MARCO POLO DOWN IN TEXAS

We went back to college last week, or rather went to college, me and three others of the Journal staff, and for three days we studied not integral calculus, sines and cosines, but newer and better ways of doing things. The scene was the beautiful A&M College campus.

The college's gem of a campus tasteful buildings, capable profits, and astoundingly serious young men students, caused us to give A&M the stamp of approval. It's one of the very greatest institutions of the U. S., perhaps unique in the world. Besides training fine people for the Armed Forces (they furnish lots of generals), for engineering professions and agriculture professions, and other trades and professions, the college goes into adult education in a big way.

I imagine there rarely is a week when some adult group does not trek to the campus to get brought up to date, in industry or agriculture.

So, the people of Texas need not begrudge one cent which has been spent and is and will be expended to maintain A&M.

I told the boys, I said wait till we get to Austin and let me show you the campus of the University of Texas (take off your hat, I told them).

The looked and looked and finally said where's the campus? At A&M green grass everywhere, a special mocking bird sang just for us. At Texas, nothing but buildings, million dollar buildings, all right, but no green grass, no long vistas, no stand-off view of the main building, atop which is the campanile, piercing the sky, visible for many miles.

Down at Texas we used to sing, us freshmen:

"Don't send my boy to Baylor, The dying mother said, Don't send him to A&M, I'd rather see him dead, But send him to Old Texas, It's better than the rest . . ."

The boys offered to buy the coffee if I'd stand up and sing the "Eyes of Texas", I refrained because I didn't think they were offering sufficient inducements.

One day at A&M the Battalion, the college paper, had a little foolery we thought zany enough to repeat here. It was in an advertisement, but must have appeared to the eyes of the undergraduates. Theme was to speed up the education process, one way being to amalgamate the classics, like this:

Hail to thee, blithe spirit
Shoot if you must this old gray head
You ain't nothin' but an ound dog
Smiling the boy fell dead.

Career Day For High School Students To Be Held In Muleshoe On April 12

The Muleshoe Chamber of Commerce board of directors met Monday evening in the high school cafeteria to hear reports from the industrial development and career day committee chairmen.

M. D. Gunstream, chairman of the industrial committee reported on the trip made by members of the committee to El Paso recently to talk with a manufacturer about locating a plant in Muleshoe.

Jack Young, chairman of the career day committee reported that schools from Farwell east

City Council Explains Bond Issue Proposal To Chamber Directors

A \$190,000 tax bond issue would provide adequate funds for furnishing water and sewer facilities to the recently annexed areas of southwest Muleshoe, and allow for purchase of water rights southeast of town, as well as replacing and modernizing much of the water system in the central older part of the city, members of the Muleshoe City Council told the directors of the Chamber of Commerce in a meeting Monday night.

The meeting was held to acquaint the Chamber directors with details of several different proposals by which the City can gain funds to complete the water and sewer improvement program.

Present needs are for supplying water and sewer facilities to the newly annexed area and purchasing water rights on 1700 acres of land southeast of Muleshoe. Included is a remodeling program to update water lines serving the older part of the city, Mayor W. T. Bovell said.

A tax bond issue, if passed would increase the tax rate about 25 cents, the mayor said, based on \$190,000 issue.

Revenue from service to the new areas of town would bring income to the city equal to near \$8,000 annually, the Council feels, which would justify the expenditure to serve the area.

Mayor Bovell told The Journal this week that a recent survey shows 72 homes now in the newly annexed territory.

Water, sewer, and garbage fees, plus city taxes would make up the bulk of an estimated \$8,000 yearly from this area as it now stands. Additional construction would add to the expected income.

The Council plans to thoroughly acquaint all Muleshoe citizens with all phases of the proposed bond issue before an election date is set. Members of the Council will meet with civic and service clubs to explain the program and will conduct an intensive advertising campaign to educate the public to the needs of the city at present.

Long Ballot For Senate Election To Be On April 2

A long ballot will be presented to voters on April 2, at which time one of 22 candidates will be elected to serve out the unexpired term of Price Daniel as United States Senator from Texas.

The vacancy occurred when Daniel was elected Governor of the state.

Candidates include C. O. Foerster, Jr. of Hidalgo county; Clyde R. Orms, of Dallas county; Ralph Yarborough of Travis county; Ralph Hammonds of Harris county; Hugh Wilson of Jefferson county; John White of Wichita county; J. Perrin Willis of Cherokee county.

Frank Cortez of Bexar county; R. W. Curran of Hopkins county; John Burns of Harris county; Rev. M. T. Banks of Jefferson county; Walter Scott McNutt of Marion county; Mardis Dies of Angelina county; Elmer Adams of Dallas county; Charles W. Hill of Tarrant county; Thad Hutcheson of Harris county; Jacob Bergolofsky of Wichita county; Searcy Bracewell of Harris county.

H. J. Antoine of Bastrop county; J. Cal Courtney of Dallas county; James P. Hart of Travis county and Curtis Ford of Nueces county.

Dr. Frank Connally of McLennan county withdrew his name from the ballot last weekend.

The question of holding the election was the subject of much controversy, and when finally settled, drew the names of many old campaigners in Texas politics as well as many names generally unknown widely over the state.

Highway Patrol Arrests Two Men

A quiet weekend here, as far as traffic accidents was concerned, did result in the arrest of two men by the State Highway Patrol officers from Muleshoe.

Two men from New Mexico were arrested Saturday and jailed for failure to have drivers license, and excessive high speed.

Highway 70 Group Elects Officers In Plainview Meet

The Texas chapter of Highway 70 Association, met Tuesday night in the Alcove Cafe in Plainview. The purpose of the meeting was to hear the annual reports, make new plans for the coming year, and elect officers.

In the absence of state president, Vernon Pennington, the meeting was presided over by state secretary L. L. Schur. Mr. Schur gave a report on the association's activities during the past year. A number of "scotch" lighted signs have already been placed at strategic locations on 70. There are a number of these 4x8 signs available to any town that will secure a good location, and have it erected. Brochures covering highway 70 are available to cafes, service stations and motels for distribution.

The meeting was addressed by the National Highway 70 president, Charles Hassing. Among the many topics he discussed was the importance of a strong local organization. In other words, to make a strong national organization, like some of our competitors, such as Highway 66 and others, we need membership. We need local groups large enough and interested enough to work at this business of highway planning, improving and legislation that affects any and all roads.

A membership drive is underway now in Muleshoe. If you are interested in highway work and highway travel, here is a place you can render a service to your town and community. There are a number of bills being introduced at both the state and national level that will vitally effect many towns such as Muleshoe. Did you know that there is now an effort being made to get a bill passed in Washington that would prohibit the erecting of any signs closer than 500 feet along any federal highway.

State officers elected Tuesday night for the next two years are: state president, L. L. Schur, Vernonia; vice-presidents are G. H. Bley, Olton and Henry Brooks, Paducah. State secretary has not yet been appointed. Those representing the Muleshoe Chapter at Plainview were S. D. Simmons, George Hicks and Harrol Griffiths.

JayCees Install Officer Slate Friday Night

State Representative Byron Tunnel, national director of the Texas JayCees, will be the principal speaker at the installation banquet of Muleshoe JayCees Friday night at 7:30 at Leigon's.

George Bragg will be installed as new president of the club. Other officers include Phil Gillespie, state director; J. V. Adcox, first vice-president; James Glaze, second vice-president; Norman Thomas, secretary; Don Killough, treasurer; and Sam Lindley, parliamentarian.

The outstanding JayCee of the year will be named at the banquet, as well as two outstanding key men.

4-H-FFA Fat Stock Show In Bus Barn Saturday Large Number of Entries Expected

George Parkhouse Will Speak Here On April 18

Senator George Parkhouse

State Senator George Parkhouse, of Dallas, who is chairman of the Senate Committee on Water Conservation, will make a public appearance in Muleshoe April 18, at 8 p.m., in the high school auditorium.

Parkhouse, who has engineered much of the current legislation concerning water conservation measures, now before the house, will speak on this subject, which is of considerable interest to people in this, as well as all other areas of Texas.

Parkhouse will appear through the auspices of the Muleshoe Chamber of Commerce, and will be introduced by Jerry Kirk, president of the Chamber.

The public will find this talk worthwhile, and no admission prices will be charged.

Census Reveals 1788 Scholastics

Scholastics in Muleshoe school district has shown another increase, it was revealed in the census just completed by the school business office. As of February 1, there were 1788 children of school age in the district.

