Volume XXIV

TEACHERS HOLD MEETING HERE

Laid for County Association; Meeting Called By County Superintendent

With about 40 or 50 teachers from all parts of the county in attendance at a meeting held in the County Court Room last Saturday, on the invitation of County Superintendent H. E. Caviness, plans were drawn up for the organization of county teachers association here on Saturday, February.

All teachers of the county will be invited and requested to attend the meeting for organizing the association, which will be, according to Mr. Caviness, would be to more nearly standardize the schools of the county and bring them closer together as a great county educational unit and to improve the technique of teaching.

Superintendent M. L. H. Baze of Tahoka, Principal J. B. Zimmerman of Dixie, and Mrs. H. Tunnell of Tahoka form a committee on arrangements for the meeting and the Tahoka teachers have offered to furnish refreshments. Plans are under way to secure Dr. P. W. Horn of Texas Technological College or Dr. J. A. Hill of West Texas State Teachers College to speak here on that day.

The meeting last Saturday was included as a faculty meeting of the teachers directly under the supervision of the County Superintendent with all other teachers invited and the proposed organization grew out of this meeting.

The feature address of the occasion was given by County Judge C. H. Cain on the subject "Are Accurate Reports and Good Teaching Related?" and according to those who heard it, Judge Cain said some things that should not have been said by a single teacher in the county.

J. B. Zimmerman read a paper on "Fundamentals in the Rural Schools" and M. L. H. Baze discussed "English Essentials" and kindred topics, both of which were helpful and much appreciated by the teachers.

The only regrettable feature of the meeting, Mr. Caviness says, was the fact that so many of the best teachers were not present. Most of the good teachers attended the meeting, while most of those who really needed the information to be gained from association with other members of their profession were not present. At this next meeting we want every teacher in Lynn county to be here.

Returned Missionary Speaks at Methodist

Rev. Parker, a Missionary, home from a tour through Mexico, lectured at the Methodist Church Sunday on his experience in Latin American countries.

A farmer there to protect his river bottom from crabs, made a very life-like crab, which worked like a real crab and washed his car down stream where it lodged near the Catholic rectory. There it was found by the priest, who trans formed it into a "saint" and exploded it as a wonder of healing miracle, so to the shrine. The wife of the same farmer, falling sick, was taken there to be healed. As they approached the image, the farmer exclaimed, "My God, Mary, it's your fault!" This led both of them to becoming Protestants. Naturally the speaker did not favor Albinism for president or for anything that would increase the political power of the great church Albinism.

They have had 15 days of rain to which to pay up your taxes. Saturday is your last day to settle with the tax collector. Better settle with the tax collector now than to be hauled and have to walk through the mud or have to walk through the mud to get receipts for the year's receipt.

W. M. HENDERSON, Sheriff and Tax Collector.

Charge Men With Stealing Cotton Seed

Two farmers of the O'Donnell section were arrested Tuesday by City Marshal Wimberly and Constable Parker of that city and charged with theft of cotton seed from cars at the depot at that place. One man was caught in the act of carrying away seed in a Ford car to his farm. Only a few hundred pounds were stolen before the men were arrested. Sheriff Simpson brought the two gentlemen to Tahoka, and they are now out on bond.

COURT TERMS TO OPEN SOON

January Term of County Court Opens Jan. 24; District Court Feb 14.

The January term of County Court will begin on Monday, January 24th, and continue for three weeks, according to County and District Clerk, "Happy" Smith. A number of misdemeanor cases are scheduled for trial.

Those summoned as jurors for the first week are: G. F. Patterson, Ed Cook, C. C. Jones, H. H. Johnson, D. J. Bolch, H. W. Edwards, Chas. F. Shook, L. L. Weathers, J. B. Nance, A. R. Hensley, C. B. Gregg, S. L. Cox, Terry Noble, J. M. Inklebarger, W. D. Fleming, and G. F. Snell.

The winter term of District Court will open Monday, February, 14th. The docket will apparently be a light one.

Comanche Man Buys Carver Produce

Carver Produce Company, of which Douglas Carver was the local manager, has sold out its house here to L. F. Frazier of Comanche, the latter taking charge of the business Wednesday. He will move his family here within the next two or three weeks.

Mr. Frazier is an experienced poultry and produce man, having been connected with a large produce business at Comanche for the past 5 years.

He recently made a trip which covered most of the plains and a great part of west Texas, and made the location here because he said he liked the town and prospects better than any town he was in. Mr. Frazier will make Tahoka a good citizen, and we wish for him big success in business.

He told The News yesterday that if the field here proves to be what he thinks it will that he will probably install a chicken hatchery here next year.

Miss Halsey Back At Work Here

Miss Millie M. Halsey, county home demonstration agent of Lynn county, returned Monday morning from Rogers, where she was called before Christmas on account of serious illness of her father. She reports her father much improved.

She says she has returned with increased vigor and enthusiasm to do the work in this county. She is busy this week making out her plans for the future. Miss Halsey is doing a great work in Lynn county among the women and girls. She has a big program planned for the year, and will, no doubt, accomplish much.

SHEPHERD AWAY

Rev. B. N. Shepherd, wife and daughter left Sunday afternoon for Abilene to attend the funeral of a close personal friend, W. A. Foster, who was a senior ministerial student in Simmons University. Rev. W. M. Money preached at the Baptist Church in the pastor's absence.

J. L. Costlow, foreman of the Briley Chevrolet Company shop, is recovering from an infected arm. Last Wednesday he stuck the corner of a number plate in his arm. The place became infected and blood poisoning set up; as a result, he spent three days in bed and will not be able to work again for a few days.

THANKS, BUT KEEP 'EM COMING

Last week the News made an appeal to its subscribers who were in arrears to come in and pay up their subscriptions. A number came in to see us, and they all have our sincere thanks.

There is still a large number who are behind with us, bring us one and one-half of those little round shiny things and we will guarantee you plenty of good reading matter for the coming 12 months. Also, you can still get the Dallas Semi-Weekly Farm News and the Lynn County News one year for \$2.00.

We are putting a number of new subscribers on our lists, in spite of the low price of cotton. Cotton prices or no cotton prices, Lynn county people just can't afford to do without this great paper.

Again we thank you. Keep 'em coming. Let the good go on.

KIWANIS PLANS TO BROADCAST

To Seek Dates Over WBAP and WFAA for Purpose of Boosting Tahoka

Tahoka musical artists and speakers will be heard over the radio from either station WBAP, Fort Worth, or station WFAA, Dallas, in the near future if the plans of the local Kiwanis Club work out.

The subject of radio programs was brought up at the Wednesday meeting of the club, and an effort will be made to get places on the programs of these stations at as early dates as possible.

Features of Wednesday's program included a piano solo by Miss Jaunita Jackson of the High School faculty, and a hand saw solo and a vocal solo by Supt. M. L. H. Baze.

MISS WEAKLEY RESIGNS

Miss Mae Weakley, teacher of piano in the Tahoka Public Schools, turned in her resignation Monday to the local School Board and returned to her home at Post. Miss Weakley was forced to resign on account of not having a sufficient number of pupils to justify her remaining here. Had crop conditions been better, she would have had all she could handle in all probability. The school and the community regret to lose her services.

Miss Jaunita Jackson, teacher of Spanish, will continue to teach a few piano pupils in connection with her other work.

Miss Devle Colleenback left Sunday for Abilene where she will enter Simmons University.

