

### Hunt For Doves In T-Bar; Find Serpents

Several of our citizens observed Labor Day Monday by hunting. Ira Doak, Roy Green, and George Hogan constituted one hunting party that went out into the T-Bar pasture to

shoot doves. They found no doves but as they were trekking across the prairie Ira suddenly found himself face to face with a huge rattler that showed no friendly spirit. A few cold chills chased one another up and down Ira's spinal column and it was a few moments before he could

steady his nerves, but it did not take him long to back off and prepare for battle. A happy shot put Mr. Rattler out of business but Ira had enough. He went straightway and climbed into his car and hit the road for home. His zest for dove hunting had vanished.

Carl Griffing and his brother Aaron of Dallas, who is visiting here, Buster Fenton, and Louie Weathers made up another party that tried their luck out in the T-Bar. They likewise found few doves but killed three rattlers. One of them was a huge reptile and had about eleven rattles. The boys say it is not much fun to find rattlers when you are looking for doves. It is probably more important, however, that the serpents be exterminated than these innocent birds, whose harmlessness has been proverbial ever since Christ admonished his disciples to be as wise as serpents and harmless as doves.

### THE DALLAS NEWS TO OFFER BARGAIN

We are in receipt of a letter from The Dallas News, stating that its Third Annual Reduced Rates Offer will be announced not later than December 1st. Once a year, The Dallas News offers its readers an opportunity to make a substantial saving on yearly subscriptions. This is a sort of Christmas present from The Dallas News to its readers. Last year and the year before, practically all of the old subscribers availed themselves of this opportunity, and thousands of new readers were added.

Among other things, The News stated that it maintains the highest priced news-gathering organization in the Southwest. Its ten leased wires, aided by an army of regular and special correspondents, bring the news from all parts of America and the remote corners of foreign lands.

This news, concerning the big State newspaper, which has meant so much to the growth of Texas, will be of interest to the entire reading public.

J. P. Hackney and son Burton of Picton, Hopkins county, came out the first of the week. Mr. Hackney visited Prof. and Mrs. G. H. Nelson, Mrs. Nelson being his daughter, and left for his home Wednesday. Burton will remain here to attend school. Mr. Hackney says that corn and feed are fine this year in Hopkins county but that the cotton production will be exceedingly short. The plant is unusually rank but the worms have cut off all the fruit. He admires our rich soil but has no idea of leaving his land of peaches and watermelons. He claims his little town of Picton is the greatest peach-shipping station in the United States.

S. L. Stephens, who has been connected with the McKaughan blacksmith shop the past year, sold his residence near the school building to J. C. Welch one day last week, and departed for Mineral Wells, where the family expects to reside. Mr. Welch and family have moved into their new home, which is one of the nicest in that portion of the town. H. R. Boyd, who is employed at the West Texas Gin No. 1, is occupying the residence which the Welch family has just vacated.

J. F. Tharp returned Saturday from Coryell county where he spent several days visiting relatives and friends. Mr. Tharp removed from Coryell county to Lynn county about two years ago and this was his first visit to his home county since leaving. He says that the people there are still greatly depressed on account of last year's drouth. The cotton crop is only fairly good this year, much of it having been killed by root rot. The county raised excellent feed crops however.

### CARD OF THANKS

We wish to extend our sincere thanks to all those who so thoughtfully and tenderly assisted us in any way during the sickness and upon the death of our mother, Mrs. Katherine Massengale. We wish to especially thank those who made the numerous floral offerings. We shall never forget your many acts of kindness.

Mr. and Mrs. J. J. Massengale

### FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged, and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

THOMAS BROS. DRUG CO.

### Final Returns Of State Races Given

The final tabulation of returns from the Democratic run-off primary of Aug. 28 made by the Texas Election Bureau Saturday night, gave Moody for Governor a majority of 220,195, Pollard for Attorney General a majority of 5,787, Hatcher for Treasurer a majority of 131,224, and Hickman for Associate Justice of the Eleventh Court of Civil Appeals a majority of 2,083.

Complete returns were received from 242 counties and incomplete returns from seven. Two counties, Moore and Terrell, held no election. No report was received from Hutchinson and it is not known whether an election was held there.

Compared with their July returns the seven incomplete counties, the seven incomplete counties have 2,586 unreported votes. Hutchinson County cast 113 votes in July. The total vote tabulated was 766,707.

