisture and steam, and will require the same method of cleaning and the same temperature in pressing. If cotton interfacing fabric is not pre-shrunk before cutting and pressed carefully.

Certain fabrics are more suitable for interfacing certain parts of a garment than others. Permanent finished lawn can be used down the front of a bodice in collar and cuffs, under scallops at the front, around the neck, or pockets, to act as a stay under bottoms and button-holes in light-weight silk, rayon and satin garments.

Permanent finished net or marquisette of cotton or rayon can be used across shoulders of a dress, and down the fronts of bodices in dresses of non-washable wools, and heavier non-washable fabrics.

Firm, light-weight muslin can be used down the fronts of jackets, in collars and cuffs, for hip padding, inside skirt band, in dressmaking suits and coats of linen, rayon suitings, and light-weight wools.

OES Installation Will Be Tonight

A triple purpose was served at the regular meeting of the Muleshoe Chapter of O. E. S., No. 792, the past Tuesday evening. A degree was conferred upon Cara Juan Schuster; the twenty-ninth birthday of the chapter was observed, and a business session was held.

A kitchen shower for the hall was one of the evening's events. Members had been asked to bring kitchen utensils, or money. The money will be used to purchase a serving table. Mrs. Billie Mathis, outgoing worthy matron, presented the hall with a hand crocheted cloth, which was made by Mrs. Walter Thompson, of Gatesville. She is the mother of Mrs. Lou Green of this city.

Outgoing worthy patron is John Thomson. He and Mrs. Mathis had members of the chapter for their help and cooperation during their terms.

Installation will be held tonight, Thursday, June 9, at 8:00 o'clock. Mrs. Lola Bray will be installed as worthy matron. The new worthy patron is W. F. Creamer.

A letter was read from the district deputy, giving the names of those who had earned their A and B certificates. Those earning A certificates were Wynnie Dunn, Viola Layne, and Billie Mathis. B certificates were presented to Lola Bray, Mary Farley, and Ada and Lorena Thomson.

Refreshments were served by Margaret Epps, Grace Layne, Allie Snyder and Wanda New. Some of the close of the meeting.

Baptist TEL Met With Mrs. Shook

Mrs. Lois Shook was hostess June 7, at 3:00 o'clock in the afternoon, to the T.E.L. Class of the First Baptist Church.

Mrs. Beulah Motherall had charge of the business session, and the opening prayer was given by Mrs. A. C. Bray. Taking scripture from Psalms 121, Mrs. Mrs. Alene Dyer gave the devotional.

Prayers were given also by Mrs. Dyer and Mrs. J. L. Alsop. All group leaders gave their reports. Members were delighted to have Mmes. Dyer and Alsop back in the class again.

The closing prayer was led by Mrs. Mary Evans.

Twelve members and one guest enjoyed the delicious refreshments.

VISITED IN PLAINVIEW
Mr. and Mrs. Gene English were in Plainview Sunday for the family reunion of her family.

Littlefield-Steinbock Vows Will Be Exchanged At Lazbuddie On June 17

MISS SHIRLEY LITTLEFIELD

Mr. and Mrs. John Littlefield, Friona, are announcing the engagement and approaching marriage of their daughter, Shirley, to Max Steinbock, son of Mr. and Mrs. William F. Steinbock.

The ceremony will take place at 3:00 o'clock in the afternoon, June 17, at the Church of Christ, Lazbuddie, with Denton Thompson officiating.

The answer to your need may be found in a Journal want ad. Read the Journal Want Ad's.

Helen Dawson Is Co-Chairman Of College HE Club

Miss Helen Dawson, Muleshoe, has been elected Co-Chairman of membership for the 1955-56 session of the Wayland College Home Economics Club.

Miss Dawson, who is the daughter of Mr. and Mrs. J. V. Dawson, Star Rt. 2, Muleshoe, is also a member of the Young Women's Auxiliary. She will be a junior next session.

Barbara Evans of White Deer, is co-chairman.

Bailey County 4-H Representatives Left For Round-Up

Mrs. Totsy Lemons and Senn Slemmons left Muleshoe early Wednesday morning with the four members selected to represent Bailey County in the 1955 State 4-H Round-up. They joined a large group of delegates going by chartered Greyhound buses from Lubbock to College Station.

Winners of the trip this year are Gracie Lou Altman of Bula 4-H and Mary Carney of Muleshoe High 4-H in the girls division. The lucky boys making the trip are Jerry Inman of Muleshoe 4-H and Kenneth Hasteley of Bula 4-H.

Bailey County Electric Co-op and Southwestern Public Service said "More power to 4-H" in a big way by sharing equally in all expenses for the two boys. Muleshoe State Bank shouldered all expenses for the two girls. The County Home Demonstration Council sponsored Mrs. Lemons of Three Way who is adult leader in charge of the girls and the Bailey County Farm Bureau showed a fine spirit of cooperation in financing the trip for Mr. Slemmons, manager of Muleshoe Chamber of Commerce, who will be looking after the well being of the boys.

The Round-up is June 8, 9 and 10 and delegates will return June 11.

Mrs. Senn Slemmons will get a look at a big part of Texas as she will be along to make sure her husband looks after his responsibilities to a fine group of young folks.

CARD OF THANKS
From the bottom of our hearts we wish to express our gratitude for the many, many gifts of food, clothing, household necessities and furniture, given by our friends and neighbors in and around Muleshoe and other cities in this territory.

We can never thank enough those friends who have opened their homes to us and to those who have shared with us, things they needed themselves.

Especially do we want to thank the members of the Muleshoe Church of Christ, the staff at Cashway Grocery, and the Friendship Class of the First Baptist Church.

May God's richest blessings be with you.

Mr. and Mrs. Bob Mills and Family

Muleshoe Represented At Installation Services At Littlefield First Christian

Service of Installation of the new minister, Rev. Arthur K. Hunt, and dedication of the congregation to church work, was held by the Littlefield First Christian Church, Monday evening of this week.

Among the ministers of the various Christian Churches in this district, attending the meeting was the Rev. Jack K. Garrett of Seminole, who is president of the Christian churches of the district. Other churches represented were Lubbock, Levelland, and Lubbock. Muleshoe was represented by Mrs. Leta W. Herding, Mrs. Jack Epps, and Mr. and Mrs. G. T. Maltby.

brought by Rev. Chester Crow of Ft. Worth, state secretary of the Texas State Christian Missionary Society. Rev. Crow spoke on the subject, "The Church".

Greetings were brought from the Littlefield Ministerial Alliance by Rev. Henry Hault, minister of the Littlefield Presbyterian Church.

Wayne McMurry brought greetings from Lubbock in the absence of Rev. Dudley Strain, who was unable to attend, due to illness.

The services were followed by servation problems and how the

ject "Speech of Kindness". During the business session plans were made to distribute clothing to the needy.

Strawberry shortcake was served to Mmes. Raligh Mason, Lynn Bratcher, Lela Barron, Kayon Dean, Arvil White, Omar Kelton, Melvin Lee, and Troy Page.

