Ginnings Of County Total 34,000 Bales

NEARLY 9,000 WEIGHED HERE

Production Coming in at Rapid Rate, as Weather Remains Favorable to Gathering

According to reports to the News and estimates made where accurate information could not be obtained, more than 34,000 bales of cotton had been ginned in Lynn County up to Wednesday night. The figures for Brown and Grassland were obtained Tuesday night, for New Home and New Lynn early Wednesday morning, for O'Donnell, Tahoka and Wilson, late Wednesday afternoon. At O'Donnell, Mr. Busby had weighed only 6,050 bales, but he estimated that 9,000 bales had been ginned there, since the round bales and the Farm Bureau cotton does come through the yard, and there is quite a lot of each of these. His estimate is accepted as fairly accurate. We did not get a report from Gordon. We had estimated their number at 1,000, which may be too many or too few. While 8,896 bales had been ginned at Tahoka, only 8,017 had been weighed up at the yard. The difference is much more than offset by the round bales, the Farm Bureau cotton, and a small per cent of the cotton which is being held, and which have not been yet delivered to the yard. Some of Mr. Wood's receipts therefore have evidently come from gins in the county.

With the exception of Thursday of last week, the weather has been exceptionally favorable for cotton gathering during the past two or three weeks and it is coming in very rapidly.

The figures for the gins of the county are as follows:

Tahoka	8,896
O'Donnell (estimated)	9,000
Wilson	5,050
New Home	4,735
Grassland	1,959
Draw	1,760
New Lynn	1,875
Gordon (estimate)	1,200
Total	34,270

KIWANIS CLUB HAS ELECTION

Novel Scheme in Election of Officers for Coming Year Wednesday Noon

Mutt proved to be much more popular than Jeff at the annual election of officers by the Kiwanis Club at their Wednesday luncheon. Two tickets were in the field, the Muttonsonian and the Jeffersonians. The Muttie beat the Jeffs by a vote of more than two to one. There was only one candidate for District Trustee, W. O. Henderson, but he ran on both tickets. But W. O. Henderson, the Muttonsonian, got fifteen votes against 6 for W. O. Henderson, the Jeffersonian. All the directors likewise ran on both tickets and the Muttie were gloriously elected.

The new officers for the ensuing year are as follows:

President, W. E. Smith, Vice President, R. P. Weathers; District Trustee, W. O. Henderson; Treasurer, B. H. O'Neal; Directors: I. S. Doak, T. J. Howell, G. M. Stewart, Alvin Hicks, H. B. Howell, R. E. Ketner, and Chester Connolly.

The secretary will be chosen by the board of directors, and his name will be announced at the next meeting.

Plans are being laid by the Kiwanians for a visit by Santa Claus Christmas eve.

Letters to Santa Claus

Dear Santa Claus—
I am a little boy six years old and have snapped 4,000 pounds of cotton this fall, but as it is so cheap, I am not asking for much, just a partnership wagon for my little brother and myself, some fruit, nuts, and candy, and I would love to have a set of carpenter tools, please.

Your little friend,
G. C. PRICE

Dear Santa—
G. C. has done asked you for a little wagon for us, and of course I want some fruits, nuts and candy too, a little car and filling station. I am five years old and have snapped over 3,000 pounds of cotton. So, Santa, don't you forget me, and I'll be a good boy next year.

Your little friend,
JAMES PRICE

Dear Santa—
Won't you please bring me a big doll and a pair of little red mittens. I'm just a little boy 3 years old, but I love dolls. Thank you, Santa dear.

DWAIN SHORT

Dear Santa—
I want you to bring me and my little brother a good little wagon. I want a little toy iron car and a sack of pretty glass marbles. Please bring me nuts, candy and fruits.

Thank you and Merry Xmas!
WELTON WOOD NOBLE

Dear Santa—
My brother and I want a good coaster wagon. Please bring me an iron toy car, tool chest and a sack of glass marbles; nuts, fruits, and candy.

Thank you and Merry Xmas!
MORGAN A. NOBLE

Dear Santa Claus—
Will you please bring me a coaster wagon, a watch, a box of dominos, some fire crackers, and a little fruit and candy.

I am a good little boy five years old. I have tried to be good, so please send me the things I mentioned.

Your little friend,
B. L. Bosworth, Tahoka.

Dear Santa Claus—
I write you to let you know that I want a wagon, stage car, filling station, axe, belt, some candy, all kinds of nuts. Don't forget my little sister, Frances Marie. I am a little boy four years old. I live at South Ward.

GEORGE JAMES PATTERSON

Dear Santa Claus—
Please bring me a fountain pen, doll buggy, some oranges, nuts and candy.

LENORA SIKES

Dear Old Santa—
I want you to bring me a tricycle, some candy and apples, and bring my little cousin some nice little toys.

Darkey Sells Booze Sheriff Gets Him

Having reason to believe that a certain O'Donnell darkey was dispensing booze among his white friends, sheriff Wesley Simpson Monday laid a trap for the suspected coon. The ruse worked, and Mr. Simpson, with his own eyes, saw the African sell a bottle of liquor to a white man. The colored gentleman was immediately arrested upon a charge of having violated the Dean law and was given a nice room up in Mr. Simpson's boarding house which he maintains on the fourth floor of the court house. The next grand jury will attend to the darkey's case, and woe unto him, for Ma Ferguson will not then be governor.