Since the census was taken through the schools, it is possible that some were missed and that the figure might be somewhat higher. A year ago 1711 children of school age were counted.

To indicate rapidity of growth in the district, the business office records show that 1372 scholastics were counted in 1950.

E. L. King Rites Held Thursday In Childress

E. L. King, 86, of Amarillo, and father of J. M. King of Muleshoe and the late Jack King, passed away Tuesday afternoon in an Amarillo hospital.

Funeral services were held Thursday afternoon in Childress, Texas.

Survivors include four grandchildren, all residing in the Muleshoe community. They are Mrs. Ruby Dorsey, Ima Jean King, Doyle King, and J. R. King.

West's Diner Open On Main Street

Mr. and Mrs. Theron West, who for a long time have been in the restaurant business in Muleshoe, have opened a new eating place, called West's Diner at the corner of Main street and American Blvd.

Occupying the building formerly used by McGee and Burkett, the new restaurant will feature lunches, and specialize in chicken fried steaks.

Burglars Get \$350; Overlook \$2400 In E. R. Hart Robbery

Burglars worked long and hard most of Wednesday night to knock a hole through a wall and into the vault at E. R. Hart Co. here to steal an estimated \$350, sheriff's officers reported Thursday.

A 16 inch hole was chopped in the wall leading into the store vault. Tools were taken from the store counters, the burglars obviously bringing nothing to the job except the idea. A revolver also from the store stock, was left at the scene.

Store personnel reported that the burglars overlooked a cache of \$2400 in the vault. Files were overturned, papers strewn and the vault left in a mess.

120 MPH Chase Ends In Arrest Saturday

A 120 mile per hour chase from Muleshoe, through Enoch, and five miles across the New Mexico state line, ended in the arrest Saturday afternoon of Col. B. Willard of Littlefield, who was charged with operating a car at an excessive rate of speed and disregarding traffic signals.

Willard was apprehended by deputy Joe Hodge of Bailey County sheriff's office, after a chase which began here and ended in New Mexico.

Willard appeared before County Judge Glen Williams last week.

Spelling Bee Will Be Aired By Station KMUL

Radio Station KMUL will broadcast the annual Bailey County Spelling Bee, to be held in the high school auditorium here the coming Friday at 2 p.m. It will be the first time the Bee has been broadcast in this county, however, the district Bee in Lubbock customarily is aired by a Lubbock station.

The Bee had been scheduled for the junior high school, and the change is necessary since the radio station has its lines running to the auditorium. The public is invited to attend.

Local Resident Charged With Possession

City Police arrested one man Saturday night here on a charge of possession for purpose, following a chase.

The man later appeared at the home of Sheriff Dee Clements and gave himself up.

He will be arraigned for trial at an early date.

County Is Securing Right of Way for 4-Lane

The Bailey County Commissioners' Court authorized Commissioner Tom Morgan of Precinct 1, to begin immediate work on securing easements for right of way to widen highway 84 from the east city limits of Muleshoe to the Lamb-Bailey county line.

Morgan was instructed to begin at once contacting property owners along the proposed route, and to begin negotiations to secure necessary easements for the wider highway right of way.

Funds for construction the additional two lanes have already been appropriated and earmarked for the work by the state Highway Commission.

There will be two classes of steers, based on weights, two classes of lambs, based on breeds and barrows will be divided into breeds, and further divided into light and heavy divisions.

The grand champion calf will win \$20 top money, with reserve champion receiving \$10. The grand champion lamb will get \$10, and the reserve champion \$5. The top money for the grand champion barrow will be \$10, and five dollars for the reserve barrow.

First prize money in each division will be \$10. Second prize is \$8; third prize, \$6; fourth prize, \$4, and fifth prize, \$2. These premiums will be paid in addition to the grand and reserve champion premiums.

The show is being directed by vocational agriculture teachers Jerry Adams and Bill Bickel, and county agent J. K. Adams and assistant agent Jim Ward.

The public is welcome to attend the show.

Border Patrol In Raid on Wetbacks

Members of the Border Patrol, assisted by the county sheriff's office, picked up 10 Latin-Americans over the weekend, and released five of them after they produced evidence of legal entry into the U. S. from Mexico.

The remaining five were escorted back to the processing station at El Paso Monday.

Mrs. Jack Bruton Winner Of \$100 In Trades Day Award

Mrs. Jack Bruton of Muleshoe went home \$100 richer Saturday afternoon, after winning first prize in the weekly Trades Day prize giveaway.

C. S. "Steve" Sullivan, Needmore farmer won the second prize of \$25 cash, and third prize of \$10 went to S. W. Rollins of Circleback.

First prize this Saturday at 4:30 p.m., will be \$50, and if not claimed within five minutes, will be added to the next weeks top money.

DEDICATE NEW CHURCH SUNDAY

THE IMMACULATE CONCEPTION CHURCH of Muleshoe, first Catholic Church to be built in Bailey county, will be dedicated in special services at 4 p.m. Sunday. The Most Rev. John L. Morkovsky, S. T. D., the Auxiliary Bishop of Amarillo, will direct the dedication services. The Rev. Vincent Daugintis, assistant pastor at Littlefield, will serve the Muleshoe church.

LaVayne Gregory, Clifford Williams To Exchange Vows Sunday Afternoon

MISS LAVAYNE GREGORY

(Photo by Cline) Before an archway of greenery, flanked with pink gladioli and pink candles in branched candelabra, Miss Georgia LaVayne Gregory, daughter of Mr. and Mrs. R. C. Georgy of this city, and Mr. Clifford Gedonne Williams, son of Mr. and Mrs. Clifford Williams, of Muleshoe, will exchange vows in a double-ring ceremony Sunday, March 17 at 4 p.m. in the First Methodist Church of Muleshoe. Rev. Clarence Stephens will perform the ceremony.

Given in marriage by her father, the bride has chosen a

gown of embroidered French lace over white satin with long pointed sleeves coming to a point over the hands. The gown features a ruffled net skirt. She will carry a white Bible topped with pink roses and white stephanotis.

The gowns of the attendants are embroidered lace over pink taffeta with ballerina length skirts. Mary Woodward is maid of honor and candlelighters are Nancy Williams of Sudan, sister of the groom, and Doris Gregory, sister of the bride.

Flower girls are Alane Weaver of Amherst, niece of the groom, and Adelia Chambers of Slaton, cousin of the groom.

Ushers are Chunky Ivy and John Stevens of Muleshoe, and Norman Rice and Frank Foster of Sudan.

LaVon Copley will play traditional music at the organ during the ceremony, and special music will be sung by LaQuinta and Carolyn Dalton.

A reception will be held in the parsonage following the ceremony. The couple are to be assisted in the reception line by the parents of both.

The bride's chosen colors of pink and silver will be carried

out in the table decorations. The table is to be laid with a white lace cloth over pink. Crystal punch service will center the table with a three tiered wedding cake topped with a miniature bride and groom.

Guests are expected from Sudan, Amherst, Lubbock, Idalou, Slaton, Ropesville, Littlefield, Tulia, Elida, N. M., and Muleshoe.

For a wedding trip to points of interest in New Mexico, the bride will wear a tan sheath dress with duster trimmed in beaver, with tan accessories.

The couple will be at home near Muleshoe where the groom is engaged in farming. The bride will graduate from Muleshoe high school in May.

CLAUDE LOCKE TOUR OF DUTY COMPLETED

Claude Locke, son of Mr. and Mrs. Verlay Locke, has received his discharge from the Air Force and has returned to Muleshoe. After a few days of rest, Claude will rejoin the mechanical staff of The Journal. He worked after school and during the summer in the paper's composing rooms for several years. Claude's last station was Sandoz AFB, Albuquerque. His service included a tour of duty in the eastern Pacific.

CARD OF THANKS

We wish to take this opportunity to thank all our friends and neighbors who were so kind and thoughtful at the time of our recent bereavement. For all the many kind words, food, and floral offerings we are eternally grateful. May God bless each of you in our prayer.

MRS. PITTMAN DIES

Funeral services were held Monday for Mrs. A. G. Pittman, 89, mother of Dr. G. A. Pittman, who passed away Sunday in Abilene.

Mrs. Pittman had been a resident of Abilene since 1907.