Final figures of the bureau follow:

Governor: Ferguson 273,256, Moody 193,541.

Attorney General: Allred 354,334, Pollard 360,121.

Treasurer: Ball 279,237, Hatcher 410,461.

Returns from nineteen out of nineteen counties in the Eleventh District, including seventeen complete:

Associate Justice Court of Civil Appeals: Daveport 25,580, Hickman 27,663.

Borden and Stonewall are the incomplete counties in the civil appellate race. Compared with their returns in July, they have combined 17 unreported votes.

### Official Returns Given

Official returns as tabulated by the State Executive Committee, with seventeen counties missing, were as follows:

Governor—Moody 495,723, Ferguson 270,995.

Attorney General—Pollard 360,082, Allred 356,036.

Treasurer—Hatcher 409,829, Ball 280,551.

James V. Allred, defeated according to the official count by 4,046 votes will not seek a recount as had been rumored.

Moody's official majority is 225,128 and Hatcher's 128,278.

Mr and Mrs. E. R. Allen arrived Wednesday to spend a few days as the guests of W. G. Briley and family. They are preparing to remove next week from Denton to Abilene. We are very sorry they are not coming on back to Tahoka, but they are getting more than half way and we shall expect them to come the other half a little later on. But if they don't, we must admit that they are getting back into a pretty good west Texas town any way.

Mrs. W. G. Briley and children are preparing to remove to Abilene early next week. They are going on account of the condition of Juanita's health. This climate does not seem to agree with her. Mr. Briley will remain here. Numerous friends here regret that it is necessary for Mrs. Briley and the children to leave, since Mrs. Briley has been very prominent and useful here in church and school and civic club work. It is to be hoped that they can return to Tahoka to make this their permanent home a little later.

H. B. Palmer, Boy Scout Executive of the South Plains area, was in Tahoka Wednesday looking after the interest of his organization. He says they had a great assembly over at Post a couple of weeks ago. Now that the hot summer is ended and the vacation period is past, he expects more activity in scoutcraft than for several months.

### Central Cafe Being Touched Up

T. W. White is having some repairs made on the interior of the Central Cafe. The walls and ceiling have been repainted and new linoleum is to be placed on the floor. A new refrigerator has just been installed and other furnishings purchased. White is getting ready for the big fall business.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

What would this town be worth without its churches? What would this country be without Christianity? Men may oppose the work of the church and scoff at Christianity, but security for them in life or property. Young man, the next time you witness these things would be little make a sneering remark about the church, stop and inquire if you would remain here long if there were no churches and no Christian people here.

Our public schools begin next Monday. It will be a great day in the life of many a child. In fact, it should be a great day for Tahoka. We can not estimate the value of the public schools to our little city. We should give them our undivided support and assistance. Although the

school will be conducted the next few months under many physical difficulties, yet we believe that we have an excellent faculty and we ought to have the best school we have ever had. Let's all try to make it such.

It would not be out of order to remind the head officials of the Santa Fe railway system that the time is just about ripe for the completion of the gap in their line between Lamesa and Sterling City. Eventually the Santa Fe will build a line from San Angelo to San Antonio and on to the Rio Grande Valley and they might just as well start before the Chalk oil field gets away from them as the oil fields in the Panhandle are now doing—Big Spring Herald.

A glance at the Sunday issue of the Amarillo News-Globe will give some idea of the building activities in Amarillo at the present time. In this one issue the following building projects are announced: Work on the Fisk Medical Arts building, 10 stories high and to cost \$800,000 to \$1,000,000, will begin within three or four weeks; The Catholics are to erect a new church building at a cost of \$250,000. Tony Chisum, distributor of Hudson, Essex and Stutz automobiles, is constructing a business home to cost \$250,000; and a bond issue of \$300,000 was authorized Saturday by a vote of 8 to 1 for the erection of additional school buildings in the city. Amarillo's building boom is due largely to the development of the big oil fields on the north plains. Amarillo bids fair to take her place within the next few years among the big cities of Texas.

