

SCOOP SEZ

By J. M. FORBES

Bill Thomson, man of 40, is a lon because he's probably the only avid of this column: if you leave Scoop Sez out of the paper twice in succession again, you can cancel my subscription. Your failure to insert that column leaves a void in my life; it lets me down; leaves me depressed. I want it in there every week not sometimes.

Bill, dern you, if you had to make out these Government reports for 1956, like I do, you'd probably not write a column before Decoration Day.

While we're on the subject of Government reports: Carl Case, the vegetable canning man showed me a stack of 212 Form W-2s, made out to show Social Security and Withholding during 1956? Took him about a week to do it since he made them out himself. But did you ever think that the Muleshoe Canning Company last year had in its employ at various times 212 people? I never did and I'm sorry I didn't inquire how much money was paid out. (This was for inside workers, did not include field workers.)

How indifferent can us business people be. Can't we see the possibilities income wise and job wise and sales wise from the development of the growing of vegetables in our area?

This morning, the Avalanche in an editorial bitterly assailed Lubbock County's Commissioners Court for its action in an "across the board" hike in county salaries, including those of the Commissioners themselves.

In another part of the paper was carried a story of how Secretary of the Treasury Humphrey practically invited Congress to find ways to reduce President Eisenhower's amazing budget proposed for next fiscal year. Mr. Humphrey mentioned the word depression and said mounting expenditures must stop.

These are voices crying in the wilderness. Jeremiah warned the people about their waywardness, but immorality went on and his exhortations went unheeded.

In the opinion of this writer, we cannot in the foreseeable future quit spending or even brake down the rate of increased spending. The same Eisenhower who recommended the record high peacetime budget, also requested authority to use \$26 million to help restore drought stricken sections of our own area, which he saw at first hand just week. Everlast one of us is for that proposal.

If you rail at spending money to bolster the economy of Near East countries, you'll be told it's good defense spending, considering world conditions. Meantime, taxes and all expenses are going up and up. Our role is to figure how to make more money and so live in a world of constantly increasing cost.

Mr. W. R. Sowder Rites Wednesday At Three Way

Chamber Speaker Is Hit With Audience Fri.

Admonishing his listeners to agitate for action, Rev. Leon M. Hill, Amarillo Missionary, mixed a liberal sprinkling of sound philosophy into a melange of wisecracks and jokes that kept his audience laughing and thoughtful at the annual Chamber of Commerce banquet held here last Friday night.

Dr. Hill began his talk by relating some incidents of his early childhood in North Carolina and then moved into the main topic of his talk on the measures of success.

The speaker said that success is compounded of equal parts preparation, organization, participation, cooperation and agitation.

Mrs. Mary L. Lewis Funeral Services Held Thursday

Mrs. Mary Louise Lewis, 78, passed away at 3:30 a.m., January 16 in Methodist Hospital at Lubbock.

Mrs. Lewis was born Mary Louise Billing, on March 11, 1878 in Navarro county, near Corsicana, Texas. Her parents were Edwin and Mary Billing. The family moved to Valley Mills in Bosque County when Mrs. Lewis was three years of age.

She was married December 25, 1898 to Lowery S. Lewis, at Valley Mills. They made their home at Meridian, until the death of Mr. Lewis in 1931.

Mrs. Lewis had made her home at Needmore and Muleshoe since 1936.

Funeral services were held Thursday under the direction of Singleton Funeral Home, and interment was in Bailey County Memorial Park.

Survivors include five sons; Dr. A. E. Lewis and Barry Lewis of Muleshoe; Fred Lewis of Ft. Worth; L. H. and G. C. Lewis of the home in Needmore; three daughters, Mrs. Elmer Moore of Lubbock, Mrs. Roy Ross of Carthage and Mrs. J. G. Cooper of Lockhart 14 grandchildren and seven great grandchildren, also, three sisters, Mrs. Bertha Jones and Mrs. Dora Matthews of Valley Mills, and Mrs. Homer Darby of Waco; two brothers, Fred and Louis Billing, also of Valley Mills.

Mrs. Lewis was a member of the Methodist Church.

Murl Wilson, who outlined the reasons for the choice. Wilson also briefly told of the accomplishments of the Chamber during his tenure as president, and then introduced Jerry Kirk, incoming president, who spoke of his hopes for the new year.

Directors of the Chamber for 1957 include Kirk, Jack Morris, Horace Edwards, Harvey Bass, B. Z. Beaty, W. Q. Casey, Morris Childers, M. D. Gunstream, Tom Morgan, Jeff Peeler, Paul Scott, Jack Young and Sherman Inman.

Senn Slemmons is Chamber manager, and Mrs. Helen Moore is office secretary.

Snow Wednesday Too Dry To Help

After many weeks of balmy weather, winter reached the West Plains Wednesday, bringing temperatures lower than any thus far in the season, and a light fall of snow, but not much moisture.

The temperature dropped to six degrees Thursday morning, but prospects were for clearing skies and some warming up as the wind changed out of the north.

MOD Telethon Saturday Features Local Talent; Free Merchandise

Plans for the annual March of Dimes fund campaign in Bailey county were further revealed this week by county drive chairman Sam Lindley. Lindley announced that a March of Dimes telethon will begin Saturday night over station KICA-TV in Clovis, at 10:30 Texas time, and continue until early in the morning hours. Local talent, chosen at a talent contest held here Wednesday night will appear on the show, and local donations to the drive will remain in Bailey county for polio relief work.

A panel of judges will choose six acts to represent Bailey county on the telethon, which will also feature acts from two other Texas counties and three counties in Eastern New Mexico.

FREE PRIZES No limit has been set on the size of a donation which may be made, and which will entitle donors to a chance for one of the many merchandise prizes which will be given away on the TV show. Merchandise will not be sold to the highest bidder, but will be given free, Lindley said.

TRAP SHOOT On Sunday, the Muleshoe JayCees will sponsor a trap shoot half a mile south of city park. Prizes will be donated by local merchants and will consist of services and merchandise awards. All proceeds from the shoot will go to the local chapter for MOD relief.

MOTHERS MARCH The annual Mothers March on Polio will be held January 30 in

CHAMBER CREATES DEVELOPMENT BOARD FOR NEW INDUSTRY

M. D. Gunstream, of First National Bank, was elected chairman of a newly created division of the Muleshoe Chamber of Commerce Monday afternoon at a meeting of that organization's board of directors. The new organization is to be known as the Muleshoe Community Development Board, and was created to act as a clearing house for information and to work toward inducing industry to settle in Muleshoe. The development board will be charged with the responsibility of interesting outside firms to move to Muleshoe as their permanent headquarters.

The Chamber has contacted a number of vegetable processing firms in the Rio Grande valley of Texas, inviting them to submit lists of desirable points on which they would consider moving their plants to Muleshoe. Although only a few of the contacted firms have answered the

inquiries, the group here feels that they will have some basis for forming future invitations to such groups, and will be able to make some concrete offers to interested firms.

With the vegetable production potential in its present optimistic status, the Chamber directors

expressed the belief that an effort to interest some vegetable processing firms in coming to Muleshoe would be the most practical type of firm to contact.

A tract of land with highway and railroad facilities adjoining has been located and made available to the Chamber, and one of the projects of the development board will be to underwrite the purchase of this land or a similar site to be used for an incoming vegetable processing plant.

The consensus of opinion of board members Monday afternoon was that if a site and a building could be assured, outside firms would more seriously consider invitations to come to Muleshoe.

Abundance of irrigated land and the prolific vegetable crops that can be grown in this county are the basis for conjecture concerning location of new firms of this type here.