BULA MINISTER GOES TO DENMARK

HOLLIS H. PRIME, his wife Shirley, and sons Steve and Danny are shown as they prepare to go to Denmark where he will do missionary work in the Church of Christ. Prime has served as minister to the Bula Church of Christ for the past two years, and will make the trip with the support of the Muleshoe Church of Christ. The Primes will sail from New York on April 18, following a 10-day meeting at the Muleshoe Church of Christ.

Golden Wedding Celebration Honors Mr. and Mrs. T. G. Gaddy Sunday

Mr. and Mrs. T. G. Gaddy, pioneer residents of Bailey county, now residing at Portales, were honored on their Golden Wedding anniversary March 10 at the home of their daughter, Mrs. Cass Stegall of Goodland, with their other daughter, Mrs. Tommy Galt as co-hostess.

Mrs. L. W. Chapman, of Goodland, and Mrs. Hazel Burns of Lovington, sisters of Mrs. Gaddy, poured and served the punch,

coffee, and individual iced cakes in gold and white.

Mrs. George Shuman of Farwell, Mrs. Gaddy's sister-in-law, presided at the guest register.

Gift bearers were granddaughters LaVon Stegall and Madalyn Galt, wearing formal gowns. Also in the house party were grandsons Ricky Galt and Frank Stegall, I.

Table appointments were in crystal and gold. The centerpiece was a gold buggy with a bride and groom inside, flanked by a

profuse arrangement of daffodils. The centerpiece was singular.

Carpenter-Howard Vows Read Monday Afternoon In Clovis Baptist Church

Miss Shirley Ann Carpenter, daughter of Mr. and Mrs. D. B. Carpenter of Lazbuddie and Loren Howard, son of Mr. and Mrs. O. T. Howard of Clovis, N. M., exchanged marriage vows Monday afternoon at 4 p.m. in the Baptist Church at Clovis. Dub Richey, pastor of the Clovis Baptist Church read the cere-

mony.

Escorted by her father, the bride wore a white silk linen street length dress with pink accessories. She carried a prayer book topped with pink carnations.

Attending the bride as maid of honor, Patsy Weaver of Lazbuddie, wore a pink street length dress with white accessories. Ernest Brown of Clovis served as best man.

For her daughter's wedding, Mrs. Carpenter chose a two-piece grey silk sheer with matching accessories and a pink carnation corsage.

The grooms mother wore navy blue with a pink carnation corsage. The new Mrs. Howard had as her going away suit a two-piece beige silk linen with matching accessories.

The couple will honeymoon for about a month in San Antonio, Corpus Christ and New Orleans.

Mr. Howard is employed with the Sunshine Plant Food Company in Clovis, where they will make their home when they return.

Shirley Ann finished school with the class of '56 at Lazbuddie. She attended the Walker and Burk school of Beauty in Clovis and has been employed at Lucille's shop in Muleshoe since the first of February. She plans to continue with this work there at present.

A reception was held immediately following the ceremony at the home of the bride's aunt, Mrs. John Blomshield.

ly appropriate, in that Mr. and Mrs. Galt were married in a buggy near Avoca, Texas on March 10, 1907, by Bro. West of Stamford.

The mantel featured photos of Mr. and Mrs. Gaddy made in 1907 and 1957, festooned with streamers imprinted with the figure 50.

Members of the houseparty wore yellow carnation flowers, with the exception of Mrs. Gaddy who wore a garland length corsage of blue carnations complimenting her costume.

Approximately 85 called during the evening, including all five of Mrs. Gaddy's sisters and a brother. Out of town guests registered from Ft. Worth, Abilene, Haskell, Muleshoe, Lovington, Plains, Ruidoso, Bledsoe, Portales, Hale Center and Lubbock.

Glenn Shuman, born in Milton, Texas in Lamar county, married Galt's daughter, who was born near Bonham in Fannin county. The young couple lived near Stamford and Avoca for three years, during which time one daughter, Lyndell, now Mrs. Tommy Galt, was born. They moved to Lockney for four years, during which time Frances (Mrs. Cass Stegall) was born.

They lived in Paris, Texas for five years, but moved to McAdoo in 1919 to farm. On Christmas Eve, 1922, they moved on a farm of their own in Bailey county. Surrounded by scattered ranch

houses, life was lonely and with no conveniences. Mr. and Mrs. Gaddy pioneered and watched Goodland develop into a thriving community. The girls were sent to school in Lubbock.

In 1944, Mr. Gaddy retired from farming and moved to Ruidoso, where he lived until four years ago when he moved to his present home in Portales.

Sesame Called No. 2 Money Crop

Sesame has won clear title as the No. 2 money-maker for the irrigation farmers of the High Plains. The new crop's position became clear with the announcement by the Texas Sesame Seed Growers that the 1956 crop of 3,300,000 pounds had been sold for \$341,880.00.

Robert L. Parker, executive vice-president of a production and marketing organization made up of farmers with headquarters in Paris, Texas, gave this report: "Irrigated yields per acre were the best ever recorded. The average net price on the High Plains of \$10.34 per hundred lb. the grower is a record high. Most all of the Sesame produced was graded and sold as No. 1 quality seed."

The \$10.34 price compared with \$10.04 per hundred for the 1955 High Plains crop and \$9.59 for the 1954 crop. Farmers on the High Plains made the highest yields and profits on Sesame, Parker reported, but the 5-year-old crop continued to make gains in other sections of Texas, New Mexico, Oklahoma, Louisiana, and Arkansas. "It has been demonstrated

A NEW TWIST FOR SUBURBIA—The daily trip from home to office and back may be made in a plastic flying saucer of this type by 1965. Designed to make any back yard an airport, as shown in this sketch from *Mechanix Illustrated Magazine*, the proposed craft would take off and land vertically by means of a ducted fan drawing in air and expelling it in a powerful jet. The pusher-type propeller would provide a 165-mile-an-hour cruising speed.

clearly that there is a fine opportunity for this crop in the future", Parker said. "U. S. Sesame seed production in 1956 was only about one-tenth of the total domestic market requirements, and we could have sold eight to 10 million pounds at the same good price had U. S. grown seed been available. The market will be just as big in 1957, and if we don't produce sufficient tonnage, buyers will return to foreign sources for Sesame seed."

Clayton W. Sanders, of Parmer County, averaged 1,250 pounds of good seed per acre, a gross return of \$129.25 per acre, and a net profit of \$95 per acre after deducting total production and harvesting costs of \$33.25. Bill Wilson of Hale County, Texas, grew 1,180 pounds per acre, grossed \$122, had costs of \$29.65 and netted \$92.35. Weldon Bailey of Lynn County, Texas, averaged 1,200 pounds, grossed \$124.08, had costs of \$29.80 and a per acre net profit of \$94.28. These successes were duplicated many times over through the High Plains country.

"Sesame now has proved itself as a money-maker for the good farmer", Parker said. "The big problems of growing and harvesting and marketing have been removed and costs have been reduced. Most of the pioneering work is over, and an increasing number of farmers now are finding a place for Sesame

in their cropping picture. Good profits will continue to lure more grain sorghum land in the irrigated areas and more corn land in the dry land farming areas into Sesame."

Varieties of seed being offered for commercial production this year are semi-shattering Renner No. 1, the new White Blanco and Rio Shatterproof. The seed is available either from seed dealers throughout the production areas, or directly from the organization in Paris.

High-Plains Station Regional Council Meets Saturday

The Regional Council of the High Plains Station of the Texas Research Foundation will meet at the Hilton Hotel at 11:00 a.m., Saturday, March 16. After a luncheon they will visit the station at Halfway just nine miles east of Olton. Harold Hinn, Plainview, chairman of the Council is host to the meeting. This is the first meeting since

the Council was organized in October 1956. At that time they set up the High Plains Station and made plans to secure the 313 acre site at Halfway and a budget of \$350,000 for the first five years of operation.

At this meeting the Council will review the plans made at the organizational meeting for research at the station. Among the matters to be presented will be the new crops to be evaluated in the evaluation nurseries for their adaption to the soil and climate, soil and water management practices to be studied of present crops to be tested for their desirability. Tests and demonstrations with grasses and legumes for soil improvement, cropping systems, rotation and water conservation.

Among the items to be discussed will be the priority of research projects in relationship to the available funds. Just over 50% of the five year budget has been raised. Additional staff members and equipment will be added as the five year goal is approached. Members of the Regional Council from Bailey county are: H. E. Schuster, Jesse M. Osborn; Lamb county, Jack Yarborough, Sudan; Paul Lewis, Littlefield; L. B.