Mrs. Joe Smith of Lamesa spent Sunday here with her father, J. S. Edwards.

Basketball Season Now Under Way

Wilson High School boys' basketball team defeated Tahoka on the local court Friday afternoon 20 to 15. The local girls' team lost to the Wilson team 31 to 26. The Tahoka Rinkydink football team was more successful than their elders, and won from the Wilson Roosers 18 to 6.

Tahoka boys lost to O'Donnell 16 to 6, but the local girls defeated those from the neighboring city 21 to 15.

Though the local boys' basketball team is not presenting a very pretentious record, prospects are good that they will have an excellent team with a little more practice, according to Coach Lewis and Supt. Baze. The losses to Wilson and O'Donnell were not discrediting to the local team, since the teams from those two towns are excellent ones. Boys out for the local team include the following: Clarence Barnes, Alvin Stokes, Aubrey Redwine, E. S. Evans, Burton Hackney, Ralph Payne, Vernon Massengale, and Oran Short.

Two Young Girls Set Pulling Record

Lorene and Novis Denton, two young daughters of Mr and Mrs. E. Denton, who have been pulling cotton for W. T. Howell on his place 5 and one half miles east of town, are pullers that are hard to beat.

Last Friday, Lorene, who was 8 year old October 10, pulled 308 pounds in eight hours; Novis, six years of age July 6, pulled 269 pounds in the same length of time.

This is one of the best records we have heard of for little folks in this or any other section of West Texas.

DR. HORN TO SPEAK HERE

County-Wide Meeting of Teachers Will Be Addressed by Tech Head

(By M. L. H. Baze)

Growing out of a very enthusiastic meeting of the rural teachers in the Court House and at the call of Mr. Caviness last Saturday, the teachers present decided to issue a county-wide call for all the teachers to meet to consider the organization of a County Teachers' Club. With this in mind, Mr. Caviness appointed a committee to arrange for a meeting for February 5th, the first Saturday in February. The meeting is called for one-thirty P. M. At the invitation of the Tahoka teachers present the meeting for this time is to be at the auditorium of the Tahoka High School, and refreshments are to be served by the Home Economics Department of the Tahoka High School. A complete program is given elsewhere. The main feature of the program will be an address by Dr. Horn of the Texas Technological College at Lubbock.

After the address of Dr. Horn a business session will be held with the idea of forming a permanent organization for the county. It is the purpose of all concerned to the interest all the teachers of the county in the move. You are urged to be present.

The program given below is tentative, and a more complete program will be given later.

1. Song.
2. Prayer.
3. Reading.
4. Quartet.
5. Address of Dr. W. P. Horn.
6. Harmonica Brigade—New Lynn School.
7. Organization of Lynn County Teachers.

WORKING ON ANNUAL

Students of the High School are hard at work on their school annual, and according to J. E. Ketner, business manager, everything is favorable to a good one this year in spite of the hard times.

Many pictures are being turned in of students and school scenes to Berta Hill, editor, but there are still many more pictures to come in and much work to be done in preparing them for the engravers.

School Taxes are Coming in Slowly

School taxes are coming in very slowly, states J. S. Weatherford, only about \$5,000 of the \$30,000 having been collected up until last Monday.

He urges that all who owe school taxes come in immediately and straighten up as the money is badly needed.

CLINTON-REESE

Miss Ida Belle Clinton and Mr. Floyd Reese were married Saturday evening at 7 o'clock at the home of Uncle Ike Metcalf, the latter tying the knot that united the two.

Miss Clinton has lived in Tahoka some time, and Mr. Reese is the son of J. B. Reese, who resides several miles east of town.

Uncle Ike Metcalf, Tahoka's marrying Justice, united W. J. Hickey and Miss Hazel Haley in the holy bonds of wedlock last Friday afternoon.

Diversification Is Urged By C. of C.

C. C. Johnson, Sr. Makes Own Living On His Farm

The wolf will never howl at the door of C. C. Johnson, Sr. and wife. They raise their living at home. During the past 12 months they have sold \$117.36 worth of cream, \$110.84 worth of eggs, and \$144.72 worth of chickens, in addition to a meat hog, 3 pigs, and one yearling. And, this profit was realized as the result of the sale of produce from 2 cows and 200 chickens, and the raising of hogs. Saturday, and mind you this is during the winter, Mr. Johnson brought to town 13 dozen eggs laid during the week and sold them at 35c per dozen.

The Johnsons have a steam pressure canner, and in addition to raising a living and realizing a fairly good profit, they have put up enough canned beef and pork, canned vegetables and fruits to last them through another year if they don't raise another growing thing in 1927.

Mr and Mrs. Johnson live near Draw and were in the dry section. Their cotton crop looked as though it was doomed to failure even before the price went down. Now they are not worrying, for they are much better off than many others.

"Where the trouble comes" Mr. Johnson says in speaking of the low price of cotton, "is that everybody has been trying to make money out of cotton for the last ten years instead of trying to make a living." Cotton or no cotton, Mr. Johnson will make a living.

Urges Co-operation in Mail Service

If the patrons of the local post office, who live on rural routes are to get the most out of the improved service to be inaugurated on February 1st, they must keep on hand a supply of stamps, and see that every article of mail is properly addressed and stamped, says Postmaster D. A. Parkhurst.

Unless adverse orders are received from the Washington authorities, mail will go out of Tahoka at 1 p. m. instead of early in the morning. This change will enable the route patrons to get their mail which arrives from the east and which is mailed here before noon on the same day it is put up at the postoffice.

Draw Girl Marries Colorado Man

Quite a surprise was sprung on the many friends of the family, when Miss Velma Moyers, daughter of Mr. and Mrs. A. H. Moyers of the Draw community was married to Mr. Buckalew Edwards of Colorado Friday, December 31st. The wedding took place at the home of Uncle Ike Metcalf, who performed the ceremony.

Miss Moyers is a member of a family of old settlers in Lynn county and formerly lived in Tahoka. Mr. Edwards is a farmer near Colorado, and the young couple left Saturday morning for that place to make their home.

Mr. Moyers says this was the third child of his that Uncle Ike has married. Uncle Ike gives his reason for not reporting the wedding to the News last week as being that he had married so many members of that family that he forgot about the last one.

FINED FOR AFFRAY

Two men of the Draw community were fined in Justice Court by Justice of the Peace Metcalf for fighting. One came in and pled guilty, while "the law" was required to go after the other.

TO BOOST FOR COWS AND HENS

C. of C. Secures Service of Expert. To Hold Meetings in All Communities of County

This week will witness the opening of a "Cow and Hen" campaign in Lynn county that promises to result in much benefit, when G. H. Nelson, secretary of the Chamber of Commerce, and D. W. Crawford of Lubbock poultry specialist, holds the first of a series of meetings to arouse interest in the raising of more poultry and milch cows. The first meeting will be held at Dixie school Friday night, and similar meetings are planned for each and all of the communities of Lynn county.

The purpose of this meeting and those that are to follow will be to get the farmers of the county more interested in raising poultry and cows, to get those who can and will finance themselves in such a project to do so, and to find those who want to and are not financially able to make the start. For the latter, an attempt will be made by Mr. Crawford and the Chamber of Commerce to secure finance for them.

D. W. Crawford is a specialist on housing and feeding from the Purina Food Company, and his business is to get the raising of chickens and cows started on as many farms as possible. He will give the local campaign his services as long as needed. Mr. Nelson is also an experienced poultry raiser, and knows the business.