Couple Marry and Leave for Arizona

Cody Bragg and Miss Violet Tankersley were married Sunday afternoon at the residence of the Baptist pastor, Rev. E. N. Shepherd, and they left almost immediately for Flagstaff, Arizona, where Mr. Bragg has accepted a position in a barber shop.

Mr. Bragg has been presiding at one of the chairs in the Doak Barber Shop here the past year or two, and has made many friends during his residence in Tahoka. The bride is the daughter of Mr. and Mrs. C. T. Tankersley, who reside near Loubain in the western part of the county. She has been attending school here, however, and has many friends in Tahoka. The best wishes of a host of friends follow this young couple to their new home.

28 Gamblers Are Caught and Fined

Sheriff J. W. Simpson and city marshal Wimberley of O'Donnell were two busy men last Saturday. They had a bunch that some gambling was going on in O'Donnell and vicinity. They raided the suspected place at the opportune time, and as a result of their work Saturday afternoon and night, 28 men found themselves in the custody of the officers. All pleaded guilty in the O'Donnell city court and paid off. The bunch consisted of whites negroes and Mexicans.

Divorced Couple Are Re-Married

Judge C. H. Cain on Monday reunited in the bonds of wedlock a couple who had been divorced and later patched up their differences, decided to forget the disagreements of the past and to again unite their lives and their fortunes. The couple were T. W. Willcock and Mrs. Mary Ann Willcock, and they gave their residence as Lubbock. Just why they came to Tahoka to get married was not explained, nor did the Judge ask them many questions as to their past. But they seemed happy and it is hoped that they will remain so even until death.

APPROVE CITY WATER BONDS

Attorney General Passes On \$60,000 Bonds Voted on by City of Tahoka in 1925

Mayor J. R. Singleton was notified a few days ago that the city water bonds in the sum of \$60,000 authorized at an election held in October, 1925, had been approved by the Attorney General.

These bonds were sold a short time before the election was held which resulted in favor of the issue, subject to their approval by the Attorney General. The Attorney General declined to approve them at the time on account of the fact that the property valuations in the city were not sufficiently large at that time to render the issue justifiable under the law, and on account of some minor defects in the record. These defects have been cured and a showing has been made that the property values in fact are sufficient to authorize the issue.

It will possibly be several weeks before the City receives its money for the bonds. When the money is in hand, the City will have sufficient funds to make numerous extensions of the mains over the residence district and to otherwise improve the water system.

Farmers Plan Cotton Pool

Pool Would be of Great Benefit to County; Meeting Set for Saturday

(By G. H. Nelson, Sec'y C. of C.)
During the past two or three years there has been much complaint in Dawson county that the farmers were not getting the market on their cotton. The farmers were very much dissatisfied with the price the street buyers were paying for the cotton. There are not many of us who know the grade of cotton by looking at the sample. Since this is true the farmer was at the mercy of the buyer on the square.

In order to remedy the above situation of the farmers of Dawson county organized a "Cotton Growers and Marketing Association." Each member of the association agreed to have so many bales graded by a cotton grader to be employed by the association. The cost of grading was twenty-five cents per bale. The grader was employed, the farmers cotton graded, and the street buyer had been buying behind this grader all of the season. This man merely told the farmer what his cotton was actually worth, taking each bale on its own merits. In doing this he allowed the street buyer a reasonable margin, the same being due any man who is taking care

ROUTE EXTENDS TO NORTHWEST

Goes Into Dixie and New Home; Communities Enlarges Tahoka's Trade Territory

Another rural route has been granted Tahoka, service to begin on February 1, according to official information received by Postmaster D. A. Parkhurst this week. This route will be 49 miles long, extending thru the Dixie and New Home communities, accommodating many families in a splendid trade territory, which has long needed the service this new route will afford. It will be a daily service from the start. Patrons along the route are requested by the postmaster to begin at once and erect their boxes of standard type, located so that the carrier can easily reach them from his car. Patrons desiring any special instructions should bring such and all problems relative to the rural service to the postmaster.

It has long been the dream of our postmaster to make the rural route service out of Tahoka second to none in the state for courteous service and efficiency, and from the record of development and improvement that has been made within the past year it seems that his dream is about to be realized.

This route will be a great service to the patrons served and will also be quite helpful to the business men of Tahoka.

The official route is as follows: Starting at the postoffice the carrier will go north two miles, west 5 mile, north six miles to the Leichey corner west 2 miles, north 1, west 2, north 1, west 3 to the Link corner, north 1, west 5, to the Hancock corner, south 1/2, east 2, south 1, to the White S. W. Corner; east 4, south 1, east 4, to the Dixie school; south 1, east 1, south 3, to the Draper corner; west 1 south 4, east 2 1/2 to the post office.

Wells Citizen Tried For Lunacy

Jeff Wagner, a tenant farmer residing in the Wells community, was tried by jury in the county court Monday on a lunacy charge, and the jury found him to be of unsound mind. The evidence showed that he had been mentally unbalanced for several months but that he had become violent at times only recently. He will be sent at an early date to one of the state institutions for the insane.

