The Los Planos Study Club will sponsor a Tax Institute for farmers and business men in this area December 2, 3, 5, 9, 10 and 12 in the visual aids room of the Muleshoe high school.

CLEAR WEATHER SPEEDS HARVEST

FARMERS in the Muleshoe area took advantage of the clear weather the last few days to get as much harvesting done as possible before more bad weather. Note the ingenious dryer on the combine which uses heat from the engine exhaust into the grain bin. Operators claim this lowers the moisture content as much as two per cent.

Christmas Program Includes Prize Give Aways For Children Downtown

Plans for the observance of the Christmas season in downtown Muleshoe moved a step nearer completion this week with the announcement that Santa Claus will arrive on December 7 to distribute treats to the children and prize drawings for children will be held every hour all day December 7 in local downtown business houses. Plans for turning on the holiday street lights have not been completed, but are expected to be announced next week.

Bill Moore, chairman of the holiday program, said Thursday that participating merchants will be named next week for the prize give aways to be held every hour on the hour December 7, beginning at 10 a.m. Only youngsters from senior high and younger will be eligible to participate in the give away program.

Santa Claus is expected to arrive about 4 p.m., on the city fire truck and stop long enough to give children a bag of holiday

Home Lighting For Holidays Deadline Is Set December 13

The annual home lighting contest for the Christmas season will be sponsored again this year by the Muleshoe Chamber of Commerce with \$50 in prizes to be awarded the top three lighted homes.

Deadline for filing entries for judging with the Chamber of Commerce office is December 13, and decorations must be up and lighted by the evening of December 16.

"Give us another week or 10 days of this kind of weather, and we'll have this grain harvest licked", is the remark most often heard by busy farmers in this area as the sun shone for the third consecutive day Wednesday, following a brak caused by rain and fog Sunday. Some combining of grain and harvesting of cotton was begun last Thursday and Friday, but weekend weather again halted most outdoor activity. However, southwest winds brought the moisture down fast Monday and work was in full swing at mid week again, in both grain and cotton fields.

Elevators in the Muleshoe area reported a good, steady run of trucks all day Tuesday and Wednesday, with some pileups at peak times during the two days.

Grain has been averaging from 14 to 17 percent moisture content at most local elevators it was reported.

Market price is still ranging around \$1.40 per hundred, with some grain going into the loan at about \$1.65.

Muleshoe Couple Adopt Chinese Girl In Formosa

Captain and Mrs. Robert Smith of Muleshoe, have adopted Amy Tung, the nine year old daughter of Chinese Air Force Col. John Tung at Taipei, Formosa, a United Press Dispatch reports Thursday morning.

Captain Smith is the son of Mr. and Mrs. D. O. Smith of this city, and is the brother of John and Richard Smith.

Tung met Mrs. Smith in Apo, Arizona in 1944 before she was married and while he was training at a U. S. Air Base there.

When the Smiths came to Taipei on temporary duty from Okinawa earlier this year, they learned that Tung was divorced and having trouble caring for his daughter.

He agreed to let the Smiths adopt Amy and take her back to Texas with them. The Smiths returned to Okinawa to complete the legal measures for adoption.

The Smiths expect to return to the U. S. next month.

However, the rush on the elevators to dispose of the estimated 5,950,000 bushel milo crop is expected to dwindle sharply within 10 days or two weeks if the weather remains favorable.

Some scattered late harvesting will be done after the rush season, but it is expected to be light and sporadic.

Cotton harvesting also got into high gear with the advent of clear weather. Crews of latinos,

mostly migratory groups, hit the fields last Thursday afternoon, and have been pulling bolls at every opportunity since. Most Braceros have been returned to Mexico before the bad weather ended.

Gins in the county had tallied 9267 bales at week end, and were running at top daytime capacity, with the expectation that round the clock schedules will be set up with the beginning of widespread stripping operations.

Postal Receipts Increase \$3339 Over 1956 Income

Receipts at the Muleshoe post office for the first 10 months of 1957 total \$44,532.17, postmaster Arnold Alcorn announced this week.

This amount, Alcorn said, represents an increase of \$3,339.67 over receipts for the same period in 1956, when receipts totaled \$41,192.50.

For the period from October 19 to November 15 of this year, receipts totaled \$4,063, as compared to \$3,976 for the same period last year, making a gain of \$87 for the period over last year.

Three Dead, Three Seriously Hurt In Two Car Headon Collision Near Here

Three persons died and three were injured in a two car head-on collision Sunday afternoon four miles southeast of Muleshoe on highway 84.

Dead are: Mrs. LaMoin Howerton and her two-month-old son Mark and David Garcia, of Sudan. Injured are Howerton, Sherman Fielden, 12, and Bobby Don Crouch; the latter two of Sudan.

Officers said Mr. and Mrs. Howerton were enroute with her son and brother, to visit her father, S. L. Fielden in West Plains Hospital. The Fieldens live near Earth.

According to the officers, the Howerton car in which the Fielden boy was a passenger, was traveling west and a car driven by Crouch in which Garcia was a passenger, was proceeding toward Sudan.

Investigation showed the Crouch car tried to pass a truck and collided with the Howerton vehicle.

The Fielden boy was in critical condition early this week, and both Crouch and Howerton were in serious condition in West Plains Hospital.

The bodies of Mrs. Howerton and her son were taken to Hammond's Funeral Home in Littlefield, and Garcia's body was brought to Singleton Funeral Home in Muleshoe, where services were pending early this week.

Fielden received a skull fracture and possible internal injuries; Crouch received multiple fractures, possible internal injuries and a dislocated hip.

