Malone Fire contained, cause linked to burning trash

BY MELISSA PERNER
THE OZONA STOCKMAN

A week after it started, the Malone Fire on the Val Verde and Crockett County line sits at 100 percent containment.

The Texas Forest Service said the fire, which has burned more than 15,000 acres, was started by a landowner burning trash. Both Crockett and Val Verde counties are under burn bans.

Ozona Volunteer Fire Department responded to a call stating there was a grass fire on County Road 409 Sunday evening. Firefighters drove County Road 409 and checked the area. No fire was found.

Firefighters said there was smoke and a haze from the Malone Fire heading north from the south.

On their Facebook page, the Ozona Fire Department posted that the haze or light smoke can be expected over the next couple of days, but to also notify the fire department if anyone suspects a fire.

Val Verde Emergency Management posted on their Facebook page that assistance

County gets \$2 million in road funding

BY MELISSA PERNER
THE OZONA STOCKMAN

Crockett County is set to receive around \$2 million to help repair county roads from the County Transportation Infrastructure Fund grant program.

The program, which was created by the 83rd Legislature in Senate Bill 1747, is to help counties repair roads affected by the oil and gas industry.

All 254 counties in the state were eligible for the grant, but only 191 applied, leaving an additional \$22 million to be re-allocated.

The Texas Department of Transportation administers the fund.

Crockett County was originally estimated to receive around \$1.9 million.

OHS TRACK TEAMS AT THE STATE TRACK MEET

FRIDAY AND SATURDAY IN AUSTIN

Don't feed the neighborhood or the wild animals

With the retirement of Chief Deputy Emilio Tambunga, the sheriff appointed Jose L. Gutierrez as the new chief deputy. Jose is home-grown, but went off to ASU to school and went to work for the San Angelo Police Department in 1990. He came back and worked for Crockett County Sheriff's Department from 2000 to 2007. He came to us this time from the Tom Green County Sheriff's Department. Jose holds some pretty impressive credentials that include Master Peace Officer and Police Instructor License. He is also

on the executive board of the Texas Narcotics Officers Association and is past president of the Tom Green County Coalition of Law Enforcement. We are so fortunate to have a deputy with this amount of experience and education. Welcome back, Jose. As you probably know, we are

ON PATROL
JANET PULLEN

in a drought situation, and we are having lots of animals wandering into town due to lack of food availability. These wild animals, and in some cases wild cats, are in our neighborhoods. If you are one of those people with bowls or piles of cat food in your yard, you are encouraging these wild animals into your neighborhood to share space with our domestic pets. This is not a wise practice and needs to stop. If you have a cat of your own, you can take a few minutes and

feed them once or twice a day, then move their food inside if you make them eat outside. We are in a perfect situation to have a rabies catastrophe, and it could probably be avoided or at least be less likely if we did not have the invited wild animals in town sharing space, food, and being encouraged to be within biting distance of us and our pets. Needless to say, if your pets are not current on their vaccinations, make sure they are brought up to date. If you know a neighbor who is carelessly putting out food to

whatever in your neighborhood, you may want to keep a close watch on your yard and pets. We have a neighbor in my neighborhood that puts out food, but does not have any area to care for a cat, so they sleep under my shop or in my neighbor's yard. Most of the time, these people are feeding cats that are parasite-ridden, (internal and external parasites) not vaccinated, many have ringworm, and are untamed health hazards. These folks somehow convince themselves that they are doing the animals a favor.

These same cats are multiplying in the neighbor's yards. And since the cats do not actually stay at their feeder's house due to no accommodations, the neighbors are the ones with all the fleas. Please, feel free to call Animal Control and complain if you have a neighbor that is unconcerned about wild animals in your neighborhood and is indiscriminately feeding. The number is 392-2662.

JANET PULLEN is the deputy Animal Control Officer for the Crockett County Sheriff's Office. Contact her at (325) 392-2661.

For Mom

Mom. Just saying the word makes me want to pick up the phone and give her a call. A habit I do often frequently. Whenever I have problem, I often reach for the phone and immediately call mom. "God could not be everywhere and therefore He made mothers," according to a Jewish Proverb. I remember everyday after school, even when I got in high school, I would come home, sit at the kitchen table and talk to mom.

WHAT'S ON MY MIND
MELISSA PERNER

turn home from traveling. I call here when I need a shoulder to cry on or just someone to vent to when I've had those bad days. She's good at all of those things. She calls

thing pops into her mind, mails me things she finds interesting and often gives me a critique on my paper. She even points out my mistakes. Who needs to go to counseling when you've got mom?