C. C. Jones Sustains A Fractured Rib

A fractured rib was the result of a Sunday afternoon's bird hunt for C. C. Jones. Mr. Jones decided that Sunday afternoon would be a good time to take a bird hunt. He is too busy to take the time during the week days, and in trying to use the Sabbath for such purpose received the above results. After hunting a greater part of the afternoon with not results, turned his footsteps toward home and before going very far sighted a hawk which appeared to be a good target. In his excitement he forgot which shoulder to place the gun, putting it to the left instead of the right, fired and the "wick" from the bird muzzle loader fractured a rib. The hawk still lives.—O'Donnell Index.

ANOTHER O'DONNELL FIRM QUILTS BUSINESS

The firm of Carlisle and Company, one of the largest mercantile establishments in O'Donnell, has announced that it is going out of business. The decision is the result of the bad business conditions due to the slump in the price of cotton. This is the second big concern to close its doors in O'Donnell on account of the cotton situation during the past few weeks.

MIDWAY NEWS

"Lo Folks. I'm coming back. I suppose some of you thought I had resigned but I have simply been too busy getting the sand out of my hair to write a thing. Folks tell me that was a "good" sand storm we had Thanksgiving but all I have to say is, "If that was a good one, what will we do when we get a bad one?" I tell you when it gets so smokey with dust they can't see across the school room and so stifling that one can scarcely breathe, and when one stands at the window and sees the basket ball goals break off at half mast and go flying off the court like winding blades, its time to resign. Friends have told me that at times one can see the prairie dogs up in the air digging holes in the sand. But "All's quiet along the Potomac tonight."

The Midweights just will not get up any excitement so news is scarce. Or is it because they think I will put it in the paper and that "mum's the word" with them?
Jess Roberson pulled corn last Friday for Howard Draper and at night he came in with the seat of his pants dragging his tracks out. He was not able to be outdone, tho, and reported for duty again Saturday. At noon he was ready to go to town. Back east we call it "gettin' kinky headed" when one must go to town every Saturday evening, rain or shine, cold or hot. The "niggers" back there all think that the goblins will chase them that night if they work on Saturday afternoon.

The school children at Midway announce a pie-box supper Saturday night at the school house to raise money for the school activities such as balls, books and wall pictures. A few framed pictures on the walls inside a school room help to give it the appearance of a home. When we were a school kid, we never knew what it was to see a picture in a school room, and woe to the luckless one who thought to exercise his talent by drawing a picture. Some times we were unable to sit for a day or two. Some of us "got ours" any way and learned something about drawing in spite of the birch. Everybody come and bring a box or a pie and a little cash.

Our niece who teaches at Everglades Florida sent us the following description of that state. It was taken from a northern paper: "Florida is the gate of the nation. It is bounded on the north by the 18th amendment and on the other sides by the three mile limit. It is 600 miles long, 200 miles wide and 3 feet high. Florida is inhabited by Indians, American, feed bag tourists and democrats. The Indians live on the Everglades, The Americans on the tourists, the tourists on the municipal camp grounds, and the democrats live by selling diluted real estate. Florida's resources are hotels, fruit, alligator hides, and tourists. Aside from the climate and the mosquitoes, the conspicuous feature is the fruit. Florida's oranges are widely known but the grapefruit is coming to the front as the chief product. Grapefruit is simply a lemon that had a chance and took it. It tastes like a mixture of lemon, quinine and a gourd. It has a color like a blonde ticket seller at a movie who has billious attack. It is served at breakfast and combines the advantage of food and a shower bath. The tomato is a great crop for export, though there is now a fine tourist market for it. This trade has not fully developed because the tourist has not yet learned how to eat it without first removing the can. The tangerine is a disreputable relative to the orange with loose habits in the matter of dress and a mean and withered disposition when skinned. The kumquat is the only thing in Florida that looks and acts like it sounds.

Altho Florida has the oldest town in America it has not all been settled. There is much wild life in the sand pines, the Everglades and the cabarets. If one goes outside the city limits he is likely to bite himself with a diamond rattlesnake, and if he goes within 100 miles of the Everglades he is met by a delegation of mosquitoes with a petition for relief from Indian meat, while in the cabarets almost anything may happen. Northern men who go to Florida get a lot of experience, but when they have to move their homes into a dry dock so they can whitewash the cellar, the women become discouraged, lose interest in life and let the kitchen sink.

Officers Find Chock Beer and Arrest Men at O'Donnell

City Marshall Wimberly assisted by others captured 250 gallons of chock beer and arrested two white men on Wednesday of this week. The raid was made east of town when officers went to the scene with a search warrant looking for stolen goods to which they had been tipped off. After taking into custody the two white men who were on the scene, officers proceeded to destroy the 250 gallons of spirits, and as the raid was made in Dawson county the two suspects were turned over to the Lamesa authorities who placed them in the county bastille.

An incident on Tuesday led to the finding of the still. It all happened when Marshall Wimberly arrested a negro who was trying to pass forged checks. At the time of the arrest the negro showed evidence of having imbibed to freely of the intoxicating spirits. He was placed in the city bastille on two charges, attempting to pass forged checks and drunkenness. After an investigation, two other negroes, a man and a woman, were placed in the same cell to keep the former company. The negro man and woman had in their possession a stolen casing which they claimed they had purchased from parties east of town. As numerous thefts have been reported lately, the officers decided to search the place east of town in quest of other stolen property with the result that they uncovered the largest chock beer establishment ever captured in this county.