NAZARENE CHURCH ANNOUNCEMENTS

At the close of the regular morning worship service Sunday at the Church of the Nazarene, new members will be received into the church. Subject of the sermon Sunday will be "Hinderances To Prayer". Sunday school will begin at 9:45 a. m., followed by the worship service at 10:45.

At 8:15 Sunday evening, youth services will take place and at 8:00 o'clock Rev. Perynma will bring the message, "When God Leaves".

Prayer and praise services are held each Wednesday evening at 8:00 and each Thursday evening at 7:00. There is a Christian Workers meeting.

TO AMARILLO

Mr. and Mrs. E. E. Holland and Mr. and Mrs. Lyndon Mitchell and daughter were in Amarillo, Sunday.

VISITED DURING WEEK

Mr. and Mrs. Charlie Prather and family of Venita, Okla., returned to their home today after spending the week here visiting his father, J. S. Horsley, who recently underwent surgery.

Mr. Horsley is doing fine and expects to be released from the hospital next week.

Others visiting Mr. Horsley during the week and over the weekend were Mr. and Mrs. Pierson Prather of Amarillo; Mr. and Mrs. Roy Davis and Mrs. I. M. Prather, of Hobbs, N. M.

Bob Mills Family Shower Honorees

Mr. and Mrs. Bob Mills and family, who recently lost their home and all their household possessions in a fire, were feted with a shower, Tuesday evening at the Church of Christ in Muleshoe.

A delicious supper was served to the many persons who attended the shower.

Following the supper, the Mills family was presented with their gifts.

The Friendship Class of the First Baptist Church sent a huge box of clothing, sheets, pillowcases and other household necessities, and cash donations were received from Cashway, and Gerald's Cafe.

Mrs. Mills reports that they have received gifts and cash donations from Clovis, N. M., Wichita Falls, Charlie, Thornburg, and Muleshoe.

It would be impossible to list all the gifts received by the family, but just a few of them are: thirty sheets, 18 blankets, four quilts, set of dishes, 5 sets of pillows, electric iron and ironing board, set of Revere Ware, three sets iced tea glasses, floor lamp, and table lamp, and furniture enough to practically furnish a home.

After seeing the list of all the gifts, this reporter has decided that this old world is not such a bad place after all, and that some of the best people in the world live in and around Muleshoe.

Mrs. King Hosts Winsome Class

Mrs. Omar Kelton gave an inspiring devotional when members of the Winsome Sunday school Class of the First Baptist Church met Monday evening in the home of Frances King.

Mrs. Kelton used as her sub-

Flowers Studied By Brownie Scouts

Brownie Troop Nine met Tuesday, June 7, from 9:00 o'clock until 10:00 o'clock a. m., at the home of Mrs. Doris English. A program on "International Friendship" was enjoyed by the girls. Pictures of dolls dressed in the costumes of their native countries were admired.

Topic of study for the day was flowers. The girls studied tulips, Texas blue bonnet, lillies, mums, and gladiolus; their origin, age, and when they were brought to this country.

The next two meetings will concern International Friendship and the scouts are to bring any-

thing of interest, which has come from some other country, to the meetings. At this week's meeting, Lydia Wolfe brought some things from Germany for the others to see.

Mrs. George Gross served punch and cookies to Marcella Nell Baker, Carolla Bass, Ellen Louise English, Linda Kay Floyd, Linda Jane Gross, Glenna Gail Guinn, Pamela and Linda Kerr, Lydia Wolfe, Mrs. Wiley Baker, and Mrs. Gene English.

Bailey County Farm Bureau News

Many agricultural problems were discussed and acted upon by the directors of the Bailey County Farm Bureau, in a regu-

lar monthly meeting Tuesday, June 7.

One of the main topics discussed concerned the Mexican Nationals employed in this county and the pending legislation in Congress pertaining to them. The Bureau feels that certain organizations are making an attempt to cut off the farmer's supply of labor when it is most needed. There is a current bill which makes it more difficult than ever before to contract the Braceros.

Farmers that have paid for Sodium Chlorate on the first truck load are requested to come by the Bureau office for their receipts and pick up their Chlorate. The Chlorate is stored at the Barnett Potato Shed. Barretts generously allowed at the Barnett Potato Shed, stored in their shed, but now the room is needed to put up their potato harvesting machinery. It is important that the Chlorate be picked up at once.

All Bailey County beauties are reminded that the Bureau plans to have another Queen's contest this year. This may be the last time for the event, as there is talk of discontinuing the contest. It is hoped that there will be many entries in this contest so that Bailey County can once again prove its young ladies to be just as charming and beautiful as any in the State.

Appearance, poise and personality are the deciding factors in this event which is planned to give recognition to the beautiful farm and ranch girls of Texas.

Any daughter or sister of a Farm Bureau member is eligible to participate. She must be single and between the ages of 16 and 22 inclusive. Daughters of officers and directors of the Farm Bureau are not eligible. A prize of fifty dollars goes to the county queen.

The winner of the district contest will receive an expense paid trip to the State Convention. The State Queen gets an expense paid trip to the National Farm Bureau Convention. Each district winner will receive a beautiful wrist watch.

Members of the committee for the Queen's contest are: Mmes. Cass Stezell, D. O. Burelsmith, Robert Blackwood, Rudolph Moraw, Leo Holt, Lonnie Arnold, Raymond Gage and Pete Black. Young ladies interested in entering should contact these ladies or come by the Farm Bureau Office.

PARMER COUNTY Farm Bureau News

By RAYMOND EULER

A. J. Ellison did the unusual a few weeks ago. He passed the State Insurance Commission's examination for fire and casualty underwriting the first time he tried it. That is an extra-ordinary accomplishment. Most new applicants fail the first time or two, and some never make the grade. There are over three hundred questions, and they're on unfamiliar subjects to anyone but a retired insurance man, and a few of them could pass it without a lot of study. Ellison is now a full fledged special agent for Farm Bureau Insurance Companies in Parmer County.

You may have read in the papers that Parmer County Farm Bureau was paying the expenses for 4-H boys to attend the annual round-up activities at College Station, as usual, but that the 4-H girls were having to pay their own bill. This was an oversight. The directors voted unanimously Monday night to pay the girl's expenses too, making up the deficit in what they had raised through special efforts, and what they need. Our compliments again, to Miss Stinson for the work she is doing with these girls; and to the girls themselves.

Lee Jones was installed by unanimous consent of the board to serve as director the balance of the year, Monday night. He fills the vacancy created by Gib Kaltwasser's appointment as president recently. Mr. Jones lives northeast of Lariat where he farms.

Your directors acted Monday night to make every effort to retain the reallocation system for unplanted wheat acreage which was successfully incorporated in the program through Farm Bureau effort two years ago.

Frances King is the new lady you will see in the office now. Her husband, Grady King, farms southeast of Friona. They have two boys, ages 10 and 14. Mrs. King is a farm girl, so we know she'll be able to serve you with an understanding of your service problems. She has had PMA and banking experience, too. Mrs. Turner, who has helped us for nearly a year, is accepting a position in Bovina.

Consider This: Boast not thyself of tomorrow; for thou knowest not what a day may bring forth. —Proverbs 27:1.