Moms come in all shapes and sizes these days. Sometimes mom is really grandma, or aunt. Sometimes it's dad who gets to play both roles. This Mother's Day, many people will not have a mom here on Earth to celebrate with. My friend Tom Morrow is one of those people. It has been a year since his mom died.

On Monday, Tom brought in this poem he had written for Mother's Day. I told him he had perfect timing as I was working on this column.

Mother
"A year has passed,
The sorrow has eased,
The emptiness still lies
within my dreams;

I long for her voice,
Feel her touch,
Feel the warmth of her
lasting love;

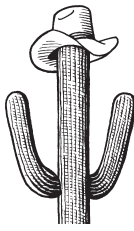

Yes, a year has passed,
But good memories shall
last;

And I'll love her always
for being so blessed.

Thanks mom, for all that
you do.
Happy Mother's Day
to my mom and all the
moms out there.

MELISSA PERNER is the editor and publisher of The Ozona Stockman.

Changes

IT'S THE PITTS
LEE PITTS

"Now we resume our regularly scheduled broadcast where "Changeup" Charley Chow has all the changing news in sports." "In the NBA the Miami Heat continue on a hot streak and the Oklahoma Thunder are making lots of noise. The burning question on everyone's mind is if the Phoenix Suns are for real. Now, over to the sultry Wanda Washout for today's financial news." "Former Vice President Al Gore went on a book tour to promote his new book "An Inconvenient Correction" which warns of a coming man-made ice age. He also has a real good deal on millions of unused carbon credits if you're interested. In the stock market Frigidaire® has gone cold while stocks in wood chips are on fire. The Dow and NASDAQ fell like a

you'll be able to walk on ice to Greenland from the Big Apple, and snowbirds to Florida will have to defrost any oranges they pick before eating them. Speaking of Florida... we interrupt this broadcast with a breaking story. "WARNING! In view of the changing weather anyone traveling to the Florida Keys should carry snow chains and long underwear."

Maine thermometer as President Obama took his family for an extended Hawaii vacation because things were getting too hot for him in Washington D.C. Before he left he told his staff to no longer refer to global warming but to use the words "climate change" instead. "That way we're covered either way," the President said. He also drew a line in the sand of an Oahu beach and said if the temperature dropped below that "there would be repercussions and a high price to pay." "Now it's time for Frosty Foghorn and the WETHER Report." "Well folks, that's the worst spell of WEATHER we've ever had at CCNN. And there's more on the way. Looking at our seven day forecast we predict that it will be dark at night and scattered lightness in the early morning hours. The forecast is for extreme weather and there could be rain, drouth, hail, dust devils, cyclones, blizzards, east winds, west winds, blazing heat, snow and windy conditions depending on where you live. That's the weather folks and now back to Misty Rain." "Thanks Frosty for that terrifying report. And so we bid you good evening from CCNN, the Climate Change News Network, where the forecast is always for change. The only thing that will not change is our commitment to you to scare everyone into thinking the weather is somehow different than it has always been.

Toyota picks Plano for North America headquarters

STATE CAPITAL HIGHLIGHTS By Ed Sterling | Texas Press Association

AUSTIN — Toyota Motor Corporation on April 28 announced its decision to locate the headquarters of Toyota Motor North America headquarters to Plano.

Toyota said the move is "designed to better serve customers and position Toyota for sustainable, long-term growth."

Within the next three years, Toyota's three separate North American headquarters for manufacturing, sales and marketing and corporate operations will relocate to a single, state-of-the-art campus in Plano, just north of Dallas. Toyota's North American finance arm also plans to move its headquarters to this new, shared campus. Altogether, these moves will affect about 4,000 employees, Toyota said.

Gov. Rick Perry said Toyota is making a \$300 million capital investment in the move and the state has offered Toyota an incentive of

\$40 million through the Texas Enterprise Fund.

"We're proud that both the Tundra and Tacoma bear the words 'Made in Texas' and we're excited our state will be the nexus for Toyota's North American operations moving forward," Perry said, adding that Toyota's Texas operations presently include its \$2.3 billion manufacturing facility in San Antonio that supports 2,900 jobs, and combined with its 21 on-site suppliers, Toyota supports 6,000 jobs in San Antonio.

GRAND JURY PROBE BEGINS

A Travis County grand jury assigned with a special prosecutor convened in mid-April to examine Gov. Rick Perry's veto last year of legislation to fund the state's Public Integrity Unit, a division of the Travis County district attorney's

office tasked with investigating public corruption.

Travis County District Attorney Rosemary Lehmburg, who heads the Public Integrity Unit, was arrested for drunken driving in April 2013, pleaded guilty, served half of a 45-day jail sentence and was released. Perry asked for Lehmburg's resignation, but Lehmburg chose to continue in office. Perry then vetoed the Public Integrity Unit's budget. Travis County, however, came up with money from its own budget to maintain the entity's functions.