It is believed by officers that the negro who was arrested on drunkenness and attempted forgery, that led to the arrest of others, is wanted in Dallas by authorities.—O'Donnell Index.

O'Donnell Has Two Fires Thanksgiving

On Thursday morning when a 40-mile gale was blowing out of the west, the fire boys of O'Donnell answered an alarm about 11:15. The alarm was caused by trash catching on fire at the rear of the Payne Produce which was quickly extinguished without damage.

Again about 12:00 o'clock an alarm was turned in and the boys made a record run to Bowlin's gin to find a pile of cotton burs had caught fire and the high wind was blowing them to all parts of town. Some difficulty was encountered in getting the fire extinguished as it had spread over 2 or 3 blocks. Most of the population of O'Donnell was present and joined the bucket brigade and valiantly fought flames for two hours finally bringing the fire under control without serious damage.

To say the least O'Donnell citizens were frightened almost beyond their wits. If the fire had gained much headway, it would have just been too bad. O'Donnell folks may consider themselves lucky as the town is absolutely without fire protection, and with such a gale blowing our fair little city, had not fate decreed it otherwise, might have been a smouldering ruin at this writing. With such a narrow escape, the citizens of O'Donnell should realize the crying need of a water system and begin now to make preparations to provide such so that in case a fire breaks out the boys would have some means of fighting it. At present they have only a chemical truck which in case of a serious fire is soon rendered useless.

So far O'Donnell has been very fortunate in regard to fire losses. The question is, how long can we hope to remain so without a water system and no protection? One of these days we will awake to find our little city wiped off the map—then it will be too late. Your answer will be, "If there had been a water system, we

might have saved the town and our property."—O'Donnell Index.

MEXICAN COUPLE GET MARRIED

Senor Gonzales and Senorita Martin were the parties to a marriage contract which was consummated by Judge C. H. Cain Monday. The hombre was perhaps thirty years of age, but the blushing senorita gave her age as only 18. Judge Cain was unable to speak Spanish and the Mexicans were unable to speak English, so the services of an interpreter were employed to assist in the performing of the ceremony.

Uncle Jim Nichols of T-Bar was in town Saturday boasting of some cotton pickers in his community. Artie Clotwell, he says pulled 1,523 pounds in one day recently and on another day pulled 899 pounds before noon. K. Moore, the 14-year old son of Lit Moore, pulled 1200 pounds in a day. Mr. Nichols says he challenges the county to show a better record than these.

W. O. Thomas returned Tuesday afternoon from Ennis, where he had spent the past week at the bedside of his father, who is seriously ill. Mr. Thomas reported that his father was slightly possibly improved when he left Ennis Monday afternoon. C. A. and I. A. Thomas also went down to Ennis last Friday and will remain yet a few days.

Mr. and Mrs. J. Anson Coughran are the happy parents of a fine little girl who came into their home Saturday morning. Mother and babe are doing fine and Anson is feeling pretty gay.

Neatness is cited by the Boston University as one of the chief obstacles to a happy marriage. Husbands are said to prefer orderly but not neat wives.

Miss Mary Jane Miller, daughter of Paul Miller, arrived from Cleburne Monday night to spend the winter here with her father, Paul Miller and family.

Come to the Hall Robinson building west of the square Saturday. A delicious treat awaits you.

T. J. Yandell, county commissioner elect, of O'Donnell, was in the county capital on business Monday.

A Dodge car collided with a Ford near the Larkin corner Friday. A casing on the Ford was ruined, but no other damage of any consequence was done.

The Missionary Society of the Presbyterian Church met with Mrs. J. L. Heare Monday afternoon. Dr. W. K. Johnston of Lubbock was present. After the Bible lesson, plans were discussed for the bazaar to be held Saturday.

Miss Lura Mae Davis underwent an operation for appendicitis in the Elwood Sanitarium at Lubbock last Saturday. At last reports she was recovering nicely.

R. L. Stephenson, a cotton buyer of Lubbock, had business in this city Wednesday, and while here was the guest of his friend, Uncle Frank Stuart, at the Kiwanis Luncheon.

Eat with the Methodist ladies Saturday, December 4, at the Hall Robinson building.

The Missionary Society of the First Christian Church met at the Church Monday afternoon and quilted.

Teachers Return From El Paso

County Superintendent H. P. Caviness, City Superintendent M. L. H. Baze, Mrs. L. E. Craft, Mrs. H. C. Story, Miss Seroyer, and Miss Casale, teachers in the Tahoka school, attended the State Teachers Meeting in El Paso the latter part of last week. L. F. Craft of this city and Miss Evans of Plainview, a sister of Mrs. Craft, were also members of the party.

They report it was a great meeting and that they heard some very fine discussions of school problems. Some of the party took advantage of the opportunity to visit Juarez and Mr. Baze has promised to tell us something about condition there as he found them, in a later issue of this paper.

LEAP TO SLUSH PIT SAVES MAN'S LIFE

Amarillo, Nov. 25.—Trapped atop the derrick of a burning gas well, William A. Jackson, tool dresser for the Gulf Refining Company, plunged headlong 84 feet into the slush pit to escape with his life, on the Gulf lease near Borger in the South Hutchinson oil field.