FOR RENT: 3 room semi-modern house, fenced yard. Call 3100 or 2379, ask for Mrs. Emma Walker. 4-23-1tp.

JOURNAL DEALER FOR CARTER CARBONS AND MACHINE RIBBONS

The Journal has added another nationally famous product to its list of well known brands of office supplies. We now are distributors in this area for Carter's Midnight and Silver Craft typewriter carbons. These carbons come in different weights, or intensity, for 1 to 5 copies and for more than 5 copies.

We stocked this line of carbons after several discriminating office managers here had told us of its excellence.

Also, The Journal now carries Carter's Silver Craft typewriter and adding machine ribbons. You can find the one you want in our modern display cabinet. They and the carbons are beautifully packaged — they're not only good, they look the part.

PHONES: 7220 & 5400

Soil Conservation News

The Blackwater Valley Soil Conservation District Supervisors held a special meeting May 31, to work out a plan of operation. There was a discussion of conservation problem and how the district plans to cope with problems.

Bill Miller reports that he has decided to go the soybean route to improve his land this year. He has planted 300 acres.

Several good stands of cowpeas and sorghum were observed in the West Camp Community. Farms with good stands were Panter farm operated by D. O. Burelsmith, C. E. Roark, and Nowell Brothers farm.

The local Soil Conservation Service technicians have assisted Robert Wallace, A. R. Floyd, Pete Freeman, R. L. Scott and Sherman Inman by laying out and designing bench leveling jobs on their farm.

It is interesting to note that a three year planting of blue panic was plowed up and planted to cotton on the Rudolph Marth

"I love the time-saving advantages of my ELECTRIC RANGE!"

says Mrs. James Russell,
1009 BALTIMORE STREET
PLAINVIEW, TEXAS

Reddy Kilowatt just loves to take the work out of cooking, as he has for so many homemakers like Mrs. Russell. "Preparing breakfast for my husband, James, is a snap. The controlled heat of our electric range turns out perfect pancakes every time." Start the day right—cook breakfast electrically.

The modern range? Of course, it's electric. Mrs. Russell points out the "plus values" on her electric range. "The minute minder — convenience outlets — grill — automatic timer — and well-lighted work surface are all wonderful. They give me a big bonus — extra time for other things."

Perfection comes from accuracy — and the heat of an electric range is pre-set, no outside force — a breeze, for example — can affect it. In Mrs. Russell's words: "I can put my pie in the oven, set the timer, and go about my other household tasks while my electric range bakes the pie perfectly."

Yes, in ranges, as in all other appliances, to be modern, it must be electric. And if it's electric its convenient and time-saving, like Mrs. Russell's all-electric kitchen. "My all-electric kitchen affords more leisure time for my family and friends." Yours will, too.

Anthony's C. R. ANTHONY CO.

Here's where all that wonderful performance begins!

They're all true—all the wonderful things you hear about Pontiac's great performance.

The way it sweeps uphill or down with the same effortless ease. The tremendous burst of passing power that answers the nudge of your toe. The thought-quick response in stop-and-go traffic that makes the car seem part of you. The smooth, quiet way it goes about its business however hard or far you drive.

Lift the hood of a Pontiac and you'll be face to face with the reason. That compact power plant nested there may look much like other V-8's—but that's where your eyes deceive you!

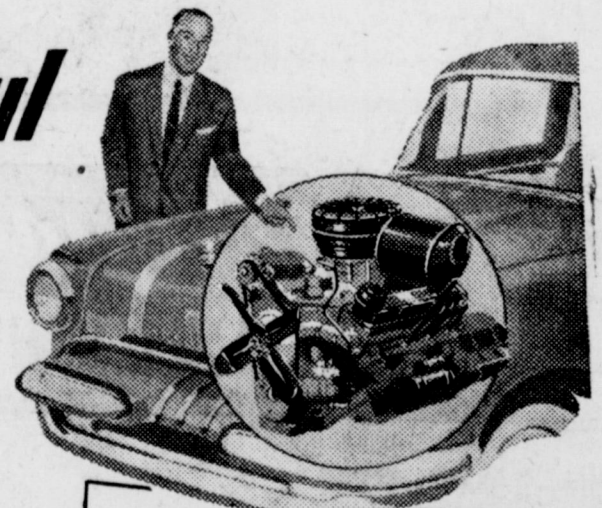

The Strato-Streak V-8 is in a class all by itself—filled with engineering "firsts" that make it the mightiest engine ever to appear

in Pontiac's price field. And it's one of the many Pontiac advantages you can't get anywhere else. Pontiac alone gives you the terrific drive of Strato-Streak performance.

This sensational performance, remember, comes in a distinguished, future-fashioned beauty that is tagged with a price any new-car buyer can readily afford.

Here's your wide-open invitation to come in and try the result—the fastest-selling Pontiac of all time. The car is ready whenever you are! Make it soon.

