LYNN COUNTY—THE HEART OF THE SOUTH PLAINS—THE HOME OF KING COTTON

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, October, 14, 1926

Number 7

Early Days In Lynn Co.

By MRS. H. C. CRIE, Formerly Co-Editor of The Lynn County News and an old-timer in this section.

Harley Sadler has come and gone, greatly to the edification of the town and surrounding country.

How Time turns backward for us and we compare Now with the days that are gone! With the lovely sleeping quarters at the Keltner, the St. Clair, and other houses, good things to eat at the "Club" and "Central" to say nothing of numerous "joints" where a toothsome hamburger or a dish of chili may be had, the spacious tent lighted wonderfully by our City Plant, "Backward, turn backward, O Time in your flight," and perceive, winding along an uncertain trail, a covered wagon drawn by a pair of tired ponies. Their arrival gathers the usual crowd and word is passed around that it's a show. O, Joy! A man and his wife, two kids and a white dog all members of the show. Preliminaries were soon arranged and the canvas wall was up, one corner of which was attached to the wagon wheel. Lanterns were solicited, and lucky was the boy who produced a lantern and got in free. Wagon seats, chairs, and a few stray boards were arranged, and as soon as the show folks got their supper cooked over a camp fire, the crowd gathered.

Show Comes to Town

The show consisted of songs by the proprietor and wife, a few tricks jokes, and the dog held a potato on his nose and fell dead when told to do so. The kids said funny speeches. The little girl was loudly cheered when she threw a kiss at the audience and then fell off of the box on which she stood while doing her turn. They stayed a couple of days to rest the team, as the trip from Gail had been pretty hard on them. We got to be pretty good friends and they said that they were just starting out and hoped to be quite a show some day.

We were so few and entertainment was so scarce that nothing was overlooked. The long, sleepy Sundays were beguiled in a good many ways when there was no preaching. The youngsters most all had ponies. One of the favorite pastimes was friendly races, the popular track being the street which runs north and south in front of the Keltner and the Security State Bank. The old hotel was situated just north of the bank, and the porch was a good place to watch the fun. The same ponies did duty passing the word if a stray preacher came to town, and it was possible to get him to preach. The court house was the meeting place for every gathering. We went there to worship, to have Sunday School, and to dance. Our song books and Sunday School literature were kept on the floor under the judge's desk and the boys kept their banjo and fiddle under the desk, too. Whoever was going to hold forth had to dig out their own paraphernalia, as the last used articles were always on top. On one occasion the preparations for a dance were going forward and some girl wished they had a waxed floor so that their shoes would not wear out so badly. Some one suggested that they grease the floor. A bucket of tallow was procured and the putting it on with a mop got too tedious, so it was melted and put on in a little stream all over the floor. When the dance began and the soles of the shoes began to warm up, the fun began. A hot shoe sole on a string of tallow made a very uncertain footing and the party soon became a "sitting bee," a spirited contest as to who could sit down the fastest and get up the slowest. Some ingenious guest suggested that they sand the floor and remove the difficulties. Willing hands soon had the remedy applied, and the fun went forward.

(Continued on back page)

COURT TERM TO END SAT.

Will End After Four Weeks Term; Civil Case and Criminal Cases Draw Attention of Court

The fall term of the district court will come to a close Saturday, this being the fourth week of the term. A civil suit, The Garza Land & Cattle Company vs. the Redwine Independent School District, is on trial as we go to press Thursday morning. The case involves taxes alleged to be due the district by the Company, payment of which the Company is resisting on the grounds that the valuation upon their property has been placed too high. The case was tried at a previous term of the court, appealed, and reversed.

Another criminal case will probably be called for trial as soon as this trial closes.

The case against Edwin Stell and Fred Dawson, charged with rape, was called for trial Monday morning. Stell filed a motion asking for a severance and his case was thereupon dismissed upon the motion of the district attorney. Dawson filed a motion for continuance, which was granted.

Joe Grigsby, colored, was convicted last week after our paper was published on a charge of violating the liquor laws and his punishment was assessed at one year in the penitentiary. Arthur Helms, a young man living a few miles south of town, pleaded guilty to forgery and was given a five year suspended sentence.

Congressman Jones in Tahoka Friday

Congressman Jones of Amarillo was here last Friday greeting his friends, having come down to attend the Lynn County Fair, not having learned that it had been called off. Of course, he expected to speak, giving an account of his stewardship at Washington. He thought it possible that he would make an appointment here at an early date.

Mr. Jones is one of the most popular members of the Texas delegation at Washington and seems to be serving his district most acceptably. He has not had an opponent for the Democratic nomination in several years.

While here Mr. Jones was the guest of his old time friend, Rev. Jno. Eldridge.

Rain Again Halts Cotton Picking

Rain last Friday night and again Wednesday night and Thursday of this week has greatly interfered with the gathering of the cotton crop. Cotton has been coming into the yard very slowly, therefore except on Tuesday and Wednesday, when it began to look as if the cotton season was really on again. Up to noon Thursday only 1338 bales had been received at the local yard. Much cotton is wasting in the fields.

A light rain visited Tahoka again last Friday night amounting to .29 of an inch. In some parts of the county, however, the rainfall was much heavier, particularly north and west. At Lubbock the rainfall was very heavy, while at Plainview, Littlefield and all over the central plains the downpour was terrific, one of the heaviest rains of the season.

The skies cleared Saturday and remained clear until Tuesday night, when they again became overcast and there was just enough mist during the day Wednesday to stop practically all cotton picking. Rain fell during the night amounting to .39 of an inch, and more seems probable as we go to press.

UNCLE IKE MARRIES NEWMOORE COUPLE

Clyde Coyle and Miss Ora Kay of the Newmoore community were made happy Wednesday when Judge I. P. Metcalf pronounced the words that made them husband and wife. They will reside in the Newmoore community.

FOR GOVERNOR

COL. HARVEY H. HAINES of Houston Republican Nominee for Governor

CRIE RELICS GIVEN SOCIETY

Local Collection of Rare Books Put on Display by Panhandle-Plains Historical Society

Evette Haley was here Monday collecting relics and information for the Panhandle-Plains Historical Society, which is fostered by the W. T. S. T. College at Canyon, and Mrs. H. C. Crie furnished him some rich material for the society. Among the relics which she loaned the society were a goose-quill, which Henry Wadsworth Longfellow used, a book containing Longfellow's autograph, a rare volume of the life of Lincoln, a family album 100 years old, a cup and saucer 150 years old, a copy of the first edition of The Spectator, and other rare books, and also some pictures from the early days of Lynn County. These and other material furnished by Mrs. Crie will make a "Crie Adair" collection in the archives of the Society, and will be valuable material for the future historians of this county.

Hog Tires to Drive Car; Wreck Result

G. T. Brewer was the victim of a near-serious accident Monday afternoon when the car which he was driving went into the ditch about 8 miles south of town on the Highway. One of his legs was slightly hurt, one arm bruised, and a patch of skin taken from one of his hands. One of the front wheels of the car was wrecked, the radius rod broken, one fender bent up, and other minor damage done to the car.

It all happened when a shoat which Mr. Brewer bought and was bringing home with him in his car apparently didn't like the way Mr. Brewer was driving and undertook the job himself. "I had put the hog in the back end of my car," Mr. Brewer states, "and had come about three miles when I stopped to see how the animal was doing. I found that he was hot and almost dead. I dragged him out of the car and let him cool off and revive. Then I placed him in the car just in front of the front seat. I had my foot under him and on the brake. As I was coming down a rather steep hill the shoat suddenly jumped up and climbed right upon the steering wheel. I grabbed him with my right hand and tried to pull him off while I guided the wheel with my left hand, but in spite of all I could do he stayed right upon the steering wheel and forced my car over into the ditch. The ditch was at least five feet deep at that point."

Some Mexicans came along and helped Mr. Brewer lift the car out of the ditch back into the road and a Tahoka garage man was sent for to bring the car in. "I finally got home with my hog all right," Mr. Brewer concluded, "and this morning he was apparently happy and contented, just as if nothing had happened. But I lost almost a whole night's sleep as a result of that hog's deviltry, and no other shoat is ever going to get a chance to ride on the front seat with me."

Many Entries In County Club Contests; Awards Are Made

REPORT CARDS OUT SOON

First Six Weeks of School End; Change of Schedule Will Be Benefit to Farmers

(By M. L. H. Baze)

This week ends the first six weeks period of school in the Tahoka district. Reports of pupils of the high schools will be mailed out next week. Reports of pupils below the high school will be sent on regular report cards to be signed by the parents and returned by the pupils. High School reports are to be examined by the parents and filed for future reference. It is the intention of the Administration to get reports to the parents of each child in school. If a parent does not receive record of the work of his child inquiry should be made. It is not intended that the pupils themselves open the reports before they come into the hands of the parents. If any parent fails to get a report card, it is his duty and privilege to call the school to find the reason why he did not receive such report.

Plans are under way whereby pupils will be released early in the afternoon in order that they can be of help in gathering the cotton crop. It is possible that the plan will be in operation before the week is over.

School in general is settling down to the best report that can come from the school, and is pretty good evidence that other things are taking care of themselves to a large extent. Standards are still too low throughout the entire school, but it is the purpose of those in charge to raise the character of work from the first grade to the eleventh during the year. Preparations are under way to attempt accrediting in public speaking this year. This is the only new subject that will be added during this session. It will be the purpose of those in charge to add some attractive courses as soon as facilities can be provided.