He was rushed to an Amarillo hospital Thursday, his head and chest badly burned and with both arms and his collar bone broken, but doctors say he will recover.

Jackson had climbed to the top of the derrick to make minor repairs while the well was making small showings of gas and spraying oil lightly. Suddenly several million feet of gas shot up through the pipe and almost instantly the derrick became a mass of flames, fire originating from an underground source, with his clothing afire and the flames leaping higher about him he leaped into the slush pit.

SOUTH WARD NEWS

December is here! Yes the year is almost gone. Many of us still have much to do before we will be ready for the new year. We surely are making the most of these beautiful days. We only wish that they were a little longer. The sand storm damaged and wasted about one-third of our cotton, so we do not have so much to gather now.

Mr. and Mrs. Ashbell were visitors in Tahoka Sunday afternoon.

Mr. Greenwood and family spent Sunday afternoon with Mr. Donham and family.

Mr. and Mrs. Griggs visited relatives in Briscoe and Floyd counties Friday and Saturday of last week.

Everyone be sure to come help us sing next Sunday afternoon. If you are feeling blue over low cotton, come sing your troubles away. We need you to help us sing.

CORRESPONDENT

Chris L. Adair, who removed Rev. John E. Eldridge's household goods to Miami, brings back a very fine report of the little town and the church to which Bro. Eldridge has gone. Miami is a small town, but filled up with wealthy people, he states, and they have left nothing undone to make the parsonage comfortable and attractive. It is a very neat building and equipped with all the modern conveniences. The church pays a good salary and were talking about raising it, he says. He thinks the preacher is most happily situated in his new charge.

C. C. Connolly, Buck Briley, Belton Howell, A. M. Sullivan, Paul Miller and Beecher Sherrod returned last Friday, Nov. 26 from Christoval where they spent a day or so turkey hunting. The bunch had no luck, however, Beecher Sherrod being the only one who even got a shot. Buck Briley and Paul Miller have made wonderful reputations as fishermen but they seem to be punk bunters.

Mrs. A. S. Coughran left Tuesday morning with Mr. and Mrs. Tommy Benton of Hunt County for Ontario, California, to spend the winter with her son, V. S. Coughran. She came in before leaving and ordered the paper sent to her new address, asked us to put in all the good news, and said she didn't want to miss a copy. We'll send it.

G. B. Morris and W. J. Jordan of the Wells community were here Friday and they report that Thursday's gale not only picked much of the cotton but flattened the maize out on the ground. They not only need sleds to gather the cotton but rakes to gather the maize, they declared. The storm did much damage.

Mr. G. H. Howard of Brady is here to spend the winter with Rev. and Mrs. B. N. Shepherd. He is Mrs. Shepherd's father.

Brashear & Son SALE CONTINUED! WHY NOT?

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

Thomas A. Edison, the great electrical genius, predicts that the time will come when the children in the public schools will be taught largely by moving pictures. He calls attention to the fact that we learn more readily through the medium of the eye than any of the other senses. Therefore, it is but logical and sensible, he argues, that the movies can and should be employed in the school room. Why not? If men can figure out a plan by which the movies can be introduced into the school room at a reasonable cost, why not employ them to teach many of the things that children now learn by poring over books? The "movies" can be made a blessing or a curse, depending on the use that is made of them. They are now employed almost solely for entertainment and yet they have a great educational value. We would not contend that the morals of the people have been improved by the "movies" but certainly the people have learned many things from the "movies." Moving pictures are like almost anything else they are good, bad and indifferent. Let's employ them not only as instruments of instruction but also as instruments of moral improvement.

Now would be an excellent time to have a clean-up day. Tumble weeds have grown luxuriantly all

over town. Every vacant lot is filled with them, and every time the wind blows a little it brings these unsightly weeds into the business section of town. They accumulate along the sidewalks, against the business houses, along the fences in the residence section, and every place where an obstruction causes an eddy of the winds, and thus mar the beauty and increase the fire hazards of the town. If every resident would clean up his own premises and if the City could find some way by which it could clean up all the vacant lots and all the ditches and sidewalks and even the streets in some portions of the town where they are not much used and weeds have been permitted to grow, it would greatly improve the attractiveness of the town and decrease the danger of fire. Let's have a clean-up day.

Like as a father pitieth his children, so the Lord pitieth them that fear him.—Pa. 103:13.

When thou passeth through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee.—Isa. 43:2.

INCREASING THE USE OF COTTON

The price of cotton, as of any other commodity, is influenced by the demand. The greater the demand the better the price if some other influence or condition does not interfere.

Cotton enters in some form, into the manufacture of more products than almost any other agricultural commodity, but it could be used to a much greater extent if the people demanded it, or if manufacturers would give it consideration on merit as compared with other fabrics.

Only recently the Imperial Sugar Company, of Sugarland, Texas, announced that it had placed an order with two Texas Bag Concerns for cotton sugar bags. Heretofore sugar has been put up in imported burlap. By making the change, this sugar company, a Texas concern, will consume from 6,000 to 7,000 bales of cotton. If other manufacturers using bags would do the same thing, the consumption of cotton would be materially increased.