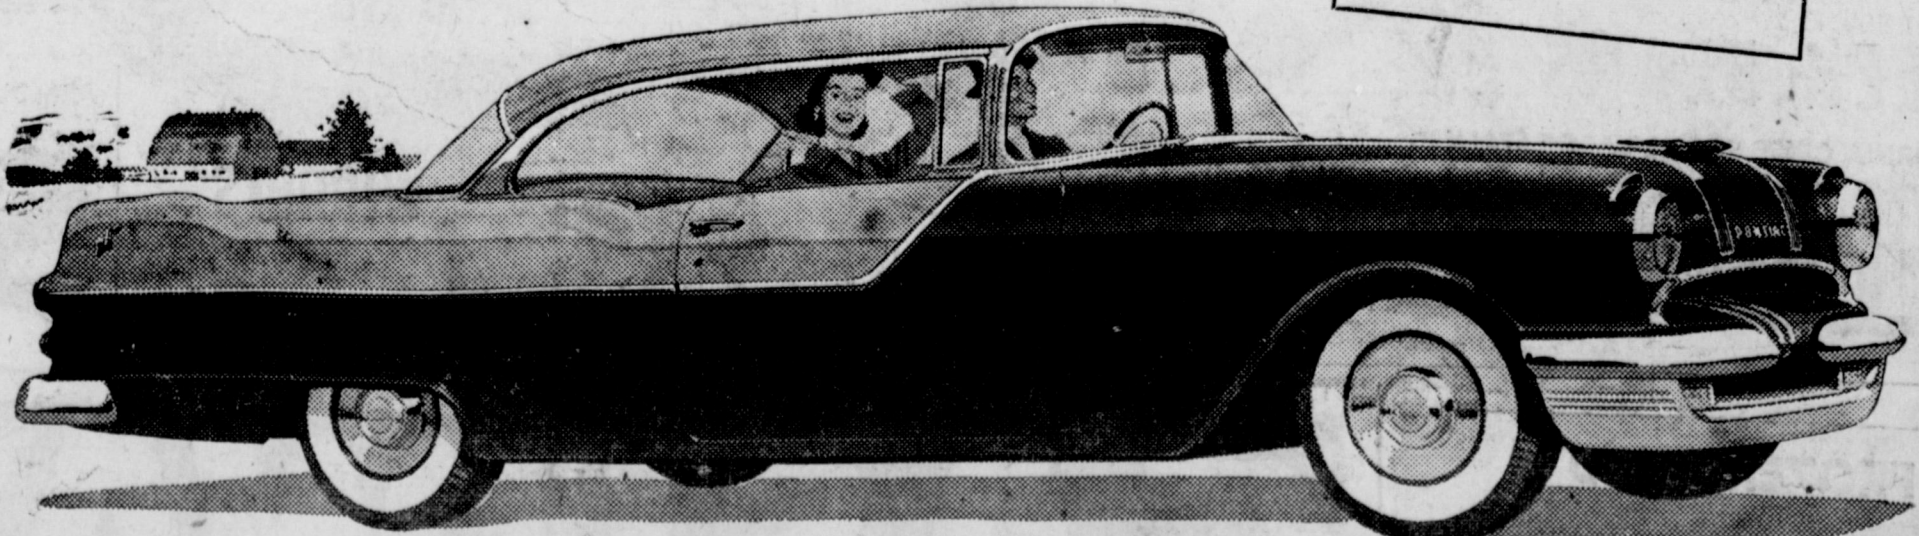

Pontiac

Most Modern Engine in Any Car

THE STRATO-STREAK V-8

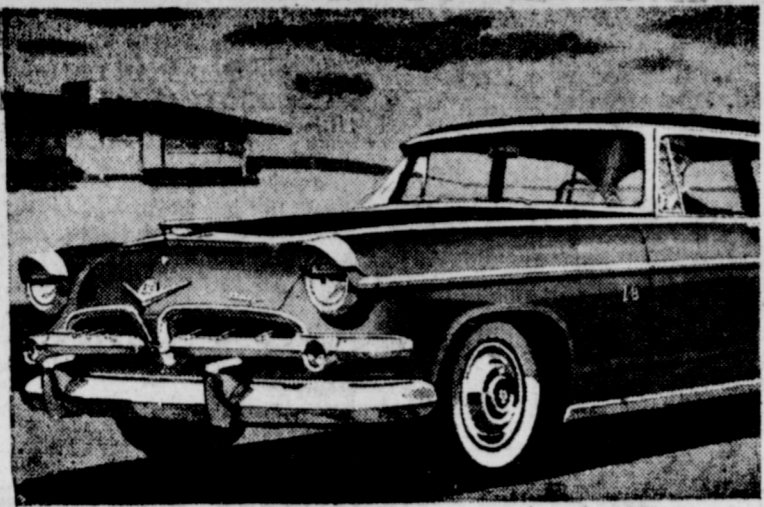

The Strato-Streak V-8 is one of the great landmarks of automotive progress—the newest and most advanced engine you can buy. Standard with all three lines of Pontiacs, it develops 180 H.P. and reaches a blazing 200 H.P. with the four-barrel carburetor, optional at extra cost. Either way you get the most power per dollar delivered by any car at any price.

AFTER THE STORM

Heartbreak And Despair Change To Hope As Red Cross Helps At Udall

UDALL, KANS.—Ever see heartbreak and despair change to hope and a chance to again believe in the future?

It's happening every day now in Kansas and Oklahoma where roaring tornadoes in a matter of minutes Wednesday night, May 25, flattened 561 homes to splinters, damaged 500 others swept out 99 lives, and injured 487 other persons. Surprisingly it's a quiet thing, this realization that there's hope.

Families have buried their dead. They are turning to what the tornadoes have left of their lives. Some who suffered terrible losses have enough in savings and reserves to rebuild and go on. For other families the storms were catastrophic, leaving them with no place to turn — except

one. At desks at Winfield, Kans., Blackwell, Okla., and disaster relief headquarters in other affected counties, they sit talking to Red Cross caseworkers, skilled in helping families meet needs in scores of disasters.

Emergency needs of immediate food, shelter, and clothing are being met by Red Cross, but now they talk of their future. What about their houses that's gone? What can be done about bedding, furniture, clothes, and all the other essentials that make a home? There are medical bills, long-term hospital care, funeral expenses. A man has lost a truck with which he made a modest living.

There's real, agonizing tragedy here where savings and credit are not enough to unite family and home. As families tell Red Cross workers of their plight, conversations are thoughtful, factual. They are subdued, but there's little of weeping. Gradually their situation takes focus. Many learn for the first time the extent to which Red Cross goes in rebuilding, repairing homes, replacing household goods and other living necessities. It might seem there would be open evidence of joy and pleasure but the disaster is still too close. Most expressions remain sober, touched however by wonder and a puzzled hesitancy in accepting the facts fully. Hope comes as a quiet thing.

Visits will be made to the homesites by the 41 Red Cross staff caseworkers assigned to the 4-state disaster area, accompanied by the families. Where rebuilding or repairs are needed, one of the six experienced building advisors, experts in construction and materials on the Red Cross disaster staff, will be called in.

Each family's case is then presented before a volunteer committee of local citizens who review the family's needs and help in determining the award. The family's name remains anonymous.

Families choose their own contractor or builder. After the new home is built, or repairs completed, the Red Cross building advisor makes a final inspection to see that all terms of the contract have been carried out. Then the Red Cross makes out a check to cover the cost. Where families,

Pvt. McCool Spent Week in Tokyo

Army Pvt. Kenneth H. McCool, 19, son of Elton R. McCool, Muleshoe, Texas, recently spent a week's leave in Tokyo from his unit in Korea.

Private McCool, a driver with the 50th Anti-Aircraft Artillery Battalion, entered the Army in March 1954 and arrived overseas the following August.

There were 218 tornado victims hospitalized with injuries some of whom will require long-term care. Twelve Red Cross nurses are giving supplementary help in hospitals and visiting patients returned to homes. Where families cannot meet these medical and hospital expenses, the Red Cross will pay them, providing as well for wheel chairs and other orthopedic appliances that may be necessary.

The Red Cross explains that it bases all disaster help on what families need that they cannot replace themselves to restore essential living conditions. It's never based on loss. It's not relief, but friendly help of neighbors across the country who come to lend a hand through their Red Cross. It's a large hand this time, one holding close to \$1,000,000 for this disaster task extended by the Americans who contributed to the Red Cross in its fund campaign or gave spontaneously to the special Red Cross disaster fund to aid their victims. Hope is a quiet thing, but it's there.

Annual Wage Long A Standard Offer Of Armed Forces

Currently in the news is the discussion of a guaranteed annual wage for workers. The Air Force recruiting sergeant was in this office and related that the Armed Forces have had this and many more items that workers are striving for such as:

food, housing, \$10,000 insurance, automatic wage increase every two years at least, an opportunity to learn the trade you are best suited for, travel to many countries, no seasonal lay-offs, and opportunity to serve with the finest Air Force in the world.

For other information on the Air Force, contact Sgt. C. R. Thompson here each Monday at the postoffice, or at the postoffice in Clovis.

DINNER GUESTS

Dinner guests Sunday in the home of Mrs. R. L. Jones was her son and daughter-in-law, Mr. and Mrs. Bob Jones and children and her daughter and son-in-law, Mr. and Mrs. W. G. Harlan and children.