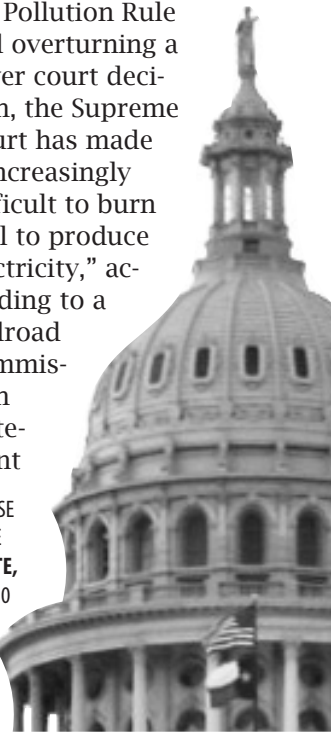

DECISION SETS COAL BACK

Texas Railroad Commission, the state agency that regulates energy-producing industries, lamented the U.S. Supreme Court's 6-2 decision on April 29 to uphold the U.S. Environmental Protection

Agency's Cross-State Air Pollution Rule.

"By upholding the EPA-written Cross-State Air Pollution Rule and overturning a lower court decision, the Supreme Court has made it increasingly difficult to burn coal to produce electricity," according to a Railroad Commission statement

WORDS OF INSPIRATION

It Is Finished

PASTOR DAN SLEDGE

Many years ago I would walk out on my patio with a cup of coffee each Saturday morning.

As I sat there I noticed how the grass needed mowing, the pool needed cleaning and the hedges needed trimming. After finishing my coffee, I went to work.

By noon I was back on the patio with a glass of tea, hot and sweaty but looking, with satisfaction, at a yard that was neat and clean. I would say to myself, "That job is done."

"Later, knowing that everything had now been finished, and so that Scripture

would be fulfilled, Jesus said, "I am thirsty." John 19:28. Notice the words "had now

been finished."

Long before God even created Adam and Eve He knew there had to be a solution for the problem of sin, that He knew was coming. So God the Father, God the Son and God the Holy Spirit devised a plan that today we call the plan of salvation. Be-

fore Jesus died on the cross His last words were "It is finished". John 19:30.

Gods' redemptive work was done.

Sometimes I think that as Jesus took His seat at the Father's right hand He must have looked at what He had done with some kind of Godly satisfaction and said once more, "It is finished."

The sin problem had been solved and His redemptive work was done, once and for all time and all mankind.

Blessings, Pastor Dan

DAN SLEDGE is the pastor of Calvary Baptist Church in Ozona, Texas.

OZONA SENIOR HAPPENINGS

Bingo Social May 26

BY BRENDA NEWTON
SENIOR CENTER DIRECTOR

Are you enjoying the beautiful days that May has brought us? I actually did

some yard work this past weekend. I am trying to figure out ways to not have to water too much. Everything is so dry. I took all the airplane plants out of the plant room. I say airplane plants because that is all I am able to grow. I have a lot of them, if you would like to have some.

Whitney Walston gave her program on nutrition last Thursday. Thank you so much, Whitney, for doing such a good job of informing us about nutrition. We will be looking forward to another program in the near future.

The next Bingo Social will be on the 26 of May. We will be serving Hamburgers with trimmings and chips. There will be ice cream sandwiches for dessert.

If you need help playing for Medicare Part A,B, or Medicare Advantage plan costs, call 1-800-252-9240 or dial 211.

If there is something you would like to have started at the center, please let me know and I will try to make it happen. Don't forget the trade table, too!

Exercise is on Monday, Wednesday, and Friday at 9 a.m. Bridge is Monday afternoons at 1:30 p.m. Balance exercise is Tuesday and Thursday at 2 p.m. Mexican Train is 1:30 p.m. on Wednesday. Prayer group is on Wednesday at 3 p.m. Quilting is Thursday mornings at 9:30 a.m.

Come on out, the coffee is on.

TWO HENS ONE BABY CHICKEN

One of the ladies that goes to church with us wanted to hatch out some of my wife's chicken eggs. My wife gave her some eggs and she put them in her incubator but something went wrong and only one egg hatched out. She brought the one little chicken to our house and left it. Fortunately my wife had two hens that were trying to set so she put the little baby chicken under one of them. She finally moved those two sitting hens and the baby to the floor of the chicken house but now both old hens want to claim him. Those two hens remind me of something in the Bible. There is nothing like a Mother's love except the love that God has for us, (John 3:16&17, Romans 5:8, 1 Peter 3:18). God created women special and gave them the ability to love and nurture children in a very special way. But that is not all, they play a key role in the home and especially in the family. We should not forget to honor and respect them and hold them in high regard, (Exodus 20:12, 1 Kings 19:19-21). Many times we just take them for granted which is a mistake. Failure to honor wives and mothers will or can hinder men's prayers, (1 Peter 3:7). This coming Sunday will be Mother's day so let us give them the special attention they deserve.