Clarendon, like other cities of this section, has been the victim of countless advertising grafts, and publicity schemes this summer, and still the grafters come. Last week one of these birds came into town and proposed to put out a program

for the district convention of the West Texas Chamber of Commerce with local advertising all around, at so much per. Clarendon printers refused to handle the job and flatly told the promoter that it was a superfluous expense for our local business men. It didn't go over, and the wonder is that so many fellows who call themselves business men fall for such poor substitutes for real constructive advertising. The Chamber of Commerce has a committee to review all advertising schemes and no merchant in Clarendon ought to buy a dime's worth from these fellows without the endorsement of the committee. The committee is for the protection of all, and will not endorse any scheme that isn't fair. If the promoter hasn't the endorsement he doesn't deserve your business. Let's protect ourselves and each other. —Clarendon News.

The machinery of our courts must necessarily move slowly and carefully. No court can be run with the hurry that characterizes most of our activities in the other affairs of life and at the same time be efficient. Our constitution carefully and closely guards the rights of every man charged with crime. The courts must be careful to observe these safeguards. That being the case, Courts can not compel accused persons to go to trial with that same degree of haste or punctuality that a parent would use in punishing an offending child. The defendant must be given time to procure his witness and to prepare for trial. Delays and continuances which often seem unnecessary to the laymen are in fact frequently unavoidable on the part of the presiding judge and the attorney representing the State in order that no right guaranteed the defendant by the Constitution shall be violated. However, there are courts undoubtedly which waste entirely too much time. Occasionally there is a judge who has no knack of turning off business. Sometimes a prosecuting attorney is found who is rarely every ready when a case is called for trial. Since the courts are necessarily slow, it becomes really painful when one is unnecessarily and inexcusably so. Our judges and prosecuting attorneys should use the utmost precaution and forethought to be ready to try every case as it is reached on the docket and thus speed up the work of the courts. The alleged inefficiency of our courts is often due to the inefficiency of those who conduct the courts. People should be just as careful to select competent men to conduct their courts and to prosecute violations of the law as they are to select competent teachers to instruct the child or a competent physician to treat a patient. No election is pending now and these observations are not made with reference to any particular office-holder, but simply for our readers to ponder between now and the next election.

Amarillo—The state convention of the American Legion will convene here September 8 for a three day session. Railways have given a special round trip rate for the price of the usual one way fare. A record breaking attendance is anticipated. Amarillo has plenty of hotel facilities to accommodate the gathering and the big auditorium will be prepared for the general sessions. Speakers during the convention will include Major-General John A. Hullen, Brig-General Paul Malom, Brig-General Jake Wolters, Hansford McNider, ass't secretary of War and former national commander Alvin M. Owsley.

CITATION BY GUARDIAN, ON APPLICATION FOR SALE OF REAL ESTATE.

The State of Texas. To the Sheriff or any Constable of Garza County: Greeting: You are hereby commanded to cause to be published once a week for Twenty days, exclusive of the first day of publication, before the return day thereof, in some newspaper of general circulation published in said County which has been continuously and regularly published in said county for a period of not less than one year, if no paper is published then in the nearest county in the 10th Judicial District to wit: The Lynn County News.

SLANDERING THE LAWYER (Dallas News)

For many months The News has from time to time, printed articles, communications and editorials severely criticizing the legal profession and other judicial procedure, both civil and criminal. It is claimed that our legal procedure is abounding in "technicalities," and it is intimated that these were intentionally designed to defeat or obstruct the proper administration of justice in our courts and to permit criminals to escape punishment for their crimes. The legal profession is charged with responsibility for such assumed conditions. The charge is also intimated, if not openly made, that the legal profession is opposed to judicial reform, for purely selfish or financial reasons.

These charges or intimations are very serious. It is a serious proposition to make such wholesale charges against any respectable number of persons. That any body of men, outside of the penitentiary, should be so lost to their own duty as citizens, to posterity, to the human race and to every principle of patriotism and common honesty as to be guilty of such conduct is a monstrous proposition. Heretofore the members of the legal profession have paid little attention to such charges or intimations because they generally come from those whose ignorance or mendacity is a sufficient answer to their assertions. But when a great newspaper—one for which we all have a very high respect—permits itself to become the vehicle for the dissemination of such charges or intimations, it is, in my opinion time for self-respecting members of the legal profes-