HOME FROM VACATION

John Ladd, son of Mr. and Mrs. Earl Ladd, is home from Oklahoma University, Norman, Okla., where he is a student, for summer vacation.

UNDERGOING TREATMENT

Mrs. Sherman Sweetmon is a patient in the West Plains Hospital and Clinic here, where she is undergoing medical treatment.

VISITED AT DENTON

Mrs. John H. Miller and children Rex and Mike visited her parents, Mr. and Mrs. J. T. Robertson at Denton last week.

FROM LUBBOCK

Mr. and Mrs. Troy Daniels and son, Lonnie, of Lubbock, spent the weekend in Muleshoe with her parents, Mr. and Mrs. I. M. Stinson.

Clyde King With 1st Army At Hood

Army Sargeant Clyde King, whose wife, Olive, lives in Southland, Texas, is a member of the 1st Armored Division at Fort Hood, Texas.

"Old Ironsides", the first armored division organized in the U. S., won fame for its World War II fighting in Africa and Italy. Combat readiness is now maintained by intensive training.

King, a meteorologist in Headquarters and Service Battery of the division's 91st Armored Field Artillery Battalion, entered the Army in 1944.

He is the son of Edward L. King, Rt. 3 Muleshoe. He attended Southland High School.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8" — the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach, NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

BABSON DISCUSSES—

YOUR FAMILY INCOME

Babson Park, Mass., June 9 — I wonder if you realize that a far greater social and economic revolution is taking place right under your nose than has taken place in Russia. This is a revolution that should put Russia to shame.

LOOK AT YOURSELF

Take a look at what has happened to you. As little as 10 years ago did you expect to own a home as you probably have today? Did you ever expect to have the kind of car that is yours, to go to the places and do the things you've been doing lately? To own the household appliances that are yours? To be able to send your children to college?

A young Babson Institute senior who will graduate this June has had a number of job interviews and several offers. One company offered him an especially good opportunity and we supposed he had accepted their job offer. Upon inquiry, he hedged and said he had not because they were not paying enough. He wanted more than their \$300 per month to start because some of his classmates were getting offers from \$325 up. It is nothing short of fantastic the number of technical and business administration college men who will start out this June not with just a diploma, but with a wife, perhaps a child, a car and a \$4,000 a year job.

WHO IS BENEFITTING TODAY?

Since 1947 there has been a 70% increase in the number of families with income over \$4,000. Back in 1944 the average family earned \$4,027. Today, the average for the American family, including both farmers and those living in the cities, is \$5,330. And the average city family

today earns over \$6,000 annually! But most startling of all is the fact that a whopping 44% of all non-farm families earn between \$5,000 and \$10,000 a year. At the other end of the scale, only 30% of all families, including the traditionally low farm-income group, earn less than \$3,000. Only 15% of the city families are today found in this group. But keep in mind that these figures apply to families living under the same roof, not necessarily to individuals.

But this is not all of the story. The real eye opener is found in the great economic leveling process that has been at work these past dozen years. Fewer and fewer families are making over \$10,000. Only 9.9% of our city families make over \$10,000.

In short, we have broadened our market base with a greatly increased number of potential buyers of goods and services. This, then is a revolution in earning power. It has already increased number of potential buyers of goods and services. This expanded market base in itself should help to keep us prosperous. This, then is a revolution in the middle-class group of wage earners so that we today have nearly achieved a one-class, middle-class society, with little poverty and few extremely wealthy persons.

IMPORTANCE OF ADVERTISING

Certainly I would be one of the first to admit that pent-up war demand was responsible for the spurt in business right after the war. But that was over by 1950. What keeps up rolling now in 1955? Consumer confidence! How people feel about their local, state and national governments, how they feel about the future, whether they have confidence in Washington — these psychological factors have had a great deal to do with our good business. Newspaper advertising has created a climate of confidence in which it has been possible for us to consume our way to prosperity.

Businessmen and manufacturers are optimistic, too. When they spend money for new stores, new plants, and new machinery, we know times are good. And, business plans to spend about 5% more on these things in 1955 than it spent in 1954. When projecting plans into the future, most manufacturers feel that business will be sufficiently good to necessitate a further 10% — 12% addition to their productive capacity between 1956 and 1958. Yes, it is a tremendous revolution that we are part of, a revolution that makes our standard of living unbelievable to most other parts of the world. Character, education and advertising are the basic forces needed to have prosperity continue.

THE SAND HILLS PHILOSOPHER EXPLAINS—
As Best He Can Why He Lets His
Lawn And His Beard Grow Shaggy

Editor's note: The Sand Hills Philosopher on his Johnson grass farm discusses trimmed lawns this week, which is about like a prize fighter discussing Paris fashions.

Dear editor:
I read in a newspaper which one of my cows was chewing on and I took away from here before she'd gotten over to the editorial page, there's nothing worse than a cow with indigestion in hot weather, where some scientists in England have been working on a liquid you spray on lawn grass and keep it from growing more than two inches tall.

If it works, the article said, it will be great news for the millions of people who have to mow their lawns at least once a week all summer long.

I guess so, but the news leaves me cold. Out here on this Johnson grass farm, my problem has been getting grass to grow tall, not short, and as for my lawn, I figure out of thirty-five million neatly mowed lawns in the United States, one like mine won't have any effect on the national economy. My theory is that a man with a mowed lawn gets more satisfaction out of it if somebody down the street has one with grass a foot tall and shaggy with leaves.

I tell you, there's a place in this world for a man who gives pleasure to others by letting them out-distance him. The efficient man must get some pleasure out of contrasting himself with the failures. It works in all phases of life. What fun would there be in being an officer in the army if there weren't some privates around? It's the scrub cattle that make the registered stuff look good. It's the splendor that makes the tight-wad have an edge. If everybody saved all the money he made, business

WEEKENDED HERE

Mr. and Mrs. Carl Dwyer, of Canyon spent the weekend recently in the home of her parents, Mr. and Mrs. John Thomson. They also visited in Lubbock with Mr. and Mrs. Bill Ray and Mr. and Mrs. "Tex" Ritter.

Today's Meditation

Read Acts 22:6-16.
What shall I do, Lord? (Acts 22:10).

At the meeting of Christ and Saul on the Damascus road were to become anything more than an unusual personal experience, Paul sensed that his vision made necessary some action on his part. The fact that salvation is a gift, a work of free grace, has led some to believe that nothing more is required of a Christian than to profess faith in Christ.

We cannot, of course, earn a place in the kingdom of God. True, we are saved as an act of Grace. But if salvation is to have meaning for us or to have any effect on others, we must become "doers of the word and not hearers only". To accept the incomparable gift of the kind of life Jesus bestows on His disciples and then do nothing is to miss the joy of salvation. The coming of each new day is fresh evidence of God's goodness. How better to begin it than with an earnest inquiry to God as to what we should do as vessels chosen for His service?

PRAYER

O Father of grace and mercy, show us this day what we may do to express our gratitude for Thy many blessings. Save us from any tendency to withhold from others the joy of Thy salvation, a gift so freely given us, through Jesus Christ. Amen.