Realty Agencies Change Office Locations Here

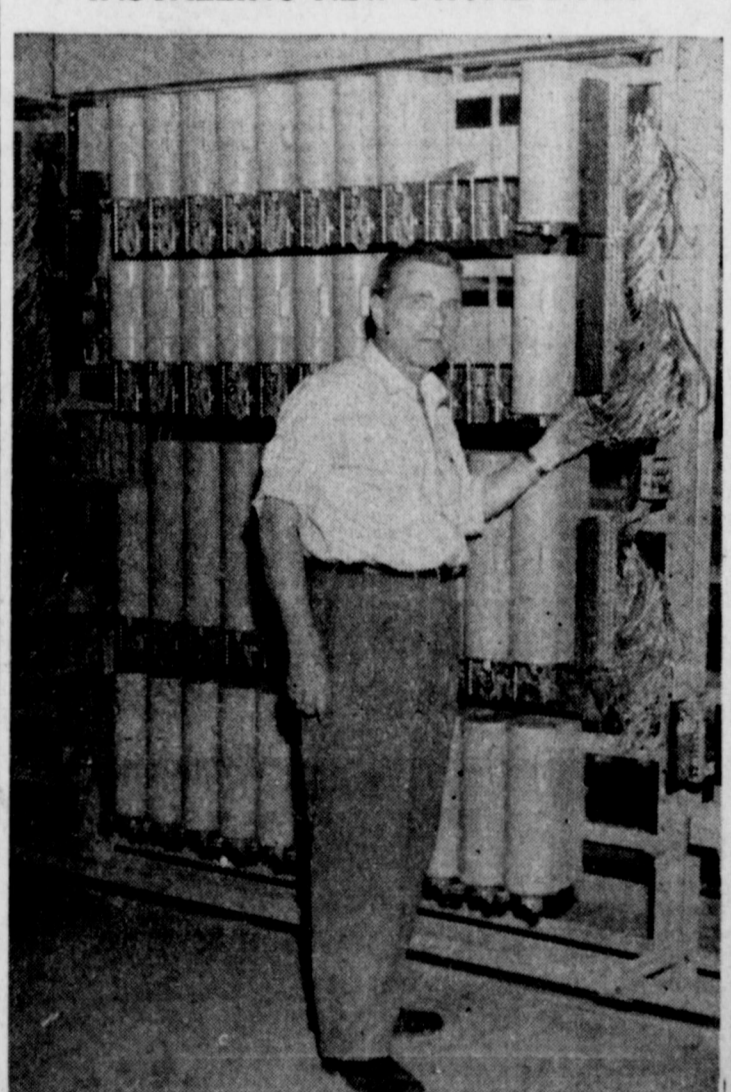

The Clyde Bray Agency, Muleshoe realtors, has moved into new offices in the Byron Griffiths building this week.

The new location of the real estate agency is in the space formerly occupied by the Vibratic sales company, and offers more office space for the agency as well as additional parking facilities for customers of the firm.

Platter Chatter

by David Shepherd

Just turn your TV set and you're sure to see popular recording artists soon. Platter stars with their own shows this year include Eddie Fisher, Perry Como, Polly Bergen, Rosemary Clooney, Dinah Shore, Gisele MacKenzie, Pat Boone, Frank Sinatra, Guy Mitchell, and the ever-popular "Big Record" program, which stars Patti Page as hostess. This program comes on the air at 7:00 p.m., on Wednesday evenings and is really an outstanding program for all.

Frank Sinatra may not care for rock and roll music, but the rhythm and blues jockeys are still strong for Frankie. By-passing Elvis Presley, Little Richard, Fats Domino, etc., the delectable Sinatra performs his favorite male vocalist in Billboard Magazine's annual Disc Jockey Poll.

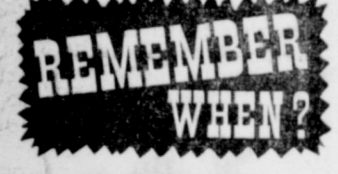

Sinatra not only won this honor, but also the favorite pop singer, favorite album artist, and his album, "A Swingin' Affair," was voted the outstanding album of the year.

Warner Bros. has released a film that can be called a film for the teen-age singer. Not only does it contain 21 songs within its script, but it stars such great youngsters as Buddy Knox, Jimmy Bowen (both from Texas), Jerry Lee Lewis, The Four Coins, Charlie Gracie, and Frankie Lyon's younger brother, Lewis. Also listed are Fats Domino, Carl Perkins and Slim Whitman. Watch for it!

The tune selected as the No. 1 all time standard in Billboard's Poll was "Stardust," a tune which was revived this year by Billy Ward and Nat "King" Cole. Tunes listed in the top 30 All-time Hits that you may be familiar with are "Lisbon Antigua," No. 7; "White Christmas," No. 8; "Secret Love," No. 24, and "Autumn Leaves," No. 25.

Preview Parade
"Great Balls of Fire," Jerry Lee Lewis, Sun.
Mr. Lewis gives "Fire," all he has, and turns out a rockabilly tune that more than matches his success in "Whole Lotta Shakin' Going On." Flip is "You Win Again," sung much in the style of Hank Williams, who first made the tune a hit.
"Sweet Georgia Brown," Coasters, Atco.

The group smoothly paces the old standard with a fresh approach that makes the most of

BY JOHN CROW

Most of us like to go back sometimes . . . back to the big moments, the great events of our time that stick in the memory. There was the excitement of the Roaring Twenties . . . the days of the speakasy and the Charleston . . . of Bobby Jones winning every golf title in sight . . . of the ferocious Jack Dempsey stalking a victim across the ring . . . of Babe Ruth clouting No. 60.

There were many other memorable moments . . . like the delirious excitement of Armistice Day in 1918 . . . and hysterical joy that was repeated in 1945. And there were times of tragedy, too . . . the Black Friday when the market crashed, and the nation teetered on the brink of ruin . . . the bitter "sit down strikes" of the late '30's . . . the sudden death of Roosevelt on the eve of victory in Europe.

Remember those years? We're going to bring back some of those moments of recent history in these columns. Look in on us . . . and see if you can remember the year before we tell you!

Most of us would like to go back to those days when a good new car cost \$600 . . . but those were also days when a man with a weekly salary check of \$20 was often doing well. We can't take you back that far . . . but we can bring you real saving on a brand new '58 Chevrolet. We can offer you a top trade and the finest terms available, at

Thanksgiving is Turkey Time

Although turkey is a delicious food any time of the year we naturally associate it with the Thanksgiving season. I know you will want your roast turkey to be cooked perfectly and be the center of interest on the family table on November 28. Here are instructions for the bird:

Start with a ready-to-cook turkey. Salt inside of turkey. Fill body cavities loosely with stuffing. Stuffing swells as it cooks, thus needs room for expansion. Fold neck skin toward back and fasten with skewer of a few stitches. For stitching use clean white cord and large needle. Tuck legs under band of skin at tail or tie down. To do this wrap cord around legs and under tail. This will hold legs close to the body.

Fold the wing tips back on the wings. This will help to hold the neck skin in place. Grease skin of turkey with melted or softened fat. Like to use olive oil for greasing my roast turkey, and always see that I have some on hand for this purpose.

Place the turkey breast down on rack in shallow pan. Do not add water and do not cover. Place in preheated oven set at proper temperature indicated on time table. Baste with fat from bottom of pan during baking, and turn from one side of the breast to the other, then breast up. Or cover the top and sides of bird with a loosely woven cloth which has been moistened in fat. Moisten cloth with fat from bottom of pan if cloth dries during cooking.

Time Table For Roasting Whole Birds
5-7 lbs., 325, 2 1/2 to 3 hrs.
8-11 lbs., 300, 3 1/2 to 4 1/2 hrs.
12-15 lbs., 275, 5-6 hrs.
16-20 lbs., 250-275, 6 1/2 to 7 1/2 hrs.

21-25 lbs., 250, 8-9 hrs.

Bread Stuffing
1 cup fat.
1 cup chopped onion.
4 cups chopped celery.
9 cups cornbread.
7 cups bread cubes.
1 tablespoon salt.
1/2 teaspoon pepper.
2 teaspoons poultry seasoning.
1 1/2 to 2 cups broth, milk or water.
4 raw eggs.
Use two to four day old light bread for bread cubes, or dry out bread in oven. Cut into cubes. Cook onion and celery in fat over low heat until onion is soft but not browned, stirring occasionally. Meanwhile, blend seasonings with bread cubes. Add the onions, celery and fat. Pour liquid and beaten egg gradually over surface, stirring lightly. Add more seasoning as desired. This will stuff a 14-18 pound turkey.