sion to enter a solemn protest. That the profession, as a body, or as a profession, or that any reputable member of that profession in Texas has assisted or even desired to so complicate our judicial procedure with "technicalities" as to obstruct the administration of justice or to permit criminals to escape can not be sustained by any truthful evidence. Neither can the proposition that any considerable number of that profession are opposed to any needed "judicial reform" be sustained. Most all of us recognize that certain amendments or alterations in our procedure are desirable. Indeed in a growing state like ours, it would be strange if such were not required from time to time; but such changes can not be bought about by wholesale denunciation of the legal profession or by a continuous bombardment of our legal procedure without pointing out the particular laws we are to amend or specifying the things to be done. So far we have listened and read in vain to find out a single specific thing our critics have to offer. In my opinion the time for specifications has arrived. Let those who really desire judicial reform put their finger upon the specific remedy they offer. Let them tell us what laws should be repealed and what new laws should be enacted. Let them cease to slander an honorable profession and get down to business. For my part I am willing to go on record. I shall, at a later date, point out specifically what I have to suggest. L. A. Clark, Greenville, Texas

Whereas, in cause No. 92 guardianship of Harold Voss-Geneva, Voss and Hazel Voss, Minors, pending in the county court of Garza County, Texas wherein Mrs. Jessie Voss, who resides in Garza County, Texas, is guardian of the person and estate of Harold Voss, Geneva Voss and Hazel Voss, minors, having on the 20th day of August, A. D. 1926 filed in the county court of Garza County, Texas, in said above entitled and numbered cause, her application for the sale of the following described land belonging to said minors, lying, being and situate in the county of Ellis, State of Texas, to-wit: All that certain Lot, tract or parcel of land situated in the City of Waxahachie, and parts of Blocks No. 25 and 26 of what is known as "Town Addition" to Waxahachie, Texas, and more particularly described as the property conveyed by G. C. Groce to Mrs. Martha McCartney, by deed of date of March 9th 1920 and recorded in Deed Records of Ellis County, Texas in Vol. 241 page 223.

Now, therefore, you are hereby commanded to summon all persons interested in said estate of said minors, to be and personally appear at the regular term of the honorable county court of Garza County, Texas to be holden thereof at the courthouse in the City of Post Texas, on the 3rd Monday in September, A. D. 1926, same being the 20th day of said Month, to contest said sale if they so desire.

Herein fail not, but of this writ make due return, showing how you have executed the same. Witness my hand and official seal, this 23rd day of August, A. D. 1926. Ira Weakley, Clerk County Court Garza County, Texas.

**Galli-Curci Swayed by the Seer of Sweden**

**Prima Donna Gives Wonderful Interpretation of the Writings of Emanuel Swedenborg—**

**HENRY FORD'S** Dearborn Independent publishes a remarkable article on Galli-Curci and Emanuel Swedenborg, by Clarence W. Barron of the Wall Street Journal, the world famous financial authority. Mr. Barron declares that Galli-Curci has the most wonderful brain he has ever met or heard of in a woman, although she is much more "a true woman with a life and soul of affection for all that is ennobling and uplifting in the family, and in color, form, and music."

Then answer to yourself the number of years that ought to be required to master these thirty-two volumes? **Mean More Than Any Other Books** Mr. Barron, still credulous, continued his correspondence with Madame Galli-Curci for some months. He learned that soon after she lost her dear mother she had sought the Writings of Swedenborg in a desire to know more about the other world whence her mother had gone. She spent the entire summer vacation studying Swedenborg's Works, and declared: "They have meant, and mean more to me than anything else I have ever read."

**WE SHOULD GO AFTER SOUTHERN PACIFIC RY.**  
A determined effort should be made to induce the Southern Pacific Railway system to build a line from San Antonio to San Angelo to Big Spring and on up to the Panhandle. It will not be necessary to sell West Texas to the officials of the S. P. They know its worth. President W. R. Scott after a recent trip thru West Texas, stated that the Panhandle was one of the greatest tonnage areas in America and that it would continue to increase. He predicted that within five years there would be more than six cities in the Panhandle country with populations between 25,000 and 30,000 and also some of greater population. He also predicted that several new railroad lines would be constructed to serve that section. The opening of the Chalk oil field in Howard county will boost our chances of securing such a line—Big Spring Herald.

When Galli-Curci returned from California Mr. Barron motored up into the Catskills to her beautiful Italian palace, and in an afternoon with her and her husband, Mr. Homer Samuels, he was convinced that Galli-Curci had read and devoured Swedenborg in a briefer period than anybody had ever done before. He says of this interview: "Hours flew like minutes. I wasn't the questioner. Mr. and Mrs. Samuels were at me with the sharpest and deepest questions. They seemed in perfect harmony mentally and spiritually, as in their work in music."