Lubbock Sends \$50 To Tahoka Band

The Tahoka Bank received a \$50 check Tuesday from the Panhandle South Plains Fair Association for their services during the recent fair held in Lubbock. Fair officials said they greatly appreciated the interest shown by Tahoka in the fair.

The gift was very much appreciated by the band, as it is not in the best of financial condition.

The band is attracting much attention on the South Plains and is proving a very beneficial factor in advertising Tahoka. Local citizens should come to the aid of the organization and not only put it on firm financial basis, but keep it there.

H. S. Students Form History Club

The History and Civics students of the Tahoka High School met in the Senior Room of the High school building at 4:00 p. m., October 6, 1926, for the purpose of organizing a History Club. Those meeting the requirements decided upon by the club members will be rewarded with one-fourth credit at the end of the school year.

Those elected as officers were as follows: Evelyn Hatchett, president, Kathleen Lam, vice-president, Alice Small, secretary, Frances McKay treasurer, Venoy Coughron, reporter, and Henry Burkhalter, sergeant-at-arms. Numerous committees were appointed by the sponsor, Mrs. H. L. Tunnell. October 20 was set as the time for the next meeting.

Simmons Cowboy Band Here Tuesday

About 28 members of the Simmons Cowboy band spent a few hours in Tahoka Tuesday. Conrad Lam of this city was one of the number and other members of the band had friends in the city, one of whom was Mr. Williams, principal of the high school. The band was on its way to Rosewell where the Chaves County Cotton Carnival is being held this week.

FIRST LYCEUM GIVEN TUES.

Apollo Duo Present Entertaining Program; Other Numbers To Follow This Winter

The first number of the Lyceum course being given under the auspices of the American Legion and the Chamber of Commerce was presented at the Star Theatre Tuesday night, the Apollo Duo. It was a musical program, and the numbers given by Mr. and Mrs. Wells, the entertainers, on the piano, the banjo, the saxophone, the bassoon, and other musical instruments were greatly enjoyed by the small audience. We have not learned the receipts of the evening, but evidently the entertainment was not a prodigious success financially. Though sponsored by the American Legion and the Chamber of Commerce very few of the members of these organizations were present.

Emmett Whitaker Marries at Anson

Emmett L. Whitaker, democratic nominee for representative from this district, and Miss Della Lee Pitts were married at Anson on Saturday, October 2, according to the Scurry County Times published at Snyder, in whose shop Mr. Whitaker is employed at the present time.

Mr. Whitaker is a printer and has been employed in various newspaper and printing shops in this part of the state during his past few years. He was linotype operator for the News several months during the year 1925, resigning in the fall to enter Wayland College to prepare for the ministry. He remained in school only a few weeks, however, and last spring announced his candidacy for the Legislature. To the great surprise of his friends he was nominated, being less than 21 years of age at the time of election.

Miss Pitts formerly resided at Seminole and removed from that place to Anson with her parents a few weeks ago.

Local Couple Has 54th Anniversary

Uncle Ike, the accommodating "Squire," who has officiated at more weddings perhaps than any other Justice of the Peace on the Plains himself had a wedding anniversary today (Thursday).

He and Mrs. Metcalf were married 54 years ago today, and he is still so proud of his "better half" that he had to come around to the News office and tell it to the world. Uncle Ike has had a most colorful career, and as he and Mrs. Metcalf gradually approach the Golden Gate of their lives, beyond which is the glorious sunset they look back upon a long path strewn with the roses of love, darkened now and then by shadows of sorrow, but brightened always by the soft glow of hope or the radiant light of faith. We rejoice to present them this little bouquet of good will and good wishes while they are yet here to enjoy it.

Hal Singleton and Ben Moore of O'Donnell were business visitors in Tahoka Wednesday.

COUNTY CLUBS EXHIBIT WORK

Women and Girls Clubs have Display in Spite Fair Being Called off

The exhibits brought in and placed on display in the court house by the Women's and Girls Clubs of the county last Friday and Saturday, under the direction of Miss Halsey, home demonstration agent, were perhaps the best and most complete exhibits of the kind ever assembled and shown in Lynn county. Nearly all the clubs of the county were represented and the spacious rest room as well as Miss Halsey's office, was temporarily converted into an exhibit hall, was literally filled with the handiwork of the women and girls. Many people called during the two days and admired the exhibits and those who failed to do so missed a rare treat. Miss Hammer, demonstration agent of Lubbock county, did the judging. These exhibits would have been on display in the booths provided for the purpose on the fair grounds had the fair not been called off. Miss Halsey is to be congratulated upon the fine showing made by her clubs. The list of awards is shown below.

- Women's Work
 - Sour Pickles or Relish—1st, Edith 2nd, O'Donnell, 3rd, New Home.
 - 6 Quart Canned Products—1st, O'Donnell, 2nd Edith, 3rd New Home Soap—1st, Draw, 2nd O'Donnell, 3rd, Midway.
 - Two Labor Saving Devices—1st, O'Donnell, 2nd Draw, 3rd, Edith.
 - Three pounds of Butter—1st Edith 2nd, O'Donnell, 3rd, Draw.
 - Pillow cases—1st, O'Donnell, 2nd, Wilson, 3rd, Wells Club.
 - Braided Rug—1st O'Donnell Club, 2nd, Mrs. R. P. Ledbetter, Wells, 3rd Dixie.
 - Jellies—1st, O'Donnell Club, 2nd, Edith, 3rd, Wilson.
 - Dried Fruits and Vegetables—1st O'Donnell Club, 2nd Midway Club, 3rd, Edith Club.
 - Three Quarts of Preserves or Sweet Pickles—1st, O'Donnell, 2nd, Wilson, 3rd, Edith.
 - Girls Cotton Dress and Bloomers—1st, Mrs. H. Peniger, Edith, 2nd, Mrs. Bealy, New Home, 3rd, Miss Appling, Midway.
 - Boys Cotton Suit for Child under 6—1st, Mrs. W. E. Dickenson, O'Donnell, 2nd Mrs. Cowan, Midway, 3rd, Mrs. Parris, Edith.
 - Wash Dress and Cook Apron—1st, Mrs. Burkhalter Magnolia, Grass lann, 2nd, O'Donnell Club, 3rd, Edith Club.
 - Table Cloth or Lunch Cloth—1st, Miss Ledbetter, Wells Club, 2nd Mrs. Lunsden, Wilson Club, 3rd, O'Donnell Club.
 - Guest Towel—1st, Wells, 2nd, Wells, 3rd, O'Donnell.
 - Three Pounds Cottage Cheese—1st O'Donnell.
 - One Cake or 12 C cookies—1st, O'Donnell, 2nd T-Bar, 3rd Edith.
 - Hats—1st, O'Donnell.
 - Club Record Book—1st, Draw-Red wine, 2nd, O'Donnell.
 - Varieties—1st, O'Donnell, 2nd, Wilson, 3rd, Edith.
 - Poultry—1st, Mrs. E. L. Arnold, T-Bar, Best old pen, best young pen best Turkey Tom, best Turkey hen.
 - Girls Work
 - 1st year—1st place, Carrie Maude Huff, Lynn Club.
 - 2nd year—1st Place, Pearl Hammond, Edith Club.
 - 3rd year—1st place, Naomi Dulin, Wilson.
 - Canning
 - Canning, 1st Year
 - Quart Tomatoes in Glass—1st Years Work—1st place, Oleta Huff, Lynn Club; 2nd, Carrie Maude Huff, Lynn; 3rd, Pearl Hammond, Edith.
 - Quart Fruit in Glass—1st, Pearl Hammond, Edith, 2nd, Carrie Maude Huff.

BLEDSE—Building operations for a new gin with four eighty saw stands have begun here.

Texas Tech Has Large Enrollment

LUBBOCK Oct. 1.—The registration of students at the Texas Technological College at the close of the first week had reached 1,270 and with a few late arrivals the first of the week, the number has now reached approximately 1,300, according to the most recent announcements. The number enrolled for the same time last year was 743, making the increase this year approximately 66-2-3 per cent. Should the enrollment continue on the same basis, there will be 1,700 students in the Tech before the close of the year.

With the large enrollment the Tech buildings are taxed to their capacity. All the class rooms are crowded and some of the classes are meeting in the agricultural pavilion and the cafeteria, while some of the smaller classes have been meeting in the offices of the professors. One class has been meeting temporarily in the president's office. A chemistry laboratory has been built in the basement, and the head of the department of biology has arranged an office in the west tower of the administration building. Other inconveniences of this kind are being experienced.

The increase has been substantial in every department and in each of the four schools. The College of Liberal Arts is still leading as it did last year, with the College of Engineering second, the School of Home Economics third, and the School of Agriculture fourth. The College of Home Economics and the College of Agriculture were both small last year, both show a substantial increase this year. The cadet corps and band are also much larger.

Of the 1,270 students enrolled Saturday, there were 814 boys and 456 girls, or almost two to one as was the case last year. There were 717 boys last year and 336 girls.

The work of organization has been completed with much more success than last year, and class work is already well under way. Very few changes in individual schedules are being made, according to the deans. The clubs are reorganizing. The freshman class met last week, and will organize this week. The sophomores will form their class organization soon, and will probably be followed by the organization of the juniors and seniors.

DINNER STORIES

While the train was waiting on a side track down in Georgia, one of the passengers, a New York man walked over to a cabin near the cracker dig, bowing. The passenger asked a native why the dog was howling.

"Hookworm," said the native. "He's lazy."

