Principal change at OES

BY MELISSA PERNER

Two Ozona school campuses will now have the same leader.

TAMMY MCWILLIAMS

Last week, CCCSD Superintendent Raul Chavarria announced that Tammy McWilliams will be the principal for both Ozona Middle School and Ozona Elementary School.

JANINA SAVALA

Current OES Principal Janina Savala will be the new Director of Federal Programs for the district.

Chavarria said Vicky Munoz will remain the OES Assistant Principal, and that the district will be hiring a new OMS Assistant Principal. Advertising for the new OMS Assistant Principal has already begun. The advertisement states applications are being taken until June 5.

"This is a short term plan," Chavarria said. "We will look at adding a permanent principal at each campus."

McWilliams has overseen OMS for four years. She was recently named Principal of the Year by the Texas Association of Secondary School Principals.

"I am excited. OES is a great campus with a wonderful staff and fabulous students. OMS teachers are also excited to be in partnership with OES, and having the opportunity to work more closely with their CCCSD family," McWilliams said. "I will have the chance to visit with OES staff this week and make plans for summer in service and the 2015-2016 school year. I can hardly wait for the upcoming year. I'm going to have so much fun working with pre-k through grade eight Ozona Lions."

Bond projects presented to school board

BY MELISSA PERNER

The \$3 million school bond money will be used for transportation, technology, maintenance and tennis courts.

During the May 20 regular meeting, CCCSD Superintendent Raul Chavarria presented the school board with

a priority list for the bond funds. Crockett County Voters passed the bond in November 2014.

In transportation, the district is allocating around \$777,225. That includes one charter bus, two activity buses, two small yellow route buses and 1 small 14-passenger bus.

The two activity buses

are being paid for as part of a settlement agreement between Blue Star Sales and the district, after the district had previously purchased buses that kept breaking down and needing repairs.

Chavarria said the activity buses should arrive before school starts in the fall, and that the two yellow route

buses have been ordered.

Chavarria also said he is recommending that every two years the district budget for a new bus and every three years budget for a new activity bus.

On technology, the district has already spent \$325,406, which includes new computers for the elementary school labs, re-

placing teacher laptops, new network management system and hardware and updating wiring and installing wireless technology for all campuses.

The district allocated \$400,000 for technology. Chavarria said the \$74,000 left will be for emergency use.

Running a small business takes sacrifice

There are many things that are great about owning a small business, but entrepreneurs say there are many aspects that aren't as glamorous. Running a small business requires considerable sacrifices, according to a new study from e-mail marketing provider Constant Contact that surveyed business owners. Specifically, 56 percent of the small business owners surveyed said they feel like they can never be away from their business, while 51 percent don't have time to fo-

cus on themselves. Also, more than 40 percent don't take vacations or see family and friends as much as they would like. Owning a small business can also be a drain on your personal finances. The research dis-

BUSINESS TIPS
PAUL HOWARD

covered 41 percent of owners have all of their money tied up in their business. In addition to all the sacrifices they make, small business owners face a variety of challenges. Because most owners are in charge of everything from sales, marketing and operations to customer relations, payroll and accounts payable, the entrepreneurs surveyed think the struggle of having to wear so many different hats is the most difficult part of their job. Nonetheless, many small

business owners said the sacrifices and challenges are worth it. More than 60 percent of those surveyed love running their own business because it allows them to pursue their own passions, while 59 percent said it gives them the freedom to control their professional life. The flexibility, the freedom to try new and different things and make their own mistakes, the power to control their own destiny and the ability to put their stamp on things are some of the other best

parts of being a small business owner, according to the study. "Being a small business owner may be one of the toughest jobs, but it's also one of the most rewarding," said Gail Goodman, CEO of Constant Contact. "Small business owners face incredible professional challenges that often impact every aspect of their lives," said Goodman. "Yet their job represents their passion, and that seems to make the sacrifices worth it." The study was based on 785

small business owners who participate in the Constant Contact Small Biz Council, a research panel of U.S. small businesses and nonprofits recruited from the Constant Contact customer base. If you are ready to be go out on your own and start a small business, please contact the ASU SBDC. We are here to help.

