LIBRARY SUMMER READING PROGRAM

Creepy critters

BY LOUISE LEDOUX
CROCKETT COUNTY PUBLIC LIBRARY

June is here and with it all the Summer Reading Programs at the Public Library.

This year's theme "Every Hero Has A Story" will be great fun.

Children can come and enjoy stories and games and crafts with a "superhero" theme covering a wide spectrum of heroic activities including archeology, insects, local heroes, drawing comics, animal heroes, story time and Hank the Cowdog.

Our goal is to make the library a fun place to visit where children can check out books and learn new things that will help them be successful in school.

Making the library a part of a child's routine can bring great rewards and pleasure in reading, and keep their reading and comprehension skills sharp for school.

Last week, the library hosted "Jungle Jim, the Bug Man" at the library and the Civic Center. His program featured a variety of insect and reptile animals.

Be here on Thursday, June 11, to meet the soldier heroes from Fort Lancaster and learn all about the history of the fort and the archeology projects and restoration going on there.

On Thursday, June 18, CCPL welcomes graphic artists from Austin presenting "Science of the Superhero." The program will also be at the Civic Center at 7 p.m. Don't miss this great opportunity to learn how to draw superhero comics. It is free

to the public. For more information, visit www.comicartist.net.

We will wind up our special programs by presenting John Erickson and Hank the Cowdog, the original ranch hero. The program will also

be the Civic Center at 7 p.m. on Thursday, June 25. The program is free to the public. For more information, visit www.hankthecowdog.com.

Summer reading programs will be every Monday and Thursday morning in

June. Older children 6-12 years come from 10-11 a.m. and the younger children 3-5 years come from 11 a.m. to noon.

Mark your calendars now and don't miss a minute of "Every Hero Has A Story" at the public library.

County looking at tax note for clinic

BY MELISSA PERNER
THE OZONA STOCKMAN

A third option has been presented in building a new Ozona health clinic.

At a June 4 joint meeting, the Crockett County Commissioners' Court and the Care Center Health and Emergency Services Board agreed that issuing a tax note was the best option for a new clinic.

Vince Viaille, managing director of Specialized Public Finance Inc., presented the two boards with an option.

A tax note can be issued by the county for projects to be financed for seven years or less. The clinic project has been estimated to be paid back within five years.

Tax notes don't run the risk to have to pay for an election, like a bond, Viaille said.

They also don't have the risk of the public petitioning for a bond election like certificates of obligation.

Both boards agreed that \$3 million was the amount needed to build the new facility.

The tax note, which comes as a recommendation from the county auditor, can also be financed through local or commercial banks, Viaille said. That will give the county the option to pay off the note early without penalty.

Viaille said a \$3 million tax note would raise county taxes around \$.03.

"The taxpayer is going to pay for it regardless. This tax note gives us more flexibility," said John L. Henderson, president of the Care Center Board.

County Auditor Janie Chandler will be reviewing information before she makes a recommendation to call for the tax note.

Viaille said she could call for it in August or September, which gives the county time to work on the 2016 Budget.

"For a short term project this is the most efficient financing method you could have," said Thomas M. Polan, attorney with Bickerstaff Heath Delgado Acosta LLP out of Austin that is currently representing the county.

Along with deciding on how to finance the new building, both boards met with Rick Burnight, with O'Connell Robertson Architects out of Austin, on the building's design.

The new clinic is being designed to not only see local patients with local physicians, but to also provide exam rooms for visiting specialists. The current plan estimates the new

building at 10,500 square feet.

"It's a very good layout," said Susan Bilano, clinic director, of the new building design. "Although the building we are currently in is big, and has a lot of space, it's not laid out as an urgent care clinic. This is a very good layout for the clinic. Gives a good urgent care area, better than what we have."

One area Henderson said they could save money in was having the county do the site preparation.

Also, Shannon Medical Center has promised to pay for the furnishings inside the building.

Henderson said the Care Center Board plans on having a meeting with Shannon to nail down a list of furnishings.