Variations:
1. The proportion of cornbread and light bread may be varied to suit or cornbread and biscuit suit or cornbread and biscuit may be combined.
2. Giblet stuffing: Simmer giblets until tender. Chop and brown in fat before adding onion and celery.
Parsley stuffing: Add 1/2 cup chopped parsley to bread stuffing.
Oyster stuffing: Cook 1 to 2 pints of oysters in the oyster liquid until edges curl. Add to bread with seasonings. Include oyster liquid as part of liquid in stuffing. Chop oysters if they are large.

Pecan stuffing: Add 2 cups pecans to bread and seasonings.

Frozen Turkey
Thawing frozen ready-to-cook turkey before cooking saves cooking time. If not thawed first, allow 1 1/2 times as long as usual to cook. There is no better place

than the refrigerator for thawing whole birds or parts. For thawing in the refrigerator follow this guide:

Large whole birds, about two days.
Small birds, half, quarter, half breast, at least overnight.

Cut-ups (legs, thigh, drumsticks), 3 to 9 hours.
Large parts or small whole birds may be thawed at room temperature (around 70 degrees F.) if cooked immediately after thawing. This method takes at least an hour per pound of bird, and is not advisable for large birds.

It is sometimes convenient to combine room temperature thawing and thawing at about 40 to 50 degrees F. Allow a large turkey (around 10 pounds) for a day. Then put it in the refrigerator overnight and roast the next day.

Be sure to decorate the roasted turkey to make it attractive on the platter. Parsley is very nice for this but if it is not available, curly mustard or endive make nice trimming. Don't forget the possibility of using carrot curls, radish roses and turnip circles in garnishes.
I hope each and everyone of you will have a wonderful Thanksgiving Day. Let's take time to give thanks to HE who has given us SO MUCH.

THIS WEEK
—In Washington—
With Clinton Davidson
Thirty-nine years ago this week the world dreamed a dream of peace on earth and good will among men, for all time to come. That was Armistice Day 1918.
We had just fought, and won, a great war to make the world safe for democracy. I recall, vividly, the great rejoicing that was in the hearts of all of us.
There would be no more wars. We settled down to rebuilding a peaceful world, confident that democracy was safe and that our dream of perpetual peace would be realized.
We set about to build a world that Christ would have been proud of. There was to be no more hate; no more killing. To assure peace there was created a League of Nations.
In fact, Russia a Czarist dictator had been put to death by a peoples' revolution and a promising new democracy called the Union of Soviet Socialist Republics had been established.
Germany and Austria, the main trouble-makers, exiled their kings and elected presidents. There was a reassuring promise of enduring peace and democracy in the world. But, while we dreamed of peace, democracy died in Germany, Russia, and Italy.

Act Now To Trim Your Federal Income Tax Bill
This is one of a series of four articles on federal income taxes. The articles are based on information provided by the American Institute of Certified Public Accountants and the Texas Society of Certified Public Accountants.

You still have time—but not much time—to do a little year-end tax planning and assure yourself of the best possible break when you file your tax return next April.

Millions of high, low and middle income taxpayers, realizing the careful planning of their financial affairs between now and the first of the year can pay off handsomely when the tax collector calls next April. This can be done by establishing those extra deductions and special exemptions that will reduce their tax bills.

You can do this too, but you must act no later than December 31.

To alert you to the tax-saving steps you may be able to take before the end of the year, this newspaper is printing a series of articles prepared with the help of the national and state organizations of certified public accountants. These articles—if you keep them and follow their advice—can save you money.

Let's all Give Thanks

VOLUMES 1 AND 2 ON SALE THIS WEEK

Once again it is time to give thanks for the bountiful goodness that is our material harvest. The contrast between the first Thanksgiving and this one is so vast that it's difficult to comprehend. There is, however, a sameness. The Supreme Being that gave the Pilgrims their good harvest, gives us ours. For this, let's all give thanks.

A Low-Calorie Holiday Treat

Raisins and spices—and something extra nice: a sweet treat that's low in calories. Your holiday guests will enjoy these tasty cookies, and be grateful for the fact that they are sweetened with saccharin to guard grown-ups' waistlines and youngsters' mealtime appetites. Saccharin is more than 400 times sweeter than sugar, but it doesn't contain a single calorie. And it's the calories in snacks, you know, that do such a good job of adding bulges to the oldsters while making the kiddies balk at their vegetables.

Here's another tip: if your Santa's getting pudgy, set these cookies out with non-fat milk for his Christmas Eve snack. That way, only the stockings will feel stuffed!

Raisin Spice Cookies

Turn on oven; set at moderately slow (350°).
Dissolve 1 saccharin tablet (1/4 grain) in 2 Tbsp. water
Boil for 3 minutes in a quart saucepan. . . . 1/2 cup water
Add dissolved saccharin and 1/4 tsp. salt
Add dissolved saccharin and 1/2 tsp. baking soda
Beat in 1 egg
Sift together 1 cup sifted, all-purpose flour
..... 1/2 tsp. baking powder

Let cool until your hand can be held comfortably on the bottom of the pan.
Drop by tablespoons 2 inches apart onto well-greased cookie pan. Bake on oven shelf slightly above center for 8 minutes or until glossy and just barely soft to the touch. Remove from pan at once. Makes 2 dozen. (Calories in one cookie: 56)

MARRIED IN PORTALES

Mr. and Mrs. Ted Harrison were married in a quiet ceremony Friday, November 8 in Portales, New Mexico. The new Mrs. Harrison is the former Betty Logan, daughter of Mr. and Mrs. H. O. Logan of Muleshoe, and the bridegroom's parents are Mr. and Mrs. W. F. Harrison, also of Muleshoe.

Mary Jo Holt Chosen As The Girl of Month

MARY JO HOLT

Mary Jo Holt, daughter of Mr. and Mrs. Clyde Holt of Muleshoe, was selected as the "Girl of the Month" for November by the Muleshoe Study Club in a meeting held Thursday.

Mary Jo was selected for her outstanding scholastic accomplishments in high school both as a student and for extra curricular work.

She is one of four high ranking students, representing the top five percent of the senior class recently chosen to take the national scholarship test. She is a senior class cheer leader, president of the Pep Club, was voted class favorite both in her senior class and sophomore years. She is a member of the National Honor Society.

Mary Jo is captain of the girls basketball team, and has played on the first string team all four years of high school, playing guard her freshman year and forward the last three years.

She was elected football queen in her Junior year, and attendant this year. A member of the F.H.A. all four years, was an officer two; class officer two years; and an officer in the Mac Club and Spanish Club, and Who's Who in Algebra.

Mary Jo is past Worthy Advisor of Rainbow for Girls and is a member of the First Methodist Church.

Co-Workers Class Holiday Dinner Is Held November 14

The Co-Workers Sunday School class of First Baptist church held their annual Thanksgiving dinner November 14 in the dining room of the church.

The holiday motif was carried out, with the centerpiece being a scene of the Pilgrims going to church, and an array of fall vegetables and fruit.