See you in Church next Sunday.

OBITUARIES

Randel 'Randy' Martin Wilson Jr.

Randel "Randy" Martin Wilson Jr. passed away in San Angelo, Texas on April 28, 2014 at 11:55 p.m. Randy was born on January 5, 1937 in Sudan, Texas to Randel Martin Wilson Sr. and Bessie C. Wilson. As a young man, Randy moved to Hoxie, Kansas and worked as a lineman for Central Kansas Power. In Hoxie, Randy met the love of his life, Regina "Jeanne" Arlene Mowry. Randy and Jeanne were married on October 27, 1962. Together in Hoxie, Randy and Jeanne had three children; Marla, Gina, and Randel III. In 1975, Randy, Jeanne, and the children moved to Ozona, Texas, where Randy was hired as a lineman for West Texas Utilities. Randy eventually retired from West Texas Utilities in 1995, and worked other part time employment in Ozona. Randy spent his entire adult life being a devoted husband, father, and grandfather.

Randy is survived by mother Bessie C. Wilson; wife Jeanne; son Randel and daughter in law Lori Wilson; grandsons Kyle Dean, Matthew Meitl, Michael Mahoney, Taylor Lewis, and Logan Wilson; granddaughters Keshia Dean, Shaina Meitl, Tina Meitl, Lauren Riggan, and Kynlee Wilson; great grandsons Chris Guerra and Cade Dean; and great granddaughter Faith Guerra. Randy is preceded in death by his father, Randel Martin Wilson, daughter Marla Lewis, and brothers Coy B. Wilson and Brett A. Wilson. Upon the passing of Randy, daughter Gina joined him in eternal rest.

Services were Saturday, May 3, at Cedar Hill Cemetery in Ozona. Arrangements by Kerbow Funeral Home.

In lieu of flowers, the family requests donations be made to the American Cancer Society, The American Heart Association, local booster clubs, or similar charity of choice.

Gina Wilson Broyles

Gina Wilson Broyles passed away in Abilene, Texas on April 29, 2014 at 5 a.m. Gina was born on July 13, 1963 in Quinter, Kansas to Randel "Randy" Martin Wilson Jr. and Regina "Jeanne" Wilson. Gina grew up in Hoxie, Kansas and then Ozona, Texas. As a young woman, Gina returned to Hoxie, Kansas and graduated high school in 1982. In 1984, Gina moved to Abilene, Texas, where she worked as a cosmetologist. Gina became mother to four children, Matthew, Shaina, Tina, and Michael. Gina was a loving and devoted mother, often sacrificing to ensure her children were provided for.

Gina is survived by mother Jeanne Wilson; sons Matthew Meitl and Michael Mahoney; daughters Shaina Meitl and Tina Meitl; brother and sister in law Randel and Lori Wilson and family; and numerous aunts, nieces, nephews, and cousins.

Gina is preceded in death by her father, Randy Wilson, and sister Marla Lewis.

Services were Saturday, May 3, at Cedar Hill Cemetery in Ozona, alongside her father Randy. Arrangements by Kerbow Funeral Home.

Carl Hilton Thurman

He had a date!

Carl Hilton Thurman, 91, passed away Wednesday, March 12, 2014, at Hillside Health Care Center in the loving care of his family and Hospice of Missoula.

Carl was born Dec. 16, 1922, in Sonora, Texas, to Maud and James Thurman and was raised in Ozona. After graduation he joined the Army Air Corp from Dec. 1942 until his honorable discharge in Feb. 1946. He was an airplane mechanic and was stationed in San Angelo, Texas.

From 1946 to 1955 he worked in the oilfields and drove truck out of Ozona. From 1955 to 1963 he worked in New Mexico, Utah, Colorado and Arizona. It was in Arizona in 1962 that he met and married the love of his life, Marlys, and acquired a ready made family of 2 daughters, Kirstie and Dona and a son, Steve. After that he moved his new family to California and then back to Ozona in 1965.

In 1968 he moved his family to Oregon where he worked in the Georgia Pacific Paper Mill until he had a stroke and retired. He and Marlys moved back to the "Promised Land" in 1981.

Carl was a devout Southern Baptist, loved his church and church family. He taught Sunday school for many years. He was a very giving man and also a very stubborn man. His grandson Jeremy said "God's gonna have a hard time with grandpa!"