Gunstream was authorized by the directors to appoint a working committee to assist him in the project and to call for public meetings to assure the assistance of local business men and area farmers in underwriting the program.

Further details of the plan will be announced at an early date.

City Development Topic Of Speaker At Lions Meeting

Howard Horne and Homer Garrison, members of the Littlefield City Development Board and Littlefield Industrial Foundation, appeared as guest speakers at the Wednesday luncheon meeting of the Muleshoe Lions club.

Horne traced the development of the foundation from a Monday morning coffee break to an organization with \$50,000 at its disposal to induce industry to come to Littlefield, and a city-underwritten fund to advertise and promote the advantages Littlefield has to offer outside industry.

Horne concluded by telling his listeners that Muleshoe could do the same thing if it chose, and offered the assistance of the Littlefield group in helping get started.

The speaker also showed copies of an advertising brochure published by cooperation in Littlefield, and a copy of the industrial survey made of the community by an industrial engineering firm in Dallas.

Jeff Peeler introduced the speakers.

ON FISHING TRIP TO CORPUS CHRISTI

Mrs. N. J. Mathieson accompanied Mr. and Mrs. W. S. Menefee on their trip to Corpus Christi the first of this week. The Menefees will spend two weeks fishing, and Mrs. Mathieson plans fishing a few days then going to Harlingen for a visit with her sister, Mrs. Jennie Newman.

A. H. Daricek

A. H. Daricek, of Maple was elected director of the High Plains Underground Water Conservation District for the counties of Parmer, Castro, and Bailey, in elections held last week.

First National Officers Elected

All officers of the First National Bank were reelected by the bank's board of directors, who met in the banking room last Friday evening. Officers are: W. T. Andrews, president; M. D. Gunstream, vice-president and cashier; Velma Jones, assistant cashier; and Gladys Myers, assistant cashier. Also named were members of the various committees.

Members of the board of directors had been chosen at a meeting of bank stockholders held Tuesday, Jan. 9.

Tasty Cream In New Location

Mr. and Mrs. John Mock have opened the Tasty Cream drive-in restaurant in a new location, they announced this week.

The drive-in is located two blocks north of the grade school, and three blocks west of the traffic light on the Clovis highway.

Featured at the Tasty Cream are sandwiches of all kinds, served with french fries, a student special hamburger, and Mock's steak sandwich on garlic bread, served with french fries and salad for 65 cents.

The Mocks recently moved the restaurant, after purchasing it from N. H. Greer.

Kenneth H. Shipp Funeral Services Are Held Sunday

Rev. Kenneth H. Shipp, 26, son of Mr. and Mrs. M. L. Shipp, of Muleshoe, died last Wednesday aboard a plane enroute from his Baptist missionary station in Haiti to a Miami, Florida hospital.

Death resulted from a hemorrhage, for which the young minister had been treated in Dallas several years ago.

The Rev. Shipp attended Texas Tech, and schools in Plainview and in Canada. He was ordained a minister in 1955, in Canada.

Funeral services were conducted last Sunday in New Deal, Rev. John Rankin of Amherst, officiated at the services, assisted by Rev. C. C. Morgan, Rev. Patrick Arnold and Rev. J. B. Atkins.

Survivors include his parents; an uncle, L. M. Shipp, and his grandmother, Mrs. J. R. Shipp, of Lubbock.

Lfd. Industrial Board Offers Help To Locals

The story of how a community turned a coffee cup conversation into a community project to secure new industry and growth, was told here Wednesday by the president of the Littlefield Industrial Foundation, who assured his listeners that a similar project could easily be set up in Muleshoe.

The Littlefield group began their project with a trip to a small Oklahoma town which had gained a factory for making gloves, and which had even less than Littlefield.

Returning home, the men began talking up the plan to organize a development board in Littlefield. They got up petitions and called a city election to devote five cents of each \$100 taxable evaluation to advertising and promoting the town. The election carried, and the men then began selling shares in the Littlefield Industrial Foundation at \$50 per share, and Wednesday had sold all except 24 shares of the issue.

A brochure was printed, describing the advantages to be found by industry in Littlefield. The group employed an industrial engineer from Dallas to make an industrial survey of the town to be used as a selling tool for outside industry.

Thus far the group admits that they have not secured any outside industry, but they are confident that they now are able to go after industry, armed with a financially solvent organization that could finance land and building for a factory, and replete with many facts and figures of interest to a prospective business planning a change in location.

The status in Muleshoe is Muleshoe is about 18 months behind the program in Littlefield, but is beginning with a great deal of planning and enthusiasm.

Appointed by the Chamber of Commerce to organize a community development committee, M. D. Gunstream and Walter Woodrum have secured much information from the Littlefield group and are planning their moves well in advance of actual organization.

Samuel A. Jacobs Funeral Services Held January 7

Samuel Augusta Jacobs, 84, of Muleshoe, passed away January 5, at 7 p.m., in South Plains Hospital in Amherst. He was a retired farmer and had been a resident here since 1944.

Funeral services were held January 7 at 2:30 p.m. from the Assembly of God Church in Muleshoe, with Rev. R. V. Luna, the pastor, officiating. Interment, under direction of Singleton Funeral Home, was in Muleshoe Cemetery. Nephews and grandsons served as pallbearers.

Mr. Jacobs is survived by three daughters; Mrs. Selena Wells of Littlefield, Mrs. E. L. Coffee of Cross Plains and Mrs. J. A. Richards of Muleshoe; two sons, Omer and W. L. Jacobs both of Muleshoe; two half sisters, Mrs. Mary Hughes and Mrs. Ernest Newman, both of Point, Texas; two half brothers, Dan Nix of Blanket, Texas and John Nix of Washington, 18 grandchildren, 58 great grandchildren and one great-great grandchild.

Survivors include her husband, and three sons; Butch of Muleshoe, Ray of Denver City and Donnie, who is overseas with the armed forces.

Phone and Electric Cooperatives To Hold Annual Meeting Tomorrow

Members of the Five Area Telephone Cooperative will join members of the Bailey County Electric Cooperative in the annual stockholders meeting in the Muleshoe high school auditorium tomorrow (Friday) afternoon at 2 p.m.

The electric cooperative membership meeting will be held first and is expected to end about 4 p.m., followed immediately by the telephone meeting.

Financial reports and other pertinent information will be given members of both organizations, and directors will be elected to replace two outgoing officials.

Door prizes of electrical appliances will be given members. Joe Sooter is president of the electric cooperative, and D. B. Lancaster is manager of both organizations.

Mrs. Baker Rites Are Held Monday In Morton Church

Funeral services were held Monday afternoon at 2 p.m. in the Morton First Baptist Church for Mrs. A. Baker, who was killed Friday afternoon when her car overturned near Muleshoe.

Mrs. Baker was alone in the car at the time of the accident about 11 miles south of Muleshoe. Officers believe the car became involved with deep sand on the shoulder and overturned. Mrs. Baker was pronounced dead on arrival at West Plains Hospital.

She had been a resident of Morton for about 15 years. Rev. J. E. Moore, pastor of the Trinity Baptist Church of Muleshoe officiated at services, assisted by Rev. Ollie Roberson, pastor of the Morton Baptist Church. Interment, under direction of Singleton Funeral Home was in Tech Memorial Park in Lubbock.

Survivors include her husband, and three sons; Butch of Muleshoe, Ray of Denver City and Donnie, who is overseas with the armed forces.

Price Squeeze On Farmers Seen For Some Time Yet

Texas farmers will continue to be in a price-cost squeeze during 1957 although crop restrictions and increased agricultural exports may tend to relieve pressure created by large surpluses of cotton and wheat, says extension economist, John G. McHaney.