"But" said the stranger, "I was not aware that the hookworm was painful."

"Tain't" responded the garrulous native.

"Why, then," the stranger inquired, "should the dog howl?"

"Lazy."

"But why does laziness make him howl?"

"Wall, said the Georgian, "that blame fool dog is sitting on a sand-bur, and he's too lazy to get off, and so he jes' sets thar and howls an' howls 'cause it hurts."

A SURE SIGN

Bill—"How's your brother getting along in the hospital?"

"Oh, I don't think he'll be out soon."

"Why?"

"I saw his nurse today."

THE GO-GETTERS

I hate to be a kicker, I always long for peace.

But the wheel that does the squeaking is the one that gets the grease.

Sanford Herald.

You tell 'em kid—you're peaceful and not too hard to please.

But the dogs that's always scratching is the one that has the fleas.

—Miami Tribune

"I hate to be a kicker" means nothing in a show.

The kicker in the chorus is the one that gets the dough.

Younstown Telegram.

The art of soft soap spreading is a thing that palls and stales.

But the guy who wields the hammer is the one who drives the nails.

And there is a flapper Fanny with a problem she's perplexed.

All dated up for this world, she's begun to date the next.

Barnes Circus to Show in Lubbock

Will Exhibit Afternoon and Night; Oct. 22; Larger Than Ever

The announcement of the Al G. Barnes & Ring Circus appears in this issue. The coming of this organization is welcome news, as the Al G. Barnes Circus is one that always presents clean, wholesome and entertaining programs.

This year, according to announcements, the circus has been greatly enlarged, and in addition to all new spectacles of Pochontas at the court of Queen Anne with the enormous cast, selected from 1000 employees, other new features are: 180 horses in one act, the Fes-Ton Tribe of Arabs from the Sahara Desert—their first visit to America, the Canton Troupe of Chinese Circus Artists, The Imperial Midget Family from Bavaria, Joe Martin, (himself), the Giant Gorilla man, Lotus, the only performing hippopotamus in the world, and the famous exclusive Al G. Barnes Feature—40 dancing horses and 40 Dancing Girls, and Al G. Barnes appears in person at each performance.

Owing to the enormous size of the Circus this year the management announces that no street parade will be given in any city visited, however in place of the omitted procession, a mammoth open air Free Exhibition will take place on the show grounds at 1:00 and 7:00 p. m., immediately preceding the opening of the doors to the circus, and the largest traveling menagerie in the world, comprising over 400 rare animals from all quarters of the earth. The Circus performance starts promptly at 2:00 and 8:00 p. m. Ample parking space for automobiles is reserved on the show grounds and a City Ticket Office, where numbered reserved seats may be obtained at the same price charged on the show grounds is maintained in each city. (Advertisement).

ALAMAGORDO, N. M.—A saw mill with 100,000 board capacity per ten hour shift, and a large box factory are under construction here by the Breece Lumber Company of Albuquerque.

The BIGGEST Dollar's Worth of QUALITY

CHEVROLET

The Coach \$645

Today's Chevrolet is a revelation in quality motor car value! Only the economies in research, purchasing and manufacture resulting from Chevrolet's own gigantic facilities and those of General Motors, make it possible for Chevrolet to offer, at \$645, a COACH that provides—

- beauty and riding comfort that are unsurpassed by any other car of comparable price—
- economy and dependability that establish new standards of motoring delight—
- thrilling qualities of performance that stamp it as the smoothest Chevrolet in Chevrolet history and the leader in its field.

Let us prove Chevrolet's performance and comfort on the road. Only then will you realize that no other car—with less than the backing of Chevrolet's and General Motors' tremendous resources—can possibly offer quality so high, at a price so low!

Secretary Jardine Discusses Cotton Plight

The following is a letter recently written by secretary Jardine to Edward O'Neal, president of the Alabama Farm Bureau, Mr. Edward O'Neal, Montgomery, Ala.

Dear Mr. O'Neal:

I realize fully the gravity of the situation which you discuss in your letter with reference to the cotton farmers of the south. I am convinced that this situation is very large due to panic conditions which, it is hoped, are only temporary. The basic economic conditions of this country are sound, and cotton producers must soon realize that the intrinsic value of this crop has not changed in these few weeks. The people of the world need all the cotton that we can produce. We are in a position to supply their needs in an orderly manner. Cotton is not a perishable commodity. We have the necessary facilities for storing the crop for months or if need be for years and ample credit to carry it. Cotton in storage is probably the soundest basis for credit that we know.

I am glad to note the evidence that these facts are rapidly gaining general recognition throughout the South. It is my earnest hope that the present stampede may be checked while the major part of the crop remains in the hands of the farmers. The bankers and many business agencies of the South are loyally cooperating to restore confidence, and I assure you that the Department of Agriculture is actively supporting this movement.

Other agencies of the Federal Government are also available. Credit facilities through the ordinary banking channels appear to be adequate, but we have in addition, if needed the services and resources of the intermediate credit banks. It's just for such emergencies as the present one that these banks were established. Those in charge of them have assured me that they are ready to do everything in their power. At present they are loaning money freely to the cotton cooperatives, and are prepared also to extend credit to other cotton farmers.

News Has A New Linotype Operator

Miss Ethel Purnell, who has been linotype operator for the News the past year, has resigned her position and Mr. Pfluger Wampler of Lorenzo has been engaged to take her place at the machine. Miss Purnell will probably accept a position with some other newspaper soon. Her home is at Lewisville.

Mr. Wampler comes well recommended as an operator-printer and as a young man of high character.

Pfluger Wampler, son of Mr. and Mrs. H. Wampler of this city, and who has been with the Crosbyton Review, at Crosbyton for the past two months, as linotype operator, has resigned that position and accepted a like place with the Lynn County News at Tahoka, and is now in that city.

Pfluger is a good operator and is climbing upward in his chosen profession mightily fast. He spent a year in the office of the Tribune and we have never had the opportunity of teaching a young man the trade who was as bright as Pfluger. We are watching his progress very closely, and we are sure that his many friends in Lorenzo will receive this bit of news with much joy.—Lorenzo Tribune.

Pfluger Wampler who has been with the Review for six weeks and previous to that with the Lorenzo Tribune, is now with the Lynn County News, a permanent place as Linotype operator.

Pfluger is a good operator, a good printer and a fine gentlemanly young man with it. We would have like to have kept him, had the work justified and we are mighty glad that he has a permanent place and we are wishing him abundant success in the years to come.—Crosbyton Review.

State University Distributes Biographies

Rural and small town residents may borrow about 500 biographies from the state library, Austin, for payment only of transportation postage.

"Some Notable Men and Women" is the title of a mimeographed list, which is now being distributed by State Library, giving the surname of the subject of the biography, the author, and the date of nearly 500 biographies in the State Library.

The purpose of this list, Miss Octavia F. Rogan, State Librarian, said is to let residents of the State know definitely what biographies may be borrowed. In the past, inquirers have had to be told that the library either did not have the requested titles or that they were too rare to be circulated.

A copy of the list "Some Notable Men and Women," with rules for borrowing the books listed may be obtained gratis by writing the Texas State Library, Austin, Texas.

W. M. S. Has a Unique Program

The Woman's Missionary Society met Monday afternoon. The study was opened with the hymn, "Rescue the Perishing," being sung by the 15 members present, the words dipping down into our hearts, begging us to do something toward lessening the burdens and fear of the Moslem women.

Mental pictures and brief speeches were given by Mrs. Turentine, Mrs. Marshall Stewart, Mrs. Robinson, Mrs. Slaton, and Mrs. Sanders, who acted as imaginary delegates having been sent into the Moslem schools, homes, hospitals, and into the daily lives of the women and children. These sketches were extremely interesting. Yet the facts which truly exist among these Moslem people are horrid beyond our imagination.

Prayer in Unison.
 Note—We wish to thank those who assisted us in any way with our successful sale of stamped pieces. We have a few pieces left. They are bargains. For information concerning them, call Mrs. Hamilton or Mrs. Eldridge.

T. C. Richardson, field Editor of the Farm & Ranch was here visiting the fair and getting material for articles for his publication last Friday.

For neat and satisfactory work, see Mrs. A. L. Holloway, dress maker at Larkin's store. Work guaranteed. 7-2c

SOUTH WARD NEWS

Howdy folks! Here comes Sunny South Ward creeping into the Lynn County News. Things have been happening out here all along, even if we have been rather quiet about them.

We have a live Sunday School here now. It seemed fine to have another beautiful Sabbath, so we were glad to go to Sunday School last Sunday. And what is more, we are going again next Sunday.

Mr. W. P. Inman entertained Mr. Gollehon and family from Gar-Lynn and Mr. and Mrs. Griggs from South Ward last Sunday. A good dinner was especially enjoyed by all present.

Misses Lorane and Della Hunt were members of a kodaking party Sunday afternoon.

The young people of South Ward enjoyed a singing given by Mr. Ernest Hickerson Sunday afternoon.

Mr. Jesse Osborn from Central Church community was a visitor with friends here over the weekend.

Mr. and Mrs. Garland Pennington are the proud parents of a little girl.

Owing to the low price of cotton and few hands, a number of the school children are staying out to work. The teachers and children of South Ward will be glad when we can have a full school again.

NEW LYNN ITEMS

Well, well, how do you like the weather?

Everything is going smooth out at New Lynn now. Cotton sold Tuesday for 11.55; what do you know about that?

Mr. Robbins and Huff returned Monday with a crew of cotton pickers, but won't tell where they got them. We could use several hands in this community.