A commercial hatchery for Tahoka is already in prospect for Tahoka as a starter to the poultry raising industry.

"Some have offered the objection" Secretary Nelson says, "to the establishment of the poultry raising industry in the county that since so many other territories of the state are doing the same thing, that produce will soon be worthless on the market. I will answer that argument by saying that this is not necessarily a commercial project, but more a matter of supplying a living at home in order that cotton and other products now raised in Lynn county may be a net profit to the farmer.

"It is to the best interest of every business man in Tahoka to go with us to these communities and help stimulate an interest in this work. To so many of the Tahoka business men who have been crying out 'raise more of your living at home,' this is a chance to consummate your wishes. What are you going to do about it?"

"Providing that the banks cannot finance the farmers in their efforts to raise more poultry and more milch cows at home, it is to the interest of the business men to finance their customers through credit to the extent that the farmers may secure 50 or 200 hens."

Announcement of the dates for other meetings to be held over the county will be made at a later date.

SOME IMPROVEMENTS THAT WOULD HELP TAHOKA AND LYNN COUNTY

- A first class Chicken Hatchery.
- A Grain Elevator.
- A Cotton Compress and an Oil Mill.
- A Sewerage System.
- A Creamery.
- New Road into Territory Southwest of Town.
- A reduction of Cotton Age.
- More Poultry, Milch Cows, Hogs and Sheep.
- More Shade and Fruit Trees.
- More Vegetables to Can.

TIGHT FEELING

Missed Merchant Recommends Black-Draught For This Symptom Of Indigestion.

Mr. D. W. Huff, a retired merchant of Centerville, Miss., and very well known in his part of the state, makes the following statement, in regard to his experience with Theodor's Black-Draught:

"About thirty years ago, I found myself in need of a medicine and I began using Black-Draught, as it had been highly recommended to me. I found it good."

"I used to have a tight feeling in my chest, after meals, suffered from indigestion, and was very uncomfortable. I would feel tired, not like working. I would take a few doses of Black-Draught, and feel like work. I call it 'my medicine.'"

Let Theodor's Black-Draught be your medicine, too. Sold everywhere. One cent a dose.

Midway News

"A short horse is soon curried" is an old saying. So just "stop, look and listen" and you will have the news from this section. If the first 12 days after Christmas are to be taken as an index for the year, then the people of the West will have lots of haymaking weather. Believe me, I don't believe it at all, any more than I believe that the moon is made of green cheese or that the man in the moon was put there for burning brush in east Texas on Sunday. I try to not be superstitious and I am quite sure that I do not believe in haunts, ghosts, or witches as the old timey folks did, but then, after all, I had great confidence in my good old mother, and she used to tell me how she saw and heard the spirits of people who were still here with us and not very far off at that. Some people call that telepathy. Sometimes we just naturally see the things we are looking for even if the thing is not there at all. Once upon a time when I was only nine years old I had to go to school along a lonely road for about 1 1/2 mile. There was a section of the road about 100 feet long of which was below a man's head. While going thru this I thought to myself, thinks I: "What if I should see a lion when I come out of this cut? Well sir, sure enough there he stood looking at me when I emerged and not 40 steps away. His head was high and his shaggy mane waving in the air just as natural as life. I tried to be brave and to just think that I was mistaken for I knew that there were no "lions" in this county outside of iron cages, but my legs just would not let me do that. They just took me away from there so fast that the wind blew through my hair. I tell you what, if it weren't for our legs we would get in bad many times for it is better to be a coward for a few minutes any time than to be a corpse the rest of ones life. Good old cowardly legs! You have saved me lots of times.

Brother Shumate filled his regular appointment at Bethel on the first Sunday and gave us the best message of the year if not the best one at all. Brother Shumate lives at Post but he is faithful and full of good works. Mr. Foresythe and Mr. J. B. Oliver have swapped homes with Mr. J. R. Strain who lives three and a half miles northeast of Tahoka. They expect to leave us pretty soon. We sure hate to give them up for they are fine neighbors. We wish them well and welcome their successors. Mr. Bates has his clock set to leave us next Thursday. We hate to see him go and bid him God speed in his new home. Mr. Roman went to Big Spring to spend the holidays with his people but he was unfortunate. He arrived with a sick child. It remained sick during the stay and is still sick but is doing fine now and we hope will soon be up and well. It had a hard pull to make the trip but is coming thru. Mr. Wills has had sickness, also. Mr. C. M. Roberson gave a party last Saturday night and had a splendid crowd of both young and old. Music was furnished by Mr. Josh Thorp Sr., and Mr. Chance. It was a splendid success. There was not one bit of disorder and all went away happy. He says he will give another one some time.

Best wishes for the New Year. **POOR CHARLIE**

Nyals Honey and Horehound will also aid in getting rid of that cold, 50c at Tahoka Drug Co. adv.

W. M. U. Presents Pageant at Wilson

Ladies of the W. M. U. of the local Baptist Church were highly complimented on the pageant staged at the Wilson Baptist Church Sunday night. A good crowd was in attendance at the church, and seemed to enjoy the pageant.

About 25 people went to Wilson from here. The Wilson congregation furnished the singing.

IMPROVING THE LIMIT

Hubert Davis has been making a number of improvement in the interior of The Limit recently. He has added a "Blue Room," and a number of new booths for the accommodation of his customers, all of which greatly improve the appearance of the store.

Nicholas Kregg is moving his photo studio to The Limit, and will discontinue his portrait department, giving all of his time to kodak finishing and enlarging.

Redwine News

Mr. W. Florence's garage and car burned Saturday night about 9 o'clock. The fire had made good headway before it was discovered by a passerby who warned Mr. Florence. Fortunately, however, both car and house were covered by insurance.

Mr. H. M. Bostright and family have moved from Redwine to the Draw community. The community regrets very much the loss of these good people.

Mr. Hunt and family from Southward will occupy the farm where Mr. Bostright lived. We are very glad to have them in our community.

We are very sorry to lose Mr. Clayton Johnson and family from our community. Mr. Johnson is moving to Meadow.

Mr. Albert Traweck and family of Slaton spent Sunday with Mr. Traweck and family of this community. Mr. and Mrs. Traweck of Slaton visited their son, W. R. Traweck, last Sunday.

Rev. J. W. Braswell held his regular appointment at our church Saturday night, Sunday morning and Sunday night. The services were enjoyed by a good number of people.

Coleman Henderson, son of H. J. Henderson is back at school again after an absence caused by injuries received from being kicked by a mule. We are glad that his injuries are not as serious as first thought.

Mr. Ike Bilbrey of Redwine was taken to the Elwood Hospital, December 26, 1926 for an appendicitis operation. He is improving nicely and expects to return home Tuesday, Jan. 11.

South Ward Items

Well, we have been enjoying some pretty days, but we must not forget that

"Old Winter is a sturdy one, And lasting stuff he is made of, His flesh is as firm as iron ston, There's nothing he's afraid of."

But since it does not take pretty weather to make us happy, "May we be as cheerful, As yonder winter birds, Through hills and petty crosses, With no repining words."

Mr. and Mrs. L. D. Looney spent Sunday with Mr. and Mrs. J. C. Hood.

Mr. and Mrs. Griggs were visitors in Lubbock Saturday. It was decided at Sunday School Sunday to change the time of meeting from 10:00 a. m. to 11:00 a. m. each Sunday. We extend a welcome to all who will come to our Sunday school.