Overall large supplies of agricultural products will prevent any great price increases to boost farmer income and production costs may even average slightly higher than 1956 figures, McHaney added.

Additional funds may still be in the farmer's reach, however, in view of a scheduled government agricultural expenditure rise from 4.9 billion dollars in 1955-56 to 5.7 billion for 1956-57, as a result of the Soil Bank Program.

With a fair amount of rain in 1957, McHaney says the Texas farmer can expect a better year than 1956. The Suez situation and other world trouble spots will not tend to decrease the agricultural export market and a general level of good economic activity is predicted for the new year by McHaney.

Government economic and financial policy will definitely play a leading role in the 1957 picture, he points out, and 1956-57 total outlay scheduled by the federal government is up 2.7 billion dollars over a year ago chiefly because of national security programs. Tighter credit and higher interest rates will probably make for a firmer check on expensive forces, but won't seriously affect a continuing strong demand for 1957 agricultural products.

Jaycees Hear Talk On New Legislation At Tuesday Meet

Bill Wilson, state executive with the Texas Jaycees told the club Tuesday at a meeting he attended in Abilene January 12 at which time five outstanding young Texans received Jaycee awards, and a report was made on pending legislation sponsored by the club.

The bill was introduced in the state legislature Monday by Truett Latimer, state representative from Abilene, which incorporates all the proposals set forth by the Texas Jaycees.

The proposed legislation would cause the legislature to meet annually instead of every two years, and would include provisions for paying state representatives an annual salary of \$7500 plus an expense allowance of \$12 for each day of the session up to 120 days annually.

Receiving the awards at the banquet were George Rush, Ed Drake, Dr. Harry Shytles, Bill Southwell, and T. D. Tankersley. Awards were presented by president Red Hightower.

County Group Recommends Nine Drought Relief Measures To Ike

Nine proposals designed to bring immediate relief to drought stricken dryland farmers in Bailey county were presented to President Eisenhower when he made his brief stopover in Clovis Monday, according to Bill Millen.

Millen, accompanied by Joe Sooter and Cecil Cole, attended a meeting in Lamesa last Thursday to include the local proposals in those being drawn up by other West Texas and eastern New Mexico counties for presentation to the presidential party.

Suggestions by the local group included one that money be made available for controlled emergency wind erosion, to include payment for deep plowing, listing and chiseling.

More money be made available for all FHA loans for all purposes.

Commissioners Buy 3 Graders In Friday Session

Bailey County Commissioners' Court purchased three new motor graders January 11, paying \$41,642.50 difference between the cost of the new machines and allowance for three used machines traded in at the time of purchase.

Four warrants were issued for \$7200 each in favor of Tom Carpenter Equipment Co. of Amarillo, for two Allis-Chalmers graders, with two A-C graders traded in. These two machines will go to precinct 2 and precinct 4. Two warrants were issued for \$3210.63 in favor of West Texas Equipment Co., also of Amarillo, for one Caterpillar motor grader for precinct 1, with a Cat grader traded in.

The Commissioners voted to put all elected county officials on a straight salary basis, rather than a fee basis for 1957, and instructed the clerk to so notify the state comptroller.

Vegetable Growing Topic For Meeting Here January 23

A vegetable production program will be held in the district courtroom in Muleshoe on January 23, beginning at 2 p.m., county agent J. K. Adams announced this week.

Adams will begin the program with a few introductory remarks and B. G. Hancock, Extension horticulturist will speak on production of vegetables for commercial markets.

Dr. Harlan E. Smith, plant pathologist, will discuss plant diseases and control in particular regards to commercial vegetable growing.

Insects and their control will be the topic of a talk by C. F. Garner, Extension assistant entomologist.

A coffee break will be held at 3:30 p.m., followed by a talk on marketing by J. F. Rosborough, Extension horticulturist and marketing specialist.

A question and answer period will conclude the meeting.

Johnson Proposes Plan To Restore Drought Hit Ranges

Senator Lyndon B. Johnson, as one of his first actions in the 85th Congress, last week introduced in the Senate a bill providing immediate additional assistance to farmers and stockmen in drought areas and setting up a program to restore drought-hit pasture land to productivity.

As immediate assistance, the Senator's proposal instructs the Secretary of Agriculture to give assistance in providing cottonseed meal to cattle owners.

The second section of the proposed program calls for conducting an extensive soil conservation program through the use of a deferred grazing plan.

"This would make it possible for stockmen to give their land a chance to recover from the effects of the drought, once it breaks," Senator Johnson pointed out. "The bill would require the Department of Agriculture to make payments, at normal annual rental value to landowners agreeing to defer the use of their depleted pasture lands for periods of not less than 12 months."

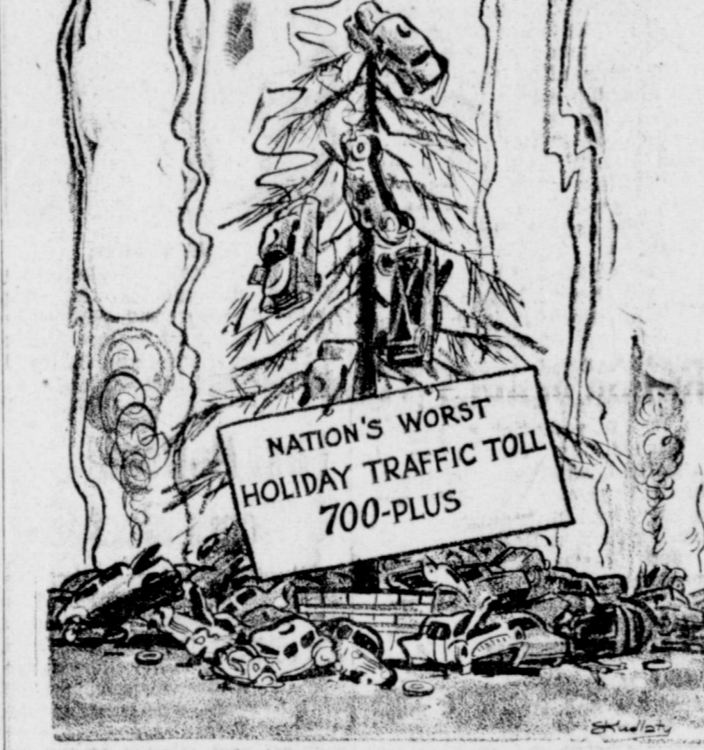

"In other words, the plan would make it possible for our stockmen to do what they know is sound from a conservation standpoint but what they cannot afford to do unless an adequate Government program is provided," Senator Johnson said.

An identical bill was introduced in the House of Representatives by members of the Texas Delegation.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product, called DIATRON, curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless.

When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys, so no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use, or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE
Seven "Film-Coated" Ingredients Offer Positive Relief
The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex. Ar-Pan-Ex was perfected by a noted scientist of a world-famed university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from that troubling enemy.

Nothing Like AR-PAN-EX
Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.

Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is out of it, he will be glad to order it for you.

Why AR-PAN-EX Helps
Ar-Pan-Ex does not dissolve uselessly in the stomach—avoids stomach distress. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL

Shirley Lane and Wannie Eades Vows Exchanged Sunday In Baptist Church

The First Baptist Church of Muleshoe was the scene at four o'clock Sunday, of the marriage of Miss Shirley June Lane, daughter of Mr. and Mrs. Eddie Lane of Muleshoe, and Wannie Eades, son of Mr. and Mrs. F. W. Eades of Stillwater, Oklahoma.