Holt, and D. M. Granberry, Olton; Deaf Smith county, R. G. Peeler; Marcus Latham and John Paetzold; Parmer county, Gilbert Kaltwasser, Farwell; W. L. Edelman, Friona, and Woodrow Fleming, Hub; Castro county, Edd McLeroy, Steve Taylor, Dimmitt; Willis Hawkins, Sr., Hart.

Car Tag Deadline

March 31 is the deadline for purchasing 1957 automobile license plates, and tax assessor-collector Carey Stafford urged motorists in Bailey county to get their tags before the last minute rush begins.

Stafford reminded motorists that March 31 is on Sunday and asked them to come in to get their plates before noon on Saturday, March 30.

LETTERS TO THE EDITOR

Editor's Note: The Journal welcomes letters from its readers on questions of general and topical interest. Names of writers will be withheld on request.

Thompson, Mo.
March 11, 1957

Dear Mr. Forbes:
Thank you for printing my letter to Bill Miller and for printing Bill's reply. The lines are drawn and the question is clear: Is this the time for farmers to be idealistic or is it time for them to be realistic? I have become a realist and believe that we must face this situation as it really is; not as we would like for it to be.

I, too, would like to read the opinions of other farmers who live in your circulation area. Furthermore, I would like to read the opinions of some small-business men. Many of them are still competing bitterly against each other just as farmers are doing. Shall we struggle on, hoping that Big-business and Labor will somehow be forced to abandon their pricing agreements? Or shall we conclude that profit by pricing agreements is here to stay? If we believe the latter statement to be true, then we can survive only if we soon organize and adopt the pricing agreement method ourselves. What do you think?

Medical payments on an auto insurance policy is actually an accident policy on you, your family, and your guests while getting into, out of, or riding in your car. It also covers you while driving or riding in someone else's auto. Medical payments cover all medical, surgical and funeral expenses for each passenger in your car up to the policy limit. Almost every auto accident of any size will involve medical expense if only a doctor's check-up or X-rays looking for hidden injuries. An auto policy without medical payments is like an empty fire extinguisher, when you need it it's too late to fill it. Call—

Accident!

A farmer, age 42, from Morton came to the Clinic on the advice of friends. His entrance complaints were: arthritis for several years, lack of energy, Sciatica, symptoms of a heart condition, difficulty in swallowing, dizziness, headaches, nervousness, kidney condition, and a few other ailments.

Some thirteen months before coming to the Clinic, he had an accident while working under the truck. The truck rolled and one front wheel rolled over his abdomen. He said that he had suffered constant pain in his side since the accident. After the first adjustment the pain stopped before he returned home. His condition continues to improve under Chiropractic care.

He is so well pleased with his progress that he brought his father in as a patient.

Taylor's Tracksters Gird For Meet

Coach Bill Taylor hasn't been losing any time preparing his Muleshoe Mules for competition at the district track meet to be held at Canyon on March 29. Even during basketball season some of the boys were getting into shape for the upcoming track season.

Already Coach Taylor has entered his cindermen in practice meets at Anton, Friona, and Plainview. Only four members of the squad are returning lettermen. However, it isn't quite as easy to let-

ter in track as it is in other sports. To gain a letter in track one must place at least fourth in an event of the district track meet.

In a triangular meet at Friona Tuesday, the Mules competed against Dimmitt and Friona teams. Briefly these are the results: 220 yard dash — John Young, 3rd and Bob Sanders, 4th; 440 yard dash — Leroy Corrales, 1st; Eddie Wilt, 2nd; and Royce Turner, 3rd; 880 yard run, Jack Wright, 2nd (tie) and Doyce Turner, 4th; one mile run — Charles Jennings, 2nd; mile relay team — 1st, Leon Atkinson, Bill Black, Leroy Corrales and Eddie Wilt; 440 yard relay team — 3rd, John Young, Bill Black, Royce Turner, and Eddie Wilt.

Field Events
Pole Vault — Oakie Alexander 2nd and Dickie Johnson 4th; broad jump — Marlin Mills 3rd, Darrell Oliver 4th; high jump — Oakie Alexander 3rd and Dickie Johnson 4th; shot put — Gene West 3rd and James Williams 4th; discus throw — Ray Precure 1st, Jack Dunham 2nd, and Gene West 3rd.

The coming Saturday, Coach Taylor will take his Mules to enter the Crosbyton Relays. Following the district track meet the 29th, a Freshman and eighth grade meet will be held, also at Canyon, on the 30th.

ATHLETIC MEETING
There will be a meeting of the Athletic Boosters club tonight (Thursday) at 7:30 in the high school cafeteria.

Terry Dill Is Brady Medalist

Terry Dill, Muleshoe high school golfer, was medalist in the golf tournament for high schoolers held at Brady Friday and Saturday. His 69 round was low for the tournament. Entered were 86 boys.

Amarillo high school team won team honors with 301 points and Phil Mathis of that school was second in the meet with a 71. Terry will enter a Ft. Worth invitational meet this week and the high school team will journey to Odessa for the high school tournament to be held in connection with the Odessa Relays March 24 and 25. On the Muleshoe team besides Terry, who is captain, are Donny Taylor, Senn Slemmons, and Tommy Thomson.

District meet will be held March 30, regional is set for April 13 at Lubbock Hillcrest.

Muleshoe Boy Helps Longhorns Win At Laredo

The flying feet of Jimmy Holt, Muleshoe track star at the University of Texas, helped the Texas Longhorns to win easily at the Border Olympics last Saturday. Texas had 92 points, ACC had 36, and Oklahoma A & M got 32½ in the meet.

The Daily Texan, campus publication, told a graphic story of Jim's effort: "The last race, the mile relay, capped off a great day all around and especially for Texas. Texas A & M, docile all day was ahead by 10 yards after two laps, and Steer third runner Jimmy Holt took the baton in fourth place.

When Holt handed off to anchorman Wally Wilson, the Longhorns were in the lead by a yard. Texas won the race after a tough 4th lap battle. The Longhorns, called one of the greatest track and field teams of the U. S., will perform at Fort Worth the coming Saturday, and at Odessa relays the following Saturday.

Dr. Slemmons Is Guest Speaker At Lions Luncheon

Dr. T. M. Slemmons told members of the Lions club about his recent trip to Mexico, Guatemala and Panama, at the Wednesday luncheon meeting of the Muleshoe Lions club.

Dr. Slemmons related that many improvements have been made that are apparent in Mexico City and in Panama, but that in Guatemala, there is evidence of deterioration of culture. The club voted to donate \$100 to the Little League baseball club. During the spring cleanup week, members of the Lions club

Polly Briscoe Is Local Entant In Princess Contest

An attractive young lady from Muleshoe has been entered in the fifth annual Princess Contest which is being held in conjunction with the South Plains Junior Fat Stock Show in Lubbock, March 18, 19 and 20.

She is Polly Briscoe, 16, daughter of Mr. and Mrs. Kenneth Briscoe, Rt. 1, Muleshoe, who was entered in the contest by the Pleasant Valley 4-H Club. The young high school sophomore has brown hair and brown eyes. Royce Turner is president of the sponsoring 4-H Club.

Judging will be Saturday morning, March 16 at 10 a.m., in Fair Park Coliseum. Five 4-H presidents will judge the FFA Princess contest, and five FFA Chapter presidents will judge the 4-H Club Princess contest.

Judging will be on the basis of beauty and appearance alone. The two Princesses will be outfitted in Western clothes and will then serve as official hostesses for the Junior Fat Stock Show.

Disabled Over 18 May Get Benefits, Social Security

The first benefits for disabled children over 18 will be paid under the social security system for January, 1957, Mr. Hutton, manager of the Lubbock social security office, said yesterday. Applications are now being received.

Under the new provision children who are disabled may receive social security benefits even after they reach age 18 if they were disabled before age 18, are unmarried and are dependent on a live parent who is drawing social security benefits, or were dependent on a deceased insured parent. The term "parent" includes natural parent, and in many cases, step-parent or adopting parent.

It is not necessary that the child himself have any record of work under the social security law to be eligible for benefits as a disabled child. However, he must have a disability severe enough to prevent him from engaging in any substantial gainful activity. The disability must be medically determinable.

Mr. Hutton advised disabled children over 18 who believe they

A representative from the Lubbock Social Security office will be in Muleshoe on March 21 at 9:30 a.m., at the courthouse.