To the Class of 2015, the world awaits

Another school year has come and gone. As the Class of 2015 prepares for graduation, I want to offer some advice from someone who was in their shoes when this class was being born.

WHAT'S ON MY MIND
MELISSA PERNER

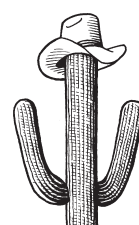

When you walk across that stage, you are entering into another part of your life. Someone once told me that the four years spent in high school are the best ones in your life. While I agree that these four years are memorable, I believe that the best is yet to come for our graduates. The world is at your feet, but it's up to you to decide how you're going to take that crucial first step. Whether or not you choose to pursue higher education, or jump into a career, opportunities are out there just waiting for you to grab hold of them. Of course, there will be times when you are met with temptation, both good and bad. It's in these moments you have to remember what you've been taught because mom and dad won't always be there to ask. Trust me on this one. For those of you entering college, you will learn more outside the classroom than in, but go to class. Without those classes, there is no degree. Be nice to everyone you meet, even if they are not nice to you. Don't expect to receive awards or recognition just because you participated or showed up for work. Have a good attitude. My dad always told me that one. As always, dad was right. A good attitude will get you through the toughest times and the hardest decisions. Trust in your faith. It can also lead you down the right path. Keep in touch with your friends. While you may go your separate ways, e-mail, write letters, make a phone call, text message, Facebook, just let each other know how you are doing. I bet they will be in the same

boat as you are. You will have to work in a job that you don't want, at least one or two times, before you find the right one.

Remember, it builds character and reminds you of what you want to achieve. This year's class is a unique blend of characters. Yes, I mean characters, not students. Each one has a story, a tale to tell, is a part of history that will continue on after they receive their diplomas. They are a class that has grown up with Internet, cell phones and technology at their fingertips. Remember, face-to-face conversations are still the best. This is not the end of your book, but only the ending of a chapter. Ahead of you lies the wide open world ready for you to explore. That exploration may take many of you to a university campus. It may take some of you overseas to serve our country. For others, your journey may begin earning a living. Whatever path you choose remember you are the author of your own book of life. What theme it will be depends on which choices you make. As the Class of 2015 heads out into the world, I want to remind you of some advice from a good doctor named Seuss: "Be sure when you step, step with care and great tact. And remember that life's a great balancing act. And will you succeed? Yes! You will indeed! (98 and 3/4 percent guaranteed). Kid, you'll move mountains!" Congratulations to the class of 2015. Good luck to all of you!

MELISSA PERNER is the editor and publisher of The Ozona Stockman. Way to go Class of 2015!

Now What Do I Do?

IT'S THE PITTS
LEE PITTS

I hope I never have to retire because, quite frankly, I'm not very good at it. My friends can't understand why I don't want to retire while I can't understand why they worked their entire lives doing something they can't wait to quit. My wife and I don't own a motor home, nor a second house, and I don't fish, play bridge, golf or belong to any fraternal organizations. And I don't have any relatives I'm dying to visit. I love my life the way and what I do best is work. Having said all that, I thought I'd retire for a one day just to see what all the excitement is about. Here is my diary from that day. 4:30 Tried to sleep late but I was so excited about my first day of retirement I couldn't wait to get started. 5:00 Read the paper to see if any of my retired friends had died, and decided to catch up on some long overdue personal hygiene. Trimmed my toenails and pruned the brushy outgrowth in my nose and ears. So far I was really liking this thing called retirement. 7:00 Sharpened my chainsaw, put new line in the weed whacker, saddle soaped my saddle, polished my boots, sorted some screws, filled the birdbath and dusted the inside of my mailbox. 9:00-11:00 Alphabetized all my books by the author's last name, dusted my old FFA trophies, inked the rubber stamp pad, changed a weak light bulb, and removed