The Rev. E. K. Shepherd read the double ring ceremony beneath an archway of greenery and wedding bells flanked with trees and baskets of white mums and gladioli.

Miss Mona White played organ selections, and accompanied Mrs. Buddy Lane as she sang "Because", and "Whither Thou Goest."

Given in marriage by her father, the bride wore an original gown of white imported Chantilly type lace and nylon tulle over net and satin. Designed with portrait neckline, framed with scalloped lace bodice, the gown had long sleeves ending in points over the hands, and terminated with a point at the center front waistline. A voluminous skirt of tulle, stemmed from the bodice, which was fully shirred with full length panels of lace at each side. The immense fullness of the lace tulle and satin fell into a small "sweep" at the back and was worn over hoops to emphasize the fullness.

Her finger tip veil illusion was joined to a cap of shirred lace embroidered with pearls and sequins. She carried white Glamellas atop a white Bible.

Jim Harris of Muleshoe was best man, and Jerry Eades, brother of the groom, and Glen Watkins served as ushers.

RECEPTION

A reception was held in the Church dining hall with Misses Ann Broyles, Geneva Bartlett and Betty Kunkle assisting in the courtesies.

The table was laid with a white organdy cloth over net, centered with a three tiered wedding cake, topped with a miniature bride and groom.

For a wedding trip to points in New Mexico, the bride wore a brown sheath dress with matching duster and brown accessories.

The couple will make their home on Route 2, Muleshoe, where the groom is engaged in farming.

Attending were Mmes. Mary Frances Holt, Melzine Elliott, Ruby Hart Janet Wagon, Alene Phelps, Mary Frances Pool, Woot, Betty Jo Beatty, Lida Lopez, Tiny Forbes and Mildred Lambert.

Ladies Golf Club Monthly Luncheon

The Ladies Golf Club of Muleshoe met Wednesday, Jan. 16, at the Country Club for their regular monthly luncheon and business meeting.

The president, Janet Wagon, presided.

The treasurer, Mary Frances Pool, gave her monthly report on the club finances.

Attending were Mmes. Mary Frances Holt, Melzine Elliott, Ruby Hart Janet Wagon, Alene Phelps, Mary Frances Pool, Woot, Betty Jo Beatty, Lida Lopez, Tiny Forbes and Mildred Lambert.

Members of the Fidelis Class of the First Baptist Church met Tuesday night in the home of Mrs. P. Lambert with Mrs. Robert Harrison as co-hostess.

Mrs. Ed Hicks brought a very inspiring devotional on "Let the words of my mouth and the meditation of my heart be acceptable in thy sight, Oh Lord", reading from the 19th Psalm.

Mrs. Eddie Lane presided over the business meeting in the absence of the president.

Mrs. Roy Brashear was elected president to replace Mrs. D. L. Morrison, who is teaching a class. Members drew names for prayer sisters who will be revealed each quarter.

Refreshments of German chocolate cake, datenut cake, spiced tea, and coffee were served to Mrs. T. R. White, Roy Brashear, E. K. Shepherd, Sherman Sweetman, Ed Hicks, Eddie Lane, Gene English, the hostesses and Robert Harrison.

Sunny McCormick Bride of R. Stinson In Double Ring Ceremony, January 11

Sunny McCormick became the bride of Ronald Stinson, Friday, Jan. 11 at 8 o'clock p.m. in an impressive double-ring ceremony performed in the North Side Church of Christ, Muleshoe by Tommy Williams, minister, of Turkey, Texas.

Rites were read before an altar banked with baskets of white gladioli, accented by candelabra bearing white tapers.

Given in marriage by her father, J. A. McCormick, of Muleshoe, the bride wore a fitted suit of light grey imported wool, and white hat covered with white velvet flowers. The bridal bouquet was of white carnations.

Maid of honor was Miss DeLores Cannon of Muleshoe. She wore a pink box-suit with white accessories, and carried a bouquet of white carnations.

Bill Gipson was soloist for the occasion and sang, "Oh Promise Me", "At Dawning", and "Bless This House".

Lana Brown was flower girl. She was dressed in a blue cotton satin dress with white hat and

carried a basket of rose petals.

Serving the groom as best man was Curtis Browder of Muleshoe.

Candlelighters were Sam McCormick of Littlefield and Thomas Williams of Turkey, who also served as ushers.

Mrs. Stinson is the daughter of Mr. and Mrs. J. A. McCormick of Muleshoe and was a member of the senior class of high school.

Mr. Stinson is the son of Mr. and Mrs. I. M. Stinson of Muleshoe, and was also a member of the senior class.

They are making their home in Lubbock where he is employed by the Frenchway Cleaners.

Reception Immediately Following Ceremony

A reception was held at the home of the bride's parents, Mr. and Mrs. J. A. McCormick, at 301 Ave. J, following the ceremony.

Louise Stinson, sister of the groom, served the cake, and she was assisted by Ruthie Gibson who ladled punch.

Club Considers Plans For Year

West Camp Pollyana HD Club met Jan. 9 with Mrs. Louise Roark. Members discussed plans for the coming year.

Mrs. Roark gave a demonstration on how to set out rose cuttings. The members drew names for this year's secret pals.

Attending were Mmes. Ethel Harding, Mae Busbice, Alta Hughes, Wanda Walker, Louise Roark, and Inadell Curtis. Next meeting will be Wednesday, Jan. 23, in the home of Mrs. Ethel Harding.

H. S. CRAWFORD DIES IN CHICO, CALIF.

Mr. and Mrs. J. O. Crawford recently returned from Chico, Calif., where they attended the funeral services for his brother, H. O. Crawford, a former resident of this area, who died there Jan. 3. They also visited with Mrs. Crawford's daughter, Mrs. Wilma Dane at Roseville, Calif.

BANK HOLIDAY

Both Muleshoe banks will be closed all day Saturday, January 19 in observance of Robert E. Lee's birthday.

Persons and firms needing payrolls and having other bank business to transact, are asked to note the closing date.

Tax Law Changes Are Explained

Alex Williams, Muleshoe certified public accountant, explained some of the many changes that have been made by Congress in the national income tax laws, Social Security law, and discussed other tax matters before the Rotary Club at its noon luncheon.

Business men were reminded that employe and employer now pay 2 1/2 per cent of wage for Social Security. He told of new rulings on the income tax law, and discussed tax exemptions for farmers in the federal gasoline tax on fuel used on the farm.

Mr. Williams was introduced by Ray Griffiths, who had charge of the program. Guests included Rotarians C. O. Gregory and Herb Potter, Sudan and Harry Lyman, Melrose Club.

Muleshoe Teams Win All Three Games Over Eagles

Conference play for the Mules and Mulettes got off to a great start last Friday night when both teams, as well as the B team won out over the Canyon Eagles in games played here.

In the boys game, Bill Black's 19 points lead the Mules to 59-48 victory. In the girls game, Shirley Matthiesen was high pointer with 22, in a game that ended 47-46 in favor of the Mulettes. In the B game, the locals took the junior Eagles by a score of 59-56, with Dickie Johnson high scorer.

In other conference games played last Friday night, Tullia, the top contender for title honors, won 58-43 over Oilton and Dimmitt beat Dalhart 49-32.

Branscum Estate Memorial Fund For ENMU Is Revealed

A memorial fund of \$1,000 has been presented to Eastern New Mexico university. President Floyd D. Golden announced this week. To be used as a student loan fund, the gift was made to Eastern by the estate of the late W. W. Branscum of Muleshoe.