**Swedish Writings**  
Mr. Barron continues: "As an economist writing state papers on weights, measures, coinages and currencies, Swedenborg is easily comprehended. As an engineer transporting ships overland he is easily visualized. As a government official in the great mining industry of Sweden, writing practical books on mining and smelting, declared to be the foundation of modern metallurgy, he is of interest in the encyclopedia of scientific history. As the writer of volumes—original studies in search for the human soul—he is not without human interest."

**Wanted to Learn**  
"She wanted to know about the 'Grand Man'. I told her it would be easier to comprehend it if she would forego the idea of time and space and consider, as Swedenborg says in 'The Apocalypse Explained', that every society in the heavens connects with some organ of the human body and helps to sustain it. Therefore the heavens have the organization of the 'Grand Man', but we need not think of it as a shape or figure."

**Wichita Falls—Wichita Falls** has challenged Amarillo to see which city can secure the most memberships in the West Texas Chamber of Commerce before October 1. Last year Amarillo led all West Texas towns with a total of 404 members. Wichita Falls was second with 324. Wichita Falls, convention city for 1927 has resolved to take the lead and has already signed up 425 members for the ensuing year. Amarillo accepted the challenge of Wichita Falls, and the drive in each city is now under way. Llano—The Hills Country District of the West Texas Chamber of Commerce will hold its first district convention here September 10.

**Swedenborg's 32 Volumes Read in a Single Summer**  
"Now I understand," she said, and asked me for explanation of other things. Her intelligent questions, as well as her statements, left no manner of doubt that Galli-Curci had performed the stupendous feat of reading the thirty-two volumes of Swedenborg in a single summer season. She declared 'Heaven and Hell' a very attractive and popular title and concerns that about which people are most eager to know; but it is not one of Swedenborg's great works; although it makes a good popular and introductory work."

**All Fear Vanishes**  
"The more you do—the more you give forth—the more life and energy is poured into you, and you are stronger and not weaker for the doing, the working and the singing. I always feel stronger; I am not exhausted at all by my singing. Swedenborg shows the reason and how life comes in as you pour it forth usefully to others. You don't have to try worry or fret. You know it is not you but that it is just being done through you."

**Swedish Writings**  
Speaking further of the help Swedenborg had been to her in her work she said: "One gets so much more confidence. The other world and the one life, that comprehends all life, becomes reality and all fear and worry vanish."

Del Rio—Camp Del Rio on the Devil's River near here was voted the permanent camp site for the Boys Scouts of this region; one hundred and thirty-six scouts were encamped here during the last week of August. The Municipal Band of Del Rio has been re-organized with A. B. Ewing, secretary of Del Rio Chamber of Commerce as director.

J. E. Corbin and I. J. Leeper, who the editor having been friends in residence south of Lamesa, were business visitors in Tahoka Tuesday, and they called at the News office just able damage to cotton crop in his section of Dawson county.

# SIX GINS READY FOR BIG CROP

## EDITORIALS

CONTINUED

Lynn county can have the best fair this year it has ever had. Crops are good and there is a great wealth of cotton and maize and kafir and feterita and hogira and sorghum cane and melons and garden truck and apples and other fruit. Let every community get ready to bring a splendid exhibit to the fair. Let's make our fair a hum-

score of individuals do the same mer this year.

The Democratic State Convention of Missouri recently endorsed Senator James A. Reed of that state for the Democratic nomination for President in 1928. It's a little early to be worrying about who shall be the next Democratic nominee but every good citizen should make it his business to see to it that Jim Reed is not it. No man who will espouse the cause of the liquor interests and openly or secretly oppose the enforcement of our laws is morally fit to be

President of this Republic. Jim Reed has not only aligned himself with the law-breakers in their efforts to destroy the Volstead Act and to nullify the eighteenth amendment to our Federal Constitution, but in the malicious fight against Woodrow Wilson following the close of the World War Jim Reed lined up with Lodge and other Republicans to destroy Wilson, and his perfidy was even more contemptible than Lodge's malice. Jim Reed is a shrewd politician and a vicious fighter, but he is not made of the right kind of stuff to be President of our country. He would be satisfactory no doubt to the Fergusons, the Waltons, the Murphys, the Tom Taggarts, and the liquor politicians throughout the country, but progressive and God-fearing Democrats should give him no consideration.