"We've got an obligation here for the taxpayers to provide the best we can for the dollar. We need to make sure when we build something the taxpayers are satisfied with the job," Henderson said.

At Monday's regular meeting, the commissioners approved to hire SKG Engineering out of San Angelo to provide a legal and topographic survey, and conduct subsurface testing and subsequent recommendations for subgrade improvements and foundation design for the proposed clinic facility. Deaton abstained from voting.

FIREWORKS

Also at the Monday meeting, the commissioners approved the Knights of Columbus Fireworks Show for the Fourth of July.

At the May regular meeting, the commissioners approved to prohibit the sale or use of ariel fireworks for the Fourth of July.

MOSQUITO CONTROL

The commissioners also approved for Animal Control Officer Joe Jurado to obtain his Vector Control License for mosquito control.

County Road Supervisor Jeffrey Stuart is currently working on obtaining his Vector Control License.

Jurado said he wanted to also obtain his to help out the community since his job involves a lot of driving around town.

"I just wanted to help out," Jurado said. The cost for training and obtaining the license is around \$600, which Jurado said he has in his budget.

"I would encourage you to find out all that you can. This would certainly be a plus to us," said Commissioner Pleas Childress III.

LETTER TO THE EDITOR

Commissioner's comments anger wellness center committee

Dear Editor,

The Crockett County Commissioners' Court approved the petition signatures for the Wellness Center's bond issue to be on the November ballot at their May 26 meeting.

At this meeting, Commissioner Eligio Martinez stated that upon calling all of his constituents who signed the petition, he learned that many did not understand what they

were signing.

I was shocked and angered when I read this. Our petition signature collectors were careful to explain that the purpose of the petition's signatures was only to get the bond issue on the November ballot. It was not a vote for the bond.

Shirley Kirby, wellness center chairman, wants to assure Crockett County voters that there was never any intention

to mislead those signing the petition.

At the same commissioners' court meeting, Martinez once again brought up the legality of the use of the private land to build a county facility.

This after County Judge Fred Deaton admonished commissioners from taking a stand one way or another on the issue, as it would be a conflict of interest.

We, the Wellness Center com-

mittee members, were confused that this matter was again questioned as it had been addressed at the May 11 meeting of the commissioners' court.

Kirby has stated that she hopes these matters have been cleared up and that voters will vote their consciences on the matter come November.

Battling the bureaucracy

Imagine \$300 to \$1,000 disappearing from your paycheck, despite the fact that you were working the same number of hours you normally do. Your dedication and work habits have not changed. The rigors of the job have remained the same. You've done nothing to merit the decrease and have little ability to fix it. Frustrating. For some families, possibly devastating.

HURD ON THE HILL
WILL HURD

threaten their family-run operations. Despite receiving over a million public comments from the stakeholders most affected, the White House just announced that they're

This is the situation that our brave Border Patrol Agents were facing, both here in the 23rd Congressional District of Texas and throughout the country.

In 2014, the Border Patrol Pay Act was passed in Congress, designed to modernize and streamline the overtime pay structure for these Agents, giving them more stability in the amount of their paychecks every pay period.

Unfortunately, the Washington bureaucrats that run the Department of Homeland Security decided to ignore the intention of the new law and instead opted to implement it in such a way that was not only going to decrease the Agents' earnings, but also require many of them to repay overtime they had earned.

Let's think about this situation for a moment. The lack of action by a bunch of Washington bureaucrats, sitting in air-conditioned offices in their comfortable office chairs, was going to negatively impact the livelihoods of courageous men and women who daily risk their lives in order to protect our communities and our nation.

Unacceptable. Fortunately, before a decreased paycheck could be issued, this problem was solved. Last month, my first bill became law. The bill forces DHS to implement the law as it was intended, protecting the paychecks of our brave Agents. It was a team effort to get this bipartisan legislation passed and I'm grateful to everyone who helped make it happen. I came to Washington to find solutions and fix problems, and that's exactly what this law does. That's a great feeling.