The fund will provide loans for juniors and seniors of the university at a low rate of interest to assist them in completing their higher educational training. Although loans are expected to be repaid as soon as possible, in case of necessity, they may be extended until the student has graduated and accepted employment.

Loans to any one student are limited to \$100. Administration of the fund will be under the direction of the University business office.

Branscum, who died Sept. 15, 1956, was the brother of Arvel Branscum, an associate professor in business and economics at Eastern.

Bible Comment:

Humility, Service Are Highest of Human Values

JESUS was the guest in the home of a prominent Pharisee on the Sabbath. Present were others who were spying on Him. And, among the company, was a man who had the dropsy.

Jesus realized that these narrow-minded people, knowing His reputation for healing, were wondering whether or not He would heal the sick man.

So Jesus took the initiative and asked them, "Is it lawful to heal on the Sabbath Day or not?" They ignored His question, but Jesus went ahead and healed the man anyway.

Jesus, realizing the thoughts of the company at the table, asked them a further question, "Which of you shall have an ass or an ox fall into a well and will not straightway draw him up?" Again, they did not answer. But silence evidently did not indicate consent or approval of the fine act of healing Jesus had done.

What is the highest thing in personality? Jesus here suggests that a very high thing—if not the highest—is humility. The more a man feels the height of great standards, the more the glory of the moral law appears to him, the less he will be disposed to overvalue himself. The finer a man's spirit, the keener his perceptions, the more inevitable is it that his attitude is one of humility toward God and toward his fellowmen.

So, along with this lesson of humility, Jesus taught the lesson of kindness and service to others.

Blessedness in life, according to Jesus, comes not from what we do for those who can recompense us, but in what we do for those who are in need. It is the things we do without hope of reward that constitute our real expression of what we are and what we value most.

Warning Issued About Cotton With Blight

Farmers who had blight in their cotton in 1956 are warned not to re-plant the seed in 1957, county agent J. K. Adams said this week.

Adams said the latest thinking on the subject is that blight will carry over in the seed from one year to another, regardless of how the seed are cleaned.

If it is not practical to change land where blight has been prevalent, pre-planting irrigation will tend to wash some of the blight fungus out of the soil, the agent said.

A new blight-resistant variety of cotton has been developed by the experimental station at Lubbock, called Blightmaster, which is suited for growth in west Texas.

NOTICE! TO PARENTS of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1957, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in the census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 21 you are being overlooked and should do one of the following:

1. Phone Supt. Jerry Kirk at No. 7300 or the School Tax Office No. 6720 and ask for a census blank
2. Call in person at the school Tax office and get a census blank and fill it out

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six years old who start next September to school are the ones most often overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

DON'T WAIT 'TILL FEB. 1st To Turn YOUR BLANKS IN — AS THAT WILL BE TOO LATE!

Swept-Wing Dodge... only 4½ feet low and all dynamite!

Step into the wonderful world of AUTODYNAMICS

It breaks through the vibration barrier!

It unleashes a hurricane of power
It tames a tornado of torque
It is swept-wing mastery of motion

Right off the bat, you'll realize there's something entirely different about driving the new Swept-Wing Dodge. You know it's the slickest piece of live action you've ever driven. The most responsive and easiest handling, too.

But the thing that really hits you is the silence! Why, all the irritating noises, all the annoying road sounds common to automobiles have vanished!

For Autodynamics has introduced a revolutionary new suspension system—Dodge Torsion-Aire—

that cushions you in a "Realm of Silence." Thick cushions of "live rubber" isolate engine vibration, noise and road shock at its source.

Actually, everything is new in the Swept-Wing Dodge—from new race car torsion bars to new Push-Button TorqueFlite, from new 310 hp. V-8 engine to new Total-Contact Brakes.

This is Autodynamics in action... yours in the most exciting car that's ever come up the pike. See and drive the Swept-Wing Dodge today!

Texas egg production may come into its own during 1957 if the Legislature gives it the needed boost through a uniform grading and inspection law.

Such legal protection, assuring the consumer of good quality by approved standards, should increase considerably the value of the egg on the market shelf. The next logical step for the farmer is to get increased egg production through efficient management.

High egg production, high efficiency and low mortality in the laying flock are going to be

related to the bird's comfort. An extra two dozen eggs per layer, a saving of one-half pound of feed per dozen on all eggs produced, and a reduction in mortality of 5 percent can mean \$120-\$150 extra income per 100 laying hens.

One item often overlooked is ventilation. Proper ventilation of laying houses is necessary for providing fresh air and removing excessive moisture. Faulty ventilation can result in wide variations in house temperatures which will affect feed consumption and egg production.

Insulation of the poultry house makes ventilation fairly easy and helps: (1) Conserve heat in winter, (2) Keep houses cooler in summer, (3) Prevents extremes in temperature changes, (4) Promotes better circulation

because of temperature difference between inside and outside air.

The tendency is to under-ventilate in cold weather to avoid chilling the birds. Reports from a number of experimental stations show that "comfort zone" of laying hens is between 40-65 degrees.

As a rule, inlets for bringing fresh air through openings not less than two feet above the floor.

Windows and other openings should be adjusted to protect birds from direct drafts. In general, "top tilt" windows are most satisfactory and they should be protected with side shields. Outlets for foul air should be at the highest point of the ceiling and should be designed to permit closing to stop drafts or excessive heat losses.

Attention to these factors will help reach the goal of a more profitable laying flock.

Lower Insurance Rates On Autos Sought In Bill

A bill that would permit companies to charge lower automobile insurance rates has been introduced in the Texas Legislature by Senator Jarrad Secrest of Bell County (Temple).

This would be possible when, as the legislation proposes, a flexible rating system is substituted for the present antiquated, single or uniform rating system for determining rates for surety and casualty (including automobile) insurance.

"Many insurance companies now are in a position to charge lower rates for insurance, but are not permitted to do so because the State Board of Insurance Commissioners must under the present law name the same rate for all companies," the senator explained.

Other advantages of the proposed law were listed as:

A buyer of casualty and automobile insurance can shop around to find the lowest rates and best coverage—something he cannot do under the present law because all companies must charge the same rate.

The careful driver is penalized under the present rating system. Rates are determined by the State Board of Insurance Commissioners on an average basis. Thus, the careful driver pays the same rate as the careless driver. This would not be true under the flexible system.

The present system is nothing more than "fair trade" applied to the insurance business, with the State fixing the price.

The State is losing nearly \$6,000,000 in taxes each year now because much insurance business that should go to companies authorized to operate in Texas is going to "non-admitted" companies that pay no State taxes.

Windbreaks And Grasses Included In SCD Projects

The annual plan of operation for 1957 by the Blackwater Valley Soil Conservation District pinpoints the need for more farmstead windbreaks and the continued seeding of range and pastures in utility grasses.

The plan calls for the securing and distribution of at least 3,000 Arizona cypress trees for farmstead windbreaks. The board of supervisors of the district has pledged its cooperation with the Lubbock SCD to make small potted seedlings available to cooperators.

At least 36,000 acres to be planted in beneficial grasses is also listed as one of the aims of the district for 1957. These grasses include blue gramma, side oats gramma, Indian grass, switch grass, weeping love grass, sand lovegrass, blue panic, sorghum alatum and sand bluestem.

The district will encourage cooperators to sow the grass seed under irrigated and dryland conditions to supply the needs of the district.

Committees will be appointed for the annual field day tour and cooperators banquet, as well as an informational committee for the tour and other district projects.

Outside help will be developed by encouraging the cooperation of ministers with soil stewardship week, and the Lions club with the awarding of the outstanding conservation farmer award each year.