all the Rolodex cards of people who had died in the last 20 years. Getting a little bored, I wandered into the kitchen where my wife was preparing lunch. "Let me help," I said, dropping a jar of blackberry jelly on the floor and breaking it. My wife suggested it would be better if I wouldn't help. "Why don't you sort the everything-drawer," she suggested. Noon- After I separated the rubber bands from the old keys, my wife and I had lunch together. "Isn't retirement nice?" I said. "Now what do we do?" "We could have a conversation," she suggested. So we sat at the table in stone cold silence for ten minutes until she said, "Why don't you go to the store and get some bread and milk?" 1:00 Got home from the store with bags of candy, gum, soda pop and chips but no bread or milk. The wife is starting to get a little testy I think." 2:00 All I was trying to do was help her with the housework but she did not appreciate it when I spilled the vacuum bag on our white carpet. I think I'm starting to get on my wife's nerves. So I polished our tarnished silver, sharpened all the pencils in

the house and used my powerful air compressor to "dust" the furniture. 3:00 to 5:00 The wife said I could watch TV with her but we only have one TV and she was watching Dr. Oz and Ellen. Ten minutes was all I could take so I went to the shop to realign the wheels on the vacuum cleaner. I'm starting to think retirement may not be all it's cracked up to be. 5:00 to 6:00 I gave the wife a break and cooked dinner before realizing I don't know how to cook. So we ate cold cereal without the milk I was supposed to get at the store earlier in the very l-o-n-g day. I even answered the telephone, even though I hate talking on the phone. It was Amber, a telemarketer. She lives in St. Louis and doesn't really like her job but is trying to make some money for beauty college. She wants to be a fingernail artist. Since I'm retired I bought a timeshare in Cancun to help her out. 7:00-8:30 I tried to watch TV again with the wife but she was watching Dance Moms and said, "If you can't keep your sarcastic remarks to yourself why don't you just leave." So I went to bed. I was exhausted from my first day of not doing anything anyway. Tomorrow I'm going to unretire. Please, I beg you, keep reading my writing so I can keep working or you'll be responsible for my wife's institutionalization, a divorce and my being bored to death.

Abbott, Patrick, Straus announce tax relief compromise

STATE CAPITAL HIGHLIGHTS By Ed Sterling | Texas Press Association

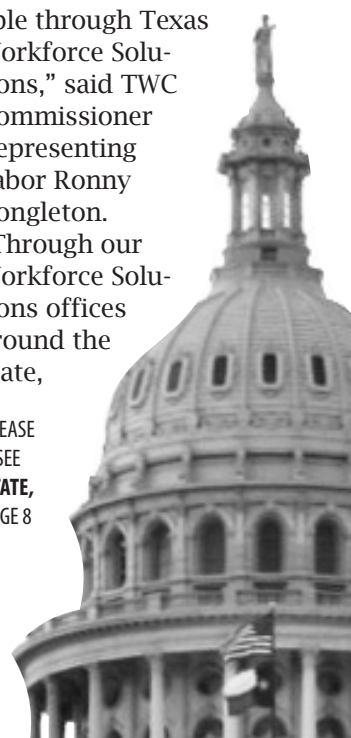

AUSTIN — Gov. Greg Abbott, Lt. Gov. Dan Patrick and House Speaker Joe Straus on May 21 jointly announced a \$3.8 billion tax relief package for Texas businesses and homeowners. According to the announcement, the agreement reached by Patrick and Straus on a tax proposal, along with additional legislation, includes: 1. A 25 percent permanent reduction in the business margins tax; 2. A \$10,000 increase in the homestead exemption, beginning in 2015, subject to passage of a constitutional amendment adopted in the November election; and 3. SB 1760, legislation requiring a 60 percent vote of the governing body of any taxing unit wishing to adopt an increase in property taxes that exceeds the effective tax rate. "Texas leaders have come together to advance conservative principles that will im-