Mr. L. V. Price received the sad news Tuesday that his baby girl, little Billie, was in a dangerous condition and not expected to live if she did not make a change for the better in the next few days. We all extend our sympathy. We hope to hear better news soon.

Mrs. E. W. Baggett made a business trip to town last Monday.

Bro. W. G. Shelton, the Nezerene pastor, filled the pulpit Sunday and rendered a very interesting and encouraging theme.

Grandmother Jones has returned home after an extended visit with relatives and friends in the East and in Oklahoma.

A large congregation assembled at West View Sunday to hear the able Baptist preacher, Bro. Halman of Southland, but were much disappointed, for he did not come.

Mr. and Mrs. A. Y. Pemberton of O'Donnell were visiting among their friends at New Lynn Sunday.

News seems to be scarce right now. Everybody wearing a long face and won't say much. Let's not be weary and fall by the wayside. Just keep looking up, there will be a way for everybody. The Lord has promised bread, and that's a living, so cheer up and do the best you can. Everything will be all right in the end.

LAUGHING WATERS

Let me do your sewing. Work guaranteed. Mrs. A. L. Holloway, dress maker at Larkin's store 7-2c

Methodist to Give Pageant Sunday
 On Sunday evening at 7:15 a pageant entitled "The Voice of the Future" will be given at the Methodist Church. All parents are especially invited since the play deals with the future of the children. In addition to this part of the program, the children of the Beginners, Primary, and Junior departments of the Sunday School will take part. All parents of the children are urged to be present.

"The Voice of the Future"
 The Voice—Miss Merle Smith
 The community—Mrs. Herman Turner.
 The Day School—Mrs. L. E. Turentine
 The Sunday School—Mrs. B. L. Hamilton.
 Father and mother—Mr and Mrs. Strain.
 Children—Margaret Tunnell and Jack Coughran.
 Procession of successfulems.
 Procession of wastrels, murderers etc.
 Pianist—Mrs. Held.
 Choir—Miss Jewel Sargent, Mrs. Mrs. Tunnell, Mr. Base, Clifford Jonak, Mr Taylor.
 Director—Mrs. Eldridge.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

WANTED—At Tahoka, a fair that refuses to be called off.

Hogs and cows and chickens and turkeys will eat maize and kafir but they can't eat-cotton. The south plains ought to be the greatest stock farming and produce country in the world. Some time it will be.

Tahoka should become one of the greatest produce markets in Texas. There should be thousands of pure bred chickens and hundreds of Jersey cows in Lynn county next year helping to make the people prosperous and contented.

There are at least 220,000 reasons why Ma should resign, but there are probably \$\$\$\$ reasons why she doesn't.

One firm in Tahoka reports the sale of some 15,000 tin cans this season. Verily Lynn county folks are preparing to live at home! Wouldn't it be interesting to know who has done the most home canning this year? Let's have some reports, ladies.

Lynn county farmers will never quit raising cotton, for this is one of the best cotton sections of Texas, but they have learned that they can raise other things just as well that are sometimes more profitable. Many of them are going to practice diversification from here on out.

It has been suggested that citizens organize a county fair association, buy and equip fair grounds, and run the enterprise as they would a private business. If men can be found who are able and willing to invest in such an enterprise, this will undoubtedly prove to be the best way to have a successful county fair annually.

Heard in any town:
"Sure, we can do it easily."
"Naw, we can't do that."
"It will take a lot of work, but we can do it."
"No, its too late now."
"Now, when I lived in Bunktown, we did it this way."
Any civic project. A big task reveals the stratas of human nature. Which type builds a town? Think it through.—Olin E. Hinkle in Sweetwater Reporter.

Read The Want Ads!

"More wheat and less cotton" is going to be the motto of many Lynn county farmers this fall. Its a good motto.

The Dallas News thinks that the penalty for violating the liquor laws should be millified and that this character of offence be reduced from the grade of felony to that of misdemeanor. It takes the position that jurors often refuse to send men to the penitentiary for violations of this law, however convincing, the evidence against them, whereas jurors would convict and send them to jail or impose a fine if the penalty were reduced so that they could legally do so. The severity of the punishment, it argues defeats the enforcement of the law. We think the News is in error. It has been our observation, and we believe that the records will bear out our statement, that relatively more bootleggers are convicted and sent to the penitentiary under the Dean law than were convicted and sent to jail under the local option laws. Besides a penitentiary penalty has an infinitely greater deterrent effect, than a mere fine or short jail penalty would have. As proof that it would be unwise to reduce the penalty, as the News suggests, we cite the fact that, as all peace officers can testify, bootleggers invariably prefer to be tried in the federal courts; rather than the state courts, for in the federal courts they may get off with a fine, where as in the state court they must go, or run the risk of being sent, to the penitentiary. If the suggestion of the News were followed, there would follow such a deluge of bootlegging in this state as it has never known before. There doubtless are instances in which the penalty seems too severe and where jurors occasionally refuse to convict on that account, but this evil is infinitesimal as compared with the flood of evils that would follow a modification of the penalty. There should be no letting down of the bars to the bootleggers and moonshiners.

The Times-Signal hopes that his readers will be on their guard against peddlers, fakirs, grafters, who are already making their rounds in an effort to get some of Scurry County folk's hard earned money from cheap priced cotton. Bear in mind the fact that those fellows who never saw you before, and may never care to see you again, are not out for their health, nor yours, but to try to sell you something that can be bought right here in Snyder from men who pay taxes to keep up your schools and other public institutions and who are always glad to help you in times of need. In many cases they have extended you credit, and it seems nothing but right that you spend your cash with them.—Snyder know and who know you.

Well said, brother Martin. The same is true over here at Tahoka. "Where the carcass is, there will the eagles be gathered together," and where there is any money lying around loose there will be grafters to snap it up. It will pay our people to buy from dependable home-town merchants. Pass up the peddlers and fakirs and mail order houses and patronize those whom you Times-Signal.

THE MAN WHO WINS
The man who wins is an average man;
Not built on any particular plan;
Not blessed with any peculiar luck;
Just steady and earnest and full of pluck,
When asked a question, he does not "guess."
He knows the answer "No" or "Yes."
When set atask he cannot do,
He buckles down till he puts it through.
Three things he has learned; that the man who tries,
Finds favor in his employer's eyes;
That it pays to know more than one thing well;
And it doesn't pay all he knows to tell,
So he works and works until one fine day,
There's a better job with bigger pay.
And the men who shirked whenever they could,
Are led by the man whose work made good.
The man who wins is the man who tries,
Who uses his hands, his head and his eyes;
Who neither trouble nor labor shirks;
For the man who wins is the man who works.
—Charles E. Bartlett.

WHAT IS MAN

What is man, that thou art mindful of him? These are days when it is Big Man, little God. These are days when it is gigantic "I" and pigmy "God." These are days when it is "ponderous man and infinitesimal God."

There are about 1,400,000,000 people on the earth. You are one of that number, so am I. If I could take an auger and bore a hole in the top of the sun, I could pour into the sun 1,400,000,000 world's the size of the planet upon which we live, and there would be room in the sun for more.

Then think of the world, its size, shape, composition, and God made that world, the God whom you curse, the God who wants to keep you out of hell, the God whose son you have trampled beneath your feet.

If you take 1,400,000,000, and multiply it by 1,400,000, and multiply that by 1,000,000 and multiply that by millions, and multiply that by infinity; that is God. If you take that 1,400,000,000 and subtract 1,400,000,000, and subtract on down, that is you.

You are all on a journey to eternity. Oh! what will be the end? "What though no real voice, nor sound, Amid the radiant orbs be found? In reason's ear they all rejoice, and utter forth a glorious voice, Forever singing as they shine; The hand that made us is divine." — Sudan News.

PLUCKY BLIND MAN

Dan Carroll lives in Parker County and is blind. He has a family to support. He was recently nominated for tax collector of Parker county which in itself shows that his neighbors believe in him. "There is a reason," Dan Carroll doesn't believe in sitting down and bewailing his affliction. There will be no taxes to collect until January 1st, so he has gone to the cotton patch a pick cotton.

He can pick 250 pounds a day, locating his bolls by running his hands up and down the stalks. He picks the cotton pretty clean, but has a small boy to go with him to gather what he may miss. Men of the Dan Carroll type are few and they can always find a way to take care of themselves.—Hereford Brand.

NEWS

T-Bar is still needing cotton pickers. There was a singing at J. C. McCrory's last Sunday night.

Brother Curry preaches at the school house the second Sunday morning in every month; Brother Hicks every fourth Sunday afternoon at 3:30 o'clock.

Mabel Crews spent Saturday and Sunday with T-Bar folks.

Everybody is invited to attend the singings at the school house Sunday evenings.

ANNUAL FALL BARGAIN RATE

The Reporter Publishing Company has announced a Fall Bargain Rate on the Abilene Morning News, including the Sunday and Daily issues for only \$4.70 for one year by mail only. The Morning News is published six to eight hours later than any other state paper circulating in West Texas. It carries the full Associated Press News, a sport page, and many features of interest to every member of the family. Subscriptions will be taken at the office of the Lynn County News.