It is generous in Dan Moody to oppose the passage of any resolution in the State convention demanding the resignation of Mrs. Ferguson. Any such resolution would doubtless prove futile in bringing about her resignation. Nevertheless, we believe that such a resolution should be passed by that body. We are not moved by any spirit of vengeance in taking this position but we believe that the Democrats of Texas, in every possible way and in the strongest manner possible, should voice their disapproval of a flagrant breach of a promise voluntarily made by a candidate for governor. As long as acts of demagoguery and perfidy like this are condoned by the people of Texas just so long may we expect them to be repeated. We think Mrs. Ferguson should have resigned as she promised and we think the Democrats of Texas should say so in no uncertain language.

With its issue of August 28th, the Lynn County News published by E. I. Hill at Tahoka celebrated its twenty-second birthday. Getting along in years but showing no visible signs of senility. What are twenty-two years in this great big open western country where there is plenty of fresh air? —Wheeler News-Review.

Tahoka has six of the best gins operated by six of the best ginners to be found anywhere. All the gins are ready to run at full capacity until the end of this season and all the ginners are anxious to give the farmers as good a turn-out as possible. This week, through the Lynn County News, they are inviting your patronage. They are anxious to please. They deserve your trade.

Mr. and Mrs. Roy Howard and small daughter of Crosbyton were here the first part of the week visiting Mr. and Mrs. Frank Hill.

Mr. and Mrs. Ovid Luallin announce the arrival of a son. He came into this world Wednesday.

Miss Don Clinton returned Sunday from a visit with her sister at Muleshoe.

Save up your best farm and garden products for the Fair.

**CARD OF THANKS**  
We want to thank our many friends for their kindness shown us during the illness and death of our darling baby. May God's richest blessings rest upon each and every one.  
Mr. and Mrs. T. A. Young.

S. S. Howard of Plainview is spending the week here with his son, E. L. Howard. Mr. Howard says that Plainview had received three bales of cotton up to Saturday night and that picking is opening up there fully as early as it is here. He reports a few worms and fears that they will do great damage yet.

B. H. O'Neal Jr. arrived at the home of Mr. and Mrs. B. H. O'Neal last Saturday. B. H. has been so busy entertaining the youngster that he has been letting the boys do the work down at the lumber yard.

Miss Media Clayton left last Thursday for the Sesqui-centennial at Philadelphia. At Lubbock she was joined by friends, who are accompanying her on the trip. They will be gone several weeks.

Mrs. Cassey Jones and baby of Muleshoe spent the first of the week with her parents, Mr. and Mrs. W. T. Clinton.

W. H. Crunk, city attorney of O'Donnell, and J. W. Roberts, editor of the O'Donnell Index, were visitors in the city Monday.

C. G. McCord of the Sweetwater Monument Work was here Monday erecting two monuments in the City Cemetery.

The editor's mother, Mrs. F. P. Hill of Hamilton, came Wednesday to visit a few weeks.

Everybody's coming to Tahoka Oct. 8-9 to the best county fair in West Texas.

Get your farm and garden products ready for the Fair.

**STAR ROUTE ESTABLISHED**  
A star route has been established from Tahoka to Loulynn, and all Loulynn mail is now coming through the Tahoka post office. This service began on September 1. H. W. Calaway Jr of this city was awarded the contract to carry the mail and is now on the job. The mail goes out from Tahoka three times a week, Tuesdays, Thursdays, and Saturdays. The carrier leaves Loulynn at 8 A. M. and arrives at Tahoka at 9:30 A. M. and leaves Tahoka at 4:30 P. M. and arrives at Loulynn at 6 P. M. on each of these three days. Application has been made, however, according to postmaster D. A. Parkhurst to have the schedule reversed, thus giving better mail service and making it more convenient for the carrier.

**GINNING TIME**  
And we want every body to see us at the gin before too late and hear our SONG TOO.  
We can show you better than we can tell you.  
Resp.  
J. H. Holloway 2-4tc

Rev. B. N. Shepherd took his mother to Plainview Tuesday, where they were met by another son of hers who is the Methodist pastor at Tullia and in whose home she will visit. Brother Shepherd's family accompanied them as far as Lubbock, where they visited.