Mr. Geo. Damron is moving this week. He and his family will probably make their home in Abilene.

Don't forget to come to singing Sunday afternoon. We meet at the school house at 3:00 p. m.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold is vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Who's Who TODAY

Benjamin FRANKLIN

Staunch Advocate of Thrift

Born Jan. 17.

Few men knew the value of thrift and practiced it in their lives as did Benjamin Franklin. In money matters he was not stingy, but saving, not foolish, but wise, not miserly, but frugal.

He practiced what he preached and many of his handy rules for handling money still live.

Here are three:
Save First—Spend Afterward.
To Know the Value of a Dollar—Try to Borrow One.
A Penny Saved is a Penny Earned.

SENATOR CURTIS

"People with money to burn often get caught in the flames"

FIRST NATIONAL BANK

Chevrolet Pro Good Business

Increasing good business half of 1927, is the Chevrolet Motor declared today that it will continue to enjoy popularity that has attended it in the last five years.

There is no evidence that the Chevrolet Motor is anything but a promise for the early months of 1928. Mr. Grant declared that the Chevrolet Motor will be well equipped to meet the demand for a car that is not only a car but a business proposition.

The motor industry is giving a constant stream of new models. As a result, your old car compares unfavorably with the new. Replacements of old cars will be made in the next few months. The United States will spend \$2,000,000,000 in 1928 on new cars. American manufacturers are producing more cars than the country can absorb. The new Chevrolet is a very strong and reliable car and shows a tendency toward the "1928" type.

WINTERS— This place has been in the hands of the Winters family for many years. It is a well equipped and is in every respect a first class place. The dining room is a very strong and reliable place. The management is a very strong and reliable place. The management is a very strong and reliable place.

**Chevrolet Prophecies
Good Business Year**

Increasing good business for the first half of 1927, is forecast by H. E. Grant, general sales manager of the Chevrolet Motor Company, who declared today that there is every reason to believe that the country will continue to enjoy the even prosperity that has attended general business in the last twelve months.

"There is no evidence on the industrial horizon that would indicate anything but a promising outlook for the early months of the new year," Mr. Grant declared. "Labor continues to be well employed, the material per capita wealth is the greatest on record, the agricultural outlook is improving and banks are acknowledging more cash than ever."

"The motor industry is preparing for an usually active year. The recognized advantage of automobile ownership and the fact that to-day's motor car offers the greatest dollar value in the history of the industry, are giving a constant impetus to sales. As a result, production this year should compare favorably with the output of 1926."

"Improvements of old cars in the United States will require approximately 2,000,000 units in 1927. Export markets bid fair to take close to one million cars and trucks of American manufacture. New owners coming into the market in this country during the next 12 months, will require a million cars or more. In addition, there is a rapidly growing tendency toward the ownership of two or more cars in the same family."

"Reports from the Chevrolet dealers and field organizations, from all quarters of the United States, reflect the optimism which we at home hold for the early new year. Acting on the belief that the year will be a highly profitable one for American business, the Chevrolet Motor Company is planning a further increase over the record production of 1926, which exceeded the company's best previous performance by more than 40 per cent."

"Detailed plans, which the organization has arranged for the year, are based not on enthusiasm alone, but on the well founded conviction that the new Chevrolet car will make a very strong appeal to the public and that conditions will remain stabilized and show a steady upward movement in the first six months of 1927."

WINTERS—The Rock Hotel of this place has recently changed hands and is to be completely remodelled, making it a modern hostelry in every respect. Rooms are to be repapered and repainted, and newly furnished. Two new baths with showers are to be installed, with pipes laid for both hot and cold water. One room is to be especially equipped for a drummer's sample room. The dining room, under experienced management is to be a feature of the hotel. When completed, the name of the place is to be changed.

**CITY OFFICERS CATCH
PASTEBOARD SHUFFLERS**

City Marshal T. A. Wimberley and constable B. L. Parker rounded up four pasteboard shufflers on last Wednesday evening.

The law was tipped off that a game of chance was in progress in the second story of the O'Donnell Hotel and Officers Wimberley and Parker proceeded to the City Fire Station where they secured a ladder from the fire truck and going to the hotel placed it under the window, and silently climbed to the second story where they suddenly swooped down upon 4 men gathered around the table of chance.

The game abruptly came to a close and the four men were escorted to the City Hall where Mayor Kibble assessed a tax of 19.10 to each. The quartet paid off, leaving the city treasury the beneficiary of the incident. Such is life.—O'Donnell Index

WILSON GIN REPORT

Up to January 5th, the Wilson gins have ginned 6,021 bales. For the past month weather conditions have made it impossible to gather the cotton, but now that all is favorable the farmers all over the district are going after it.

The gins are again going night and day. There will likely be at least 2,000 bales more ginned here this season.—Wilson Pointer.

The city of Houston and neighboring industrial districts uses more than 100,000,000 cubic feet of natural gas a day as fuel.

**THE STATE OF TEXAS, TO ANY
SHERIFF OR ANY CONSTABLE
OF LYNN COUNTY GREETING:**

You are hereby commanded to summon T. M. Headlee, G. F. Patterson, the heirs and unknown heirs of W. J. Webb, deceased, Mrs. Kellie Kilpatrick and husband, W. H. Kilpatrick, J. D. Liles doing business under the firm name of O'Donnell Chevrolet Company by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lynn County to be holden at the court house thereof in Tahoka on the 2nd Monday in February, A. D. 1927, the same being the 14th day of February, 1927, then and there to answer a petition filed in said court on the 30th day of December, A. D. 1926 in a suit, numbered on the docket of said court, No. 656, wherein G. C. Embry is plaintiff and T. M. Headlee, G. F. Patterson, the heirs and unknown heirs of W. J. Webb, deceased, Mrs. Kellie Kilpatrick and husband, W. H. Kilpatrick, J. D. Liles, doing business under the firm name of O'Donnell Chevrolet Company, are defendants, said petition alleging that on or about the first day of December A. D. 1926, plaintiff was lawfully seized and possessed of all that certain tract or parcel of land lying and being situated in the County of Lynn, State of Texas, known and described as the East one half of the South East one fourth Section 443, Certificate 444, Block 1, Abstract No. 36, E. L. & R. R. Co., original grantee, and containing 80 acres of land, and that on the day and year aforesaid the defendants unlawfully entered said premises and ejected the plaintiff therefrom and unlawfully withholds from him the possession thereof to his damage in the sum of \$1,000.00, and that the reasonable annual rental value of said premises is the sum of \$200.00.

That in addition to the foregoing plea and as a supplement thereto, plaintiff alleges that on or about the 20th day of March 1916, defendants T. M. Headlee and G. F. Patterson made, executed and delivered to plaintiff 18 vendor's lien notes dated the day and year last aforesaid, payable on or before their due dates, with interest at the rate of 8 per

cent per annum and due on or before January first of each year, Note No. 1 for the sum of \$125.00, and notes No. 2 to 17 inclusive for the sum of \$84.00, Note No. 18 for the sum of \$84.00, Note No. 1 due January 1st, 1917 and one note due on January first of each and every year thereafter until all of said notes are fully paid and providing that the failure to pay any note or installment of interest due thereon would at the election of the holder of said notes mature all of said notes then unpaid, and providing for 10 per cent attorneys fees if said notes are placed in the hands of an attorney for collection.