Sadly, this is just one example of Americans battling against an ever-growing Washington bureaucracy. Our local ranchers and farmers can tell you about the water regulations coming out of the EPA that

plowing ahead with their new Waters of the United States (WOTUS) rules that infringe upon private property rights and bring thousands of acres under federal jurisdiction.

Small business owners struggle daily to comply with red tape emanating from a variety of federal agencies that are not only confusing and conflicting, but will also cost the nation an estimated \$1.9 trillion in 2015 in efforts to stay compliant, according to the Competitive Enterprise Institute.

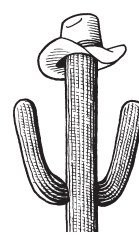

And then there are the individual interactions with federal bureaucracies such as Medicare, Social Security and Veterans Affairs. This is what keeps me up at night. I still remember talking to the wife of one of our Veterans who explained that her husband had received notification that an injury received while serving our nation would no longer be recognized and therefore not eligible for treatment at a VA facility. What was the injury? He'd lost his leg! I was incredulous and asked, "Did his leg grow back or something?" I was, and still am, appalled. Unbelievable.

This is why I'm in Washington. I want to fight the bureaucracy for the people who can't battle it on their own. I won't always be able to get a law passed to solve a problem, but my staff and I are standing ready to help the people I represent cut through the mass of federal red tape or light a fire under a Washington bureaucrat in order to make sure folks get the benefits and responses they have earned and need.

Don't Do It Yourself

IT'S THE PITTS

LEE PITTS

It seems like if you are anyone of significance these days you simply must have your very own personal assistant (PA). You know, someone to organize your closet, wrap your packages, run your errands, manage your life, pay your bills and offer lifestyle advice. Just think guys, having your own PA would be like having a get-out-of-jail-free card because you can send them to the store to buy your wife flowers to show how much you love her. (Just not enough to go to the florist to buy them yourself.)

It used to be that personal assistants and lifestyle managers were just for the rich who could not manage their own lives and were on "life support". These personal assistants used to be known as butlers, valets, servants, maids, concierges and slaves but now even poor people can have PA's, just as long as they have a smartphone.

According to a story in the Wall Street Journal this whole personal assistant thing started with something called UBER. Instead of hailing a cab in a big city all you do is call UBER and someone driving their own car, which could be an old Yugo or a used hearse, will pick you up and haul you to your destination. There are so many of these UBER free-lancers that the streets in New York are clogged with out-of-work humanities graduates trying to make a living as fake cab drivers.

This don't-do-it-yourself movement includes PA's who will wash your car, deliver pizza, park your car, be your therapist, and even doctors who will come to your

home. All you do is dial them up on your phone. It seems there are only three requirements to be such a service provider: the business name must be cutesy, misspelled and written out in all CAPITAL LETTERS. Like WASHIO to do your laundry, SPOONROCKET, to make dinner, ZEEL to give you a massage, MUNCHERY to deliver munchies, DUFL to pack your suitcase, EAZE to fetch medical marijuana and SHYP to mail your packages. Although, if the folks at SHYP can't spell any better than that I have concerns your package may not end up getting to the right party.

All this is well and good, if you happen to live in big city where such services are available, but what about farmers, ranchers and other Agro-Americans who live in small towns? Don't we deserve our own personal assistants too? Granted, we don't have much need for mobile dry cleaners, car parkers or suitcase packers but there are other jobs we could use some help with now and then, like mucking out the barn, dusting the shop and hosing out the house. We need help managing our lives just as much as some New York City options trader.

I think we could keep more of our young people down on the farm with this idea

if they would offer services like running for parts, preg checking, returning library books, tractor driving, feeding hay, pulling calves, spreading manure, and the household arts like cooking and cleaning.

All these new rural service workers need is a catchy name for their companies. I'm thinking about businesses like SQUEEZE or YANK (relief milkers), COWBOYZ (day working cowboys), NOBULL (AI technicians), LONGARMZ (preg checkers), SCOOP&SCOOT or LOAD&GO (tallow works), ROVER (dog sitters), COWEATS (people to feed your cows for you on freezing winter days), and PULL (calving out heifers).