prove the lives of Texans and continue to make Texas the model for doing business," Abbott said. "Every dollar businesses and homeowners pay in taxes is a dollar that could be invested in new jobs, higher wages and stimulating the Texas economy." Meanwhile, the passage of a state budget for fiscal years 2016 and 2017, the Legislature's primary task, is in its final stages. The buzz around the Capitol before Memorial Day weekend was that with tax relief resolved, an agreement on the budget that will satisfy the governor's expectations will soon follow. **UNEMPLOYMENT NUMBERS REPORTED** Texas Workforce Commission on May 22 reported Texas has added an estimated 287,000 seasonally adjusted

jobs over the past year including a modest gain in April with the addition of 1,200 positions during the month. The state unemployment rate remained steady at 4.2 percent in April, down a full percentage point from 5.2 percent a year ago. Texas continues to trend well below the national unemployment rate of 5.4 percent. Job gains for April were led by the Leisure and Hospitality industry, which added 6,900 positions. The Information industry enjoyed its largest monthly gain for the industry since June 2000 with the addition of 3,400 jobs in April. Other Services gained 2,800 jobs during the month followed by Trade, Transportation and Utilities, which expanded by 2,100 positions. "We know that there are still folks who are looking for

good-paying jobs in our state and we encourage them to take advantage of the many resources made available through Texas Workforce Solutions," said TWC Commissioner Representing Labor Ronny Congleton. "Through our Workforce Solutions offices around the state,

JEREMY MUNOZ, Ozona High School Junior, (center) receives his Star Student award presented by Dwain Morrison (left), San Angelo Mayor, and Dr. Javier Flores, Vice President of Student Affairs and Enrollment Management for Angelo State University, Monday evening May 11 during a special banquet held by the San Angelo Standard-Times at Howard College West Texas Training Center. Munoz was one of 20 high school juniors in the Concho Valley selected for the honor from among more than 60 nominations considered by a panel of independent judges.

Munoz named Star Student

Jeremy Munoz was selected as one of the San Angelo Standard-Times Star Students.

He was honored, along with other winners, at a banquet on May 11 in San Angelo.

Jeremy was one of 20 students selected from area high schools honored for their academic achievement, their leadership abilities, their community involvement and their work ethic.

Tisha Harrison, OHS counselor, wrote in her nomination letter "Jeremy is a student we wish we could clone."

Jeremy excels in academics and as a member of the OHS Band, but he also is an outstanding community member. He is always willing to help out his classmates and teammates, Harrison wrote, and also, because Jeremy has a special knack for computers, he assisted Keith Harmen, CCCSD technology director, last summer helping to get the computers cleaned and ready for class in the fall.

Jeremy's GPA ranks him second in the junior class, but beyond academics, Harrison said, he is an integral part of the UIL academic

teams, competing in calculator, computer science and science.

In band, Jeremy participated in solo and ensemble competition and advanced to all-region. He has also been recognized for his student leadership in the OHS Band.

He is a member of the yearbook staff, National Honor Society and a class representative on the student council.

In the community, Harrison wrote, Jeremy helps out in many ways, collecting canned goods for local food drives, helping with Meals on Wheels distribution and lending a helping hand at the local care center.

At Christmas time, he has helped collect toys for children who might not otherwise receive gifts.

In his brief biography, Jeremy he said he wants to put himself through college by DJ-ing and performing at a circus.

Jeremy is the son of Vicky and Martin Munoz, of Ozona.

THE OHS FLUTE QUARTET of Gabby Martinez, Estefania Torralba, Brenna Hale and Trystian Galindo, and flute soloist Jadie Marshall earned a Division 2 rating at state over the weekend. Jadie also received a silver medal for her solo performance.