T. P. Massengale and daughter, Elva, of Winters were here Friday attending the funeral of Mr. Massengale's mother, Mrs. Katherine Massengale.  
Write your friends "down East" about the Fair Oct. 8-9.

## We Are Ready

Our plant is in tiptop condition for the season's run. We want to do your **GINNING** We believe we can please you. We are also building a new plant at

## NEW HOME

which will be ready for business in a few weeks. We will appreciate your patronage both at Tahoka and New Home.

## Edwards & Lockhart

### THE BEST IN THE WEST

Backing our faith in Tahoka and believing that Lynn county is as good a cotton country as there is in Texas, we have rebuilt and made

### THE OLD RED GIN

the best that money can buy, equipping it with the best cleaning system made including the latest burr extractors and Murray Airline cleaners. We have installed new boiler and furnace and have spent several months time and several thousand dollars this summer making this gin one of the best in the west.

We will **Buy Your Cotton**

at the gin at all times, assuring you a ready market for your cotton.

Your business appreciated

## West Texas No. 1

The Farmer's Friend  
E. LAM, Manager.

### We invite you to GIN YOUR COTTON IN TAHOKA

- Sell it to Tahoka cotton buyers;
- Deposit you money in Tahoka banks;
- Subscribe to The Lynn County News;
- Read the ads, and the news;
- Come to town and visit us as often as you feel like it;
- Buy your goods from Tahoka merchants; and,
- Save money.

The **LYNN COUNTY NEWS**  
"Your Home Paper"

### WEST TEXAS GIN NO. 2

is already going

This is a practically new gin throughout, having run only one season. We have installed

### NEW BURR EXTRACTORS AND CLEANING MACHINE.

One of the best plants on all the plains. We will appreciate your patronage.

**A. M. WILLINGHAM**

I have bought the Allen gin at Tahoka, which has both round and square bale presses. The plant has been placed in

### First Class Condition

A cleaner and about thirty feet of other cleaning surface have been added. We have the very best make of

### Burr-Extractors

and with this additional equipment we can turn out a better sample even than ever before.

We invite you to inspect our plant and we will greatly appreciate your business.

**GEO. B. LAW GIN CO.**

Absolutely Independent. Geo. B. Law, Mgr.

## The FULLER GIN

has been thoroughly repaired and now

## Ready To Go

New burr-out machines on the stands have been installed, while the entire power plant is practically new.

Good turn-out, good service, assured.

**W. O. Henderson**  
Manager

**ACUTE ATTACKS**

Of Indigestion Helped By Black-Draught.

Black-Draught was recommended to Mrs. Reathia Edmondson, of Williamson, N. Car., by her father-in-law. She says:

"Shortly after I became a bride, I had a spell of indigestion, and my father-in-law told me to take a dose of Black-Draught. I had never heard of it before, but I tried it, and got such quick relief. I have turned to it ever since. About three years ago, I began having acute attacks of indigestion real frequently. I would feel severe pains through the lower part of my body, and they were accompanied by bad gas pains. I took a systematic course of Black-Draught and soon began to feel better. The acute attacks disappeared."

Why Theodor's Black-Draught for indigestion. You can get it everywhere.

**CROSBY COUNTY IS PLANNING BIG FAIR**

The Eight Annual Fair of Crosby County will be one of the best ever held.

There will be special features for each of the four days—A substantial program has been completed. In addition to the special features for the certain days, there will be a free educational Motion Picture Show each evening.

The first day is arranged for the communities of the county to carry out special community program—Each community is to have a Fair Queen and form in big general parade. After the parade the crowning of the County Fair Queen.

The second day is SPECIAL TOWN DAY for all the towns of the South Plains. Several have already indicated that they are coming strong. They will bring their bands, special music, etc. and be privileged to put on any stunts they may wish to. This will also be State Day. West Texas Day and Crosby County Day. Tags will be furnished to distinguish who who.

The third day is for OLD SETTLERS of this beloved West. They will form parade at one o'clock and feature the old time implements, prairie scooner, carts, etc. with the many old time relics and curios. In addition to this, Mr. Haley, Field representative of the Panhandle South Plains Historical Society will bring and exhibit those many old articles that remind us of the great history of the West. Hon. Pink L. Parrish, Mayor of Lubbock will deliver an address in the afternoon of this day. Others have been asked to speak.