I can easily see a spin-off for cattle taxis called UBERCOWZ. And for those anti-social ranchers who love to play poker and team rope but don't have any friends, just call IMAGINARYFRIEND.com.

Almost anyone has enough skills in at least one area that they could be someone's PA, and they wouldn't need a bank-breaking college diploma either. I read that some of these urban personal assistants can make between \$25 and \$500 an hour, the latter no doubt being a lawyer who arrives by UBER.

Initially, I was very excited about having my own personal assistant until, that is, I read how much they get paid. Then I conveniently remembered that I already have my very own personal assistant who works for next to nothing. I call her MYWIFE.

Governor decides fates of bills passed by Legislature

STATE CAPITAL HIGHLIGHTS By Ed Sterling | Texas Press Association

AUSTIN — Governor Greg Abbott has until June 21 to give bills recently passed by the Texas Legislature his final consideration before signing them, letting them take effect without his signature or vetoing them.

By June 1, the last day of the Legislature's 84th regular session, some 819 House bills and 504 Senate bills earned final passage, plus two House Joint Resolutions and five Senate Joint Resolutions. Unlike bills, which are subject to gubernatorial veto, the voters of Texas will find the seven joint resolutions appearing as proposed constitutional amendments on the Nov. 3 statewide ballot.

By June 4, Abbott had signed 340 bills into law and vetoed two: HB 225, relating to the prescription and dispensation of "opioid antagonist" drugs; and SB 359, relating to the emergency detention of a person with mental illness. Here

are 10 examples of signed, approved bills:

HB 4, establishing a new \$130 million "High Quality Prekindergarten Grant Program" to be provided free of tuition and fees to qualifying students.

HB 505, prohibiting the Texas Higher Education Coordinating Board from adopting any rule that would limit the number of dual credit courses or hours in a which a student may enroll while in high school or in a given semester or academic year.

HB 593, requiring the Texas Commission on Law Enforcement to establish a statewide comprehensive education and training program on canine encounters and canine behavior.

HB 903, requiring the comptroller to adjust the state's "rainy day fund" investment

portfolio periodically by putting some funds into higher-returning instruments to ensure that the balance of the fund is sufficient to meet cash flow requirements

HB 1740, improving community access to rabies vaccination services.

HB 3628, requiring the director of the Texas Department of Public Safety to adopt rules governing the use of unmanned aircraft in the Capitol Complex.

SB 97, prohibiting a person from selling, giving or causing to be sold or given an e-cigarette to someone who is younger than 27 years of age unless the person to whom the e-cigarette was sold or given presents an apparently valid proof of identification.

SB 339, authorizing a qualified physician under certain conditions to prescribe low-

THC cannabis to alleviate the seizures of a patient diagnosed with intractable epilepsy if the patient is a permanent Texas resident.

SB 458, increasing the duties of the aerospace and aviation office of the Texas Economic Development and Tourism Office to promote

 LEVIS AND LACE SQUARE DANCE
 Levis and Lace Square Dance Club danced at the Crockett County Care Center on Sunday. Dancers whirled and twirled around the room performing calls like feris wheel, spin the top, sides face square, and swing thru to the calling instructions of Tracye Young the caller. Between the songs called the dancers did the cupid shuffle.

After leaving the Crockett County Care Center the dancers met at the Crockett County Senior Citizen Center for the student graduation dance. Dancers twirled around the floor performing calls like pass the ocean, recycle, slide thru, bend the line and right and left thru to the calling instruction caller Tracye Young. A candle light four position ceremony was performed welcoming the graduated student now as a dancer.

OZONA SENIOR HAPPENINGS

Senior Bingo Social will be June 22

BY BRENDA NEWTON
SENIOR CENTER DIRECTOR

I'm ready for some more rain. Having to water is not fun.

The Senior Bingo Social will be June 22. The menu will be chicken enchilada casserole by Corina Diehl and salad. Dessert will be apple dump cake made by JoAnn Babbitt, Alda DeHoyos and Sandy Bebee. Sandy will also get the ice cream from Schwans. Wow! What a deal!