That at the time of the execution and delivery of said notes, the plaintiff also executed and delivered to the defendants his certain warranty deed conveying said land and premises, in consideration among other things, of the notes herein described and in said deed and said notes, the vendor's lien was expressly retained to secure payment of said notes and in said deed it was expressly recited that said deed would not become absolute until all of said notes were fully paid according to their face and tenor, effect and reading, and that

by reason of the recitals in said deed the plaintiff has at all times since the 20th day of March 1916 held the superior title to the above described land and premises and is entitled to the possession of said land and premises upon the defendants failure and refusal to pay said notes.

Plaintiff alleges that one half of said notes, have been paid and that the defendants have failed and refused to pay the amount due on eleven (11) of said notes, and being numbered from 7 to 18 inclusive, in that the defendants failed and refused to pay note No. 7, due on the first day of January 1923, Note No. 8, due on the first day of January, 1924, Note No. 9, due on the first day of January, 1925, and Note No. 10, due on the first day of January, 1926, and failed and refused to pay the annual interest due on said notes on the first day of January, 1926, and plaintiff at his election has declared each and all of said notes due and fully matured and placed the same in the hands of an attorney for collection.

Plaintiff prays that the defendants be cited to appear and answer his petition, and that on final hearing he have judgment against each and

all of them for the title and possession of above described land and premises, for cost of suit and for general and special relief.

Herein fail not, but have you before said court on the first day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Witness: W. E. Smith, Clerk of the District Court of Lynn County, Texas.

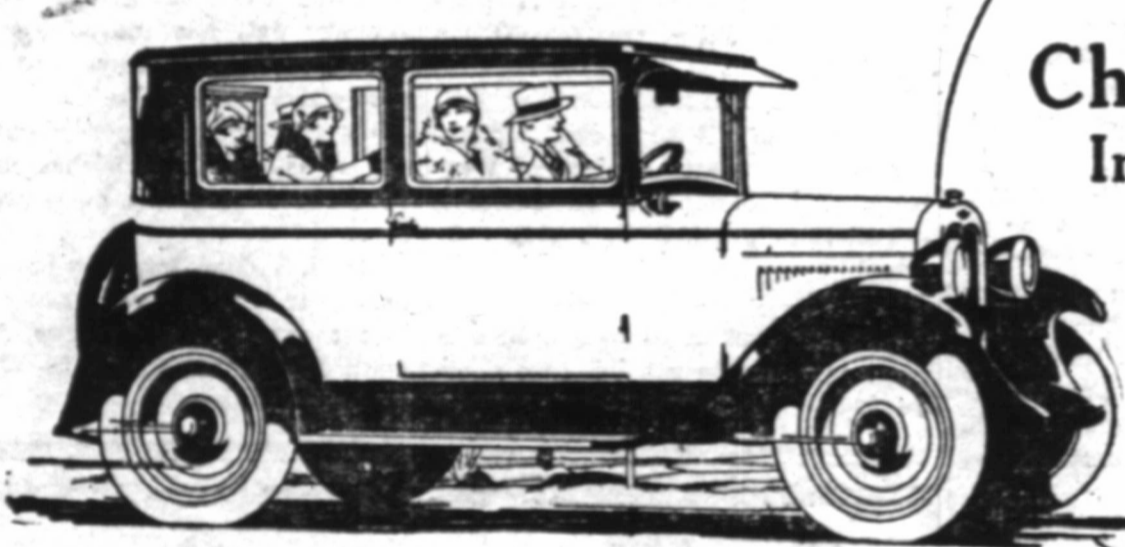

Given under my hand and seal of said court in the city of Tahoka, this the 30 day of December, A. D. 1926

W. E. SHITH, Clerk District Court
Lynn County, Texas.

New and Marvelously Beautiful Fisher Bodies
—a host of Mechanical Improvements—New Features found only on the costliest cars

—Plus an Amazing Reduction in Prices

America has always expected great things from its greatest industry. But the announcement of the Most Beautiful Chevrolet has been the automotive sensation of all time!

Here, in a price class where average standards have been the rule, is now given the costliest creations of the day.

Here, in a price class where average standards have been the rule, is now offered a car so far beyond all expectation that comparisons cease to exist.

Seven superb models styled as low priced cars were never styled before and offering such marks of fine distinction as: full crown one-piece fenders, bullet type lamps and "fish tail" rear deck modeling! New and supremely beautiful bodies by Fisher! And, above all, infinitely finer quality—the result of a host of additional improvements such as AC oil filter, AC air cleaner, coincidental steering and ignition lock, larger 17 inch steering wheel gasoline gauge, and many, many others!

All this is combined to a supreme degree in the long famous leader of the Chevrolet line—the Coach. It would be a brilliant achievement for any manufacturer merely to design such a splendid car to sell at ANY reasonable low price. But to sell it at the amazing price of \$595 is a feat of history making proportions. This one price reduction alone would suffice to center worldwide attention on Chevrolet. But due to economies of tremendous production plus the vast resources of General Motors, Chevrolet also announces striking price reduction on other models.

For years Chevrolet has led the world in providing Quality at Low Cost. But now with a new and more beautiful car—with a car infinitely finer in quality and greatly lower in price, Chevrolet stands supreme and unchallenged in dollar-for-dollar value!

No matter in what price class you intend to buy, or whether you plan to spend more or less than the price of a Chevrolet, come in today and see the most beautiful low priced Coach ever designed. Admire its marvelous style and grace! Mark its many new fine-car features! Learn for yourself by personal inspection why, at its low price, it is the greatest sensation of America's greatest industry!

NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

J. B. Zimmerman, principal of the
Dixie school, has an excellent and
unique method of teaching his stu-
dents how to write correct English,
and at the same time his method re-
sults in much boosting for his com-
munity and in developing an excel-
lent spirit between the teachers, stu-
dents, and patrons of the school.
Each week his students are required
to write the news of the community,
all the news that is available, the
best of which is sent to The Lynn
County News and published under the
heading "Dixie - High School
News and Local Items of the Com-
munity." Much community pride
is being developed. Many compli-
ments are being passed on the school
and community from people of other
communities. The students like to
see the products of their pencils
published and are thereby encourag-
ed to do better work. The exercis-
es are interesting and take the place
in the school, to a great extent, of
writing themes on much drier sub-
jects that so many times cause
young people to lose interest in
their English work. The News is
glad to get the communication each
week, for we always know that it
will contain reading matter that will
be of great interest to a host of our
readers. We have other good com-
ments at Draw, Gasland, New
Home, South Ward and other com-

munities that send us the news from
those places every week. Many
other communities of Lynn county
could profit through the example set
by these communities, though the
News could not use very many com-
munications as long as those sent us
by the Dixie students. Send us
the news; the Lynn county News is
primarily a "news"-paper.

The editor of the News is out of
town this week on a business trip;
and, if this week's issue of the paper
is a bit inferior to the average, our
readers may attribute it's inferior-
ity to the fact that the force did the
editing. A newspaper must come
out, editor or no editor, boss or no
boss. There's no loafing around the
shop this week, for we realize that
he will judge our works by our pa-
per.

Now that two of the unsightly
shacks have been moved from the
west side of the square, means
should be taken to clean up those vac-
ant lots. Tahoka is a very clean
town as a general thing, but a very
few dirty vacant lots cause a town
to look mighty dirty. And, while
we are on the subject, let us suggest
that Tahoka would look still better
if all of us would clean up our pre-
mises and vacant lots. A good old
fashioned clean up day would be a
great help to the town.