Style has a great deal to do with the amount of cotton consumed. In America this seems to be the silk age, and those who are now advocating the use of more cotton in dress

goods might just as well save their effort, for the question of style is not related to economics. If the ladies prefer silk, silk they will have without regard to the price of cotton. Cotton must first be popularized before either the rich or poor will wear it. Right here we wish to remark that the manufacturers of cotton goods are 100 years behind many other manufacturers in advertising their products. With the aid of chemists, some of the finest materials and fabrics known to this civilization are made from cotton, and with the proper publicity the public could be educated to their use in ever increasing quantities.

For ordinary purposes, such as cotton bags, manufacturers give preference to whatever material is the most economical. In seasons of low prices for cotton, bags of that material would be economical, but with high priced cotton other material is preferred, all other things being equal. A staple market is always desired by the manufacturer.—Farm & Ranch

MY CHURCH

Adapted from F. Hyatt Smith
My church is the place where the Word of God is preached, the power of God is felt, the spirit of God is manifested, the love of God is revealed.

It should be the home of my soul, the altar of my devotion, the hearth of my faith, the center of my affection, and the inspiration of my daily life. Having united with the church in solemn covenant, I will advance its interests by my faithful attendance at its services, by studying its Holy Scriptures, by observing its ordinances by contributing to its support, by encouraging its members and its leaders, and by joining with them in all good works! By thus honoring and serving God I shall share with many others the life of the kingdom of heaven.

COOLIDGE SAYS GOOD WORD FOR ADVERTISING

President Coolidge, in an address made at a dinner given in his honor by the American Association Advertising Agencies convened in Washington for its tenth annual convention, acclaimed advertising as "the most potent influence in adapting and changing the habits and modes of life, affecting what we eat, what we wear, and the work and play of the whole nation."

"Whenever deception, falsehood and fraud creep into advertising," he added, "undermine the whole structure; they damage the whole act. The efforts of the government to secure correct labels, fair practice and equal opportunity, for all our inhabitants is fundamentally an effort to get truth into business. The government can do much in this direction by setting up correct standards, but all its efforts will fail unless it has the loyal support of the business men of the nation."

In emphasizing his convictions, the president revealed personal observations he had made on the practical and profitable result of truthful advertising. He recalled the different attitude of the public and manufacturers on the merits of advertising as it was used in the Victorian period.

TWO WEEKS AFTER CHRISTMAS

You wake up bright and early Christmas morning. You open the stockings. Christmas presents on Christmas morning are the most wonderful, beautiful things in the world. Under the soft light of Christmas candles, every present looks like a priceless treasure.

On the day after Christmas, you begin to look at your presents more carefully. It is easier to decide which ones you like best.

One week after Christmas, your preferences are very definite. Two weeks after Christmas you have to stop and think a minute to remember what some of your friends gave you. Why not give your friends a Christmas present that they cannot forget, and wouldn't it be a good one? The Youth's Companion comes once every week—52 times in a year. For \$3 what present could you possibly buy that would be more useful, more used and better appreciated?

- Just send your order to the address below and Santa Claus will take care of delivering the Companion to your home or to the home of a friend. Subscribers will receive:
1. The Youth's Companion—52 issues in 1927, and
 2. The remaining issues of 1926. All for only \$3.
 3. Or include McCall's Magazine, the monthly authority on fashions. Both publications only \$3.50.

THE YOUTH'S COMPANION—5 N. Dept., Boston, Mass.

W. S. Anglin Jr. arrived in the home of Mr. and Mrs. W. S. Anglin last Thursday afternoon, in the midst of the big sandstorm that was raging without. Mr. Anglin says the little fellow seems to like this country pretty well so far in spite of the sand storms. Like all healthy young Americans he has already demonstrated the fact that he knows how to raise a rough house when things do not go to suit him. The mother as well as the babe is doing nicely.

GRASSLAND NEWS

Thanksgiving Day was celebrated at Grassland by having a fine sand storm, but in spite of all the sand we had a very nice program at the Nazarene Church. Several who were to have been on the program were not here. But after the singing of several songs by the congregation, prayer was let by Mr. Marvin McCord. Scripture reading by Mr. Syd McCord. Brother Shelton made a fine Thanksgiving address. Thanksgiving song by twenty small children. Readings were given by Pauline McCord, Virginia Inklebar, Marie Trice and Lucila Trice. and Mrs. Elmer Trice. Vocal duet by Bernice Warrick and Cordelia Shelton. Piano solo, Nina Belle Hoover, quartette by Messrs. Hoover, Richey, Bro. Shelton gave a short exhortation and the congregation was dismissed by Mr. D. D. Odom.

Mr. Fayne Bragg had his foot badly mashed and twisted while working at the gin last week, but he is getting along real well now.

Mr. Roy Gregg had a sudden and very serious collapse on last Saturday. He had been operated on not long since.

On the same day his little girl was thrown from a car and cut a terrible gash in her head. Her grandfather who was driving the car, rushed her to the doctor at once. She is getting along nicely now.

Mrs. J. W. Warrick is much better being able to sit up a little now.

Little Miss Aline Williams, who has been very sick with scarlet fever is convalescing. The family has been quarantined about a month.

Mr. and Mrs. Elmer Trice moved from here to Lamesa last week.