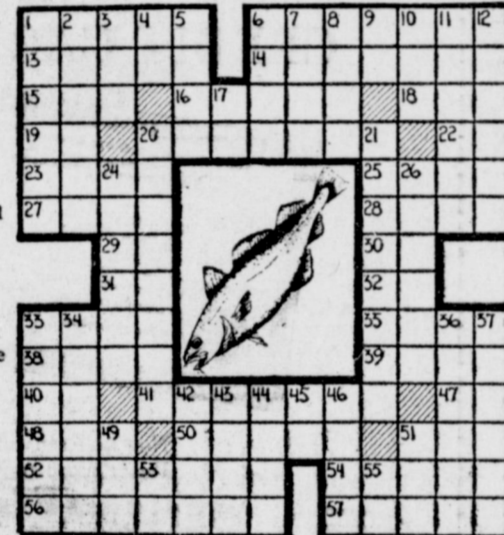

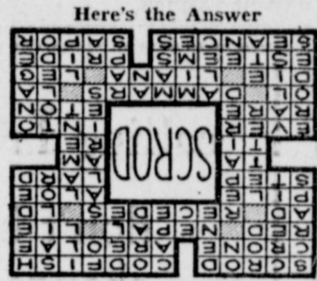

The annual land judging contest for FFA and 4-H club boys will again be sponsored by the district.

Sherman W. Inman is president of the board of supervisors of the district.

Introduce Bill To Give Assistance In Drouth Areas

Rep. George Mahon of the 19th District has joined with several other Texas Congressmen and senators in introducing legislation in the new session of Congress designed to bring early assistance to the drouth-stricken areas of Texas and the Southwest.

The proposal as worked out and presented was termed a "two-fold approach to the drouth problem."

The bill was described on the floor of the House by Rep. Bob Poage of Waco, vice-chairman of the House Committee on Agri-

SOIL CONSERVATION DISTRICT NEWS

made available to cooperators of the Blackwater Valley Soil Conservation District through a joint agreement between the district board of supervisors and the Nursery Association of Lubbock.

These trees are small, potted, well adapted to this area. These seedlings with good care will reach at maturity heights of 25-30 feet. Also liveability is high for many cooperators who receive

ed their trees last year reported very high liveability.

These trees add beauty to the farmstead, making a very attractive windbreak. Planning assistance on windbreaks can be obtained through the District's memorandum of understanding with the local work unit of the Soil Conservation Service and the county agent's office.

No orders will be taken for less than 50 or more than 400 trees. Price of the seedlings will be 25c to cooperators and 35c to non-district cooperators.

It will be necessary to pick these trees up in Lubbock, or work out an agreement for you, one else to pick them up for you. For additional information concerning these trees, contact the local Soil Conservation Service office or county agent, J. K. Adams.

WHAT OTHERS ARE DOING

Ed Little, west of Muleshoe, is field levelling his 80 acre home place. Ed believes that with the uniform grade obtained from this levelling he will reduce water erosion, make maximum use of rainfall, obtain more efficient use of his irrigation water, and facilitate his water and soil management. Production will be more uniform, and greater economic returns will be realized. Technicians of the Muleshoe work unit of the Soil Conservation Service laid out this job for him.

D. A. Ivy and Donald Patterson, west of Muleshoe, also plan to field level part of their farms. Concrete pipe installations designed and approved by the local SCS technicians are being made on about 20 cooperators' farms this month.

New cooperators with the District are:

H. B. Mathis, Muleshoe; F. D. Holt, Lubbock; A. J. Bell, Muleshoe; Robert Knight, Muleshoe; J. T. Gleghorn, Seymour.

They plan to work toward a complete conservation plan on their place as soon as possible. Each acre will be treated to meet its needs for protection and improvement.

Amended Housing Standards For Braceros Issued

LUBBOCK, Jan. 15—More specific minimum standards for housing Mexican National Workers, effective immediately, have been issued by the U. S. Department of Labor's Bureau of Employment Security under the authority provided by Public Law 78 and Migrant Labor Agreement of 1951, as amended.

Charles E. Johnson, Field Representative for the Bureau here, received a copy of the amended standards yesterday.

"Employers who do not meet these amended standards will get no more braceros," he said, "and those who now employ braceros must meet the revised standards within a reasonable time or lose their braceros."

The amended minimum housing standards include some 50 items dealing with six aspects of bracero housing including living and sleeping quarters, cooking and eating facilities, sanitary facilities, lighting, laundry, and general standards.

Regional Director Ed McDonald of the Bureau of Employment Security in Dallas is mailing a copy of the amended standards to all approved employers and associations of employers of Mexican National workers. They are advised that they are responsible for seeing that the amended housing standards are met by all user-members to whom Mexican workers are assigned.

On-the-spot housing inspections by Field Representatives of the U. S. Department of Labor will be made to determine whether employers may keep the Mexican workers they now have

Cadillac

Pride of the Neighborhood!

It is a happy occasion indeed when a new Cadillac first appears in the driveway of its happy owner.

As you would expect, it signals the most joyful of family celebrations—and occasions the heartfelt congratulations of friends and acquaintances.

But you might be surprised, we think, to learn of the widespread rejoicing which the arrival of a new Cadillac frequently inspires.

In fact, the car invariably becomes a source of genuine pride and satisfaction throughout the entire neighborhood in which it resides.

The neighborhood understandably delights in having a beautiful new Cadillac to grace its streets . . . and takes great pleasure in knowing that one of its own has been able to realize the dream that lives in the hearts of so many.

And we think you might also be surprised to learn that this happy event is currently taking place in a great many neighborhoods that have never before laid claim to a Cadillac car.

For there is an ever-growing awareness that Cadillac—with all its incomparable motoring virtues—is one of the soundest and wisest purchases a motorist can make.

From a standpoint of purchase price, maintenance, operation and resale value, the car represents a truly extraordinary investment.

Surely, in view of this, you should consider a Cadillac this year.

We will be happy to put you behind the wheel at any time for a personal demonstration.

In fact, why not come in and see us today?

Wanda May Hall of Bula Becomes Bride Of J. E. Layton, Of Morton

A double-ring ceremony performed January 12 at four o'clock in First Baptist Church at Enochs by the Rev. J. A. Green of Longview united Miss Wanda May Hall of Bula and J. E. Layton of Morton.

Mr. and Mrs. Carl Hall of Enochs are parents of the bride and the groom is the son of Mr. and Mrs. J. W. Layton of Morton.

The couple stood before an archway of greenery, flanked by baskets of white gladioli and candelabra, with green palms in the background.

Mrs. John Gunter played wedding marches and accompanied Mrs. Jessie Moles of Lubbock as she sang, "Because", "Whither Thou Goest", and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of Chantilly lace over taffeta and net, the scallops of lace outlining a v-neck. Tiny self-covered buttons adorned the finger tip sleeves and front of the bodice to the waistline, which terminated in a point at center front and joined a voluminous waltz length skirt. The waist-length veil of soft net was joined to a plateau cap of shimmered lace embroidered with pearls. Her bouquet was fashioned of white rose buds atop a white Bible.

Mrs. Bill Burris of Goodland, served as her sister's matron of honor. Mrs. Cleo Hall of Enochs, sister-in-law of the bride, was the bridesmaid. They wore matching sheaths of pale blue velvet, cut with square neck and carried colonial bouquets of

white carnations attached to tiny muffs of the same blue velvet.

Candlelighters were Cleo Hall and Bill Burris, who also served as ushers.