For the next five weeks, I will be posting the top 10 things that you can do for arthritis. 5. Investigate over-the-counter medications. Meds

are important in treatment of arthritis. Pain relievers such as Tylenol are generally safe and effective in relieving minor pain and discomfort. However, they do not reduce the inflammation caused by arthritis. Non steroidal, anti-inflammatory drugs, such as Motrin, Advil and Aleve, can help relieve joint swelling and inflammation. Another recommendation is Capsaicin cream or gel as part of the treatment plan. Always ask your doctor before using these meds.

Pretty plants such as basil, tansy and marigolds smell pretty bad to mosquitoes, so they are ideal for planting around your porch or patio. Remember mosquitoes find you by sensing the carbon dioxide you exhale, so simply using outdoor fans at your next barbecue can scramble

their sensors.

The movie for 2 p.m. Thursday, June 11, will be "Must Love Dogs" starring Diane Lane and John Cusack. This romantic comedy is as delightful a surprise as a perfect blind date.

Remember that this building is for all the citizens of Ozona that are 50 and over. Also remember that you can come to the center at night if you let me know what you want to.

Exercise 9 a.m. Monday, Wednesday and Friday.

Bridge 1:30 p.m. Monday. Balance Exercise 9 a.m. Tuesday and Thursday.

Mexican Train 1:30 p.m. Wednesday; Prayer Group 3 p.m. Wednesday.

Quilting 9:30 a.m. Thursday; Movies 2 p.m. Thursday. Come on out, the coffee is on.

CARE CENTER CHATTER

BY MARY WILLIAMSON
ASSISTANT ACTIVITIES DIRECTOR

The Kentucky Derby was May 2. The residents got all decked out for the Kentucky Derby celebration with elegant hats for the ladies and hats with cigars for the men.

Most of them wore their hat throughout the day as they waited for the movie to start about horse races. "50" was the title.

Fruit garnished margaritas with umbrellas were served along with cheese and crackers. A big thanks to Jan Patterson for providing all paper goods, along with fancy cups.

RESIDENT COUNCIL

Every first Monday of the month, residents meet for council meeting to discuss issues or concerns, and select a meal of the month. Dietary does a great job providing the meal of their choice. A new meal has been Navajo Tacos.

MOTHER'S DAY

We celebrated Mother's Day on May 8. The facility was all decorated from the inside out for the Mother's Day celebration again this year. We started the morning with churros burritos on homemade tortillas made by Maria Arredondo, while dietary and housekeeping staff prepared the corn and flour tortillas for snack time and lunch.

Some of the residents, along with visitors and families, joined the staff outside as they cooked carnitas, goat meat, tostadas and cabbage. Staff brought their tortilla makers and molcajetes for guacamole, hot sauce with guacamole or just plan roasted hot sauce.

Corn tortillas were a big treat for residents, they had them plain or with butter, some added the sauces.

Lunch was guiso, rice and beans along with what was cooked outside with a glass of fresh lemonade and fruit for dessert.

We had a guest from Big Lake's nursing home join us for lunch and stayed for the music. Mariachis from Midland played. The staff joined in with dancing and singing, Irma Ortiz, Samantha De La Garza sang. Marta De La Garza dressed as a male mariachi, Maria Arredondo, Flor Harris, Cristina Hernandez and Kimberley Hernandez were the dancers for the day, and these ladies can put on a show. Roses were given to residents and other mothers that attended the celebration. Thanks to House of Flowers by Blanca Martinez that provided the flowers, along with roses for the tables. Nurses were also honored on May 8 for Nurse's Week.

NURSING HOME WEEK

We continued to celebrate with Nursing Home Week May 10-16. Lunches were served during the week for staff. Supreme nachos, Chick-fil-a and Marta's famous funnel cakes were served for everyone in the facility.

ACTIVITIES

We have continued to have bingo, dominoes, Mexican bingo, exercise and art lessons by Ann Fowler. Karaoke is a big must. We are honored to have Mr. Pagan sing to the residents and staff.