Carl was always in good humor and ready to have a cup or two of coffee and visit, often telling old stories of ranch life, football, and army tales. He married into a very musical family but couldn't carry a tune in a bucket. His high school choir teacher

even told him if he would just keep his mouth shut she would give him a passing grade!

Carl enjoyed woodworking and macrame and loved reading his Bible and westerns by Louis L'Amour and Elmer Kelton.

Carl is survived by his two daughters, Kirstie Harnist (Chuck) of Frenchtown, Montana and Dona Cahala (Ernie) of Missoula, Montana; 11 grandchildren, 27 great-grandchildren and 2 great-great grandchildren. He was preceded in death by his wife, Marlys, his parents, Maud and James, his son, Steve, two sisters Dorothy and Zella, his brother Earl and a grandson, Chad.

Dad's last wish was that we put him in a pine box, throw him in the back of the truck and bring him home! Well, he will be on his way soon! He has missed all his old friends these last 13 years and I know he will be looking down on us as we gather to honor the man we all remember and loved. Please join us at the First Baptist Church on Saturday, May 17, at 11 a.m. A luncheon will be served in the Hoover Hall right after the service.

As he leaves this world behind, one of his favorite sayings would have been: "Glad Ya'll Got to See Me Again!"

Card of Thanks

The family of Randy Wilson and Gina Broyles are grateful to the community for the overwhelming support we have received during our time of need. Thank you all so much for the cards, flower arrangements, visits, food and drinks. Your words of encouragement and prayers have been much appreciated in this difficult time. God Bless you all.

Sincerely,
Jeanne Wilson and Family

CHAMBER OF COMMERCE NEWS

APPROACH RESOURCES INC. has been named the Business of the Month by the Ozona Chamber of Commerce.

Approach Resources named Business of the Month

BY SHANON BIGGERSTAFF
OZONA CHAMBER OF COMMERCE

Approach Resources Inc. explores for oil and gas on approximately 150,000 leasehold acres located in Crockett and Schleicher counties, Texas. In total, the Company employs 142 people, with 94 located in our Ozona field office and 48 located in our Fort Worth corporate headquarters.

Approach Resources was among the first companies to use horizontal drilling and hydraulic fracturing to tap into the shale rock that underlies the Permian Basin. The Company was founded in 2002 by J. Ross Craft, our President and CEO, and began operating in West Texas in 2004.

From 2004 to 2010 the Company drilled vertical gas wells. Beginning in 2010, Approach tested the oil-prone Wolfcamp shale with vertical wells. In 2011, the Company began targeting the Wolfcamp shale with horizontal wells. The Wolfcamp shale formation that we are targeting is approximately 1,200 feet thick and made up of three sub-sections. Currently, we are developing the Wolf-

camp with stacked wellbores and pad drilling. Some analysts believe that the Wolfcamp could prove to be one of the largest oil fields ever discovered with reserves on par with those in Prudhoe Bay.

Approach is quickly accelerating the development of its acreage. In 2012, we drilled 26 horizontal Wolfcamp wells near Ozona. In 2013 that number increased to 45 horizontal wells, and in 2014 we are targeting 70 horizontal completions. In the last two years, Approach has almost doubled the number of full-time employees in Ozona. Our increased activity is bringing new patrons to local hotels, restaurants and other businesses. Drilling activities are boosting local tax revenue, while landowners often benefit from lease, royalty and surface use payments.

Our goal is to be a "good neighbor" and a supporter of a vibrant local community. In the last two years, Approach and its employees have been very active giving back volunteer hours and charitable donations to a number of organizations in Crockett County. In addition, two of the principals of our Company are landown-

ers and ranchers. Approach works closely with the ranchers in Crockett County to minimize the impact on ranching operations and surface disturbance.

We also have a goal of being an "Employer-of-Choice" in Crockett County. Full-time employees who join our team receive a full benefits package, including health insurance, paid vacation, 401K matching funds and stock awards. Some industry analysts believe that the new opportunity presented by shale drilling with last for several decades. Clearly, we have an opportunity to continue expanding our operations in West Texas for many years. We are thankful for the great people in West Texas and the opportunity to work in and serve the community.

For more information about our operations, commitment to safety, community support and career opportunities, please visit our website at www.approachresources.com

The Chamber of Commerce would like to recognize Approach Resources Inc., for their efforts to provide quality service in addition to being an added asset to the local business community.

VOTE: Reminder Texans need a valid ID

The Primary Runoff Election is getting closer.

Early voting for the runoff will be May 19-23 at the courthouse annex. Runoff Election Day is May 27 at the Crockett County Courthouse.

"If you voted in a party primary or participated in a convention, you can only vote in that same party's runoff" said Secretary of State Nandita Berry. "If you did not vote in the March 4 Primary you may still vote and can vote in the runoff election for either party."