Guests were welcomed by the class president, Mrs. Harrol Griffiths, after which the traditional Thanksgiving meal was served.

A fellowship hour followed, with games and the showing of slides of a recent trip Harrol Griffiths took in the Rocky mountains.

Twenty-four class members and guests were present.

Coffee, doughnuts, cakes and pies, as well as gift items will be on sale.

Half Century Club Met In Paul Home

The Half Century Club met at the home of Mrs. Birdie Paul Tuesday.

Spiced tea, coffee and cake were served to the following guests: Mrs. Jennie Panter, Alpha Mathiesen, Hattie Rocky, Alice Mitchell, Maude Jones, Hazel Farrell, Anna Moeller, Lois Schoenberger, Lula Kistler, Clair Williams, Bula Carles, Mary Young, and Hertha Walker. Hostesses were Birdie Paul and Hertha Walker.

The next meeting will be at Mrs. Alpha Mathiesen home on December 5.

The annual Christmas party will be at Mrs. Anna Moeller's home on December 19. At this time they will exchange gifts.

Mission Book On Africa Studied By WMU Circles

The WMU and Night Circle of the Trinity Baptist Church met at Mrs. Murl Wilson's to study the mission book entitled "Continents in Commotion".

As each guest arrived she was greeted by Mrs. Dorothy Bowers, who was dressed as an airline stewardess, and who gave them tickets for a plane trip to Africa. After all the passengers were aboard Mrs. Ruth Roberts gave a review of the mission book. She explained that Africa was one of the first continents to have Christianity. That as early as the eighteenth century their were missionaries there. But because of many different tribal ways Christianity did not seem to advance.

At each major mission city the plane would land and the passengers had time to stretch their legs and see a little of the city before proceeding to another mission city. At Nigeria the plane stopped long enough for the passengers to have dinner.

A covered dish dinner was served to Mrs. Robert Bynum.

her visit to the United Nations. The December meeting will be preceded by a dinner for members and husbands in the home of Mrs. Verney Towns.

United Nations Is Theme For Meeting M'shoe Study Club

"The Wide, Wide World - United Nations", was the theme for the November 14 meeting of the Muleshoe Study Club in the home of Mrs. W. T. Andrews, with Mrs. Gilbert Lamb as co-hostess.

Fifteen members responded to roll call with appropriate ways to count your blessings.

Mrs. Horace Blackburn read a poem, "Ode To Thanksgiving Day". The club sent a telegram to LaVon Copley encouraging her in the Farm Bureau queen contest.

Mrs. O. N. Jennings reported that the House Beautiful tour was successful in spite of the bad weather, and that the Muleshoe Study Club has entered the state contest on community improvement, sponsored by Sears, Roebuck.

Sue Sanders, who was one of the winners in the Odd Fellow sponsored essay contest, told of

NEW HOME FOR THE RED RAIDERS — Here is an architect's conception of the expanded and re-modeled Clifford B. and Audrey Jones Stadium. Texas Tech football teams will play in beginning in 1960, the first year of Tech participation in Southwest Conference football title play. When completed the Stadium will, in conformity to Southwest Conference standards, seat 55,000 persons. Details on the expansion plan will be announced at half time of Texas Tech's homecoming game with the University of Tulsa in Lubbock, November 9, 1957.

Seventeen Mules Receive Letters For '57 Season

Letter men of the Muleshoe Mules ordered letter jackets last week, just before the final game of the season. Seventeen grid-ders received playing letters, while three received injury letters.

Letter men receiving three year letters are Bob Sanders, Bill Black and Dick Johnson, all seniors. Two year letter men are Royce and Doyce Turner, both seniors; Jack Wright, Oakie Alexander, and Lee Roy Corrales, all juniors; Derrell Oliver and Donnie Shafer, both sophomores.

One year letters were won by Wendell Durrett, Jack Dunham, Edgar Martin, Leon Atkinson and James Williams, all seniors; Gerald Shanks and Ross Langham, juniors.

Injury letters went to John Carey, Roger Mitchell and Wink Thomson, all juniors. Dudley Bristow received a managers letter and jacket.

Coaches Clinic At Wayland College Begins Saturday

Harley Redin, Wayland Baptist College athletic director, has reservations for more than 200 coaches and players from all over Texas who plan to attend the second annual Hutcherson Flying Queens Basketball Clinic Saturday, Nov. 23, on the Wayland campus. The clinic commences at 8 a.m.

Assisting Redin will be Marvin Williams, John Blaine and W. C. Risinger. Williams coached the 1957 state champion Roosevelt high team. Blaine has had a great coaching record at Dimmitt. Risinger has coached many winning teams at Bula high school.

With the aid of the four-time AAU champion Flying Queens,

Coach Redin will present fundamentals, favorite offenses and defenses, and help to iron out any problems that the coaches may have with their girls' basketball team.

The Queens will present actual court demonstrations of the various matters to be discussed. The clinic will close Saturday evening with a game between Roosevelt and Abernathy high schools in the Plainview High school Gym.

Among the 34 coaches who plan to attend the clinic are Charles McClure, Denver Daly, Bill Taylor and Bill Parker of Muleshoe; and W. C. Risinger and Melvin Howard of Bula.

P-TA Grosses \$343 Tuesday Evening On Style Show

The Muleshoe P-TA style show held Tuesday night in the high school auditorium was declared a marked success by officers of the organization, both from the standpoint of apparent enjoyment, and proceeds realized for P-TA work.

The show, emceed by Rev. Edwin Hall, took in more than \$343 gross. The freshman class received a \$20 award for selling more than \$100 in tickets to the show.

Mrs. Bernard Phelps, president of the P-TA expressed her appreciation to all who took part in the show, and who helped produce it.

A large crowd expressed their pleasure in watching the display of outlandish garments modeled by continued applause and laughter.

TOO LITTLE, TOO LATE is the way we Dodge dealers feel about competitors' efforts to match the Swept-Wing 58. They lowered the roof some, but left the sides high. Their windshields got smaller while ours got bigger. So much for styling. Then, for another important comparison, take ride. Here's Dodge with Torson-Aire suspension that just about everybody admits is the greatest advance in sway-free, dip-free, silent going that any car offers. So what do these other cars do? They borrow an air suspension system that's been used in buses for two years! (Costing well over \$100.00 extra.) And most of 'em still don't have push-button driving—much less Dodge TorqueFlite—the proven automatic transmission. If you're a little disappointed in the '58 version of your car, come on in and see our Swept-Wing 58. The others are catching on—but they can't catch up.

1957 SEASON SUMMARY Mules Complete One Of Best Years

With the 28-0 win over the Tulia Hornets Friday, the Muleshoe Mules completed one of the finest seasons in the history of Muleshoe. The win by Coach Wayne Mantooth's eleven with a 7-3 season slate.

Only one other team at Muleshoe won more games. That was the 1938 district winner, which had a 9-0 record. The 7-3 record is the best since the 1939 team posted a 5-2-1 mark. The 1933 eleven was the only other to have a higher percentage, going 6-1 on the year.