Mr. Holmes and family also moved from here, going to Bula in Bailey county.

Miss Cressie Turner, who is attending school in Abilene, spent Thanksgiving with the home folks here.

Huston Hoover is at home for a few days. He is in school at Lubbock.

Henry Burkhalter is at home for a few days also, but cannot enjoy his stay very much no account of the mumps: Henry attends school at Tahoka.

Ben Hur Lawson, who attends school at Post, spent the week-end

at home. Mr. Walter Brandon is back on his job, reporting his mother to be better.

Mr. Hazel Richardson of Lingleville, Texas, is here visiting his brother.

Mr. and Mrs. Scott have been here a few days visiting Mrs. Scott's brother, Ezra Trice.

Mr. Trice's daughter, Mrs. S. L. Barton of Portales N. M., is visiting them also.

Mr. and Mrs. W. W. Chandler of Lubbock were business visitors in town Friday. They are talking of moving back to their farm near here.

Quite a number of people were at the regular Sunday afternoon singing at Central.

Mr. and Mrs. W. P. Thomas and Mr. and Mrs. E. M. Walker attended the singing at O'Donnell Sunday afternoon.

Quite a number attended the baptizing at Mr. Thomas' tank Sunday afternoon.

ASSOCIATIONAL B. Y. P. U. MEETS AT TAHOKA DECEMBER 19th

On Sunday afternoon at 3 o'clock a Chinese girl, who is being educated in Baylor College at Belton, Texas, will speak to us. We are told that she is a very attractive young lady. She is a fine speaker.

She is going back to her home land to tell the stray of Jesus and His love for a lost world.

Everybody come and bring someone with you.

In Africa there are 50,000,000 people who are absolutely untouched by missionary influence and 100,000,000 who have no written language.

Of the 180,000,000 inhabitants of that country it is said that 42,000,000 are Mohammedans. They could be won to Christ rapidly if only we had the means for sending workers among them.—Ex.

DESIRABLE AND PRACTICAL GIFTS

Two citizens engaged in a fist fight at the Modern Filling Station Wednesday morning. In the fracas a glass was broken out and at the end of hostilities both combatants showed that they had been in a battle. One of them is said to have been bloody. Complaints were filed against them in the justice court and both have paid off.

WHAT IS VINO SANO GRAPE BRICKS?

Vino Sano Grape Bricks contain in compressed form the dehydrated substance of choice grapes, from the noted Grape Vineyards of California, carefully blended with fruit sugar and fruit flavors. The process by which Vino Sano Grape Bricks are made is known only to the Manufacturers. There is nothing else like it. Grape Brick will not spoil but will keep indefinitely in a dry place. One Grape Brick dissolved in one gallon of water produces grape juice that acts in the same manner as a gallon of freshly pressed grape juice, therefore, either boil the grape juice, for twenty minutes, or add one teaspoonful of Benzoin of Soda, TO PREVENT THE GRAPE JUICE FROM FERMENTING AND BECOMING AN INTOXICATING WINE. Full directions printed on each brick. Recipes for making punch and flavoring syrups and directions for medical use printed on each brick. Exclusive retail sales agent for Lynn County desired. Retail at \$2.00. Will supply residents of Lynn county by mail until local sales agent is secured. Price by insured parcel post \$2.10 per Brick. F. I. Mission Study for 1927 Organized

The Woman's Missionary Society met Monday afternoon at the Methodist Church for the purpose of organizing the Mission Study Class for 1927. Twenty members were enrolled.

A brief study period was opened with the song "Take Time to be Holy" Mrs. R. W. Fenton read a Bible lesson from the 6th Chapter of Matthew and introduced to us our new study book entitled "Our Templed Hills." Unlike our study just completed "The Moslem Women," this study deals with our local communities and how we may apply practical Christian principles right here in our own home land.

The ladies decided at a short business meeting to serve dinner in the Hall Robinson building west of the court house. The proceeds are to help stamp out our church debt.

Miss Mary Greathouse, who is attending Wayland College at Plainview spent Thanksgiving with her parents here.

Back home to stay—Strick.

Stranger: "With whom are you eating Saturday?" Public: "Why, with the Methodist ladies, of course."

Stranger: "Where?" Public: "At the Hall Robinson building just west of the court house."

Stranger: "What are they going to serve?" Public: "Everything good and wholesome. Where are you eating?"

Stranger: "RIGHT THERE WITH YOU!"

H. M. Larkin, who has been quite sick the past two weeks was barely able to be at his place of business again Wednesday.

TERRIBLE PAIN Mrs. Cox Quite Well Now And Pleased With Cardui. Mrs. W. L. Cox, 120 Church Street, Chester, S. C., says: "I suffered awfully... I would have a terrible pain, at times; I could hardly stand it. I slept badly; my rest was disturbed and I seemed to get little benefit from it. I read about Cardui in the papers and thought it might be a good thing to try, so I began taking it. I was so pleased with the way I improved that I kept on taking it until I felt quite well. Cardui helped me so much and so many people have remarked about my improvement." Cardui has been used and recommended by thousands of other women, for over 45 years. Try it. SHERIFF'S SALE

THE STATE OF TEXAS: COUNTY OF LYNN:

Notice is hereby given that by virtue of a certain execution issued out of the Honorable County Court of Lynn county, of the 28th day of October, 1926, by the Pioneer Abstract Company, a partnership composed of E. M. Swan and Don Bradley of said county for the sum of Fifty-six and twenty-five one-hundredths (\$56.25) dollars and costs of suit, under judgment in favor of the Pioneer Abstract Company. A partnership composed of E. M. Swan and Don Bradley, in a certain cause in said court, No. 429 and styled The Pioneer Abstract Company vs. J. L. Winter, placed in my hands for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did on the 29 day of November, 1926, levy on certain real estate, situated in Lynn county, Texas, described as follows, to-wit: East one half of Section twelve (12), block C 41 Abstract seven hundred forty-four, (744), Public school land and east one half of Section Thirty-two (32) Block A 1 Certificate Fourteen hundred forty one (1441) abstract nine hundred ten (910) E. L. & R. R. and levied upon as the property of J. L. Winter, and that on the first Tuesday in January 1927 the same being the 3rd day of said month, at the Court House door, of Lynn County, in the City of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution, I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. L. Winters.

And in compliance with law, I give this notice by publication, in the English language, once a week for 3 consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 29th day of November, 1926.

FORD ROADSTER STOLEN AT O'DONNELL

Raymond Sisk was the victim of car thieves Sunday night, losing his Ford Roadster. Raymond was attending services at the Baptist church when thieves made way with his car. The theft was not discovered until services were over. Officers were immediately notified and are at work on the case, but to date no trace of the thieves or car have been found.—O'Donnell Index.

O'DONNELL CHILD SCALDED

The three year old daughter of Mr. and Mrs. John Randal who live in the north part of town was severely scalded Tuesday afternoon. The child was burned about the face and throat by a steaming teakettle of water on the stove which was boiling and according to reports the child unnoticed approached the steaming vessel, putting its mouth over the spout with the above results.—O'Donnell Index.

G. H. Nelson, L. C. Heath, and Barton Hackney spent last week-end in the mountains of Kimpbe County hunting wild turkey. They declare that there are lots of the birds there but they are certain wild. They brought back only 1 gobbler as proof of their marksmanship. They claim to have had plenty to eat in the camp however. "It's a great sheep and goat country" Nelson told the News man.

COMMUNITY REPORTS SHOW THAT LYNN COUNTY PEOPLE ARE LIVING AT HOME

Grover Stewart Catches Wild Goose

(By Millie M. Halsey, County Home Demonstration Agent).

In Lynn County last winter and spring much beef and pork was canned. Doubtless much more will be canned this winter and next spring. At least one hundred canning outfits are now doing good work at Dixie, Joe Stokes, New Home, West Point, Three Lakes, T-Bar, Wells, Slash L, New Moore, O'Donnell, Draw, Redwine, Joe Bailey, Mid way South Ward, Edith, Grassland, Magnolia, Lynn, Gordon, Wilson and Morgan with several in Tahoka.

If any one is in doubt whether or not Lynn county people can live at home these reports from different communities might prove interesting. Note that these reports give only garden and orchard products, though each family also cans its own beef, pork and chickens. Some have listed dairy products, other have not, but you will find the dairy cow and chickens at each of these farm homes.

Parties of hunters have been boasting of late of the number of wild turkeys and other game they have killed, but none of the mhave equalled the feat successfully executed by Grover Stewart, on Thanksgiving day. Grover captured a full grown and perfectly health wild goose with his bare hands. Its only physical defect was one blind eye, but we doubt if any man ever before captured with his bare hands even a one-eyed wild goose which was in good health and of sound mind and discretion. The capture was made at a tank on Grover's farm a few miles southeast of town. While several hundred yards away Grover discovered the stately bird hovering down behind the tank dam seeking protection from the fierce gale that was blowing on that day. He slipped around on the other side of the dam and peeped over. There stood Mr. Grose in all his majesty, somewhat exasperated and disgusted by the sand that beat upon him, no doubt, but keeping his good eye open for an enemy that might have any designs against his life or liberty. Grover made a dash over the dam and the big bird attempted to fly but the gale was so strong that he could not successfully negotiate a flight. Grose caught him by the legs and out stretched wings and brought him back to terra firma.

The goose in his possession, Grover discovered that there was an aluminum tag attached to his leg, with the name "E. Ramey, Dimmitt, Texas" engraved thereon. Mr. Stewart communicated with Mr. Ramey Sunday and it is expected that the latter will be here for his bird this week.

It is said that this wild goose was one of a number of wild geese owned by Mr. Ramey, who is undertaking to effect a cross between the wild and domestic varieties. It is Mr. Stewart's theory that this wild goose joined a flock passing over Dimmitt and that he got separated from the bunch here, possibly loosing them by reason of having one blind eye.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

No Engine Fumes in Buick closed cars

In the 1927 Buick, the new Vacuum Ventilator pulls engine fumes and gases from the crankcase and ejects them outside the car.

This vital new Buick improvement does away with noxious odors. It adds greater luxury and pleasure to enclosed car operation.

The Vacuum Ventilator serves another very important purpose. It prevents crankcase vapors from condensing and diluting the oil. Owners of 1927 Buicks are advised to drain their crankcase oil only 4 times during the year.

For luxury, and for economy, own a Buick.