The Democratic Primary Ballot includes David M. Alameel and Kesha Rogers for U.S. Senator and Jim Hogan and Richard "Kinky" Friedman for Commissioner of Agriculture.

The Republican Primary Ballot includes Andrew Murr and Rob Henneke for State Representative of District 53; Francisco "Quico" Canseco and Will Hurd for U.S. Representative District 23; Dan Patrick and David Dewhurst for Lieutenant Governor; Dan Branch and Ken Paxton for Attorney General; Sid Miller and Tommy Merritt for Commissioner of Agriculture and Ryan Sitton and Wayne Christian for Railroad Commissioner.

The Texas Department of Public Safety (DPS) is reminding Texans in advance of the upcoming primary runoff election that Election Identification Certificates (EIC) are available at all Texas driver license offices for individuals in need of proper identification required to vote in elections in Texas.

Most residents already have an acceptable form of photo identification needed for voting and will not need or qualify for an EIC. If an applicant already has any of the following documents, they are not eligible to receive an EIC:

- Texas driver license - unexpired or expired no longer than 60 days at the time of voting
- Texas personal identification card - unexpired or expired no longer than 60 days at the time of voting
- U.S. passport book or card - unexpired or expired no longer than 60 days at the time of voting
- Texas concealed handgun license - unexpired or expired no longer than 60 days at the time of voting
- U.S. Military identification with photo - unexpired or expired no longer than 60 days at the time of voting
- U.S. Citizenship Certificate or Certificate of Naturalization with photo

- To apply for an EIC, applicants must visit a driver license office and complete an Application for Texas Election Certificate (DL-14C).
- To qualify for an EIC, an applicant must:
 - Bring documentation to verify U.S. citizenship and Identity
 - Be eligible to vote in Texas (Bring a valid voter registration card or submit a voter registration application through the Texas Department of Public Safety)
 - Be a Texas resident

- Be 17 years and 10 months or older
- To avoid delays or complications, DPS urges potential applicants to make sure they have the necessary documentation before arriving at the office.
- The EIC receipt an individual receives will include their photo and can be used for voting until the permanent card is delivered by mail.
- The EIC is free of charge to qualifying applicants and is valid for six years. There is no expiration date for an EIC for citizens 70 years of age or older. The EIC can only be used for the purpose of voting in an election and may not be used as personal identification.
- For more information on the requirements, exemptions and process for obtaining an EIC, visit: <http://www.txdps.state.tx.us/DriverLicense/electionID.htm>.
- For more information on voting in Texas, visit: www.votetexas.gov.

Lions win Bi-District Championship

The Ozona Lions Baseball team came back from a 0-1 series deficit and won 6-2 and 11-10 to earn the bi-district title over Brackett last week.

Ozona now moves on to the Area Round to face Ben Bolt at the SAISD Athletic Complex in San Antonio. Game 1 will be 7:30 p.m. Friday, May 9. Game 2 will be noon Saturday, May 10 and Game 3 (if necessary) right after Game 2.

Brackett defeated the Lions 14-4 on May 1 in Boerne. Ozona then launched their comeback on May 3.

"This was very hard fought series by both teams. It took everything we had to battle back on Saturday especially coming off that tough loss on Thursday," said Coach Ray Talamantes.

On Saturday, Junior Pitcher Chase DeHoyos dominated all seven innings striking out 11 and giving up only 6 hits.

"Offensively, we finally did things right and produced enough runs to force a game 3," Talamantes said.

Game 3 started off like the first game, with Brackett scoring 8 runs in the first inning.

The Lions overcame the deficit in the second inning, scoring nine runs to take the lead.

Freshman Pitcher Aiden Fierro shut down Brackett's batters for five innings giving up no earned runs and striking out three.

DeHoyos finished off the last two innings.

Offensively, DeHoyos, Fierro and Sophomore Kalen Perez went 8 for 13 between the three.

"It was our best offensive output in the past four games. It was a great team effort and we are extremely proud of the way we stayed together as a team and battled for each other," Talamantes said.

THE OHS BOY'S BI-DISTRICT CHAMPION BASEBALL TEAM GATHERS AFTER THE CINCO DE MAYO PARADE TO CELEBRATE THEIR VICTORY.

PLACING AT THE UIL REGION I-1A ACADEMIC MEET WERE: (left to right) Alan Salazar, Everett Raymond, Jadie Marshall, Alex Hopper, Jeremy Munoz and Bryce Gutierrez were all part of the third place computer science team. Jadie placed sixth as an individual in computer science and Bryce placed second in headline writing and eighth as an individual in computer science.