The Mules were runnersup in district 1-AA this season, losing out to champion Dimmitt in the show-down game, 12-7. The second place finish in district is the best since the 1938 team won the conference championship, and Mule fans will have to wait at least "one more year" for the elusive crown.

This year's outstanding record reflects quite a building achievement by Mantooth and his assistants, Bill Taylor and Charles McClure. Mantooth's first year at Muleshoe—1955—saw the youthful mentor step into a winless season, the culmination point of the down-grading tendency of Muleshoe football in previous years.

The Mules this season had a non-conference record of 4-1, losing only to the rampaging Morton Indians, 20-14. Otherwise the Mules downed Clovis, 14-13; Sudan, 56-7; Springlake, 33-6; and Hale Center, 12-7.

Sparked by sophomore half back Donnie "Sputnik" Shafer, Muleshoe was off to a good start in district 1-AA,ipping Olton, 33-21, with Shafer setting a new

school rushing record with 177 yards as the Mules won only their second game on record at Olton.

Named "Back of the Week" by the Lubbock Avalanche-Journal for his performance against the Mustangs, Shafer again starred as his team nipped Dalhart, 20-14 at the Mules Homecoming. Canyon upset Muleshoe in their next game, 26-21, and the stage was set for the showdown at Dimmitt, with the Mules losing a heartbreaker.

In the season final against Tulia's Hornets, Muleshoe set a new school rushing mark by gaining a total of 385 yards on the ground, getting 300 in the first half alone. Each of the starting backs had a long touchdown run.

Shafer captured the rushing title for the team, gaining a net yardage of 740 on the year, with an 89 yards per try average on 92 carries. Not far behind was another sophomore, fullback Derrell Oliver, with 622 yards on 84 tries, 74 yards each.

Quarterback Dickie Johnson was the total yardage leader, rolling up 591 yards on the ground and 372 in the air, for a grand total of 873 yards. Johnson threw seven touchdown passes during the year and for the second season called practically every offensive play for the Mules.

Leading pass receiver was Don "Okie" Alexander, who caught seven for 123 yards, including three for touchdowns. Senior Bill Black, shifted to end from fullback at mid-season, caught four aeriars, for two scores. Black, who turned in yeoman

service at end in only five games at that post, also led the team in pass interceptions, with three, and in punting. The 185 pounder had a 38-2 yard average on 20 kicks. Bad breaks kept his average below the 40 yard mark.

Shafer led the scoring parade, with 54 points. Black had 48, Johnson 37, Oliver 32 and Lee Roy Corralez 30 to balance out the scoring attack. The 238 points are the most ever scored by a Muleshoe team, and the average stands third best.

Johnson made 19 of 22 extra point attempts on the quarterback keeper. He made 11 of 17 in district competition. The 145 pound field general is the only loss in the Mule backfield by graduation, but the line is not quite so fortunate.

Bob Sanders, 1'0 pound stalwart tackle, will be lost, as will the Turner twins, Royce and Joyce, who started at guard for two seasons. Center James L. "Boss" will be lost, as will starting ends, Black and Alexander.

Alexander, who moved to end this season, after a full year at tackle, is only a junior, but will be scholastically eligible for competition next year.

Defensive starters lost include 225 pound tackle Wendell Durrett, guard Edgar Martin and Tackle Jack Dunham. Only returning lineman who was a starter is junior Jack Wright.

Returning backfield men are Shafer, Oliver, Corralez and Gerald Shanks, a "handy man" this season.

Mulettes Beat Hart In Twin Games Thursday

The B team Mulettes jumped to a 7-1 lead in the first quarter to coast to a 41-21 win over Hart B team last Thursday night.

while the A team won by a score of 44-23. Sharp shooting Mary Gross paced the undefeated second string with 23 points and Judy Murray poured 13 points through the hoops. Mary Benight with eight, and Donna Shepard with seven, led the losers.

The varsity team started slow but gradually built up to the 21 points that was the final difference. With only an 8-5 lead at

the end of the first quarter, they continued steady scoring to lead 18-10 at the half. Gwen Williams found the mark the last half and gave seniors Mary Jo Holt and Sandy Briscoe help in scoring 26 points. Holt led with 18 points and Briscoe and Williams tallied 10 each.

The game was considered a scrimmage match and will not count on the season record.

Mules End Season With 28-0 Win Over Tulia Hornets Here Friday Evening

The Muleshoe Mules made good their final showing of the season with a victory of 28-0 over the Tulia Hornets Friday in a district 1-AA tilt.

Donnie Shafer took the ball on a 52-yard first quarter gallop and was hardly touched before circling into the end zone for the first tally. Dickie Johnson kept the ball for the extra-point.

Later in the same period, Johnson faked to fullback Derrell Oliver then rolled out to the left and sped 70 yards for the second tally. Oliver ran the extra point.

The third Muleshoe tally was by Oliver on a 56-yard punt return. The extra-point man this time was halfback Gerald Shanks on a pitchout play.

The Mules wasted no time in mustering a scoring punch in the second quarter when right halfback Lee Roy Corralez broke away for the 27 yards needed to hit paydirt. Johnson ran over the conversion.

The last half of the game turned into a defensive battle, with Tulia in control of the ball most of the time. After a rushing total of 309 yards in the first half, the Mules could manage no more than 77 yards in the second period.

Tulia threatened twice in the third quarter, but failed to muster a scoring punch.

Both teams had a scoring threat in the final stanza, and Tulia had a touchdown called back on an off-side penalty. Late in the game, Tulia drove to the Muleshoe 20 and seemed to have a scoring drive underway, but had a pass intercepted by the Mules' senior end Bill Black. Muleshoe fumbled away their chances however and a Hornet touchdown that was carried across by halfback Buzzy Poague from 17 yards out was called back after referees hauled out the red flags for an off-side violation. The game ended on the next play.

Proof of the Mules' mastery is shown in punting statistics—where the Mules squad had no kicks in the entire contest. Only once were they in a punting position and a high center pass trapped the kicker with the ball and he was downed.

Mules, Mulettes Cagers Again Eyeing District Honors As Season Is Underway

The Muleshoe Mules — with their best football season in years packed away—began concentrating on basketball this week, in preparation for their opening game Saturday night with Hale Center.

The Mules of Coach Wayne Mantooth, defending district 1-AA champions and Region I finalists, and the Mulettes (girls' team) of Coach Bill Taylor, third place finishers in district last season, host the Owls and Owlletes of Coach Hoss Byerley in the lid-raisers Saturday, with varsity games to begin at 7 p.m.

Returning are three Mule starters from a team that compiled a 23-8 record last season, advancing as far as a Mule quint had ever gone. Muleshoe was finally stopped last season by Coach Matz LaFollette's state-bound Seminole team, 72-59 in the regional finals.

Mule coaches have lined up some good "esters" for their defending district champions. Included in their non-conference schedule are tournament appearances at Plainview and Andrews.

Coach Bill Taylor has five of his starting sextet back. Lost was Shirley Matthesen, leading scorer for two seasons, but returning are Mary Jo Holt and Sandy Briscoe, who each averaged in the double figures last season.