VISITED PARENTS

Dorothy Harris visited a few days this week in Seymour with her parents, Mr. and Mrs. Alvin L. Harris and other relatives and friends.

THOUGHT FOR THE DAY

They Saw Tornado Develop

RESIDENTS OF WEST CAMP area watched the development of the tornado that struck and damaged the Walden Timms' home of the menacing cloud.

IT MUSHROOMS in this photo, taken about 15 minutes after the picture above, and reminds one of the pictures of atomic explosions. These pictures were taken by Marlin Stephens, son of Mr. and Mrs. Loyd Stephens from the Stephens home, at a distance estimated at 2 miles. These pictures would tend to cause one to form a better opinion of the old time practice of "going to the dugout". Path of the tornado could easily be traced across the fields.

Its strength is indicated by the fact that it pulled up a large tree by the roots, leaned it against the Timms' dwelling.

Thirteen Attended Half Century Club Meeting Thursday

Mrs. N. J. Matthiesen was hostess to the Half Century Club members when they held their regular meeting last Thursday, June 2. Co-hostess was Hazel Farrell.

The hostesses served a delicious lunch at the noon hour, and during the afternoon those present enjoyed games of canasta.

Ladies attending were: Ina Gross, Lois Schoenberger, Clara Millman, Myrtle Harper, Pearl Moore, Jennie Panter, Sallie Harden, Birdie Paul, Beulah Carles, Anna Moeller, and Hertha Walker.

The next meeting will be held at the home of Clara Willmon on June 16.

Friendship Class Enjoyed Supper At Schuster Home

The lovely home of Mrs. H. E. Schuster was the setting for a salad supper, business meeting and social for members of the Friendship Class of the First Baptist, the evening of June 2, at 7:30.

Following the delicious supper, Mrs. Joe Damron, president of the class, opened the business meeting. Devotional was given by Lila Dutton. Roll call was answered with a poem, or a verse of Scripture. Mrs. E. K. Shepherd, who was a guest, gave a prayer.

Other guests included Mrs. A. C. Bray and Mrs. A. W. Mathis.

After the close of the business meeting, members enjoyed a social hour, and exchanged sunshine gifts.

Members present were: Mmes. Billie Mathis, W. B. McAdams, Ray Griffiths, Joe Damron, Arthur Crow, E. H. Kennedy, R. L. Jones, C. M. King, R. D. Precure, Horace Blackburn, Frankie Black, Lila Dutton, W. E. Young, and Cecil Tate.

The answer to your need may be found in a Journal want ad.

Busy Fingers 4-H Club Met Thursday

Members of the eight and ninth grade 4-H club met Thursday afternoon, June 2, at the home of LaQuina Stone.

Five members and one visitor were present. They were: Charlene Coulter, LaQuina Stone, Mozell Ellis, Wanda Chitwood, Latoyia Howell, and the visitor, Mrs. Dave Coulter.

The girls started on their summer projects of making skirts, were assisted by the county HD agent, Mrs. Stinson. Next Friday, June 10, Mrs. Stinson will show the girls how to sew in a zipper.

Delara Braune spoke to the group concerning her Dairy Foods report.

Refreshments of cookies and Cokes were served by Magann, after which Delara led the group in several games.

Next Friday's meeting will be held in the home of Delara Braune.

All members of the club are urged to attend. Mothers are always welcome.

Selita Mooney Is President of The Pennybacker Club

Selita Mooney of Muleshoe was recently elected president of the Pennybackers Club, an organization for home economics majors and minors at Sam Houston State in Huntsville.

Miss Mooney, daughter of Mr. M. F. Mooney, is a junior at Sam Houston. She is a member of the Loulies, a social organization for women on the campus.

Sunshine 4-H Members Met In Lamb Home

The Sunshine 4-H Club met June 3, in the home of Magann Lamb, with five members attending. The club, composed of sixth grade girls, has one new member. She is Francis Bessire.

Mrs. Gilbert Lamb and Mrs. H.

Philathea Held Pledge Service

K. Thornton were visitors.

After the president called the meeting to order, minutes of the last meeting were read, and the group said the Pledge of Allegiance in unison.

The girls, who are starting on their summer projects of making skirts, were assisted by the county HD agent, Mrs. Stinson. Next Friday, June 10, Mrs. Stinson will show the girls how to sew in a zipper.

Delara Braune spoke to the group concerning her Dairy Foods report.

Refreshments of cookies and Cokes were served by Magann, after which Delara led the group in several games.

Next Friday's meeting will be held in the home of Delara Braune.

All members of the club are urged to attend. Mothers are always welcome.

Rubber bands, wire baskets, pencil racks, thumb tacks, rubber cement. Call The Journal for your office supplies.

Mrs. Belle Snyder Observes Birthday

Five members of the Philathea Circle held their regular meeting last Thursday evening, at the home of Mrs. Ben Chapman. The members attending were the hostess and Mmes. Lindal Murray, David Wier, Roy Whitt and Clarence Stephens. One visitor, Elaine Mitchell, attended.

Pledge services were held, following a short business meeting.

At the close of the regular meeting last Thursday evening, members of the Half Century Club met at the home of Mrs. Belle Snyder, to help her celebrate her birthday.

Mrs. Snyder observed her 84th

Intermediates Met At Woods' Home

birthday, Wednesday, June 1. She was born at Greencastle, Penn., in 1871. She and her family moved to Bailey County in 1908, and she has made her home here since that time. She is now making her home with her daughter, Mrs. Major Woods.

Cake and punch were served to the honoree and her guests, Mmes. Anna Moeller, Hertha Walker, Beulah Carles, Ina Gross, Jennie Panter, Birdie Paul and Sally Harden.

On Wednesday afternoon of last week, the Intermediate Class of the First Methodist Church Bible School, met at the home of Mrs. Major Wood, to hold devotional for Mrs. Belle Snyder, in observance of her birthday. She was 84 years of age.

Mrs. Earl Harris, Mrs. Mervin

TOURED MISSISSIPPI

Mary Ellen Wedel of Muleshoe accompanied her grandparents of Littlefield, to Jackson, Miss., last week. The three visited points of interest between Texas and Mississippi, and reported a nice trip.

VISITED IN LUBBOCK

Mrs. John Thomson and daughter, Jon Ann Dwyer, of Canyon, recently visited and shopped in Lubbock.

20 Attended The PVS Club Meeting

Mrs. E. K. Angeley was hostess to the Pleasant Valley Social Club last Wednesday afternoon at 2:30, with Mrs. D. W. Lucky serving as co-hostess.

Mrs. Jim Grizzle, president, was in charge of the business session. Final plans were made by the ladies concerning the Littlefield Chamber of Commerce dinner, which is to be held Thursday, June 9, at the community house.

Delicious refreshments were served to three visitors, Mrs. Crow

of Truth or Consequences, N. M.; Mrs. Glenda Haley and Mrs. Pauline Adams; and to members: Mmes. Doyle Turner, John West, Oscar Allison, Floyd Andreas, Jim Grizzle, Paul Hammett, LeRoy Hicks, Roy Blair, Kirk Pitts, Norman Hodges, Winnifred Riddle, Walter Dutton, Billye McCraman, C. B. Landers, and Ralph Broyles.