Papers from almost all the towns
of any size on the plains are carry-
ing advertisements of chicken hatch-
eries. Lynn county chicken raisers
either have to send their eggs to
other towns for hatching, have to
buy baby chicks from out-of-the-
county firms, or use the most expen-
sive method of raising them at home.
A first class chicken hatchery in Ta-
hoka would be a mighty good invest-
ment for someone and would do much
to encourage the poultry raising in-
dustry.

Readers of the Clarendon News
will remember that nowhere in re-
cent issues have they seen the ill-
bred abbreviation "Xmas" used for
Christmas. Years ago we decided
that never again should that mean-
ingless term be used to stand for the
anniversary of the birth of Christ
and in these columns it has not ap-
peared since that time. If the watch-
ful eye of a forewarned proofreader
can forestall the irreverence it will
never appear in the Clarendon News.
—The Clarendon News.

Get behind the cow and hen move-
ment in Lynn county and help put
it over. A few more cows and hens
won't hurt anything, to say the
least of it.

Why not declare a half-holiday
some time soon, and let every busi-
ness man in town get out and help
clean up his premises, and the al-
leys and streets?

A clean town makes an excellent
impression on a stranger, and dirty
one never helps to advertise the
place a bit.

Speaking of pussy-footing—a Ta-
hoka young man slipped upon and
captured a real wild goose.—Killen
Herald.

PAY IT WITH PULLETS

"Pay it with pullets," is the slogan
of farm boys and girls of Tennes-
see who returned 1,900 standard-
bred pullets to the bankers who sup-
plied them with eggs last spring on
the "Return a pullet" payment plan.
The boys and girls are members of
poultry clubs conducted by exten-
sion workers cooperatively employed
by the United States Department of
Agriculture and the State agricul-
tural college. These pullets will be
sold at auction by the bankers to in-
terest the farmers of the State in
better poultry.

A FACT THAT SHOULD BE A WARNING

The world consumes each year
15,000,000 bales of American cotton.
The crop for 1925 is estimated at
18,400,000 bales. This is 2,900,000
bales more than will be consumed
for the year. Add to this 3,000,000
bales carryover from last year's crop
and we have 5,900,000 bales already
produced for the next year's crop.
(1927).

Deduct 5,900,000 from the normal
of 15,500,000 for the next year and
we have a crop that should be pro-
duced in 1927 of 9,600,000 bales.

If that is all that can be produced
next year that will be profitable,
why produce any more? If the
United States were to produce next
year another 18,000,000 bales—? Well
you know what the result would be—
DISASTER!

Shall we walk into the pit with
our eyes open? Shall we knowing-
ly bring certain disaster upon our-
selves?

Think it over! Diversify! Plant
something to eat for both family and
stock!

O'DONNELL FIREMEN ELECT OFFICERS FOR THE YEAR

The Fire Boys met at the City
Hall Monday night for the purpose
of electing officers for the ensuing
year. The following officers were
elected:

Clyde Ash, re-elected chief; Grady
Gantt, re-elected assistant chief; Leo
Christopher, re-elected Secretary,
Treasurer. Geo. Shumake, Jr. fore-
man, J. D. Fairley elected secretary
treasurer; Jeff Shook, Ollie D. Har-
ris and R. C. Willis, trustees—O'Don-
nell Index.

Borings for oil have disclosed po-
tash salts in several sections of West
Texas and commercial development
of potash is probable in a year or
two.

In the regions of igneous uplifts in
Texas precious metals and rare gems
are found.

DON'T QUIT

When things go wrong, as they some
times will,
When the road you're trudging
seems all uphill,
When the funds are low and the
debts are high
And you want to smile, but have to
sigh,
When care is pressing you down a
bit,
Rest if you must—but don't quit.

Life is queer with its twists and
turns,
As everyone of us sometimes learn,
And many a failure turns about
When he might have won had he
stuck it out.
Don't give up, though the pace seems
slow—
You may succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering
man,
Often the struggler has given up
When he might have captured the
victor's cup.
And he learned too late, when night
slipped down,
How close he was to the golden
crown.

Success is failure turned upside
down
The silver tins of the clouds of doubt
And you never can tell how close
you are,
It may be near when it seems afar;
So stick to the fight when you are
hardest hit,
It's when things seem worst that
you mustn't quit.

Buick Ahead Again in the Yellowstone!

Again in 1926, more Buicks toured through Yellow-
stone Park than any other car except the one of
lowest price.

Buick has held this same honor every year since the
Park was opened to automobile travel.

This year there were 4,756 Buicks in a total of 44,472
cars registered. 101 different makes were rep-
resented in the registrations. One in every ten was a
Buick.

Here is convincing evidence of Buick reliability—
striking proof of the faith which Buick owners
repose in their car.

They know Buick will take them and bring them
back comfortably, safely and splendidly—across
the Continent—or around the World.

THE GREATEST BUICK EVER BUILT

Car Shortage Overcome by Co-operation

The Santa Fe gives this a practical demonstration in
1926. You are invited to read this account of an achieve-
ment which saved Santa Fe patrons millions of dollars.

Five years ago one of the most serious transporta-
tion problems was the handling of very heavy freight
traffic resulting from unusually large production and
requiring prompt movement to secure favorable
markets.

Even though the railroads did their best, car
shortage and congestion were the natural results of
such peak movements. And because of this slowing
up everybody suffered. Such losses involved
not only large sums of money, but partial paralysis
of business. These transportation enemies now have
been overcome.

To illustrate, the Santa Fe in June and July, 1926,
had an enormous wheat crop to handle from Kansas,
Oklahoma and Texas to the big markets. To pro-
vide for prompt handling 12,500 box cars in first-
class condition had been distributed on sidetracks in
the territory where they would be needed.

The demand for cars, however, resulting mainly
from the use of "combines,"— which converted
wheat standing in the field in the morning into wheat
ready for loading in the afternoon,—was largely in
excess of what had been anticipated.

For fifty days the average wheat loading was
1,050 cars per day, exceeding all previous records by
84 per cent, with one single day's maximum loading
of 1,569 cars.

This huge crop, notwithstanding the new and
rapid method of harvesting, was moved with a neg-

ligible car shortage, without congestion, and with
little or no delay, something never before accom-
plished under similar car-loading demands.

What made such a result possible? Co-operation
of everyone interested and the loyal and efficient work
of Santa Fe employes.

To meet the crisis the Car Service Division of
the American Railway Association, with the con-
sent of other railroads, diverted to the Santa Fe
every available box car at Chicago regardless of
ownership.

The Santa Fe also had the most hearty and help-
ful co-operation of Regional Advisory Boards, Ter-
minal and Port Committees, State Grain Inspection
Departments, State Railway Commissions, and the
United States Shipping Board. Shippers and receivers
of wheat also helped. And there was the whole-
hearted support of its own employes.

This is a practical and convincing proof that co-
operation can meet every transportation demand,
eliminate car shortage and congestion, and save pro-
ducers and shippers hundreds of millions of dollars
annually.

The Santa Fe wishes to express its sincere appre-
ciation of this co-operation and of the efficient and
loyal service of its employes.