On the defensive side of the line Taylor has returning his three starting guards, Mary Janice Puckett, Bobby Nell King and Doris Childers. In three scrimmage games, the Mulettes have lost only once, to Bula, a perennial Bailey county powerhouse.

Both teams open conference play January 10 at Canyon.

Basketball Saturday

Both the boys and girls varsity basketball teams will play Hale Center in Muleshoe high gymnasium on Saturday night at 7. The game was originally scheduled for Friday night but was postponed due to the bi-district playoff games in football.

Pre-Holiday Time Ideal For Getting Auto Inspections

With only one-tenth of the motor vehicles in Texas inspected for the year 1958, automobile and truck owners were urged today to obtain their new inspection stickers before the holiday season.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, called upon motorists to obtain their 1958 in-

spection stickers as soon as possible in order to alleviate the last minute rush on the 4,200 inspection stations in Texas.

Garrison said only about 450,000 of the four million registered vehicles in the state have been inspected and approved.

"While this number exceeds that for the same period last year," he said, "the present rate of inspection will not prevent inspection stations from being rushed again during the last few weeks of the inspection period ending April 15, 1958. Vehicle owners who complete their inspections before the holiday period will avoid the inconvenience of waiting at the inspection sta-

tions.

The state police director also said that early inspections will be of benefit to motorists who plan trips during the Thanksgiving to New Year's period by eliminating mechanical defects.

Analysis Report On Fertilizers Available At A&M

Fertilizers and fertilizer materials sold during the fertilizer year beginning July 1, 1956, amounted to 535,175 tons, a five percent increase over the tonnage sold during the preceding year.

Sales of mixed goods decreased four percent, while sales of materials increased 14 percent. Grades of the 1-2-1 ratio accounted for 69 percent, and the 1-1-1 ratio for 10 percent of the total 270,086 tons of mixed goods sold. Nitrogenous materials accounted for 49 percent, superphosphates for 23 percent and ammoniated phosphates for 23 percent of the total 324,089 tons of materials sold.

A recently released publication of the Texas Agricultural Experiment Station, "Analyses of Commercial Fertilizers Sold During 1956-57", is loaded with information on fertilizers. It contains sections on grades approved for 1957-58 brands and trade marks tonnage sales valuation per ton analyses of fertilizers, and other interesting topics.

Propose Change In Grading Potatoes

First important changes in United States standards for potatoes in 25 years have been proposed by the U. S. Department of Agriculture.

Primarily, the changes would "tighten" the standards of four wholesale grades, while dropping the U. S. Fancy designation which is little used.

Revised U. S. Extra No. 1 grade would provide the basis for

John R. Williams, son of Mr. and Mrs. Walter S. Williams of Earth, was enlisted in the army for three years on November 6, at Amarillo. From Amarillo he was sent to Ft. Carson, Colorado for processing and shipment to Fort Eustis, Va., for basic training.

John enlisted for assignment to the 126th Transportation Company which will go to Europe during the first part of 1958. After basic John will be home on leave then be assigned to the 126th TC Co. for additional training prior to movement to Europe. Williams was enlisted thru the local U. S. Army Recruiting Station. Anyone interested in a unit assignment to Europe may contact M/Sgt. Cecil Garrett for information at the Selective Service Office in Muleshoe on Mondays.

wholesale trading of premium pack potatoes. Tolerance for defects would be reduced in the U. S. No. 1 and 2 grades.

Together, the changes would reflect modern marketing practices, and help provide the higher quality and better looking potatoes that consumers now expect.

In a recent survey to measure the adequacy of the existing U. S. grades, the Agricultural Marketing Service found out that nearly all segments of the potato industry customarily packed, sold or bought potatoes of a higher quality than the U. S. No. 1 grade—the primary trading grade used to merchandise potatoes.

Copies of the proposed changes may be obtained from the Fruit and Vegetable Division, AMS, USDA, Washington 25, D. C. Comments and suggestions may be submitted to the same address.

The 58 FORD is here now...

there's nothing newer in the world

There's bold, new styling—new Interceptor V-8 Power—now Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

With all that's new for a world of difference

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From new Power-Flow hood to Safety-Twin taillights, Ford's world-ahead styling is a standard! There's a new Slipstream roof... a new Sculptured rear deck that's out of this world.

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. Gives you up to 300 hp. Smoother power... more power... from less gas! The secret is Precision Fuel Induction, a new carburetor, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for normal driving, lets you move smoothly—with a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. This is the way you've dreamed of driving—floating on air! Four air pillows literally soak up any sign of a bump. Car reveals every line someone gets in or luggage is loaded.

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering gear are virtually friction-free—give you the closest thing yet to power steering!

Your night driving is safer with Ford's Safety-Twin Headlights. You get safety you simply can't get with single lights... special light for high beam... special light for low. It's the biggest advance since the spotlight! It's a high style, too.

THERE'S NOTHING NEWER IN THE WORLD OF STYLE!

*THE WHOLE WORLD SEEMS SMALLER WITH FORD'S NEW INTERCEPTOR V-8 ENGINE!

Smooth as they come... smart as they go. The Fairlane 500 takes the 58 styling cake, going away leaving... toast!

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

Babson Discusses Tax Incentive

Babson Park, Mass., Nov. 21. Many ask how high prices can be reduced, or at least be kept from going any higher. My answer is that the best way to reduce prices is by producing more goods at lower cost.

Then I am asked: "But how can costs be lowered in the face of current high wage rates?" To this I reply: "By increasing the investment in labor saving machinery. This will raise real wages for all who work, not just for those who belong to strongly organized unions."

Today we are still prosperous. Our economy appears well cushioned against drastic declines. Even though sources of capital are drying up, our people as a whole have not yet felt any pinch. Reassured by high wages and moderately good profits, we are not so disturbed as we should be by high taxes.

ENGLAND A WARNING

The wiping out of capital by high income taxes and by death taxes is harmful enough in itself. But it has a side effect which is even more dangerous. Since profits are cut sharply by ill-advised and poorly conceived tax rates and methods, the flow of new capital into industry is slowed.

LOWER TAXES THE KEY

Labor-saving machinery is expensive to buy. Today's tight money situation—and the high cost of borrowing that money if you can get it—make it difficult for many firms to help themselves. Before World War II we outproduced the world, with steadily falling prices, by continually increasing the amount of money per worker invested in labor-saving machinery.

In order to assure the economic future of America, we must have incentive to save and incentive to invest those savings profitably. Unfortunately, our present sharply progressive tax system is destroying capital that has already been accumulated.

Early Mailing Essential To Insure Prompt Delivery of Christmas Mail

Postmaster Arnold Alcorn said today, "Early mailing of all Christmas cards and gifts is the biggest single factor in getting all of the mail delivered before Christmas. Post Office facilities have been expanded, extra help will be available, and everything is geared up to handle a record Christmas mail in Muleshoe.

The Postmaster suggested that you take special care in preparing gift packages for the mails. Make sure that all addresses are legible and complete. "If you have any articles of unusual size or bulk, better check with the Post Office before attempting to mail them."