OMBUDESMAN

A volunteer Ombudsman is needed for the Crockett County Care Center. Contact Amenda Sedeno at (325) 223-5704.

At this time, Mara De La Garza and I would like to give a big thanks to dietary and housekeeping staff for all their help this month.

MY PRIORITIES AND TO DO LIST

I don't know when I started it but it has really made life easier and more enjoyable. It is making a list of things that are important or things that need to be done and then working off of that list. There are certain things on that list that do not change and others that do. Just as we are made in the image of God who makes plans and then makes them happen so can we if He lets us or allows it, (Matthew 5:36, Isaiah 37:26, Psalm 20:4&5, Proverbs 16:3&9, 21:5). As I look over my list I can see what progress I am making and what needs to be done. I can see some victories and I can also see some defeats or things undone. Number one on my list is my relationship to God and to commit myself to Him, (Psalm 22:8, 37:5). Another priority on my list is to attend Church and Sunday school or Bible study, (Exodus 20:8-11). Also near the top is trying to read my Bible daily and spend some time in prayer. In looking to the future I would like to have a closer walk and sweeter fellowship with God. What brought about this new way of was my accepting Jesus Christ as my Lord and Savior years ago, (2 Corinthians 5:17, Galatians 2:20). Have you made your plans (To do list)?

See you in Church next Sunday.

Water talks June 22-26 in the Devils River Basin

Anyone interested in private water well management is invited to a Texas Well Owner training.

Training dates:

- June 22 - 9 a.m. - 4 p.m. at Mitzzi's Hookers Restaurant, near Lake Amistad's Rough Canyon Recreational Area, in Del Rio.

- June 23 - 9 a.m. - 4 p.m. at The Kitchen Table and Mercantile, 34871 State Highway 163, located south of Juno.

- June 24 - 9 a.m. - 4 p.m. at the Sutton County Community Center, 1700 N. Crockett Avenue in Sonora.

- June 26 - 9 a.m. - 4 p.m. at John Shanks Chapel in the Blue Sage West Community near Del Rio.

The Texas Well Owner program is for residents who depend on household wells for their water needs so they can learn about improving and protecting their community water resources.

This program will offer private well water screenings. In addition, it will help well owners become familiar with Texas groundwater resources, well construction and maintenance, septic system maintenance, water quality and water treatment.

Participants may bring well-water samples to be screened for common contaminants including fecal coliform bacteria, nitrates, arsenic and high salinity. The cost is \$10 per sample, with payment due when samples are turned in at the program.

Well owners who would like to have their water tested can pick up sample containers from the Crockett, Val Verde or Sutton County Extension Office. Bringing water samples to the training is not required.

The event is sponsored by Texas A&M AgriLife Extension Service, Sutton County Under-

ground Water District and the Nueces Rivary Authority.

Space is limited, so attendees are asked to register at <http://twon.tamu.edu> or by calling (830) 278-6810 as soon as possible. Lunch will be provided. The course also offers 1 CEU in the general category.

Sonora 7 on 7 Tournament June 20

The Ozona Lions will be competing in the Sonora 7 on 7 Football State Qualifying Tournament on June 20 at Bronco Stadium in Sonora. The tournament starts at 9 a.m.

Teams competing are: Ballinger, Van Horn, Midland

Christian, Christoval, Iraan, Ozona and Sonora.

Concession stand will be available. Bring your lawn chairs and sunscreen.

For more information, e-mail Pete Bradley at gr6gr6@verizon.net.

Triple Threat Basketball Camp July 6-8

Former Ozona Lady Lion and Angelo State Rambelle Kelli Anne Goble will be hosting the Triple Threat Basketball Camp July 6-8 at the OHS Davidson Gym.

The camp will run from 9 a.m.-noon and 1-3 p.m. each day. Cost is \$35 per camper.

It is open to players from 7th to 12th grades.