Grassland News

The Mothers Club met at the school house last Thursday afternoon and with the help of the school boys and the boys did the hard part of the work) set out about 40 trees around the school ground and near the teacherage. The school boys also hauled off the rubbish from the school yard and dug up beds for flowers which will be planted later. This is distinctly a step in the right direction. A beautiful school yard, and we expect to make it so it will be a pleasure to the entire community as well as the children.

Next Friday afternoon, Jan. 14, our County Superintendent, Mr. Cavens will make a talk to the mothers and any one else who would care to hear him, at the school house. Bro. W. C. Hart preached at the Methodist church last Sunday to an appreciative congregation. There was a singing at the Nazarene church in the afternoon.

Changes Made at Corner Garage

Homer Harrison, formerly with the Tahoka Service Station, has leased the filling station part of the Corner Garage and is now selling gasoline, oils, accessories, and doing tire repair work at that stand. S. E. Reid, Gulf agent, has also moved his office to that garage.

O. L. McHorse will continue to handle the garage business in the back end of the building and will do the general repair work and battery work himself.

MRS. ROBERTS HOSTESS AT BRIDGE PARTY

(Delayed)

Mrs. Oscar Roberts entertained the Bridge Club at her home Tuesday afternoon from 2 to 5. Three tables were in place and at the end of the games Mrs. Skip Taylor was found to have won high score.

Mrs. Roberts served a lovely salad course to the following: Mesdames Tom Lemond, Hamilton, Robert King Frank Hill, Clyde Briley, Skip Taylor, Roseco Roberts, E. Smith and guests of the club: Mesdames C. E. Townes, Charlie Shook and Hobert Nelson.

MISSIONARY PROGRAM FOR W. M. U. JANUARY 17TH

Devotional—Mrs. C. T. O'iver.

Sentence Prayers.

The New Year—Mrs. Guy Leonard.

The Ministry of Prayer—Mrs. O. J. Jackson.

Song—Sweet Hour of Prayer.

Pray one for another—Mrs. A. Z. Jackson.

Hinderances—Mrs. L. C. Heath.

Helping the Revival—Mrs. H. B. Howell.

Praying Women of the Bible—Miss Margaret Preston.

CONNOLLY SELLS FORD BATTERIES FOR \$12.00

In the Lynn County News last week there appeared an advertisement of Connolly Motor Company which advertised Ford Batteries among other things. The printers made an error as printers sometimes do, and set the price at \$13 when it should have read \$12. Anyway, the batteries are worth \$13 or more and are selling for only \$12.

We are sorry we made this error as it may have been confusing or misleading to some people.

New Home News

Mrs. A. A. Michael left for her home at McCombs, Texas, last Wednesday. Mr. Michael is manager for the Humble Pipe Line Company there.

Mr. Oscar Izard and Miss Christine Seth spent last Sunday at New Home.

Miss Leona Fuller spent the week end in Lubbock last Sunday with her sister, Mrs. H. R. Minor of New Home.

Mrs. W. H. Taylor and little daughter are spending the week with her sister, Mrs. H. R. Minor.

Miss Lieta Farris and Mrs. Charley Pinkey were quietly married and left for Snyder last week, where he is working. They will make that place their home.

The New Home basketball team defeated the New Home outside team last Friday afternoon.

Miss Lois Lawler left for Lubbock last Saturday. She intends to take a business course there.

Mr. and Mrs. J. B. Lowe returned a few days ago from Lorenzo. They brought their little grandson back with them to spend a few days.

Mrs. T. J. Davis of Slide has been in bed for six weeks. She is improving slowly.

Mrs. Wilson Edwards from Tahoka spent last Saturday with Mrs. L. E. Lowe.

Miss Effie Edwards of New Home is at home from Wayland College at PPlainview.

Mrs. E. X. Minor who underwent an operation last week at the Lubbock Sanitarium is improving rapidly.

Miss Louise James returned to Tahoka Monday after spending a week at Lubbock with home folks.

Jim Holland has gone to Panhandle to accept a position in the Ford garage at that place.

Band Members Go on Picnic

Last Sunday, six cars of the members of the Tahoka Band and their friends, made a trip to the Santa Fe Dam near Southland, for an all day picnic.

It had been planned that all the members of the band participate in the affair but the weather kept most of the folks at home.

The trip was made in grand style leaving here about 10:30 a. m. and in procession style they came to the Dam, pitched camp and then general inspection of the nearby surroundings were made.

After exploring the canyons and playing numerous games, the old timey coffee pot (a la bucket) was placed on the fire and it was not long until everybody was enjoying themselves in a feast that would have made the Ritz service and food look cheap.

Those making the trip were: Mrs. M. Bowron, Mae McHorse Faye Brown, Floyce Sherrod, Mrs. Clay Hughes, Montie Rose Cumbie, Mrs. Pearl Brown and children; Mr. Bowron, Dave Houston, Randolph Houston, Munday Holloway, Robert Bowron, "Sharky" Wampler, Frank Brown, Clay Hughes, Pfuger Wampler and "Moco" Wakefield.

As soon as the weather is suitable for the trip, the band is planning on a trip to Carlsbad, N. M., for a two day outing. And on this trip everybody is invited to join them.

One of the Party.

T. J. Yandall, county commissioner from O'Donnell, made a welcomed visit to the News office Monday and made his visit unusually pleasant by presenting the paper a dollar and a half to keep his home well supplied with reading matter for another year. Mr. Yandall says that although conditions are pretty bad on account of the low price of cotton, they are not nearly so bad as some people seem to think. The main trouble, he thinks, is that people have just been living in excess to the size of their pocketbooks.

The Euzelian S. S. Class will entertain the Glad Hand S. S. Class Thursday evening at the Baptist Church at 7:30.

FRANK NORFLEET WAS THROUGH HERE MONDAY MORNING ON HIS WAY TO SAN ANTONIO.

Mr. Norfleet is well known through this section as an old timer, his home being at Hale Center.

TEXAS PRODUCES FORTY MINERALS ON A COMMERCIAL SCALE.

PYORRHEA AT LAST CONQUERED

Your Friends dare not say so, but your sore gums don't make folks like you any better. Leto's Pyorrhoea Remedy heals worst cases promptly. It is not a mouth-wash or paste, and is sold on a money back guarantee.

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borosone liquid and powder combination treatment. The liquid Borosone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borosone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 50c, 90c and \$1.20. Powder 50c and 90c. Sold by

CONSTIPATION

And Attendant Ills Relieved By Taking Black-Draught.

The Rev. Granville Edwards, who lives at Schoolfield, near Darville, Va., was troubled for a long time with constipation and its attendant ill, which kept him from feeling fit. He writes:

"Luckily I then, which was about twenty years ago, heard about Black-Draught and began to take it. After taking Black-Draught for a little while I noticed that my trouble began to disappear. The poisons, which had accumulated in the body, as a result of constipation, were eliminated, and I felt a hundred per cent. better. The dizzy feeling, which I had felt almost every morning before breakfast, was gone."

"Black-Draught is a household article with us. We always keep it on hand."

Try Theodor's Black-Draught for constipation. Sold everywhere, 25c.

THEODORE'S BLACK-DRAUGHT

Purely Vegetable

Nyal Honey and Horehound is easy to take. Will stop that cold and cough—50c at Tahoka Drug Co. adv.

Sheriff J. W. Simpson, who also serves as Tax Collector, told The

News yesterday that only about one-third as many taxes have been paid up to date this year as had been paid up at the same time last year. Property holders are urged to come in now and pay up in order to avoid the rush along toward the end of month.