When mailing Christmas cards, use free labels from the Post Office reading, "All For Local Delivery" and "All For Out of Town Delivery." By sorting your Christmas cards and tying them in two separate bundles, with the addresses all facing one way, you're sure to speed their arrival.

WHAT THEY WRITE THE EDITOR: Reader Urges Cotton Allotments For 30,000 Acres New Farm Land

Muleshoe Journal, Muleshoe, Texas, Dear Editor:

I have been reading the propaganda piece in your piece put out twice lately by somebody in regard to cotton acreage allotments in the U. S. and West Texas in particular. This article states that (quote) the ASC plan provides that no county will get less than 98.5 percent of the 1957 allotment for the year 1958.

If you will take the trouble to look up the cotton allotments for this county (Bailey, in which Muleshoe is the capital) you will note that more than 30,000 acres of irrigated land, located in the very center of the best irrigation water, in this area, has cotton allotments of around 4 acres per 160.

Evening

An oak fire, a good book, quiet music, a pipe—these are deep delights on late-autumn evening when a cold mist is on the windows and the north winds push against the shutters. Evenings to reflect. Evenings to doze. Long, satisfying evenings when the roots of a home seem deep and secure.

think that the people who own this land are entitled to make a living, the same as the so-called "old growers", many of whom have not been here as long as some of the newcomers.

Now the state Committee tells us that we can move cotton acres from dry land farms to irrigated farms as much as 20 miles. This does not make sense either, as a man might own a farm 21 miles from his home and couldn't move the cotton while his neighbor one mile closer could move cotton. This whole thing is a political mess and gets worse each year.

I am not trying to tell anyone how to run his business or the government either, but I think a county or State or national committee should represent all the people, or none.

In place of crying about the State taking away an acre or two from some "Old Growers" why not try to get some of the other citizens of this county a decent allotment.

I doubt if you will print this, but it is the way I feel and I think a lot of other people here do too.

Yours truly, DAVE AYLESWORTH

ings of country quiet, the eth marking time while browns and crimson turn to gray. These are simple, sensory delights that a man turns to when times are tense and nothing but the quiet of an autumn evening can ease. For out under the stars, in the evening company of an old oak, essentials are essentials and the truths of life are clear.

The Hindus have a saying that at night, in the company of the stars, a man must collect his thoughts so he can live in the day. Sputniks come and Sputniks go. Worried brows soon are smoothed. For out in the evening darkness or before the dying embers of a log fire, the simple truths are close and clear and comforting.

The new Texas egg law which goes into effect late in February, 1958, will seek to check misleading advertising on cartons and containers. A nine member board of directors was appointed by Governor Price Daniel to formulate and administer the rules and regulations of the law. At the board's first meeting in Austin recently, one of the first concerns was to protect the consumer from confusing claims on egg cartons in the market place. Under the law, all egg cartons must be plainly labeled as to

Holiday Foods In Top Spot On Dec. Plentiful Lists

Plenty of most of the traditional holiday foods insure homemakers that there will be no shortages when their shopping begins for the foods normally used during the holiday season. The U. S. Department of Agriculture's December plentiful foods list for the Southwest shows broiling and frying chickens as feature items, while turkey and pork are other protein suggestions. Supplies are large on these main course favorites. The old favorite, cranberries, will be abundant in December as will apples and winter pears. Adequate supplies of oranges and grapefruit should also be available, says the report issued by John J. Slaughter, southwest food distribution chief. December plentiful vegetables include peas, canned and frozen and dry blackeye peas. Pinto beans, too, are on the list. Dates, almonds and filberts complete the December plentiful listings.

grade of the egg, or the word "ungraded" must be clearly visible. In addition, no misleading claims such as "fresh" or similar wording can be printed on cartons containing eggs below the Grade A. The board contends that certain types of descriptive advertising on the carton can make the customer think the eggs are something more than they actually are. The board members do not intend to hamstring commerce by unfair prohibitive measures, but the consensus of the nine men was that a line should be drawn between harmless descriptive phrases and outright misleading wordage on the package.

The result was that a resolution was passed which gives the board the right to approve or disapprove cartons in which eggs are sold. This measure is aimed at protecting the consumer and the producer. The buyer will not be distracted by fancy claims on the package and the producer will be protected from unfair competition. Egg packers and carton manufacturers are invited to submit their packages to the board for approval if they feel some inspection may be necessary. Cartons should be sent to: Texas Department of Agriculture, Capitol Station, Austin, Texas. The board will meet once a month to consider current business matters and approve or disapprove carton designs.

Too Many Spring Pigs Can Drop Hog Prices Later

Statistics show that prices received by farmers for hogs in 1957 have shown good gains over those received in 1956, but these price gains can be maintained only if the supply of hogs is kept in line with prospective demands. Price increases such as those from 1956 to 1957 have a tendency to encourage more hog production next year. If production is increased materially, prices in the fall of 1958 could be much lower than at the present time, warns John G. McHaney, extension economist.

Market analysts think that spring farrowings in 1958 will show a minimum increase of 7 percent, and they could be larger and prices to farmers will react as they have in the past. For example, the 1954 spring crop increased 10 percent and prices to farmers fell 23 percent the following September through February. In 1955, the spring crop increased 9 percent and prices to farmers fell 29 percent the following September-February.

There are three big reasons for the expected large pig crop in 1958, says McHaney. Bumper harvests of feed crops this year make more spring farrowings in 1958 highly probable. Hog prices in 1957 have been good, and may encourage more production. The number of bushels of corn that could be bought with the price of a hundred pounds of hogs has averaged above 12 for many years. This September, it ran to a high of 16.6 bushels and is expected to run between 14 and 15 during the present breeding season. This situation almost invariably leads to increased farrowings. This year's hog prices encourage production, but just because prices are good one year is no sign they will be good the next year, concludes McHaney.

Parmer County Farm Bureau News

By Raymond Euler
Well, by the time you read this, the 24th Annual Texas Farm Bureau Convention will have been held, and policies for the organization determined for the next twelve months. Now community and county Farm Bureau people will begin compiling suggestions for improving the lot of the American farmer next year. Like other worthwhile things, the work of the Farm Bureau is never done, but is always being done.

It appears at this time that the Texas Farm Bureau quota of 72,500 members will have been reached this year. Millard Shivers, organizational director believes the goal has been reached, but had to wait for completion of total tabulations to be sure. Jack Patterson, and others on the membership committee of PCFB are well pleased with the response so far to the draft authorization request they sent out to all members. Some people

age allotments. A grower who exceeds the cotton acreage allotment for his farm under a cotton marketing quota program will be subject to a marketing quota penalty of 50 percent of parity on the farm's excess production. Growers who do not exceed their cotton allotments may market free of penalty all of the 1958 cotton production from their farms.

Shrauner said growers could get detailed information on the referendum by visiting the ASC office in their county.

don't like the draft system, while others welcome it as another means of freeing them from details. Their purpose in offering this plan of dues paying is to cut down on overhead expenses incurred in sending out billings.