SHE TELLS THE STORY OF MANY OTHERS

Dr. W. C. Rountree, Texarkana, Texas.
Dear Doctor—About 8 years ago I was taken with a bad case of stomach trouble. I got better in Winter and worse in Spring and Summer. I suffered untold agonies, took many kinds of medicine and found no relief. After four years I broke out with something that looked like sun burn. At first it appeared on my hands, later on my face and neck. My mouth got sore, feet burned and swelled until I could hardly walk. My heart beat too fast and I had a hurting in my chest. Some one sent you my name and you sent me one of your little books and Questionnaire, but I did not order your treatment at first, but instead I got worse. Finally I got so bad that I could not walk 20 steps without resting. I ordered your Pellagra treatment and on the 9th day of July 1924 I began taking it. I soon saw that it was helping me and by the time I had taken one treatment the rash and many of the other symptoms had disappeared. I have taken four treatments and am entirely relieved of all symptoms of Pellagra. I appreciate the honesty and kindness with which you have dealt with me, for I have found everything that you said me about the treatment to be just like you said. I want to ask all who have this disease to not put off ordering your treatment like I did for while they are waiting this terrible disease is stealing their life away.
W. C. Rountree, Taylor, (Miss) Savannah, Texas, Rt. 1, Box 100, Naples, Texas.

SITE OF THE FIRST PHONE MESSAGE

Walter S. Gifford (left), president of the American Telephone and Telegraph Company, and Leonard H. Kinnard (right), president of the Bell Telephone Company of Pennsylvania and Associated Companies, are shown standing on the exact spot where Alexander Graham Bell first talked over his invention at the Centennial Exposition 50 years ago. In the background can be seen Memorial Hall, relic of the Centennial, and which is now being used as a museum. It was on this spot that Don Pedro, then Emperor of Brazil, met the 29-year-old inventor and exclaimed, "My God, it talks!" when he heard Bell's voice come over the wire. The exhibits to be staged by the organization these men represent will be one of the great features of the Sesqui-Centennial International Exposition, which opens in Philadelphia June 1 and continues to December 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence.

NOTICE TO GUARDIAN FOR APPLICATION TO LEASE No 137

Estates of J. W. Parker, Jr., and Mary Lillian Parker, Minors. J. Wood Parker, Temporary Guardian IN THE COUNTY COURT OF LYNN COUNTY, TEXAS.

NOTICE IS HEREBY GIVEN, That I, J. Wood Parker, Temporary Guardian of the Estates of J. W. Parker, Jr., and Mary Lillian Parker Minors heretofore to-wit: on the 12th day of August, A. D. 1926, filed my application in the above entitled and numbered cause for order of the County Judge of Lynn County, Texas, authorizing me as Guardian of the estates of said wards, to make a mineral lease upon such terms as the County Court may order and direct, of the following described real estate belonging to the estates of said wards, to-wit:

An undivided one-eighth interest in and to what is known and described as the West one half (W. 1-2) of a two Hundred (200) acre tract of land, a part of the A. Winfree Survey, covering lot No. Three (3), and a strip of the North side of Lot No. Two (2), of said A. Winfree Survey; the field notes of said 200 acres is fully described in a deed from W. E. Green, to D. K. Scott, duly recorded in the Deed Records of Eastland County, Texas, in Book—page 6, to which reference is hereby made for a more particular description.

Said application will be heard by the County Judge at the Courthouse in the City of Tahoka, Texas, on the 25th day of October, A. D. 1926.

J. WOOD PARKER, Temporary Guardian of the Estates of J. W. Parker, Jr., and Mary Lillian Parker, Minors.

CARLSBAD, N. M.—Carlsbad will be host to members of the Pecos Valley Medical Association on October 28th. A trip to the Carlsbad Cavern is included in the convention program.

Cookery and Stang in Odd Relationship

Why the business of the cook should be used as a vehicle of scorn and revenge is a mystery of our mysterious language.

We boast that we "have settled his haub" when we have "squashed" a man and when counsel very severely cross-examines a witness, or a mistress gives a servant what is commonly called "a piece of her mind," we say that both got "a jolly good roasting." If anyone has been thoroughly bamboozled or made a fool of we say he has been "done brown."

Why do we say that certain circumstances or happenings have put a man "into a pretty stew," or that a certain young man has "got himself into boiling water," which almost certainly refers to the dropping of some living animal, like the lobster, into the pot? And why do we refer to some one who has shown a lack of intelligence as only half baked?

The phrase "I've cooked his goose" has an ancient origin. When Eric, king of Sweden, reached a certain town with very few soldiers, the enemy hung out a goose for him to shoot. Finding, however, that it was no matter for jest, the townsfolk sent heralds to learn what he wanted. His reply was: "To cook your goose for you."—London Tit-Bits.

Calvaries of Paris Are Rapidly Passing

Slowly the calvaries of Paris are vanishing. The old walls on which pentence and adoration erected them have crumbled, have been swept away, and the new walls know no calvaries. Here and there, however, writes "F. G. H." in the continental edition of the London Mail, the great and sorrowful symbol of the Christian faith may still be seen.

In remote corners, just out of the swift current of the city's life it stands unheeded by the busy crowds. Only the birds sometimes flutter round it, and in the manner of some medieval legend, we might believe the feathered things cared for something that humanity had almost forgotten. Of such calvaries one may be found at the corner of the Rue d'Aubervilliers and the Rue de l'Evangile.

It has its place not in one of the loveliest parts of the great city, and we might be disposed to question the work itself from the standpoint of mere art. But there it stands, and a creper groups half carelessly around the head of it. It breaks suddenly the level contour of an ugly wall. And sometimes it may seem that nothing was ever broken in a manner more wonderful than this poor wall is broken by the dolorous calvary.

ROOT ROT OF COTTON

A recent radio discussion, over W. F. A., between Henry Coit, a prominent Dallas county farmer and Dad Short of the Nicholson Seed Company of Dallas, brought out the fact that crop rotation is the only practical solution to the root rot problem.

The farmers of the state, and especially in the Blackland region are paying many times more to support the root rot fungus in the soil than they are for the support of all their schools, churches and roads combined.

This fungus, or so called alkali,

will not develop in the presence of air, nor will it live on grass rooted plants. Then the solution falls back on crop rotation with such crops, as small grain, corn, sudan grass and sorghum, and with winter legumes to help supply organic matter to the soil. It is known that many hundreds of plants will carry this fungus, but it is a well known fact that the diseases continue to get worse from year to year under strictly cotton farming. This year there is more than 20 percent of the cotton in the Blackland belt dead with this disease. Wet years, it is worse because the fungus will develop faster during warm damp weather. Just a few more years of cotton, in some sections, will completely ruin the cotton farmer.

Every farmer knows that there is always less root rot on land that has not grown cotton the previous year, than on land that is continuously in cotton.

The farmers must practice rotation and diversification with small grains and feed crops, or the great and unyielding law of nature will in the end bring utter ruin.

STAMFORD—The West Texas Chamber of Commerce is ready to serve the farmers of its territory in the shipment of ear load lots of extra good native vaccinated Missouri pigs averaging about 80 pounds.

THE STATE OF TEXAS COUNTY OF LYNN

To The SHERIFF OR ANY CONSTABLE OF LYNN COUNTY GREETING:

You are hereby commanded to a period of twelve months, for ten paper of general circulation, which has been regularly and continuously published in Lynn County, Texas for cause to be published in a news, days exclusive of the day of publication and the day of return, a copy of the following notice, to-wit:

To all persons interested in the estate of J. R. Chambers, Deceased: R. A. Chambers has filed in the county court of Lynn County, an application for the probate of the last will and testament of J. R. Chambers, deceased, filed with said application, and for letter testamentary of the estate of J. R. Chambers, deceased, which will be heard at the next term of said court commencing on the fourth Monday in October A. D. 1926, the same being the 25th day of October A. D. 1926, at the courthouse thereof in Tahoka, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court at my office in Tahoka, Texas this 5th day of October A. D. 1926.

W. E. Smith, Clerk County Court, Lynn County Texas 6-1-2 te.

HOPELESS

Weak, Thin, Nervous Woman Gets Strong, Gains Weight.

Mrs. L. N. Crawford, Jr., of Loganport, La., writes: "I felt perfectly hopeless. Life wasn't worth living. I felt like giving up but, you know, a woman with a family just can't do that. I was weak, thin and nervous. I tried so many things but didn't get better. Finally I asked my husband to get me some Cardui. After I had taken three bottles, I was like a new person. I gradually resumed my work around the house and went places. I quit suffering. Now I am strong, in good weight, and feel fine. Thousands of women have been helped by Cardui, in a similar way, in the last 45 years."

BOX 1224

LUBBOCK, TEXAS

Terry County Potash Yield Thought Good

AMARILLO, Oct. 2.—The greatest discovery of the age!

Potash in such paying quantities and over such a vast area that much of the world's great need can be supplied from here.

There are declarations of Officials of the Kingsland Oil and Potash company of Amarillo recently chartered to develop 17,420 acres in Terry county, which they say contains the highest percentage of potash at the highest depth yet uncovered in the world.

This acreage lies on the Brownfield land, 12 miles from Brownfield and 48 miles southeast of Lubbock. Officers of the company are W. L. Kingsland, president, Martin Jarrett and J. Levy, vice-president; Sam Huggins, secretary and Dr. H. S. Gerson director.

Tests 9:19 Per Cent
The lease lies in Block A-1 and contains seven lakes and a lost river.

The potash is found in both liquid and solid form. Samples have been sent to chemists at Washington, Texas Tech at Lubbock and W. T. S. T. C. at Canyon and the reports received show it to test 9:19 per cent, it was said.

The samples were obtained from depths ranging from 8 to 39 feet. It being stated that while the chemical is known to exist even deeper, a bed at this depth alone is no less than wonderful.