Plains Cotton Growers First Annual Meeting Set For Lubbock On Monday

Congressman Whitten

The first annual meeting of the Plains Cotton Growers, Inc., a 23-county cotton producer-businessman organization formed in January, 1956, to protect and promote interests of Texas South Plains farmers and businessmen, will be held Monday, March 18 in Fair Park Coliseum, Lubbock, A. J. Lenderson, Bailey County Director, said today.

The meeting will begin at 10 a.m., and producer-business members from all 23 counties are expected to attend.

"More than 1,200 members attended the organizational meeting January, a year ago, and we hope to have that many or more at our first annual meeting", the director said.

Featured speaker at the first annual meeting will be the Honorable Jamie L. Whitten, Mississippi Democrat who is chairman of the powerful House Agriculture Appropriations Committee. The Democratic congressman

John Gilbreath At NMMI, Roswell

ROSWELL, N. M. — A Muleshoe young man, John C. Gilbreath, is one of the 45 cadets who entered the New Mexico Military Institute here at midyear.

John has previously attended NMMI and is now enrolled as a Second Classman. He is the son of Mr. and Mrs. Rufus Gilbreath of Muleshoe.

Midyear registrants at NMMI come from eleven different states, with New Mexico and Texas supplying the largest number, followed closely by California and Louisiana.

Newcomers to the campus have been organized in a special "recruit company" for special orientation and military training. They are presently being integrated into the nine regular companies of the NMMI Cadet Regiment.

All cadet companies are working diligently in preparation for the annual inspection of the Corps of Cadets by the U. S. Department of the Army on April 4-5 by officers from Fort Sam Houston.

will discuss cotton legislation in the Federal government. Title of his talk is "The Farm Problem." Congressman Whitten has played a major role in present cotton legislation and he was an active fighter for the present cotton export sales program at competitive prices. He has long been interested and active in cotton legislation.

In discussing his talk in Lubbock, Whitten said he believes there should be no acreage restrictions for cotton producers and that farmers should be supported only on their domestic sales and that they should be permitted to plant all the cotton acreage they wish for sale on the world market.

LOTS OF SNOW IN COLORADO MOUNTAINS

Mrs. George L. Haines, returning home from a two weeks visit in Durango and Cortez, Colo., reports lots of snow has fallen in the mountains this winter. For instance, at Cortez last Saturday 14 inches fell, she said.

Cotton Ginners To Attend School Lubbock March 21

Texas ginners operate plants designed and equipped to give cotton producers the best possible grades. Changes in production practices, especially mechanical harvesting, have brought on new problems for ginners. In order for gin operators to keep abreast of these changes, an annual operators school is held each year.

Joe Jones, extension cotton gin specialist, says the 1957 school will be held at Lubbock on March 21 and 22. The first day's session will be held in the Ballroom of the Student Union Building on the Texas Tech campus while the second day will be devoted to gin operation studies. Four clinics handled by factory representatives of five different cotton gin equipment manufacturers will take up the second day of the school. Jones says meeting places for the four schools will be announced later.

Equal snowfalls occur in the mountains it is an augury of good moisture conditions here.

GEORGE MAHON ANNOUNCES

Bill Introduced To Provide Special Loan Prices on Light Spot Cotton

No Deadline For Veterans Program

There is no deadline for participation in the Veterans' Land Program, Land Commissioner Earl Rudder said Friday.

"As long as a man is a Texas veteran and money is available to operate the program", Commissioner Rudder added, "he may participate. Of course, a veteran may use the program only one time."

Commissioner Rudder said that his statement was prompted by numerous enquiries that the Veterans' Land Board had received about a time limit.

Highlighting the first day's program will be addresses by V. L. Stedronsky, Southwestern Cotton Ginning Research Laboratory, State College, New Mexico; George Pfeifferberger, Plains Cotton Growers, Inc.; Don L. Jones and Lavon Ray, Texas Agricultural Experiment Station, Lubbock; Elmer Hudspeth, U. S. D. A. Conservation Experiment Station, Amarillo, and J. M. Ward, Texas A & M College, College Station. Their discussion will center around the effect of harvesting, handling and ginning as factors affecting the quality of cotton.

The afternoon program for the

Rep. George Mahon of the 19th District announced from Washington this week that hearings were in progress before the House Committee on Agriculture on a bill which would vitally affect West Texas cotton farmers.

The bill, authorized by Rep. Poage of Waco in his capacity as vice chairman of the House Committee on Agriculture, directly affects the old controversy on cotton allotments between West Texas and Central and East Texas.

Mahon said the bill would abolish in Texas, but not in other states, the provision of the existing law in regard to trends in cotton acreage, and that it would fix county cotton allotments in Texas on the basis of the past three years rather than five years as is now the law.

West Texas lost heavily to East Texas on cotton acreage allotments for the 1956 crop year as a result of the actions of the State ASC Committee. Cotton allotments for 1957 are regarded as much more equitable. The first day will consist of a tour of the Texas Technological College's Fiber and Spinning Laboratory where demonstrations on the effects of fiber quality on the spinning process will be given. Raymond K. Fledge and K. Lanse Turner, both of Lubbock, are in charge of this program.

pending bill would affect allotments for 1958 and future years. The Poage bill among other provisions calls for a modification in the present law with respect to new grower allotments and farm consolidations.

Mahon said that he had sent copies of the bill to all county offices of the ASC and to all the farm organizations in West Texas as requesting comment and asking that a representative of West Texas cotton producers who knows the prevailing views of West Texas growers on the pending bill come to Washington and join him in testifying before the House Agriculture Committee.

One of the major provisions of the new bill would require the Department of Agriculture to provide a special loan on light spot cotton. Mahon said that he did not regard this issue as controversial in West Texas as all Texas farmers insofar as he knew felt that recognition of light spot cotton by a proper loan was long over due.

Mahon pointed out that the Secretary of Agriculture could provide this loan without special legislation and that he had joined West Texans earlier this year in personally urging Secretary Ezra Taft Benson and the Department to announce such a loan. Mahon expressed hope that this end would be achieved either by voluntary action on the part of the Department or through legislation.

John Gilbreath At NMMI, Roswell

ROSWELL, N. M. — A Muleshoe young man, John C. Gilbreath, is one of the 45 cadets who entered the New Mexico Military Institute here at midyear.

John has previously attended NMMI and is now enrolled as a Second Classman. He is the son of Mr. and Mrs. Rufus Gilbreath of Muleshoe.

Midyear registrants at NMMI come from eleven different states, with New Mexico and Texas supplying the largest number, followed closely by California and Louisiana.

Newcomers to the campus have been organized in a special "recruit company" for special orientation and military training. They are presently being integrated into the nine regular companies of the NMMI Cadet Regiment.

All cadet companies are working diligently in preparation for the annual inspection of the Corps of Cadets by the U. S. Department of the Army on April 4-5 by officers from Fort Sam Houston.

A Hopeful Crop Year In Sight
 Although Texas' drought remains unbroken, it has been eased somewhat and many farmers face their first hopeful crop prospects in years. Not since 1931 has planting moisture been available to so many of our hard-hit farmers. Over much of the state, restoring confidence to hundreds

Good February rains have fallen on those who have survived the long, dry years in between.

In the Lower Rio Grande Valley, where early prospects were dim and irrigation water critically low, cotton plants have begun to emerge and many farmers have withdrawn cotton acreage originally signed up under the Acreage Reserve Program.

Probably the most encouraging report of all, however, comes from the real drought bowl which lies south of San Antonio and west of Laredo. That area has been virtually without rain for seven years, and only this year have many cotton farmers had proper planting moisture.

As a practical matter, pink bollworm regulations which prevented cotton planting in 22 of these South Texas counties before March 5 were changed to allow farmers to take full advantage of the mid-February rains. And those who planted on the heels of the first rains were

blessed by later moisture which should bring their crops up. But even with glowing reports from these and other sections of the state we are still faced with the lasting effects of drought hardship. Even if the drought should end soon, and we have no assurance that it will, recovery is still a long way off.

The dry weather has left its mark with many mortgages, wind-eroded fields and broken spirits. Drought relief measures must be continued without relaxation and all future aid consideration must go on.

The future as in all of these lean years, remains uncertain. But Texas farmers are at least thankful for the opportunity to be hopeful, and this year their hopes are high.