The next meeting will be June 15, in the home of Mrs. Raymond Roubinek.

HERE LAST WEEK

Mrs. Bill Ray and daughter, Kim, of Lubbock, visited last week with Mr. and Mrs. J. W. Thomson and family.

Progress 4-H Club Welcomes A New Member

Judy Williams was welcomed as a new member of the Progress 4-H Club when that organization met in the home of Pat and Kaye Thomson the past Friday.

Mrs. Stinson, county HD agent, gave a demonstration on the cutting of skirts and bands. All girls who attended the meeting cut out their skirts, which are summer projects, and prepared them for the new assignment. Mrs. Stinson demonstrated sewing and putting in of gathers. The girls will gather their skirts at the next meeting.

Sandra Cooper led games during the social hour, which she had learned at the recreation school.

Pat Thomson was elected reporter during the business meeting.

WSCS Held First Meeting Of New Term On Monday

Members of the W. S. C. S. held the first meeting of the new term at 2:30 in the afternoon, June 6, in the sanctuary of the First Methodist Church. Fifteen members were present.

Continuing the study, "Women of the Bible", Mrs. W. D. Moore led the ladies in a game, "Who Am I". Others taking part on the program were: Mmes. C. R. Farrell, H. C. Holt, J. J. Gross, I. F. Willmon, Roy Bayless, H. Jay Wyer, and S. C. Beavers.

The group was favored with a duet, "Follow Me", by Mrs. Cecil Davis and Mrs. O. S. Richards.

Mrs. Davis then brought the study, "Compassion of Jesus". The business meeting was conducted by Mrs. H. Jay Wyer. All who can, are asked to attend the sub-district meeting June 14, at Progress Methodist Church. Registration is scheduled to begin at 9:00 a. m., and ladies from Muleshoe should represent their city well, as it is so near Progress.

Attending Monday's meeting were: Mmes. H. Jay Wyer, H. C. Holt, Clarence Stephens, Roy Bayless, W. D. Moore, O. S. Richards, I. F. Willmon, Arnold Morris, Cecil Davis, C. R. Farrell, S. C. Beavers, F. B. Pierson, J. J. Gross, H. M. Shofner, and Earl Howell.

TO CALIFORNIA

Mayla Jane Wedel accompanied her grandfather, Mrs. Kauffman to Hawthorne, Calif., last week, where they attended the wedding of his granddaughter, Judith Lawrence, and visited relatives.

The answer to your need may be found in a Journal want ad.

NOTICE FOR BIDS

CHRISTIAN SCIENCE SERVICES

That God constantly and unerringly maintains and supports his image and likeness, man,

will be brought out in the Lesson-Sermon to be read this Sunday in Christian Science church services, entitled, "God the Preserver of Man". The Scriptural selections will include the following from Psalms (84:11): "The Lord God is a sun and shield; the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly".

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (p. 516): "God fashions all things, after His own likeness. Man, made in His likeness, possesses and reflects God's dominion over all the earth".

PROFITS

CAN YOU AFFORD TO MISS 'EM?

Amazing fuel savings. 3 to 4 seasons without overhaul.

Oil life increased 4 times. No carbon, sludge, "ping".

Stepped-up engine power.

ENSIGN LP-GAS CARBURETION

You've heard how tractors using low-cost LP-Gas and Ensign Carburetors are scrapping customary performance standards. "Sure," you say, "I'd be sitting pretty with that kind of power, but I can't afford it." Stop a minute. Look at the facts, and you'll find that it is actually costing you money every day you delay switching to LP-Gas! Consider fuel costs. The per-gallon difference between your present fuel and LP-Gas will pay the modest cost of converting in a short time. Then you'll save dollars, while enjoying a more powerful, smoother running engine. Oil? With LP-Gas, lube oil life is 4 to 5 times longer! And, overhaul jobs are needed only every third or fourth season as LP-Gas leaves no carbon, gum or sludge.

See how switching to LP-Gas with Ensign carburetion pays dividends? Why not talk to your Authorized Ensign Dealer? Find out now about ALL the Ensign and LP-Gas advantages . . . You can't afford to miss 'em!

Thrip And Fleahopper Control Should Begin On About June 20

Thrips and fleahoppers caused widespread damage to cotton in the Plains area last year, but these insects do not lower yields every season. U. S. D. A. survey reports indicate that for the period 1949-54 general light to injurious thrip infestations occurred during the last three weeks in June, four out of the six years. Injurious fleahopper infestations

occurred in 1949 and 1951. A progress report, released by the Texas Agricultural Experiment Station, A. & M. College, points out that in 1954 early season applications of insecticides insured early fruiting and greatly increased yields and profits.

W. L. Owen, Jr., entomologist at the station, reports that the pre-square toxaphene application controlled thrips effectively for at least one week. Two treatments reduced plant malformation but did not protect cotton from thrip injury where infestations persisted after the plants reached the fruiting stage. Where damage was confined to the pre-square stage of growth, controls did not increase yields materially.

Owen said that yields were increased an average of 830 pounds or seed cotton per acre from three applications of insecticides. The gross value of these gains averaged \$102.39 per acre. The cost of three applications of a recommended insecticide will run around \$1.50 per acre if put on during cultivation.

If we compare the gross gain (\$102.39) with the annual cost, we find that the gain was 68 times greater than the cost. This

Wheat Referendum Voting Places In County Are Named

Chairman Jim Claunch, of the Bailey County Agricultural Stabilization and Conservation Committee has designated three voting places in Bailey County for the wheat referendum to be held June 25.

Here are the places where the eligible wheat growers of the county will indicate whether or not they want the wheat marketing quota program to continue in operation for the 1956 crop: ASC Office — "A" Community; Three Way School House — "B" Community; and Bula School House — "C" Community.

Wheat growers have been notified of their wheat acreage allotments. All wheat producers who will have more than fifteen acres of wheat for harvest in 1956 are eligible to vote. The marketing quota program does not affect those who will have fifteen acres or less of wheat for harvest in 1956. The program will be in operation only in the commercial wheat states.

If two-thirds or more of the Nation's wheat growers voting in the referendum approve, marketing quotas will continue in effect for the 1956 crop. This will mean that price support within a probable range of 75 to 82 percent of parity will be available to those who stay within their farm's wheat acreage allotment.

Those who exceed the larger of the farm allotment or 15 acres will be subject to a penalty equal to 45 percent of parity on the excess production, and price support will not be available for any of their 1956 wheat crop.

If more than two-thirds of the growers disapprove, marketing quotas will not be in effect and price support will be available at 50 percent of parity for those farmers who stay within the wheat acreage allotment for their farms.

Those who exceed their farm wheat allotments will be eligible for price support.

Johnson-Pool
PHONE 7370 MULESHOE
TIRE AND APPLIANCE

should convince anyone that three early season applications of insecticides are cheap protection against possible thrips and fleahopper damage.

Where fleahoppers and thrips occurred in damaging infestations, economical control was gained with two or three applications of toxaphene or dieldrin sprays, Owen says. Although both materials were equally effective in controlling fleahoppers, dieldrin was superior to toxaphene for thrip control since infestations were reduced for longer periods.