When this is compared with the beds of Germany and France, which have so long been supplying the potash of the world it was said to test 4 per cent higher than the German beds and 2 per cent higher than those of France.

Many Offers Made
Messrs. Jarrett and Levy said that for seven years a British Syndicate held the lease in question, paying annually \$7,500, but released it during the war period.

"We have had offers of various kinds since we took up the proposition" they added. These offers have ranged from those of developing the property to purchasing our interest outright. Sums as high as half a million dollars have been named, but

we intend to develop it both for potash and for oil," they said. Letters exhibited from interested parties at Washington were seeking more samples like those presented and included that a representative would be sent at once to further investigate, if the local company wished.

Dr. Gerson, it was said, will leave within a few days for New York to comply with the above request.

W. M. S. Circle A. Renders Program

Circle A of the W. M. S. of the Baptist Church met Monday afternoon at the home of Mrs. H. B. Howell, the chairman.

Mrs. Guy Lemond conducted the business session, after which Mrs. O. J. Jackson led the program. First a song, with Mrs. Lemond at the piano. Prayer by Mrs. Oliver. Mrs. O. J. Jackson gave a reading from the 95th Psalm. Mrs. Lemond gave a few words on "Training for Leadership." Prayer for the foreign workers by Mrs. A. Z. Jackson. Mrs. Howell gave a very entertaining talk on "Why are we Baptists?" This concluded the program.

After a few words of "chatter" Master Wade Howell was seen placing napkins in each one's lap, after which Miss Lura Howell served dainty refreshments to the following ladies: Mesdames O. J. Jackson, R. H. Turner, Guy Lemond, Henry McDaniel, Ira John Hill, W. M. Harris, A. Z. Jackson, L. C. Heath, O. J. Oliver and H. B. Howell.

Mrs. J. A. Haley of Midland was here Monday, the guest of her sister, Mrs. E. I. Hill. She was returning to her home from Lubbock, to which place she had been to attend a meeting of the directors of Texas Technological College, having been appointed one of the directors recently.

The Parent-Teachers Association will meet in the school auditorium next Tuesday night. The men of the town are urgently invited to attend the meeting. A splendid program will be rendered and refreshments served. Music will be furnished by the Tahoka Concert Band.

And The Pups Came Back, Says Weathers

Mrs. R. P. Weathers believes that it pays to advertise. Last week a fine Airdale dog and a German Police pup belonging to Mr. and Mrs. Weathers were stolen from the Weathers premises and failed to return at night. Another night and day came and went, and still the canines were missing. Mrs. Weathers was deeply distressed. She came to the News office and dropped an ad in its columns offering a reward for the return of the kidnapped or prodigal pets. But she had little hope of ever seeing them again. The papers were mailed out Thursday morning. Try to imagine how delighted Mrs. Weathers was on arising Friday morning to find her puppies at home, safe and well.

Whether the wise old Airdale had read the notice in a copy of the News that came his way, repented, and led the puppy back to the parental roof, or whether they were released from custody by some kidnapper that was holding the twain and became slightly alarmed when the notice appeared in the paper, we do not know; but at any rate the old dog and the pup were back home within twenty-four hours after the News went into the Post office, and the Weathers family believe it pays to advertise. So do we.

ANNOUNCEMENT

To my Tahoka patrons: Please note I have changed my date from the 2nd and 4th Tuesdays to the 2nd Wednesday in each month, only the one day each month.

DR. FRANK C. SCOTT
MRS. CALLOWAY IS HOST TO BRIDGE CLUB

The 1924 Bridge Club met with Mrs. E. E. Calloway last Thursday afternoon, and a very pleasant afternoon was spent. The home was artistically decorated with cut roses and delightful refreshments were served to the following: Mesdames, Tom Lemond, B. L. Hamilton, Jack Alley, G. T. Nash, B. H. Robinson, G. M. Stewart, W. B. Slaton, E. Smith, Travis Stewart, L. E. Turrentine, Paul Miller, R. H. King, H. M. Larkin, and Roscoe Roberts.

SCHOOL HOURS CANGED TO BENEFIT FARMERS

In order to give the school children more time to help pick the cotton and thus assist the farmers to get their crops gathered, Superintendent Base and the Board of Trustees Wednesday decided that for the next few weeks school should open one hour earlier in the morning and close earlier in the afternoon, opening at 8 a. m. and closing at 2 p. m. The new schedule began Thursday morning. It is hoped that practically all the school children will find it possible to pick cotton during the afternoons when the weather will permit.

GET-TOGETHER MEETING

There will be a Get-Together meeting at the Baptist Church Friday night, and every member and their kin folks and friends are invited and urged to be present. Especially are the new members of the church are urged to be there. The ladies of the church are sponsoring this meeting and that they will make it a happy affair it already assured. You be there.

W. M. Lee returned Tuesday from Eastland, at which place he visited his mother and other relatives. His brother, Henry Lee, chief of police of the city of Fort Worth, also visited there at the same time.

Mrs. G. M. Stewart returned Tuesday from Sweetwater, where she attended the funeral Sunday afternoon of an uncle, Dwight Hopkins, who died Saturday at his home in Oklahoma. He was a member of a pioneer Sweetwater family.

Rev. Holloway of Baylor College, Belton, was here Tuesday in the interest of his institution, and while here visited the public school and addressed the students.

Miss Halsey has promised us some interesting work from individual Club women. Watch for these. If you can make a better report, send yours in, too.

I am engaged in dress making at Larkin's store. I guarantee my work. Give me a trial. Mrs. A. L. Holloway. 7-2c

See me at Larkin's store for dress making; work guaranteed. Give me a trial. Mrs. A. L. Holloway. 7-2c

Miss Hazel Hammer, Home Demonstration Agent of Lubbock, was here and judged the exhibits at the Club Fair last Friday.

The Presbyterian Missionary Society met with Mrs. Robert King Monday and the regular missionary lesson was studied.

Mrs. J. S. Weatherford has been seriously ill the past several days and her condition shows no improvement.

H. R. White returned last Friday to Borger, where he operates a lunch stand, after spending a few days here on business.

Mr. and Mrs. J. H. Holloway moved last week from Abilene to Texas to Tahoka. Mr. Holloway employed in his father's gin at place while Mrs. Holloway has opened a dress maker's shop.

E. E. King of Hogan's store here Wednesday morning on a business trip to Archer City.

CROWELL—The building program here has been steady for the last few years and is still going forward with about \$15,000 now going toward the construction of new homes.

MARFA—A bond election recently carried here for the issuance of \$58,000 for water works and \$10,000 for sewerage.

Cotton Firm Suggests Plan to Save the South

The News has received a communication from Fenner & Beane of the New York and New Orleans Cotton Exchanges, appealing to the banks of the south to help the farmers hold a portion of their cotton crop of the market and thus boost the price of the staple. The letter follows:

DISASTER THREATENS SOUTH

Disaster threatens the South because of the present price of cotton: a rank lunacy to throw reasons for the winds and market, any appreciable portion of the crop at current values. Growers are hysterical and are wilfully committing economic suicide, the effects of which will be far reaching and distressing to the entire south.

This is No Time For Financial Schemes, But for Sound Judgement and Quick Action

Banks in every city and town should immediately advertise their readiness to help in a practical way. In many instances they are themselves automatically wrecked if cotton declines to 10 cents per pound. Therefore, let these banks proclaim their willingness to advance their local farmers ten cents per pound at 4 per cent on all white grade cotton properly stored and kept off the market. At the same time require a pledge from the borrower that his next year's acreage will be reduced at least 33 1-3 per cent.

This is the least that can be done and its effects will be instantaneous on public opinion in this country and abroad and will doubtless result in an immediate price rebound.

We are doing all we can to get this message to the farmers and banks.

We feel you will desire to do what you can to the same end for the good of the region you serve, and that you will at least write a strong editorial urging sound judgment and quick action.

DULL, LISTLESS

Made Bright, Energetic By Black-Draught, Says Gadsden Lady.

"Ever since I have known about Black-Draught," says Mrs. Della Mayben, of Gadsden, Ala. "It has been my regular standby for indigestion and constipation."

"I first used Black-Draught fourteen years ago. At that time, I was suffering with a bad case of swelling across my abdomen. Every bite I ate disagreed with me, and I had very severe headaches."

"I decided to try Black-Draught. I was truly astonished at the quick relief. In a few days, I began to feel like a different woman. Instead of being dull and listless, I began to feel bright and energetic."

"From that time on, I have rarely been without a box of Black-Draught in my house." 25 cents. Insist on the genuine.

In the Kitchen with 6 Famous Cooks

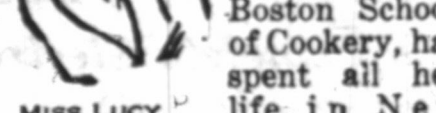

SIX TRADITIONAL NEW ENGLAND DISHES

(Ed. Note: This is one of a special series of articles contributed by 6 Famous Cooks. Their recipes are different. Cut them out and paste them in your cook book.)

Probably no section of the country is as famous for its traditional dishes as New England. The eating of beans and brown bread has become almost a rite in many of those old homes.

Miss Lucy G. Allen, head of the well-known Boston School of Cookery, has spent all her life in New England. She has taught hundreds of women cooking in her classes, and has written many cook books, among them "Choice Dishes for Clever Cooks," and "Table Service."

She has contributed to this unusual cooking series recipes for six typically New England dishes.