ON EXTENDED TRIP

Mr. and Mrs. Ernest Kerr are visiting in Buncombe, Ill., with his parents, Mr. and Mrs. H. M. Kerr. After a business trip to

Detroit, they were to visit with his brother in Chicago, and with another brother in St. Louis.

FARMER COUNTY Farm Bureau News
 BY RAYMOND EULER

16,155,230 acres of land were signed up under the 1957 acreage reserve program of the soil bank through February 22, according to USDA. If all those so signed comply, they can earn nearly \$415 million. That figures an average of about \$12.57 per acre, according to our division.

President Gilbert Kaltwasser came in with a telegram from Senator Andy Rogers Saturday, requesting him to contact Farmer County Egg Producers and urge them to give written support to the Texas Egg Grading and Labeling Bill. Gilbert contacted all he could locate, and they indicated they would write their support to Rogers. The bill is similar in purpose to the Field Seed Labeling Bill sponsored by Farm Bureau which passed last year. It would protect Texas producers of quality eggs from competition from un-labeled eggs culled from adjoining states and dumped on Texas markets. It is a protective measure for the consumer as well as the producer.

Large out of state egg distributors are lobbying strongly against passage of this bill which would result in their having to produce better quality eggs, since Texas is the only dumping ground for them. Other states have such laws.

If you are familiar with the battle Texas Electric Co-ops have been engaged in the last few years, you will be interested in the ruling handed down recently by the Texas Supreme Court regarding the Texas Rural Cooperative Act. Number one is that it would be illegal for the co-op to serve the farm of a man who lives in town. Number four ruling is that it would be perfectly legal for the co-op to build a line into a city like Dallas or Amarillo to serve an old co-op member who moved from the farm into town. "Supreme" is beginning to sound like a joke when used in relation to the high courts of our land. These rulings, believe it or not, are the law in Texas at the present moment. Representative Jameson is introducing a bill (HB 547) which would amend the TECCA to provide a sensible specific legal rights definition for Texas Co-ops.

Re-Registration Tea For Troop 9 Held February 28

Girl Scout Troop 9 had their re-registration tea in the Caprock Council February 28, at 7 p.m.

It was family night and parents of the girls were guests. Karen Carter registered 116 guests and pinned a yellow Kleenex flower on the mothers and a boutonniere on the fathers. The welcome was given by Mrs. W. E. English. Quineil Elliott gave a short talk on "What Girl Scouting Means To Me". A single grace, "Johnny Apple Seed", was sung and the guests were served sandwiches, cup cakes, coffee and tea from a beautifully arranged table in the Girl Scout colors of green and gold; appointments were of silver.

Second and third year awards went to Doris Ann Gilbreath, Magann Lamb, Carolyn Burge, Karen Carter, Anna Mary Elrod and Rita Kay Rucktaschel. To receive the awards but not present were: Janie Sanders, Pat Thompson, Donna Fowler, Debra Lora Braun, and Joy Aulry.

Three Way HD Club Met Last Thursday In T. Lemons Home

The Three Way Home Demonstration Club met February 28 in the home of Mrs. Thurl Lemons. Roll Call was answered by each member telling of a nursing experience.

Reports of committees were given, and Mrs. Huff reported on the meeting in Muleshoe to secure a Home Demonstration agent. Mrs. Hutton reported on clothing leaders for the girls.

Mrs. Lemons gave a demonstration on moulding of ceramics.

We were glad to welcome Mrs. Ruby Jordan back to the club. Refreshments were served by the hostess to: Rene Hutton, Carrie Huff, Jerry Ferguson, Shirley Bowers, Virgie Tyson, Ruby Jordan, Willie West, and Chloe Klatts.

The next meeting will be with Mrs. Leona Darwick.

Birthday Dinner At McMahan Home

The home of Mr. and Mrs. C. McMahan was the scene of a surprise birthday dinner Sunday, honoring Mrs. McMahan. All of her children brought dinner and were at the McMahan home when they returned from church.

Present for the occasion were: Mr. and Mrs. Clarence McMahan

Brownie Troop 69 Observe National Girl Scout Week

Brownie Troop 69 met Monday afternoon at the Scout hut. A get-well card for Mrs. Ruth Dunn was signed by each girl present. Money was turned in from the sale of Girl Scout cookies, and more cookies were issued.

As this is National Girl Scout Week, the girls made favors, and also Shamrocks for St. Patrick's Day.

Present at the meeting were: Marcia Baker, Lynne Barrett, Carol Bass, Judy Burge, Ellen English, Janie Crane, Lindsay Floyd, Linda Gross, Elaine Gulley, Sandra Jones, Glenda Lancaster, Ann McReynolds.

Circulating Percolator Cuts Coffee Costs

BY EDNA MILES

TRIMMING the family food budget and keeping it that way is a big concern of most homemakers these days. Any real aids in holding the food money line are most welcome.

For the household consuming cups and cups of coffee each day, there's a new coffee maker that's said to effect a 40 per cent saving in coffee costs.

It works like this: What looks like a conventional percolator contains a flaring funnel and coffee container into which you place 60 per cent of the usual amount of coffee you use. A mild pressure builds up in the funnel and swirls and reswirls the hot water through the ground coffee to extract full flavor.

Actually, the coffee-making method is a combination of percolator, drip and espresso. As with a percolator, the boiling water is brought by pump to the top of the stem. As in the drip method, the water temperature is reduced to the correct point for best coffee. And, like espresso, hot water is swirled through ground coffee to extract full flavor.

New coffee pot is said to mean a 40 per cent savings in coffee costs with the espresso flavor to boot.

Mrs. Gholson WSCS Speaker

Mrs. Sam Gholson was the guest speaker at the meeting Tuesday afternoon of the Muleshoe WSCS. Mrs. Gholson gave a most interesting discussion about the life of Paul, and everyone found her talk very enjoyable. She was introduced by Mrs. F. B. Pierson.

The table was laid with a large open Bible with a beautiful colored picture of Peter and Paul, furnished by Mrs. O. N. Jennings.

Present for the meeting were: Mmes. F. B. Pierson, Dean Bishop, A. C. Gaede, Cecil Davis, I. F. Willman, Mervin Wilttering, H. Jay Wier, O. N. Jennings, C. R. Farrell, Arnold Morris, A. H. Owen, R. O. Gregory, and the guest speaker.

Babson Discusses

CAREFUL SHOPPING

Babson Park, Mass., March 14 — I have given hints as to buying real estate. That is: (1) Determine in which direction your city is growing best, and with the best houses, — East, West North or South. (2) Then drive out the main road in that direction. Buy when you come to the first good land offered by the acre, — not by the foot. I have also told those who are determined to bet at horse races to bet on two or three of the horses which have been coming in "second"! Now let me give some hints to women shoppers.

DISCOUNT HOUSES AND "LOSS LEADERS"
I forecast that Discount Houses will constantly become a greater factor in merchandising. They have lower overhead than the big department stores and are worthy of the attention of every sharp shopper. Like all else in this world, they have their advantages and disadvantages. They can usually give you lower prices on all articles. On good furniture, textiles, and other merchandise which does not need mechanical servicing I recommend that they be patronized. I, however, cannot now recommend them for electric appliances, such as stoves, television sets, and perhaps washing machines, which need servicing.

Sales of "loss leaders" should be carefully watched. These have an economic use in merchandising in order to get customers into a store. A merchant can well afford to advertise and sell one article below cost, to get you into the store in the hope that you will also buy something else upon which he will make a good profit. A couple shopping with patience who will study the advertisements can (during the year) secure most of their goods from these "loss leaders" for one half their regular retail prices.

WATCH FOR ANNIVERSARY SALES
But here is perhaps my best tip:—When one of your reliable stores has an Anniversary Sale, make a note of it in your diary. If you don't need to buy anything at that time, write down when it will come next year. (It must always come the same week each year.) Every month some store is having an anniversary sale. Careful shoppers

CHRISTIAN SCIENCE
The fact that the man of God's creating is not at the mercy of accidents, chance, or discord of any kind will be emphasized at Christian Science services Sunday. Scriptural readings in the Lesson-Sermon on "Substance" will include the account of Paul's healing of Eutychus "who fell down from the third loft, and was taken up dead" (Acts 20:7-12). Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (4:24, 5): "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance to the proper sense of God's unerring direction and thus bring out harmony." The Golden Text is from Ecclesiastes (3:14): "I know that whatsoever God doeth, it shall be for ever; nothing can be put to it, nor any thing taken from

fill all their needs at these sales. Instead of forming the habit of trading at only their favorite store, they shop around at these different stores awaiting their Anniversary Sales.