For her daughter's wedding, Mrs. Hall chose a dress of turquoise linen with black and white accessories. She wore a white carnation corsage as did Mrs. Layton, mother of the groom. Mrs. Layton was attired in a grey tailored suit with accessories of pale blue and black.

Immediately following the ceremony, a reception was given in the church annex by the bride's parents. The serving table was laid with a white lace cloth over blue and centered with a three-tiered wedding cake topped with miniature bride and groom standing under a heart shaped arch of white lace.

Assisting at the serving table were Miss Brenda McCall, Genell Seagler, Sandra Angel and Sandra Seagler.

For a wedding trip to points of interest in New Mexico, the bride chose a dress of dark brown sheer wool, with brown accessories.

The couple will be at home after January 16 on Route 2, Morton, where the groom is engaged in farming.

The bride is a graduate of Bula high school and has lived in the Enochs community most of her life. The groom attended Bula high school and is a graduate of Texas Tech. He has been a resident of the community for the past twelve years.

Present were: Mmes. W. R. Bowers, Troy Perkins, C. W. Hollingsworth, Robert Stroud, T. D. Newsamer, J. E. Moore, Buster Wolf, Etta Walters, W. R. Bynum, Everett Lookadoo, and Odessa Slayden.

Mona Wilhite Is Pre-Nuptial Shower Honoree

A pre-nuptial shower honoring Miss Mona Wilhite, bride elect of Freddie Harvey, was held in the home of Mr. and Mrs. E. E. Dyer, 715 Ave. D, from 4:00 until 7:00 o'clock Thursday evening.

Hostesses for the occasion including Mrs. Dyer were: Mmes. Howard Cox, Lela Barron, Verney Towns, L. S. Barron, Byron Griffiths, Floyd Grimsley, B. H. Black, George Hicks, Ed Hicks, Lee R. Pool, D. L. Morrison, Sherman Inman, Eddie Lane and Melvin Lee.

Chosen colors of the bride, blue and white, were carried out in decorations. A centerpiece depicting the bride on her wedding day, again in 1958, then in 1960 was used to complete the beautiful table arrangements. Mrs. Dale Krebs poured the tea.

Registering the guests was Donna Atchinson, cousin of the bride-elect.

Miss Cora Lynn Hicks and Mrs. E. H. Kennedy rendered piano selections for the evening.

In the receiving line were Mrs. Dyer, Mrs. Clarence Wilhite, mother of the bride-elect, Miss Wilhite and Mrs. Cecil Harvey, mother of Freddie Harvey.

More than sixty guests registered for the occasion and a host of friends, who were unable to attend, sent the lovely gifts that were on display for the

evening throughout the home. Marriage vows for the couple will be exchanged in the First Baptist Church, Sunday afternoon at four o'clock. Bro. E. K. Shepherd will read the ceremony. All friends of the couple are invited to be present.

Love at first sight! That's the case with thousands of folks all over America. And why not? Those Ford Custom models are over 16 distinguished feet long. Those Fairlane models over 17 elegant feet long. And those lower, longer, sleeker lines! No wonder Ford's year-ahead styling sweeps you right off your feet.

But if you aren't sold on looks alone, remember Ford's beauty is more than skin-deep. And a 5-minute Action Test will prove it. Inside you'll find oceans of space to stretch out in. Breath-taking color schemes. Luxurious upholstery. And thanks to new "Inner Ford"

advances, you'll discover the smoothest riding, easiest handling low-priced car ever.

And of course, you'll find new, snappier power to go with Ford's out-of-this-world ride. It's the same exact brand of get-up-and-go that powered the '57 Ford to 458 national and international power-endurance records at Bonneville Salt Flats, Utah. And there's more of this skeddadle right through Ford's entire V-8* and Six lines. What's more, with a whole host of engineering advances, you can expect traditional Ford economy at its finest.

You bet! 5 minutes in the new kind of Ford and you'll want to drive it home. Why not visit your Ford Dealer's today. You have nothing to lose but your heart.

Babson Discusses WHERE TO LIVE

Babson Park, Mass., Jan. 17. I am much interested in a Gallup Poll on six questions of where to live. I will not discuss the answers to three of these, namely — which is the "Most Beautiful State" — or "which is the Healthiest," — or "which is the best for a Winter or Summer Vacation." The answers to all these questions are most interesting. I, however, am not qualified to pass thereon.

THE TEN MOST POPULAR

Of the six questions, Mr. Gallup gives the ten first choices. Based upon the Law of Averages (in which I have great faith), the following nine states appear in the answers to most of the six questions. These are California, Florida, Colorado, Washington, Oregon, Texas, New York, Michigan, and New Mexico or Arizona.

Based upon my extensive travels and the opinions of thousands of friends, I honestly believe that every one of our forty-eight states possesses to some extent all the six advantages mentioned in this poll. This means to me that every reader should continue to live in the state where he is now located.

LET US LOOK AT THE RECORD

Statistics show that death rates and health conditions depend 90% on the heritage and habits of us individuals and NOT upon where we live. The joy which we get from a vacation depends far more upon the people we meet than the scenery we see. None of the things which we really want can be purchased with a railroad ticket!

I, however, should be an authority on the best places to get a job. If you mean NOW, the answer is "probably Southern California or wherever airplane plants are located." But, when the fear of World War III is over, these same sections will suffer much unemployment. In fact, directly after a previous World War, 80% of the bus and taxi drivers of Los Angeles were said to be college graduates.

WAGES AND INVESTMENTS

Wages are higher when work is plentiful in some cities, but such work is likely to fluctuate more. Statistics indicate that the total yearly

Faces Rigid Inspection

THIS WEEK — In Washington

Clinton Davidson

The biggest question in Washington this week is: What will the new Congress do?

As the Senators and Representatives began to toss new bills into the legislative hopper this week, it became evident that although membership hasn't changed much from last year, the issues before Congress have.

The similarities between the 85th and 84th Congresses are mostly on the surface. Democrats continue to hold a majority in both houses, entitling them to name chairmen of the various committees. That gives them a big advantage.

The same "Balance of power" that existed in 1955 and 1956 will continue this year and next. That is a Republican President with power to name cabinet members and other administrative officials, but with a Congress controlled by Democrats.

President Eisenhower demonstrated during the past two years that he can work well with a Democratic-controlled Congress. His overwhelming popular vote in November should make it even easier to get along with the new Congress. And, unlike 1956, no general

There will, of course, be no moratorium on politics. Both parties, naturally, will jockey for political advantages. They will keep in mind that there will be another congressional election in 1958 and a Presidential election again in 1960.

Chances are there will be few pitched battles between the White House and Congress. Most differences will be over details rather than on broad policy. On the big issue, that of strengthening the Free World,

The President wants, and Congress will grant, something like \$5 billion in appropriations to help our allies and friends abroad. The big problem will be how to keep peace in the world, and neither Congress nor the President will quibble over the cost in dollars.

National prosperity is at an all-time high, and both Congress and the President will be anxious to keep incomes up, but to avoid any rapid rise in inflation. Two trouble spots that will get special attention are small business and farmers.

New legislation will be aimed at strengthening curbs on big business mergers that would add to the problems of small business men. Credit curbs may be eased where necessary to help small businesses in serious trouble.

There will be scores of farm bills to be considered, but most of them will be intended to amend and strengthen existing legislation. The knock-down battle between 90%

Sand Hills Philosopher Isn't SURPRISED ABOUT PRICES GOING UP

Editor's note: The Sand Hills Philosopher on his Johnson grass farm seems about half serious this week, although you never can tell.

I was talking to a bunch of my neighbors sitting around a stove in town yesterday afternoon and they were concerned over the high cost of living.