MISS LUCY G. ALLEN

She has contributed to this unusual cooking series recipes for six typically New England dishes.

Boston Baked Beans

It's the preparation and the slow cooking which makes Boston Baked Beans superior to all others.

Pick over one quart of pea or kidney beans, cover with cold water and soak over night. In the morning, drain, cover with fresh water and simmer until the skins begin to break. Drain again. Wash and score a three-inch cube of fat salt pork. Put the beans in a big, earthenware beanpot. Bury the pork in the beans, leaving the rind exposed.

Mix one tablespoon of salt, one tablespoon of molasses, three tablespoons of sugar, and one-half teaspoon of dry mustard; add these seasonings to one cup of boiling water and pour over the beans. Then add enough boiling water to cover the beans. Cover the beanpot, put in hot oven and bake six or eight hours, uncovering the last hour of cooking.

Boston Baked Beans

Steamed Brown Bread

For a most delectable meal, serve steaming hot brown bread with the beans. It's a prime combination. Many folks like to eat catsup with the beans. Here's the original New England Brown Bread.

Mix two cups cornmeal, one cup of rye meal, two teaspoons of soda, two teaspoons of salt, one cup of molasses and about three and one-half cups of milk. Let stand for one hour, stirring occasionally. Bread is better if the meal swells before the mixture is put into the tin. Butter baking-powder tins, fill a little over one-half full, cover and steam several hours.

And Chowder

A hearty dish, liked especially by men, is fish chowder. It's economical, too. Buy a four pound haddock, skinned with the head left on. Remove the fish from the backbone, cut into two inch pieces and set aside. Put the backbone broken in pieces and the head into a stewpan, add two cups of cold water, bring slowly to the boiling point and cook twenty minutes. Put into the chowder kettle an inch and a half cube of fat salt pork cut into small bits, and fry out.

Add one sliced onion and fry for five minutes. Add three or four medium sized potatoes cut in thin slices. Strain the stock from the fish bones over the potatoes and cook until they are soft.

Add the fish and simmer ten minutes, then add one quart of milk, one tablespoon of salt, one-eighth teaspoon of pepper, three tablespoons of butter and either three or four pieces of pilot bread or six or seven cooking crackers. The chowder can simmer or stand before serving the better it will be.

And Chowder

Codfish Balls

Wash one-half pound of salt codfish and cut into small pieces using kitchen scissors to make one cupful. Wash and pare potatoes and cut into pieces the size of an English walnut to make one and one-half pints. Cook the fish and potatoes together in boiling water until potatoes are soft.

Drain thoroughly through a strainer, return to kettle and shake over the fire until the moisture is evaporated. Mash thoroughly, add one-half tablespoonful of butter, one egg well beaten and one-fourth teaspoon of pepper. Beat well with a fork, make fluffy and add salt if necessary. Drop by spoonfuls into deep fat and fry.

Pumpkin Pie

Pumpkin pie when made right is a real delicacy. And this recipe for it is especially good. For a more elaborate dish it may be served with whipped cream.

For the pastry, measure two cups of flour unsifted and sift with half teaspoon of salt. Cut in, using two knives, three-fourths cup of lard. Add three-fourths cup of medium cream mixing with a knife. Chill before using.

For the filling, mix one and one-half cups of cooked and sifted pumpkin, with two-thirds cup of white sugar, one teaspoon of grated nutmeg, one-half teaspoon of salt, two eggs slightly beaten and two cups of milk or if liked rich, use part cream.

Nice Brown Doughnuts

Try trying sour milk doughnuts according to this good New England recipe of Miss Allen's. The kitchen will be a most attractive place to all members of the family when they smell these tempting doughnuts.

Beat until light one whole egg and one egg yolk, add gradually three-fourths cup of sugar, beating all the time. Mix three-fourths teaspoon of salt, one teaspoon of grated nutmeg and two cups of flour.

Mix one half teaspoon of soda with one half cup of sour milk having the milk rather rich. Add milk and flour alternately to the egg mixture, roll and pat out, handling as little as possible, then cut and fry in deep fat.

(Be sure to read the special cooking articles on this page next week.)

Weekly Is Best Advertising Medium

BOSTON.—"The country weekly has the highest value per copy of any known advertising medium."

"There is no complete list in the United States of weekly newspapers—the most important activity in America except the churches"

These were the two most forceful statements by James O'Shaughnessy, executive secretary of the American Association of Advertising Agencies, speaker at the September meeting of the Massachusetts Press association held in the City club here on September 13.

Other high lights from Mr. O'Shaughnessy's talk to the Bay State editors were:

"The National advertisers are not rate breakers. They want the publishers to make money within the reason, for the paper that is making money pays the advertiser better service to the agent and his client."

"Advertising should be newsgood news—vital news."

"Advertising today is serving the nation in a way that no other service can render."

"Advertising is making people think along the same buying lines."

"Newspaper publishing and advertising creates the urge to be of the greatest service to the largest number of people. You think you are business men, but you are not. You are preachers, teachers, and leaders of public opinion."

"Cannon Ball" Baker Breaks 3 Records

Slashing a generous slice off three coveted transcontinental motor records in one sweeping drive, "Cannon Ball" Baker of Indianapolis has arrived in Los Angeles, driving his own Ford roadster, sealed in high gear just five days, two hours and 13 minutes after leaving New York City. He was officially timed at start and finish by Western Officials.

This time cuts 11 days and 5 3/4 hours off the old high gear transcontinental record, made by a six-cylinder car selling for three times as much as the Ford. It is also two days and 13 3/4 hours faster than the fastest time ever made before by any kind of a car with one man driving from coast to coast without relay of drivers. The previous one-man speed record over this course was made by Baker in 1920, driving a \$2,000 car. Baker's new record is

also 16 hours faster than the best shaft. It was Baker's 74th trip-time ever made across the continent across the American continent.