There also are "White Sales", when you can buy cheaply all needed linen, etc. There also are "Fur Sales" when you can get bargains. Most of these occur in the summer; but I am told that the real bargains come at the very end of the winter. There are special sales where manufacturers are overstocked or are about to change styles or models. Watch for them. Watch your newspaper advertisements for real opportunities.

AUCTION SALE
Auctions have existed for the past 3,000 years. They regularly took place in the great public market places of Athens, Rome, and Venice. Many jewelry stores hold daily auctions in most large cities today. Of course, all stock exchanges work on the auction system. Until recently, however, I have hesitated to recommend that my readers buy at store auctions.

Certain cities, however, are now holding mammoth and reliable auctions publicized by television. That is, if you cannot be at the auction personally, you can watch it on television. Then wherever you are, you have the privilege for one week of buying a duplicate of any article sold at the auction at the same price at which it was shown and sold at the auction. One of the most famous of these auctions is operated three times daily, except Sundays, at Clearwater, Florida, under the name of "Howard the Trader". While good stores have but few regular customers, this auction will have from 5,000 to 10,000 people daily. It is amazing. Either these auctions can revolutionize retailing, or else they will flop. Only the future can tell. I now don't even guess.

Finally, I recommend to every housewife either the Consumer Reports from Mt. Vernon, New York, or the Consumers' Research Bulletin of Washington, New Jersey non-profit monthlies. They make impartial reports as to the comparative quality of all nationally advertised products.

Sand Hills Philosopher Alarm'd OVER LAW AT SELLING AT LESS THAN COST

Editor's note: The Sand Hills Philosopher on his Johnson grass farm probably is unnecessarily worried this week, but that's his worry, not ours.

Dear editor:
I don't like to be an alarmist, but the Supreme Court is about to decide on an issue that could mean life or death to the farmer.

According to an article I read in a newspaper this morning while I was deciding whether to plow or think — it sometimes takes me longer than a court to decide such things and if I didn't do any more thinking than I did plowing this morning, a half day was sure wasted — one big company is suing another for selling milk below cost, and the Supreme Court is going to decide whether it's against the law to sell at below cost. I tell you, let the Supreme Court rule it's unlawful to sell below cost and it'll wreck agriculture.

Ever since farming started, one of the inalienable rights of a farmer has been to sell below cost.

I know there is one theory out in Washington now that the way to eliminate the surplus is

to lower the price to where a farmer can't make any money growing whatever is in surplus, but whoever thought up that idea just ain't familiar with farming. When the price drops, all it means is that a farmer has to work twice as hard and produce twice as much to get by. At least that's the way I've found it.

Maybe a law keeping big milk distributors or drygoods stores or grocery stores from selling below cost will work, but you apply it to farming and you've opened up a hornet's nest of trouble. I know the experts are always recommending that farmers keep accurate records on every step they take and every hour of work they do so they'll know whether they're making a profit on any given crop, but when a farmer doesn't, he's not so dumb. It's bad enough to work all year and sell your crop for less than it cost, without having a set of figures laying around to remind you of it.

All I've got to say to the Supreme Court is that if it rules it's unconstitutional to sell at less than cost, how's a farmer going to make a living? What's he going to do with all that stuff he raises?

TODAY'S MEDITATION

Read John 6:32-40.
Him that cometh to me I will in no way cast out. (John 6:37)

When I was a child, a photographer took my picture. He had put out a captivating advertisement, "Come as you please". So my mother took me just as I was. I still have the photograph. There were no frills or fancy garments, no dressing up for that photograph. It was I, just as I was.

There is something to be said for looking one's best in a photograph. People used to say the camera could not lie; but the camera can be used to prove almost anything.

How we appear to other people depends on the people. There is a cheap view of human life that never sees much in us. There is also the danger of a too optimistic view of human nature. But Jesus knew what was in man—the best as well as the worst.

"Come as you please", said the photographer. "Come unto me", said Jesus. That means, come—just as we are.

PRAYER
Unworthy though we are O God, we come to Thee; for we have faith that just as we are, Thou wilt receive. Cleanse us of sin, fill us with the Holy Spirit, and use us for Thy glory; through Jesus Christ our Lord. Amen.

THOUGHT FOR THE DAY
God will receive me just as I am.

THIS WEEK —In Washington

With
Clinton Davidson

You'll hear it said in Washington that Congress is run by committees and that committees are run by the chairmen.

Certainly, there is no question but committee chairmen have great influence over legislation. They can delay, and often block, bills which they oppose, either through their influence over the committee, or by indefinite delays in calling hearings. They can, on the other hand, expedite legislation which they favor.

By that measurement, the two men with almost life or death power over the more than 300 bills dealing with agricultural problems in this session of Congress are the Agriculture Committee chairman, Allen Ellender of Louisiana in the Senate and Harold Cooley of North Carolina in the House.

Those are the men to watch when you try to estimate the chances of passage of any farm bill this year. That is why we talked with Sen. Ellender, and will talk with Rep. Cooley later, on farm legislation prospects for this session.

"No big changes will be made in present farm legislation this year," Ellender told us. "Some drought help, extension of P. L. 480 for one year, and that is about the size of it. Nothing else of great importance."

The Senior Senator from Louisiana has been a member of the Committee since 1937, and was chairman in 1951 and 1952, and again starting in 1955. He has been an outspoken champion of Southern farmers in Congress for 20 years.

Sen. Ellender says he "very much hopes" that the present farm program will help toward restoring farm prosperity to a level comparable with other occupations, but concedes that he has "serious doubts" that it will.

"Success or failure of the program," he thinks, "very probably will hinge on whether the soil bank results in a substantial reduction in farm production over the next two or three years. I think it could be made to do the job, but I have serious doubts that it will."

During the past year Sen. Ellender made an around-the-world survey of various types of U.S. assistance in foreign countries. He is especially disturbed that we've spent billions in helping other nations expand production of crops that directly compete with U.S. farmers in world markets.

"We spend billions to finance expanded production of foreign crops and then turn around and spend more billions to compete with him in the world markets," he told us. "I don't believe we can justify continuation of that type of program."

The Senator referred specifically to the Point Four Program under which other nations get technical assistance in expanding food and fiber production, and to P. L. 480 under which \$3 billion have been appropriated to finance sale of farm surpluses in exchange for foreign currencies.

"A few years ago we offered to barter our surpluses for strategic materials, but some of the same countries that now 'buy' our produce with their currency refused on the ground that importation of our surpluses would hurt their farmers," Sen. Ellender said. "I believe our whole farm export program needs re-examination."

Inconsistencies Aid Resurrection Story In New Testament

THE greatest event in history, as one great Christian leader has described it, was the Resurrection. The story of the Resurrection is full of mystery as it must inevitably be, for there cannot be a miracle without mystery. When one sees today the great conflict among students of the life and time of so great an American as Abraham Lincoln, it is not strange that stories should differ concerning an amazing event that happened centuries ago. Then there was nothing approaching modern means of communication and methods of scientific investigation were unknown. The fact that the New Testament stories of the Resurrection do not agree on every point makes it plain that there was no fabrication of the story. The writers were not all agreeing to say the same thing.

The important thing is what all the New Testament stories have in common—the clear evidence that the resurrected Christ appeared to the disciples. That discouraged group of men, who felt that the great adventure of faith upon which they had staked everything was over, were suddenly quickened into faith again. They went forth to establish the Christian Church and to make permanent the mission and work of their Master in the world. For the modern world this is the great evidence of the Resurrection of Christ and His triumph over death.

We cannot think of Christ as dead; we think of Him as a living Christ, whose presence and power and influence have been manifested all through the Christian generations since the day when the two Marys found the opened and empty tomb.

His living presence is the inspiration of the church today. This fact makes Easter the greatest feast of the Christian year.

LAZBUDDIE NEWS NOTES . . .

Interscholastic Meet Begins Here March 19

By MRS. CLYDE MONK
Public School Week at the Lazbuddie school was considered quite a success. Patrons visited the school each and every day and on Wednesday that was set aside as a special day for visiting and luncheon, approximately 200 patrons visited and had lunch at the cafeteria. A delicious lunch was served by the lunchroom ladies, who were assisted in the dining room by the homemaking girls and their teacher, Mrs. Reed. There was no special program during the lunch hour, but the time was spent in visiting and discussing the school work.