Yields of seed cotton were increased 653 pounds to the acre with two applications of toxaphene while two treatments of dieldrin produced 700 pounds of seed cotton per acre more than untreated cotton. Three applications of toxaphene and dieldrin increased yields 727 and 934 pounds per acre over untreated cotton.

Owen says assuming the lint from treated and untreated cotton was equal in quality the average gross return from control was \$96.46 per acre for toxaphene and \$108.33 per acre for the dieldrin treatments.

Cotton Entomologists most familiar with the Plains insect situation say that an early season program for thrips and fleahopper control should be made a regular farm job. They know that a farmer may not make money any given year, but if the practice is followed every year he will be highly paid for his time and expense.

Early season thrips and fleahopper control programs when started on about June 20 will have little if any harmful effect on beneficial insects that sometimes help control bollworms.

JOHNSON-POOL

for this wide-open beauty

It's the new kind of hardtop— The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and no center posts in the side window areas.

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with four doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm...

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is all Buick—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Conservation Loan Is Now Available

In Bailey County and surrounding areas the soil and water conservation loan program is now in full operation, according to Arch Fowler, local County Supervisor in the Farmers Home Administration office here. This is the loan program that uses private funds from non-Government sources with the loan insured in full and serviced by the Government through the FHA, and agency of the U. S. Department of Agriculture.

A farmer with such a loan pays 4 1/2 percent interest and the repayment can be set up over a 10 year period.

More interest is being shown by the farmers at the present time in loans for irrigation installations with sprinkler systems. The Agency has already made five loans for sprinkler systems in the south part of Bailey County.

It appears that the soil conservation phase of the loan has been overlooked by the farmers in this area. Funds can be in-

cluded for any type of conservation practice, such as bench leveling, terracing, land leveling, concrete pipe, diversions, grass seeding or any other approved permanent conservation practice. The approval by the Soil Conservation Service technicians is required on any of these practices. Recently when this program was discussed with the Supervisors of the Blackwater Valley Soil Conservation District, they were of the opinion that there was a need for these types of practices in this county.

If a farmer can secure adequate credit from other sources, he is referred to that credit source, the FHA is not in competition with other lending agencies. However, if the farm owner has an adequate equity in his land, FHA can loan by taking a second lien against the land.

Anyone interested in learning more of the particulars concerning this type loan, they may contact the Bailey County FHA office in Muleshoe, next door to the Post Office.

GUESTS FROM VERNON

Guests last week in the Sherman Sweatmon home was her brother, Mrs. A. J. Wall and her sister and niece, Mrs. Bon Phillips and daughter, Jane, all of Vernon.

Mrs. Wall remained here to be with Mrs. Sweatmon, who has been in the West Plains Hospital.

They also visited Mr. and Mrs. Jimmy Presley, Mr. and Mrs. Clay Beavers, and other relatives while here.

VISITED IN MIDLAND

Aliene Lowery spent the past weekend in Midland with her friends, Maudean Tinsley, of Spade, and Joanne Ripley.

First Baptist Has "Fun Nite" Each Friday

As a part of the church's summer recreation program for young people, the First Baptist Church here is now sponsoring a "Play Night" each Friday evening.

Teenagers are invited to come and go whenever they please. There is a program planned each week which will suit the many different tastes of local young people. Refreshments are served at the end of each week's night of fun.

Church secretary, Wanda Middlebrook, is in charge of planning the program for this night of wholesome, Christian recreation.

ATTENDED REUNION

Mr. and Mrs. Linda Murray spent last weekend in Chandler, Okla., where they attended her high school reunion, and visited his parents, Mr. and Mrs. E. N. Murray.

RETURNED HOME

Mr. and Mrs. Jack Lenderson and daughter, Kay, and Gwynell Workman, have just returned from a trip to New York City, and report having a wonderful time. They said the weather was cool and just perfect throughout the trip.

The group went by way of the Great Lakes and Niagara Falls. In New York City, they met some local people, Mr. and Mrs. O. D. "Blondy" Ray and son Dixon and the two families toured the city together. They said they took all the tours available, saw several stage plays, and visited some of the TV Studios where they saw TV in the making.

They returned by way of Washington, D. C., Virginia and the southern states.

VISITING SISTER

Virginia and Louise Bowers, daughters of Mr. and Mrs. W. R. Bowers are visiting their sister and brother-in-law, Mr. and Mrs. Alvin Dalton, in Ft. Worth. They expect to be there about three weeks.

TOOK EXTENDED TRIP

Mr. and Mrs. Elmer Eason and sons Bobby and Teddy picked up another son, Billy, who is a student at the college at Arkadelphia, Ark., before starting on an extended trip recently through North Carolina, Arkansas, Kentucky, Kansas and Missouri.

From Arkadelphia, the group traveled to Gastonia, N. C., where they visited Billy's friend, Cecil Kirkman and parents.

They reported a wonderful trip.

FROM ALBUQUERQUE

Mr. and Mrs. Dean Stevens and children are visiting here this week in the home of his sister Mrs. Sylvan Robinson and other relatives and friends.

Rubber bands, wire baskets, pencil racks, thumb tacks, rubber cement. Call The Journal for your office supplies.

Little Ronnie Freeman swings away and drives the first hit of the season into right field. The little Cardinal third baseman started things off right and his team went on to edge the Sox 5-4 in the season opener.

IMPERIAL VALLEY HAS NOTHING ON MULESHOE

J. K. Adams, county agent, returning from a California vacation with his family, opinions the famed Imperial Valley of that state offers no great advantages over the Muleshoe country. We have a more diverse crop system and irrigation set-up, he thinks.

Mr. and Mrs. Adams and their children visited his relatives and saw Riverside, Hollywood, Long

Beach, San Diego, etc. They also visited the Grand Canyon.

NEICES VISITED

Guests in the home of Mr. and Mrs. Jack Beddingfield are her neices, Jerry and Judy Bowen, of Dallas.

HERE FOR WEEKEND

Glynn Bartley of Amarillo, spent Sunday in Muleshoe with her friend, Dorothy Giles.

FUEL FOR A GROWING EMPIRE

EVERY 15 SECONDS... A PROUD NEW PLYMOUTH OWNER!

FOUR TIMES EVERY MINUTE, on the average, another proud new owner drives home in his big, beautiful new Plymouth! Every day, thousands of car buyers "look at all 3" and discover that Plymouth gives most value per dollar! We'd like you to see this exciting new beauty today!

AND HERE'S WHY:

- More comfort in the biggest, roomiest car of the low-price 3!
- The advanced styling of Plymouth's all-new Forward Look!
- Top economy from Plymouth's 6-cylinder PowerFlow 117 engine!
- The greatest visibility with the new swept-back windshield!
- The only truly big car ride in the lowest-price field!

Why pay up to \$500 more for a car smaller than Plymouth?

Don't be fooled by the claims of medium-price cars that they cost almost the same as Plymouth. When you compare, model for model, you'll see Plymouth sells for much, much less!

Plymouth named "America's Most Beautiful Car" by famous professional artists, the Society of Illustrators