Goble is a graduate of Ozona High School. She played for the ASU Rambells from 2000-2004. She led

ASU to three regional tournaments, she is the record holder for most career three-pointers, second most assists in 'Belle history, scored more than 1,000 points in her college career and is a two-time Lone Star Conference MVP.

She is now the head girls coach at San Antonio Taft High School.

Forms for the camp may be picked up at the OHS office.

Overeaters Anonymous meeting Mondays at Methodist Church

Overeaters Anonymous meetings will be held at 3 p.m. each Monday at the Ozona United Methodist Church. Overeaters Anonymous is not just about weight loss, weight gain or maintenance, obesity or diets. The program offers physical, emotional and spiritual recovery for those who suffer from compulsive eating. Members find recovery on all three levels by following at 12-step program patterned after Alcoholics Anonymous. Members who recover through the 12 steps find that yoyo dieting is a thing of the past. They no longer wish to return to eating compulsively. Overeaters Anonymous is not affiliated with any public or private organization, political movement, ideology or religious doctrine and takes no position on issues outside

of its own program. No membership dues or fees are required for participation. The organization is self-supporting through members' voluntary donations and the sale of Overeaters Anonymous literature. Similar to other 12-step programs, a key tenet of Overeaters Anonymous is anonymity, which offers members freedom of expression, equality and safeguards within the Overeaters Anonymous community. Anonymity at the level of press, radio, television and other media of communication provides assurance that Overeaters Anonymous membership will not be disclosed. This protects both the individual and the membership as a whole. For more information, call Kevin at (325) 245-5094 or visit www.oa.org.

JAIL
Texas Jail Commission has approved the concept for the new jail. Sheriff Robert Rodriguez said that is one step closer for many more to come. A bond election for a new jail will be held in November.

BUDGET
The commissioners also had their first look at the 2016 Official Budget. This is the first of many workshops the commissioners plan on having over the summer over the budget.

PLAYGROUND EQUIPMENT
Tina Bean with the Parks and Recreation Board presented the commissioners with information about new playground equipment. Cost of the playground equipment was around \$26,000. Additional costs, such as installation, covered awnings and base ma-

terials would bring the total cost above \$50,000. Projects over \$50,000 have to be advertised for bids. Commissioner Frank Tambunga made a motion to approve just purchasing the playground equipment, but that item was not on the meeting agenda. The commissioners said they would discuss the project further at their next meeting.

OTHER AGENDA ITEMS:
• Approved to extend music at the Rodeo Slab from 10 p.m.-midnight on Aug. 15.
• Approved an addendum to include the wellness center in the contract with bond attorneys Bickerstaff Heath Delgado and Acosta LLP.
• Approved a preliminary plat sent by Ozona Hospitality Group for the new Hampton Inn Hotel.
• Approved to advertise for bids to authorize procurement of materials and construction services through the TxDOT Transportation Infrastructure Fund Grant.
Commissioner Eligio Martinez was absent from the meeting.

HEALTH AGENCY CHIEF TO RESIGN
Texas Health and Human Services Executive Commissioner Dr. Kyle Janek on June 5 announced his decision to step down from his position effective July 1 "to make way for new leadership as the agency prepares for major

reorganization." Janek was appointed head of the agency in 2012 by then-governor Rick Perry.

With a budget of \$74 billion and more than 56,000 employees, the agency came under fire following publication of a series of investigative reports by the Austin American-Statesman that exposed a lucrative no-bid contract with a computer software firm executed by high-ranking personnel at the agency. Oversight at the agency was a topic of Sunset Commission hearings held at the Capitol in April.

Gov. Abbott, in a June 5 announcement, said Chris Traylor, chief deputy commissioner of the Health and Human Services Commission, will succeed Janek, and Charles Smith, current deputy for child support at the Texas Office of the Attorney General, will be Traylor's successor.

RICK PERRY STARTS PRESIDENTIAL RUN

Former governor Rick Perry, who served the state's chief executive from 2001 to 2015, launched his second run in hopes of securing the Republican nomination for president in an Addison, Texas, aircraft hangar on June 4. Using a C-130 cargo plane as a backdrop, Perry, who served as a U.S. Air Force pilot during the Vietnam War era, was joined in the announcement by military veterans as he talked about his upbringing and recounted his leadership experience.