Furthermore, one of them said, he'd read the day before where the kind of national economy we're living in requires prices to keep edging up a little, if they stopped they might start falling and that everybody might as well get set to see prices continue to go up a little each year from now on, maybe for the next 50 years at least.

This made everybody feel gloomy, except me. It wasn't news to me that the cost of living may continue to go up. It's been going up ever since I can remember.

The man who in his early days was making \$90 a month and figured if he could just raise it to \$100 he could get by comfortably, is now making say \$400 a month and figuring if he could stretch it to \$500 he could get by comfortably.

ably. The same applies regardless of the bracket you used to be in and are in now.

Anybody who hasn't discovered it costs more to get born, more to stay healthy, more to get educated, more to stay clothed, more to get entertained, more to stay in business, more to retire on, more to die on, more to get buried on, more to have your will executed, and your property divided among children who will find it wasn't enough to put them where they wanted to be, just hasn't been around for the last 25 years.

Understand, I wouldn't want to go back to the old days where a man was considered well off if he didn't have to ride bareback and owned a new well rope, but the idea that you can find some way to hold your income up and your costs down, that you will be able to find somebody to sell you beans in a cellophane bag for the same price you could grow and store them yourself in a tow sack in the old days, is hopeless.

In other words, it's an uphill fight, but it always has been and always will be, except maybe in my case. I've done most of my fighting on level ground. You can rest better that way.

Yours faithfully,
 J. A.

PARMER COUNTY Farm Bureau News

By RAYMOND EHLER

Your president, Gilbert Kaltwasser; two of your directors, M. T. Glasscock of Farwell and J. T. Jones of Bovina, and Joe Jones, County Agent, attended the drought relief planning meeting in Lamesa last Thursday. The meeting which was arranged by the Texas Farm Bureau was held for the purpose of drafting condensing suggestions from Plains counties to be presented to President Eisenhower and USDA Secretary Benson Monday in San Angelo. Suggestions from Parmer County FB were printed in Parmer county papers last week.

KPAN, Hereford, Saturday, 12:45 p.m., and KMUL, Muleshoe, supports isn't likely to be repeated this year. Democrats, however, will keep the issue of high supports alive.

There will be both legislative and administrative tinkering with the soil bank. Neither Congress nor Secretary of Agriculture Benson is entirely satisfied with the soil bank law adopted last spring.

There are indications that neither are most farmers happy with it. Other issues on which Congress and the President are close to agreement include no general tax cuts, additional school construction aid, expanded peaceful use of atomic energy, increased funds for agricultural research, and expansion of soil and water conservation programs.

CONSIDER THIS: He that covereth a transgression seeketh love; but he that repeateth a matter separateth very friends. Prov. 17:9.

Monday, 12:30 p.m., are the two stations and time Parmer county residents can tune in for Texas Farm Bureau Roundup. We believe you will agree this is the best Statewide agricultural report on the air. 102 radio stations carry it every week as a public service.

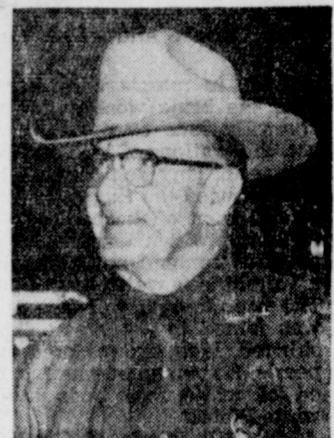

R. H. (Shine) McFarland was in the office a couple of weeks ago, taking care of some business. Shine was secretary-treasurer of PCFB back in the days when you had less than 100 members. He gave a lot of time and effort toward making it a going organization and has never lost interest in it. He keeps his membership paid up, year after year. Shine lives on and operates a ranch near Comeron, N. M. now. We'd like to have him sit in on a directors meeting some first Monday night in the Friona office. We'd like to see you, too, wo farm laymen visited the last meeting. Jack Wolman, cattleman of Bovina, and Vernon Symcox, from south of Oklahoma Lane. Symcox is a member of the legislative committee.

A number of directors, officers and committeemen and your office secretary, Arvelia England, will attend a Farm Bureau meeting in Lubbock Thursday of this week to keep abreast of activities, present and future.

Spencer Hough was elected to the membership committee and J. D. White, near Lazbuddie was elected as director filling the vacancy of E. T. Ford of that community who resigned a short time ago, at the last directors meeting.

CONSIDER THIS: He that covereth a transgression seeketh love; but he that repeateth a matter separateth very friends. Prov. 17:9.

The newest thing in insurance in the last 100 years is the Home Owners Package Policy. This policy combines the coverage on your home, your furniture, your personal liability, and your auto into one policy at a saving to you. It stands to reason that if an insurance company can write one policy instead of four or five it has a saving that can be passed on to you. With the Package Policy you can have budgeted premium payments. If you buy more furniture or a new car it is automatically covered. You have an attractive looking insurance policy with all your coverages instead of four or five. Call—

YOUNG MISSIONARY SUCCUMBS

An atmosphere of grief settled upon the community last Friday morning after the message was received that Rev. Kenneth Shipp, age 24, had passed away just a few hours previously. Rev. Shipp, son of Mr. and Mrs. M. L. Shipp of this community, had been a missionary in Haiti for the past year and a half, and was married early last fall to another young mission worker. His death was the result of a hemorrhage he suffered while on a plane that was carrying him from the island to a hospital in Florida for medical treatment.

The funeral service, at which Rev. Ben Atkins assisted, was held Sunday afternoon at the New Deal Baptist church and interment was in the family plot in Lubbock. Many residents of this community attended the services.

Mrs. Kenneth Shipp flew here from Haiti for the last rites, and has been staying with his parents since then. The death of this dedicated young life is a tragic loss to the bereaved ones, but surely his spirit remains to bless the continuation of his work. Truly he is a modern Christian martyr.

Bible Study Monday

The Women's Missionary Union combined the two circles last Monday afternoon for Bible study taught by Mrs. Do. L. Redwine.

Theme of the lesson was "Solomon's Prayer of Dedication".

Resolve Now To Improve Your Health In 1957

We will be glad to discuss your problem of health and to answer any questions you may wish to ask about Chiropractic. We feel certain that when we explain the common-sense principles upon which chiropractic is based, you will understand why it gets results. And when you know why Chiropractic can help you—you will want to take advantage of it.

Ruptured Discs

Case History: Man, age 31, came to the Chiropractic Clinic after reading an ad describing a condition similar to his. He had been confined with extreme back pain which was aggravated by a spinal tap which in turn started terrific headaches. He was medically diagnosed "ruptured discs", and was told it would take a year or more to recover. In an effort to avoid an expensive and dangerous spinal fusion operation, he consulted us. After an examination consisting of nerve analysis and spinal X-Ray at the clinic, this man began corrective spinal adjustments. His pain was lessened from the first adjustment. His condition continued to correct rapidly until in less than six months he was doing heavier mechanic work than ever before.

Headaches

On September 15 of this past year, a man, age 83, came to the Chiropractic Clinic with entrance complaints, of severe head pains occurring every few seconds, nervousness, dizziness, weakness, constipation, severe lower back pains and a kidney condition. All of these conditions had ex-

isted for years and were gradually becoming worse. He had tried many therapies with no apparent results. As he expressed it, he had reached the end of his rope so he decided to try Chiropractic. After an examination he was accepted as a patient. Under the recommended period of service, his response was satisfactory considering his extreme age. He came in one day last week for a check-up and told us that all his entrance ailments were gone and that he felt better than he had for many years.