Mitchel earns medical assisting degree

Anna Marie Mitchel recently graduated from ECPI University Medical Careers Institute School of Health Science of Newport News, Virginia. Mitchel was hand selected out of 400 students by the school's administration to give the graduation speech at the commencement ceremony.

While attending Mecical Carreers Institute Anna was inducted into the Phi Theta Kappa Honor Society for maintaining an overall GPA of a 3.5, she was also named to the Dean's List two semesters for maintaining a 3.7 GPA both semesters. She also received four national certifications, CPR and AED, Certified Phlebotomy Technician, Certified EKG Technician, and Certified Medical Assistant. She also received her Associate's of Applied Science Degree with a concentration in Medical Assisting.

Mitchel also played a very important role in beginning the Medical Assistant's Club, and was selected by her peers to act as president of the Medical Assistant's Club. The club grew from zero to 40 members through out the year. They had canned food drives to help fellow students in need. They had bake sales

to fund-raise and a pot luck to help celebrate Medical Assistant's week last October. The club served as great support for the students. Some students are married, have children, jobs, they take 2-3 new classes every five weeks and are full time students, which can be very overwhelming at times.

Mitchel is the daughter of Victor and Patricia Hernandez, of Ozona. She graduated from Ozona High School in 2008. She is married to Caleb Mitchel who also graduated from Ozona High School in 2007 and is now a First Class Petty Officer Nuclear Electrician's Mate in the United States Navy. Together they have two boys Ian and Gavin.

OZONA SENIOR HAPPENINGS

BY **BRENDA NEWTON**
SENIOR CENTER DIRECTOR

I hope all of you had a great Memorial Day Holiday and that you all remembered what the day was for. We can never forget how we got our freedom.

Again, there will be no Senior Bingo Social during the month of May due to the busy graduation events. We will continue to have the Senior Bingo Social on June 22.

For the next seven weeks, I will be posting the top 10 things that you can do for Arthritis. 5. Apply heat or cold: heat and/or cold may be used to decrease pain and increase flexibility. Cold decreases blood flow and helps relieve joint pain and swelling. Heat increases blood flow and relaxes muscles. Heat used prior to exercise increases circulation, improves motion, decreases ache and helps you relax. Cold used after exercise decreases circulation, decreases swelling, reduces pain and reduces inflammation.

The movie for Thursday, May 28, will be "P.S. I Love You" starring Hilary Swank, Gerard Butler, Lisa Kudrow and Harry Connick Jr. "P.S. I Love You" is your very own message full of fun, love, triumph and romance. You'll love it." Come on out and enjoy yourself with popcorn puffs and drinks at 2 p.m. on Thursday.

Remember that this building is for all the citizens of Ozona that are 50 and over. Also, remember that you can come to the center at night if you let me know when you want to.

WHICH JUDGE WILL I SEE?

It is a question that many who have broken the law and they have a hearing or trial date coming up. Many of those going before the judges knows them or knows of them. They will say to their lawyer, "Oh I do not want to go before him, he will throw the book at me" Thinking about judges and trials reminds me of something in the Bible. One of the last events to occur is the Great White Throne Judgement, (Revelation 20:11-15). The Bible, God's Holy Word says "And inasmuch as It is appointed for men to die once, and after this comes the judgement" (Hebrews 9:27). Who will be at this judgement? It will only be those who have rejected, ignored or disregarded God and not in this life but after death, (Matthew 13:36-43). Who will be the judge? There is only one who is qualified to judge and that is Jesus Christ, (Matthew 10:26, John 5:22-24, Acts 17:30&31, Hebrews 4:12-13). Everyone in this judgement will be judged according to their deeds and there are books in heaven with everything recorded that we have done, (Revelation 20:12). Also everyone that is in the Great White Throne Judgement is cast into the lake of fire after their trial, We can be forgiven of our sins but the rejection of Jesus of Christ is unpardonable, (1 John 1:9, John 1:29&14:6, romans 10:9-13) See you in Church next Sunday.