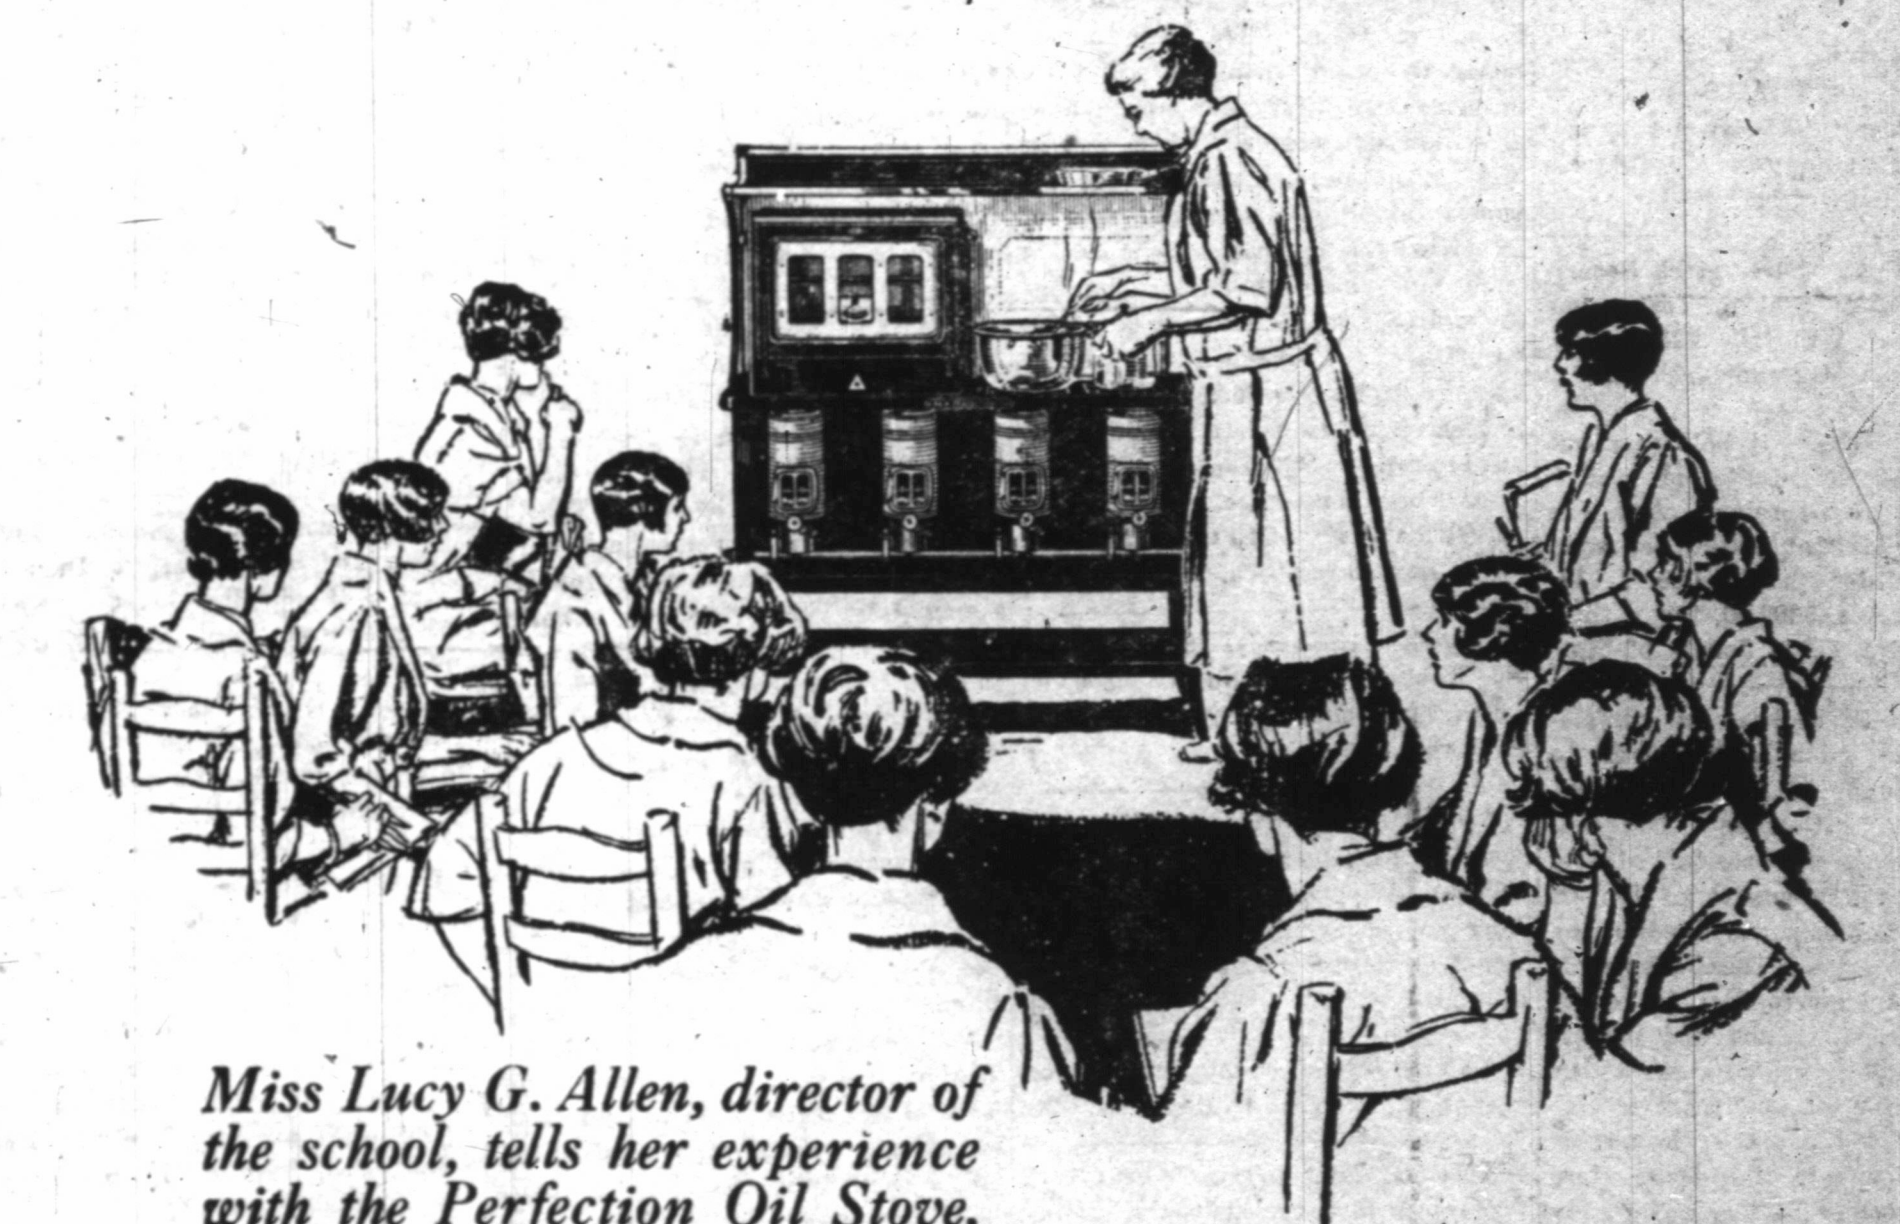

The car used was a standard type Ford Roadster that was not equipped with overhead valves nor special cans nor counterbalanced crank-

BOSTON SCHOOL of COOKERY
Tests and Approves

Miss Lucy G. Allen, director of the school, tells her experience with the Perfection Oil Stove.

MISS LUCY ALLEN, director of the conservative Boston School of Cookery, is one of six famous cooks who recently put the Perfection Stove to a rigorous, practical cooking test. Like the other five famous cooks, Miss Allen cooked by every cooking process, and gave us her opinion of the Perfection.

Uniformly Good Results
"I cooked many meals on the Perfection Stove," says Miss Allen. "The results, whether using the top of the stove, the oven, the broiler, or the toaster were uniformly good. There were several features sufficiently pronounced to recommend the stove to the most particular people."

Easy to Work on
"The Perfection is an easy stove to work on. There is no reaching across several hot plates, as there is with a gas or coal range."

Clean Kettles
"There was no black deposit on the cooking utensils, even when the high, yellow tipped flame was used for broiling steak."

"The long chimneys burn every drop of oil completely before the heat reaches the utensils."

"We were so well pleased with the 1926 Perfection Stove, both as to results and operation, that after completing the test we kept it to use for auxiliary work in our classes," she concluded.

Tested and approved by the Boston School of Cookery! That means that the Perfection was used under all possible cooking conditions—for slow cooking, for fast cooking; for baking, for frying, and for broiling. In every case it was found efficient.

Six Cooks Agree
The other five famous cooks who tested the Perfection were enthusiastic, too, about the results obtained. And, every day 4,500,000 women get real cooking satisfaction from their Perfections.

See these 1926 Perfections at any dealer's. All sizes from a one-burner stove at \$7.25 to a five-burner range at \$130.00. When you cook on a 1926 Perfection, you, too, will be well pleased with it.

THE EARLY DAYS IN LYNN COUNTY

(Continued from First Page)

The floor was soon warm enough that the tallow melted nicely and blended with the sand, and sitting down began over again, and when a couple went down they went home to clean up. So ended the first dances with a waxed floor.

We had gorgeous parties in those days. Word was passed around where the party was to be and every one hearing of it went. As a visitor expressed it, they reached from the cradle to the grave, from grandpa to the smallest baby and everybody in between. The old men talked of crops, stock and politics, the older ladies took care of the little folks and the youngsters played "snap" or "Drop the handkerchief," and "Cross Question," "Going Down to Rouser," and "Marching Round the Levee."

Southern glances were exchanged when the song reached the point where the player was commanded to "Go forth and seek your lover." I wonder how many of my readers have thrilled to the fact that they had been "snapped" by their hearts beloved or had been plunged into black despair because they were passed and another chosen.

Hold First Picture Show
The first picture show we had here was given in the court house and the operator explained to the audience as the picture progressed something got the matter with the lamp and it had to be cleaned. The show took a recess and the men helped to get the lamp cleaned and entertainment proceeded. The machine was a very primitive one and the reels had to wound backward before another could be put on, so we saw the pictures coming and going. One of the reels was a war scene and an officer rode a beautiful pacing horse, and when he came pacing backwards across the screen he certainly made a hit.

Tahoka boasted of three organs, and singings were a very popular form of amusement. Mrs. Hampton had her home in the rent house just west of the Mother Clayton home. It was the largest house in Tahoka and they had prayer meetings quite often. Singing was mostly for the young folks but everybody came. There was not many who could play the organ but those who could were kept on the job as long as possible. The girls who could play took turns so as to rest one another, as pumping and rogan and leading the sing- ing is rather strenuous. Joe Elliot was fine on the organ and when he was present the girls got a rest. Some of the old songs that are coming back now were always sung. The programs were mixed affairs. The current song book furnished the body of the entertainment and every one who had a specialty was expected to contribute. One number comes vividly to the writers mind. Miss Callie Neville, who is now Mrs. Elton George, used to sing "I feel Religion in My Soul." Mr. and Mrs. George were then treading the rose colored path which led them to the gates of Matrimony, which they gaily entered.

We could turn back the pages in the book of old Father Time and present to our readers a pair of blushing lovers in place of the dignified Dad and sweet-faced Mother who are filling the station of substantial citizens and leaders of society and church work.

Third Year—1st Naomi Dulin; 2nd Alline Cargile, 3rd, Ivy Eldridge. Any two of the high ranking girls may attend the Club Girl's Encampment at the Dallas Fair, Oct. 18 or 21. The girl's transportation to and from Dallas must be paid by the girl herself or by the club or others interested in giving her the trip. While in Dallas she is a guest of the Fair Association and is entertained free. As a chaperon for the girls of Dawson, Lubbock, Hale and other counties, I will leave for Dallas next Sunday morning. I would be so glad if two Lynn county girls could go.

Sincerely,
MILIE M. HALSEY, C. H. D. A.

DRAW NEWS

Mr. Albert Williams of Phoenix, Arizona, is visiting relatives in this community.

Mr. and Mrs. Tom Smith were visitors in the home of Mr. and Mrs. John Berry Sunday.

The Women's and Girl's Fair at Tahoka, Oct. 8-9, was a success. The O'Donnell booth won first place, Edith second, and Wilson third. We thank Miss Halsey. It was only by her efforts that we had the exhibit. We hope now the people realize more fully what a home demonstration agent means to the people of the county, as the majority of us did not know anything about the work until Miss Halsey came to the county.

Saturday and Sunday sunshine has meant much to the farmers, as they are back in the fields gathering the crops.

Rev. and Mrs. J. W. Braswell of Lamesa visited Mr. and Mrs. Marvin Eldridge Sunday.

MORTON—The syrup mill west of this place has begun operations which are expected to continue for a long run as a large acreage of sorghum and sugar cane planted here for syr-

SICKLY, FEEBISH CHILDREN
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by