OMS EIGHTH-GRADERS visited the Jewish Federation of San Antonio last week where they met Rose Williams, one of the few remaining survivors of the Holocaust. Williams spent time in Auschwitz and was a prisoner in Bergen-Belsen when it was liberated in April 1945. Williams, 87, was 12 when in 1939 when she and her family were moved into a ghetto in Poland and later to the camps.

Lady Lions fall to Haskell in area round

The Lady Lions softball season came to an end last week.

Ozona lost to Haskell in the three-game area playoff series. Haskell defeated the Lady Lions 11-0 on May 1 in Abilene and 7-2 May 3 in San Angelo.

Coach Butch Gonzalez said the Lady Lions "battled" against a team that has made the playoffs nine times in the last 10 years and the state semi-finals the last two consecutive years.

"We are very excited about where our program is and excited about the future. I believe there are bigger days ahead of us," Gonzalez said. "For us to compete the way we did with a program like that shows how far we have developed as a program, and it shows how hard our athletes have been working."

OHS LADY LION SENIOR SOFTBALL TEAM MEMBERS Samantha De La Garza, (bottom) Vivian Medina (top, r.) and Jordyn Lexi Poindexter (top, l.) play in the last game of their high school careers against Haskell in the area softball playoffs on May 3 in San Angelo.

FIRE BURNS last week on the K&L Ranch, four miles from were the black top ends coming from Ozona on Pandale Road. The Malone Fire burned more than 15,000 acres and was fully contained by Sunday, May 4.

FIRE: from page 1

from the USDA Farm Service Agency has been requested for those with livestock and agriculture losses.

Most of the structures in the area were saved and two minor injuries were reported, according to Val Verde Emergency Management.

The fire started as a small brush fire on April 25 in the northern part of Val Verde County, around one mile from the Crockett County line near Crockett County Road 107 and Farm-to-Market Road 1024.

By April 27, the fire grew significantly due to low humidity, gusty winds and hot temperatures. Local and area fire departments, including Ozona, fought the fire. The Texas Forest Service arrived on April 28.

Comstock, Pandale and Juno were the main areas affected by the fire, and FM 1024 was blocked at Comstock due to the number of emergency vehicles traveling the road.

By Friday, May 2, the fire was around 80 percent contained.

The National Weather Service in San Angelo is predicting hot weather this week with temperatures in the upper 80s to lower 90s. A 20-30 percent chance of rain is forecasted for Ozona tonight (May 7).

The weather service also

reported that this January through April has been one of the driest for both Abilene and San Angelo.

Abilene in the fourth driest with 1.77 inches, while normal is 5.67 inches.

San Angelo has only 0.52 inches, the second driest, while normal is 5.20 inches. That means that San Angelo has only 10 percent of normal in the first third of the year.

The automated weather station in Ozona reported 0.16 inches for the same period. The co-op observer 22 miles southwest of Ozona had 0.26 inches, and another co-op observer 24 miles south southwest had 0.79 inches. Another remote station just south of the Irion/Crockett had 0.59 inches. The normal amount for Ozona is 5.34 inches, according to the NWS in San Angelo.

NWS officials said each year is different, and the wetter months of May and June and August to October are still ahead of us. The officials also said there is quite a bit of uncertainty in the precipitation outlooks from the Climate Prediction Center for the next 30 days (May) and 90 days (May through July).

The latest U.S. Drought Monitor has 74 percent of the state in moderate to exceptional drought.

Crockett County ranges from severe to extreme.

The seasonal outlook from the National Weather Service's Monthly Drought

Outlook states that the drought will persists or intensify through July.

"With vegetation dryness increasing around the state, we want residents to know ways they can prevent wildfires from starting and how they can protect themselves and their property," said Melanie Spradling, TFS wildland urban interface specialist.

Keep the following tips in mind:

- Do not burn trash or debris when conditions are dry or windy. Unsafe burning of leaves, brush, household trash and other debris is the No. 1 cause of wildfires in Texas.

- Obey outdoor burning bans.

- The most common cause of wildfires is humans: Careless debris burning, unattended campfires, dumping hot charcoal or hot ashes, parking or driving in dry grass, dragging chains on the road, and welding can all cause fires.

- Remove combustible materials away from your house.

- Be sure your family has a plan for evacuation. Part of your plan should include gathering important documents and prescription medicines and determine where you will go if you must evacuate.

TEXAS PECOS TRAIL NEWS

Partners event May 15 in Langtry

BY SCOTT JORDAN
TEXAS PECOS TRAIL

Please join us for the bi-monthly Pecos Trail Partners Event, Thursday, May 15, starting at 10 a.m., at the Judge Roy Bean Visitor Center in Langtry, Texas.

The public is welcome to attend, and we particularly encourage those involved in tourism and heritage preservation.