Scholastic Meet
The 3-B scholastic meet will be held at the Lazbuddie school this month. On Tuesday, March 19, at 4 p.m., the contest will begin on the one-act plays. This will probably last for two or three hours, as there will be five schools participating and each play will be 30 minutes in length.

Schools taking part in this will be Happy, Vega, Nazareth, Bovina, and Lazbuddie. On Friday, March 29, at 9 a.m., the literary events will begin. There will be a number of these going on at the same time so will be held in different rooms of the school. Some of these events will be story telling, spelling, declamation, speech, typewriting, shorthand, and extemporaneous speaking and probably others.

On Saturday, March 30, at 9 a.m., the track events will begin. Both Friday and Saturday will be full days. In volleyball try-outs have already begun. Monday night the first of this was held in Bovina and the Lazbuddie high school girls won in their division. Junior high and grade school girls lost their games.

In the boys division both the high and grade school boys from here won. The second series of this contest will be held at Nazareth on March 22.

Mr. and Mrs. L. M. Hardage had as their guests Sunday, Mr. and Mrs. Jim Ady of Burk Burnett, Texas. Mrs. Hardage and Mrs. Ady are sisters.

Mrs. J. D. Carpenter spent last week visiting her father, Mr. J. R. Jackson at Olney.

Winning in the Farmer County Cotton and Grain Production Contest were several 4-H and FFA boys from Lazbuddie. Richard Chitwood won second in the Cotton contest sponsored by the Farmer County Cotton Producers Association. Winning third and fourth were James Brown and Gary Mac Brown. Richard Chitwood also won fifth in the Grain Contest sponsored by the Farmer County Grain Producers Association. In the FFA division, Leon Wilson, president of the FFA chapter placed first in the entire counties cotton contest. Andy Fuqua won second and Leon Wilson third in the grain contest.

Mr. and Mrs. Gene White and Loretta have returned home from Corpus Christi. They have been in the southern part of Texas for the past two months.

Mr. and Mrs. James Welch

and Ray Lawhon visited in Lubbock Sunday with Jack Griffith who is in the hospital there. Mr. Griffith is an uncle of James Welch.

Mr. and Mrs. Luther Hall, Glenda and Mona spent the weekend at Kress with another daughter, Mr. and Mrs. James Beavers and Kelly.

Mr. and Mrs. Roy Whittenburg and daughter, his mother, Mrs. Fannie Whittenburg all from Levelland, visited Sunday with his sister, Mr. and Mrs. G. L. Splawn. Mrs. Fannie Whittenburg is staying over this week with her daughter.

Mr. and Mrs. Tonner Coffman, Peggy and Lynn, from Amarillo, recently visited in the home of the Duane Darlings.

Mr. and Mrs. Hoyt Eubanks attended the Assembly of God Sunday School convention at Wichita Falls Wednesday and Thursday of this past week.

Mr. and Mrs. Dick Scott and Ronald visited over the weekend at Dodson, Texas, and Hollis, Okla., with friends and relatives.

Mr. and Mrs. Clayton Ray Graef visited last week with friends in Oklahoma City.

Jo Ann Nowell was home from Plainview over the weekend visiting with her folks, the Ernest Nowells.

Joe Bates Jennings left Saturday to go one week to Ponca City, Okla., visiting and on business.

Willie Steinbock Bobbie Broyles, Rex and Max Steinbock were in Amarillo on business one day this past week.

Mr. and Mrs. T. D. Vaughan spent Sunday with his sister, Mr. and Mrs. H. D. Hutchison of Clouderoft, N. M.

Farewell Dinner
Mrs. Weldon Crim was honored with a farewell dinner in the home of her parents, Mr. and Mrs. Frank Hawkins in Muleshoe Sunday, March 10. Besides her immediate family, others attending were, Mr. and Mrs. J. W. Crim, Mr. and Mrs. John Fred Curtis, Farwell, Mr. and Mrs. Crim and Doyle, Mr. and Mrs. Mrs. Winn Henley, Clovis, Mr. and Mrs. Arthur Ritchey, Dalhart,

ROLLING INTO DREAMLAND—Thrilled by her first pair of roller skates, 2½-year-old Susan O'Brien of Brooklyn, N.Y., won't take them off even when sleeping. The skates may be heavy and cumbersome to wear while napping, but Susan's not giving them up—awake or asleep.

and Mrs. Max Crim from Columbus, Ga.

Guests in the home of Mr. and Mrs. Jess Pendergrass and Susan over the weekend were her mother, Mrs. L. C. Hester from Abilene, her brothers, Mr. and Mrs. Kenneth Hester and daughter, Lynn Lubbock, and Mr. and Mrs. J. E. Hester, Gary and Cindy from Amarillo.

House Warming
Mmes. John Agee, Wesley Barnes, Eugene Redwine, John N. Crim and John W. Crim were hostesses to a house warming given the Bert Gordons Saturday night. The Bert Gordons have built and moved into a lovely new home in the Hub community. Many gifts were received from those that were unable to attend. Refreshments of sandwiches, cake, pie, coffee and punch were served to the following: Messrs. and Mmes. George Washington and Lana, C. C. Graef, Jimmy Ivy, Claud Heath, Lacy Hardage, and Billy Lee Mason and Brenda and Jan, Buster Jones and Pamela Ann, W. R. Broadhurst, L. B. Hambright, Earl Peterson, Wayne, Pat and Junior, Luther Ham, John Agee and John Neil, Wesley Barnes, Maudine and Wynell, John N. Crim and Doyle, John W. Crim and Mrs. Eugene Redwine, and Donna. Also Mrs. James Delmar and Jamie from Coleman, Winnie Ham, Texas Tech, Lubbock; Louise Ham and Janette Sewell of Howard-Payne College, Brownwood.

Visit in Houston
Mr. and Mrs. C. D. Gustin and Ronnie, Mr. and Mrs. Glen Stevens and Nona and Miss Geneva Bartlett from Muleshoe, all spent the weekend in Houston visiting with Leland Ray Gustin and Donald Stevens, who are attending the University there. They also had the pleasure of visiting with Lloyd Bills from Earth, also attending the University. They report a wonderful trip and said the weather was beautiful while they were there.

Cadillac

Speaks A Language All Its Own!

Take a good look at this gentleman as he strides out into the early morning to his waiting car.

In all probability you feel—as we do—that you know a goodly number of things about him.

First of all, we would be willing to venture that he is a man who holds to high standards of achievement.

We would guess that he is held in high personal esteem by his friends and associates.

And we would also suppose that he is a practical man who is keenly aware of the basic value and worth of the things around him.

The reason for all this is not far to seek.

For the motor car that awaits him at the curb-side bears the beautiful crest of Cadillac. And here, beyond all conjecture, is the most eloquent spokesman in the entire realm of possessions.

In fact, the Cadillac car has, over the years, been so closely associated with the leading citizenry of our land that the two have become all but inseparable in the public mind.

And just as these motorists have placed their trust in Cadillac, so Cadillac has given them everything they could hope for in an automobile.

Cadillac has given them unduplicated beauty and luxury . . . unsurpassed performance and comfort . . . and extraordinary quality and value.

Have you driven a 1957 Cadillac? If not, we urge you to come in and let the car tell you its own thrilling story on the highway.

We think you will agree that this year, more than ever, Cadillac speaks a language all its own!

How Does TV Affect Your Family Life?

How is television affecting your family life? To Take stock, Mrs. Eloise Johnson, extension family life specialist, suggests a family conference on the matter. Consider the amount of reading being done by each family member, the quality of school work done by the children, the play and sleep habits of the family, and the amount of time the family spends talking together.

The U. S. Childrens Bureau lists six ways that you can use television to help the members of your family.

Study the programs that your children like best and notice how they react to them. There may be clues to emotional needs that parents can help fill, such as more new experiences in actual life and more active normal friendships.

Share the programs with your older children. Discuss the stories and help them realize the difference between phoney and real-life situations.

Guard against radio and television as a child's only outlet for natural impulses for aggressiveness.

Notice if your children seem to fall back on TV because there is nothing better to do. Encourage children to choose programs that sharpen their curiosity about important things such as science, travel and the lives of worthwhile people.

Use television to bring your family close together. When members must choose programs, share some and give up some. They learn to appreciate each others interests and rights.