LAWMAKERS WON'T SEEK RE-ELECTION

Last week, five state representatives and one state senator announced their intentions not to seek re-election in 2016.

The state representatives include: House County Affairs Committee Vice Chair Joe Farias, D-San Antonio; House Education Committee Chair Jimmy Don Aycok, R-Killeen; House Select Committee on Emerging Issues in Law Enforcement Chair Allen Fletcher, R-Tomball; and House Appropriations Committee Vice Chair Sylvester Turner, D-Houston. Turner is a candidate for mayor of Houston. The senator is Senate Natural Resources and Economic Development Committee Chair Troy Fraser, R-Horseshoe Bay.

PUBLIC NOTICES

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY Notice of Draft Federal Operating Permit Draft Permit No.: O2677

Application and Draft Permit. Chevron U.S.A. Inc., 15 Smith Rd, Midland, TX 79705-5423, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal and revision of Federal Operating Permit (herein referred to as Permit) No. O2677, Application No. 21541, to authorize operation of the Ozona Gas Processing Plant, a Natural Gas Liquids facility. The area addressed by the application is located two miles south of Ozona on Highway 163 in Ozona, Crockett County, Texas 76943. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to the application. You can find an electronic map of the facility at: <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.673333&lng=101.206666&zoom=13&type=r>. This application was received by the TCEQ on June 19, 2014.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The draft permit, if approved, will codify the conditions under which the area must operate. The permit will not authorize new construction. The executive director has completed the technical review of the application and has made a preliminary decision to prepare a draft permit for public comment and review. The executive director recommends issuance of this draft permit. The permit application, statement of basis, and draft permit will be available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas; the TCEQ San Angelo Regional Office, 622 S Oakes St Ste K, San Angelo, Texas 76903-7035; and the Crockett County Library, 1201 Ave G, Ozona, Texas, beginning the first day of publication of this notice. The draft permit and statement of basis are available at the TCEQ Website: www.tceq.texas.gov/goto/tvnotice
At the TCEQ central and regional offices, relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference, may be reviewed and copied. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ central office file room at (512) 239-1540.

Public Comment/Notice and Comment Hearing. Any person may submit written comments on the draft permit. Comments relating to the accuracy, completeness, and appropriateness of the permit conditions may result in changes to the draft permit.

A person who may be affected by the emission of air pollutants from the permitted area may request a notice and comment hearing. The purpose of the notice and comment hearing is to provide an additional opportunity to submit comments on the draft permit. The permit may be changed based on comments pertaining to whether the permit provides for compliance with 30 TAC Chapter 122 (examples may include that the permit does not contain all applicable requirements or the public notice procedures were not satisfied). The TCEQ may grant a notice and comment hearing on the application if a written hearing request is received within 30 days after publication of the newspaper notice. The hearing request must include the basis for the request, including a description of how the person may be affected by the emission of air pollutants from the application area. The request should also specify the conditions of the draft permit that are inappropriate or specify how the preliminary decision to issue or deny the permit is inappropriate. All reasonably ascertainable issues must be raised and all reasonably available arguments must be submitted by the end of the public comment period. If a notice and comment hearing is granted, all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

Written public comments and/or requests for a notice and comment hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www.tceq.texas.gov/about/comments.html and be received within 30 days after the date of newspaper publication of this notice. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record.

A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the mailing list for this application. This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that the EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with the applicable requirements or the requirements of 30 TAC Chapter 122.

Mailing List. In addition to submitting public comments, a person may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address above. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application.

Information. For additional information about this permit application or the permitting process, please contact the Texas Commission on Environmental Quality, Public Education Program, MC-108, P.O. Box 13087, Austin, Texas 78711-3087 or toll free at 1-800-687-4040. Si desea informacion en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained for Chevron U.S.A. Inc. by calling Ms. Dani Krueger at (432) 687-7411.