The money and time saved can be used to give better service to members in other fields, they say. They would appreciate your returning your card with or without signature as soon as possible, with any remarks or suggestions you may have to improve your organization and its service to you.

Appoint Members To Committee At Halfway Station

Increase interest in the agricultural research activities at the High Plains Station of the Texas Research Foundation at Halfway has resulted in the appointment of new members to the advisory council for the station. These appointments approved by the executive committee were made to give more widespread representation on the council and to give recognition for efforts made in behalf of the station.

A. C. Chesher, Littlefield; Louie Mack Hardy, Olton; R. H. Hester, Levelland; and Wilmer Smith, Wilson are new members. Other members on the board appointed for 1957-1958 are J. R. Kuykendall, Morton; Roy Hick-

Beef Week Set By Mayor Bovell For December 1 thru 7

Mayor W. T. Bovell, on behalf of the citizens of Muleshoe, today formally saluted the cattle industry of Texas by proclaiming December 1-7 as Beef Week in Muleshoe, marking the fourth year the city has participated in the state-wide Beef Week in Texas celebration. "The state of Texas is proud of its cow-country heritage, and looks forward to many more years of leadership in the industry," Mayor Bovell said in signing the proclamation. The Texas Beef Council's Bailey County Chairman, Jno. S. McMurtry, received the proclamation which read in part: "Economically, Texas began its growth as a cattle empire and the beef industry remains one of our largest industries. Therefore,

Cotton Growers To Vote On Marketing Quotas Dec. 10

Cotton producers of the nation will vote on December 10 to determine whether or not marketing quotas will be in effect on their 1958 crop. According to R. G. Shrauner, chairman, Texas Agricultural Stabilization and Conservation Committee, this will be the twelfth time that growers have registered their choice on this question.

Marketing quotas have been in effect for the last four crops. Last December, 92.4 percent of the farmers voting approved quotas for the 1957 cotton crop. Two-thirds of the voters must favor quotas too, if they are to remain effective. The first referendum was held in 1938.

Under legislative provisions, the Secretary of Agriculture must proclaim a national marketing quota and a national acreage allotment for upland cotton whenever he finds that the total supply exceeds the normal supply. The total of upland cotton for the 1957-58 marketing year is estimated at 23.6 million running bales and the normal supply, that needed for domestic uses, for exports and a 30 percent carry-over reserve, is estimated at 17.6 million bales. Thus, the prospective total supply exceeds the normal supply by about 5.6 million bales, and quotas for the 1958 crop of upland cotton had to be proclaimed. Marketing quotas, point out Shrauner, operate through acre-

TODAY'S MEDITATION

Read Acts 1:1-8
Ye shall receive power. . . . ye shall be witnesses unto me. (Acts 1:8.)

It has been said that if one places a goose on the floor and draws a chalk circle around it, not even food can cause the goose to cross the line.

Because of the chalk mark of fear, many Christians will not witness for Christ. They are silent when an unclean story is told, fear to speak to a non-Christian. They are moral cowards.

During the war, an English battalion had a popular chaplain. He thought it was wise to pretend he did not hear what was being said at times.

One day he was replaced. One night the new chaplain was at dinner in the officers' mess. The colonel expressed himself, as usual, in colorful language. The new chaplain was soon on his feet. "Pardon me, sir, but you would expect a man to do his duty. It is my duty to tell you that your language is an offense both to God and man."

There was an awful silence. Then the colonel spoke, "The man's right."

The morale of a community can be changed when even one person has courage to witness for Christ.

PRAYER

Help us, O Lord, to be willing to receive the power of the Holy Spirit in order to witness for Thee. We pray in the name of Jesus, who taught us to pray, "Our Father who art in heaven. . . Amen."

Thought For The Day
God will give us courage if we ask Him.

THIS WEEK

-In Washington

Clinton Davidson
This week in Washington some 200 of the Nation's top farm economists are meeting to make their annual forecasts on what 1958 holds for farmers.

They have been doing that for almost 20 years at the U.S. Department of Agriculture's annual Outlook Conference, and their forecasts have turned out to be remarkably accurate.

The consensus of those who have prepared advance reports for the Conference is that next year will be very little different from 1957. Net farm income this year is estimated at \$12 billion, with a recovery starting sometime during the summer. This follows rather closely the forecast for business.

As was the case this year, all of the increase in net income is expected to result from increased payment for idling land under the Soil Bank program. Payments in 1958 may total about \$800 million.

The forecasters think the price tag on things farmers buy, such as machinery, fertilizer, gasoline and building materials, will be marked up again in 1958, by an average of 4 or 5 per cent.

Farm labor costs have more than doubled since the end of World War II, and the economists predict still another increase in 1958. "More money will be going into farmers' pockets, but they also will be spending more to keep their farms in operation," says USDA chief economist O. V. Wells.

The principle "soft spots" which the economists look for in farming next year are feed grains and hogs. Feed prices will be lower through the year and hog prices will drop sharply next fall, they think.

We have on hand the largest supply of feed grains on record, and farmers are expected to raise a near-record number of hogs for market in the latter part of 1958. Dairymen, the forecasters say, probably will be better off in 1958 than they have been this year. Milk prices are expected to average at least as high as this year, but feeding costs will be lower.

The recent upward trend in poultry and egg prices is expected to continue at least until next spring. The higher prices, however, may induce poultrymen to expand production and that would bring on lower prices after next June.

The situation as it affects producers of wheat, cotton, fruits and vegetables looks to be about the same as this year, at least until the size of 1958 production becomes known.

The one thing the economists shy away from as if it were the plague is politics. Their predictions are based on the assumption that Congress won't change farm laws and that the Department will not change support rates.

IN 58 DAYS A '58 PLYMOUTH RAN 58,000 MILES—EQUAL TO MORE THAN TWICE AROUND THE WORLD AND IT DROVE EVERY INCH OF THE WAY!

We knew this car was tough. We designed it that way. That's why we weren't afraid to give Plymouth the toughest test run of all time . . . with all America as the "track."
We didn't coddle this Plymouth. Didn't crate it and ship it carefully from place to place. Instead, we aimed it out of Los Angeles one misty morning and sent it through a course that ran 58,000 miles through 37 states.
The time limit? Only 58 days!
A thousand miles a day!
The equivalent of 6 years' driving crammed into little more than 8 weeks!

Three times this Plymouth crossed the Rockies. Three times it wound its way up and down across the country . . . passing through more than 1200 cities and towns. Whipping over turnpikes . . . creeping through city traffic . . . arrowing down super-highways . . . feeling its way through 500 miles of rutted detours. And when the drivers turned the key to end the marathon, it still looked, ran and rode like new.

This is what lasting value really means. The ability to take everything that American roads and weather can dish out—and come up grinning. Why don't you give Plymouth a test drive yourself—today? You'll see what we mean.

That's the Plymouth "track" . . . and just look at that route! Every possible road and weather condition. Plymouth ran every inch of that murderous route 3 times in just 58 days. What greater proof of lasting, built-in stamina!

Star of the Forward. Look . . . **Plymouth** ahead for keeps!