Guests will tour the visitor center and its historic buildings, including the famous "Jersey Lilly" and the nature trail. Speakers include Val Verde County Judge Laura Allen, Randy Rosales of Seminole Canyon State Park, and local historians Jack Skiles and Bill Sontag.

Cost of lunch is \$10 per person and will be collected at the door.

The regular board meeting will be held at the nearby Community Center.

The Texas Pecos Trail Re-

gion encompasses 22 West Texas counties in the Trans-Pecos area: Andrews, Crane, Crockett, Ector, Edwards, Glasscock, Kimble, Kinney, Loving, Martin, Maverick, Midland, Pecos, Reagan, Reeves, Sterling, Sutton, Terrell, Upton, Val Verde, Ward, and Winkler.

The Texas Heritage Trails Program is the Texas His-

torical Commission's award-winning tourism initiative designed to help Texas communities promote tourism, revitalize local economies, and foster community leadership through historic preservation.

RSVP by Saturday, May 10, to Scott at (325) 387-3900 or e-mail info@texaspecostrail.com.

Come by the Ozona Stockman at 1000 Ave. to place your ad.

ROADS: from page 1

The Crockett County Commissioners' Court has been working for several months on obtaining the grant funds. Crockett County must meet a 20 percent match of \$518,906.

County Judge Fred Deaton said the county is looking at hiring GrantWorks, of Austin, to help them through the process.

"We are looking at fixing

200 miles of cliché roads. We are going to try and fix all of our bad areas," Deaton said.

Area counties estimated original amounts and amounts after the re-allocation are listed below:

Coke: \$511,107, \$582,681; Concho: \$215,310, \$257,074; Crockett: \$1,893,656, \$2,075,625; Glasscock: \$5,635,320, \$6,078,868; Irion: \$2,279,790, \$2,474,430; Kimble: \$104,751, \$134,447; Mason: \$106,927, \$136,995;

Menard: \$167,967, \$203,464; McCulloch: \$132,373, \$167,948; Reagan: \$3,254,795, \$3,532,296; Runnels: \$335,664, \$386,785; Schleicher: \$435,121, \$493,252; Sterling: \$634,077, \$712,107; Tom Green: \$400,728, \$462,441.

Andrews County was at the top of the list, increasing from \$8,728,649 to \$9,419,502. Ector County was second, going from \$7,174,311 to \$7,788,594.

Ozona's Newest Attraction, the
CROCKETT COUNTY INTERPRETIVE TRAIL
The Ozona Chamber of Commerce & Visitor's Center invites the residents of Crockett County to stop by and see our town's newest attraction.

Who: Ozona Chamber of Commerce & Visitor Center
What: Soft Opening of the Crockett County Interpretive Trail. Native Plant Trail with Rain Water Harvest Exhibit
When: Saturday, May 10th, 10:00 a.m. to 12 Noon
Where: Ozona Chamber of Commerce & Visitor Center Intersection of I-10 and Hwy. 163 South
How: INFORMAL OCCASION - DRESS CASUAL - WALKING SHOES - REFRESHMENTS - BOOK SIGNING

We will initially meet in the Chamber Conference Room for a few acknowledgements, and then we will move out to the trail for a tour and refreshments. Co-Author Willa Finley, of the book Lone Star Wildflowers, will be on hand for a book signing. She and LaShara Nieland (cousin of our trail designer Terry Tate) wrote the book. She will also bring their book, "Land of Enchantment Wildflowers," (filled with flowers of West Texas) bookmarks, note cards, and matted wildflower photos.

Would be a great early Mother's Day treat! Bring the kids, grand-kids, friends and family members.

ALL ARE WELCOME! WE HOPE TO SEE YOU THERE.

For more information, you may call 325/392-3737.

PUBLIC NOTICES

NOTICE OF APPLICATION FOR COMMERCIAL OIL & GAS WASTE DISPOSAL WELL PERMIT

Nabors Completion and Production Service Co., PO Box 51670 Midland, Texas 79710-1670 is applying to the Railroad Commission of Texas for a permit to dispose of produced salt water or other oil and gas waste by well injection into a porous formation not productive of oil or gas. The applicant proposes to dispose of oil and gas waste into the Ellenburger-Cambrian, University 19 lease, Well #1. The proposed disposal well is located 16.5 miles north of Ozona, in the Block 39-B (Ellenburger) Field in University Lands Survey Block 39, Section 19, Crockett County. The proposed injection interval is 7900 to 9700 feet. LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Texas Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas. Requests for a public hearing from persons who can show they are adversely affected or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Environmental Services Section, Oil and Gas Division, Railroad Commission of Texas, P.O. Box 12967, Austin, Texas 78711 (Telephone 512/463-6792).