Rev. E. E. White, pastor of the First Methodist Church of Lubbock was here last Sunday afternoon to meet Rev. Parker, the returned Missionary from Cuba and Mexico who lectured here.

CITATION BY PUBLICATION

THE STATE OF TEXAS:
To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon Samuel Couch and the unknown heirs and legal representatives of Samuel Couch, Harry Couch Eastham and the unknown heirs and legal representatives of Harry Couch Eastham, Sarah Ann Eastham and the unknown heirs and legal representatives of Sarah Ann Eastham, Annie E. Kerr and the unknown heirs and legal representatives of Annie E. Kerr and Arthur A. Kerr and the unknown heirs and legal representatives of Arthur A. Kerr, by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper in the 106th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 106th Judicial District, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka, Texas, on the second Monday in February, 1927, the same being the fourteenth day of February, 1927, then and there to answer a petition filed in said Court on the 10th day of Jan. A. D., 1927 in a suit, numbered on the docket of said Court No. 659, wherein Caswell O. Edwards, sometimes known as C. O. Edwards, and Crawford O. Edwards, Samuel Couch and his unknown heirs and legal representatives, Harry Couch Eastham and his unknown heirs and legal representatives, Sarah Ann Eastham and her unknown heirs and legal representatives, Annie E. Kerr and her unknown heirs and legal representatives, Arthur A. Kerr and his unknown heirs and legal representatives, are Defendants, and said petition alleging that plaintiffs each reside in Tarrant County, Texas, and that the place of residence of each and all of the defendants is unknown to plaintiffs.

That on or about the first day of January, 1927, plaintiffs were lawfully seized and possessed of all of Survey No. 563, Abstract No. 8 located and surveyed by virtue of Certificate No. 74 issued to Brooks and Burleson, and containing 640 acres of land, and all of Survey No. 505, Abstract No. 116, located and surveyed by virtue of Certificate No. 1329 issued to Adams, Besty and Moulton, and containing 640 acres of land, and both of said surveys of land being situated in Lynn Co., Texas; and that on said date the defendants, and each of them, unlawfully entered upon said land and ejected plaintiffs therefrom, and unlawfully withhold from them the possession thereof, to their damage in the sum of \$65,000.00.

Plaintiffs further allege that they have held said land and premises under peaceable, continuous and adverse possession, using and enjoying the same, and paying all taxes, due thereon, and under title from and under the State of Texas, and by deeds duly registered, for the periods of three, five and ten years prior to January 1st, 1927, entitling them to the title and possession thereof under the three, five and ten year statutes of limitation.

Plaintiffs further allege that said two surveys of land sued for were given and bequeathed to Harry Couch Eastham and Sarah Ann Eastham by the duly probated will of Samuel Couch, and that plaintiffs claim title to said land from and under Harry Couch Eastham and Sarah Ann Eastham as their remote grantors; but that defendants are claiming that the two surveys of land sued for by plaintiffs are not the same two surveys of land bequeathed by said will, thereby casting a cloud upon plaintiffs title to said lands, when in truth and in fact said two surveys of land are the same two surveys of land bequeathed by said will, which said cloud of title should be removed.

Plaintiffs further allege that said two surveys of land were by Harry Couch Eastham and Sarah Ann Eastham, in the names of "H. C. Eastham" and "Annie E. Kerr and Arthur A. Kerr, her husband" conveyed to Sarah F. Eastham, under whom plaintiffs claim title to said land, and that Harry Couch Eastham, and H. C. Eastman are names of one and the same person, and that Sarah Ann Eastham and Annie E. Kerr are names of one and the same person, she having married Arthur A. Kerr, but not withstanding said facts, the defendants are claiming that Harry Couch Eastham and H. C. Eastham were not names of the same person and that Sarah Ann Eastham and Annie E. Kerr were not names of the same person, thereby casting a cloud upon plaintiffs title which should be removed.

Plaintiffs pray for judgment for

the title and possession of the above described land and premises, and that their rents and damages, and that all costs of this suit, and for writ of restitution issue, and for writ of reformation, and that the court title by the judgment of the court finding and decreeing that said land is the same devised by the will of Samuel Couch to Harry Couch Eastham and Sarah Ann Eastham, and that H. C. Eastham and Harry Couch Eastham are names of one and the same person and the person to whom said land was devised by the will of Samuel Couch, and that Annie E. Kerr and Sarah Ann Eastham are names of one and the same person and one of the persons to whom said land was devised by the will of Samuel Couch, and for all costs of suit and for general and special relief.

Said petition is endorsed as follows:
"This action is brought as well to try the titles as for damages. C. H. Cain, Attorney for Plaintiffs."
Herein fail not, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
WITNESS:
W. E. SMITH, Clerk of the District Court of Lynn County, Texas.
Given under my hand and the Seal of said Court, at office in Tahoka, Texas, this 10th day of January, A. D. 1927.
W. E. SMITH, Clerk, District Court, Lynn County, Texas. 20-47c

T-Bar News

Well, as the regular reporter for T-Bar is absent this week, Uncle Jim will make the report.

Still cotton gathering is the order of the day. Everybody complains of hard times, and some say they don't see how they are going to get through. Say, fellows, we may get pretty lank, but I have always taken notice that if I lived till the first of March, I have always made it through the year. I don't know how it will be this time. It is a long time till the thistles begin to grow. Oh well, we will get thru; you just as well laugh as to cry, for the good it will do the people of T-Bar is well, so far as I know.

T-Bar and Newmore played a game of basketball Friday eve; that is the girls played. The score of the game was 6 to 14 in favor of Newmore. They played on the Newmore ground, but will play at T-Bar Friday afternoon, January 14.

The lesson for the adult's class next Sunday will be the 2nd chapter of Matthew. We invite everybody to attend. Brother Hicks of O'Donnell preached a fine sermon Sunday evening. The Women's Missionary Society met Sunday night. The attendance was good.

Louis Moore and wife and little daughter, Ridal, Charley and Ester Nichols, Raymond Moore, and Louis and Jack Henderson left January 3 for the oil fields. It looks like, from the way the boys are leaving here is going to be a lot of old maids left on somebody's hands.

Mr. Crews has installed a cream tester at his store and is prepared to handle all the cream you can give him.

Draw Items

Sunday School was held as usual Sunday morning and singing in the afternoon at the church.

Mrs. T. J. Parks returned home Sunday from Buffalo Gap, where she spent the holidays with her parents, Mr. and Mrs. Tony.

C. E. Cargile made a trip to Eastland last week in his truck to move Mr. Moore.

Mr. Jesse Vesch has gone to Berger in search of work.

Mr. and Mrs. M. B. Walters and children spent Sunday with Mr. and Mrs. Joe Berry.

B. V. Pasdon of Olton spent the week-end at Draw on business.

Floyd Jackson who came in Friday from County Line, reports our former barber, Geo. Pugh, on the sick list.

Miss Nala Parks and Alpha D. Pasdon were shopping in O'Donnell Saturday afternoon.

W. Z. Florence's garage and car burned Saturday night. The origin of the fire is unknown. He carried insurance on the building and car.

FOR WORKING PEOPLE
The best of workers get out of work when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting laxy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Hertzine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 50c. Sold by

THOMAS BROS. DRUG CO.

H. E. Baldrige and family left the first of the week for Clovis New Mexico where they will make their home.

The Emonds family of Lakes are this week on their way to help out in the program there.