Fourth Day is Texas Tech and Public School Day. Dr. P. W. Horn, President of the Texas Technological College, a great man representing a great institution, will deliver an address in the afternoon. The school children will all be admitted free on this day and form a big parade. They will also put on special stunts. A big vocal combat is asked for on this day. Schools, classes, quartets will join in this feature.

The general exhibit hall is expected to be full to overflowing with the finest of exhibits.

Special invitation is extended to all in and out of Crosby County to take part in any special features. Especially is the association anxious to have visitors and those who will take part on Town Day and Old Settlers Day.

Band concerts, parades, Boy Scout exhibitions, horse races, battle royals, boxing, football, automobile show, Harley Sadley shows, track meet—all at Lynn County Fair, Oct. 8-9.

**WIT & HUMOR**

When the preacher called for women to stand up and promise to go home and mother their husbands; only one little woman arose, and when he told her to go home and mother her husband she said: Mother him! I thought you said smother him!—The Ambassador.

Teacher (to boy sitting idly in school during writing time): Henry, why are you not writing?  
Henry: "I ain't got no pen."  
Teacher: "Where's your grammar?"  
Henry: "She's dead."—Clipped

**Pa's A Real Fan**  
"Pa," said Clarence, "what becomes of a ballplayer when his eyesight begins to fail?"  
"They make an umpire out of him," growled his dad.—Exchange.

Leading Tragic Man: "Did you see how I paralyzed the audience in the death scene? They were crying all over the house."  
Stage Manager: "Yes, they knew you weren't really dead."

**Just Guessing**  
Policeman: "You're drunk."  
Gentleman: "di-ju ever see me sober?"  
Cop: "No, I never saw you before."  
Gent: "Then how'sh ju know I'm drunk?"

**T-BAR NEWS**

At the request of Apple Blossom I will write the news of the community.

Crops are fine in this part of the county compared to other parts, if reports be true. We have no worms in this community but they are close by, but I hope the people are not hurt as badly as they think they are. All we need to dread now is the bale weevil.

The next singing convention will be held at T-Bar the first Sunday evening in October.

Wilmer and Beatrice Andrews are visiting relatives in the east.

Brother B. S. Sullivan of Cook county commenced a meeting at T-Bar school house on the night of September 6. He has been preaching thirty years. Everybody is invited to come and hear him and they will not be disappointed. He does not believe in the modern evangelistic way of holding up your finger and joining the church. He believes in the old time way. So if you want to hear an old time preacher come and hear him. Brother Curry of Newmoore will preach at T-Bar Sunday, September 12, at 11 A. M. and also at night.

Say, Uncle Tom, I sure like to read your communications to the News, but say, you said you had got out of the jungles into tall timber. But sometimes, Uncle Tom, there is brush in the tall timber, and you haven't done like Zaccheus yet, when he climbed the tree. He got up where he could be seen. You may have got among the tall timber but you have not started to climb. Say, Uncle Tom, there must be a mutual understanding between you and the editor to keep you hid.  
Uncle Jim.

**TEACHERS COLLEGE BUDGETS ARE CUT**

AUSTIN, Texas, Sept. 5—Building programs of the eight State teacher's colleges were slashed at the final hearing on the budgets presented to the State Board of Control for recommendation to the State Legislature for the next biennium. Only four new buildings were granted one at the Canyon school, costing \$325,000; one at the Huntville school, \$250,000, one for the Commerce institution worth \$200,000, and one for the Alpine school,

costing \$150,000.

A victory scored by the board of regents and the presidents of the institution was a general increase in salaries for teachers, although there were few increases in instructors granted.

The Board of Control first cut the budgets for the eight schools to practically the same amount of the present biennium, but because of the

low salaries paid, readjustments of

the budgets were made Friday and the Saturday, and, after the conference, the regents, presidents and members of the Board of Control stated that satisfactory arrangements were made.

Because of the revision of the budgets, definite figures on the requested appropriations can not be obtained until the budgets are recompiled.

**FORD SERVICE**

Is the Nearest and Most Dependable Service

You can get over 32,000 Ford Service Stations in the United States. You can get Ford service at as many places as you can get your mail—service that is reliable and dependable.

Bring your car in or phone us and we will put your car up in first class shape at a very nominal price.
